CAMPAIGN FUND EMPLOYED IN SPECULATION

Sulzer Was Deeply in Debt as Result of Market Ventures and Used Party Contributions in Effort to Retrieve Fortune—Impeachment Seems Inevitable.

NEW YORK, Aug. 8.—(Can. Press.)—Gov. William Sulzer of New York was nearly \$50,000 in debt as the result of stock market speculation at the time of his nomination and used contributions to his campaign fund to make additional purchases of stock while this debt was hanging over him, according to testimony adduced today at the hearings of the Frawley committee of the legislature.

The evidence brought to light is sufficient, according to Senator Frawley, chairman of the committee, to warrant proceedings to impeach the governor for violation of the Corrupt Practices Act, and the committee closed its hearings here today to consider what action should be taken.

A definite decision, Chairman Frawley indicated, would be reached by the time the legislature meets on Monday. The governor, according to the evidence, had dealings with three different stock exchange firms, L. M. Josephthal, a Wall street banker, and a member of Gov. Sulzer's staff as naval reserve aide, came to his rescue, it brought out, and paid a debit balance of \$26,739 still standing against the account in July last. This was after the governor had received repeated calls for more margin and was about to be sold out.

Paid Cash to Brokers. The governor's transactions with the other firms were for cash and it was in connection with one of these that Gov. Sulzer, according to the evidence, used campaign contributions in the purchase of stock.

Arranged chronologically, the testimony appeared to show that on Jan. 1, 1912, there stood on the books of the stock exchange firm of Harris & Fuller an indebtedness of \$48,599, against the purchase by Gov. Sulzer of 500 shares of "Big Four," 200 shares American Smelting and Refining Co., and 100 shares of Southern Pacific. This testimony was given by Melville B. Fuller, a member of the firm.

Stipped on Southern Pacific. The governor's next transaction in Wall street was on Jan. 16, 1912, when he sold 100 shares of Southern Pacific at \$1.92 a share, and bought 100 shares of the same stock at \$1.75 a share.

Can't be termed insanity? Supposing a man is discharged from an asylum by the doctors on the ground that he is not demented, and then is arrested a year later at the instance of the father, who insists that he is insane, has that many any license to be a taxicab chauffeur upon who lives depend. Yet this is the case and for the past year an alleged lunatic has been driving a motor car thru the city streets with hundreds of lives depending on him.

Because a man sleeps until noon, pawns the household goods and refuses to work, is he crazy or lazy? This is all by the way of explaining how William Smith, aged 19, 303 Spadina avenue, came to be arrested yesterday afternoon by Plainclothesman Reagle on a charge of being insane. Now this man, who is either lazy or crazy, is locked up in Clarendon street police station.

About a year ago William was taken under restraint to the hospital on West Queen street surrounded

Laborer Falls Heir to Huge Fortune

Special to The Toronto World. OMAHA, Aug. 8.—(Special.)—Frederick Gross Von Alvensleben, for twenty-seven years a day laborer, received notice today from the German consul at Chicago that he had fallen heir to an estate in Germany valued at \$1,750,000. When informed of his good fortune, Von Alvensleben was employed at manual labor a few miles from the city. Today he engaged steamer passage to Danzig.

BOWLERS BACK HOME AGAIN

Had a Delightful Trip, Says Tom Rennie, and Were Treated Royally Everywhere.

Sixteen of the Canadian bowlers arrived in Toronto by special from Montreal last night, after their successful trip in the British Isles. The "Virginian" on which they took passage, was delayed on the St. Lawrence, by the dense smoke from numerous bush fires raging on each side of the river, so thick was the smoke, that the vessel had to be anchored in the river, necessitating a four hours delay. The bowlers had expected to make an early morning train for Toronto, arriving about 1 o'clock in the afternoon.

"We had a delightful trip and were treated royally everywhere," said Tom Rennie, to the World last night. Mr. Rennie is quite satisfied with the record of the team in the Old Country, 17 wins, 13 losses, and one draw. "Of course our heavy losses in the earlier part of the tour were to the fact that the team had not got working together rightly," he continued. However, after they got used to each other's style of play, the Canadians acquitted themselves nobly. Seven wins and four losses against the Irish team," Mr. Rennie pointed out that the one loss in Ireland was after an all night trip from Glasgow to Dublin.

"We got right off the boat and went to the green after one of the most exciting passages imaginable," he said. He of the Silver Tongue. Rev. J. W. Pedley who accompanied the bowlers, also spoke of their reception in the Old Country in glowing terms. The work of the team over there was splendid. Nobody over there expected the Canadians to defeat the All-Irish team, the pick of the Emerald Isle, but they waded right in, he said, and won handsomely. It was the intention of the bowlers to play a return match at Westmount, but owing to the fact that so many had remained over in England, and that those who were in Montreal, were anxious to get back to Toronto, it was decided to postpone the game.

FIREMEN'S GOOD WORK SAVES EARLSCOURT

Four Houses on Hatherley Road Were Destroyed, But Fire Brigade's Splendid Efforts Prevented Flames From Sweeping District—Family Loses Everything.

No. 1 Hatherley road, Alfred Franks, building and contents, \$1500. No. 2 Hatherley road, William Brown, building, \$600. No. 3 Hatherley road, Fred Adams, contents, \$500. No. 4 Hatherley road, Chas. Burrows, building and contents, \$1400. No. 5 Hatherley road, Bertram Lovewell, building and contents, \$1500.

Four men came home to Earls Court last night from a hard day's work in the city and found their homes a heap of smoking ruins. Three of them saved a few sticks of furniture and some clothing, while Fred Adams, an employe of the city street cleaning department, lost everything. He has a family of nine children and they have nothing but the clothes they wore when the fire occurred. Furniture, clothes, crockery, everything is gone, and they will have to begin all over again.

Four houses were burned. Three were totally destroyed and one is a half burnt ruin. The buildings were located on Hatherley road, near Eversfield road, just adjoining R. A. Blackmore's hardware store. The fire started in the vacant half of a house which had been divided into two by a plasterboard partition. It belonged to William Brown, and one half of it was occupied by Fred Armes and his family.

