Potts Moves To Have The People Elect School Board ELECTION COMPLETS DOOM LABOR

NOT UNANIMOUS AT CITY HALL ON SCHOOL MATTER

Commissioners Give Views on Motion Moved by the Mayor.

DECIDE TOMORROW

Another Building Suggested in Vocational School Location Matter.

A free discussion on the advisability of having the members of the Board of School Trustees for the city elected instead of appointed, and have them make their own assessment, took place at a committee meeting of the Common Council this morning, and a resolution along these lines was introduced by Mayor Potts. It was decided to have the resolution brought up tomorrow as a notice of motion to be discussed at the Council meeting on Tuesday, October 28.

Commissioner Frink said it looked to him as though this was in a certain sense an attempt to infringe upon the Board of School Trustees, because they had not met the wishes of the Common Council in the matter of the erection of the vocational high school. He suggested that the Ames-Holden building might be purchased for the first unit of the vocational school.

Mayor Potts presented the following resolution:

Resolved, that this committee recommend to the Common Council that a memorial be forwarded to the Lieutenant-Governor-in-Council praying that the "Schools Act, 1922," be amended so as to provide that the Board of School Trustees for the City of St. John shall be elected by the ratepayers of the city instead of being appointed by the Lieutenant-Governor-in-Council and the Common Council at present, and also to provide that the said board shall be required to assess, levy and collect its own taxes.

His Worship said he was not moving this resolution without having given it careful thought. It seemed to him that it was good civic business to have the people who were to be assessed directly responsible to the electors, and he did not feel that the Commissioner of Finance of the city should be held responsible for expenditures of which he had no control. It was not fair to the council that a body over which they had no control could impose a burden on the taxpayers for which the council had to accept the blame. He contended that the petition which had been taken was not a fair expression of opinion and that vocational education as planned here was being abandoned in Montreal. It had been said that the building of the vocational high school would mean the diminution of the two higher grades in the classical high school, but this would never be done.

It seemed to him, he said, that the greatest anxiety was to buy this particular site and they would not consider any other. A lot had been offered in Prince William street at the assessed valuation, while they were going to expropriate a lot for which the owners asked what he had been told was three times the assessed valuation. Having in mind that it was possible the building might be discarded as a vocational school, as had happened in other cities, he said the vocational school, if it was built, should be in some location where it could be used by the city and not placed where it was proposed to erect it now.

Commissioner Wigmore seconded the resolution. He said he had felt for some time that the Board of School Trustees should be responsible to the people, and so far as he knew they were elected in the majority of cities. He felt strongly that under present conditions, where the city had pledged itself to an increase in the assessed value of the School Board of \$30,000, and there was necessity for keeping down (Continued on page 2, column six.)

WINNIPEG WANTS ANOTHER HEARING

Will Ask That Crow's Nest Question be Re-opened by Commission.

Winnipeg, Oct. 20.—A demand that the Board of Railway Commissioners re-hear the western case for maintenance of the Crow's Nest Pass agreement, during the sitting of the board here on November 20, will be made by the Winnipeg Board of Trade, it was announced Saturday by A. M. Parker, secretary. Mr. Parker stated that he did not know at present how the board would be constituted, but declared the whole matter would be brought to the attention of the Railway Commission "in the proper form," and that an opportunity would be lost in bringing the case to the Commission the wrong viewpoint in regard to the question of the Crow's Nest agreement.

Want 3 Pairs Silk Stockings a Year

Chicago, Oct. 20.—(United Press)—The war wages which have enabled them to buy three pairs of silk stockings for their families, increased pay on this with the United States Railroad Board. The Brotherhood of Railway and Steamship Clerks, Freight Handlers, Express and Station Employees make the demand. It is supplementary to the salary increase asked last week. The clerks contend, the average wife can afford new silk stockings on one pair a hundred years. "An average wage of \$2,000 a year, however, is necessary to provide the barest essentials of a decent living," the request says. The wages asked are equivalent to peak-war-time rate of pay for clerks. It is approximately 10 per cent increase over the present pay.

EXPERTS SAID TO PREDICT DEFEAT FOR LABOR PARTY

Either a Conservative Government or a Coalition is Expected.

LABOR GETS ANGRY

Both of the Other Parties Raise the Russian Cry to Influence the People.

BY LLOYD ALLEN (United Press Staff Cor.)

London, Oct. 20.—Prime Minister Ramsay MacDonald and the Labor party face practically certain defeat in next week's elections, political experts agree today after studying the list of nominations filed Saturday.

The possible successors to the Labor Government are:

1—Stanley Baldwin, returned to power at the head of a Conservative ministry.

2—A coalition of Liberals and Conservatives with Lloyd George or H. H. Asquith at its head.

The Conservative "die-hards" have no love for Asquith, and less for Lloyd George, but they may be able to swing a Government composed entirely of Tories, and may have to compromise with the Liberals.

MacDonald, Lloyd George, Asquith, Baldwin, Arthur Henderson and J. H. Thomas addressed large meetings today.

Fight Grows More Bitter.

London, Oct. 20.—(British United Press, by Herbert Bayley).—The bitterest election since Lloyd George launched his land campaign some years before the Great War, making a violent breach between the Labor and anti-Labor forces, threatens to drive the whole of political England into two camps.

Even Lloyd George professed to be indignant at the language of the Prime Minister, who describes his opponents as "manney dogs sniffing around a dung-hill" and everywhere it is being said that Ramsay MacDonald has lost his nerve and is suffering from hysteria.

Tory and Liberal artillery is being directed against the Campbell case, which is irritating Labor without doing much more for the Conservatives than increasing the suspicion against Labor.

Labor Grows More Angry.

The assertion that unemployment has been increased since Labor came into office are being displayed on thousands of posters issued by Tory and Liberal headquarters throughout the country, while pictures of bearded and voracious Russians with afshams raking in English money, above the slogan "Its your money we want," are also driving Labor into a mode of extreme bitterness and animosity.

This bitterness is universally deplored for fear lest it drive Labor into the arms of the extremists and lead to the creation of constitutional and anti-constitutional parties which would throw out such questions as the monarchy, which otherwise few Englishmen are willing or anxious to discuss.

If the Tories come into power it looks as if the country can look with confidence to a series of stormy sessions in the House of Commons.

To Rid Shanghai Of Army Mepace

Shanghai, Oct. 20.—Although the situation here is unchanged, it is expected that a size outcome of conferences among leaders tonight 25,000 Chinese and Kiangsu troops surrounding Shanghai will be transferred to concentration camps in the vicinity of Wouping, north of here.

The plan is for the Chinese soldiers to occupy Wouping, with their former enemies, the victorious Kiangsu forces, quartered some distance away.

The ultimate purpose is to disperse all these troops, many of whom undoubtedly will transfer themselves to the north to reinforce the Peking army in its war against the Manchurians.

Weather Report

Toronto, Oct. 20.—Pressure is high over Manitoba and the upper lake region and low over Newfoundland, while a tropical disturbance is centered near southern Florida. Except for a few light scattered showers in the maritime provinces, the weather has been fair over the Dominion.

Forecasts: Gulf and North Shore—Strong winds; moderate rains from northwest, fair and cool today and Tuesday.

Maritime—Fresh to strong north-west winds; partly cloudy and quite cool today and Tuesday, probably a few scattered showers.

Washington, Oct. 20.—Northern New England—Fair tonight and Tuesday; cooler tonight with frost probably heavy in the interior, fresh northwest and north winds.

MUCH BAD TEMPER IS DISPLAYED IN THE BRITISH CAMPAIGN

Lloyd George Says He Has Never Seen the Like of It.

"RAKING GUTTERS"

Beaverbrook's Paper Compares It to the Pickwickian Election.

London, Oct. 20.—(Canadian Press).—It was predicted by the Canadian Press about ten days ago that the election would be one of the bitterest on record, and even up to the present time conditions have unfortunately only too amply fulfilled the prediction.

The Sunday Observer speaks of all three parties raking the gutters to fling more mud, although Stanley Baldwin sets the example in the other direction, while H. H. Asquith is the same mirror of excellence he always has been. Premier MacDonald has been the target of gross abuse, and being very human has given way to it.

"I have never seen an election where the Ministers of the Government so completely lost their tempers," declared Lloyd George last night. "Members of other administrations have been defeated but they took it like sportsmen, while these men are bad losers. MacDonald calls his opponents silly idiots. I never before heard language like that used by a man in his position."

Bernard Shaw Speaks

Bernard Shaw, speaking in support of Margaret Bondfield at Northampton, said that those who attacked the Government's attitude towards Russia because she had failed to pay her debts had said nothing about the French Government, which owed Great Britain six hundred million pounds sterling. Mr. Shaw criticized the "strong language" used by Lord Birkenhead, Mr. Asquith and Winston Churchill, which was likely to endanger the peace of the world.

Lord Beaverbrook's Daily Express, discussing the revival of epithets and personalities amongst all the speakers in the campaign, likens the present contest as coming near to the famous Pickwickian election in violent vituperation and corrosive invective. MacDonald has set the pace, says the Express, in corrosive superlatives which are "too hot for the ordinary politician." Not satisfied with telling his opponents that they are telling lies he compares them to angry dogs sniffing around a dung heap. Lord Birkenhead has spurned such language in response to these efforts of MacDonald, and his missiles are more highly polished, but Winston Churchill is not averse to the running in the orgy of epithets.

Conservative Appeal

London, Oct. 20.—(Canadian Press).—The Conservative party organizers said yesterday that the election fight in some quarters will be much more strenuous than had been generally anticipated. They expressed a fear that some Liberals might vote for Labour candidates, and other Liberals abstain from voting altogether. The Conservative headquarters therefore are appealing to all anti-Socialists to vote solidly for Conservative candidates.

Accept
with his compliments
the perfect Tooth Brush
Designed by 4,118 Dentists

WHEN Andrew Albright, Jr., gave to the world his famous Rubberstet Shaving Brush, he established a new era of shaving comfort which has never been surpassed.

Men will tell you that.

Now he has done a still more wonderful thing. He has produced a perfect toothbrush, which has many hygienic advantages heretofore unknown to toothbrush construction.

