Tuesday, Aug. 20.

The royal party was in charge of Major L. W. Barker with Lieut. George Gamin and Lieut. Ralph Hayes assisting.

On arrival at the pier the duke was escorted to where about 100 men forming a guard of honor from the 62nd Regiment of Hussars, were assembled. He made an inspection of the party, being apparently well pleased with their appearance. The guard was in charge of Captain L. W. Peters. After the royal party had left for the court house for the drive reception and welcome, the men were formed into line and marched to King Square, where the command "fall out" was given.

The duke and his party, in a most patriotic nature and rendered each most capably.

BETTING ON RACES RUINED TWO BANK CLERKS IN TORONTO

One Locked-up for Stealing \$7,000 and the Other at Death's Door, Following Two Attempts at Suicide.

Toronto, Aug. 19.—Betts on the races is given as the cause of the wrecking of the careers of two Toronto bank clerks. Rolland Harris, assistant clearing house teller of the Standard Bank, has to answer to the misappropriation of about \$7,000 from the bank's funds, while Arthur Richmond, paying teller of the Elm street branch of the Bank of Toronto, lies at death's door at St. Michael's Hospital following two attempts at suicide after he had stolen \$500 or more from the funds of the bank.

THE LOCAL PROVISIONS

QUOTATIONS

Crop Prospects and Predictions—New Half Pound Tins of Salmon Introduced.

The local provision market during the last few weeks has seen but little change in the listings of most articles, prices having remained practically at a standstill for some time although in most lines of course there was a marked firmness and tendency to strength. The outstanding feature of the local grocery market at the present time is the slump in Ontario flour which was reduced 20 cents last week, and already referred to in The Telegram. There is no change looked for at present in Manitoba patents but it is almost certain that by the time the spring crop is assured, there will be lower prices prevailing. Reports from the west are to the effect that the harvest this year with a continuance of fine weather, will be unprecedented, and that the crop will have the effect of causing a decline in present prices as expected.

While there has been no change of late in the quotations on sugar, the heavy demand owing to the preserving season, has created a stronger tendency as to prices and for the past six weeks has had a steady effect on the market. Sugar has not declined in price since June 1, although there have been one or two fluctuations on the New York market both in raw and refined. Molasses which is generally in sympathy with sugar is much stronger. Much higher prices are looked for before the arrival of winter.

The expected has happened in regard to canned salmon, the half-pound tins have been placed upon the market. Some time ago it was predicted by a prominent local wholesaler that with the steady rise in the price of canned salmon packings would be forced to send in this territory the half-pound cans, which they had already placed on other markets. The pack this year has sharpened the rise and what was in price has come the arrival of the half-pound tin to the local market, and there is expected to be a crisp demand for them.

SETTLERS FROM WEST ARE ATTRACTED TO NEW BRUNSWICK

Says the Sussex Record: While immigrants have only been looking to New Brunswick for a short time, the interest in this province has been increasing during the past year not a few families have left the west to settle on lands which have been deserted in recent years by natives of the province. These newcomers have seen and lived in the country to which the New Brunswickers are invited for a few short weeks and they prefer the comforts of the east to the inconveniences of the west. The trouble with most western farmers is that they are operating their farms on the cheapest possible scale. They do not employ men, regularly as we do in the east, and have been fortunate in inducing our young men to come and help them for a short period every year. While this has been profitable for the grain growers it has been ruinous for the farmers who have been lured out by those interested in these "harvest excursions." Many a young man who has been in good faith has found himself practically stranded in a few short weeks and has been glad enough to get back home the best he could.

There is now a strong movement to New Brunswick will be in the course of the next few years. The time has come and there will be a great advance here within the next few years. Many opportunities will be opened up to those who have the courage and energy to take advantage of them and there will be nothing lost of those who decide to stay east and reap some of the golden fruit which will inevitably be plucked at home.

Through a typographical error in the ad of the 4 C's which appeared in our issue last No. 98 was priced at \$12.00. The correct price for this garment is \$16.00. It will be seen by consulting the ad which appears on page 10 of this issue.

Canadian Press

Montreal, Aug. 19.—Right Hon. Walter Long, M. P., formerly chief secretary for Ireland; Lady Moreau Long and Capt. Walter Long, aide de camp to the late Lord Connaught, are on a brief visit to the city. Mr. Long, as was to be expected from an ex-Unionist minister, declared himself emphatically against long rule in an interview today and expressed the greatest confidence in Bonar Law.

"It is not impossible," said Mr. Long, "that the house of commons may not pass the Home Rule Bill. Certainly the house of commons will not be so easily intimidated as the Unionists, and it will alienate the loyalists."