H. Burrows, who lives on the opposite corner, was in his garden at 5 o'clock last night when Wm. Brown rushed out of the vacant half of the house and cried out that it was on fire. Armes' family had just time to splash out of the other half before the whole building was a sheet of flame. The flames spread rapidly to Chas. Burrows' house just three feet north, then to Bertram Lovewell's house across a twenty-five foot lot, but were checked by a wide vacant lot from going further north.

Firemen's Splendid Work. Spreading south the fire destroyed Alfred Franks' house and would have demolished R. A. Blackmore's hardware store but for the efficient work of the city firemen. According to eyewitnesses the speed with which the reels turned out and got the fire under control with water from a hydrant on Dufferin street, half a mile away, was nothing short of marvellous. Had city water not been available the fire would have swept the district, as 90 per cent of the buildings are frame houses, many of them only partly completed. The neighbors worked nobly to assist the firemen, even the women passing buckets of water, helping to move furniture and doing all they could to help the families in trouble. The cause of the blaze is unknown.

LIND'S ARRIVAL AT VERA CRUZ AWAITED WITH KEEN ANXIETY PRESIDENT WILSON IS HOPEFUL

Note to Huerta Which Commission Is Bearing Will, Washington Administration Believes, Convince World That Attitude of U. S. Is Warranted—Lind to Reach Mexico City Tomorrow Night Probably.

WASHINGTON, Aug. 8.—The latest developments at Vera Cruz are: A wireless from the United States battleship New Hampshire, conveying John Lind, President Wilson's personal representative, states the vessel will not reach Vera Cruz before tomorrow afternoon or night. Commissioner Lind will reach Mexico City probably Sunday night or Monday morning.

There is no change in the program under which the message to President Huerta which Commissioner Lind brings from President Wilson is to be handed by American Charge de Affaires O'Shaughnessy at Mexico City to the Mexican Government. Immediately thereafter the note will be made public by the American embassy at Mexico City and by the state department at Washington.

Lind to Hold Aloof. The note is held and expected by the Wilson administration, will justify before the world in the plan therein indicated for restoring peace in Mexico. Commissioner Lind will not go near the palace or in any way communicate directly with the Mexican Government. All communications will be thru the American embassy, which is recognized by President Huerta and which has been dealing with him as a de facto power.

There has been absolutely no intimation from Mexico that any attempt will be made to prevent Mr. Lind from landing at Vera Cruz or from proceeding from there to the Mexican capital. Huerta's Defi Confirmed. President Wilson's incredulity as to President Huerta's ultimatum as to Lind was removed early today when the state department got direct from (Continued on Page 3, Column 3.)

Refuse Charters to Clubs

WINNIPEG, Aug. 8.—(Can. Press.)—The department of the attorney-general has under consideration the passing of legislation at the next session of the provincial legislature designed to better protect the public from being trespassed by fraternal organizations, and several charters for clubs have been refused by the department of the provincial secretary lately, because the department was dissatisfied with the organizers and promoters.

SCAFFOLD FELL THREE INJURED

Boards Broke in Centre and T. E. L. Ironworkers Were Thrown Thirty Feet to Ground.

Three men were seriously injured and several others had narrow escapes when a scaffold on which ironworkers were standing collapsed at the Toronto Electric Light Company's building on Scott street about 3.30 yesterday afternoon. The three employees were riveting the steel at the time, but fortunately only fell thirty feet.

The Toronto Electric Light Company is rebuilding a portion of the old structure at the foot of Scott street. For the past few weeks men have been busy putting in the concrete foundations and several days ago the steel work was started. The three men were working above the first storey placing the steel girders for the next section.

A swing scaffold constructed of planks thrown thru ropes was used by the workers, and at the time of the accident the "gun" was being used to put heads on the rivets. Without any warning whatever the boards broke in the centre. The men on the outside attempted to hold, grasped the ropes and for a moment hung in the air.

"Gun" Crashed Down. But the man working in the centre fell to the pavement below. The other two could not keep their grips more than a few seconds and then they dropped onto the newly constructed concrete foundations. There were several men working below and they narrowly escaped being struck by their falling comrades. Then, too, the heavy "gun" crashed down and another workman jumped out of the way in time.

Knocked unconscious by the fall one of the men had to receive immediate attention on the scene. The company's auto then rushed the three to St. Michael's Hospital, where they were found to be suffering from internal injuries, sprains, cuts, gashes, bruises, and, in fact, every kind of injury excepting fractures. The hospital authorities hold out hope for the recovery of the three men.

British Critic of G. T. R. Directors Finds Fault With Their Statements of Profits.

LONDON, Aug. 8.—(C. A. P.)—Commenting on the G. T. R.'s monthly statement, the financial correspondent of The Daily Mail says that despite all protests, the directors persist in their policy of issuing monthly statements which are useless as an indication of profits available for shareholders.

Whereas the monthly statements up to the end of May show an increase of \$126,350 in net profits of the main line, and gross receipts for June show an increase of \$55,000, the statement for the half year shows an increase of only \$74,000 in main line profits, and after allowing for deficiencies from subsidiary companies and for prior charges, the surplus available for dividends is a mere \$2900 more than a year ago. Thus there is practically nothing for the third preference stock.

SAVED GIRL FROM SERIOUS INJURY

Driver's Presence of Mind Prevented Death of Girl Knocked Down by Auto.

NIAGARA FALLS, Ont., Aug. 8.—(C. A. P.)—Mr. A. B. Robertson, a prominent contractor of this city, ran down a young girl, 19 years old, employed at the Clifton Hotel, at the entrance to the upper steel-arch bridge on River road, with his automobile.

Mr. Robertson, with his wife and a friend, was going from the Clifton Hotel to the Grand Trunk Railway depot, when, passing the bridge entrance, at about 6 miles per hour, the young woman ran directly in front of the auto. Mr. Robertson stopped the machine in half its length, and the girl was dragged from beneath the car between the front and rear wheels. She was placed in the automobile and rushed to the General Hospital.

Dr. J. H. McGarry attended. He reduced a fracture of the left arm, and reported the patient badly bruised, but not otherwise seriously injured. Mr. Robertson deserves a great deal of credit for his presence of mind in not moving the car ahead when a number of bystanders called to him to do so. Had he moved the car ahead, the rear wheels would have passed over the girl's body. His coolness undoubtedly saved the girl's life.

MINIATURE WAR ON BOARD SHIP

Volunteers of All Nations Returning From the Balkans Fight Their Battles Over Again.

