DR. McINTOSH TALKS ON TUBERCULOSIS

Before Meeting of Evangelical Alliance

Many Valuable Suggestions Made—Ministers Deal With Results of Religious Census.

The monthly meeting of the Evangelical Alliance was held in St. Andrew's church parlor this morning.

After the crisis of church members or those who expressed a preference, were distributed, the cards of those who had no preference were divided up.

The meeting suspended business at eleven o'clock to hear an address on tuberculosis by Dr. R. McIntosh.

Regarding the plan to fight tuberculosis by education, the speaker said that starting now we would have to attempt to reach all ages and classes.

Dr. McIntosh said that it was not classed as a contagious disease the board of health could not insist on fumigation or cleaning the premises.

Household pets may spread the disease. Almost every pet bird, for instance, which does not die of old age, succumbs to tuberculosis.

Regarding the habit of sleeping with open windows or sleeping out doors the doctor said that it depended a great deal on individual idiosyncrasies.

Mr. Graham then asked if the physician attending a patient usually saw that the rooms in which patients had been ill or even died of contagious diseases of tuberculosis are reported to the board of health.

Rev. M. E. Fletcher asked about the spread of disease in the schools and said that the school authorities did not take proper care of the pupils.

Dr. McIntosh said that a certain amount of inspection was given to the conditions on the farms from which the city's supplies of milk come.

Half Million Blaze in Mexico City—Trouble Brewing in Chinese Court—German Socialists Unruly.

LONDON, Feb. 1.—A special despatch to the Times from Peking declares that since the death of the Dowager Empress it has become increasingly evident that the government is in the hands of the Regent and the Manchus.

This, the dispatch says, is reflected in wholesale impeachments by censors whose accusations seem to be indiscriminately leveled against any official person whom they choose to attack.

Italian Electrocutated at Sing Sing This Morning

Had Killed Two Policemen Who Interfered When He Tried to Shoot a Fellow Countryman.

OSWING, N. Y., Feb. 1.—Salvatore Governale, who killed two policemen in New York city, in 1907, was put to death in the electric chair at Sing Sing prison today.

Governale was brought into the death chamber at 5:46 o'clock this morning accompanied by an Italian priest, from New York city, and Dr. Mahoney of St. Augustine's Roman Catholic church of Oswing.

The strapping in and the adjustment of the electrodes were completed at 5:47. The current consisted of 140 volts, 30 amperes. After being taken from the chair the body of Governale was turned over to relatives.

Governale's victims were George M. Secher, a plain clothes man, and Policeman Albert A. Sillick. They were shot by the Italian on Sunday afternoon April 14, after a fight in Union Square Park which started when Governale drew a revolver and fired at a fellow countryman.

No Other Punishment is Suitable to Wife Beaters Says Magistrate

In the police court this morning three drunks were fined eight dollars each.

Wm. Seabury was charged with assaulting his wife. He pleaded guilty. The wife was in court with a swollen face.

The magistrate said that the fact of a person being drunk did not lawfully excuse him from committing a crime.

Seabury went to jail after remarking that he would not have given his wife such a beating if he had known what he was doing, and that she knew the same.

Fred Atkins is a man of 50 odd years and has been in jail for a few days, for assaulting his wife on the 27th inst.

Don Longley, the champion backward skater of the Maritime Provinces, is desirous of skating a half mile backward race from opposite sides with any person in the provinces. Mr. Longley would also be pleased to arrange a half mile contest with Hilton Selva.

Yesterday afternoon Dr. McFarland of Fairville was visited by a colored man named James A. Walker who was suffering from an obstruction in his throat. After working with the patient for a short time the doctor extracted a meat bone about the size of an egg.

Sunday services at the Seamen's Institute were well attended. A number of good voices were heard among the men of the sea. A number of ladies and gentlemen from the city churches were present. Alexander Watson delivered a very healthful, interesting talk which was listened to with marked attention. The choir from St. David's Church sang several selections which were greatly appreciated by the seamen.

Show fell on Saturday, accompanied by a heavy gale. The beautiful began to descend in the afternoon and continued throughout the night. There was also a heavy precipitation yesterday. In all other respects the day was a beautiful fall. The temperature was quite low. The highest registered was 22 degrees and the lowest was 15. Snowshoes took advantage of the fine snow and despite the storm many spent a part of Saturday evening in pursuing this popular pastime.

TO CURE A COOLD IN ONE DAY Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box, 25c.

The service in Queen Square church last evening was largely attended. It was of an evangelistic nature preparatory to a series of services to be conducted by J. Ritchie Bell of Montreal. The singing was led by a large choir and orchestra, and the familiar gospel hymns added to the success of the service. The pastor, Rev. H. D. Harr, made a brief address, emphasizing the necessity of Personal Righteousness through God. Tonight's meeting will be led by Rev. Dr. Flanders of Centenary church, Mr. Bell being unable to reach St. John for several days.

The services in Saint John (Stone) Church yesterday morning were in the nature of a memorial to the late Archbishop Sweetman, Primate of Canada. The pastor, Rev. G. A. Kuhnring, preached an appropriate sermon and the musical portion of the services was also arranged with special reference to the death of the archbishop. There were special hymns and the Psalms xxxix so were used as well as the anthem 'Abide with Me,' by Barnby. At the close of the service, Dr. Arnold Fox played the Dead March in Saul, the congregation remaining standing till the conclusion.

Intense indignation prevails at Sussex over the treatment accorded at Moncton last week. George Mages, a Sussex player, was cross checked and had his nose broken in two places. Frank Howard has a bump on the back of his head and there is danger that the smaller bones of his arm are broken. He is under the care of Dr. Pearson. Guy Chapman, goal tender on the Sussex team, who was wearing a chest protector, was hit so hard near the groin that the protector was broken. Mr. Chapman's body is black and blue. Feeling in Sussex is running pretty high over the affair. The Sussex team blame two of the Moncton players named Spence and Kennedy for doing all the rough and dirty work.

