**Like Strawberries
in June!**

Why wait until August to eat strawberries? Until January to enjoy apples? All things have their season—enjoy them at their best.

The new crop of tea has just been gathered in the gardens of India and Ceylon—and it's the most delicious in decades.

This new tea comes to you first in Blue Bird, because Blue Bird being the fastest selling tea by far, was first to dispose of the last season crop.

Every package of Blue Bird Tea going out is packed with fresh gathered tea tips and baby blossoms, from the choicest gardens in the Orient. The freshest tea, the finest tea, the most fragrant tea—

REGULAR MEETING TOWN COUNCIL

The regular monthly meeting of the Town Council was held in the Town office on Thursday, Nov. 16th, at 8 o'clock p. m.

Present: Mayor Fish, Alds. Atkinson, Dalton, Doyle, Locke, Mackay, McGrath, Ritchie and Sargeant. A request from the Secretary of the Lord Beaverbrook I.O.D.E., for a refund of \$15.00 rent paid for Town Hall, Nov. 14th was read, and after consideration it was moved by Ald. Atkinson, seconded by Ald. Locke and carried that the charge for the hall stand and no rebate be given as the Council cannot see its way clear to depart from the rule it has laid down governing the rental of the hall.

Yeas—Ald. Doyle, Atkinson, Locke, Mackay and Dalton.

Nays—Ald. Ritchie, McGrath, and Sargeant.

The following accounts were passed and ordered paid.

Revisors	\$60.00
S.B. Beare Ltd.	10.04

North Shore Leader	34.95
Joseph Napke	1.68
Can. Gen. Electric Co.	99.73

The report of the school auditors was presented and on motion was received and ordered printed in the annual report.

The Chairman of the Public Works Com. presented a bill of \$85.00 from P. J. McEvoy for repairs to foundation wall of his new store and after discussion was referred back to Public Works Com. to make the best settlement of the matter possible.

The desirability of discontinuing the use of water for power purposes was discussed and it was moved by Ald. Dalton, seconded by Ald. Mackay and carried that the Water Rates of the Miramichi Publishing Co., Ltd., for Power purposes be increased to \$250.00 per year from January 1st 1923, and that the Miramichi Publishing Co. Ltd., be notified to that effect at once.

Adjourned.

HON. F. B. McCURDY TO PUT UP RUGBY TROPHY FOR M.P.

Halifax, Nov. 19—Hon. F. B. McCurdy, former Canadian Minister of Public Works, stated here last night that he would present a trophy next year for competition among Maritime Provinces Rugby teams, and which would be emblematic of the Maritime championship. Mr. McCurdy made the announcement at a banquet given by the Halifax Wanderers to the Montreal English Rugby team.

SMELT FISHING ABOVE CHATHAM FERRY PROHIBITED

Mr. T. Bell, Fishery Officer at Chatham, has been notified that smelt fishing is prohibited from the Ferry wharves, Chatham, north and south shores, up river. This cuts out the Douglastown and Newcastle fishing hereafter and will cause a great deal of dissatisfaction up river. No nets can be set above a line drawn across the river from the Chatham Ferry wharf to the Ferry wharf on the other side of the river.

OBITUARY

MRS. WM. CARRUTHERS

Many friends will learn with regret of the death of Mrs. William Carruthers, formerly of Millerton, N. B., which occurred at the home of her grand-daughter, Mrs. Genevieve Keane, Detroit, Mich., U.S.A., on November 6th. Since the death of her husband in Plymouth, Mich., two years ago, Mrs. Carruthers has resided in Detroit. She is survived by one son (Charles of Plymouth, five grand-children, one great-grand-child and the following brothers and sister: Alexander of Kirkwood, N. B.; Fred P. of Millerton and Mrs. McNamee of Westbrook, Conn.

The funeral was held in Plymouth on Nov. 8th, interment being made in the family lot there.

JAMES BEAN

The home of Mr. and Mrs. Simon Bean, Blackville, was saddened on Thursday Nov. 17, by the death of their only son James, a bright little fellow of twelve years. He had been ill for more than three months, and had born his illness with the greatest patience and without a murmur. He was of a very kind and amiable disposition and had endeared himself to all his little playmates and school fellows, and to all with whom he came in contact, and much regret is expressed at the death of one, always so loving and thoughtful, and who gave promise of such a bright future.

Besides his parents, he is survived by three sisters, Mrs. Vincent Donahue, Beatrice and Willa, all at home. The funeral was held on Friday afternoon at 2 o'clock, and was attended by a very large number of friends, and by the pupils and teachers of Blackville School, who wished to pay a last tribute to one whom they held in such loving esteem and high regard.

The services at the house and at St. Andrew's Cemetery, where interment was made, was conducted by the Rev. Mr. Grant, pastor of St. Andrew's Presbyterian Church. During the service a Solo, "Safely, Safely Gathered In" was sung by Mr. Percy Henderson, and the hymns "There's a Home for Little Children" and "Safe in the Arms of Jesus" was sung by the choir.

The pallbearers were: Harold Dunphy, Willard McDonald, Harold Connors, Harold Burns, Clinton McRae and Lester McRae.

The floral offerings were very beautiful and included the following:—

- Wreath—Father, Mother & Sisters
- Wreath—Mr. and Mrs. James Gerrish and Miss Lydia Bean.
- Wreath—Mr. and Mrs. J. H. Underhill and family.
- Wreath—Mrs. Lou Farrel, Fredericton.
- Wreath—Mr. L. Smith, Principal of Blackville School.
- Wreath—Sunday School Class.
- Wreath—Staff of N. B. Tel. Co., Newcastle.

Broken Circle—His phymates, Helen, Alberta and Jeanie Alcorn.
Spray—His Schoolmates, Marion and Borden Johnston.
Bouquet—His Schoolmate, Doris Holt.

Spray—Mr. and Mrs. Kenneth McLeod, St. Stephen.

Spray—Mr. and Mrs. T. W. Doull, St. Stephen.

The many friends of Mr. and Mrs. Bean and family extend to them sincere sympathy in their sad bereavement.

FORMER LOCAL MAN WINS FIRST PRIZE

In the September issue of "Hardware and Metal" is a reproduction of the window display of Falconer's Ltd., of Winnipeg, which won the first prize of \$50.00, in the "Save the Surface" contest, which was held throughout the entire Dominion of Canada. Mr. Chas. C. Falconer, son of Mr. James Falconer of Newcastle, is the President, Founder and Manager of Falconer's Ltd., and is to be highly congratulated in being successful in winning first prize in this contest, which was open to the entire Hardware Trade from the Atlantic to the Pacific.