NEW YORK, Aug. 8.—(Can. Press.)—Officers of the Cunard liner "Pannonia," arriving here today from Trieste, report that a miniature Balkan war occurred aboard almost continuously during the 26 days voyage. Among the steerage passengers were several hundred ex-volunteers, Greeks, Serbians, Bulgarians and Turks, who were returning to this country after taking part in the Balkan war.

Frequent riots between these hostile factions in the first few days resulted in several combatants going to the sick bay with severe stab wounds. Captain Capper thereupon ordered a general disarmament, but the fighting continued with whatever missile was at hand.

Then the nationalities were separated into groups but on meeting for meals, the battle was resumed. As a precautionary measure the stewards carried a variety of knives and forks from the tables, and all the steerage passengers, of whom there were 1123, had to eat with spoons.

It is stated that the women in the steerage were fought as fiercely and as effectively as the men.

U. S. INTERVENTION IN MEXICO MEANS GRAVE CONSEQUENCES

De La Barra, Former Provisional President of Mexico, Says He is Hopeful, However, That Crisis Will Be Safely Passed—Has Faith in Good Sense of Both Peoples.

NEW YORK, Aug. 8.—(Can. Press.)—That intervention by the U. S. is scarcely more than a remote possibility, but should there be intervention it would be fraught with the gravest consequences, were the opinions expressed by Francisco de la Barra, former provisional president of Mexico, and former Mexican ambassador at Washington, upon his arrival here from Mexico today. Senor de la Barra will sail for Paris in a few days to assume his duties as Mexican ambassador.

"I am firmly of the belief," said Senor de la Barra, "that the intelligence of the American and Mexican peoples and the spirit of justice and fair play in both countries will prevail in the present situation and the probability of anything akin to international complications is most remote. Intervention, it seems to me, is hardly to be thought of. High officials in my country do not seriously consider the possibility, let alone the probability of such action on the part of the U. S. I will say that should there be any chance of intervention, the universal feeling in Mexico would be such that it would be difficult to predict the outcome."

Wouldn't Discuss Mission. Senor de la Barra said he could not discuss the mission of ex-Gov. John Lind as President and Wilson's special representative to Mexico, since he had not read the newspapers the last few days and so was not acquainted with the facts.

Senor de la Barra was accompanied by a party of prominent Mexicans, including Carlos Lerovera, Mexican minister to Belgium; Senor Canale, secretary to Provisional President Huerta; Luca de Palencia, second secretary of the Mexican legation at Paris; and Carlos Pita, attaché of the Mexican legation at Brussels.

DIAS TO MAKE SECRET TREATY

Japan to Be Given Foothold on West Coast of America, Says Mexican Aide.

(Special to The Toronto World.) PORTLAND, Oregon, Aug. 8.—The mission to Japan of Felix Diaz, the Mexican leader, who arrived here today on his way to the orient is not merely to create more friendly diplomatic feeling between his country and Japan but for the purpose of signing a secret treaty giving Japan a foothold on the west coast of America, according to admissions made by a member of Gen. Diaz's staff in conversation.

"Japan is playing for a foothold on the Pacific coast and seeing the attitude of the United States the attention of the oriental diplomats has been turned toward Mexico," said this member of the legation.

Board of Sympathy. "Mexico, on the other hand, is in serious financial embarrassment, and secret concessions, including money with which to continue the war, that is fast impoverishing the nation, will be forthcoming if no upsets are noted in the program.

"There seems to be a silent bond of sympathy between the Mexican and the Japanese races, and the Japanese are playing this to their best advantage. I know of one instance where a huge sum was offered the Madero administration for a coast concession that would have controlled wonderful power."

MEXICO CITY IS NOT GREATLY PERTURBED

Excitement Over Impending Visit of Lind Has Subsidied and Indications Do Not Point to Active Hostility—Bryan is Doing His Best to Promote Friendly Feeling.

Special to The Toronto World. MEXICO CITY, Aug. 8.—The flurry over the coming of ex-Governor Lind as special advisor to the American embassy has largely subsided among Mexicans and foreigners.

Wm. Bayard Hale, who has been investigating affairs here for President Wilson, left tonight with instructions from the United States State Department to meet Mr. Lind at Vera Cruz and accompany him to the capital. He is expected to arrive here Sunday morning.

It is reported that the more radical advisers of Huerta are urging him to bar Lind from landing at Vera Cruz unless he states categorically what his mission is, but there is no indication early this evening that any further steps will be taken to impede his journey or prevent him from fulfilling the duties assigned to him in Mexico by President Wilson.

Bryan's Friendly Message. Secretary Bryan today directed Charge O'Shaughnessy to transmit to the Huerta Government in the name of the United States assurances of friendship and proper motives which animated President Wilson in sending Lind to Mexico.

It expressed the belief that the Mexican Government had been misled by the press dispatches from the United States placing unwarranted and unauthorized construction upon the mission of Lind, and asserted that no one claiming in Washington knew what the errand was, that it would not develop until he arrived and placed the message before him in the hands of the messenger for whom it is intended, and Mr. Bryan requests the Mexican Government to reserve judgment until in possession of the full facts.

In light of this it is very unlikely any further objection will be urged to the coming of Mr. Lind.

Government More Stable. When Mr. Lind begins to gather information for the purpose of enabling him to form his judgment of the situation he will find conditions, in so far as the stability of the Huerta government is concerned, apparently much improved over two weeks ago. In the past fortnight the successes of the Carranza rebels against the Carranza republic in Washington reports given by federal sources, Sonora still in a bad shape, but no worse than formerly. The federalists assert with justification that in Morelos, where the Zapitistas have dominated, the conditions are nearly to a point where pacification seems possible.

Railway telegraph lines that were closed by the rebels and bandits have been opened.

Finances Badly Tangled. To offset these gains the economic conditions show little if any improvement. The condition of the government finances grows more grave daily. The Huerta government seems to be that the Huerta is obtaining considerable sums from sources which cannot be identified, although the greater part of the expense of waging war against the rebels probably is covered by the revenue collected through the ordinary channels which still are considerable, despite the falling off of imports and exports and depression in business.