"If the measure becomes law Ulster will certainly take some strong steps to take the working of the act impossible. Whether it will take the form of a provincial government I cannot say. Ulster will not have the bill at any price. It seems ruin for Ireland, and tremendous trouble for themselves. Ireland would have control of the customs and the post to be abolished by the Unionist party."

"The suggested arrest of Bonar Law," emphatically declared Mr. Long, "is a bombastic nonsense. Mr. Churchill is talking nonsense. Mr. Churchill is talking nonsense. Bonar Law has the absolute confidence of his colleagues on the front opposition bench, and the marked loyalty of every member of the Unionist party."

GENERAL BOOTH SINKING FAST

New York, Aug. 19.—Salvation Army headquarters here announced today that General Booth, daughter of General William Booth, had received several private cable messages saying that her father was sinking.

The text of the message was not given, but word of the general's death was expected any time.

TAFT SCENTS TROUBLE IN PANAMA CANAL BILL

Asks Congress to Pass a Resolution Reaffirming Uncle Sam's Good Faith in Its Treaty Obligations—Fears Measure as It Stands Will Violate Treaty With Britain.

Washington, Aug. 19.—President Taft today began the task of convincing members of the house and senate that the Panama Canal bill should contain some feature to reaffirm the United States' good faith in its treaty obligations with Britain.

Mr. Taft gave a resolution to Representative Chertoff, drawn to insure the right of foreign provision passed by the United States courts.

Weather conditions that were ideal prevailed for the official visit of the governor-general, H. R. H. the Duke of Connaught and party to St. John yesterday. The duke sent out forth every effort to make the reception one long to be remembered, and there can be no doubt in the minds of any of the distinguished visitors that St. John is truly loyal and that British sentiment has not waned since the day when the city's founders laid home and fortune in their endeavor to live where British institutions flourished.

No truer idea of the sentiment of the people of St. John in regard to British connections can be gained than from the fact that more than 25,000 people assembled at the site of the new civic playgrounds and cheered his royal highness as he turned the first sod for the work that will give younger citizens a place where the benefit of outdoor exercise can be gained.

The royal party, landed about 11:30 A.M. at the pier, and were met by the Mayor, Mr. Frink, Mr. Barker, and other officials. The duke and his party were driven to the court house where the duke's address was presented. When this ceremony was concluded, the carriage was entered again and the duke and his party were driven to the court house where they were met by the Mayor and city commissioners in Union Club. Princess Patricia was the guest of honor at reception given by the Misses Hays at their home, 115 St. John Street. The duke and his party were driven to the court house where they were met by the Mayor and city commissioners in Union Club.

THE OFFICIAL RECEPTION AT COURT HOUSE

In the barouches besides those of the royal party were Lieut. Governor Wood, Mayor Frink, Mr. Barker, colonial secretary, the lieutenant-governor, Lieut. Colonel H. H. McLean, Councillors Bryant, Smith, Howland, and Brown, and County Secretary Kelly. On the arrival at the court house those who had been in the procession found a large number of citizens waiting to greet the duke and his party. The Princess Patricia and the duchess had been beautifully decorated with cut flowers and ferns and the colors of Connaught, and presented a most beautiful appearance. There were about 150 people gathered at the reception.

GREETED WITH CHEERS AS HE COMES ASHORE

Amid loud and hearty cheers from large crowds of people who lined the nearby quays, the 62nd regiment band, playing the national anthem, and with the cannon of No. 3 Battery booming a royal salute, His Royal Highness, the Duke of Connaught, and his party, after a morning of 10:40 o'clock at the Eastern Steamship Co's pier and were given a rousing and most interesting reception. The duke and his party were met by the Mayor and city commissioners in Union Club.

Mrs. Michael Sullivan Had Been a Month in New York In an Unsuccessful Search of Her Husband.

Montreal, Aug. 19.—Absolutely destitute, with a fretful little boy clinging to her shoulder, Mrs. Michael Sullivan, of Tracadie (N. B.), was the subject of much sympathy at Windsor street today.

REPORT THAT DR. SUN YAT SEN HAS BEEN MURDERED

San Francisco, Aug. 19.—Dr. Sun Yat Sen, first provisional president of China, and head of the revolutionary party, was assassinated today in Peking by troops acting under orders supposed to have been given by President Yuan Shi Kai, according to an unconfirmed report in local Chinese circles. The news has reached Dr. Sun's son and daughters, who are at the Pacific coast.