The window entered by Falconer's Ltd., told the story at a glance. On one side of the display was a house and barn neatly painted with the fence in good repair and painted also, while the lawn and adjoining property was kept in a state of repair.

On the other side was a similar house, barn and fence unpainted while the lawn was all grown up and in a badly kept condition. For the background, a scene depicting the elements in a raging snow storm was illustrated, thus showing in a marked degree the result of the "Save the Surface". Appropriate signs were hung up, and the popular B. H. paint which Falconer's Ltd., carry was neatly displayed in the window.

The window was an exceptionally large one and the ideas incorporated in it showed a vivid contrast, between buildings painted and those unpainted. The results of neglect as compared with adequate paint and varnish protection were most apparent. Mr. Falconer's many Newcastle friends will be pleased to hear of his winning first prize in this important contest.

Following an operation, Geo. G. Jardine of Quarryville died Sunday morning about 10 o'clock, at the Miramichi Hospital.

His wife formerly Miss Alice Urquhart of Blackville survives him, as well as three children Mabel, Ray, Erma. Four brothers Everett, John Frank and Matthew all of Quarryville, one sister Mrs. David Mander, Upper Derby.

The funeral took place Monday afternoon, services at the house commencing at 2 o'clock. Interment in Quarryville cemetery.

LAWRENCE COMFORT

The death occurred at his home, Mitchell Street, Sunday morning at 7 o'clock, of Lawrence's Comfort, after an illness of eight months of heart trouble. Deceased who was seventy-four years old, was born in Bathurst, and is survived by his wife (nee Mary Doucett) four sons and four daughters, namely: Joseph, Wilfred, Harry, Charlie, all of Newcastle, and Mrs. Allan McLean of Edmundston, Mrs. Alice Higgins, Cambridge, Mass.; Mrs. Presley Richard and Mrs. O. Colette, of Newcastle. Also surviving are two brothers, residing in Chipewau Falls, Wis. To the bereaved family sincere sympathy is extended in the loss of a kind husband and father.

The funeral was held Tuesday morning at 9 o'clock to St. Mary's church where Requiem High Mass was sung by Rev. P. W. Dixon. Interment was in St. Mary's cemetery.

The pallbearers were Messrs. Michael Hall, Joseph Manderson, Thos. Doucett, R. M. Faudel, Basil Doucett and Presley Richard.

FIVE BY-ELECTIONS ON DECEMBER 4TH

December 4th will see a sort of miniature general election—the five pending by-elections being held in Ontario, Quebec, Nova Scotia and New Brunswick. Two Quebec seats were vacated by death of D. A. Lafortune, Jacques Cartier, and appointment of Lucien Pacaud, Meganitic to a secretaryship in the high-commissioner's office in London.

Gloucester, New Brunswick, is vacant through translation of the venerable Onesiphore Turgeon to the Red Chamber. Death of Dr. Edward Blackadder opened the Halifax seat. All these were Liberal members elected by outstanding majorities. Chief interest therefore centers in the Lanark contest where the late Hon. J. A. Stewart last December had 2,635 majority in what was virtually a fight between two candidates, the vote for the third being negligible.

Nomination conventions have yet to be held in most of the five constituencies, so it is a bit early to do any prognosticating, but present indications are for a three-cornered fight in Lanark. There is, of course much gossip to the effect that, in view of all the fusion talk current the Progressives may be persuaded to stay out of the contest. The Liberal convention is called for Wednesday of this week and the Conservative gathering for Thursday.

David Findlay, Carleton Place business man, is mentioned as Liberal choice. The liberals are banking strongly on the prestige of office at Ottawa, that a majority of Progressives are former Liberals, hope to prevent entrance of a third candidate. The riding, however, has been consistently Conservative.

T. A. Thompson, a farmer near Almonte, is president of Lanark Conservative Association, and is said to be well up in the running for the nomination. For 20 years he has been secretary of the Dairymen's Association of Eastern Ontario.

"The Conservative party in Lanark is stronger to-day than ever," Mr. Thompson states, in an interview. "The U.F.O. members are almost all Liberals, and I note every day that the Conservative farmers are coming back to the party. The U.F.O. has tried to hold Conservatives by making them officers in the clubs. I stayed with the Conservative party, despite U.F.O. temptations, because I believe the U.F.O. is a temporary party. Already it has begun to fade away. We will cut heavily into their support at this election."

ZAM-BUK MAMA!

Mothers who have used Zam-Buk say it is so fine for the many little accidents of daily occurrence in the home—and especially where there are children—that they would not be without it. Not only so, but children who have had Zam-Buk applied to an injury or sore, when again injured, cry for Zam-Buk to be applied. They know that Zam-Buk stops pain. Nothing ends the pain of a cut, bruise, burn, or skin disease like Zam-Buk, and nothing soothes, draws out the soreness and heals so quickly.

Mrs. I. Wilson of Sarnia, Ont., says: "I could not do without Zam-Buk for my children. It is the best ointment we have ever used for burns, sores and cuts." Mr. L. B. Andersen of 1407 E. 22nd St., Minneapolis, Minn., writes: "When any of the children, my wife or self meet with an accident, we immediately apply Zam-Buk. It has saved us many a doctor's bill." Mrs. C. B. Kitey of Riverport, N.S., writes: "My baby had sores on her face, caused by teething. Zam-Buk completely healed them." Zam-Buk is equally good for eczema, ringworm, measles sores, blood-poison, ulcers, abscesses, piles, boils and pimples. All drug stores, 50c. box, or Zam-Buk Co., Toronto. Send 1c. stamp for free trial.

Why Not Give to Your Child The Treatment Your Mother Gave You

It is just as effective as ever in relieving coughs and colds, and still holds first place as the most popular of cough medicines.

Colds and Bronchitis

Mrs. Chris Dresser, Bayfield, Ont., writes: "We have used Dr. Chase's Linseed and Turpentine in our household for some time, and have always received good results. I have used it for my children as well as for myself for colds and bronchitis, and we find it gives immediate relief. Three bottles of this medicine once relieved me of an obstinate cold when doctor's medicine had failed. I cannot speak too highly of Dr. Chase's Linseed and Turpentine, and would not be without it in the house. If you can make any use of this letter you are at liberty to do so."

