

Formal Commencement of Work Occasion for Showers of Congratulations on Premier Whitney and Hon. Adam Beck, the Cheap-Power Minister.

Formal Commencement of Work Occasion for Showers of Congratulations on Premier Whitney and Hon. Adam Beck, the Cheap-Power Minister.

Sir James P. Whitney drove a final rivet in the Hydro-Electric Power scheme yesterday and clinched it on the other side in his speech at the dedicatory ceremony in Exhibition Park.

"We will stand by the people who have stood by us," he declared. "We have not gone this far to be stopped in our good work."

The occasion was the formal commencement of work on the construction of the Ontario high-tension electric power transmission line, when Ald. J. H. Fryer, of Galt, president of the Western Ontario Power Union, turned the first sod at 3.25 p.m.

He used a silver spade, on the bird's-eye maple handle of which a silver plate bore the inscription: "This spade was used by J. H. Fryer, president of the Niagara Power Union, to turn the first sod of the high-tension transmission line of the Hydro-Electric Power Commission of Ontario, at Exhibition Park, Toronto, Nov. 18, 1908."

Hon. Adam Beck was the presiding genius of the occasion and by common consent the successful crowning of his labors during the past few years was the special feature of the day.

Just what it means to the people of the province will best be understood by those who have followed the malvolent criticism and bitter opposition with which the whole plan has been met by certain interests during the last four years. It was repeated and echoed and asseverated by the spokesmen of the electric ring that the plan was hare-brained, impracticable, entirely ill-considered, and not to be carried out at less cost than double the estimates.

STAND BY THE PEOPLE

PREMIER WHITNEY: "The safety of the people is the supreme law. We waited till we were certain we were right and then went ahead. We have not gone this far to be stopped in our good work. We will not be stopped or deterred by technical or other difficulties. We will stand by the people who have stood by us."

HON. ADAM BECK: "The contracts now let and being let mean a saving of half a million dollars on the estimates of \$3,500,000. We were told when the estimates were first announced that it would cost double this, or \$7,000,000."

ALD LYON, GUELPH: "The Whitney government is to be relied on to carry it thru, and the people are with the government."

ALD FRYER, GALT: "The Power Union ought to feel proud of the city council and mayor of Toronto, who have been towers of strength to the movement."

MAYOR OLIVER: "The whole province is under a special debt of gratitude to Mr. Beck and the Whitney government for their support of the scheme."

W. K. M'NAUGHT, M.L.A.-ELECT: "As a member of the commission, I wish to say how much confidence Mr. Hendrie and myself feel in the judgment and energy of Hon. Adam Beck."

POPULACE CONTINUES TO BE IN EXCITED STATE—MATTER NOT CONSIDERED TO HAVE BECOME DIPLOMATIC INCIDENT

ST. PIERRE, Miquelon, Nov. 18.—Despite the order of the court, the teachers of the free clerical school kept the doors of the school open to-day.

PARIS, Nov. 18.—The foreign office does not consider that the St. Pierre matter has become a diplomatic incident.

NEW YORK, Nov. 18.—Repeating his story with the air of a country gentleman of kindly mien, engaging a host of friends with incidents of days long past, John D. Rockefeller, president of the Standard Oil Company, the forty-nearly ten years retired from active business cares, for over two hours to-day reviewed the history of the early oil trade and the development of the first companies that later grew to the present so-called oil trust.

STANDARD OIL NOT RESULT OF AGGRESSIVE POLICY TO OBTAIN MASTERY, BUT NATURAL OUTCOME OF DEVELOPMENT

Mr. Rockefeller was a witness for the defence in the suit to dissolve the Standard Oil Company, which is being prosecuted by the United States Government.

EATS PILLS FOR CANDY BOY'S CONDITION SERIOUS

Parks Board Agrees to Removal of Gore Park Fence—Woman's Sudden Death.

HAMILTON, Nov. 18.—(Special.)—Grant Richmond, 330 Wellington-street, an infant son of Martin Richmond, a machinist, got hold of some pills this evening and ate them in the belief that they were candy. He was hurried off to the City Hospital in an unconscious condition. The doctors promptly used the stomach pump and have some hope of the youngster's recovery, although his condition is critical.

Gore Park Fence.

The parks board this evening agreed to allow the board of works to move the back fence at a width of three feet and tapering to nothing at the end of 60 feet.

Vendors Fight for Corner.

John Frank of East King-street, and Jacob Bernman, 13 Duchess-street, vendors of the festive wickerwork, fought as to the right to vend on the corner of Scott and Melinda-streets yesterday, when the tall cop, Holmes, reached down and ran both in "dogs" and all, charged with being disorderly.

Devolotion Meet.

The Devolotion Society inaugurated their winter session by entertaining the members of the Bristol Society at a musical social at the Sons of E. Grand Hall last night. A charming program of western county glee and songs was rendered.

WHY AM I ILL? HOW TO TELL.

Does every cold affect your back, and cause a feeling of chilliness, followed by disturbance of the kidney action. Does the use of spirits, tea or beer excite the kidneys? Are you easily worried and annoyed over trifles? Are the feet and hands cold? Circulation bad? Do the feet and legs swell? Is there puffiness under the eyes? Do you have rheumatism, poor eyesight, headaches and backaches? Is there gravel or any unnatural action of the kidneys?

If you have any of the above symptoms your kidneys are either weak or diseased, and these symptoms are warnings of more serious troubles to follow: Bright's Disease, Diabetes or Dropsy.

Whatever you do, whatever you think your disease is, look well to your kidneys at the first sign of anything wrong. Give them just the aid they require in Doan's Kidney Pills, the Great Kidney Kidney Medicine, and see how well and fit you feel after even a few doses.

Mrs. O. Warren, Radisson, Sask., writes: "I was troubled with very severe pains in my back for years. I tried everything I could think of but they did me no good. A friend told me about Doan's Kidney Pills and after taking two boxes, I have not been troubled since."

Price 50 cents per box, or 3 boxes for \$1.25, at all dealers or The T. Millburn Co. Limited, Toronto.

In ordering specify "Doan's."

HOLD OPEN CONVENTION WARD 2 TORIERS ADVISED

J. A. Macdonald Submits Resolution to Shatter Machine—Irish New President.

"That no one shall be eligible to vote at a convention held for the purpose of selecting a candidate to contest the election for the house of commons or the legislative assembly unless he is a resident of the community for which such candidate is being selected."

"And that every member in good standing of this association who resides within the electoral riding for which a candidate is being chosen shall have the right to attend and vote at such convention as held for the selection of said candidate."

The above resolution, which, if adopted, would mean the shattering of the present ward system of selecting candidates for parliament, and give each man a voice in the selection of the party candidate, was sprung on the ward two Conservative meeting in Victoria Hall last night by J. A. Macdonald, K.C. Press of business would not allow of discussion last night, and a presentation of a request made by George Kingston, that he allow the motion to be shelved till a special meeting could be called by the officers to discuss it fully. This will likely be done on January 1st.

Mark H. Irish and William Eastwood were nominated for the presidency. Mr. Eastwood dropped out of the contest, leaving the contest to be run by Mr. Irish and Mr. Eastwood.

The Kaiser's Humbleness

All the London morning newspapers had editorials on what some of them claimed as "Von Eulow's triumph and the emperor's submission."

The Daily Telegraph says: "A very remarkable and exciting page of contemporary history has been definitely turned. The emperor has known how to yield manfully and royally. To yield in such a case shows finer courage than to resist."

The Standard: "The emperor never has been greater than he is today. At the moment of surrendering some of his personal power at the popular bidding."

With the exception of the Socialist and one or two extreme Radical organs, all the Berlin papers express great gratification at the pledge of the emperor given to the chancellor and the German people.

The conservative Tagliche Rundschau, with Pan-German leanings, approves the emperor's declaration fully, but does not believe that it will completely banish the anxieties of the people, whose lost confidence can be only gradually regained.

The conservative utterances are overflowing with gratitude to the emperor and satisfaction that his declaration of the form which saved the dignity of the crown. They repudiate the efforts of the Liberal press to make capital out of the event in the direction of making the chancellor responsible for the Reichstag, instead of to the crown.

