Ontario's Power Minister Hits Out From the Shoulder—Only 60 Disputes in Dealing With 2000 Owners of Land.

Intense, thrilling, quivering with emotion, eloquent with the unstudied, eloquence of a burning, righteous indignation, was the masterly vindication of the hydro-electric policy of the Ontario Government with which Hon. Adam Beck held the legislative spell-bound yesterday evening.

All thru the budget debate, speaker after speaker on the opposition side of the house has hammered at the old charges of confiscation and predicted ruin. Whenever the matter has been mentioned Mr. Beck has been seen to lean forward in his seat, intent on not missing a single word. Every little while he would make a note on the pad before him.

Everyone felt it was coming. Last night it came. D. Reed (South Wellington), who preceded him at the evening session, had, as it were, faintly thrown down the gauntlet, laying stress on the methods of obtaining easements, quoting cases and reading statements obtained from farmers. He got his answer.

An air of intense expectation ran thru the house when Mr. Beck rose to reply. The government and the members of the commission, he said, were grateful for the discussion of the methods of the commission in furthering the power policy of the government. They were more than grateful for the information given the house by the members of the commission.

In the State of Michigan, where a similar line existed, they had had an actual demonstration of the working of the easement system. It had the advantage that the farmer did not surrender for all time his land, as he did to a railway or other corporation for a right of way. If it rose in value the new contract was based on the increased value of the property.

"We have every confidence," he said, "that the lands will increase in value in time, and that the poor farmer, of whom we have heard so much will reap the benefit." "Nothing has been heard," he continued, "of any farmer being singled out for preference on account of his political party. If in 30 years a Liberal government is in power, perhaps the farmers would have a chance to deal with them and see what they would do."

BECK-ISMS

The conservation microbe has taken hold. Conservation, not spoliation. We have done our best; we will continue to do our best; we have no fear we shall fail.

We have been dealing with 2000 owners, and have only had 60 disputes. I am proud of the loyalty of the farmers and of the co-operation they have given us in this big proposition.

Forget Group Have Proxies. The story of the differences between the two countries is brief. After the granting of a preferential tariff to Great Britain by Canada in 1897, the British Government denounced a number of favored nation treaties, including the treaty with Germany, which provided that no other or higher duties should be levied in the British colonies on the products of Germany.

Germany resented this state of affairs and imposed upon Canadian products the higher duties of the German tariff. The Canadian Government remonstrated against what was deemed to be an injustice to Canada, pointing out that the tariff relations between the United Kingdom and the colonies were matters of domestic concern with which no foreign government could reasonably interfere.

Germany naturally desired to be admitted to the benefits of this treaty on the same terms as France. The moment, however, appears to be an unfavorable one for entering upon negotiations for a comprehensive commercial treaty with Germany, but it has been deemed expedient to enter into this partial arrangement, which will bring about a better understanding between the two countries.

The agreement means that the surtax imposed by each country on the other's goods has been removed and that trade conditions existing before 1903 have been restored. The schedule of the new tariff is as follows: Canadian products to be admitted to Germany at conventional tariff rates. Wheat and spelt, barley, oats, rye.

GERMAN SURTAX REMOVED BY CANADA

Provisional Trade Agreement Signed at Ottawa Ends Difference Which Arose When Preference Was Given.

German Surtax Removed. German Government concedes to certain manufactures of Canada minimum rates of duty.

OTTAWA, Feb. 15.—(Special).—A provisional trade agreement between Canada and Germany was signed today by Dr. Karl Lang, imperial German consul for Canada, and Hon. W. S. Fielding, minister of finance. This agreement evidently brings to an end the unfortunate differences between the two countries which arose in 1898 and have continued until the present time.

The question of a general convention for the regulation of commercial relations between Germany and Canada has been deferred for consideration to a time that may be found mutually convenient. If, after a reasonable time a commercial convention, such as is contemplated, has not been entered into, then either of the principals may terminate the concessions on giving two months' notice.

The Etranglement. The story of the differences between the two countries is brief. After the granting of a preferential tariff to Great Britain by Canada in 1897, the British Government denounced a number of favored nation treaties, including the treaty with Germany, which provided that no other or higher duties should be levied in the British colonies on the products of Germany.

Germany resented this state of affairs and imposed upon Canadian products the higher duties of the German tariff. The Canadian Government remonstrated against what was deemed to be an injustice to Canada, pointing out that the tariff relations between the United Kingdom and the colonies were matters of domestic concern with which no foreign government could reasonably interfere.

SIR WILFRID: As the Globe truly says, "the great use of the Bristol type (our vessels) is to discover the enemy." MR. CANUCK: What are you going to do when you discover him?

Cleveland Gives Choir Unprecedented Ovation

Critics From Many American Cities Hear Dr. Vogt's Vocalists and Accord Them High Praise. CLEVELAND, O., Feb. 15.—Nothing like the ovation accorded the Mendelssohn Choir here to-night has ever been given them before. An audience of 2500, with representatives from Omaha, Chicago, Detroit, Toledo, Akron, Buffalo, Ithaca, New York, Pittsburg, Columbus, Cincinnati, and many other distant places, with the cream of Cleveland's artistic and fashionable circles, was excitedly present to witness the performance.

Magdalen Islanders Have Barrel Express. Cable is Broken and Residents Send Letters to Mainland Adrift on the Waters. HALIFAX, N.S., Feb. 15.—(Special).—In old times there were various devices resorted to establish mail communication over the water. The steamer from England for several years after the transatlantic service was established threw a can overboard of Cape Race if which the latest English newspaper was enclosed, together with a synopsis of the state of British markets. A pigeon express was likewise established.

STANDS UP FOR LORDS. Country Favors Efficient Chamber, Says Rosebery. (Canadian Associated Press Cable). LONDON, Feb. 15.—Lord Rosebery, at a dinner at Harold Cox, ex-M.P., said the country overwhelmingly favored a strong, real, efficient second chamber. He suggested the reference of the tariff reform question to a royal commission.

COMET TRIP BY BALLOON. Glidden and Harvard Men to Observe Antics of Halley's Wanderer. BOSTON, Feb. 15.—Charles J. Glidden, president of the Aero Club of New England, plans an ascension in the balloon Massachusetts next May with Professor E. C. Pickering, of Harvard, and other astronomical authorities to observe the antics of Halley's comet and to photograph it. Mr. Glidden believes interesting data can be obtained and excellent photographs taken at an elevation of three miles.

NAVAL DEBATE STIRS PARTY SPIRIT

Speakers on Both Sides Assail Attitude of Leaders—E. M. Macdonald and Dr. Roche Chief Contestants. OTTAWA, Feb. 15.—(Special).—The partisan nature of the naval debate continued, initiated by the prime minister, who indulged in a violent attack upon the opposition, this spirit has been the leading feature of a debate which at one time promised to assume a brotherly love aspect.

Liberals First. Mr. Macdonald stated that the question of naval defence was never broached until the Liberal party came into power. The Liberal policy was laid down by Sir Wilfrid Laurier in 1896 and that policy was now being adhered to. Mr. Borden and Mr. Foster, on the other hand, wanted to pay tribute to the navy.

Government Prefers Municipalities to Take Up the Work. OTTAWA, Feb. 15.—The formal opening of the new consumptive home took place this afternoon. Among those who spoke were his excellency, Earl Grey, Hon. W. J. Hanna, provincial secretary, Mayor Hopewell, Dr. Adams of McGill University, and president of the Canadian Society for the Prevention of Tuberculosis, Dr. Cousins and George H. Perley, M.P.

