WILL BENEFIT CANADA

Sixty representatives of business men and manufacturers, in Great Britain, representing a capitalization of \$250,000,000, will visit Canada in June and July, and will be in St. John about June 14th.

It would be difficult to over-estimate the importance of this visit, either from the local or national standpoint. The great desire of the business men of this city and province, and of Canada as a whole, has been to interest British capital in the development of our resources.

It is true that an enormous amount of British capital has been invested in Canada, and that this field is regarded with growing favor; but there are great opportunities for the development of manufacturing industries which have not yet been brought clearly enough to the attention of Great Britain.

Mr. Brown of New York thinks Mr. Horden will build a large Canadian navy, and quotes Mr. McBride to that effect. He forgets about Mr. Bourassa and the Nationalists.

The opponents of the commission plan of development, the immigrants would hear about New Brunswick—and would come here to locate.

President Tait says that as far as the United States is concerned reciprocity is dead. If he or any American statesman expected from reciprocity such results as Canadian Tories profess to believe they did, they would not so quickly abandon it.

The Canadian Commission of Conservation, following the investigation carried on to obtain information about farms and crops and farming conditions, is now urging the formation of neighborhood improvement associations to conduct an illustration farm in each locality.

Section II.—To discuss ways and means whereby farming may be made more satisfactory by improving the surroundings and conveniences of the dwellings; by stimulating interest in the performance of farm operations in the most workmanlike and enjoyable way and by fostering a love for the study of nature.

Section III.—To consider and adopt means for the improvement of the social life of the community by having the people meet frequently to discuss questions that concern the whole community, and by encouraging co-operation and united action in directing and utilizing the local forces and agencies for these purposes.

mittee, while any farmer might be a member, paying a fee of twenty-five cents per year. Meetings would be held from time to time on the illustration farm or elsewhere, and the field expert of the Commission of Conservation would give assistance.

The weather in Paris is said to be very hot. Lucky people, those Parisians. Another provincial bridge has collapsed. Yet the Flemming government would have us believe the bridges are all in fine condition.

The flavor of anticipated favors will permeate the enthusiasm at the Flemming banquet. Those who hope for or expect most will most applaud.

Sir Henry Bellait wonders that so many immigrants go west when they might prosper in New Brunswick. One of the chief reasons for this state of affairs is the Flemming government. Given a government with a bold and comprehensive policy of development, the immigrants would hear about New Brunswick—and would come here to locate.

President Tait says that as far as the United States is concerned reciprocity is dead. If he or any American statesman expected from reciprocity such results as Canadian Tories profess to believe they did, they would not so quickly abandon it.

Readers in eastern Canada are perhaps not as familiar with the literary work of Agnes Deans Cameron, who has just died, as those of the west; but she had made a name for herself, and was recognized as a Canadian descriptive writer of much ability and promise.

Section I.—To co-operate with the committee on lands and the experts of the Commission of Conservation in the investigation of various rural problems; to promote the general advancement of rural industries in the neighborhood; and to encourage the use of such means and methods as will improve the quality and quantity of the products of the farm while maintaining or increasing the fertility of the soil, more particularly through the use of an illustration farm in the neighborhood.

Section II.—To discuss ways and means whereby farming may be made more satisfactory by improving the surroundings and conveniences of the dwellings; by stimulating interest in the performance of farm operations in the most workmanlike and enjoyable way and by fostering a love for the study of nature.

Section III.—To consider and adopt means for the improvement of the social life of the community by having the people meet frequently to discuss questions that concern the whole community, and by encouraging co-operation and united action in directing and utilizing the local forces and agencies for these purposes.

THE PASSING OF THE ORIANA To Commodore Stewart, Chatham, N. B. Will you please accept the following lines in memory of your yacht Oriana, and as a slight tribute to your hospitality and the pleasant hours I have spent with you on deck.

IK INKERMAN. I. The winds shall swell her snow-white sails no more, As proudly through the waves she swiftly flies; Her tide wringing on the sea is o'er, And there abandoned on the beach she lies.

II. How oft beside that broken wheel, when morrow Was at the breaking point, you watched the foam Flung from her prow like snow, as swiftly borne By tide and storm she plowed her course for home.

III. Now staward pointing, while we drift at night, I dream, her waving mast across the sea Invites the sleeping breeze to aid her flight, To flick with foam the water on her lee, And fill the drooping sail till, bounding through the night, The startled wild fowl watch her pass, a streak of white.

IV. But gales shall swell her snow-white sails no more, At rest her hull upon the shingle lies; Her drooping spar the freshening breeze before Shall ne'er again o'er billows fall and rise. For lo! the moaning tide complains along the shore— 'The Oriana sweeps the rolling deep no more.'

IN LIGHTER VEIN WHAT DID PA MEAN? "Pop, do you see that fashionably dressed lady going along there?" "I certainly do, my son." "She's my Sunday school teacher." "Your Sunday school teacher?" "Yes, Pop." "Well, she certainly does look good to me!"

TOOK LOTS OF IT. "Do you have any regular exercise?" asked the doctor. "Yes, of course I do. I walk from my automobile to the elevator every morning and from the elevator to my automobile every evening."—Pittsburg Post.

HIS DREAM WAS OVER. Son—Oh, father, I should like a Turkish bath. Father—Ah, my son, when I was young like you, I, too, was romantic.—London Opinion.

NO TROUBLE OF THAT KIND. "Do you have any trouble keeping boys on the farm?" "No," replied Farmer Cornwell. "They'd rather sit around the house and keep warm than hitch up this for to town."—Washington Star.

**PROFESSOR C. E. ROBERTS AND HIS TRAINED RATS AT THE LYRIC.**  
 Something unusual in the trained animal life is on exhibition at the Lyric for the first three days of the week. One is so used to feeling a shudder at the sight of a rat that it is hardly possible to realize that this animal can be tamed to do tricks and yet that is what Professor Roberts has accomplished, even taming the ordinary grey rodent. So tame are they that they are seen together with cats and a dog on a friendly basis, running over each others backs. Climbing ladders, walking tight wires and ropes with two, three and four feet, and a slide from the top of the theatre to the stage constitute some of the tricks performed. From the standpoint of training the act is a marvel, in every other way it is entertaining. The Animated Weekly for the present week is a particularly good one and shows some interesting happenings, among them the auto race at Havana with Bob Burman driving the celebrated Britton Benz; picture of Beauty, the aviator, racing a railroad train, the picture being taken from the aeroplane; scenes of the Mississippi floods, the Paris Baby Show, and many others. A Thoroughbred comedy across the Court, and a strong western, The Range Detective, complete the programme. Vienna is a city of flats and at ten o'clock every night the common entrance door of each block is closed and bolted. Thereafter persons passing in or out must pay a fine of four cents to the janitor until midnight, and eight cents from that hour until six a. m. A natural result of this tax is that all capital cities Vienna is earliest to bed.

