

Bolshevism is Making a Supreme Effort to Conquer Germany; Soviets Being Proclaimed

New Perils Assail Hunland In the Shape of Many Red Risings All Over the Land

Bolshevistic Leaders Are Taking Advantage of the Present Opportunity to Launch a Supreme Effort to Conquer the Whole Community.

GENEVA, March 18—Bolshevism is making a supreme effort to conquer Germany. Wherever President Ebert's order for a general strike has been effective Soviets are being proclaimed. The proletarian quarters in Berlin and the suburbs of Neukoln, Wismese, Reinickendorf and Spandau are in the hands of armed workers. The movement is being directed by the Independent Socialists, an atheistic group sent an ultimatum to Chancellor Kapp, "in the name of the soviet Republic," demanding that he withdraw his forces from Berlin within twenty-four hours otherwise Spartacist troops would march on Berlin. Kapp, who is an anti-Semitic fanatic at first tried to pacify the workers by distributing among them the wheat flour reserved by the old government for the Jews to bake Ryeisitz, while General von Euetzwe is the students and high school boys, among whom the Nationalist agitation is particularly intense, to the colors to reinforce his hard-pressed troops. But later they were reported to have resigned.

Between the Millstones. Following the example of the Berlin Communists, Spartacists in Leipzig, Dresden, Halle, and other cities have declared Soviet rule. It is growing clearer hourly that the Ebert Government at Stuttgart is unable to repel the simultaneously onslaught of the Pan-Germans and Spartacists cannot crush the forces represented by the Kapp regime and at the same time master the Bolshevists without the active assistance of the Reichswehr, which is still neutral. A probable solution of the crisis throughout the Empire is foreshadowed by the developments in Munich where the Reichswehr officers made their loyalty to the constitution government dependent on the resignation of the Ebert government and the establishment of a new cabinet in which the bourgeois parties dominated. The crisis thus would be the knell of Socialism as represented by the Ebert regime.

OFFICIAL CONFIRMATION OF QUARANTINE LIFTING

NIAGARA FALLS, Ont., Mar. 18.—The lifting of the quarantine has been officially confirmed. M. Baldwin, Chief of the United States Immigration Department at Niagara Falls, N.Y., was notified this morning that the vaccination restrictions on the border will be officially raised Friday, March 19, at midnight.

Auto Owners Continue to Be Careless

The owners of automobiles continue to be careless and the City Treasurer reaps the benefit. This morning several more auto owners paid fines for various offenses against the vehicle act.

Health Board Will Make Test Of the Water

Samples of the waters of both the Niagara River and Lake Erie will be taken by the provincial health department immediately and forwarded to Toronto for dissection, in order to settle the argument between the interior towns in regard to the respective purity of the waters of the river and lake in connection with the pipe line that is to be constructed.

JOSEPH BERNARD RODDY GRANTHAM HAS PASSED AWAY

Another highly respected citizen passed away in Grantham Township on Wednesday in the person of Joseph Bernard Roddy at the age of 73 years. Deceased who made his home for a number of years past on Thorold Road, about six months ago moved to Grantham Township to make his home with his daughter, Mrs. John Davis. Mr. Roddy was born in Niagara-on-the-Lake, and had spent his entire life in this vicinity, he been engaged for number of years as a knife-maker at the Whitman & Barnes plant. He was a veteran of the Fenian Raid of 1870, and recently received from the Crown a medal in recognition of his services. Two daughters and three sons survive: Mrs. William Walker, St. Catharines; Mrs. John Davis, Grantham Township; Joseph and Fred of Cleveland, Ohio; and John of St. Catharines. The funeral will be held on Friday afternoon from the residence of his son-in-law, John Davis, Grantham Township, at 2:30 o'clock, the interment in Victoria Lawn Cemetery.

Second Charge Against Charles Crooks, Farmer

Charles J. Crooks farmer, on whose farm just west of this city, revenue officers early in the winter discovered an illicit still, for which he was fined \$300, was charged in police court a second time. Charles E. Hesson, Inland Revenue Collector of this city, accused him of failing to pay the excise duty which he was liable to pay for manufacturing whiskey. The Government ordered the second prosecution against Crooks and Hesson having laid the facts before the department at Ottawa. Magistrate Hesson reserved his decision for a week.

A Budapest professor says "flu" viruses are carried for hundreds of miles in air currents.

Allan Cup Receipts Will Be Used to Finance the Trip Over to Antwerp

There has been some wonder expressed by hockey fans as to just how the contemplated trip to Antwerp by the Allan Cup holders will be financed. Some have thought the winning club would have to handle all the expense themselves. This however, is incorrect. The Allan Cup trustees have practically consented to the suggestion that the Allan Cup receipts of this year instead of being devoted to charitable purposes as stated in the deed of gift, be given to defray the expenses of the winning team to Belgium. All that remains now is for the Canadian Amateur Hockey Association to deal with the matter and take the same view as the trustees and the arrangements

will be completed. Judging from the number of games to be played here and the fact that most of the games look like high-class attractions enough money should be secured to finance such a trip. Regarding the expenses of the Canadian Olympic team, Sec'y Norton Crowe, of the Amateur Athletic Union of Canada, stated this morning that the Central Olympic Committee at a recent meeting decided that each province fix a stated amount, such amount to be in proportion to size and population. Ontario has been asked to give \$5,000. Of course the Maritime Provinces will give only about \$1,000, while Quebec and several of the others will give \$4,000.

Tomato Growers Are Asking 60 Cents a Bushel This Year

There is going to be a tussle for a raise in the price of tomatoes the coming season between the factories and the growers which not many years ago were contracting for 25 cents a bushel. The growers are holding out for sixty cents a bushel, while the factory managers, at the present time are holding the price at last year's—fifty cents. Last season it is claimed, the Dominion Cannery paid the sixty cents in Prince Edward County, claiming that the deliveries there are of a

higher average quality down there than in the Niagara district where a percentage of the first grade stuff at the beginning of the season is usually put up in baskets for shipping, while the eastern acreages are taken to the factories intact. So far very few contracts have been signed up at the old price, the growers claiming that the high wages being asked by labor, the increase in the price of fertilizers, manures and plants does not warrant them raising tomatoes at all.

Union Lodge No. 16, I. O. O. F. Celebrates 74th Birthday With Enjoyable Evening

Union Lodge, I. O. O. F., the second oldest Independent Oddfellow's Lodge in Canada, celebrated its 74th birthday with a joyous gathering last night. For the first time the ladies were admitted and the innovation proved a decided success. A large number of men and women gathered in the Queen Street Hall. There was a good program and refreshments after which cards and dancing closed the most enjoyable affair. Union Lodge was first opened on St. Patrick's Day, 1846. F. Carley, Noble Grand, was in the chair last night and the program was as follows:— Opening Address F. Carley, N. G. Selection The Orchestra, Solo Bro. S.

Switzer, Quartette The Harmony Four, Messrs. E. Willard, L.L.C.M., H. Legge, A. J. Kadwill, and Geo. Kadwill, The Order Bro. E. Lawrence, P.D.D.G.M., Solo Bro. S. Richardson, Reading Bro. E. Lawrence, Solo Master Frank Hampson, Reading Miss E. Longden, Solo Bro. E. Richardson, Solo Miss M. Taft, Address Bro. A. H. Priest, Solo Geo. Ellingham, Quartette The Harmony Four. Bro. L. Parkins, acted as accompanist. The committee in charge was as follows:— Bro. Allan Grass, V.G., chairman, Bro. H. Hudson, Bro. H. Malcolm, Bro. N. Waite, Bro. C. Moyer, Bro. E. Lawrence, Bro. H. Thurston, Bro. W. Crumb and Bro. J. C. Brown.

