FOE'S ATTACK LOSING FIGOR SAYS FRENCH

Assaults Made by Small Bodies Show Lack of Leadership.

ALL ATTACKS REPULSED

Hostile Artillery Fire Slackens—German Batteries Hard to Locate.

(BRITISH OFFICIAL)

Special Direct Copyrighted Cable to The Toronto World.

LONDON, Oct. 2.—The following official descriptive bulletin from Sir John French's headquarters has been issued, dated Sept. 29:

"The general war situation as viewed on the map remains practically the same as when the last despatch was sent.

"The chief task of the army is to maintain itself until the general resumption of the offensive. No ground has been lost in the fighting and some has been gained, but in every counter attack our men have regained ground wherever pressed back temporarily.

"The question of position is only a part of the battle.

"There has been considerable improvement in another important respect. The recent offensive movements by the enemy have been made by comparatively small bodies without cohesion, while some of the movements evince clear signs of inferior leadership, confirming the statement of prisoners, that great losses in officers have been suffered by the enemy.

"The hostile artillery fire has decreased in volume and deteriorated as to control of direction. This latter is probably the direct result of the activity of our aircraft. The Germans recently have been relying upon observations made from captive balloons, consequently the damage done to us by shells dropped from the air has been less than during the last few days.

"This constant bombardment has amounted to a certain area with large craters, rendering some villages 'unhealthy,' as the soldiers term it.

"On the 25th of the month, a German aeroplane flew high over the interior of our lines and a general fusillade resulted in the killing of the pilot and the wounding of the observer. The latter, by means of the dual control of the machine, continued the flight for some miles and was then forced to descend and was captured by the French.

Left 1000 on Field.

"That night a general attack was made against the greater part of the allied position and it was renewed in the morning. The German heavy guns were everywhere repulsed with loss. Indeed, opposite one portion of our lines, where they were caught in the morning by our machine guns and howitzers firing at different ranges, it is estimated that they left one thousand killed or wounded.

"The mental attitude of our troops may be gauged from the fact that the official report next morning from one corps of which one division had borne the brunt of the fighting, ran thus, laconically:

"The night was quiet except for a certain amount of shelling both from the enemy and ourselves at 8.40 a.m. At 8.40 a.m. an attack was made on our right. At 5 a.m. there was a general attack on the right of the 1st division, but no really heavy firing. Further ineffectual efforts to drive us back were made on Saturday at 3 a.m. and in the afternoon, and the artillery fire continued all day.

In Dense Mass.

"The Germans came on in T formation, several lines shoulder to shoulder, followed almost immediately by a column in support. After a very few minutes the attack had closed up into a mob which afforded an excellent target for our fire.

"On Sunday the 27th, while German heavy guns were in action their brass bands could be heard playing hymn tunes, presumably at divine service.

"The enemy made an important advance on a part of our line at 6 p.m., and renewed it in strength at one point.

GET A DINEEN HAT TODAY.

Last Saturday was a record for the season at Dineen's, 140 Yonge street. Will it be surpassed today is the question Mr. Dineen was asking himself yesterday. He answered himself in the affirmative and has made arrangements accordingly for additional salesmen, and a stronger and bigger display of Fall Hats than has been produced this autumn in this city.

There are a fine showing of soft hats, specially made for smart young men, they contrast with the blue and contrasting broad bands, price \$2. Christy stiff hats are shown in all the new shapes at \$2.50 and \$3. Another big shipment of nobby American soft hats low priced at \$2. Also quality American stiff hats, made from the lines of blocks of Knox and Dunlap, \$1. Silk hats on strictly fashionable lines from \$5 to \$8. Many men leave their shopping till the end of the week. For those about to buy a hat, buy at Dineen's.

LEIPZIG AGAIN BUSY OIL TANKER IS SUNK

Crew of Hapless Elsinore Landed on Island Off Ecuador.

Canadian Press Despatch.

SAN FRANCISCO, Oct. 2.—The Union Oil tanker Elsinore was sunk by the German cruiser Leipzig off the coast of Chile Sept. 18, and the crew landed on the Chagapagos islands, off the coast of Ecuador.

"The Elsinore, which is of British registry, the American owned, was in Chilean waters north of P.O. when sunk. The crew was rescued by the German ship, which was captured in a battle to the south of Chile.

CABLE STATION DESTROYED.

Canadian Press Despatch.

ST. JOHN'S, Nfld., Oct. 2.—The British steamship, which arrived here today from the east coast, reported that the cable station at St. John's was destroyed by the German submarine.

The cutting of communication between Newfoundland and the United States was reported last night and it was supposed that the cable station at St. John's had been destroyed. It was not until this morning that the cable station was reported to have been destroyed.

BRITAIN TO CURTAIL LIST OF CONTRABAND

Proclamation to Be Revised, Statement Made on High Authority.

Canadian Press Despatch.

LONDON, Oct. 2, 9 p.m.—Further communications were exchanged today in London by the British and American Governments with regard to questions concerning contraband.

It can be stated on high authority that the British Government is contemplating revision of its proclamation relating to contraband. Such goods as foodstuffs consigned to Holland in neutral ships are to be unmolesed of course, since Holland has placed an embargo on the exportation of foodstuffs, and other changes will doubtless be announced very soon in the lists of contraband.

German Barracks Wrecked, Fire is Raging, and Bomb From Aeroplane Hit Magazine.

Special Direct Copyrighted Cable to The Toronto World.

TOKIO, Oct. 2.—The Japanese continue to take an active part in the action against Tsingtau, according to the following official statement given out by the war office:

"A flotilla of Japanese destroyers has wrecked the German barracks at Tsingtau and fire is reported to be raging within the fortifications. The Japanese fleet continues to bombard the fortress, which is also being shelled by British and Japanese batteries from the land side. A small magazine was blown up last night by a bomb dropped from a Japanese hydro-aeroplane.

The Japanese have landed a large force of troops at Laoshan and captured eight German guns.

U.S. IS SENDING VESSEL FOR DYE STUFF CARGO

Canadian Press Despatch.

WASHINGTON, Oct. 2.—Private interests have chartered the American steamship Matanzas for a trip to Rotterdam to bring back a cargo of dye-stuffs and other chemicals, the lack of which since the outbreak of the European war has threatened to close many American textile factories. The Matanzas will sail from New York next Wednesday, Oct. 7.

TWO BRITISH AVIATORS MISSING IN NORTH SEA

Canadian Press Despatch.

KIRKWALL, Scotland, via London, Oct. 3, 1.45 a.m.—Two aviators, Lieuts. Vernon and Ash, belonging to the Royal Flying Corps, went for a short flight in a hydroplane on the North Sea Tuesday afternoon. They have not been seen since and it is feared that both have perished.

CRACK GUARDS DISPERSED BY TURCO CHARGE

Kaiser's Imperials Mowed Down and Routed by Fierce Africans.

Canadian Press Despatch.

PARIS, Oct. 2.—From complete details received here of the fighting near Verdun it seems that it was an African battalion that recently checked an attack of the German Imperial Guard. A survivor of the battle who has arrived in Paris today tells the following story of the fight:

"The sun was just rising when our outposts came back on our main force and informed us that the Imperial Guard was coming. Soon after we could see pointed helmets glistening in the sun, rapidly advancing.

"Deceived by our silence the guard came on even to the barbed defences and commenced cutting them before our trumpets sounded an order for volley firing. The first line of the enemy seemed just to melt away under our fire. The second line appeared to be shaken for an instant, but on they came.

Lines Mowed Away.

"We could plainly see the officers in the lead waving their swords and encouraging their men to the assault. Another volley and the second line thinned out, but a third line came on and the mass crossed the line of wire defences.

"When 'charge' was sounded we rushed forward to meet them. Then our boys commenced to fall, but our impetus was too much for the aristocratic guard, which was mowed down and dispersed.

"Of one regiment only a single company remained. It was led by a tall lieutenant with a boy's face. He wore a revolver in his hand.

This company stood to the last man and that last man was the lieutenant. He refused to surrender and stood his ground alone until the bayonets of the Zouaves brought him down."

Special Direct Copyrighted Cable to The Toronto World.

PETROGRAD, Oct. 2.—The war office announced today that following the assault of the Germans at Osowitz, in the Polish Province of Suwalki, the Kaiser's forces have been driven back with great slaughter. The principal German forces are said to be strongly entrenched in the vicinity of Pitrowok and Kielce, in the region west of the Simno. Violent conflicts are in progress. Many of the German troops participating in the series of actions which led to their retreat came from France. This is established by the capture of numerous prisoners.

German Cruisers Also Sunk Dismantled French Gunboat Lying in the Harbor.

Canadian Press Despatch.