But he could not do it alone. Mr. Albright first called to his aid no fewer than 4,118 dentists who gave him their ideas of what constituted a perfect toothbrush, based on their wide professional experience. Then, over a period of many years, Mr. Albright made countless experiments resulting in this brush, which has all the sound principles advanced by those 4,118 dentists—a brush which is the last word in this important department of brush hygiene.

The Result

The individual bristle tufts of the Albright Toothbrush are wedge-shaped, so that they reach in between the teeth and into every crevice. In like manner all the tufts form a wedge so that the brush will reach and clean every surface of every tooth without missing the hard-to-get-at teeth in the back of the mouth.

Every bristle is of the finest quality and is guaranteed by the Rubberstet Company to STAY IN—not a bristle can come out. Every one remains in place and always on end to do its particular part in insuring really clean teeth day in and day out.

The tufts are so grouped that a simple rinsing thoroughly cleans the brush. No foreign matter remains among the bristles, in which germs may breed to be carried into the mouth. Every brush is packed in a sealed, sanitary envelope and inclosed in a protecting carton.

Now Comes This Offer

So confident is Mr. Albright that the Perfect Toothbrush will appeal to you instantly, that he wishes to make it possible and easy for you to secure one without delay.

Therefore, he proposes to present you with one in the following manner: The regular price of the Albright Toothbrush is 40c. If, any time before the expiring date given in the coupon below, you will take your old toothbrush and the coupon below to your druggist, you will receive two brushes for the price of one—the one you pay for and the one Mr. Albright pays for.

Nothing short of the utmost faith in his new brush could warrant such an offer. The advantage is all yours—two for the price of one—and a brush that sets a new standard in design and efficiency. Don't forget the date. Use the coupon below.

Dentists Say:

That, most toothbrushes are unfit for use after thirty days, because they are so hard to keep perfectly clean. The Albright Toothbrush, because of its scientific construction, is thoroughly cleaned at every simple rinsing.

See your dentist regularly. Go every three months if possible. But go without fail every six months. This, with the Albright Toothbrush, will keep your mouth young.

Andrew Albright, Jr., President, Rubberstet Co. Limited

ANDREW Albright, Jr., President of the Rubberstet Company, Limited, Toronto, is the maker of the famous Rubberstet Shaving Brush, the bristles of which are so firmly embedded in rubber that they cannot fall out, work out, or pull out; they hold everlastingly.

Now he has perfected a new toothbrush; no more wandering bristles in the mouth at teeth-cleaning time. No teeth missed in the cleansing. No surface of any tooth slighted. Front and back, in the "biting" crevices, as well as between the teeth, the Albright Toothbrush reaches with ease and certainty. And the bristles are so scientifically placed that the brush can be thoroughly cleansed by mere rinsing.

SPEAKERS ADDRESS MEN OF HOLY NAME IN Y.M.C.I. BUILDING

Members of the Holy Name Society of the Catholics assembled in the Y. M. C. I. auditorium last evening, listened to excellent addresses at a meeting which opened a series to be held from time to time to encourage a greater interest in the objects and work of the organization. Louis J. McDonald, president, was in the chair.

In opening the meeting Mr. McDonald spoke briefly of the objects of the society and urged that the members take a greater interest in it. There were more than 1,200 catholic families in the parish, he said, and he could see no reason why at least 1,200 men were not members of the Holy Name Society. He congratulated the members on the excellent showing made by them on their monthly communion on Sunday when more than 400 receive Holy Communion. He wanted this number increased to at least 1,000 monthly.

Rev. Joseph Boyd has been appointed chaplain of the society and he gave an earnest address of good counsel to the members, showing the high ideals of the society and emphasizing the desirability of a very large membership and faithful attendance at the monthly reception of Holy Communion.

Dr. W. P. Broderick told of the origin of the society, spoke of his visit to Woodstock on the previous Sunday and counselled against the prevalent abuse of God's name. Hon. R. J. Ritchie also gave a very interesting address.

BROWN TROUT IN LOCH LOMOND

An English Exchange says:—"At the request of a number of public bodies of St. John, N. B., the Department of Marine and Fisheries undertook to establish the European brown trout in Loch Lomond near St. John. The first eggs for this purpose were obtained in January, 1921, from the U. S. Bureau of Fisheries. A small number of the fry from these eggs have been retained in the ponds at the hatchery, and in the autumn of 1923, when the fish were a little more than two years old, a few of the larger and better developed yielded some 5,000 eggs, which are undergoing incubation.

"The eggs of the brown trout are not easily obtained in America, and in the continuation of the stocking of Loch Lomond, some 200,000 Loch Leven trout eggs, a variety closely related to the brown trout, were obtained through the United States Bureau of Fisheries in exchange for Atlantic salmon eggs. The Loch Leven trout eggs were secured from wild trout captured in the streams of Montana and are the result of small distributions of such fry made some years ago. An optimal number

WILL HOLD SMOKER.

At the weekly meeting of the Young Men's Catholic Institute yesterday afternoon it was decided to have a smoker for the members on Tuesday night of this week. A programme of entertainment has been arranged and preparations made for the royal good time. Plans were discussed for the holding of a bridge and whist party in the institute and for the presentation of a play in St. Vincent's auditorium sometime in the future.

ESCAPED AFTER CHASE.

Finding a man in the C. P. R. yards off Mill street on Saturday morning C. P. R. Policeman Carr was conveying him towards Long Wharf when he struck the officer in the eye and escaped. Officer Carr blew his police whistle to summon aid and then gave chase. Policemen Gibbs and McCauley and Sergeant Sullivan and Policeman Gaudet took up the chase at Cranston avenue. The man entered the woods and vanished. He is believed to be an Indian.

GUILTY OF TARRING.

Frederick, Md., Oct. 20.—Arthur Rice was found guilty by a jury in Circuit Court of aiding and abetting in the tarring and feathering of Miss Dorothy Grandon. The verdict carries a penitentiary sentence of from eighteen months to ten years.

Counsel for Rice, who was released on \$2,000 bond, immediately filed motion for a new trial, which will be argued upon completion of the remaining seventeen cases growing out of the attack.

MR. BARNJUM QUILTS

Mr. F. J. D. Barnjum, a retired lumberman whose letters favoring an embargo on the export of Canadian pulpwood, from private as well as public land, have been frequent and broadcast for a year or two past, is said to be going to sell out and quit Canada.

POLICIES AFFECTING CANADA

Britain is shy of food taxes. Mr. Baldwin, leader of the Conservatives, has made it clear that while he favors protection and a policy of preferences, he would not propose, in any circumstances, to tax wheat, flour, oats, meat, cheese, butter or eggs.

high prices, the stored wheat being released to equalize supply and demand. For the Dominion grows the scheme the wheat sold in Great Britain, their chief market. The amount of this price would be a matter of vital concern to Canadian agriculture.

HEALTH INVESTMENTS

"The day may come when men will treat their bodies almost as wisely as they do their motor cars." This arresting observation is credited to Dr. George B. Vincent, President of the Rockefeller Foundation.

Dr. Vincent, by the way, has been saying a word about the family doctor and the general practitioner. It is to be crowded out by the specialists and the multiplying hospitals, which are admittedly necessary? No, says Dr. Vincent. This is his view.

trying to keep his patients in health and of knowing where to send them in case of accident or illness. This, of course, will require a change in the people also, for they must come to think of keeping their physical and mental machines in order, instead of awaiting break-down and blow-outs and then making belated and expensive repairs.

Press Comment

THE CHILDREN'S COURT. It was twenty-two years ago this month that the first children's court was established in the bounds of Greater New York.

It is a notable achievement and to no man is more credit due for this great reform in the interest of children and the home than Justice Franklin Chase Hoyt, who when a Justice in the Court of Special Sessions became interested in the case of children brought before the court as criminals.

WEMBLEY'S FUTURE

We are all in favor of Wembley as a permanent Empire Exhibition, but if the Dominion will not support it the use of continuing it? The exhibition has so far served a valuable purpose in showing the world for the first time what the British Empire really is.

Observers Predict Re-election as President—Situation is Discussed.

Washington, Oct. 20.—(By Canadian Press)—With but a short time left until the election, President Coolidge is apparently destined to be chosen at the polls on November 4 by his own successor.

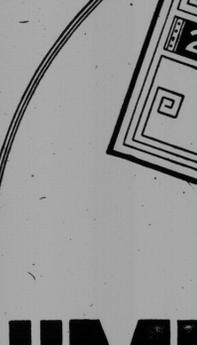

Administration leaders are freely predicting that Coolidge will win by a heavy margin. When talking among themselves, however, they present a considerably different view of it.

Letters To The Editor A STATEMENT BY THE N. B. POWER CO. DEATHS

Charles H. Knodell.
 Many expressions of regret were heard today when it became known that Charles H. Knodell had passed away. In hope that an operation would restore him to vigorous health, after a period in which he had not been very well, he entered the General Public Hospital a little less than two weeks ago and an operation was performed. Hopes, however, were not to be realized and for the last few days his family have been very anxious. He died at 2:30 o'clock yesterday afternoon.

Mr. Knodell was a son of the late Mr. and Mrs. George A. Knodell. He was for a time associated with his father in the latter's printing business and then took up the work of commercial traveler. He has been the representative of Dearborn and Co., and other houses and for some time was in the wholesale fruit business in Water street. For the last 10 years or so he had represented the F. S. Bowser Co. in New Brunswick with marked success.

As he had occasion to visit many parts of the Maritimes in the course of his business career he attained a wide acquaintance with the places and people and his genial manner had won him friends everywhere. He had a good grasp of affairs, was a student of the large questions of the day and always commanded attention with his views on matters under discussion. He was of optimistic nature, with a wholehearted faith in his city and country and was never deterred from supporting their claims. He made friends readily and held their regard by his staunch qualities. In his younger days Mr. Knodell was active in sporting matters and he always retained his interest in the upbuilding of the youth in good sport. The South End Baseball League had no more consistent follower than he. He was keenly interested in the political fortunes of the country and was particularly well informed in the matters affecting the parties. He was a staunch Liberal and was usually found in the forefront of battle at election times.

Mr. Knodell is survived by his wife, who was Miss Florrie McConnell, and by one brother, J. William, and three sisters, Mrs. F. B. Dearborn, Miss M. Elizabeth Knodell and Miss Jennie C. Knodell. The deep sympathy of a large number of friends will go out to them in their bereavement.

