

Suffering Saved by Neverslip Calks

A practical and proved device of small cost, easily applied. Your horse suffers in slippery weather when shod with smooth shoes, from fear of falls and strains. His hoofs suffer too by the frequent removal of the old-fashioned shoes for sharpening. Send for our pamphlet on this subject. Your horse's hoofs probably have the calks or will get them.

CHAMBERLAIN REBUKES BOERS. BLOEMFONTEIN, Feb. 6.—Colonial Secretary Chamberlain today had a two hour conference with a deputation of about forty Boers of the extreme party, including Christian De Wet. The deputation presented an address, which it is understood, Mr. Chamberlain rejected, at the same time rebuking the delegates for presenting the address, which he regarded as insulting, inasmuch as it impugned the good faith of himself and the government.

HARMONY HALL.

The President Thinks He Hears Something About Rais.

Harmony Hall was excited last evening. Visions of crisp new twos and things made the back-benchers hither and thither. "Fellows," said the president, "the fight is on. Has any one a suggestion to make?" "I hear there's an editor somewhere around that might help us," said one of the Fellows. "Buy him," said the President promptly. "What's his price?" "No ask him," replied the Fellow. "Do so," said the President. "There is one thing more than anything else that we can point to as a proof of our unparalleled ability and honesty as legislators; it is the support of an unpurchasable press—did you speak, Fellow Bowes?" "Fellow Bowes shook his head. "I beg your pardon," said the President. "It was Fellow Crockett." "I have not spoken, Mr. President," declared Fellow Crockett. "No? How odd—then it must have been Fellow D. G." "No sir," said Fellow D. G. "I didn't speak." "Then," said the President, "it must have been Fellow MacNutt." "No," said Fellow MacNutt, "I have not spoken." "How very extraordinary!" cried the President. "Why, I could have sworn that one of you gentlemen said 'Rats!'" But they all repeated their denial. "Well," said the President, "I'm sure I beg your pardon. And, as I said before, we pride ourselves on the unbought allegiance of a high-minded press." Follows Bowes, Crockett, D. G. and MacNutt arose and bowed profoundly. "Those Fellows," said Fellow Ernie aside to Fellow Milligan, "are becoming insufferable." "Where's the Grand Medieval Organiser?" demanded the President. "Um here, sir," replied Fellow McIntyre. "Ah!" said the president. "Has Fellow Milligan duly instructed you in the duties of your office?" "He has, Mr. President." "This well," said the President. "We are now ready to proceed. It is your duty, as members of the Ancient Order, to be all things to all men—liberal, conservative, independent—anything to get votes. You will be provided with the resources of civilization. Use them for the furtherance of the aims of our great and noble Order. We will now take a brief recess."

POLITICAL NOTES.

The opposition will hold a grand rally in the York Theatre next Thursday evening. An opposition convention will be held in the Orange hall, Fairville, on Tuesday evening, to nominate a candidate to run with Mr. Anderson for St. John county. The opposition convention for Queens county will be held at Gagetown on Tuesday; for Westmorland at Sackville, on Wednesday. Carleton and Charlotte county conventions will also be held next week, the former probably on Wednesday. Government conventions are announced as follows: Kings—At Hampton, Thursday, Feb. 12, at 1 p. m. Renfrew—At Campbellton, Wednesday, Feb. 11, at 3 p. m. Queens—At Gagetown, Thursday, Feb. 12, at 2 p. m. Carleton—At Woodstock, Thursday, Feb. 12, at 2 p. m. Government ward meetings will be held in this city Monday evening. The Telegraph, in a list of probable government tickets, includes the following: St. John City—Hon. H. A. McKeown, George Robertson, D. J. Purdy and a Catholic nominee, among those mentioned being Thomas Gorman, M. F. Mooney, Ald. John McGoldrick, John L. Carleton and Edward Lantalam. St. John County—Hon. A. T. Dunn and Dr. Rudick. Charlotte—Hon. Geo. F. Hill, James O'Brien, W. F. Todd and Wm. Russell or W. C. Grimmer. Westmorland—Hon. Clifford Robinson, A. S. Copp, Dr. Gaudet, of Meinramcook, and Ernest Smith, of Shediac, or Frederick Magee, of Port Egin. The Moncton Transcript ignores provincial issues altogether and says that the liberal electors should make up their minds to vote only for candidates favorable to the liberal party.

