

THE ACADIAN.

WOLFVILLE, N. S., AUG. 10, 1888.

Summer School of Science.

The second session of the Summer School of Science was held in Pictou, commencing on Monday, July 23d, and ending August 3d.

The aims of the Association are such as should command the interest of all who desire to see the advancement of scientific education.

The Council further express the hope that your disinterested efforts may meet with deserved success, and that your session in Pictou may not only be profitable but pleasant.

Dated at Pictou this 23d day of July, 1888.

Prof. F. H. Eaton of the Normal School delivered the inaugural address.

He was followed by remarks from the President of the School, and a short address by Dr. Sheraton, President of Wycliffe College, Toronto, in which he expressed his interest in science and claimed its harmony with religion.

On Tuesday the regular work of the Session began. There was much interest manifested in all the subjects taught. The forenoons were devoted to lectures and such practical work as could be done in-doors. The afternoons were spent principally in visiting points of interest to the geologist, mineralogist, botanist or entomologist, and collecting such specimens as could be carried away.

The dissection of lobsters, oysters and clams, experiments in physics and chemistry, the analysis of plants and the testing of minerals by blow-pipe were some of the practical in-door exercises. Some excellent apparatus, of a very cheap kind, was constructed and teachers learned the important lesson that experiments, imparting very valuable information, may be performed at a trifling expense.

An excursion to Trenton, ten miles from Pictou, afforded an opportunity to visit the Steel and Glass Works. In the former one was seen in all stages from the smelting of scrap iron till it was formed into bars of steel or axes for rail-cars.

The Glass Works were not in operation; but the buildings, machinery, dies, &c., were inspected. From these, some idea of the kind, and magnitude of the work was obtained.

These two branches of business give employment to four hundred men. The Steel Works Company has contracted to furnish a large number of car-axes for the Canadian Pacific Railway. It will take ten months to fill this one order.

Excursion No. 2 was on land in the vicinity of the town. The Moraine or "Bear's Back" was visited and commented on by some of the wise among the School. This singular freak of nature was accounted for in this way:

In the period of glacial times the stones and debris collected in the onward movement of the glacier, were dropped here, thus leaving specimens of many rocks not to the natural formation of the country. This excursion took in one of the building stone quarries, of which there are many in Pictou county. Large quantities of this sandstone are shipped to Halifax and other towns.

Excursion No. 3 was a drive to Green Hill—a distance of ten miles through one of the most fertile and picturesque portions of Pictou county. The drive was planned and the expenses defrayed by the citizens of Pictou and the Summer School of Science were their guests and right royally were they entertained. From Green Hill—Pictou, New Glasgow and several other smaller towns could be seen. The harbor with the divers flowing into it, the fertile country of hill and dale, dotted with dwellings of well-to-do farmers the great part of the view, including Prince Edward, Pictou and Carribou Islands on the opposite shore of the Northumberland Strait, presented one of the finest views to be seen in the Province. The drive and stroll over the hills and the fresh sea breeze from the harbor, prepared all to do ample justice to the sumptuous tea provided and served by a true-hearted Scotch people. This was only one of the many attractions paid to members of the School during the term.

Excursion No. 4 was to Westville to inspect the Acadia Coal Mines. A run of five minutes by car, on a plain inclined at an angle of 25 degrees landed us 1350 feet below the surface. Here guided by two of the managers and lighted by the miners' lamps, we saw coal for the first time in its primitive state.

The two hours spent in this underground prison, revealed many things described in books; but seen only by a few. They became a thousand times more real as we saw them for ourselves. Judging from the area of coal outlined—first, by the same traced for 2,000 feet descending the inclined plain; second, by the cross section one mile in length with a thickness of 14 feet, and a prospect of its continuing to an unlimited depth—there is no fear of the supply becoming exhausted.

The teachers who have attended this School for the past two years have been stimulated in their efforts to prepare for the successful teaching of the elements of natural sciences and have added considerably to their fund of knowledge. Much has been done to popularize scientific studies, and the teachers who have availed themselves of the instruction and stimulus this school imparts, have taken a step in advance of those remaining at home. The teacher who spends a portion of his small salary and vacation in the pursuit of knowledge to fit him to do better work in his school shows a commendable zeal and deserve recognition of trustees.