The funeral will be held at 2:30 o'clock on Tuesday afternoon from St. John's (Stone) church, and will be preceded by a private service for the family at his late home, 125 Elliot Row. W. J. Murray, of Toronto, sales manager of the F. S. Bowser Co., has been in the city for a few days and he is remaining here to attend the funeral of one who was a much valued member of his staff.

Alfred Leonard.
 Friends will sympathize deeply with the family of Alfred Leonard, son of the late William and Margaret Leonard, whose death occurred Saturday noon at his home, 95 Rothsay avenue, after a lingering illness which he endured with great patience and much suffering. The late Mr. Leonard, who was 74 years of age, was a long-time resident of this city, being employed in the C. N. R. for 30 years. He is survived by his wife, two sons, Harry F., of Windsor, Ont., and Frederick L., of this city, and one daughter, Bertha M., of Victoria, Que. The funeral will be held from his late residence, 95 Rothsay avenue, Tuesday afternoon, October 21, and the service will be at 2 o'clock.

Miss Elms Short.
 Many friends in St. John will be greatly shocked to learn of the death of Miss Elms Short which occurred suddenly at her home in New Brunswick, Queens county, after an illness of only one day. Miss Short who carried on her work in St. John had gone to her home for a vacation and was expected to return to the city in a fortnight. She was apparently in good health and it is thought that her death was due to heart failure. She is survived by her husband, Mr. W. H. Short, and two children, a son and a daughter.

Hon. J. M. P. Pelletier.
 Hon. Dr. J. M. P. Pelletier, agent general for the province of Quebec in the United Kingdom, died suddenly last evening while visiting his daughter-in-law, Mrs. George Belleau, at Quebec.

Charles Fergie.
 Charles Fergie, noted mining engineer, died in Montreal yesterday morning. He played a prominent part in the development of the Nova Scotia coal fields. He was appointed general superintendent of mines of the Dominion Coal Co. Ltd. at Sydney, C. B., resigning in 1908.

Charles A. McAlpine.
 The death of Charles A. McAlpine, a former resident of Lower Cambridge, which occurred on September 4 at Melbourne, Australia, will be here with regret by many friends here. He had been a resident of Australia since 1864.

Dr. J. W. Menzie.
 Dr. J. W. Menzie, a former resident of Springfield, Kings county, died in Montreal on Oct. 12. Word was received by R. W. Menzie of Norton. For the last 20 years Dr. Menzie had been residing in Pittsburg. Interment was made in the family lot at Aylsbery, Saskatchewan.

Interment was made in the new Catholic cemetery.

N. B. WOMAN IS KILLED.
 Mrs. N. T. Roy, Bathurst, was killed yesterday afternoon when a car in which she was driving with her husband upset at Sand Hill about three miles from Bathurst. Mr. Roy, who was driving, escaped with a broken ankle, a dislocated shoulder and minor injuries. Mr. Roy leaves three small children.

BODY IS FOUND.
 The body of Winslow Brown, missing for the last 19 days when construction work on a dam near Plaster Rock, N. B., gave way and he was swept over the dam, was found yesterday lodged in a deep hole near the highway bridge pier on the eastern shore of the Tobique. Coroner A. W. Ridgewell decided an inquest was unnecessary. The body was interred in the Presbyterian cemetery at Plaster Rock.

“With us it was simply a Matter of Common Sense”
 Henry Wadham

“It wasn't the fear of a destitute old age that prompted us to decide upon a twenty year North American Life Endowment Policy,” remarked Henry Wadham. “It was simply a matter of common sense.”

“Like most young couples, we wanted to save a little money, and above all it was my duty to protect Marjorie in case anything happened to me. A combination ‘savings and protection’ scheme was, therefore, the logical thing.”

“I looked into the matter pretty thoroughly before doing anything, and then took out the Endowment Policy with the North American Life Assurance Company.”

“The result has been that each year I have mailed them a moderate sized cheque. This yearly payment covers two things—protection for Marjorie and savings for us both. The remainder of my income, we have spent each year.”

“Eight years from now, as a result of our forethought we will have \$10,000 cash—much more than we would have saved by stinting ourselves and banking the money and, as I have said, I have had through the years, the comfort of knowing that Marjorie was provided for in case of my death.”

Our booklet “Twenty Years Ahead” gives complete information. We will be glad to send it on request.

ANNIVERSARY CELEBRATIONS AMONG CHURCH EVENTS OF SUNDAY HERE

Noted Choir at Queen Square—Carleton Methodists Have Observance—Promotion Day in Sunday School—Visiting Preachers.

The 130th anniversary service at the Queen Square Methodist church last evening was attended by a congregation that taxed the capacity of the building and many who wished to attend had to leave the church door. The Yarmouth Wesley church male choir was heard during the service to excellent advantage. The church was decorated with pine and rowan berries which gave an autumn touch to the scene. Rev. Robert Smart preached in the morning, taking for his topic "The church of today" and again in the evening, his topic being "Jesus Christ, the same yesterday, today and forever."

Rev. Neil MacLaughlin, pastor of Queen square church, conducted the services, and made the announcements for the anniversary week. Mrs. Blair McLean, organist, played well, favorite voluntaries. She played Handel's "Largo" for the evening service. The Gilmour, treasurer and historian of the church, gave a concise history of the church. Among the wardens who assisted in the handling of the large congregations were N. A. Rogers, superintendent of the Sunday school, and R. Duncan Smith, recording steward.

Rev. Mr. MacLaughlin referred in the evening to the Yarmouth choir as having formed a strong fellowship between the Methodists of St. John and Wesley church, Yarmouth. The fathers, with the regular choir, made 50 voices to lead the great congregation, which sang heartily the old hymns of the Protestant church. Mrs. F. G. Spencer, Miss Frances Murdoch and Mrs. Frank A. Goddard were additional singers for the regular choir. Mrs. Lewis V. Lingley led the congregational singing.

Wonderful Singing
The singing of the Yarmouth male choir is being freely and enthusiastically commented upon today. That Yarmouth could produce such an organization seems something of a surprise, and that Professor Roy Williams has been able to accomplish so much with a small body of singers in but two years is almost incredible to those who heard the choir at Queen Square church Sunday. Mr. Williams, who is the organist at the Wesleyan Methodist church, Yarmouth, has had these singers under his training ever less than the time mentioned, and what he has accomplished cannot be understood by those who did not have the pleasure of hearing them. However, Mr. Williams could not work miracles, and latest talent represented by musical intelligence of a very high order must have been by no means lacking in each and all of those under his baton.

It is unfortunate that Queen Square

Protect Your Children from Goitre

Everywhere—particularly in fresh water areas you see large, hideous cases of goitre, not only unsightly, but often disastrous to mental and physical health.

Now, through scientific research a practical preventive that permits you to safeguard your children easily, without medicine.

The Canadian Salt Company solved the situation for Canadians by introducing a minute particle of iodine into the purest of salt—Windsor Table Salt. It has received the official sanction of hundreds of physicians and scientists as a practical goitre preventive.

Windsor Iodized Salt cannot be distinguished from pure Windsor Table Salt by taste and we recommend it to you for use on the table and in all your cooking.

You see goitre protection to your children.

Yesterday and the church was most attractively decorated with fruits, flowers, grain and vegetables. Large congregations attended both services and special music added to the inspiration of the service. The choir sang anthems that were much enjoyed. Rev. R. Taylor McKim, rector, was the preacher in the morning and his message was heard with great appreciation. In the evening Rev. A. L. Gardiner was the preacher and spoke impressively. A special offertory was taken and amounted to more than \$300. The Church of All Saints in East St. John, also held its harvest festival yesterday and the church hall was filled to the doors. Rev. Mr. Gardiner conducted the service and preached the sermon.

Gossip is Sin Against Religion was the theme of a forceful sermon delivered in Knox Presbyterian church, last night, by Rev. R. Moorhead Legate. Mr. Legate took for his text the quotation from the Epistle of St. James, "If any man among you seem to be religious and bridleth not his tongue that man's religion is vain." Mr. Legate pointed out that St. James dealt with the common everyday aspects of life and emphasized the practical side of religion and gave a reminder that

use of the tongue played an important part in determining the religion of the man or woman. He said that in the first place gossip sinned against religion as it was a waste of time and the Christian ought to try to redeem and put to good use all of the time he has. In the second place gossip sinned against religion as it transgressed the vital principle of Christianity, "that ye love one another." In the third place the habit of gossip deteriorated the mind of the gossipier and lowered his standards, interfering with his holding a big generous and kindly view of life. In closing Mr. Legate appealed for greater attention being given to the solemnity and beauty of words.

Carleton Methodists.
The Carleton Methodist church fittingly celebrated its 80th anniversary yesterday. The church building was first opened on May 15, 1842 when Rev. Dr. Rice preached the first sermon and the Sunday school which now has an enrollment of 225 was opened on May 15, 1845. The present pastor is Rev. F. T. Bertram who gave an eloquent address at the morning service yesterday. Miss M. Beattay is the present superintendent of the Sunday school. The men's Bible class under the direction of Rev. F. T. Bertram has a membership of 50 and is prospering. Every department of the church work is flourishing and the church celebrated its anniversary with a prevailing spirit of optimism.

At the service yesterday morning Mr. Bertram recalling the early days of the church read an extract from a bound copy of an old Methodist magazine dated 1841. He said previous to 1842 the Methodists in Carleton met in

Floors that are permanent

WHEN a Dominion Battleship Linoleum floor is laid it is laid for life. Its durability is proof against the heaviest traffic; there is never a question of replacement or expensive refinishing. This is a practical economy that appeals to business men and heads of public institutions everywhere.

But permanence is only one of Dominion Battleship Linoleum's many advantages. It is seamless, crackless and non-absorbent. Dirt or dust cannot grind into its smooth, firm surface. Cleaning is thus a simple, inexpensive task, curtailing janitor costs.

You have only to walk on a Dominion Battleship floor to realize its comfort. Soft and springy, it takes the jar and noise out of walking. It is a dignified, good looking floor that has proved its economy and all-around serviceability in Banks, Schools, Hospitals, Offices, and public buildings, everywhere.

