DAAN WHALE PARDONED.

The Former Well-Known Toronto Hotel-keeper Who Killed His Wife Released from Custody.

The Minister of Justice has ordered the release from Kingston Penitentiary of Daniel Whale, who was convicted of murdering his wife.

Whale, for many years, conducted the hotel at Richmond and Church-streets, but about five years ago removed to Mitchell.

A daughter of the prisoner, Mrs. Selton of Chicago, has been at Ottawa for the last six weeks, and has been in the case.

It appears that at the time of Mrs. Whale's death Whale had been drinking, and although the evidence showed that he struck her, there are grave doubts for believing that the blow was the cause of death.

Mrs. Whale was subject to heart disease, and this, it is claimed, was the principal cause of her death.

A strong case was presented to the Minister of Justice, and as a result of it the public has been relieved from working out his imprisonment at Kingston.

It is understood he has gone to Chicago with his daughter.

Some on Foot and Some on Nags They Resorted to the "Wild Goose Chase."

Inspector Gregory, who is at present in charge of the first precinct, and a number of his men, were last evening victims of a practical joke last evening about 10 o'clock.

A telephone message was sent to Police Headquarters, saying that a band of Young Britons were in the act of storming the St. Nicholas Hotel, on Broad-street.

The 1045 relief had gathered in the guard room, preparatory to going out for their night duty.

Five men, and five horses, were ordered to fall into line. Inspector Gregory, Sergeant Seymour, Patrol-Serget. Dwyer, and P.C.'s Farrow, Dempsey, Snider and Beatty on foot, and P.C.'s Smith, McKenny and Abbott mounted started for the hotel.

They were met by a man who called out, "The Young Britons are here, and they are waiting for you."

SHOT FOR A TWO DOLLAR BILL

AN AFFRAY IN HAMILTON THAT MAY BE MURDER.

Proprietor Wall of the Tremont House Hamilton, Shoots a Man in a Dispute Over a Lady on the Street.

HAMILTON, June 28.—A row occurred this afternoon about 3 o'clock in the Tremont House, in Stuart-street, which in all probability will result fatally.

The man who was shot, James Wall, a young man, a young man who resides with his mother, Mrs. Ellen Nealon, 256 Bay-street north, was shot in the stomach by James Wall, the proprietor.

The row is said to have originated in a dispute over a two-dollar bill. Wall claims to have done the shooting in self-defense.

He says Nealon has been in a shooting scrape before. Several years ago he shot at a young lady who had rejected his advances.

He is well known as a clog dancer, being the best in the city.

Wrote a Book

A week or two afterwards Emery rented an office in the Pythian Block, Queen and Victoria-streets, employed a couple of typewriters and wrote a book of 60 pages, purporting to give an account of his incarceration in Ohio. Two hundred thousand copies of it were printed, one mailed to every resident of Cincinnati, and a few distributed in this city. Emery set forth in his brochure that he was married to a daughter of the son-in-law of a Cincinnati merchant, and that he had the knowledge of his father-in-law, that he had trouble with his wife and commenced to quarrel with her, and that his father had then informed the Washington authorities of what was going on, and that he had fled to Toronto. He had plenty of money, and always carried it on his person in a belt. He had a fine education, and was usually from 15 to 20 years of age. He usually emerged from his rooms about 10 o'clock in the morning, and spent several hours daily in the Metropolitan Church grounds, with heavy muskets of light color and with a habitual acrobatic on his part. He attracted general attention. He was very kind to his mother, and could never be induced to go down town after sunset by his few intimates. He was a very considerate man, and was very kind to his mother. He was a very considerate man, and was very kind to his mother.

Mysterious Companion

A few weeks ago Emery was observed to have a companion, also a stranger in the city. This man was constantly in Emery's company, and was usually in Church-street, and those who knew Emery's history concluded that he was a fugitive from across the border.

It appears, however, that Emery did enjoy his forced exile in Toronto. He longed to return to his native Ohio, and was constantly in the habit of writing to his mother, and was usually in Church-street, and those who knew Emery's history concluded that he was a fugitive from across the border.