Man Strangles His Wife And Then Tries to End His Own Life, But Fails

NEW YORK, Mar. 18—A man describing himself as George Evans of No. 652 West Main street, New Britain, Conn., attempted suicide in a room in the Park Avenue hotel yesterday afternoon by slashing his throat and taking poison. Attendants, attracted by the moans, broke into the room and the man was removed to Bellevue hospital in an unconscious condition. After being revived he said he had tried to end his life because he had killed his wife, Anna, by strangling her with reins taken from a harness. Dispatches from New Britain today told of the discovery of the dead body

of Mrs. George Evanoff, wife of a Bulgarian miner, in a trunk in the home of her sister in New Britain. The woman had been dead twenty-four hours and had been strangled with a set of toy reins used by children. Her husband was last seen in New Britain yesterday afternoon when he visited the home of his mother-in-law with his four-year-old son, George, saying that he wanted to leave the little fellow there for a while. The police believe Evans is really the missing man and have asked the New Britain authorities to send someone to identify the prisoner at Bellevue hospital.

WELCOME BECK HOME

Guests Invited to Luncheon Being Given by City. Guests at the Toronto civic luncheon given at the King Edward Hotel today in honor of Sir Adam Beck included the Ontario Cabinet, the city M. P.'s, the City Council, Hydro Commission, and officials, members of the Board of Education, Harbor Commission, and officials, Senator Macdonell, J. W. Lyon, of Guelph, Phillip Pocock, of London, Col. Boyd Magee, G. H. Kilmer, Col. Cerner, B. B. Cronyn, the city magistrates, Col. J. A. Currie, and the Toronto M. P.'s, at Ottawa, the County Judges, the warden of York county, Reeve Richardson, of Pickering, the chairman of the Library Board, Major Alex. Lewis D. Spence, T. A. Murphy, J. T. Edworthy, T. W. Close, T. V. Gearing and others. The Canadian Trade Commission urges housewives to begin laying in a supply of sugar for the coming season. Geo. Cawte, seventy-five years old was found by neighbors dead and burned beside his stove; his wife was buried last Friday.

No Robin on City Hall Lawn On St. Patrick's

City Clerk Pay says that his St. Patrick's robin failed to weather the wintry blasts, or became a victim of the flu, if birds are heir to such a disease. "Every St. Patrick's Day for several years I have never failed to see a robin or two out on the city lawn from my window, but yesterday there was no robin in sight," said the City Clerk. "I don't know what to make of it."

Conviction Made in Connection With Theft Of Liquor in Grimsby

J. D. Brown Committed For Trial on a Charge of Theft, and Eastman and Brown Are Both Fined \$200 Under the O. T. A.

At Grimsby yesterday J. D. Brown, a citizen of that town was committed for trial on a charge of shop breaking in connection with the theft of some cases of whiskey from the express office on February 16th last. On a charge of having liquor illegally he was assessed \$200 and a butcher named John Eastman was also fined \$200. The evidence disclosed details of a recent crap session in Grimsby which took place in the butcher shop, in which half a dozen or so youths of the town took part. While the game was going on

Brown brought in the whiskey in question, several bottles and when these had been emptied he went out and got more. Most of the crap players drank, but when they were charged with the offence of illegal drinking the prosecution could get no direct evidence that any one of them had had a drink so Magistrate Kidd dismissed the case. On a charge of receiving stolen goods Eastman was also given the benefit of the doubt but he was fined the \$200. Brown will have his trial in this city before Judge Campbell shortly.

Wants Bergdoll Jailed 30 Years

Stiff Sentence Asked for Alleged Rich Deserter. NEW YORK, March 18—When the court-martial of Grover Cleveland Bergdoll, wealthy young Philadelphian charged with desertion because of his alleged failure to report for military service under the draft, was resumed on Governor's Island today his counsel announced that no defense would be offered as it believed the government had failed to establish its case. The defense then rested. The announcement came as a great surprise to the prosecution. D. C. Gibboney, chief counsel for the defense asked the court to state the limit of punishment in the event that the accused pleaded guilty but that the request was refused. Lieut. Col. Charles C. Cresson, trial judge advocate, in his argument to the court, asked that a sentence of thirty years' imprisonment be imposed upon the defendant.

Prediction That Tax Rate Here May Be 34 Mills

The city rate of taxation has not yet been decided on though a man who has a way of knowing predicted today that it will be 34 mills. That is if the city is allowed to go over the 25 mills allowance. Ald. Graves said the Finance Committee is working on the estimates, paring and lopping off wherever possible, and at the same time arranging for salary increases. The Board of Education has not yet submitted its estimates. NO DEVELOPMENT IN ASSAULT CASE So far there have been no developments in the Geneva street assault case, but the police are working hard trying to find the guilty party. It would be hard with him if found according to the comments heard in different quarters.

Complete Suspension of Coal Mining April 9th Will Tie Up Industries

Miners Have Presented Demands Unacceptable to Owners and a Strike is Borne to Come As a Result.

"There seems to be no doubt in New York among Wall Street men that there will be a complete suspension of coal mining on April 9th." Mr. Chas. McGill of the McGill Coal Company, Limited, who yesterday returned from the United States where he has been studying the coal situation, made this statement in relation to the United States at the present time. The reason for this apparently well-founded belief, Mr. McGill continued, is that the bituminous coal miners, whose present four-year agreement terminates on March 31, have presented demands with which the operators will be unable to comply. Briefly they ask for an increase of the reduction of working hours to six of \$2 per day for men paid by the day per day in a five-day week, full recognition of their union, and that, whenever practicable, coal be paid for on the short-ton basis. The short-ton basis refers to the difference in Canadian and American tonnage of 40 pounds. For contract miners a 60 per cent increase is asked.

Although this agreement is only at present affecting bituminous miners, Mr. McGill stated, the anthracite miners, whose agreement also terminates at the end of this month are refraining from presenting their demands until with what reception the demands of the bituminous miners meet. If a strike becomes inevitable, and Mr. McGill is almost certain that it will, the anthracite miners will join the general walk-out. The effects of a strike on Ontario said Mr. McGill, would be to leave the Province absolutely without means of obtaining fuel. There are at present no reserve supplies in the Province and the operators themselves are depending on the supply mined from day to day. The shortage in the present supply Mr. McGill stated, is due chiefly to the fact that only 60 per cent of the coal cars on United States railroads are in use, a condition which he attributes to the policy pursued by the U. S. Railroad Administration in failing to repair cars when repairs are required.

"PERFECT 36" NO LONGER
IN FASHION SHOW

CHICAGO, March 18—Farewell to the "perfect 36's." Fashion designers have put the delectable creatures out of the running, at least for this season and there is much lamentation among the sprightly models who formerly swept majestically up and down in front of the buyers.

"There ain't no such a thing as a feminine form today," wailed Gertie one of the models. "A lady might as well be a barrel of sauer kraut as a perfect 36. A classy built dame can't show the styles no more. What they need for a model is a circus freak—Rubina, the rubber lady—or something like that. She's got to have a spaghetti spine, double joints and accordion pleated muscles to fit into more than one gown a year."

Gertie is right. There are two ways to follow the fashions this year. One is to follow them, all the way, in the morning milady will need a slim, wasp waist; in the afternoon she will require a few curves and in the evening she will have to be as straight as a ramrod. As for the gowns displayed at the opening of the Fashion Art League today, one must be a mathematician to guess whether the forms they encase are spheres, hemispheres, parabolas or comet-like wisps of atmosphere.