AN AWFUL EXPERIENCE.

NEW YORK, Feb. 7.—John Chase, a one time prosperous manufacturer of Manhattan, having lost his money, lived alone at Hempstead, L. I. Not having been seen for several days, friends went to look for him and found him unconscious in his room. His foot had been caught in a spring bed, and in endeavoring to extricate it the old man had partly fallen out of bed and struck his head, which rendered him unconscious. For three days, half frozen, he had vainly endeavored to extricate his foot. Had he not been found by his friends he would have died from starvation. He was removed to the almshouse.

CATTLE ARRIVING.

The delayed cattle train with over 800 cattle for the S. S. Montclair, arrived early this morning. Part were sent to Ballast wharf to be barged across the harbor and part were sent around to Sand Point by rail, according to the wish of the several shippers. Another lot for the Lake Ontario arrived later and a train load for the Manchester boat is expected tonight.

THE WINTER PORT

Statement of Business up to End of January.

It Makes a Good Showing in Comparison With Previous Years.

The following condensed statement of winter port business from the beginning of the season until the end of January may be of some interest. The statements of grain and live stock are given separately, and the shipments of local deals on bills of lading are not included in the totals of the export tonnage. This statement, prepared by the Star, differs slightly in one or two respects from the one held by the C. P. B., but this may be taken as almost correct, and whatever differences may occur will not be found in the statement to be issued at the end of the season. The number of sailings, and the total export and import tonnage of freight carried by the different lines will be found in the following:

SAILINGS AND TONNAGE.

Lines.	Sailings.	Im-ports.	Ex-ports.
Manchester	3	599	7,349
Head	2	—	1,069
Furness	7	1,511	4,335
Elder-Dempster	8	4,833	22,101
Donaldson	6	7,352	14,395
Allan	11	6,789	31,485
Totals	37	21,082	90,684

To this total export tonnage must be added the tonnage of live stock as shown below, which brings the total exports, exclusive of lumber, to \$7,423 tons. The cattle business has been fairly good and the present prospects are that it will make a much better showing during the remainder of the season. The following statement includes all cattle loaded on both sides of the harbor.

CATTLE SHIPMENTS.

Line.	Cattle.	Sheep.	Horses.
Manchester	1,354	1,630	—
Elder-Dempster	4,691	—	16
Donaldson	2,620	2,594	17
Allan	2,553	989	—
Totals	11,218	5,123	33

Cattle tonnage not included in tonnage of general cargoes—Manchester, 990; Elder-Dempster, 2,300; Donaldson, 1,700; Allan, 1,600.

This gives a total cattle tonnage of cattle of 6,559, which is included in the preceding statement of exports. The comparison in cattle shipments during the past three years is shown below. This statement includes the total number of animals shipped in 1900-1901 and 1901-1902, while in 1902-1903 the totals are only given up to January 31.

	To Jan. 31.	1900-1901.	1901-1902.	1902.
Cattle	11,200	11,750	11,218	—
Sheep	12,113	6,869	5,123	—
Horses	209	100	33	—
Totals	23,522	18,719	16,374	—

By this it will be seen that the present season's live stock business has been good, and taking up till the end of January as approximately half of the winter port season there is every reason to hope that this year's business will be the greatest in the history of the port in so far at least as live stock are concerned.

Grain shipments have also been good, as is shown by the following:

GRAIN SHIPMENTS.

Line.	Wheat.	Oats.	Peas.
Manchester	144,696	28,747	—
Furness	53,624	44,837	—
Elder-Dempster	414,725	49,689	24,997
Donaldson	238,698	85,037	10,730
Allan	672,390	9,662	17,077
Totals bushels, 1,523,703	217,953	52,804	—

The Donaldson line also took 33,980 bushels of rye. This gives a total of 1,528,469 bushels of grain shipped to the end of January. This total of bushels is about equal to 51,000 tons.