To the following list, several names were added before the close of the school: INSTRUCTORS AND OFFICERS. A. H. McKay, A. B. B. Sc, F. S. Sc (Lond) Zoology. A. G. McDonald, A. M. Land Surveying, and Field Work. F. H. Eaton, A. M. Physics. E. J. Lay, Esq. Botany. John Stewart, M. D. (Edin), Physiology and Hygiene. Dr. Weddell, Geology. A. J. Pines, A. B. Mineralogy. A. Cameron, Esq. Astronomy. J. B. Hall, Ph. D. Secretary. J. D. Sprague, Esq. Asst. Secretary.

Quite a large number of delegates arrived in Amherst by the eastern and western bound express trains on Thursday, the 26th ult., to discuss the various phases of the work of the Young Men's Christian Associations of the Maritime Provinces. At 3 p. m. the preliminary meeting of the Convention was held in the splendid new hall of the Amherst Association. This service was one of prayer and praise, and was led by Capt. Masters, of Moncton. The Convention joined heartily in singing that grand salutatory hymn—

"All hail the power of Jesus' name; Let angels prostrate fall; Bring forth the royal diadem, And crown him Lord of all."

The chairman made a few opening remarks, in which he said, that he, for one, was glad to be present. Several faces he recognized, others were entirely new to him, but he hoped that all would be amply repaid for coming in the interchanging of salutations and ideas.

At 3:45 the nominating committee returned to the hall, and their report resulted in the election of the following officers:

President—W. D. McCallum, Truro. Vice Presidents—John McKeen, Amherst; R. N. Beckwith, Halifax; A. Stockhall, Moncton; J. O. Miller, St. John; W. McKie, Charlottetown.

Secretaries—Henry Theakston, Halifax; H. Y. Corey, St. John. Business Committee—S. E. Whitson, Halifax; John McKeen, Amherst; Geo. McDonald, New Glasgow; to which were added—(Rev.) W. H. Matthews, Mt. Allison University; and John Brown, Westville.

Devotional Committee—H. H. Dixon, St. John; Daniel McLeod; J. B. Robb, Amherst; R. Norman, Halifax; P. F. Moriarty, New Glasgow; to which were added—(Rev.) P. C. L. Harris, B. A., Mt. Allison University; Chas. Leigh, Jr., Charlottetown; and A. E. Chapman, Dalhousie University.

It would take up too much space to give a detailed account of all the meetings. Open air services were held every evening at 7 o'clock, and on Sunday afternoon at 3:30 o'clock. These were services of special interest and the whole-hearted singing of the delegates, as well as their words of warning and invitation must have impressed those who listened that there is a reality in religion.

A welcome meeting was held in the Baptist church (as were all the evening meetings), on Thursday, when addresses of welcome were delivered by J. McKeen, Esq., Pres. of Amherst Association; Rev. D. A. Steele, M. A.; and Hon. Hiram Black; and responses were given by W. D. McCallum, Esq., Pres. of Convention; Rev. Geo. Bruce, St. John; and Dr. Kelly, of McGill University, Montreal.

The regular morning prayer meetings (7 a. m.) were seasons of blessed influence. As the regular morning prayer meeting a valuable and comprehensive paper was read by the Rev. Wm. Brown, of Windsor. The subject was "The Word of God—its place and authority in our work." On Friday evening a large audience assembled in the Baptist church to hear the subject, "The religion of Christ for young men—its reality—its benefits—its results," discussed by Rev. Chas. Hole, L. D., of Halifax. The Rev. Dr. who is the rector of St. Paul's church, kept his audience in rapt attention throughout his discourse which was eloquent as it was exhaustive. At the close of the address, Mr. Harding, of Washington, D. C., gave a "talk" to business men. Mr. Harding, who came as the representative of the International Committee, gained for himself the lasting friendship of the members of the Convention by his practical talks and affable manners.