There is every fashion conceivable to fit every individuality conceivable and this is the secret of the second method, which is not to follow the fashions at all. Anything is fashionable: A hem cut from last year's dress will give the remnant the fashionable unfinished effect. A few patches cut from foulard and sewed over the worn spots in last year's serge will give the fashioned applique effect. A thousand dressmakers and designers are attending the convention.

A TOLERANT PEOPLE (Regina Daily Post)

"The people will not tolerate any government whose fiscal policy is only a means of gathering revenue and which disregards the tariff as a means for the developing of Canadian industry," said Sir Thomas White.

The people of Canada are broadly tolerant as Sir Thomas might learn from Canadian history. Once in 1896 they tolerated the establishment of a government which had as its avowed policy a tariff for revenue only, and which, moreover, talked loosely of "free trade as they have it in England." That government did not carry out its promise to the people but in 1911, having at last undertaken something in the way of tariff reform appealed again to the people and found that this policy endorsed by a majority of the people before whom the tariff was placed as an election issue. Sir Thomas White as one of the original members of the Borden cabinet, should know that it was only by means of Quebec support secured on a different election issue that the government obtained office.

Sir Thomas lacks authority for his statement. No election in thirty years has been fought and won on the tariff issue alone. The next one will be.

The fourp'ny doss

WHEN Peter Wright, the great Chief of the British Seamen's Union, was in Canada he said that many a time in the old days a fourp'ny doss was the only thing that stood between him and a sleep on the sidewalk.

SAILORS and soldiers and good hardy men the world over have a vivid recollection of these places.

THE "Doss," as such does not exist in Canada, but Hotels for Working Men are a definite part of the Salvation Army's activities in the larger Canadian cities.

308 Service Posts in this Territory. Use them!

DUTCH FIXING SPOT TO INTERN KAISER

THE HAGUE, March 18—A royal decree issued March 16th says the place to be allotted to former Emperor William of Germany as his residence will for impart of the Province of Utrecht, and that it will be fixed later by the Government. The decree was in connection with an announcement to the Allied Premiers regarding their recent note concerning the one-time Monarch.

Growth Shows Desire To Extend Army Work

Commissioner W. J. Richards, chief of the Salvation Army in Eastern Canada, has completed his fifth year in that capacity. During that time the Army has seen one of its greatest periods of usefulness. This period takes in the "war years." The great war had been under way since August and new problems presented themselves to the organization when he assumed command. These problems required a large measure of initiative to overcome. The task of rendering the highest and most efficient service was shouldered and Canada paid tribute to the success which attended those efforts by over subscribing the amount asked for during the Red Shield Drive.

Commissioner Richards is a forceful man. He is a man of few words. He believes in doing things. During the five years, more than 11,000 persons are recorded as having sought salvation. Notwithstanding the losses due to war, there are today nearly 2,000 more names on the Membership Roll than there were in this territory five years ago.

In July, 1915, Canada East was separated from Canada West, the dividing line being Port Arthur. Ever since that time, there are now only forty one fewer officers in active service in the Eastern territory alone than there were in the combined territories five years ago.

In the Field Report two very striking indications of financial growth are given. In 1914, the Self-Denial

total for the combined territories was \$48,726. In 1919, for Canada East alone, it was \$75,591. Harvest Festival returns have been doubled. Shows Solid Growth.

In all the various departments the same rate of growth has been recorded. This shows that as often as humanly possible every opportunity has been seized for the advancement of every branch of the organization. Inasmuch as every act of service means the welfare of somebody, the position which the Salvation Army occupies today indicates tremendously increased service to the community.

This service has been rendered under the leadership of Commissioner W. J. Richards. His five years in Canada have been five big years for the Salvation Army in Canada, and give great promise for the future.

GERMANY IN TURMOIL

COPENHAGEN, March 17—A wire from Kiel reports the town bombarded by the cruiser Eckernforde, which is at the disposal of the new Government. The cruiser shot through the streets from the harbor, killing some 500 persons and demolishing a number of buildings.

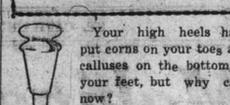

BERLIN, March 17—All through Germany the strike situation grows worse.

Ebert's return is now expected at an early date.

Troops marching through the northern suburbs yesterday and carrying an old flag at the head of their column for the purpose of exciting enthusiasm and winning followers for the new government were savagely attacked by a crowd of workmen.

Women! Here Is A Dandy Thing

Few drops on corn or callus stop pain, then they lift off.

Your high heels have put corns on your toes and calluses on the bottom of your feet, but why care now? This tiny bottle holds an almost magic fluid. A genius in Cincinnati discovered this ether compound and named it Freezone. Small bottles of Freezone can be had at any drug store for a few cents. Don't limp or twist your face in agony and spoil your beauty, but get a little bottle of Freezone and apply a few drops on your tender, aching corn or callus. Instantly the soreness disappears and shortly you will find the corn or callus so shriveled and loose that you can lift it off with the fingers. Just think! You get rid of a hard corn, soft corn, or a corn between the toes, as well as hardened calluses, without suffering one particle. Millions of women keep a tiny bottle on the dresser and never let corns ache twice.

TORONTO, Mar. 18—The disturbance which was over the Gulf of St. Lawrence yesterday has moved out to the Atlantic and the weather is now fine in nearly all parts of the Dominion. Another moderate disturbance is centered this morning over Nebraska, moving northwestward.

FORECASTS—Fine today, Friday east to southeast winds showers before night.

Par Value \$5.00
Quarterly dividends on the Preferred issue payable first day of January, April, July and October, at par at any branch of the Dominion Bank in Canada.
Dividends upon the Preferred issue accrue from April 1st, 1920.
This Cumulative Preferred Stock is preferred both as to assets and dividends, and at the option of the Company is callable in whole or in part at 115 per cent. and accumulated dividends. No bonds may be issued nor mortgage nor lien given on the fixed assets except by the consent of the holders of 75 per cent. of the Preferred Stock.
REGISTRAR AND TRANSFER AGENT:
TORONTO GENERAL TRUSTS CORPORATION, TORONTO
CAPITALIZATION
Preferred Stock \$1,000,000.00
Common Stock \$1,000,000.00
(No Bonds)
The following information is summarized from a letter from Mr. S. Messer, President of the Company:—
1. The Continental Oil Company, Limited, of Canada, the business and assets of which have been acquired by the North Star Oil & Refining Company, Limited, a Canadian corporation, has been in successful operation in the Prairie Provinces for the past eleven years.
2. The Company has no bond issue or other funded indebtedness outstanding nor any floating debt other than current accounts payable.
3. Earnings after the completion of a refinery for the production of refined oil, gasoline and lubricating oil, at Winnipeg, which refinery is expected to begin operations about the middle of the year, are estimated to be initially at the rate of \$150,000 to \$100,000 annually, or equal to over twice the dividend upon the Preferred Stock. With the completion of other refineries, earnings are expected to materially increase.
4. The Company has affiliations with large and responsible producers in the United States which should ensure a continuous and constant supply of crude oil. In the event of the development of crude oil in commercial quantities in the Canadian West, the Company, with refineries at Winnipeg, Saskatoon and Calgary, will be in an advantageous position to manufacture from this crude, refined oil, gasoline and other petroleum products for the Western trade.
Applications, which should be accompanied with cheque for full payment, will be received only on the understanding that the right is reserved by us to allot all, a portion only, or none of the amount applied for. In the event of a partial allotment the balance, and if none be allotted the full amount forwarded, will be returned to the applicant.
Interim Certificates will be issued pending engraving of definitive certificates.
It is intended that application be made to list these issues on the Toronto, Montreal and Winnipeg Stock Exchanges.
Price: Par (\$5.00 per share), carrying a Bonus of 40% in Common Stock.