All the Radical organs again argue strongly in favor of this. The Vossische Zeitung, wands binding constituent of the Reichstag, a quiet and steady movement in politics.

Going to Montreal? Take the 10 o'clock train, enjoy a good night's rest in the luxurious sleeper—Canadian Pacific sleepers are famous for their longer, wider and more comfortable berths—and be in Montreal at 7:35 a.m., in splendid time for breakfast and the day's business. There is no finer roadbed, no finer equipment, no finer service, no finer train. Another good train, for those preferring to travel by day, leaves Toronto at 9:09 a.m., week days only. Both night and day trains give unequalled service to Ottawa.

First Man Up. George Thompson, no home, slept at 126 Bay-street, with William Penrose Tuesday night. He was the first man up at the best man dressed. He was arrested yesterday by Detective Newton, charged with theft of Penrose's clothes.

Comes to Toronto. MONTREAL, Nov. 18.—(Special.)—Fred Carmichael, son of the late Elsie of Montreal, has been appointed manager of the Dundas-street branch of the Bank of Montreal in Toronto.

The Ontario Railway Board met yesterday at 10 o'clock in the morning, at an annexation case. The deferred argument of the Toronto Street Railway and the Ontario Railway Board was held on Nov. 22. Harry Deacon, convicted of seducing Ellen Hulse, whom he had promised to marry, was remanded till the December sessions by Judge Winchester to give him a chance to marry the girl.

Skin Diseases.

A diseased or disfigured skin will always leave its stamp on the mind of the individual. Many people suffering from disfiguring skin diseases avoid society and lose all pride in their personal appearance. When the skin breaks out in eruptions and sores it is due entirely to an impure condition of the blood.

In all such cases Burdock Blood Bitters will quickly purify the blood and drive all the impurities out of the system.

ITCHING RASH CURED. Mrs. J. J. Magee, of King, writes: "I was troubled with a Rash that broke out all over me. It was the worst on my face and head, had a dry, scaly top, and when I would get warm it would become very itchy. I tried the doctor's medicine but it did me no good, so I then got one bottle of Burdock Blood Bitters and before it was all used the Rash was entirely gone."

SORES ON FACE. Mrs. Harvey Barkhouse, Gold River, N.S., writes: "I was greatly troubled with Sores on my face and finally became so bad I had to go to the doctor about it, but he could do nothing to help me."

"I thought about Burdock Blood Bitters and decided to try a bottle. I cannot recommend B.B.B. enough, as I had not taken all the bottle before my face was cured."

OF INTEREST TO WOMEN

A Rap at the Yankee Heiress.

ROME, Nov. 18.—The Italian press is daily growing more resentful against the newspapers of the United States for their comment on the affairs of the Duke of Abruzzi and Miss Katherine Elkins daughter of Senator Elkins of West Virginia. The latest Italian criticism appears in Italy Abroad, a review edited by Signor Pellegrini, who was secretary to former Premier Zanardelli. It is written by Signor Manegazza, a staunch monarchist, who is supposed to be the mouthpiece of the duke and says in part: "The Duke of Abruzzi already would have married Miss Elkins without giving her the rank of royal highness if we had been satisfied simply to become his wife. This, however, she refused, not understanding that a girl in her position in Europe would not be objected. Americans are convinced that their dollars can buy even relationship with one of the oldest reigning houses of Europe."

Women's Educational Association

The Women's Residential and Educational Association held a meeting yesterday in the parlors of the Church, East Bloor-street. Mrs. Dr. Carman was chairman. Mrs. Burwash, president of the association, gave an address and Mrs. Pearson, secretary, presided. Annesley Hall, spoke on the Higher Education of Young Women.

OBSTINATE FACE SORES.

REFUSED TO CLOSE FOR 4 YEARS.

Zam-Buk Healed Them Inside Two Weeks.

Have you some eruption, or sore, or ulcer, or wound, on any part of your body which has hitherto refused to close? If so, that is a case for Zam-Buk, the great healing ointment. The herbal saps and essences in this balm are so powerful that they can heal the worst cases of chronic sores, ulcers, blood poison and skin diseases. Here are proofs of this: Mrs. W. H. Taylor of North Bay, Ont., says: "I had a scaly spot as big as a ten cent piece on my face. I had it for four years, and hardly a night during that time went by but what I applied cold cream, or some ointment or other, but it would always be there. I recently applied Zam-Buk, and in little over a week's time the spot had disappeared completely." Mrs. E. J. Holden, of 343 West Hanover-street, Hamilton, says: "My little girl had a running sore on her leg which defied all treatment. I applied Zam-Buk, and in about a week's time the wound was closed. Zam-Buk just as good for other skin troubles and injuries."

Zam-Buk is the cure for all skin diseases and injuries, such as cuts, burns, bruises, eczema, psoriasis, ulcers, scaly sores, cold sores, chapped hands, itching, rashes, tetter, face sores, etc. It is also an unequalled embrocation, and rubbed well into parts affected cures rheumatism, sciatica, neuralgia, cold on chest, etc. All druggists and stores sell at 50c box, or post free from Zam-Buk Co., Toronto, upon receipt of price.

HON. W. J. HANNA TALKS STRAIGHT TO DEPUTATION

Steps Taken by Ontario Government to Prevent Tuberculosis—New School Book.

Hon. W. J. Hanna, with characteristic originality, pointed the way for a large deputation which asked the government yesterday "to build, equip and maintain one or more institutions for indigent and other consumptives." His advice was for them to have their request endorsed by resolutions of the county councils, with the pledge that the counties would pay for the maintenance of the buildings from their respective municipalities. The deputation included about fifty of those who attended a conference on the cure of consumption at the Rosin House last March. Dr. Lockhart, Hespeler, warden of Waterloo County, chairman of the conference, introduced the deputation, which was heard in the reception room of the Ontario Hotel. Judge Pearson said that the government was asked to establish one or more institutions for the care of indigent and other consumptives, because the municipalities were unable to do so to the limit. An expenditure of \$100,000 a year for maintenance would be an act of thrift in the good it would do in relieving and reducing the ravages of consumption in the province. Mayor Bowley of Brantford said that there is an urgent need of the institution asked for. Judge Barron of Stratford said he wished that Earl-Grey could be present to make the same kind of a vigorous speech as he made at the Dominion conference, when the governor-general advocated the preaching of special sermons and the taking up of collections throughout the Dominion on one Sunday every year for the cause of those afflicted by consumption. The government would be supported by the people in any reasonable action they took in fighting the white plague. R. T. Kemp, Halton County, said there was now no proper place for indigent consumptives to be sent to. Act Consumptives. Dr. Roberts, medical health officer, Hamilton, said the present Public Health Act was cumbersome and useless. It should be revised and township boards be replaced by county boards of health. Dr. Niven of London thought that acute cases could be properly looked after in their localities. Hon. W. J. Hanna said that is the opinion of the government. J. P. Jaffray of Galt said that the municipalities are loaded up with expenses, while the provincial government is rich. "It is up to the government," he said, "to do what we ask."

In Society.

Miss Gladys Cardiff will receive on the third Thursday of each month at the Dowling Apartments. Mrs. Martin Love, Spadina-road, will not receive again until the new year. Mrs. William A. Black, 353 Brunswick-avenue, will receive on Friday afternoon, and afterwards on the first Friday of each month.

Mrs. Charles A. Wickens of Vancouver, B. C., will receive with Mrs. W. E. Wickens, at 30 Earl-street, on Friday. Mrs. William F. McDougall, 441 Huron-street, will receive on Friday, and afterwards on the first and third Fridays of each month.

Mrs. G. B. Williamson, 155 Madison-avenue, will receive on Friday and not again till the new year, when she will receive on the third Friday of each month during the season.

Mrs. and Mrs. Thompson B. Frankish and Dr. Frankish are now settled in their new home, 48 West Bloor-street, corner Brunswick-avenue, where Mrs. Frankish will receive on Friday and afterwards on the first Friday of each month.