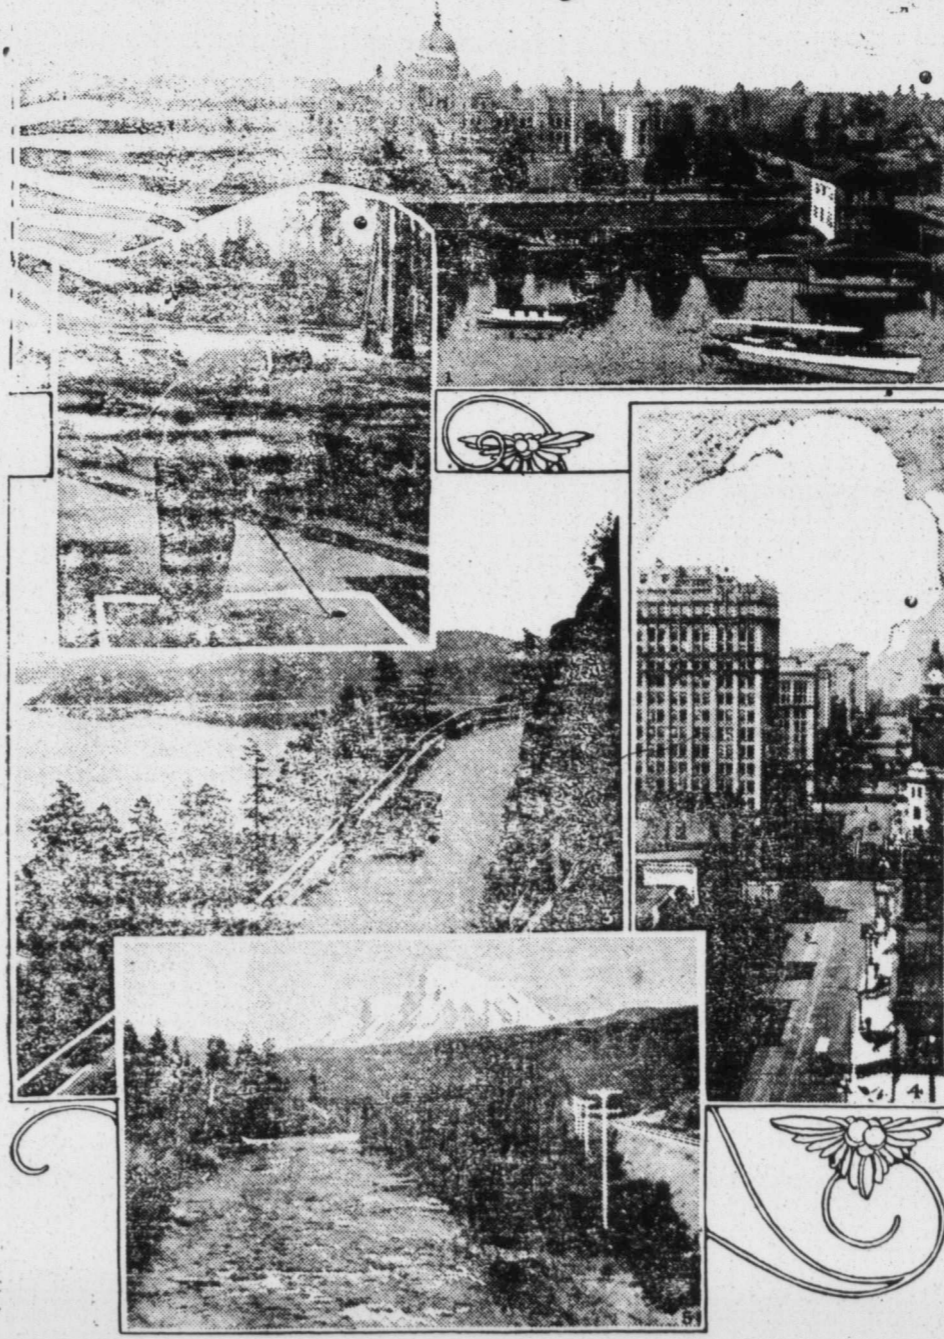

Asthma

Mr. Thomas Bond, Sheldrake, North Shore, Que., writes:—"I suffered for years with asthma, sometimes being unable to lie in bed, but after a treatment of Dr. Chase's Linseed and Turpentine, I am now quite well and thank this medicine for restoring me."

Good Place to go in Winter

1. Parliament Buildings, Victoria, B.C. 3. Famous Malahat Drive, Vancouver Island.
2. Golf may be played every day in the year. 4. Vancouver is a beautiful modern city.
5. Magnificent mountain scenery en route.

Nature has dealt most generously with Canada in respect to her climate. While in the East we have winter weather worthy of the name, with lots of snow, which nowadays proves an attraction to thousands who revel in the bracing winter atmosphere and enjoy our winter sports of tobogganning, skiing, skating, etc., there are many who seek a warmer clime. We have this in Canada also.

Within the last few years, thousands of our Canadians, people have been making their annual winter pilgrimages to the Pacific Coast, many to avoid the rigors of winter, and many simply to indulge in a winter vacation.

Victoria and Vancouver, on our own Pacific Coast, offer ideal retreats. Here flowers bloom in winter, and the grass and trees are always green. South-westerly breezes prevail throughout the year, reaching the land warmed by their passage across the vast breadth of the Pacific, whose waters on this coast have a temperature of 52 degrees.

In Victoria, 49 degrees has been the mean annual temperature for the last thirty years, while Vancouver is a little colder, but extremes in weather are never experienced. Golf and other outdoor sports may be engaged in all winter, while both cities have magnificent natural settings, and hundreds of

miles of the finest roads on the continent invite motoring. You have the grandeur of mountain scenery, glorious seascapes, luxurious evergreen forests and invigorating sea air, with all the advantages to be found in a modern metropolis, for Victoria and Vancouver are two of the finest cities in the Dominion.

The mountains en route through the Canadian Rockies are magnificent in their sombre winter dress—a fairytale of surpassing beauty. The Canadian National Railway passes through the mountains at the lowest altitude and easiest gradients of any transcontinental railway in America.

