IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look, Mother! If tongue is coated, cleanses little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children, of all ages and for grown-ups.

END STOMACH TROUBLE, GASES OR DYSPEPSIA

"Pape's Diaprepain" makes sick, sour, gassy stomachs surely feel fine in five minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach-headache, you can get relief in five minutes by neutralizing acidity. Put an end to such stomach distress now by getting a large fifty-cent case of Pape's Diaprepain from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder caused by food fermentation due to excessive acid in stomach.

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a small bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its life, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

HON. F. B. CARVELL INTERCEDES FOR MEN

Having Secured for Them Harvest Leave and Extension of Leave, Now Looks After Their Final Discharge

There is a good prospect that all draftees absent on leave as well as those in camp at St. John and Sussex will be discharged forth with. The whole matter of the draft, so far as it effects New Brunswick, has been carried on as a mighty force, expensive and troublesome.

In the one instance the trouble caused by taking men off the farms was a severe burden to agricultural interests. Some were inclined to blame New Brunswick's representative in the cabinet, Hon. F. B. Carvell, unmindful of the fact that the great consensus of public opinion was that the draft was absolutely necessary, and burdensome as it might be, had to be carried out.

Farmers and their drafted sons can thank Mr. Carvell, and him alone, that an arrangement was made for harvest leave, and to him also, is due the credit for making representations to the cabinet that an extension of leave was granted.

On Nov. 20 M. L. Hayward on behalf of the soldiers on leave wrote Mr. Carvell asking his influence in having these men speedily and finally discharged.

As a result the men are going to be sent to their homes to war no more forever. It is all summed up to Mr. Carvell's reply to Mr. Hayward which follows:

Ottawa, Nov. 28
Dear Mr. Hayward: In reply to yours of the 20th instant re the return of the men who were called under the Military Service Act, it is probably not necessary now to discuss what has happened. The whole thing has been one great tragedy, and yet it had to be done, and I suppose that ought to be the end of it. I do, however, realize that very little judgment was exercised in the way in which these men were kept travelling backwards and forwards to Headquarters, and if you could realize the difficulty I had in getting even an arrangement by which they would be notified by wire you perhaps would easily appreciate the true situation. However, I think that before the receipt of this letter probably every man will receive a notice asking him to report at Headquarters for discharge, but if he wishes to sign a release, which will be enclosed in the letter, and return the transportation certificate, he will receive his discharge in the ordinary way. It is necessary that these men go back and be medically examined so that a release be obtained as a protection to the country in case they should

apply for pensions in after years, and I can only hope you will advise the persons who come in contact with you to sign the release and let there be an end to the whole matter. Every man will receive a notification by registered letter, and in the same will be included a transportation warrant to St. John and he will also receive transportation home. I hope this will be the end of what has been a very unpleasant, but necessary transaction. Sincerely yours,
F. B. CARVELL

NEW BRIDGE IS NEEDED AT ONCE

Already There Has Been Too Much Delay and Town and County Both Suffer

The unsafe condition of the river bridge is proving detrimental to general business in the town. Farmers in that large and prosperous section of the country on the west side of the river are also placed in an extremely disadvantageous position. They have thousands of tons of hay to bring to market and just at this time the price is at the highest point. They have the option of holding their hay and other produce until the river freezes or of hauling to market over ten or twelve miles of the roughest kind of road. If they hold their produce the price is likely to be less than it is at present. A few still haul across the bridge in spite of the warning sign that the structure is dangerous and unsafe for heavy traffic. If such be really the case the bridge should be closed except for foot passengers.

Every minute the government delays in making definite announcement that the bridge will be speedily rebuilt, it loses caste in the large and important territory that the bridge serves. It has been unofficially announced that a new bridge is to be built of steel and concrete, but the people are clamouring for something definite. Already there has been so much delay that unless repairs can be made upon the old bridge there must elapse a period in which we will have none at all. This would be reverting to the wretched condition of 20 years ago which many of us remember only too well.

On Monday D. A. Campbell, superintendent of bridges for Carleton county, went to Fredericton to urge upon the Department of Public Works the necessity for immediate action.

INTERESTING LETTER FROM DANGER ZONE

Lieut. "Street" Tompkins of East Florenceville Graphically Describes Voyage On

The following letter has been received by Mrs. I. M. Tompkins of East Florenceville from her son, Lieut. Bradstreet Tompkins, R.A.F.:

Somewhere S. W. Ireland
Dear Mother: I have come to the conclusion that I had better begin writing to you regarding my voyage as I am nearing my destination.

To begin with I had my fill of Quebec, and a full fill it was. We steamed out of Quebec harbor at 12.50 on Monday, Thanksgiving Day, Oct. 14, 1918, and have been steaming ever since. Our convoy is made up of nine ordinary steamers and one cruiser that is protecting us all the time, besides, every boat has a naval gun mounted on her. We sailed down the St. Lawrence river, out through the gulf and the St. of Bellefleur. When going through the straits it was about 5 degrees below zero, with icebergs floating about, and we could see the coast of Labrador on one side and the coast of Newfoundland on the other, that was the following Thursday night. On Friday we were pretty well on the Atlantic into a storm most of the day and a very high sea. Saturday all day I felt dizzy and went to bed early that night. Well on Sunday morning I was awakened rather suddenly and Jonah was about to come up and if there had been anything inside me but my stomach I am sure it would have made an appearance; however, my stomach came up about two-thirds of the way but I gradually pushed it back to its place. I ate a good breakfast after that, and felt fine until about noon and my breakfast decided it would stay down for about five minutes. I sat in one corner of the deck with my head over the railing, and if the fishes ever had a square meal, I gave them the best that Canada could produce on board the old ship Takada. Since then the weather has been beautiful and I have felt fine. The gripe has left me and I feel quite fit again to carry on the good work.