The Convention was specially favored in having the services of the Hon. and Rev. B. Moreton, who gave several very interesting and powerful Bible readings. At the church services in Amherst and at several of the surrounding villages members of the Convention conducted the services on Sunday. At 9:30 a. m. in Association Hall a consecration service was held, conducted by Rev. Mr. Gerritt. At 2:30 p. m. a mass meeting of the Sunday-schools was held in the Baptist church. At 4 o'clock, in same place, a men's meeting was conducted by Mr. Dixon, St. John, while at same hour in Y. M. C. A. Hall, a women's meeting was held, led by Mrs. Dixon. At 8 o'clock, farewell services were held in the Baptist and Presbyterian churches, and the closing exercises of the Convention took place in the former church at 10 o'clock. Thus closed one of the most successful Conventions ever held in the Province, and the members departed to their several homes praying that God would pour out his convincing and converting grace upon the young men of Amherst.

The next Convention will meet (D. V.) at Moncton, N. B. Com. DICK BLOOD PURIFIER. I have been sick with Liver and Kidney Complaint and night sweats, for over two years, most of the time confined to my bed. A doctor attended me who failed to cure me; and after trying many patent medicines that were recommended for the above complaints, which failed also, I was advised to try Doctor Norton's Dock Blood Purifier; three bottles has entirely cured me, and I now enjoy the best health I have for twenty years. Mrs. R. D. MACOMBS, Avondale, Harris County May 20, 1888

Superintendent White, of the Manitoba division of the Canadian Pacific, corroborates the estimate that the surplus of wheat in that province will reach 30,000,000 bushels this season. A big stock of Stone Batter Crockets at B. O. Bishop's.

Y. M. C. A. Work.

Temperance and Politics.

Mr. Editor.—At the recent meeting of the Montreal Convention, the report of the committee on Political Action urged the friends of Prohibition to organize to secure the election of Prohibitionists as our representatives. This principle of the resolution was to be applied in Municipal and Local as well as Dominion elections, and the branches of the Alliance were urged to see that it became effective in each county.

In the good sense of this resolution lies a great power. All true temperance workers can now be united in political action. The existing parties will pay deference to the voice of 200 delegates of the temperance societies from all parts of the Dominion and the patriotic temperance men will be anxious to follow a course so wisely selected by their chosen leaders.

Even in this county there are many who feel that the temperance sentiment could be more powerfully exerted at the polling booth and at the nomination of the candidates than by means of petitions to an elected body. Some perhaps too harshly condemn our present caucillers for their actions in temperance measures. It is not my desire to censure public servants who have tried to do their duty, but I am sure that the Councillor who does not vote for the appointment of an Inspector when three-fourths of his electors petition for it, does not represent those electors, and if he does not, this autumn is the time to secure one who does. Surely good men are not so scarce that we must choose second-rate men to support the wrong.

But it is now time to be up and doing. Halifax county, Ontario, has already organized its forces. Let King's county be no backward. Temperance men may now work with great effect. But we must organize. Let the King's County Temperance Alliance, or some other strong temperance body, at once, appoint a meeting in some central place for the county and let each Local and Division be requested to send delegates so as to make the meeting representative. All we need is to get our forces in order. If the temperance element of this county speaks with no uncertain voice, the power of nominating our representatives is in their hands. Only let us exert our power from the first and we need not be afraid of the ram power.

This meeting could appoint a committee of four or five in each ward to make a wise selection of candidates. Candidates would become acquainted with the requirements of our platform, and the prohibition element be worked up and the question not evaded. All we need is to begin now, and let our power be exerted at once.

Thanking you, Mr. Editor, for space I am, Yours truly,

F. L. STONG & CO., Somerset, June 20th, '88

THE OFFICE OF REGISTRAR OF DEEDS IS REMOVED TO THE COURT HOUSE AT KENTVILLE, AND WILL REMAIN THERE UNTIL THE NEW OFFICE, NOW IN COURSE OF ERECTION IN THE VICINITY, SHALL BE COMPLETED. FRED BROWN, Registrar of Deeds for King's Co. Kentville, June 18th, '88

If You Want The Very Best Quality—OF—ALL KINDS OF GROCERIES—GO TO—G. H. WALLACE'S Wolfville, Nov 11th, '87

People buy the "Daisy" Churn because it makes a superior quality of butter and fully ten per cent. more of it than any other churn in the world. And because it saves half the labor and is perfect in material and workmanship and is so easily cleaned. And because it is so simple and durable. And because it is warranted to give perfect satisfaction. Over 80,000 sold in the United States last year. Try one and see for yourself. For sale by D. MUMFORD, Wolfville N. S., July 12th.