QUEEN VICTORIA FINISHES VISIT TO HER MOTHER

London, Aug. 19.—Queen Victoria of Spain embarked today on the yacht Sheila, owned by the Batteberg family. She will go to Southampton. Her departure this morning marks the conclusion of the queen's visit to Princess Henry of Batteberg, her mother, at the Osborne Cottage. Queen Victoria will leave London for San Sebastian at an early date.

Some members think the bill already provided for that, but the resolution the president submitted today specifically provides for it. It was said the president believes the Panama Canal bill might have the effect of nullifying the Hay-Panamao treaty, if not in harmony with it.

Those who talked with Mr. Taft today about the bill were convinced he would sign it. They said, however, that the president would prefer to have congress pass a resolution reaffirming the good faith of the United States in its treaty obligations.

Ottawa, Aug. 19.—The home coming of Premier Borden by the Ottawa Conservative Association has been fixed for Sept. 10 at the Chateau Laurier and promises to be an elaborate affair. All the cabinet ministers will be invited and the prime minister is expected to make a noteworthy speech in the occasion. He will be banquetted in Montreal on Sept. 23.

The premier, who is understood to be sailing on the 30th instant, is expected in Ottawa about Sept. 8.

AN EDITOR'S PILGRIMAGE

Mr. J. S. Willison, editor of the Toronto News, now the principal Conservative organ, has been making a tour of the West and delivering addresses before the Canadian Clubs of that country.

It has become fashionable to decry the trusts. Hardly any one is so poor as to do them reverence. The advantages of high protection are usually so substantial for the politician that gives and the monopolist that takes that it is difficult for the politician to realize that the times have changed.

Fifty years of high protection for this infant industry has hardly produced results that the friends of high protection can "view with pride." It is hard to say why Mr. Taft has decided to veto this second effort of Congress to lower the woolen duties.

There is as old as the race, but this is the twentieth century news. Theft is as old as the race, but this is the twentieth century news. Theft is as old as the race, but this is the twentieth century news.

the bad faith displayed by the American Senate in regard to the Panama Canal will prevent the reconsideration of reciprocity in this country. If Canada agrees to remove the duty from natural products, American good faith or bad faith cannot affect the matter one way or the other.

THE TROUBLES OF POLITICIANS The troubles of politicians are not decreasing as the days shorten to the autumn. Mr. Borden, meaning well in a feeble way, finds it impossible to decide regarding the navy.

With some of Mr. Leonard Palmer's political views The Telegraph has deemed it necessary to find fault at times, but approval of his enterprise in the matter we speak of today should be none the less hearty on that account.

Our transportation facilities will soon be adequate, with the one important exception of our country roads. We need more and more to dwell upon the truth that the country districts must be prosperous if we are to build up our cities on a sound basis.

HUMAN WRECKAGE

There is a lesson for this city and this province in the extension of farm work as an aid in prison reform in some of the neighboring states and in the province of Ontario.

PROSPECTS FOR TARIFF REVISION

The Democrats alone among the present American parties are promising a reduction of duties. Roosevelt promises to look into the tariff, and if he finds it a reasonable one for the high cost of living he will have it reduced.

When Mr. Balfour was prime minister he made several vast speeches in 1903 on the complicated problems of colonial preference, and an insistent popular clamor arose that he should put his ideas on "a half-sheet of note-paper."

There are politicians speaking at present on Canadian questions, and it reports are true, their talk is not only foolishness but mischievous madness. Mr. Hazen has been intimating to the people of England that half the voters of Canada are traitors to British connection.

NOTE AND COMMENT

Citizens generally have heard with pleasure of the proposal to build a million-dollar hotel here. St. John is now recognized as one of the Canadian cities whose rapid development is assured.

INTER-GENERAL SPRAYING TO KILL Professor Shaw Claims That this is the most effective way of killing insects.

During recent years much and various ways of killing insects have been tried. Many experiments have been conducted by the various departments of agriculture. With one voice the men who have conducted these experiments have commended the favorable consideration of the fact of such commendation presumptions to claim should not be used for killing insects without the aid of sprays which only destroy a few of the insects. The sprays used are iron sulphate, copper sulphate, sulphuric acid, etc. Generally speaking, the sprays with the idea of destroying insects without seriously injuring the crops are of little value. The three sprays first mentioned are of little value. These include such annuals as corn, wheat, etc. They will not kill insects without the aid of sprays which only destroy a few of the insects. King's College will benefit by the annual garden party held by the ladies of Holy Trinity church on Tuesday last to the extent of \$75.

Hugh Jenkins died on Tuesday evening at the age of 77 years, after an illness of several days. He was a native of St. John, N. B., and was a member of the Wesleyan church. He was born in 1835, and spent his childhood in this town. He was a farmer by occupation, and was a member of the Wesleyan church for many years. He was a kind and generous man, and was highly respected by his friends. He was buried in the Wesleyan cemetery on Wednesday morning.

