### Bridgetown Defeated Wolfville at Bridgetown Last Thursday Afternoon

Bridgetown defeated Wolfville on Thursday, for the second time this season, in a well contested game at the home team put up the useful score of 87, the chief contributors being C. Ollerhead 26, W. Donat 23, and C. S. Bothamley 17. Wolfville replied with 58, Saunders scoring 11 and Mason 10. Unfortunately time did not permit of two innings each as on their second attempt, Bridgetown was dismissed for 44 and Wolfville had obtained 58 for the loss of 8 wickets. At the close of play, therefore, Wolfville needed 14 runs to win and had two wickets in hand. The game was therefore decided on the first innings.

### WEDDING ANNIVERSARY

The many friends of Mr. and Mrs. Aubrey Baltzer met at their home at Grandville Centre and gave him a very pleasant surprise on Tuesday evening, July 19th, it being the fifteenth anniversary of their marriage. The opening remarks were given by Miss Annie Roney, which were responded to in a very pleasant manner, by Mr. and Mrs. Baltzer, in which they thanked their friends most heartily for their kindness, not only for the pleasant surprise they had tendered them, but also for the many useful gifts received and the kindness shown them during the recent loss of their house by fire. At the close of an evening spent pleasantly in games and social amusements, refreshments were served, which were thoroughly enjoyed by all. At a late hour the friends dispersed to their homes, leaving Mr. and Mrs. Baltzer many hearty good wishes for their future married life.

### FIRE AT DALHOUSIE

Mr. Myers Gibson's house at Dalhousie, one of the best residences in that village, was totally destroyed by fire Tuesday afternoon, only a small portion of the contents being saved. Besides the furniture, Mr. Myers lost quite a large amount of cash and clothing. It is thought that the fire was caused by a spark on the roof from the flue. The loss is estimated at \$5,000. Insurance \$1,000.

### "THE ROAD OF AMBITION"

A not unusual drama of the self-made man, who wins out and triumphs over all obstacles, is this screen production of Elaine Sterne's story made by Selznick, with Conway Tearle as star. The story opens in the steel plant of the Bethel Steel Works and introduces Tearle as a young, two-tined ambitious son of toil. As the drama unfolds, plenty of opportunity is afforded Tearle to

enact the phases of mental and social development and excellent actor that he is, he makes Bill Mathews a forceful, dominating character. On the whole the drama is a conventional one, with situations and characters of the same order. The members of the cast have evidently been carefully chosen and meet the demands made on them. Scenically the production leaves nothing to be desired. The scenes in the steel works hold the attention from the sense of power conveyed while the latter ones of wealth are rich and artistic. A picture that will please those with whom Tearle is a favorite. At Primrose Theatre Monday and Tuesday, August 15th and 16th.

## PICNIC AT MARGARETVILLE

### The Valley Life Underwriters' Association Had an Enjoyable Outing.

(Middleton Outlook)

The Valley Life Underwriters' Association held their quarterly meeting and picnic Tuesday at Margaretville, one of the most beautiful spots on the bay shore. The Underwriters accompanied by their wives and lady friends, motored from Wolfville, Kentville, Melvern Square, Cannans, Middleton, Bridgetown, and other parts of the Valley, and congregated at the picturesque grounds of the Ocean Spray house. This is one of the most picturesque spots, the background being a fine grove of trees and in front the ocean, beating in great waves of spray on the shore. On one side is a lovely natural ravine across which on a high elevation gleams the tents of the "Taxis Boys" camp of Middleton.

A sumptuous dinner, the efforts in the culinary art, was partaken of in the dining room, after which and heartily enjoyed, after which a sports were in order, including a closely contested baseball game, the score of which is rather undecided. After the game, a visit was made to the ice cream parlors, which are famed for their very delicious banana royals and other delicacies. A sing was held there, after which the party adjourned to the grove, where supper was partaken of, followed by speeches. Mr. H. E. Woodman, of Wolfville, President of the Life Underwriters, made a few introductory remarks, stating his pleasure at being present on this auspicious occasion, and in meeting the representatives of the different companies. He then called upon one Underwriter, who, although not an Underwriter, was an honored guest, Rev. D. G. Ross, who gave one of his characteristic pleasing speeches, evincing his keen pleasure at being one of the happy gathering, and trusted that the invitation would be repeated on some future occasion. He was followed by Mr. O. P. Goucher, of Middleton, who stated that the enjoyment of this picnic was greatly enhanced by the presence of the Underwriters' wives, this being the first assembly of this kind which their presence had graced. He also expressed his pleasure at the evidences of good-fellowship and unity existing in the Underwriters Association. The singing of the National Anthem brought to a close one of the most delightful outings of the season, the drive home through Victoria Vale, Spa Springs, Kingston, Melvern Square, and other parts of our picturesque Valley, being the fitting ending of "A Perfect Day."