Sixty Big Business Men Of England Coming to Tour Canada

Will sail on May 31

Land at Quebec and do Maritime Provinces Before Going West — Represent \$250,000,000 — It Means Much to Canada's Business Relations

Canada will, during June and July, receive a visit from one of the most important bodies of business men and manufacturers which has ever left Great Britain on a visit to any of the self-governing dominions. The party will consist of some sixty representatives of many of the largest business and manufacturing firms of Great Britain, and will represent a capitalization of some \$250,000,000. The tour is due to the enterprise of the Financial News of London, England, which of late years has devoted marked attention to Canadian affairs, and is the result of several tours of the dominion made by W. Leonard Palmer, of the Financial News staff.

Mr. Palmer was so deeply impressed, during his tours, by the opportunities created in Canada that he determined to have as many as possible of the prominent business men and manufacturers of Great Britain visit the dominion and see for themselves the possibilities that exist in Canada for commercial expansion and the establishment of branch industries.

The dominion government has given its warm approval and support to the tour, and Hon. George E. Foster, the minister of trade and commerce realizing that the visit of such a representative body of business men from Great Britain cannot fail to prove of the most marked benefit to the dominion, all attempts to strengthen the commercial ties between Canada and the mother country.

The party, which is accordingly coming out under the auspices of the Canadian government, will sail from Liverpool on May 31, and will be officially welcomed to the dominion. From Quebec the party will proceed by special train on their tour of the dominion, first visiting the maritime provinces and subsequently Quebec, Montreal, the western provinces and British Columbia.

In St. John About June 13

St. John is included in the itinerary of the tour and the party is scheduled to arrive here on or about June 13.

Regarding the tour and its objects, Mr. Palmer, the organizing director, said: "It is my glad duty to tell you that I have succeeded in my mission, and that Canada will this summer have occasion to welcome the most representative body of business men which has ever left Great Britain to visit any of the self-governing dominions of the empire."

"It has been a long job getting my idea formed into practical realization, but it is done at last, and I am leaving for home now assured that the project will be an unequalled success. And in saying that I must pay a tribute to the assistance and support which I have received in the development of the great idea from the members of the Dominion government and especially from Hon. George E. Foster, the Minister of Trade and Commerce."

"And that it is to be an assurance to you that I will admit when I tell you that the project involves some sixty of the leading business men of the mother country leaving their businesses for two months to see for themselves what opportunities Canada offers for the development of British trade and for the investment of British capital. Every one of the visitors will be either the chairman or the managing director of half a hundred of the leading industries of Britain, from steel works down to biscuit factories, and every other branch of industry also represented."

"The project represents many months of work and thought, but, thanks to the co-operation of the dominion government and of the railway companies, it is now assured of success. I am glad to be able to tell you that I have the assurance of support and entertainment from every city in Canada and from all your business organizations who have realized at once the very great importance involved in the enterprise. We hope that the results of this trip will be such that it will be but the pioneer of others. As to its financial advantages to Canada and Canadians I have no doubt whatever."

"We have opened an office in the Windsor Hotel in Montreal, in charge of John Boyd, a well-known former newspaper man, and any civic officials or representatives of business organizations who wish to get further information as to the itinerary or other arrangements will be supplied by him upon request."

"It will be a flying trip in one sense of the word, but our arrangements have been so perfected that our guests will be able to see all of Canada that is worth seeing without wasting a spare minute. The result must be beneficial both to British industry and to the Canadian consumers, for the reason that it will bring the British manufacturer, for the first time, into direct and intimate connection with the Canadian market, and thus re-

move the reproach that British manufacturers do not seek to enter to Canadian needs."

**INDIGESTION AND ALL STOMACH TROUBLE ENDED**

**Diapiesin Makes Gas, Heartburn, Dyspepsia or Headache go in Five Minutes**

If you had some Diapiesin handy and would take a little now your stomach troubles or Indigestion would vanish in five minutes and you would feel fine.

If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of Indigestion.

Ask your Pharmacist for a 50-cent case of Diapiesin and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, Debilitating flatulencies, Distress or intestinal griping. This will all go, and besides, there will be no undigested food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is at any drug store waiting for you.

These large 50-cent cases of Pape's Diapiesin contain more than sufficient to thoroughly cure almost any case of Dyspepsia, Indigestion or any other stomach disturbance.

**AFTER CONSULTATION.**

There sat, not long since, a venerable and benevolent judge in Paris, who, at the moment of passing sentence on a prisoner, consulted his associates on each side of him as to the proper penalty to be inflicted.

"Just ought to be given over to one upon his right," "I should say three years."

"What is your opinion, brother?" to the other, on his left, "I should give him about four years." The judge (with benevolence)—"Prisoner, not desiring to give you a long and severe term of imprisonment, as I should have done if left to myself, I have consulted my learned brethren and shall take their advice. Seven years."

## A FARM FOR DRUNKARDS

Judge Merrill of Bangor Sees Need of it and Says it Would Pay for Itself

Judge John F. A. Merrill of the municipal court, Bangor, believes that a state or county farm for the reception, building up and reformation of drunkards would pay for itself in a short time financially, and would be a great thing for the men.

He has grown tired of sending some men to jail, before him this week. He spent, by his experience had fully demonstrated that there must be some different method of dealing with them tried if they are to be saved from themselves and made good citizens.

His idea is that there ought to be an effort made to save men like one who was brought before him this week. He spent, he said, nearly 300 days in jail last year, every time for drunkenness, and yet he added that it seemed to him to be reasonable to believe that if he could be taken out of doors, have enough to eat and healthy work to do that his manhood might be aroused.