CASTORIA

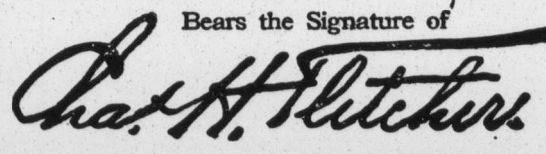

Fletcher's Castoria is strictly a remedy for Infants and Children. Food is especially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. Beware Infectious COUGHS

Do you realise the risk you run riding in a crowded train or street-car without a Peps tablet in your mouth? Every sneeze, every cough, fills the air you breathe with countless disease-germs that immediately make for any weak spot in your throat and chest. Be wise, always carry Peps, and occasionally let one of these germ-killing tablets dissolve in your mouth to ward off the infection. Then you will not be "full of cold" on the morrow, with the possibility of influenza, pleurisy or pneumonia supervening. Just as you breathe in the germs that cause infectious throat and lung ailments, etc., so you must breathe in the soothing germicidal Peps medicine to rout out the germs before they can cause serious trouble. Free from harmful drugs, Peps are the safest and best remedy for sudden colds and chills, grippe, sore throat, laryngitis, night-cough, hoarseness, wheeziness, bronchitis and chest weakness in old and young.

Of all Chemists and Dealers, or the Peps Co., Dupont Street, Toronto. 50c. box, 3 for \$1.25. Imitations are worthless.

Music For Every Day And Every Day Music

It really begins to look as if though Ontario kiddies were at last going to get a chance to learn, in the public schools, how to love and understand music intelligently. So far little has been done outside of Toronto, and even in the city, little more than the beginning of a foundation has been laid. But what has been begun in Toronto will eventually extend to the rural schools. Of this there is not the slightest doubt. Indeed a certain amount of preliminary work has already been done here and there in the province to pave the way for the big undertaking now well under way in the city.

The man whom the music lovers have to thank for the vision and courage that has been the means of raising music in their schools from a mere side-issue to a place of real importance in the public and high school educational system is Duncan McKenzie, M. A., musical director of the Toronto Board of Education.

Up until the advent of Mr. McKenzie a year ago there was little evidence of any constructive thought behind the periods devoted to music in the schools. No one seemed to have any real idea of just why music was taught or how the children would benefit from it. To most the music period was little more than an interlude to break the monotony of the "Three R's." No one took it seriously. No one could, for the studies in music began and ended nowhere. It remained for Mr. McKenzie to make music really mean something, and the results of his one year's work are quite amazing.

Duncan McKenzie is a graduate of Edinburgh University and a trained musician of recognized ability. He is a young Scotsman, embodying in his six feet and odd inches, all the steady common sense and evenly balanced qualities that characterize his race, coupled with the enthusiasm for beauty and joy that go hand in hand with a true love and understanding of the best in music and art.

Already in the twelve months he has been on the staff of the Toronto Board, the evidences of his work are to be seen vividly in all the schools of the city. Literally he has set lessons to music and turned the class rooms from dry-as-dust forcing beds for young minds, into places where the kiddies delight to be.

Of course it is not Mr. McKenzie's hope or expectation to turn all the children into professional musicians. But what he is working for is, that when they leave school, the boy and girl will carry away so thorough a foundation of musical understanding that they will be able to bring joy to themselves and their friends by an active participation in the musical life of their community as amateurs. But more than this, he would have every man and woman of the future, who received his or her education in the schools of the city, equipped with the musical knowledge that acts as a key to realms locked and barred to many persons to-day who got no musical education while at school and were unable, for one reason or another to acquire such knowledge from other sources. In short, he would give the common school pupil the cultural advantages, so far as music is concerned, that have been

regarded as the special privilege of a wealthier class.

But in doing this Mr. McKenzie is in no way scamping the practical side of education. Indeed he is so linking up music with other studies that they interlock with perfect adjustment. You see, this young Scotsman has realized that music is so closely related to the every day things of life that to separate it from them is to lessen their value. Therefore, through the old English, Irish, Scottish and Welsh folk songs he throws a light upon the history of the nation, that gives it a freshness and color unknown to those of us who were school children a decade or so ago. This is just one example of his method, which is followed out through other lines of study.

The way in which good music—classical music, if you will, is accepted and understood by even the younger children is quite astonishing, according to Mr. McKenzie. Only a very small percentage of the children about two per cent, he says, to be exact, have no natural love for music, while once the others are introduced to the higher forms of composition they will have nothing else.

Mr. McKenzie's method is to lead the children from the primary forms, through the simple forms of song music, explaining the way in which simple airs are devised and built up, along through the realms of folk music up to the higher developments in oratorio and part singing and even orchestral music.

One of the first things Mr. McKenzie did was to introduce the music memory tests and competitions. Through the medium of phonographs—of which each Toronto school now has one, purchased by the pupils themselves, he introduced the youngsters to a number of classical compositions. These were explained in form, meaning and the children were shown wherein they were greater than the popular jingles of the street. Competitions were then held, pupil against pupil, to see who could remember the greatest number of pieces when they heard them, and tell what they had learned. The winners formed class teams who again competed for school honors at a great competition, with a real orchestra to play, in Massey Hall.

The results Mr. McKenzie says, were astonishing, and mean that a large number of Toronto school children have packed away in their minds a store of knowledge which will grow and bear fruit when they find on leaving school that the fine concerts of great music are not "over their heads, but forms of en-

tertainments that they can understand and appreciate.

What would not some of us give for the musical education these young folk of to-day are receiving? How we will envy our children when they grow up and are able to sit and listen to the symphony or concerto, that to all too many of us is just a meaningless mass of sounds, with critical pleasure and understanding!

It behooves every rural school board to meet, at least half way, any efforts that are, and will be put forth to give music a firmer footing in the schools of the Province.

The Income Tax

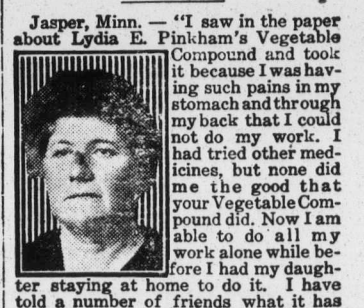

More than eighty-six per cent of the federal income tax due from this district for the current year has been paid, so it is announced by Norman P. McLeod federal income tax inspector. Based on the returns of last year the assessment on the New Brunswick district was placed at a million dollars and in the six months between April 30 and October 30 the total receipts have aggregated \$876,000. Even this return is considered gratifying but it is expected that the amount will be increased by further returns in the matter of assessments which are still outstanding or about which some investigation or adjustment is being made at present. October 30 closed the period during which the last instalment on this year's tax was due.