## WAR HEROES' MONUMENT

### Memory of Fallen Heroes of North Queens Is Honored by Grateful Citizens

The monument to the fallen soldiers of North Queens, was unveiled at Caledonia in the presence of 1,200 people. Perfect weather prevailed and respectful attention was evident throughout the exercises. The following program was carried out:—"The Maple Leaf Forever," choir; introductory remarks, Chairman, Rev. C. Roseborough; unveiling dedicatory address, Rev. C. McKinnon; hymn, "O God Our Help in Ages Past"; choir, "Unfurling of Flag," Rev. John Phelan; "O Canada," choir; address, Rev. J. J. DeVine; placing of flowers and wreaths on monument; address, Rev. E. A. Robertson; "The Last Post," selection by band. The monument consists of four marble bases on which stand a square block. On the front face of this block is engraved the following inscription:—"Erected to the memory of the men of North Queens, who gave their lives in the war 1914 to 1918." On the remaining three sides are engraved the names of the men who made the sacrifice. On each corner is carved a spray of laurel leaves. Surrounding this is a clinch cut to represent the battlements, which gives the monument a military appearance. Standing upon this is a shaft, on the front of which is carved in full relief a group of crossed flags, a wreath of laurel and in the centre a service button. Over this is a crown on top of the shaft. The monument is constructed of marble.

The following are the names of the fallen:

- Private Laurie Annis.
  - Sergt. Stanley W. Annis.
  - Private Albert Laurie Harlow.
  - Private James Alexander Spears.
  - Lieut. Cpl. Harris Alden Waterman.
  - Private Harold Ulmout Zwicker.
  - Private Leslie Millard Hebb.
  - Gunner Hugh McBride.
  - Private Kenneth Brown.
  - Private Howard Cleary.
  - Private Joseph Freeman.
  - Private Enoch Gerald Hunt.
  - Gunner Edwin Gerald Hunt.
  - Private Robert Hawkes.
  - Corporal John Patterson.
  - Private Edgar Shay.
  - Private Theodore Sawlor.
- Dr. McKinnon, in his address, expressed the pleasure the occasion afforded him. He congratulated Caledonia on the public spirit which was evident in the erection of this monument to the fallen heroes of the community. He was reminded, it was not the first time that Caledonia had led in worthy enterprise. In the raising of the Highland Brigade it has been among the first to respond to the country's needs and the platoon it had sent encouraged others. He congratulated Captain Philip on his staff on the successful carrying out of the enterprise. He believed that among the reasons which animated the people to commemorate the fallen was a desire to perpetuate the spirit of noble devotion to the call of duty which had been shown by their dead heroes.

## GATES UNVEILED AT ROUND HILL

### Probably the Most Important Event That Ever Took Place in That Village

One of the most important events in the history of Annapolis County took place in Round Hill last Wednesday afternoon when a memorial gate and two large granite pillars were unveiled in honor of the fallen heroes from that village. The weather was beautiful and a large crowd of patriotic citizens gathered early in the afternoon to take part in this important event. The Annapolis Royal band, under the direction of Bandmaster Yates, furnished very appropriate music. Col. LeCain performed the duties of chairman and after a selection by the band, outlined the programme. Mrs. Saunders, on behalf of the Women's Institute, presented the gates and memorial posts, which were especially veiled with Union Jacks. Col. LeCain made a suitable reply. The gates were opened and the band, the speakers and the general public took their positions in the beautiful entrance to the cemetery known as the "long drive." In addition to the programme, which was published in our last issue, short addresses were given by Rev. Clyde W. Robbins, pastor of the Bridgetown Baptist Church, and Sgt.-Major August Spurr, formerly of Deep Brook, but now proprietor of the Myrtle House, Digby. There were several auto parties present from Annapolis, and a few from Bridgetown. The following is reprinted from the Memorial Posts:

### DISPLAY OF MISSES' KNEES

Cobalt, Ont., Aug. 8—Recent appearances of the rolled stockings have been met by bitter comment by local clergymen. At present the girls of the northern towns including Cobalt, Haliburton, New Liskeard and Englehart, are learning the habit rapidly, and at every dance hall are visible rows of dimpled knees. The frequency of the display has been a growing success of comment. Rev. Father O'Gorman, of St. Patrick's Church, has for two years refused Communion to young women who patronized too conspicuously the extremes of fashion and, regarding the latest decree, said: "It is ridiculous that any young woman should wear roll stockings after she has reached the age of ten years."