Made in four standard shades—brown, green, terra cotta and grey. Special colors for large contracts. Send to-day for free samples and literature.

POST'S BRAN FLAKES

With Other Parts of Wheat

Good as a "Daily Dozen"

REGULAR exercise eliminates poisons from the system. So does Post's Bran Flakes. If you don't get one, you need the other.

Post's Bran Flakes is the one laxative food which tempts you to eat it every day. It's delicious—crisp toasted flakes with a wonderful bran flavor. Splendid food value—all the nutriment of other valuable parts of wheat. But most important—the sure, helpful, pleasant laxative effects of bran.

Eat Post's Bran Flakes regularly. You need it. But be sure it is Post's Bran Flakes. Your grocer has it.

Social Notes of Interest

Mrs. Allen G. McAvity and a party of women motored to New River for the week-end, arriving home last evening.

Plans were made for a tea to be held early in November by the women of the Labrador Mission, which is under the direction of Dr. Wilfrid Grenfell. Mrs. W. A. Harrison is the local president and Miss Frances Stetson the secretary-treasurer.

Miss Frances Smith, daughter of Mr. and Mrs. R. Duncan Smith, who is to be married on Wednesday of this week to Mr. Ralph Stephenson, in Queen square church at 6.15 o'clock, was the occasion for a very bright luncheon on Saturday at the home of her cousin, Miss Jean Smith, daughter of Mr. J. Willard Smith. Covers were set for eight. The table was bridled in its decorations with white carnations and snapdragons, with candles of delicate pink. The bride-elect was presented a tea set of valuable china. The guests were Miss Frances Smith, Miss Daisy Stephenson, Miss Helen Smith, Miss Helen Robertson, Miss Olive Smith, Miss Evelyn Hanson and Miss Margaret Gilmour. The mothers and older friends of the guests came for coffee and to view the gifts, which were displayed in the large drawing room.

Mr. Ralph Stephenson, groom-elect for the Stephenson-Smith wedding to take place on Wednesday, was the occasion for a very enjoyable stag dinner on Friday evening last when Messrs. G. Clayton Teed and J. Lehol King were the hosts at the home of the former, 22 Crown street. Bridge was played in the evening at three tables. Covers were set for 12 and Mr. Stephenson was given a gold fountain pen by the gentlemen present, who were Fred Green, C. R. Morrofski, who were prize winners at bridge: A. L. Robertson, Ralph and A. Stephenson, Charles Scott, Lewis V. Lingley, Arthur Walker, Blair McLean, Kenneth MacLauchlan and the hosts, Clayton Teed, Lehol King. Mariolis centre, the table and autumn tints were introduced into the decorations of the rooms.

Mr. and Mrs. C. H. Watts have announced the engagement of their only daughter, Beulah Kathleen, to Mr. George Melvin Harris, of Montreal, son of Mr. and Mrs. G. M. Harris, Glenlake avenue, Toronto, the marriage to take place on Monday, Nov. 5.

Miss Julia Curry returned Friday afternoon after a two months' visit with Mrs. R. A. Farquarson in Toronto.

James F. Browne, former organist of St. John's (Stone) church, was the honor guest on Saturday evening when Mr. and Mrs. Stanley Harrison entertained at their home in Lancaster, and there were present about thirty friends who had been members of the choir when Mr. Browne was organist. A. C. Brunham, the member of longest standing on behalf of those present presented to Mr. Browne a handsome leather letter case with his initials. Appreciative words were spoken as the presentation was made and Mr. Browne expressed his thanks in a pleasing speech. The evening was spent most enjoyably with music and games, and the hostess served refreshments.

SAYS MANY WOMEN SHALLOW-MINDED Superintendent Gives Reasons For Lower Pay For Female Teachers.

Albany, N. Y., Oct. 20.—Roused to protest by a question as to why a good woman teacher should not be paid as much as a man, Superintendent Frank D. Boynton, of Ithaca, declared before the New York State Council of School Superintendents that there was no reason, but the state equal pay law did not so provide. He said: "We pay any bob-haired, carmine-lipped, cigarette-smoking, immodestly clothed young college girl \$6 a day to begin teaching. That's the type of woman that we are getting from the college employment bureau, which care only if she is a phi beta kappa student. That is all they are interested in. You superintendents do not employ that kind if you know it, but you will find them if you search out for yourselves. We have too many would-be in our schools, too many who are men chasers and who wait to quit only until they have hooked some fellow. I know whereof I speak, for I unloaded fifteen of them last year." Supt. Boynton added that equal pay was all right when teachers had passed the professional line, after years of service assured their continuance in the schools.

ANNIVERSARY CELEBRATIONS HERE SUNDAY (Continued from page 6.) Methodist church, who had for the subject of his sermon "Wisdom in Christian Religion" and took for his text Ephesians 6:11-17. The pulpit and altar rail of the church were beautifully decorated with rowan berries and red dahlias and other flowers. The choir, led by Mr. Punter, furnished excellent music, while Miss Ada Thompson was at the organ. At the morning service the choir sang as an anthem "Onward Christian Soldiers" and in the evening two anthems were sung "How Long Will Thion Forget" and "Rejoice the Lord is King." Miss Olive Kingston sang a solo entitled "Spirit of God" and a male quartette composed of Messrs. Punter, Belva, Long and Blair sang "God of Mercy" by Nevin. Large congregations attended both services.

Prominent Visitors. Rev. Dr. R. A. Hills, general secretary of the Religious Education Council of the Church of England in Canada, and Rev. Canon Vernon, general secretary of the Social Service Council of the Church of England in Canada, who are on a two-weeks' tour of the province, addressed large congregations in city churches yesterday. Canon Vernon was the preacher at Trinity church in the morning, and in the evening he gave a special harvest festival sermon at the harvest festival in St. James' church. Canon Vernon gave the address at the Children's Day service held in the afternoon for the scholars of St. George's and St. Jude's Sunday schools, who met together in St. George's church. The special service was conducted by Rev. J. H. A. Holmes, of St. Jude's church. The beautiful flowers in the church were placed by the family of the late Isaac Ketchum, former church warden, at the day was the anniversary of his death. The Children's Day service for Trinity Sunday school was held in the church, and was conducted by Rev. C. J. Markham. The address was given by Dr. Hills. Dr. Hills was the preacher in St. John's (Stone) church yesterday morning and in St. Luke's church in the evening. Urges Study of Bible Rev. J. S. Bonnell preached last evening in St. Andrew's church to a large congregation. The large choir was led by Miss Blenda Thompson. Mrs. F. Hodgson was organist. Rev. Mr. Bonnell took for his text the passage: "For now we know in part, 1 Cor. 13:12. The thought emphasized was that it was unwise for anyone to give up what one knew because of what one did not know. There was a total or partial ignorance about many things in science, yet the students of medicine and biology did not cease to follow up their findings. The speaker made the application in regard to religious matters and urged the study of the Bible and the person of Jesus Christ. Exchange Pulpits The Baptist ministers of the city observed their customary monthly interchange of pulpits yesterday morning. Rev. Dr. C. R. Freeman, of Charlotte street was in Germain street church. Rev. James Dunlop, of Central church, was in Waterloo street church; Rev. A. L. Tedford, of Tabernacle church, was in Victoria street church; Rev. E. R. MacWilliams, of Waterloo street church, was in Ludlow street; Rev. Dr. S. A. Poole, of Germain street, was in Central church; Rev. G. B. MacDonald, of Victoria street, was in Main street; Rev. W. A. Robbins, of Ludlow street, was in Charlotte street, and Rev. Dr. Hutchinson, of Main street, was in Fairville.

FINE AND PRISON FOR DRUG TAKERS Two Years and \$1,000 Fine Imposed in Vancouver Court.

"We all want to help you young men if we can; but we have to prevent you becoming centres of infection," said Judge Cayley, of Vancouver last week, when John J. Gormley, Fred Beckman and Dan Anderson, who pleaded guilty to having drugs in their possession, were brought before him for sentence. "You fellows cannot use drugs without wanting others with whom you come in contact to use them also, therefore the only thing to do is to remove you to a place where you have no influence. I will sentence each of you to 24 months in the penitentiary, and a fine of \$200 each in default of payment of which a further month must be served." Further, Judge Cayley informed the trio that he would personally communicate with the warden of the penitentiary asking that special care be given them, and that in the event of their being cured within a reasonable time, they be given another opportunity to apply for parole, which he would recommend.

FAIRVILLE AND VICINITY. Mr. and Mrs. Oliver Stinson who had been visiting relatives in Vancouver for two months have returned home after a very delightful trip. Mr. and Mrs. William Murray, of New River, have returned from a pleasant visit of several weeks spent in Vancouver and they are now guests of Mr. Murray's brother, Charles Murray, at New River. Mrs. Alno Theal, of Watter's Landing, is visiting her brother, William Stout and Mrs. Stout, Milford. Mrs. John Fowler, of Church avenue, Fairville, who has been a patient in hospital for some time had her leg amputated on Friday.

HOLE IN ROOF. The fire apparatus at No. 6 station, King street, West St. John, was called out by a still alarm at 6.55 o'clock last evening for a slight fire on the roof of Arnold Martinson's house, 11 DeMonts street, the fire having started from the chimney. Only the chemical was used in extinguishing the blaze, and the entire damage resulted in a hole being cut in the roof and some smoke which entered the upper part of the building.

MAY GET CANNING FACTORY. A Fredericton despatch says: "G. Orser of Pictou, Ont., who was expected to be here Friday, to confer with farmers relative to establishing a canning factory in Fredericton, did not arrive, but the farmers who gathered at the experimental station were enthusiastic over the matter. Supt. C. E. Bailey will report to Mr. Orser and arrangements will be made for a conference at a future date."

SNOW IN WOODS. Charles Wright, a Tobique River guide, reported yesterday at Plaster Rock, N. B., that there was about five inches of snow near one of his camps at Wapkehegan.

ANNOUNCEMENT FROM CHURCH UNION OFFICE IN TORONTO Toronto, Oct. 19.—In a statement issued from the Church Union office, it is declared that Presbyterian congregations and members who fail to enter into the coming church union on June 10 next, will face the alternatives of separation from the Mother church, from the great Canadian West, from Foreign missionaries and their work, and will also face the alternative of distraction, due to centering interests and work upon the organization of the new church body.