We are right in the danger zone now and our old chief officer told us tonight that we were sailing over a regular cemetery, but I think the cruiser will land us safely in London, where we are bound for and hope to land Saturday sometime. We are expecting about twelve or fifteen submarine destroyers tonight to escort us in to old Blighty, also a squadron of sea planes will fly out to meet us about Saturday morning. We have to carry our life belts whenever we go all the time and sleep with our clothes on from last night until we get there, so it's not so much fun after all. The boat is all in darkness from the outside at night and all the boats are camouflaged.

(Thursday night.)
We are having quite a lot of enjoyment today watching over our young navy of submarine destroyers patrol the waters on all sides. Our destroyers came up last night about 12 o'clock but they had just got a wireless report that submarines were lying in wait for us, so they were away hunting subs all night and returned at 7 o'clock this morning with the news that they had sunk a submarine at 5 o'clock so that wasn't to bad for one night's work. We on board are just beginning to realize that a war is on. In Canada we hardly knew it at all. It is wonderful to watch our little destroyers on the go all the time at a speed of 40 miles an hour first one way then another.

(Friday night.)
I awakened this morning and fully realized that a war is really going on over here. Seaplanes surround us like cows surround a hay stack. Dirigibles that look just like big tin cigar were floating all around us looking for subs. It was hard for me to believe my own eyes at first but we could see the south coast of England channel all day. There was some excitement this afternoon about 3 o'clock. I was standing out on

INFLUENZA HAS LATER DANGERS

Particular Care Needed When Patient is Convalescent, Says Expert

The influenza convalescent who has apparently recovered from the disease and is yet in a strangely weak and depressed condition should be the object of particular care, according to Dr. Louis I. Harris, director of the Bureau of Preventable Diseases of the New York Health Department. In the opinion of Dr. Harris the after care of the influenza patient is most important. The co-operation of the patient, coupled with the willingness to see that the weakness and depression are a part of the illness, though coming after the disease itself has spent its force, is a big factor in effecting a complete return to full health. On the other hand the determination to ignore this debilitated condition and to fight against it, will Dr. Harris says, frequently bring serious consequences upon the patient.

AFTER EFFECTS BAD "The subject of the after effects of influenza," said Dr. Harris, "is one of particular interest to the scientist at the present time."

"First, and perhaps the most momentous condition to be considered is the striking depression, mental, nervous, and physical, complained of by most patients. Those attacked by the disease with moderate severity are almost always afflicted with this depression which should be recognized and dealt with. Those who have had mild cases of the epidemic are little affected by depression, and their quick return to health and strength gives rise to the belief that influenza is trivial. On the contrary, in-

fluenza in its after effects is anything but trivial, and calls for the application of rules of common sense and sanitation which are the fruit of years of experience.

"Tonic treatment, well chosen diet, and great care in not becoming over-tired or allowing the body to be chilled are necessary. Eggs may be eaten, but not more than two a day, for the average adult. Of course, it must be remembered that in many cases this disease tends to direct its force against the kidneys, and therefore we instruct patients to avoid eating a great amount of meat, eggs, or beef extracts. Eggs, soft boiled, poached, or beaten, raw, are advisable in limited number. The raw eggs should always be well agitated before taking.

WHEN GOOD FOOD IS BAD.

"With milk and eggs as a foundation the patient should eat good nourishing food, including meat, fish, and vegetables, simply prepared. Frying, for instance, is out of the question. Good food prepared in an unassimilable manner becomes bad food; especially is this to be noted in cases of convalescence from influenza for the disease often manifests itself in vomiting, and in intestinal and gastric disturbances, and it is important not to weaken the digestive function by the eating of poorly prepared food, or even the best of food in ill-advised quantities. The quantitative distribution of foodstuffs should be so adjusted as not to overtax the stomach, but the patient should eat generously and frequently." As a tonic to build up the blood and stimulate the shattered nerves, Dr. Williams' Pink Pills are unsurpassed. These pills actually make new, rich, red blood, which reaches every organ and every nerve in the body, improves the appetite, strengthens digestion, and drives away the feeling of weariness and depression always following an attack of influenza. Those who give Dr. Williams' Pink Pills a fair trial will be amply repaid by the new health and strength this tonic medicine always gives.

THE UNITED FARMERS

"The establishment of the United Farmers Co-operative Company of New Brunswick, the greatest crack the mail order houses have received in this province," said Samuel Hagerman, manager of the company, when the Press man called at the "grange" last week. "When a man's money is there is where his interest is," said Mr. Hagerman, "and the farmers are all interested in this company as they are stockholders."

The head office of the United Farmers Co-operative company of New Brunswick is in Woodstock, with Mr. Hagerman manager and Miss King stenographer. It has branches all over the province, under the central office; this central office looks up the markets, and buys produce for all the branches; it reports to the branches once a week, and has a uniform system all over the province. It is conducted along the lines of the United Fruit Company of the Annapolis Valley. The Farmers Co-operative company has strong branches at Sackville, with a capital of \$10,000, and at St. Stephen, with 160 shareholders, the head office furnishes a balance sheet every month. The intentions to build branch warehouses at every railway station, where there is business to warrant it doing so. The head office at present, and warehouse, is at the Woodstock Foundry Co., plant on Main street. The warehouse is full of goods. Three big hay presses are busy at work now and many more will be put to work immediately. This has been the means of advancing the prices of hay to the farmers.