HEAVY STORM

A heavy snowstorm prevailed last Thursday in sections of Gloucester County. About three inches of snow fell in Caraquet, and there is sleighing in the district. The fall in the Miramichi district was light.

DAUGHTER HAD TO HELP MOTHER

Now Can Do All Her Household Alone Because Lydia E. Pinkham's Vegetable Compound Helped Her

Jasper, Minn. — "I saw in the paper about Lydia E. Pinkham's Vegetable Compound and took it because I was having such pains in my stomach and through my back that I could not do my work. I had tried other medicines, but none did me the good that your Vegetable Compound did. Now I am able to do all my work alone while before I had my daughter staying at home to do it. I have told a number of friends what it has done for me and give you permission to use my letter as a testimonial." — Mrs. JESSE PETERSEN, Route 1, Jasper, Minn.

There is no better reason for your trying Lydia E. Pinkham's Vegetable Compound than this—it has helped other women. So if you suffer from displacements, irregularities, backache, nervousness or are passing through the Change of Life remember this splendid medicine. What it did for Mrs. Petersen it may do for you.

The Vegetable Compound stands upon a foundation of nearly fifty years of service.

PERSECUTION

At the regular monthly meeting of the Town Council held last Thursday evening, the water rates of "The Union Advocate" for power purposes was again increased from \$150.00 to \$250.00 per year. We are in receipt of official notification from the Town Clerk. On Jan. 1 1921 our power rates were advanced from \$60.00 to \$150.00 per year, an advance of \$90.00 and now we have been given another boost of \$100.00. The question arises—Why such persecution? The printing offices have been wrongly blamed for the waste of water in our local system. Such is not the case as we conserve water as much as we possibly can. It would be idle to say that we do not use some water, and well we might, considering the price we have to pay for it. In winter, like many others it is necessary for us to allow the water to run to prevent freezing, but we do not let it run indiscriminately, as is the case in many instances all over town. Why our rates should be continually increased and others left as they are is pure and simple persecution. How many people are there who use water and are in arrears, but are still allowed the use of the water? We pay our rates and are not in this class, but it apparently looks as if we, along with others have to make good for the delinquents in water rates, as well as in taxes. The sure—pay fellows are the ones who get the axe every time and the non—pay fellows are allowed to go scot-free. This is characteristic of the methods pursued in Newcastle.

Is it not fine encouragement for business enterprises to select Newcastle as a site? It is little wonder that we are on the down grade and going fast. It might be well for some of our Aldermen to look into the water conditions around their own, their employer's, or other premises they might be interested in, and see if a boost in price is not due there. We are not using any more water now

than we did when we were rated at \$60.00 per year, but still we have been increased over 315%. If our water has advanced in price 315% why hasn't everyone's water advanced in a like manner? Oh no—that would never do, as some one else's corns would then be tramped on. Everyone for himself—Selfishness is a mighty stingy feeling to have, and if the newspapers of this town were to practise that doctrine, a howl would go up from the entire community. There is no business, organization or society in any community, that does anything like the newspapers, to boost the town, keep it in the public eye and which contributes in a large measure its only saleable commodity—its columns free for the benefit of the town. Nevertheless everyone thinks it is the duty of the newspaper to give away free space to help along the town, while at the same time the Town reciprocates by increasing the water rates to the persecution point. It is an easy, extra and sure one hundred that can be used to throw more refuse on the roads and thereby make them worse. There are more important matters which might occupy their attention, but then—what's the use,—it is only a waste of time and space.

MORE RIDICULE

Even J. W. Bengough, the famous cartoonist, when in the Opera House last Friday evening, took occasion to ridicule the present high price of 16 cents for electricity, which consumers are taxed for lighting purposes. And yet our Town Council does nothing to reduce the price. Including distribution charges, it costs the town some where in the vicinity of 6 cents per K.W.H. and they charge 16 cents for it. And the long-suffering public sit back, pay the price and say nothing. Besides there is a large amount of current being paid for by the town which is wasted because there is no use for it. Has it never occurred to our civic fathers that if they reduced the exorbitant price, that possibly more current would be used and a revenue derived from what is now going to waste? Even if they got a cent per K.W.H. for what is wasted they would be in money. Still they charge such ridiculous rates as 16-12 3 and 6 cents for power purposes. At these prices they will be a long time getting customers to use it. Had they got good and busy early in the season both Nelson and Millbank might now be linked up and a revenue derived

from the current which is wasted. If the Council was half as keen and eager to sell electricity as they are to raise water rates on some people, who are already paying a big price for their water, they would be doing our town a service. This would be too much trouble, and it sometimes takes a long time for some people to see through a good business proposition.

PERSONAL ENMITY

The above caption is one of the meanest and lowest characteristics that a person can have. Notwithstanding, it is possessed by a great many of the present day generation and is continuing to make many inroads daily. Differences of opinion are natural and it is well that it is so. Fortunately every one does not think alike or it would be a peculiar world. However there is a vast difference between personal enmity and differences of opinion. The latter can be argued out and finally settled, but in the settlement it does not follow that the one losing the better of the argument should become peeved and sore, and for all time to come, go around with a chip on the shoulder, waiting for an opportunity of getting square, whether by fair or foul means. It does no good to the person or the community, and people living in the twentieth century should be above such childishness. The phrase "Weaker and Wiser" is indeed questionable. There is no question about the weak part of it, but there is a big question concerning the Wisdom, especially that displayed by some people.

POPULAR IDEA

The popular idea now-a-days is to get some one else to do all the work, spend their own money for the good of others, and in appreciation of this be refused to have the amount thus spent returned. Isn't it worth while to have a community spirit! and be treated in such a manner? Little wonder people refrain from taking an active part in public matters.

CONSCIENCE

It is impossible to please everybody. A newspaper man who tried to please everybody has recently been sent to an insane asylum. This is generally the outcome of such an attempt. Some politicians are still trying it as usual, and the result is obvious. If you feel justified in your own conscience—conscience,—that is the main thing, (so many people now seem to have no such thing) then never mind what the other fellow thinks, says or does.

A REAL DANGER

Gossip grows and fattens on itself and often leads to ghastly mistakes. Surmises are not facts; theories are not truth, possibilities, even, often fly wide to the mark. The comments that come from street corners, five o'clock teas, card parties, and other such sources are very often the outpourings of some blatherskite, expressed with malicious intent and a desire to do somebody harm. Beware of it! Leave it alone and you will be doing your community a service.

