WATFORD, ONT., FRIDAY, JANUARY 20, 1922

\$2.00 PER YEAR IN ADVANCE
In United States \$2.50

LOCAL HAPPENINGS

Easter Sunday falls on April 16th. Mr. C. Mansfield who has been seriously ill is now much better. Mr. A. G. Brown is visiting his sister, Mrs. (Dr.) James, Sarnia. Mrs. Wm. Wallis, Brooke, was the guest of Mrs. J. Y. Kincaid last week. Mr. E. McGillicuddy is slowly recovering from his recent severe illness.

Ladies' All Wool Cashmere Hose, black and brown.—Swift's January Sale—79c pair. Coming! Jan. 26th, to the Lyceum, Charlie Chaplin in "The Kid". Reserve seats. Plan at Taylor's Drug Store.

When the merchant looks over his books, it is hard for him to believe that man is made of dust. Dust settles.

"So you are engaged, dear?" "Yes." "How romantic! Is he your ideal?" "No," said the other candidly, "merely the best offer I could get."

This is Hockey issue of the Guide-Advocate. Those of our readers who do not understand all the jargon will have to get some "hockey fan" to explain matters to them.

A sale of home-made cooking and candy will be held in the school-room of the Congregational Church this Saturday afternoon, Jan. 21st, at 3 p.m. Get your supply early.

Rev. Canon Davis of Sarnia has tendered his resignation as rector of St. George's church, Sarnia, to the Bishop to take effect May 31st. He has been rector of Sarnia for forty years.

The little girl travelling with her mother on a street car, was suddenly heard to say to the man next to her: "Da Da." Her mother said: "No, dear that is not your daddy; that's a gentleman."

Magnificent Production. Charlie Chaplin in "The Kid" at the Lyceum, Jan. 26th. Reserve seats. Taylor's Drug Store.

The annual meeting of the East Lambton Agricultural Society will be held in the Council Chamber, Watford, on Saturday, January 21st, at one o'clock to receive the financial report for 1921 and any other business that may be brought forward.

A Poughkeepsie woman paid \$3 C.O.D. charges on a supposed Christmas package delivered by a messenger, and found buried in the sawdust inside a note. "Here is a receipt for the \$3 you have owed me for such a long time."

Professor W. C. Clark of Queen's University will speak in the basement of the Public Library Saturday evening at 9 o'clock on the subject "The Current Business Depression". The lecture is given under the auspices of The Reading Club. Everybody interested welcome.

The annual meeting of the Western District Fairs Association was held Thursday, Jan. 18, at the Chamber of Commerce headquarters, Sarnia. This meeting has previously been held at Petrolia. John Zavits and J. F. Elliot represented the East Lambton County Fair Association at the meeting.

Moving pictures of the Missionary work done in China, Japan, and Korea, by the Presbyterian, Methodist and Anglican Church missionaries will be shown in Watford Methodist Church on Friday evening, Jan. 20, at 8 o'clock, under the auspices of the Young People's Societies of the Presbyterian, Methodist, Congregational and Anglican churches. Admission 25 and 15 cents.

Lyceum, Jan. 26th. See the million dollar Masterpiece featuring Charlie Chaplin in "The Kid". Reserve seats 50c. Taylor's Drug Store.

Watford new skating arena was opened for the first time for skating on Friday evening. The ice was in fair condition. There was a merry throng present and all enjoyed themselves to the utmost and also expressed themselves as well pleased with the splendid building. The young people can now indulge in a winter pastime that is invigorating and wholesome in every respect.

Mr. Stinson suffered a paralytic stroke on Monday afternoon and is critically ill.

Carl A. Class is attending the Ontario Optometrists Convention which is being held in Toronto this week.

The funeral of the late Henry J. Elliot of Vancouver took place from the residence of his brother, J. F. Elliot, St. Clair street, Watford, on Saturday afternoon, the service being conducted by Rev. H. V. Workman, Presbyterian minister. Interment was made in Bethel cemetery. The pallbearers were David Ross, Wm. McKenzie, Thomas and Donald McLeay, F. Kenward and Wm. McLeay.

Next Wednesday is the 163rd Anniversary of the birth of Robert Burns; the national poet of Scotland. He was born in a small clay-built cottage about two miles south of Ayr, on January 25th, in the year 1759. His father, William Burns or Burness, was gradener and overseer for a gentleman of small estate, and Robert was the eldest of six children. Poverty and overwork amid uncongenial surroundings brought on premature death at the early age of 37.

Mill ends of Plisse, a splendid lingerie cloth, white, pink and blue. Regular value 55c. Swift's January Sale 39c yard.

The cripple thumped his crutch on the ground as he confronted his lawyer. "Heaven's man, your bill is outrageous!" he exclaimed. "You are taking four-fifths of my damages. I never heard of such extortion." "I furnished the skill, the eloquence and the necessary legal learning for your case," said the lawyer coolly. "Yes," said the client, "but I furnished the case itself." "Bosh!" sneered the lawyer. "Anybody could fall down a coal hole."

Men's Underwear Sale at Swift's is going strong, plenty of large sizes still left.

What would become of a town that had no advertisers? In every town the men who advertise are the most progressive, in fact, if it were not for them there would be no town. They're the men who keep things moving and who make it possible for the less progressive fellow—the non-advertiser—to exist. Take a look over this newspaper and see for yourself if the men who advertise do not constitute a large proportion of those who are doing a lot to keep the town making progress.

Mention was inadvertently omitted last week of a tea given by the ladies of Trinity Church to Mrs. T. Dodds prior to her departure South. The affair was given in the basement of the church. A short program was given and Mrs. Newell, on behalf of the ladies, read an address to Mrs. Dodds who was presented with a handsome brooch. Mrs. Dodds made a brief but neat reply, thanking the ladies for the gift. Serving of tea brought the event to a close. Mrs. Dodds has been one of the most prominent and efficient workers in the church for many years.

Manufacturers overmakes—Men's Sweater Coats, jumbo rib knit, see window—\$3.50, \$4.00, \$4.50. This lot will go on Saturday—act quickly.—Swift's January Sale.

The first meeting of the year of the Watford Women's Institute was held at the home of Mrs. J. Hawes, Thursday afternoon, January 12th, Vice-president, Mrs. H. Humphries presiding. Meeting opened by the singing of the "Maple Leaf" and prayer. Minutes of previous meeting were read and approved. The Institute voted \$30.00 more to the rink fund. Other business was discussed. A delightful program was then given which was much appreciated by all present, consisting of an instrumental by Miss Florence Lovell, a solo by Mrs. Millar, Miss B. Mitchell a reading, and piano duets by Misses Maxine Rogers and Mary Connolly. A hearty vote of thanks was given to all who took part in the meeting. The National Anthem brought the meeting to a close. A dainty lunch was then served by the hostess. Next meeting at the home of Mrs. McKay.

Peabody Overall Company have sent along three special lines they say are the best on the market, all sizes.—Swift, Sons & Co.

It is a novelty to hear music rendered in Pittsburg, New York or Cleveland in Watford, but a number of the friends of Mr. Charley Fitzgerald had this opportunity on several occasions lately when they were treated by him to a demonstration of science's latest miracle "The Radiophone." Mr. Fitzgerald has one of the most complete amateur wireless outfits west of Toronto. On Saturday evening several operatic selections were transmitted quite distinctly from Pittsburg and much enjoyed by the hearers in Watford.

On Wednesday evening, Jan. 11th, the congregation of the Watford Presbyterian church met in the schoolroom and enjoyed a social hour as they partook of the splendid supper provided by the Ladies' Aid of the church. After supper had been served to the large gathering present short addresses were given by Mr. John McKecher, chairman of the Board of Managers, Miss M. McLeay on behalf of the Ladies Societies and Mr. A. D. Hone on behalf of the Sunday School and Young People's work, all expressing appreciation of the good work done in 1921. Solos were ably rendered by Miss L. Cameron and Mrs. M. Cunningham. The annual business meeting was then proceeded with. The pastor, Rev. H. V. Workman, presiding. Interesting reports were presented from the various boards and societies, all of which were of a very encouraging nature. A very hearty vote of thanks was tendered to the ladies of the congregation for making possible so pleasant and profitable an evening.

In polling sub-division No. 2, Watford, there are over eighty voters on the list who are over sixty years of age, and possibly thirty of these are over seventy, some over 80 and even a few over 90. Before another election is held it would be advisable for the council to provide a ground floor polling booth instead of the room now used on the second floor of the fire hall. Some aged voters find the climbing of those steep stairs a difficulty (as they are not even furnished with a hand railing) and would refrain from voting rather than undertake the ascent. But perhaps the votes of these has-beens is not valued by the candidates.

BROOKE

Alvinston is talking up a community hall as it lacks a suitable place for holding concerts.

If you have an account with our store kindly arrange settlement before the end of this month. We need the money.—W. D. Cameron.

Coming! Jan. 26th, to the Lyceum, Charlie Chaplin in "The Kid". Reserve seats. Plan at Taylor's Drug Store.

Mr. and Mrs. Russell Graham (nee Roberta Griffith) of Brooke, Ont., are the guests of their aunt and uncle, Mr. and Mrs. E. J. W. Griffith, Cameron avenue.—Border City Star.

The annual vestry meeting of St. James' church was held on Monday afternoon with a fine attendance, the rector in the chair. The church Warden's report was very satisfactory. The church attendance showed an increase. The following officers were appointed: Church wardens—Robt. J. Lucas and Dan Kelly. Vestry Clerk—Albert Sutton. Select Vestry—Russell Powell, Albert Sutton, Elmer Moffatt, Edward Carroll, Jas. Searson, Walter Kelly, Thos. Woods, Alex. Kelly, B. A. Richardson, Hiram Moffat. Lay delegate to Synod—B. A. Richardson, substitute Thos. Woods.

The annual vestry meeting of Christ church, Sutorville, was held on Tuesday evening with a large attendance, with the rector in the chair. The church Warden's report showed the church to be in a prosperous condition. The following officers were elected: Church Wardens—Thos. H. Lucas, Frank Lucas. Vestry clerk—Melvin Kelly. Sidesmen—John Saunders, Chester Corstine, David Lucas, Alvin Copeland, Edward Kidd. Lay delegate to Synod—Melvin Kelly, substitute, Reg. Thorne.

WARWICK

Coming! January 26th, to the Lyceum, Charlie Chaplin in "The Kid". Reserve Seats. Plan at Taylor's Drug Store.

The Anglican and Methodist churches of Warwick Village, will hold union services for the next three months, week about in each church.

Mrs. C. L. Harrison, who has spent the past month at the home of her parents, Mr. and Mrs. E. A. Edwards, returned this week to her home in Lakefield.

If you have an account with our store kindly arrange settlement before the end of this month. We need the money.—W. D. Cameron.