STAR COMES FOR FALLEN SOLDIER

WELLAND, Mar. 17—Harry Bacon, Aqueduct street, received from the Militia Department, the 1914-15 star awarded to his son, the late Lance-Corporal Frank G. Bacon, who fell at Ypres on April 25th 1915.

The medal, which is of gold, is a large star with scroll in centre, surrounded by a wreath with two crossed swords, and surmounted by a crown. Accompanying the star was the following letter from Major-General E. C. Ashton:

"I am directed by the Honourable the Minister of Militia and Defence, to convey to you the 1914-15 star, for Lance-Corporal F. G. Bacon, 15th Canadian Infantry, and to express to you the regrets of the Militia Council that he did not live to wear its decorations he so bravely won."

ADVERTISE IN THE JOURNAL

Pain and expense are the two great fears of Dentistry that account for more ruined teeth than anything else.

These fears encourage neglect, and poor, indeed, will be the condition of your teeth if you neglect them. They MUST have watchful attention to prevent decay, and when decay is present, they must have proper treatment.

It is groundless fear to feel alarmed at the possibility of pain you must suffer or the cost you must pay for Dental treatment at our Offices.

The treatments are practically free from pain and the costs are astonishingly moderate.

Besides this—there is a free constitution and examination service which we extend to all who desire to know the condition of the teeth.

Fillings 50c up.
Very good Plates \$8.00.

ABOUT THE SEED DRILL

What is Considered to be the Most Efficient Type.

The Feeding Device is the Heart of the Drill—Seed Should Be Dropped Directly Under the Axle of the Disc—Give the Bearings Careful Inspection.

(Contributed by Ontario Department of Agriculture, Toronto.)

As the drill sows, so shall the farmer reap, is no fallacy. It is as true in its content as the maxim "As a man sows so shall he reap." Given the right kind of a grain drill, the seed is all planted at a uniform depth, evenly covered, the earth compacted just enough to retain the moisture around it. These conditions mean that the young plants will all come up at the same time, that the roots will be well protected, and that the grain will ripen uniformly. As the grain is planted, so will it grow and ripen. If some of the seed is planted too shallow, and some too deep, the seed that comes up first, ripens first. Thus it is that some of the grain is ready to harvest while other patches are still in the milk stage.

The feeding device is the heart of the grain drill. Upon its reliability depends the accuracy of sowing the seed. The drill scale is computed for the average sized seeds, and therefore cannot always be depended upon when the size of them varies from the normal. If the grain is oversized or undersized the required amount per acre may be sown by setting the feed lever at a point slightly greater or slightly less than shown on the indicator. There are, in common, two different forms of feeding devices. The fluted-cylinder-force feed, and the double-run-force feed. The amount of seed sown by the fluted-cylinder-force feed may be regulated by a lever which changes the size of the outlet, but it does not always handle all classes of seed without breaking them, as can be done with the double-run-force feed, which necessarily requires for driving it a disc wheel, or a cog wheel with from nine to fifteen sets of cogs that make as many speeds or feeds.

In the most efficient type of grain drills the seed should be deposited as nearly directly under the axle of the disc as possible, as this is the only place where the seed is dropped directly on to the bottom of the trench without hindrance. By this method the disc is not run deeper than the seed is deposited, thus the draft is reduced to a minimum. If the seed is deposited in the rear of the centre of the axle, the rotation of the disc tends to carry earth and seed up with it, causing the seed to be unevenly deposited. In operation, a properly angled disc opens a trench about two inches wide. The falling seed strikes the concave side of the shield and the convex side of the disc, and is thus scattered evenly over the entire width of the trench.

Grain seed drills are divided into four kinds, according to the type of furrow-opener—the open delivery single disc, the double disc, the shoe, and the hoe drills. The open delivery single disc furrow opener deposits the seed between the shield and the convex side of the disc. The space is open from the end of the boot between the disc and shield to the bottom of the lower end of the shield. The shield prevents the falling seed from becoming mixed with the loose earth and surface trash and insures its free passage to the bottom of the boot made by the disc. It will also do excellent work in highly cultivated soil that is free from trash.

The closed delivery single disc furrow opener has a closed boot, similar to a hoe furrow opener, which comes down at the rear edge of the disc and deposits the seed about two inches back of the disc. It does not plant the seed at as even a depth as either the open delivery single disc or the double disc, but deposits it at least eight inches in rear of the disc, and wherever it meets with an obstruction, rock or hard frozen soil the disc rises up and carries the boot with it, broadcasting the seed on the surface.

There are many styles of double discs, but the one that plants the seed under or slightly back of the disc axle, or hub, is the one to use, for that point is the deepest part of the furrow. The furrow opener that shoots the grain forward of this centre is to be avoided, for the reason that the seed reaches the ground before the furrow is fully formed, and it is, therefore, mixed with the soil as the seed trench is being made, causing what is termed "wavy" sowing. The double disc type of opener tends to spread out the seed more than other kinds, so that each seed has a somewhat greater area from which to draw moisture.

The hoe furrow opener or shovel opener does not penetrate the ground readily and clogs easier than any of the other types. The shoe opener does no better work, and rather than clog will run over trash and thus plant the seed at varying depths. In selecting a drill the bearings should be given careful inspection. They should be dust proof. The hard roller must be considered superior to all others for this kind of work, as the oil can be forced into the bearing from the centre, and as it works out it carries all the dirt with it. It should have a well-braced seed box with steel hopper bottom to allow the seed to pass freely into the cups. Strong frame and substantial wheels are important features. The distance between the furrow opener varies to some extent but six inches is the usual spacing. The seed tubes may be of rubber or of steel ribbon. The rubber tubes give good satisfaction, but are not durable if exposed to the weather. The steel ribbon tubes serve the purpose well, and if painted will last as long as the drill.—Jno. Evans, O. A. College, Guelph.

The cold and blustering weather kept the farmers away from the market today and there was a small attendance.

Drinking a Glass of Hot Water is a Splendid Habit

Cleanse and sweeten the system each morning and wash away poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and bowels the previous day's indigestible toxins, thus cleansing, sweetening and purifying the entire alimentary tract before eating more food.

FIFTEEN IN ONE FAMILY DIE WITHIN FIVE YEARS

ST. THOMAS, March 18—Rev. F. Patrick Dennison, of Centre Street Baptist Church, here today received news of the death of the fifteenth member of his family in the last five years and the fourth in the last four months. Mr. Dennison's wife died late last fall in this city, and within a fortnight news came of the death of Mr. Dennison's sister in South America. The death of another sister in England was reported today. Six brothers and five half-brothers of Mr. Dennison lost their lives in the war.

Lay Records

Herbert Lynn, at Stop 17, Fonthill writes:— I have eighteen Rhode Island Reds which were hatched out on the 18th April, 1919. They started laying 1st December 1919. But I did not keep track of the eggs of the month of December.

In January, 1920, they laid 500 eggs and 113 eggs until the 11th day of March, making a total from eighteen hens of 706.

In the month of January, I put 6 of them by themselves and they laid 145 in the month of January, 140 in February, and 42 up to the 11th of March, a total for two months of 327 eggs from the 6 hens and they are laying yet.