The plan in its main features is not new, but for the first time it is likely to be championed by one who is holding an official position, and who is brought in the matter of the very class likely to be helped and saved.

The immediate outlay as Judge Merrill admitted, is considerable, but he also contended that in a short time or at least in a comparatively short time, the farm would be self-supporting, and from that time forward it would be a time and money saver. And in the meantime, before there is a farm for the boys, three probation officers, instead of a single officer, as at this time.

## ZION CHURCH NOTES

Rev. J. Pinkerton and Rev. W. Lawson exchanged pulpits on Sunday morning in the interests of the sustentation fund. The people of Zion speak well of Mr. Pinkerton's sermon and will welcome him again whenever he returns.

The music in Zion church was very much improved at the services on Sunday by additions to the choir, the skillful conduct at the organ of Mr. Amberman and by the addition of the violin played so effectively by a new member in the choir, E. J. Kingsley. This was Mr. Kingsley's first appearance in St. John, and Zion church is to be congratulated upon securing his services.

Rev. Mr. Lawson preached a sermon, that is being spoken about in high terms on Sunday evening in Zion church, on "The Uncrowned Queen"—Mother. While caratons were in evidence in the congregation in celebration of "Mother's Day," and favorite hymns of mothers were sung by the congregation and choir.

Two young people were made happy in the Zion parsonage on Saturday evening by Rev. Mr. Lawson, when he united in wedlock, Hanford Coyte of this city and Miss Ella Bigger of Little River. The young couple have the best wishes of many friends in both places.

Rev. Mr. Lawson has just received from Rev. De Bore, missionary secretary of the Methodist church, a cable he received from Chungking, China, saying that his daughter and her husband had arrived at that place in safety on their way back to Chungking, the field of labor they had to leave some months ago by reason of the revolution in China. This news will be heard with satisfaction by the many friends of Mrs. Walter Small, who was Miss L. E. Lawson. It may be that they may have to stay at the place named—at least the ladies who went up with their husbands—for some time, if the men proceed to Chungking. Of that something will be heard soon.

## AGAIN IN OPERATION.

W. Frank Hatheway, consular agent here, has received a cable from the French governor of St. Pierre, Miquelon, stating that the regular service of the steam fog whistle at Point Blate has been re-established.

### SCHOOL BOARD MEETING

At the monthly meeting of the board of school trustees last evening, T. H. Bullock suggested that it would be a good thing to give the teachers leave of absence with pay so that they might travel or attend college and thus give them a chance to broaden their ideas and keep up to date.

H. F. Gordon, of Winnipeg, a graduate of the High School, sent a check for \$25 to Dr. Bridges as a prize to the graduate this year making the highest marks in Greek and Latin.

The application of Miss Gertrude Fowler for a place on the teaching staff was the subject of a special vote.

Miss Jessie A. Hart was given a year's leave of absence to take a special course at college.

The building committee was given authority to have the boilers in Dufferin school repaired during the summer vacation, and to have the work on the grounds of King Edward school completed. Authority was also given for repairs to the walls of Alexandra school and to the wall and yard at the north of the Bell building.

The committee having the matter of the prize offered by the Women's Canadian Club under consideration, reported progress.

Dr. Bridges reported that the child who resided in the Isolation Hospital was still barred from attending the Sand Point school, in accordance with the wishes expressed by members of the board at the last meeting.

It was decided to accept the lowest tenders for the furniture and equipment of the new room for manual training.

Mr. Bullock said he did not consider the room suited for the purpose, and pointed out that the ceiling was low and the ventilation and light were not of the best.

Mr. Russell explained that it was the intention that the room be used only for a year or so and that it had been fitted up very cheaply.

DOCTORS SAID IT WAS HEART FAILURE

And Gave Me Up—But "Fruit-atives" Cured Me

Moorefield, Ont., March 25th, 1910. "I suffered from severe indigestion and dyspepsia for nearly two years. I could not take food without feeling distressed. Two doctors thought my disease was heart failure and incurable, and I expected to die in a short time. My son asked me to try "Fruit-atives". From the outset, I was better and gradually this fruit medicine completely cured me.

"I took perhaps a dozen boxes—now I am cured and have gained over 20 pounds. HENRY SPEERS, (Justice of Peace) "Fruit-atives" are sold by all dealers at 50c. a box, 4 for \$2.00, trial size 20c. sent on receipt of price by Fruit-atives Limited, Ottawa.

The future. Two things are known. That the winter wheat crop will be smaller than last year, and that the ground is filled with moisture which is indispensable to a great crop, but with rains still so persistent as to prevent planting.

Another matter, the outcome of which is awaited before business becomes aggressive is the result of the political conventions. The uncertainty is added to by the highly spectacular renomination contest. The very interest in it diverts attention from business and gives the subject great importance than it really probably is entitled to.

A third matter having deterring effect on business sentiment is the question of final outcome in pending labor differences which have opened up the whole wage problem and may extend to other branches of labor than those now involved.

These several subjects combined with unreasonable weather, are already showing effect upon the general trade of the country, which, however, on the whole, is probably in good volume but as yet without stimulating force.

PROVINCIAL PERSONALS

Frederick Gleaser—Harry Maxon, of this city, will leave next week for Portland, Me., where he has accepted a position in a drug company, to be their traveling representative to the Pacific coast.

In Vancouver last week at the home of the Rev. G. D. Inland, Ralph Watson, formerly of Woodstock, N. B., now of Victoria, B. C., was married to Miss Blaine, of Seattle.

Mrs. Purdy, of Moncton, accompanied by her young son, Clinton, left this morning for Fredericton to visit friends. Joseph Smallwood left this morning for Halifax where he is to lecture. Mrs. C. H. Kinneer and daughter, Miss Muriel, of Moncton, will leave on the maritime route for the Canadian west to spend the summer with Mrs. Percy L. Higgins and Miss Norma Kinneer, Winnipeg, and Mrs. T. Thomas, of Strathcona, Alta., who are Mrs. Kinneer's daughters.

Wm. G. Brown of Boston and Mrs. Geo. Cuthbertson of St. John, are the guests of their sister, Mrs. Fred E. Steeves, of Saint John. Mr. and Mrs. Brown are returning after a three months' tour of the American and Canadian west and while in Victoria, B. C., were entertained by Mrs. Brock and her son, Mr. Baker, and her mother, Mrs. T. C. Blakey, formerly of Moncton.