BORDEAUX, Oct. 3, 12.40 a.m.—The German cruisers Scharnhorst and Gneisenau on Sept. 22 bombarded and half destroyed Papete, principal town and port of the French Island of Tahiti, the most important member of the Society group, in the Pacific. Such is the news received here by Minister of Colonies Doumergue.

The cruisers also sunk the dismantled French gunboat Zele, a sloop ship to the surprise, in the harbor and then put out to sea.

ABSOLUTE NEUTRALITY DEMAND OF GERMANY

Asquith Throws Light on Important Negotiations Two Years Ago.

Canadian Press Despatch.

LONDON, Oct. 3, 1.52 a.m.—Addressing a recruiting meeting at Cardiff last night Premier Asquith said:

"In a communication to the German Government in 1912 regarding her future policy Great Britain declared that she would neither make nor join in any unprovoked attack upon Germany. But that was not enough for German statesmanship. Germany wanted us to go further and pledge ourselves to absolute neutrality in the event of Germany being engaged in war. To that demand there was but one answer, and that was the answer which the government gave."

PRZEMYSL BELEAGUERED.

Canadian Press Despatch.

LONDON, Oct. 3, 1.56 a.m.—Reuters Rome cor. resp. dnt says that news received in the Italian capital from the Russian headquarters is to the effect that Przemysl, Galicia, has been attacked by the Russians on all sides. Two of the forts, it is stated, already have been taken, and from these the Russians have been able to silence several Austrian batteries.

"MAKE ME A CEMETERY" ORDER WAS EXECUTED

Big French Field Pieces Cause Terrible Execution and Have Been Named "Black Butchers."

Direct Copyrighted Cable to The Toronto World.

LONDON, Oct. 2.—"Black butchers" is the name applied to the big French field pieces by the armies of the republic. They are doing terrible execution in the German ranks, and have come to occupy a high place in the affections of the allied troops.

A story is recounted of one incident in the Aisne fighting where the big guns wrought wholesale havoc. The French guns were posted on a hill top, but out of sight of a German detachment of 500 men, which filed into the valley below. After carefully getting the range the officer in command said: "Make me a cemetery down there!"

The command was instantly executed and frightful shambles created. The surviving Germans were picked off by expert riflemen.

LONDON, Oct. 2.—In a despatch from Antwerp the correspondent of The Daily Mail says: "A Zeppelin successfully dropped bombs near Fort Broechem without serious damage being done. When above Fort Wulvaert on the inner defence line a vigorous fire from the Belgian guns drove the Zeppelin away and it disappeared in the direction of Brussels."

"The Germans are reported to be constructing a Zeppelin shed at Brussels. In their attack on Fort Wavre the Germans lost several thousand killed. In the vicinity of Rumpel the Germans suffered enormously under the terrible fire, which lasted for an hour and a half.

Austrian Ministers Select Prague as Temporary Capital Thru Fear of Russian Attack.

Canadian Press Despatch.

VIENNA, Oct. 2.—Despatches from Vienna, via Rome, state that the Austrian emperor and his cabinet are debating the removal of the government to Prague, in view of a possible siege of Vienna by the Russians. For the past month a large number of laborers have been throwing up defences in every direction and the city is believed to be almost impregnable. But the government will not risk capture and has chosen Prague as its new location.

CHEERING NEWS FROM THE FRONT

Steady Progress is Reported From All Points on the Allies' Lines.

Special Direct Copyrighted Cable to The Toronto World.

PARIS, Oct. 2.—The latest news from the battlefield is entirely satisfactory. There has been steady progress on the left, together with news from the Woevre that is distinctly cheering. The German offensive in this quarter has been effectively countered. The French troops are operating with success in the region southeast of St. Mihiel, where they have advanced as far as the Rupt de Mad, which flows north-easterly across the Woevre, joining the Moselle between Pont-a-Mousson and Metz. The possession of this line by the French will greatly increase the difficulties of the Germans. Guerrilla warfare in the region of Upper Alsace still continues.

It is reported today that the 109th Baden Regiment has been completely annihilated, having been surrounded by French troops during a fog in the region between Altkirch and Waldig-hoven.

"Lady Luxury" Goes to New York. The delightful musical comedy, "Lady Luxury," which concludes its local engagement with a matinee this afternoon and evening performance at 8 p.m. at the Princess, will be in Montreal next week and from there go to New York for an extended run.

Furious Onslaughts made in Final Effort to Break the Allies' Lines Were Unsuccessful—Germans Are Leaving Brussels and Have Gone From Luxemburg to Mainz—Attacks on Antwerp and Termonde Repulsed and Belgian Counter-Attacks Continue—"No Enemy on Left Bank of Meuse," is Official Paris Report—Total Destruction Awaits Germans Unless Retreat is Ordered.

ON THE BATTLEFRONT, Oct. 2.—(Via Paris, 9.31 p.m.)—A thrill was in the air along the extended allied lines today. The French and British troops, who have been over a fortnight in the closest contact with the Germans, felt that they had accomplished their hard task of preventing the Germans breaking thru the human barrier erected between them and their main objective, Paris, and that this meant eventual victory for the allies.

The lines of the trenches make the battlefield appear like deeply scarred fields. The allies, who quickly learned the lesson in burrowing, at some places face the Germans within a quarter of a mile. Their field entrenchments offer admirable shelter from the effects of the German artillery, which consequently reduces their casualties and permits the allies to await in comparative safety the German attacks, which must be made across the open, and often at terrible cost.

FURY OF ATTACKS UNABATED.

The fury of the German onslaughts was unabated today, especially on the western wing, but their every effort was met with vigor by the allies, who seemed to vie with each other in throwing all their strength and courage against the attackers.

The scene of the most violent attacks changes day by day. The Germans, finding it impossible to penetrate the allied lines in the vicinity of Rheims and Soissons, quickly transported many of their divisions farther northwest, and today hurled them against Roye. Again they failed, although tonight they had not ceased their efforts to batter down the resistance.

The allies' great turning movement continued today, and their western wing extended toward Arras. Reports from the other end of the line on the frontier show the progress of the allies to be slow but sure. Hundreds of German prisoners fell into the hands of the allies at every point, and it was remarked that among them the majority were Bavarians, who seem to have been prominent in the front of the German attack.

SUMMARY EXECUTION OF SPIES.

Spies are so numerous along the front that orders have been issued, stating that any German in civilian dress encountered will be considered a spy, and those furnishing him with clothes will be regarded as accomplices. Germans who do not surrender on the first summons to do so will be executed. The order says that any group of more than three armed Germans found behind the allies' lines will be considered as ghouls and shot, while every person found committing robberies on the battlefields, whether civilian or soldier, will be court-martialed.

ALLIES GAIN NORTH OF SOMME.

PARIS, Oct. 2.—(11.05 p.m.)—The following official communication was issued tonight:

"FIRST—On our left wing one of our detachments, which came out of Arras, a fortified town, and capital of the Department of Pas-de-Calais, has fallen back a little towards the east and north of that city.

"North of the Somme we have made progress in front of Albert. Between Roye and Lessigny the enemy has directed violent attacks, which have broken against our resistance."

"SECOND—Quiet prevails along the rest of the front. It is reported that in the neighborhood of St. Mihiel, Department of Meuse, 20 miles southeast of Verdun, there remains no enemy on the left bank of the Meuse."

AEROPLANE SCOUTS PREVENT SURPRISE.

BORDEAUX, Oct. 2.—(4.10 p.m.)—The concentration of Germans in great strength at Roye, as mentioned in the war office's statement issued this afternoon, is explained here by the ease with which the commanding generals discover the dispositions of the enemy thru aeroplane scouts. A very important factor in the winning of battles is surprise. The aviators in the present war have made this factor a negligible one.

For this reason the battle of the Aisne is continuing for an unprecedented length of time. The public not familiar with all the strategy is inclined to be impatient of fighting without an end, but those who know declare themselves perfectly satisfied with the progress being made by the French armies.

BOTH SIDES REINFORCED.

LONDON, Oct. 2.—(11.05 p.m.)—The concentration of German troops in the region of Upper Alsace still continues. It is reported today that the 109th Baden Regiment has been completely annihilated, having been surrounded by French troops during a fog in the region between Altkirch and Waldig-hoven.

100,000 FRESH TROOPS.

British regiments and Indian troops to the number of nearly 100,000 landed at Marseilles yesterday. The former have been rushed to the fighting line, and it is probable that the Indians will be in action within a very few days. In fact, it has been reported for some time that a considerable number of Indian levies are already in action.

arrivals at Marseilles yesterday are principally Sikhs and Gurkhas, with detachments from Bengal, Punjab and Beluchistan.

THE FRENCH STATEMENTS.

The first statement of the French War Office says:

"On our left wing the battle continues with extreme violence, especially in the region of Roye, where the Germans seem to have concentrated important forces. The action extends more and more toward the north. The battle front actually reaches as far as the region south of Arras.

