GREAT ROUND-UP OF SINN FEIN LEADERS FORESHADOWED

Big Power and Radial Issue Up for Decision in a Few Days

FAIR PROSPECT OF POWER AND RADIAL CLEAN-UP IN CITY

Sir Adam Beck Will Lay Offer From Mackenzie Interests and a British Trust Company Before Board of Control Next Wednesday—Three Power and Light Companies and Three Radials Included, But Not Toronto Railway—Price Between \$30,000,000 and \$35,000,000.

There is a fair chance of a clean-up of the Mackenzie power, light, and three radials interests in and about the city, and Sir Adam Beck will submit a proposal in connection therewith to the board of control of the city of Toronto at the city hall next Wednesday. The World believes that the price has been fixed by the Mackenzie syndicate and the manager of the British and Imperial Trust Co. of London, England, representing the bondholders and shareholders. The manager of the trust company, John Davidson of London, was in Toronto for a month and left for England a few days ago. Horne Payne, a well-known London financier, is the president. This trust company has had a lot to do with financing many of Sir William Mackenzie's propositions, including their power and light and radials. Mr. Davidson, E. R. Wood interests and Sir William Mackenzie represented the shareholders and bondholders, Sir Adam Beck and G. T. Clarkson, auditor and financial adviser of the Hydro-

The picture gives rather a vivid impression of what happened when the freight train crashed into one of the derailed sleepers of the G.T.R. Montreal express in East Toronto late Thursday night. Under the circumstances it seems most marvellous that there were but two deaths.

HAMILTON INDUSTRIES UNITE IN OPPOSING CHANGES IN THE TARIFF

Leading Manufacturers Testify Before Commission—Retard City's Growth. HEAR STEEL MEN. Hamilton, Nov. 26.—(Special.)—That any change in the present tariff would tend to hurt production here and indirectly bring about conditions which are not as satisfactory as present conditions, was the opinion expressed by Hamilton's leading manufacturers when they addressed the tariff commission at its session this afternoon at the city hall. Many prominent manufacturers from the Ambitious City were heard and without one exception they all told the same story. The commission adjourned at 5.30 o'clock and will convene again in the morning. The local side of the story is fairly well in, however.

FARMERS OF FRONTENAC TURN DOWN DR. EDWARDS

Kingston, Ont., Nov. 26.—(Special.)—The United Farmers of Frontenac county have turned down an invitation extended to them by Dr. J. W. Edwards, M.P., to attend a meeting of his at Cataract next Wednesday evening to discuss public questions. The members refused to send delegates to the meeting, stating that they had their own views on public questions and could deal with them from their own point of view.

WHEAT AND PORK PRICES SLUMPING

Wheat Sells in Chicago Below \$1.50 for First Time in Years. VARIOUS REDUCTIONS. New York, Nov. 26.—Reports today from many parts of the United States and covering widely varying kinds of commodities indicated further progress in the process of readjustment of prices. From Pittsburgh came news reported sharp drops in pork. The new schedules were being issued by various companies announcing lower prices for steel products. In the line of food products, wheat prices on the Chicago exchange today fell below \$1.50 for the first time since the United States entered the war, while Kansas City and other market centres reported sharp drops in pork.

BRITAIN OVERRULED ON MANDATE ISSUE BY LEAGUE COUNCIL

Five Non-Mandatory Powers Given Seats on Permanent Commission. PROTEST BY ARGENTINA. Geneva, Nov. 26.—The difficulty of any single power or influence dominating the League of Nations was demonstrated today when the council of that body, in spite of determined protests by the British member, decided finally to give control in the permanent mandates commission to non-mandatory powers. This commission will be composed of representatives of five non-mandatory powers and four of the mandatory states.

PLAN MARITIME UNION OF EASTERN FARMERS

Amherst, N.S., Nov. 26.—A "closer" campaign is now in progress among farmers of Nova Scotia, which may result in the formation of a maritime union. This scheme contemplates district affiliation with county, county with provinces and provinces with the Dominion.

DOUGHTY NOT BARRED FROM ASKING REWARD

Col. Greer Says That in Event of His Giving Information About Missing Ambrose Small, Doughty's Claim Would Be Valid—Detective Sent From Toronto to Meet Returning Pair. If John Doughty, now being brought back to Toronto, were able to disclose the whereabouts of Ambrose Small, and were to do so, would he be legally qualified to receive the reward offered? In the opinion of Col. R. H. Greer, who was asked by the provincial authorities recently to undertake an independent inquiry into the Small disappearance, Doughty would be able to claim the reward of \$50,000 offered if Small is alive, and \$15,000 if Small is dead, should he give the requisite information.

THE OLD UNION STATION

A Menace to the Heavy Passenger Service In and Out of Toronto. Editor World: As a citizen of Toronto and a traveler, I wish to say that the disorganized condition of the handling of trains in and out of Toronto because of the delay in the use of the new Union Station has increased the risk and danger of the Toronto yard, whether for National Railways or Canadian Pacific. You can't tell me that if all the railway officials were that in their new offices, including the dispatchers and the men responsible for the trains, and yard, and if the co-ordination of the Grand Trunk and Canadian National were finished up there would be better and safer handling of trains. It is simply abominable the way the trains in and out of Toronto are subject to inconvenience and lack of the accommodation and offices for the rails, sidings, stops and other materials, were announced today by the Columbia Mills, Incorporated, the largest manufacturers in that industry in the United States. The price of milk in Philadelphia for consumers is to be reduced two cents a quart December 1, when the retail price will become 13 cents a quart, instead of 15, it was announced in that city tonight.

H. W. WOOD PESSIMISTIC ON FARMERS' OUTLOOK

President of United Farmers of Alberta Declares Slump in Wheat Prices Means Agriculturists Must Practice Most Rigid Economy—In Turn Means They Will Quit Buying. Calgary, Nov. 26.—"There is no logical comparison of prices of wheat between this and last year," remarked H. W. Wood, president of the United Farmers of Alberta, when shown a Winnipeg despatch stating that according to The Winnipeg Free Press the slump in the price of wheat was not responsible for the slump in business generally. "Calls for 'Average Price.'" "The \$2.15 a bushel mentioned by The Winnipeg Free Press," remarked Mr. Wood, "only represents the initial payment; the newspaper mention does not give the average price of last year's sales up to date. "Even admitting that the prices this year have averaged higher than they did last year, the conclusion reached does not follow. Last year's sales of wheat began at \$2.30, and the sales were made at that price and upwards. The gradual advance in price was maintained until the operation of the wheat board ceased, at which time wheat was selling at \$3.15 and over, the average price for the year being \$2.63." Continuing, Mr. Wood stated that the market opened at the time the price has been established by the wheat board on a \$3.13 basis, and since that time the price has declined to \$1.88, which was yesterday's close, making a net decrease of \$1.27 in all, and was threatened with a complete collapse. "But that is only one item in the calamity," said Mr. Wood, "that has directly overtaken the farmers' interests and which is bound to quickly overtake the whole commercial interests of Canada. Only One Profit Basis. "While the slump in wheat has been more spectacular because it has been kept in the limelight by the inefficiencies of market selling, the price of wheat is still more nearly on a profit basis than any other farm product. At present price I cannot name an agricultural product that represents any profit at all. "This means one thing," continued Mr. Wood, "namely, that farmers will have to practise the most rigid economy possible. This in turn means that they will have to quit buying, and this can only have one effect—the commercial interests of the country."

LEADERS' ARREST MERELY THE START OF WIDE ROUND-UP

Expulsion of Germans Is Blamed on Britain. Many Prominent Men Supposedly Connected With Irish Republican Movement to Be Held Indefinitely—Some Form of Internment Planned—Griffith's Arrest Said to Have Surprised Downing Street. Berlin, Nov. 26.—Answering an interpellation in the reichstag today regarding the expulsion of three hundred Germans from Samoa, the government declared the blame rested on Britain. Several notes had been sent to Britain, it said, but they had not been answered. The questioner asserted that those expelled had been allowed only 200 marks each, the many of them were wealthy. It was explained by the government that the notes to Britain represented the action as incompatible with the intentions of the peace treaty.

