2. The lots to be taken at the buyers expense and risk within two days from the conclusion of the sale, and the purchase money to be absolutely paid, or otherwise settled for to the satisfaction of the auctioneers, on or before delivery; in default of which, Messrs. 3. In preparing the Catalogue, care has been taken to make the description of every book accurate, but the sale of any volume or lot is not to be set aside on account of any error in the description. The books will be on exhibition two days before the sale.

4. To prevent inaccuracy in delivery and inconvenience in the settlement of the purchases, no lot can, on any account, be removed during the sale.

5. Upon failure of complying with the above conditions, all lots uncleared within the time aforesaid shall be re-sold by public or private sale, and the deficiency, if any, attending such re-sale, shall be made good by the defaulter at the sale, together with all charges attending the same. This condition is without prejudice to the right of the auctioneers to enforce the contract made at this sale, without such re-sale if they think fit.

The undersigned, who have many years experience, will undertake the Cataloguing and sale of Libraries and Parcels of Books.

Universities and Public institutions unable to be present at the Sale, may have their purchases made for them by the Auctioneers.