### RAIN-MAKER PAID \$8,000

Charles M. Hatfield Gets This Amount From The Agricultural Society

"Rain-maker" Charles M. Hatfield has won his bet with the Medicine Hat United Agricultural Association, and he will be paid \$8,000 for rain which has fallen in the district during the past three months. Hatfield was to receive \$8,000 if four inches of rain fell between May 1st and July 1st. Up to Saturday last four and one-quarter inches had been recorded, and so Hatfield draws the maximum payment, which will be made him at the end of the month. The Association will hold a meeting in August to determine whether or

## NOT THE CONTRACT SHALL BE RENEWED FOR ANOTHER YEAR.

Despite the outcome of the unusual contract which was made with the "rain-maker," all are not convinced that Hatfield is entitled to take the responsibility for the precipitation. It is pointed out that the rainfall did not come at the time it was most needed, and further, that whenever the rain did come it was general throughout the West. Hatfield professes to be able to create vapors, from chemicals, which have the effect of tapping rain clouds which otherwise might pass over without precipitation.

## CANADIAN FISH U. S. MARKETS

### Canada Has No Adequate National Fishing Policy, Declares A. H. Brittain

Montreal, Aug. 4—If the United States adopts the new Fordney tariff bill it will practically prohibit the entrance of most varieties of Canadian fish into the United States markets, declared A. H. Brittain, of Montreal, past president of the Canadian Fisheries Association, and vice-president and business manager of the Maritime Fish Corporation, one of the largest fishing concerns in Canada. In an interview with the Canadian Press to-day, Lobsters will still be on the free list. "Adoption of the fish clauses of the Fordney bill will undoubtedly lead to a strong agitation among Canadian fishermen to induce the Canadian government to abrogate the privileges United States fishing vessels now enjoy in Canadian ports," Mr. Brittain added. "This is an important matter for the Boston and Gloucester interests employing sailing vessels in the fisheries, as they rely largely on our maritime ports for crews and bait."

## SAFETY FIRST

(Wolfville Acadian)

The town of Bridgetown is making arrangements to properly regulate automobile traffic on its streets. The "silent policeman" has been adopted and notice given that violation of law will be properly dealt with. In these times when motor vehicles are so numerous it is necessary that the strictest precautions should be taken to avoid accidents. While most drivers are careful there are a great many who are reckless and regardless of the rules of the road. Public safety demands that these should be restrained and a very careful oversight of the traffic kept.

Acadians from many parts of Canada and the United States will meet at Church Point, Digby County, on August 17th, to observe their holiday, which comes on August 15th each year. It was first planned to hold the celebration this year at Grand Pre, where a statue has been erected to the Evangeline of Longfellow, Acadian heroine, but owing to the lack of accommodations there Church Point was chosen, where there are suitable facilities at St. Ann's College. The convention, however, will be followed by a grand "pilgrimage" to the historic grounds at Grand Pre, where a special program will be carried out. Among the speakers will be Mr. Justice Arsenault, of the Supreme Court of Prince Edward Island, former premier of that province.

### ANOTHER VICTIM OF RHEUMATISM

Entirely Well After Six Weeks' Treatment With "FRUIT-A-TIVES"

MR. AMEDEE GARCEAU

32 Hickory St., Ottawa, Ont. "I was for many years a victim of that terrible disease, Rheumatism. In 1913, I was laid up for four months with Rheumatism in the joints of the knees, hips and shoulders and was prevented from following my work, that of Electrician."

I tried many remedies and was under the care of a physician; but nothing did me any good. Then I began to take 'Fruit-a-tives' and in a week I was easier, and in six weeks I was so well I went to work again."

I look upon this fruit medicine, 'Fruit-a-tives', as simply marvellous in the cure of Rheumatism, and strongly advise everyone suffering with Rheumatism to give 'Fruit-a-tives' a trial."

The Weekly Monitor

Established 1873 Under new management since June, 1917.

WEDNESDAY, Aug. 10th, 1921

NOTICE TO SUBSCRIBERS

We have received notice from Ottawa that the postage on weekly newspapers will be increased after January 1st, 1922. We would advise all subscribers to get their paper paid in advance at the present rate of \$2.00 per year.

