Seventy Seven Air Fights Yesterday on the French Front

Germans Lose Ten Aeroplanes—Russians Fighting for Noted Bridge Over The Danube

Paris, Nov. 10.—Seventy-seven aerial combats were fought on the French front yesterday. The war office reports that in these encounters a Fokker and nine other German aeroplanes were brought down.

These were intermittent artillery fighting on various sections of the front and also infantry skirmishing.

Petrograd, Nov. 10 (via London).—Russian troops are now two miles west of Tchernavoda fighting for the famous bridge across the Danube, the war office announced today, in its report on the campaign in Dobruja.

On the Transylvanian front the Roumanians have suffered a set back at the hands of the invading Austro-German forces. They were driven four versts southward in the region west of Buzau Valley. Roumanian troops undertook an enveloping offensive movement in the direction of Predal.

British Report London, Nov. 10.—During the night there was considerable artillery activity on both banks of the river, where the enemy used a large number of gas shells, says the British report from the Franco-Belgian front.

Northeast of Festubert hostile trench mortars were silenced by our artillery and trench mortars.

Bucharest, Nov. 10.—Heavy fighting is under way on the Transylvanian front, but no important changes in the situation are reported.

Optimistic Views of War London, Nov. 11.—At the Lord Mayor's banquet last night, Field Marshal Haig, who is expected to return to the front in the spring, "We must remember, however, that a climax and an end are not necessarily the same thing."

General Alexis Brusiloff, speaking at the banquet, said: "The war is won today. It is merely a question of speculation as to how much longer it will be before the enemy is convinced that their cause is irretrievably lost."

He said that the British will do their utmost to support Roumania. "Russia will see," he said, "that our brave little ally does not suffer for expousing the cause of the allies."

The funeral of John McGuire took place this morning from the Cathedral, where high mass of requiem was celebrated by Rev. William Duke. Interment was made in the Holy Cross cemetery.

MISS MARY KENNEDY DEAD Many will learn with regret of the death of Miss Mary Kennedy, daughter of Mrs. Mary and the late John Kennedy of this city, which occurred in Haverhill, Mass., on November 10. She is survived by two sisters, Mrs. H. M. Jeans of Haverhill and Violet at home; three brothers, Robert of the Gleaner staff in Fredericton, Joseph of Haverhill and Fred at home. The body will be brought to the city on the train from Boston for burial. Miss Kennedy had many warm friends here who will deeply sympathize with those bereaved by her death.

THE VISITING TROOPS It is understood that the garrison parade on Sunday which the citizens of St. John will have of seeing the two fine visiting battalions, 180th and 222nd together.

PRIVATE FRANK MCGOWAN TODAY AMONG MISSING

St. John Man Who Went Overseas as Bandsman—Others in The Casualty List

Mrs. J. E. Fitzgerald of 121 Elliott Row received word yesterday from Ottawa to the effect that her brother, Pte. Frank McGowan had been reported missing since October 8.

Private McGowan is well known in the city. He was an employee of the St. John Globe as compositor, and was working on other papers in the province. About six years ago he went to the United States, and at the time when the war broke out he returned to Canada and enlisted with the 38rd battalion as a bandsman. After arriving in England he joined another unit with which he went to France. He is about thirty years old. Many in this city and elsewhere will trust that good news will soon come.

Another Sussex Man Killed

Arthur Connelly, who went with the first contingent, is the latest Sussex soldier to lay down his life for the empire. He enlisted with the 12th New Brunswick battalion, in the first contingent. Later he transferred to the Princess Pats, and in July, 1915, was wounded. Later he joined the artillery. About two weeks ago he was again wounded, and he died of his injuries.

The young soldier went to Sussex about four years ago. His parents were both dead. They were natives of an old country. The son, however, was a Canadian. He was about twenty-two years of age. He hoped to return to Sussex at the conclusion of the war and to purchase a farm in Kings county.

Pte. Chas. A. Stevens Mrs. Joseph H. Stevens of 48 Hilyard street, received official word this morning that her son, Pte. Charles A. Stevens, was reported wounded on October 1 and returned to his regimental duties October 6. Some two weeks ago Mrs. Stevens received a letter from her son dated October 1, saying that he had been in hospital suffering from shell shock. The fact that notification has only reached his mother now has puzzled them.

Mrs. H. Brooks Missing Alfred Brooks, of 114 Victoria street, received official notification from Ottawa this morning stating that he had been in hospital suffering from shell shock. The fact that notification has only reached his mother now has puzzled them.

W. M. Dennis of Ottawa arrived in the city last evening and left this morning for Halifax.

Robert L. Stalling, formerly of this city and now vice-president and assistant managing director of the Imperial Underwriters Association of Canada, with headquarters in Toronto, arrived in St. John yesterday.

Mrs. J. L. Ryan has returned to Bathurst after visiting her parents, Mr. and Mrs. C. H. Ramsay of this city.

H. C. Groat, general superintendent of the C. P. R., was a passenger on the Montreal train to the city today.

Hugh Chisholm of Boston passed through the city today en route to Sydney.

THE KILTIES. Lieut. Frank Meahan, who won the D. C. M. and who is a nephew of O. Turgeon, M. P., is coming home to command the Gloucester county platoon of the Kilties. Sergt. Fred Wade of Pennington is coming to be platoon sergeant of the York county, and Sergt. Jack McNair of Buctouche, the Kent county platoon of the Kilties. Sergt. Thomas McKee will have the St. John county platoon.

What Up Again Chicago, Nov. 10.—The wheat market today made a decided upward jump. The opening, which ranged from 1 1/2c decline to 1 1/2c increase, with December at 18 1/2c to 18 3/4c and May at 19 1/2c to 19 3/4c, was followed by a moderate general setback and then a rise all around to well above yesterday's finish.

COAL PRICES DOWN SEVERAL DOLLARS A TON IN NEW YORK

New York, Nov. 10.—The tension in the coal situation has eased in the last few days and wholesale prices have dropped several dollars a ton according to statements by trade authorities here today. Coal men said that anthracite selling recently at \$12 to \$12.50 a ton, wholesale, may now be purchased for from \$8.50 to \$10.

WAS WOUNDED BY SHELL THAT KILLED ST. JOHN SOLDIER

Fredericton, N. B., Nov. 10.—Karl Walker, who was wounded during recent fighting in France, is now in hospital in Cardiff, Wales. Writing to his father, he states that he was wounded by the same shell which killed Thomas Gorman of St. John, and Murray McAdam of Fredericton. Walker and Gorman were passing shells to McAdam, who was inside of the gun pit, when a German shell exploded near by. The fact that Walker changed to be stooping at the time was all that saved him from sharing the fate of his two comrades.

SOME OTTAWA ACTION AS TO HIGH PRICES

Ottawa, Nov. 10.—Stringent provisions, designed to regulate the cost of living and to prevent any undue or abnormal increase in the necessities of life, are contained in an order-in-council passed today by the government.

The government makes certain prohibitions clearly defining what constitutes an offence in that regard, provides extensive machinery for thorough investigation and severe penalties for any person or persons or corporations who violate the provisions of the law. Wide powers are conferred upon the minister of labor, whose department will be the medium of action for the federal government while extensive authority is likewise given municipalities to deal with matters which are more essentially of a local character.

NEARLY FOUR MILLION GERMAN CASUALTIES

London, Nov. 10.—German casualties since the beginning of the war, as reported in German official lists total 3,755,698 of officers and men. Of this total 1,012,984 were killed.

Figures do not include casualties among the naval forces or the colonial troops. The October casualties were 29,675 officers and men, including dead, 28,281.

SECOND MISHAP ON VOYAGE; STEAMSHIP THIS TIME GOES DOWN

New York, Nov. 10.—The Clyde Line freight steamer Chippawa struck a rock off Wind's Neck, Buzzards Bay, Mass., early today and sank. The crew was rescued. She carried no passengers.

The Chippawa, of 2,689 gross tonnage, left Jacksonville, Fla., on Nov. 4 for Boston. She went aground near Jacksonville, where she was floated and proceeded, touching at Charleston, S. C., on November 6. She was built in Philadelphia in 1905.

SCHOOL CHILDREN DOING WELL FOR THE BELGIAN LITTLE ONES

Fredericton, N. B., Nov. 10.—School children of the province are making a hearty response to the appeal for funds in aid of the Belgian children's fund. The sum of \$1,500 has already been received at the education office and more is coming in. York county has contributed \$300.

The splendid new hall of the Knights of Pythias in the Cameron building was opened last evening with a public reception and dance.

MAN AND WOMAN ARE BURNED TO DEATH

Montreal, Nov. 10.—Odlon Buvan, a French-Canadian, and an unknown woman, were found burned to death in a room at 8-Laberge street, early this morning. They had apparently been sleeping.

LIFT CENSORSHIP ON AUSTRIAN CONDITIONS

Vienna, Nov. 10.—The Austrian censorship, especially regarding the discussion of international politics and relations arising from food problems, will be materially loosened in the near future, according to a statement today in official quarters. Premier Von Koerber is known as an ardent advocate of the freedom of the press.