Got Nearly All His Money

It is not exactly known how much money passed into the attorney's hands, but it is said to have been between \$15,000 and \$17,000. This was to pay all expenses, including the reimbursing of the bondsmen and the fee of Cottle. Emery, with the aid of wealthy relatives in the west, was able to place large quantities of cash in Cottle's hands. Emery's friends, who had been working hard to have him released, caused their efforts when they learned that they Buffalo lawyer had taken the matter upon himself, and Emery became impatient. There were no signs of a release for him. He wrote to Cottle, but the replies were unsatisfactory. He was continually put off. He wrote to his friends, and finally learned that he was not to be released. He was very disappointed, and finally learned that he was not to be released. He was very disappointed, and finally learned that he was not to be released.

Remanded the Return of the Cash

As the bookkeeper had at that time been followed, yet full of rage at the treatment he had received from the man he had demanded the return of all the money he had poured into Cottle's lap. His funds were run low, and if he could neither recover his \$17,000 nor his liberty to go home the future was dark indeed. He wrote letter after letter, pushing his demands for the return of the money which he believed had never been expended in his behalf. The answers were few, far between, and the return of the money which Emery threatened long, but this did him no good, for Cottle did not fear a man who was so ready to throw up his hands. The money was not returned, and Emery threatened long, but this did him no good, for Cottle did not fear a man who was so ready to throw up his hands.

On His Voyage of Vengeance

Two weeks ago, Emery departed for Toronto with his companion. A little over a fortnight ago a family

DOCTORS FOR ONCE AGREE

COMPROMISE ON THE MEDICAL ASSESSMENT BY-LAW.

Non-Payment Will Take Place June Next—The matter of the by-law for the assessment of the medical profession has been the subject of a long and heated discussion at the meeting of the Ontario Medical Council yesterday.

The Ontario Medical Council yesterday concluded the most exciting session it has had in recent years. The chief controversy was over the re-imposition of an annual fee of \$2 from each of the medical practitioners.

The council is in financial straits, and it was deemed necessary to urge the rigid enforcement of the penal clause on the many hundreds of delinquents in payment. This led to excited debates on the constitutionality of the assessment and the proportion of representation of the assessed to those who spend the money.

Yesterday the assessment by-law passed on a compromise that the penal clause be not enforced till June, 1896. Another inducement to bring the matter to a compromise was the fact that the subject has been hotly debated three days, and that the bank will make no further advances to the council unless the by-law were passed. Hence peace reigned at last in spite of a few vigorous protests.

Will Retain the College Building. At each session an effort has been made looking to the disposal of the colossal building at Bay and Richmond streets. Some of the members consider in the nature of a "white elephant," whilst others deprecate a purely medical corporation having a commercial speculation on hand.

Dr. Williams, Dr. Bray and Dr. Barrick favored voluntary action rather than coercion; nothing could be gained by the enforcement of a penal clause. Dr. McLaughlin dissented from the allegation that he and others who had neglected to pay the fee had no right to sit in the council. His remarks were a bad effect. It had, for instance, been said that those who did not pay were dishonest. There were 1200 men in the list of delinquents, and the word dishonest must apply to them all.

Dr. Rogers denied this and said carelessness or ignorance was the cause of many delinquents. It was only a very small minority who refused to pay the tax, and it was unfair that such should be allowed to exercise the privileges for which others paid.

Dr. Sangster upheld strongly the right of himself and others to sit in the council, and in this they were supported by many members of the profession throughout the constitution. Dr. McLaughlin dissented from those who agreed with him was 1307.

An Advance From the Bank. Dr. Williams, at the afternoon session, moved that a sub-committee consisting of Drs. Roome, Dickson and Bray, be appointed to visit the Imperial Bank and ascertain whether they could advance a further advance of money to meet expenses, and upon what terms, and to take with them a copy of the by-law.

Dr. Armour said that if the Imperial Bank would not make the advance, other banking institutions would. Ultimately the motion passed and the chairman of the sub-committee waited on the bank manager. After the lapse of half an hour the sub-committee reported that an advance of \$4000 would be made, provided the penal clause be inserted in the by-law. On no other condition would he increase the advance of \$7000.

The report was adopted. Council then resumed the discussion of the assessment by-law in committee of the whole.