CANADA'S OLDEST ORANGEMAN DIES ON 17TH OF MARCH

KINGSTON, March 18—Ex-Alderman Joseph Tait, said to be the oldest Orangeman in Canada, died yesterday in his hundredth year. He was born in County Armagh on August 21 1820, and lived in Kingston since 1847. He was a veteran of the Fenian Raid, serving under Captain Jackson and receiving a medal for his work in the campaign. Mr. Tait was a past Master of L. O. L. No. 6, and during the seventy-three years he had lived in Kingston he missed only two annual parades of the Orangemen. He was alderman for Frontenac Ward for eight years, being returned for the first time in 1895.

Party-Line Consideration

A Two-party line is a single circuit, shared in common by two subscribers. It is not reserved for a single user and should be used on the share-and-share-alike basis.

On a two-party line it is impossible for both users to try to talk out on the same circuit at the same time. There is, also the liability of both being wanted at the same time to receive incoming calls.

Therefore, there are special considerations which we urge a party-liner user to keep in mind.

1. Long conversations prevent the use of the line by the other subscriber, therefore party-line talks should be as brief as possible.
2. Whenever another party-line subscriber requests the use of the line for an emergency, courtesy should be prompt, the first user temporarily to give up the use of the line.
3. Whenever a party-line subscriber takes the receiver from the hook and finds the line in use, the receiver should be replaced at once in a careful manner.
4. At the end of a conversation the receiver should be replaced upon the hook immediately, otherwise the other subscriber cannot signal the central office.
5. Be sure always to give the operator the letters W or J in calling a party-line subscriber.

The Bell Telephone Company OF CANADA

JOURNAL WANT ADVS. PAY

WE ARE Ford Dealers in this district and have formed an estimate of the number of cars we will require to meet the needs of this territory. We cannot get enough cars to fill that estimate because there are not enough cars being made to fill all dealers' estimates throughout Canada.

The number of cars we can get depends upon the number of orders we send in and the early date at which we send them in, as the Ford Shipping Department follows the principle, "First Come, First Served."

Cars ordered now will not be delivered until March, and deliveries will be uncertain throughout the year. If you do not want to wait for summer or autumn delivery, come in and reserve your car by signing an order today.

LINCOLN MOTORS - DEALERS - ST. CATHARINES

MUSIC AND DRAMA

A notable revival of a remarkable play will be presented at the Grand Thursday night when Mr. Tyrone Power and a select company of players will be seen in Charles Rannedy's famous morality play, "The Servant in the House."

It is the first production to be put by Trans-Canada Theatres, the newly organized All-Canadian corporation which controls a chain of theatres from the Atlantic Pacific throughout the Dominion.

Theatre-goers will recall the sensation which the play created when it first introduced twelve years ago the controversy which arose over the astonishing portrayal of the role of "The Drunken Man," by Mr. Power. Dramatic critics both in New York and in all the principal centres of the population throughout the United States and Canada, agreed that Mr. Power had created a character that was destined to stand out prominently among the most notable of a decade.

The high reputation which this dis-

tinguished actor has attained on both sides of the Atlantic has been largely built up through his uncompromising stand against any form of suggestiveness or impropriety upon the stage and his firm adherence to nothing but the highest form of drama.

It is in keeping with the avowed policy of Trans-Canada Theatres, Ltd. that Mr. Power should be presented in such a play as "The Servant in the House," as their initial production in this Dominion.

The cast selected to support the star includes members of the original cast, and among its personal will be found such players as Mr. Edward Foster, Mr. Harvey Hays, Mr. Walter Edwi, Mr. Harold DeBecker, Miss Alma SShester, Miss Chela Knight and others.

CONVALESCING FROM INFLUENZA

The bracing atmosphere found in Algonquin Park is just what is needed for those convalescing from influenza or those who are in need of a rest and recuperation. The Highland Inn offers comfortable accommodation at reasonable rates. Apply any Grand Trunk Agent for descriptive booklet or write Mr. N. T. Clarke, Manager, Highland Inn, Algonquin Park Station, Ont.

Few Folks Have Gray Hair Now

DRUGGIST SAYS LADIES ARE USING RECIPE OF SAGE TEA AND SULPHUR.

Hair that loses its color and lustre, on when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

Wm. Howey was killed by the explosion of a compressed air tank at the McIntyre Marble Works, Winnipeg.

Floods, following the rapid thaw, drowned during the night, 29 young birds in the stables of Wm. Robertson, Con. 4, Huron Township, and two calves.

NEW ENGLISH BOOKINGS MADE BY TRANS-CANADA THEATRES FOR DOMENIO

An announcement of great interest to theatre-goers is made by Trans-Canada Theatres, Ltd., the new All-Canadian theatrical organization. It has already been made public that Mr. Tyrone Power, now touring in "The Servant in the House" and "The Little Brother" will cover the same ground from coast to coast next season, in "A Bunch of Violets" and "The Middleman." Further plans now embrace the return of this distinguished artist over the same territory in "Claudius," made famous by the late Wilson Barrett, and "The Red Lamp," Conan Doyle's fascinating romantic drama.

In addition to this Mr. Power will be followed over the Trans-Canada circuit of playhouses next season by two notable All-English productions, Grossmith's famous farce-comedy, "The Night of the Party," and a new play, "Lucky Durham," which has been drawing crowded houses throughout the English provinces, and which is still on tour across the water.

The success which attended the opening of Mr. Power's tour in "The Servant in the House" is being duplicated all along the route. From the middle west on he will play that drama and "The Little Brother," in which he made a big impression in Toronto, alternately.

The All-Canadian tour of Mr. Wilkie Bard, the greatest of all English comedians now upon the stage, will embrace two acts by Mr. Bard, and a series of first-class vaudeville attractions in addition. The selection of the acts in which Mr. Bard will appear has not yet been made, but it will most likely include at least one in which he has never before been seen on this side of the Atlantic.

COMMISSIONER HIGGINS HERE TO CONFER ON SALVATION ARMY MATTERS

Com. W. J. Richards, head of the Salvation Army in Eastern Canada and Col. John McHillan, Chief Secretary are conferring with Commissioner Higgins, Chief of Staff, and Second in Command of the Salvation Army for the work who arrived in Boston from London, England, recently. Com. Higgins came to America to discuss matters pertaining to Salvation Army affairs in Canada and the United States, with Commander Eva Booth, head of the Salvation Army in the United States and with the Canadian officials. He was for many years Chief Secretary of the United States and recently succeeded Com. Howard as Chief of Staff and Second in Command. Many matters having any important bearing upon the future policy of the Salvation Army, and its reconstruction work are to be taken up at this meeting and it is expected that on his return Com. Richards will have something to say in regard to the questions affecting the policies to be followed in Canada.

TEX RICKARD WILL STAGE DEMPSEY-CARPENTIER GO

NEW YORK, March 18—Tex Rickard is sure to get the Dempsey-Carpentier fight according to Nate Lewis Chicago fight manager, who has returned from a tour of France.

"When I met the offer of Dominick Tortorich for the fight in New Orleans," Lewis said, "he showed me the terms offered by Rickard and I couldn't meet them. He also told me that Rickard would stage the fight in America or Paris.

Carpentier according to Lewis wants to fight in New Orleans, on account of the large percentage of French people there.

Making Biscuits Since 1858

SIXTY-ONE years ago, we commenced making biscuits—McCormick's Jersey Cream Sodas were the first of our lines. They enjoyed instant popularity, and throughout the years the demand has grown until our sales now total many tons a day, and shipments are made to all parts of Canada.