BIG CUTS ARE MADE IN STEEL PRICES BY INDEPENDENTS

Many Companies Announce Reduction of Costs to Level of Early 1919. WILL REDUCE WAGES. Pittsburgh, Pa., Nov. 26.—Most of the independent steel companies already have followed the lead of the Jones and Laughlin Steel Company of Pittsburgh, which reduced prices on bars, plates and structural shapes today to the level of the United States industrial board prices of March, 1919, or are about to do so, according to high steel authorities here. Several of the larger independent interests have advised their sales offices in New York, Chicago, Philadelphia, Cleveland and other cities, it was said, to accept New business at the industrial board's prices. The new prices adopted by the largest independent interest and most effective today are: Steel bars, \$2.35; structural shapes, \$2.45; plates, \$2.65, base Pittsburgh. All adjustments in prices of wire and cold rolled steel are to follow. No reduction in wages is contemplated immediately, according to the best information obtainable. It was freely predicted by steel officials, however, that a wage reduction is inevitable within the next few weeks. The new selling prices are not comparable with previous prices on any fixed basis, as some of the independents have been asking as high as \$4 for bars, plates and shapes. It was reported and divers have been receiving more conservative prices, ranging between \$3 and \$3.25. Trade Well Satisfied. The general feeling throughout the trade here is one of satisfaction at the decision to reduce prices to the same level as the steel corporation which has not asked prices above those fixed by the industrial board. It is believed here now that the immediate result will be to stabilize the market, and the move made today is the beginning of the readjustment in the steel trade. The sentiment here seemed to be that the bottom level of prices had been reached and that, as soon as wages and other costs are lowered the industry will move forward into a new period of prosperity. Attention on the requirements of the building trade, the rehabilitation of the railroads and export business to European countries and the Orient.

WOMAN IS STABBED AND SON WOUNDED IN QUEBEC VILLAGE

Neighbor Has Been Arrested on a Charge of Murder. Montreal, Nov. 26.—(By Canadian Press.)—Found criminally responsible by a coroner's jury sitting at Turgeon Village, 10 miles from Nominique, this afternoon for the death of Mrs. Marie Christian Clermont, 44 years of age, who resided two miles from that place, Ozias Riopel, 38, of St. Veronique de Turgeon, was immediately arrested on a charge of murder on a warrant issued by Coroner Lachapelle of Mont. Laurier. He was taken into custody by High Constable Lamarche of Mont. Laurier, and taken to that place tonight. The charred remains of the victim, who was stabbed to death in her home, which was later set on fire, were deposited in a half gallon urn and taken to Mont. Laurier by the coroner. The main evidence in the case was given by Oscar Clermont, 21 years of age, who resided with his mother, and who was so badly stabbed by Riopel that 36 stitches were required to sew up his wounds, 58 of them being in the neck where two knife wounds circled the neck with the exception of two inches. He is now lying in a serious condition. Owen Clermont, who is reported as having testified, made a statement according to Dr. Cartier, of Nominique, before Justice of the Peace Rioux and Bailiff Hamel, of Nominique, to the effect that their neighbor, Ozias Riopel, knocked at the door of the Clermont home on Wednesday evening, and when he opened the door Riopel struck him with his knife. Riopel then, he said, attacked his (Clermont's) mother, and when he tried to defend her, Riopel struck him again. Clermont then ran into the stable where Riopel followed and again used his knife.

FOUR-YEAR-OLD BOY KILLED BY TROLLEY

John Bodnar Runs From Behind Truck in Way of Street Car. Little four-year-old John Bodnar, 13 Drummond place, was instantly killed yesterday afternoon when he was struck down at Adelaide street and Drummond place by a Harbour street car, the front wheels of which passed over his chest. The body was extricated from under the front truck of the car by an auxiliary crew which was rushed to the scene. The accident occurred not twenty yards from the little boy's home, and the mother, who saw the crowd assembling, ran from the house. Seeing the hat, which she immediately recognized as her son's, lying on the street, she tried to reach her child's body, but was held back by police officers. When the car was finally jacked up and the body removed it was taken to the General Hospital in the police car by Sergeant Lundy of Court street station and P. C. Fraser. The little lad was, however, dead long before he could be taken from under the front truck. The body was taken from the hospital to the morgue, and the head corner notified. An inquest is probable. Calhoun's Story. According to the story told by Robert J. Calhoun, motorman on the car, to the police, he was driving the car east on Adelaide street. At the Drummond place intersection an auto truck was backing out into the car tracks from the south side of the street. Calhoun stated that he applied the brakes to avoid a collision, but the driver of the truck did likewise and Calhoun released the brakes and again started forward. The little boy, he said, who was hid to view, leaping on the west of the truck, suddenly emerged and altho he quickly applied the brakes it was too late to avert the accident. Statements of eye-witnesses corroborated Calhoun's story, and the police did not detain him. At the time of the accident the car was proceeding to the barns to secure a new fender, it was stated by Calhoun, the one on the car having struck the cobble stones a short time before and was broken. It was held up by a strap which had temporarily been adjusted.

ACTED LIKE IRISH, NOT LIKE AMERICANS

New York Evening Papers Rebuke Mob Which Insulted British Flag.

New York, Nov. 26.—Several New York evening papers comment somewhat bitterly on yesterday's disorders after the MacSwiney memorial mass at St. Patrick's Cathedral, when a mob of 5,000 "Irish sympathizers," seeing a British flag displayed in a window of the Union Club, attacked the building and carried on a desperate battle until a horde of policemen drove them away. All the windows on the lower floor of the club building were wrecked, and there were many injuries from flying missiles.

"The demonstration yesterday is a naive assumption that New York is a part of Ireland," says The Globe. "Nothing could do more injustice to Ireland or win more friends for Lloyd George than this absurd attempt to dictate to American opinion and conduct."

"The mob," says The Evening Post, "may have been composed of American citizens, but they did not act as if they were Americans. They acted as if they were Irishmen."

"Irish sympathizers who act as Irish sympathizers acted yesterday forget where they are. This is not Ireland. It is not England. It is the United States. Anybody who is not naturalized and who proposes to proceed as if New York were Dublin or any other foreign city, loses our hospitality, and anybody who is naturalized or was born here and who takes a similar course, gives the lie to his Americanism."

"This country has watched, and continues to watch, the effort of Ireland to obtain self-government with sympathy. But it cannot be stated too emphatically that our only legitimate interest in Ireland is as Americans. It is humanly impossible that Americans of Irish stock should not feel the tragedy of Ireland more keenly than the majority of us. Their duty is nevertheless to America. They cannot transfer a European struggle to American soil. Real Americans justly resent any such move."

DUKE OF WESTMINSTER MARRIES A DIVORCEE

London, Nov. 26.—The Duke of Westminster and Mrs. Violet Mary Geraldine Rowley were married this morning. The wedding took place at a local registrar's office.

Announcement of the engagement of the Duke and Mrs. Rowley was made yesterday. The duke was divorced last December by the duchess, who before her marriage was Constance Edwina, daughter of Colonel William Cornwallis-West. A separation agreement had been signed by the couple in 1914. Mrs. Rowley, who is 28 years of age, the youngest daughter of Sir William Nelson of Acton, County Denbigh, Wales, obtained a divorce decree November 15.

United Grain Growers, Ltd., Add to Borrowing Powers

Calgary, Alta., Nov. 26.—The United Grain Growers, Limited, shareholders at the annual meeting here today authorized the directors to increase the borrowing powers of the company from twelve to fifteen million dollars. This was the only resolution that was adopted.

B'WELL? IT MAKES PEOPLE FEEL WELL

B'Well is a medicine that assists nature in making food more digestible, cleanses the system, and restores the vitality of the body. It contains the concentrated extracts of these herbs tone up the stomach, regulate the liver, act on the kidneys, and give the system a healthy action, help digestion and keep the bowels regular, expels all gases from the system, and takes away the feeling of fullness, depression and nervousness.

B'Well is not a tapeworm exterminator, and is not recommended for that trouble. B'Well is restoring thousands of people to health. I am not going to enumerate the different diseases and complaints that people have been relieved of from the use of B'Well as it would take up too much space. I can simply say that restlessness and disease cannot remain if you take this medicine for a time, and it will surely make you feel fine.