Try our celebrated Java Coffee, Breakfast Tea in 3 & 1/2 lb. canisters—very choice.

Fine stock Crockery & Glassware, Self-sealing Jars and Jelly Cans, Just received at R. Prat's.

July 25, 1888. THE ACADIAN. WOLFVILLE, N. S., AUG. 10, 1888

Local and Provincial. NEW FENCE.—The College authorities are enclosing their grounds with a new fence, which will considerably improve the appearance.

ANOTHER COMBINATION BATTER.—From this date C. H. Borden will weigh hay for 10 cents a load whether it weighs 50th or 7,000th.

16c. 16c. 16c. for Eggs at Prat's. S. OF T.—The Grand Division of the Sons of Temperance of Nova Scotia was in third quarterly session at Sydney on Wednesday and Thursday of this week.

REPAIRS.—The residence occupied by Mrs. McKee is being repaired. The roof is being newly shingled and we are informed other repairs are to be made by the owner, Mr. Harris.

ENTERPRISE.—The two pickle factories at Gaspean have begun operations and are now buying material for pickling. Both have a prospect of doing a good business and we wish them abundant success.

EARLY CLOSING.—The plan of early closing seems to be meeting with very general favor. The evenings are better enjoyed by the merchants without inconveniencing purchasers to any great extent.

ST. JOHN'S CHURCH.—Next Sunday, August 12th, at eleven a. m., mass, sermon and celebration of holy communion at half past seven p. m., evening and sermon on "The Three Creeds of the Church."

B. G. Bishop sells Greenhead lime at \$1.50 per cark. REMOVAL.—We understand that Mr. E. W. Sawyer has rented the residence belonging to the College on Water St. and intends moving into it about Aug. 20th. It is now undergoing repairs under the hands of B. G. Bishop.

BASEBALL.—Another match between the First Nine of the Wolfville Baseball Club and the Valley Nine is to take place this afternoon on the ground of the former. An interesting game and some good playing may be expected.

NEW RESIDENCE.—Mr. George Thompson is making preparations for the erection of a dwelling on the site which he has lately occupied as a summer residence. Messrs Rhodes & Curry have the contract and the new structure will no doubt be an ornament to our town.

5 cases Gem Jars just in, at B. G. Bishop's Very low. BUILDING.—We understand that Mr. O. D. Harris, having found his present store too small for his business, intends building a new and commodious store on the premises which he lately purchased. It is to be 65 feet long and will be fitted up with all the modern improvements.

HAY MAKING.—The weather for the past week has been very dull and farmers have been considerably hindered in haymaking in consequence. However the crop being about two weeks later than usual is not injured much so far and in many places is yet growing rapidly.

WANTED.—1000 Doz. Eggs per week, highest price paid cash or trade at E. C. Bishop's. SHIPBUILDING.—It is reported that C. R. Burgess, Esq., of this place, is about beginning the construction of a 2000 ton ship at Kingsport. This will be a boon to the people of that place. On account of the low freights very little shipbuilding has been done of late and now ships are scarce and freights high. Oil freights have doubled within the past few months.

JUST IN.—Roofing Paint, Carriage Paints, leads, glass, &c. &c., for sale low at B. G. Bishop's. BURGLARY.—Sometime during last Sunday afternoon or evening the store of E. C. Bishop was entered by burglars and about \$5.00 in cash was taken from the cash drawers. The robbers gained an entrance through the pump-room and forced open the door communicating with the dwelling house. Mr. Porter and family were away at the time and returned about 9.30 in the evening so that the robbery must have been committed early in the evening. Nothing was missed except the money. Every effort should be made to capture the thieves who have been pestering our people for the past few weeks.