THE SHEET METAL WORKERS' Union will hold a regular meeting in the Berrymans Hall at 8 p. m. tomorrow. Saturday evening when the blizzard was at its height two freight trains were in collision at McAdam. A van and a box car as well as the head light of an engine were damaged. About one o'clock this morning Alfred Simpson, a yardman in the I. C. R., was caught between two cars and severely but not seriously injured. A deep gully was inflicted over his left temple, and he was quite badly bruised about the shoulders. Dr. D. E. Berrymans who attended him ordered his removal to the hospital.

WONDERFUL CURES BY THE USE OF RADIUM King's Physician Cites Some Remarkable Cases--The Effects Almost Uncanny.

LONDON, Jan. 31--Sir Frederick Treves, surgeon to the King and consulting surgeon to the London Hospital, lecturing at that hospital, cited interesting instances of radium cures he had witnessed, including vascular tumours, warts, moles, eczema, keloids, rodent ulcers and epitheliomas. He said it was almost uncanny to see the rapid manner in which sometimes radium accomplished healing. After the first application, say on Monday, nothing happens until about Friday, when the skin suddenly becomes red and irritable. Then a sort of crust forms, which comes away in two or three weeks, about a month later there was a second application of radium, after which in many cases the patient did not need to see a physician again.

Dr. Treves pointed out that one of the greatest uses of radium in the future might result from its curious radioactive emanations. He described how a penny enclosed in a jar with an unsealed phial of radium became itself radioactive, and if the penny were removed and washed with nitric acid its radioactivity was transferred to the latter, while the penny was no longer radioactive.

SUNDAY MORNING FIRE ON KING STREET Reid Bros. Burned Out, Damage Done to Dunlop Cooke's and A. O. Skinner's.

At one o'clock Sunday morning fire was discovered in the second story of Reid Bros. building on King street, and an alarm from box 23 was sent in. The department responded quickly and found the upper section of the building in a mass of flames. There was not a very good pressure of water until the engines got to work and then about eight streams poured tons of water on the flames.

It was nearly two hours, however, before the fire was under control and long after daylight before the firemen had finished their work. The upper portion of the building was destroyed. The department was successful in their efforts, however, to confine the fire to the one building, although the two adjoining buildings were slightly damaged. The stocks also of A. O. Skinner, Dunlop, Cooke and Co. and F. E. Holman and Co. were damaged to some extent by smoke and water.

The salvage corps were successful in saving the valuable stock of furs from the store of Dunlop, Cooke and Co. They were removed to the building next below, occupied by Holman Bros. The all out was not sounded until about 6 a. m. The interior of Reid Bros. store was completely gutted. Robert Reid, who is the active partner in the business, said last evening that he estimated the value of the stock at about \$12,000. The firm, he added, would open an office today in Fraser, Fraser and Co.'s building, 71 Germain street. He was unable to account for the fire, unless it was due to an electric wire, as there were no fuses on the floor where it started.

This building and that occupied by Dunlop, Cooke and Co. are owned by James E. White, who had each insured for \$1,500 with William Thomson and Co. Mr. Skinner's premises, which are owned by Dr. W. W. White, are damaged by smoke and water. He estimates his loss at about \$1,000, covered by insurance.

The building occupied by Holman Bros. was owned by the estate of Moses Prescott. It is only slightly damaged by smoke. It is fully insured.

Water found its way into the cellars of all the buildings below Mr. Skinner's store, including the basement of the Canadian Bank of Commerce, and in some cases was more than a foot deep. The insurance carried by Reid Bros. on their stock and fixtures was as far as could be ascertained yesterday was: Western Insurance Co. .... \$2,100 Guardian ..... 1,000 Phoenix of Montreal ..... 1,000 William Thomson and Co. .... 1,000 Insurance Company of N. Rev. Gideon Swim Predicts Dire Things for the Aldermen

Declaring that the members of the Common Council who recently urged that the matter of a date for the holding of a local option plebiscite be referred to the recorder for an opinion would be reckoned with at the elections in April, the Rev. Gideon Swim created somewhat of a mid-air sensation in his address before Thorne Lodge yesterday afternoon.

The speaker opened his address by referring to his own connection with the temperance movement and his sympathy with the work Thorne Lodge is carrying on. He wished the lodge and its members every success. He stated that as a Christian he was necessarily a temperance man. He could not conceive of a Christian not being a temperance man.

The aldermen who lately shifted the responsibility of naming a day for a local option election on the shoulders of a man who at best could not be said to be impartial should be reckoned with in April next. "And they shall be reckoned with" said the speaker, "for those are those who have never taken a lively interest in civic politics before who will show by their ballots and influence this spring that such actions cannot be condoned."

Mr. Swim said that he was proud to be with the delegation which requested prohibition from the local government the other day. He was proud of the size and make up of it as well as the way the representatives made the request.

The Christian and temperance people will express with the ballot, if necessary, their opinion regarding the answer to be submitted by the premier. He said that in the past the practical work of temperance people will begin, and it will be shown to these two bodies of government that the majority must rule and not be governed by a small minority.

The speaker closed an eloquent and forceful speech with an appeal for continuous and earnest effort and predicted that in the great future the purpose for which they struggled would be accomplished and the cause of strong drink driven from the land.

Ottawa Accountant Can't be Found

ACCOUNTS CORRECT Lord Morley on Visit to Earl Grey--Press Gallery Meeting

OTTAWA, Jan. 31--Peter Robertson, accountant of the interior department, has been missing since Wednesday last and search has failed to disclose any trace of him. He was sixty years old and had been in the service since 1877. Entering as a messenger he advanced steadily until he gained the position of first-class clerk and was assigned to a post of considerable financial responsibility. His books have been examined and show his accounts are absolutely correct. He has been in poor health for some months, but no cause can be discovered for his disappearance.

Earl Morley Earl of Morley reached Ottawa on Saturday for a short visit at Ottawa. He is the guest of Earl Grey. It is understood that he will visit a number of Canadian centres, including Montreal and Toronto.

The annual meeting of the press gallery was held Saturday and resulted in the choice of A. Garvin of the Ottawa Journal, president; P. E. Blakey, Toronto Telegram, vice president; A. B. Hannay, Montreal Herald, secretary; executive--J. A. Forster of La Patrie, Walls Dufour of Montreal Star, Edward W. Grange of Toronto Globe, C. F. Hamilton of Ottawa News, and Fred Williams of Ottawa Free Press.