Mrs. H. W. Dain and Mrs. Bryce will receive in their new home, 6 Lynwood-avenue, to-day (Thursday), and afterwards on the first Thursday of each month.

At the bazaar which the ladies auxiliary of the Y.W.C.A. are holding this afternoon and evening, in the parlors of the association, Yonge-street, the tea room will be in charge of the following: Misses Ferguson and Mrs. Horace Eaton.

PROHIBITION IN NEW ZEALAND

Nine Districts Have Carried It—In Others Licenses Are Reduced. (Canadian Associated Press Cable.) LONDON, Nov. 18.—A Wellington, N. Z., cablegram states that the latest returns show the prohibition votes to have largely increased. Prohibition has been carried in nine electorates and reduced in five others. The prohibition party estimate that 150 public houses will be closed and a number of wholesale licenses canceled.

WANT TRAINS ON TIME.

Supt. Osborne of the Canadian Pacific has issued a circular to the employees, in which he says: "Running trains on time is the best possible kind of advertising. Traffic offices are so thoroughly impressed with this fact that they have expressed a willingness to reduce the advertising account 50 per cent if passenger trains are run on time."

\$25,000 ALMONY.

NEW YORK, Nov. 18.—Mrs. Howard Gould was allowed \$25,000 a year alimony pending the decision of Mrs. Gould's suit for divorce.

RIOPIOS STUDENTS FINED.

HALIFAX, Nov. 18.—Six Dalhousie students were fined for rioting and assaulting police, were let off on a week's suspended sentence, and fined \$200 to make good the damage.

Favored Newspapers.

OTTAWA, Nov. 18.—(Special).—It is stated that when all the departments of the government are thrown open to a royal commission of enquiry the newspaper patronage list will also be brought into the line. This patronage is carried to such an absurd extreme that not only advertisements but news items affecting the country are retained for Liberal newspapers only.

The lowest priced tea is not the cheapest. "Brown Label" "Salada" tea at 30c per pound makes many more cups than any other tea sold at 50c per pound. It is therefore not only more economical to use, but is infinitely more delicious.

Square Pianos at Clearing Prices. Only \$65 for a square piano, and others at \$75, \$90 and up to \$150, from one-half to one-third original prices, for the floor space these pianos occupy is required by the old firm of Heintzman & Co., Limited 115-117 King-street west, Toronto, for the sale of their own instruments. All have been put in good condition and will be sold on easy terms of payment.

then, can you say it's up to the government. Get County Council. As Mr. Jaffray and Mr. Hacking again urged that the time was already ripe for the provincial building, Mr. Hanna advised the deputation to secure the endorsement of the county councils. After the ministers had withdrawn the deputation held a meeting and formed a permanent organization, to be known as the Ontario Municipal Association for the Betterment of Communities. The officers elected are: Dr. Lockhart, Hespeler, president; J. Hacking, Listowel, secretary; Dr. Strain, dean of the University of Toronto; Stratford, Dr. Radford of Galt, J. Eagan of Bolton and T. Kemp of Listowel, executive committee. The executive will take immediate steps to organize local associations.

ADDED TO OWEN SOUND.

Municipal Board Orders Annexation of Brookholm. OWEN SOUND, Nov. 18.—(Special).—The Ontario Railway and Municipal Board met here to-day to consider the petition of 162 property owners of Brookholm for annexation to Owen Sound.

The commissioners stated that an order to ratification of a special act of the legislature. Owen Sound is to take over all the assets and liabilities of Brookholm and provide water, electric light, sewerage, fire protection, etc. For the first three years the inhabitants of the portion annexed will have the benefit of paying taxation at the rate of one-half the dollar less than that charged in Owen Sound. The annexation will increase the population of Owen Sound by 900.

Dr. Roberts, medical health officer, Hamilton, said the present Public Health Act was cumbersome and useless. It should be revised and township boards be replaced by county boards of health.

Dr. Niven of London thought that acute cases could be properly looked after in their localities. Hon. W. J. Hanna said that is the opinion of the government.

J. P. Jaffray of Galt said that the municipalities are loaded up with expenses, while the provincial government is rich. "It is up to the government," he said, "to do what we ask."

Miss MacMurphy said there were three lines of work—local, provincial and prevention. According to reports, 4 per cent of the cattle killed at the abattoir in five others, and tuberculosis. The department of agriculture might do something by more

JAIL OFFICIALS CLASH OVER OUTLAY OF MONEY

Governor Chambers Wants New Sidewalk, But Steward McMillan Wins Out on Issue.

Governor Chambers and Steward John McMillan of Toronto Jail do not see eye to eye on the question of a new approach from Gerrard-street, inwardly from the concrete sidewalk. At a previous meeting of the civic property committee Mr. Chambers received a promise of consideration, but yesterday Mr. McMillan appeared before the committee and succeeded in having the project shelved. He pointed out that there is a full overland of \$2000 this year and contended that under the circumstances further expenditure would be unjustifiable. Property Commissioner Harris sided with Mr. McMillan. He thought that as extensive plans for improving the jail were under way, the whole character of the approach might be altered, and the money might be wasted on the sidewalk. The 1909 committee will deal with the matter of a new site for the registry office. Portraits of former mayors Urquhart and Coatsworth will be purchased, thus completing the collection up to date. The board of control is not disposed to grant permission, altho the object might perhaps appeal more strongly to many citizens than the one for which support was asked last Saturday.

A deputation from the Unemployed Benefit Society, made up of J. H. Heathwaite, W. J. Bell, R. C. McNichol and R. J. Wiggins, asked the controllers yesterday for permission to go ahead, but the board was not enthusiastic. Controller Ward said the idea was a good one, but that there was no telling where such movements would end. The mayor declared that "this tag-day business is not a thing to be done. It is a thing to be prevented. The Y. W. C. G. having another tag-day, but that the city would not authorize it."

The promoters of the undertaking are not altogether discouraged, especially as they say they understand that the proper body to give permission is the police commission. They will probably go to the commissioners, the date they have in view is Saturday, Dec. 19.

Dr. Bruce Smith, provincial inspector of prisons, has notified the city that an order in council has amended the jail regulations to enable the city to place electric lights in the cells and corridors, so that prisoners can read until a plan reduction for wards five and six has endorsed Ald. R. H. Graham and Keeler in the former ward, and Ald. McNeil, J. J. Graham and Adams in the latter. The city solicitor gives the cheerful advice that if the city builds a new jail it will have to pay the whole cost, the government being exempt.

Sign of Election. Ald. J. J. Graham will introduce a motion at the next city council meeting, asking the gas company to supply the city with a list of the complaints from gas consumers, the nature of the complaint, and how the company dealt with them.

The city clerk's department is a hive of activity at the present time. License reduction and anti-reduction workers are copying down the names of voters from the assessment rolls.

W. A. Douglas, single tax advocate, will run in the second ward.

WIDOW SUES FOR POLICY.

Trust Company Holds She is Entitled to Only Half. A two thousand dollar life insurance policy formed the basis of an action fought out in the non-jury assize court yesterday afternoon before Justice Clute. The action was brought by the Trust and Guarantee Co. against the widow of J. F. Blahout, who claimed the whole amount, while the Trust Co. held that the will only allowed her one-half, the other half going to the children of the deceased by his first wife. The widow said her husband had transferred the policy to her before their marriage and that they had gone to an insurance company's office together to have the transfer made. Justice Clute held that the contract was made during the marriage, and accordingly gave judgment to the widow for the whole amount.

Senior School Beats Vics. Gundy Dislocates His Knee—Tigers Will Not Object to McCrimmon.

Senior School defeated Victoria College yesterday afternoon at Varsity field in a Senior Muleck Cup game with a score of 15 to 5...

Vics kicked with the wind the first half, Gundy, their centre half having the misfortune to have his knee dislocated in the first five minutes of play...

Green's swift and School's offside, enabled the latter to win with a score of 15 to 5. School was forced to concede a try...

Reckless was forced to concede just after play started the final period, while Green added one more when he booted to the dead line...