A committee from the Bridgetown Board of Trade waited on His Worship, Mayor Warren, at his office Monday morning, to ascertain what steps were being taken by the Town Council toward dealing with the present electric light service that is being furnished the town by the Bridgetown Electric Light Co.

Out of town motorists were numerous in Halifax over the week-end, there being dozens of parties from the South Shore and the Annapolis Valley at the local hotels.

After the warning we have given our delinquent subscribers, surely they cannot find fault if their accounts are placed with an attorney for collection and costs added to their overdue amounts.

Preparations are being made for a big celebration at Bridgetown Labor Day. It is said that the street parade will excel that of 1919, which at that time was considered one of the best that was ever seen in the Province.

Ontario to-day has exactly 599 newspapers and periodicals of all classes, whereas five years ago there were 745. War conditions and the abnormal costs of production have led to the suspension of 146 papers in Ontario alone.

Campbell Bros. trained animal show gave two performances in Bridgetown last Wednesday. If this show had been properly advertised the attendance might have been larger.

Mr. John McCormick, Granville, is advertising in another column two places for sale. The many friends of Mr. and Mrs. McCormick will regret the sale is occasioned by ill health, necessitating their going to a warmer climate for the winter.

The annual picnic in connection with St. Mary's Church, Belleisle, Sunday School and congregation will be held to-morrow (Thursday) on the grounds of Mr. Sam MacAndrews, Granville Centre. The party will start from St. Mary's at 1 o'clock.

The picture in the Primrose Theatre next Friday and Saturday evenings, August 12th and 13th, will be May Allison in "Held In Trust".

Local Happenings

Riverside Cemetery taxes are now due. Please pay in promptly as a new bond is being purchased.

The Queens County Exhibition will be held at Caledonia, on Tuesday and Wednesday, October 4th and 5th.

There will be no health clinic held at Bridgetown until Friday, September 2nd, as Miss Chute is enjoying a vacation.

The officers and members of the C. G. I. T.'s, who spent a pleasant week at Hampton, returned home last Wednesday.

The St. John oarsman, Belyea, who is now attracting world-wide attention, is a nephew of Mr. J. W. Peters, of this town.

The officers and members of Crescent and Autumn Leaf Lodges I. O. O. F., will hold a picnic at Clements-Port Wednesday afternoon, August 24th.

Among the subscriptions received for the Western Kings Memorial Hospital, during the past week, was a cheque for \$50.00, from Hon. R. L. Borden.

There is a West Clarence correspondent who continues to send us items without the name of the writer. These reach the waste basket without delay.

Rev. Clyde W. Robbins, the new pastor of the Bridgetown Baptist Church, and Rev. J. H. Freestone, the new pastor of the Gordon-Providence United Church, preached to large congregations in both churches last Sunday.

A dangerous fire near the Morse Road, just south of Bridgetown, which started Sunday, was fought Monday morning by a large number of men. A shower of rain, followed by damp weather, greatly assisted in the work of stopping its progress.

A. W. Smith, of Kentville, was instantly killed and his four companions seriously injured in an auto accident at Wolfville early Sunday morning, the car crashing into a tree while running at a very high rate of speed, said by some to have exceeded 60 miles per hour.

The congregation in St. Peter's-by-the-Sea, Young's Cove, last Sunday afternoon was exceptionally large, several parties from the Hampton summer colony having motored and driven down. The service was greatly added to by a vocal solo: "The Will Be Done", by Dr. W. H. Beckwith, of Halifax. This is the second summer Dr. Beckwith has so kindly helped in this way.

The preacher in St. James' Church last Sunday evening was the Rev. Canon Robinson, of Stanley, (N.B.). Robinson, of Annapolis Royal, spent a number of years in the West before coming East, a few years ago. This week he has been attending the "Chapter" meetings of the clergy of the Rural Deacons of Annapolis, at Round Hill, and was the preacher in St. Paul's Church, on Monday evening.

We, the undersigned business men, of the town of Bridgetown, agree to prepare and enter a float in a Trades Procession to be held in Bridgetown on Labor Day: B. N. Messinger, C. B. Longmire, J. E. Brooks, J. H. Longmire & Sons, Buckler & Daniels, Magee & Charlton, W. E. Gesner, Lloyd's Shoe Store, J. H. Hicks & Sons, Mackenzie, Crowe & Co., Ltd., Karl Freeman, Mrs. Fisher, G. O. Thies, A. J. Burns, Beeler & Peters, Annapolis Valley Cider Co., Ltd., M. W. Graves & Co., W. H. Maxwell.

As will be seen by the above, our business men are determined to make the coming celebration the best ever held in Bridgetown.