HOLDS INVESTIGATION. Hugh H. McLellan, Provincial Fire Marshal, returned to the city on Saturday from Chatham where he was holding a court of investigation into a fire which destroyed the store of Charles Farrah. He had examined several witnesses and was working on the information he had received from them. The investigation was not completed, he said, and would be taken up again in about two weeks. CHIEF BLAKE BETTER. Commissioner Harding announced last night that Chief Blake of the Fire Department was so much recovered from his illness that he would be able to leave the house today or tomorrow.

BARKER HOUSE CLOSED. The Barker House, Fredericton, which has been operated by T. V. Monahan for some 16 years, was closed on Saturday. Mr. Monahan transferring his business to the Queen Hotel, which he has under lease. His lease of the Barker House will expire on January 31. It is expected that at some time, after that date, the Barker House will be operated by others. WHEEL BROKEN. On Saturday evening while driving in Prince Edward street, an automobile driven by Roy Potts, skidded on the slippery pavement and collided with the curb, breaking a rear wheel of the car.

SPORT NEWS GLEANED FROM WORLD'S CENTRES

FAMOUS GOLFER WRITES OF GAME

Says Few Honest With Themselves on Standard of Play.

(By MISS CECIL LEITCH.) How often do we hear a critic use the expression, "when he (or she) is on his (or her) game" during a discussion about the respective merits of two players or, yet again, when speaking in enthusiastic terms of the ability of some new golfer?

It can safely be said that this expression is one of the most hackneyed in golfing parlance, and we can even go further and say that it is one of the most misused. Two critics were discussing the play in the open championship after the event was concluded:

First Critic: When he is on his game nobody can beat him. Second Critic: But Duh is the finest golfer in the world. For obvious reasons the names of the two players under discussion are omitted, but the remark of the second critic does not fail to be appreciated.

The Flash of Brilliance. Of the thousands of people playing golf there are very few who are absolutely honest with themselves as to the standard of their play. The majority glide themselves that their one good round out of fifty is really their true form, and that the remaining forty-nine rounds they were off their game. How much better it would be for all concerned if they would face the truth as did that famous old golfer (almost dead) who came to the conclusion that when he played well he was off his game!

The second critic expresses in a nutshell a world of truth. It is the player who produces his or her game forty-nine times out of fifty who deserves to win the laurels, and not the one who provides a flash of brilliance on rare occasions. Every player, good or bad, experiences certain days which bring him or her many of his followers. But no player can depend indefinitely upon favorable kicks and other forms of outside assistance, so the grand total must be taken into consideration and not merely the best round.

There is no better way of striking an average than by keeping a golfing diary and inserting therein the approximate score for each round. When this is compared with the scratch score for the course, one has the truth brought home. In a 36 hole medal competition, played recently over a links with a scratch score of 75, a certain player, with a handicap of ten returned a gross score of 74 for his second round. The player in question might be considered over-handicapped until the total of his first round—86—is disclosed.

The method of handicapping used by the Ladies Golf Union is particularly sound in this way, as a player is handicapped on these occasions as if he were saddled with a ridiculously low handicap earned on one freak round. For those who are in possession of a minus handicap, a net return which equals the scratch score of the course is proof that they are playing to handicap.

Many players are inclined to be dissatisfied with such a return and explain that "if they had not had three putts on certain greens or hadn't had an eight at another hole they would have been so many strokes better." An honest critic would be considered sympathetic were he or she to explain that the player's handicap is meant to compensate for such lapses and that the grievance was really playing to form.

Weak Links. The only way to look back upon a medal round is to remember the shots which were exact and halcyon these around the mistakes which were made. Nearly every player has a weak link in his or her game. It may be weakness in iron play, it may be in putting, but whatever it is the player is conscious of it at heart, though he or she may make every effort to hide it from an opponent.

On the days when these players are doing good figures, it will often be found that the weak shot in their game was not wanted as often as usual. The bad putter has probably been approaching particularly well; the direction of the wind may have called forth very few iron shots from the weak iron player; the poor performer near the greens may have had rare occasions to use any of the dreaded weapons; but these players should not gull themselves into thinking that "they were on their game" during the playing of these rounds. Rather let them say their weakness will find them out eventually.

I have been particularly interested recently in watching the methods adopted by various players when approaching and the causes of failure in this department of the game, and my observations have convinced me, more strongly than ever, that 90 per cent. of the missed shots in golf are the re-

Dependable (60 Million Satisfied Customers) Good Looking (Clean Cut and Handsome) Big Value (You get the benefit of the saving from immense quantity production)

First Critic: When he is on his game nobody can beat him. Second Critic: But Duh is the finest golfer in the world.

Having made rather severe remarks about golfers in general will now criticize my own efforts and admit that I have at last conquered, to a certain extent, a lifelong tendency to swing too quickly with every club. The results have been sufficiently effective and pleasing to warrant a continuance of the slower methods, and I would strongly advise those whose iron play is in doubt to seek for the cure in this direction.

Stabbing, socketing, and topping are very common results of this snappy action. The player with a snappy swing will have his good days like everyone else, but these will not be representative of his form.

DR. STEWART JOINS BOSTON PRO. TEAM Was Leading Goal Tender in the Ontario Hockey League.

Hamilton, Oct. 19.—It has been announced that Dr. Charles Stewart, goal-keeper of the Tigers' senior amateur hockey club, has signed a contract for the team. The Boston professional hockey team, which was drawn by Art Ross, has been made public. Dr. Stewart was regarded as the best goalie in the Ontario Hockey League. He will leave for Boston at the end of this month and will enter business there. Captain Cooper, also of the Tigers, has also been approached but as yet he has not accepted.

It was learned recently that George Redding, all-round amateur star, had accepted the offer of the Boston representative.

WANDERERS BEAT DALHOUSIE, 15-3 Halifax, N. S., Oct. 19.—Wanderers Rugby squad again defeated Dalhousie, 15 to 3, in their second game of the season played at the former's grounds yesterday afternoon. Wanderers converted a try in the first half and repeated the operation twice in the second while the Dalhousians made their try near the end of the game.

FRENCH BOXER SUES DOCTOR FOR NOT FINDING BROKEN BONE Paris, Oct. 20.—Marcel Nilles, French heavyweight pugilist, has brought suit against a French boxing federation doctor who disputed his claim to a broken bone in the left hand when he abandoned the second fight here in the sixth round. Stating that an X-ray the next day proved there was a fracture, the fighter asks damages for the injury to his reputation through unpleasant comment the morning after the fight, based on the doctor's erroneous diagnosis.

FORMER MANAGER OF DEMPSEY KILLED

"Buck" Weaver Accidentally Shot While Hunting With Friend.

Pueblo, Colo., Oct. 20.—Norman ("Buck") Weaver, aged 42, first manager for Jack Dempsey, was accidentally shot and fatally wounded nineteen miles southeast of here recently while hunting ducks. He died several hours later, after being brought here for medical aid.

Weaver's death was caused by the accidental discharge of a shotgun from the boat of Howard Walker, aged 22. Walker and Weaver were in different boats and Walker laid the gun in the bottom of his boat and picked up the oars to row. The gun was accidentally discharged and the shot struck Weaver in the face.

Weaver, who was well known in sporting circles, was manager for Dempsey when the latter made his first real appearance in the ring at Durango, Colo.

ESTABLISHES NEW RECORD. Latonia, Ky., Oct. 19.—Climaxing his record breaking performance during the last twelve days, Chillohwe, winner of the 1924 Latonia Derby, established a new American record yesterday when he won the Latonia Champagne Stakes at a mile and three-quarters for three-year-olds in 2:54.84 clipping one second from the record made by Rock Minister in the same race on Oct. 21, 1922. Five lengths behind the brilliant Kentucky performer came Mattie, a length and a half ahead of Aga Khan.

INTERMEDIATE RESULTS. The Wanderers defeated the Martletos by a 9-0 score, while the Orioles and Canucks battled to a scoreless tie in the two Intermediate Football League games in the Sand Cove Road grounds on Saturday. Sherwood of the Canucks' half line, had his collarbone broken during the first half. His place was taken by McIntyre, who finished out the game. Quigg made two and McCauland the other of the three touchdowns for the Wanderers. Frank Campbell refereed in the Wanderers-Orleans game.

TEN STRAIGHT VICTORIES. Kingston, Ont., 20.—Queen's University, Canadian Rugby champions, brought their total of consecutive victories to 10 when they defeated Jack Newton's University of Toronto squad played at the Ricard Memorial Stadium, Saturday.

OTTAWA DEFEATED. Ottawa, Oct. 20.—Ottawa's rugby team was practically eliminated from the Big Four Championship race Saturday when they were defeated at Lansdowne Park by Hamilton Tigers, the final count being 6 to 1.

CRITIC REVIEWS RECENT SCANDAL

Considers It Due to Game Being So Highly Commercialized.

(By Henry L. Farrell.) New York, Oct. 20.—(United Press)—During the scandal that broke out just before the recent world's series, which resulted in the expulsion from organized baseball of Casey Dolan and Jimmy O'Connell, the opinion was expressed that the world's series should be abolished.

Ban Johnson, president of the American League, raved that Commissioner Landis should have declared the game should have been so highly commercialized. The club owners are responsible for that.

Instead of charging the highest price for tickets that the public would stand for and instead of grabbing every cent they can get from the players, they ought to give the players, reason to believe that there is something in the business except dough.

The money-grabbing tactics of the club owners was shown this year when they refused to pay the players for the games played in the world's series. You might argue that it is foolish to suggest that the players should get a regular salary for working for the rich players, but perhaps the rich players are, nevertheless, giving evidence to the players that they consider money first, last and always.

When the players have to work under such conditions it is not strange that they might get the opinion that it is nothing but a money game, that there is no sport in it, and that the only offense against the ethics of their profession is to be caught at it. It is interesting to bear the various official comments that were made about the acts of Dolan and O'Connell in trying to beat Henle Sand, the Philadelphia shortstop.

"The appalling stupidity of it" was the reply of Commissioner Landis when he was asked what his reaction was. "Just a couple of fools," Manager McGraw said.

