BOTHA, FOR ENTIRE BOER FORCES, RE-OPENS NEGOTIATIONS WITH BRITISH FOR PEACE

WITH DISMISSION OF LEADERS OF ENEMY FINISH OF SOUTH AFRICAN WAR IS IN SIGHT

GENERAL DEWET.

DEWET CRAZY BOTHA TAKES COMMAND.

CALL TOWN, April 10.—General Botha has re-opened negotiations with the British for peace. As explained here, this action was determined in part by General Dewet's discovery, at a recent meeting, that General Dewet's intellect had weakened, and that his influence with his followers was diminishing, and that a continuance of the campaign, in view of General Dewet's irresponsibility, rested with General Botha alone. It is understood here that altho General Dewet, at his recent interview with General Botha, refused to surrender, Gen. Botha, regarding him as irresponsible, undertakes to negotiate in behalf of the entire Boer forces. The British authorities here consider that if Gen. Botha surrenders, Dewet's following can be easily taken. [It will be recalled that Gen. Botha, after conference with the Boer leaders, refused Lord Kitchener's peace terms on March 18. Dewet was considered the stumbling block on that occasion, and ever since reports of his tottering mind have come to the ears of the world. Now it is evident that Botha means business and that the end is in sight.]

GENERAL BOTHA.

WAR REPORT IS CREDITED

London Hears the News With Satisfaction, Tho it is Not Officially Confirmed.

MUST BE UNCONDITIONAL SURRENDER

With Budget Needs Pressing the Boers May Reckon on Fair Treatment.

London, April 11.—"It is semi-officially asserted here," says the Cape Town correspondent of the Daily Telegraph, "that Gen. Botha has had another interview with Lord Kitchener, in which he informed him that he had seen Gen. Dewet, who still refused to entertain the idea of surrender on any terms. Gen. Botha, however, reports that he is no longer responsible for his actions, and seeks a modus vivendi on behalf of all the burghers."

The report that Gen. Botha has renewed the negotiations with Lord Kitchener is not yet officially confirmed, but it is generally credited and received with satisfaction, except by the ultra-Jingo, who fear that the Government will renew the terms recently rejected. Regarding Gen. Dewet's mental condition, reports have been conflicting for some time. His recent inactivity points to some being true in the reports, which allege that long continued hardships, under the harassing British pursuit, have unseated his mind. On the other hand, a correspondent of the Times quite recently acknowledged the "wonderful" feat of Gen. Dewet's strategy, which characterized Gen. Dewet's retreat from Cape Colony. As far as the previous Boer negotiations, the British press again loudly insists on "unconditional surrender" and with budgetary necessities staring the country in the face, if negotiations are opened, the Daily Chronicle editorially, "may reckon on fair treatment" at the hands of the British.

PLAINS OF ABRAHAM.

Ottawa, April 10.—(Special).—Hon. Mr. DeWitt stated the other day that he had not conscientiously supported the payment of \$80,000 by the Dominion for the Plains of Abraham as a national memorial. The reason is now coming out. The battlefield of the Plains of Abraham, just adjoining the walls of Quebec, is owned by the Ursulines. Adjoining the battle site is the estate of the late Mr. Beckett, a former partner of Mr. DeWitt. This property has been offered for sale, and would cost a large amount of money. Some short time ago Mr. DeWitt, as executor or trustee of the estate, was asked to purchase the property for \$17,000 to two French-Canadians, all he could get for it, notwithstanding that it was the sister's, and these two fortunate speculators, who are also members of parliament, are asking \$80,000 for it. The sisters say they will surrender the adjoining property, and use the \$80,000 to buy the Beckett property, which would cost \$50,000. Mr. DeWitt thinks he cannot conscientiously support such a proposition, and he has not.

TRUE BILL FOR MANSLAUGHTER.

Against the Kempsville Young Men, Garrett, Dell, Newman and Cannon.

Brockville, Ont., April 10.—The Grand Jury at the Assizes this evening brought in a true bill for manslaughter against John Garrett, William Dell, Thomas Newman and James Cannon, who were implicated in the death of Lancelot Banks at Kempsville on March 6. Early that morning the four young men entered the liveries of Banks Bros., and created a disturbance, during which Lancelot B. Banks received a blow on the left side of the head about the temple, from a wagon stake. It is alleged, in the hands of John Garrett, which caused his death in a few hours. A warrant was at once made up by Magistrate Selbeck, for the arrest of the four young men above named, and they were soon arrested. The coroner's jury found Garrett guilty of murder, and the other three were charged with being accessories. They were given a preliminary hearing before three magistrates, and formally committed for trial at the Brockville Assizes, now in session here. The prisoners will be put on trial to-morrow.