ROUGH RIDING AT OAKLAND THREE JOCKEYS PUNISHED

Dandelion Wins \$1000 Handicap From Dorante and Neva Lee—Walsh on Two Winners.

OAKLAND, Nov. 18.—There was only a trio of starters in the Pritchard Handicap at Emeryville to-day and the event resulted in an easy victory for Dandelion, which won as he pleased. Dorante was second, but Archibald, who rode him, was fined \$50 for cutting off Neva Lee.

The jockey also punished other rough riders when they suspended A. Walsh and Gilbert for a week for all but their own stables. The offense of Walsh was in shutting off Voorhees with Nazgam. Gilbert rode impudently yesterday.

TURNING THE SOD AND THE CORNER.

Yesterday was the red-letter day in the history of the hydro-electric policy of the provincial government. It marked the end of the first stage in the long struggle to preserve the right of the people to share in the benefit of Niagara power.

Looking backwards on the work of the hydro-electric power commission enables its excellence to be recognized. No part of the first report has been impugned, and the caution and carefulness with which the schedules and figures were compiled.

Regarded rightly, the government's scheme for the transmission of Niagara power to the municipalities desiring a public service does not necessarily conflict with the interests of any of the corporations concerned in its generation.

Along the Athabasca River the deposits appear at or near the surface. Natural gas and oil pour out of the river banks and the bed of the stream, and the famous "tar sands," which are simply sand covered with the residue of the petroleum which has run out and evaporated, stretch for over 100 miles.

Western Oil and Coal Consolidated have secured a charter for lighted Pincher Creek with natural gas, and this and other pushing western towns will soon enjoy the cheapest of all lights and fuels.

WASHINGTON, Nov. 18.—Secretary of the United States Treasury Cortelyou today made public an announcement that he would receive bids up to the close of business on Dec. 4, next, for \$30,000,000 Panama Canal bonds, or any part thereof, to bear two per cent. interest.

Yesterday, a burly constable from up-country brought a miserable, under-sized, bewildered-looking, red-whiskered elderly man from the station to Queen and Yonge-streets in a crowded trolley. The prisoner's hands were cuffed in front of him.

perience a sense of pity for the poor wretch, whose criminality (?) was being flaunted to the public gaze.

THE KAISER'S REBUFF.

Kaiser William appears to have taken his medicine with becoming meekness, but his promise to observe in future constitutional rules does not carry the German people appreciably nearer direct ministerial responsibility to their elected representatives.

SOAKED IN PETROLEUM.

Alberta is believed to contain the world's greatest oil and gas fields.

CALGARY, Nov. 17.—When enough men are able to turn their attention from wheat growing and ranching, and take up the matter in earnest, there is no doubt that a very considerable proportion of the world's supply of petroleum will be produced in Alberta.

Dr. I. C. White, state geologist of West Virginia, and one of the most successful geologists on the continent, recently examined the section where this company's outfalls are drilling.

Enlarged sine die, to be restored to list if settlement does not go thru, may be restored to the list. Greenberg v. Greenberg—R. R. Wedell, for plaintiff, asked enlargement of motion to continue in chambers, for purpose of examination of defendant H. G. MacDonald, for defendant, contra.

Re Bell Estate—N. F. Davidson, K.C., for the tenant for life, moved for permission to sell certain property under Settled Estates Act. F. W. Harcourt, K.C., for infants. A definite offer to be procured, and then application may be renewed.

Guest v. Knowles—A. B. Morine, K.C., for defendant, moved to commit William Robertson, editor and manager of the Dundas Banner newspaper, to jail for contempt of court in publishing in his paper certain articles commenting on the matters in litigation in this action. J. King, K.C., for Robertson, asked enlargement to cross-examine defendant on his affidavit, enlarged for one week without prejudice to any meritorious objections to the motion. Robertson's counsel undertakes that no further comments will be made by his client in his paper pending the enlargement.

Re Vidal—A. F. May, for the administrators, with the will annexed of the estate of General Beaufort Henry Vidal, Hon. N. Belcourt, K.C., for widow; J. A. Smellie, for the official guardian. Motion for the opinion, advice or direction of the court upon certain questions relating to the administration of the estate. Judgment (G.). The claim of the widow on her own behalf, and on behalf of her children—Maurice and Madeleine—to share in the estate, as upon an intestacy may properly be disregarded by the administrators. As to the daughter Harriet's claim to the whole estate, under provision in marriage settlement, giving her \$8000, apart from the presumption of intestacy, the court will itself indicate that no advantage in sharing in the estate shall be had by one child over another, and therefore the said amount of \$8000 shall be divided one-fourth of her father's estate. As to whether shares of the infants—Maurice and Madeleine—are to abate by the amount of the property, real and personal, now held in trust for them by their mother. If a trust is validly created by the death of the mother, it is a trust not for Maurice and Madeleine only, but for Charles and Harriet also. It was the intention of the testator that each of his legitimate children shall have an equal share, and so the shares of Maurice and Madeleine should not abate. The child born after the making of the will takes nothing. Costs of all parties out of the estate, those of the administrators between solicitor and client.

Divisional Court. Before the Chancellor, Magee, J., Latchford, J. Rex v. Leach and Rex v. Fogarty—J. B. Macdonald, for the defendants in each case, moved for orders to quash the convictions for illicit sale of liquor. J. R. Cartwright, K.C., for the Crown. Motion granted. Costs of the King's bench division, they being already possessed of the facts to be argued on these motions.

Re Hill and Mackenzie, for Geo. W. Hill, appealed from the order of Anglin, J., in chambers, dated Oct. 30, 1908. C. A. Moss, for the respondent. The motion was granted in the County Court of Brant, and an application of defendants the Judge of that court ordered \$200 security for costs. The County Court of Hill thereupon moved before Anglin, J., for a writ of prohibition to the county judge and county clerk to prevent proceeding with the order for security. That motion was dismissed with costs, and Hill now appealed to this court. No one contra. Plewman, Jenkins—H. D. Gamble, K.C., for appellant; W. R. Smythe, K.C., for plaintiff, contra. Appeal by judgment from judgment of Teetzel, J. Judgment of the trial judge affirmed, with costs.

Court of Appeal. Before Moss, C.J.; Oaler, J.; Garrow, J.; MacLaren, J.; Meredith, J. City of Toronto v. Ward—E. D. Armour, for defendant; J. S. Fullerton, K.C., and W. Johnston, for plaintiff, respondent. Argument of appeal resumed from yesterday, and concluded. Judgment reserved.

Rex v. Lamothe—H. L. Dunn, for the Crown, appealed from a judgment of Anglin, J., in chambers, dismissing a motion under habeas corpus and certiorari, to quash the conviction dated for the offence of frequenting a house of ill-fame. J. R. Cartwright, K.C., for the Crown, contra. Reserved. Sutherland v. The Grand Trunk Railway Co.—J. R. Cartwright, K.C., for plaintiff, appellant; G. F. Shepley, K.C., for defendant, respondent. Plaintiff's case stated for \$1000, damages sustained by him by the loss of his horses, killed and injured, in a collision on the defendants' line of railway. Motion for judgment, granted, while being carried by them. The action was tried at St. Catharines before the Hon. Mr. Justice G. R. Sproles, judgment to be entered in favour of plaintiff for \$1200 only and costs. The plaintiff now appeals, claiming the full amount awarded.

McGraw v. Toronto Railway Company—H. H. Dewart, K.C., for the defendants, appealed from the judgment of the trial judge, granting judgment in favour of plaintiff, and awarding costs. Appeal from the chief justice, granting the King's bench, who tried the case. J. R. Cartwright, K.C., for plaintiff, respondent. Judgment reserved.

McGraw v. Toronto Railway Company—H. H. Dewart, K.C., for the defendants, appealed from the judgment of the trial judge, granting judgment in favour of plaintiff, and awarding costs. Appeal from the chief justice, granting the King's bench, who tried the case. J. R. Cartwright, K.C., for plaintiff, respondent. Judgment reserved.