A large meeting of the directors was held on Friday afternoon and they were well satisfied with the good work done by the head office. C. L. Smith, Esq., the president of the United Farmers of New Brunswick, instructs the Press to say that now that the ban has been lifted, meetings will be held throughout the province and it is hoped to organize many branches of the United Farmers Association. — Press.

Flue at Upper Kent.

The influenza came down upon us "like a wolf in the fold." For a time there seemed to settle down upon the village and surrounding country a great pall of darkness. There was so much of suffering and death no one felt like attending business. Grown

people and children alike were victims.

Inside of a week John Pickard lost two dear little children. A little girl four years, and a darling baby boy, the only son, one year old. Mr. Packard has only one child left. To Mr. and Mrs. Pickard, who are heartbroken because of their loss, the community extends heartfelt sympathy.

At an early hour on Oct. 30 of pneumonia, following influenza, Maude B. Canam entered into rest. Mrs. Canam was thirty years of age and was the beloved wife of Thomas Canam, an employee of the C.P.R.

Mrs. Canam was a daughter of the late John E. Smith of Linville. Besides her husband she is survived by five small children, a widowed mother, two brothers, several sisters, many relatives and numerous friends. She was a devoted wife, and an unselfish self-sacrificing mother. She was the president of the Institute for Upper Kent and Maplehurst and in the organization she was greatly interested. Notwithstanding the many duties that devolved upon her, she found time to knit many pairs of socks for the boys at the front. She will be greatly missed in her home and in the community. May the God of all grace sustain all who are left to mourn.

G. W. Perry, our councillor, and his family were down at one time. Mr. Perry has suffered from a very severe run of pneumonia and is not yet able to be out. His many friends will be glad to see him on the street once more. Mrs. Perry and children are quite restored.

Mr. and Mrs. H. L. Squires and daughter, Mrs. Paul Oldham were also all ill at the same time, but are now better.

Mrs. Samuel Ritchie was another victim of the dread disease but is able to be up again.

Mrs. Nicholas Crain and son Philip have been very ill but are improving.

Mr. John Broad is another one who has suffered. She is still confined to the house but is in hopes soon to be out.

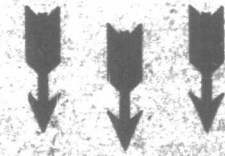

Winnie DeMerchant, son of Norman DeMerchant, has been very sick for several days is improving at this writing.

Every part of this country is being hard hit with this terrible disease—no one knows who will be the next stricken. Some people are so frightened that they will not go by a house where there is a person sick of the disease; others go right in and assist all they can. One woman was heard to remark that she would go in and help all she could if she took the disease and died the next hour. She would rather die of that than die a coward.—Sentinel correspondence.

The Cause of Heart Trouble

Faulty digestion causes the generation of gases in the stomach which inflate and press down on the heart and interfere with its regular action, causing faintness and pain. 15 to 30 drops of Mother Selge's Curative Syrup after meals sets digestion right, which allows the heart to beat full and regular.

Concerning Motor Car Shortage for the Season of 1918

Although we had anticipated a heavy curtailment in the 1919 production of passenger Motor Cars for the past six months, until recently we entertained some hope of being able to obtain at least twenty five per cent of our normal turnover. We have been advised by the McLaughlin Motor Car Co., under date of October 30th, last, that our allotment of their 1919 production will amount to one-seventh of our past season's supply. As the McLaughlin Motor Car Co., is one of the oldest and strongest corporations in Canada manufacturing automobiles, it can be accepted as very good indication of conditions generally. The entire production of the McLaughlin Motor Car Co., for the season of 1919, is already sold to dealers and will be finished up and distributed within the next few months.

Our object in making this announcement is in order to give everybody an equal chance to secure a McLaughlin Car.

We will book orders for the various Models until our allotment is disposed of, at prices prevailing date goods are shipped. Prices will no doubt keep advancing until the last of the stock is disposed of.

We will keep as full a stock as possible to secure on hand at our showroom, until the supply is exhausted. Kindly call, inspect them and have a demonstration.

THE SECRET OF SAVING

lies in spending to the best advantage—getting the most for your money. That is what you do when you buy Zam-Buk, and that is why Zam-Buk is the choice of the good housekeeper and careful buyer.

When you buy Zam-Buk you get 100% medicine—not 5% medicine and the balance "fill up" as in ordinary ointments. This explains why Zam-Buk goes so much farther than ordinary ointments and why the results are so much better. Zam-Buk is soothing, healing and antiseptic. It ends pain, destroys all germs in a sore or wound—thus preventing any danger of blood-poisoning—and grows new skin. A Zam-Buk cure is permanent because it purifies and heals not only the surface skin, but also the underlying tissues, so that there is no possibility of the disease breaking out again.

Zam-Buk is composed exclusively of vegetable oils and herbal extracts, with absolutely no animal fat or poisonous mineral drugs, which only irritate the parts they are intended to heal. It can, therefore, be used on the most sensitive skin and is the best balm for baby. It is also best for eczema, ringworm, boils, pimples, ulcers, abscesses, blood poisoning and gonorrhea. LETTER FROM BELGIAN SOLDIER

To Rev. and Mrs. J. M. Mallory
Simonds, N.B.

The following is a letter from one of the brave Belgian soldiers that has been in the army since the beginning of this cruel war. He advertised in a Canadian paper for some one to correspond with him, as his family were all lost in battle, including father and mother, except one brother who is in the army.

We answered his ad and sent him some boxes; then he sent us his picture, and we told him as we had no children and no one to go to the war, we would take him for our boy when the war

was over. He seemed delighted and is looking forward to the home coming with joy. His last letter to us reads as follows.

The Front, Nov. 7.
Dear Papa and Mama: Your kind and welcomed letter received two days ago. Dear papa I was glad to know that you and mother were in perfect health. I am enjoying the same for the present.