It does not contain poison in any form or narcotics that only irritate the system, but the different roots and herbs that regulate the system. It stimulates the stomach, liver and kidneys into healthy action, helps digestion and keeps the bowels regular, expels all gases from the system, and takes away the feeling of fullness, depression and nervousness.

FOUR FIRE VICTIMS IN WINNIPEG SUBURB

Mother and Three Children Perish—Father Rescues Remaining Child.

Winnipeg, Nov. 26.—A mother and her three young children are dead as the result of a fire and coal gas explosion at their home in East Kildonan, a suburb of Winnipeg, early this morning. The dead are: Mrs. Nora Fincham; Charles, aged eight; William, aged four, and Fred, aged ten months. Gladys, aged six, was rescued from the gas-filled house by her father, C. S. Fincham. The mother was also taken from the building by the husband, but returned in a vain effort to rescue her children and she was found dead by the firemen in the child's room. John S. Sundburg, his wife and daughter, who also resided in the house, escaped thru a window in their night clothes.

FAIR PROSPECT OF BIG POWER DEAL

(Continued From Page 1.) them all if the price is right; and if they have not power to go into generating and distributing energy and running radials they will get it from the legislature.

But The World can get no assurance as to price or to the real purchasers, or whether the other will be taken up. Hinges on Chippewa Scheme.

A good deal depends on the likelihood of the Chippewa power scheme being ready with energy next August. Sir Adam is assured that his commission will be ready. But he may not want to take any risks. It might be dangerous. But any deal turns mainly on the price named and the willingness of the parties are disposed to try their best to get a clean-up, notably Mr. Davidson and Sir William Mackenzie. The Montreal stockholders in the companies have apparently agreed to something.

The next turn will come when Sir Adam Beck's letter is read at the city hall. It may not advise anything—leave it to the city.

The Ontario government has not been brought into the negotiations. One of the dangers of taking no action next week may be to throw all the fat into the fire and start a new war between the Toronto Railway and the city over the franchise.

Hamilton's Situation. A somewhat similar situation is developing in and about Hamilton, where the Gibbon interests control the local street car franchise, three radials, a light and power franchise, a general utility franchise, and a water supply franchise. It is even more difficult than here. The Dominion Power Co. (the controlling concern) is now offering a new flotation. Sir Adam Beck has not yet been brought into the Hamilton situation.

Disputes With Newfoundland Will Go to the Privy Council

Montreal, Nov. 26.—An agreement to refer disputes between Newfoundland, Quebec and the Dominion government over Labrador boundaries to the privy council has been reached. Hon. Richard A. Squires, prime minister of Newfoundland announced here today. Mr. Squires has just returned from London.

38 WERE KILLED WITHIN 48 HOURS

Ninety-Five Injured According to Statement From Dublin Castle.

London, Nov. 26.—A statement issued at Dublin Castle today says that the week ending November 22, which was comparatively calm, the number of serious outrages falling to the low six or record during the past six months, was succeeded by the commencement of a week of tragic eventfulness, without parallel in the history of Ireland since the rebellion of 1916.

"In the space of 48 hours," says the statement, "thirty-eight persons met with violent death and 79 were wounded or injured. The statistics of minor outrages were exceptionally light. One vacated police barracks was destroyed. Raids on the mails fell from 26 to 16. Forty trials by court-martial resulted in 23 convictions and 11 acquittals. There were sentences to imprisonment at hard labor varying from two years to 24 days imposed in twenty-five cases."

MILK AND BUTTER PRICES TO TAKE "SERIOUS DROP"

Omaha, Neb., Nov. 26.—Prediction of what he referred to as a "serious drop" in milk and butter prices, was made in an address at the chamber of commerce today before Omaha business men by George M. Wilber, of Maryville, Ohio, head of the executive committee of the Ohio Wool Growers Association.

"There is facing us a serious drop in milk and butter prices, because Danish butter will soon be coming in at the rate of 500,000 pounds a month," Mr. Wilber said. "At the same time," he added, "more than \$50,000,000 worth of domestic evaporated milk is piled up in New York. It cannot be sold for lack of export demand and condensing factories are closing all over the country."

GABRIELE D'ANNUNZIO WILL SOON STAND ALONE

Triest, Nov. 26.—Two important military supporters of Gabriele d'Annunzio at Fiume have deserted him. General Ceccherini, commander-in-chief of d'Annunzio's troops, has quit the soldier-post, arriving in Triest today, accompanied by Colonel Sani, the chief of staff.

Say Rent Profiteering Not Evident in Winnipeg

Winnipeg, Nov. 26.—(By Can. Press)—Rent profiteering was not evident in Winnipeg, according to the findings of the joint council of industry handed down today by Dr. C. W. Gordon, chairman. This body has carried out a comprehensive survey dealing with housing conditions and rental charges. The average return on investment secured by landlords, is given as 4.92 per cent. Some other source than private enterprise must be found by the community to meet the acute need for more houses in Winnipeg, the council states.

Winnipeg has insufficient dwellings to house its residents in decency, health and comfort, and the situation is steadily growing worse, according to the report.

STOLE FROM JAILER.

Port Arthur, Nov. 26.—Two ex-prisoners from the Ontario Industrial Farm, walked into the Port Arthur jail last night and asked to see a fellow-prisoner before they left for the west. While the warden was conducting them to the prisoner, the other opened the jailer's cabinet, and forcing the lock on the money drawer obtained \$160 in cash and a .38 calibre revolver.

FACED HUGE O. T. A. FINE.

Ottawa, Nov. 26.—Adelard Mousseau, Broad street, was found guilty here today by Magistrate Askwith of having sold liquor at his residence, and was fined \$1,000, with the alternative of six months in jail. Later the court reduced the fine to \$500, owing to the intervention of Inspector McLaughlin, and the accused has a big family, and it was his first offence.

FRENCH LOAN GOING WELL.

Paris, Nov. 26.—The new French six per cent loan, including yesterday's "commerce day" subscription, has passed the 26,000,000,000 franc mark, according to figures made public in financial quarters here today. It is expected that subscriptions for the loan closes four days hence, will total 30,000,000,000 francs.

WILL PROPOSE WOOL EMBARGO.

Salt Lake City, Utah, Nov. 26.—With a view to safeguarding United States wool interests and relieving what he termed to be a critical situation in the wool growing industry, Senator Reed Smoot announced that he would introduce a bill immediately the senate assembles to place an embargo upon foreign wool. He said that it would be his intention to have the proposed embargo made effective for one year.

REPORT ON GANANOQUE.

Brookville, Nov. 26.—While Gananoque assessment has risen to over \$1,500,000, an increase of \$50,000, the town's population has decreased to 450, according to the figures of Assessor W. Pratt.

IS TRAIN VICTIM.

Quebec, Nov. 26.—Phillippe Gagnon of Lyster, a C.P.R. employe, was killed this afternoon while walking along the track with a wheelbarrow. He was a little deaf.

OXFORD PIONEER PASSES.

Woodstock, Nov. 26.—(Special.)—Donald Noble, a highly esteemed resident of Oxford county, died last night at his home in this city. Mr. Noble was sixty-eight years of age and was born in East Nisourit township. Surviving are his wife and one step-son, A. M. Ross, this city.

FACES ABDUCTION CHARGE.

Kitchener, Ont., Nov. 26.—(Special.)—Bert Rowley, charged with abduction of a girl under 16 years of age, was arraigned in police court here this morning and remanded until Monday.

HOSPITAL TRUSTEES TO BURN MORTGAGES

Hope to Make Toronto Institution Clear of Debt for Centenary.

The Toronto General Hospital will celebrate its centenary this year. Mr. Chester Decker, the superintendent, in his address before 270 members of the Rotary Club yesterday, said the trustees hope to make the occasion a memorable one by burning the mortgages, which have been hanging over the hospital for years.

Following the "Medal War" of 1812, said Mr. Decker, in outlining the history of the hospital since its birth, the Loyal Patriotic Society set aside 1,000 pounds of gold and silver medals, but the majority were melted down, and together with other funds, helped to pay for the erection of a hospital at the corner of King and John streets, in 1820, costing about \$24,000 with a capacity of 530 patients.

In its first year the crown was called upon for assistance, said Mr. Decker, and gave 500 pounds and the financial difficulties which the trustees had to face were practically the same as today. In 1841 the total revenue amounted to \$2820, while the expenses were \$11,520.