"On the Meuse the Germans tried to throw a bridge across near St. Mihiel. This bridge was destroyed last night. In the Woivre region our offensive continues, and progress is being made step by step, especially in the region between Apremont and St. Mihiel.

"Along the rest of the battle front only partial operations have been tried on either side."

ALLIES WON AT ROYE.

The battle at Roye, where the Germans have made a herculean three-day attempt to cut the allied line, is favorable to the Franco-British arms. The French have penetrated northeast of St. Quentin and south of Arras.

The Germans hoped to break thru the slowly encircling steel wall which threatens to encompass them and stem the advance on their northern front. It is the same manoeuvre tried at Rheims, and previously at Verdun.

ATTACK ON TERMONDE REPULSED.

Canadian Press Despatch.

The Antwerp correspondent of the Exchange Telegraph Company has sent the following despatch:

"The German attack on the fort and approaches of Koningshoeyck, one of the new forts on the outer line, last night was repulsed. A violent attack on Termonde was repulsed at 2 o'clock this morning, the Belgians blowing up the bridge over the Scheldt.

"The Belgians undertook a counter-attack from Antwerp Friday morning on the front of the easterly position. This still continues."

GERMAN AUXILIARY SHIPS SUNK.

A despatch to Lloyd's Agency from Bordeaux says it is officially announced there that a French gunboat has sunk two German auxiliary ships, the Rhios and Itolo.

WITHDRAWING FROM BRUSSELS.

Direct Copyrighted Cable to The Toronto World.

AMSTERDAM, Oct. 2.—Advices from Brussels declare there is every reason to expect an early withdrawal of the Germans from that city. The wounded are being sent back to Germany from the Brussels hospitals, and the official papers are being packed.

It is learned from a good source that the German general staff has withdrawn from Luxemburg to Mainz, a fortified position on the east bank of the Rhine. Eighty automobiles were used in making the transfer of the officers and the equipment of the general quarters.

The position of Antwerp after the assaults of its fortifications in the last four days is excellent. The German forces have been decimated by the mitrailleuse fire of the Belgians, and their dead can be counted by thousands.

OFFICIAL GERMAN STATEMENT.

Direct Copyrighted Cable to The Toronto World.

BERLIN, Oct. 2.—In the official statement of the German War Office today, it is claimed that the battle on the line west of the Oise and north of Noyon, and in the entire region of the Somme, is going ahead without interruption. It is said that all efforts to turn the German right flank have been defeated, and that the position of the wing is satisfactory. On the centre it is declared that a number of unimportant positions have been abandoned rather than sacrifice the lives necessary to hold them for no good purpose.

Thirty French aeroplanes have been captured and many prisoners taken in the last few days, according to the war office.

GERMAN ARTILLERY LESS IN EVIDENCE.

Onslaughts Less Capably Led and Lack Vim Formerly Shown.

(Continued From Page 1.)

with, however, no better success than on the previous night. Sniping continued all day along the whole front.

"On Monday, the 28th, there was nothing more severe than a bombardment and intermittent sniping, and this inactivity continued during Tuesday, the 29th, except for a night attack against our right flank.

"The value of entrenchments, which the incident that occurred Sunday, the 27th, serves to illustrate the type of fighting that has for the past two weeks been going on, is evidently on various parts of our line. It also brings out the extreme difficulty of ascertaining an action, apart from what seems to be happening, and points to the value of good entrenchments.

"At a certain point in our front our advance trenches are on the north of the Aisne, not far from a village on a hillside, and also within a short distance of German works, being on a slope of a spur formed by a subsidiary valley running north and a main valley of the river. It was a calm, sunny afternoon, but hazy, and from our point of vantage south of the river it was difficult exactly to locate on the far bank the well-concealed trenches.

"From far and near the sudden boom of guns echoed along the valley, and at intervals in a different direction the sky was flecked with the almost motionless smoke of anti-air craft shrapnel.

Phantom Artillery.

"Suddenly and without any warning for the reports of the distant howitzers from which they were fired could not be distinguished from other distant reports, three or four heavy shells fell into the village, sending up huge clouds of dust and smoke which ascended in a brownish gray column. This no reply was made by our side. Shortly afterwards there was a quick succession of reports from a point some distance up the subsidiary valley on the side opposite our trenches and therefore rather on their flank. It was not possible either by ear or by eye to locate the guns from which the sounds proceeded. Almost simultaneously a few minutes later there was a corresponding succession of flashes and sharp detonations in the line of the trenches. There was then a pause and several clouds of smoke rose slowly and remained stationary, spaced as regularly as poplars.

"Again there was a succession of reports from German quick-firers on the far side of the misty valley, and like echoes of detonations of high explosives and the expanding smoke clouds were prolonged by several new ones. Another pause and silence, except for the noise in the distance.

British Guns Responded.

"After a few minutes there was a roar from our side of the main valley as our field guns opened one after another in a more deliberate fire upon the opposing German guns. After six reports there was again a short pause for the whirr of shells as they sang for the small valley. Then followed

flashes and balls of smoke, one, two, three, four, five, six—as the shrapnel burst nicely over what in the haze looked like some ruined building at the end of the wood.

Screen of Smoke.

"Again, after a short interval, the enemy's gunner reopened with a burst, still further prolonging the smoke, which was by now merged into one solid screen above a considerable length of the trenches and again did our guns reply. And so the duel went on for some time.

Shrapnel Bouquets.

"Ignoring our guns the German artillerymen, probably relying on concealment for immunity, were concentrating all their efforts in a particularly forceful effort to enfilade our trenches. For them it must have appeared to be the chance of a lifetime, and with their customary prodigality of ammunition they continued to pour bouquet after bouquet of high explosives or combined shrapnel and common shells into our works.

"Occasionally with a roar, a high argie projectile would sail over the hill and blast a gap in the village. One could only pray that our men holding the trenches had dug themselves in deep and well and that those in the village were in cellars.

Enemy Hidden.

"In the hazy valleys, bathed in sunlight, not a man, nor a horse, nor a gun nor even a trench was to be seen. There were only flashes and smoke and noise. Above against the blue sky were several round, visible human specks in the air. On high also were to be heard more or less gentle reports of the anti-air craft projectiles.

"But the deepest impression created was one of sympathy for the men subjected to the bursts along that trench. In their inquiry as to the losses sustained, however, it was found that our men had been able to take care of themselves and had dug themselves in. That Sunday afternoon were present of four battalions of British soldiers—the Dorsets, the West Kent, the King's Own Yorkshire Light Infantry and the King's Own Scottish Borderers.

Few Casualties.

"Over 300 projectiles were fired against them. The result was nine men wounded.

"On the following day, 308 shells were fired at the trenches occupied by the West Kent Regiment alone. Four officers were buried but were dug out unhurt. One man was scratched. The village itself was unoccupied.

"Many camp yards are now in circulation among the troops, mostly of an amusing nature. As an instance a report is current that the Turcos, who are our close neighbors, have bartered their short of food and guns for 10,000 tins of ration beef. The market rate of exchange between guns and meat, however, has not yet been worked out.

"Our troops in the second line at certain spots pass the time by punting the football about on the village places. It is rumored that a German aviator observed this and has sent in a report that the British forces were thoroughly disorganized and running about their post in blind panic."

TO BUILD BIG GLASS PLANT.

RED CLIFF, Alta., Oct. 2.—The construction of an immense glass plant to cover five acres is announced to be commenced this week. It is expected that the plant will be ready to begin operations in December.

CAVALRY WILL COMPOSE SECOND CANADIAN FORCE.

The second Canadian contingent, understood, will be composed of more than 1,000 men. It is thought that in most cases one squadron from each regiment will be sent. As there are 170 men to be sent, Canada will be able to send in the neighborhood of 15,000 mounted soldiers to the front. The 1st Squadron of the Hussars of London, Ont., have received word that they will represent their regiment in the second contingent.

HAMILTON COUNCIL INSPECT HOSPITAL.

Aldermen Study Improvements and Advisability of Building Kitchen.

MILITIA DRILLS ACTIVE.

Labor Council Decides to Withhold Grant From Relief Fund.

By a Staff Reporter.

HAMILTON, Oct. 3.—The city council visited the City Hospital yesterday afternoon, and made an inspection of the buildings to ascertain what improvements were needed and look over the site of the proposed kitchen, for which the council was asked to grant \$35,000. When this matter came up the council at its last meeting it was voted down and the aldermen were requested to investigate and find out whether or not it was needed at the present time. The question will be dealt with again at the council meeting on Monday evening.

Members of the works committee of the city council, accompanied by Mayor Allan and Controller Cooper, visited the old Trolley street sewage plant yesterday afternoon to find out if that building is worth repairing. It is thought that it would be useless to fix the plant up until the new east-end sewerage system is finished, but no definite action was taken. A special meeting was held in the city hall yesterday afternoon, recommending the council authorize the commencing of work on the east-end sewer as soon as possible.