## ANOTHER AWFUL ENGLISH TRAIN WRECKED; DRIVER IS KILLED, OTHERS INJURED

NORFOLK, Va., Jan. 31.—The identity of the steamer which went down early yesterday, probably with all hands, off Diamond Shoals, fourteen miles from Cape Hatteras, N. C., yet remains unknown.

The day furnished no way of corroborating the testimony of those aboard the Diamond Shoals Lightship, who helplessly saw this latest tragedy of the well-known "graveyard of the Atlantic." When darkness fell tonight not a single piece of wreckage had been detected either on shore or on the ocean, and it may be several days before anything is discovered.

Neither the government weather station nor the local commercial wireless station received any reliable news relative to the ill-fated vessel today. No definite news has come to the Norfolk navy yard from the revenue cutter Onondaga which is at the scene of the reported wreck.

**Brought No News**

The Savannah steamer City of Savannah which reached Savannah today from New York brought no news that might aid in clearing up the mystery although her wireless operator caught the message from the lightship and was positive that the ship was described as a single funneled vessel.

A message tonight to the Associated Press from Keeper Strayton of the Durant life saving station at Hatteras read as follows:

"No details received in this locality of steamer reported founded near Diamond Shoals Lightship. No wreckage has drifted up here and none seen from the shore."

The government weather officials at the Norfolk and the Cape Henry stations, who are in direct telegraphic and telephone communication with practically every point along the Virginia and North Carolina coast, have had no word from any station that indications of a shipwreck have been discovered and notwithstanding these reports the Hatteras report that they saw the steamer sink, they are inclined to doubt that a self-propelled vessel with human lives aboard really foundered.

Local shipping authorities declare that the steamer probably was an abandoned derelict.

The wind, which blew off shore at a velocity of forty-five miles an hour, moderated to some extent today. Tonight a moderate northwest wind is blowing off Hatteras. As long as the wind remains in this quarter any wreckage or floatam from the ship will probably be driven far out to sea. The reporting of the Carolina S. S. Co.'s steamer Theodora Weemo, which passed in at Cape Henry, bound from Georgetown, was reported as having been sighted today, removes that vessel from consideration as being the ill-fated freighter.

### THE GREAT BARTHAQUAKE PICTURES AT THE UNIQUE

Without question the picture of the greatest live interest ever shown in St. John is that which will be seen on the Unique canvas today. A few weeks ago the whole civilized world was shocked at the terrible catastrophe in Italy which caused the death of hundreds of thousands of human lives and the loss of untold millions. The enterprising Vitagraph Co., which has a studio in Paris, hurriedly set off two photographers immediately, and three days later they were photographing the terrible scenes, the description of which was yet filling more space in the daily papers than any event of recent years. The result of the American enterprise of the Vitagraph Co. will be shown at the Unique today, when for the small sum of five cents you may see the picture of Messina immediately after the earthquake. Incidentally it might be mentioned that this subject was shown in New York for the first time Thursday, having arrived on the Baltic the morning of that day. This is an evidence of how closely the Unique follows the very first appearance of the best products in motion photography.

Beats the great earthquake feature two other good subjects will be shown. Miss Brown will sing "Gods Will" and Mr. Dick to his guitar accompaniment will be heard in a new selection, Forever, Nellie, Mine.

### ST. JOHN SCHOONER AGROUND IN COVE

PARPAULIN COVE, Mass., Jan. 31.—The three-masted schooner Arthur M. Gibson (Br), from St. John, N. B., for New York, with lumber, was torn from her moorings in the cove yesterday by a fierce southeast gale and driven ashore. The crew made no effort to leave the vessel, as she grounded well inside the cove, but the revenue cutter Aoushnet was notified and asked to go to her assistance. The Aoushnet sent a line to the Gibson shortly before high water. At noon the schooner came off the sand beach easily, apparently undamaged, as the wind had shifted to the west and north she resumed her old anchor.

(The Arthur M. Gibson is owned by J. Willard Smith.)

### FOUR OF FAMILY BURNED TO DEATH

BRANTFORD, Jan. 30.—The dwelling house of Philip Vansickle, farmer, aged 55, near Jerseyville, was destroyed by fire today. Philip Vansickle, Martin Vansickle, Nellie Vansickle and Harry Vansickle, all grown up, were burned to death. Other members of the family were away from home. The cause of the fire is unknown.

### BEARWICK N. S., Jan. 31.—One of the most disastrous fires that has taken place for some time in this town occurred this morning, when C. H. Beardley's departmental store was burned to the ground. When the fire was discovered at 2:30, the whole store was in a blaze and very little could be saved. It was one of the most up-to-date stores in this part of the country, being fitted up with all the modern improvements. CAMBRIDGE, Mass., Jan. 30.—Herrick defeated the Wanderers of New York at hockey in the stadium today, 10 to 2. The teams played very evenly during the first period, each scoring one point, but in the second Harvard pulled up the tallies repeatedly by superior team work and brilliant individual playing. Hornbeck, left centre for the Wanderers, was severely injured and had to retire from the game, etc.

### AMUSEMENTS.

STRONG GAUMONT FEATURE AT THE "STAR."

The new Star Theatre, in Union Hall, North End, has a particularly strong picture-feature for tonight and tomorrow. In Gaumont's new drama, "Marricod the Second Time," a social play with a unique plot. The film of Gaumont, Paris, is the kindest rival of Fathé Freres, and is the leading factory in the independent film makers now met with the motion picture trust. The picture is beautifully photographed and cleverly acted. The other pictures are: The Bewildered Professor and "The Yale's Wife." Miss Von Brander has a new song and the same bright sparkling music will rule.

ITALIAN BARTHAQUAKE AT NICKEL.