Regarding the public service department, Mr. Decker said 570 beds were looked after by the staff and personnel without any remuneration whatever. Any person who went into the hospital was sure of being advised and treated by men who were the most capable surgeons and doctors that the board of trustees could secure and the qualifications of the staff were of the very highest.

Mr. Decker outlined the course of the patient from the time he came until he was discharged and described the system in use in the hospital. "The Toronto hospital cost \$2,700,000," Mr. Decker said in conclusion, "and of this amount the trustees have thru their firms or their friends personally contributed \$2,300,000."

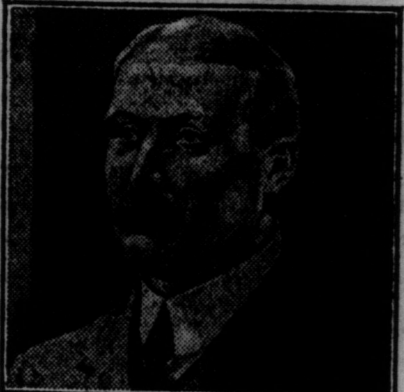

The Rotary entertainment committee, under Mr. Gibson, are arranging for an old-time Christmas at the King Edward Hotel on the evening of December 18, and the boys' work committee are going to entertain the parliament boys' club at dinner in the hotel on Christmas Day.

Norman Gooderham spoke of the suggestion he had made to the athletic committee of the university about giving the funds of the play-off of the Toronto-Argo game to charity and thought that it would be a good idea if the funds were given to the Federation of Community Service drive next week.

Get Best Treatment. Regarding the public service department, Mr. Decker said 570 beds were looked after by the staff and personnel without any remuneration whatever.

HAD RHEUMATISM FOR FIVE YEARS

No Return of the Trouble Since Taking "FRUIT-A-TIVES"

MR. JOHN E. GUILDERSON P. O. Box 123, Parrsboro, N. S.

"I suffered with Rheumatism for five years, having it so badly at times I was unable to get up without assistance. I tried different medicines I saw advertised and was treated by doctors in Amherst, also in my home town, but the Rheumatism came back. In 1916, I saw in an advertisement that 'Fruit-a-tives' would stop Rheumatism, and took one box and got relief; then I took them right along for about six months and the Rheumatism was all gone and I have never felt it since."

Anyone who would care to write me as regards 'Fruit-a-tives' I would be glad to tell them what 'Fruit-a-tives' did for me."

JOHN E. GUILDERSON, Contractor and Mason. 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

WILL CONFER AGAIN ON VIADUCT PROBLEM

Harbor Commission to Meet the Minister of Railways as to Government's Plans.

The harbor commission will have a conference next week with the Hon. J. D. Reid, minister of railways, with the object of learning what the government's intentions are regarding the building of the railway viaduct on the Esplanade. At the recent conference between the city and the railways it was made clear that as the government would shortly come into full possession of the Grand Trunk Railway the government would have to speak for the Grand Trunk.

Following the meeting with Dr. Reid the harbor board will again meet the chiefs of the railway systems on December 5. The railways at the last conference two weeks ago submitted plans for temporary bridges over the tracks at the principal streets to secure grade separation without the viaduct, which they asked to have shelved for ten years. The city representatives opposed this scheme and insisted upon at least the western end of the viaduct being built at once.

MAKE ENDEAVORS TO KEEP MEN EMPLOYED

Will Close Factories Whole Days Instead of Part When Time Reduction Necessary.

At a joint meeting of the Ontario division executive and Toronto branch executive of the C.M.A. full consideration was given to the problem of unemployment thruout Ontario.

The executives viewed with apprehension the present condition of unemployment generally, but they had in mind that there was always a certain amount of unemployment at this season, which is accentuated by the fact that a number of unemployed, who do not belong to this city, locate in Toronto in search of work, thus aggravating the local labor situation.

FIVE CENSORS FOR MOVING PICTURES

The provincial treasurer, Hon. Peter Smith, announced yesterday that it had been definitely decided to increase the board of motion picture censors from three to five. A deputation waited upon him composed of representatives of those interested in the picture business as well as various social organizations, and were asked to submit recommendations for the new board. The question of salary will be left over for consideration.

BACKUS SEES GOVERNMENT. E. W. Backus was a visitor at the parliament buildings yesterday. His visit was personal, he said, and had nothing to do with the lumber business.

YOU CAN PICTURE THIS PARADE

YOU CAN SEE THEM

Regiment upon regiment of suffering humanity. Men and women, homeless babes, careless and lonesome boys and girls. They go by, hour after hour. You can picture to yourself such a parade on the streets of Toronto--not a victory parade, but one of utter downcast misery. At its head, perhaps, a mother--a poor, lonesome mother--no home, no husband, but a babe in her arms, and a job to work at during the day "to keep body and soul together." Next, the orphan children. Then come the aged poor, thousands of pallid-cheeked, tottering sufferers from diseases that sweep this great city of ours.

But why go on?

You know that were it not for Toronto's army of voluntary workers, were it not for benevolent and kindly charitable institutions in our city, this misery could never be prevented.

There are 47 such organizations in Toronto's Federation that will appeal to you next Tuesday, Wednesday, Thursday and Friday. They simply appeal to you for human help.

They ask you to give as you would to the stricken family of a friend or a neighbor.

Your help will enable these God-loving, character-building societies to continue their work and will go a long way toward the banishment of disease, starvation, ignorance and crime.

In humanity's name do your part. Do it early. Be ready when the collector calls. Or, better still, do it now--while the thought is uppermost in your mind.

Do just your share. Remember, that is all that is asked. And if you really do that--you will feel the better for so doing. "As you give, so shall you receive."

The New Teacher of an Old School.

"My newly-acquired friend from Red Deer," as Sir George Foster once jocosely dubbed Dr. Michael Clark, can no longer pose or be pictured as the only exponent of the Manchester school in Canada.

The teaching of the Manchester school, as we understand it, could well be crystallized in the phrase "every fellow for himself and the devil catch the hindmost."

The teaching of the Manchester school, as we understand it, could well be crystallized in the phrase "every fellow for himself and the devil catch the hindmost."

Free trade was only a bi-product of the Manchester school. It stood squarely for the doctrine that each man must look out for himself; it wanted no interference by the government.

Personal Banking Service

Another Department in which our "Personal Service" policy has proved particularly valuable to Sterling Bank clients is that dealing with foreign exchange problems.

Drafts are bought and sold on any part of the world; Letters of Credit for Travelers, and Documentary Credits issued, payable in any part of the world; Travelers' Cheques issued; foreign currency or coinage bought or sold.

"Personal Banking Service," with us, is a tangibility. It shows results in every department. A word from you and we'll tell you the complete story—in your office or ours.

COUNTY AND SUBURBAN NEWS

COMPLAIN LACK OF SUFFICIENT POLICE

Ratepayers' Association Also Points to Need for Postoffice. DANFORTH

The lack of proper police supervision in the section was the subject of many complaints at a well-attended meeting of Woodbine Heights Ratepayers' Association, held in Savoy avenue hall, last night. P. Raven, president, occupied the chair.

It was pointed out that the bad behavior of many boys and girls was the cause of much comment throughout the district, and the feeling of the meeting was that more police was an urgent necessity.

It was decided to communicate with High Constable Phillips in this regard. The need of a postoffice for the district and repairs to roadways in various places were also discussed.

The election of officers for the ensuing year was laid over until next meeting. Secretary A. Craft commented on the lack of interest shown in the association by many members and urged greater zeal for the welfare of the section.

Mr. and Mrs. Thomas Finucane, 220 Jones avenue, celebrated their golden wedding, when the happy couple, together with their seven children and fourteen grandchildren, assisted at solemn mass in St. Joseph's Church, Leslie street, and received holy communion.

The celebrant of the mass was Rev. Dr. Arthur O'Leary, rector, and Miss Kathleen Leiby presided at the organ. The "O Salutaris" was exquisitely rendered by Miss Louise Cook.

A thanksgiving breakfast was afterwards held at the home of Mr. and Mrs. Finucane, when felicitations were tendered and many presents received. Mr. and Mrs. Finucane, who are natives of Ireland, were married in St. Michael's Cathedral, November 20, 1870. Mr. Finucane is in his twenty-second year and his wife in her thirty-ninth year.