Kentville, Aug. 4.—Windsor defeated Kentville at Berwick Wednesday afternoon by a score of 16 to 5. Kentville played their poorest ball this season and small wonder, after the deal that was handed them last week by the executive of the Valley League, at a meeting which was held in Kentville. Two games that Kentville had won were ordered replayed. The result was that Kentville journeyed to Middleton on Monday, defeated Berwick for the third time by a score of 5 to 1. Burrill, without doubt the best pitcher in this section of the league, a patient at the Sanatorium, pitched a fine game. With only one day's rest he was sent in against Windsor and was knocked out of the box in two innings. Kentville was accompanied to Berwick by over two hundred loyal fans, including thirty boys, who were taken free, through the courtesy of A. L. Pelton, and Co. **Why "Auto-Shoes" ?**

We figure that any automobile casing has a right to be called a "tire"—whether it's good, bad or indifferent. And we agree with the opinion that an exceptionally good casing deserves a distinctive name. Ames Holden "Auto-Shoes" are miles better in performance than ordinary tires. That has been proved to our satisfaction. So we think it's a good idea to identify such unusual mileage givers by an easy-to-remember name—"Auto-Shoes."

The main purpose of the name is to help you to get cheaper mileage. The guarantee behind Ames Holden "Auto-Shoes" insures that you get it. If necessity for adjustment should ever arise you will find that you will get satisfaction without trouble or red tape.

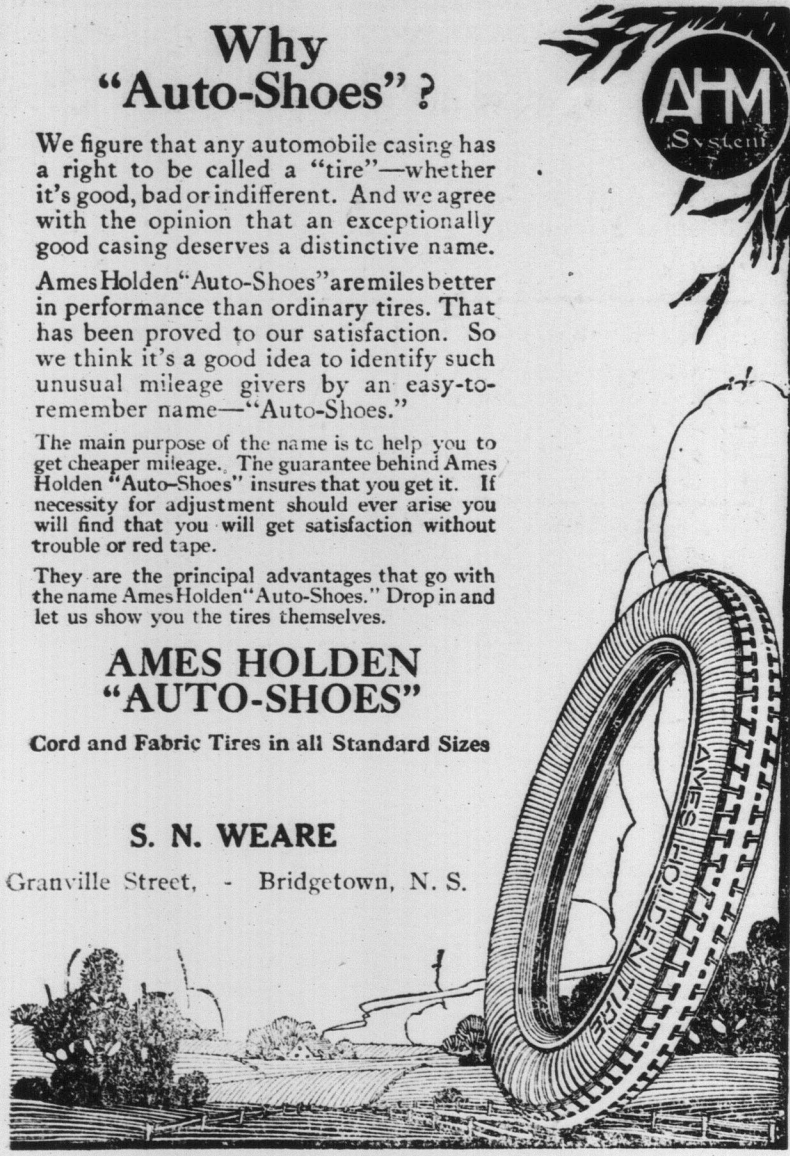

They are the principal advantages that go with the name Ames Holden "Auto-Shoes." Drop in and let us show you the tires themselves.