The first reel of film depicting the terrible consequences of the earthquake and tidal disturbances in Sicily a few weeks ago arrived in America last night on the steamer Baltic. Today this wonderfully interesting picture will be shown at the Nickel with explanations and additional motion pictures. Before it fell a prey to the catastrophe. The Nickel management respectfully requests patrons to send their children in the afternoon and to be early themselves in securing seats in the evening as the run will be unusually great. The Nickel's earthquake pictures will include: Baginara in Ruins with its population under the debris; Reggio Emilia Wiped Out with a long series of scenes throughout the tumbled city; Panorama of Messina Before and After the Quake, then a tour of the city in its present state. Scenes in Demolished Stanzas. What the Great Tidal Wave Did in Reggio and Messina. The Rescue Work of Soldiers and Men-o-Warships, Relief Camps, The Gruessone Cemeteries. In all the film is over 900 feet long and with the additional pictures in Messina prior to the earthquake the tour will be nearly 1200 feet in length, or a matter of twenty minutes.

The remainder of Nickel's programme will include three selections by Miss Earle, soprano-vocalist; the song, "Shining Star," by Miss Forrest; the song, "Don't Take Me Home," by Mr. Calver and a travel film and delicious comedy by Fathé Freres of Paris.

### VAUDEVILLE AT THE PRINCESS.

The management announce a special vaudeville feature for this week in Laueva, trick violin, player of notes. This is the first time that this act of Mr. Laueva has ever been seen in St. John, in fact in any of the provinces. There are only three others doing this act in America. Mr. Laueva will be playing at the 4 o'clock show in the afternoon and at 7:30, 8:30 and 9:30 at night. There are also four brand new pictures and an illustrated song, making the longest and best show in the city for 5 cents.

### TAUNTON CAPTAIN LOST OVERBOARD

BOSTON, Jan. 30.—News of the loss of Captain John Tulloch of Taunton, master of the New Haven schooner General S. Grosby was brought here tonight by Pilot Bruce McLean. Captain Tulloch fell overboard yesterday afternoon near Boston as the big schooner was leaving this port for Norfolk. A boat was lowered within five minutes, but no trace of the captain was found. Capt. Tulloch was one of the best known mariners engaged in the coal carrying trade and has many friends in Boston. He was fifty years of age and leaves a widow and family.

### CANON MONTGOMERY GOES TO PORT HOPE

FREDERICK, N. B., Jan. 31.—Rev. Henry Montgomery, rector of Kingsclear and canon of Christ Church Cathedral, has resigned and has been appointed rector of Port Hope, Ont. He is arranging to enter upon his new charge March 1st. Canon Montgomery has been rector of Kingsclear for over twenty-five years and is highly esteemed by all denominations. As preacher, pastor and scholar he ranks high and the diocese will suffer a distinct loss in his departure.

### FIRE DESTROYS BEARWICK STORE

BEARWICK N. S., Jan. 31.—One of the most disastrous fires that has taken place for some time in this town occurred this morning, when C. H. Beardley's departmental store was burned to the ground. When the fire was discovered at 2:30, the whole store was in a blaze and very little could be saved. It was one of the most up-to-date stores in this part of the country, being fitted up with all the modern improvements.

### GAESARIAN OPERATION ON LILLIPUT'S QUEEN

Philadelphia Mother, 46 Inches Tall, and Her Tiny Baby Alive, Well and Progressing.

PHILADELPHIA, Jan. 30.—Surgical experts are marvelling over the wonderful outcome of a Caesarian operation performed three weeks ago on Mrs. Lawrence A. Ramsey, who today, received her friends, and showed them the tiny baby.

Seldom do both mother and child survive this critical operation when the former is of normal stature, and Mrs. Ramsey, who is twenty-five years old, weighs only 47 lbs, and is only 46 inches tall. Little Miss Ramsey weighed four pounds at birth. Her parents are the king and queen of the Lilliputians, being well known all over the country. She was married to Ramsey about a year ago. Mrs. Ramsey told her friends of the operation and said:

"I sat up in ten days afterwards. On the fourteenth day I walked, and a few days later I left the hospital. The care they gave me was lovely, and I was such an unusual case that ever so many doctors and surgeons came to see me, and they were all very kind and considerate, and said it was so strange they would not have believed it if they had not seen for themselves."

WHY AM I ILL? HOW TO TELL.

Does every cold affect your back, and excite a feeling of chilliness, followed by disturbance of the kidney action.

WHY AM I ILL? HOW TO TELL.

Does the use of spirits, tea or beer excite the kidneys? Are you easily worried and annoyed over trifles? Are the feet and hands cold? (Opaculation bad?) Do the feet and legs swell? Is there puffiness under the eyes? Do you have rheumatism, peevishness, headaches and backaches? Is there gravel or any unusual action of the kidneys?

WHY AM I ILL? HOW TO TELL.

If you have any of the above symptoms your kidneys are either weak or diseased, and these symptoms are warnings of more serious troubles to follow; Bright's Disease, Diabetes or Dropsy.

Whatever you do, whatever you think your disease is, look well to your kidneys at the first sign of anything wrong. Give them just the aid they require in Dean's Kidney Pills, the Great Quaker Kidney Medicine, and see how well and fit you feel after even a few doses.

### YEGGS SHOOT A POLICEMAN

#### Portland Officer Severely Injured MEN ESCAPE Portland and Vicinity Scoured for Two Desperadoes

PORTLAND, Me., Jan. 30.—Officer S. S. Lamont of the Portland police department, was shot in the right groin by one of two desperadoes near the corner of Brighton avenue and Hayes street, in the Deering district, at 8:25 tonight, and is now lying in a serious condition at Dr. King's hospital on William street, located not far from the scene of the shooting. Dr. Charles W. Foster and Dr. Alfred King operating upon the wounded officer and at 8:15 had located and removed the bullet. It was found that the bullet had taken an upward course and had penetrated the intestines for a considerable distance. Until Officer Lamont was placed under ether he was conscious and displayed wonderful nerve. The two men who did the shooting were still at large at last account, although every effort had been put forth to capture them. All the regular officers were notified by the chief and Captains Fryth and McDonough and the blue signal lights were flashed all over the city within five minutes after the shooting occurred. The two men were first noticed by Lamont on the Maine Central tracks. He thought they appeared suspicious and held them up as they were crossing in the vicinity. While he was talking to one of the men, he missed. Both desperadoes then fled and a running fire was kept up. Officer Lamont being hit in the groin. He kept up the chase until unable to continue farther.