PEERLESS! Price, \$1.75. We think, in fact we have proved, that in placing the above Boot in stock we have made a "GREAT HIT." We don't have to talk ourselves to death to sell this Boot, it sells at sight. Ladies, buy the PEERLESS. It is as its name implies PEERLESS. C. H. BORDEN. Closed on Monday, Wednesday and Thursday of each week at 7 p. m.

Local and Provincial. PHOTOS.—Rice is in Wolfville this week and appears to be doing a good business.

TEMPERANCE DRINKS.—Bigelow's Ginger Pop, nice drink on a warm day, at SHAW'S. A GOOD TRIP.—The steamer New Brunswick arrived at Annapolis on Friday last at 11 a. m. with 203 passengers.

ODDFELLOWS.—The Grand Lodge of Oddfellows, of the Maritime Province, has been in session at Windsor this week.

CIRCUS.—How's circus is to exhibit in Kentville on the 22d inst. Wolfville is to be fortunate enough to escape again this time.

FOUND.—A watch and a sum of money. The owner can have same by proving property and paying expenses. E. D. BISHOP, Acadia House, Wolfville.

AN ERROR.—In recording in our issue before the last death of Mr. John Best, which occurred on July 24th, an error was made as to his age. Instead of 84 it should have been 94.

ANNIVERSARY.—Yesterday was the hundredth anniversary of the birth of the celebrated Adoniram Judson, the pioneer American Baptist Missionary. Special reference was made to the fact in the Baptist prayer meeting last evening.

MR. C. V. BISHOP wishes to inform the people of Wolfville and vicinity that he is prepared to do painting, paper-hanging, and kalsomining in a first-class manner for all who may favor him with their orders. 52 2nd mo.

RESCUED.—A young son of Elijah Kibcup fell off Gary & Shand's wharf into the river this afternoon, and might have drowned but for the timely aid of Samuel Pentz, who was working at Dr. Hayes's building on the wharf, and who sprang into the river and saved the boy as he rose to the surface.—Hunts Journal.

MAPLEWOOD FAIR.—Some very fine fruit was sent to us a day or two ago from Maplewood farm, Berwick, by the proprietor, T. H. Parker, who is to be congratulated upon the perfection he has attained in the growing of a large variety of small fruits, comprising currants of various kinds, raspberries, strawberries, Gooseberries, etc.—Herald.

The Juniors Play. A very interesting game of base-ball was played on the Wolfville grounds on Monday afternoon last between the junior clubs of Wolfville and Kentville. The game was to have taken place on Saturday but was prevented by the rain-storm. Quite a number of spectators assembled on Monday to witness the match. The teams appear to be pretty evenly matched but the Wolfville boys seemed more familiar with the game and at the close led the score by four runs. Good playing was done by both teams and both give promise of doing splendid work in the future if they continue to play together.

Following are the players and scores: PLAYERS. Wolfville: W. Bishop 1 b, E. Murray 2 b, W. Williams 2 b, H. Masters p, W. Farrell 3 b, S. Pratt f, J. Christie f, B. Spencer 1 f. Kentville: H. E. Calkin o, W. McIntosh 2, C. LeCain 1 b, C. Lockhart 1 b, F. Hillz p, J. Parsons 2 b, L. Malloney f, L. Lovett 1 f, J. Lyons 2 f. Umpire, J. F. Herbin.

SCORE BY INNINGS. W. 5, K. 0. Journalistic Notes. Mr. W. H. Banks, who for many years has been established in the printing business in Annapolis and has had charge of the Spectator for some time past, is about removing to New Canada where he will start a newspaper to be called the Goldenrod. We wish him success in his new undertaking.

The newest and latest exchange is the Enterprise, a neatly gotten up and new 8 column paper just started by Dennis Bros. at New Glasgow. It has the right tone and we predict for it a successful career. There is always room for the right kind of a paper. Shake!

The Springhill Independent continues bright and new. The "patent inside" has been discarded and the paper is now all filled with "breezy" matter. The paper presents a good appearance. Long may she wave!

The Beddoek Island Reporter has been sold to a Sydney company who will publish it at Sydney in the interest of the Liberal party. This week's issue will be the last under the old management.