TO STOP GERMAN SCARE. Prince Henry of Prussia is Visiting England. LONDON, Feb. 15.—Prince and Princess Henry of Prussia arrived here this evening. They will be guests at Buckingham Palace for a week. It is understood that the purpose of the visit is to create a better feeling between England and Germany.

Government Takes Mondays. OTTAWA, Feb. 15.—(Special).—Sir Wilfrid Laurier gives notice that from now on government orders shall have precedence immediately after questions on Mondays. This means that the only remaining private members' day will be taken away, and that an effort will be made to bring the session to a close as early a date as possible.

The Price of Fur. Anyone buying fur to-day might consider the price high, but just wait until next year, then there will be all sorts of complaints about the very nasty prices the different furriers are obliged to ask. The sale going on now at Dineen's seems to offer a splendid chance to the wise person to make next year's purchase to-day, for besides the fact that prices will be much higher, there is also to be remembered that the Dineen Company is selling goods away below cost.

CATHOLICS AND JEWS JOIN PROTESTANT BOYS

History of a Broadview Idea— Factory for the Production of Ideal Young Citizens.

Of all the industries in Riverdale, that for the production of ideal young Canadian citizens, on Broadview-avenue, is one which has never suffered from depression. Its full capacity and output has been taxed to the limit from the outset. It has run full time 18 hours a day and seven days a week for seven years, without a single day's shutdown. Its plant is the more than doubled as one feature of the forthcoming Y. M. C. A. building campaign. The site will blossom out with a modern \$40,000 Y. M. C. A. on the east end of the Y. M. C. A. will be established. The history and work of the Broadview Boys' Institute reads like a marvelous romance, but it is a true story.

The organization was started 15 years ago as Boys' Brigade No. 11 of Broadview-avenue Congregational Church. For seven years it was conducted with increasing success. Its chief promoter, C. J. Atkinson, then enlisted the co-operation of several prominent citizens, and an "extensive" site for the present institute building was secured. It cost \$20,000 and a year an offer of \$50,000 for the property and buildings was declined. One advantage of establishing the organization as an institute was the denominational aspect of the boys' brigade company attached to a church. The non-sectarian basis was so carefully emphasized that an independent institute, alike of Protestants, Roman Catholics and Jews was secured, and boys from such families have the religious views of their parents strictly respected.

The full complement of 400 members was quickly reached, and it was found necessary to make a rule that boys on reaching their 16th year should pass into membership in the Old Boys' Association, and their places are filled by younger boys awaiting vacancies. No membership campaign has ever been deemed desirable. The boys of the district regard it as a privilege to belong. The boys realize that misconduct entails forfeiture of membership, and their behavior is exemplary. At present there are 415 above the understood but unwritten limit. The boys' institute work differs from the Y. M. C. A. system, everything being educational on an individual basis, which affords boys voluntary choice of some vocation as a recreation for their spare time. The Y. M. C. A. has in the past made religion the prominent feature of the institute work. The religious department is supplementary. At the classes the boys try out their individual inclinations. One son of a prominent east end family came to the institute to Upper Canada boys' club and adopt an urban professional career. His interest in scientific agriculture, awakened at the institute, caused him to go instead to the Guelph agricultural college at Guelph. The son of a lawyer whose parents sold out their Toronto property and went to Alberta. The young man was recently at law as the spokesman for an Alberta delegation, and is one of the leading agriculturists of the new province.

The composition of the board of management is a view to the new Y. M. C. A. for the masculine adult population of the east end, is receiving careful and assiduous attention. It is possible that there will be a separate board of directors for the boys' club. It is a condition of placing their \$50,000 equity in the property at the disposal of the Y. M. C. A. authorities that the boys' club will be on an equal footing with all privileges, rooms and equipment with the Y. M. C. A. adults. The present Broadview Institute holds office until May 1. It is composed of John C. Atkinson, president; Noel Marshall, hon. president; John G. Kent, W. McKendrick, J. H. Gundy, J. M. Godfrey, G. Frank Barr, A. T. Reid, F. H. Pearson, C. W. Charters, Superintendent C. J. Atkinson.

Incorporated Club. The Broadview Boys' Institute is a boys' club incorporated, planned on self-help and mutual help lines, to develop the mental, physical, social and spiritual. The institute organized as a commonwealth, divided into four provinces, with a chief executive officer, a township, courts of justice, national bank, joint stock companies, etc. A nation of boys, for boys, by boys. The institute is planned for boys 12 to 18 years of age.

Once More From THE GREAT WEST

COMES EVIDENCE OF THE GREAT WORK DODD'S KIDNEY PILLS ARE DOING.

Cyrille Maginel Cured of His Rheumatism and Diabetes by the Old Reliable Kidney Remedy.

FINDLAY, Man. Feb. 15.—(Special.)—Cyrille Maginel, well known farmer living near here, furnishes further evidence of the great work Dodd's Kidney Pills are doing in the west.

He suffered from Rheumatism and Diabetes. Mr. Maginel says in telling the story of his cure, "My sleep was broken and unrefreshing, and I was tired and nervous all the time. I was treated by a doctor but he failed to cure me. Reading that Dodd's Kidney Pills were good for brick sediment in the urine, led me to try them, and after using twelve boxes I am as well as I can possibly be. Dodd's Kidney Pills have made new men of me and I am thankful."

Dodd's Kidney Pills are no cure-all. They cure sick kidneys and that is all that is claimed for them. But sick kidneys are the root of numerous diseases caused by impure blood. For you can't have pure blood with sick kidneys. It is the work of the kidneys to strain the impurities out of the blood. Dodd's Kidney Pills cure Diabetes because it is a kidney disease; they cure Rheumatism because it is caused by sick kidneys; falling to strain the uric acid out of the blood.

At the afternoon banking and see, Mr. Laidlaw of the Canadian Association, was again to the clause affecting companies. In dealing made before the committee of the House, he said that England is able to pay high interest not because of excessive taxation, but because of investment.

At the afternoon banking and see, Mr. Laidlaw of the Canadian Association, was again to the clause affecting companies. In dealing made before the committee of the House, he said that England is able to pay high interest not because of excessive taxation, but because of investment.

A MAY SCENE IN THE BROADVIEW BOYS MINIATURE TOWNSHIP.

house, and land for play-grounds and model township to the extent of five and a half acres. During the fall, winter and spring months, evening classes are conducted by a staff of competent teachers in mutual training, printing, domestic science, basketry, clay modeling and lettering, type-writing, correspondence, music, Bible study and gymnasium work. Reading and recreation rooms are provided, also accommodation for literary and other subordinate clubs. Entertainments, club suppers, banquets, various social gatherings, are attractive features of the work.

The boys organize joint-stock companies, incorporated by act of their own parliament, for trading and carrying on large enterprises. They have their national bank, with boys under brokers and a stock exchange; a standing army and police constables, and inspectors of many kinds. Two printing plants on the premises are now required to publish newspapers and the necessary public documents.

Miniature Nation. The institute is a nation in miniature, in which there are four provinces—agriculture, education, sport and commerce—sending representatives to the commonwealth parliament, composed of thirty-six members. The Dominion of Canada has been taken through the institute, the citizens spend their spare time at the institute as citizens. They work at farming during the spring, summer and fall, and attend evening classes during the winter.

A brass band is a feature of the institute. The leader and instructor were formerly Broadview members. It was reorganized last fall as a strictly juvenile band with 40 members.

The head boy in each of the educational departments is taken on an educational tour for a week each summer. Last year it was to Montreal and Ottawa.

The boys' stock exchange rivals Wall Street in its excitement. The stock of the Bee Co. Ltd., is in great demand. It paid 50 per cent. dividend the first year, and the next year 25 per cent. dividend, with an increase in the profit applied to increased plant.