McGraw v. Toronto Railway Company—H. H. Dewart, K.C., for the defendants, appealed from the judgment of the trial judge, granting judgment in favour of plaintiff, and awarding costs. A SAD CASE. A poor family is held up at Quebec on account of sickness. The government will not pass them until they have been detained in Quebec for some 30 days, which requires \$100. The mother is held at Quebec with three children, two of them ill, as well as herself, in destitute circumstances. The father came to Toronto some time ago and brought the family with him. He had started a little home but his earnings are small, and he has only a few dollars. The government says they will have to deposit his family now at Quebec next Saturday afternoon if he does not raise the \$100. We hope some good Samaritans will be good enough to contribute something towards this family. The father is pretty nearly despondent and has tramped the streets of Toronto night and day amongst his people to find funds, but has not been successful. In some two bad when this family is so close together that the mother has to be deported to Russia, perhaps never to see her children and husband again.

MR. ROCKFELLER

Continued From Page 1. Company of Ohio, with its capitalization of \$1,000,000. Mr. Rockefeller's eyes sparkled in reflection on that early financial organization, and speaking of its million dollar capitalization, with almost boyish enthusiasm, he said:

"It seems very large to us, who began with only \$4000 in 1822." Thus the proceedings took in a sense their official aspect because of the engaging manner which Mr. Rockefeller displayed in his answers, which he replied that he never felt better.

Mr. Rockefeller's smooth-shaven face, and to enquiring newspaper men he replied that he never felt better. The president of the Standard Oil Company was dressed in a plain business suit of dark material, and in which chain of a dark purple necktie. In which a large pearl pin was set, snugly to a high collar.

The development of Mr. Rockefeller's testimony to-day, which carried him to the organization of the Standard Oil Company of Ohio, indicated that one of the lines of the defence would be that the Standard Oil Company is not the result of any aggressive policy to obtain a mastery of the oil trade, as charged, but rather the natural outcome of an economical development which the exigencies of the oil industry demanded.

During a brief recess this afternoon, Mr. Rockefeller ruminated to the reporters on the Standard's growth, saying:

"What a wonderful thing it all has been, the growth of this business! It all seems like a dream to me, and here I am accused of doing the very wicked thing of selling a good article at a lower price than anyone else."

"This testimony here to-day brings back to my mind clearly the early days in Cleveland, where we were all friends and neighbors together. How well I remember that day in Cleveland when I went into the bank of E. F. Handy, who afterwards became one of my dearest friends. I wanted to borrow money, but I did not have any collateral, nor anyone to endorse me, and I told him what I wanted to do with it, and then asked me how much I wanted. I then asked \$2000, I said, and he said: 'To that I'll attribute what ever success I have had in life since.'"

TURNING THE FIRST SOD. Premier Whitney and W. F. Maclean, M.P.

FIRST SOD TURNED

Continued From Page 1.

The event will probably be erected near at hand.

The Ceremonies

Hon. Adam Beck began the proceedings by calling upon Ald. Fryer. "I have the honor of asking Ald. J. H. Fryer to turn the first sod in the construction of the provincial high tension transmission line," he said. "Owing to the place and the weather I will ask him to reserve his remarks until we adjourn to the Horticultural Hall."

Mr. Fryer took off his coat and hat and grasping a silver spade dug away like a Cobalt prospector. The soil was hard and the sod was tough, a piece of "old sod," in fact, and he placed some difficulty in removing it from the face of the earth. The photographers frantically endeavored to get a focus in the crowd that surged densely around, and Mr. Fryer gazed naturally kept digging until the camera lenses were appeased. A stake with the inscription "H. E. P. Com." was inserted to mark the place. "Canada First!" McConnell was the first to snatch a piece of the sod as a souvenir.

Sir James Whitney and the other gentlemen who had witnessed the event, called to consider the advantages of the project, and the Horticultural Hall, where a platform had been erected.

Origin of Movement

Hon. Adam Beck took the chair and expressed the pleasure it afforded him to welcome the representatives of the municipalities. These members of the Niagara Power Commission had given five or six years' service to the movement and done their work without stint or restraint, and the successful issue evoked a sense of great satisfaction in them all. It was of great interest and importance to Ontario as a whole, also. Six years ago at Berlin a meeting had been called to consider the advantages accruing to the country from its water power. If left entirely to the municipalities, the present lines were 238 miles long, and the cost would be \$1,270,000. The next lowest was \$1,555,500, by the Gas & Electric Co., and the next, by the Niagara Company, was \$1,750,000. The commission had also arranged with the contractors to double the distance of the line to be constructed. The present lines were 238 miles long, and the cost would be \$1,270,000. The next lowest was \$1,555,500, by the Gas & Electric Co., and the next, by the Niagara Company, was \$1,750,000.

They had been told when the commission's estimates for the cost of the line and power plant were announced that the cost of the line would be double, and all of \$7,000,000.

He was glad to say that all the tenders had been received, and with the public sale of the land on the easement plan they would be able to build and finish the line all complete for \$500,000 less than estimated. This meant that with the power plant and other power would be less to the municipalities than had been submitted in the bylaws. Manufacturers had told them they were lifting off more than could chew, but to-day these manufacturers were ready to supply what was needed.

The high voltage employed enabled the commission to lay power as cheaply in Galt as Toronto, and to extend and transmit the power anywhere else desired, and that thru Walkerville and Windsor could come under the advantages enjoyed.

Mr. Beck referred to the successful negotiations of the commission in Ottawa, and the favorable terms secured for the city there.

President Fryer

J. H. Fryer, president of the union, having called the scheme at first was thought to be applicable to a few towns, but it had spread all over Ontario. The difficulties had appeared in the case of Walkerville and finally been overcome. The Standard Oil Union ought to feel proud of Mayor Oliver and the City Council of Toronto, who had stood up to strength to the municipalities, and a great deal of their success was due to Mr. Ellis. They owed a debt of gratitude to Mr. Beck, and the stand taken by the municipalities was worthy of their pride. In another year they would see electrical power being sent to their homes.

Success of Public Ownership

Ald. Lyon of Guelph, secretary of the union, described the inauguration of the movement in 1903 and the big defeat of the municipalities. He said that he had waited on Premier Whitney in 1905. He thought the municipal ownership side of the question should not be put to rest. There had been a great deal of discussion on the alleged failure of public ownership, but he lived in a city where it was a success. The sixteen miles of street railway for years past; also light, gas and every public utility except the telephone. Many of these utilities had failed to pay under private ownership, but were now bringing a handsome revenue to the city. The tax-rate was only 24 mills, a lower rate than any other in the province. They looked forward to the time when the school tax would be the only tax.

They were making history that day. Thirty or forty years hence the event would be simply the Walkerville and the reform bill. As secretary of the commission, he had to say that they owed a great debt to Mr. Fryer for the work he had done. Mr. Fryer also thanked all the mayors, city clerks and others for the extreme courtesy shown him in the course of his duties. "The Whitney government relied on to carry it thru," he concluded, "and the people are with the government."

Mayor Oliver

Mayor Oliver disclaimed any merit in connection with the power scheme, saying simply it was his duty. "The whole province, he said, was under a special debt of gratitude to Mr. Beck and the Whitney cabinet for their support of the scheme. He believed it was the introduction of a new era in the manufacturing world. He looked forward not only to manufacturing improvements, but expected that they would be able soon to heat their houses with electricity.

P. W. Ellis had more than usual satisfaction in being present. Six years of arduous, hard and vigorous work had brought success. There was a great

Why Buy Linoleum for the Kitchen When You Can Have "Terrano"

Even the best Linoleum begins to crack after a year's use on the floor. It is practically worn out in five or six years. "Terrano" lasts for a lifetime. Linoleum is waterproof only as long as it does not crack. "Terrano" is absolutely waterproof forever. It is laid in a semi-gloss state and hardens in 10 to 15 hours. Linoleum is not fireproof—"Terrano" is. Linoleum gets damp and musty—dirt and grass get in the cracks. "Terrano" is dampproof—has no cracks or joints for dirt to lodge in—is germproof—and is the most sanitary of all floor coverings. Any color you desire.