Dr. Williams moved that the operation of the penal clause for non-payment of assessment be suspended till the 1st of June, 1896, then to be enforced should there not be a sufficient amount of dues to meet the bank liability.

Dr. Roome seconded, and it was carried. An Appeal to Each Practitioner. Dr. Williams moved an addition to the collecting clause, that the registrar forward to each practitioner a copy of the by-law and a circular letter explaining the necessity of paying the fee, and the clause suspending the penal operation till next June. This was carried.

On motion of Drs. Williams and Henry, the by-law as amended passed the committee of the whole.

In council, Drs. Williams and Graham moved the adoption of the by-law. The report by Dr. Williams and Graham moved the adoption of the by-law. Dr. McLaughlin said his connections had not been altered in the slightest degree by the report of the interview with the bank manager.

Only four supported the amendment, and 18 voted against it. The four voting yes were Dr. Armour, McLaughlin, Sangster and Thornton.

Dr. Armour and Halsey made another ineffectual attempt to refer the by-law back.

Dr. Henry said that after the compromise as to the penal clause it was unwise to further oppose the by-law.

Dr. Britton thought every practitioner should pay his just dues. The amendment was only supported by Drs. Armour, McLaughlin, Bennick, Sangster and Thornton.

The original motion was carried. The by-law was read a third time and carried.

On motion of Drs. Bray and Dixon, the Executive Committee was appointed as follows for the ensuing year: Drs. Harris, Rogers and Campbell.

This practically concluded the business of the council, which adjourned, to meet again next June.

A Great Success. Although the weather has been very much against the Island this week, still the roof garden has been a success, and evidently is here to stay. The patrons were thoroughly delighted with the program, and the garden itself really worth the admission alone. Next week an entirely different bill is to be presented, including the Webster in "Hot Scotch," Baker and D'Elmar, in light-comedy sketches; James Walkbrook, the eccentric dancer and comedian; Fred Lester, the country fiddler and jester; also Rich and Ramsey at every performance, will help to make a great holiday program for one single hour. Matinees will be given Dominion Day and Saturday at 2 and 4.50, and every evening at 8.15 and 9.20 o'clock.

A Boon and a Blessing. A boon and a blessing to mankind is Hayward's Yellow Oil, the great pain-destroyer and healing remedy for external and internal use. Yellow Oil cures all cases of pain, rheumatism, lame back, sore throat, cramp, deafness, cramps, contracted cords and lame legs.

HAS THE WHOLE FAMILY WITH HIM

Detective Murray Expected Back From Florida To-Morrow With the Grays Seven in the Party.

Chief Government Detective John Murray is expected to arrive in Peterboro to-morrow with Thomas and Hesse Gray, who were arrested in Ocala, Florida, charged with the murder of David Scoble of Orono.

The officer is not only bringing back the two prisoners, but their family of five children, the eldest of whom is only 12 years of age.

Pending the trial of the husband and wife the family will probably have to be kept at the expense of the Ontario Government, unless relations of the accused can be induced to look after them.

CRUSHED BY FALLING WALLS.

Five Firemen Killed and Several Injured at a Fire in Minneapolis.

Minneapolis, Minn., June 28.—Fire started in a large five-story brick building at No. 240 First-avenue south, used by McDonald Bros. as a wholesale and retail grocery store. The building seemed to be full of straw, used in packing, and the flames gained a tremendous headway at the start.

Nothing could prevent the McDonald building from being gutted, and the flames were bursting from the side and rear in a threatening manner. At 11.30, just when it seemed as if the fire had been subdued, for the flames had died down, one of the side walls of the McDonald building gave way almost without warning and fell upon the men just where there was a long line of firemen at work. The crowd shrieked with horror, and the other firemen turned their attention from the burning building to the ruins which covered so many of their comrades.

In an incredibly short time six bodies had been taken into a neighboring restaurant, and it was found five firemen had been killed outright. A large number of others were seriously injured, and it is believed at least one will die.

Meanwhile the flames had gained further headway, and worked their way into the five-story brick building at the corner of First-avenue south and Washington, but the main damage was confined to the building where the fire originated. The front wall is all that is left of it.