The Potato Co., Ltd., slumped and the concern was wound-up owing to a bad crop.

Some of the leading financiers of the city gave the boys lectures on brokerage systems before the exchange was started. The experiences of the investors in the booming, and of the unprofitable ventures in the crashing, are a lesson in prudence, as well as enterprise in financial speculation.

Joint Stock Companies. Another prosperous joint-stock company at the institute is the Broadview Boys' Trading Company, Limited. It deals distinctly with Broadview goods, such as buttons, collars, souvenir postcards, Jersey, sweaters and the like. Their stock is listed on the Broadview Stock Exchange.

The government has its cabinet of ministers of finance, justice, premier, ministers of agriculture, militia, athletics and secretary of state. Taxes are levied, supplies voted and expended through the several departments. Courts of justice administer the laws and inflict penalties.

The commonwealth's parliament consists of the following members: Gordon Houtt, premier; Frank Barker, minister of education; C. W. Charters, minister of state; Joseph Carrol, minister of justice; Rex Blight, minister of athletics.

Township Fair. The Broadview Township consists of a portion of land divided by sections and lines and crossed by 72 little lines and 40 flower gardens. The farms are 10 x 40 feet. These are cultivated by individual boys or partners, who style themselves "farmers." The fall fair, which has now become one of the institutions of the institute, was a natural outgrowth of competition among the farmers. The township has had its eighth annual election of reeve and council.

The township fall fair was for two years confined to members of the institute. The third year it was thrown open to the boys of the city, and the fair has all boys as the exhibitors. The fair is managed by the boys under 18 years of age. The first prize list was written out and posted on a bulletin board. It offers \$60 in prizes. Now \$400 in cash prizes. It is recognized by an annual grant from the Ontario Department of Agriculture.

The institute had a discarded horse car for handstand. The dressing-rooms were in the basement of the clubhouse. Now the institute has one of the largest and best equipped buildings in Toronto. The entire building is 90 x 20 feet, with ticket offices in the centre and ample dressing rooms. The ice surface is considered the largest open-air rink in Canada. It has a capacity of 4000 skaters.

From the manual training classes have gone boys who are now among the successful builders and contractors of the city. Boys who were interested in wood-carving are earning large wages as journeymen carvers, chiefly in piano factories. Graduates from the drawing classes are employed in art departments of photo-engraving and lithographing concerns.

A ladies' auxiliary, representing 15 churches—Protestant and Roman Catholic—look after club-house furnishing and social features. The auxiliary has the following officers: President, Mrs. M. L. Gill; first vice-president, Mrs. T. B. Peake; second vice-president, Mrs. W. J. Brickerton; secretary, Mrs. J. Brodie; treasurer, Mrs. F. Drury.

Summer Camp. A summer camp is held in Muskoka, or the far north, open to members of the institute and affiliated clubs. A new location on an extensive scale for a permanent institute camp will be secured this season in the Muskoka region at some point about one thousand feet above sea-level. At these camps a novel feature is a spending money bank, at which the campers deposit their cash on opening day and are allowed to draw out twice daily. The internal government of the summer camp is in the hands of a camp council of boys; useful instruction in boating, canoeing, swimming, life-saving, woodcraft and nature study is imparted.

The gymnasium, athletic field and cinder track are important in the "province of athletics." Three of the four Broadview football teams won championships for the fall season of 1909.

Impertinent Officials. Windsor Aldermen Would Dump U. S. Customs Men in River.

WINDSOR, Feb. 15.—Complaints have been registered over the insulting and arrogant methods adopted by the U. S. immigration officers stationed at Windsor ferry dock. They are allowed to take up their position on the Canadian side, and keep tabs on people crossing the river. They may ask questions, but are not allowed to take any action till the object of their enquiries is reached. It has fallen into the habit of insulting Canadians who make the ferry trip.

The matter came up in council last night when Alder Trumble waxed indignant and suggested throwing the offending officials in the river. Milder counsels, however, prevailed, and it was decided to place the question in the hands of the U. S. immigration officers have a legal right to stop Canadians on their own soil and pry them with questions. Townsman await developments with decided interest.

Kingston Standard Sold. KINGSTON, Feb. 15.—William R. Givens, managing director and editor of the Kingston Standard, Conservative, has purchased the interest in the company held by W. F. Nickle, M.L.A., and G. Y. Chown.

Toronto Creditors Get Half. ST. JOHN, N. B., Feb. 15.—Creditors of Wilcox Bros., chiefly in Toronto and Montreal, have agreed to accept 50 per cent. of the debt. The total liabilities are \$25,000.

Get the Poisons Out of the Body. By the definite and certain action of DR. A. W. CHASE'S KIDNEY and LIVER PILLS.

Until you have tested Dr. A. W. Chase's Kidney and Liver Pills you cannot know the satisfaction that comes with the use of this direct and certain regulator of the liver and kidneys.

Once you have found out the dose suited to your system, you can depend on getting just the right results every time, without increase of quantity taken.

You can be sure that the action of the bowels will be prompt, and that the kidneys will join in thoroughly cleansing the system of poisonous impurities.

Because of this dependability, Dr. A. W. Chase's Kidney and Liver Pills are certain to make fast friends wherever their merits have been tested.

Stomach troubles arising from constipation, torpid liver and deranged kidneys soon disappear, as do also biliousness, backache, headache and general depression.

The portrait of the inventor, Dr. A. W. Chase, M.D., on the box stands for the best there is in medicine. One pill a dose, 25 cents a box, all dealers, or Edmahson, Bates & Co., Toronto.

Southern Society Bud Scores Success on Stage

Career of Gladys Hanson, Leading Lady With Kyrie Bellew.

In the personal selection of the supporting company for the distinguished English actor, Kyrie Bellew, Charles Frohman finally determined upon Gladys Hanson for the position of leading woman, much to the chagrin of his more prominent leading ladies, who were eager for the coveted assignment of the difficult role of Dorothy Marjines, in Alfred Suto's masterful dramatic achievement, "The Builder of Bridges." But little over two years ago Miss Hanson was a modest society debutante of Atlanta, Ga., unknown and unheralded, with absolutely no dramatic experience beyond that of the usual college girl theatricals. In spite of much parental opposition, she finally obtained an introduction to Mr. Daniel Frohman, who gave her a letter of introduction to Mr. E. H. Sothern, who was at that time managing the company. The little southern girl was immediately engaged—as one of the ensemble—with the promise that she might be assigned a minor role from time to time, as the occasion might arise. After having been with the company less than seven weeks, she received a peremptory notice calling her to an immediate rehearsal on account of the illness of the leading lady. That same afternoon, at a Wednesday matinee, Miss Hanson appeared as the queen in "Hamlet," and so favorably acquitted herself that Mr. Sothern insisted that she "get up" as all the principal female roles immediately. And so it came to pass that this modest, the persistent society bud of the southland fell heir to the role of Marjines, delineated by Miss Julia Marlowe, who was that season star-king at the head of her own organization. The talented and painstaking endeavors of Miss Hanson, with the attention of Mr. Charles Frohman, who, in spite of many claims of priority in selection, assigned her to the coveted position of leading woman for Mr. Bellew.

PARIS WILL LIONIZE EX-PRESIDENT TEDDY

Roosevelt Will Spend Four Days in Gay City on Return From the Jungle.

PARIS, Feb. 15.—M. Liard, vice-rector of the University of Paris, has been officially advised that Theodore Roosevelt will reach Paris about April 14, and that the length of his stay will probably not exceed three or four days.