Recent Transcriber—Mrs. R. W. Howson returned on Saturday. Mrs. L. H. Higgins returned on Saturday from Boston where she had been visiting her sister, Mrs. Churchill. Rev. S. T. Teal's many friends will regret to learn of his departure for the west.

Frederick Murray, who recently resigned his position on the Royal Bank staff in Bathurst, has accepted a position on the staff of the Canadian Bank of Commerce in Windsor, N. S.

Mrs. D. B. White, who has been the guest of Mrs. Robert Jardine in Shelburne for the last two months, will be visiting for some time in St. John, where she will be the guest of her daughter, Mrs. R. Balch.

REGENT DEATHS

Victoria, B. C., May 13—Miss Agnes Deane Cameron, the well-known writer and lecturer, died at St. Joseph's Hospital this morning, following an operation for appendicitis.

Miss Cameron was a native of Victoria, having been born in 1859, a daughter of Duncan and Jessie Cameron, pioneers of the province. She was esteemed in the public and high schools of the city and embraced the teaching profession.

Six years ago, owing to a controversy with the office of school trustee, being elected at the head of the poll. At this time she decided to enter on a wider field of journalism and most comfortable route between Montreal and Halifax as a daily train leaving Montreal at 7:30 p. m. and departing from Halifax at 8 a. m. The "Ocean" will go on the route this season with renewed and improved equipment of luxurious sleeping cars, and easy riding first class coaches, and colonist cars. In point of equipment the "Ocean" is quite the equal of any of the best through trains on the continent, especially in regard to the excellence of the dining and sleeping car arrangements. Traversing a route of wonderful scenic beauty the "Ocean" enjoys a popularity increasing the traffic between east and west. Via the "Ocean" is the shortest, most comfortable and most economical route between Montreal and the lower St. Lawrence, New Brunswick, Nova Scotia and Prince Edward Island. The train arriving at Montreal at 7:35 a. m. enables westbound travellers to make the most convenient connections by the through train leaving Bonaventure station daily for Ottawa, Toronto, Buffalo, Detroit, Chicago and other points.

The death of Miss Bertie Chase, daughter of the late Edward Chase, occurred at Fredericton on Sunday. She was seven years of age.

The death of Mrs. Martha McConaghey occurred at the home of George Howland, Oromocto, on Sunday. Mrs. McConaghey was 70 years of age and was the widow of John McConaghey, of Oromocto.

The death of James Carten occurred at his home in Fredericton on Sunday. He was 54 years of age. He was survived by seven daughters, Mrs. Lyma Homer, of Portland, Me., Marion, of Hartford, Conn., Edwina, of Boston, Mass., and Katherine, all at home. On the Rev. A. W. Carten, of Halifax, also survives. Three brothers, William, Richard and John all of Fredericton also survive.

James Tingley formerly of Hopewell Cape, died on Sunday in Winnipeg following an attack of paralysis a year ago. G. W. Tingley of this city is a brother.

Rev. P. J. Stackhouse—Two years ago last Sunday Rev. Mr. Stackhouse began his ministry in Amherst as pastor of the First Baptist church. The time seems short looking backward, but during that time some very important work has been accomplished in his church. One event of the year was the centennial of the church on Oct. 10, 1910, at which time \$13,000 was pledged to meet all the indebtedness upon the church property. Another important event was the dedication of the Park street building on the Highlands on Feb. 11 of the present year. During the two years of Mr. Stackhouse's ministry 128 persons have united with the church, 101 of the present year. This is the only fellowship in the department of civil engineering at Cornell University. It means that Mr. Dawson will act as an instructor in some subjects in the department of civil engineering and will conduct important research work on some subject connected with civil engineering. This fellowship is highly coveted and was so well deserved that it was secured by Mr. Dawson after a long and arduous struggle.

HONOR FOR NOVA SCOTIAN—Another educational honor has been conferred upon a Nova Scotian by the granting of the McGraw Fellowship in Civil Engineering at Cornell University to a graduate of the Nova Scotia Technical School. Francis M. Dawson, a native of Truro and instructor in civil engineering at the Nova Scotia Technical College, has just received notice that this fellowship has been awarded to him for the year 1912-13. This is the only fellowship in the department of civil engineering at Cornell University. It means that Mr. Dawson will act as an instructor in some subjects in the department of civil engineering and will conduct important research work on some subject connected with civil engineering. This fellowship is highly coveted and was so well deserved that it was secured by Mr. Dawson after a long and arduous struggle.

Things to Remember When the Time to Vote Arrives (Fredericton Mail) The time is fast approaching when the affairs of the province for the past four years must seek a renewal of public confidence. On what ground shall Premier Fleming and his colleagues appeal to the people? Not on a truthful statement of the government's record. It is safe to assume that its principal campaign slogan will be a rebuke of the old slanders against the present administration. No doubt there will be fine phrases plied to the scores of pledges which were made by the present government and which were broken after they assumed the reins of power. But it is safe to say that the government will ignore a number of potent facts and here are a few of them which might be handy for future reference. An annual increase of half a million dollars in the controllable expenditures of the province. The creation of an admitted deficit in the operations of the fiscal year 1911 of \$85,000. The increase of the expenses of executive government, including salary increases to ministers, one of whom is the Surveyor General, of \$800 per year. The flagrant disregard for the tender system in public works and the consequent squandering of the people's money, gross favoritism in the awarding of government work whereby the local back organ has been paid on an average \$7000 a year and other Tory papers were similarly helped by the tender system in total absence of the tendering of a single contract to a partisan commission, one to try and find an agricultural policy for the medical commissioner of agriculture, and another to try and make a political capital against a federal minister. The gross violation of a solemn promise to keep the ordinary expenditure within the income. The squandering of many thousands of dollars on the roads just prior to the federal election of 1908, in a frantic effort to help Conservative candidates in New Brunswick. The resort to the enactment of legislation in order to drive Liberals from office. The carrying on of bridge work without authority from the departmental engineer on the order of Conservative members and defeated candidates. The importation of a job lot of Kentucky spindle legged horses in order to encourage the farmers. The policy of parsimony in the dismission of Liberal office holders in direct violation of a promise that the government would honor no party. The payment of a travelling brigade of so-called road superintendents and bridge inspectors, excessive amounts for seeing work on bridges in several counties. The giving to a powerful corporation important mining privileges for a period of eighty years for the paltry royalty of five cents a ton and without any guarantee that the ore mined would be manufactured in the province and employment thus given to New Brunswick people. An evident desire to trample on "special interests," and great corporations outside the Canadian Pacific Railway Company. The reduction in the size of the logs which may be cut from crown lands and the depletion of our forest wealth at a time when the cry the world over is for conservation. The expenditure of hundreds of thousands of dollars over the head of the auditor general, showing the absolute uselessness of the audit act. Failing to put into effect any broad, progressive agricultural policy. Increasing the expenses of the various departments by adding to the number of officials. The evident attempt to give the Canadian Pacific Railway a monopoly of railway traffic in the St. John Valley. The concealment of information from the public in regard to the expenditures on ordinary bridges. Increasing the cost of fishing privileges to New Brunswick guides and canoeists who have been instrumental in bringing thousands of dollars into the province. Failure to adopt a progressive colonization policy which would tend to keep our young men at home.