If you have not tried them, do so. You will soon realize what you have been missing.

McCormick's Jersey Cream Sodas

Sold fresh everywhere. In sealed packages. Factory at LONDON, Canada. Branches at Montreal, Ottawa, Hamilton, Kingston, Winnipeg, Calgary, Port Arthur, St. John, N.B.

PROMOTING PURE BRED CATTLE

Alberta Stock Ranch: Purebred Calves for Alberta University Farm.

The livestock men of Alberta have adopted a novel means of promoting their industry, and, incidentally, of bringing to the notice of the people both within and without the province, the standing of Alberta as a livestock country.

Thirteen of the largest breeders have donated thirteen steers, mostly purebreds, to the University Farm, without any charge whatsoever. These steers represent the cream of twenty-four of Alberta's leading herds, and constitute what is thought to be the finest selection of its kind owned by any institution in Canada.

During the past a number of grade steers had been bought from time to time by the University Farm for judging purposes for the students of the College of Agriculture. The best of these were shown at the local live stock shows and later sold. It was next to impossible however to secure the class of stock best suited to this purpose with the funds available, as it entailed going to the larger breeders and paying top prices for selected individuals, and in all probability the breeders would not care to dispose of the animals of the age most suitable. It was that this work could be made more valuable to the province, and large if instead of using ordinary grade steers, animals of higher merit could be obtained. In any case the cost of labor, feed and housing would be the same.

To Professor A. A. Dowell, Chief of the Department of Animal Husbandry, of the University of Alberta, came an inspiration, whereby the University was able to get the required animals without paying a cent for them, yet giving their owners a good return. It appears that there are a number of breeders in the province of Alberta who are not in a position to do their own fitting and showing. Consequently their herds suffer from a lack of advertisement. Prof. A. Dowell evolved a plan by which the breeders in this position would get their herds advertised at the exhibitions, and the University Farm the desired class of animals. The plan suggested was that the breeders donate five or six calves of the three leading beef herds, and the University would use them for judging purposes for two seasons, and exhibit them at the International Live Stock Show at Chicago. Practically all of the

breeders approached were perfectly willing to assist in carrying out this scheme. The plan was submitted to the Alberta Breeders Association at their annual convention held at Calgary last May, and, receiving the entire approval of the Association, twenty-four breeders offered the best calves of their herds.

Immediate steps were taken to visit the various farms, and after three months thirteen calves were selected from the twenty-four herds. Grades were not debarred, but pure breeds were preferred.

The big difficulty that Prof. Dowell had in selecting these calves was not getting the owners to consent to part with them, but rather in refusing animals from breeders who offered them. Many of the breeders actually urged the University to send a representative to their farms, and take the best of any of their calves.

What is most outstanding about these calves is their uniformity, quality, and also their age. At the present time most of them are from five to seven months old, and without exception they can all account for a 100 pounds per month. All of the animals are on exhibition at all times in the University stables, and a placard hanging over each stall denotes the breeder, and the breeding of each animal. The animals are kept in the pink of condition and it is the expression of many of the leading live stock men visiting the stables from time to time that, collectively, they are the finest lot of steers of their size owned by any one concern in Canada today. They represent the very best that

there is in Alberta.

If the steers in this exhibit make a creditable showing in Chicago, it should prove an excellent advertisement for their breeders, as well as generally, not only in Alberta, but throughout Western Canada. On the other hand, it gives to the students of the College of Agriculture, the future breeders of the Province, absolutely the best class of live stock for their judging work.

The live stock breeders who have made it possible for the University to assemble these excellent animals and from whose farms the selections were made, are as follows: Short-horns, The Hon. Duncan Marshall, Oids; Geo. E. Lane Company, High River; Two pure bred Shorthorn calves were added from the University Farm, Herefords, John Wilson, Innisfail; S. M. Macoe, High River; Curtis Cattle Company, Sheephead; J. McD. Davidson, Coal Dale; V. W. Smith, Camrose; and Fynn Bros., Mirror, Aberdeen Angus; A. E. Noad, Oids; C. H. Richardson, Bowden; Chas. Elliot, Edmonton South; Canada Land and Irrigation Company, Medicine Hat; and J. D. McGregor, Brandon, Man. The total number of calves including the two added from the University Farm is fifteen.

New Triplex Springs Iron Out the Wrinkles of the Rough Roads

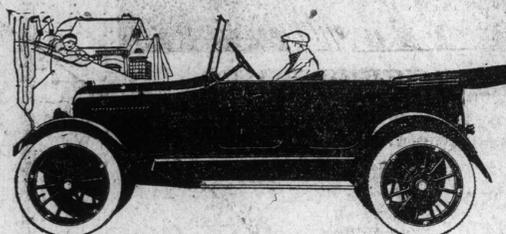

THE wrinkles of rough roads seem smoothed out completely by the wonderful springs of Overland 4.

These springs hold the wheels to the road, while the passengers ride in even comfort. The astonishing qualities of these diagonally attached Triplex Springs have created an utterly new conception of light car riding ease.

Best of all, this heavy car kind of comfort is now obtainable with economy in fuel and tires and remarkably low upkeep cost.

Overland 4 is started and lighted by two-unit electric starting and lighting system. It has rain-vision windshield and unit power plant. It is equipped with all the latest car essentials and conveniences.

NOBBY TREAD

A DOMINION Tire

A Bit of Advice

Don't wait until you are ready to drive your car before ordering new Dominion Tires.

Go to your dealer NOW and select the "Royal Cord," "Nobby," "Chain," "Dominion," "Grooved" or "Plain" Tread you will need so everything will be ready for the first spin.

Thousands of motorists will re-equip their cars this year with Dominion Tires because they know by experience that Dominion Tires mean the certainty of satisfactory service under all conditions of road and weather and the first signs of Spring will bring an avalanche of orders for Dominion Tires. Get ahead of the rush. Order your tires NOW.

DOMINION INNER TUBES

When you go to the trouble of getting the tires best suited to your car, get also the Inner Tubes made expressly for these Tires. Order Dominion Inner Tubes and thus ensure perfectly balanced tires.

DOMINION TIRE ACCESSORIES

It pays to care for your tires—pays in the saving of time, trouble and mileage, so keep a supply of these prolongers of tire life.

SENTENCE TO TWO
YEARS IN BURWASH
EX-SUPERINTENDENT OF CHILDREN'S SHELTER IS CONVICTED.

WELLAND, March 17.—On Wednesday last, last year's Children's Shelter Superintendent was arrested upon the serious charge of having carnal knowledge of one of the inmates—a young girl of fifteen years and a ward of the Children's Aid Society. About two months ago the girl gave birth to a child of whom the superintendent was said to have been the father.
Before Magistrate Goodwin at the local police court on Thursday the ex-Superintendent pleaded guilty to the charge.
Provincial Inspector Martin spoke of the seriousness of the case, where a young girl was taken from her home in order to be protected and cared for and placed in a shelter where such protection is expected to be obtained. He asked the full penalty to be given the accused.
Magistrate Goodwin sentenced the prisoner to two years less one day in Burwash Farm.

STARTING BEEKEEPING If Thin, Nervous, Run Down, Depressed This Will Help!

Suggested Outfit for the Apiary Novice.
Start With the Right Hive—The 10-Frame Langstroth is Regarded as the Best—How to Prevent Swarming—Care of Freshening Cows.