Little business was transacted at the Trades and Labor Council meeting last evening, owing to a misunderstanding in regard to the caring for the homes of the homes in the city the proposed relief fund.

The council has made annual donations to the various charitable and benevolent societies, but it is expected that nearly 500 men will answer the call for the relief fund.

On the request of the molders the labor council yesterday afternoon authorized a factory inspector appointed for Ontario, Reciprocity Parades.

Nearly 100 members of the 13th Royal Regiment turned out for the parade. The men marched along the principal streets, and practiced drill in the city. It is expected that nearly 500 men will answer the call for the relief fund.

Arrested For Fraud.

Acting Detectives Shirley and E. Smith yesterday arrested James Barr, 99 North Sherman avenue, charged with fraud. He will be taken to Port Colborne for trial.

Small Fire in Factories.

The factories of Walter Chedwick and Southwick, were damaged to the extent of \$100 by fire which broke out at 7.45 last evening.

Start Canvass Today.

The campaign for the collection of funds for the Hamilton United Relief Association, for the board of the relief fund, will be made arrangements for the distribution of envelopes to every house in the city today. These will be collected next week.

Verona Mattice, daughter of Livingston Mattice, 230 Gibson avenue, died yesterday.

No Agreement Reached.

At a special meeting of the board of control yesterday morning the improvement property were considered by J. Southam, representing the syndicate. The agreement clause was eliminated from the certain concessions. A special meeting of the board will be held tomorrow morning to go further into the question.

With \$100,000 of Work in Winter.

Exclusive of the improvement on actual labor, the board of control yesterday afternoon approved a new heating system for the school. The new schools will be built on Wentworth street in the west end, and on the corner of the new part of the city. As arrangements had been made with the Bank of Hamilton for the handling of the school, the board of control granted the request and tender will be asked for immediately.

Grocers to Aid Relief.

Altho grocers objected to the methods to be employed by the Hamilton United Relief Association at the beginning of the winter, they are now found that our men had been able to take care of themselves and had dug themselves in. That Sunday afternoon were present of four battalions of British soldiers—the Dorsets, the West Kent, the King's Own Yorkshire Light Infantry and the King's Own Scottish Borderers.

CHILD WAS RUN OVER BY AUTOMOBILE, KILLED.

Little Son of James Cousins, Fireman, Ran in Front of Car.

Little Johnny Cousins, 121 Hamilton street, was hit by automobile 2448 last night, driven by Walter Follett of 150 Riverdale avenue, and almost instantly killed. The accident occurred near the corner of Hamilton st., on Wilton avenue, at 7.10. The child, who would have been four years of age on the 16th of the month, ran across the street and was not seen until it was too late for the driver to prevent hitting him. His body was carried to the house of Dr. H. H. Hefferling, 260 Broadview avenue, but died immediately.

Follett claims that he was traveling at 15 miles an hour. Altho the child was a light one, the base of the child's skull was fractured, the scalp nearly ripped off and a compression of the chest resulted from the impact.

The child's father, James Cousins, is a member of the fire brigade at Adelaide street station and was at home when the accident occurred. Mrs. Cousins was protesting at the news. Follett was held at No. 8 Police Station, but explained the accident satisfactorily. A little girl was the only witness. The body was taken to the morgue.

GERMAN RETREAT RESEMBLED ROUT.

Invasion of Section of Russian Poland Has Abruptly Ended.

(Continued From Page 1.)

Poland and the Donajco River in Galicia. This force consisted of the main Russian army. It is said to have gone into action along the Raba River, the first advance line before Cracow.

Von Hindenberg Commands.

Gen. Von Hindenberg, who has scored several successes against the advance of the czar's legions, is in command at Cracow, where several of the Russian army corps are stationed. These troops did not retreat in France before being transferred. The total Austro-German force are estimated in some quarters to aggregate 2,500,000 men. These figures are probably excessive.

Opposed to these forces are the pick of the Russian troops, under General G. Rennenkampf. At least one million men will be in the fighting line, supported by a enormous amount of heavy artillery.

GERMAN LOSSES 30,000.

Special Direct Copyrighted Cable to The Toronto World.

ROME, Oct. 2.—The Russian embassy announces that the Germans have been decisively defeated with terrible loss in the provinces of Lodz and Suwalki. The Germans have been compelled to flee from Suwalki, Ostrovtz and other towns, leaving great quantities of transport guns, their heavy and small baggage. Numerous batteries were abandoned in the deep quagmire.

Other messages from Petrograd, declare that the Germans lost 30,000 killed and wounded and 20,000 prisoners.

FLED IN PANIC.

Canadian Press Despatch.

LONDON, Oct. 2.—A despatch to the Central News from Rome says:

"The Russian embassy here has issued a communication which announces that the Germans have suffered a terrible defeat in the provinces of Lodz and Suwalki, Russian Poland. The Germans, the communication says, were attacked all along from Suwalki, Ostrovtz and other towns, leaving behind them great quantities of transport and guns. Their troops threw away their rifles and baggage. Numerous cannon were abandoned in the quagmire."

Other telegrams from Petrograd, the Central News correspondent at Rome says, declare that the Germans have lost 30,000 men, killed or wounded, and 20,000 men taken prisoners.

GREAT CONFLICT AT CRACOW.

Special Direct Copyrighted Cable to The Toronto World.

ROME, Oct. 2.—Four Austrian and Saxons army corps are assisting the remains of the Austrian army in a great battle which has begun before Cracow, says a despatch from Petrograd to The Giornale d'Italia.

RUSSIAN CAVALRY'S SUCCESS.

Canadian Press Despatch.

PETERSBURG, Oct. 2.—A despatch from Petrograd gives the following official announcement:

"A division of Russian cavalry has obtained a brilliant success against the advance guard of Germans leaving Andree, Government of Kielce, Russian Poland. The enemy, surprised, threw down their arms and ammunition and fled, while the Russian cavalry cut up a laggard detachment.

"The German operations in Russian territory have nearly all failed, their roads, which are not macadamized. Most of the batteries become stuck in the mud as soon as they leave the principal routes."

GERMANS FALL BACK.

Fighting in Suwalki and Lomza Districts is of Fiercer Character.

(RUSSIAN OFFICIAL.)

Canadian Press Despatch.

PETERSBURG, Oct. 2.—The general staff has given out the following official communication:

"The Russian troops have continued to repulse the enemy from the Suwalki and Lomza. The engagement has been very fierce west of Szymon."

"The German troops that were attacking Ossowetz are retreating rapidly to the north. Considerable forces of the enemy, of which the bulk arrived from the west, are concentrating in the districts west of the governments of Piotrkow and Kielce.

"The Russian cavalry and vanguard are reconnoitering energetically through all that region impending through vigorous attacks the movement of the enemy. The Germans always endeavor to use the highways in Russian territory because the other roads being rough, paralyze their artillery trains.

Cavalry's Great Success.

"An attack by the Russian cavalry against the German vanguard in front of the city and marching on Kielce was crowned with great success. The German infantry was caught unawares, and is retreating in disorder, pursued by the Russian cavalry.

"The bombardment of Ossowetz did damage to only a few private dwellings and a few telephone lines, as the garrison was sheltered by numerous concrete walls.

"The offensive by the Russian troops marching thru the forests of Augustowo was not covered by the artillery. South of Augustowo, a hand-to-hand engagement took place. It was particularly fierce in the semicircle between the Bialobroze basin, which was crossed by a Russian column and the Augustowo canal near the Borki basin. The issue of this engagement was decided by an attack from Augustowo.

"Northwest of the forest of Augustowo the Russians were compelled to attack the rear guard of the Germans. The Russian defiles and in fortified positions, where the Russian infantry received great help from its heavy artillery, which caused great losses to the enemy, who were dislodged from their entrenchments and retired under our fire.

Success Everywhere.

"The battle is proceeding over an extensive front, the Germans occupying positions near Marlampol and south of Stuzhynsk.

"In the vicinity of Gresouch the ground is very rough, making it very difficult for the troops to keep their battle lines. This has resulted in a series of individual engagements. The advance of the Russian troops is meeting with success everywhere."

Saint Catherine forts and have, in each instance, been repulsed with heavy loss. The Belgian artillery and rapid fire guns have wrought fearful execution. The German dead can be counted by thousands. Entire companies have been decimated."

The news received from Antwerp says that the situation so far as the Belgians are concerned, is excellent. The Germans have failed in every attempt to take the forts. They have repeatedly charged the Warre and

King Albert in Command.

King Albert, the hero monarch of the little nation, is directing operations in person. He makes daily ascents in a captive balloon and carefully marks the success of the various battalions. Yesterday the Germans directed a tremendous fire at the balloon, in which he ascended, but without damaging the big gas bag. King Albert spends much time in the trenches and on even the most advanced lines above the beleaguered city.