There is nearly two long weeks since I have had any word from my dear brother: I believe he is at the front. I would like to know just where he is, that I might transmit to him your kind wishes.

Now dear parents, it is great pleasure that I am sending you a photo of myself. Although it did not prove to be a success, for here at the front we cannot have the best of everything so I am sending you this one waiting for the chance to have a better one which I will send you.

I would like very much to have a photo of yourselves. I would be so glad to possess you in photo while I am waiting in hope to have the happiness to be in your family before long.

I am pleased to know that you have received the stamped leaves I sent you and it is a real pleasure for me to give you some explanation about making these little souvenirs.

Those leaves are taken from the oak or chestnut tree, and it is very easy to stamp the names on them. You take a piece of cardboard and cut out the names you want to stamp on your leaf in a way so the letters hold together at one end of the card-board; then you spread a cloth on the table, and after the leaf or leaves have been pressed in a book for at least two days, place the leaf on the cloth then the card-board with the letters which you took down good with small nails.

Then you stamp down easy, with a brush until there is only the membrane of the leaf left and it is done. This only requires a little patience.

Here the military operations are doing very well. The Huns are in retreat on all the fronts.

We advanced 40 Kilometres since September 23 we are leaving again for an attack. The 14th in the morning. We have taken a formidable position and since we are in open country. Yesterday morning we took the city of C— where we delivered 600

day morning we took the city of C— where we delivered 600 civilians who were martyrs for four years. At present I am on reserve and we are stationed not far from the city. I believe that in the morning we may drive another attack. There is a great forest in front of us and I think the struggle may be heavy, although with good luck and the help of your good prayers I shall get through. May God bless and protect you.

PROSPECTS FOR INCREASED SUBSIDY

Ottawa, Nov. 21.—Increased Federal subsidies for the Maritime Provinces are in prospect as a result of yesterday's continued conference of the Federal and provincial ministers.

The governments of the prairie provinces, while insisting on their own special case for the turning over of the Federal domain in the west to them with the retention of all their present subsidies are understood to be ready also to support the claim put forward by Nova Scotia, New Brunswick and Prince Edward Island for considerably increased subsidies.

The westerners, however, are not inclined to support the contention of Ontario and Quebec for pro rata subsidizing increases.

The Maritime Provinces are believed to be the most deserving and needy ones, with limited sources of income, while Ontario and Quebec, with vast crown domains, mineral resources, etc., are now able to make both ends meet without neglecting necessary development measures. It is probable that the Federal government will concur in this view. Thus the west will get the lands now owned by the Dominion and at the same time retain the subsidies originally given in lieu of lands while a million or so increased subsidies will be given to the Maritime Provinces.

The New Brunswick government is pressing for at least \$400,000 additional each year from the Federal treasury, with Nova Scotia asking for a proportionally larger amount.

Edmundston Notes

Mr. and Mrs. MacFarlane, who were visiting Mrs. MacFarlane's father, Mr. Howlett, returned to their home in Plaster Rock by N.T.R. on Tuesday morning.

The service was conducted by A. E. Wilkinson, who preached an eloquent and inspiring sermon, which was listened to with rapt attention.

Splendid War Album

The War Album issued by The Family Herald and Weekly Star of Montreal is one of the best souvenirs of the War. Future generations will cherish this book. It will be a complete diary of the great struggle and contains a whole mine of information regarding the Allies. We learn the supply is limited. Any home that fails to secure a copy now will regret it, \$1.25 pays a full year's subscription to that great weekly paper and a copy of the War Album. Sample may be seen at this office.

Lamoreau-Flewelling

A quiet wedding was solemnized by the Rev. J. K. Belyea, at the rectory, Wednesday, Nov. 20, when Miss Avis Jane Lamoreau daughter of James Lamoreau of Bairdville became the bride of Roy Elmer Flewelling of Easton. Only the immediate friends of the contracting parties were present. Many friends extend all good wishes for future happiness and prosperity.

STIR YOUR TEA

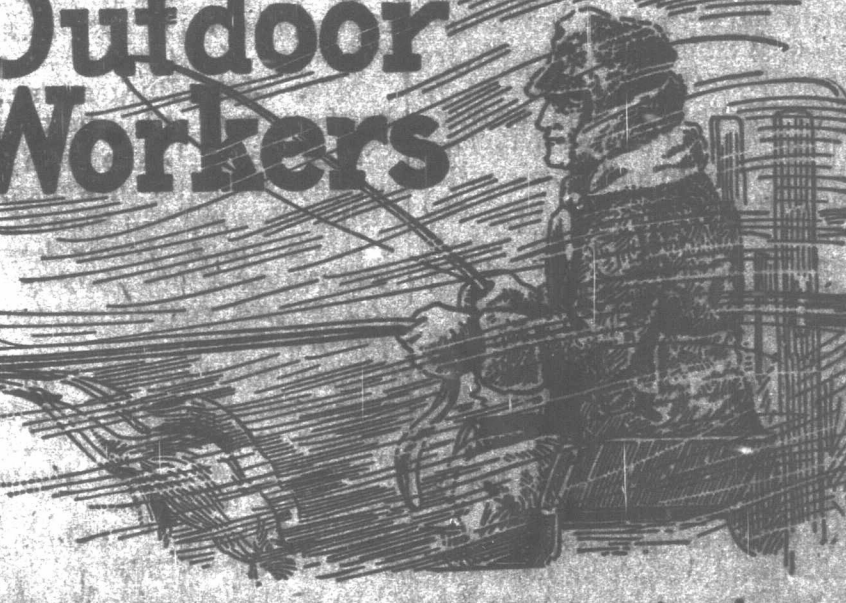

Stir the pot of Tea a minute or so before pouring. This evenly distributes the tea leaves that have been drawn from the leaves, but is lying mostly at the bottom of the pot. You will then get the full flavor from your tea. And it is KING COLE Orange Pekoe, note when you stir, the delightful fragrance of the infused leaves. Note also the rich color of the tea when poured—both indications of unusual quality.