MORNING NEWS OVER THE WIRES

The Canadian Pacific steamer Empress of Ireland reached Quebec yesterday morning about three days overdue. One of her cylinder heads was blown out on the second day out and this caused the delay. In a heavy fog off Folkestone, England, yesterday the British battleship Don Benito, collided with the British battleship London. The steamship was considerably damaged but the man-of-war proceeded undamaged.

LOST PARTY 400 VOTES IN MONCTON Snubbed by Ontario Tory Railway Minister, They Resent It SAME THING IN AMHERST

Much Was Expected From Hon. Mr. Cochrane's Tour, But Hopes Fizzled Away—The Great Man's Ignoring of Business Visitors

(Moncton Transcript) A good Conservative said today that the Hon. Mr. Cochrane's visit to Moncton cost his party 400 votes. When the board of trade went up to meet him, apparently the minister proposed to talk it out on the form of a monopoly, and does not care a hang for the people. Apparently, however, the only room which he could get into was the room which he had reserved for himself. It is an Ontario minister of railways and canals we have of the good old Tory type. He is all for the monopolies, and does not care a hang for the people. From Amherst comes the same story. The people are not favorably impressed with the minister of railways, the childish questions which he asks, the manner in which he occasionally or unconsciously snubs those who approach him, the assurance with which every suggestion and every request is turned down. He is equally manifest at Amherst as at Moncton, Newcastle or Chatham. When the busy entering business men of Amherst, who are doing so much for the maritime provinces, suggested that an informal meeting might be arranged at the grand hotel here in the waiting room, he declined to entertain the proposal. He merely said "How do you do?" and that anything along the line of improvements or extensions required must be made as a request in writing. As one of the Amherst presenters said his visit was not a howling success. All the hopes which were built up by the Tories along the line of railway, based upon this much heralded tour, are proving to be apples of Sodom in the mouth.

WIFE'S HEALTH RESTORED Husband Declared Lydia E. Pinkham's Vegetable Compound Would Restore Her Health, And It Did.

Ashtand, Ky.—"Four years ago I seemed to have everything the matter with me. I had female and kidney trouble and was so bad off I could hardly rest day or night. I doctored with all the best doctors in town and took many kinds of medicine but nothing did any good until I tried your wonderful remedy, Lydia E. Pinkham's Vegetable Compound. My husband said it would restore my health and it has."—Mrs. MAY WYATT, Ashtand, Ky. There are probably hundreds of thousands of women in the United States who have been benefited by this famous old remedy, which was produced from roots and herbs over thirty years ago by a woman to relieve woman's suffering. Read What Another Woman Says: Camden, N. J.—"I had female trouble and a serious displacement and was tired and discouraged and unable to do my work. My doctors told me I never could be cured without an operation, but thanks to Lydia E. Pinkham's Vegetable Compound I am cured of that affliction and have recommended it to more than one of my friends with the best results."—Mrs. ELLA JOHNSON, 324 Vine St. If you want special advice write to Lydia E. TEA WEEK

You need not drink any particular variety but choose the kind you like, either Pure Ceylon, Indo-Ceylon Blend, Black or Oolong and black mixed. We are making Tea one of our leading articles, and our Tea will be blended by a man of long experience and admitted by Tea experts to be one of the best Tea tasters in Canada. The different varieties will be numbered so that when ordering again all you will need to do is tell us the number of your previous purchase in order to secure exactly the same quality as before. We intend devoting this week to ascertaining from the largest number of buyers possible just what each one fancies, and once we satisfy you by our plan we guarantee uniformity of quality. Think of the advantage, an expert giving his attention to every sale. The difference between the actual first cost of Tea and retail prices paid by the consumer has been tremendous, and a large percentage of the profits have gone to the wholesale dealer, thus enabling a few to amass fortunes. We purpose dividing the profit with our patrons and guarantee the quality and cash value of every pound of 40c. Tea, and if not satisfactory will refund your money. You had better call today and investigate our Tea offer and plan of merchandising. After starting this plan in St. John we were criticized adversely, but we notice imitation already. Some of the largest concerns in the leading cities conduct their business on these lines. While standing back watching with dignity our plan you are allowing 20% of the money you are spending every day for Groceries, Boots and Shoes, etc., to go into other people's pockets. Our Premiums are articles that you are using in the home every day, and standard brands not being in anyway identified as a premium.

Danderine Makes your hair grow long, heavy and luxuriant and we can prove it

Get a 25 Cent Bottle Now and Forever Stop Falling Hair, Itching Scalp and Dandruff Hair Becomes Soft, Fluffy, Lustrous and Abundant After a Danderine Hair Cleanse Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire. Immediately after applying a little Danderine all dandruff will disappear, all itching of the scalp will cease and there will be no more loose or falling hair. If you wish to double the beauty of your hair in ten minutes surely try this—moisten a cloth with a little Danderine and draw it carefully through your hair, taking one small strand at a time, this will cleanse the hair of dust, dirt or any excessive oil. In a few moments your hair will be wavy, fluffy and abundant and possess an incomparable softness. This is the greatest health-boosting, hair-growing and hair-restoring beauty and shimmer of true hair health. If you care for beautiful, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter—A real surprise awaits you.