Instead of profiting by the lesson learned at Yser, the German commanders persist in throwing their cohorts against heavily fortified positions without regard to loss of life or feelings of humanity. The frontal assault is again in evidence, with the Antwerp forts breaking havoc on each assaulting column. Wrecking charges have been repeatedly delivered during the last few days. The official press bureau issues a statement this evening denying emphatically the capture of two Antwerp forts, and says in

FIND BETTERMENT
IN CANADA'S TRADE

Dun's and Bradstreet's Report
Revival, Especially in
Farming Sections.

MANY ORDERS TAKEN

Manufacturers in Toronto and
Montreal Begin to Be-
come Busy.

Special to The Toronto World.

NEW YORK, Oct. 2.—Dun's Weekly
Review of Trade tomorrow will say:

Despatches to R. G. Dun and Com-
pany, in leading trade centres of the
Dominion of Canada, indicate that
well-maintained confidence prevails,
alho the actual volume of business
has not increased to any great extent.
Montreal reports that the movement
of reasonable merchandise is rather
slow, the satisfaction is generally ex-
pressed that sales are in as fair
volume, considering prevailing condi-
tions. Retail trade is rather quiet,
and wholesalers are not especially
busy, but some manufacturing lines
are more active, especially those en-
gaged on government contracts. Ret-
ail trade at Quebec is in very satis-
fying volume for this season and
little complaint is heard from whole-
salers regarding its condition. Hal-
fax reports a little change in the trade
situation, there being still a moderate
demand for reasonable commodities,
but industrial lines are quiet, with
most factories working on reduced
time.

Good Orders at Toronto.

Numerous manufacturers at Toronto
are receiving good orders, and in some
mercantile lines business has im-
proved. There is moderate move-
ment of dry goods and a fair demand
for groceries and provisions. Busi-
ness at Hamilton is quiet and a con-
servative feeling prevails in practically
all lines. Business in all lines thro-
out the Far West and Northwest is
fairly well maintained, and is reported
to be well up to the average for this
season. The demand for groceries and
provisions has fallen off at Winnipeg,
but there is a brisk movement of
men's furnishings, clothing and foot-
wear, and the department stores state
that sales are well up to those of a
year ago in these lines. City trade
is quiet as Saskatchewan, but country
merchants are buying more freely and
the outlook is encouraging. Whole-
sales at Regina report an active de-
mand for staple lines, especially in
foodstuffs.

Improvement at Calgary.

Wholesale trade shows some improve-
ment at Calgary, and there is a better
retail demand for reasonable mer-
chandise. Country merchants are
buying more freely at Edmonton, and
indications on the whole are regarded
as favorable. Retail trade is rather
quiet at Vancouver, but jobbing lines
show improvement and confidence is
gradually returning.

Gross earnings of all Canadian rail-
roads reporting for three weeks in
September show a decrease of 4.7 per
cent, as compared with the earnings
for the same weeks for the correspond-
ing period a year ago. Commercial
failures in the Dominion of Canada
this week numbered 60, as against 71
last week and 52 the same week last
year.

Trade Improves in West.

Business in the older sections of
Canada is slow, but in the agricultural
regions it is picking up. The war
tends to stimulate such lines as tex-
tiles and leather. Wheat thrashing
in the prairie provinces is almost fin-
ished and shipments are heavy, but
these farmers who are in a position
to hold their wheat show no anxiety
to sell, expecting, as they do, that
prices will be higher. Collections in
the Northwest display considerable
improvement. Bank clearings at six-
teen cities for the week ending with
Thursday, aggregate \$147,057,000, a
decrease of 2.7 per cent. from last
week and of 23.3 per cent. from the like
week in 1913. Business failures for
the week ending with Thursday last,
88 in number, contrast with 68 last
week and 43 in the corresponding
week of last year.

GIVEN ANOTHER CHANCE

Men Arrested for Ignoring Call
Will Be Sent to Front.

Canadian Press Despatch.
PARIS, Oct. 2.—Numerous prisoners
who were liable to military service and
evaded the order to mobilize have been
tried by court-martial and sentenced
to prison. In addition, the military
court decided that after the comple-
tion of their prison sentences the of-
fenders should be compelled to fulfil
their military duty.

The war office, however, has mod-
ified the edict of the court. In an or-
der issued today the war office said
it would permit the convicted men to
go to the front. The order also ex-
presses the hope that the convicted
men by good conduct under fire may
earn a reduction in the penalty de-
creed by the court-martial.

JOHN BULL SENDS
BOOTS TO FRANCE

French Soldiers Footwear
Evidently Went to Pieces
Early in Campaign.

(Correspondence of Associated Press.)
LONDON, Sept. 22.—The large or-
ders on short time contracts that
France has placed in England for
boots and shoes for its soldiers bear
out the report that the footwear of
the French went to pieces early in the
campaign.

One order alone has been placed at
Northampton for the delivery of 100,-
000 pairs to France before Oct. 26, and
the first shipment has already been
made. "The short time limit of these
contracts shows how imperative is the
need.

Altogether the war has caused an
artificial manufacturing boom in Bir-
mingham, Sheffield, Leeds and thro-
ugh the Midlands, as well as thro-
ughout the kingdom. Where there were formerly
hosts of unemployed, factories are
running night and day on military
supplies. The needs have a wide
range and include cannon, shoe-
strings, razors, traction engines, cart-
ridges, socks, saddles, rations, cloth,
uniforms, underclothes, oilskins, bay-
onets, kitchen equipment, tents, motor
trucks, explosives and boots.

RIGHT OF SEARCH
CAUSING FRICTION

Relations of Britain and United
States Are Growing
Strained.

MAY BE ULTIMATUM

Washington Resents Propo-
sed Seizure of Shipments to
Neutral Countries.

Special to The Toronto World.

WASHINGTON, Oct. 2.—Altho the
negotiations between Secretary Bryan
and Sir Cecil Spring-Rice, the British
ambassador, are being carried on in an
amicable spirit, there is no ques-
tion but that the dispute between the
two governments over the right of
search is becoming acute. The
situation is moreover complicated by
the action of the British Government
in adopting the Smoot resolution calling
upon the secretary of state for informa-
tion as to the seizure of copper consign-
ments in neutral harbors. The general
position of the United States Govern-
ment is that the belligerents have no
right under international law to search
or seize vessels under the American flag
carrying cargoes from one neutral port
to another neutral port. The British
Government on the other hand takes
the position that grain and other sup-
plies shipped to Dutch, Scandinavian,
Turkish and Italian ports may even-
tually find their way to Germany, to
starve out Germany is the most effec-
tive way to bring about peace, and
Britain in command of the seas is
determined that the enemy shall not
obtain supplies from the United
States thru Holland or other neutral
European countries.

Seizure of Copper.

The cargoes of copper seized by the
British cruisers, it is contended, were
being shipped to the great Krupp con-
cern, and were therefore contraband
of war. On the other hand the British
Government had no special interest in
copper to be conditional contraband be-
fore the vessels called from American
ports.

Of far more reaching consequence
is the virtual declaration by Britain
that all shipments from the United
States to Dutch and Scandinavian
ports will be liable to seizure. The
United States refuses absolutely to
recognize the justice of this contention
and if the right is insisted upon an
ultimatum will follow unless some way
out of the impasse can be agreed upon.

Big Markets Cut Off.

The embargo is causing consider-
able irritation here, because the war
has opened a considerable market to
the American exporters in a number
of European countries, including Nor-
way, Sweden, Holland and Italy, which
will be virtually cut off if the British
Government insists upon its present
position.

Secretary Bryan stated tonight that
the discussion has been proceeding in
a friendly spirit, but intimated that as
yet the two governments have been
unable to reach any basis of agree-
ment.

HOLLAND WILL NOT
HELP BELLIGERENTS

Exportation of Foodstuffs to
Countries at War is Pro-
hibited.

Canadian Press Despatch.

LONDON, Oct. 2, 1:45 p.m.—Holland
has given assurance that it will pre-
vent the exportation of foodstuffs
from Holland to Germany or to other
countries now at war.

This action by the Dutch Govern-
ment greatly simplifies the difficulties
which have arisen concerning cargoes
of food destined for the Netherlands,
and makes it possible for the British
Government to resume the seizure and
investigation of cargoes of foodstuffs
consigned to Dutch dealers.

The decision will eliminate also the
friction caused by the seizure of food-
stuffs from the United States to
Rotterdam, and is described as
gratifying both to the British foreign
secretary, Sir Edward Grey, and the
American authorities, who have been
conferring daily as to what shipments
may be properly considered contra-
band. A great percentage of the
American exports to Holland is wheat
and other foodstuffs, the status of
which is now thoroly defined.