(Contributed by Ontario Department of Agriculture, Toronto.)
EXTRACTED honey production is the most satisfactory for beginners. Start with three colonies and sufficient up-to-date equipment and then make the bees pay their way. One colony does not give the beginner an opportunity to right mistakes or accidents profitably. Three colonies can be managed by devoting one evening weekly to the apiary.

Avoid many troublesome pitfalls by starting with the right hive. The 10-frame Langstroth hive has given the best satisfaction in Ontario. All beekeepers' supply houses carry this hive and its parts in their regular stock. Buy your first hives from a good manufacturer. It is very necessary to have all hive parts interchangeable so that they may be used in any colony in the apiary. Uniformity and accurate workmanship alone can ensure this need.
One complete 10 fr. Langstroth hive consists of:
1. A bottomboard.
2. A hive-body with self spacing frames and wire.
3. A telescoping metal roof cover. In addition the beginner should provide for each colony one queen excluder; two extra hive-bodies complete with frames; and 7 lbs. of Medium Brood Foundation which runs six sheets to the colony to fill the frames with a guide and foundation for the future combs. All hive material should be nailed, wired and sprung rush.
It is advisable to commence with a swarm or a nucleus. Less danger from disease attends the buying of pound packages than the buying of swarms and nuclei. Pound packages may be secured for delivery from May 1st to June 30th. Early packages will yield a better colony than those handled. Enquire of the Provincial Apiarist re disease in your locality before buying swarms, nuclei or colonies. A small colony of bees is much less likely to die than a full colony and thus offers a better opportunity for the beginner to grow with his bees.
The accessory equipment for the beginner should consist of:
1. A suit of cotton tulle.
2. A standard bee smoker.
3. A hive tool.
4. A spur wheel wire embedder.
5. An uncapping knife.
6. An uncapping box.
7. A complete set of Department literature, Bulletins 213, 233 and 256, and a good reference bee book.
8. A small honey extractor.
With the exception of Nos. 8 and 9 it is advisable to acquire the material needed from a supply firm at the time the uncapping box can be made at home, and the beginner can probably co-operate with another beekeeper in securing the use of an extractor. With the increase of colonies to ten, it would then be advisable to provide a storage can to assist in handling the crop.—W. A. Weir, O. A. College, Guelph.

To Prevent Swarming of Bees.
In the swarming month and time of supering the main honey flow which begins between the 10th and the 20th of the month, depending on the season and the latitude. Be sure to give supers enough to avoid any crowding which may cause the bees to become discouraged, quit work and swarm excessively. It should be the beekeeper's aim to prevent swarming as much as possible. This is done by keeping young queens, giving plenty of room and a systematic examination of brood-chambers to detect colonies which are preparing to swarm. When queen cells are found far advanced they should all be destroyed and the queen herself removed. After the colony has been queenless one week the combs should again be examined and all cells except one removed. This one will provide them with a queen and if only one is left they will not swarm again. Where an improvement of stock is desired the new queen may be given instead of leaving one queen cell.

Natural swarms should be hived on the old stand after removing the parent colony to one side. The swarms should be given the supers from the old colony. New swarms work with extra vigor because they have no brood to care for during the first week. Colonies held together without swarming gather more honey than those which swarm. It is the beekeeper's patriotic duty to reduce the cost of honey production and thus increase the quantity he is called to produce as greatly as possible. They also cause the beekeeper less trouble at unexpected times. This may be done more by swarm prevention than in any other way. Bulletin 233 takes this matter up thoroughly and should be carefully studied by all beekeepers. By mastering the methods described it is quite possible to manage as many apiaries as there are days in the week, having Sundays and rainy days.—W. A. Weir, O. A. College, Guelph.

Care of the Freshening Cow.
This is the month when a large number of cows freshen. Both fresh cows and newly-born calves should receive special attention. Cows expected to freshen should be placed in a box stall for a few days before the freshening. Many valuable cows and calves are lost by neglecting to provide box stall accommodation. This should be found in every dairy stable; or else have a special barn for the purpose.

DOCTOR WARD, The Specialist

SPECIALIST IN THE TREATMENT OF NERVOUS CONDITIONS, NERVE EXHAUSTION, BACKACHE, LUMBAGO, RHEUMATISM, STOMACH AND LIVER TROUBLES, ACNE, SKIN DISEASES, CATARRH, ASTHMA, RECTAL TROUBLES, PILES, FISTULA AND BLOOD CONDITIONS. The knowledge gained from many years' experience in treating diseases just like yours is of much benefit to you and assures the ailing man of prompt relief. When a man knows that he is again feeling well—that he is rid of his ailment—he feels that a heavy load has been lifted from his shoulders. I give every patient the benefit of the knowledge acquired through the long experience of a graduated, licensed and registered specialist, in order to bring about the most satisfactory results in the shortest possible time.

NERVE EXHAUSTION

A CONDITION AFFECTING MANY MEN—THE GREAT AMERICAN DISEASE—IT IS BROUGHT ON BY OUR MANNER OF LIVING—OUR WORRY AND HURRY—AMERICANS EXHAUST MORE NERVOUS ENERGY THAN ANY OTHER RACE OF PEOPLE.
There are a great many men who need treatment for their nervous system. These men do not know what is the reason they don't feel right—why they can't work like they used to—why they tire so easily and why they are irritable, nervous, despondent, weak, pale and lack ambition. These conditions require the expert knowledge and treatment of a specialist who has had many years' experience in just such ailments. A specialist learns by experience to know just the right treatment at the right time so that the patient can be dismissed at the earliest possible time. Men affected with nervous exhaustion have no endurance—no ambition—everything they attempt is an effort. Life to them appears as a long, gloomy future. Their appetite is poor and variable—they become irritable, cross and discouraged. They have pains and aches in various parts of the body and there is often indigestion and pains in the stomach. Sleepless, wakeful and restless nights follow.

RHEUMATIC AILMENTS

SCIATICA AND OTHER FORMS OF RHEUMATISM, LUMBAGO, PAINS IN BACK, SWELLING, ACHING, PAINFUL CONDITIONS IN ANY PART OF THE BODY—INFLAMED AND SWOLLEN JOINTS OF LEGS AND ARMS—MANY OTHER SYMPTOMS.
Hundreds of men are suffering with some form of Rheumatism. Many of these men go from day to day suffering untold agonies thinking they cannot be cured. They have tried liniments, rubbing, massage, salts and other treatments without experiencing any relief, and they are now going through life thinking they are martyrs to that burden called Rheumatism. If these men could only know how easy it is to get rid of many rheumatic conditions I know they would not suffer another single day. Then all sufferers of rheumatism would be strong and healthy if they could get rid of the condition. Rheumatic patients are nearly all strong and robust before being attacked by this ailment, and therefore it is so hard for the man to understand why he should suffer the agonies of such a condition. When a man gets rid of such a condition he feels that a heavy burden has been lifted from his life, and he starts right out to make up for lost time both in money and pleasure. When a man comes to my office suffering with the above condition he is given a most careful examination, and he is given treatment that he feels is giving him great benefit.

Quick and Lasting Results Assured the Ailing Man
BLOOD YOUR WHOLE HEALTH OF BODY AND MIND DEPENDS ON YOUR BLOOD. Any "building process" of the body and mind, of the muscle and tissue formations, of any of the various vital organs, can be accomplished only by working direct through the blood stream.

Tonight the old boys of the volunteer fire brigade will hold a supper at the Grand Central.

A large number of 191415 stars are held by the District Recard Officer, M.D. No. 2 at 149 College street, Toronto, for Discharged Soldiers who cannot be located at their last known address.