THE C.P.R. CALLS OFF ITS DOGS AND THE CROW'S NEST BILL GOES

Arrangement at Last Reached by Which Jim Hill Will Be Allowed to Tap the Coal Mining District of British Columbia—Exact Terms Not Stated.

The C.P.R. will have their coal lands, which they have held for ten years, handed over to them at once. The Coal Co. will undertake to supply the C.P.R. with fuel for their engines, and the Government to select its 50,000 acres immediately.

Ottawa, April 10.—(Special).—The promoters of the Crow's Nest Railway Company will be before the Railroad Committee of the Commons-to-morrow morning, without any opposition from the C.P.R. The committee will be asked to connect the Crow's Nest coal mines with Jim Hill's Great Northern Railway at the International boundary. It was at a time when the two interests that consideration of the Crow's Nest bill was postponed at the last meeting of the committee. The exact terms of the arrangement have not been stated, but the World learned to-night that the C.P.R. has been secured in the privilege to work its own coal areas in the Crow's Nest district about the Crow's Nest Company falls to give satisfaction to the British Columbia smelters. These are as were assigned to the C.P.R. by the terms of the arrangement under which it bought out the British Columbia Southern branch four years ago, and it was provided that the company should not operate in the coal and coke supply for the British Columbia smelters. It appears, however, that the C.P.R. has agreed to supply the smelters with coal and coke for a period of six months, after which it will be open to the C.P.R. to sell or lease its coal lands, 50,000 acres, which it has not yet developed. The C.P.R. will also be allowed to select two sections within six months from now, instead of being tied up for 10 years.

FRANCO-ITALIAN LOVE FEAST

President Lobbet Welcomes the Duke of Genoa Amid Cheers of Thousands.

DECORATIONS WERE DISPENSED.

Spanish, Japanese and Russian Officers Were Also Paid Compliments at Toulon.

Toulon, France, April 10.—President Lobbet this morning paid his promised visit to the Russian squadron. He decorated Admiral Biriukoff and two of his officers with the Legion of Honor. Admiral Biriukoff, who is the captain of the Russian fleet, and his staff, to be used, landed and conducted M. Lobbet aboard the flagship. The whole squadron was dressed and manned.

STEEL RAIL CONTRACT WAS MADE JUST BEFORE GENERAL ELECTION

Yet the Bargain Was Kept a Profound Secret Until Now—Contract Is for Five Years—Hon. Mr. Blair Misstated the Terms in the House.

Ottawa, April 10.—(Special).—The Minister of Railways, in Committee of Supply in the House yesterday, explained that he had entered into a contract with the Steel Rail Power Company, of which Mr. F. H. Clergue is president, for the supply of 25,000 tons of steel rails at \$22.50 per ton, for the Intercolonial Railway, to be delivered during the coming summer. He stated: "I have no explicit contract with them for any term beyond the fiscal year in which we are now entering, we have an understanding with them under which, if they furnish us, as they are bound to do, with rails of the quality and standard we require, and at the current price in the English market, we are prepared to continue to take over rails from them."

Such was the Minister's statement. The contract, when produced in the House to-day, showed that Mr. Blair had entirely misstated the terms of the agreement; that the contract was for five years, and that the Government, by order-in-council, had made a five-year contract with Mr. Clergue for 150,000 tons of rails, involving a sum of over four million dollars.

The contract, which was signed on the 27th of March, is for the supply of 150,000 tons of rails, involving a sum of over four million dollars. THE NEWSPAPER DELEGATION DEMANDS REDUCTION IN POSTAGE

Publishers of Daily and Weekly Papers and Magazines Lay Their Grievances Before Members of Cabinet—To Be Made, Says the Finance Minister.

Ottawa, April 10.—(Special).—An influential delegation representing the newspaper publishers of the Dominion, waited upon members of the Government this afternoon, in reference to the newspaper postage and the duty on news print. The delegation included Capt. McDonald of Alexandria, president of the Canadian Press Association; Mr. J. A. Cooper of the Canadian Magazine; secretary, A. W. Law, Monetary Times, assistant secretary; J. E. Atkinson, Toronto Star; M. Scavell, La Presse; P. D. Ross, Evening Journal; C. H. Parmelee, M.P., Waterloo Advertiser; J. T. Hawke, Montreal Transcript; Walter Scott, M.P., Regina Leader; A. J. Magurn, Winnipeg Free Press; and W. J. Duggan, M.P., and Empire.