The French Government is anxious to receive the former president of the United States with the highest honors. French society is prepared to lionize him; the literary, philosophical, geographical and scientific bodies will desire to entertain him, and the American colony would like to give a banquet in his honor. But Mr. Roosevelt has allowed it to be understood that he particularly desires to avoid any appearance of ostentation and that he will preserve, as far as possible, merely the role of a man of learning, in a dinner at the Elysee Palace.

It has been provisionally decided that after the lecture, which will be given in the Grand Amphitheatre in the afternoon, a large reception will be held in the grand salon of the university, at which the lecturer will meet a brilliant assemblage of French savants, including the forty immunologists and philosophers and other distinguished persons. On April 16 Mr. Roosevelt will be received in the afternoon at an afternoon nap. The 42nd election as an associate member of the Academy of Political and Moral Sciences.

Some of those taking part in the dramatic entertainment to be given at the Grand Amphitheatre to-morrow night are: Miss Nellie Jeffers, Gladys Hanson, Miss Evelyn Steward, Miss Dorothy Bayley, Mr. Charles McHenry, Mr. Stewart Jackson, Mr. G. McIntosh, Mr. W. Grindlay and Mr. Walter Mackay.

Mrs. Ernest Jackson, 98 Dundas-avenue, will receive to-day, Wednesday, from 3.30 to 6 o'clock. Mrs. Almer Stoneham (nee Thomas) will receive with her for the first time since her marriage.

Mrs. Harry G. Beemer (formerly Mrs. Gertrude Leadley Land) will receive for the first time at 123 Admiral-road, on Friday, Feb. 18, and afterwards on the first Friday.

Mrs. Atkinson, 121 Tindall-avenue, Parkdale, will receive to-day (Wednesday) and not again this season.

Mrs. A. B. Ingram, 32 Palmerston-avenue, will not receive Thursday.

Mrs. J. J. Vaughan of 45 Dunvegan-road will receive on Thursday, Feb. 17, for the last time this season.

Niagara Falls \$2.05, Buffalo \$2.10 Return, Via Grand Trunk, Thursday, 9 a.m. Buffalo Express, Thursday, Feb. 17. Return limit Feb. 18. This is your opportunity to see the beautiful ice scenery at Niagara Falls. The 42nd Highlanders' Band will accompany you. Only double-track route to Niagara-Falls and Buffalo. Secure tickets at City Ticket Office, northwest corner King and Yonge-streets. Phone Main 4299.

Clark Charges Conspiracy. BRANTFORD, Feb. 15.—J. S. Clark, formerly president of the Grand Valley Railway, preferred a charge of conspiracy in the police court against A. J. Pattison, Toronto; Alex. Esson, John H. Couch and James Costin, who were in Saskatchewan, and who stated he would not come unless his expenses were advanced. Clark asked for a bench warrant, which Magistrate Livingstone refused and adjournment was taken to allow Clark to appear to the attorney-general.

U. S. Officials Make Haul. NEW YORK, Feb. 15.—Special agents of the U. S. treasury department announced the seizure of 472 pieces of jewelry and several packages of uncut stones from a cabin passenger of the steamer Regina de Italia.

Foreigners Safe. LONDON, Feb. 15.—The British consular-general at Canton telegraphs to the foreign office to-day stating that foreigners residing there are quite safe. The rioting has been among the Chinese only.

Catholic Appointments. KINGSTON, Feb. 15.—The archbishop of Kingston, Rev. Father Crawley Trevelyan succeeds the late Father Challou, killed in the Spanish River disaster at Webwood, and Father O'Hanlan is appointed to Bedford. He was late curate at Smith's Falls.

Naval Militia Arrive. ST. JOHN, N.B., Feb. 15.—On the Allan Line steamer Tunisian, which reached here to-day from Liverpool via Halifax, are 148 officers and men of the British navy going to the Pacific station at Esquimaux, B.C., to relieve the men on H. M. S. Algerine.

Three Die in Flames. NEW YORK, Feb. 15.—Three children lost their lives in a fire which destroyed a tenement house on Clay street in Brooklyn to-day. Two of the children, Michael Shim, two-year-old, and his brother, Frank Shim, four-year-old, were enveloped in flames while taking a large tin of kerosene. The white child to lose its life was Katherine Craig, a five-year-old girl.

New Cure for Pneumonia. BOSTON, Feb. 15.—By using the new vaccine discovered by Dr. Timothy Leary of Tufts Medical School, a seven-year-old severe boy has been cured of lepto-meningitis, the most fatal form of pneumonia.

The vaccine serum was tried when all other remedies had failed and when the patient was dying. His temperature was above the 105 mark and he was falling fast.

Hon. C. F. Cornwall Dead. VICTORIA, B. C., Feb. 15.—(Special.)—Hon. C. F. Cornwall, 74, formerly lieutenant-governor of British Columbia, died here to-day of heart failure. He was a prominent figure in the early history of the province and resided at Ashcroft for years, where he was judge of the county court. About two years ago he moved to Victoria. He leaves four sons and one daughter.

Southern Society Bud Scores Success on Stage

Career of Gladys Hanson, Leading Lady With Kyrie Bellew.

In the personal selection of the supporting company for the distinguished English actor, Kyrie Bellew, Charles Frohman finally determined upon Gladys Hanson for the position of leading woman, much to the chagrin of his more prominent leading ladies, who were eager for the coveted assignment of the difficult role of Dorothy Marjines, in Alfred Suto's masterful dramatic achievement, "The Builder of Bridges." But little over two years ago Miss Hanson was a modest society debutante of Atlanta, Ga., unknown and unheralded, with absolutely no dramatic experience beyond that of the usual college girl theatricals. In spite of much parental opposition, she finally obtained an introduction to Mr. Daniel Frohman, who gave her a letter of introduction to Mr. E. H. Sothern, who was at that time managing the company. The little southern girl was immediately engaged—as one of the ensemble—with the promise that she might be assigned a minor role from time to time, as the occasion might arise. After having been with the company less than seven weeks, she received a peremptory notice calling her to an immediate rehearsal on account of the illness of the leading lady. That same afternoon, at a Wednesday matinee, Miss Hanson appeared as the queen in "Hamlet," and so favorably acquitted herself that Mr. Sothern insisted that she "get up" as all the principal female roles immediately. And so it came to pass that this modest, the persistent society bud of the southland fell heir to the role of Marjines, delineated by Miss Julia Marlowe, who was that season star-king at the head of her own organization. The talented and painstaking endeavors of Miss Hanson, with the attention of Mr. Charles Frohman, who, in spite of many claims of priority in selection, assigned her to the coveted position of leading woman for Mr. Bellew.

PARIS WILL LIONIZE EX-PRESIDENT TEDDY

Roosevelt Will Spend Four Days in Gay City on Return From the Jungle.

PARIS, Feb. 15.—M. Liard, vice-rector of the University of Paris, has been officially advised that Theodore Roosevelt will reach Paris about April 14, and that the length of his stay will probably not exceed three or four days.

The French Government is anxious to receive the former president of the United States with the highest honors. French society is prepared to lionize him; the literary, philosophical, geographical and scientific bodies will desire to entertain him, and the American colony would like to give a banquet in his honor. But Mr. Roosevelt has allowed it to be understood that he particularly desires to avoid any appearance of ostentation and that he will preserve, as far as possible, merely the role of a man of learning, in a dinner at the Elysee Palace.

It has been provisionally decided that after the lecture, which will be given in the Grand Amphitheatre in the afternoon, a large reception will be held in the grand salon of the university, at which the lecturer will meet a brilliant assemblage of French savants, including the forty immunologists and philosophers and other distinguished persons. On April 16 Mr. Roosevelt will be received in the afternoon at an afternoon nap. The 42nd election as an associate member of the Academy of Political and Moral Sciences.