"Terrano" may be laid directly on old wooden floors without removing any part of the floor. We'll send a competent man to explain the advantages of "Terrano" and give you an estimate of the cost of laying it in Kitchen, Pantry, Laundry, Bathroom, etc. Write or call

ence, I think, that you took this tragical, tender lad—while you were strong mentally and bodily—and to do him wrong. No one knows but one, and that is yourself, the terrible things that happened by Good Friday, in Samuel Faskin's bush. Your motive I do not care about, but I have made up my mind that it was a gross crime, and I hold that it would never be done at the expense of private rights. (Applause.)

He appreciated the expert advice the engineers and others had furnished, which had enabled them to go ahead to where they then were.

He wished to take advantage of that splendid opportunity to express his thanks and appreciation and that of his colleagues, for the noble manner in which the municipalities stood by the government. He would be utterly failures in his own conception of fair play if he failed to recognize this.

He knew more, perhaps, than anyone else there, of the influences brought to bear, thru party politics, and in other ways, to make the scheme a failure. He was proud to show his appreciation of their support.

"We have not gone thus far to be stopped in our good work," he observed, and loud applause followed.

"We will not be stopped or deterred by technical or other difficulties." He deplored the condition of the opponents of the plan, now sunk into a state of mental lassitude and torpor, the ultimate result of which would be hard to prognosticate. Cheers followed his final assurance.

"We will stand by the people who have stood by us."

WOMEN CAN'T VOTE

Anglican Synod Bar Them From Franchise in Vestry.

VICTORIA, B.C., Nov. 18.—(Special.)—The Anglican synod, in session here, decided not to give women the right to vote at vestry meetings.

It was also decided to ask the government to enforce the Lord's Day Act, and strong ground was taken against the moral conditions prevailing here.

Rev. Stanley Ard, rector of St. James', Victoria, told of conditions in optimum days. He said there were more white men than Chinese in these, and nearly as many white girls as Chinese girls. The police said they were powerless to do anything about it.

He declared they should investigate and allow the newspapers to expose the guilty ones.

# COBALT --- Rumored Amalgamation of Two Mining Companies --- COBALT

**The Electrical Ore Finding Co., Limited HAS PURCHASED THE MINING RIGHTS ON 40 SQUARE MILES OF TERRITORY**

## USUAL ACTIVITY IS LACKING UNDERTONE REMAINS FIRM

No Features Prevailed on the Local Exchanges and Declines Were Unimportant.

World Office, Wednesday Evening, Nov. 18. The market for mining stocks to-day, while not displaying the usual amount of activity, had no sensational features in connection with any sharp advances or sudden setbacks.

The declines in almost every instance were unimportant. The undertone of the market is in such a strong condition that a study of the situation leaves one with a highly optimistic and favorable impression of things and the future.

From Montreal a despatch announces that "not since Crown Reserve stock was listed on the regular market has it been as quiet as to-day. Up to noon no sales were registered, but the afternoon session was somewhat more lively. At the latter session 100 shares sold for 25."

Beaver stock slid off to some extent, touching 43, a decline of several points since yesterday.

Nova Scotia dropped as low as 71, and Green-Meehan fell back to 27, a decline of 6 points.

Trethewey appeared to be on the firm side during the day and there was a stimulated demand for Temiskaming, due to a Cobalt wire report that a new valuable strike had been made on the property.

La Rose was listed on the Toronto exchange for the first time to-day and over 700 shares were dealt in at 7 and 7 1/2.

Nipissing had a comparatively busy day, selling around 11 1/2 and 11 3/8 to the extent of 115 shares.

In New York the mining stocks moved freely, regardless of Toronto and Montreal prices.

All the Cobalts on the N. Y. curb were noticeably firm and over 45,000 shares were traded in.

Good buying occurred in Silver Queen and Chambers-Ferland and the former stock advanced several points on the buying. Off the exchanges there was an unsatisfied demand for Hargrave, sales being reported as high as 85.

The reaction in the market is generally accepted as beneficial, a great many purely speculative accounts having been cleared up. Buying to-day was largely from investors who are not looking for immediate profits. There was not much real stock offering at the close of the exchanges, and it will be very few new orders to strengthen prices very materially.

**DAVIS SILVER COBALT MINES**  
Have Total Area of 170 Acres in South-eastern Coleman.

The properties of the Davis Silver Cobalt Mines Co. have a total area of 170 acres, mostly in the southeastern Coleman district.

The tests made on the claims are said to have revealed some rich veins. The company has no indebtedness whatever and will be honestly and prudently managed in the interests of the stockholders.

The policy has been adopted of operating as a holding company, making short term leases to thoroughly responsible parties upon terms requiring large monthly expenditure for development. Leases are now in force on 70 acres—in three leasehold areas, terms and other leases are under negotiation.

**RAINY LAKE GOLD.**  
Recent Discovery Assayed \$2124 to the Ton—Other Finds.

WINNIPEG, Nov. 18.—After several years of inactivity there is evidence of a revival of gold mining in the Rainy Lake district owing to several important discoveries which have been made there during the past few weeks.

At Dymont, Thomas Hogan located a reef of ore, samples from which assayed \$2124 to the ton. Other rich finds have been made in other localities and in all there are fourteen new stamp mills now being erected in the district, the majority of which will be working before the end of the present winter.

Many of the reefs of gold-bearing quartz discovered proved to be refractory ones, and difficult to work, but the recent finds are all that could be desired. Through New Ontario there are several mining companies which are working with good results, but are keeping the result of their operations as secret as possible.

**REPORT OF ENGINEERS.**  
To Government on Hargrave's Claim Shows Property's Richness.

The Hargrave stock, so heavily subscribed on Tuesday, was dealt in yesterday to the extent of 25,000 shares at from 56 to 58 1/2, and long date stock at 65.

A prospectus of the mine, covering details, is to be issued next week and will include statements as to the richness of the property made by engineers to the government. It is not generally known that the rich Drummond vein taps the Hargrave property on the north forty acres. Work will be commenced immediately, and the mine will once more join the big shippers of the Cobalt camp. It would appear that the district wherein lies the Hargrave is likely to surpass the richness of the

**SELLS OUT KERR LAKE.**  
Large Shareholder of Kerr Lake Disposes of Holdings.

The Montreal Herald says: J. A. Jacobs of Montreal, one of the pioneer mine-owners in Cobalt, has just disposed of his entire holdings in the Kerr Lake Mining Company to Edward Steindler of New York, the president of the company. Mr. Jacobs sold out his interests in this important property in order to devote all his time to the development and care of other properties in Cobalt in which he is heavily interested.

The history of the Kerr Lake Mine is closely allied with the foresight and courage of Mr. Jacobs. It will be remembered that in the early days of Cobalt Mr. Jacobs went to that new

mining district and secured the Kerr Lake property at a time when business men here looked askance at mining ventures of the kind, and there were many foolish investments. In fact, he tried unsuccessfully to get other Montreal men to take an interest with him in the property, and had finally to turn to New York, where he secured the co-operation of Mr. Steindler and others.

Active work was begun on the property and it has turned out to be one of the best in Cobalt, making hundreds of thousands of dollars for its owners. As a shipper it ranks well up among the shippers in camp.

**WILL NEED EXPLANATION.**  
If New Combination Is to Be Subscribed for by Public.

It was learned yesterday that a deal is on for the two properties in Bucko Township, the one formerly owned by the Red Rock Mining Company, and the other still in the hands of the Green-Meehan Co. The exact position in which the proposition is was not stated, but it is understood that the proposed deal is with the idea of incorporating these two companies into one.

In mining circles the deal was not much to the liking of those who have participated in the stocks of these two companies. The Red Rock, for instance, which was capitalized at one million, and sold at \$1.50 at one time, was finally sold out under foreclosure proceedings at about \$26,000. With the Green-Meehan, the stock market price was once as high as \$1.80, and the shares went down below 10 cents during the period of depression. Shareholders in both these companies presume that a satisfactory explanation will have to be forthcoming if a new flotation of the combined properties is to be handed out for subscription.