In support of their members of the delegation furnished details of the workings of the supply trade, which made out a strong prima facie case of the existence of a combination, and asked that an investigation be held so that upon receipt of witnesses and evidence in support of their contention, which were being furnished, that the Government order an investigation under section 18 and such sections of the Customs Tariff Act of 1897, with a view to ameliorating existing conditions.

WHAT MANN SAID TO BOLL

Winnipeg Man Said Mr. Mann Said Canadian Northern Could Not Pay Expenses First Year.

EXPECTED DEFICIT OF \$200,000.

Brandon Conservatives Endorsed The Hobbs Contract and Voted Confidence in Him.

Winnipeg, April 10.—(Special).—D. W. Boll was interviewed to-day in regard to his statement before the citizens' railway committee last night, to the effect that D. Mann had admitted to him that the Canadian Northern could not pay for itself the first year, but that it would have a deficit of at least \$200,000. Mr. Boll said: "I may say that I was not hunting for interviews with Mr. Mann, but I met him at the Russell House, Ottawa, and, during the course of a conversation, I stated to him that we were not down here for the purpose of blocking legitimate railway enterprise, but with the object of knocking out what we considered an absurdly bad contract. If the contract now before Parliament could have been improved so as to make them less one-sided and a little more in the interest of the province, we would not have been down there. I then asked him if things had gone so far that the present contract was not a satisfactory nature submitted for consideration. Mr. Mann replied that it was not, and that he was prepared to submit a reasonable proposal, and the condition specifically laid down, and that the province would not be asked to contribute a straight loan for even so large a sum as \$400,000. He stated that the deficit on the line would be \$200,000 in the first year, and a reasonable reduction of at least \$200,000 in the second year. In further conversation, Mr. Mann admitted that the road could not pay more than two-thirds of the expenses after paying working expenses.

Mr. Mann calculating. "He did not say," both Mr. Mackintosh and Mr. Mann, that such an arrangement would be much more satisfactory to them, but that the Government had insisted on leaving the question open."

Brandon Conservatives Endorse It. The Brandon Conservative Association this afternoon passed the following resolution: "That this association takes this opportunity of placing on record its high appreciation of the efforts of the leader of the Government, Hon. R. B. Hurd, in his approval of the railway measures passed and hereby pledges its support in addition to its ability, to all measures which may be deemed necessary to make the said acts operative."

Mr. Wallace Nesbitt of Toronto will be engaged by the Nesbitt's Protest Committee to visit the route of the Canadian Northern Railway, and to see that the route is adequate as almost to ludicrous."

His home is at Kingston, Ontario, and he is the brother of the late Dr. Douglas, who was killed at the battle of Marston.

It is unwise to think that we can forsake our fur-lined wraps, evening cloaks or capes just yet. The weather is unsettled and the chilly evenings give us the most comfortable articles of wearing apparel we can get. In addition to their usefulness this is the season to purchase furs at that well-established fur house, the W. & D. Dixon Co., corner Yonge and Temperance streets, fur at prices that are more than an investment. To clear their stock and make room for their spring hat trade, we would ask you to read their advertisement, which appears in another column.

FINN SPRING DAY.

TRIBUNE TO NATIONAL POLICY. The country will be glad to know that the Liberal Government at Ottawa have gone in for the encouragement of a steel rail industry in this country with a vengeance. A copy of the Clerge contract will be found in our telegraphic columns. The highest tribute yet paid to the National Policy was the confession of Mr. Blair yesterday that he had made this Clerge contract because he desired to see Canada make her own steel rails. But an important contract the best way of encouraging a steel rail industry? Mr. Blair is a bold and audacious man, his leading National Policy, his leader repudiated protection only a few days ago. Every one will be glad to see Mr. Clerge making steel rails at the plant, but the public will none the less hold Mr. Blair and his colleagues guilty of making an unjustifiable contract without the consent of Parliament.