Some of those taking part in the dramatic entertainment to be given at the Grand Amphitheatre to-morrow night are: Miss Nellie Jeffers, Gladys Hanson, Miss Evelyn Steward, Miss Dorothy Bayley, Mr. Charles McHenry, Mr. Stewart Jackson, Mr. G. McIntosh, Mr. W. Grindlay and Mr. Walter Mackay.

Mrs. Ernest Jackson, 98 Dundas-avenue, will receive to-day, Wednesday, from 3.30 to 6 o'clock. Mrs. Almer Stoneham (nee Thomas) will receive with her for the first time since her marriage.

Mrs. Harry G. Beemer (formerly Mrs. Gertrude Leadley Land) will receive for the first time at 123 Admiral-road, on Friday, Feb. 18, and afterwards on the first Friday.

Mrs. Atkinson, 121 Tindall-avenue, Parkdale, will receive to-day (Wednesday) and not again this season.

Mrs. A. B. Ingram, 32 Palmerston-avenue, will not receive Thursday.

Mrs. J. J. Vaughan of 45 Dunvegan-road will receive on Thursday, Feb. 17, for the last time this season.

Niagara Falls \$2.05, Buffalo \$2.10 Return, Via Grand Trunk, Thursday, 9 a.m. Buffalo Express, Thursday, Feb. 17. Return limit Feb. 18. This is your opportunity to see the beautiful ice scenery at Niagara Falls. The 42nd Highlanders' Band will accompany you. Only double-track route to Niagara-Falls and Buffalo. Secure tickets at City Ticket Office, northwest corner King and Yonge-streets. Phone Main 4299.

Clark Charges Conspiracy. BRANTFORD, Feb. 15.—J. S. Clark, formerly president of the Grand Valley Railway, preferred a charge of conspiracy in the police court against A. J. Pattison, Toronto; Alex. Esson, John H. Couch and James Costin, who were in Saskatchewan, and who stated he would not come unless his expenses were advanced. Clark asked for a bench warrant, which Magistrate Livingstone refused and adjournment was taken to allow Clark to appear to the attorney-general.

U. S. Officials Make Haul. NEW YORK, Feb. 15.—Special agents of the U. S. treasury department announced the seizure of 472 pieces of jewelry and several packages of uncut stones from a cabin passenger of the steamer Regina de Italia.

Foreigners Safe. LONDON, Feb. 15.—The British consular-general at Canton telegraphs to the foreign office to-day stating that foreigners residing there are quite safe. The rioting has been among the Chinese only.

Catholic Appointments. KINGSTON, Feb. 15.—The archbishop of Kingston, Rev. Father Crawley Trevelyan succeeds the late Father Challou, killed in the Spanish River disaster at Webwood, and Father O'Hanlan is appointed to Bedford. He was late curate at Smith's Falls.

Naval Militia Arrive. ST. JOHN, N.B., Feb. 15.—On the Allan Line steamer Tunisian, which reached here to-day from Liverpool via Halifax, are 148 officers and men of the British navy going to the Pacific station at Esquimaux, B.C., to relieve the men on H. M. S. Algerine.

Three Die in Flames. NEW YORK, Feb. 15.—Three children lost their lives in a fire which destroyed a tenement house on Clay street in Brooklyn to-day. Two of the children, Michael Shim, two-year-old, and his brother, Frank Shim, four-year-old, were enveloped in flames while taking a large tin of kerosene. The white child to lose its life was Katherine Craig, a five-year-old girl.

New Cure for Pneumonia. BOSTON, Feb. 15.—By using the new vaccine discovered by Dr. Timothy Leary of Tufts Medical School, a seven-year-old severe boy has been cured of lepto-meningitis, the most fatal form of pneumonia.

The vaccine serum was tried when all other remedies had failed and when the patient was dying. His temperature was above the 105 mark and he was falling fast.

Hon. C. F. Cornwall Dead. VICTORIA, B. C., Feb. 15.—(Special.)—Hon. C. F. Cornwall, 74, formerly lieutenant-governor of British Columbia, died here to-day of heart failure. FOUR TEACHERS RESIGN

School Board Backs Up Parents of Child Sentenced to Punishment.

ALMONTE, Feb. 15.—As the result of the action of the board of education, in passing a resolution that a young girl be allowed to return to school without taking chastisement, Miss M. J. Thompson, principal of the Almonte High School, and three assistant teachers have tendered their resignations. The child coughed violently in the schoolroom. The teachers said it was due to disturbance, hence was a breach of discipline. Parents of the child said she had a cold.

Government House Dinner. The following gentlemen had the honor of being invited to the parliamentary dinner at Government House on the evening of Tuesday, Feb. 15: Mr. Justice Riddell, Mr. Justice Sutherland, Mr. Justice Latchford, Judge McLean (Hamilton), Lieut.-Col. J. M. Delamere, Hon. W. Nesbit, K.C., J. B. Dewar, C. W. Cartwright, K.C., D. B. Deane, Rev. James Allan, W. H. Hearsh, D. D. Macpherson, W. H. Kitchin, H. M. Mowat, K.C., E. R. Wood, Dr. J. T. Gilmour, J. V. Curry, K.C., F. J. Glackmeyer, Prof. A. B. MacCallum, Prof. Baugh (Gerrard), Dr. George W. Ross, J. Bruce Macdonald, William Laidlaw, and the following members of the house: W. Proudfoot, J. Kohler, J. B. Thompson, W. H. Hearsh, D. D. Macpherson, W. H. Kitchin, J. J. Craig, J. W. Pearce, H. Morel, J. Torrance, J. R. Dargave, D. R. McDonald, R. A. Norman, C. R. Anderson, A. B. Thompson, D. Charters, G. B. Kirkpatrick.

Diamond Medal Competition. The annual diamond medal competition, held by the Ontario Council of the Royal Templars, in Bond-street, won by Miss Irma Adcock, who recited "The Old Man's Story." The competition was limited to five girls, all of whom had previously won silver and gold medals in contests of a similar nature. The contestants were allowed to select their pieces from a book furnished by the organization, and the decision was given by the following judges: Inspector Chapman, lowering judge; Inspector Chapman, and Principal James Scott. Those who entered the competition were: Misses Winnifred Meneer, Verleeta Munro, Irma Adcock, Estelle Dargave, Grace Brook (West Toronto), and Marie Paul of Napanee. A musical program was furnished by Misses Ray Shipman, Kate Ellis, Clarice Mackay, Effie Perry and a male quartet from Westmorland Methodist Church. The meeting was presided over by Trustee James Simpson.

Demanding More Pay. C. P. R. freight handlers and checkers have forwarded a petition to General Superintendent Osborne asking for an increase of 20 per cent. in their wages. They receive 15 and 16 cents an hour. Applications from all sections of the railway service are before the management for higher wages.

Oxford Old Boys to Ingersoll. The Ingersoll Board of Trade is sparing no efforts to give the Oxford Old Boys a rousing time at the complimentary banquet on Friday evening. If there are any of the old boys who have not yet received tickets, the committee at the Toronto end would like to have them communicate at once with G. W. Morrison, Tel. Main 6356, or H. L. Kerr, College 1487.

Special train leaves Union Station Friday afternoon at 5 o'clock.

TORONTONIANS CALL FOR ACTION RE DEFENCE

Public Meeting to Deal With Question of Contribution to Naval Defence.

In response to a petition signed by over 100 leading citizens, Mayor Geary has called a public meeting for next Monday night to discuss the subject of Canadian aid to empire defence.