The Toronto World correspondent is informed by a reliable source that Huerta has about twenty million pesos on hand and is paying promptly for munitions of war, also the troops. The same informant asserts positively that arrangements were completed this week providing Huerta with four million pounds sterling by English capitalists. The inference is that if this is true, it is one more demonstration of practical friendship for Huerta by certain British financiers heavily interested in Mexican investments, who already are credited with doing him important service in using influence to obtain recognition by the British government.

All that we can say is just this: We took a high dive into shallow water, and came up with a sorrowful expression in our wrist, which, in spite of much bandaging, grows wuss and wuss. Of what happened beneath the limp water, we know nothing, we have no recollection. TUBES NOT SO OBJECTIONABLE.

In a lucid interval, the Telegram evidently set down to discuss in last night's editorial on "Car Service at Cost the Goal of Toronto's Policy," the pros and cons of its own attitude towards the proposed purchase of the street railway.

It argues that the advent of cheap power thru the hydro system was the first essential step toward a city-owned car service. It was not enough to sit with folded hands waiting for the expiry of the franchise in 1921. Power had to be secured.

So far so good. But at this point the Telegram's fatal weakness supervenes. It tells us that the difference between hydro-electric prices for power eight years hence and MacKenzie prices is \$500,000. One might as easily say \$1,000,000. Competition for the city contract between the three electric companies might bring prices just as low as The Telegram can figure them now on actual experience, or lower.

It may turn out as some assert, that the street railway power is cheaper than the hydro is. This is what we need a valuator's report to tell us.

As an after-thought The Telegram also takes a whack at the transportation committee, which is described as "absurd and obstructive." This is due to Aid. Wickett's connection with it, probably, and to the fact that on the recommendation of the committee, Mayor Hocken and Controller MacCarthy approached Sir William Mackenzie relative to the purchase of the railway. To establish its contention on this point, The Telegram must prove that Sir William had the transportation committee appointed, and dictated its report. The Telegram, we are aware, is quite capable of replying editorially: "Well, maybe he did." It is on account of that weakness The Telegram is losing any influence it used to possess. The people want facts. And The Telegram could not do better than to do the facts: or if unwilling to do so, at least it should wait till the valuator's report places the facts at its disposal.

It is interesting to see that The Telegram has adopted The World's idea of tubes for rapid transit from the suburbs. It says: "Toronto should not hesitate to build car lines into every district that really needs car lines, and, if necessary, tubes to enable the civic cars and the radial cars to travel from the circumference of the old city to the centre of the new city." We believe The Telegram means from the circumference of the new city to the centre of the old city, but it will persist in going out in the sun without a hat and gets things mixed up a bit.

However, The Telegram has thus adopted one recommendation of the "absurd and obstructive" transportation committee, and of that "ignorant journal," The World, and so we are coming along nicely. The other recommendation was that the city should try and unify all the city car services. Mayor Hocken and his valuator, the Hydro Commission and the city council, are now all intent on that point, and the Telegram dissects them with force of habit, aggravated by hatless exposure to an unusually hot summer. We shouldn't be surprised if events showed that there was a good deal of wisdom in the transportation committee after all. And if the attempt at unification fails, we can always fall back, as The Telegram says, on the other recommendation, and build tubes.

THE CASE OF GOVERNOR SULZER. It looks from here as if the Tammany pack had Governor Sulzer of New York between the river and the wall in the life and death struggle, popular sympathy has so far been with the governor. Tammany's efforts to discredit him by a trumped up breach of promise suit and by charging him with irregular conduct as a young lawyer some years ago, did not hurt him with the public, but the testimony before the legislative committee places Mr. Sulzer today in a position of startling peril.

Baldly stated the charge is that Mr. Sulzer, as the Democratic candidate for governor in 1912, received contributions for his campaign aggregating \$36,000, of which amount a considerable portion passed thru his personal bank account for the purchase of railway shares, for his personal use, of which he is still the owner. There is involved not only the breach of faith, in using for his personal aggrandisement, money given him for

THE WILLOWVALE PROTEST.

In the protest against diverting the Willowvale Park from its designated purpose the residents of the district have their own evidence of the lack of co-operation in the management of city affairs under the present system. We have protested against the system for long enough, but there are still a lot of people to be convinced. Harmony of policy and absence of friction among the several departments is what is needed.

SIX ATTEMPTS TO DESTROY BUILDINGS.

Young Woman Charged With Repeated Efforts to Burn Down Farmers' Barns. BROCKVILLE, Aug. 8.—(Special.)—Annie Curtis, the young woman charged with setting fire to the outbuildings of Jeremiah Flood at McIntosh Mills, was given a preliminary hearing today after which she was committed for trial. The evidence of six witnesses, including Mr. Flood, was taken. The latter swore that six attempts were made last month to destroy his property, but in each case the blaze was detected, and that later the girl confessed to him that she had committed the deed. He also swore he had noticed on the first day she became an employe of his household three months ago she showed signs of mental derangement.

CHEAP IMPERIAL CABLE SERVICE.

In the July number of The Monthly Circular, issued by the Empire Press Union, there is reprinted from The "Times of Ceylon" the report of an interview had with Sir John Henniker Heaton, to whom was mainly due the introduction of the universal penny postal rate within the dominions. Yet another of the methods by which he hopes to solidify imperial interest is the improvement and cheapening of the cable service, a project which has already received the endorsement of the various governments concerned, but as yet has resulted in little of practical benefit. Some concessions have been obtained, but the offer of lower rates on deferred service and for week-end cables is only a palliative intended to divert attention from the only effectual remedy.

Sir John again points out what has long been recognized as the fundamental obstacle to a real and cheap cable service that the companies controlling the traffic prefer to earn large dividends on a dear and limited service rather than on a cheap service which aims at making itself of as wide benefit as possible. "The whole of the cables of the world," he is reported to have said, "are in the hands of two great cable rings, the Eastern Telegraph Company and the Western Union with all their associations. Their cables are capable of carrying twenty times the work they do at the present time; in other words, the lines are at present practically idle and are for the use of millionaires instead of for the use of the millions."

Sir John points out that the cables from Britain to this continent are capable of carrying, under ordinary working conditions, 340 million words a year, yet today they only carry 24 millions. Moreover, a recent invention has increased the capacity to 1,200 million, or by more than three times. The cables are being kept idle by the cable rings, and Sir John is strong in thinking that the only method of breaking down the monopoly is by the

THE PHILOSOPHER OF FOLLY.