Upper Brookfield, N. B., Aug. 15—The weather here has been very trying, to the farmers especially. Many of them here are not more than half done having. Much of the uncut hay is now being stored in stacks on some farms are so soft from the long continued rains that it is nearly impossible to go on to them with teams. Good hay is scarce in the vicinity. Potatoes in some sections are reported to be rotting on the ground.

The school picnic which was advertised to take place on Wednesday, has been declared off owing to the looseness of the hay and other prevailing conditions caused by the weather. It will probably be held in September.

Miss Elizabeth Robinson of this place, who has recently graduated from the General Hospital Training School for Nurses, at Lawrence (Mass.), is here for two or three weeks, visiting her mother, Mrs. Thomas Robinson.

Kenneth G. Robinson, of Vancouver (B. C.), is here making a short visit to his

reproduced on Monday evening last, and was even more well received than at the first appearance in the town. The proceeds will be devoted to the benefit of the Yarmouth Public Hospital. One of the specialties was a dance by Miss Bertha Dunlop, of Amherst.

Frank Farrah, of New York, is visiting his father, Henry Farrah.

GAME TRAPS

Our traps are made by one of the oldest and best manufacturers in this particular line. They are sure to go and are sure to hold. The Newhouse Traps are the highest grade, and to professional trappers no further introduction is needed than the name Newhouse. The Victor Traps are also well-known; while costing considerably less than the Newhouse, they are the best traps for the money on the market, and are made in the same pattern throughout as the Newhouse brand.

MUSKRAT OR MINK TRAPS
Single Spring With Chain
This trap is used for catching muskrats and other small animals. We recommend it to the farmer for catching skunks, weasels, rats, and such other animals as may visit his poultry houses and barns.

No.	Suitable for	X	H	D
3 1-2	Rat	1-2	4	4 7-8
4	Muskrat	1-2	4	4 7-8
5	Mink	1-2	4	4 7-8

FOX OR BEAVER TRAPS
Double Spring With Chain
This trap has double springs with chain and is suitable for catching fox, beaver and other. Professional trappers use it for catching foxes. It is very convenient in form and is strong and reliable.

No.	Suitable for	E	N	D
4	Fox	7-8	5	6
5	Otter	7-8	5	6
6	Beaver	7-8	5	6

BEAVER TRAPS
Double Spring, With Chain
This is the regular form of Beaver Trap. It is larger than the Otter Trap and has one inch greater spread of jaws. It is a favorite with those who hunt and trap for a living.

No.	Suitable for	D
6	Beaver	6-12

JUMP TRAPS
Single Spring, With Chain
These traps are lighter in weight and therefore easier to carry than the other styles. They lie very flat and are easily secreted in the runways of animals.

No.	Suitable for	H	N	D
4	Rat	4	4	4
5	Muskrat	4	4	4
6	Mink	4	4	4
7	Fox	4	4	4
8	Otter	4	4	4
9	Beaver	4	4	4

Made with full wide meeting faces and much less likely to break the animal's legs as are other makes of this style trap. These traps are warranted in every respect.

No.	Suitable for	X	H	H 1-2	E	N	D
4	Rat	4	4	4	4	4	4
5	Muskrat	4	4	4	4	4	4
6	Mink	4	4	4	4	4	4
7	Fox	4	4	4	4	4	4
8	Otter	4	4	4	4	4	4
9	Beaver	4	4	4	4	4	4

TREE TRAPS
These traps are nailed to a tree over den or close to runways of animals. Another way is to fasten the trap to a board, in an upright position near places where animals frequent. The illustration shows trap in use.

No.	Suitable for	H	E
7	Weasel	7	8
8	Raccoon	7	8

STOP THIEF WIRE SPRING TRAPS
For Catching Small Fur-Bearing Animals
This trap is light, strong and effective. Kills the animal and does not injure the fur. Can be set in many places that other traps can not.

No. H	No. H	No. H	No. H
4	4	4	4
4	4	4	4
4	4	4	4

BEAR TRAPS
This trap is used for taking bears. It is furnished with a very strong chain.

No. RX	No. R
For small sized bears; spread of jaws 9 inches, weight 11 1/4 pounds. Each	\$5.00
For the common black bear; spread of jaws 11 3/4 inches, weight 19 lbs. Each	\$7.00

BEAR TRAP CLAMPS
For Setting Bear and Other Large Traps
Every trapper knows how difficult it is to set a large trap alone in the woods, especially in cold weather, when the fingers are stiff. One of these clamps applied to each spring will, by a few turns of the thumb-screw, bend the springs to their places without difficulty, dispensing with the inconvenient and dangerous use of levers.