A comparative statement of previous years shows that the total bushels of grain shipped in 1902-1903 was 4,596,689; in 1901-1902, 2,749,483; and in 1900-1901, 2,144,917 bushels. Thus the shipments actually leaving St. John before the end of January, or in half of the season, were only 316,468 bushels short of last year's total shipments.

Local lumber shipments, not included in the tonnage given in the first statement, are as follows: Manchester line, 516 standards; Head line, 874 standards; Furness line, 735 standards; Elder-Dempster line, 1,335 standards; Donaldson line, 835 standards; and the Allan line, 2,664 standards, giving a total of 8,306 standards.

Last year the special shipments to South Africa added considerably to the business done. Leaving them out the total tonnage was 137,673, and of this 68,998 was grain, leaving 78,675 tons of prepared freights, as compared with 56,421 tons to the end of January this year. The imports in the whole of last year were 35,684 tons, while this year, up to the last of January, they are 21,082 tons.

These statements show a decided increase in imports, and in exports of grain and cattle. Lumber shipments have also increased, but there is a falling off in the export of package freights. It is more than probable, however, that this season's business will considerably exceed that of last year.

A DIVORCE SCANDAL.

A Plot to Get Evidence Gets the Lawyer in Trouble.

DEBHAM, Mass., Feb. 6.—Before deciding on the petition of Mrs. Emma B. Crane for a divorce from her husband, Charles Crane of Quincy, Judge Pierce, in the Norfolk superior court, today debarred Alvin H. Bacon of Boston, the leading attorney for Mrs. Crane, from practising for two years in Norfolk county, on account of his conduct in procuring evidence against the libels. He then refused to grant Mrs. Crane's petition. Mrs. Crane charged her husband with infidelity and endeavored to show improper conduct on his part at Revere Beach last summer. Horace G. Atwood of Boston, in behalf of Crane, testified that he was employed by Attorney Bacon to trap Crane, by inducing him to visit several women in Revere who, he said, were also in the conspiracy.

BRIEFS BY WIRE.

H. B. Woodbridge, a well known newspaper man, is dead in St. Paul, aged 49 years. The January statement of the British board of trade shows a decrease of \$19,570,000 in imports, and an increase of \$3,172,500 in exports. Lieut. General Miles, U. S. A., and his party left London this morning to join the Cunard line steamer Lucania at Liverpool. Former Premier Karaveloff, who was one of the regents of Bulgaria after the abdication of Prince Alexander, is dead from apoplexy. A London cable says that the news that the Venezuela protocols are in course of preparation has caused great satisfaction. The Sultan of Turkey has ordered the immediate mobilization of 240,000 troops for a demonstration in Macedonia. War is feared.

REV. M. J. COUGHLAN DEAD.

Was Native of St. John and Parish Priest of Johnville.

Rev. M. J. Coughlan, parish priest of Johnville, Carleton county, died at half past nine o'clock this morning at Johnville of typhoid fever. Fr. Coughlan had been ill for two or three weeks and was reported to be on a fair way to recovery, but early this morning he suffered a relapse and passed away. During his illness he has been attended by Dr. Albert, Miss Keenan, who has been his housekeeper since he was ordained. Michael Joseph Coughlan was born in St. John in March, 1873, the son of John and Ann Coughlan. He attended the primary and grammar schools in this city and St. Joseph's college at Miramichi, afterwards taking a two year course in the Grand Seminary at Quebec. In July, 1896, he was ordained in the Cathedral in St. John by the late Bishop Sweeney, and at once went to Milltown as curate with Father John. Shortly afterwards, being in poor health, he was transferred to St. Martin's, and remained there for almost six years, or until the beginning of the present winter, when he was moved to Johnville. Father Coughlan was a young man of much ability, and gave promise of a life of great usefulness. He leaves besides his parents, who reside at 22 Courtenay street, one brother, John, employed at Oak Hall, and one sister, Mrs. Gibbs, living at 22 Courtenay street. "It is not yet known whether the body will be brought to St. John or not, but if arrangements can be made this will be done."

CURLING.