KING COLE Orange Pekoe is different from other Teas.

Growing Old Together

THIS aged couple, mellowed by time and the experiences of life, are happily growing old together.

They are happy because they are healthy. Life is still full of interest to them, and they are wide awake to new ideas.

These are the kind of old people that everybody likes. For, in spite of the years, they are cheerful and optimistic.

It is only natural that the blood should get thin and vitality wane as age advances, but there are ways of keeping up the quality of the blood and maintaining health and vigor.

Very many men and women have found in Dr. Chase's Nerve Food exactly what they need to restore energy and strength and keep them healthy and happy.

As an example Mr. Stephen J. Leard, North Tryon, F.E.I., writes: "At seventy-five years of age my heart gave out and became very irregular and weak in action and would palpitate. My nerves also became weak, and I could do nothing but lie in bed in a languishing condition, losing strength and weight. In that condition I began using Dr. Chase's Nerve Food, and am cured. Had I not obtained this treatment I would now be in the box with the roof over my nose. At eighty-one I have an energy which means go, and I am writing this letter so that old people like myself may prolong their health and strength by using this great medicine."

There can be no doubt that this treatment contained exactly what was required to build up Mr. Leard's system.

We are constantly receiving so many letters of this kind that we can, with the greatest confidence, recommend people of advanced years to put Dr. Chase's Nerve Food on trial, as a means of restoring and maintaining health and vigor.

Here is another interesting letter. This time from a lady:

Mrs. Joseph Lalonde, Hydro Glen, Ont., writes: "I have to thank you very much for what your medicine has done for me, especially the Nerve Food and Kidney-Liver Pills. I was so run down and nervous last summer that I was in bed most of the time, unable to do any work. I have also been troubled with my kidneys for over twenty years, and tried every doctor I knew of without any permanent results, but I can say that Dr. Chase's Nerve Food and Kidney-Liver Pills have made me feel quite different. Since taking this combined treatment I have been able to do my housework, and although I am now 76 years old, I feel better than I have for years."

"I know Mrs. Joseph Lalonde, and believe her statement regarding Dr. Chase's medicines to be true."—W. P. Flannery, Postmaster.

Dr. Chase's Nerve Food, 50 cents a box, 6 for \$2.50, all dealers, or Edmanson, Bates & Co., Ltd., Toronto. Only the genuine bears the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author, on every box.

deck in the beautiful sunshine and happened to notice something floating direct towards us and the boat just opposite ours which had on board 175 American nurses. About the same time a destroyer just in front of the leading cruiser blew two sharp blasts on her whistle, and a signal went up to designate an enemy's floating mine. The steamer with the nurses on turned so quick I could almost hear it crack and it just missed the mine by about fifty feet. She was lucky. Only a short distance away another mine floated by, so evidently a Hun submarine had been waiting for us, and as they could not get a chance to torpedo us they dropped a few mines. Well our destroyers were only a short time in turning to destroy the mines. The destroyers went some distance past us, swung broadside and opened fire with their guns. They exploded the mine and sunk it, so the last we saw of mines was a cloud of smoke from the explosion.

We will be in the straits of Dover by 10 o'clock tomorrow morning if nothing happens and expect to land in London along towards night.

(Sunday at Hampstead suburb of London.)
I arrived here last night about 9 o'clock and I don't know which way we came as the streets are all in darkness all the time. We docked at Tilbury in the afternoon but did not get off the boat until night then travelled in those little cars that they have for trains until 8.30 o'clock and finally arrived here. I never dreamed of a more beautiful country than this. I don't know what people see in Canada to compare it too with the beauty of this country. Two words describe it. It's wonderful.

I don't know where I am going too but address all mail in care of R.A.F., London, England, and I will receive same within six months. I have been taking in the sights all the afternoon and it is certainly one beautiful country, Old Blighty, but the women sure have big feet and wear those hobnail boots with laces flying about the feet like an elephant with chains on.

(Monday.)
Have just been down to Whitby and saw Weldon and mother, he didn't know me. I gave him a sharp kick and he turned around ready for a scrap thinking one of the boys in the camp. Then when he looked at me he thought I was his commanding officer and saluted me when he suddenly discovered I was his own brother. He of course was surprised and I will never know how glad he was to see me. At present he is under quarantine for influenza, and as soon as the quarantine is lifted we hope to have a pass so that we can be together for a while before going on to France. I will write you at my first opportunity. Hoping you are all well, as Weldon and I are at present.

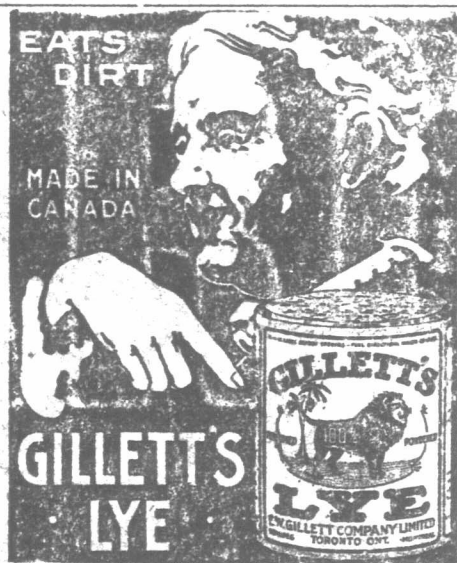

Your loving son,

Joseph G Richardson

At North Billerica, Mass., on October 29 there died of heart trouble Joseph G. Richardson, formerly of Lower Brighton, in the 75th year of his age, leaving to mourn, a wife, one daughter, Mrs. Frank Laprise of Stamford, Conn., and five step-children: Mrs. Lester Mason, with whom he lived, Mrs. Gideon Fulton and Mrs. Thomas Williamson, all of Massachusetts; Fred, serving in a Forestry Battalion in Scotland, and Burton of Nova Scotia; three brothers, Robert, Benjamin and Edward of Lower Brighton, besides relatives and friends.