June Senior Matriculation Examinations. The following are the successful candidates at the recent University examinations for senior matriculation: F. A. Chapman, J. P. Chapman, J. A. Cormie, A. T. Cushing, Miss J. Davidson, Miss F. Henry, H. W. Nelson, S. L. Toll, A. T. Wilkinson.

The following have been awarded: W. F. Carpenter, R. A. Pacey, E. L. Howe, W. F. Kerney, R. J. M. Perkins, T. Reikie, W. F. Rushbrook, J. W. TenEyck, J. A. Wilson, A. J. Johnson, Starred in Greek: W. Miller in physics, H. B. Reddick, J. W. TenEyck and Miss O. Williams in biology, F. A. Chapman obtained second-class honors in classics, Miss J. Davidson second-class honors in the department of modern languages.

This is Great. Visitors to Portland and Old Orchard this year will greatly appreciate the changes made in the train service by the Canadian Pacific Railway should they travel over that company's lines.

Every Wednesday at 9 p.m. a through sleeping car direct to Portland passes through Toronto, and in which the Toronto city office at 1 King east holds several sections.

Added to this an intending passenger may, at Toronto, any day at 9 p.m. board the sleeper from Montreal, and a sleeper from that point to Portland and Old Orchard Beach.

Thus every train can be suited. It should be more particularly noted that the return journey can be commenced at 7.30 p.m. from Old Orchard, and at 8.15 p.m. from Portland, and, of course, to this train is attached one of the Canadian Pacific Railway's palatial sleepers.

Should the return journey be desired by daylight through the White Mountains, a morning train with a through parlor car attached leaves Portland for Montreal at 8.45 a.m.

It will be seen, however, that if the morning car leaving Toronto on Wednesday is taken, the best facilities are afforded for the passenger's general comfort.

You Will Be There. Our citizens are manifesting a great deal of interest in the very fine program provided by the Toronto Ferry Co. for the celebration of their centenary on Dominion Day at Haulan's Point. It is very seldom that so many strong features are presented in any one day's festivity.

Leading features in any one day's festivity are of sufficient importance to form a leading feature in any one day's festivity. The world's champion bicycle race between such riders as Johnson, Sangster and Tyler is a most important event in the entire bicycle fraternity, while all lovers of boating must be equally interested in the Dominion Day regatta, and the closing feature of the day's entertainment is one that can be enjoyed by old and young alike, as there is always something very attractive in a fine display of fireworks.

Death-Dealing Explosions in a Mine. Seattle, Wash., June 28.—Two explosions of gas occurred within a short time of each other at the Oregon Improvement Company's Franklin coal mine yesterday, causing one death and injuring nine other men. This morning another explosion occurred and five men were burned and came out to go home. P. E. Robinson, the shift foreman, had just put up the door which had been thrown down when another explosion occurred and injured Robinson so badly that he died. Five men were badly injured.

Special Train 6.30 a.m. July 1 for Waterloo. The Grand Trunk will run a special train, leaving the Union Station at 6.30 a.m. July 1 for Waterloo. Baggage cars will be supplied for bicycles.

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victim before they are aware that danger is near. If attacked do not delay in getting the proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

Victoria Park. Free admission to the great sports for Dominion Day. Citizens Brass Band; The African-American Company's prize cake walk, donkey races, boating, fishing, etc. Large steamer leaves Yonge-street, 10 and 12 a.m., 2.15, 4.30 and 7.45 p.m. Fares reduced to 15c; children half price.

Rev. G. L. Powell was married at Peterboro yesterday to Miss Jennie Duncan, daughter of Mr. Lytle Duncan of 383 Bathurst-st., this city.

The "Jollies' Club," on the invitation of Vice-President Miller, left last evening for Moon River. The party included President C. A. B. Brown, A. B. Lee, Jr., E. A. Badenach, Frank Polson, George Kappelle, James Ricknell, F. G. Cox, G. H. Gooderham, George Higginbotham, Dr. Charles Murray, Joseph Irving, C. V. Snelgrove and J. E. Miller. On their arrival at Penetanguishene they will embark on Mr. Miller's steam yacht and proceed to the Moon River district. The large Royal Canadian has been fitted out in the shape of a caravel, and on this craft the party will spend a week.