ETERNAL VIGILANCE THE PRICE OF LIBERTY. Toronto has secured a victory in its fight with the electric railway grabbers, but the victory was won only after putting forward herculean efforts. There would have been a large vote in the Railway Committee in favor of the city if the City Council, the city representatives and the press had not united in demanding that the rights of the municipality be respected. If Toronto is entitled to the concessions made in its behalf by the committee yesterday it should have obtained them as a matter of course and not in virtue of its power of resistance and physical endurance. More than ever has the truth of the old maxim been established that eternal vigilance is the price of liberty. If the Ross Government honestly administered the affairs of this province it would not be necessary for the city of Toronto to pass sleepless nights in its endeavor to forestall the plotting of corporation grabbers and unfaithful representatives. The Government has the power behind its back to administer the affairs of the province honestly and impartially, and in a case of this kind, it is the duty of a municipality to be vigilant. The Government should have exercised its power. If it had not been for the Conservative members, however, the grabbers would have won the day. It was Mr. Whitney and his supporters who recommended to the committee that the rights of the city be respected, and the credit for the victory is due to them and not to Premier Ross or the Government.

Western Socialists' Ruddy Torch. Nelson, B.C., April 8, 1901. W. F. Macleod, Esq., M.P., House of Commons, Ottawa, Ont. Dear Sir:—At a late meeting of the Nelson Socialist Educational Club, it was unanimously voted that an expression of appreciation and sympathy from the members of the club be conveyed to yourself and to your colleagues, Messrs. Richardson and Oliver, for the bold front you have maintained in the face of the Government forces on behalf of the North-west settlers as against the C.P.R. corporation.

JUDGE AND LAWYER. Action of Ross v. Kennedy Gives the Bench a Rare Opportunity to Lecture the Bar. An action styled Ross v. Kennedy was tried in the County Court some weeks ago, in which Ross was given judgment to deprive Kennedy of his right to practice as a lawyer. The case was referred to the Divisional Court, and while this appeal was pending a well-known lawyer, Mr. J. H. Macdonald, who was acting for the defendant, was called to the bar. He would lose his case, that he should settle it and that he should get another lawyer. He followed this advice and settled the case without making provision for legal fees. The result was that the Divisional Court sustained the finding of the County Court, and the plaintiff's costs were awarded. The case is a rare opportunity for the bench to lecture the bar.

THE WABASH RAILROAD. Is the short and true route to the Great Pan-American Exposition, to be held at Buffalo, N.Y., from May 1st to October 3rd, 1901, via the Wabash Railroad. It is acknowledged by all who have traveled on the line between the East and the West. The only direct route to Buffalo, N.Y., via the Wabash Railroad. Police Court Record. For assaulting Catharine Jackson and violating the Liquor License Act, John Jackson was yesterday committed to the Central Prison for four months. Edward Duggan, who had been charged with the same offense, was sent to the same institution for six months. William Stewart, an old man, charged with assault, was sent to jail for a week. A fine of \$21 and costs was imposed on James Wilson of Rochester for carrying a revolver and being drunk. A charge of theft against Ida Swift was withdrawn.

Strike of Doctors Failed. Berlin, April 10.—The physicians employed by the sanitary authorities at Leipzig, who recently went on strike in a body for better conditions of employment, have been supplanted by a phalanx of "barons" versus an unruly populace which was a strongly marked feature.

Can't Get For the Island. GAS FOR THE ISLAND. It is great disappointment among island residents if the gas is not piped over to the sand bar and made available for use this season. Every season for several years past the County Council has been on the eve of supplying gas to the island, but its promises have never been fulfilled. And there is no prospect of the service being established for the year. The Council has decided that the latter may lay its pipes and distribute the gas. Why, then, does the company not proceed with the work? If a start were made at once pipes could be laid and all necessary connections completed before the 1st of June. There is no excuse for delaying this much-needed service for another year. Let the work proceed forthwith.

LICENSING BARBERS. The Canadian Journal of Medicine and Surgery. NOT HEREDITARY. In the main, consumption is not hereditary; it is infectious. Low vital force is hereditary, which gives consumption its chance. An infection starts it. Between the two, the crop is a big one: about one-sixth of the human race. We suppose it needn't be more than 5 per cent, if people could take fair care and Scott's Emulsion of cod-liver oil.