The resolution which reads as follows: "That in this time of crisis of the empire, Canada should contribute forward immediately to the government's proposed plan of two or more battleships of the most powerful and modern type, to form the nucleus of the earliest possible and to be ready to the assistance of the imperial navy in time of danger, and to be subject to the order of the British admiralty in case of imperial emergency."

Those who signed the petition for the meeting were: J. Enoch Thompson, J.P., H. C. Osborne, M. Rawlinson, Fred C. Law, M. G. F. Harman, E. H. Keating, R. S. Neville, George Musson, George T. Denison, R. M. Melville, J. Castell-Hopkins, J. G. Fitzgibbon, A. E. Henshaw, J. T. Stockdale, G. A. Hotrum, W. H. Merrill, A. J. Russell Snow, Edward Meek, J. H. Eddis, R. B. Hamilton, Al. OTTAWA MAN HAS FINE TRIP

Is Touring Europe by Automobile—Writes Home of His Experiences.

A letter of interest to motorists has just been received by friends in this country from Mr. J. St. Denis Lemoine, of Ottawa, who is now in France. Mr. Lemoine, who has been touring both in Great Britain and on the continent, writes entertainingly of his experiences. He is driving a car, equipped with the much-discussed Knight motor.

"I got my car late last June," writes Mr. Lemoine, "and have traveled over seven months in it, covering more than 6200 miles. For three months we have been in Europe, and the car weighed 1445 pounds more when loaded than empty. I consider the engine perfection. It has no caused me a moment's delay, or any annoyance. I have traveled under all sorts of conditions, and it has always been ready and willing. I had it overhauled in London before coming to France, but it was as a matter of course, not because there was any sign of weakness.

"The engine works like clock-work, and no noise is made, no back fire, and no misfire. I have several times between here and Nice traveled on the second speed, and the only change I noticed was that she was going better at the end of the journey than at the beginning. The reason for this is that the road is full of sharp turns and crowded with motors. She uses very little oil. I used up three quarts in my last 700 miles. The motor upon which his inventor lectured in Convocation Hall recently before an audience of about 1500 persons, it is controlled in this country by the Russell car.

NEW VAUDEVILLE HOUSE IN STORE FOR TORONTO

Morris Circuit Planning to Erect \$225,000 Building on Yonge Street.

A new vaudeville theatre to cost \$225,000 will be erected in Toronto by the Morris Circuit of New York and is to be ready for commission in September, 1911.

An announcement to this effect has come direct from Mr. Morris in the form of a denial of the rumors that he had purchased the Princess Theatre and after this season would use the old King-street house. He states that until the new house is completed in the fall of next year, the present home of the Morris attractions in Toronto, The Majestic, will be maintained.

Concerning the proposed building, W. M. Leslie, Toronto agent for the Morris concern, says: "The new Morris Theatre will be built on Yonge-street, not very far above Queen, and will be an exact duplicate of the Morris Plaza in New York. The work will be done by one of Toronto's leading building firms, and when completed will cost \$225,000. The seating capacity will be about 2700. A stage patterned after the hippodrome in London will be put in, so that any large pantomime or water-carnival can be held there. Mr. Morris has just completed a new theatre in Cincinnati of the same type."

OR, YOU JOCK OBERT LANDS TWO OUTSIDERS

Pilots Abe Attel at 20 to 1 and San Girl at 50 to 1 to Victory—Results.

JACKSONVILLE, Feb. 15.—Jockey Obert furnished to-day's surprises by riding two winners—Abe Attel at 20 to 1 and San Girl at 50 to 1. Summary: FIRST RACE—Three furlongs: 1. Abe Attel, 14 (Obert), 20 to 1. 2. Valonia, 102 (S. Davis), 10 to 1. 3. Tallahassee, 105 (Howard), 9 to 1. 4. Tim 126-25. Lydia Lee, Blue, Miss Helma, Aunt Lena, Mud Hen, Eastern Star, Donald Lawrence, Deffer, Grand Prix, Alberto also ran.

SECOND RACE—5/8 furlongs: 1. Abrasion, 110 (Howard), 9 to 20. 2. Constance, 112 (Obert), 50 to 1. 3. The Golden Butterfly, 113 (Comera), 1 to 1. Time 1:03-5. Polly Lee, Amanda Lee, Lady McNally, Lucretia and Edentata also ran.

THIRD RACE—Six furlongs: 1. Taboo, 100 (S. Davis), 50 to 1. 2. Barnedale, 116 (Nichol), 5 to 1. 3. Tolbois, 107 (Kings), 17 to 1. 4. One of the Kings, 111 (Kings), 17 to 1. Dolly Bultman, Hazlet, Earlscome and Doc Allen also ran.

FOURTH RACE—One mile: 1. Roseburg II, 109 (Hannan), 15 to 1. 2. Old Honey, 107 (Goldstein), 11 to 10. 3. Eyebright, 107 (Butwell), 10 to 1. Time 1:40-4. Captain and O. K. Herndon also ran.

FIFTH RACE—One mile and 70 yards: 1. Roseburg II, 109 (Hannan), 15 to 1. 2. Solito, 117 (C. Rice), 5 to 1. 3. Belle Scott, 109 (Davenport), 11 to 10. Time 1:45-5. Malediction, Scheelweg, St. Harlo, Lowheart, Gatten Lass, Foreguard and Lacey also ran.

SIXTH RACE—3/4 miles: 1. Oberon, 108 (Benecor), 15 to 1. 2. Mamie Alford, 107 (McGee), 15 to 1. 3. Harry Scott, 109 (Powers), 5 to 2. Time 1:53-5. Roseboro, Elsin and County Clerk also ran.

OTTAWA MAN HAS FINE TRIP

Is Touring Europe by Automobile—Writes Home of His Experiences.

A letter of interest to motorists has just been received by friends in this country from Mr. J. St. Denis Lemoine, of Ottawa, who is now in France. Mr. Lemoine, who has been touring both in Great Britain and on the continent, writes entertainingly of his experiences. He is driving a car, equipped with the much-discussed Knight motor.

"I got my car late last June," writes Mr. Lemoine, "and have traveled over seven months in it, covering more than 6200 miles. For three months we have been in Europe, and the car weighed 1445 pounds more when loaded than empty. I consider the engine perfection. It has no caused me a moment's delay, or any annoyance. I have traveled under all sorts of conditions, and it has always been ready and willing. I had it overhauled in London before coming to France, but it was as a matter of course, not because there was any sign of weakness.

"The engine works like clock-work, and no noise is made, no back fire, and no misfire. I have several times between here and Nice traveled on the second speed, and the only change I noticed was that she was going better at the end of the journey than at the beginning. The reason for this is that the road is full of sharp turns and crowded with motors. She uses very little oil. I used up three quarts in my last 700 miles. The motor upon which his inventor lectured in Convocation Hall recently before an audience of about 1500 persons, it is controlled in this country by the Russell car.

AFTER THE FARM LASSIES

Ladies Intend to Make Rural Members Domestic Servant Agencies.

Ladies from Toronto, Hamilton, London, Ottawa and other cities and towns have informed the agricultural committee of the legislature that they intend to pay them a visit in the near future. The object is to interest the members from the rural constituencies to become more or less active agents in persuading the country lassies to relieve the domestic servant problem in the larger centres of population.

Findlay McDiarmid (W. Elgin), who was yesterday morning elected chairman of the committee, announced that they would be received on Thursday. John McEwing was somewhat alarmed at the prospect, and wanted a guarantee that the ladies would not talk women suffrage, but was reassured by the chairman.

C. N. R. TELEGRAPHS

Will Shortly Begin Construction of Ocean to Ocean Line.