The St. Stephen curlers played a match against the Carleton club yesterday afternoon and won by a score of 64 to 60. The Thistles defeated the St. Stephen team last evening by a score of 68 to 69. After the game the Thistles entertained the visitors. At a meeting of the Moncton Curling Club, St. H. Allen, W. M. Rippey, G. W. Maddison and E. W. Glavin were elected skips to play Fredericton and the Thistles and St. Andrews clubs at St. John. The Moncton curlers propose leaving on Tuesday next on their trip to St. John and Fredericton. A trip to Halifax, Truro and Amherst is also on the tapis and St. Clark, L. R. Hettie and B. E. Smith were elected skips to go east.

S. S. TRAINING SCHOOL.

Thursday's Sacred Tribune says Rev. G. M. Campbell of St. John, representing a number of prominent New Brunswick laymen and the St. John Preachers' Association, was in town yesterday. The object of his visit was to secure the co-operation of the Mt. Allison faculty towards establishing a training school for Sunday school teachers to be held here for a fortnight during either July or August. The faculty, which had a meeting yesterday forenoon, decided to do what they could to further the scheme. Rev. Mr. Campbell left on the day express yesterday for Halifax, where he will consult others with reference to the proposed school.

ST. JOHN STAR. ST. JOHN, N. B., FEBRUARY 7, 1908.

A PUBLIC DUTY.

The question before the electors of this province is one of very serious importance. Except among those persons and newspapers whose interests are identical with those of the present government, but who would just as cheerfully support any other government for a like consideration, there is general dissatisfaction with our present provincial rulers. The fact is beyond dispute. The government and its particular friends have long been entrenched in power, and at election time they are able to use with great effect those peculiar agencies which a party in power is able to utilize, and which sometimes defeat the will of the majority of the people. The fact that New Brunswick has not a better government than that of today is partly due to the indifference of a portion of the electorate, and partly to a clever use of every means legitimate and otherwise, by politicians in power who were unscrupulous enough to adopt any method to further their own ends. These people are now endeavoring to persuade the people that Mr. Hasen and those supporting him have not sufficient ability to conduct the affairs of the province. It would indeed be a most unfortunate state of affairs if they could not do better than the men who have been rolling up the provincial debt without a compensating improvement in the public services. It is time for a change. The present government should be defeated, and an opportunity given to other men. Place new men at the head of affairs and there will at least be an end of the extravagance and recklessness which mark the course of the present administration.

ST. JOHN'S DUTY.

The Star commends to the electors of St. John, as the proper men to be their next representatives in the legislature of the province, Messrs. Shaw, Wilson, Hatheway, and McInerney. These four are opponents of the present government, which has been in power entirely too long for the good of the province. They are men of ability, who will serve the citizens faithfully and well. Mr. Shaw has had valuable legislative experience at Fredericton, and Mr. McInerney at Ottawa; while Mr. Wilson and Mr. Hatheway, as success-

ful business men, thoroughly conversant with the needs of the city and province, are amply qualified to aid in shaping more desirable legislation than the province has had or is likely to get under the rule of Mr. Tweedie and Dr. Fugleley. There is no question at all that intense dissatisfaction with the present combination is felt all over the province. The thing to do now is to rally to the support of the opposition candidates and give new men an opportunity to shape provincial legislation. A change will certainly be of great benefit to New Brunswick. The electors of St. John have the issue now squarely before them.

SPORTING NEWS.

HOCKEY.

MOHAWKS DEFEAT BEAVERS.

Another game in the Provincial Hockey League was played in Queen's Rink last night, the Mohawks winning from the Beavers by a score of 6 to 0. The present standing of the league is as follows:

Team	Won	Lost	Drawn
Fredericton	4	1	0
St. Stephen	4	1	0
Mohawks	3	2	1
Marysville	1	4	1
Beavers	0	4	0

The game last night was too one-sided to be interesting, the winners having everything their own way from the start. The Mohawk forward line was weakened in the team work by the loss of Sturdee, who is still suffering from the effect of injuries received in last Friday's game. But the substitution of Mooney on the right wing, as the player put up a splendid game, following up well and using his stick with good effect. The reversal of the position of Inches and Holloway improved the defence somewhat as Holloway's ever-ready and somewhat rough checking broke up many attacks on the Mohawks' goal.