As the shades of night descended to the house next mine I wended for a gossip with my neighbor at the closing of the day; I walked but three or four steps and I climbed up on his doorstep, where we chatted in the twilight as the moments sped away; there we slammed the poor old weather and we asked each other whether the outrageous cost of living could to higher records rise, and we talked on immigration and the Balkan situation and the stringency of money and the conquest of the seas; we conversed on tariff matters, and we figured out the matters who would have the highest standing when the penance race was won, and we laughed at women's fashions, with their trend to slits and slashes, and we grumbled at our taxes and the way the town was run; we speled on art and letters, and we spent sundry moments laughing at the spent sundry moments laughing at the ties which we had purchased in the haberdasher's shops. But to politics we drifted, and our voices soon were lifted in a wild concatenation of the choicest Billingsgate; then we pranced round that verandah like two wild men from Uganda, as he slammed me in the washbone and I rocked his foolish pate. I can stand all kinds of banter, but it rouses me instantly there is not a thing I wot of which so quickly gets my goat as to have some crazy neighbor spend his time—in fruitless labor—in an effort to persuade me that I don't know how to vote.

Dymen v. Haffey.—R. G. Agnew, for plaintiff, moved for judgment under C. R. 608, Leveson, for defendant, held that sufficient ground shown for allowing defendant to defend and no order made except that costs be in the cause.

Northern Crown Bank v. Arnett.—D. R. M. Lennox, for defendant, obtained on consent order dismissing action without costs.

Charlebois v. Western Canada.—C. J. Smith, for plaintiff, for defendant, asked that motion for judgment, consented to, be enlarged a week. Enlarged accordingly.

Imperial Bank v. Chalk.—W. J. McWhinney, K.C., for plaintiff, moved for judgment under C. R. 608, K. Lennox, for defendant. Enlarged one week.

Muir v. Imperial Motor Co.—F. L. Smiley, for plaintiff, obtained order on consent dismissing action without costs.

Imperial Trusts v. Goldthorpe (two sections).—Mr. Steel, for plaintiffs in each action, obtained final order of foreclosure.

Smith v. Canadian Northern Railway Co.—W. K. Murphy, for plaintiff, obtained order amending writ by changing name of defendant to Canadian Northern Ontario Railway Co.

Judges' Chambers. Before Lennox, J. Rex v. Gilmore.—S. S. Mills, for defendant, moved for order dismissing conviction of defendant for selling liquor without a license. J. R. Cartwright, K.C., for the crown. Judgment: The defendant was fined \$500 and costs. I regret that I cannot do anything for him. I am inclined to believe that the technical objection taken that "service" includes service upon the clerk of the peace and that the applicant's proceedings were too late is a valid objection but I prefer to dispose of the case upon the merits and upon which I can give relief. The motion is dismissed with costs.

Beaside Excursion via The Intercolonial. The annual I. C. R. excursions to the seaside show that very cheap fares are given to the watering places along the lower St. Lawrence and the Maritime Provinces, which should interest those who have in mind a suitable holiday trip. The going dates are August 15 to 19, and the excursion tickets are good for return until September 4. From Montreal the I. C. R. run two thru expresses eastward daily at 7:45 a.m. and westward daily except Saturday for points further east. The Ocean Limited leaves daily at 7:45 a.m. for Halifax. The sleeping and dining car service on these two thru expresses is the equal in every way of that of the best thru trains on the continent. Particulars of these excursions will be furnished at the city ticket office of the Intercolonial Railway, 51 King st. east. 23456

AN ENGLISHMAN RILED

At the Way the British M. P.'s Said They Were Touched with Canada's Loyalty. An English-Canadian, well known in Toronto, said yesterday: "What is it that annoys me when the British M. P.'s are in session, during which they are treated with high consideration, address their brethren in the empire in English, that they would never dream—I had almost written 'dream'—of speaking their own country? The fact that they do all that sort of thing, when they are obviously trying not to give offence, only throws into stronger relief the persistence of the old idea that there is something inferior about a 'colony' and about 'English' Lord Emmott is 'under-secretary for the colonies' and about 'English'.

CORNWALL MAN WAS VICTIM OF ACCIDENT

CORNWALL, Aug. 8.—(Special.)—Who has commissioned a body of parliamentarians to speak in this way? What is the function of this band of parliamentarians towards the crown that they use the exact language of majesty? There is, I believe, an old statute under which any subject who presumes to speak for the King without the express command of His Majesty, is guilty of high treason, and may be hanged, drawn and quartered. When did the King commission the under-secretary to go thru the empire saying he was touched by the loyalty to the throne of his equals before the throne? Lord Emmott was unconscious of the course of the subtle arrogance displayed towards the fellow-citizens of the empire on a pilgrimage to Lanes, supposes that had held a few meetings as he passed thru desirable and on crossing the Cornish border, had issued a statement to the press to the effect that he had been touched by the evidence his equals before the throne—why, if he ever did do anything he would be ridiculed in every paper in the country, and would not long remain an under-secretary.

AN ENGLISHMAN RILED

At the Way the British M. P.'s Said They Were Touched with Canada's Loyalty. An English-Canadian, well known in Toronto, said yesterday: "What is it that annoys me when the British M. P.'s are in session, during which they are treated with high consideration, address their brethren in the empire in English, that they would never dream—I had almost written 'dream'—of speaking their own country? The fact that they do all that sort of thing, when they are obviously trying not to give offence, only throws into stronger relief the persistence of the old idea that there is something inferior about a 'colony' and about 'English' Lord Emmott is 'under-secretary for the colonies' and about 'English'.

CORNWALL MAN WAS VICTIM OF ACCIDENT

CORNWALL, Aug. 8.—(Special.)—Who has commissioned a body of parliamentarians to speak in this way? What is the function of this band of parliamentarians towards the crown that they use the exact language of majesty? There is, I believe, an old statute under which any subject who presumes to speak for the King without the express command of His Majesty, is guilty of high treason, and may be hanged, drawn and quartered. When did the King commission the under-secretary to go thru the empire saying he was touched by the loyalty to the throne of his equals before the throne? Lord Emmott was unconscious of the course of the subtle arrogance displayed towards the fellow-citizens of the empire on a pilgrimage to Lanes, supposes that had held a few meetings as he passed thru desirable and on crossing the Cornish border, had issued a statement to the press to the effect that he had been touched by the evidence his equals before the throne—why, if he ever did do anything he would be ridiculed in every paper in the country, and would not long remain an under-secretary.