Canada Has Immense Potato Surplus

A revised estimate of the Canadian potato crop from figures in possession of the Canada Food Board shows an exportable surplus in six provinces of 23,433,000 bushels over all requirements for domestic use and seedling. Early frosts and prolonged drought reduced the yield below normal in Alberta, Saskatchewan and Ontario. Quebec, New Brun-

swick and Manitoba show a remarkable surplus of 24,500,000 bushels.

Grand Falls Happenings

Lenihan-Gallagher

A quiet but pretty wedding was solemnized in St. Joseph's Catholic church, Newburg, on November 20, when Rev. J. Hayes united in marriage Miss Evelyn Gallagher, daughter of Mrs. Daniel Gallagher of Danville, and Daniel Lenihan, third son of Mrs. John Lenihan, of Woodstock. The bride was dressed in a tailored suit of navy blue, with taupe velvet hat with ostrich trimmings, and wore a set of lynx furs, the gift of the groom. They were attended by Miss Rose Lenihan, sister of the groom, and Murry Gallagher, brother of the bride. After the ceremony Mr. and Mrs. Lenihan proceeded to the home of the bride, where a reception was held. A large number of presents, consisting of silver, checks, etc., were received. Mr. and Mrs. Lenihan will reside in Woodstock.

Resumption of Red Cross Work

The following communication has been sent out the various Red Cross Societies by Lady Tilley the provincial organizing president:

Since the signing of the Armistice and the cessation of hostilities, Red Cross Societies throughout the country have naturally been anxious to know what form their work should take during the coming months.

The answer to this question comes in the urgent call for clothing for the repatriated refugees in all the countries which until now have suffered from the German occupation.

Col. Blaylock, the C.R.C.S. Commissioner overseas has cabled to Toronto Headquarters most earnestly requesting that supplies be forwarded for these people, as it is extremely difficult to procure the suitable clothing in England or France where it is both scarce and high.

The appeal was immediately taken up by Headquarters, and the emergency committee at once commenced to prepare patterns and samples of clothing required.

New Brunswick has been asked to undertake the making of garments for the serbians, as it was felt that matters would be simplified if our efforts were confined to one country. Pattern and sample garments have been sent us, and work has been started here to make duplicates of these to send to our Branches and these will be forwarded as soon as available.

Materials needed will be nearly the same as those required for the regular work, flannelette, heavy unbleached or factory cotton and serge or woolen material of some kind.

No second hand clothing is to be sent.

It cannot be too strongly impressed upon all Red Cross workers that there is still a great need for continued effort, and we feel that all our Branches will give to this new line of endeavor their earnest support and co-operation.

Any further information regarding this work will be sent out as soon as received.

Death of Mrs. Samuel Brown

In the passing of Mrs. Mary Brown, who died on Wednesday at her home, 725 Seventeenth Avenue West, after a brief illness, a wide circle of acquaintances in this city and New Brunswick have lost a beloved friend. Of strong Christian character, sweet disposition and urbane manner, the late Mrs. Brown found her chief happiness in the home circle and in being of service to others. As a warm and constant friend of the soldiers here, in hospitals and overseas and a faithful member of Mount Pleasant Methodist church she will be mourned in those spheres.

Sympathy in their hour of trial will go out to the bereaved husband, Samuel Brown, the only daughter, Miss Edna Brown, society editor of The World; the little son Burton, and two sisters, Mrs. Morehouse and Miss Jackson of this city, also a brother and sister in Kilburn, N. B.

Mrs. Brown formerly lived in Perth but was a native of Oldham, Lancashire, England. She had lived here eight years and was a member of the Eastern Star lodge. The funeral will take place tomorrow from the residence at 2:00 o'clock, to Mountain View Cemetery, Rev. William Johnson officiating.—Vancouver World, October 24.

Overseas Soldier Advises United Farmers

Dear Editor: From the far away Battle-Field in France I will write a message to The Farmers' Society of Carleton Co. As a native of this garden county and a son of a farmer I feel I should be interested in who represents us in the legislature of our province.

Farmers; as one with you in heart, yet far away, I can see your doings as an onlooker. I would say do not try to run your own candidate, but plainly state to both parties, government and opposition, that you will not vote for a candidate that is not a farmer, and if both parties fall in line and nominate a farmer for a candidate just divide on your old lines and enjoy your first complete victory. If neither party pays attention to your notice, vote against that party, en bloc. If neither gives heed to your notice, then, and only then, will you do wisely in nominating a candidate as a farmers' candidate. You will dominate politics

in N. B. when you all agree to move in the farmers' interest.

Yours in the work
Pte. S. G. BARTER.

Waterville Warblings

The U. B. Ladies' Missionary Society was held Thursday afternoon at the home of Mrs. Fred Culliverson. A delightful time was spent and Mrs. Porter, one of the energetic members of the Society, was presented with a certificate of life membership.