**COUNTERFEIT BILLS FOUND**

Detective Reyno Arrests Two Men Alleged to Have Been Passing Bogus Money

(Halifax Herald)

Scrutinize your American \$10 bills closely. There are counterfeit bills of this and perhaps other denominations in circulation. Three of the \$10 kind are in the hands of the city police—also two men from Montreal, said to have been engaged in the work of making or passing them on unsuspecting persons.

Detective James Reyno landed the two men, Edward Primo and Philip Farro, in the Commercial Hotel yesterday, only a couple of hours after a Chinese laundry man, Hum Lee, 35 Sackville street, had reported that his American \$10 bill was not accepted at its face value at the bank. Hum Lee had three of these bills altogether. He thought he was making \$1.50 on each when he changed them for Canadian money. Instead he loses \$20.00.

Farro is to be charged with tampering with currency, the police said last night. Primo was arrested with him and is said to have been his accomplice, though no specific charge had been laid last night, it was stated. Both registered at the Commercial Hotel four days ago, giving their addresses as Montreal.

Hum Lee complained to Chief Detective Kennedy yesterday morning. Detective Reyno was detailed to the job. Soon he learned that two strangers were staying at the Commercial Hotel. He found them, showing the negro porter of the place how to "split" dollar bills. This is a fine process, the bill being split in two, showing \$1 on one side of each piece and the other side blank, but the other side is afterwards doctored up and two \$1 bills are made to grow, where but one grew before.

The two men are alleged to have paid \$1.15 for a \$1 American bill, and a look at one of the bogus \$10 bills in the hands of the police shows that the American \$1 bills were changed into \$10 bills. It is easy to see, but might very readily pass if a person did not look closely.

**BUILDING OPERATIONS IN BERWICK**

From the standpoint of building operations, Berwick, this summer, is without doubt one of the busiest towns along the D.A.Ry. from Halifax to Yarmouth. The tap of the hammer re-echoes throughout the town from early morning to night and employment is not difficult to find for those who have any experience whatsoever with hammer and saw. The season's activities in the building line include the large new cooperative building of The Berwick Co-operative Co., and G. E. Bezanson; new residences for J. M. Patterson, H. F. Keddy, and S. C. Parker, the latter of which is in course of construction; new Telephone office; the Memorial Hospital, work of which is now well under way; remodelling and improvements to the residence of C. H. Beardsley and R. J. Fritzie; extension to the Berwick Fruit Company's warehouse and to G. A. Whitman's shop on Commercial Street.

**FIRE IN MIDDLETON**

Mayor Durling's House Totally Destroyed Monday Noon.

Middleton, August 1st—Fire was discovered Monday noon in Mayor A. D. Durling's residence on Main St., Middleton. Although the firemen responded quickly to the alarm they could not save the house as a strong wind was fanning the flames which had gained headway before the fire was discovered.

All the contents of the house were saved, but the fine residence newly painted, is a total loss.

The nearby buildings, barn and Dr. Messenger's house were saved by being kept well soaked with water. The cause of the fire is believed to be defective wiring. The loss is fairly well covered by insurance.

**THE JAZZ TOO EXPENSIVE**

The waltz, with some modern "pep" is coming back again, and the jazz dance is in its death throes. Such is the announcement of the National Association of Sheet Music Dealers. They also declare that the "nut" songs are giving way to the old favorites, such as "The Roseary" and "Love's Old Sweet Song." Publishers declare that it costs about \$50,000 to popularize one of the "jazz" songs, and that its average life is only six weeks.

**F. B. McCURDY AT YARMOUTH**

He Visited Several Points Where Government Work is Now in Progress

Yarmouth, Aug. 1—Hon. F. B. McCurdy, Minister of Public Works, Ottawa, who with Mrs. McCurdy and son are on a tour of the lower Province, arrived in Yarmouth in his private car, attached to the D.A.R. fast freight, from Halifax yesterday morning, remained over today, and leaves tomorrow morning for Digby to inspect the work going on there, or to be done at the Government pier at that port.

To-day in company with Hon. E. K. Spinnay, M.P., and C. E. W. Doolittle, Mr. McCurdy visited the breakwaters at Port Maitland and also looked over the site where the residents of that place have asked for the new structure to be placed. He afterwards went to Sandford, where repairs are to be made at Bluffhead, for which breakwater tenders have been asked for very extensive repairs, and also to Yarmouth Bar.