BRITAIN WILL LAY
MINES IN REPRISAL

Admiralty Announces Course
is Necessary on Military
Grounds.

Canadian Press Despatch.

LONDON, Oct. 2.—The official in-
formation bureau announced today
that the government had decided to
lay mines in certain areas as a counter
stroke to the German procedure.

The official information bureau has
issued the following on behalf of the
admiralty:

"The German policy of mine-laying,
combined with their submarine activ-
ity, makes it necessary on military
grounds for the admiralty to adopt
counter measures.

"His Majesty's government has
therefore authorized a mine-laying
policy in certain areas."

To Reduce Risks.

A system of mine fields has been
established and is being developed
upon a considerable scale in military
grounds for the admiralty to adopt
counter measures.

NAVAL AIRMEN
DID GOOD WORK

Patrolled the Strait of Dover
While Troops Were Be-
ing Moved.

Effective Results Accomplish-

Special Direct Copyrighted Cable to

LONDON, Oct. 2.—While the ex-
peditionary force is being moved
abroad, says a statement from the
British admiralty, "a strong patrol
eastward of the Straits of Dover has
been undertaken by sea planes and
airships of the naval air service. The
airships have steadily been patrolling
between the French and the English
coasts for twelve hours at a stretch."

Further east with the assistance of
the Belgians a temporary sea plane
base has been established at Ostend,
and a patrol of sea planes is being kept up
between Ostend and the English coast,
thus making it impossible for the
enemy's ships to approach the Straits
without being seen very many miles
away.

Birdmen Are Daring.

Illustrative of the daring and skill of
the "birdmen" once it became neces-
sary to change a propeller blade in an
airship of the patrol, the captain
feared it would be necessary to de-
scend to earth, but two of the crew
immediately volunteered to carry out
the difficult task of changing the blade
while in the air. Climbing on the
bracket carrying the propeller shaft,
they changed the blade while 2000 feet
above the sea.

Aug. 27, when Ostend was occupied
by the British marines, a strong squad-
ron of aeroplanes, under the wing of
Commander Sampson, furnished with
complete transport equipment, was
sent over all the aeroplanes flying
thither. Later the aeroplane camp was
moved.

Armed Motor Cars.

Much good work is being accom-
plished by aeroplanes supported by
armed motor cars. Advanced bases
have been established in the field,
and several skirmishes have taken place
between the armed motor car support
and bands of Uhlans in all of which
fighting the enemy was routed, losing
considerable numbers in killed and
wounded.

GREAT BATTLE
NEAR CRACOW

Most Important Fighting of
Eastern Campaign is in
Progress.

PLANS THAT FAILED

German Invasion of Russia
Has Proved Disastrous
in Results.

Canadian Press Despatch.

LONDON, Oct. 2.—The battle which
promises to be the greatest and most
important of the eastern campaign has
commenced near Cracow, Galicia,
where an Austro-German army, esti-
mated to number 300,000 men, is en-
deavoring to check the Russian ad-
vance. This combined Austro-Ger-
man army has occupied a line just in-
side the Russian Poland frontier from
Cracow, thru Czenstochowa to Kalisz,
and has had lots of time to prepare
strong defensive positions. Both sides
are bringing up reinforcements. The
Germans are hurrying their troops
from Breslau and Bavaria. All the Bo-
hemian and Moravian railways are
congested with German troops and
war material.

The German plan of an invasion of
Russia from East Prussia has failed,
according to Russian official reports.
These reports say the Germans got as
far as the western bank of the Niemen
River, but found strong Russian
forces in the heights on the eastern
bank. Being in low and marshy
ground, the Germans, according to the
Russian viewpoint, were at a disad-
vantage and could not advance.

Battle at Miriamopol.

A fight is now in progress at Miri-
ampol, near the northeastern Prussian
frontier, while further south in the
Suwalki district the Russians claim
to have turned the German right into
disorderly flight.

More heavy fighting is taking place
at Augustowo, 140 miles northeast
of Warsaw, in the Province of Suwalki,
where the Germans have received re-
inforcements and been able to take the
offensive. At Grajewo, 25 miles south-
west of Augustowo, the Russians have
again entered German territory, and
at Mlawka the Russians claim a victory
over the Germans.

ment made in Berlin today the great
battle in France is still undecided.
The Germans are described as ham-
mering the French positions at num-
merous points by their heavy artillery.
The attempts of the allies to break
thru the German lines have been re-

HAVE DARK HAIR
AND LOOK YOUNG

Nobody Can Tell When You
Darken Gray, Faded Hair
With Sage Tea.

Grandmother kept her hair beauti-
fully darkened, glossy and abundant
with a brew of Sage Tea and Sulphur.
Whenever her hair fell out or took on
that dull, faded or streaked appear-
ance, this simple mixture was applied
with wonderful effect. By asking at
any drugstore for "Wyeth's Sage and
Sulphur Compound," you will get a
large bottle of this old-time recipe,
ready to use, for about 50 cents. This
simple mixture can be depended upon
to restore natural color and beauty to
the hair and is splendid for dandruff,
dry, itchy scalp and falling hair.

A well known downtown druggist
says everybody uses Wyeth's Sage and
Sulphur, because it darkens so nat-
urally and evenly that nobody can
tell it has been applied—it's so easy
to use, too. You simply dampen a
comb or soft brush and draw it thru
your hair, taking one strand at a time.
By morning the gray hair disappears,
after another application or two, it is
restored to its natural color and looks
glossy, soft and abundant.

A REAL ELECTRIC REMEDY.
THE REMEDY THAT GIVES SATISFACTION

Take an inventory of yourself. See the truth. Don't further wreck
your nervous system and befuddle your brain with DRUGS, stimulants, but
use that great, wondrous power, Electricity, as I apply it with my Electric
Belt. No sensible man now uses drugs to build up his strength, or to cure
his aches and pains. Drugs are unnatural, and most is unnatural must
necessarily be harmful.

The most eminent physicians and scientists of the world now agree with
me that electricity is the basis of human health, and that we cannot feel
well and strong unless we have a normal supply of it in our bodies. Elec-
tricity is the life of the nerves, and there is no way in which it can be
applied that is so effective as with my Belt. Applied while you sleep, it
directs a soothing, invigorating current, a glowing warmth through all the
body.

An Easy Way to Get Fat and Strong

The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy foods, rubbing on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of thinness goes unheeded. You cannot get fat until your digestive tract assimilates the food you eat.

SWORE IN HEARST AND COL. HENDRIE

Yesterday Morning Was Devoted to Ceremony at Parliament Building.

SIR JOHN'S LAST ACT Administered Oath to New Premier an Hour Before Leaving Office.

The Ontario Government is once more ready to resume business under a new directorate, the new members of the cabinet and Premier Hearst having been sworn in yesterday. The whole morning was devoted to the ceremonies necessary to the taking up of the reins of cabinet office by new officials, and at the end a social function, presided over by the premier and Lieutenant-Governor Hendrie, was held for an hour in the council rooms.

The first ceremony was that of administering the oaths of office to Hon. Mr. Hearst and Finlay Macdunnachie, the new minister of public works. This constituted the last official act of Sir John Gibson. He rode to the buildings at 10 o'clock for this purpose, and his term of office expired in one hour according to schedule. The arrangement had been made for Col. Hendrie to be sworn in at 11 o'clock.

Foy Was Present. Rodolphe Boudreau, clerk of the federal privy council, arrived from Ottawa and, assisted by Sir William Mulock, administered the oaths. The ceremony was brief and conducted in the presence only of the new cabinet and the few guests.

The doors were then thrown open and an informal reception took place. One of the happy features of the occasion was the presence of Hon. J. Foy, who had come to the buildings for the first time in some months. He showed considerable vigor and expressed pleasure at being able to visit his office again. His presence was appreciated very much by Hon. Mr. Hearst and Col. Hendrie.

For the next few weeks at least Mr. Hearst will divide his time between the offices of premier and minister of the forests and mines, and the expectation that any further shift of offices is unlikely during that time. Mr. Macdunnachie immediately entered on his new duties and spent the afternoon in becoming accustomed to a ministerial desk. Hon. Dr. Reame will be back next week to close up several outstanding matters in the department.

There was no swearing in of those cabinet ministers who served under Sir James, this not being a necessary procedure. Instead, the resignations which they had tendered were simply returned to them and they retained their positions. Neither Sir Adam Beck nor Dr. Reame was present on the occasion.

To Succeed Hearst. There is still some speculation as to the likely minister of lands and mines. Both "Tom" McGarry of Renfrew and Howard Ferguson of Grenville are understood to be in line, and if a man from Northern Ontario were considered it would likely be Chas. McCrae of Sudbury. The latter possibility is considered slight altho a deputation from the Timiskaming region was in the buildings yesterday presumably urging their interests. In addition to congratulating the first Ontario premier to come from the north they sought to get Frank Cochrane to take the federal seat of Timiskaming. His seat of Nipissing has been cut in two by redistribution and admirers in the northern half are desirous of having him as representative.