WATER AND SEWERAGE

The water and sewerage department is taking advantage of the opportunity offered by the fact that the twelve inch main from Marsh bridge through City road is not in use, to renew many of the stop-cocks in which the iron spindles have rusted out. Work of this character is being carried on in several sections of the north end.

The installation of the two new hydrants in Victoria street, which was completed today, will afford fire protection to a large section previously without this safeguard.

In uncovering the old sewer in Bridge street to replace it with a terra cotta pipe, it was found that the wooden sewer, which is an ancient piece of work, had completely caved in in many places.

Arbitration for Arbitration New York, Nov. 10.—Arbitration proceedings which will settle demands made last March by 9,000 railroad switchmen for an eight hour day and time and a half pay for overtime work, will be begun in this city. The men are members of the Switchmen's Union of America, affiliated with the American Affiliation of Labor.

Death of Artist Hartford, Conn., Nov. 10.—Charles Noel Flagg, widely known as an artist and portrait painter, was found dead in bed at his home here today.

Bout in the West Vancouver, B.C., Nov. 10.—Jack Read, Australian lightweight champion, was given the decision over Art Fox, amateur lightweight champion, in a six round bout here last night.

Serious Fire in Megantic Quebec, Nov. 10.—The electric plant of the town of Megantic was entirely wiped out by fire yesterday evening.

HUGHES NOT READY YET TO CONGRATULATE WILSON

Latter Assured of Presidency But Returns Not All In—There Are Sure to Be Recounts—What Kept the Figures Back

New York, Nov. 10.—Lawrence Green, secretary to Charles E. Hughes, said today in response to questions by newspaper men that Mr. Hughes would not today send congratulations to President Wilson.

"Not yet," said Mr. Green. New York, Nov. 10.—A conference of Republican campaign managers has been called for noon today to consider the situation and to decide definitely what action shall be taken in respect to recounts.

New York, Nov. 10.—Woodrow Wilson was elected President of the United States when California swung definitely into the Democratic column early today. The only states where the result remained in question today were Minnesota, New Hampshire and New Mexico, with nineteen electoral votes. Unless there is a decided overturn in the districts missing, Wilson will carry New Mexico. Hughes is leading in Minnesota. The result will not be known in New Hampshire until the official count is completed. West Virginia, which was classed as doubtful until late last night, has gone definitely for Hughes.

Unless the vote of California is divided, which now seems a possibility, Wilson is assured of 269 votes in the electoral college, three more than a majority and Hughes of 248. The president could lose three votes from California and still have enough to elect. This loss would be offset by New Mexico, which it seems certain he has carried.

If Mr. Hughes carried both Minnesota and New Hampshire, he would have only 229, seven less than enough to elect. The result in Minnesota may be determined by the ballots of 2,188 national guardsmen now on the Mexican border, which will not be counted until the state canvassing board meets on next Tuesday. Returns received early today in the state gave Hughes a lead of slightly more than 1,000 votes.

With ninety-nine districts missing out of 688 in New Mexico, Wilson was 1,410 ahead. The outcome in New Hampshire is in greater doubt than in any other state. Certified returns from all but twenty-five precincts gave Hughes a lead of 181, and unofficial figures from the districts lacking showed a Wilson plurality of 117.

California, complete except for thirty-six of the 327 precincts, gave Wilson 465,669 and Hughes 462,583, a plurality of 3,086 for the president. All Eyes on California The tension of the most dramatic situation in the political history of the United States was broken when the Associated Press flashed the news that California had conceded the state to Wilson. Republican appeals to expedite returns had been sent to state leaders hour after hour from the national headquarters of both parties in this city. Telegrams were reinforced by telephone calls across the continent. It had been apparent since Wednesday that California would swing the pivot upon which the election would swing.

It was not until stage coaches had come through from communities tucked away in the Sierras or settlements on the arid eastern slopes of the mountains that the result was known. Ordinarily few votes cast in these remote districts are considered of little moment, but in this history-making presidential year they were of vital importance. They could not be reached by telephone or telegraph and the trails and passes leading to them were choked with snow in many places. There was nothing to do but wait for the stages and they began coming in last night.

Similar difficulties were encountered in collecting the returns from the wilds of Minnesota and from the far points in Minnesota. Recounts Very Likely That President Wilson's election will not be conceded without a recount in the close states is the declaration of Republican leaders early today after conferences lasting far into last night. Some definite course of action probably will be decided upon within a few hours. The states in which it was said to be necessary to resort to judicial proceedings were likely to be California, New Hampshire, New Mexico and North Dakota. No formal statement was forthcoming as to what was contemplated, but Chairman William Wilson of the national committee asserted that a recount would be demanded wherever the margin of Democratic victory was so small that a comparatively few votes would turn the scales. He and his advisers took the position, they said, that there should be no "cloud" upon Mr. Wilson's title to the presidency.

Mr. Wilson is the only president ever elected with the "solid east" against him. His victory was believed by politicians to presage an alignment, for the first time in congress, of the west with the south. It was pointed out that while he would not have "a working majority" in the lower house, he would not have to combat a majority inimical to his policies.

STILL SERIOUS The condition of William Love, driver for Stetson, Cutler & Company, who was injured in Milford, is still serious.

MR. SBARETTI TO BE CARDINAL Rome, Nov. 10.—It is officially announced that the Pope will hold a consistory on December 4, when he will create ten new cardinals. They will include Monsignor Sbaretto, the former apostolic delegate in Canada.

The new cardinal visited St. John a few years ago.

GIBBONS AND JACK DILLON TO MEET TONIGHT St. Paul, Minn., Nov. 10.—Mike Gibbons of St. Paul will meet Jack Dillon of Indianapolis here tonight in a ten round no-decision contest. Both men are said to be in good condition and Dillon's manager announced that his man would have no difficulty in making the weight required at 3 p.m. today.

FOURTEEN HORSES LOSE LIVES IN FIRE New York, Nov. 10.—Fire destroyed seven buildings including a small hotel, and a storage warehouse at Park Rockaway, N.Y., early today. Fourteen horses were burned to death. The property loss was estimated at \$250,000.

BARGE SINKS IN VISTULA; 120 DROWNED London, Nov. 10.—One hundred and twenty persons have been drowned through the sinking of a barge on the Vistula, according to a Central News dispatch from Amsterdam. The disaster occurred at Kamierz, near Lublin, in Poland.

The executive of the St. John County Sunday School Association met last evening and arranged for a campaign in the interests of boys' work, to open with a banquet for the superintendents and male teachers next Thursday evening.

A gold-mounted fountain pen and a leather hand bag were presented to Hon. J. G. Forbes and Miss Homer, respectively, in St. Andrew's church on Wednesday evening on the eve of their departure for Trinidad to spend the winter with relatives there.

The observance of the 75th anniversary of Carleton Methodist church was continued last evening in the form of a congregational reunion. Among those present were Mayor Hayes, Rev. Thomas Hicks and Rev. Gilbert Earle. Those taking part in the programme were: Mrs. E. A. Westmorland, Mrs. Murray Long, Miss Julia Bulvers, Mrs. Fallinger, Miss Marguerite Barrett and Miss Maria Beattie. Enoch Thompson, who has served as recording steward of the church for the last thirty years, was made the recipient of an oak sectional book case.

His Worship Mayor Harry Murphy of the city of Fort William, was in the city yesterday. He expressed great surprise at the conditions of the streets here, believing that St. John should be paved throughout. He is here to interview General Manager Gulefus of the Canadian government railways regarding a site for a pulp mill on property owned by the government at their railway terminus near Fort William.

At a meeting of the St. John Art Club last night in their rooms in Peel street, Mrs. James F. Robertson gave an illustrated lecture on the Alhambra. A valuable water color was presented to the Art Club by Mrs. Charles Palmer. After the unveiling a social hour was enjoyed. The tea table was presided over by Mrs. J. E. Secord.

Attorney-General Baxter addressed a meeting of the members of the Canadian Credit Men's Association in Bond's restaurant last evening. He urged commercial reciprocity between Nova Scotia and New Brunswick to secure uniformity in legal procedure in matters relating to business interests. He also dealt with interprovincial problems in regard to succession duties, assignments, insolvency, etc.

The provincial board of health met in the city last night. Active measures were adopted for the checking of the spread of the dreaded infantile paralysis. Two cases were reported in Charlotte county, with one death, and a fatal case in Queens county. The case must be reported and traveling restrictions are to be imposed.

N. S. Governor III  
Lieutenant-Governor MacKeen of Nova Scotia has suffered a stroke of paralysis and his condition is regarded as critical.

PRESIDENT WILSON

There seems to be no reasonable doubt of the re-election of President Wilson. The Republicans still profess to have a hope of victory, but it does not seem to be well founded.