AUCTION SALE AT LOT 15, con. 6, N.E.R., Warwick, on Wednesday, Jan. 25th, 15 cows, 5 thoro-bred Durhams, 25 head of young cattle and 20 pigs.—A. E. Goodhand, Prop. T. V. Ridley, Auct. 19-21

Word was received this week of the death at Bad Axe Mich., of Arch. Hay, a former resident of Warwick, in his 97th year. The funeral taking place at Bad Axe on Tuesday. His wife died last fall.

George Stillwell, an old resident of Warwick Village, died at the home of his daughter, Mrs. John Learn, in the village on Tuesday, January 3rd, Deceased conducted a blacksmith shop in the village for about forty years, retiring from the business about three years ago. He was united in marriage to Sarah Bullick, who predeceased him three years ago. He is survived by three sons and one daughter, viz., Ernest of Welland; Geo. and William in the West, and Mrs. Learn of Warwick Village. The funeral was held on Thursday, January 5th, to St. Mary's church cemetery. Service was held at the house conducted by Rev. Shore. The bearers were Chas. Hawkins, Albert Hawkins, Thos. Brush, C. Stewart and Chas. Barnes, all members of L.O. L. 516 of which lodge deceased was a member.

WATFORD'S NEW RINK

Watford's new skating arena is now in use and the finishing touches are being placed on the interior. It is a credit to the enterprise of the citizens of Watford and vicinity. The new rink is an up-to-the-minute equipment for the King of our Winter Sports and it gives the town the proud distinction of being one of the smallest places in Ontario possessing such a complete arena. This speaks volumes for the sportsmanship of the inhabitants of the town. The ice surface is regulation size 60x160 feet, and the building 80x180 feet, which allows ample room for office, seating and dressing rooms, the latter being roomy and complete. The ladies' gallery is a comfortable one and is situated above the dressing rooms. The management expect to conduct the rink in such a manner that skaters and lovers of hockey will find it an enjoyable place to spend afternoon or evening, and with co-operation on the part of patrons hope to make it a pleasant and well-conducted place of amusement and exercise. Arrangements have been made so that school children will receive encouragement to use the rink after school in the afternoon. The management should receive the warmest encouragement of the public for providing such a much needed place to indulge in our Winter sports.

CHOP STUFF

Forty-seven miles of hydro-electric light and power lines are now being constructed in Kent county.

John Welsh was clerk of Dover township for 45 years, 41 of which were consecutive. He was appointed without application and resigned at the end of last year.

Harold E. Fuller, son of Mr. and Mrs. J. T. Fuller, Sarnia, has passed his second year examinations at the Ontario law school, Toronto, with first class honors.

A meeting of the Forest Racing Association was held last week, and the association was reorganized for the coming year. Officers were elected as follows: President—Uri

Pierce, Vice-pres.—R. J. Shepherd, Treasurer—W. J. F. Ross, Secretary—W. J. Skinned. It was decided to have a race meet in Forest this year, and prizes of \$1800.00 will be offered for three races.

Permits for the erection of 213 dwelling houses, totaling in estimated value \$625,213, were issued in Sarnia during 1921, according to the report by Inspector Harry Walton. 145 garage and 211 addition alteration permits were taken out.

Alvinston Assessor gets a salary of \$65, its Collector \$45, its Treasurer \$40, its Chief Constable, who is also caretaker, \$50.

The latest proprietor of the McAlpine Hotel, Glencoe, a gentleman living at Mitchell, is understood purposes putting this old-time hostelry in first-class repair and refurbishing it throughout.

Mrs. Henry Hart, of Woodstock, has taught a class in the First Baptist Sunday school at Woodstock for 58 years. In that time eight of her pupils became foreign missionaries, three are college professors, and at least a dozen are ministers of the gospel. It is a long service, but one that has been rich in reward, and worth-while in the knowledge that the labor has not been in vain.

Essex High School debentures \$85,000 six per cent. for 25 years, sold at 100.00. The debentures, according to the by-law passed last fall, were to be issued at 6 1/2 per cent. but the money market has so improved in the past month that six per cent. debentures now bring par. The by-law will be amended and the rate of interest reduced on said debentures. This will effect a big saving each year to the town, and is a good stroke of business by the council.

The funeral of Ellen Jones, widow of the late Andrew Anderson, took place Thursday from the family residence to Beechwood cemetery. Mrs. Anderson was in her 79th year and till her health failed some years ago was prominent in social affairs. Mr. Anderson predeceased her a year ago last August. Three children survive, Charles and Claris Anderson and Mrs. Howard Fraleigh, all of Forest, and three brothers, Thomas and John Jones, of Forest, and Will Jones, of Chicago. Rev. A. R. E. Garrett, of Christ Church, had charge of the services, the bearers being: J. N. Gordon, J. D. Livingston, H. B. Stoddard, R. B. Crosby, L. D. Scott and M. G. Cole.

Reuben Stevens, River Road, Bosanquet, was successful in capturing a fine specimen of silver grey fox one day last week. While out setting his traps he noticed the fox some distance away. Returning to his home he secured a gun and started in pursuit. He trailed the animal all that day but had to give it up at night fall having travelled a distance of about thirty miles. The next day he again took up the chase and managed to get a shot at it breaking the animal's hind leg. After trailing it again all day the fox went to its lair, a hole in the ground, and he blocked up the entrance and returned next day and succeeded in capturing it. He sent the pelt to Toronto and secured \$505.00 for it.

Three successful meetings in the interest of rural hydro development were held last week at Forest on the 10th inst at Ravenswood, on the 11th at Theford on the 12th, E. W. Lawler, district engineer of the Hydro Electric Power Commission and Mr. Purcell, special rural engineer addressed the meetings. Slides were shown illustrating the different rural uses and the methods of using hydro among farmers in different parts of the province. Many farmers signed contracts at the meetings and special committees were appointed to carry on the canvass among the farmers, J. E. Armstrong ex-M. P., for East Lambton and an owner of cottages at Port Frank is working in the interests of the cottagers at that place and Mr. Corey of Petrolia of the Ipperwash Beach association is at work in the interests of the cottagers in that locality. From the number of contracts signed and in the interest shown it is almost an assured fact that a rural line will be built by next spring.

FRIDAY, JANUARY 20, 1922

NOTE AND COMMENT

A fellow by the name of Snow recently married a girl by the name of Rain. O. Slush—Kingston Standard.

A divorce ring on the little finger is the style in the United States now. They are quite common in certain States.

Want ad. in the Wichita Falls Times: "For Sale—A full blooded cow, giving milk, three tons of hay, a lot of chickens and several stoves."

Niagara fruit growers have been experimenting with cold storage for grapes. The venture has proved a success and it planned to erect extensive cold storage plants.

A scientist has found that the earth is moving north at the rate of a foot a year, at which rate it will be a long time before it crowds anything.

It is said that German school books still describe Wilhelm the Second as head of the Empire. However, the person who is most keenly interested has quite a different idea.

A pretty San Francisco girl offers to wed any man who will send her to college. That's a good idea, she wouldn't be bothered with him very much if he sent her to college.

Galoshes at half mast are the new fad in feminine footwear. They are worn with one button buttoned and the rest of the upper flapping. Anyhow these galoshes compensate partly for what the short skirts fail to do.

While Harold Green was escorting Miss Violet Wise from the church last Saturday night, a savage dog attacked them and bit Mr. Green on the public square.—Cuba, Mo., Review.

Miss McPhail having decided that she will not wear her hat during sittings of the House of Commons, it is now supposed that she will wear serge dresses so as not to be worsted in debates.

From Boston we hear that there is a bill before the Legislature which seeks to require every inhabitant of the state to attend church each Sunday unless unable to do so because of mental or physical condition. If this should become law many larger churches would have to be built.

Lady Whitney, the widow of Sir James Whitney, who died on Saturday, was like Lady Laurier, a home-loving woman whose service to the State was to provide for her husband a refuge in the home from the cares and anxieties of public life.

Notwithstanding the much talked of depression in trade the Salada Tea Company had an increase in 1921 of Two Million and one third, making their total output over eleven million five hundred and ninety-six thousand pounds. If these packets were all placed in line, end touching end, they would stretch for two thousand one hundred and ninety-six miles.

A record for rapid passenger train transportation was established on the Canadian division of the Michigan Central railroad, when the Detroit completed the 116-mile journey from St. Thomas to Bridgeburg in 108 minutes. The train consisted of 12 cars and was one of the heaviest handled in months.

Children Cry FOR FLETCHER'S CASTORIA

The ten largest cities of the United States in order of size, with the present population of each according to the latest figures, are as follows: New York, 5,620,048; Chicago, 2,701,705; Philadelphia, 1,823,779; Detroit, 993,878; Cleveland, 796,841; St. Louis, 772,897; Boston, 748,060; Baltimore, 733,826; Pittsburg, 588,343; Los Angeles, 567,678.

The longest single span bridge in the world is to be completed in 1926. This bridge will connect the cities of Philadelphia and Camden over the Delaware River. The single span between towers will be 1,750 feet. The bridge will be 125 feet broad and will be suspended by two cables 30 inches in diameter. The cost is estimated at \$29,000,000.

While the area in winter wheat in Ontario shows an increase of some 50,000 acres, there has been a decrease of half a million acres in the United States. The condition in the United States is also unsatisfactory being considerably below what it was last year, and 13 points lower than the ten-year average. Kansas, the largest winter wheat state in the Union, has only 60 per cent. of a normal acreage, as compared with 88 per cent. a year ago.

Special pipe and tobacco supplies for ladies can now be found in some of the cities and the Quebec liquor commission plans to open a wine shop for women in Montreal. It will be in the center of Montreal's downtown district, in the immediate vicinity of the principal stores in which women are wont to do their daily shopping. Wine, it is said, will be the only beverages sold. The purpose of this store is to make it possible for women to purchase wine without being compelled to "rub shoulders" with the motley throng of males who frequent the ordinary commission's liquor depots.

The judge of the Montreal Juvenile Court says that the "negligence of parents and the laxity of home discipline are responsible for the bulk of the young offenders who appear before this court." Probably a similar testimony would be given by the officers of juvenile court in other cities. During the past seven years over nine thousand children have appeared before the Montreal courts. This is a serious indictment against the home of any city. A large measure of the responsibility is laid upon the lack of suitable playgrounds and the use of the streets for play. How to remedy this evil is a serious problem in many of our cities. Yet it is admitted that the streets especially after dark, are a school for the training of youthful vagrants and criminals.

The demand for more frequent service on branch lines where passenger traffic is not heavy is something the railways have long had to contend with. The heavy expense of running frequent trains to accommodate a limited number of passengers on branch lines has given railway men much food for thought. The Canadian National Railways, on its Brockville & Westport Division has for some time been experimenting with motor driven railway cars, instead of the regular engine and heavy train of passenger coaches, the Canadian National Railway has adopted equipment much like a motor bus which runs on the regular railway tracks. It is operated by one man, gives a frequent service and so far appears to be extremely satisfactory. If continued use proves satisfactory, the plan will be adopted on other branch lines of the Government roads.