Among those present at the swearing in of the lieutenant-governor were Hon. Messrs. Cochrane and A. E. Kemp, Mrs. Hendrie, Miss Enid Hendrie and Mrs. Trumbull Warren, Mrs. Hearst and Mrs. Glackmeyer.

ALL ARE INVITED TO INSPECT HOMES

Local Council of Women Have Arranged Tea at Bain Avenue Today.

CLOSE ORGANIZATION

Municipal Chapter, Daughters of the Empire, Will Form Central Executive.

Of especial interest to many girls and women who are looking for comfortable apartments at reasonable rates for the coming winter months is the invitation of the housing committee of the Local Council of Women to tea and an inspection of the Business Women's Apartments on Bain Avenue this afternoon at 3.30 o'clock. Members of the council and all interested friends are included in the invitation and will be made welcome.

A largely attended meeting of the Municipal Chapter I. O. D. E. was held at the headquarters of the order yesterday afternoon. Mrs. R. S. Wilson presided. Mrs. Goodenham, the national president, was present. Mrs. John Bruce was appointed organizing secretary for the city chapters. Another change was brought about on the recommendation of the regent, that of the appointment of an executive for the municipal chapter. This body is composed of representatives of all the chapters of the city, and Mrs. Wilson explained that in emergencies she would sometimes like the support of the various chapters, but found it difficult to call the large number who form their membership. She therefore proposed that representatives of the 23 city chapters should form an executive. The regents of the chapters were in favor of the proposal. Mrs. Goodenham was in favor of the proposal and the secretary will write to the national for permission to make the change.

A great deal of care and discussion was expended on the matter of visiting the wives and families of the absent soldiers, and volunteers were given leave to enable them to make their calls at an early date.

Articles Needed. The minister of militia has appointed Miss Arnold and Miss Plummer to go with nurses who are going with the Canadian troops, the two Toronto ladies to be in charge of the field supplies sent to the soldiers. Miss Plummer has sent the following information:

- Boxes of articles for soldiers at the front are to be marked 'Field supplies.' Articles important to send are: 1. Belts. Asked for in thousands. 2. Socks. Never can be enough. Hand-knit strongly recommended. Balachava caps are necessary until government issues. Colored handkerchiefs wanted; cotton will do, but dark silk, hemmed and square would be more useful. Housewives in small quantities are needed. Scissors essential. Wristlets needed by all drivers—even if gloves issued. Boots.

U. E. L. Executive. The regular meeting of the Eschurt W.C.T.U. will be held on Monday afternoon in Broadway Tabernacle, corner College and Spadina avenue. All members are invited to attend. Visitors welcome.

On Tuesday afternoon at 5 o'clock a meeting of the executive of the United Empire Loyalist Association will be held at the home of Col. Ryerson, College street. The Beaches Progressive Club are asking for old magazines. They will be grateful for any sent to 62 Balsam avenue. The branch also announces that for the present the usual work will be laid aside and the members are engaged in the patriotic activities of the times.

Parkdale W. C. T. U. At the rally of the Parkdale Union W. C. T. U., held in the Parkdale Methodist Church yesterday afternoon, arrangements were completed for the coming provincial convention next week. Mrs. Hines presided at the meeting, and a recitation, "The Siege of Lucknow," given by Mrs. Cameron, was thoroughly enjoyed by the members. The general junior service of the Diocesan Women's Auxiliary will be held in St. James' Cathedral on Saturday, October 24th, at 3 o'clock. The junior conference will take place in November.

JUDGES AND LAWYERS DIED ON FIRING LINE French Bench and Bar Suffer Greatly From War's Ravages.

Canadian Press Despatch. PARIS, Oct. 2, 5.05 P.M. The French bar has suffered the fortunes of war. In opening the sessions of the courts today the public prosecutor, Jules Herbaux, announced that three judges of the Paris bench had been killed, while a list of dead issued by the war office contained the names of many lawyers, among them being a large number of young men who had already entered on brilliant careers and whose futures seemed full of promise. Justice Blondel, the public prosecutor said, fell in the fighting on the Meuse. Justice Matillon was killed at the Aisne and Justice Perlange was mortally wounded in a recent engagement.

GOODS MADE IN CANADA. As an evidence of the increasing preference for Canadian-made goods it is interesting to note that Frank G. McKay, a leading member of the Toronto Advertising Club, received an honorary membership in the British Columbia trade union training benches made in Canada. Such equipment, except on rare occasions, has always been imported. An effort will now be made by Mr. McKay to supply only Canadian-made benches as far as possible.

Advertisement for Royalite kerosene. It features a circular logo with 'THE IMPERIAL OIL COMPANY LIMITED' and 'ROYALITE' in the center. The text reads: 'FOR HEAT AND LIGHT BURN ROYALITE ALL kerosene is not alike—there are many varying grades and qualities. Royalite is the registered trade name of The Imperial Oil Company's pure, high grade, extra refined kerosene. When properly used it will not give any smoke or soot, and it is always absolutely uniform. The Imperial Oil Company is the largest refiner in Canada. Because of its extensive manufacturing resources and its system of delivering direct from the refinery to the store or the consumer, it can offer Royalite at a price which, considering the quality, is remarkably low. You can get Royalite everywhere—in villages as well as cities and towns. You can also get Rayo Lamps, and Perfection Heaters and Stoves, for which The Imperial Oil Company is general distributor. CORNWALL MAN HURT IN RUNAWAY ACCIDENT Frank Layvine in Critical Condition From Being Thrown on Head.

CORNWALL, Oct. 2.—Frank Layvine, who lives on the Carlos Kinney farm at Massena Centre, is lying in the Hotel Duke Hospital here in a critical condition as the result of a runaway accident, and his chances of recovery are said to be poor. While driving home from a neighbor's horse was frightened by a dog and ran away, throwing him out on his head and shoulders. Dr. Elkins found that Layvine was suffering from a severe concussion and from bleeding from the nose and ears. He was hurried to Cornwall.

LEAVES LARGE ESTATE. Mrs. Sarah R. Lanson of 3 May square, who died on Sept. 3, 1914, leaves an estate valued at \$95,210.

SISTER: READ MY FREE OFFER.

I am a woman. I know a woman's trials. I know her need of sympathy and help. If you, my sister, are unhappy because of ill-health, and feel unfit for household duties, social pleasures, or daily employment, write and tell me just how you suffer, and ask for my free offer of a trial of a home treatment suited to your needs with references to Canadian ladies who gladly tell how they have regained health, strength, and happiness by its use. I want to tell you all about this successful method of home treatment for yourself, my reader, for your daughter, your sister, or your mother. I want to tell you how to cure yourselves at home at trifling cost, and without aid from anyone. Men cannot understand women's sufferings; what we women know from experience, we know better than anything else about it. Thousands have proved there is hope even for the hopeless in my method of home treatment. If you suffer from pain in the head, back, or bowels, feeling of weight and dragging down sensations, nervousness, depression, or general feeling that life is not worth living, I invite you to send to-day for my complete ten days' treatment entirely free and postpaid. To prove to yourself that these ailments can be easily and surely conquered at your own home, without the expense of hospital treatment, or the dangers of an operation. Women everywhere are escaping the surgeon's knife by knowing of my simple method of home treatment, and when you are cured, my sister, I will only ask you to pass the good word along to some other sufferer. My home treatment is for all—old and young women, and restores them to health, vigor, and happiness. It is a simple home treatment which speedily and effectively cures green-streaks, chlorosis, irregularities, headaches, and lassitude in young women, and restores them to health and vigor. Tell me if you are worried about your daughter. Remember, it costs you nothing to give my method of home treatment a complete ten days' trial, and if you wish to postpaid, and I will send it in plain wrapper by return mail. To save time you can cut out this offer, mark the places that tell your feelings, and return to me. Write and ask for the free treatment to-day, as you may not see this offer again. Address: MRS. M. SUMMERS, BOX 85, WINDSOR, ONTARIO.

SATURDAY MORNING, OCT. 3.

Starting Fresh

There never was a better chance for a government to make a record than Premier Hearst's government has in the next year...

We have already spoken of the efficiency which is characteristic of the provincial secretary's departments. It should be the aim of Premier Hearst to cultivate a similar efficiency in every other branch of the provincial government.

There are several problems which must be looked after before the next session of the legislature, and if these are handled with judgment it will do much to disarm the criticism which may be expected if the government should prove willing to drift along without taking hold of the arrears of the last year or two.

However, tax reform is essential, and the public opinion of the province has been prepared for a movement in this direction for a considerable time.