CHARGE THE FULL VALUE. For the proposed extension across Parliament Street, connecting the two buildings of the Consumers' Gas Company, the city should either make no charge at all or else demand full value for the privilege. The argument that the people will get cheaper gas in proportion to the reduction in the cost of the extension is a fallacy. In the case of the Consumers' Gas Company, if the people trust to the honor of the Gas Company they will never secure a reduction at all. Our dealings with a company should be conducted on a purely business basis. The rental of a property should be computed on its utility to the company. A thousand dollars a year would be nearer the mark than \$50. The same principle should prevail in estimating the rental for the occupation of Woodbine-avenue by the Toronto Railway Company. Five hundred dollars a year would be nearer the mark than the value of this concession.

Woodstock has a Jack-the-Hugger, who yesterday secured a servant girl. A local paper forbids asks, in the city to be at the mercy of disorderly characters and women-sustaining houses. Certainly not. Kater Wilhelm der Grosse left the Canada Hotel, No. 52, North River, which she has used since her own was burned in Hamilton last summer. She said that the purposes of the man were A. Cleburn and C. Cleff, and that the assistant purser was Charles Pfeiffer.

UNPRECEDENTED THEFT. The stolen bars were doubtless a part of a shipment of \$50,000 in gold made by the National City Bank of this city. The gold was withdrawn from the assay office here and taken aboard the Kaiser Wilhelm der Grosse on Monday, April 1. The liner sailed next day.

SALT AND SAWDUST. The peculiar brand of economy adopted by the present Dominion Government is apparent in the announcement yesterday that it will take nearly \$200,000 to pay the expenses of the current year. This is only about \$2,000,000 more than the Conservative Government spent in its last year's office, when Sir Richard Cartwright made such a fuss about it.

THEFT OF GOLDEN MYSTERY

Reward of 10,000 Marks Offered for Restitution or Discovery of Culprits. LOSS IS ALMOST UNPRECEDENTED. Why Did the Thief Take Only \$32,750 When Much More Was in Reach? New York, April 10.—The robbery at sea of the spec room of the North German Lloyd liner Kaiser Wilhelm der Grosse seems a mysterious crime. Apparently there has been complete failure to locate either the missing gold bullion or the men who took it. The search of passengers and ship at Bremer again this morning may furnish material for the investigation. Two bars of gold, aggregating in value \$23,750, shipped by the National City Bank of New York, were stolen from the spec room of the liner on Monday, April 9. The advices to Ottawa by Company agents for the company, came in German, and on the point as to whether the spec room was broken open or whether the bars were taken by means of translation either way. The spec room of the Kaiser Wilhelm der Grosse is iron-bound and almost as strong as a vault. Its door was secured by a patent lock, for which there were but two keys. One of the keys was kept by the chief officer, the other by the purser. The bars of gold were packed in oak boxes and were not opened. Thousands of dollars in gold were with the rest of the man who forced his way into the spec room, but only the sum named was taken.

A. R. DENISON NAMED FOR JOB

Ex-Alderman Recommended to Prepare Plans for Remodelling Court Street Police Station.

GAMES IN THE PUBLIC PARKS.

It is Urged That Council Allow All Well-Established Clubs to Play There.

At a sub-committee of the Property Committee yesterday afternoon the recommendation was made that A. R. Denison be appointed architect to confer with the City Commissioner and Medical Health Officer and prepare plans and specifications for the remodelling of the old Court-street Police Station.

Sports in the Parks. The following recommendations made by the sub-committee of the Parks and Amusement Committee yesterday afternoon are carried out to be a great thing for the amateur clubs of the city.

That the Queen's Park be thrown open to girls' basket ball clubs and ladies' lawn tennis clubs.

The playing rights in public parks with the exception of Queen's Park should be well-established clubs at the discretion of the Park Commissioner.

That during the month of August on the mornings of Monday, Wednesday and Friday of each week all the playing spaces in the parks be closed to the public (excepted).

That it is the policy of the Council to encourage all lacrosse, baseball and football clubs to secure playing spaces as well as possible in the parks.

Fire and Light Committee. A deputation from the federated building trades waited upon the Fire and Light Committee yesterday afternoon to urge the appointment of a scaffold inspector, who will also see that other temporary or permanent floors are laid on the building as they are constructed.

At the meeting it was learned the men were to have work at wages of \$1.75 per day. George Papadopolis, sent to buy the tickets, disappeared, and the riot occurred.

The great demand for a pleasant, safe and reliable remedy for all affections of the throat and lungs is fully met with the Doan's Kidney Pills. It is a purely vegetable compound, and acts promptly and magically in subduing all the causes of inflammation of the throat and lungs, etc. It is so potent that a single box will cure the most severe cases of catarrh of the bladder, and a price that will not exclude the poor from its benefits.