Great Britain, having been aroused during the war to the need of adequate timber supplies within the Empire, is determined not to permit things to drop back into the old rut. First she called an Empire forestry conference, at which Canada was represented, and took stock of the situation; next, she entered upon a definite planting program in the British Isles, calling upon Canada, through the Dominion Forestry Branch, to secure about a ton and a half of tree seed per annum for this purpose; and lastly, to keep up the work and give people information on this most important subject, she has established an Empire Forestry Association with head-quarters in London, which will link up the work of Dominion associations, like the Canadian Forestry Association, and, as Lord

Lovat expressed it "pool the resources of their knowledge." It is expected that conventions will be held in different parts of the Empire and that Canada will be one of the first Dominions to be thus honoured.

The Ontario Government, it is intimated, will call a conference of Mayors and Reeves of the Province shortly to smooth the way for hydro legislation at the coming session. The conference, it is stated, will not be confined to "radial" municipalities and while the specific purpose will be the securing of the municipal viewpoint on the Government's legislative program in respect to power and radial matters, it is likely that it will serve to promote a free discussion of various matters which have come up, including Chippawa expenditures. One point upon which the Government is seeking light is the attitude of the municipalities toward changes in hydro control and the municipalities may be asked to give their views upon the suggestion that provision be made for the management of the radials by a municipal appointed board, independent of the Government. Some time ago the Government was said to lean toward a change in the act, which would divorce radial operation from the hydro commission, but it is probable that this plan will give place to an optional proposal that will permit the municipalities a choice.

YOU AND YOUR WIFE SHOULD BUY IN WATFORD

In an editorial under the heading "You and Your Wife", the British Whig presented a series of cogent reasons why the people of its own town should do all their buying in Kingston. As these reasons are just as applicable to Watford and Watford folks as to Kingston, we reprint the Whig's editorial with the requisite alterations:—
Let's suppose you are a business man. You have something to sell. You do not think it is fair for your neighbors, who want what you have to sell, to send to distant cities for these things. And you are right. You know that it pays to buy at home. Does your wife do all her buying in Watford? Does she help Watford business and therefore your business by buying what she needs in Watford?

Let's suppose you are an employed man. You know that employment is increased as the business of Watford is increased. If you and your wife buy in Watford everything both you and your children need, the tendency is to increase the business of Watford, and therefore to increase the number of employers who look for your service. Let's suppose you were a stockholder, officer or employee of a bank. You know that the more money that is put into circulation in Watford, the more money spent in Watford, the more business the banks will do. Do you and your family buy what you need in Watford?

What ever you are, whether it be minister, doctor, lawyer, laboring man, clerk (inventor, capitalist, it makes no difference. If your interest is in Watford it is to your benefit that Watford folk do their buying in Watford. This is merely simple arithmetic. If we all buy out of town we have a half-town. If one-tenth of us buy out of town, we lack ten per cent. of being the town we ought to be.

All of this comes with special force right at this time because this is the very time when doing your spending at home is most needed. A man or woman in Watford who think business conditions could be improved and then buys several hundred miles away that which could just as well be bought right here at home is not helping Watford at all. The money that could increase the circulation of money here, that could pump the life blood of business faster, is sent away and is gone for good. Spent here, it is turned over and over, getting into many pockets, making things easier for everybody. Spent away from home, it does no good for Watford; spent in Watford it does not stop its usefulness with that one spending.

IRELAND

It may now be hoped that the strife in Ireland will cease, says The Farmers' Sun. For three centuries that hapless island has been the scene of bitter and cruel warfare between two factions, not so alien in blood or religion but that similar neighbors in any other part of the world have managed to achieve peace and friendship. There are many localities in this Province where Irish Catholics and English or Scotch Protestants live side by side in amity. Indeed they generally become intimate and cordial friends. It has not been so in Ireland. There hatred has been implacable, and murder and rebellion have constantly taken place.

One of the chief benefits to be expected from the ratification of the "treaty" is the abatement of anti-British propaganda in the rest of the world. This will be emphatically the case in the United States, where the Irish have grown numerous, wealthy and politically powerful without decreasing their resentment towards England. Their tireless enmity has kept alive the ill-feeling of revolutionary days, and every Fourth of July has resounded with orations in which her selfishness, her greed, and her tyranny have been challenged and defied. The fuel which fed these flaming denunciations will be lacking henceforth, and the demagogues will have to find another theme for their clamor.

It is quite probable that the cause of disarmament and world-harmony may be promoted, as well. When the Council of Premiers were settling international boundaries at Versailles, three years ago, every move of Lloyd George towards greater leniency was met by the question, "What about Ireland?" Sir Philip Gibbs toured the United States last winter, delivering lectures upon the European situation which breathed the very spirit of tolerance and goodwill. Yet he was constantly interrupted and heckled. Some of his meetings were broken up in disorder. In Chicago and New York he required police protection. Why? For no other reason than that he was an Englishman. The Irish element must attack everything English. Much of the hesitation of the United States to cooperate with other leading powers for the reconstruction of the world's industries, and the salvaging of helpless and starving nations, has been because a large section of her citizens would do nothing in alliance with Britain. They did not hate the children of Vienna, nor the peasants in the Volga valley, but they tried to strike England by letting them perish.

There is certainly no assurance that the woes of Ireland are ended. Eamon de Valera remains irreconcilable, with his followers. It will take time to disclose how numerous and influential they are. The situation

If you do not get your Guide-Advocate regularly

If your Guide-Advocate does not arrive promptly and regularly by the first mail we will regard it as a favor if you will notify the Circulation Department immediately, stating the weeks in which the irregularity occurred.

Unless we are notified we have no means of remedying the inconvenience caused by faulty mail service or other trouble.

BETTER MUSIC FOR THE NEW YEAR
is possible if you play on our Mason & Risch piano. If you have no piano or wish to exchange your old one for ours, we can arrange satisfactory terms for you. But first come and hear the Mason & Risch play. It will be a revelation to you.

HALLE'S CATARRH MEDICINE

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions.

is not unlike that in South Africa, when General De Wet played the De Valera role. The hopeful factor is that now the insurgents must be dealt with by Irishmen. De Valera no longer fights England, but Ireland. Some Botha will be found, we may hope, to forcefully assert the authority of the Irish Free State against malcontents.

All is not settled yet with Ulster. Carson is of the same type as De Valera. Fortunately he is no longer at the head of the Ulster people. Here, again, we may hope that some less atrabilious and sardonic personality may be given the reins of power.

In any case, there are signs that the wound is closing. Ireland has now the management of her own affairs. If only Irishmen in Ireland can agree among themselves.

WHY IS IT

that chronic skin diseases which have defied all other treatments yield to Zam-Buk?
It is because Zam-Buk is germicidal, and also has such power of penetration that it reaches disease in the underlying tissues and cures from the "root" up. That is the only way a permanent cure can be effected.

Mr. H. C. Buckley of 461 E. Broadway, Portland, Oregon, says: "For chronic skin diseases there is nothing like Zam-Buk. For fifteen years I had eczema, and I tried an endless number of so-called 'eczema cures,' but nothing was capable of curing me permanently until I used Zam-Buk. Ten months' use of Zam-Buk has effected a complete cure." For ulcers, abscesses, boils, ringworm, blood-poisoning, piles, burns, scalds and cuts, Zam-Buk is equally good. All dealers or Zam-Buk Co., Toronto. 50c. box, 3 for \$1.25.

Zam-Buk

Makes Breathing Easy.—The constriction of the air passages and the struggle for breath, so familiar evidence of asthmatic trouble, cannot daunt Dr. J. D. Kellogg's Asthma Remedy. This is the famous remedy which is known for and wide for its complete effectiveness even under very severe conditions. It is no untried, experimental preparation, but one with many years of strong service behind it. Buy it from your nearest dealer.

FRIDAY THE THIRTEENTH SUPERSTITION

Last Friday was the thirteenth, supposed to be an unlucky day. Our hockey team went down to defeat that day, but this might have occurred had the date been different. Every body is supposed to watch his steps on that day and if he escapes without misadventure he may escape ill luck until October when the same conjuncture occurs. The superstition that the thirteenth is unlucky is said to be one of the oldest which has come down to this day, even ante-dating the idea that St. Swithin is a weather prophet, and probably it would not persist unless from time to time events tended to confirm it. We have no doubt whatever that there is a great deal more reason for the superstition regarding both Friday and the number thirteen than for believing St. Swithin to be anything but a fraud. Rarely, if ever, does the weather fall out as St. Swithin foretells, but it is obvious that since there are only seven days in the week a lot of misfortunes must occur on Friday.

Due to Astrologers. Similarly, since there are never more than thirty-one days in a month it would be curious if in the course of centuries a great number of tragedies and world-shaking events did not occur upon any given date. If the thirteenth is not more unlucky than other days it must be that the superstition grew up as a result of some calculations of the ancient astrologers, who always held that some magical powers inhered in certain numbers. The number three is more often employed in religious symbolism than any other, although seven has also been popular and is supposed to have peculiar qualities. It does not need an astrologer, but merely one versed in figures, to know that the number nine has some amazing mathematical properties, and that one acquainted with its vagaries can perform feats with the pencil or in mental calculation that in other days might have led to a prosecution for witchcraft.

The Lost Month. There are various explanations of how the number thirteen acquired its somewhat sinister significance, but the most reasonable ascribes to it an origin with the Children of Israel. There were twelve tribes of them, but they recognized thirteen lunar months. In time, however, the lunar calendar was dropped in favor of the solar calendar with its twelve months. In other words the thirteenth month disappeared, which was sufficient to cause the Israelites to believe that the number carried with it some misfortune. Once the idea was acquired we may be sure that supporters of it were on the watch to note trouble associated with the number and they would not look in vain. They would not be so alert to note disaster associated with other numbers and gradually the evil reputation of the number thirteen became established. Another explanation is that the superstition comes from Norse mythology, according to which Baldur, the sun god, had to die because there were thirteen gods in the circle of Valhalla.

Thought Lucky by Some. Some believe that the thirteenth superstition originated in the Christian era because of the twelve disciples and Christ making thirteen. Those who take this view consider Judas to have been the thirteenth, though it is obvious that the Saviour was the thirteenth and that His death preceded that of Judas. Some who believe that the ominous significance of the number is of modern origin can point to the fact that there were those who regarded it as fortunate. Among them was Pope Gregory the Great, who every morning gave a breakfast to twelve unfortunates. One morning Christ appeared to make the thirteenth and bless the number. Louis XIII, of France, did not consider the number unfortunate but on the contrary tried to identify himself with it as much as possible. He called himself Luys de Bourbon and his wife Anna d'Autriche because there were thirteen letters in each. Throughout his career he chose the thirteenth of the month as the day on which to launch any important enterprise and he died rejoicing in the knowledge that he would not pass away on the thirteenth.