Assuming a Democratic victory, there is much speculation as to the course to be pursued by President Wilson. If he is now secure for a second term, he has a free hand, and is in a position to assert himself more vigorously than he might have felt himself to be during the last year or more.

The Teutonic powers are not able to crush Roumania as they did Serbia. With potatoes at \$4 per barrel the humble turnip assumes a new interest.

ASQUITH AT GUILDHALL The Lord Mayor's banquet at Guildhall has been made the occasion of many significant speeches on foreign relations, and that of last night was no exception.

"Peace, yes, but on one condition only—that the war, with its vast waste, its sacrifices, its untold sufferings, its glorious and undying example of courage and unselfishness, shall not have been in vain. There can be no question of separate peace. And peace, when it comes, be it soon or late, and I will not disguise from you, for a moment, my conviction that the struggle will tax all our resources and our whole stock of patience and resolve—the peace must be such as will build upon sure and stable foundations the security of the weak, the liberties of Europe and a free future for the world."

The British prime minister does not underestimate the strength and resourcefulness of the enemy, but he is able to note continued success for the Allies. Of great importance also were his remarks on the future trade relations of the Allies and the neutral nations.

The war news continues to be favorable to the Allies, but there must be some degree of disappointment that winter is at hand before they have broken the enemy's lines on any front. The latter still holds most of Belgium, part of France, all of Serbia and a slice of Rumanian territory.

CALVIN CHURCH TEA AND SALE An apron sale and scallop tea conducted by the ladies of Calvin church was held yesterday afternoon and last evening. Mrs. H. S. Steel, Mrs. S. Wark, Mrs. H. Semple, Mrs. C. Hannah, Miss Tweedie, Mrs. W. Stratton, Mrs. J. J. Murphy, Mrs. A. Robinson, Mrs. J. Buchanan and Mrs. J. Rossiter were in charge.

PROFIT IN CATTLE

Western Canada is looking to the raising of cattle as a great source of future profit. Why should not the farmers of the maritime provinces also go more extensively into stock-raising?

There is no reason why Canada cannot be prepared to get the big part of the trade if she is ready. This end is recommended establishing an intelligence system to collect data on the number and quality of cattle at home and abroad, and to study and

make well-based forecasts of market conditions, so that the farmer may have ready the cattle that will be demanded at a certain time. He further advocated having qualified field officers appointed to assist farmers and encourage co-operative effort in marketing and a technically trained man to represent the Canadian cattle trade in Great Britain, to assist in organizing the export trade. Mr. Bright also advocated sale by grade and government supervision of the stock yards, as well as controlled operation of exchanges and of the commission men.

For years to come the raising of live stock will be profitable to a degree that must appeal to the farmers of the eastern as well as the western provinces.

The Teutonic powers are not able to crush Roumania as they did Serbia.

With potatoes at \$4 per barrel the humble turnip assumes a new interest.

The Bulgarians are retreating in Dobruja. The Teutonic forces are making no progress on the Transylvanian front. Roumania is a harder nut to crack than the enemy had expected.

A Washington despatch says: Cost of hauling produce to and from the farms of the country is reduced as much as 25 cents per ton-mile by good roads, according to calculations of experts of the department of agriculture.

The returned soldier and his vote will be an object of deep interest to ardent politicians, all over Canada. Many will be the snares set to entrap him. His trench experiences may be expected, however, to quicken his perception; and, as a rule, vain is the snare that is set in sight of the bird.

The question of recruiting continues to interest the public, with two exceptions. The men of recruiting age are not thinking as much about it as might be desired, and the government is not displaying any excess of zeal and leadership.

The Sussex Record devotes a column and a half to an article with this heading: "Unjust methods that affect recruiting—Snaps go to men who have not been overseas. Claims of returned soldiers absolutely disregarded." The Record calls the attention of Sir Sam Hughes to what is described as "these injustices," and asks if Canada proposes to keep her promise to the soldiers.

The good wishes of St. John people will follow Rev. Gordon Dickie and Mrs. Dickie to their new home in Newfoundland. They go from St. John to St. John's—from the Loyalist city to the Ancient Colony. Mr. Dickie has been a good citizen, apart altogether from his pastoral duties, and has done valuable work in connection with the establishment of the Maritime Home for Girls at Truro. In Mr. Dickie these provinces will have another able representative in Newfoundland.

The war news continues to be favorable to the Allies, but there must be some degree of disappointment that winter is at hand before they have broken the enemy's lines on any front. The latter still holds most of Belgium, part of France, all of Serbia and a slice of Rumanian territory. Which means that the fighting must be kept up all winter and the preparations made for a tremendous drive early next summer. Remembering the colossal daily cost of the war, the Canadian people should not fail to do their duty in the great task of furnishing both men and munitions, and they should make even greater sacrifices than in the past to ensure final victory.

"The White Flour Pinch"—have you felt it? With the advancing price of wheat "the seven-cent loaf is doomed," say the bakers. In its place we have the eight-cent loaf—in many cities only the sixteen-cent loaf. A loaf of white flour bread is not a complete ration. However wholesome and pure, it does not supply all the proteids the human body needs. In Shredded Wheat Biscuit you have all the body-building nutriment in the whole wheat grain prepared in a digestible form. It is always the same price, always the same high quality. Eat it for breakfast with milk or cream or with fruits.

Discussed Aid to Recruiting Conscription Urged But Government Not Ready Maritime Organization Forming Branch of National Service League—News of the Men in Khaki at Home and Abroad

A conference of the divisional officers commanding the military divisions of Ontario, Quebec and the maritime provinces was held with F. B. McCurdy, the acting minister of militia, at militia headquarters in Ottawa yesterday to discuss recruiting plans and progress. It is understood that several of the military men are urging some form of a modified conscription. The government, however, is for the present at least against any sort of conscription. On Wednesday evening there was a pre-organization meeting held in the board of trade rooms for what will be known as the Maritime Province National Service League. A meeting will be held about the middle of December when the council will be fully organized. Four recruits were secured yesterday at the recruiting office: Fred H. Trueman, Kings County, 9th Siege Battery; Henry Beatty, Hampton, Canadian Engineers; Frank T. Dykeman, St. John, 65th Battery and F. C. Stocks, St. John Field Ambulance. It is understood that the recruiting officers throughout the province have received their pay checks for the month of October. Casualties. The midnight casualty list contains the names of six New Brunswickers, all of whom have been previously reported: Wounded, M. Marshall, Fairville; W. M. Collins, St. John; Corporal J. Allaby, St. John; Fred Fish, St. John; William Peters, Cornhill, and Driver S. G. Sprague, Belle Isle. Won the V. C. The family of Private Eddie H. Little-John of Lewis, Quebec, received word yesterday that their son had won the Victoria Cross at the front. During the big engagement at Courcellette, although wounded himself, he rushed out in No-Man's-Land and dragged back to the Canadian lines a wounded comrade under heavy fire. A cablegram was received last night by Mrs. J. E. Church, of 275 Germain street, from Lieut.-Colonel Murray MacLaren, saying that her son, Lieut. F. Gordon Church, late of the 44th Battalion, was in a London Hospital suffering from laryngitis.

ACUTE AND CHRONIC RHEUMATISM The exact cause of rheumatism is unknown, though it is generally believed to be due to an excess of uric acid in the blood. It may be also said with equal truth that no remedy has been found which is a specific in all cases. In fact the literature of rheumatism when he says that a few druggists which have not been given a trial. In the hands of one observer we find that a certain drug has been used with the utmost satisfaction; others have found the same remedy to be a great disappointment. All physicians however agree that every method of treatment is aided by the administration of some remedy to relieve the patient's distress the nervous system and Dr. W. B. Cannon expresses the opinion of thousands of practitioners when he says that a few druggists tablets should be given preference over all other remedies for the relief of the pain in all forms of rheumatism. These tablets can be purchased in any quantity. They are also unsurpassed in headache, neuralgia and all pain. Ask for A-K Tablets.

### A Boot With All The Accessories

Last spring our buyers, in going through a big factory in the States, had their curiosity aroused by seeing a line of Men's Vicid Kid Laced Boots with arch support inserted being made up. The superintendent explained that this boot was having a big sale throughout the States, as it combined all the features necessary for the man with a fallen arch, etc. The long counter and hidden arch support made a combination that was filling a long felt want. We bought some and only got delivery lately. The cost price at the time was much less than now so we are offering them at the low price of

A scene from "The Black Feather," to be presented by Albert Brown and a distinguished English company of players at the Opera House next Monday, Tuesday and Wednesday.

No star who has visited Canada in recent years has enjoyed quite so much popularity as Albert Brown, the brilliant comedian who will be seen in his new play, "The Black Feather," at the Opera House Monday, Tuesday and Wednesday of the coming week. "The Black Feather" is a sensational comedy of war diplomacy from the pen of W. A. Tremayne of Montreal, who has written more than half a score of successful plays for Robert Mantell, Robert Hilliard and other noted stars. Though "The Black Feather" is entirely different in story from its predecessor, "The White Feather," it perpetuates the character of the young British secret service man which Mr. Brown played so brilliantly here last season.