Speaking at the regular business men's and women's meeting in St. James' Parish Hall, Toronto yesterday afternoon, A. Monro Grier, K.C., of Niagara Falls, extolled the value of fresh air, proper exercise and simplicity of living.

Justice Orde reserved his decision in the suit brought by Fred Torno against Frank W. Callaghan, M. J. Shaw and W. R. Sweet for a declaration that they hold the steamer Chicora in trust for him and that the boat will become his on the payment of \$4,400.

What is believed by the police to be a bold attempt at defrauding downtown Toronto stores was uncovered yesterday afternoon by the arrest of Ebenezer Handcock and Samuel Todd by Detective-Sergeants Millholland, Wickett, Thompson and McConnell on a charge of fraud.

GIRL MAKES A STARTLING CHARGE AGAINST MINISTER

DOVER, Ohio, Mar. 18—Sixteen year-old Fern Burris-Bennett, bride of 10 days, has filed suit for divorce against her husband, the Rev. Ezekiel R. Bennett, 47 years old making startling allegations.

PREPAYMENT OF FREIGHT

Hon. F. B. Carvell Makes Suggestion Which May Be Followed

OTTAWA, March 18—An early decision by the Railway Commission in the complaint of the Canadian shippers against the non-prepayment regulations of the railways, was indicated this morning.

It was intimated at the hearing this morning that the U. S. railroads would probably accept prepayment of freight for export from American ports.

Chief Commissioner Carvell suggested that a compromise might be effected on the situation by fixing

WOOD'S PHOSPHODINE. The Great English Preparation. Tones and invigorates the whole nervous system, makes new Blood in old Veins. To match any material, have druggist show you "Diamond Dye" Color Card.

CHICAGO, March 18—Members of the council committee on rents were given a most violent shock to day and still are picking at the covers and muttering incoherent things.

This most remarkable landlord is Abraham Leibling, publisher of the scarcity and high cost of print paper and other necessities connected with the publication of a daily paper, sent word to his tenants today that he was satisfied with the rates they are now paying and that all leases would be issued for the coming year on last year's basis.

Leibling owns four large apartment buildings and his stand in the face of what the rent hogs are doing, has caused unusual excitement.

Among those who were violently and almost fatally shocked by his announcement are the profiteers who freely admit they need no other excuse for gouging their tenants than that they have been in a hole and they cannot help themselves.

Guarantee Bonds To Municipalities

A form of Government guarantee of municipal bonds will it is stated be the plan the Drury government will adopt to assist the carrying on of municipal housing after the money now on hand for that purpose has been exhausted.

The backing of municipal bonds if resorted to, would provide a fairly satisfactory method of financing for the municipalities without committing provinces to tremendous direct borrowing. Municipal bonds cannot of course be placed at a price that will give as low an interest rate as the 5 per cent now being paid for loans secured from the Federal appropriation, but most of the larger municipalities could probably borrow around 6 per cent, if given provincial backing, and the province is now paying very close to that for money.

CHICAGO, March 18—John A. Martens is a traveling representative of the National Biscuit Company. He took his wife on one trip. She heard the Pullman porter say to her husband: "You've picked a good one this time." Mrs. Martens was astonished.

the rate of exchange every Monday. A Canadian shipper going into an ocean would be required to pay a certain percentage of the freight rate in Canadian funds, and the exchange would be added to the remaining percentage. This suggestion appeared to be regarded favorably by some of the shippers.

Notice to Contractors

Pursuant to the requirements of the Canada Highways Act, separate sealed tenders marked "Tenders for Concrete Culverts, Item No. 1" will be received by the undersigned until twelve o'clock noon on Thursday, April 8th, 1920, for the following work:

- (1) Excavation, construction of concrete structures and other necessary work in the Township of Clinton (A). (2) Excavation, construction of concrete structures and other necessary work in the Township of Clinton (B). (3) Excavation, construction of concrete structures and other necessary work in the Township of Saltfleet (A). (4) Excavation, construction of concrete structures and other necessary work in the Township of Saltfleet (B). (5) Excavation, construction of concrete structures and other necessary work in the Township of North Grimsby.

Plans, specifications and forms of tender may be seen on and after Thursday, March 18th, 1920, at the office of the Resident Engineer, Beamsville, and at the office of the undersigned.

A marked cheque for \$500.00 payable to the Minister of Public Works and Highways for Ontario, must accompany the tender for each separate item.

A Guaranty Company's bond for ten per cent of the amount of the tender will be required when the contract is signed.

The lowest or any tender not necessarily accepted. W. A. McLEAN, Deputy Minister of Highways, Department of Public Works, Toronto, 12th March, 1920

ENTHUSIASM THE SECRET OF ATTAINING A RIPE AGE

CHICAGO, March 18—(Those of you who desire to live 100 years should be enthusiastic. Enthusiasm is one of the secrets of longevity treasured by members of the Hundred Year Club.

"There is positively no use in giving in to Father Time," she said. "He is a cheat and the way to meet him is to use his own weapons. Just cheat him by refusing to fall into his trap."

"The one thing that will do more than anything else to defeat Time and enable one to live 100 years or longer, is enthusiasm. One should keep his or her interest keenly alert and should always engage in some thing that is of tremendous interest."

"Enthusiasm makes the blood flow faster, it keeps the mind wide awake and makes out forget the ills and ailments, which if given way to, will break one down in short time. The enthusiastic person will be young at 90 while the person lacking enthusiasm will be old at 20."

Luetwitz and Kapp departure, But Wake—Will No Troops—Police

BERLIN, March 19—The departure of Dr. Wolfgang Kapp and his Practorians ended as early as it began.

With the inglorious departure of the Chancellor's staff from the Chancellors' office six o'clock Wednesday night the ignominious kicking out of Luetwitz by a committee of determined citizens, the curtain hung down upon an extreme and almost unexampled Republic of America.

To Disarm Baltic Troops Kapp's Practorian guard of Baltic troops and marine brigades are packing up for departure knowing they will be disarmed as soon as they are in the city. They are being sped on their way by an ultimatum from the Security Police—a

city of former non-coms—that the Baltic troops were recruited they would be beaten by members of the Security Police.

An amnesty has been proposed by Kapp or his colleagues, and the Bauer Government offered negotiations.

By the Baltic terms Kapp realized in the course of morning that "the game was over" and signed his resignation at 1 o'clock, although the fact was given out until one o'clock afternoon.

Von Ludendorff and Colonel von Seeckt in the meantime continued efforts to obtain a new lease of life.

Dutch Government Censures Kapp

THE HAGUE, March 19—Dutch government was taken by surprise by what was declared its leniency toward the German Emperor in a debate in the second chamber of parliament yesterday afternoon, when the premier declared a decree limiting Count Hohenlohn's movements and his right to mix in politics.

Deputy Schaper, Socialist, questions brought about an amendment of the decree, said he was satisfied with the premier's declaration of a mere slight increase in the amount of the former emperor's pension and Count Hohenlohn's salary not sufficient.

The premier, in answer, referred to a letter to both houses of parliament informing them of the terms obtained from Count Hohenlohn that he would refrain from political activity and do nothing to involve Holland in an international difficulty. He added that his action with reference to the emperor's pension had been approved by the crown prince had been approved by the crown prince.

Deputy Von Ravenstein, Socialist, declared that the government's policy of silence had struck the general belief that the emperor came to Holland in connection with Holland's silent approval.

Other deputies took a similar line wanting to know how the emperor's pension would be handled in Holland. The premier declared that the government long ago had decided nothing in advance of the emperor's coming and no