Everyone agreed that it was a foolish piece of work. The idea was not sound and the execution was crude. Why they talk only about the foolishness of any attempt? Why not call it by its right name? It is impossible to believe that Jimmy Dolan was putting out \$500 of his own money, and it is hard to believe that he would be so stupid as to do it. It is impossible to believe that Dolan was acting on his own.

If those in charge of professional baseball do not become a little more liberal in giving all the details of their investigation and do not make public more of the testimony, there is bound to be a lot of talk this winter when baseball news is hard to get.

Commissioner Landis refused to make public the testimony in Washington and in New York. Dolan refused to talk and, if it had not been for the statement of O'Connell, no one would have known that the name of three other players had been mentioned.

John A. Heydler, president of the National League, did as much as he could to furnish all the details. He told how the case was brought to his attention and how he proceeded. He could do nothing more. Commissioner Landis knew much more—but he refused to give any of the details. He upbraided the writer when he asked him in Washington for the details and the newspapers were entitled to

Ask for the Genuine Tooke

You get real comfort, style and wear if you insist on the genuine and look for the name. The band collar that looks right and wears right.

KANT-KREASE 35¢ Each 3 for \$1.00 SEMI-SOFT COLLARS

He tried to establish his position by a series of personal attacks on the writer and some threats that he would be kicked out if he appeared in his room again "in the same condition." Landis was right in saying that the world's series should not have been called off. If there were any reasons why the world's series cannot be straight, the major leagues should be abolished.

If there is such a menace of big money in the game, the club owners can reduce the temptation by reducing the price of admission to the games and by giving the players and the public some reasons to believe that there is something in baseball besides the game.

Instead of charging the highest price for tickets that the public would stand for and instead of grabbing every cent they can get from the players, they ought to give the players, reason to believe that there is something in the business except dough.

When the players have to work under such conditions it is not strange that they might get the opinion that it is nothing but a money game, that there is no sport in it, and that the only offense against the ethics of their profession is to be caught at it. It is interesting to bear the various official comments that were made about the acts of Dolan and O'Connell in trying to beat Henle Sand, the Philadelphia shortstop.

"The appalling stupidity of it" was the reply of Commissioner Landis when he was asked what his reaction was. "Just a couple of fools," Manager McGraw said.

Everyone agreed that it was a foolish piece of work. The idea was not sound and the execution was crude. Why they talk only about the foolishness of any attempt? Why not call it by its right name? It is impossible to believe that Jimmy Dolan was putting out \$500 of his own money, and it is hard to believe that he would be so stupid as to do it. It is impossible to believe that Dolan was acting on his own.

If those in charge of professional baseball do not become a little more liberal in giving all the details of their investigation and do not make public more of the testimony, there is bound to be a lot of talk this winter when baseball news is hard to get.

Commissioner Landis refused to make public the testimony in Washington and in New York. Dolan refused to talk and, if it had not been for the statement of O'Connell, no one would have known that the name of three other players had been mentioned.

FREDERICTON HIGH WIN LEAGUE TITLE

Defeat St. John High School in Closely Contested Match.

Fredricton High School captured the Inter-school League championship for 1924 and incidentally secured permanent possession of the cup donated to the league by the U. N. B. when they defeated St. John High School at Fredricton on Saturday afternoon by the score of 6 to 3. Dr. A. F. Vanwart refereed the contest.

The local team showed a big improvement over their previous form and gave the capital aggregation a hard fight all the way. Fredricton made their heaviest gains by resorting to kicking and long runs by the back field while the locals used their weight to good advantage.

During the first period the play was chiefly in the local's territory as the Fredricton players kept up a steady stream of play. Babbitt failed to convert for a try. Babbitt failed to convert and the period ended 3 to 0 in favor of the yellow and black.

The Fredricton team opened the second period by returning the locals' kick-off and then drove steadily towards their goal line. After about three minutes of play Simpson got around the end of the line for Fredricton's second try. Babbitt again failed to convert.

The St. John team then commenced to use their weight in the forward line to good advantage and pressed the capital players back steadily although the eagerness of one of the local halves, who persisted in playing off-side, hindered the locals greatly. Babbitt made long gains for Fredricton on the free kicks awarded for the off-side play.

Captain Linton scored from near the Fredricton line after a series of scrums. Merritt failed to convert an easy chance, the ball hitting the goal post. This made the score 6 to 3. The teams were: Fredricton High—Fullback, Parker; three-quarters, Simpson, Hewitt, Boyd, Goodspeed; halves, Babbitt (captain), Rutter, Douglas; forwards, Wishart, Oldham, Douglas, Seely, Slipp, Smith, Woods.

St. John High—Fullback, G. G. Brown; three-quarters, Whitaker, Brown, Brown, McKenzie; halves, Linton (captain), Smith, P. Penton; forwards, Hatfield, Peters, Spang, Merritt, Kennedy, Corbett, Petrie, Haley, Lee, Green, Stratton and Craft were carried by St. John High as reserves but were not used.

INDOOR MEET PLANNED. An indoor track meet between the seniors and the High School will be held in the Y. M. C. I. next Friday night. The events will include running and standing high and broad jumps; pull-ups; shot put, potato race, 220 yards on track at time, and a relay race, four men to a team. Preparation for this first event of the season will make a considerable stir in the Institute this week. As the announcement of the event was only made on Saturday, the boys and seniors will have to get down to hard work.

ARGONAUTS WIN. Toronto, Oct. 20.—Argonauts went into undisputed possession of second place in the Inter-provincial rugby standing when they defeated M. A. A. 14 to 4 here Saturday.

ALL READY FOR BOUTS TONIGHT

All arrangements have been completed for the staging of tonight's boxing show at St. Andrew's rink. The following will act as officials: Referee, John Daley; timekeeper, Elmer Ingram; judges, James Laidlaw and Humphrey Sheehan; director, George Lawson; announcer, Wm. Case; medical examiner, Dr. Harold S. Clarke.

There will be two bouts, and the first will be staged at 8:30. Parking space will be available for many cars on both sides of Queen Square and there will be special street car service almost to the doors of the rink.

The fans who saw Newton work out on Saturday were greatly impressed. Newton will force McIntyre to fight, as all his contests he has proven very aggressive.

McIntyre will enter the ring tonight wearing the colors of the maritime provinces. His opponent for tonight appears to be a very clean-cut individual. Although here but a few days he has become quite a favorite.

The semi-final is a main bout in itself and will bring together Collin, of New Waterford, Cape Breton, and Clyde McGinnis, of Halifax, in a bout that is scheduled to go eight rounds with the maritime/bantamweight title at stake.

U. N. B. HAS CLOSE
CALL SATURDAY

Plenty of Worry, Score
Being 7-6.

Displaying an indomitable fighting spirit that almost snatched victory from defeat in the dying moments of the game, the Trojan rugby team bowed to U. N. B.'s championship fifth team on the East End grounds, Saturday afternoon, 7 to 6, while some 300 spectators silvered and roared themselves hoarse in a cold, cutting wind that blew diagonally across the playing field. This was the first defeat sustained by the Trojan team on its home grounds in two years but even the most partisan university fan will admit the college team had very little on the local boys and that very little can be summed up in two words—Paul Fraser. Fraser's booting and line-playing ability proved a deadly match for a gallant and fighting Trojan scrumline that lacked an aggressive following-up by an inexperienced half line.

The game had barely started before Fraser pulled off a drop kick from centre field for a field goal. There was plenty of power behind it and it sailed high above the posts. The referee, Rev. C. J. Markham, former King's star, allowed it, and with a four-point lead the capital outfit proceeded to mop up the score, but met with determined opposition for the remainder of the half, and the period ended: U. N. B., 4; Trojans, 0.

Kerr's Collar Bone Broken.

In the opening minutes of the first half, Leslie Kerr, one of the mainstays of the Trojan half line, was thrown heavily and had to leave the field. It was found later that the popular Trojan star had suffered a broken collar bone that probably will keep him out of the game for the remainder of the season.

Manager Godding of the Trojans said this morning the injury would keep Kerr from his work for some time and because of this he said he would try and arrange a benefit game for two weeks from last Saturday with the Moncton outfit. This course of action should meet with the hearty approval of the fans, as Kerr is one of the best-liked athletes in St. John today.

The loss of Kerr was a serious handicap in view of the fact that Frank Campbell and Alan MacGowans, two other experienced backfield men, were not in the game on Saturday, and that left the brunt of the work to Bayly, Hutchinson, Eric Snow and Gordon Wilson. Despite their inexperience at the position, they gave their best in trying to hold the U. N. B. half line when it got away to a run and left the real work to the scrum, led by Captain Henry Hollies. The referee gave the advantage over the visitors, but fumbles in passing on the Trojan half line resulted in big gains for the college outfit.

The first period was quite tame outside of a few minor scraps and the real thrills were packed into the final moments of the game. MacMurray resisted the tactics of Jones, U. N. B. forward, and was with difficulty restrained from taking the law into his own hands in the second half near the U. N. B. line, made a rush for Jones and the two went down in a heap. They were finally separated, and MacMurray showed the technique in his hand to Referee Markham, claiming the U. N. B. forward had done it. The referee immediately ordered a free kick for the Trojans. Then the fireworks began.

Snow took the kick, but failed. Trojans then started a fierce assault on the U. N. B. battlements and the tide of battle ebbed and flowed repeatedly close to the U. N. B. line, with Trojan rosters shouting themselves hoarse in encouragement. Fraser delivered the situation with a long punt down field, and from a scrimmage about 40 yards out from the college line Trojans were awarded a free kick. Bayly, who played last year with High School, took the kick, and Snow was suffering from a twisted ankle and could hardly stand upright. The youngsters caught the rebound right in the toe and the ball sailed directly over the U. N. B. crossbar. That made it: U. N. B., 4; Trojans, 0.