Health and Beauty Advice BY MRS. MAE MARTYN

Mayme: To keep your complexion smooth, fresh looking and free from chaps in all kinds of weather, you will find nothing better than a splendid greaseless cream made as follows: Stir 2 teaspoonfuls glycerine and one ounce alcohol in one-half pint cold water. This fine cream will make your skin soft and smooth and is very cleansing and healing. It will not grow hair and gives excellent results in removing blackheads and reducing enlarged pores. This cream affords the very best protection to the complexion at all seasons of the year. N. C.: Do not have any fear about taking paraffin to reduce your weight. If you will dissolve 4 ounces of paraffin in 1 1/2 pints hot water and take a tablespoonful before meals, you will lose your excess fat quickly without any injury to your health. This remedy is absolutely harmless, very effective and does not cause a flabby, wrinkled skin. You need not diet or exercise violently to get proper results from this simple remedy. Clara T.: Yes, a genuine hair-grower has been found at last. Keep the scalp clean by frequently shampooing with castor oil and rub into the scalp twice a week a tonic made by dissolving an ounce of quinine in one-half pint alcohol, then adding one-half pint cold water. This excellent remedy refreshes the scalp and makes the hair bright and glossy. It stimulates the hair-roots and keeps the hair in a healthy, growing condition. For dandruff, itching scalp and falling hair, you will find this remedy unequalled. May: Pulling the hairs out by the roots is both painful and dangerous. Try this simple method and you will be delighted with the result. Make a paste with a little powdered detolone and water, spread thickly on hairy surface and after two or three minutes remove and wash the skin. Mrs. H. T.: If you want a first-class tonic for family use to purify the blood and remove the accumulated poisons of winter from the system, you can get nothing better than an old-fashioned tonic made by dissolving one-half cupful sugar and one ounce karsene in one-half pint

SANITARIUM FOR CUMBERLAND

(Amherst News) Warden Purdy is devoting considerable attention at the present time to collecting information relative to the proposed sanitarium which the county council in co-operation with the towns of Cumberland proposes building at Wentworth on some other suitable point in Cumberland. Before the joint committee meets, he will have considerable data to present to them. He read the particulars of one family in Cumberland, in which the father, mother and four children have all died of the same disease inside of a comparatively few years and physicians tell us that such deaths could be prevented. Under such circumstances it is an excellent time when Cumberland county should take the lead in erecting a life saving institution, in the form of a sanitarium for the treatment of tuberculosis. SIR HENRY POLLATT HERE Sir Henry Pollatt and party, including Grant Hugh Brown of New York and R. L. Johnston of this city, passed through the city last evening returning from Sydney to Toronto. While in Sydney they secured the consent of the committee to submit to the electors on June 3 the proposal to give a bonus of \$10,000 to the company. Mr. Brown said a long way was paved to erect a plant which is capable of building the Canadian navy on even a larger scale than planned by the late government as they expected an early announcement of a policy by the Borden government.

SHIPMENTS OF POTATOES IN APRIL BIG

More Than Twelve Million Bushels From Aroostook up to May 1 AVERAGE PRICE \$3.16 Increase of 2,327,952 Bushels Over Same Period in 1911—Price 85 Cents Greater—It is Now About \$3.40 a Barrel Bangor, Me., May 14—Statistics just completed by the Bangor & Aroostook railway show that 12,165,813 bushels of potatoes were shipped out of Aroostook county up to May 1, all of them being from the 1911 crop. This is exactly 2,327,952 bushels more than were shipped during the same time last season, the figures for April, 1911, being 9,837,861 bushels. Just how many more potatoes of the 1911 crop are still in Aroostook potato houses is a question which is causing the liveliest speculation. Definite information is unobtainable and is being eagerly sought, as it would have considerable effect on the price during the next few weeks. The general opinion up here is that there are more than 1,000,000 bushels. Not only have the shipments been far greater during April this year than last, but the price has also been far higher. The average price last month was \$3.16 per barrel. The average price for April in 1911 was but 85c. Potatoes are at present selling for about \$3.40 a barrel and many of the growers have reaped a rich harvest. It is estimated that the potato crop will bring between \$12,000,000 and \$13,000,000 into Aroostook county this year. Many farmers have made enough to pay for a good sized farm and money is plentiful. The work of planting this season's crop has already commenced in earnest. Although definite information as to the acreage is not obtainable at present, it is the general opinion that it will be larger than last year. This is due to the fact that last season proved such a successful one and to the prospect which came to the

SPORT NEWS OF A DAY; HOME AND ABROAD

Baseball The Marathons. Manager Joe Pags of the Marathons has received contracts from Nelson and Hugh Pinkerton for the coming season.

Pinemore Shifts Again. Art Pinemore is now playing in Grand Forks in the Central International League composed of three teams.

In Moncton. It is altogether likely that a semi-professional baseball league will be formed in Moncton.

Fredrickson Team. Fredrickson expects to send a contingent of fans here for the opening game of the N. B. and Maine League on May 24.

American League Standing. Detroit 4, New York 15, St. Louis 9, Boston 14, Chicago 3, Philadelphia 1, Cleveland 6, Washington 9.

National League. Chicago 4, New York 2, Brooklyn 1, Cincinnati 4, St. Louis 3, Boston 3, Philadelphia-Pittsburgh game off on account of rain.

Diamond Sparkles. Pitcher Bill Bailey, of the St. Louis Americans, who has always been a hoodlum to the Tigers, has been sold to the Detroit club.

These are happy days for Hugh McEwen of Jersey City, as a baseball manager. His team is leading the International League and drawing good crowds.

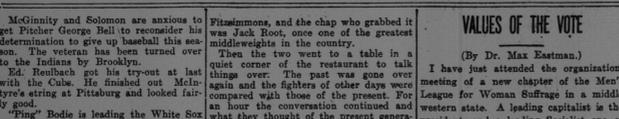

Old Timers Meet. Chicago, May 13-Seated at different tables in a downtown restaurant at dinner were two men; one tall and lanky, square of red hair adorned, and with a complexion spotted with freckles.

SCORE GREAT SUCCESS IN HAYDEN'S CREATION. St. John Choral Society's Fine Presentation—Soloists' Work Also Delightful.