The action takes place in London just prior to the outbreak of the present war, and Dick Kent, as the hero is called, is shown defeating a conspiracy of a coterie

of Austrian and German spies to obtain important papers of the British foreign offices. The series of incidents whereby he protects the interests of the government and at the same time saves from disgrace a young king's messenger, whose weakness has rendered him an easy prey for the foreign intriguers, are remarkable for their humor as well as for their constant surprises. Interwoven with the main plot is a charming love story which involves a Canadian girl resident in London, Mr. Tremayne has drawn her character with a loving hand and she is delightfully enacted by Clemence Randolph, a young actress with a charming personality.

The company as a whole, is composed of London actors who have been especially selected for their tasks. It includes Gladys Hopeton, last season with Mrs. Patrick Campbell, and who is a niece of Lord Hopeton, formerly governor of Cape Colony; F. Gatenby Bell, an English leading man of notes; Charles Welsh Homer (formerly stage director of "Every Woman"; Henry Sherwood, Sara Perry, R. R. Ranier and other accomplished artists. Mr. Brown carries his own production complete in every detail.

The seat sale opens tomorrow.

### CROWDING OUT THE INDIAN

Whites Seek to Get Possession of Rich Reservation

It fills one with pride to observe how scrupulously careful our government has been to pick out the sites to give, in our open-handed American way, to the Indians, who originally had all this country, but who traded it off for a few strings of beads, some cotton cloth and several million rounds of discharged rifle cartridges.

There are several classes of lands in the Southwest, ranging from excellent to absolutely useless. The Indians were given the class next to the lowest. We found one reservation where a mistake had been made. The Mesquero Reservation in New Mexico has turned out to be very good and the Mesquero Apaches are growing rich. This oversight is about to be corrected, however, as we were given to understand. The whites in that region have already begun their appeal to congress to move the Indians and have selected a new location—one where the only inhabitant, a coyote, died of starvation several years ago—Wilbur Hall in Collier's Weekly.

The demand of negro pickers in the south that they be paid in silver so they can hear their money jingle has caused a shortage of \$2,000,000 in nickels, dimes and quarters in the St. Louis branch of the United States Subtreasury. Many of the negroes demand that they be paid in five-cent pieces.

### YOUNG WOMEN MAY AVOID PAIN

Need Only Trust to Lydia E. Pinkham's Vegetable Compound, says Mrs. Kurtzweg.

Buffalo, N. Y.—"My daughter, whose picture is herewith, was much troubled with pains in her back and sides every month and they would sometimes be so bad that it would seem like acute inflammation of some organ. She read your advertisement in the newspapers and tried Lydia E. Pinkham's Vegetable Compound. She praiseth it highly as she has been relieved of all these pains by its use. All mothers should know of this remedy, and all young girls who suffer should try it."—Mrs. MATILDA KURTZWEIG, 523 High St., Buffalo, N. Y.

Young women who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should take Lydia E. Pinkham's Vegetable Compound. Thousands have been restored to health by this root and herb remedy.

If you know of any young woman who is sick and needs helpful advice, ask her to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass. Only women will receive her letter, and it will be held in strictest confidence.

Big Resources Held by Scotia Steel Company

Iron Ore Reserves on Properties of Almost Incredible Value—High Rate of Earnings. Nova Scotia Steel Company owns in fee simple or by crown lease more than eighty square miles of land and submarine iron ore areas situated at Wabana, Belle Isle, Conception Bay, Newfoundland, near which are located ore shipping docks with ample storage capacity, according to a statement in The Canadian Mining Journal. This iron area is estimated to contain upwards of 2,000,000 tons of ore, and is recognized as the largest single deposit known. The company also holds leases on more than ninety square miles of coal areas, limestone and dolomite properties, located in Cape Breton, N. S., estimated to contain 2,000,000 tons of coal. Furthermore, timber lands owned in Nova Scotia and Newfoundland exceed 68,000 acres, and freehold lands 8,000 acres additional. This takes no account of the coke ovens, blast furnaces, mills, etc., having a capacity of 180,000 tons of finished steel products per annum. Nova Scotia Steel owned the 800,000 common stock of the Eastern Car Co., Ltd., which has a capacity of thirty cars a day. The present rate of earnings of Nova Scotia Steel after charges and a generous allowance for depreciation, is at least \$60 a share on the \$7,500,000 common stock issued. This is declared to be a very conservative figure. Considering the fact that the iron ore business through insufficient capital in the past has never been developed to anything like the extent which is possible, the common stock is seen to possess interesting possibilities. Nova Scotia Steel was one of the earliest Canadian beneficiaries of munitions contracts. It is understood that munitions work sufficient to absorb the increased output of all the company's furnaces, mills and forges is already booked for practically all of 1917. This embraces shell forgings—18 pounder shrapnel to 12-inch high explosive shells. Nova Scotia Steel laid down a plant powerful enough to forge 12-inch high explosive shells.

Bethlehem Steel

Bethlehem Steel's net earnings for the current year will exceed the estimates made earlier in the year. Ten months of the company's calendar year will have been completed on October 31, and indications are that the balance available for the common stock will run close to \$400 a share on that issue. After all deductions, including depreciation, interest and the preferred dividend, there will remain a balance near \$260,000,000. If the balance before dividends reaches \$300,000,000, there will remain for the common, after paying of the preferred dividend, \$78,950,000, equal to \$993 a share. If earnings in the first half of next year show no falling off, the balance available for the common from January 1, 1916, to June 30, 1917, will be equal to close to \$850 a share on the common. The plants of the Bethlehem Steel Corporation are operating full and business on the books guarantees steady operations for the first half of next year, at least.

Sky-High Prices for Egyptian Cotton

Liverpool, Nov. 7.—A sensational advance in Egyptian cotton has occurred because of the adverse crop reports. There has been an almost daily appreciation in price for months, new records being constantly touched, but today the market went wild and closed at an increase averaging 140 points. The advance in the last eight days amounts to fully twopence three farthings a pound.

Hudson Bay Sales

The Hudson's Bay Company's returns of land sales and receipts for the three and six months to Sept. 30, compare very favorably with the corresponding periods of last year, in the quarter 40,300 acres were sold for \$127,900, as compared with 10,900 acres for \$31,900. Town lots were sold for \$280 as compared with \$180. The receipts were \$29,000, as compared with \$28,000. For the six months \$5,426 acres were sold for \$272,000, as compared with 19,500 acres for \$63,000. Town lots were sold for \$2,800 as compared with \$3,900. The total receipts were \$135,000, as compared with \$72,000.

Fewer Failures

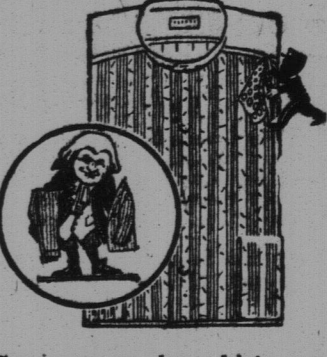

With business generally prosperous, financial obligations are met with greater promptness, and the country's falling record continues highly encouraging. Strictly commercial defaults numbered 1,240 during October, and the aggregate liabilities were \$10,775,654, as reported by R. G. Dun & Co., as against 1,154 insolvencies for \$11,569,078 in the previous month; 1,599 for \$25,322,350 a year ago; 1,686 for \$29,701,178 in 1914; 1,484 in 1913.

New Directors for Wayagmack Pulp

Montreal, Nov. 9.—Four new directors of Wayagmack Pulp and Paper Company are predicted for appointment when the special meeting of the shareholders is held on Dec. 9. It is said that the names of the four have been agreed upon between those who have been controlling the company and those who have been buying the stock lately. The identity of the new group is a mystery, yet, however, it is said positively that the Shawinigan interests, once rumored as seeking control, are not concerned in the deal, or yet the Laurentide interests as a group. It is probable, however, that the forthcoming election will disclose that some practical paper men are interested.

**RAISED \$17,000 FOR RED CROSS SOCIETY**

**Annual Meeting of Provincial Organization Held Yesterday—Officers Elected**

At the annual meeting of the New Brunswick branch of the Canadian Red Cross Society yesterday afternoon in the mayor's office in city hall, officers for the coming year were elected as follows: The annual election of officers took place as follows: President, Mayor Hayes; 1st vice-president, P. Allan Randolph; 2nd vice-president, Philip Granahan; provincial treasurer, Lady Tilley; secretary, Miss Clements; executive, Dr. Bourque; Moncton; Brigadier-General Hugh H. McLean, Mr. FitzRandolph, Lieutenant-Colonel E. T. Sturdee, Dr. J. H. Frink, H. A. Powell, K. C., and the officers. Regret was expressed that Lieutenant-Governor Wood was unable to be present at the meeting. Reports submitted by the secretary, Lady Tilley, and the treasurer, Miss Clements, showed that \$17,971.84 had been collected by the society during the year, in addition to \$17,485 raised for the British Red Cross Society. Of the receipts, \$10,087 had been sent to the Canadian headquarters while the balance had been sent direct to the various institutions at the front for similar purposes. The meeting voted \$800 to the prisoners of war fund.