MONTREAL, Feb. 15.—(Special.)—It is announced here to-day that Mackenzie and Mann will soon begin the construction of a commercial telegraph line from ocean to ocean along the line of railway from Fort William to Edmonton, and at other points in the different provinces as far as the roads are built.

J. N. Greenfields, K.C., will leave for London in a few days to do some legal work in connection with the Canadian Northern's telegraph notation.

Confiscated the Game. G. W. Bartlett, superintendent of Algonquin Park, has forwarded to the department of lands, forests and mines seven shagbuns and rifles captured by park rangers from persons who were illegally carrying them in the park precincts. They will be sold by auction.

Succession Dues \$10,000. Ten thousand dollars is the amount the revenues of the province will be increased by the succession duties on the estate of the late Matthew Lee. In the hands of the late Matthew Lee, the head of a dog sent from Stratford for examination. At list of all authentic cases discovered to date will be issued shortly.

DOG-MUZZLE AUTHORIZED

The approval of the health department of Ontario has been placed on a type of dog muzzle made of copper wire. It has a hole to allow the animal to drink, while a leather pad will protect the snout of the dog.

Evidence of the muzzles has been found in the head of a dog sent from Stratford for examination. At list of all authentic cases discovered to date will be issued shortly.

P. E. I. HOUSE OPENED

CHARLOTTETOWN, P.E.I., Feb. 15.—The provincial legislature opened this afternoon. The standing of the parties is: Liberals 16, Conservatives 13, one seat formerly Conservative being vacant owing to the appointment of a member to the prothonotary of the supreme court last September.

THE WORLD'S SELECTIONS BY CENTAUR

JACKSONVILLE—FIRST RACE—Clay, Jack Denman, Birdslayer, 99 to 1. SECOND RACE—Gold Dust, Harold Hall, M. J. Whelan. THIRD RACE—Manheimer, Amyl Wilder. FOURTH RACE—Charlie Eastman, Ben Double, Top Note. FIFTH RACE—Edwin L. Hoorary. SIXTH RACE—Joe Rose, Billy Pullman, Ardi.

TAMPA.—FIRST RACE—Golden Ruby, Lady Lewis, Mrs. Carter. SECOND RACE—Salle Savage, Annie Donahue, Barnage. THIRD RACE—Masks and Faces, Fleming, Our Nugget. FOURTH RACE—Bronie, Bonebrake, Occidental. FIFTH RACE—Alencon, Niantic, Caltha. SIXTH RACE—John Garner, Grace Kimball, Pirate Diana.

OTTAWA GOLF CLUB.—OTTAWA, Feb. 15.—At the annual meeting of the Ottawa Golf Club, a very interesting annual report was presented, dealing in detail with the loss of the club's quarters by fire and with the plans for the reconstructing of the buildings at a cost of \$50,000, most of which has already been raised through subscription. The following officers were elected: President, Mr. P. D. Ross; vice-president, Mr. J. F. Orde, K.C.; executive committee, Mr. Jarvis, Mr. J. A. Jack, Mr. C. E. Read, Mr. J. A. D. Holcomb, Mr. C. E. Read, Mr. J. A. D. Holcomb and Dr. J. D. Courtney.

BRAMPTON RETAINS GLEN TROPHY.—BRAMPTON, Feb. 15.—Seafort curlers arrived in Brampton to-day with one rink to compete against Dr. Burns' rink of Brampton for the Glen Trophy. The game was very interesting through, Brampton winning out by five shots. The following was the score by ends: Seafort 1 0 1 0 1 0 1 0 1 2 12—12; Brampton 1 0 2 1 0 2 1 0 2 0 2—17.

GUELPH LAWN BOWLING CLUB.—GUELPH, Feb. 15.—The Guelph lawn bowlers, at their annual meeting last night, decided to hold a grand tournament for which suitable trophies will be contributed by H. C. Schofield of this city. They elected their officers, as follows: Hon. president, W. W. McAllister; president, J. M. Purcell; vice-president, G. Creelman; secretary-treasurer, G. Chapman; assistant secretary, W. A. Clark; ground secretary, E. H. Johns; rink captain, Mr. Harcourt, W. 2; Ruckingham, J. Kennedy, C. L. Nelles, H. Westoby, A. M. McKinnon, R. Mahoney, G. J. Newton and H. C. Schofield.

BASEBALL NOTES.—Jersey City last signed Charley Loudenlager, who used to play second base for Rochester. The well-known Jersey City ball player, may lose his life from the bite of a dog. Soon after he was bitten, his arm and hand began to swell. He is now undergoing treatment in the Paterson Hospital. Merritt is well-known to Eastern League fans, to whom he was the cause of much jollying. Tacks, as he was familiarly known, has been one of the best all round players in the league for some years, being a good first baseman, a cracking good hitter and also some pitcher.

KRAUSMAN'S GERMAN GRILL. Special business men's lunch at 11.30 a.m. to 3.00 p.m. Steaks and chops all day. Corner King and Church. (German cooking.)

THE END HAS COME

To-day, we are clearing out the remainder of all Made to Measure Clothes returned to us from the Express Companies which were sent C.O.D. and have not been called for. Former prices were \$20 to \$35 for Suits and Overcoats. These are being sold to-day at an even TEN DOLLARS. You will also find hundreds of odd Coats and Vests, odd Coats and odd Pants, at greatly reduced prices. The sale starts promptly at 8 a.m., and ceases at 9 p.m. Printed lists of the entire assortment may be seen at store. All will be sold without reserve at genuine reductions. This is an opportunity for all men.

168 Games in American Association. CHICAGO, Feb. 15.—The American Association of Baseball Clubs to-day adopted a 168-game schedule, opening on April 13 and closing on Sept. 5, purchased a special amendment revision of the constitution was deferred until a special meeting of the association, to be held in Chicago May 15.

No radical changes are contemplated. President Chivington said that the proposed changes would merely bring the competition up to date.

A Costly Mistake

DANVILLE, Ill., Feb. 15.—The Three-I Baseball League season opening may be deferred by reason of a mistake made in a bulletin sent out from Auburn, N.Y., by Secretary J. H. Farrell of the National Commission. This bulletin announced the release of twelve players from the league, who had been released from Decatur, when it should have read that the players have been served. As a consequence several teams have written her for releases, and the organization of the local league will be seriously delayed.

West End A.C. Boxers

In the absence of Frank Carroll in the northwest, where he has several bouts on his hands, Harry Westery is keeping the West End A.C. boys in line, and they will meet next week. The West End are especially strong in the 125-lb. class. Westery is disappointed that Christie did not accept conditions. The British United also were waiting for Christie. However, the West End special and Boffa should make a great bout if they come together. Entries close to-morrow night at 27 Yonge-street.

Sunderland Football Club

The Sunderland soccer team are entering the Toronto and District League again this coming spring, and expect to have a strong team. A meeting for the purpose of electing officers and discussing the prospects for the spring season will be held on Thursday evening at 144 Dundas (above Brown's) at 8 o'clock. All last fall's players and any others interested will be made welcome.

Record Entry at Detroit

DETROIT, Feb. 15.—Secretary Abe Laney put a finishing touch to entering up the entries to the tenth annual tournament of the American Bowling Congress. The total number of contestants is as follows: 404 five-men teams, 18 two-men and 201 individuals. These figures show an increase over last year's record, made at Pittsburg, of 20 in the five-men teams, 190 in the two-men and 483 in the singles.

In the history of the American bowling tournament the individual entries show the biggest jump ever made from year to year. That recorded a heavy increase in this event, when they beat Cleveland's best by 361.