Thirteen in United States. No nation ought to regard the thirteenth with greater respect than the American. The War of Independence was waged by thirteen colonies which were to become the thirteen original states, and the national flag

consisted originally of thirteen stars and thirteen stripes, while the thirteen stripes remain to this day. In the national motto "E Pluribus Unum," there are thirteen letters, and the eagle displayed in the escutcheon of the Great Seal has thirteen feathers in each wing, and it was on the thirteenth of April, 1818, that the new flag was first raised by Congress over its meeting place. This recurrence of the number thirteen gave occasion for a rather scurrilous wit in the London Chronicle to assure readers that one distinguished American took thirteen glasses of grog every morning with the result that he had thirteen rum blotches on his nose; that every regular rebel household had thirteen children; that Washington had thirteen teeth in each jaw and thirteen toes on each foot and that his wife had a cat with thirteen yellow rings around its tail.

NO QUIBLING WITH WATFORD SPORTS

(Sarnia Canadian-Observer, Jan. 13)

Fred Rogers, the little Watford sportsman, will likely handle the bell in tonight's contest at that place between the Sarnia and Watford teams. When the two teams played here in the first game of the local season the Watford man was to have handled the game, but he came away without his skates and Bill McCart, who was to have handled the game in Watford, filled the bill. The management of both teams, at that time, agreed to allow the Watford man to handle the return game. And there was no quibbling about the matter. This spirit between the two clubs is a mighty welcome relief as compared with some of the other sporting bodies the blue and white deal with in other branches of sport.

ALBERTA PREMIER'S WIFE DIES AFTER OPERATION

Edmonton, Alta, Jan. 14.—Mrs. Herbert Greenfield, wife of Premier Greenfield, of Alberta, died in the General Hospital here early this morning after a short illness.

She failed to rally from the shock of an operation on Friday. After the operation she started to sink. A transfusion of blood was given at 5.30 and at midnight it was hoped that the patient might rally. She kept sinking, despite physicians' efforts, although there were faint hopes at times she would subjugate the effects of the operation.

Mrs. Greenfield was born in Adelaide Township, County of Middlesex, on December 29, 1871. She was the eldest daughter of the late Samuel Harris and Mary J. Harris of Strathroy, Ont. On February 28, 1900, she was married to Herbert Greenfield at the old home in Adelaide Township. The family moved to Westlock, Alta., in 1906.

Mrs. M. Henderson, of Adelaide, and Mrs. George Matthews of Delaware, are sisters. Mrs. Greenfield was visiting at Strathroy when she received word of her husband's elevation to the premiership of Alberta. Two sons, Frank and Arnold, besides Mr. Greenfield, survive her.

Edmonton, Alta., Jan. 16.—That Premier Greenfield and his two sons, Arnold and Frank, gave their blood in an effort to save the wife and mother from death during the early hours of Saturday morning was learned today.

When the physicians in attendance on Mrs. Greenfield decided that a transfusion of blood was the only possible means of saving her life, Premier Greenfield at once took his place by the bedside to have an artery opened.

When the result did not come up to expectations, Arnold and Frank in turn poured their blood into their mother's veins in an effort to give her the strength to shake off the icy fingers of death.

But the wracked body of the mother failed even after the third infusion of new blood to renew its strength.

As a last resort, one of the students at the university, a friend of the boys, was called on, and as his heart slowly pumped new blood into Mrs. Greenfield's veins, the first favorable reaction was noted.

Hope burned high again among the watchers at the bedside, but it was but for a brief space, and death would not be denied, and claimed his victim shortly after 3 o'clock.

HAS NEVER FELT THE RHEUMATISM

Since Taking "Fruit-a-lives" The Famous Fruit Medicine

P.O. Box 123, PARRSBORO, N.S. "I suffered with Rheumatism for five years, having it so badly at times I was unable to get up. I tried medicines I saw advertised, and was treated by doctors but the Rheumatism always came back. In 1916, I saw in an advertisement that "Fruit-a-lives" would stop Rheumatism and took a box, and got relief; then took "Fruit-a-lives" right along for about six months and I have never felt my Rheumatism since". JOHN E. GUILDERSON. 50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

Long service medals should be presented to Alex Stewart, Reeve of Wilberforce, who has a record of membership of 50 years in that municipal council, and this year enters on his 42nd term as Reeve by acclamation, and also to Nathaniel Vermilyea, who has sat at Thurlow board for the past 41 years, and is still there for 1922. HORTICULTURAL SOCIETY

The annual meeting of the Watford Horticultural Society was held in the Public Library Wednesday Jan. 11th, with a fair attendance present. The Treasurer's statement was read and confirmed. The following is a brief summary of it:

Table with financial details: Receipts (Legislative Grant \$75.00, Members dues \$101.00, Donations \$47.00, Sale of bulbs \$145.93) and Expenditure (Grant to School Fair \$18.95, Labor on Federal Square \$63.25, Lectures \$20.00, Purchase of seeds, bulbs, etc. \$218.20).

Total expenditure \$320.40 Balance on hand \$48.53 The election of officers resulted as follows:

President—Mr. Bate. 1st Vice-pres.—Mrs. A. G. Brown. 2nd Vice-pres.—Mr. E. D. Swift. Sec.—Mrs. M. Cameron. Directors elected for two years—Dr. Sawers, Rev. Mr. Irwin, Dr. Howden, Mr. Mahon, Mr. Connolly. Directors elected 1921 for two year term—Mrs. McKecher, Mrs. Pritchett, Mrs. Mitchell, Miss M. Reid, Mrs. Kinnell.

Auditors—Mr. W. H. Shrapnell and Rev. Mr. Steadman. Considerable discussion followed as to the work of the Society for 1922 and it was felt that the membership should be greatly increased as the Government grant is based partly on that, and a committee to consist of the Secretary and Presidents was appointed to draft a suitable list of premiums. These will be announced later and promise to be even better than those given last year, and it was felt that in view of this and as a result of the marked improvement effected in the Federal Square there should be no difficulty in securing support for the 1922 program. Dues for 1922, \$1.00 minimum, may left with the secretary or any of the other officers.

TEMPERANCE FORCES MEET IN PETROLEA

A largely attended meeting of the Lambton County Temperance Alliance was held in the Baptist church, Petrolea, Monday, January 9. Delegates were present from all parts of the county.

Mr. R. Stirrett, county president occupied the chair and Mr. Wm. McIntosh acted as secretary.

Routine business was first disposed of. The secretary's report showing the successful result of the last voting campaign. Lambton county as a whole giving a vote of approximately 80 per cent. dry, one of the highest in the province.

The treasurer's report showed all accounts paid and a balance in the treasury and this was voted to the Provincial funds.

Ben. H. Spence, of Toronto, general secretary of the Ontario branch of the Dominion Alliance who was present was called upon to conduct a round table conference on the future work of the prohibition forces. This was taken up under three heads, law enforcement, amendments to the Ontario Temperance Act and Dominion prohibition. This discussion on the various points raised was animated and general and the conclusions reached were approved enthusiastically.

Law Enforcement Regarding law enforcement, attention was called to the change of policy in the part of the provincial authorities in putting the distinction between the enforcement of the Ontario Temperance Act and other laws by putting it under the provincial police to be enforced with all other laws, impersonally and impartially. This policy was heartily approved and it was decided to keep intact and alive local municipal organizations to aid as far as possible in securing the improved social conditions that would follow through enforcement and also to emphasize the necessity for developing a spirit of law observance.

Quotes Taft One representative quoted chief justice Taft, ex-president of the United States as saying "A citizen who is in favor of the enforcement of only the laws for which he has voted and in the principle and wisdom of which he agrees, is not a law-abiding citizen of a democracy. A particularly vigorous discussion

took place on proposed amendments to the Ontario Temperance Act. These covered the evils of near beer, native wine, prescriptions and private stocks of liquor. It was decided to press for legislation that would effectively cover these points. Reducing the alcoholic strength of beer, prohibiting the sale of intoxicating native wines, and providing that doctors should be required to take out permits for the issuing of prescriptions and that the amount which might be supplied upon a prescription should be made the quantity asked for by the doctors themselves, namely eight ounces instead of forty ounces as at present allowed.

Nation-Wide Law Dominion prohibition was debated at length, and it was decided that the enactment of a complete nation-wide law should be urged upon the new government and parliament and also that the members elect should be interviewed regarding the matter. The general feeling was that the next logical step in the prohibition reform was national prohibition and that the passing of such a law would not only make enforcement of provincial prohibition easier but would induce the good feeling between the provinces of Canada and national unity, while the present sectional laws were causing interprovincial ill will, strike and antagonism. The gathering was one of the most successful and helpful of the many county conventions that have been held and showed that the prohibition forces are not included to rest on their oars but are in fine fighting fettle.

The death of Samuel K. Walt, aged 82 years, took place at the family residence, 4th con., Bosanquet on Monday, January 9th. The funeral was held on Wednesday afternoon to the Arkona cemetery for interment.

Mr. and Mrs. Wm. H. Minifie, of Sarnia, celebrated their golden wedding on Thursday last. Mr. Minifie has conducted a music store in Sarnia for over 35 years and has been a resident of the city for over 40 years.

A Simcoe despatch states that the Norfolk County council roads committee had reduced wages for highway construction workers. The man with team will be paid 40c. an hour; without team 20c.; foremen on maintenance 40 cents; on construction 50 cents.

Hydro-electric and Hydro-radial matters are being closely studied in the rural sections surrounding Sarnia. Throughout Lambton county a series of meetings is now being held with J. E. Armstrong, ex-M. P., and a number of leading farmers supporting the issue. An attempt is under way by the Hydro-radial supporters to have the Hydro-electric Commission take over the Pere Marquette Railway from Sarnia to Walkerville. Supporters of Hydro claim this would be the greatest boom for Lambton county and the section bordering the St. Clair River.

Special pipe and tobacco supplies for ladies can now be found in some of the cities and the Quebec liquor commission plans to open a wine shop for women in Montreal. It will be in the center of Montreal's downtown district, in the immediate vicinity of the principal stores in which women are wont to do their daily shopping. Wine, it is said, will be the only beverages sold. The purpose of this store is to make it possible for women to purchase wine without being compelled to "rub shoulders" with the motley throng of males who frequent the ordinary commission's liquor depots.

KEEP LITTLE ONES WELL IN WINTER

Winter is a dangerous season for the little ones. The days are so changeable—one day bright, the next cold and stormy, that the mother is afraid to take the children out for the fresh air and exercise they need so much. In consequence they are often cooped up in overheated, badly ventilated rooms and are soon seized with colds and grippe. What is needed to keep the little ones well? Baby's Own Tablets. They will regulate the stomach and bowels and drive out colds, and by their use the baby will be able to get over the winter season in perfect safety. The Tablets are sold by medicine dealers or by mail at 25 cts. a box from The Dr. Williams' Medicine Co., Brockville, Ont.