On a beautiful running attack, U. N. B. scored its first touchdown, with eight minutes to go, Fraser being responsible. He failed to convert. That made it, U. N. B., 7; Trojans, 0. Undaunted by this reversal, the local boys made one mighty effort to close the gap and came within an ace of doing so in one of the finest exhibitions of gridiron seen here in many a day on a football field. With Hollies barely able to stand owing to a wrenched leg, Snow sporting a twisted ankle, Bridges doing likewise and the entire team well-nigh winded from his heroic efforts, they commenced a succession of battering-ram attacks on the U. N. B. line that drew them to within five yards of the line, with the college boys fighting bitterly and hard to retain their lead. Here, U. N. B. made a last ditch stand to head off the relentless Trojan scrum, but on a scrimmage within eight of victory, Hatfield grabbed the ball and fell full length over the line for a touchdown amid the frantic cheering of the crowd present. Bayly took the convert and had he succeeded Trojans would have won the game. He failed, however, and the final whistle blew as the teams lined up again. U. N. B., 7; Trojans, 0.

It was not a game the expert would enthuse over, but fumbling and poor tackling can largely be accounted for owing to the state of the grounds. The only reason why it might be termed a playing field was its size. Its quality consisted mainly of rocks, cinders, broken bits of glass and a tough yielding surface that exacted heavy toll from the players. U. N. B. played a good, careful game, particularly the half line, there being very few fumbles when they got the ball. But the real honors of the game go to the Trojans, who made one mighty effort to close their bet and deserve unstinted credit. If the spirit of battling against heavy odds counts for anything, that final period gives the laurel wreath to the Trojan scrumline.

Saturday's lineup follows:
Trojans. Fullback U. N. B.
Hutchinson B. Jones
Bayly McCaffrey
Humphrey Donohue

ARTIST AND WIFE
WERE ENRICHED BY
GRATIFIED OLD MAN

"Befriended Me During My Loneliness in a Great City."
OVER A MILLION

Fortune was Made in Cuba by Tennessee Boy Who Rose From Poverty.

New York, Oct. 20.—A lonely man's gift of more than \$200,000 to a family that gave him a "real home" was disclosed on Friday when the appraisal of the estate of Robert B. Hawley, president of the Cuban American Sugar Company, was filed, showing that shortly before his death and by his will he bequeathed to Mrs. Arthur G. Learned of 36 Gramercy Park, and their son, Bruce, Mr. Learned is an artist.

Mr. Hawley described his feelings for the Learned in his will when he said that the gifts were "in token of my respect and affection and in appreciation of their kindness in giving me a real home and otherwise befriending me during my loneliness in a great city."

Mr. Hawley, who died at the Learned home on Nov. 28, 1921, of acute indigestion at the age of 72 years, left an estate appraised at a gross of \$1,832,209, but because of debts of \$658,560 and other deductions the net was only \$1,173,649. The appraisal disclosed, however, that within two years before his death Mr. Hawley gave away property amounting to \$183,487, a large part of which went to the Learned family.

The will gave \$272,591 as half the residuary estate and \$100,000 each for life to Mr. Hawley's grandsons, Hawley Oakes and John C. Oakes, Jr., the two children of Colonel John C. Oakes, U. S. A., of Governor's Island. Colonel Oakes married Mr. Hawley's only daughter, Sue, and after her death he remarried. He was not mentioned in the will, but made an affidavit explaining trust deeds made by Mr. Hawley in 1915 for Colonel Oakes' sons. He said that he was about to sail for duty overseas with his command, and Mr. Hawley asked him what could be done that would "make him feel easier." Colonel Oakes stated that if Mr. Hawley would create two trust funds of \$100,000 each for his sons so that he could leave his own small estate to his present wife, he would be grateful.

Gifts to Learned.
The will naming the members of the Learned family gave Mr. Learned the contents of Mr. Hawley's apartment in their home valued at \$600, and \$90,000 to Mrs. Learned, and gave \$100,000 in cash and 1,000 shares of the Central Agency Sugar Company, valued at \$66,750, to

their son Bruce. The appraisal showed that in the property having a total value of \$813,487, which Mr. Hawley gave away several years before his death, was \$10,137 in French bonds and \$5,678 in sugar stock to Mrs. Learned; 20,000 shares of Cuban-American sugar stock, valued at \$220,500, to Mr. and Mrs. Learned; sugar stock worth \$29,200 to their son Bruce and 278 shares of Gramercy Park Club stock, valued at \$34,750, to Mrs. Learned. The total is \$557,712.

The trust funds executed by Mr. Hawley for his two grandsons consisted of \$136,000 in cash and Cuban-American sugar stock worth \$428,500. Mr. Hawley was a native of Tennessee and before he was of age was compelled to support his mother, sister and brother. He went to Galveston, Tex., and opened a store, later going into sugar ventures in Cuba. The bulk of his estate consists of sugar stock, including the following: 3,000 shares of the Central Agency Sugar Company, \$175,000; 14,970 shares of Cuban-American sugar, common, \$303,336, and 6,024 shares preferred stock, \$425,000. An interest in the Cuban Dominican Sugar Development Syndicate was valued at \$237,500.

The will gave \$25,000 each to the Y. M. C. A. and the Salvation Army, of Galveston, in memory of his daughter, Sue. He left \$25,000 to Harry Hawley, a nephew, and \$40,000 each to his brothers, Joseph, and a sister, Mrs. L. G. Williams. He gave \$12,000 each in trust to Mary R. Crane and Ashley F. Fyfe, friends.

Testimonial From Menocal.
"An affidavit by former President Menocal of Cuba, filed for the purpose of proving that Mr. Hawley had no expectation of death at the time he gave away a large part of his estate, and that he had always been in good health, said that President Menocal had known him intimately since 1900, and that together they had developed the sugar industry at Chapparo, Cuba. President Menocal added:

"I never knew a man who devoted so much time and energy to his work, for he took his duties much to heart and devoted his life to work for others. He often discussed business with me until 3 a. m. He had vitality to stand a strain which would have killed half a dozen weaker men. The only time I ever knew him to be ill was when he fell from a horse and broke four ribs, and then he insisted on walking around, and traveled to New York in that condition."
"Ex-President Menocal said that Mr. Hawley brought the Learned to Cuba with him in 1912, at which time Mr. Learned made portraits of the Menocal family. "He introduced them as his children," said President Menocal, "and spoke of the honors which he had found happiness after having lived a lonely life in hotels. He cared for few people but loved them dearly. He had no regard for a fortune for himself."
The affidavit stated that Mr. Hawley had been appointed a member of the Government Commission to move the Cuban sugar crop of 1920-1921, and "devoted great energies to that work. President Menocal said he did not believe Mr. Hawley could have achieved what he did unless he had been in the best of health."

BIG CHANGES MADE
NEAR VIMY RIDGE

Five Important Contracts For Work in Battlefields Nearing Completion

Quebec, Oct. 20.—That surprising changes have taken place in the vicinity of Vimy Ridge and other parts of the French and Belgian battlefields since the termination of the war, changes that would astonish those Canadian soldiers who have not had a chance to visit the scenes of the conflict was the gist of a statement yesterday morning by Brig.-General F. H. Hughes, C.M.C., chief engineer of the Canadian Battlefields Memorial Commission, who returned to Canada to make an official report to headquarters at Ottawa. General Hughes said that five important contracts were nearing completion. These included a road across Hill 145, Vimy Ridge. The other developments were memorial parks at St. Julien, Bourlon Woods, Courcellette and a Quenast as well as other minor work. "In building the road across Vimy Ridge," he stated, "we unearthed a German tunnel which had never been discovered. We also came across other evidence of German work during the time they occupied this section of the ridge."
It was learned that the principal work next year will be at Vimy Ridge where a suitable memorial will be erected. This is now being designed in London.

Dog Drives Keeper From Island Resort

San Pedro, Cal., Oct. 20.—(United Press).—Mogulito Harbor is without a guardian. Not that Old George Michaels has grown tired of working at the famous rendezvous of fishermen on the San Clemente Island, or has become discontented with his months of isolation, but because he loves his dog. And he has been told by ranchers on the island that either he or his dog must go.
Many years ago, when Michaels settled on the island, he became the proud possessor of a collie dog, which has been his pal through the cold, lonesome winter days on the island. Recently a police dog was brought on the island and ran away, the owner having to return to the mainland, dogless. Soon after several sheep on the island were killed and Michaels' collie got the blame.
Sheep herders gathered in council the other day to order Michaels to kill his dog or leave his post.
When informed of the decision Michaels said he did not know if he would kill that dog, for my collie is not killing your sheep."
So Michaels will soon be back in health.

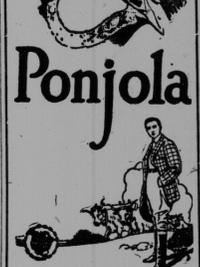

The will naming the members of the Learned family gave Mr. Learned the contents of Mr. Hawley's apartment in their home valued at \$600, and \$90,000 to Mrs. Learned, and gave \$100,000 in cash and 1,000 shares of the Central Agency Sugar Company, valued at \$66,750, to

LOCAL NEWS

SNOW IN WOODS.
Sportsmen report snow in several places in the woods not far from the city.

INVITED TO REMAIN.
The official board of the Carleton Methodist Church have invited their minister, Rev. F. T. Bertram, to remain with them another year. Mr. Bertram has accepted the invitation.

TRAFFIC MATTER.
David McKay was fined \$10 in the police court this morning having been adjudged guilty of operating an auto truck without a rear license number plate.

GRANT HALL LEAVES.
Grant Hall, vice-president of the C. P. E., who was in this city Saturday making an inspection of the local terminals, left yesterday morning in a special train for Megantic. He planned on making an inspection of the main line en route.

GOES TO MONTREAL.
J. Benson Mahony, formerly a well known druggist here, will leave this evening for Montreal where he will open a distributing office, having secured the agencies of several European lines.

LESLIE KERR HURT.
Leslie Kerr, popular Trojan athlete, had an X-ray of his shoulder taken at the General Public Hospital this morning and the examination disclosed a broken collar bone. Kerr made light of his injury in Saturday's game and watched the contest through from the sidelines and did not report the matter to a doctor until this morning.

TO RE-ORGANIZE Y. M. A.
Plans for a reorganization of St. Peter's Y. M. A. were completed yesterday afternoon at a meeting of past and present members. Rev. James Cloran, C. S. R., rector of St. Peter's church, addressed the assemblage and outlined the proposed programme. Considerable enthusiasm was displayed at the meeting, which augurs well for a revival of interest and activities.