The total money paid in for each event for this tournament is \$10,000 in the five-men, \$300 in the two-men and \$400 in the singles, making a grand total of \$10,700. Of this, 15 per cent is taken out for the local tournament association, leaving the bowlers \$8,525 to spend for the Chicago entries, exceed every record made by an outside city by entering 30 teams.

With this number of experts coming from the Windy City, those pin knights are sure to carry home their usual share of money and laurels. Records show that the Chicago bowlers have been the more fortunate ones by taking more first prizes than any other city in the following table: 1-Men. 2-Men. Individual. 1907—Chicago. New York. Chicago. 1908—Chicago. New York. Chicago. 1909—Chicago. New York. Chicago. 1910—Chicago. New York. Chicago.

Workersmen started yesterday morning to build the alleys, and W. V. Thompson met of his time watching the progress of the laying of the alleys, and every effort will be put forth by the alleymen to have the finest drives, so that all as in the record scores should be broken, as in the records.

COBALT --- Mining Securities Continue Dull, But Mainly Steady --- COBALT

Mining Stocks Have Drifted Into Apathetic Speculation

No Definite Trend Exhibited by Local Markets, But Undertone in Most Instances Continues Satisfactory.

World Office, Tuesday Evening, Feb. 15.

The local mining markets have apparently drifted into one of those intermittent periods of apathetic speculation which are so often the precursor of a complete change of sentiment. Public trading during the past few days has been of an extremely nominal nature, and to-day's dealings were no exception to this state of affairs.

The lower priced securities generally maintained at steady prices, and trading in this department was too narrow to call for much comment. Some firmness was exhibited by such issues as Peterson Lake, which sold up to 24 1/2 and closed at the top, and Cobalt Central, which advanced nearly two points, but there was little change in the general run of these stocks.

The higher priced stocks were little changed from previous sessions. Little Lake, Crown Reserve, and La Rose were firm and in some cases made actual advances from yesterday, but at the close quotations were comparative steady with previous sessions.

The only outstanding feature of the market continues the firm tendency displayed by most of the speculative issues, and this is generally accepted as an argument in favor of a turn in sentiment. There is little stock being offered from day to day, and traders in the main look for an improved tone to the exchanges should the public exhibit a more pronounced desire to enter into the daily transactions.

Local Option in Guelph.

GUELPH, Feb. 15.—(Special.)—A preliminary organization meeting at which representatives from all the city churches, the W.C.T.U. and the ministerial association were present, was held to arrange for a definite plan of campaign in favor of either license reduction or local option in this city.

Rosie Creek District May Surpass Gowganda

New Camp Near Sudbury Attracting Attention of Prospectors 150 Claims Having Been Staked Since September Last.

SUDBURY, Feb. 15.—(Special correspondence.)—The accompanying map is the most complete portrayal in existence to date of the Rosie Creek mining district, some 50 odd miles north of here, which promises in two years' time to be a greater mining camp, with more good properties working, than Gowganda. This drawing, which was specially made for The World, describes an area of about five square miles, in which 150 claims have been staked since September last. Three of these claims have already evidenced native silver, and many others have surface indications superior to, and have given assays surpassing, some of Cobalt's best properties. That Rosie Creek hasn't already started the world is only due to lack of funds or attachments of those interested in this section to interests elsewhere. Many people who are acquainted with the prospects of Rosie Creek have expressed a bounded faith in it, and would demonstrate this faith to the outside world could they but extricate their funds from other interests. Money is tight, and one of the principal reasons is that so much capital is tied up in unworked mining claims in various sections. But two years, or perhaps a year, will see a wonderful change in conditions as they now are in Rosie Creek. Initiative and are sinking shafts. Once it is learned that they "have the goods" in paying quantity, look out for a townsite at Rosie Creek, and the boom of dynamite and the rattle of drills.

At Proposition. Miners, everybody that is qualified to know, even some most reliable and experienced mining engineers, say that Rosie Creek is an extra A1 proposition. The showings of native silver already carry much significance. There is plenty of cobalt and acres of bloom patches; calcite veins assaying pretty values of silver are abundant, and then there is the diabase formation. The diabase ridge extends in a broad and continuous patch west from Rosie Creek to Esker Lake for 36 miles, only broken here and there by swamps. From the mouth of Rosie Creek the same formation can be followed north all the way to Shining Tree and south to Welcome Lakes 24 miles north and south. In Gowganda the diabase can't be followed like this, because there it only appears in dikes,—high, narrow ridges—and is cut up by intervals of granite, conglomerate, quartzite and slate. It is not traceable continuously for any distance. Rosie Creek has the advantage of being nearer a railway than any other camp, and once she opens up, watch her go ahead! Cobalt has a great advantage over other existing mining camps on account of proximity to a railway, and besides money was lavished in Cobalt, Elk Lake, James and Smythe Townships on the other hand it up all the money put into them on account of the high cost of provisions and labor.

PORCUPINE AT 2 1/2 C.

We are offering syndicate shares at this figure to take over 120 acres in the heart of Tisdale Township, on which treasury stock will be sold at a much higher figure. The issue is more than half subscribed. If interested write at once for full particulars.

Buy Rochester, Why?

(1) Market quotations: Rochester 19c, Little Nip. 29c, Pet Lake 24c, Beaver 35c, C. Lake 21c, (2) Beaver, Timiskaming and Rochester practically join. (3) Beaver had to sink 200 feet before making good. (4) Timiskaming about 75 feet. (5) It looks as if Rochester had Tim and Beaver vein on surface. In a few days drifts from the 50 and 75-foot levels should reach the vein.

Profits Can Be Made

Many Cobalt stocks at the present time are on an investment basis, and with any growth of speculation, prices must advance. **PETROBRON LAKE** should sell very much higher on its merits. **SILVER LEAF, ROCHESTER, BEAVER** and **COBALT LAKE** we also consider among the good purchases.

TIMAGAMI, Feb. 15.—Dan O'Connor, the well-known carman, steps out of the management of the Timagami Hotel and Steamboat Co. to-day and Mr. Wright takes his place.

GIROUX CONSOLIDATED.
NEW YORK, Feb. 15.—Giroux Consolidated reports for the eleven months ended Dec. 31 last, the fiscal year having been changed from Jan. 31 to Dec. 31, rendering comparison impossible, total cash on hand Dec. 31, 1909, \$692,848.

TENDERS WANTED

THE PETERSON LAKE SILVER COBALT MINING COMPANY, LIMITED call for tenders for the enlarging of the present shaft on the Island in the Peterson Lake, midway between the shaft of the Union Pacific and that of the Susequahanna Mining Co., the rock excavation to be 12 feet by 6 1/2 feet in the clear, and the deepening of the shaft to be timbered in miner-like fashion with 10-inch x 10-inch timbers into two compartments 4 1/2 feet by 4 1/2 feet each in the clear, timber set to be spaced six-foot centres and lagged with 2-inch lagging when necessary, and all of first-class workmanship to pass the inspection of the consulting engineer of the company.

Payment to be made 75 per cent as the work progresses every two weeks on the certificate of the consulting engineer, and the balance at the time of completion after proof submitted that all claims of mechanics and laborers have been paid. Guarantee given subject to penalty that 30 feet of sinking be completed each month from date of acceptance of tender, including the timber. Tenders will be received separately for the widening of the present shaft, which is 32 feet deep, to the dimensions as described above, and for the deepening of the shaft, and the timbering for the whole distance, as described. Any tender not necessarily accepted. Tenders addressed to R. F. Segar, north, Secretary-Treasurer of the Company, 103 Bay St., Toronto, on or before the 25th day of February, 1910.