Rowing Dibble Wins Heat In Senior Singles Program Today Races Results at Three Tracks

DIBBLE IN FINAL OF SINGLES BEAT BUTLER IN QUARTER MILE

Canadian Champion Again Took Measure of Argo Man—Argos Won Fours From Vespers.

BOSTON, Aug. 8.—American and Canadian oarsmen divided honors in the first day of the forty-first annual regatta of the National Association of Amateur Oarsmen, held in the Charles River basin. Toronto carried off the chief honors for the visitors from across the border, the Halifax scullers failing to win a prize. Chief interest centered in the two trial heats of the association senior singles. R. Dibble, the sensational oarsman from the Don Rowing Club of Toronto, and J. B. Kelley, from the Vesper B.C. of Philadelphia, each won his heat in comparatively easy fashion. Dibble's time was considered faster than that of his American rival, although the Toronto man did not appear to exert himself until the last quarter. He is generally considered the favorite for tomorrow's final. The winner of this event will be entitled to compete later in the day in the championship singles, which carries with it the amateur championship of the country. Dibble, besides winning his heat in the quarter-mile championship, in which he and Toronto rival, E. B. Butler, rowed with their shells lapped all the way. Dibble retained a slight advantage at the start, finishing 1-5 seconds ahead of Butler. In the more important, rowers won the international four-oared race at the Vespers of Philadelphia by a comfortable margin. Vespers claimed the Argonauts had committed a foul, but their protest was not sustained.

THE TWO JACKS TO START ON SCRATCH

Combined Athletic Meet at Beach Sees Local Cracks in Mile Foot Race.

Jack Treasider is going to start on scratch with Tait in the mile handicap at Scarborough Beach tonight. They expect to hit the 15 in 2.6 and the mile in 4.25 or better. Tait will try to break his 5 1/2 mile record of 2:19 2-5 on the way. There will be a real fight on between Campbell of Varsity, Ted Phillips of Broadview, and G. H. McCullough of West End, who start on the same handicap mark. All the Broadview boys are banking on Phillips to beat McCullough. Scotty Wilson and Brady rested up last night as they know they will have a hard grind in the race before they try to catch Shell and Streiger, the Buffalo pair.

Indians in Crucial Game With Torontos

Well, the final game of the bitter struggle between the Torontos and the Tecumseh club is on today at the island, and it looks as if it would be a close one. The Torontos have a 2-1 lead in the series, but the Indians have a 2-1 lead in the series. The Torontos have a 2-1 lead in the series, but the Indians have a 2-1 lead in the series.

Australians Score Heavily First Day

NEW YORK, Aug. 8.—The Australian cricketers began their "ten days" match against a West Indian eleven at Celtic Park, Long Island, today. When stumps were drawn the Australians had 212 runs, having dismissed the West Indians for the small total of 15 runs in their first innings. Owing to the roughness of the field, a broad strip of matted grass was laid between the wickets, so that neither batsmen nor bowlers had any advantage. The bowling of the Australians was excellent, as many runs while Crawford was credited with the other three at a cost of only five runs.

AMATEUR BASEBALL

Wellington, city champions, and Harry Taylor's New Beachers, play for the city baseball championship this afternoon at Scarborough athletic field. Two fast games are promised for this afternoon on Perth avenue school grounds. St. Cecilia play Cardinals at 2:15. Batteries are Taylor and Corcoran for Saints and Miller and Hill for Cardinals. Parkdale and Russell Motor Car at 4. Curzon and Creelley will be Smith for Parkdale, and Mason and Smith for R. M.

ALL ARRANGED

VANOVER B.C. AUG. 8.—The manager of Faddy Welch, the English light weight champion, said today it could be possible for the English and the Irish, Willie Ritchie's opponent in the fight scheduled here for the American championship, to have a minor detail or two, had been reached.

BEN WELCH IS AT GAYETY NEXT WEEK

with Monday's matinee, Ben Welch and his burlesques will be seen in the famous farces with music, "Cupid's Love Pile," and the satire on the army, "The Grip of the U. S. A." The newspaper reviewers have heaped praise upon the magnificence of this production. The audience, when not dazzled by the grandeur of the moving pictures, is indulging in uproarious laughter at the antics, comic songs and sayings of the comedians. As a burlesque it is remarkable, containing a pick of both English and American stages, so far as theatrical charms are concerned.

FOOTPRINCE WINS KALAMAZOO PACE

Grand Circuit Closing Provides Good Racing—Dudie Archdale's Free-For-All.

KALAMAZOO, Mich., Aug. 8.—With a card of four exceptionally good races, the Grand Circuit meet came to an end here today. Although attendance among the 306 horses shipped here to take part in the races out the field in nearly every race down to four, five or six horses, interest in the event did not abate, the attendance this year exceeding all previous records.

Foot Prince, one of the few favorites to win during the meet, had no trouble in taking both heats of the 2.07 pace. The real contest in this event was between Warner Hall and Eddie Dillard for second place, each getting two seconds and two thirds and dividing the second and third money.

Dudie Archdale, driven by Frank Jones, the Southern millionaire, won the free-for-all trot. Anvil broke twice in the first heat and was distanced. Never once during either heat was any horse in the race ahead of Dudie Archdale. Ross and Bush McGregor ran a good race for the second place.

After a bad start in the first heat of the free-for-all pace, Braden Direct went into a break and finished fourth, but he had the speed in the next two. In the second heat, Longworth made a remarkable race from back in the field to second place, and was close to Braden Direct at the wire.

Baron Del Ray, favorite in the 2:17 trot, acted badly in the first heat, which Lulu Worthy captured rather easily. Thereafter, Baron was never in danger.

2:07 pace, purse \$1000, two in three: Foot Prince, ch. h. (Pittman) 1 1/2; Warner Hall, br. h. (Bryson) 2 1/2; Eddie Dillard, ch. h. (Snow) 3 1/2; Anvil, br. h. (Gardner) 4 1/2. Time—2:07 1/2, 2:04 1/2, 2:07 1/2.