STREET RAILWAY WORK.
M. A. Pooler, general manager of the New Brunswick Power Company, announced this morning that he expected the extension work on the Manawagonish road and the replacement of rails from the foot of Fairville to Tilton's Corner, Lancaster Heights to be completed early in November. He said that the work is progressing favorably.

SUMMER BLOOMS.
Thomas E. Dyer brought a breath of summer into the Times-Star office this morning to dispel the chill of autumn. He came laden with the bouquet plucked in the area off the Sandy Point road on Saturday afternoon by Master Forbes Elliott, son of George Elliott, of Celebration street. It was composed of daisies, buttercups, clover bloom, goldenrod, pigeon berries and the blossoms of the wild mustard. Blueberries and cranberries were also found. All these are the reward of him who cares to wander afield with Nature.

HIS MISSING PARROT.
Struan Robertson, on reading in this morning's Telegram of the disappearance of a parrot, was much interested, believing this was his parrot, a West Indian bird of fine coloring and some speaking ability, which escaped from his summer place at Loch Lomond in July. Mr. Robertson is eager to ascertain just where the bird was seen, and hopes he may recover it as soon as the weather turns colder.

SURPRISE BIRTHDAY PARTY.
Friends gathered at the home of Mrs. J. R. Larsen, 119 Queen street, on Friday evening in honor of her birthday. The evening was pleasantly spent with games and music, after which the company went to the dining room, where a nicely decorated table with a large birthday cake lighted with many candles, the gift of her niece, Miss Elizabeth Hamilton. After a dainty luncheon had been served, the company broke up at a late hour, wishing Mr. Larsen many happy returns of the day and much happiness. She received many lovely gifts.

HAD WOODS ADVENTURE.
There was joy in camp in the Chisholm Lake vicinity on Saturday night on the return of one of a party of hunters who had been in the woods after birds. A prominent business man of the city was separated from his companions in the pursuit of sport and a little later found himself involved in difficulties in the thick woods. He was hours in working his way back and meanwhile there was anxiety on the part of his companions. Guns were fired to attract his attention but a great, thickly wooded hill was between himself and his friends. There was rejoicing when he finally made his way to their side.

W. E. SCULLY RETURNS.
Greatly improved in health, W. E. Scully, M. L. A., returned home yesterday from St. Paul, Minn., where he has been since the first of September last following an appendicitis operation. The operation was successful and Mr. Scully's many friends will be pleased to hear that the trip has done him considerable good. He was kept busy yesterday and today by friends welcoming him home. He will rest for a few days and then will resume his business. While in St. Paul, he visited Mrs. Scully's brother, M. E. King. He also spent some time in Minneapolis visiting Mrs. Scully's sister, Mrs. O'Connor.

HERE TOMORROW.
J. A. Thomas, fire marshal for British Columbia and president of the Dominion Fire Marshals' Association, is expected in the city tomorrow from Halifax on his way to attend the annual convention of the Dominion Fire Marshals' Association in Toronto. Mr. Thomas is visiting his old home at Kentville, N. S., at present. He will be accompanied here by Major Rutland, fire marshal for Nova Scotia. H. H. McEllan, New Brunswick fire marshal, expects to attend this convention. The association is composed of the provincial fire marshals, the provincial insurance superintendents, the Dominion insurance superintendent, the Dominion fire commissioner, the superintendents and managers of the fire insurance companies and the chiefs of the various fire departments.

MR. MILDHAM IN CITY.
S. H. Mildham of Boston, expert rate of Public Utilities, arrived in the city today for the monthly meeting of the board on next Wednesday morning. The matter of rates in connection with the Moncton Tramways Company and a part of the Maritime Electric Co., Ltd., of Fredericton, are to come before the commission.

INFORMATION SOUGHT.
Chief of Police Smith is in receipt of a letter from H. A. Atkinson, Jr., Shanghai, China, saying that his father has relatives in this city and would like to get in touch with them. He writes that his grandfather's name was Goodwin and his grandmother's name was Goodwin. Chief Smith would appreciate information regarding relatives of the writer.

REV. MR. WESTRUP HERE.
Rev. Arthur Westrup, Baptist minister at Yarmouth, England, who temporarily occupied the pulpit at the Main street Baptist church last summer during the sickness of Rev. Dr. David Hutchinson, arrived in the city at noon today from Montreal where he landed from the steamer Andania last Saturday. Rev. Mr. Westrup, who plans to locate in Canada, was accompanied by Mrs. Westrup, his son and daughter-in-law, Mr. and Mrs. Harold Westrup. Another son, Dr. Arthur Westrup, now resides in St. John.

MOOSEPATH RACE.
Horse racing enthusiasts are manifesting interest in a match race to take place on Moosepath Park on Tuesday afternoon at 3 o'clock between Patchen King, Miss Abbie Brino and Dr. Gano. Fred King recently issued a challenge to the owners of Miss Abbie Brino and Dr. Gano to race, best three out of five mile heats for a side bet of \$100. The challenge has been accepted and the horses will race for the combined purse of \$300.

DIED THIS MORNING.
Mrs. Mary A. Harrison, aged 88 years, widow of Thomas Harrison died early this morning at the residence of her son Clarence E. Harrison, 25 Cedar street, after a week's illness. She leaves two sons, Clarence E. of this city, and Thomas M. of Cleveland, Ohio. There will be service on Tuesday evening at 8 o'clock at her son's residence, 25 Cedar street. Interment will be at Oak Point on Wednesday, with service at Oak Point church after arrival of the steamer from St. John.

MRS. JESSIE MCKENZIE.
Friends will learn with regret of the death this morning of Mrs. Jessie McKenzie, which occurred this morning at the residence of her son, Donald, 29 Thorne avenue. She was the widow of William Murdoch MacKenzie, and MacKenzie came to this country from Dumfries, Scotland, when a small girl, one of the famous Black Ball liners of the Peter Maxwell. She is survived by two daughters, Mrs. Clayton Holloway, of Boston, Mrs. Amesty Richardson, of Somerville, Mass.; three sons, Robert, Donald and William, all of this city; one sister, Mrs. Greenich, of Lyon, of Westfield, and one brother, Capt. Robert Clark, of Boston. The funeral will be held Wednesday afternoon at 2:30.

REX BEACH SAYS IT'S GREAT HERE

Noted Author Takes Away Good Impressions of New Brunswick.

Rex Beach, the eminent American author, who returned to his home in the United States a few days ago after a wonderful week in the New Brunswick woods as the guest of W. G. McIntyre, left New Brunswick a highly enthusiastic booster for our big game hunting and bird shooting haunts, charmed with our scenic grandeur, delighted with the unfeigned hospitality of the numerous people he met, and solemnly purposing to return next year and bring "his game" with him.

The noted author had a lot of vantage point. Woodcock was his special quest and he brought down plenty of them with an unerring gun. Local shots were amazed at his speed and aim. However, the visitor was hunting with strange dogs. Next year he promises to bring his own dog.

During the camping phases of his visit, Rex Beach proved a most amiable companion and full of frolic. For a man so much to the front in the estimation of the world-public, one dined on every hand, he seemed to revel in the unconventionality of his meals, after-dinner fireside smoke, chats, abandonment of razor and fussy details of street attire.

It is rather a thousand times over being sitting here with you good friends at this beautiful meal of real hearty food than to be banqueted by the most exclusive club in the world," he once remarked. "I tell you this is the life, and you Canadians know how to live it."

Mr. Beach had been away from his home for over a month, and doubtless his pleasuring was not unmingled with impressions and observations that will crop out in his tingling romances of the great out-of-doors for which he is deservedly famous. His host, Mr. McIntyre, for whom Mr. Beach had the most flattering things to say, enjoyed the visit of the author to the fullest, as did intimate friends and many informal callers to the Loch Lomond camp from the city.

A leading magazine recently rated Rex Beach's income from story royalties, moving picture rights, etc., at approximately \$700 a day. While here Mr. Beach said he was writing a story for Rudolph Valentino, something he says admirers of the actor will not dare put up and shift about to suit their ulterior motives. He says some of his yarns bought for movie purposes have been horribly mangled.

MERCHANTS OF CITY UNITE FOR THE SALE

Six Days to be Devoted to Great Selling Events

Today marks the opening of St. John's second annual community sale in which the combined efforts of all those taking part will bring to the citizens of St. John and surrounding territory one of the greatest opportunities of securing special chances to do their fall shopping and at the same time prove the many advantages of purchasing in St. John.

Right here in this city will be found the finest stores in Eastern Canada, which means variety of merchandise to be displayed in all the windows of those taking part in this sale and no amount of effort has been spared to make this one of the greatest shopping weeks in years.

ROYAL SCARLET CHAPTER MEETING

At a largely attended meeting of St. John County East, Royal Scarlet Chapter, Friday evening, applications for advancement were balloted on. Three candidates were excited to Knight-hood in the Illustrious Scarlet Order. There were visitors present from the St. John County, West, Chapter.

A very enjoyable evening was spent, with refreshments at the close. Another meeting will be held this month, at which several more candidates will be excited. It was also decided to pay a fraternal visit to the St. John County West, Chapter during November. It was reported that Verner E. O. L. No. 1, of St. John, was still leading in the "Sentinel" contest for short term subscriptions. There is fair prospect, if present efforts are kept up until the close of the month, of their bringing the trophy to New Brunswick. There are three prizes being offered. A large banner, as first prize; a set of officers' collars, second; and past master's jewel third.

THEY HELP ORPHANS

Six little children recently at 43 Victoria street sold candy and lemonade which netted \$1.40, which they gave for the use of the orphans in care of the N. B. Protestant Orphans' Home. The girls are Helen Andrews, Helen Brookins, Lillian and Edith Waters, Leola Ward and Margaret Akery.

Four little girls, all under 13 years of age, held a bazaar at 98 Winter street and realized the excellent sum of \$83.45. They also had left over some useful clothing, biscuits, toys and candy, which they gave along with the money for the orphans. They are Mary Hull, Mary O'Brien, Violet and Audrey Weeds.

Rev. C. W. Follote of Loch Lomond, a friends, parishioners and the Agricultural Society gave a large truck load of vegetables for the use of the orphans. Greenwich, Greenich, Kings county, also sent from his parishioners several bags of vegetables for the use of the little children that are in care at this institution.