HOW DO YOU LIKE IT?

The Liberals were going to reduce everything when they were returned to power. About the only thing on the Miramichi that has been reduced is the smelt fishing from Chatham up. Everything else has been increased. We wonder how the Douglstown, Bushville and Newcastle fishermen like the latest reduction. Oh well! Everything comes to those who wait. Time alone will tell.

SANE OR OTHERWISE

Subject always, to the question of sanity, punishment of the savage who persists in circulating false reports, with the sole object of injuring respected citizens, (public officials or otherwise) should be severe and exemplary. This habit seems to be getting hold of many people nowadays, and the sooner it is dispensed with, the better it will be for all concerned.

Why Rheumatism Often Comes Back

The Usual Treatment Does Not Reach The Root Of The Trouble

Most treatments for rheumatism do no more than aim to keep down the poison in the blood and enable nature to overcome that particular attack. Then when the system becomes run-down from any cause the disease again gets the upper hand and it all has to be done over.

Sufferers from rheumatism who have found their condition unrelieved or actually growing worse while using other remedies, would do well to try Dr. Williams' Pink Pills. The tonic treatment with this medicine has proved in thousands of cases that it builds up the blood to a point that enables it to cut out the rheumatic poisons through the regular channels of excretion, the bowels, kidneys and the skin. When this is done rheumatism is banished, and as long as the blood is kept pure and rich the patient will be immune from attack. This is proved by the case of Mrs. J. Hewitt, Beach P.O., Hamilton, Ont. who says: "For a number of years I was troubled with muscular rheumatism, which caused me a great deal of suffering. I would get rid of the trouble for a time, but it always came back. A friend recommended Dr. Williams' Pink Pills and I have not had an attack of rheumatism since I took them, and that is five years ago. I have since used the pills for anemia and found them equally good, and I now recommend them to any friends who may be ailing."

The Editor of Union Advocate, Newcastle, N. B.

Dear Sir:— Would you kindly allow me space in your valued paper for the following observations, concerning our town's present serious condition?

I have often wondered if it ever occurred to the citizens generally the rut, in which our civic affairs has reached. It is a matter of deep regret and of late has been causing me considerable anxiety. It appears today as if nobody wants to take any part in public matters whatever.

Such was not the case years ago and our town is on the toboggan because of such a state of affairs. To-day, jealousy, spite, deceit and intrigue seem to prevail. In every department of civic affairs there apparently is everything else but harmony and co-operation. Our town to be prosperous and healthy must break away from such a condition and the time has arrived for such an action.

Things are drifting, drifting along at their own free-will and nothing is being done by the citizens to prevent us from reaching our doom, which will inevitably come in the near future if a stop to this sort of procedure is not made. Apathy in everything public is predominate and the outlook is anything but bright. It is a sad state of affairs and rectification should be made before it is too late. It is a matter of public knowledge, that it is now almost impossible each year to secure enough citizens to offer for the Town Council. Men, who would make excellent councillors, refuse to take any part in civic administration, but prefer rather to pay their taxes, bite their tongues and drink the blood. Many of these citizens when asked why they do not take an interest, reply that they would not leave themselves open to criticism by the general public, whom they say are largely actuated by jealousy, spite, deceit and intrigue. They do not object to fair criticism but they do object to criticism, which is prompted by motives which have been mentioned. There is much truth in these remarks and sometimes it is rather difficult to disagree with them. Other citizens when asked why they do not attend Board of Trade meetings reply that they wish to have nothing to do with any public body that is continually wrangling over petty matters, which do not interest them in the least.

Now, to my mind, it is about time that our citizens caught on to themselves and gave up such childish and trivial bickerings and get down to real facts and business. What our town wants is harmony and co-operation in all matters, if we ever expect to make anything of it, and surely the hand-writing on the wall is plain, if such is not accomplished soon. This matter is one, deserving of the consideration of every citizen and I trust that my remarks will awaken our people to the seriousness of the present situation. Thanking you for the use of your valued columns, I am,

Respectfully, A Revolutionist

A MINISTERIAL PROPHECY

Sir Lomer Gouin, minister of justice, in the present Canadian Government, is an enthusiast, not altogether governed by wise zeal, or free from an overheated imagination.

We have only had the first session of the new Parliament, yet he boasts of what it has accomplished already and claims for it the confidence of the people. In fact, with him, the record is such a glorious one; that he predicts, referring specially to Liberals; "we will be in power for at least fifteen years."

It would be interesting to know just what great thing the Government, under the leadership of Premier King, has accomplished, to merit the unstinted praise of even Sir Lomer Gouin. He must know, to say the least of it, that men, just as great as he, just as well able to judge, just as astute politicians, men of parliamentary practice and action, even superior to his career, entirely differ with him, and are not so lost in the mire of political partnership, as to call black; white.

It is perhaps, we suppose only natural for Sir Lomer to feel so very good about the government in which he holds ministerial place. Some even go so far as to call him "Boss" of the crowd, and possible they wish he was Premier in reality. He has shown such an attitude for political partnership, even in appointments to the bench, that hungry followers in the party, can see in him, "a worthy brother who would give them full benefit of the doctrine" to the victors belong the spoils.

The tactics adopted by the party of the present government, when seeking power, driving the pre-election canvass, both on and off the stage, cannot and will not be forgotten. If confidence of the people they obtained, it was obtained by open political humbug and false promises. They even smashed their own political platform, built up by a convention of their party and gave us instead "a scrap of paper" in the shape of a "chart," which they may follow, or may not follow, just as the political game suits. We were to be relieved of burdens, which they have increased, and if succeeding sessions show no better results for the benefit of Canada, Sir Lomer's fifteen years, will be black enough to place a blot upon a century.

He also touches upon the Railway question, and goes so far as to say "if any man can make the state railways succeed, I believe that man is Sir Henry Thornton." The question very naturally comes to the front, in view of Sir Lomer's views often expressed about State or public ownership of our Railways, does he wish State Ownership to be a success? It is well known that the Quebec wing of the Liberal party, would rather see our railways turned into private corporations. It is not perhaps as widely remembered that a great deal of the financial burdens imposed by the Railways are solely and wholly the offspring of Liberal tactics and blundering. Their Thirteen Million Dollar new and unneeded—at the time—Transcontinental line, took us down for one hundred million, or so more, until finally railway affairs became so mixed up, and financially unsettled, that Canada had to take them over, or let them go to rot. Notwithstanding the increased heavy strain placed upon the people, the Government of the time took the only wise

WHAT CAUSES HEADACHES?