**'The Climbers' Excellently Played in the Opera House for Patriotic Cause**

"I want to congratulate you on your excellent performance and I certainly enjoyed it; I do trust that you will be able to have the play presented in Fredericton." This is from a letter which was sent from one of the boxes last evening in the Opera House to Mrs. A. C. Wilson, who so ably presented "The Climbers" last night. It was written by an outside critic and speaks volumes for the success of the performance. The Climbers, a four act comedy-drama by Clyde Fitch, was presented in a very able manner by the local amateurs. It was a thoroughly good performance in every respect and each character was cleverly interpreted. A difficult piece, difficult in its construction and one only undertaken by professionals in larger cities, it is safe to say that it was the best amateur performance seen on the local stage. It was a very ambitious undertaking, but those who so ably acquitted themselves left no room for critics. Those who took part are to be heartily congratulated.

Wm. M. Ryan, well known as a local performer of merit, interpreted a difficult role in a professional manner. His characterization of a man in business difficulties, a man given to drink, a man who betrays every trust placed in his hands and a real climber after wealth and power, was a fine performance. The work was heavy but his acting was excellent.

J. L. Robertson as "the friend of all of us," played a fine part. His interpretation was excellent and he added new laurels to an already good name as an actor of no little merit. Fred McGuire as Johnny Trotter evoked many a good laugh, especially when he would say "Dado Bril." Weldon Currie in the part of Mr. Mason made a good impression and his part "of the lawyer" was well presented. Hilton Crowley and James Hoyt also played their allotted parts well.

Of the ladies it would be difficult to say who starred. Miss Theresa Sugrue in her initial appearance on an amateur stage made a distinct hit. She played a very heavy part in a most commendable manner. As the wife of Richard Sterling she had to bear some undeciphering trials thrust upon her by a weak husband, and as a woman who still believed in her husband and wanted to help him, she was forced to speak her love for another man, Miss Sugrue handled her part to perfection.

Miss Kathryn Gallivan in the role of

careless, free, unscrupulous and heartless society climber, played a difficult character in a way that would bring credit to a professional. Her singing in Act 2, was delightful and her encore of "Call Around Again" with Hilton Crowley and Fred McGuire was catchy and coy.

Miss Constance Coster in her initial bow to an audience, played to perfection the role of a daughter who follows the inclinations of a heartless society mother. She had good opportunities and took advantage of them.

Miss Vera King is well known to the local stage. Last night she excelled herself. Hers was a character that one would despise at first, but later wins admiration.

Mrs. S. Herbert Mayes' interpretation of "the old maid aunt" was most praiseworthy. It was a difficult character to play just right, but it was in capable hands and Mrs. Mayes played it well.

Miss Dorothy Sutton as one of the Hunter girls, was pleasing and enjoyable in her part. A light juvenile character, she was at all times at home on the stage.

Miss Marjorie Calkin is well known on the local amateur stage and last evening she played the role of Miss Sillerton in a commendable manner.

Mrs. Fred Lewis as Thompson and Miss Josephine Wetmore as Marie were also good in their parts.

A. C. Wilson as the butler played with grace and ease. Good opportunities and a great deal of the success of last night is due to her untiring efforts. "The House Next Door" was a fine performance, but "The Climbers" was a still more difficult show, won great praise for her able management. The scenic effects were excellent, especially her preparation of the supper scene, which was one of the best seen here in years, amateur or professional.

Tonight will be Military Night and tomorrow afternoon there will be a matinee.

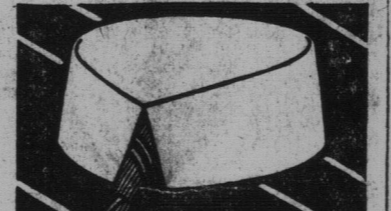

The following is the cast: Richard Sterling... William M. Ryan; Edward Warden... J. L. Robertson; Frederick Mason... Weldon Currie; Johnny Trotter... Fred McGuire; Godesby... **Two Cases of Eczema and How They Were Cured**

Further Proof That Dr. Chase's Ointment is a Positive Cure for Chronic Eczema

If you read these letters you will find that Dr. Chase's Ointment is not to be classed among ordinary salves and ointments.

By actually curing itching, stinging eczema in many thousands of cases it has stood the most severe test to which any ointment can be put. Mr. J. Brice, Temperance road, Parry Sound, Ont., writes: "Just a line to praise Dr. Chase's Ointment for what it has done for my wife. She has been suffering with eczema in her head for two years, and has spent no end of money with doctors and for ointments, which did her no good. She had about given up hope of ever being cured, when someone told her to try Dr. Chase's Ointment. By the use of this Ointment the trouble has left her entirely, so we have unbounded faith in it. I have told several people about the Ointment."  
Mrs. W. G. Dowden, Greenspond,

Bonavista Bay, Nfld., writes: "I suffered with eczema on my hands, and for eighteen months was so bad that I could not use a needle to sew or do anything. I could scarcely dress myself. Though I had lots of salves from doctors, I could never get much benefit from them. Then I sent for a sample of Dr. Chase's Ointment, and found it very different in action. It was not long before my hands began to heal, and four 60c. boxes made them well. I cannot praise Dr. Chase's Ointment too highly, and frequently give some to others to get them using it, for I know that it will cure."  
In the home Dr. Chase's Ointment is of almost daily usefulness, for by relieving chafing and irritation of the skin it prevents eczema and similar itching skin diseases. Applied to all cuts and wounds, it prevents blood poisoning and heals the skin. Dr. Chase's Ointment, 80 cents a box, all dealers, or Edmondson, Bates & Co., Ltd., Toronto.

## GOOD THINGS COMING TO THEATRES OF ST. JOHN

### INFORMATION RE

#### "BATTLE OF SOMME"

#### Imperial Makes Announcement Concerning Tickets, Prices and Hours

So many inquiries are being made by telephone at the Imperial Theatre office concerning the prices for "The Battle of the Somme" engagement on Monday, Tuesday, Wednesday and Thursday of next week that the following information will perhaps be timely:—

Re night prices:—  
Box chairs 35c. with the privilege of reservation.  
Orchestra floor 25c., without reservation.

Front balcony 25c., without reservation.

Rear balcony 15c., without reservation.

The Imperial Theatre, like all other houses of entertainment, has a list of pass-holders, persons enjoying the freedom of the house because of their official position, business co-operation or in connection with publicity matters.

There are some patriotic passes outstanding and a few personal courtesies also. Because of the percentage arrangement under which "The Battle of the Somme" is to be exhibited, the Imperial is not entitled to honor these pass-cards on this occasion. However, upon the resumption of the theatre's own policy on Friday, its friends will again be able to use their tickets.

"The Battle of the Somme" shows will commence at 2 and 3.30 in the afternoon at which performances the prices will be 25c. all over the house for adults and 15c. for children.

The show consists of five reels of pictures which are fully explained by special titles edited by Sir Douglas Haig, British commander in chief. The British general wanted to make sure that the explanation of the battle scenes were correct in every detail and therefore before he allowed it to come before the public took the time and trouble to write the explanatory lecture. The film is shown in all its originality without cut or alteration, at the express wish of David Lloyd George, the British War Office and His Majesty, the King.

The box tickets and 25c. tickets for "The Battle of the Somme" are now on sale at the Imperial and as it is expected there will be a considerable rush to see this wonderful feature on the opening day, it is suggested that intending patrons make their purchases early. The 15c. tickets will not be sold until Monday. As the programme consists of five reels, there will be no long waits as often occur when the Imperial's show consists of seven or more reels and a vaudeville act.

#### MANTELL AT THE GEM; AN OUTSTANDING EVENT IN LOCAL "MOVIE" HISTORY

The Gem tonight, and tomorrow, for the first time he has been seen in St. John in motion pictures will present the famous Robert B. Mantell. He comes in a gripping five-act picture "The Unfaithful Wife." A screen adaptation of the noted play "Fabrizio Romano." This will be one of the biggest events in St. John's motion picture history and should arouse great interest. There will be no addition to the prices. Mutt and Jeff also in "The Thirst Quencher."

#### WATCH AND CLOCK EXPORTS. Great Britain and Canada Take the Great Bulk of Them.

Export trade in American clocks and watches appears to be growing rapidly in spite of the upset conditions prevailing in Europe, says the New York Times. Statistics just published by the Department of Commerce covering August, make it possible to get an idea of what this foreign business amounted to in the eight-month period ended with that month.

The total value of clocks, watches and their parts shipped abroad in the period amounted to \$2,962,208, a gain of 84.5 per cent over the corresponding period of 1915, and an excess over the 1914 period of \$1,886,001. In the latter period, however, the statistics cover August, the month in which the war had its start. During that month the world's shipping was practically at a standstill. The net export figures for the eight months of last year were for all classes of watch and clock goods, \$2,189,477, and for the similar period of 1914, \$1,597,287.