ARKONA

Mr. Archie McQuiggan of Vienna spent the week end with friends here. Rev. H. J. Fair, Toronto, is spending a few days at the home of his son, Mr. Harold Fair.

Mr. Fred Brown, Rich. E. Wilson, Fred Hoffner, Dr. R. G. Woods, Jos. Dignan, and C. J. Ready left this week on a trip to Texas oil fields.

The St. Stephen's Anglican church held their annual vestry meeting on Monday evening, Jan. 16th, Rev. Mr. Whealan, the rector, presiding. The Rector's remarks were very encouraging and showed a good attendance the past year, and all requests had been met. The different reports read showed in each case a balance on hand. Mr. James Butler and John McColl were appointed Wardens for 1922. The Sunday School and Ladies Guild are holding a social evening in the near future. Mr. W. A. Williams was appointed delegate to Synod.

INWOOD

William Chapman of Sarnia was in town recently.

The young people are enjoying the new open air skating rink here.

Mr. Hall has been visiting at the home of Mr. John Rundle this week.

Mrs. A. R. Chapman and Miss Beatrice McAuslen were in London last Friday.

Miss Barrett of Aberfeldy, visited her cousin, Miss Hilda Barrett, recently.

Mrs. J. H. Morrison and son Franklin spent Saturday in Alvington.

Mr. J. E. Johnston of the Imperial Oil Co., Sarnia, was home for the weekend.

Mrs. M. S. Crawford spent a couple of days last week with friends in Alvington.

Mrs. A. McGregor of Bridgen, spent part of last week with Mrs. Clayton Johnston.

Messrs. M. S. Crawford, W. A. Leitch and R. Kimball motored to Sarnia last Wednesday.

Miss Priest from near Alvington sang a solo in the Presbyterian church Sunday evening. It was much appreciated.

The Adult Bible Class of the Presbyterian Sunday school will meet at the home of Mr. Rush on Friday evening of this week.

Mr. Wm. Vance Jr., with Mrs. Vance and Master Joseph of Vancouver, B.C., are visiting at the home of Johnston Vance.

The Women's Missionary Society will meet at the home of Mrs. A. Atkin, the first Thursday of February, all the ladies invited.

Mr. and Mrs. Edward Flannery, Mrs. R. J. Richardson and Mrs. E. J. Bannister motored to Forest last Thursday, Mrs. Flannery remaining for a visit with Mrs. W. Milner.

Sunnyside store, owned by Mr. Brewer of London, but for the past two years managed by Mr. Hale, was totally destroyed by fire last Friday afternoon. We understand the building and stock were insured.

KERWOOD ODDFELLOWS

After the installation ceremony the D.D.G.M. and a number of the past grands gave addresses, which were very much enjoyed. A buffet lunch was served by the young men of the lodge.

Kerwood, Jan. 16.—D. D. G. M., Bro. S. W. Hyatt and suite, of Mt. Brydges, installed the officers of Egremont Lodge, No. 207, I.O.O.F., as follows: Noble grand, M. M. Pennington; vice grand, Clarence Matthews; recording secretary, Joice Irwin; financial secretary, R. E. Waltham; treasurer, W. M. Brigham; warden, Earle McInroy; conductor, W. R. Waltham; chaplain, Clarence Fuller; R. S. N. G., Fred Sullivan; S. S. N. G., W. R. Pollock; R.S.V.G., John Seeds; S.S.V.G., G. Alderson; R. S. S., Ross Campbell; S. S. S., Paul Sullivan; inside G., Howard McLean; outside G., A.H. Oliver; J.P.G., P. D. Alderson.

\$25 FOR A LETTER

CAN YOU WRITE ONE?

Thirteen Prizes to be Awarded in a Letter Writing Competition

Some years ago the Dr. Williams' Medicine Co., of Brockville, Ont., offered a series of prizes to residents of the Province of Ontario for the best letters describing the benefits of Dr. Williams' Pink Pills, either in the case of the writer of the letter, or some member of the writer's family. Hundreds of letters were submitted in this competition, and yet there must have been thousands of other users of the pills who did not avail themselves of the opportunity to win a prize. To all these another letter writing competition is offered. There are thousands who have experienced great benefit from the use of Dr. Williams' Pink Pills whose cases have never been reported. These will furnish the material for the letters to be written in this contest. There is no demand upon the imagination; every letter must deal with facts and facts only.

The Prizes. The Dr. Williams' Medicine Co., of Brockville, Ont., will award a prize of \$25.00 for the best letter received on or before the 15th day of February, 1922, from residents of the Province of Ontario on the subject: "Why I Recommend Dr. Williams' Pink Pills." A prize of \$10.00 will be awarded for the second best letter received; a prize of \$5.00 for the third best letter and ten prizes of \$2.00 each for the next best ten letters.

The Conditions. If you are describing the benefits you have derived in your own case, or that of some other member of your family, the symptoms of the illness should be fully described, and the letter signed with the full name and correct post office address of the person sending it in. If the case relates to some person other than the writer of the letter, it must also be signed by the person whose case is described as a guarantee of the truth of the statements made.

The writer of each letter must give the name and date of the paper in which he or she saw this announcement.

Five writing will not win a prize unless you have a good case to describe. The strength of the recommendation and not the style of the letter will be the basis of the award.

It is understood that The Dr. Williams' Medicine Co. shall have the right to publish any letter entered in this contest, if they desire to do so whether it wins a prize or not.

This contest will close on February 15, 1922, and the prizes will be awarded as soon as possible thereafter. Do not delay. Write your letter now. Observe the above conditions carefully or your letter may be thrown out.

Address all letters as follows: The Dr. Williams' Medicine Co., Brockville, Ont. Letter Contest Department.

Holloway's Corn Remover takes the corn out by the roots. Try it and prove it.

PETROLEA

The Normandy Hotel, Petrolea, was sold by auction under mortgage to the Rag, Metal and Iron Co., for \$3750.

Mr. Ed. Chambers, M.C.R., agent has purchased Mr. J. W. Patterson's residence, Main street, and will take possession on March 1st. The price paid was about \$3000.

Mrs. George Ferguson, who came to Petrolea, to reside about a year ago died on Monday in her 85th year. Deceased whose maiden name was Nancy Wilsey was born in Oxford county but resided in Marthaville for many years. Seven children survive. The remains were interred Wednesday in Hillsdale cemetery.

Mr. John Kerr has purchased from M. J. Duggan the barn and vacant corner lot opposite Christ Church. The barn will be converted into a blacksmith and auto repair shop. Mr. Kerr himself will attend to the blacksmithing business and his nephew, Frank Kerr who has been with the Gray-Dort people in Chatham will attend to the automobile business.

Mr. Jno. Strevel who recently purchased a few acres adjoining the town of Strathroy has disposed of his residence in Petrolea to Mr. Henry Groff of Inwood, and with Mrs. Strevel left for their new home on Tuesday. Mr. Strevel was a resident of Petrolea for nineteen years and leaves with the best wishes of his friends for his future success. He will engage in fruit growing and truck gardening.

The wedding was solemnized last Wednesday of Miss Blanche Spaulding, eldest daughter of Mr. and Mrs. James Spaulding of Sarnia, and Philip, eldest son of Mr. and Mrs. John Cann of Petrolea, the ceremony being performed by the Rev. Dr. R. W. Knowles, of the Devine street Methodist church, at the Parsonage. Mr. and Mrs. Elmo Gregory attended the parties. The bride looked charming in a suit of blue duvetyne, with hat to match. After a short honeymoon at Niagara Falls, Mr. and Mrs. Cann will reside in Petrolea.

MARRIED

In Watford, on Wednesday, Jan. 11, 1922, by the Rev. T. DeCoursey Rayner, Wm. A. Richardson to Reta Laverna Smith, only daughter of Mr. and Mrs. Ben Smith, all of Watford.

At the Methodist Parsonage, Petrolea, on Jan. 11, 1922, by Rev. J. D. Richardson, M.A., Russell Patterson, son of Mr. and Mrs. Geo. W. Patterson, of Dawn, to Sarah Oliver Beveridge, daughter of John Beveridge of Enniskillen.

TRINITY CHURCH VESTRY MEETING

The first annual vestry meeting of Trinity Church under the new canon regulating the financial year was held in the school room on Monday evening with a fair attendance. Rev. S. P. Irwin, rector, presiding. The Wardens presented the financial statement for the nine months since Easter which showed the finances to be in a satisfactory condition. The Sunday school report showed flourishing finances with a good credit balance on hand. The following officers of the church were appointed:—

Rector's Warden—Col. Kenward. People's Warden—E. D. Swift. Sidesmen—Col. Kenward, W. H. Shrapnell, Rollie Dodds and Reginald Brown.

Auditors—Col. Kenward and C. A. Class.

A select vestry of eight was also named.

Meeting adjourned for two weeks to receive auditors' report.

At the congregational meeting afterwards Dr. James Newell was elected Lay Delegate to the Diocesan Synod with T. Harris as substitute.

BORN

In Alvington, on Tuesday, Jan. 10th, to Mr. and Mrs. Bradshaw, a son.

In Plympton, on Monday, Jan. 2nd, to Mr. and Mrs. Hugh Thomas, a son.

In Warwick, on Monday, Jan. 9th, 1922, to Mr. and Mrs. Henry Maidment, a son.

In Plympton, on Sunday, Jan. 8th, 1922, to Mr. and Mrs. Caleb Capes a daughter.

In Plympton, on Saturday, Jan. 7th, 1922, to Mr. and Mrs. Dean McRae, a daughter.

In Warwick, on Monday, January 16th, 1922, to Mr. and Mrs. Alvin Copeland, a daughter.

At Fenner, Alberta, on Dec. 13th, to Mr. and Mrs. James Barnes, a daughter—Evelyn Mae.

DIED

In Bosanquet, on Monday, January 9th, Samuel K. Walt, aged 82 years.

In Forest, on Saturday, Jan. 7th, Ellen Jones, relict of the late Andrew S. Anderson, in her 79th year.

Johnston, John G.—Died suddenly in Cleveland, O., Jan. 16th, 1922, Father of Mrs. M. Fulton and Mrs. T. H. Wilkins of Cleveland; Arthur Waynesboro, Va.; Lorne, Wm. and Alex., in Canada. Funeral from Adolph Nunn's parlors, Thursday, Jan. 19th. Burial at West Park cemetery.

SARNIA DEFEATED WATFORD SIX IN THE FASTEST GAME OF THE SEASON

NOTE.—To show the hockey fans of Watford and vicinity how very fair Brother "Red" Wilson, of the Sarnia Observer is, we are reproducing his report of the Sarnia-Watford game here last Friday evening. It will be remembered that "Red" is the boy who last winter gave our "Pill-Box" sufficient advertising to secure for us a real honest-to-goodness arena, for which we render him our sincere thanks!