The couple have lived in the east end for the past 64 years, where Mr. Finucane carried on the business of a market gardener, retiring some years ago. All his family still reside in the eastern section of the city.

A very unique entertainment took place Thursday evening in the Riverdale Masonic Temple, East Gerard street, when the officers and members of Coronate Lodge, A. F. and A. M., No. 520, entertained about 150 soldiers of the Christie Street, Davisville and Ethelred Hall Hospitals. After enjoying a sumptuous meal, the boys were entertained with five lively boxing bouts, a violin solo by Mr. Hink, recitations by Edward Durand, and songs by James Walsh, and moving pictures. Burt Spence assisted at the piano. Very Wor. Bro. Major Alex. Gibson acted as chairman, assisted by Wor. Bro. James A. Barry.

The boys were returned to the various hospitals in some thirty cars provided by the members.

The new Holy Name Community Hall, corner of Carlaw and Danforth avenues, which opened last evening with a euchre and dance under the auspices of Court Holy Name, No. 1910, C.O.P.

P. J. Smith, chief ranger, in performing the opening ceremony, congratulated the pastor and congregation on the handsome building which, he said, will long be a landmark in the district, and the means of bringing the young folk of the district together for social activities. The speaker assured Rev. Father Cline of the support of the C.O.P. in every activity in the interests of the community. Care will be taken of all movements in the citizens' best interests, both social and educational.

During the proceedings Rev. Father Cline presented a handsome clock to W. F. Smith, chairman of the board of governors for his good work in connection with the erection of the building. Over 200 people were present, and the large hall was crowded with dancers who enjoyed the varied program contributed by Brown's five-piece orchestra. Some \$5 tables were arranged for the euchre contest, and eight valuable prizes were awarded the winners.

EAST TORONTO TABLET FOR HEROES UNVEILED

A fine bronze tablet was unveiled in Bolton Avenue School yesterday afternoon in memory of the former pupils who fell in the great war. Major Blayney, former principal, unveiled the tablet in the presence of a large gathering of parents, friends and pupils. Inspector Bryce presided and Rev. P. E. Powell gave a short address. Miss Todd sang the "Recessional" and "In Flanders Field."

OAKVILLE RESIDENT DIES

The death occurred during the week of one of Oakville's oldest and best known residents in the person of Mr. Thomas Walsh, West Colborne street. The deceased was born in England in 1841 and came to this country in 1875, being for a long number of years in the fruit farming industry. He was a prominent member of the local Masonic lodge and was a Conservative in politics and an Anglican in religion. A widow and three of a family survive. The funeral took place under Masonic auspices.

PORT CREDIT CONFER ON WATER PRICE

Mayor Loveloy, of New Toronto, and ex-Treasurer Geo. D. Scott were in Montreal yesterday consulting with G.T.R. officials on the price of water sold by the municipality to the railway.

ANNUAL BANQUET OF EGLINTON LODGE

Supreme Grand Master of British America Guest of the Evening. NORTH TORONTO

The annual banquet of the Eglington L. O. L., No. 283, was held last night in the Orange Hall, when about 250 sat down. The chair was taken by S. Fowler, W.M., and the guest of the evening was Most Wor. Bro. H. C. Hocken, supreme grand master of British America, who made an eloquent address, speaking on the welfare of the order. The usual toasts were honored, and a musical program was rendered by the various members of the lodge. All the table arrangements were under the supervision of the wives of the officers of the lodge, who were accorded a hearty vote of thanks.

The Boys' Club of the Eglington Presbyterian Church met last night in their clubhouse, presided over by the president, Mr. Keith. Dr. Wilson gave an interesting address on first aid to the injured, taking as his subject last night fractures of the leg and jaw, and the proper treatment.

Mr. and Mrs. Frank Allen, old-time residents of North Toronto, have arrived from Vancouver, and are visiting Mrs. Allen's father, Mr. Barker, on Mt. Pleasant road.

The annual bazaar of Christ Church, Deer Park, was held yesterday afternoon and evening, with a record attendance. The room was tastefully decorated by the ladies of the Women's Auxiliary, under whose auspices it was held, of which Mrs. Hoskins is president. There were many booths, Mrs. Steele being in charge of the apron booth, Mrs. Walker at the fish pond, Mrs. Cressy the notions, and Mrs. Dale the refreshments. The proceeds go towards paying off the mortgage of the church, and it is expected that about \$500 will be realized.

A reception was given yesterday afternoon at her home at 25 Glenholme avenue by Mrs. J. E. L. Smith (nee Miss Bessie Evans), daughter of Dr. Evans of Rosebank avenue. The room was prettily decorated and there were many visitors.

A special emergency meeting of York Lodge, A. F. and A. M., was held last night in the Eglington Masonic Hall, the chair being taken by James E. McMahon, W.M. There were many visitors, and degrees were conferred on several candidates. Following the business a banquet was held.

Mr. and Mrs. Bond and family of 449 Balliol street left last night for Montreal, and will sail this morning on board the S.S. Matagosa. Mr. Bond was for many years secretary of the Royal Northern Lodge, M.O., I.O.O.F., and as a mark of appreciation of his past services the members of the lodge presented him with a club bag before his departure.

EARLSCOURT NEWS

In an interview with The World H. Parfrey, a prominent member of the British Imperial Association, stated: "What Earls Court needs, and always has needed, is more police protection. If there were policemen on point duty, instead of the present system, things would be more satisfactory, and more time saved in case of immediate need. In my opinion the residents would feel safer, if more protection were assured." On the motion of Mr. Parfrey, at a recent B. I. A. meeting, a letter was sent to the chief of police, in regard to this matter, but nothing has been done as yet.

Owing to the deplorable condition of the roads north of the city limits (Morrison avenue), a coal dealer, unable to make any progress thru the mud, disposed of his coal to residents nearby, who saved him the trouble of taking the fuel back to the yards. During this weather no progress can be made by heavy vehicles, and much complaint is being made by the residents—every day witnesses the fate of different wagons or cars, which are sunk in the mud for hours at a time.

St. John L.O.L. No. 2045 held their regular degree meeting at Creber's Hall, with W. E. Collins presiding. One candidate was advanced to the royal arch and it was decided to hold a social evening and election of officers on the second Friday in December.

Under the auspices of the Kenwood rugby team, a successful benefit dance was given last night at Kenwood Hall. A special committee for supervision, including Dave Walsh, J. Currie, G. Coxy and W. Walsh, Special music was provided and an enjoyable evening was spent.

WYCHWOOD DESIRES PARK FOR DISTRICT

Rafepayers' Association Appoints Deputation to See Civic Committee. Wychwood Ratepayers' Association, of which Thos. Jones is president, have appointed a deputation to attend the meeting of the market committee on Tuesday next, when an appeal will be made for a park in the Wychwood district. The most suitable site in view is between Tyrer and Christie streets, and agitation among the residents, especially those interested in sport, is keen at the present time.

Members of York township and other prominent speakers will be present this afternoon, at the Weston town hall, when a meeting will be held for the purpose of selecting delegates for the convention to take place in Toronto on Dec. 1 and 2.

Wychwood residents are up in arms over the state of some of the roads especially Benson ave., where, a prominent resident states, wagons and trucks are sunk in the hubs daily. One truck was in the mud for five hours yesterday, and it took another heavy truck of the same weight to remove it. "This state of affairs," he said, "is a disgrace to the district."

G.V.V.A. MODERATE AND CONSTITUTIONAL

Meeting Protests Against C. P. R. Action in Laying Off Men. TODMORDEN

Under the auspices of the Todmorden branch, G.V.V.A., a well-attended open meeting was held in the Memorial Hall, Gowan avenue, last night. Alexander MacGregor occupied the chair.

Comrade Harrison, first vice-president, provincial command, spoke on the new G.V.V.A. re-establishment scheme, based on the depreciated dollar. He pointed out how members of the legislature took cognizance of the fact when increasing their own salaries, neglecting, however, to act similarly in the case of returned men and wage earners generally. He also pointed out that the demand of the G.V.V.A. had been moderate and constitutional, hence their frequent success.