The detailed statistics covering clocks and their parts exported in the three eight-month periods were respectively: 1916, \$1,757,041; 1915, \$1,449,898; and 1914, \$919,501. Shipments of watches and parts were: 1916, \$1,216,297; 1915, \$689,579; and 1914, \$686,435.

The distribution of both classes of time-pieces makes a rather interesting story. Great Britain, for instance, in the period of this year under review, bought clocks and watches worth \$1,016,737, while sales to all of the rest of Europe amounted to only \$94,701. In the 1915 period, the sales to Europe, including Great Britain, reached a total value of \$1,122,020.

The closing of the market in Canada to German clock and watch imports appears to be the explanation of the fact that in the present year eight-month period an extraordinary jump in American exports was recorded to the Dominion. In the 1916 period Canada ran ahead of Great Britain as the premier market for American goods of this kind. The big gain in trade with Canada may be realized in the following statistics covering eight-month periods: 1916, \$1,017,781; 1915, \$471,788; and 1914, \$304,208. Eight-month sales this year to Australia were set down at \$289,028; British India, \$88,824; Brazil, \$40,578, and, as officially grouped, "all other countries" \$429,904.

The shipments all show gains compared with the corresponding period one year ago, those to "other countries" being almost double the exports reported in 1915. Among other countries making good-sized purchases in the period were China, Dutch East Indies, Africa, Central America, South America, Cuba and Hongkong.

George Peterson, a tenant on a farm owned by Malcolm McNeil of Chicago, near Dundee, Ill., has just filed a petition in bankruptcy, and among the assets listed is "one dog, \$0.00."

# THE LAST CALL!! THE MILLENNIUM OF PIANO SELLING IS HERE. PRICES DOOMED, TERMS DOOMED! ALL PIANOS MUST BE SOLD!

## IT'S NOW OR NEVER. IT'S UP TO YOU. WE ARE THROUGH!

28 Pianos---3 Player Pianos, 5 Organs Invoicing at \$9,150 to be Sold Saturday Regardless of Cost or Value. The Balance of This Stock Must be Sold Irrespective of price Saturday Night at Ten p.m. This Sale Will Close---Every Piano, Player Piano and Organ Must be Sold---Tremendous Cash Discounts---Remember Saturday is the Last Day

We expect a demonstration on these floors Saturday, the like of which will never be duplicated in the entire annals of Piano Selling. New Pianos will sell at a trifle over the original cost. Used Pianos will sell practically for the mere cost of shop work. Come here to this sale without a moment's delay. Come here and get one of the bargains while the big sale is in full swing.

#### THERE WILL BE PLENTY OF SALESMEN ON HAND

Every train and street car will bring buyers to our door. We have called in every salesman in the employ of this firm, and there will be plenty of competent salesmen to wait on the overflow. Even with the extra help, it will keep us busy to wait on the customers and satisfy everyone. Therefore, we have decided to give only 25 minutes to each customer.

#### WE WILL POSITIVELY ACCEPT ANY REASONABLE OFFER

Do not make any mistake on this point---the sale positively closes at 10.30 Saturday night and regardless of whether the Pianos are sold or not, the doors close at 10.30 Saturday night. This is full and fair warning. Come here Saturday and come prepared to buy. This sale will never again be duplicated.

#### SOME OF THE BEST PIANOS EVER BUILT TO GO AT THIS SALE

On the floors here will be found Amherst, Chickering, Mason & Risch, Karn Morris, Milton, and they must be sold. This is the greatest saving opportunity ever offered in the present century to save money on a Piano. Come here, select the Piano you like; make us a cash offer; make us a time offer, and no matter what the offer is, if there is a possible chance for us to see daylight, we will accept the offer and deliver the Piano.

#### CASH PIANO BUYERS:

Perhaps you feel that you should wait a while longer and buy a more expensive Piano. You can wait until doom's day and you can never buy higher class Pianos than those listed here in this great combined Disposal Sale. The mere fact that the prices have been cut to nothing does not indicate that the values are not there. The price you pay for a Piano has nothing to do with it. Come here, no matter how much cash you can spare. Make us an offer on any Piano, and if there is a chance in the world to accept your offer, we will accept and deliver the Piano at once.

#### TIME PIANO BUYERS

There is many a good, honest man and woman today in this great city that cannot afford to pay cash for a Piano. And we know it. The man who works for his daily bread gets just the same treatment here that is accorded the wealthier customers. Come here, Mr. Workingman. Bring along a few dollars, and we will treat you right. Bring along the wife and children; let them help select the piano.

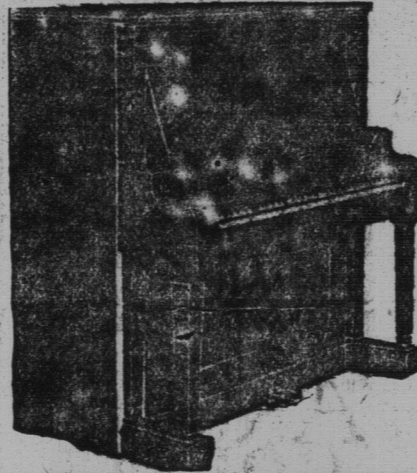

#### WE WILL DELIVER PIANOS UNTIL MIDNIGHT SATURDAY NIGHT

We will have a team of horses and three men additional Saturday in the delivery department. We will deliver Pianos until midnight Saturday night. Come here early and get the first choice. This is a sale that will positively be talked about for the next fifteen years. This is the greatest saving opportunity of the twentieth century.

#### A LAST FINAL WORD TO THE PUBLIC---THIS IS POSITIVELY THE END:

Never in our entire experience have we sold good Pianos so cheaply as we have during this sale. Never again do we expect to see the values offered at this sale duplicated. We wish that every family in the Province of New Brunswick that could afford a Piano could see these bargains. This is the great money-saving sale of the age. We positively guarantee every transaction. Final Notice: This Sale Positively Closes Saturday Night at Ten-Thirty.

### Boxing Champion of Canada Dead

#### Billy Elliott Dies From Wounds After Being Recommended For a Military Cross

(Montreal Star.)  
 Billy Elliott, of the Shamrocks, amateur boxing champion, is dead. His brother Joseph, after having been first in some three weeks ago that Billy had been wounded, found, and had been carried to a London hospital, while recommended for the Military Cross for bravery, today received official notice that the boy had been killed on Sept. 15. The dead boxer had a large number of friends, who will read of his death with regret.  
 He had barely won the Canadian amateur championship in the Montreal Arena when the war broke out, and after the Lusitania murder he joined

He was born in Manchester, England, twenty-five years ago, and after winning the amateur championship, an old country friend named Walker, who had won some minor English championships and lived in the States, urged him to go to the States and become a professional, as there was money in that.  
 Realize, therefore, the surprise of his brother to meet him suddenly in the street in the uniform of the 42nd Royal Highlanders.  
 In explanation he said, pointing to a bulletin of the Lusitania outrage: "After this I've got to do some real fighting, and the boxing is not heavy enough for that."  
 He had won the city amateur championship in 1914, and was never beaten. He always cheerfully took part in any charitable or benefit entertainments and smokers that took place in the city.

#### GOAT'S BUTTER FINDS BIG SALE IN ALBERTA

Macleod, Alta., Nov. 9.—By way of a change, made-in-Alberta goat's butter is

now coming on the market, and is apparently coming to stay. There are even said to be good prospects of a profitable industry in goat farming and dairying.

making fifty pounds of butter and cheese a week. He is the first man in Alberta to commercialize goat farming and is sending his output to the Macleod and Calgary markets, where it sells on even terms with the orthodox brands.  
 Mr. Schroeder is a Swiss, and is now carrying out in Southern Alberta the same principles of domestic dairying that have for generations been so successful in his native land. His goats feed along the creek bottoms and banks of the Old

Man River, near the town of Macleod, and there is at present a population of about a hundred kids, from which other herds in the province probably will be supplied.  
 An aeroplane of American manufacture, purchased by the Chinese military authorities for army use, has arrived at Swatow, China. A Chinese aviator trained in the United States has been engaged to operate it.

Forty-five selected grafts of mango plants have been shipped from Madras, India, to an American horticulturalist who, it is understood, will transplant the trees in Florida. It is believed that the importer intends to graft the Indian mangoes on Florida stock or to develop a special plantation of East India mangoes in Florida. The experiment is regarded with interest, as mangoes produced in India have a high reputation for excellence.

**Martin Orme Player Piano**

*Evidences of Sincerity*

If you had your choice of two beautiful vases, the one factory-made, stiffly and coldly correct; the other a hand-made vase, but making visible in its every graceful line the soul of an artist-craftsman, which would you select? We are very sure you would be charmed by the sincerity and personality of the skilled craftsman's handiwork. When you select your piano, remember it will be for a lifetime. Put your faith in a player-piano that is the personal achievement of a recognized genius in the art of tone-production.