Free-for-all trot, purse \$1000, two in three: Dudie Archdale, blk. m. (Jones) 1 1/2; Ross B. b. g. (Donahue) 2 1/2; Ruth McGregor, br. m. (Murphy) 3 1/2; Anvil, br. h. (Gardner) 4 1/2. Time—2:05, 2:04 1/2, 2:07 1/2.

2:17 trot, purse \$200, three in five: Baron Del Ray, br. h. (Rodney) 1 1/2; Lulu Worthy, br. m. (Cox) 2 1/2; Rapallo, br. h. (Hodges) 3 1/2; The Guide, blk. m. (Gardner) 4 1/2. Time—2:14 1/2, 2:14, 2:14 1/2.

CANADIAN TENNIS CHAMPIONSHIP.

There is a good deal of interest developing in the Canadian lawn tennis championships, which begin on Monday on the grounds of the Toronto Tennis Club, Price street. This tournament has been held in Vancouver, Ottawa and St. Johns, but such success has been promised for this year's contest. It is altogether probable that it will be permanently allotted to the Toronto Club. Redding, the importance of the event there will be an interesting innovation. These officials will receive careful instructions, and get familiar with the institution of a consolation event for those eliminated in the first round of the men's open singles.

MOTORCYCLE RACES AT THE EXHIBITION

American Champion to Meet Baribeau—The Entries and the Program.

John U. Constant of New York, the U.S. champion motorcycle rider, who rides a champion motorcycle, arrived at the Exhibition yesterday, and in his trials at the Exhibition track in the morning rounded the track one-fifth of a second faster than Baribeau or Cole were ever clocked. If he can do the same in the races, Baribeau can kiss the Ontario championship good-bye. Vanalinkirk of Rochester has a new ported machine with him

and is going faster than he has yet shown. Bob Scott's machine has loosened up in grand style, and he will give Alex. Duff, this year's amateur sensation, a great run for the honors in the amateur races. The races start at 2.30. Seven events are carded. There are 18 entries in the novice and amateur events, and five are carded in the professional events. In the pro. events, the race for third between Vanalinkirk and McIntosh will be just as keen as the clash for first between Constant and Baribeau.

SOCCER TODAY
Following are the T. and D. games for today:
—Comnaught Cup—Second Round—Wychwood v. Eatons; Old Country v. Parkways; Thistles v. Simpsons; Daventports v. Sunderland.

BEACH CANOE CLUB FALL REGATTA TODAY

Last Club Contest of Season—Winners Will Have Lively Battle.

The Balm Beach Canoe Club will hold their annual fall regatta on their half-mile course this afternoon at Balm Beach, at 2.30. They have a card of 12 events, in which the following feature: Old members' war canoe v. new members' war canoe. Senior four race for Jones Cup. Dolan Cup for regatta championship. Fairhead shield for all-round-season championship. Single-blade tandem, with ten club entries. The junior tandem race should be a hummer. All the boys are out to win from the Edmonds, who made such a good showing at the C.C.A. finals at St. Johns on Saturday last. The war canoe race between the old and the new members will see the following "fossils" in action: Chas. Meviers, Stan. Reid, Jim. Stan. Coleman, Bobbie Ross, Bert Jones, Dad Fairweather, Bill Kirby, Jimmy Dolan, Chas. Meviers, Stan. Reid, Hugh Stumper, Paul Lang, Bert Orr, Freddie Abbott, Percy Hall and Laurie Curran. The "lightweights" will be captained by Geo. Edmonds.

THE TORONTO PLAY WINNIPEG C. C. NEXT

Two Games Today in City Cricket League—Official Lists of Players.

Had Green eliminated one of those "no balls" or "a dozen or so other things not occurred or vice versa" last Tuesday at Varsity, the St. Albans Cricket Club and not Toronto would be defending the Robertson Cup next Friday and Saturday against Winnipeg. However, to the victors belong the spoils and the trophy is still in good hands, with little likelihood of being lifted by the westerners.

Local cricketers regret that the Rosedale XI, which is playing a particularly strong season, will not be given a chance to play Toronto for the championship.

Local cricketers regret that the Rosedale XI, which is playing a particularly strong season, will not be given a chance to play Toronto for the championship. However, two teams will play off their City League fixtures on Labor Day, and if Rosedale wins the holders' title to Toronto will be hardy as clever as it might be.

SENT NO BUTTER TO OLD COUNTRY

But Over Six Million Pounds Were Imported Into Canada.

The report of the minister of agriculture for the year ending March 31, 1913, has been printed. It contains in concise and readable form a review of the work carried on by the department of agriculture through its several branches and divisions during the year. It includes also the annual report of the board of directors of the Canadian Agricultural Exhibition, which was held at Rome against tuberculosis.

Referring to the trade in dairy products it is pointed out that for the first time in sixty years no butter was exported to the United Kingdom, but on the other hand more than six and one-half million pounds were imported into Canada during the year.

The live stock commissioner by means of public sales distributed upwards of 1,200 breeding sheep, about one-third of which were pure bred rams. In the record of performance about one thousand sows have been entered for test. These represent stock of about 150 farms.

Experimental Farms. Three experimental farms system which includes the central farm and fifteen branch farms and stations. An enormous amount of work has been done. The report not only gives a general knowledge of its extent but brings to light many accomplishments for agriculture. It is pointed out that the new spring wheat, Marquis, yielded at the rate of 81 bushels per acre. The still never before what good crops were sent out for test during the year.

A much larger quantity is promised for distribution during the coming winter. Many other useful points are recorded in the minister's report, copies of which are available to those who apply for it to the publication branch of the department of agriculture at Ottawa.

GANZEL'S HIRED MEN LOSE TO BALTIMORE

Three Hustlers' Pitchers Unable to Stem Batting of the Birds.

BALTIMORE, Aug. 8.—This afternoon's game was a slugfest. Keefe, for Rochester, lasted three innings, being relieved by Hughes. Lush, for Baltimore, pitched in the seventh. Lush, coupled with heavy batting by Derrick, Cooper, Bill Egan and Twombly, won for Baltimore.

INDIANS' TRIO OF RUNS BEAT ROYALS

NEWARK, Aug. 8.—Harry Swain's double, Myers' infield fly and Eddie Zimmerman's sacrifice fly to deep right gave the locals a 3 to 2 victory over the Royals today. The winning run was scored in the opening inning, but singles by Swain, E. Zimmerman and Higgins tied the score in the seventh. Newark's fielding was sensational. Score: Newark, 3; Royals, 2.