Playing brilliant and, at times, lightning fast hockey, the Sarnia intermediates kept their lead in the O. H. A. district race by defeating Watford 3 to 1 here last Friday night. On the night's play the better team won, and should possibly have amassed an even greater lead, but when time was called they were well aware that they had been in a hockey game. The winners were ahead at all times.

Watford Was Fast

Watford celebrated the opening of their new arena by turning in the fastest game they have uncorked in years, but their efforts fell short of turning back the smoothest working intermediate crew that has worn the Sarnia sweaters since 1916. Watford's team would have ridden roughshod over last year's district winners but they were up against a different proposition last night.

New Players Out

Both teams trotted out new players. "Chick" Garvey turned out in a Sarnia uniform for the first time this year and put his foot into it right at the start by flipping the first goal of the festivities past Rogers with a backhanded slap from in front of the nets. Watford trotted out Brown, a brother of Newt Brown of the local squad and "Hec" Cowan, who is dispensing law, from Forest. These two players trotted the team up considerably. Brown packs a wicked shot and Cowan's aggressiveness has not dimmed with the passing years. It was the former Sarnian who bounced in the lone Watford counter of the night on an end to end rush. Jim Grannary, with one of the defence men in the bull pen waiting for his penalty to expire, tried a poke check instead of stepping into him.

Game Was Clean

Fred Rogers, who handled the bell, was a little inclined to play safe on the rough stuff and if anything was a trifle on the strict side. Twice he banished players for what looked like perfectly legitimate body checks, but on the whole he handled the game in an impartial manner.

Cowan and Irwin were the pick of the Watford contingent, both playing hard hockey throughout. Cowan drew one penalty and Irwin was shunted to the pen twice, but while they were on the ice they were making their presence felt on the visiting forwards. The whole Watford team staged one of the finest exhibitions they have ever been guilty of and they were ably backed by little Stan Rogers in the nets. The Sarnia forwards held their fire till they were in close and the shots the Watford goalie had to handle were, as a rule, hard ones. Rogers has turned in some nice games against Sarnia but last night's was the best yet.

Defence was Strong

McAllister stopped 25 shots to the 16 Rogers handled, but the Crouchman-Grannary defence had the Watford sharpshooters blazing away at the Sarnia net from well out. Barraging Cowan's lone rush and about two shots the Watford forwards could not pierce the Sarnia outer defence to get at McAllister. The Sarnia forwards, on the other hand, bored in close before they let the puck go and the result was a little less for Rogers to do. Both Crouchman and Grannary rushed well, the big French man scoring one of the goals and narrowly missing another when he blazed away from a few feet and missed an open net. That was a Sarnia habit last night, Finch missing three certain goals through shooting wide and Perry stickhandling through the whole Watford team to the goal mouth to toss the disc over in a corner. Crouchman was one of the stars of the game, his defensive work in averting what looked like two certain goals when he torpedoed into Watford attacks that had sifted through the defence. He was one of the fastest men on the ice.

Finch, in centre, turned in the best game he has in years, his back-

checking turning back the whole Watford forward line at times. He was a little out in his shooting but his speedy rushes helped keep the play in Watford territory a part of the time. He was well backed by Perry and O'Brien on the wings. Perry is developing a nice poke check, but the weight he has added during the year is making his body-check a thing to be feared. He looks like a fine forward. O'Brien is playing better hockey this winter than ever and will, if he keeps last night's speed up, nail a place on the team for good.

Blamed McAllister

The Watford crowd blamed the Sarnia win on McAllister, giving the Sarnia crowd a "razing" before, and after the game. The star goalie turned in a pretty game, but he was not hard pressed last night as he has been. He kept up his O. H. A. record of one goal a game. Last night he had a team on the ice in front of him capable of going out and giving the opposition a real argument and he responded by turning away what few rushes did sift through.

Garvey Scored First

Cowan rushed twice and shot. The Sarnia defence was looking after "Hec" and he received about as many bumps as he handed out. O'Brien tore down to the Watford net and blazed away wide. Grannary drew the first penalty for chopping Irwin's stick out of his hand. Garvey replaced Finch and signalled his appearance by intercepting a pass in front of the Watford goal and flipping a back handed shot into the net. Cowan drove O'Brien into the Boards and was given a two minute penalty. The Sarnia man was hauled off for repairs. Howard replacing him.

Two for Sarnia

Finch missed what looked like two certain scores to start off the second period. Sarnia had a wide margin in the midway play section. Cowan broke away and was going in on top of McAllister when Crouchman stepped into him, spilling the Watford man and averting tragedy. Bruce was penalized for tripping Crouchman. Perry drove a low one at Rogers from left wing, Grannary stepping on the rebound and nailing the second counter up. Finch rushed the length of the rink and passed to O'Brien who scored the final Sarnia tally. Bruce rushed and shot dead on as the period ended.

Cowan Scored Alone

Perry rushed to the Watford goal mouth and shot wide. O'Brien was penalized for loafing, Irwin rushed shot wide and cut short around the goal. McAllister following him with a swipe of the stick as he was going around the net. The Watford player went back to argue while the play went up the ice. He was chased for loafing. Garvey and Grannary combined nicely to the Watford goal where the latter took a spell of "buck fever" and shot the wrong way. Perry replaced Crouchman on the defence and stepped into Cowan, drawing a penalty for the check. Finch shot wide and Irwin went to the penalty box for slashing. With the Sarnia defence in the bull pen, Cowan collared the puck at his goal and rushed the length of the ice, going around Grannary and scoring the lone tally of the game.

About seven hundred people witnessed the game which never lagged.

The teams: Sarnia—Goal, McAllister; defence Grouchman, Grannary; centre Finch; wings, Perry, O'Brien; subs, Howard, Garvey.

Watford—Goal, Rogers; defence, Cowan, Dodds; centre, Bruce; wings, Brown, Greer; subs, Irwin, Auld.

Referee—Fred Rogers, Watford.

Summary: First Period Sarnia—Garvey, 15 min. Second Period Sarnia—Grannary, 13 min. Sarnia—O'Brien, 2 min. Third Period Watford—Cowan, 15 min.

The worms that infest children from their birth are of two kinds, those that find lodgement in the stomach and those that are found in the intestines. The latter are the most destructive, as they cling to the walls of the intestines and if not interfered with work havoc there. Miller's Worm Powders dislodge both kinds and while expelling them from the system, serve to repair the damage they have done.

WATFORD H. S. DEFEATS PETROLEA H. S. IN OPENING GAME OF COUNTY LEAGUE

Peppy Youngsters on Both Teams Stage Enjoying Game on Arena Monday Night.

LOCALS WIN BY 6-1

As announced in last week's issue the High School teams of Forest, Petrolia and Watford have been grouped in the western end of the Interscholastic Hockey League of Western Ontario, the winner to meet Sarnia C. I. for this district's honors. The schedule opened in Watford Monday evening when the local seekers of brain culture forsook their volumes for an hour to tussle with a similar aggregation from the Hard Oil Town. Three 15-minute periods were staged, which afforded considerable enjoyment to a goodly crowd of spectators who assembled to encourage our future stars.

"Hec" Elliot held them all in leash and made them play good hockey.

Petrolia H. S. has an aggressive team, each man supplying plenty of pep and bulldog spirit throughout the entire game.

If they were accustomed to a proper rink, they undoubtedly would have given the locals greater opposition. Watford H. S. should remember that when they play the return game in Petrolia they will have to forsake this "playing the sides." They don't understand this style of combination in Petrolia as their only rink is used by the Curling Club and consequently, has no boarded sides to play up to. Several older Watford players can still testify that the best plan of attack on Petrolia ice is right up the centre!

"Jackie" Kinnell As Usual Was All Over The Ice!

"Cheesy" Trenouth, the locals' defence man, and Jack Kinnell, the right wing, looked like the leading lights in Monday evening's game, but the rest of the material are not far behind and with more practice all around should certainly hold their own for the district. The line-up: Petrolia—Goal, Hyatt; Defence, Randall, Churchill; Forwards, Bell, Steadman, Bogs; subs., Grimes, O'Dell.

Watford—Goal, McKecher; Defence, Trenouth, McGillicuddy; Forwards, Steadman, Jimmie Kinnell, Jack Kinnell; subs, Roberts, Vail. Score by periods:—1st, 3-0; 2nd, 4-0; 3rd, 6-1.

ALVINSTON LOSES TO WATFORD BY 6-3

Hockey Forgotten for the Most Part, But Everybody Enjoys a Few Rounds of "Shinny."

Game Rough in Spots and Played With Old-time Vigor.

Alvinston met Watford in a schedule O. H. A. game in the Arena here Tuesday night, going down to defeat by the tailend of a 6-3 score.

It Was No Love Match!

The game throughout reminded one of years ago, when the season always closed with a pitched battle with the boys from the south. Pete Leitch and his youngsters certainly made good their threat that they would give Watford a run for the winning, and at the end of the first period when "Corker" Legg, referee, called it 2-1 for Alvinston it looked to some that possibly the locals would have the Jinx thrown in with them and lose the game. The visitors handed out a very good brand of hockey for the first round and Pete Leitch and the two McEachren boys on wings played their formation well. Watford did not seem to be up to their proper condition until the second period had commenced when Bruce got away without much argument and landed the second finger for the locals. Leitch retaliated for the southerners immediately after by getting past "Tiny" for a third tally. "Soup" Irwin then got sore and showed them he could play that way too, so he promptly plunked a hot one through McDougall, tying three all, or, three goals in three minutes. This was the best playing of the whole game, but both sides held steady until the end of the period.

When the third and last round started, the locals, after rubbing their shins and bruises during recess, decided that they had taken enough of the kid stuff, and started in to clean up the score. One goal followed another with a few minutes apart until the count stood 6, with but a minute or so to play. At this juncture the little restless feeling that had been growing all the way through the game, came to a head when McDougall, the Alvinston goalie took a slap at Irwin with his stick, for cutting in too close on his goal and "Soup", as usual, came back to argue it out! Indications seemed to point to a mix-up, whereupon, inside of ten seconds most of fans on both sides of the rink were on the ice quelling down the riot. After the smoke had cleared away "Corker" Legg ordered McDougall Leitch and Irwin off the ice and to somewhat even it up banished "Tiny" Rogers with them for leaving his net to mix in the trouble. However, there was only a minute to play and both sides held steady until time was up.

Taken all in all, it was the most exciting game as yet this year, but Watford did not dish up the brand of hockey they have previously played, their shooting was a little erratic at times and all three forwards failed time and again to get by the opposing defence. Irwin does not seem to get away as easily this year as last; however, "Soup" promises us that when we meet Glencoe here next Tuesday he's going to try real hockey for a change and let someone else argue it out with the goalie.

Alvinston—Goal, McDougall; Defence, McLaughlin, Myers; Centre, Leitch; wings, Archie and Ken. McEachren; subs, Banks, Wallis.