At four o'clock this afternoon he met the Harbor Committee of the Board of Trade, who placed before the Minister the inefficiency of Government Dredge Number 115, which was sent to Yarmouth to remove the Bug Light shoal. It was generally believed that the dredge, before her arrival in Yarmouth, underwent at a great expense complete repairing at Ottawa, and, on arrival at this port was supposed to be in every way in fit condition to undertake the difficult task before her. She started work early in the spring, but since then she has been for a very large part of the time tied up at the New Burrill Johnson Iron Co.'s docks to repair some part of her machinery, that would give out almost as soon as she would reach the shoal and begin operations.

After the interview with Mr. McCurdy this afternoon the Committee secured the services of the tug Mary H. Cann and took the Minister to the shoal, and it was pointed out to him the dire necessity of having the shoal and the obstruction it forms removed for the proper and safe navigation of Yarmouth Harbor.

**FREQUENT HEADACHES**

A Sure Sign That the Blood is Watery and Impure

People with thin blood are much more subject to headaches than full-blooded persons, and the form of anaemia that afflicts growing girls is almost always accompanied by headaches, together with disturbance of the digestive organs.

Whenever you have constant or recurring headaches and pallor of the face, they show that the blood is thin and your efforts should be directed towards building up your blood. A fair treatment with Dr. Williams' Pink Pills will do this effectively, and the rich, red blood made by these pills will remove the headache.

More disturbances to the health are caused by their blood than most people have any idea of. When your blood is impoverished, the nerves suffer from lack of nourishment, and you may be troubled with insomnia, neuritis, neuralgia or sciatica. Muscles subject to strain are undernourished and you may have muscular rheumatism or lumbago. If your blood is thin and you begin to show symptoms of any of these disorders, try building up the blood with Dr. Williams' Pink Pills, and as the blood is restored to its normal condition every symptom of the trouble will disappear. There are more people who owe their present state of good health to Dr. Williams' Pink Pills than to any other medicine, and most of them do not hesitate to say so.

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail for 50 cents a box, or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

**KENTVILLE BEAT BERWICK IN FAST BALL GAME**

Middleton, Aug. 1—Middleton fans enjoyed a good game of baseball this afternoon between Berwick and Kentville. A brisk breeze blowing towards home plate prevented long hits and both pitchers were in fine form, holding down their opponents to a few scattered hits. Three innings passed without any scoring but in the fourth Kentville, on a couple of errors and two hits, sent in five runs. Berwick got one in the sixth, which ended the scoring. Summary: Struck out by Burrill, seven; by Woodbury, nine. Hits off Burrill, two; off Woodbury, five.

### Items of Interest to Our Agriculturists

#### AN INSECT DESTROYING THE NOVA SCOTIA TURNIP CROP

Last year hundreds of acres of turnips were almost completely destroyed by a pest that made the leaves turn first light green, then yellow, and then brown, and sometimes caused the whole plant to die. Some, at first, thought the cause was drought and made no effort to effect a cure; but gradually it was learnt that the trouble was due to small green plant lice that could be seen in almost innumerable quantities on the under side of the turnip leaves. These were afterwards found to be Turnip Lice or Aphids.

Specimens of turnip leaves affected with these lice have already been sent in to the Agricultural College which leads to the fear that the lice may again become widespread and cause a serious loss. Hence a description of the pest and method of destruction is herewith given.

These plant lice suck their food from the interior of the plant leaf. Hence poison sprays like Paris green or Lead arsenate, which only poison the surface, do not destroy them. Each plant lice must be hit with the spray that will destroy it and this is no easy task in the case of the turnip crop. However, it can be done and may be regarded as practical, especially in small fields.

The most effective spray to use is "Black Leaf 40" (nicotine sulphate) used in the strength of one pint to 100 gallons of water, to which 4 pounds of finely shaved laundry soap or soft soap has been added. Spray the plants with this mixture just as soon as the first insects appear. Do not wait until the leaves have curled. As practically all the lice are on the under side of the leaves, that is where the spray must be applied.

This spray must be applied with a force pump similar to that which is used for spraying the Bordeaux mixture on potatoes. Be sure to secure nozzles with elbows, so that it may be easy to apply the spray under the leaves.

"Black Leaf 40" may be obtained from the United Fruit Cos., Ltd., Kentville, N.S., who will ship it to any address, providing cash accompanies the order. It is supplied in one-gallon tins and two-pint tins, which sell for \$13.75 and \$4.00 respectively. The former is sufficient to make 800 gallons and the latter 200 gallons of dilute spray. One hundred gallons will cover about an acre of turnips.