No. R	No. R
Spread 5 inches. Each	40c.

GENUINE FRENCH MARTY MOUSE AND RAT TRAPS
The most successful Rat and Mouse Traps ever invented; they are wonderfully effective and catch their full capacity night after night as long as the rats hold out. Impossible for rat or mouse to escape when caught. Made only in France and not to be compared with imitation traps sold as "French." None genuine without trademark.

RUSHING WORK ON THE

GREAT IMPROVEMENTS ON

WEST SIDE OF HARBOR

New Wharves to Be Among Finest in America—C. P. R.

Elevator Site Being Prepared—Big Expenditure in Vicinity of Blue Rock.

Courtesy Bay is not the only scene of activity in connection with harbor improvements. The western side of the harbor in the vicinity of Blue Rock is undergoing a great change and citizens who have not visited there in the last few months would be surprised with the alterations that have taken place. The dominion government has let the contract for large increase in wharf room and crews of men in the employ of Michael Connolly have under construction three immense cranes to be used as a structure for a concrete pier, which will be the first of its kind to be built in St. John.

The old C. P. R. wharf at the extreme end of Sand Point has been torn away for a distance of 90 feet and the new structure will be a continuation of this. The new wharves will be of a more substantial nature than former structures of this nature here. A trench has been dredged at the site of the wharf and this will be filled with stone. Upon this foundation a cribwork structure will be placed and sunk with stone ballast. This cribwork will be 35 feet in depth and its top will be 8 1/2 feet above low water. The wharf proper is to consist of 27 feet of concrete. This is the first concrete wharf to be built here and while wharves of this kind are at present under construction at Montreal, Quebec has been the only port in Eastern Canada to have piers of such material. The new wharves which will accommodate two of the smaller types of steamers and one of the largest, are to be completed and ready for the winter port business in the fall of 1913.

Already good progress has been made on the construction of the cranes and although labor has been very scarce and the weather conditions have impeded the work still it is expected to have the cranes in place by September 1st. Several labor saving machines have been introduced on the work, including the interesting boring machines, which have proven very satisfactory.

The proposed additions at Sand Point when completed will provide berths for 10 of the largest steamers, and these with the new wharves in Courtesy Bay will give accommodation for a great increase in the trade through St. John.

The C. P. R. has let contracts for a temporary seawall near Blue Rock and also for the new elevator and already the preliminary work on the site is still under way.

The seawall, which is practically completed, consists of a large crib work ballasted with stone. This wall begins west of Victoria street and runs outside of Blue Rock to a point about midway between Union street and the old C. P. R. wharf. While the houses have been removed from above the beach at Blue Rock and the hill has been torn down to a great extent, and eventually the whole reclaimed district will be on a level with the tide along Union street. The building of the seawall and the filling is being done under the direction of the Courtesay Construction Company, Ltd.

The John S. Metcalf Co., Ltd., of Montreal, which has the contract for the erection of the elevator, has lost no time in getting to work and already a large force of men is employed. An office and a store room have been erected, and it is proposed to put up a large cement saw-mill and an electrically driven saw mill.

LOCAL NEWS

Registrar John B. Jones reports seven marriages for the week and 24 births, 17 of which were males.

Message concerning the progress of 12 men in foreign countries have been received by Byron C. Tapley of this city, from The Netherlands, Denmark, Persia, Siam, Abyssinia, Greece, India, Romania, Norway, Spain, Belgium, Italy, Serbia, Sweden, Japan, Germany and Russia, and he has received the thanks of kings, queens, emperors, counts, barons, dukes, earls, lords, baronets, knights, princes, ministers, governors, cabinet ministers and other notable men.

At the board of health officers last week 12 deaths were recorded from the following causes: Meningitis, one; tuberculosis, one; enteritis, one; senility, one; cardiac disease, one; cerebral hemorrhage, one; nephritis, one; chronic catarrh, one; carcinoma of stomach, one; chronic Bright's disease, one; each.

A Victoria county correspondent writes that in the woods between Blue Bell road and Three Brook river there recently appeared the carcass of a cow moose and a second carcass only the forequarters of which remained. He protests against this illegal slaughter of game. It is useless, he says, to pass game laws if they are to be openly violated.

The biggest real estate transaction recorded recently in the city proper is that reported Saturday in the resale by Allison & Thomas of the Dock street block purchased about ten weeks ago by Thomas Nagle, of this city, and St. H. White, or Sussex. The purchaser is an English capitalist. The block has a frontage of 225 feet comprising about 30,000 square feet, has five buildings and eighteen tenants. The transaction is an important one and is one of the best evidences of the stability of the real-estate market.