The remains of the late Mrs. Fred Plummer were brought from Fort Fairfield on Monday evening train and laid to rest in the Methodist cemetery on Tuesday. Mrs. Albert Palmer, daughter of the deceased was with her mother during the last few days of her long illness.

Chester Culberson, son of Fred and Mrs. Culberson, who was wounded at the front some weeks ago, is convalescing in a hospital in England.

Mrs. John Quinn of Riley Brook was the guest of her sister Mrs. James Plummer last week.

Little Miss Pauline Lipsett who has been visiting her young friends here has returned home.

Mr. and Mrs. Ernest Plummer were recent visitors of T. D. and Mrs. Stokes.

Miss Lizzie Robertson is visiting friends at Upper Woodstock.

A VALUABLE MEDICINE FOR THE BABY

Baby's Own Tablets are a valuable medicine for all little ones. They are a mild but thorough laxative which never fail to regulate the bowels and stomach; drive out constipation and indigestion; break up colds and simple fevers; banish colic and worms and make teething easy. Concerning them Mrs. S. P. Moulton, St. Stephen, N. B. writes:—"I have used Baby's Own Tablets for a long time and find them a most effective and valuable medicine. I would not be without them." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

YOU want to sell Your FARM!

I want to help you!

I have made a careful study of the problem of bringing the man who wants to buy into communication with the man who wants to sell, and the results attained are a guarantee of the success of my system of operation. During the eight years of my experience in the Real Estate business nearly two hundred farms have been sold through my agency, representing values aggregating over Half a Million Dollars.

I have at present thirty-two applications for farms in Carleton County for the Spring 1918. If you want to sell your farm at a fair value, communicate with me at once.

THE JOY OF MOTHERHOOD

Came to this Woman after Taking Lydia E. Pinkham's Vegetable Compound to Restore Her Health

Ellensburg, Wash.—"After I was married I was not well for a long time and a good deal of the time was not able to go about. Our greatest desire was to have a child in our home and one day my husband came back from town with a bottle of Lydia E. Pinkham's Vegetable Compound and wanted me to try it. It brought relief from my troubles."

I improved in health so I could do my housework; we now have a little one. all of which I owe to Lydia E. Pinkham's Vegetable Compound. Mrs. O. S. JOHNSON, R. No. 3, Ellensburg, Wash. There are women everywhere who long for children in their homes yet are denied this happiness on account of some functional disorder which in most cases would readily yield to Lydia E. Pinkham's Vegetable Compound. Such women should not give up hope until they have given this wonderful medicine a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of 40 years experience is at your service.

Do you suffer from Kidney or Bladder troubles? If so—suffer no longer. Use Gin Pills, the proven remedy.

Got a Cold?

Peps will give you relief. Simply dissolve a Peps tablet in your mouth. Your breath carries the medicinal Pine vapor, which is released, to all parts of the throat, nasal and air passages, where a liquid medicine could not possibly reach. This vapor destroys all germs with which it comes in contact, soothes and heals the inflamed membranes and fortifies you against coughs, colds, sore throat, bronchitis and grippe. Peps contains absolutely no harmful drugs and are therefore the safest remedy for children.

FREE TRIAL. Cut out this article, write across it the name and date of this paper, and mail it (with 1c. stamp to pay return postage) to Peps Co., Toronto. A free trial packet will then be sent you. All drug-gists and stores sell Peps, 50c. box.

MAKE BREATHING EASY

es Howlett of Bairdville were calling on Andover friends Friday.

William Curry went to Woodstock and The Barony returning Tuesday.

The many friends of Mrs. Isaac McDonald regret very much to hear of the death of her son, Wilbur from influenza on Nov. 16 in Truro, N. S. The deceased was 22 years old, the eldest son of Mr. and Mrs. Isaac McDonald of New York, formerly of Halifax, grandson of Mr. and Mrs. W. B. Bates and nephew of Mr. and Mrs. N. J. Wootton of Andover. He was quite well known here, having spent some time ago visiting Mr. and Mrs. N. J. Wootton.

Miss Violet Gillett spent the week-end with friends in Bairdville.

Mrs. E. J. Masters received a cablegram Wednesday, Nov. 20, from her husband, Lieut. E. J. Masters, saying he expected soon to sail for Canada. Lieut. Masters enlisted as Signalling Sergeant with the Canadian Field Artillery for overseas service on Aug. 21, 1914, in Toronto. He has seen much active service, having had the honor of being the first Canadian Officer to take forward the lines of communication at Courcelette when the Canadians made their great advance in 1916. He was in the first big battle at Ypres in April 1915; and was at St. Julien, Langemark, the Somme and many other places where the Canadians distinguished themselves. Lieut. Masters received his commission in June 1915 and has since been in England, officer-in-command of signalling instruction at Canadian headquarters, Shorncliffe.

Mrs. Turner of Aroostook was in Andover Friday.

A telegram from Ottawa has been received saying that Pte. Philip Lappage of Birch Ridge has died of wounds. Pte. Lappage is the son of Mr. and Mrs. Arthur Lappage of Birch Ridge, about 24 years of age. He enlisted in the 104th and was transferred later to the 26th Battalion; was wounded on August 30 in the thigh and right side and died on the same day in the 48 clearing station in France. Besides his parents Pte. Lappage leaves a sister, Miss Carrie Lappage of Andover, and two brothers to mourn his loss. Much sympathy is felt for them all.

Miss Beatrice Nevers returned to Lewiston on Friday after spending the summer with Mr. and Mrs. Sidney Hagerman.

AUTO OWNERS

LOCAL AND PERSONAL ITEMS

The young people of the town held an enjoyable little party in Sherwood's Opera House on Tuesday evening. Dancing afforded the main pleasure of the evening. Dainty refreshments were served during the intermission.