Another spray which may be used is kerosene emulsion which may be made at home as per the following formula:

- Soap ..... 1/2 lb.
- Hot water (soft) ..... 1 gal.
- Kerosene ..... 2 gals.

Prepare by shaving up the soap into the water, which must be boiling hot. As soon as this is dissolved, remove the solution from the fire and add the kerosene. At once agitate the material violently until a smooth, creamy emulsion is formed without any tree oil. This is the stock solution and must be diluted with 12 to 15 parts of water before being applied to foliage.

Directions for making this material must be adhered to closely, otherwise burning may result. It is better to apply some on a sunny day.

The foregoing applies to aphids found on potatoes, although the application must be made even more promptly than in the case of the turnips, as the leaves curl more readily. Instead of making up a separate spray, the Black Leaf 40 may be added to Bordeaux Mixture, should this be used.

#### BRITISH BACON MARKET GOES BACK TO OLD REQUIREMENTS

The British bacon market has reverted to the rigid limits of weight for Wiltshire sides. During the war the demand for bacon and for flats generally was so keen that the limits were relaxed, so that for a time a Wiltshire side weighing anywhere between 45 lbs. and 100 lbs. was accepted. As a consequence there was not the same discrimination made by packers' buyers between the prices for light and heavy hogs. The extraordinary demand, however, is over. The flat, lard-type hog is at a distinct discount in Canada. So with the light weight hog; it should be finished on the farm.

For some time past the British Ministry's limits for Wiltshire were 45 lbs. to 90 lbs. The market is returning to normal and the weights are now 45 lbs. to 75 lbs. Packers have long since recognized that the return to normal was inevitable and warned farmers and breeders against bacon hogs. They repeat that it is all important for the future of the bacon industry that farmers breeding types and breeds of hogs unsuitable to produce select Wiltshires should at

once get rid of them and stock only hogs which will yield prime Wiltshires that the British trade demands as well as the products required in our domestic market. "Outweights" below 45 lbs. or above 75 lbs. are heavily penalized in the export trade. The hog to give best results should average about 185 lbs. live weight. At present packers are compelled to make a difference of from \$1 to \$2 a hundredweight in what they pay for light weights and from \$2 to \$3.50 for heavy weights as against hogs of selected weights.

#### WHITE BURLEY TOBACCO IN CANADA

It is well on the fourth century since Sir Walter Raleigh introduced tobacco to England and since that time it has grown into world-wide popularity. There are now, Mr. H. A. Freeman, Dominion Tobacco specialist tells us in a bulletin just issued at Ottawa on "White Burley Tobacco in Canada," more than fifty species of the genus Nicotiana. On the North American continent the tobacco of commercial importance belongs to the special Nicotiana tobacco White Burley, discovered in Ohio in 1896 and introduced into Canada some years later and is now grown principally in Essex and Kent counties, but has extended at intervals along the shore counties as far as Prince Edward county. Its growth in quantity varies greatly. In 1911 and 1913 it varied from 100,000 to 1,000,000 pounds only. In 1914, fifteen million pounds were grown in Canada; in 1915, 15 and 16 three or four million pounds; and in 1920 twenty million pounds. The duty on importations is responsible for the great increase in the last few years of home-produced tobacco. There are three varieties of White Burley grown in this country, namely, Broadleaf White Burley, that does not grow well on heavy land; Stanley White Burley that is recommended for dark, heavier soils, and Johnston's Resistant Burley, which is best to sow on "diseased" land, that is land not free from root-rot. White Burley is used for both chewing and smoking. The annual crop in North America, including Canada is three hundred and fifty to four hundred million pounds, Kentucky being the principal seat of its growth. It finds a market in Europe as well as in Canada and the United States, but while in the last mentioned country the acreage devoted to White Burley is from three to four hundred thousand acres, in Canada only about twenty thousand acres are covered. Mr. Freeman, in his bulletin, tells all about its cultivation, and preparation for the market.

#### TERRIFIC STORMS IN NEW ENGLAND

Boston, July 29—Thunder storms broke the heat wave throughout New England last night, lightning hitting barns, churches and other prominent structures, burning many of them. Trees were levelled everywhere in the path of the storms, which were always marked by a few minutes of titanic energy, during which most of the damage was done.

There was a singular absence of fatalities, one man killed at Bustin's Island (Me.), near Freeport, being the only death reported. The area hardest hit extended from Pittsfield, Connecticut, Valley, Newburyport, Southern New Hampshire and Maine. Two cottages near Newburyport were blown into the sea. The temperature was 95, one degree higher than the day before. There were numerous prostrations.