Alexander Finlayson, of the marine and fisheries department, Ottawa, who is touring the maritime provinces on an inspection trip, arrived in the city yesterday. Speaking to The Telegraph he said that so far he has found conditions in general most satisfactory and he was particularly pleased with the success of the lobster season. Asked concerning the floating shad hatchery which was installed at Darling's Island by the dominion government last year and which was recently closed, he said that most gratifying results were obtained. He did not expect, however, that the hatchery would be kept at the island next year but would be moved to some point on the St. John river. Mr. Finlayson is accompanied on his inspection trip by Mr. Bruce, an engineer in the marine and fisheries department, Ottawa.

BIRTHDAY

Timothy Horsman.
Salisbury, N. B., Aug. 15.—Miss Workman, of this place, received word today of the death of Berry's Mills (N. B.), of his uncle, Timothy Horsman. Mr. Horsman, who was 87 years of age, was the last but one of a rather remarkable family. The sturdy Horsman family, six boys and 15 girls, were all heavyweights, only one of the twelve weighing less than 200 pounds. One of the boys had weighed as heavy as 390 pounds, and his sister had weighed as heavy as 280 pounds. It is said that the united weight of the twelve members of the family was over 900 pounds. Of the eleven members of this sturdy Westland family who have passed away, two, viz. John Horsman and Mrs. Jacob Workman, at the time their deaths were only a few years short of the century mark. The nine others at the time of death ranged in ages from 69 to 90 years. The surviving member of the family, Edward Horsman, is a well preserved man who has passed the four-score of years mark.

The late Mr. Horsman's funeral will take place on Friday afternoon from his old home near Berry's Mills.

Rev. Dr. Morton.
His Honor Judge Forbes has received information of the death at Trinidad of Rev. Dr. Morton, a distinguished divine, who has been prominent in the mission work of the Presbyterian church in the West Indies, the leader in fact of the work in Trinidad. His labors in the mission work for the people as well as ministerial, and the island government entrusted him with the expenditure of considerable sums of money in furtherance of educational work among the natives which he undertook among the people. Dr. Morton was born in Pleton county (N. S.) His wife was Miss Stairs, of Halifax. He leaves two sons, Arthur S., who was formerly in charge of the Presbyterian church at Fairville, and later in St. Stephen, and Rev. H. E., for some years in the ministry at Trinidad, whose wife, formerly Miss Jessie Forbes, has hosts of friends here. At one time Rev. Dr. Morton officiated at Harvey, in this province.

Andrew Dysart.
The death of Andrew K. Dysart occurred at his home at Cocagne, Kent county, on Tuesday evening. He was about 75 years of age. His wife died in 1897. He has three sons—Allison, living at home; Robert J. and Hugh, accountants, Boston; A. K. Dysart, barrister, Winnipeg; Arthur, newspaper reporter, Montreal; and a daughter, Mrs. Matthew Allison and Miss Mary, Boston; and the Misses Annie, Miriam and Beale, at home. Mr. Dysart was a member of customs at Cocagne for many years.

Dr. J. R. McConico.
Word of the death of Dr. John R. McConico, who will be remembered by old time printers, has been received here from Montreal (Que.) Dr. McConico was born in Marysville (N. B.) and was for some time engaged as a printer in one of the local newspaper offices. He had traveled all over the world. He was a member of the printer, became a mission worker in Montreal. Later he was sent to Norfolk, where he had great success preaching to the sailors. He was a member of the Retiree-treasurer of the Confederation of Rescue Mission Superintendents in the United States. While in St. John he married Miss Elizabeth Wiseman, then living in Moore street.

Thomas M. Vail.
Saturday, Aug. 17.
The death of Thomas Medley Vail occurred at his home, 42 Fairfax street, yesterday morning. The deceased was formerly employed in the cotton mill and had been ill for some time. He is survived by his wife, two children and mother, brother and sister.

Mrs. Ann Holland.
Fredericton, Aug. 16.—(Special)—Mrs. Ann Holland, widow of Patrick Holland, died here this afternoon after a short illness, at the age of eighty-five. She was the daughter of John Holland, of this city. She was a native of Ireland but had resided in Fredericton since sixteen years of age. The funeral will take place Sunday afternoon with service at St. Dunstan's Catholic church by Rev. Father Carney.