WEIRD CONTEST GOES TO LEAFS

O'HARA CLOUTS FOR THE CIRCUIT

Leafs and Grays fought a tight ball all over the lot, but Lush Twirled Better Ball Than Moran and Kelleyites Won.

PROVIDENCE, R.I., Aug. 8.—(Special.)—One of the weirdest and poorest played games of the season, Toronto by default, Providence this afternoon by a score of 6 to 5. Both teams vied to see which could play the poorer ball, with the locals winning out by a considerable margin.

Berlin Takes First on London Grounds

LONDON, Aug. 8.—Scheffer held London well in hand with men on bases and won the first game in his first game on the local grounds this season by the score of 2 to 1. Two runs worked across on three hits, a base on balls and an error netted the visitors their runs early in the game and were sufficient to win by the score.

YANKEES DESCEND VIA ST. LOUIS RALLY

Highlanders Looked Like Turning the Trick, But St. Louis Burst Balloon.

NEW YORK, Aug. 8.—St. Louis took the first game of the series from New York by a score of 6 to 4. The locals had the lead up to the eighth inning, when St. Louis made a rally, which drove McConnell out of the box and netted four runs. Fisher replaced McConnell with the score tied, and two men on bases, Hampton was wild and was hit hard, but was effective with men on base, intricate passes being put in.

Some Mighty Wallops

The third inning was eventful, but the Leafs made the first half of the fifth productive of several runs, again showing up well, especially in the first half of the inning. The use of balls, some a base on balls, was a combination of hitting and fielding errors. Bemis made a mistake on a ball, and Lush was given a lift on O'Mara's bad throw. McConnell poked a hit to centre and O'Hara fouled to it.

Hugheys Opens with Victory for Saints

ST. THOMAS, Aug. 8.—Brantford played good ball here today, but after the second innings could do little with Hugheys' pitching. He was his first game in the Canadian League, and with the exception of the second innings was never in trouble. The Saints missed a few wallops in several walks, which were the first and last of the game. Score: Hugheys, 2; Brantford, 1.

SLUGGEST DECIDED BY HOMER IN NINTH

Reds Pulled Out of Hard-Hitting Contest With One-Run Victory Over Giants.

CINCINNATI, Aug. 8.—Hoblit's home run with one man on base and two out in the ninth inning today sent New York to defeat by a score of 7 to 6. It was a free-hitting contest, all the pitchers being batted hard. Suggs, who started the game for Cincinnati, lasted six innings, while Tesreau, who began for New York, was knocked out of the box in the sixth.

REPORT ON CORN QUITE BULLISH

Government Figures Out Too Late to Affect Market—Wheat Lower.

CHICAGO, Aug. 8.—Government figures today on crop losses in corn proved to be much more bullish than expected.

The report, however, came too late to affect prices, the market closing easy at a net advance of 5-8c to 1-1 1/2c.

Latest trading left wheat 1-1/2c to 3-8c down, oats unchanged to 1-1/2c higher and provisions off 2-1/2c to 3c.

Guessers on the Washington estimate as to yield of corn had put the production at 2,000,000 bushels too high.

Advanced prices today were based not so much on what the government report would show but on the continuing drought in Kansas, Missouri, Iowa and Nebraska and the excessive heat in the first-named states.

Good rains in Illinois and parts of Indiana and Ohio seemed to make no impression in favor of the corn bears.

At the same time, a hard rain was in progress at Galveston and El Paso attracted more attention.

The idea prevailing that this storm might work north and bring relief to the district so long affected by drought.

Wheat Report Favorable. There was the least action in wheat prices that has taken place in some time.

Because of bullish official figures expected after the close the crowd feared to follow the bull turn in corn.

The dread was well grounded, for the Washington report on wheat verified advanced estimates here.

Primary receipts were 1,850,000 bushels a year ago.

1,412,000 bushels and 1,200,000 bushels from Washington served to check any decided upturn.

Chicago wheat weakened the provisions market. Holders were taking advantage of support due to strength of corn and hogs.

EUROPEAN MARKETS.

The Liverpool market closed 1/4d lower at wheat and 1/4d higher on corn.

ST. LAWRENCE MARKET.

Receipts of farm produce were 15 1/2 bushels of wheat and one load of straw.

Wheat—18 1/2 bushels sold at \$17 1/2 for 18 1/2 bushels and \$17 1/2 for 18 1/2 bushels.

One load of straw sold at \$18 per ton.

Prices range from \$1.25 to \$1.50 per bushel.

JURUPRODUCTION OF THE NIPISSING

Nearly a Third of Million Dollars Represented in Shipments.

COBALT, Aug. 8.—Nearly a third of a million dollars represented the shipments from the Nipissing mines for the month of July, the estimated net value of these shipments being \$214,116.

The company mined ore of an estimated net value of \$224,216 during the same period.

The high grade mill treated 177 tons and shipped 531,099 ounces of silver, slightly below the June figures of the mill. The low grade mill treated a total of 7268 tons.

Favorable developments were met with at shafts 78 and 150 during the month. At the latter working on the company's property near the Savage

excavated three to four inch well defined calcite vein was picked up on the 200 foot level. It is the most favorable development at this shaft to date.

COBALT, Aug. 8.—(Can. Press).—The Queen's Own Hussars, the oldest cavalry regiment in Canada, in which many Canadian military officers, including Col. Canada, Pelletier and Gen. Lessard, received their early training, has been disbanded.

The corps has been in existence 101 years.

GOOD TASTE IN HOME FURNISHING

Gone are the days when any kind of furniture could be sold to the average man. To be a success, the manufacturer today must satisfy the artistic sense of the dealer and of the public. The August Furniture Sale stocks are composed of handsomely designed, new goods, many of them reproducing the best models of several periods, adapted to modern needs. By clearing the makers' over stocks and by bringing in larger quantities, we have secured the finest sale stocks ever offered in the store, which is making a very broad claim for both quality and price.

Wednesday, Aug. 13th, is the last day on which orders will be taken for the making up of draperies without charge. Positively no orders not closed before that date will be accepted on this basis.