Rival to Steel Trust. Denver, April 10.—The reported purchase of the Colorado Fuel and Iron Company by John W. Gates, John Lambert and J. Edgar Hoover, independent of the United States Steel Corporation, received additional confirmation yesterday afternoon when a telegram has been received from John W. Gates.

City Hall Notes. A deputation, headed by Daniel Keefe, was at the City Hall yesterday morning to see the Mayor and urge the reappointment of watchmen at the Dufferin and Dowling avenue railway crossings. His Worship, however, was engaged at the Parliament Buildings, and the deputation left unattended.

The tax sale for arrears was held at the City Hall yesterday afternoon, and only those who were held which brought the amount of taxes and costs

U. S. TRANSPORT BURNED.

Gargo a Complete Loss and Vessel in the Mud-Damages \$110,000. New York, April 10.—Fire was discovered in Hatchway No. 7 in the second hold of the transport Ravenna early today. A quantity of hay was stored in the hold and the fire endeavored to confine the flames to the one part of the ship.

When Greek Meets Greek.

Three Hundred Chicago Helots Destroyed Five of Their Brethren. Chicago, April 10.—Three hundred angry Greeks, many of them armed with knives and revolvers, besieged four men in a building at No. 347 West Polk-street for several hours last night. Stones were hurled thru the windows and other damage done. When the police arrived it was with difficulty they could force their way into the house to rescue the four men.

SUSPENDED AND SUICIDED.

New York Exchange Broker Breaks and Takes a Carbolio Acid Bath. New York, April 10.—The suspension of B. Forst of the Consolidated Exchange was announced today on the floor of the Exchange. Later a body, supposed to be that of Forst, was found in a room in the Hoffman House. The man had died from carbolio acid poisoning. Forst is said to have been a man of means. He came to this city from the Pennsylvania oil regions in 1888.

REV. DR. MCINTYRE TO RESIGN.

His Throat is Weak and He Leaves His Chicago Charge in October. Chicago, April 10.—Rev. Dr. Robert McIntyre, pastor of St. James' Methodist Church, will resign on Oct. 1, owing to ill health.

TESTIMONIALS.

FENELON FALLS, ONT. GENTLEMEN.—I have been troubled with lame back for about one year. I procured a box of Doan's Pills and after taking them I am completely cured and can highly recommend them to any person suffering from the same.

FORESTVILLE, ONT. THE DOAN KIDNEY PILLS CO. Toronto, Ont. DEAR SIR.—For several years I was troubled with scanty and very highly colored urine, accompanied with pains in the back. I have taken one box of Doan's Pills and they have had an astonishing effect, remedying all of these disorders.

FORD'S MILLS, N.B. DEAR SIR.—I have great pleasure in telling you of the good Doan's Pills have done me.

ST. JACOB'S, ONT., MARCH 27th, 1900. DEAR SIR.—Before using Doan's Pills I had a continual pain in the region of the kidneys, but after using one box the pain had disappeared and I ascribe it to your pills.

ST. THOMAS, NOV. 28th, 1900. DEAR SIR.—I am now 73 years of age and for some time past have been troubled with blood in my water. Whenever I would urinate it would be half blood, but I am glad to say that your Doan's Pills and my urine is now clear, as it ever was, thanks to your pills.

WM. HUNTER. FORD'S MILLS, N.B. Jan. 3rd, 1900. DEAR SIR.—I have great pleasure in telling you of the good Doan's Pills have done me.

CANADIAN COPYRIGHT ACT

Booksellers and Stationers of Toronto Are Desirous of Several Important Amendments.

SOME DEFECTIVE PROVISIONS.

Domestic Government Will Be Asked by a Representative Delegation to Make Desirable Changes.

The Canadian Copyright Act was the subject discussed at a meeting yesterday afternoon of the Wholesale Booksellers' and Stationers' Section of the Board of Trade.

The City Clerk has received from the Minister of Agriculture a request that they be adopted. The proposed amendments were embodied in a report submitted by a committee appointed some time ago by the section.

The report was presented to the committee, and a review of the various copyright acts in existence in Great Britain and Canada since 1842. The Act of 1900, now in operation, provides that when a book has been copyrighted in Canada which was previously published in any part of the British Empire, and the owner of the copyright has granted a license to reproduce this book in Canada, the Minister of Agriculture may issue an order prohibiting the importation of any copies of this book from any country, Great Britain included.