Mr. Parker has a fine show of furniture in his new warehouses. He represents this paper in Berwick and takes subscription for it and orders for advertisements and job printing.

—S. McNeil, M. P. P. for Digby, is one of the vice-presidents of the Berwick Camp Meeting and was here camping out during the week.

Divine service next Sunday at 3 p. m. All seats free. Rev. M. C. WADSWORTH, Incumbent. —The Berwick school will resume work on Monday the 20th inst.

LOOK OUT! We'll Give You Fits That cannot be beaten in the county, if you will only give us the chance. We have discharged Miss Fitz from our employ, so that you can reasonably expect satisfaction every time. Try us once and then you can smile at the wrinkled clothes of your friends. If you are in a rush, we have a fine assortment of Ready Mades from which to make a selection. These are 21 in style, Material, Finish and Fit. To give you an idea of our prices, \$4.00 will buy you a good substantial suit of Clothes—men's sizes. It costs nothing to give a trial. A. E. CALKIN, CLOTHIER. Kentville, N. S., July 5th, 1888.

For Sweeping Bargains at Glasgow House next week, as I intend clearing out the remainder of my Summer Stock at GREATLY REDUCED PRICES, if nothing more than first cost THEY MUST BE SOLD to make room for FALL GOODS. Yours Resp., O. D. HARRIS, Glasgow House, Wolfville.

Wolfville, July 26th, 1888. N. B.—My store will be closed until further notice at 7 o'clock Monday, Wednesday and Thursday evenings.

Blow Ye The Trumpet, Blow! I do not blow when I say that I carry the best and cheapest assortment of Stone Butter Crocks, Preserve Crocks, Jam Jars, Jugs, Flower Pots, etc., etc., in town. I do not blow when I say that I carry the best stock of Leads, Oils, Colors, Varnishes, Mixed Paints, Putty, Glass, etc., in town. I do not blow when I say that I do carry a complete stock of Builders' Hardware, Lime, etc., etc., at lowest prices. Get Quotations. I do not blow when I say that my stock of Woodenware, Tinware, Crockery, and Glass is the best assorted and lowest in price in town. I do not blow when I say that my stock of Brushes, Brooms, Cutlery and Fishing Tackle is the best assortment in town and low. I do not blow when I say that my stock of Roller Blinds is the finest in the county. Call and examine.

IN CONCLUSION. I only blow when I say that my clerk and I are the nicest young men to trade with in Wolfville.

MORAL:--Go to B. G. BISHOP'S WOLFVILLE. 999 Main Street.

CALKIN, CLOTHIER. Kentville, N. S., July 5th, 1888.

Dandruff, Baldness, Thin or Grey Hair. Everyone knows how disagreeable it looks to see Dandruff falling from the head to the shoulders of either lady or gentleman. The head may be washed ever so often but it will not clean out this evil. The best way to get rid of the affliction is by the application of Simson's Lintiment, say three times a week, just before retiring at night, first washing the head thoroughly with warm water and castile soap. It will cost you but 25 cents to give it a trial, and who but could take pride in a fine glossy head of hair without any appearance of Dandruff. Mr. E. Renault, agent of Crown Lands, St. Thomas, Quebec, writes: "I have used Simson's Lintiment as a hair invigorator and can certify to its wonderful effect for the growth of hair and cleansing of the scalp. I feel assured it will in nearly every case prevent the hair from coming out."

SEE DIRECTIONS ON EACH WRAPPER. BROWN BROTHERS & CO., Proprietors, Halifax, N. S. July 27th, 1888.

Love or Fame.

Love came one day with downcast eyes And said to a maiden fair...

Then, Fame, with radiant, upraised eyes Stood by the maiden dear...

"Ere Love is the worship of but one man, While fame is the adulation Of all other men, and maidens, too..."

Fame was—and from Love's bier A broken heart was lifted...

Mother's Day.

She was a woman of about sixty, the wife of a Pennsylvania farmer...

Her day was not eventful. She rose at four in the morning, and made up the fire in the stoves...

The farmer, his five children and two farm-hands sat down to breakfast, and she poured out the coffee...

"Young folks like pleasure. They ought to have their fun!" she would say. There was the morning's work to finish after dinner was over...