Watford—Goal, Rogers; Defence, Auld, Trenouth; centre, Bruce; wings, Irwin and Greer; subs, Brown and Dodds.

Referee—"Corker" Legg, London. Score by periods—2-1; 3-3; 6-3.

TUESDAY NEXT GLENCOE AT WATFORD

WATFORD HAS FINE NEW HOCKEY RINK

Village Sportsmen Show the Right Spirit by Erecting Fine Skating Rink There This Year.

(Sarnia Canadian-Observer)

Watford now boasts of one of the finest skating rinks of any of the smaller centres in the country. The old "pill box" has gone forever and the new, and far more commodious arena will take care of the hockey situation in that village for years to come. There are a great many towns of greater size, the majority of them in fact, that cannot boast of a skating and ice rink such as Watford now has.

Has Big Ice Surface

The ice surface is 61 feet wide by 161 feet long; narrower than St. Andrew's arena, but longer. The corners are rounding and the dangerous square corners of the old rink abolished. There will be three strings of high powered lights over the ice for illumination purposes, making the ice surface as light as any in the country. The lighting system at present installed is temporary but everything will be up within a week or so.

Will Hold 1,000 People

The capacity of the rink will be around 1,000 people. More can be crowded into it, but it will hold that number, many more than the village contains at present, without crowding. There will be seating accommodation for several hundred with the whole ice surface visible from the standing room anywhere in the building. There are two exits to the structure and three commodious rooms for the use of the different teams for hockey and for the skaters the other nights.

The new arena is situated practically in the centre of the village, eliminating another of the bad features of the old rink.

The erection of the huge half circle is a striking instance of what enterprise will do for a place regardless of whether it is a city or a small village.

It has Many Qualities.—The man who possesses a bottle of Dr. Thomas' Eclectric Oil is armed against many ills. It will relieve a cough, break a cold, prevent sore throat; it will reduce the swelling from a sprain, relieve the most persistent sores and will speedily heal cuts and contusions. It is a medicine chest in itself, and can be got for a quarter of a dollar.

RED PROPAGANDA!

Sample of the Wild and Woolly News Items The Sarnia Observer Feeds Its Readers.

The following is clipped from the Sarnia Observer of last Monday, and incidentally explains itself. Of course, Watford Intermediates are not going to lie down on the job next Tuesday against Glencoe any more than they did for Sarnia. But this "Laying for them" is all bunk. We promise "Davy" and "Cherry" Wall with his small-town rough-stuff a real, live, clean game, and the best team wins!

WATFORD LAYING FOR GLENCOE TEAM

Art Davenport's Crew Did Not Make Very Favorable Impression on Watford Intermediates in Glencoe

According to the reports making the rounds in Watford, Glencoe's hockeyists did not give them any too kind a reception when they played there. There is going to be a lot of excitement when the green and white stack up against the village intermediates in the return game. The Watford squad declare they can take the measure of the Davenport crew and incidentally show them that two can play at the hard checking game.

Play January 24

Glencoe plays the return game at Watford January 24th and the blue and white (Sarnia) will be pulling hard for the villagers to turn back the Glencoe squad and give them (Sarnia) safe grip on the leadership to take with them to Glencoe when they play there the following Friday.

Is your subscription paid in advance?

A Corrector of Pulmonary troubles... Many testimonials could be sent showing the great efficacy of Dr. Thomas' Eclectric Oil in curing disorders of the respiratory tract... It will allay inflammation in bronchial tubes.

SEED POTATO STORING

**Practical Advice Regarding Their
Winter Placing and Keep.**

**The Stored Tubers Require Oxygen—
Importance of Ventilation—
Influence of Temperature—Look
Over Seed at Planting—Danger
to Hogs In Feeding Salt.**

(Contributed by Ontario Department of
Agriculture, Toronto.)

The potato is a living organism
and if not kept under conditions
favorable to continued life will die.
Seed potatoes frequently fail to pro-
duce plants. The cause may be due
to the death of the buds before plant-
ing.

Oxygen a Necessity.

All living plants require oxygen,
and with the potato in storage this is
obtained directly from the air. Potatoes
in storage take in oxygen and
also give off carbon dioxide and heat.
The carbon dioxide and heat are
harmful, and will destroy the tubers
for seed purposes. Potatoes stored in
dead air for 100 days rarely sprout
and grow when planted. Potatoes
stored in a moisture saturated air
generally mold, soften and rot. Potatoes
for seed purposes should be dry,
clean and cool when placed in the
storage bin or cellar—a dry earth
floor is to be preferred.

Ventilation Important.

The ventilation should be arrang-
ed so that air is admitted at the bot-
tom of the bins, move upwards very
slowly and out at the ceiling or roof
through ventilators designed to carry
away water vapor and heat. Small
bins separated by an air space or
some arrangement such as an air
box or double slatted gate that will
prevent dead or warm air accumula-
tions are to be preferred to large
bin storage where the temperatures
may run too high or the air become
moist and dead.

Influence of Temperature.

Potatoes stored in cellars when
the temperature is kept at 55 de-
grees will sprout in about 75 days.
If the temperature is kept at 45
degrees the sprouting will be slower,
usually about 125 days. A 40 degree
temperature will delay the sprouting
still further, holding up the maturing
process so that the buds do not
start while in storage until about 200
days from the time of entering the
storage. Temperatures of 50 degrees
and upward, together with light gen-
erally give considerable trouble
through inducing sprouting. Cellars
that can be kept under 50 degrees
and given sufficient ventilation to
prevent dead air or moisture accumu-
lations are generally satisfactory.

Examine Seed at Planting Time.

At planting time the seed may be
firm and look all right. If it fails
to send up good strong sprouts in
reasonable time after planting you
are advised to investigate the condi-
tions under which the seed potatoes
had been stored as one of the possi-
ble causes of failure. Plant live
seed and get a one hundred per cent.
stand of vigorous plants. In buying
seed potatoes get them early, exam-
ine the buds and if in doubt about
their vitality plant a few early and
watch developments before planting
the main crop.—L. Stevenson, Sec-
retary Dept. of Agriculture, Toronto.

Danger to Hogs In Feeding Salt.

Salt is dangerous to hogs. Though
like other animals, swine crave salt
they are more easily poisoned even
by small quantities of it. If they
receive small amounts regularly at
first they seem to develop a toler-
ance for salt, but care must be exer-
cised in giving it to them.

Certain pigs were allowed to graze
in pastures with cattle where they
had access to a salt lick or trough,
licked the salt ravenously, and all
but three of the herd died. In an-
other case where salt brine was mis-
taken for sugar-water and fed to
hogs with garbage, the pigs were
poisoned and died within 48 hours.

Salt-poisoned pigs usually show no
symptoms until from 12 to 24 hours
or more. They then show increased
thirst, dizziness, or a deep stupor,
frothing at the mouth, refusing feed,
and sometimes being afflicted with
vomiting or diarrhoea. Death usually
follows after 24 hours.

Treatment in such cases may con-
sist of a dose of two teaspoons of
cornstarch boiled in two ounces of
water until transparent and then di-
luted with water enough to make one
pint; or a tablespoon of unground
linseed mixed with water until it
makes a mucilaginous mass.

When salt is given to pigs it
should be included as an ingredient
in a mixture containing three parts
each of sodium sulphate, sodium
chloride (salt), sodium carbonate,
iron sulphate, and one part of flow-
ers of sulphur. This may be placed
in some kind of a self-feeder where
hogs may have free access to it, or,
it may be giving by mixing from
three to five tablespoons to a barrel
of stop-feed, or from two to three
tablespoons to the bushel of dry feed.

mix thoroughly.
It is not advisable to have salt
alone in any kind of container at
the free disposal of hogs.

Place for Horses to Roll.

Where horses are closely confined
in stalls most of the time, they are
more apt to roll in the filth and ma-
nure than if they had been taken out
and allowed to roll once a day. Let-
ting them roll outside of stalls saves
much currying and brushing, avoids
the possibility of the animal rolling
where it would get fast, and adds to
its health and vigor by keeping it
cleaner.

CITY EXPECTS GREAT FUTURE

**Murmansk, Not Long Founded, May Be
In Future the Greatest Naval
Port of Russia.**

Quite new on the map is the little
city of Murmansk, founded after the
beginning of the war, and now, in the
general taking account of stock, the
world over, subject to examination as
probably the greatest naval port of
Russia, when that nation becomes nor-
mal and the capital of a vast district
containing about 60,000 or 70,000 in-
habitants, a considerable number of
whom are refugees who are likely to
return to other parts of Russia. Mean-
time it is difficult to imagine another
city like Murmansk, with its popula-
tion of perhaps 10,000, its sunless win-
ter, and its long summer days when
the sun is on visible duty through the
whole 24 hours. Situated north of
the arctic circle, its importance as a
naval station comes from a harbor
where the ice never freezes solidly
enough to prevent navigation, hastily
connected with Petrograd by rail as
a means of bringing war supplies and
ammunition into the country. But
although there have been said to be
valuable deposits of gold, platinum,
silver and other minerals in the dis-
trict, no investigation has yet dis-
covered them; nor do the investiga-
tors see any very promising sign of
agricultural or commercial develop-
ment. Lapps and Finns are the nor-
mal inhabitants of the region; the
reindeer herds serve to provide most
of their wants, and they barter furs
with the occasional traders whose
vessels bring the few things they need
from the outside world. Among the
cities of the world, however, Mur-
mansk is an infant, and one naturally
hopes it will grow up to be a good
and successful city.

What Became of the Bison.

George Catlin, an authority on In-
dian life in the middle of the last
century, stated that in the 1830's from
150,000 to 200,000 buffalo robes were
marketed annually, which meant a
slaughter of 2,000,000 or 3,000,000
bison annually.

The death-knell of the bison was
sounded when the Union Pacific rail-
road was under construction. The
road made marketing of the robes eas-
ier and divided the northern and
southern herds.

By 1875 the southern herd, consist-
ing of at least 3,000,000 animals, had
been exterminated. By 1889 the
northern herd, too, was practically
extinct, its actual numbers being
placed by Doctor Hornady at 635 ani-
mals.

Dr. C. Gordon Hewitt of the Ameri-
can museum, calls this "the most
striking and appalling example of the
fate of an animal, existing in appar-
ently inexhaustible numbers, when
left exposed to unrestricted slaugh-
ter."—Exchange.

Tall Trees of America.

Where on the globe can there be
found an area equal in extent with
that occupied by the bulk of our
states; so fertile and so rich and
varied in its productions, and at the
same time so habitable by the Euro-
pean, as this is? Michaux, who knew
but part of them, says that "the
species of large trees are much more
numerous in North America than in
Europe; in the United States there are
more than 140 species that exceed 30
feet in height; in France there are
but 30 that attain this size." Later
botanists more than confirm his ob-
servations. Humboldt came to America
to realize his youthful dreams of a
tropical vegetation, and he beheld it
in its greatest perfection in the primi-
tive forests of the Amazon, the most
gigantic wilderness on the earth, which
he has so eloquently described.—
Henry David Thoreau.