### FACTS FOR SICK WOMEN

**LYDIA E. PINKHAM**  
No other medicine has been so successful in relieving the suffering of women or received so many genuine testimonials as has Lydia E. Pinkham's Vegetable Compound. In every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every one you meet has either been benefited by it, or has friends who have. In the Pinkham Laboratory at Lynn, Mass., any woman at any time may see the files containing over one million one hundred thousand letters from women seeking health, and here are the letters in which they openly state over their own signatures that they were cured by Lydia E. Pinkham's Vegetable Compound. Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations. Lydia E. Pinkham's Vegetable Compound is made from roots and herbs, without drugs, and is wholesome and harmless. The reason why Lydia E. Pinkham's Vegetable Compound is so successful is because it contains ingredients which act directly upon the feminine organism, restoring it to a healthy normal condition. Women who are suffering from those distressing ailments to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

### ARREST HIM ON A CHARGE OF TREASON

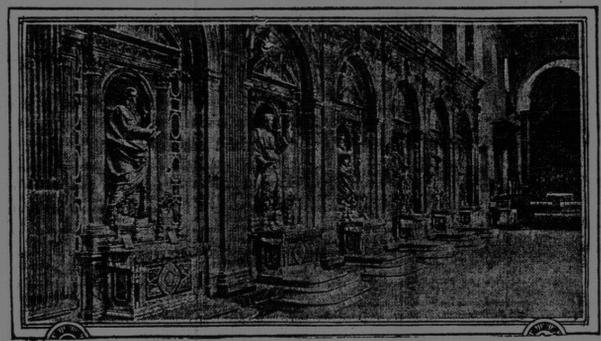

#### M. Lopukine Taken Into Custody WAS POLICE DIRECTOR Seventeen Other Arrests Have Been Made in St. Petersburg

ST. PETERSBURG, Jan. 31.—M. Lopukine former director of police in the department of the ministry of the interior, has been arrested on a charge of high treason in connection with the revelations recently made at Paris, when Axel, the head of the fighting organization of the Russian Socialist revolutionary party, was convicted of being the paid agent of the secret police. The technical accusation is made in a paragraph setting forth that Lopukine was a member of the revolutionary organization. The actual charge is that he furnished Currier, the leading Russian Socialist revolutionary in Paris, with the information on which Axel was denounced, thereby notified over the government agent to revolutionary vengeance. It is also charged that Lopukine furnished Currier with two highly important documents betraying the whole organization of the Russian political police. The arrest was made at the command of the political prosecutor, but the principal incriminating data were gathered from Lopukine's answers to Prosecutor Zaitseff during a search of his house, which began at six o'clock in the morning and lasted until two in the afternoon. Lopukine was then led to the Viborg political prison. The police also searched the lodgings of M. Sokoloff, the official lawyer of the Social Revolutionists, who represents the party at the big trials and is in close touch with its affairs, as well as the lodgings of two other prominent attorneys, M. Silensberg and M. Braude. M. Sokoloff was temporarily put under arrest. A total of seventeen other arrests have been made, including a number of callers at Lopukine's house. The case promises to throw light upon a most interesting chapter concerning the relations between the police and terrorist organizations. M. Lopukine was appointed head of the department of police before the time of Von Plehve, although his authority gradually became nominal after the assassination of Lopukine was appointed governor of Livonia. He holds the rank of state councillor. He is the brother-in-law of Prince Curusoff, and it was from him that Prince Curusoff obtained the information for his sensational revelations in the first Duma, in 1906, when he arranged for the arrest of the "man higher up" and as such the instigator of the Jewish massacres.

### NOTORIOUS DRUG BUBBLE DISAPPEARS

#### Money Paid Back to Those Who Chipped in for Expenses

LONDON, Jan. 31.—The winding-up order against the new Druce-Portland Co. (Ltd.) Cannon street, was made in January, 1908, and H. Brougham, a senior official receiver and liquidator, proposes shortly to apply to the Board of Trade for his release. He reports that the company was registered on November 5th, 1907, with a nominal capital of £25,000 in 5 shilling shares, and that its objects were to enter into an agreement with the Druce-Portland Co. (Ltd.) (a previously registered company), and also to co-operate with others in the prosecution of the claims of Geo. Hollamby Druce, or others, in respect to the Druce-Portland estates. The prospectus offered "a unique opportunity of participating in the Portland millions in the event of G. H. Druce proving successful in his claims to the Portland estates" and stated that "assuming these estates to be worth only £25,000,000, every 5 shilling share should realize £16, or 64 times the amount subscribed. It would appear, continued Mr. Brougham, that G. H. Druce was a descendant of a junior branch of the Druce family and that the benefit of any claim which the family could have established to the Portland estates would probably have gone to C. E. Druce, a descendant of a senior branch. Notwithstanding this the prospectus contained a pedigree in which G. H. Druce was shown to be a descendant of the senior branch although the facts could, by exercise of ordinary intelligence and diligence, have been discovered by the promoters of the company. The sum of £1,500,000, 5s. has been returned to 2,500 contributors in respect of 17,345 shares at 4s. 5 1/2d. per 5s. fully ex a share. ADDIX, Abyssinia, Jan. 7.—The reports recently circulated in Europe and America that King Menelik was desparately ill and even that he had died was widely exaggerated. The king is a chronic invalid but there is nothing in his condition today to cause immediate alarm.

THE CATHEDRAL AT MESSINA.

### PULP AND PAPER MILL RESTARTED

CHATHAM, Jan. 31.—The funeral of the late Mrs. W. G. Stevens, who passed away at Mill Bank on Thursday, was held yesterday afternoon from St. Mary's church and was very largely attended. Interment was in St. Paul's churchyard. The funeral of the late William Anderson took place yesterday afternoon at 4 o'clock from his late residence, King street, and the remains were followed by a large number of citizens. A son, Robert, of St. John's, Nfld., arrived Friday night in time to be at the funeral. The Miramichi pulp and paper mill, after having been shut down since June 30th, has started up again and will have its full complement of hands at work in a few days. Manager Spaulding expended \$60,000 in repairs and has made several radical improvements for the purpose of lessening the cost of production and improving the quality of the pulp. The bark mill has been dismantled and abandoned, all of its machinery having been installed to run the bark mill machinery. Everything looks favorable for the continuous operation of the mill in future. James Webster, or James McDonald, according to two names he gave the police, was arrested Friday night in the electric light station. He was wearing two suits of clothes. In a grip he was carrying were found articles belonging to Reginald Henry of Hotel Touraine and one suit of clothes, cap and shoes were identified by Mr. Henry. McDonald was remanded until tomorrow. He says he came from Cambridge, Mass. A fifth case of scarlet fever has broken out in the Methodist paragon and Rev. Mr. Dawson's family is again quarantined.