Each individual Martin-Orme Player is the personal pride and enthusiasm of a master-artist-craftsman to whom anything short of the highest ideals in player-piano building would be unthinkable. Every Martin-Orme Player is made in sincerity under the personal supervision of Owain Martin, the creator of many innovations which have since become "standard" in high-class piano construction. We invite your critical inspection of these famous instruments in our warehouses.

## SPORT NEWS OF THE DAY HOME AND ABROAD

**BASEBALL**  
 Fans Admire Coombs  
 The pitching feats of Jack Coombs during the last year have awakened the admiration of baseball fans. The Colby veteran returned to the pitching box after an illness that would have driven him out of ten into retirement. Even now he works under a handicap that would rob almost any other pitcher of his effectiveness. He wears more straps and braces than a football player, yet he works along with an easy swing that is most remarkable. Every time Coombs gets ready to go out on the field he wears a heavy rubber brace from knee to hip, and supplements this with yards of bandages. Coombs adds a steel brace to his equipment. His protective devices do not rob him of his speed and agility. For Coombs is rated as one of the best fielding pitchers in the major leagues. He is a hitter of ability.  
**Brenahan Gets Schulz**  
 Toledo, Nov. 8.—Roger Brenahan, owner and manager of the Toledo American Association Club, announced yesterday that he had purchased Pitcher Ed Schulz, last season with the Cincinnati National League Club.  
**Matty Leaves New York**  
 New York, Nov. 8.—It was said yesterday that Christy Mathewson, manager of the Cincinnati team of the National Baseball League, will close his long association with New York city on or before November 10. He will take up his permanent residence in Cincinnati.  
**BOWLING**  
 Ramblers Win All Four  
 The Ramblers took four points from the Whips in the City League fixture on Black's alley last evening. The winners' total pinfall was 1418 and the losers' 1285. Covey was high man with an average of 108 2-3.  
**FOOTBALL**  
 Rothesay Defeats Normal  
 Rothesay College football team won an interesting and closely contested game against Normal School fifteen in Fredericton yesterday by a score of 4 to 3. The Normalites scored a try in the first period, and towards the close of the second half one of Rothesay's quarters dropped the ball over the posts.

## SAJ'S HIGH SCHOOL TEAM HAS NOT WON THE CUP PERMANENTLY

The Fredericton Gleaser in its account of Wednesday's interscholastic football fixture between Fredericton and Rothesay played at the capital, contained the following information: The St. John High School do not need to be concerned with the silverware trophy this year. The article follows: "By losing yesterday's game the local team went through the league series without a win. Rothesay finished in second place with two victories and two defeats while St. John High School, the winners of the league, went through the season without a trimming. St. John have won the cup emblematic of the championship for the last three years, but are not in permanent possession of the silverware as stated by the St. John papers. In order to hold the silverware for keeps St. John must win the cup for two more years, according to the rules of the Interscholastic Football League."

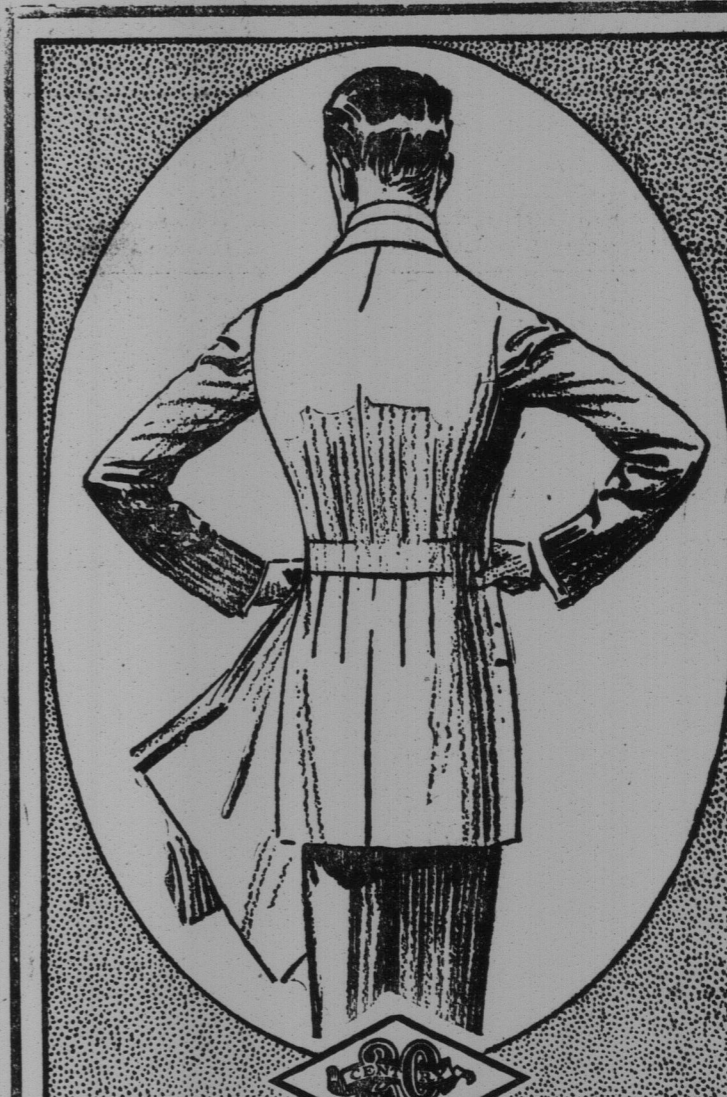

## INTERNATIONAL BASEBALL SEASON DISASTROUS ONE

Providence, R. I., Nov. 8.—That the season of 1916 in the International League was a disastrous one, all round, is shown by reports that are leaking out from the various cities. Every club in the league lost money, including Buffalo, the champion team, where it is admitted by Jos. J. Lannin, owner of the club, a substantial loss was made. Lannin is anxious to sell the club, and efforts are being made to interest Buffalo men in the project of having the club once more locally owned, and it is likely that Patsy Donovan will leave the Sox to resume scouting for the Ited Sox. Rochester and Newark, and possibly Toronto, will have new managers. Leach has been released by owner Chapin after one year in the saddle. Tommy failed to make good, in Mr. Chapin's opinion. Fred Tenney has quit in Newark, one year in the International being a great plenty for him. Fred failed to make much of an impression in the Barrow wheel. In Toronto, Lena Blackburne finished the season in command, but is not sure of getting the reins next year. Bill Smith is practically sure to return to Richmond, and, of course, Jack Dunn will pilot Baltimore, as he owns the club. Dan Howley did very well in Montreal, and will probably be re-engaged. As to Providence, nothing has been said about next year's team, or who will manage it. The team is for sale, and until this matter is settled little can be said about the managerial end.

## Y. M. C. A. WORK FOR CANADIAN SOLDIERS

W. S. McAllister of Halifax, general secretary of Y. M. C. A. work in the maritime provinces, was in St. John yesterday arranging for work among the soldiers during the coming winter. There are now sixty men at the front working among the soldiers, and Major G. W. Binks, chief supervisor, in a recent cablegram to Montreal says that the number should be doubled. Mr. McAllister left for Fredericton, last night, where he will co-operate with the workers there to arrange for some sort of Y. M. C. A. activities among the members of the 29th Kiltie Battalion. For Practice Trenches. It is pointed out by military men that Tucker Park on the Sandy Point road, would be a suitable place for demonstration of trench warfare. It is possible that this property will be used for this purpose. 10th Battalion Reunion. Lieutenant-Colonel Lightfoot, officer commanding the 22nd, Major Bingham and Lieutenant Grant, also of the 22nd Battalion will leave today for Fredericton, where they will be entertained by Lieut-Colonel P. A. Guthrie. All these officers were members of the 10th Battalion with Col Guthrie. Tributes for 69th. The men of the 69th Battalion did great work at Courcellette and the officers of the 22nd Battalion, to which unit the boys of the 69th have been drafted, pay tribute to the reinforcements they drew from the battalion and ask for more. Major S. S. Wetmore, formerly adjutant of the 25th Battalion, and now transport officer at Shorncliffe, England, is at present in the city. He says that Lieut-Colonel Paul R. Hanson, formerly manager of the Dunlop Rubber Company in this city, is now officer commanding the big Canadian discharge depot at Bath, England.

"Daylight saving" was a success in Austria-Hungary, reports United States Consul General Albert Halstead from Vienna. Commenting on the results of the "daylight saving" experiment, which began on April 30 and finished Sept. 30 last, he says that it proved most beneficial to the health of the Viennese due to the extra sunlight in working hours and also did much to save expenses for lighting. It is calculated, he reports that in Vienna alone the people conserved 128,000,000 cubic feet of gas less and saved \$142,000. The City of Vienna required 14,000,000 cubic feet of gas less for street lighting.