The St. John Choral Society delighted an audience which completely filled the Opera House last evening by their successful production of Hayden's oratorio, The Creation.

VALUES OF THE VOTE. (By Dr. Max Eastman.) I have just attended the organization meeting of a new chapter of the Men's League for Woman Suffrage in a middle western state.

People say the fact that women are not greatly awake and active in their own behalf now is a reason for withholding it. But they are just wrong! Citizenship is the stimulus. It is the gift (or the position—I don't care!) that will arouse them.

There is a third value of citizenship, the power which it gives of accomplishing things through legislation and government. This is a reason, and for the workers a rapidly growing reason.

ATTRACTIVE CURTAIN VALUES

People are telling us that our \$1.00, \$1.50, \$2.00 and \$2.50 Curtains are the best that are being shown in St. John at these prices. The reason that they are such good values and attractive patterns is that we buy them direct from the factory not paying any middleman's profits. A good many of the patterns we are showing this year are double bordered. This enables you to reverse curtains and by so doing they will wear much longer. It is always the sides to the centre of the window that wear our first.

Our range of prices for Curtains run from 50 cents to \$7.50 a pair.

CURTAIN MUSLINS, SCRIMS, NETS AND LACES

a large variety from 6 cents a yard up to 60 cents.

We have a special sale of Huxley Muslin at 10 cents a yard, worth 15 cents, 30 inches wide.

LOCAL NEWS

TO MEET TONIGHT.

A meeting of the supporters of the local opposition in the parish of Musquash will be held at the home of James A. Sheppard this evening, May 14, at 8 o'clock, for the purpose of electing delegates to attend the convention.

SCOW ASHORE.

One of the big scowings across belonging to the Norton Grubbs Co. was blown on the rocks on the East St. John side of the bay last night and is now high and dry. When the tide comes in an effort will be made to take the scow off.

POLICE VACATIONS.

The policemen have started in on their holidays. Detective Killen and Policeman Marshall went on their two weeks vacation this morning. Lots were drawn for the holidays on Saturday and these two picked the first. By the time all get their vacation it is well on toward winter.

THE AUTO IN BUSINESS.

The number of commercial motor vehicles around the city is increasing this summer. T. McAvity & Sons made the start with their delivery car, Emerson & Fisher now have a car of the same description. The Maritime Mail Company has imported a big motor truck and Murray & Gregory are also securing a large truck.

TAKEN HOME.

The body of John Hughes, who was killed last week near Fernhill, and interred by mistake as another man, was taken today to its final resting place in Prince Edward Island, in care of his brothers, Anthony and Wilfred Hughes, of Amherst. They left the Point de Cluse express at 12:40 today with the body.

NEWSPAPER CHANGES.

Fred G. Muggah has resigned the editorship of the Sydney Record, to take the position of editor of the morning edition of the Sydney Post, and W. Headley, late of the Montreal Star, has assumed the editorship of the Record. Muggah is an Englishman, with considerable experience in journalism both in England and Canada.

THE RURAL MAIL.

Two new rural mail routes have been added to the number established in the province, bringing the total up to fifty-four. The new routes are a circuit from Burt's Corner and back, taking in a fairly extensive section of the surrounding country, and another from Burt's Corner to Mouth of Kewick. One of the members of the inspector's staff, James Henderson, is at present at Burt's Corner attending to the establishment of the routes.

THE JUNIORS.

The Fairville Stars have challenged the Metcalf street Stars for a game of baseball. The latter have accepted and arrangements for the game can be made through Murray Hatheway, care of Wm. Thomson & Co., or G. Spight, care of J. M. Robinson & Sons.

ST. JOSEPH'S BANQUET.

The members of the V. M. S. of St. Joseph will hold their annual banquet on Thursday evening next in Wannamaker's restaurant, Chalmers street. The vice-president, George F. Cunningham, will preside. Besides a programme of musical and literary numbers a cover list will be carried out as follows: "The King," "Our Country," "Our City," "Our Association," "Our Orchestra," "The Press," and "The Ladies."

SYDNEY AND SHIPBUILDING.

If Sydney votes a subsidy of \$1,000,000 payable in four instalments at five year intervals, the British Canadian shipbuilding and Dock Co. undertakes to spend at least six million dollars on a dry dock and shipping plant within five years; to employ 2,000 workmen; to pay for sewer, street, and water pipe extension up to half a million dollars, payable in ten years in 50-year bonds of the city at par; to erect all workmen's houses within the city to provide money to pay the regular water rates.

McKENNA MUST HAVE THE HORSE SHOT

Today's Police Court—Request to Ead King Street Store Case

The case against James McKenna, charged with having in his possession an old horse, sickly and unfit for work, was continued in the police court this morning. J. King Kelley, K. C., appeared for the S. P. C. Dr. T. Fred Johnson and Doctor Campbell, both veterinary surgeons, told of examining the horse and of finding it in a terribly unconditioned condition. They were both of the opinion that the horse should be done away with. His Honor told McKenna that he would have to destroy the horse immediately or pay a fine of \$50 to the court. He reluctantly agreed to have the animal shot.

Frederick Nice, arrested on suspicion of having stolen a watch some days ago from William Williams, was brought into court and further remanded.

One prisoner charged with drunkenness was fined \$4 or ten days in jail, and another was sent in on remand.

J. King Kelley asked the court to dispose of the matter of Douglas Adams, arrested on suspicion of having stolen \$75 worth of goods from the store of J. M. Roche & Co., where he was employed. Mr. Kelley said that the boy had confessed and that restitution had been made. He also said that the firm did not wish to press the charge further. His Honor said that he would bring the boy in this afternoon and if he consented to be tried in the police court he would dispose of the case.

John Douglas, reported for driving on the right side of Mill street, contrary to custom, pleaded guilty and was fined \$2. He was warned by the court that if he repeated the offence he would be fined \$50.

ST. JOHN MEN AMONG THEM

There were several New Brunswick prize winners at the drawing of The Art Union of London, held on April 30. The following were the successful ones:—

G. H. Peters, a water color painting, "Castle of Iachis," by Deming, after W. C. Stanfield, R. A.

Richard Sullivan, an electro silver album mount.