George A. Belmore.
Monday, Aug. 19.
While preparing to attend church service yesterday morning George A. Belmore was suddenly stricken and fell dead at the foot of his bed. He was 50 years of age. Mr. Belmore had been in good health up to the time of his death. Several years ago, while a resident in Fredericton, he was stricken with paralysis, though he seemed to have recovered from its effects, his sudden death yesterday is attributed to weakness caused by this illness. Mr. Belmore was formerly a resident of St. John but spent thirty years at Pifton (Ga.), and only returned to St. John about June 1. He is survived by two brothers, Ernest and William, and a sister, Ernest M. Belmore, Wakefield (Mass.) and two sisters, Mrs. J. B. Emery and Miss E. J. Belmore, of this city. The funeral will take place tomorrow afternoon at 2:30 o'clock.

Arthur Delaney.
Monday, Aug. 19.
News of the death of Arthur Delaney at his home in Adelaide street, Saturday morning, was received as a shock by his large circle of friends who heard of the event with regret. He was very popular and highly respected. He was well-known in the city, particularly in North End, where he had lived all his life, passing away Saturday morning at the age of 70 years.

For twenty-five years of this time he had been an active member of No. 5 engine house, North End, and had driven the engine to the scene of many a fire, handling the sturdy animals with a mastery hand, for he was recognized as one of the most experienced drivers the whole partnership. He retired about six months ago, when after an accident, one of his hands became weak and he was unable to handle the engine.

Mr. Delaney is survived by one son, Maurice T., and four daughters, Mrs. Edward Emery, Mrs. Catherine Sweeney, Mrs. J. B. Baskley and Miss Ethel, now studying nursing in a Boston hospital. Mrs. M. Coll, Mrs. Joshua Cookery and Miss Annie Delaney are sisters. His wife died about three years ago. He was recently closed, he said that most gratifying results were obtained. He did not expect, however, that the hatchery would be kept at the island next year but would be moved to some point on the St. John river. Mr. Finlayson is accompanied on his inspection trip by Mr. Bruce, an engineer in the marine and fisheries department, Ottawa.

Miss Mary Gallagher.
After a brief illness, the death of Miss Mary A. Gallagher occurred at her late residence, 59 Waterloo street, yesterday morning. She is survived by one brother, Henry Gallagher, of M. & H. Gallagher, Charlotte street, and Mrs. Michael Ryan.

WEDDINGS

Oldfield-Perry.
A very pretty wedding was solemnized at the residence of Mr. and Mrs. Howard Perry, 98 St. James street, West End, Wednesday night, when their daughter, Miss Senath Mary Perry, was united in marriage to W. E. Oldfield, son of William Oldfield, of Havlock, Kings county. The bride was given away by her father, and was attended by her sister, Miss Etta Perry. The ceremony was performed by Rev. W. H. Robinson, in the presence of a few friends and relatives. The groom was attended by W. E. Parsons, a drive along the coast. They left on their return will reside in St. James street, West End.

THOUSANDS CHEER

ROYAL GOVERNOR

(Continued from page 1.)

precipitate highly this material's prosperity we count as its highest value the fact that it will enable us to give greater service to the empire.

(Sgd) JAMES H. FRINK, Mayor.

(Sgd) HERBERT E. WARDROPER, Common Clerk.

Royal Governor's Reply.
His Royal Highness read an appropriate and inspiring address in reply, speaking of the extreme pleasure he experienced on being again present in St. John and of his gratitude for and appreciation of the cordial welcome tendered him by the loyal citizens of St. John. He thanked the mayor for the pressing address of welcome tendered him, and assured him that he would inform His Majesty the King of the loyalty and patriotism of St. John's people, which were still as keen as when he last visited this city, more than forty years ago, as a young officer.

Since the landing of that famous body of men and women, rightly named the Loyalists, in St. John 126 years ago the city had a history of progress and prosperity, and he was pleased to learn that the development was still being prosecuted with vigor and energy. The construction of a great impetus to trade and would mean continued prosperity for the Loyalist city.

Our ancestors have turned a savage wilderness into a glorious empire and have made the most extensive and the only honorable conquests, not by destroying, but by promoting the wealth, the number, the happiness of the human race.

An old Crimian veteran reminds us of an incident in the life of the late revered Queen Victoria, who thus wrote in 1830 to the camp before Sebastopol: "Tell those wounded soldiers, those sick and suffering men: there is no heart in England feels the pain so keen, day and night, when those loved troops are parted from their queen."

Instances of this kind were frequent in the life of your late royal mother, and also in the life of the ever lamented "King Edward the Peacemaker."

We would humbly ask Your Royal Highness to kindly convey to Your Royal Highnesses the Duchess of Connaught and Princess Patricia the loyal and hearty wishes of the Veterans of St. John.