### Skin Diseases.

A disease or disfigurement skin will always leave its stamp on the mind of the individual. Many people suffering from disfiguring skin diseases avoid society and lose all pride in their personal appearance. When the skin breaks out in eruptions and sores it is due entirely to an impure condition of the blood. In such cases Burdock Blood Bitters will quickly purify the blood and drive all the impurities out of the system. Mrs. J. J. Magee, Jr., Kinmount, Ont., writes: "Inhabiting a rural district with a Rash that broke out all over me. It was the worst on my face and head, had a dry, scaly top, and when I would get warm it would become very itchy. I tried the doctor's medicine but it did me no good, so I then got one bottle of Burdock Blood Bitters and before it was all used the Rash was entirely gone." Mrs. Harvey Barkhouse, Gold River, N. S., writes: "I was greatly troubled with Sores on my face and finally became so bad I had to go to a doctor about it, but he could do nothing to help me. I thought about Burdock Blood Bitters and decided to try a bottle. I cannot recommend B.B.B. enough, as I had not taken all the bottle before my face was cured." For sale by all druggists and dealers.

### RETURNS FOR PRINCE WARD

#### Catholics are Ahead There 320 FAMILIES Church of England Second in This Ward—Full Returns

Tabulation of the results of the religious census taken in the city on Thursday last is being continued by the different ward superintendents. The result of the census in Prince Ward, which represents the largest of all the districts to be covered was handed to the Sun last evening by the supervisor of the ward, F. R. Murray. Mr. Murray was greatly assisted by J. Herbert Crockett. The figures show that in the number of families the Roman Catholics lead, with 370. The Church of England is second, with 195. The figures, which are here presented, will be most interesting:

### WILL SEEK AN ATLANTIC PORT

#### Canadian Northern Coming OFFICIAL WRITES Declares Company Has Decided to Seek Atlantic Outlet

From a letter received in this city last week by a prominent engineer from an official of the Canadian Northern Railway, it is learned that McKenzie and Mann have decided upon connecting with an Atlantic port their great system of transcontinental railways. Failing the taking over of the Intercolonial, which is generally considered unlikely, the C. N. R. will extend their lines to the east. The announcement of the decision, although not coming as a surprise to those conversant with existing conditions, will be regarded significantly as the first public statement of the railway's policy.

### CAKE WEIGHED 400 POUNDS.

The big wedding cake over five feet high, with a five-foot base, and weighing nearly four hundred pounds, occupied the centre of the main table at the reception which followed at the Waldorf Hotel. The big drawing room was artistically arranged to represent a garden scene, and was banked with beautiful flowers and palms. The banquet hall was decorated with red poinsettias and the British and American flags were entwined around the walls.

### WHAT IT CONTAINED.

All of the fruit was soaked for days in liquor. Some of the chief ingredients of the cake include 50 pounds of sugar, 50 eggs, 60 pounds of butter, 90 pounds of currants, 60 pounds of raisins, 62 pounds of Gull, 37 pounds of chopped almonds, 120 pounds of flour, 1 1/2 pounds of spice, 15 quarts of Cognac and 15 quarts of Sherry wine. Mr. and Mrs. McCole will leave this afternoon on a two-months' wedding tour of the Southern States. The bride is a girl of sweet disposition, and one of Hamilton's most popular young women. At President of the Young Ladies' Guild, she made that organization a valuable adjunct to Y. M. C. A. work here.

### PHILADELPHIA, Jan. 30.—It became known here today that Smith, the crack fullback of the University of Pennsylvania team of 1904, has probably been selected by the athletic committee to be head coach of Pennsylvania's 1909 team. If successful, the full back of 1904 team will probably coach the freshmen team, and Hunter Scarlett, of the ends of last year's eleven, will probably be made a member of the board of coaches.

### ROMANCE LEADS TO A MARRIAGE

#### Wealthy American Who Met a Pretty Canadian at Ham- ilton Weds Her.

Nearly Every Cab in the City Called  
Into Commission—Lots  
of Style.

HAMILTON, Jan. 30.—A romance that had its beginning less than a year ago, when a wealthy American bachelor met a pretty Canadian girl in a Japanese flower booth at a society function here, and fell head over heels in love with her at first sight, accepted an invitation to attend the marriage of Miss Aileen Davis, daughter of W. R. Davis, of the Customs Department, to Charles F. McCole, of Muscatine, Iowa, the son of a multi-millionaire button manufacturer. Mr. McCole, who is well-known in Canada, especially in Toronto and Montreal, was a guest at the Waldorf Hotel here some months ago, and accepted an invitation to attend the "Feast of Blossoms," given by the Daughters of the Empire. Cupid's shaft struck his heart when he was introduced to the charming Miss Davis. The acquaintance began then was continued, and Mrs. McCole's visits to Hamilton became more numerous, the engagement being announced in November.