She would look out at them smiling. "They like their fun," she would say. She looked at them again sometimes as if old as she was...

One evening her youngest girl read her a story, which she thought would suit her mother's intellect...

One of her days was like all the others, except the Sunday, when she had time to go to church...

Look at my face and my hands—not a pimple. Such as you saw there some time ago. See my fresh cheeks, and I'm getting a dimple!

I don't look at all like I used to, I know. My face was all blotches—complexion like tallow!

After they had buried her they knew how much they had loved her. Their grief was sincere and deep...

Known and Loved.

Many of our readers will remember that Dom Pedro, Emperor of Brazil, in 1876 took part in the opening of the Centennial Exhibition in Philadelphia...

The curiosity of the American people to look upon a live Emperor was intense and whenever Dom Pedro attempted to examine the exhibits...

The next day a stout farmer, with a coat not of the newest, his wife on his arm in a rather shabby merino gown, shouldered his way through the gates...

One day they were in the midst of a surging crowd of people of many nations and races, when they met a group of twenty Brazilian civil engineers...

"It is the emperor," one of them explained with tears in his eyes, to a bystander. "He is more than our king, he is the father of his people!"

"In every town he has his orphan boys in colleges and universities that they may bring back knowledge of all arts and sciences to Brazil..."

Worse Than Dynamite.

Hardly a month passes but we read of terrible explosions, and loss of life from natural gas.

One writer has raked up Chinese history, wherein it appears, that away back in the time when the famous Chinese wall was building...

The big wells in some way got the start of the little ones, so that enormous volumes of air was sucked down into those subterranean magazines...

When this little scene was over, the staunch republicans standing near separated, questioning if all monarchs had been like that good father-king, democracy would always have conquered so easily in the world.

Scores of people are dying daily from typhoid fever, diarrhoea, dysentery, cholera morbus, and infant summer complaints; all caused by poisonous gases and ferments...

Look at my face and my hands—not a pimple. Such as you saw there some time ago. See my fresh cheeks, and I'm getting a dimple!

I don't look at all like I used to, I know. My face was all blotches—complexion like tallow!

After they had buried her they knew how much they had loved her. Their grief was sincere and deep...

ITEMS OF INTEREST

Use Seavey's East India Liniment. Over 10,000 bushels of grasshoppers have been caught in Otterland County, Minnesota.

Moncton Protestants talk of securing Rev. Mr. Pitblado, now in California, as their minister.

The total enrolment of the Truro Schools for the quarter just ended is 800 average attendance, 622.

Mr. J. Spence, formerly of Halifax, was instantly killed by lightning at Lowell, Mass. He left a widow, a native of Cape Breton, and three children.

Messrs. Rhodes & Curry have been awarded the contract for the erection of the buildings on the government farm at Nappan, N. S. Their tender was \$20,000.

The Cape Breton railway is making extensive progress, and 800 men and 200 horses are employed on the work, which will likely be completed within the contract time.

The railway department has decided not to purchase any more second-class cars for the Intercolonial, but as new first-class cars are required...

A State convention and picnic of the English, Scotch, Irish, and Welsh, Canadians and all other residents of British ancestry is to be held Aug. 17 at Meadows England, near the town of Milford, on the Grand, Conn.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became a Man, she clung to Castoria. When she had Children, she gave them Castoria.

The number of foreign arrivals at Halifax for the year ending June 30th was 1,066, with a total tonnage of \$9,243. The previous year 1,016 vessels arrived, the total number of tons being 593,681.

"IN UNION IS STRENGTH." Particularly is this so in the union or combination of vegetable oils which blended together compose Simon's Liniment...

It is understood that a Nova Scotia syndicate has intimated the intention of applying to the Federal Government for a lease of Sable Island. The scheme includes horse-breeding on an extensive scale...

CONSUMPTION SURELY CURED. Please inform your readers that I have a positive remedy for the above named disease. By its timely use thousands of hopeless cases have been permanently cured...

In July, 1886, Vancouver had a population of 1,200. In July, 1887, the population was 3,000. In July, 1888, a calculation showed that the city had some 8,500 people within its limits.