He Has Tried It.—Mr. John Anderson, Kinross, writes: "I venture to say few, if any, have received greater benefit from the use of Dr. Thomas' Eucalypti Oil than myself. I have used it regularly for over ten years, and have recommended it to all sufferers I know of, and they all found relief. It is of great value in cases of severe bronchitis and incipient consumption."

A Splendid Service. Owing to the large increase in traffic to Lorne Park, the manager has decided to place two boats on this route Dominion Day, leaving Yonge-street wharf every 10, 10.30 a.m., 3, 3.30 and 5 p.m. The fare will remain the same; round trip tickets, adults 25 cents, children 15 cents. In addition to this regular ferry service, new amusements have been placed on the grounds for the benefit of pleasure-seekers.

Recent cure of Miss Valliere of 89 Dorchester-st., Montreal, who for years was tormented by inflammatory rheumatism, has caused much talk in many homes where she is known, as well as much discussed in medical circles. Miss Valliere's testimony should deeply impress every man and woman who is a martyr to rheumatism. It means that sufferers should not spend their money for medicines that have no power over such a terribly dangerous disease as rheumatism. Miss Valliere strongly advises the use of the only medicine that can "make" people well—Paine's Celery Compound. See written as follows: "I think it is my duty to advise you of what Paine's Celery Compound has done for me. I was terribly afflicted with inflammatory rheumatism, and could not do work of any kind. I tried a vast variety of medicines, but all proved failures; I also spent much money with doctors, but never got any relief. I took the counsel of a friend, and used four bottles of your Paine's Celery Compound, with the result that I am now perfectly cured. I think it is the best remedy in the world."

They Say Paine's Celery Compound is the World's Best Medicine.

MISS JULIA VALLIERE IS CURED.

Hundreds of Her Friends Speak Feelingly About the Wonderful Cure.

The best French-Canadian citizens of Montreal freely admit that Paine's Celery Compound excels all other medicines in the world. They recognize its marvelous virtues in the cure of rheumatism, sciatica, dyspepsia, liver and kidney troubles, neuralgia and all nervous diseases. Hundreds have been cured by its use. Important testimony after having been raised from beds of suffering. The fact that thousands of prominent French families now keep Paine's Celery Compound regularly in the home for use when emergencies arise.

15-YEAR-OLD MAIL TRIP. Sole 500 Letters, Each Containing One

Washington, June 28.—A messenger in the State Department has been detected robbing the mails directed to the Passport Bureau, and although investigation is still being conducted secretly, enough has leaked out to prove a case of premeditated rascality which will affect persons whose names are in various parts of the country.

Applications for passports must be accompanied by one similar, and knowledge of this fact has led to systematic robbery of letters by 15-year-old Kirk McArthur, employed in the State Department to distribute the mail.

Steady Improvement in Trade. New York, June 28.—Bradstreet's says: General trade prospects in the Dominion remain as favorable as here-tofore, a steady improvement being reported from Montreal.

The total number of business failures in the Dominion reported to Bradstreet for six months of 1935, is 934, or 20 fewer than the total in the first half of last year.

Yesterday showers commenced to late to prevent excursionists leaving the city, and picnic parties who went away were, as usual, numerous.

The fine grounds of ex-Atty. Small on Queen-street East, which have for some time been a favorite spot for garden parties, are this year in greater demand than ever.

Out of Sorts.—Symptoms, Headache, loss of appetite, furred tongue and general disposition. These symptoms, if neglected, develop into acute disease.

mandate for Saturday is 206 cars. Shippers said corn here was about on an export basis. There was no anxiety over the light Northwestern frosts. The conditions through the corn belt were considered excellent. A very large share of the day's trading was changing; the July-September difference being barely 1 cent. Crop conditions are so far unimpaired.

Provisions were heavy all day, and all yesterday's advance was lost. Packers who covered July sales the last few days were selling off September, and weak grain markets brought out selling orders from the outside trade. There was more July stuff offered and much less demand for it. Local bulls were sellers, and the heavy predicted an increased run of hogs for the first part of next week. The market is heavily long and weakens as soon as support is withdrawn.