**ELK LAKE TRAFFIC.**  
Citizens Up North Are Claiming for Improved Facilities.

The Temiskaming Herald says: The towns up the line are hot after the Elk Lake district trade, and the local boards of trade are not doing a thing but endeavoring to convince the authorities that theirs is the one and only route to the silver fields. Up to the present time it has been a recognized fact that the winter road from the T. & N. O. was from Earleton to the Montreal River, but since the opening of the Charlton branch of the railroad the citizens of that town claim that they have the best line. The citizens of Charlton held a meeting in connection with the matter, and the following report has been forwarded us for publication:

"A mass meeting was held here last evening to discuss means of getting the Elk Lake City traffic to come this way during the coming winter. The Charlton route is the shortest by some ten miles, and the road is far the best, there only being one hill on the route. It was decided that our train service would have to be improved on branch before traffic could be handled satisfactorily, and with this end in view a delegation composed of Dr. Cooper, Mr. Brown and H. S. Malkin were appointed to go to Toronto to interview the government and lay the matter before them. A subscription was taken up to defray expenses of delegates, also another to aid in clearing the Elk Lake City-road. This morning three teams and a driver, with the necessary tools left here to put the road in good shape for heavy traffic from here to Elk Lake City."

**ENTHUSIASTIC HAILEYBURIANS**  
Proclaim Newly Exploited District as Second Cobalt.

R. E. Moody of Marshall and Spader Company has returned from a trip to the Haileybury district, where he spent some days at various camps in the district. At Haileybury, Mr. Moody says that the "talk of the town" is the South Lorraine District and also the Montreal River country.

Haileyburians firmly believe in the newly exploited grounds and are placing much confidence and money in developing claims.

The chief properties under observation for definite and immediate results are the Haileybury, Wettlaufer, Gibson, J. C. Wood, Sealie Nesbitt and the Fornerie property.

On the Fornerie a gang of men are at work endeavoring to locate the famous Keeley vein, which runs from the Keeley property for three-quarters of a mile, thru the Beattie, Nesbitt, Gibson and others.

This vein is heavily charged with silver and it is expected that it will make an excellent showing on the Fornerie claims.

Also on this last named property six silver veins have been located.

Residents of Haileybury are, as stated before, highly enthusiastic over the South Lorraine District.

Miners in and around that part of the country say that it is a second Cobalt and in much the same position as Cobalt was some two years ago.

Just as good results are looked for and banked upon by the whole community.

A prospectus of the mine, covering details, is to be issued next week and will include statements as to the richness of the property made by engineers to the government. It is not generally known that the rich Drummond vein taps the Hargrave property on the north forty acres. Work will be commenced immediately, and the mine will once more join the big shippers of the Cobalt camp. It would appear that the district wherein lies the Hargrave is likely to surpass the richness of the

**SELLS OUT KERR LAKE.**  
Large Shareholder of Kerr Lake Disposes of Holdings.

The Montreal Herald says: J. A. Jacobs of Montreal, one of the pioneer mine-owners in Cobalt, has just disposed of his entire holdings in the Kerr Lake Mining Company to Edward Steindler of New York, the president of the company. Mr. Jacobs sold out his interests in this important property in order to devote all his time to the development and care of other properties in Cobalt in which he is heavily interested.

The history of the Kerr Lake Mine is closely allied with the foresight and courage of Mr. Jacobs. It will be remembered that in the early days of Cobalt Mr. Jacobs went to that new

mining district and secured the Kerr Lake property at a time when business men here looked askance at mining ventures of the kind, and there were many foolish investments. In fact, he tried unsuccessfully to get other Montreal men to take an interest with him in the property, and had finally to turn to New York, where he secured the co-operation of Mr. Steindler and others.

Active work was begun on the property and it has turned out to be one of the best in Cobalt, making hundreds of thousands of dollars for its owners. As a shipper it ranks well up among the shippers in camp.

**WILL NEED EXPLANATION.**  
If New Combination Is to Be Subscribed for by Public.

It was learned yesterday that a deal is on for the two properties in Bucko Township, the one formerly owned by the Red Rock Mining Company, and the other still in the hands of the Green-Meehan Co. The exact position in which the proposition is was not stated, but it is understood that the proposed deal is with the idea of incorporating these two companies into one.

In mining circles the deal was not much to the liking of those who have participated in the stocks of these two companies. The Red Rock, for instance, which was capitalized at one million, and sold at \$1.50 at one time, was finally sold out under foreclosure proceedings at about \$26,000. With the Green-Meehan, the stock market price was once as high as \$1.80, and the shares went down below 10 cents during the period of depression. Shareholders in both these companies presume that a satisfactory explanation will have to be forthcoming if a new flotation of the combined properties is to be handed out for subscription.

## Holiday's 'East Kent' Ale

Is not only deliciously refreshing, but it is, above all things, characterized by absolute pureness.

**"IT HAS THE HOPPY TASTE"**

An eminent analyst says of "East Kent" that it is "perfectly pure, containing only the necessary ingredients in first-class ale," and also adds: "its appetizing and strength-giving qualities render it exceedingly useful for medicinal purposes."

**COSTS NO MORE THAN ORDINARY BRANDS**

"EAST KENT" has been brewed in Guelph in the good old-fashioned English way by two generations of the Holiday family. They brew ale as it should be brewed. You will agree with this if you once try it.

### POPULAR SUFFRAGE IS A DANGEROUS SYSTEM

Quebec Paper Regrets That Clergy Are Not Political Teachers of People.

MONTREAL, Nov. 18.—(Special.)—There is a paper in Quebec called La Verite, which circulates largely amongst the clergy, altho largely combated by a section.

For instance, some years ago Cardinal Taschereau was so incensed at the paper's policy that he refused to receive Mr. Tardival, the founder of La Verite, at New Year's.

This paper has now discovered that the people are unfit for the franchise and in most countries is based upon a false principle and constitutes an absurd and dangerous system of suffrage upon the ignorant masses of the people to judge the legislators and to decide on the merit of their laws and the value of a government working classes, very often quite illiterate, judge the value of the laws and policy of legislators and state men to say that the clergy might be the chief teachers of the people in such important matters if unfortunately Liberalism which has penetrated everywhere did not force the priest, wise adviser of the people, to remain in the vestry and close his mouth. The only guidance outside of political parties, but their voice is soon covered up by the cries of men who make capital out of the people. The only sure remedy would have been liberty of action in politics on the part of the clergy, wise and disinterested liberty of action.

The article concludes with a quotation from a memorial addressed in Rome in 1878 by the late Bishop Bourget, in which the prelate complained of a mandament issued by Archbishop Taschereau of Quebec, which forbade the clergy to take part in the hierarchy with whom he had signed a collective pastoral against Liberalism. Bishop Bourget pointed out that the clergy were not to be considered as a collective body, but as individuals, and that the silence imposed upon the clergy in election matters, while they would themselves speak at church doors and visit private residences to secure the election of men opposed to the doctrines and liberty of the church.

### AT THE PARTING OF THE WAYS.

Editor World: Surely all citizens who desire the prosperity of Toronto must be gratified at the news that the military authorities and the government at Ottawa have consented to street cars running thru the Old Fort property. In common with many other people, I never could see how street cars could desecrate property through which all kinds of scavenger and swill carts were allowed to run without let or hindrance. On the contrary, it appeared to me that the entrance and passage of the street railway thru the property would make this rightly prized relic of the past more familiar to the people, and consequently of more educational, historical value. As I understand it, the city once more undertakes to put the property in proper and reverential order, so that it may be preserved and receive that becoming recognition by generations yet to come that so sacred a monument of early struggling Canada deserves. So far so good. It is now up to the city to do its share and it is interesting to know that the city has been made wholly if the city falls, the government will take up the work and charge the same to the city. There is only one flaw here, and that is that the preservation of the fort is not made a national undertaking. In a minor degree the preservation of the historical spot is of similar importance to the country at large as the preservation of the Plains of Abraham, to which the government at Ottawa recently subscribed \$200,000. But apart from that, it is pleasant to know that steps are at last to be taken to familiarize the people with this splendidly historic old spot.