The committee pointed out that some provisions in the Act were defective, inasmuch that continuous printing and publication in Canada is not compulsory, but should be made so. The Act also provides that the copyright may be imported for any public library or for the library of any college, university or for the library of any other incorporated institution or society.

This system was also objected to by the committee, which declared that there are so many such libraries in Canada that the provision may be the means of spoiling an important market for the Canadian publisher.

The committee, with reference to the proposed amendment to Lord Monkswell's bill, now before the House of Lords, stated: "Whereas it is not clear, under section 35 of the Copyright Act, now before the House of Lords, that the Parliament of Canada, desiring to avail itself of the provisions of that Act, should have the option to prohibit importation in case the owner of the copyright preferred to give a license to import for sale."

Committee to Amend. The following committee was appointed to prepare the proposed amendments to the Copyright Act: Messrs. W. J. Gage, A. W. Briggs, James Murray. The following will wait upon the Dominion Government and request the adoption of the amendments: Messrs. W. J. Gage, W. W. Briggs, A. W. Briggs, James Murray, J. T. Johnston, James Murray, J. T. Johnston.

The following firms were represented at the meeting: The W. J. Gage Co., Limited, The Hunter Ross Co., Limited, The Toronto Type Foundry Co., The Murray Printing Co., The Publishers' Syndicate, Hart & Riddell, The Canadian Publishing Co., The Dominion Army Printing Co., A. W. Briggs, Wilson, Munroe & Cassidy, Imrie & Graham, R. Carwell & Co., The Copr. Clark Co., Limited.

At the Consolidated Exchange it was said that, also Forst had been suspended because of failure to comply with some of his contracts, many of the stocks sold for his account under the rule above a profit.

The Master in Chancery handed out judgment yesterday dismissing the proceedings brought by Courtney Carr of West Oxford Township to have Reeve John Cuthbert unseated on grounds of bribery. There were two charges of bribery here on the part of Mr. Cuthbert, but neither one was proved.

Cheating Isn't Smart!

It isn't at any time. It's doubly foolish and doubly wicked to cheat a man who has the beginnings of Consumption by promising to cure him when you can't. You might as well throw a drowning man a rope with a sinker on!

Ayer's Cherry Pectoral will cure Consumption in the earlier stages—sometimes even when the disease is far advanced. We say this on the testimony of thousands, many of them doctors who have prescribed the Pectoral for years and years.

Their words are such as these: "My mother was troubled with consumption for many years. At last she gave up and came home to die. A neighbor told her not to give up, but to try Ayer's Cherry Pectoral. She did so, and is today in the enjoyment of good health. Of course, after this Ayer's Cherry Pectoral was a household remedy with me. Both my wife and son have weak lungs, and they always have Cherry Pectoral near them, for it promptly cures coughs and colds of all kinds. We would not be without it for the world."—D. P. JOLLY, Avoca, N. Y.

"I am using Ayer's Cherry Pectoral at the present time in my own family and am well pleased with it. It seems to have the same physical and medicinal properties it had forty years ago when it saved my life."—A. J. EDISON, M.D., Fort Madison, Iowa.

Now don't discount this testimony. We stand back of every word we print in the papers.

Three sizes: 25c, 50c, \$1.00. All druggists.

To keep on hand you will like the \$1.00 size best, and you will need this amount to cure a chronic or very severe case. The 50c. size is just about right for bronchitis, hoarseness, hoarse, croup, etc. The 25c. size is convenient when traveling, and is enough to break up a fresh cold.

CITY SAID TO HOLD UP PROVINCE

An All-Night Sitting To-Day is Expected to Close the Session.

A debate in the Legislature yesterday afternoon on the best root sugar bill was marked by the member from North Toronto.

Mr. John Moxon has purchased two brick dwellings and five acres of land on Yonge street, near the intersection of the street with the railway.

An order will be held at the Commercial club rooms, Eglington, to-morrow evening.

The third sale held by the town will take place at the Town Hall to-day at 10 o'clock.

Several of the advertised parcels have been redeemed, and the upward movement of real estate will no doubt cause a ready sale of the lots remaining on the list.

The musical portions of the Easter day services at the Eglington Methodist Church are spoken of as among the best ever given in the town.

Mr. W. H. Clay has finally severed his connection with the C.T.R., in whose society he has been for many years.

Mr. Bert Forsthy is under remand on a charge of theft of a watch from Mr. Plich.