**KILTIES' LEAGUE.**  
 Fredericton, N. B., Nov. 9.—The 29th Kilties Battalion will have a basketball league this winter. Major H. H. MacLean, second in command of the battalion, has offered a handsome silver cup as a trophy. A six-team league is planned. Last night representatives on the sports committee of the companies met with Capt. "Billy" Godfrey and the Kilties' padre-athlete succeeded in founding what should be a most successful organization. Each company will be represented by a team, while the officers and the non-commissioned officers may each also enter a quintette. The gymnasium in the armory in Queen street is being put in readiness for play and practices will soon be commenced there at basketball as well as

**LOCAL NEWS**

**ON THE RIVER**

The river steamer May Queen arrived at Indiantown late last night from Chipman with one of the largest cargoes she carried this year. The cargo included live stock and potatoes.

The D. J. Purdy also came down river from Fredericton with a large general cargo.

The steamer Viking, her propeller repaired, sailed for Fredericton last night.

**THE RETREAT.**

The retreat that is being conducted for men in the Cathedral was continued last evening, when Rev. M. P. Howland commenced the evening's exercises by reciting the rosary. Rev. Patrick Casey, S. J., conductor of the retreat, spoke on "Sin and its consequences." He gave a powerful sermon. He explained what the world generally thought of sin; what the individual thought of it, and lastly, what God thought of it. Benediction of the Most Blessed Sacrament brought the services to a close.

**SOLDIER IN COURT**

In the police court this morning a soldier from a local battalion was before the court for being absent from his regiment without leave. It was shown that he had gotten leave to go home and overstayed it to the extent of fifty-two days. The magistrate gave the soldier a good sound talking to, telling him to win the respect of his superior officers by obeying orders and living up to discipline. He handed the soldiers over to the military authorities and said that the sentence of two years that he could impose would be allowed to stand.

**ANOTHER OF THE 26TH HOME TODAY**

Another member of the 26th battalion returned to the city today from the front—Private J. L. Walley, of Georgia, U. S. A. He entered the Parks' convalescent home here. He was wounded in the second battle of Ypres, hit in the back and neck, and it is doubtful if he will ever be able to return to the front.

In speaking of conditions at the front, he said that things were on the move when he left in June. He speaks highly of the hospitals which he was in, and paid special tribute to the Canadian ones. The old 26th, he said, was about gone, as there were only some forty men of the original battalion now on the roll.

Private Jack Wood, of Newcastle, a member of the 4th C. M. R., who went overseas with the 6th C. M. R., arrived in the city today, on his return from the front. His being brought here was an error in transportation, which forced him to come to St. John instead of making a transfer at Moncton. He was wounded in June in the battle of Ypres, by shrapnel. He says that Major Markham, who went overseas with the 6th C. M. R., is now attached to the Ross barracks staff at Shorecliffe.

Private Mann of Chatham returned to his home today from the front.

**WARNED AGAINST GIVING DRINK TO THESE MEN**

Police Magistrate Ritchie in the police court this morning, after having sentenced two prisoners to two months in jail, or else pay a fine of \$8 for drunkenness, said "Andrew Irvine has been in jail for the 155th time. Last week I allowed him and Frank Hooper to go and work on the Valley Railroad. This last individual is a good second to 'Andy.' Neither one of them availed themselves of the opportunity. They did not keep their word. They are both habitual drunkards and are continually wasting their earnings in drink. So the police and the liquor licenses are warned that these two are placed on the interdict list and any one who supplies them will be liable to a penalty." The magistrate exhorted the police to watch these men.

**COAL LADEN SCHOONER FALLS OVER AT WHARF; PARTLY FILLS WITH WATER**

The schooner Elma, which arrived here yesterday from New York with a cargo of coal lies partially submerged today at Starr's wharf with more than 300 tons of coal still on board. This last morning at low tide she fell over and as the tide came in filled. The crew were quite badly shaken up, although none injured.

Captain Kiernan is making preparations to have the vessel pumped out. He brought his vessel from New York in eight days, which is considered good time considering weather conditions. It was his first voyage as master and the success achieved augurs well for his future at sea.

It is expected that the schooner will be pumped out and her cargo discharged by tomorrow after which she will be inspected. It is thought that some of her seams may have been opened.

**WEST SIDE BUILDING CASE ENGAGES COURT**

The session of the police court this morning was taken up with the case of Building Inspector Carleton who laid a charge against Frank Garson on the ground that he did unlawfully build, between the dates of October 15 and 31, a structure of more than 20 feet high and 40 feet of a range without the intervention of a brick wall for every 40 feet as required by law.

The building is situated at the corner of Winslow and Union street, Carleton, and when completed will be a three story structure, with the ground floor consisting of three shops and with the two upper stories for tenements. It will be 20 feet deep and the law requires that there be a fireproof wall every 40 feet.

Building Inspector Carleton said that there was no fireproof wall. He had shown a pencil drawing of the plans in last August. In September the contractor, James McDonald, submitted another set of plans to him. He gave the contractor permission to go ahead and work on the building and that he (McDonald) had secured a permit as soon as the witness could look over the plans. The finding of the inspector, when he viewed the plans closely, was that the foundation of the building was inadequate to hold the present structure and what was to be placed on it. The building was thirty-five years old, being the old A. C. Smith barn. The inspector refused to grant a permit.

Cross-examined by Mr. Sweeney, the inspector said he had made no inspection of the building other than to view it from the outside.

A witness called for the defence, after which Mr. Sweeney moved that the case be dismissed on the ground that a case was not made out, and that the section of the law under which his client was charged, did not apply to the West Side.

The matter is under the consideration of the magistrate.

**FATHER OF REV. H. A. CODY HAS PASSED AWAY**

George Redmond Cody, of Cody's, Queens county, passed away at an early hour this morning at the advanced age of eighty-five years. He is survived by his wife, and three children, viz: Mrs. Fred Leonard and Mrs. Howard Leonard, both of Cody's, and the Rev. H. A. Cody, rector of St. James' church, St. John. Three brothers and two sisters are still living—Chas. F. Cody of Cody's, W. Stanley Cody of St. John, Dr. Peter White Cody of the United States, Mrs. Samuel Moore of Cody's and Mrs. Thos. Perry of Newcastle, Queens county.

For many years Mr. Cody conducted a considerable milling business in conjunction with his brother, Hipam, under the name of "H. & G. Cody." He was always a staunch member of the Church of England and a strong supporter of the Conservative form of government. His knowledge of public affairs was extensive, and up to a short time before his death he took keen interest in the chief events of the day.

The funeral will be held on Sunday afternoon, and interment will be made in the family lot at Highfield.

**MANCHESTER LINER ARRIVES IN PORT TODAY**

The steamer Manchester Merchant arrived this morning from Manchester with a large general cargo for St. John and through points. On the voyage across the steamer encountered high winds and seas (aside from that the trip was uneventful).

Captain Beggs said he had not seen or heard anything of the steamer Rappahannock, which is now twenty-five days out from Halifax with a cargo of apples. He said he was very sorry to hear that she was missing for Captain Garrett, who was in command of her, formerly sailed with him in the steamer Manchester Miller as chief officer.

**MANY WANTED FOR ARMY SERVICE CORPS**

Information was received at the office of the New Brunswick command this morning from Ottawa to the effect that 2470 men were wanted for overseas service with the Army Service Corps. The men secured in this district will, immediately upon being passed, proceed to Toronto, where they will be attached to a training depot.

The call includes 180 supply clerks, 1000 M. P. drivers, 200 bat. frs., 50 butchers, 30 farriers, 40 wheelers, 25 saddlers, 30 fitters and turners, ten blacksmiths and five electricians.

**ST. JOHN SOLDIER IN HOSPITAL WITH A BROKEN LEG**

Mrs. M. J. Finnigan, 15 Brussels street, has received a letter from the information bureau of the Canadian Red Cross Society in London regarding her husband, Private Finnigan, of a local infantry battalion, who is now in the 1st General Hospital, Camberwell, London.

The letter is as follows:—

"No doubt you have heard that Private Finnigan broke his leg by accident. Our visitor has seen him at the hospital and finds that he is getting along very well. While he is in the hospital he will be visited regularly and reports sent to you from time to time. Cigarettes and home papers will be sent to him from here."

**SUSSEX SOLDIERS**

Eric Fowler, son of Lt. Col. Geo. W. Fowler, has enlisted in England with the cycle corps as a despatch rider. Private Charles Perry, also of Sussex, has also joined the cyclists. Lieut. Ralph Murray, son of Hon. J. A. Murray, recently wounded, has been visiting London. Lieut. Henry Warren, wounded in the hand, must undergo an operation. Pte. Herbert Garrett of the 55th has been wounded in the hand and may lose some fingers. Sergt. Jack WITTS of the 26th is to be married in England tomorrow. Pte. Reg. Hickson of the 26th has recovered from wounds and is attached staff at Epsom.

**TWO RECRUITS**

Two recruits were secured this morning for the Canadian Engineers: D. W. McDonald, steam fitter, and A. M. Sample, carpenter, of Montague, P. E. I.