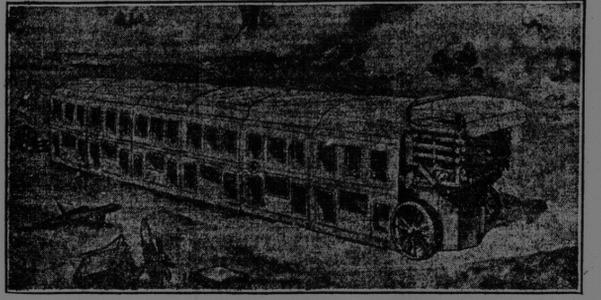

HAD 600 GUESTS.  
The wedding today was one of the most brilliant social events of the season, and unique in the fact that it was the first marriage to be solemnized in the magnificent new Central Presbyterian church. Another feature was the wedding cake, a gift of Chicago friends of the groom, and said to be one of the largest cakes ever made for actual use. Over six hundred friends and acquaintances of the bride and groom from all parts of Canada and the States saw the ceremony performed. Nearly all the cabs and automobiles in Hamilton were engaged taking guests to the church. The ceremony was performed by Rev. Dr. Lyle, assisted by Rev. W. H. Sogwick. The bride was given away by her father, and during the signing of the register Mrs. Frank Mackelton of Toronto, Miss C. Perceval Garratt presided at the organ. The church decorations were simple Calla lilies, displayed in profusion.

Miss Helen Grantham was maid of honor. Miss Violet Crear, Miss Mabel Elson, of Prescott, Ill., and Miss Madeline Davis, sister of the bride, were bridesmaids, and Miss Elsie Butler, of Flushing, N. J., flower girl. AUTHOR AS BEST MAN. Ellis Parker Butler, of Flushing, the well-known author and writer supported the groom, and the bridesmaids were Gordon Davis, Gamble Geddes, Jack Moolie and Bernard Hoodless. Romance No. 2. usavi nolesia fluxi... The bride wore a beautiful Dreyfuss costume of Duchess Mesaline trimmed with old rose point lace and studded with sea pearls. She wore a veil of orange blossoms, and carried a bouquet of lilies of the valley and white roses. She wore the groom's gift a magnificent white, corded-silk coat and ermine furs and muff. To the groomsmen, the groom gave a rough pearl stickpin, to the ushers, white pink pearl pins, and to the bridesmaids and maids of honor, Marabout stoles and muffs. The flower girl received a gold necklace. Two hundred and fifty guests attended the reception which followed at the Waldorf Hotel. The big drawing room was artistically arranged to represent a garden scene, and was banked with beautiful flowers and palms. The banquet hall was decorated with red poinsettias and the British and American flags were entwined around the walls.

### WIFE MURDER CASE AT AGINCOURT, ONT., Attracts Attention in England CHILDREN SENT FOR Antecedents of Accused and His Dead Wife in England

LONDON, Jan. 30.—The news of the arrest of Walter Blythe near Agincourt, Ont., on a charge of murdering his wife has caused a great deal of excitement in the village of Agincourt, which Blythe and his wife are natives. Their childhood days were spent there and their surviving parents and most of their kin reside in and near Hutton Cranwick today. Their marriage was an alliance between two neighboring families that had followed agricultural pursuits for many generations. The wife, better known in the East Riding by her maiden name of Miss Amelia Consett, she was a daughter of the late Thomas Consett, farmer of Cranwick Grange. The father (Mr. Consett) died some nine years ago, leaving a widow and eight children, of which she survived him until the untimely end of Miss Amelia (Mrs. Blythe). The accused man is likewise one of eight surviving children, and his father, too, has been dead a few years. Walter Blythe is the third son of the late Joseph Blythe of Ivy House, Sheepman-lane, Hutton Cranwick, the house-keeper at the station—where his mother still resides with her eldest son, a cripple. The man under arrest at one time assisted his late father with his farm. Subsequently the accused man started farming on his own account at Spaldington, which is four miles from Hutton. This, however, did not appear to have been a very successful venture, and he returned to Hutton Cranwick. It is believed to be about nine years ago that Walter Blythe married the woman he is now alleged to have murdered, and the wedding took place at the parish church, Hutton Cranwick. Not long after his marriage he went to Canada, but soon returned home again, apparently after a very successful venture. He remained in Cranwick—at his mother's—for a while and once more set off for the great West. This would be over five years ago. Finding employment on the railroad at Agincourt he sent for his wife, and she went out to him, taking with her their first born, then a baby, but now five years old. After receiving the sad intelligence through the relatives of Walter Blythe, the family of the dead woman essayed to get into cable communication with the Canadian police for confirmation or further particulars of the tragedy. Mrs. Consett has received a reply cable from Police Commissioner Hobbs, but again details were meagre. The cable was as follows: "Blythe murder Sunday. Burial today. Blythe in jail. Children cared for." Mrs. Consett desires the children to be brought home to her quickly. This sad duty will be entrusted to Arthur Consett, who arranged to leave for Toronto and Agincourt via New York. Walter Blythe is said to be about forty years of age, his dead wife was just turned thirty-eight.

### MILITARY QUARTERS THAT CAN BE MOVED FROM PLACE TO PLACE.

The above is an illustration of an ingenious invention patented by F. E. Ostrowsky of Berlin. It is an expanding barracks planned in such a manner that it can be drawn by two horses. By means of long-ropes, the rack can be made to lengthen, telescope fashion, it becomes a barracks 84 feet in length, in which are included twelve ordinary compartments, an officer's cabin, a serjeant's office, a field kitchen and an observation tower. It is claimed that the affair will not only be useful as a barracks, but as a field hospital. The furniture folds up as the barracks closes. Whether the invention will prove to be of any practical use remains to be seen; certainly, its removal would seem to call for the use of more than two horses and its height seems excessive.

There are two applicants from Prince Edward Island for the Rhodes Scholarship this year, J. T. McNeill, Emsdale, student at McGill, and Joseph Daly, of Iona, student at St. Dunstan's. W. J. Grant, of St. Dunstan's, is taking the qualifying examinations, but he is too young to be eligible.

Six children dying of diphtheria within a fortnight is the affliction that George Cleveland, South Berwick, has undergone. Practically an entire family wiped out by the dreaded scourge. On January 10th the first victim, Agnes aged sixteen, passed away. Two days later Dollie, ten years old, succumbed. On the sixteenth Carrie, fifteen years old, died, and next day her seven year old sister Mammie was carried off. Up till then the boys of the family had been spared, but on January 22nd John, seventeen years old, died, and next day Harry, three years younger, also succumbed.—Echo.