In return for conceding the deed of the property to the city, the government and the railway department have consented to the Toronto Railway Co. carrying its line thru the centre of the fort, as proposed in the plan submitted by the exhibition people.

As to the bearing that the matter has upon the exhibition, it is public knowledge that while the receipts at the recent exhibition totaled up more than last year, the attendance was lighter and especially of city people. This can be attributed to but one cause, namely, the difficulty experienced in reaching and leaving the grounds. That is a large property, and it can only be got-at-able in one direction, and that for the majority of the visitors a round-about one, has long been a nuisance. But that is not all, for the situation plainly indicates that the ground the attendance will diminish until profits also disappear and annual deficits become the rule. Then the end.

#### RELEASED ONE DAY GOES BACK THE NEXT

Hotelkeeper Nelson of West Toronto Lands in Cells—East End Wants Alderman.

WEST TORONTO, Nov. 18.—Possibly by way of celebrating his release from the six months' term of imprisonment imposed on him by Police Magistrate Ellis, Alexander Nelson, proprietor of the Subway Hotel, arrived home last night in high spirits. He came to the cells at the West Toronto police station, to await another official interview with Magistrate Ellis in the morning.

Ex-mayors, aldermen, heads of departments and many citizens of West Toronto, on the invitation of his Worship Mayor Baird, will be present tomorrow evening at the unveiling of the beautiful oil painting of ex-Mayor Dr. G. W. Clendennan, in the council chamber.

Part of the 15 carloads of stone that have been ordered for Keele-street has already arrived, and the work is being rushed to completion.

Weston, Mount Dennis, West Toronto and in fact the whole district was represented last night at one of the most successful entertainments the Ladies' Aid of Dayenport Methodist Church has ever given. After a bounteous supper had been served, a program of vocal and instrumental selections was given thru. Ex-Mayor Jesse Smith presided.

James Quinnell, who resides at 100 Charles-street, has been stricken with paralysis, and was removed last night to the home of his son-in-law, George Davidge, 123 Humber-street.

For the purpose of organizing for the coming season the curling club of West Toronto will meet at 8 o'clock on Friday evening at their hall, Ravina Park.

#### EAST TORONTO.

Township Support Council in Protest Against Sewage Plant.

EAST TORONTO, Nov. 18.—Mayor McMillan will in all probability be one of the candidates, and a strong one, in ward one at the coming municipal elections. The mayor has been a splendid presiding officer during the year, and if he will consent to enter the list, will poll an enormous vote in wards one and two, as well as in the Balmby and Keeweech districts. If the intervening portion of York Township, between the town and the city, is annexed, a big vote will be available there, which, if concentrated on an eastern man, would go a long way to secure his election.

It is felt here that in order to secure

most successful open meeting at the personsage yesterday.

Markham people are waiting anxiously for some definite action as the extension of the Metropolitan Railway to this town. Markham Village wants competition, and wants it badly.

#### PINE GROVE.

Vaughan Township Farmer Meets With Big Loss Thru Fire.

PINE GROVE, Nov. 18.—(Special.)—The barns and outbuildings belonging to John Evans, near Pine Grove, were burned to the ground yesterday morning together with all his feed, grain and a portion of his implements. The cause of the fire is supposed to be incendiary. Insured in the Peel Mutual for \$1750.

Thos. Morrison, an aged resident of Vaughan, died at his home on the 7th concession on Tuesday morning. He leaves a widow and grown up family. The funeral will take place on Thursday afternoon to Knox Church Cemetery.

#### EARLSCOURT.

EARLSCOURT, Nov. 18.—(Special.)—A special meeting of the Earlscourt Ratepayers' Association will be held in the Dufferin-street school on Friday evening at 8 o'clock sharp. The subject of annexation will be under discussion, and a big attendance of the Earlscourt ratepayers is expected.

#### HAGERMAN'S CORNERS.

HAGERMAN'S CORNERS, Nov. 18.—The standing of the public school for October is: Sr. IV.—Norma Couperthwaite, Carlton Couperthwaite, Jr. IV.—Kenneth Prentice, Sinclair Hagerman, Maggie Couperthwaite, Myrtle Ham, Alex. Donaldson (equal), III. Class—Will Brander, Roy McIntosh.

Sr. II.—Irene Prentice, Idella Brown, Luther Prebble, Lillian Toole, Jr. II.—Russell Couperthwaite, Percy Ham, Earl Hiseborough, Tom Rattie.

Jr. Pt. II.—William Rattie, Roy Hiseborough, Oliver Reid, Harold Cunningham.

I. Class—Johnnie Gilham, Clifford Smith, Melvin Morgan, Fay Gilham.

#### CREDIT SALE.

A credit sale of cordwood, slabs and lumber, the property of W. H. Peterson, will be held on lot 20, concession 2, West York, one and one-half miles from Finch's Corners, on Yonge-street on Friday, Nov. 20, 1908. The lot consists of 75 cords of mixed wood 4 feet long, 40 cords of slabs 4 ft. long, 50' ft. of 1 and 1-2 in. clear pine, 300 ft. of 2 in. rock elm and ash, 15,000 ft. of 1 and 2 in. hemlock, 5000 ft. of 1 in. basswood, 10,000 ft. of 1 in. soft elm, and about 30 loads of sawdust.

Sale at 1 o'clock. J. H. Prentice, auctioneer. 123456

#### THE AFTERTHOUGHT.

Joy and sorrow, hand in hand,  
Pass thro' life's mystic way,  
Until the radiant light is reached  
Of an eternal day.

Then sorrow shall be glorified,  
And joy shall never cease;  
United in a crowning reign  
Of everlasting peace.

#### Would Commit an Editor.

A motion was made before Chief Justice Sir W. Meredith yesterday to commit William Robertson, editor of The Dundas Banner, for an alleged contempt of court, and was enlarged for one week. The action is that of Ed. J. Guest against W. E. S. Knowles, for slander. The defendant made application to commit the editor for making comment upon the action in issue of October 22 and 29.

#### Falls Down Elevator Shaft.

Frank O'Halloran, 16 Broadalbane, fell one storey down an elevator shaft at the corner of Spring and McCross streets, Bay and Terway-streets, yesterday. His ribs were crushed and he was removed to St. Michael's Hospital.

#### Old Friend Lays Charge.

Fred Thornett, 206 Duchess-street, is charged with assaulting Mrs. Gertrude Skinner. He was arrested yesterday. Fred lives at the same house as the lady and was a friend of hers before she was married.

#### WHITE CAR UNIONS.

President Gompers Makes Effort to Bring About Harmony.

DENVER, Col., Nov. 18.—During the session of the A. F. of L., President Gompers announced that there were two railroad carmen's international unions, one of which is affiliated with the federation. He said that efforts had been made to unite the two unions, and to that end he had invited both to send delegates to this convention.

This had been done, and he proposed that a committee of three be appointed to make an effort to bring about harmonious relations between these unions.

On motion, the president was instructed to appoint such a committee.

These railroad carmen are employed in building and repairing cars.

#### BROTHER SHOOTS BROTHER.

Wrangle Over Demand for Money Leads to Tragedy.

PITTSBURG, Nov. 18.—Reuben Crown, said to be a New York attorney, is in a hospital here mortally wounded by a revolver shot alleged to have been self-inflicted. Joseph Crown, a well known Pittsburg lawyer, is in an adjoining ward dangerously wounded by a shot which the New York man is accused of having inflicted.

The shooting occurred in Joseph Crown's office in the Blackwell Building early to-night after the brothers had been wrangling and quarrelling for some time. The New York brother is said to have demanded money, which the Pittsburg refused.

#### Another Bicycle Theft.

While walking west on Wilton-avenue Fred Ellsworth, 124 Spadina-avenue, was stopped by Detective McKeown. He was leading a bicycle, which he said he was taking home to sell. It seemed that he was going the wrong way and the detective took him in and found out that the wheel had been stolen from John Young, 256 Brunsvick-avenue.

#### An Opinion from Nova Scotia