The Children's Aid Society have
for adoption a smart little boy, five
years old; also two boys both about
eleven year old.—John Wilkinson,
City Hall, Sarnia, would be glad to
give further information.

The Lambton Classified Business
and Professional Directory which is
being printed by the Canadian Print-
ing Co. of Sarnia, goes to press in
the course of the next two weeks and
it is necessary that all copy be sent
in at once.

**What Men Admire Most in
Women is Perfect Health
—the Sign of Strength**

Barrie, Ont.—"I
was suffering
from a rundown
system some time
ago, was unfit to
perform my daily
duties, and was
advised to try Dr.
Pierce's Favorite
Prescription. I
tried it, took two
bottles, and was
restored to my
natural strength. I cannot praise Dr.
Pierce's medicine too highly and
will be willing to write to any one
sending a stamped envelope."—Mrs.
A. H. Bishop, R. R. No. 1.

**Mothers, Advice for
You!**

London, Ont.—"I wish I could tell
all the women in the world who suf-
fer with woman's trouble, what a
wonderful medicine Dr. Pierce's Fa-
vorite Prescription is. My earliest
experience with it was during my
first expectancy. I became dropical
and my people were quite alarmed
about my condition. The doctor's
medicine did not seem to reach my
trouble at all so my husband urged
me to try Dr. Pierce's Favorite Pre-
scription, and to please him I did.
Before I had finished the second bot-
tle the distress and dropsy left me
and I felt in absolutely perfect health.
I had no further trouble from that
time on. I afterwards took Favorite
Prescription whenever in a nervous
rundown condition and it always
strengthened and built me up."—Mrs.
Lily Stoddart, 433 Ontario St.

BROOKE COUNCIL

Alvinston, Jan. 9th, 1922. Council elect for the Township of Brooke for the year 1922 met in Code's Hall, Alvinston, at the hour appointed by Statute.

Present: L. Lindsay, Reeve; Albert E. Sutton, Deputy Reeve; A. E. Loosmore, Dougald M. Campbell, L. McLean, Councillors. Declaration of Office was signed by each.

Sutton—Loosmore, that W. J. Weed be reappointed Clerk at a salary of \$350 and \$35 postage and the usual allowances.—Carried.

Sutton—Loosmore, that Walter Annett be reappointed Treasurer at a salary of \$200 and postage.—Carried.

Campbell—McLean, that Dr. H. McLean be appointed M.O.H. and Dr. Tichborne a member of the Board.—Carried.

Lindsay—Sutton, that John Cowan K.C., Sarnia, be appointed Solicitor, retaining fee of \$30.00, and R. J. Richardson, School Attendance Officer.—Carried.

Sutton—McLean, that Gordon A. Oakes and Duncan McIntyre, be appointed Auditors at a salary of \$35 each.—Carried.

Applications received for assessing as follows:—Alex. D. McLean \$198, and postage; Thos. Coristine \$160; Will Duffy \$175; D. R. Richardson \$175; Wilbert Smith \$175; Silas S. Werden \$175.

Applications for collecting received from James F. McNally for \$150; John A. Gilliland \$140.

Campbell—McLean, that Thomas Corestine be appointed Assessor at salary of \$160 and John A. Gilliland Collector to collect all rates at salary of \$140.—Carried.

By-law submitted and read confirming the appointment of Officers and fixing their remuneration.

Campbell—McLean, that by-law be read a third time and finally passed.—Carried.

Mr. Jas. E. Wallis served notice in writing that the Wallis drain was out of repair and asked to have the same repaired.

Loosmore—Sutton, that notice be entertained and A. S. Code, O.L.S., & C. E., be instructed to examine the drain and if found out of repair to report with a view to enable Council to proceed with the work.—Carried.

Mr. L. McLean, Commissioner in charge of repairs and extension to the Kennedy drain reported the work completed. Receipts including balance due the drain from 1910—\$2214.40; Expenditures \$2548.00; overpaid \$333.60.

McLean—Sutton, that report be adopted and overpayment be pro rata on lands and roads assessed under by-law No. 6 of 1921 and entered on 1922 Collectors Roll for collection.—Carried.

Mr. A. E. Loosmore, Commissioner in charge of repairs to Courtwright drain reported the work completed. Receipts \$1790.00; Expenditures \$1790.00.

Loosmore—Campbell, that report be adopted.—Carried. Mr. D. M. Campbell, Commissioner in charge of repairs to McCoubrey-Calhoun drain and Moffatt-Lucas drain No. 2, reported the work on drains completed. McCoubrey-Calhoun drain receipts \$1060.00; Expenditures \$1111.50; overpaid \$51.50. Moffatt-Lucas drain, Receipts \$2620.00; Expenditures \$2681.48; overpaid \$61.48.

Campbell—Loosmore, that reports be adopted and overpayments be pro rata over lands and roads assessed for the repairs to drains and entered on 1922 Collector's Roll for collection.—Carried.

Sutton—McLean, that order be drawn on Treasurer in favor of The Municipal World for \$7.00 for copies of Municipal World for use of Council, Clerk and Treasurer.—Carried.

Tenders received for repairs to Tait drain and Tait drain extension as follows:

Anton Petroski—Tait drain \$600, Tait drain extension \$300. John Barrett—Tait drain \$690, Tait drain extension \$300. Alovix Beikx—Tait drain \$535, Tait drain extension \$255. Ferg. McNally—Tait drain \$675, Tait drain extension \$250. Victor Beikx—Tait drain \$570, Tait drain extension \$230. Chas. Merritt—Tait drain \$550, Tait drain extension \$250. George Perry—Tait drain \$710, Tait drain extension \$260.

Sutton—Campbell, that tender of Alovix Beikx be accepted.—Carried. Loosmore—Sutton, that \$10.00 be granted The Hospital for Sick Children, Toronto.—Carried.

Sutton—McLean, that deposits and accounts of the Township be continued with Molsong Bank, Alvinston.—Carried.

Sutton—Lindsay, that D. M. Campbell be Commissioner for Division No. 1; Loosmore for No. 2; Lindsay No. 3; Sutton No. 4, McLean No. 5 and that sum of \$300 be appropriated to each Commissioner to be expended for the improvement of the roads, etc., therein.—Carried.

Brooke Municipal Telephone System asked that \$1300 be advanced for Telephone purposes. Granted on motion of Loosmore and Sutton.

Bylaw to borrow money when needed was passed in the usual way.

Sutton—Loosmore, that Reeve and Clerk be authorized to sign and submit to the Minister of Public Works of the Province of Ontario the petition of the corporation of the Township of Brooke, showing that during the period, Jan. 1, 1921, to Dec. 31st, 1921, there has been expended upon the Township Roads the sum of \$— and requesting the statutory grant on that amount at provided by the Ontario Highways Act and amendments thereto.—Carried.

Campbell—McLean, that Council do now adjourn to meet in Inwood on Saturday the 11th day of Feb., 1922.—Carried.

W. J. WEED, Clerk.

WARWICK COUNCIL

The Council met on Jan. 9th as per statutes. After signing their declaration, took their seats as follows: W. E. Parker, Reeve; B. B. Dann, Deputy-reeve; M. D. Campbell, Benj. Muma and Swanton Chambers, Councillors.

Bylaw No. 7 appointing M. E. Barrett and E. O. Herbert, Auditors, at a salary of \$15.00 each. George Dailey, Assessor, at a salary of \$75, and Chas. E. Smith, a member of the Board of Health, was read the first second, and third times and finally passed.

Bylaw No. 2 granting the Parkhill, Arkona Telephones the privilege of erecting poles and stringing wires on the Highways of the Municipality was passed in the usual way.

Bylaw No. 3 authorizing the Reeve and Treasurer to borrow \$25000.00 from the Sterling Bank was passed in the usual way.

The following accounts were passed: Pete Pakric, ditching on 27 sideroad.....\$ 6.00 N. Herbert, to pay Election expenses..... 75.00 R. B. Janes, rubbers for D. Ratigan..... 4.00

Mrs. S. Smith, 8 days keep of John Tohey..... 8.00 R. B. Janes, rubbers and underwear for John Tohey Alf. Smith, taking John Tohey to Sarnia..... 5.00

Wm. Annett, Brooke Tel. tax 1941.75 Jas. Thompson, dog wrongfully assessed..... 2.00

Jas. Thompson, statute lab. returned undone..... 4.00 Clerk and Treasurer, making Financial statement..... 20.00

C. E. Janes, stamps, exchange and telephoning..... 20.35 Municipal World, supplies..... 17.68

Toronto Stamp & Stencil Works, seal and dog tags Karr Cement Tile Co., tile for Birchall drain..... 60.35

John Richardson, tile for Birchall drain..... 9.10 A. Morgan, drawing tile for Birchall drain..... 3.50

Lloyd Easterbrook, filling Birchall drain..... 10.80 Hy Williamson, com. on Birchall drain..... 45.00

Hy Williamson, commissioner on the Birchall drain presented his report showing that the drain cost \$440.00 more than the engineer's estimate when it was moved by Mr. Chambers, seconded by Mr. Campbell, that that the report be accepted.—Carried.

Moved by Mr. Campbell, seconded by Mr. Muma, that the Reeve and Mr. Chambers be a committee to investigate the grievance of Mr. Knight re opening of No. 3 sideroad.—Carried.

Moved by Mr. Chambers, seconded by Mr. Muma, that the Reeve and Mr. Campbell be a committee to meet parties re closing Blind Line between, 6 sideroad and 9 sideroad.—Carried.

Moved by Mr. Chambers, seconded by Mr. Campbell, that the application of Fred Bryce to have the Leach drain repaired be entertained and that the clerk be instructed to notify Mr. McCubbin to examine the same and report with power to vary the assessment as he sees fit.—Carried.

THE CANADIAN MERCHANT MARINE

The Canadian Merchant Marine is a Canadian institution—built with Canadian money—operated to further and facilitate the foreign commerce of this country. Somehow or other, a report was circulated to the effect that "outsiders" were employed by the Canadian Merchant Marine to the exclusion of Canadians and British Subjects. In denial of this report, the management of the Canadian National Railways offer the statement that of the 1674 employees on the payroll at December 31, 1920 exactly half were Canadian by birth or adoption and the balance were of British birth. It is the invariable practice of the management to em-

ploy only British Subjects in the management and operation of this Government owned line of steamships.

NOTICE TO PATRONS

The Annual Meeting of the Patrons of Warwick Creamery will be held at Warwick Village Hall on Friday, Jan. 27th, at 2 p.m. You are cordially invited to be present to co-operate in the election of officers for the ensuing year and to take part in the discussions. An official of the Dairymen's Association is expected to address the meeting.

J. E. COLLIER, Sec'y.

The smallpox ban at Leamington has been lifted, all danger of an epidemic being over.