"Fruit-a-tives" Prevents Auto-intoxication

Auto-intoxication means self-poisoning. Many people suffer from *partial Constipation or insufficient action of the bowels*. Waste matter which should pass out of the body every day, remains and poisons the blood. As a result, there is Headaches, Indigestion, disturbed Stomach, Pain in the Back, Rheumatism and Eczema and other skin diseases. "Fruit-a-tives" will always relieve Auto-intoxication as these tablets, made from fruit juices, act gently on the bowels, kidneys and skin and keep the blood pure and rich. 50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

DEMAND OF THE TURKS WILL NOT BE TOLERATED

Great Britain refuses to purchase peace with the Turks at the cost of "humiliation and disgrace", Marquis Curzon, British Secretary for Foreign Affairs, declared, in the course of an address at the Cannon Street

Hotel. The attitude of the Kemalists, reflected in their recent demand that the British troops leave Constantinople, will not be tolerated, he added, and he gave flat warning to the Nationalists that they will come to sure disaster if they venture to oppose their military power "to the strength of Great Britain and the might of Europe."
 The gravity of the situation in the Near East was emphasized by Lord Curzon when he termed it "the most definite menace to the peace of the world."
 Replying to what he described as gibes made at himself by former Prime Minister Lloyd George and Winston Spencer Churchill, he declared that Mr. Lloyd George did much to win the war and that his record would be inscribed in lasting letters on the pages of history, but that some of his actions as Prime Minister had not been helpful to Curzon's department.
 The Foreign Secretary referred to the issuance of the British manifesto on September 16 in which it was declared the Empire was prepared to fight to maintain the freedom of the

Dardanelles. "This, he added," was not only issued without his knowledge, but was unfortunate in its character and tone."

When there was a Premier with the peculiar gifts of Lloyd George such a man must exercise unusual influence on foreign affairs. General opinion, however, he thought, was with the new premier. Mr. Bonar Law, in his declaration that the work of the Foreign Office, which is largely experts, must be done by the department itself, subject to the control of the cabinet and the personal supervision of the Premier.

"All that the Foreign Office asks," declared Lord Curzon, "is that it should not be interfered with by irresponsible amateurism, however brilliant it may be."

"The foreign policy now," he added, "is the foreign policy of the British Empire. I lay down the cardinal principle that peace can only be recovered by the common action of the principal allies, who achieve victory in the war."

In another part of his address, dealing with allied solidarity, he said: "You will only settle the reparations and Near East questions if France Great Britain and Italy act loyally toward each other and with each other. What we have to do is get back to the condition of mutual esteem and regard, which existed before the war, between France and ourselves. The resumption of that is much more important than any written document or signed pact."

TURN TO THE RIGHT

In accordance with an order-in-council passed by the Provincial Legislature on July 15th, a proclamation has been issued, making "Turn To The Right" the rule of the road in New Brunswick, on and after December 1st, 1922. This action has been taken in order to put the province of New Brunswick in line with practically the whole of North America. The Province of Nova Scotia will fall in line, too, as soon as legislation has been completed.

In view of the fact that the Why and Wherefore of the change has already been given full publicity in the press, it is almost unnecessary to go into details at this time. Thousands of tourists from the sister country to the south visit this province every year, and our own people travel by motor car in the United States as well as in other parts of Canada. It is to prevent confusion that we are falling in line with the majority by making the rule of the road—"Turn to the Right, instead of to the left."

The most important thing now is to get this new rule impressed upon the minds of the drivers of automobiles and horse drawn vehicles, and also of pedestrians. At first there is apt to be a little confusion, but if everybody exercises care and a little forethought, everything will come out all right.

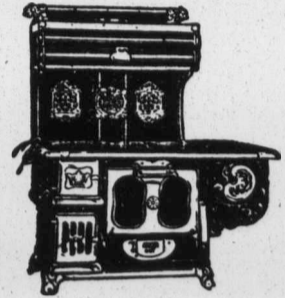

Turn to the Right on and after December 1st next. Be careful, go slow, and there will be no difficulty.

MRS. L. J. LOVELACE SAYS IT CHANGED HER WHOLE LIFE

People who have suffered until
they have become discouraged and
out of heart should profit by the ex-
perience of Mrs. Lydia J. Lovelace,
Market street, Liverpool, Nova
Scotia.

"I had rheumatism all my life,"
she said, "and have spent hundreds
of dollars with very little results un-
til I began taking Tanlac. When
I began taking the medicine every
joint in my body ached and my fin-
gers were so swollen and painful I
could not even wring out a dish
cloth. My arms were swollen all up
in great knots and my feet were so
swollen I could not get my shoes on.
Even my shoulders and the back of
my head pained me and I could
not get any rest in bed. I simply
had to give up trying to do my house
work."

"My whole system was run down
and I felt discouraged and depressed,
because I saw little chance of
ever being any better. I felt such
good results from my first bottle of
Tanlac that I kept buying bottle af-
ter bottle until I have now taken
twelve. My rheumatism is gone and
my whole life is changed. I eat
good, get plenty of good sound sleep
and enjoy living. I have told lots
of people what Tanlac has done for
me and will always praise it."
Tanlac is sold by all good druggists

A Very Mild Winter Has Been Predicted

Residents of the Northern
woods, long famed for their prophe-
cies with regard to coming weat-
er, are unanimous this fall that all
signs point to an unusually mild
winter. Bushmen and farmers
arriving in North Bay from the
north said that the Indian weather
prophets of that section are taking
their cues from the appearances
of the heavens and say that there
will be less cold weather this win-
ter than has been experienced in
years.

Residents who have observed
the Indian predictions in the past
believe strongly in their accuracy.

In support of this forecast vis-
iting trappers state definitely that
the beavers are dilly-dallying un-
precedentedly with the construc-
tion of their winter homes. Observ-
ers also told the Canadian Press
that the chipmunk and squirrels
are collecting extremely small
stores of food for the coming
months.

BONAR LAW A NEW BRUNSWICKER

A British publication has the
following:

"Bonar Law, new British Prime
Minister, is a Canadian. Every-
body says so. Therefore it must
be true—only it isn't. He is one
of that peculiar and nearly extinct
race—a New Brunswicker. Being
a New Brunswicker has its res-
ponsibilities, and Mr. Law is
worthily living up to them. He
has succeeded in placing the Con-
servatives on top, something New
Brunswickers have been attempt-
ing in this country for many years
but without success.