Most respectfully we close by asking God's blessing on yourself and family and long life and prosperity to you and all, and beg leave to subscribe ourselves,

Your Royal Highness' Most Humble, Loyal and Devoted Servants.

OFFICIAL OPENING OF PLAYGROUNDS

After the presentation of this address the duke and his party drove to the playgrounds in Rockwood Park, where more than 25,000 people had assembled to see his royal highness officially turn the first sod. The weather conditions could not have been better and the bright dresses of the women and little girls in combination with the flags which many in the crowd carried, made a magnificent display. Long before the hour of the ceremony thousands of people were at the site of the playgrounds and when the royal party arrived the police had great difficulty in opening a way through the crowd. Many citizens said last night that there was never before such a great number of people at any similar function in St. John, and some estimated the crowd at 35,000.

The school children had a stand to themselves and their singing added much to the pleasure of the affair.

Every vantage point in range of the stand was occupied and even cars on the railroad track were covered with people. The great crowd burst into a cheering when the royal party arrived and his royal highness graciously acknowledged the cheering by raising his hat. The cheering was most enthusiastic and continued at great length.

When the royal party was seen approaching the royal standard was run to the top of the flagstaff and the children cheered and waved their flags. Members of the mounted escort first rode up and were followed by carriages in which were the members of the city council and school trustees and the local government members and Lieutenant-Governor Wood with his private secretary. These were followed by the carriage containing His Royal Highness the Duke of Connaught, Col. Lowther and A. D. C. Captain Buller.

The mayor met his royal highness at the end of the walk which led up to the platform and accompanied him to a place on the stand. The school children then sang God Save the King.

Mayor Frink addressed those present. He said it was a great honor to have such a distinguished visitor in the city and the large crowd showed that the citizens appreciated the presence of the king's representative.

At the playgrounds the Boy Scouts formed a line in front of the crowd and in this way the walk and platform were kept clear. There were about 150 scouts in line, under the command of Malcolm McAvilly. The troops represented were: X. M. C. A. Trinity, Centenary, St. James, Fairville, Carleton and St. Paul's. The scouts assembled in King Square at 1:30 o'clock and marched to the grounds. The school children assembled at the High school and paraded to the grounds, accompanied by the City Council, Carleton, Connors and St. Mary's Bands. They were seated in the large stands which were erected especially for them, and the girls in their white dresses and with small Union Jacks presented a very pleasing appearance. The boys were seated in the lower sections. The stand was placed along the western side of the park road facing toward the platform.

THE GOVERNOR-GENERAL AT EAST ST. JOHN TO GIVE BURKE ANOTHER CHANCE

(Continued from page 1.)

The attorney today declared he had wanted to get the jail pass for Burke, but now he is sorry, as he believes Burke would go to the jail to make one more plea with the old convict who had been blackballed.

"I know that Burke paid money to an old convict for something," said this lawyer today, "but I had no idea he was following the blackbaling him."

J. K. coming to Burke's record prior to his notice to Philadelphia, but I know him very well since coming here, he is a good man, and many afterwards in my office, and we became real chummy."

Steamship Officers Demands Are Not Will Tie Up Ocean and "Starve the Round."

Canadian Press
London, Aug. 22.—The culmination of the series which has crippled shipping carrying business during the year, is threatened by the mercantile marine.

The movement began today with newly-formed union of ship masters tried to prevent the Pacific liner Monte Royal. The chief officer had been the union demanded his reinstatement was obtained by a letter, and the vessel left.

The officers are well organized and violently discontented and the port forward before the end of the month they consider the matter. Failure to meet the part of the ship owners will be met by a strike "Which the nation."

Inadequate salaries is the fault in the indictment against the Masters of some of the large ships are paid no more than a few of the men. Most of them have families to maintain. Entire denial of seven days work week, with inability to rest, as well as an error of judgment, are some of the points discussed.

Other recent strikes have been because the strikers were unrepresented and whose places could not be filled. The strikers are not special class and a general strike would leave the owners alone.

UNVEILING OF TABLET IN KING SQUARE

OFFICIAL OPENING OF PLAYGROUNDS

What was probably one of the most interesting events of the day—at least so regarded by his royal highness himself—was the ceremony of the unveiling of the memorial tablet placed on the King Edward band stand in King Square. This part of the day's programme was carried out on the return of his royal highness from Courtesy Bay. Dr. Pugsley's handsome car was brought to a halt at the court house and as His Royal Highness, the Duke of Connaught, stepped through King Square to the grand stand to officiate at the unveiling he was given another hearty welcome. The unveiling was followed by a pleasing impromptu concert by the City Cornet Band.