Mrs. Burt E. Cliff was at home to her many friends on Wednesday and Thursday afternoons 3 to 6 p.m. Mrs. Chas. Cliff received with her a delicious luncheon of ice cream and cake was served the guests by the assistance of Mrs. B. B. Estabrooks and Misses Jean Estabrooks, Annie Wilson, Dancy Burt and Evelyn Peppers.

David Burt and Harold White spent Saturday in Houlton.

Miss Maybee of Fredericton is the guest of her sister, Mrs. Everett Hoyt.

Mr. and Mrs. Leo. Trafford of Robinson spent Friday in town.

S. W. Niles returned on Saturday from a few days hunting on the Miramichi with a large buck as a trophy.

Mrs. Jensen of Hartland is visiting her daughter, Mrs. Harry Hagerman.

Official notice was received last week of the wounds sustained by Harry Margison of East Centreville in the pre-arranged fight. This is the second time he has been severely wounded.

E. J. Amey of Montreal was in town on Tuesday.

Miss DeLong of Brookville was the guest of her cousin, Miss Mildred DeLong, last week.

Messrs. Tharott of Fredericton and Hunter of St. Stephen were in town on business on Thursday.

B. J. Clark is spending some time in the towns on the North Shore in the interests of the Dayton Scale Co.

Miss Carmody, Wilkinson of Fitchburg, Mass., arrived home on Saturday for a vacation.

Mr. and Mrs. Samuel Gallagher spent last week in Fredericton.

Earl Stiles left on Saturday for a short business trip to St. John.

Several cases of influenza are reported recently at Tracey Mills. Although the epidemic situation seems to be well in hand by the skillful and painstaking labors of our local physicians, it behooves our citizens to still exercise every personal precaution possible for evading the contagion. The ounce of prevention still far outweighs the pound of cure.

The following extract from The Daily Province of Vancouver, will probably be of interest to the many friends of Rev. and Mrs. B. S. Freeman who for several years was pastor of the United Baptist church, Centreville.

Two sons of Mr. and Mrs. B. S. Freeman of Armstrong, have given their lives in their country's service. Lieut. Harold Freeman joined the Royal Air Force in November of last year, and trained at Toronto through the winter, going overseas early in the summer. He had about

completed his training in England when death overtook him in an aeroplane accident. He was 20 years of age. Pte. Eric Freeman went overseas with the 79th Seaforth Highlanders and was in the first draft which went to reinforce the 16th Canadian Scottish. He fought with that battalion as a bomb-thrower, through the battle of the Somme until wounded on Sept. 28th—1918. After several months in hospital he rejoined the 16th in May 1917, as a member of the intelligence section. He saw service at Lens, Hill 70, and all the other now famous actions in which the 16th was engaged. On Aug. 8th of this year he went over the top with the first wave of Canadians at Amiens and fell that day, instantly killed by a machine gun bullet, in the midst of a great fight which terminated in a glorious victory, at the age of 21.

The two boys were the only children of Mr. and Mrs. Freeman.

Burnt Land Brook

Fields are looking white again.

Miss J. W. Johnston returned to Fredericton this week to resume her studies at the Business College.

J. B. Johnston was in Fredericton one day this week.

Ada Johnston who was quite sick is able to be out again.

Miss Mary Boone of Plaster Rock, is the guest of Mrs. C. A. Hayden.

Samuel Sprague arrived home from Fort Fairfield recently.

Enterprise school reopened last Monday.

All were grieved to hear of the death of Miss Clark who had charge of the school here before the closing of the schools.

A deep gloom is over the place this week on account of a sad accident. Percy M. Everett while sawing wood was struck by a stick of wood which struck the saw and rebounded, striking him on the side of the head, breaking the skull. He was taken to Fort Fairfield and operated on but never recovered consciousness and died Friday night. He was buried on Sunday. He leaves a wife and five children, father and mother in this place, three brothers, George of Fort Fairfield, Lloyd and Murray of this place; six sisters, Mrs. J. W. Johnson, Gxbow, Mrs. Charters, Sask., Mrs. Kearney, Presque Isle, Mrs. Jenkins, Van Ruren, Mrs. McInnes, St. John and Mrs. Kelly at home.

Children Must Be Protected

The children must be safeguarded, for, if they do survive the frequent coughs and colds, it is often with the lungs so weakened that they become chronic sufferers from bronchitis or consumption. Being composed of simple ingredients of undoubted value Dr. Chase's Syrup of Linseed and Turpentine is admirably suited as a treatment for children. It is pleasant to the taste. So much so that children delight to take it on this account, as well as because of the quick relief it affords them.

Aroostook County Notes

Fred W. Hechler, the popular treasurer of the Limestone Trust Company, was in Fort Fairfield Saturday night on business.

Miss Jennie Nevers of Upper Kintore, visited from Wednesday to Saturday with her cousins Misses Gertrude and Vera Carr.

Grosvenor Letart, who for some weeks has been acting station agent at Aroostook Jct., taking the place of Charles Gaines, who was injured in an automobile accident, is back again at his old post as operator and assistant at the local C.P.R. station. (From Ft. Fairfield Review.)

Death of Mrs. G. Fred Plumer

At the home of her son Robert at Fort Fairfield on Oct. 22 the relic of G. Fred Plumer passed away. A few days previous she suffered a stroke of paralysis and before that had been ailing for some time. Funeral services were conducted at 3 p.m. on Sunday, Rev's. Thomas Jones and O. J. Hoffman officiated. The remains accompanied by all her sons and daughters, were brought here to the home of Ernest Plumer on Monday evening, and on Tuesday the cortege proceeded to Waterville where interment was made.