W. E. Turley, provincial secretary, appealed strongly to the public not to underestimate or forget the ex-soldier, as shown by experience in other wars. Comrade Joyce of Riverdale executive committee, urged close co-operation among veterans. Comrade Conroy, Toronto district command, said he received assurance from York county council of a \$200 grant to the Christmas tree fund of each of the ten county branches. The meeting went on record as protesting against the discharging of the C.P.R. of ex-soldiers and the replacement of the veterans by cheaper Japanese labor. It was moved that all employment be distributed among the G.V.V.A. branches.

The following artists contributed to an excellent musical program: Mrs. F. E. Webb, A.L.C.M.; Mrs. L. Cott, Miss Mrs. Curley, Robert W. E. Turley, H. Sellen and J. Bowman.

REFORESTATION IS PROPOSAL MADE

Province Will Look After a Thousand Acres for Forty Years.

Yesterday morning the special committee on reforestation reported to the county council that an option on land could be secured on the boundary of King and Whitechurch Townships, suitable for tree planting purposes. The land would be 600 acres in extent and the option held until the January session.

A proposition from the provincial government agreed to plant 1000 acres and care for it for 30 or 40 years, if the county secured the land. A condition that the land be returned to the county at the end of that time was added. Rev. W. M. McKay of Weston, representing the Ontario Horticultural Association, addressed the council, advising that men specialized in the care of forests. He referred to Toronto University recently establishing a botanical garden, and urged the formation of a similar institution.

Last night the council held their regular banquet at the Walker House.

PROSPECT PARK PLANS TO HEAR CANDIDATES

At an executive meeting of the Caledonia Ratepayers' Association, yesterday at the home of the president, Dr. G. McIntosh, 44 Caledonia avenue, it was decided to hold special meetings for the benefit of municipal candidates. Members of the city council and other speakers will be invited. Opinion in this association is strongly against any action favoring the lowering of the curb on St. Clair avenue.

WEST TORONTO

WEST TORONTO NEWS. No Surrender, No. 330, L. O. B. A., held their regular meeting last night in St. James Hall, West Toronto, and received six applications for membership. The following visitors were present: Bro. Ben D.M. of the western district; Bro. Sister McDonald of McCormack; Wor. Sister Rose, provincial grand secretary, a social evening and thoroughly enjoyed. It was decided to hold a house party at the home of Mrs. Halmky, 20 Alpine avenue, West Toronto, on Friday, Nov. 27. Mrs. J. Thompson was in the chair.

The Athletic Association of the Canada Cycle and Motor Co. of Weston, held their monthly dance last night in Colvin Hall, West Toronto, with 60 couples attending. The officers are: Fred Roberts, president; James Bell, secretary, and George Gouling, industrial secretary for the C. C. M.

TEMPLARS' HALL CONCERT

A grand concert was held in Templars' Hall on Thursday night. The main attraction was A. E. Mason, mezzo soprano impersonator; Master Edgar and Miss Dorothy Jaffrey gave some splendid numbers of classical dancing. The readings by Miss Christolm were well rendered and thoroughly enjoyed. The soloists were Mr. Calloway, tenor; Miss Sparling, soprano; Mrs. Burnett, mezzo soprano, and Miss Daniels and Mrs. Porter, contraltos. George Graham, accompanist, was ably assisted by his orchestra.

RUGBY PLAY OFF AND FINALS TODAY

REPLAY SEMI-FINAL AT STADIUM TODAY

Argos and Torontos Ready—Play Thirty Minutes on a Fair Field.

Argonauts and Torontos play thirty minutes of Dominion semi-final rugby at Varsity Stadium this afternoon, starting at 2:45. This is the replay of the second half of last Saturday's game, ordered by the C.R.U. after a long drawn-out argument about a try scored by Torontos in the third quarter last week. It was first ruled an unearned try and then changed to an unearned try and the two points made the difference between defeat and victory for Torontos, Argos winning the game 7 to 0.

Torontos kick-off with the wind behind them this afternoon and the score at the start will be 2-0 for Argos. The winner, after thirty minutes of battling, will meet Varsity for the Dominion championship one week from today. Varsity field has dried out well and there should be no complaints this afternoon. The same officials who were in charge last week will handle the game today. They are: Referee, Hugh Gall; umpire, Ben Simpson; and head line-man, Bob Webster. Intercollegiate rules will be in vogue.

Argonauts were out at 12:00. Last night and finished their preparation with punting and running. Dad Garrett was very much in the line and was booting in his old-time style. The brunt of the booting will likely fall on him today as his team will be expected to cannot stand the hard usage of kicking all afternoon. Coach Rodden will not pick his team until an hour and a half before the game. He is sure that he has perfected a scheme to stop Conacher, the brilliant running back of the Torontos. If the scullers are able to hold the big fellow they should win. Torontos have been working faithfully all week and are fit and ready for the battle. It promises to be a bitter battle for half an hour and the right to play Varsity as the stake, there is no need to say that it will be interesting.

ST. BRIGIDS CONFIDENT THEY CAN BEAT TIGERS

Ottawa, Nov. 26.—Arrangements for the invasion of Hamilton tomorrow by the St. Brigid's team, champions of the O.H.A. quarter of the Dominion intermediate title, were completed last evening. The Tiger seconds wired the expense money and the letters were today. Secretary J. D. Chilmann, of the Tiger club, declared Charlie Connell, the crack captain of the Saints, eligible for the sudden-death match.

One official from each city has virtually been agreed upon so that the week-end match will undoubtedly be a hummer. Tom Clancy will likely be St. Brigid's choice, while it is probable that Simpson will handle the whistle for the Tiger seconds.

TORONTO HOCKEY LEAGUE ANNUAL OFFICERS ELECTED AND MATTER OF APPLICATION LEFT TO THE COMMITTEE.

The Toronto Hockey League, Canada's largest outdoor hockey league, held its tenth annual meeting at the Victoria Hall last night, when over 100 delegates were present, and 43 teams entered, many being new clubs. It is expected that the league will again pass the 100 mark in the line of entries. The meeting opened with President Waghorn welcoming all the clubs.

FORECAST TODAY'S ENGLISH SOCCER

All Principal League Leaders, Excepting Aston Villa, May Expect Defeat.

Today's old country soccer matches will have a great bearing on the league table when the final whistle blows this afternoon, there being many clashes on the field. The leading teams will do well to hold their own, but the majority may expect defeat, and it can confidently be predicted that the Rangers, leaders of the English League, and Shields, leaders of the second division, English League, will be defeated, while Aston Villa might just about draw with Bradford and Southampton in the first division.

Over the Border. Dundee will not doubt lose at home to Clyde. The Dundee team is a poor stuff, while Celtic will have as much as they can manage in Raith Rovers, who may force a draw. Motherwell looks good to defeat Ayr United at Ayr, and the volunteers should defeat Alders, Home teams look good in other games.

Scottish League—Aberdeen v. Rangers, Dumbarton v. Leith, Dundee v. Clyde, Ayr United v. Motherwell, Celtic v. Raith Rovers, Hamilton A. v. Clydebank, Hearts v. Kilmarnock, Morton v. Hibernians, Partick Thistle v. Queen's Park, St. Mirren v. Falkirk, Third Lanark v. Albion.

All Scots v. Davenport, at Broadview field, 3 p.m.
Calcutta v. Swifts, at Broadview field, 1:15 p.m.
Guy Long Cup—Semi-final—D. G. v. Shamrock, at Dundee field, 3 p.m.

League Games—First Division—Old Country v. Willys, at Earlscourt Park.
Dom. Express v. Cowans.
Juvenile League—Bally Cup—Davenport v. Crescent, at Greenwood Park, 3 p.m.
Inter-City Championship—Linnfield Rovers v. Homealside, at Hamilton.

Knotty to Manage Montreal. Montreal, Nov. 26.—Frank Shaughnessy and Knotty Lee are engineering the new league, composed of four Canadian teams and a fifth team from New York State. There will be some interesting developments soon. "Shag" has received several offers from clubs, but he has turned them all down, because he is tired of that end of baseball. He hints that, if he is not successful in his present venture, he will look after the business end of the Montreal Club, and will have Lee as manager of the team.