The Beavers were greatly weakened by the loss of Watson, and though Blizard in centre worked hard, one man cannot do the work of a team. The wings were uselessly weak, though conditions were slightly improved later in the game by the substitution of M. Peters for S. Peters at right wing. Fowler at point did well, though too much inclined to play out of his place. The team would have been improved had he been put at cover, and Fairweather, with his weight and checking ability at point. Rodgers' cleverness in goal saved the score from being quadrupled.

The line-up was as follows:
Brown, goal; Holloway, point; Inches, cover point; Gregory, G. Brown, Mooney, Haley, forwards.
Beavers—Rodgers, goal; Fowler, point; Fairweather, cover point; Blizard, M. Peters, Macneil, S. Peters, forwards.

Four minutes after the whistle Haley scored the first goal, after a smart run along the side. Four minutes later Inches shot a long left which Rodgers stopped. But as the puck bounced from his pads, Haley, who was following up commendably, slammed it back again into the net. The third score came in eight minutes, and was shot by Mooney, to whom the puck was passed from a face-off in front of the Beavers' goal. Four minutes later Brown scored again on a pass from Mooney after a clever bit of combination work in which all four forwards had a hand. Whistle blew for half time with score 4 to 0.

In the second half the Mohawks slackened their pace a little. But two goals were scored, one after a minute and a half of play by Mooney, after a pretty piece of team work, and the other by the same player five minutes later, after a strong run down the side.

ROTHESAY, HIGH SCHOOL, O.

A second game was played between Rothesay and High School in the school series and was won by Rothesay by a score of 10 to 4.

The teams lined up as follows:
Rothesay—Bernasconi, goal; Barnaby, point; W. Cromby, cover point; R. Cromby, Patterson, Smith, R. Cromby, forwards.

High School—C. Abbott, goal; E. Inches, point; R. Stockton, cover point; Clawson, Kenney, Warwick and McAulay, forwards.

While the scoring was all one way the game was interesting, and was witnessed by an eager crowd, a large number of Rothesay people being among the audience.

CATTLE SHIPMENTS.

The removal of the cattle embargo on the C. P. R. will not increase to any great extent the shipments of cattle by St. John. Supt. Osborne told the Star today that the possible increase, if there is any, will be from western points, where shippers have been holding back their cattle on account of not being willing to take the risk on the long haul by the I. C. R. These shipments may now be forwarded by C. P. R.

When the embargo was first placed on the New England states the C. P. R. refused to receive cattle in the west. This order affected all exclusive C. P. R. points as well as those common to the C. P. R. and G. T. R., but a few days later the order was changed to include only the points of shipment common to both roads, and since that time the C. P. R. has been handling over to the Grand Trunk all cattle received at exclusively C. P. R. points.

While the embargo has been in operation, the I. C. R. has handled a large proportion of the Grand Trunk cattle business as well as all that of the C. P. R. The present removal will in all probability result in a decrease in the I. C. R. business by the re-transference to the C. P. R. of the business formerly done by this road. Thus the general effect of the lifting of the embargo will be to divide between the two roads the business now confined to the I. C. R., and possibly to cause a slight increase in the total shipments.

WILL PROBABLY ADMIT GOOD-SPEED. His Worship Mayor White has as yet received no official notification of the issuing of the mandamus ordering him to sign the warrant admitting Goodspeed to the reformatory and under present conditions, declines to be interviewed on the matter. He intimates, however, that he will probably call another meeting of the board soon that they might assume the responsibility for taking action.

It is generally conceded that the mayor has no other course now than to accede to the demands of the court and sign the warrant. So it is probable that next week will see Goodspeed at the reformatory trying to remove his original sin with a buck-saw - the only instrument of instruction and reform provided at this institution. He would have learned a trade at the penitentiary.

POLICE COURT. Four names were added to the honor roll this morning. Catherine Conway said she fell on the ice on Waterloo street and her fall confirmed the statement. She had been found lying in a shed and was arrested by Officer Totten, drunk as usual. Catherine went in for two months.

Thomas Powers and John Flynn, having nothing to say, were fined four dollars each for drunkenness. Charles Ryan denied that he had been full on Sheffield street, but his opinion did not agree with that of the officer who made the arrest. Ryan was sentenced to twenty days jail.