Mayor Stewart, of Bridgewater, N. S., is among the happy mayors of the Province to be returned by acclamation after serving for two years. In his address to the ratepayers he says: "It is a privilege at meetings of the Bridgewater Town Council has always been to me a pleasure. I cannot recall, in my eight years' experience as a member of the Council, a meeting where there was a jarring note among the councillors. Certainly in the two years in which I have had the honor of being mayor, I have had a support and assistance an unanimous as I can sure it was sincere."

### IN THE COURTS.

Argument in the injunction proceedings, George S. Cushing v. R. Earl Burgess and Joseph E. Paikner, was resumed before His Honor Chief Justice Barker in Equity Court Chambers this morning. Burgess is the agent of the sailing vessel the "Conductor," and Paikner the captain. The vessel which is lying in Yawco's slip, is under a charter party to the South American Shipping Company and has just finished loading a cargo of lumber for the mainland. The lumber is being shipped to South America. The captain refused to sign bills of lading for the cargo, consequently an injunction was obtained to enjoin the vessel from sailing until the bills were signed. This injunction was obtained from His Honor on Thursday last. The case was argued in Chambers here on Saturday, on a motion to dissolve the injunction. The defendants contend that they are willing to sign a proper bill of lading, one subject to the condition that the cargo for the poor quality of the plaintiff's lumber shipped.

The "Conductor" arrived here last November but loading was not commenced until some time after, the plaintiff claiming that the vessel was not in a seaworthy condition. This the defendants deny and claim demurrage for the time lost.

Argument was resumed this morning. At the conclusion His Honor dissolved the injunction and ordered clauses to be inserted in accordance with the charter party.

Barnhill, Ewing and Sanford appear for the plaintiff, and H. H. McLean, K. C. and Fred R. Taylor for the defendants.

### SUPREME COURT CHAMBERS.

Before Mr. Justice McLeod in Supreme Court Chambers this morning argument was resumed in the case of Shearer Company v. H. H. McLean, M. P. The plaintiffs are an Ontario company and about six years ago obtained judgment against Col. McLean in Ontario. The judgment was used here and interlocutory judgment was signed for want of a plea. On the assessment of the damages the defendant applied to have the judgment set aside. His Honor granted the application and adjourned the hearing in order to allow the defendant to set aside the interlocutory judgment and to plead. A. A. Wilson, K. C. and S. B. Bustin for the plaintiffs and Dr. A. O. Darré, K. C., for the defendant.

### TAG DAY POPULAR

#### AS SOCIETY FAD

#### Clubs and Associations Take

#### Up the idea

#### Two Big Rally Days for Tag-Tying to be

#### Held This Week—Other Plans

#### Being Made.

Tag day is already becoming the most popular social incident of the winter. It is being talked of everywhere, in bridge clubs, church organizations, on sleigh drives and in fact the ladies all over the city are entering most heartily into the project. Society leaders are calling up their friends, and enlisting support for the scheme which is now going ahead with a swing.

This is no childish affair, nor is it a begging game. It is a plan which has been adopted with remarkable success in a great many cities in Canada and the United States. Five hundred young ladies will take part, working in pairs. One of each couple will carry a bundle of tags, the other a little bank. Everyone whom these ladies meet will be tagged, unless they strenuously object, and while one lady is looping the tag on a coat button the other will be gladly receiving whatever amount the person tagged may be disposed to give. Having been tagged once, citizens are immune unless they are particularly good natured. If they are they may be tagged by every pair of workers they meet, and may pay accordingly. In some cities men and women have engaged in friendly rivalry as to who could be tagged ofttest. This is not prohibited in the workers.

The tags will be small triangles of red pasteboard bearing the initials F. K. (Free Kindergarten), and threaded with loops of string by which they may be fastened to buttons.

The Kindergarten Association has received a very generous offer from Barnes and Co., who are supplying fifteen thousand tags for next to nothing. These are not threaded, so the association are arranging for two big rally days on which the workers will come together to put the strings on the tags and the the kind Mr. Walker H. Golding has very kindly arranged that the association may use a portion of the assembly rooms on Thursday and Saturday of this week for these rallies. Everyone interested is invited to help in the work.

The task of planning out the city for the tagging is now being performed, and by Saturday all the preliminary arrangements will be made. The kindergarten association held a meeting on Saturday at which plans were discussed and progress reported.

### INTERCOLONIAL CHANGES

#### AND PROMOTIONS

Walter Appleton Becomes Assistant Mechanical Supt.—Election of Members of Provident Fund Board.

The position of J. C. R. Master, mechanical filed by the late A. B. McTear, has been abolished, and the supervision of the shops at Moncton arranged under different heads. H. D. McKenzie, as already announced, is appointed general foreman of the locomotive shops, and A. B. McDonald, general foreman of the car shops, each of them to have jurisdiction and responsibility over all employees now working in their respective departments. Another important change which has been made is the appointment of Mr. Walter W. Appleton, now chief clerk of the mechanical department, to be assistant superintendent. He will in addition to his present duties act as general assistant to Mr. G. R. Joughins, the superintendent of motive power, in all matters relating to the mechanical department. All these promotions and appointments are from within the service.

The election of two members of the I. C. R. Provident Fund Board will take place as follows—

- 1.—In the I. C. R. General Offices at Moncton on February 15th.
- 2.—In the I. C. R. check office at Moncton on pay-day next, for the mechanical department.
- 3.—In a car attached to the pay-masters car on the next pay day for all those not included in the other polls.

There are four candidates for the two positions, being Messrs. Wm. M. Collins, checker; J. W. McLean, engine-man; W. M. Thompson, conductor; Frederick Taylor, freight agent.

#### LOSS OVER \$3,000

Considerable Damage by Smoke and Hasty Removal—Fully Insured

G. W. Cooke, of the firm of Dunlap, Cooke and Co., arrived in the city this morning to look after the interests of the firm in connection with the fire which occurred on Saturday night. Speaking to the Star this morning he said that he thought their loss would be between three and four thousand dollars. The inventory had not yet been completed and they would not know the exact amount until tomorrow. The firm is fully protected by insurance, but as the complete papers were not at hand the amount could not be learned. All the stock was removed from the building before the fire worked into it but the goods were damaged by smoke and by the hasty removal. Considerable damage was also done to the furnishings and fixtures. Repairs will be undertaken at once and the premises will be open again for business in a few days.