T. C. Allan, Fredericton, and F. B. Ellis, St. John, each a silver watch and a clock.

F. M. Merritt, of Marysville, a framed bas relief, "Dawn Dispelling Sleep."

Dr. H. McIntosh, a color print, "Daydreams."

Arthur McDonald, a portfolio of nine scenes from English history.

FAITHFUL GATHER FOR FLEMING BANQUET

Government Holding Session This Afternoon — The Valley Railway Contracts

Conservative politicians are arriving in St. John today for the Fleming banquet this evening, as the faithful will be expected to be present.

Taking advantage of the opportunity the provincial government was to hold a meeting this afternoon. There was a large amount of business to be attended to. One of the most important matters was the award of the Valley railway contracts, which may be made today. The announcement has been made unofficially that the contract for the St. John to Fredericton section is to be awarded to J. H. Corbett & Son, and it is expected that this will be confirmed this afternoon. The presence of Mr. Corbett in the city indicates that this may be the case.

The banquet in honor of Premier Fleming will be given this evening at half past eight in the Keith Assembly rooms. Hon. J. D. Hazen, D. S. Crockett, M. P., and Senator Daniel will be among the guests. About 200 are expected to be present. W. H. Thorne will preside and the toast list calls for speeches by the chairman, Senator Daniel, Hon. Mr. Fleming, Recorder Baxter, Hon. Mr. Hazen, Mr. Crockett, L. P. D. Tilley, Hon. Robert Maxwell, Hon. John Morison, Hon. H. P. Mer, Hon. Dr. Landry and Hon. A. A. Murray. There will be songs by F. C. Macneil, D. B. Pigeon and others, D. A. Fox acting as accompanist, and music will also be furnished by an orchestra.

Premier Fleming arrived in the city last evening and Hon. Messrs. W. C. H. Grimmer, H. F. McLeod, John Morrissey and D. V. Landry arrived this morning. Among others who are in the city to attend the banquet are O. S. Crockett, M. P., Commissioner of Agriculture W. W. Hubbard, K. F. Funder, M. P., H. W. Woods, M. P., and Scott D. Guphill, M. P.

Hon. Mr. Hazen and Hon. Mr. Foster also arrived today.

THOSE ENTITLED TO FENIAN RAID BOUNTY

Text of the Act Passed at the Last Session of Parliament

The Times has received inquiries as to the terms of the act passed at the last session of the dominion parliament, providing for the payment of \$100 as bounty to the "Fenian Raid" veterans. The following provisions of the act give the desired information:—

In this act "volunteers" means any person who was regularly enrolled or enlisted in and served with any militia corps which the government of Canada, or of Nova Scotia, or of New Brunswick, called out for active service in the year 1868, or which the government of Canada called out for active service in the year 1870, excepting, however, the two battalions of riflemen formed for service in the "North West."

The government-in-council may, at any time before December 31, 1912, grant the sum of \$100 to every volunteer who is resident in Canada on the date of the passing of this act.

The payment of every such grant shall be made by the minister of finance upon the authority of a warrant upon the minister of militia and defence, certifying that the person named therein performed the service which entitles a volunteer to a grant under the provisions of this act.

The warrants to be signed by the minister of militia and defence, under the authority of this act, shall not be issued except upon such proofs as are prescribed by the government-in-council.

ANXIOUS ABOUT WHITNEY

Word From Explorer and Sportsman Should Have Been Out of Arctic Weeks Ago

New Haven, Conn., May 14.—Although Harry Whitney, sportsman and explorer, who went two months ago on a hunting trip to the far north with Captain Bartlett, was due to be in touch with civilization again three weeks ago, no word has come to the members of his family here. A letter has just come from Captain Bartlett's family asking if Mr. Whitney's family have had any word.

While the text of the letter is not made known, it is understood that both families are of little anxious as to the whereabouts of the party. The exceptional drift of Arctic ice southward is understood to be the cause of the anxiety. Mr. Whitney's party sailed from St. John's, N. F.

LOCAL BASEBALL NOTES

Manager Joe Page of the Marathons, received a telegram today from the secretary of the Nova Scotia Baseball League, asking him to forward immediately a copy of the constitution and by-laws of the N. B. and Maine League, in order that the Nova Scotia League might draft a similar one. Mr. Page spent considerable time in framing the laws for the N. B. and Maine League, and the Nova Scotia people see their value as they cover everything.

The first game in the newly formed East End League will be played on Monday night next, the opposing teams being the Commercial and the Glenwoods. It is expected that the league will be formally opened by a prominent citizen, who will throw the first ball. All the games in this league will be played on the Erin street grounds.

FUNERAL OF MRS. COHOE

Halifax, N. S., May 14.—(Special)—The funeral of Mrs. A. B. Cohoe will probably take place at two o'clock on Thursday afternoon from her summer home, Princess Lodge, N. S. It is quite possible that the body may be taken out of the city for interment, but this is not finally decided.

MARRIED IN BOSTON

Mr. and Mrs. H. B. Howes, who were married on May 7 in Boston, arrived in St. John on Saturday last and are the guests of Mr. and Mrs. George Howes, King street East. Mr. and Mrs. Howes will leave for their future home, Lakeside, Queens county, on Thursday night. They received many costly gifts in silver and cut glass.

MAY 14, 12

For Every Need of Every Man We've the Right Clothes at Less Than They'd Cost Anywhere Else.

When you buy clothing here, you buy directly of the makers and you save the middleman's profit. This means that you pay as 14 to 15 less than you'd have to pay for the same goods at other stores.

But the economy feature is only one reason for buying Oak Hall Clothes. There are other reasons why this store would still be the clothing headquarters for most St. John men, even if they had to pay as much here as elsewhere.

No other store offers such a wide scope of choice to the careful dresser. No other store has better made garments or smarter styles.

We know that the work which is put into the garments is the kind that counts. We know the clothes will wear well and that the fit will last as long as the goods.

We are so sure that every garment is what it should be that we guarantee it for satisfactory service and stand ready to make right any defect which comes to light.

And when, in addition to these advantages, you get clothes for a fourth to a third less than you'd have to pay in other stores—all of which facts can be verified by making comparisons—is there any reason under the sun why you or any man should actually throw away good money by buying clothing anywhere outside of Oak Hall?