O'Donnell Also Dies. Los Angeles, Cal., Nov. 26.—Eddie O'Donnell, driver, injured yesterday at Beverly Hills speedway, died this morning without regaining consciousness. He was 34 years of age. He was issued from the coroner's office here today in the case of Gaston Cherolet and "Donnie" automobile race driver and jockey, mechanic, killed in yesterday's 200 mile championship race on the Los Angeles speedway.

TWO STRONG TEAMS FOR THE BELLWOODS

The Bellwoods' Club, which has been so successful in nearly every line of sport in the past, is assured of having at least two strong teams in senior and junior outdoor hockey this winter. A number of last year's O.H.A. players, as well as many members of this year's Junior O.R.F.U. rugby team, have signified their intention of turning out with the teams. A meeting of the officers and players will be held on Sunday afternoon at 3 o'clock in the Bellwoods class, Wesley Methodist Church, Dundas and Ossington, when a decision will be reached as to the league the teams will be entered in. The club is fortunate in having behind its teams such hockey enthusiasts as James Burns, the former manager of the Wesley hockey team, which captured the M.Y.M.A. and city championships, Dal. Lowry, Tommy Armstrong and Stan. Raymore, the president of the club. Players are requested to get in touch with Tay Berner, Club 1197, and A.H. Barker, Kenwood 2172.

DUNLOP CO. EMPLOYEES STAG NIGHT.

The employees of the Dunlop Tire and Rubber Goods Co. spent a very enjoyable and profitable evening at the Broadway Y.M.C.A. yesterday. The program included nearly everything in indoor sports, among others, bowling, billiards, swimming, volleyball, basketball, boxing and indoor baseball. Some especially fine talent was displayed in the four boxing exhibitions. Messrs Reynolds, Reiss, Donahue, Olds and Constable gave good accounts of themselves. The office men defeated those from the factory in indoor ball, but had to keep steam up all the time, the final score being 12 to 10. The exhibition basketball game between Dunlop and Broadway boys was witnessed by a large crowd, Dunlops winning by the tight score of 7 to 6. Credit for this most successful affair is due Messrs W. J. Scott, H. S. Collins, G. Plant, S. Springer, F. Thompson, D. C. Patton, J. Gerrie and T. Thompson.

OLD COUNTRY FOOTBALL.

London, Nov. 26.—(By Canadian Associated Press.)—Clapton defeated Barnsley in a third division soccer football game today by 3-2. In a rugby union championship match Middlesex defeated Eastern Counties by 48 to 0.

LEADERS' ARREST STARTS ROUND-UP

(Continued From Page 1.) In one case a Wexford farmer had been threatened with force unless he contributed £17.

It is announced officially that the police are raiding arms and explosives in streets all over Dublin, apparently thrown by people from their windows in the fear of their premises being raided.

Speaking of the arrest of her husband, Mrs. Griffith recalled that this was the third time he had been arrested. The first was in the winter rising of 1916, when he was kept imprisoned for eight months, and the second in 1918, in connection with the alleged pro-German conspiracy in Ireland, when he was held for ten months.

His Arrest a Surprise. London, Nov. 26.—Arthur Griffith's arrest in Dublin, it is stated, came as a great surprise to Mr. Lloyd George and the Irish office. It is even claimed that it brought forth some adverse criticism from the premier and those of the inner circles of number 10 Downing street, the premier's official residence.

No orders for the arrest of Griffith had been issued here, it is said. Higher officials have considered him one of the strongest moderating influences in the Sinn Fein organization, and no evidence has been forwarded to them from Dublin.

First Break in Railway Men. Belfast, Nov. 26.—The London railway employees of the Lough Swilly Railway, who have decided to seek reinstatement, were the first to break away from the Irish railwaymen, who decided some time ago not to carry armed forces of today, or actions.

PULLMAN CO. EMPLOYEE IS VICTIM OF FIREWORK

Body Identified as That of Michael Sullivan of Chicago—Death List in East Toronto Accident Is Two, According to Official Statement Given Out by Company—Passengers Tell of Escapes—Inquest Opens and Adjourns.

It was established yesterday afternoon that the body of a victim of the Grand Trunk Montreal express wreck near Hickson avenue crossing in East Toronto, mentioned in The World yesterday as unidentified, was that of Michael Sullivan of Chicago, an employee of the Pullman Company.

The death list in the accident was only two, as stated in this paper yesterday, although, considering the nature of the wreck, much surprise was expressed that the toll was not materially heavier. None of the injured passengers received more than minor hurts. In addition, the four taken to Grace Hospital, fifteen were shaken up but able to proceed upon their journey.

Inquest Opened. The inquest on the body of Nathaniel Brown, Pullman car porter of Montreal, who died in the wreck, was held yesterday at N. B. Cobble's undertaking parlors, 1506 Danforth avenue, last night.

Dr. Geo. W. Graham, coroner, acting under instructions from the attorney-general's department, conducted the proceedings. He pointed out that the inquest opened by Dr. Demary, county coroner, at the scene of the wreck, with a jury empanelled earlier in the day, was without warrant and therefore illegal.

The jury viewed the remains, after which the coroner adjourned the inquest until Friday, Dec. 3, at 8:30 p.m. About twelve years ago an engine and baggage car toppled over the embankment near the crossing, killing several people. On that occasion four were killed and many injured.

STOCKS AND BOND MARKET IRREGULAR TO HEAVY

Money Market Somewhat Easier, But Fresh Breaks in Commodities and Cutting of Steel Prices Are Adverse Influences—Shipments, Oils, Steels and Coppers Most Vulnerable.

New York, Nov. 26.—Trading on the stock exchange today presented no material alteration in its salient aspects from previous sessions of the week, price movements being extremely irregular when not actually heavy.

Apart from the relaxed tone of the money market, which extended to the acceptance and commercial paper, developments and advances over the holiday recess were again of a character to inspire extreme caution.

Exchange on London was firmer, the improvement coinciding with the better showing of the Bank of England in its liability reserves, and rates to most other foreign centers, Greece again excepted, were variably higher.

Shipments, oils, steels and coppers were the most vulnerable issues, their reactions of one to five points keeping pace with reduced business, lower prices and reduction of output, especially in the metal industry.

Call loans for the day and into the coming week held at the one and one-half per cent and an enlarged volume of business in acceptances and mercantile loans was reported at the lower quotations.

Although the new issue of Canadian Northern bonds was quickly taken the general bond market was dull and heavy, especially for liberty issues, the second 4-1/2 losing one point and the fourth 1-1/2 a large fraction.

EQUITY WIPED OUT OF ATLANTIC SUGAR

Bank Failures in North Dakota Cause Nervousness in Chicago Pitt.

Chicago, Nov. 26.—Strained financial conditions in North Dakota had much to do today with a violent new break in the price of wheat. For the first time in several years the cereal commanded less than \$1.50 a bushel.

The stock market was very rapidly in either direction and as a rule under such conditions those who will make most of it are the Nimble Dicks who engineer the operations.

WHEAT IN WINNIPEG AT NEW LOW PRICE

Touche Lowest Price of Season—May Goes Down to \$1.58.

Winnipeg, Nov. 26.—Wheat touched the low price of the season here today, with November at \$1.58, December at \$1.65 and May at \$1.58. The opening was extremely weak, being from 2 1/2 to 10c down, and was followed by further declines in the nearby position.

The demand for cash wheat was very quiet. Buyers were awaiting what was expected to be a heavy crop in November. The offerings were very heavy, indicating that farmers are tired of holding their grain, and are gradually letting go.

SAYS SCHOOL CLASS HELD IN COW SHED

Principals' Statement at Exercises of Commerce Institution.

Efficiency should be the watchword in all the schools, and Canada requires nothing more today than efficiency in all things, declared Charles Marriott, president of the Toronto board of trade, when addressing a large gathering of pupils and parents at the graduation exercises of the high school of commerce on Shaw street last night.

Mr. Marriott impressed on the pupils the value of a sound education and congratulated the principals and teachers on the splendid results obtained in the four years the school had been opened. The school, he emphasized, could take care of itself, but they would go away with that sense of loyalty to it that meant so much, since the word itself carried such a wonderful meaning. He urged all the scholars to get hold of the meaning of opportunity, as Canada presented more opportunities today than it ever did. It had been said that this century was Canada's century, but he was certain that if it was so, the meaning applied to Canada's youth, since they were at the beginning of the century and they had it before them.