"He is a New Brunswicker. He
was born there before that provin-
ce entered Confederation, and
incidentally, his father thought-
lessly took him back to the Old
Country just a short time prior to
that first Dominion Day in 1867.
If this be true he cannot be a
Canadian, because he was not
born in, nor was he ever in the
pre-confederation Canada. He
must be a New Brunswicker. There
is nothing else for it.

VISITORS to the Quaker Mills no longer marvel at the
exclusive flavour, texture and goodness of all things
baked with Quaker Flour. They see for themselves the
infinite care with which Canada's finest wheat is treated
from the berry to the sack.

They see how thoroughly the grain is selected and
cleaned—how gradually and finely it is milled—to pro-

"SLICK LAWYERS"

President Taft warns law students against becoming known as "slick lawyers." There are too many slick lawyers in the world. Tricks and technicalities are what bring the law and courts into disrepute. There is another kind of lawyer—the one who thinks he is slick and at the same time is anything but slick, because one must be clever in a certain manner to be slick. This species would do the profession a great service if he would seek a new occupation.

"BACK PAY" SOON DUE HERE.

Is the wages of sin death? If sin has any wages, is there any back pay due you? These are vital questions which are answered in the big Paramount picture, "Back Pay," written by Fannie Hurst and created by Cosmopolitan Productions which will be shown at the Empress Theatre on Wednesday. Seena Owen and Matt Moore have the leading roles in one of the most dramatic stories ever filmed. Other prominent players in the cast include J. Barney Sherry, Ethel Duray and Charles Craig.

Mr. MacNairn has been in his present charge for over fifteen years, and was Chaplain of one of the overseas units in the Great War. He is held in high esteem by his congregation and is a native of Kent County, N. B. He is an expert marksman and has won many prizes in this art. In August 1921, he supplied St. James' Presbyterian pulpit for a Sunday, during the absence on vacation of Rev. L. H. MacLean.

Something New For Quinsy

Ontario Man Tells About That New Vaporizing Salve

Mr. Joseph Haley of 199 West Milk St., Brantford, Ont., says: "My wife has suffered with quinsy for years, but Vicks Vaporub must have prevented it for she got thru the winter without a single attack. We sent part of a jar to a neighbor, whose boy was very sick with a cold or grip. He also got relief. Vicks surely should be in every home."
They used to treat colds externally with tallow, goose grease and camphor. Recently, internal dosing has been the habit and people naturally doubt the value of a salve.
For this reason, Canada druggists introduced Vicks Vaporub, the vaporizing salve for all cold troubles, last winter by giving away dozens of jars to responsible families and every jar sold was on 30-day trial.
The above report is just one of a great many received from enthusiastic Canadian families. With such endorsement and a positive money back guarantee, every household ought to give Vicks a thorough trial as the home remedy for croup, colds, sore throat, bronchitis, catarrh, neuralgia, cuts, burns, bruises and sores.
At all drug stores 50¢ a jar. For a free test size package, write Vicks Chemical Co., 244 St. Paul St., W. Montreal, P. Q.

Edward Sinclair Mullin

In loving memory of Edward Sinclair Mullin who died at his home of influenza, Nov. 19th 1918.

He is gone but not forgotten,
Never will his memory fade,
Sweetest thoughts shall ever linger,
Around the grave where he is laid
Peaceful be thy rest, dear Edward,
It is sweet to breathe thy name.

In life we loved you dearly,
In death we do the same,
Your troubled nights are over,
Your sufferings are all past,
Safe in the arms of Jesus,
You have found sweet rest at last

HE WAS HERE

J. W. Bengough, the famous cartoonist and humorist was at the Opera House on Friday evening under the auspices of the Miramichi Hospital Aid. In the afternoon he visited the public school and gave the pupils some short sketches. The Opera House was well filled and the entertainment much enjoyed. He put on one of his far famed programs of caricature sketches and original humor. Everything one could wish, including song, story, fun, satire, humor or dialect, pathos and burlesque was brilliantly depicted, much to the amusement and satisfaction of the large audience. If you were not present, you missed a real treat.

THE UNION ADVOCATE

Indispensable For Home-Makers

It is not simply because it gives all the news and farming information that The Family Herald and Weekly Star of Montreal is so highly valued throughout the Dominion. The housewives and home-makers are more carefully and thoughtfully considered in it than in any other similar publication, young people and children have pages specially provided for them, and there is provision made for all tastes and circumstances. Music, photography, natural history, biography, literature, travel, mineralogy, wireless (radio) telegraphy, astronomy, philately, pedagogy, all find place in it. Many a young person has had the first impulse towards a life's success come from some or other of these departments, which chanced to strike light in his mind and changed a whole course of life. You can never tell of what chance in life those are depriving their young people who have not yet become subscribers to The Family Herald and Weekly Star of Montreal. The subscription price is only \$2.00 per year. It is the great investment of the times.

Guard The Children From Autumn Colds

The Fall is the most severe season of the year for colds—one day warm, the next cold and wet, and unless the mother is on her guard, the little ones are seized with colds that may hang on all winter. Baby's Own Tablets are mothers' best friend in preventing or banishing colds. They act as a gentle laxative, keeping the bowels and stomach free and sweet. An occasional dose of the Tablets will prevent colds, or if it does come on suddenly their prompt use will relieve the baby. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Prof. F. J. Liscombe gave a dinner last Thursday evening to his choir of St. James' Presbyterian Church. Covers were laid for twenty-five. Mr. and Mrs. E. Ryder the newly married couple were the guests of honor. After the dinner, Prof. Liscombe presented Mr. and Mrs. Ryder with a Cut Glass Water Set, a gift of the choir and some members of the congregation. Mr. and Mrs. Ryder wish to express their gratitude and appreciation of the gift.

J.G. Robichaud Liberal Candidate In Gloucester

Hon. P. J. Veniot, Minister of Public Works, in the provincial government declined to allow his name to be used in the nomination of a Liberal Candidate for the Dominion Commons to succeed O. Turgeon, appointed to the senate. John G. Robichaud, M.L.A., of Shippegan, was nominated on the third ballot.

It is expected by the Liberals that he will be elected by acclamation. but in a vigorous address he expressed his gratitude and said it was necessary for him to remain with the provincial government to assist in carrying out important policies of development of the resources of the province.