Principal R. H. Eldon, B.A., declared that the school had a wonderful year, but they were badly overcrowded, there being 1,450 pupils in the day schools, while eight classes were without accommodation. They had been promised more room this year, but that was coming was not half enough. In other public schools, 49 classes were on half-time, and some of these were taking lessons in the basements, while one class was housed in a cowshed and another in the museum. The prizes were distributed by Dr. Caroline Brown, M.D., Charles Marriott and Edmond Gunn, P.C.A., chairman of the advisory commercial council.

Some of the principal prize winners were: The Vicon Gold Medal for first place in the accountancy course, Harold S. Brown. The Vicon Silver Medal for second place in the accountancy course, John H. Candler. The T. Bradshaw Gold Medal for first place in the stenography course, Bessie C. C. Benham. The T. Bradshaw Silver Medal for second place in the stenography course, A. Ruth Kenwell. The Toronto Board of Trade Gold Medal for first place in the general business course, Irving W. Ford. The Toronto Board of Trade Silver Medal for second place in the general business course, Beatrice E. Norris. The Sir John C. Eaton Gold Medal for first place in the secretarial course, Hazel I. Smith. The Sir John C. Eaton Silver Medal for second place in the secretarial course, Winifred Davis.

Scholarships—Granted by the board of education for superior standing in the year's work: Second year to third year—Kathleen M. Bowler, Emma Cheate, Louise Howell, Rupert, Huntley, Louetta Marshall, Nan McElin, Joseph Roberts, Grace Stedham. Third year stenography to fourth year—Bessie C. Benham, Mary E. Booz, Lillian Fuller, Hazel Jamieson, Ellison Young. Third year general business to fourth year—John H. Candler, Ben. I. Papernick, Harold B. Brown. Donated by Sir John C. Eaton: Third year general business to fourth year—1st place, Hazel G. Hope; 2nd place, Alfred S. Lee.

RESERVE DECISION IN CHARGE AGAINST MILLER

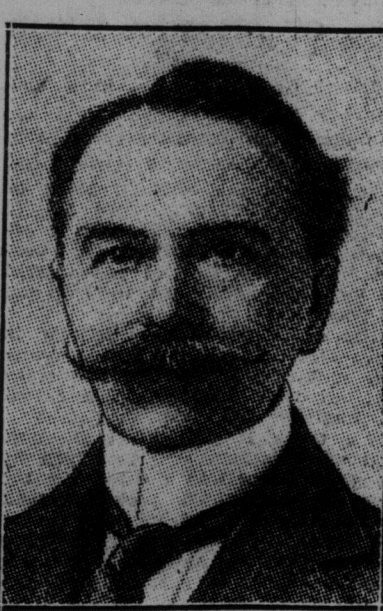

That Harry Miller, the Toronto clothier, did not return to the scene of an accident on Yonge street, south of Belmont, on May 29, and failed to give his name and address in writing to Edward Kettlewell, was charged before Magistrate Cohen in yesterday afternoon's traffic court. He was recently acquitted by a sessions jury on a charge of criminal negligence. After hearing the evidence, Mr. Cohen reserved his decision until December 8.

ANNEXATIONS WILL AID IMPROVEMENTS

Works Commissioner Objects to Laying Sewers in North Toronto.

Ald. Hiltz moved at the meeting of the works committee yesterday that the necessary steps be taken to annex the opposite sides of the streets in all cases around the city where the boundary falls in the middle of the street. This step, he said, was necessary to avoid the holding up of needed improvements. The committee adopted the motion.

Ald. Winnett moved that a sewer be laid on Mount Pleasant road, but the works commissioner said he could not undertake the laying of any sewers in that district until the whole question of a drainage system for North Toronto had been settled. He disagreed with the alderman that that policy would hold up the car line, which is promised for Mount Pleasant road.

The commissioner recommended laying an asphalt top on the brick pavement on Ossington avenue between Dundas and Queen streets, as the residents had petitioned for. The committee adopted the recommendation of the commissioner that an entire new pavement be constructed.

The committee again sent on to council the recommendation that two taxicab stands be permitted on Victoria, as near Colborne street as possible. The independent taxi men are asking for the privilege, but the yellow cabs will also have the privilege of using them. The King Edward Hotel management are opposed to the granting of the parking privileges and succeeded in having the recommendation turned down when it went to council last Monday.

The commissioner recommended the paving of lanes between Lappin, Wallace, Emerson and St. Clarens avenue. Local improvements on the initiative plan.

The committee sends on to council a recommendation that sewers be mounted on the following streets: Glebe, Strathmore boulevard, Wolvestrigh boulevard, Glebeholme boulevard and Milverton boulevard.

INDUSTRIAL SCHOOL RECORD CROP YIELD

Maintenance of Boys Shows Decrease for Quarter Ending October.

Great interest was evinced by the board of management of the Industrial Schools Association at their monthly meeting yesterday in the marvelous yield from about 40 acres at the Victoria Industrial School, Mimico. Mr. C. Ferrier, the superintendent, said that owing to intensive cultivation and liberal fertilization they had been able to raise 1,050 bags of potatoes, averaging 300 bushels to the acre, 115 tons mangels, 80 tons turnips, 150 tons of ensilage corn, 18 tons hay, 400 bushels oats, 1,000 bushels tomatoes, over 5,000 cabbage, 300 bushels onions, 44 bags beets and 79 bags carrots, besides cucumbers, rhubarb, strawberries, raspberries, cherries, etc.

Prominent farmers were amazed to find that 300 bushels of potatoes per acre had been grown, because 200 bushels were considered a good yield. The onion patch covered about a quarter of an acre, and the members of the board were inclined to doubt the facts. Mr. Ferrier said that it had been the most favorable year for growth, which might not occur again for some time. Five boys, during the past month, had been committed. Five returned, seven paroled and the three who had escaped had not returned.

The maintenance per head showed a decrease, being \$6.37 for the quarter ending in October. The board discussed the matter of monthly payments and it was felt that the situation would be bettered considerably if the government and the city adopted a monthly payment plan instead of quarterly.

Mr. Ferrier said that it had been the most favorable year for growth, which might not occur again for some time. Five boys, during the past month, had been committed. Five returned, seven paroled and the three who had escaped had not returned.

The maintenance per head showed a decrease, being \$6.37 for the quarter ending in October. The board discussed the matter of monthly payments and it was felt that the situation would be bettered considerably if the government and the city adopted a monthly payment plan instead of quarterly.

The union patch covered about a quarter of an acre, and the members of the board were inclined to doubt the facts. SEES AIRSHIPS AS RAIL COMPETITORS

Canadian Commodore Has Faith in Commerce-Carrying Craft.

Trans-Canada commercial airplane services would no doubt be in operation in less than five years, stated Air Commodore A. K. Tylee, O. B. E., commander of the Canadian Air Force, when addressing the Aero Club of Canada yesterday afternoon. He did not think any Canadian weather would prevent flying, providing airmen had their machines fitted with appliances whereby they might land on water, snow or mud.

Flying from point to point in Canada, the speaker emphasized, could not be done by compass or map with any degree of accuracy, and advocated the use of directional wireless from the ground in order that the airman might get to know his actual position. Further, when traveling from point to point in a short time the weather bureau was of little assistance in determining the weather a few hours ahead and at given spots. He mentioned his own experience while flying thru the Rockies. He had encountered snow, rain and sunshine in valleys separated by only a few miles.

For commercial flying, Commodore Tylee advocated the use of all metal machines as being the best to stand the wear and tear of continuous flying and further admitted that only those pilots be employed who took an interest in their machines.

Commercial passenger carrying, the speaker added, would soon be in a position to compete with the railways, and more especially in those parts where it took a boat three or four days to reach given points. Some of those journeys he had personally made in two hours. The duty of the Canadian Air Force was to train commercial airmen and to aid them as much as possible. They were now training a few men who would, no doubt, develop into splendid airmen, and so become an asset to the country.

Commodore Tylee, in outlining his trip from Winnipeg to the Pacific, stated that the journey of 1,400 miles took only fourteen hours, while he complete trans-Canada trip was accomplished in 48 hours flying time. The Rockies he concluded, held no terrors for the airman as long as he climbed high enough to cross them.