The practical men of the tax reformers proper should get together and formulate a reasonable scheme in accordance with public feeling.

One other thing should be done immediately. A beginning should be made at taking an inventory of the provincial assets. No one knows just what the province possesses.

and no one knows how long we may be there, but we know that the new condition has made all kinds of things possible that were impossible before.

MOTOR PATROL NOW HAS LATEST SAFETY SIGNAL Green Light Flashes Up on Side Toward Which Driver Intends to Turn.

Yesterday the police motor patrol was equipped with the latest thing in electrical traffic signal lighting. On each of the front guards is fixed a green light; when the driver turns the steering wheel to the right the movement automatically lights the right-hand light and rings a little buzzer. The same when turning to the left. On the rear is placed a device operated from the steering gear which lights up a small hand pointing either to the right or left, whichever way the driver intends turning. Here also a buzzer calls the attention of the traffic to the signal.

This is the first equipment of its kind to be used in Canada.

THEATRES

MARIE TEMPEST—ALEXANDRA. The play selected by Miss Marie Tempest for her premiere at the Alexandra Theatre on Monday night is the latest addition to the repertoire which she has presented on this stage. It is a well-known play, arranged for her by the actress. "Marie Goes First" was specially written for her by Sir Henry Arthur Jones. In the delineation of the chief character, "Marie Whitchell," Miss Tempest is the artist par excellence. The anomalous social position of the new-made knight and his lady is always a humorous spectacle when treated with a sense of the fitness of things. And when the actress, who insists upon making her character the social rights of her elevated station, it is a matter for the mirth of gods and men. The actors supporting Miss Tempest, headed by Mr. W. Graham Browne, are the same that have been associated with the London production of the comedy.

LOEW'S WINTER GARDEN. Next week's new bill at Loew's Winter Garden will present an extraordinary headline feature in the Royal Pekin troupe of the famous and famous French troupe performance. The crowning stage is a thrilling slide from gallery to gallery by a member of the troupe, Rev. an original ventriloquist; Louise Riel, an original ventriloquist; Louise Riel, an original ventriloquist; Louise Riel, an original ventriloquist.

BILLIE BURKE IN "JERRY." Into one quiet Philadelphia suburb struts a lively up-to-date Chicago girl in her "new" dress, "new" hat, "new" shoes, and situations to keep an audience in gales of laughter an entire evening.

That was the recipe Catherine Childholm Cushing used when she wrote "Jerry," the comedy in which Miss Billie Burke will be seen at the Princess Theatre all next week. The role of the heroine—the aforementioned "lively, up-to-date" Chicago girl—is her specialty.

"POLLY OF THE CIRCUS." Her charming naturalness is a particular asset of dainty little Elsie Lee, who will appear in "Polly of the Circus" at the Grand Opera House next week. This graceful actress, who is still in her teens, has achieved splendid success in the title role of Margaret Mayo's irresistible romantic comedy, the longevity of which is positive evidence of its being an ordinary work as a theatrical property.

TWO SENIOR GAMES ON TODAY'S CARD

Varsity and the Old Boys, and Argos and Hamilton R.C.

Toronto fans will get their first taste of senior rugby today, when two of the local teams will be seen in action.

Up at Rosedale Argonauts are making their initial appearance in an exhibition game with the Hamilton Rowing Club senior O.R.F.U. Hamilton is strong in every department, and the Argos will have to move to score a win.

The Varsity team is practically a new one this year, and the followers of the students will have a chance to look them over, as Capt. Gage will give every man a chance.

Parkdale Junior O.R.F.U. men whose names appear below are asked to turn out at Trinity College campus at 2 o'clock sharp this afternoon for the game with Balmby Beach, Delaporte, Birdall, Wedd, Percy, Langdon, Avery, Kinneer, Swalm, Lane, Sparrow, Smith, Helk, Garrett, Ward, Kellog, Evans, A. Lynch, J. Lynch, Tutill and Edmanon.

The High Park-West-end game of the Senior City Rugby League, will be played off at Trinity College at 2 o'clock sharp, before the Balmby Beach-Parkdale Canoe Club game. Clubs kindly note.

West-end "Y's" senior boys' Union League team will practise at Trinity College grounds this afternoon at 2 o'clock. All wishing to join the team are requested to be on hand, as we want to get the team rounded into shape for our first game.

A big surprise was sprung in the opening games of the High School League yesterday when Riverdale defeated Jarvis 11 to 7 for the first time in history. Parkdale defeated Harbord 14 to 8 in a great game, and Oakwood was defeated by Humberdale 13 to 0.

SEVEN MOTORCYCLE RACES.

Seven motorcycle events and two British Rugby football games make up the grand wind-up program at the Motor-cycle Club this season. Good weather is expected to be a great asset for the finale. The races start at 2 o'clock. The Rugby games start at 3 o'clock.

PARKDALE, RIVERDALE, TECK AND HUMBERSIDE

Win Opening Games of the City High School League - Rugby Notes.

The High School League got off to a good start yesterday when four senior games were played. At Trinity Parkdale beat their old Harbord rivals by 12 to 0 in two tries secured by Capt. Hall in the second and last quarters. Harbord had them on the run in the third quarter, securing a dead ball point. Parkdale line-up: Wings, Verly, Leeming, Holmes, Simpson, Stone, Marter, scrimmage, Murdoch, Johnson, Leonard, quarter, Vandervoort, halves, Kennedy, Chilcock, Hall, Farrell. Referee: De Gruyck. Umpire: Fox.

Technical School beat Commerce by 20 to 0, 7 to 0 at half time. The game was played at Willowdale Park. The line line work of Technical and the punting of Price for Commerce were features.

In the High School League year series, at Scarborough yesterday, Technical School beat Malvern by 7 to 0.

LACROSSE TEAMS HAVE FINE RECORD

London and Weston Play Intermediate O.A.L.A. Semi-Final Today.

All roads lead to Weston today, where the last semi-final game of the intermediate O.A.L.A. series will be played at 3 o'clock. Weston have a lead of two goals from the previous game played in London last Saturday.

London have two good players in D. Holley and D. Aitchison, who formerly played with Weston, so when these teams line up it should be interesting. Weston have gathered together the best team in years and have disposed of a lot of teams from the semi-final series. After winning their district by defeating the Orioles they disposed of Fergus, Matlands and Marmon, and if they beat London today a sudden-death game will likely follow a week later with Bracebridge at Newmarket, when a championship looks rosy for Weston.

So far Weston have scored some 30 goals to 31 against them in eight games, an average of four goals a game against them, and have only been beaten in one game, by the Matlands, by one goal. Weston has a sturdy and fairly heavy team from goal to inside home and plenty of speed. The four defence men, in McEwen, Holley, Ramshaw and Clayton, are like a stone wall to penetrate, while Riley at centre has speed to burn, and if properly coached should develop into a valuable man. On the home they have a heady and fast scoring division in Harrison, Dickens, G. Coulter, H. Coulter and Smith, and with the system and team play they use should give any senior amateur team a good game. Rowntree's amateur team a good game. Rowntree's amateur team a good game.

B. KING WINS FIRST WEST END HANDICAP

The first weekly handicap run of the fall took place last night at the West End Y.M.C.A. from the club house to Bloor street, about a mile. Result: 1. B. King (10 seconds), 5.15. 2. F. McCullough (scr.), 5.05. 3. O. Johnson (20 seconds), 5.16. About thirty runners took part.

Billy Hay says: "No matter how hard you hit an Irishman, the ever-flowing spring of humor and optimism in his make-up will bring him to his feet smiling."

"The harder he's hit, the higher he bounces, and whether you find him in the vanguard fighting the nation's battles or at 'Donnybrook,' joyously wielding his 'slither' of bog oak, if you listen you will catch the lilt of a song."

"Long after the wounds of the enemy have healed, they will remember the pulsing strains of 'It's a Long Way to Tipperary,' and will wonder at the souls of the men who could go through Hell singing."

"Bidding fair to rival the song in popularity comes the TIPPERARY TIE, with its beautifully blended shades of green. It is new, neat and novel, but with such soft, rich harmonies of color that even the 'quietest' dresser will wear it."

"The 'TIPPERARY TIE' is shown in our windows today, together with a splendid showing of genuine Donegal homespun Suits and Overcoats."

"I want you to see these cloths that are made on the hand looms of the Irish peasantry—and I want you to wear a 'TIPPERARY' TIE."

"Take a 'tip,' it's the smile and the song we find in our hearts these days that keeps

"'BUSINESS AS USUAL.' "The price of the tie? I forgot! 50 cents!"

SALTS FINE FOR RACHING KIDNEYS

We Eat Too Much Meat Which Clogs Kidneys, Then the Back Hurts.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

Association is Now Quite Independent of Ward One Organization.

The East York Liberal-Conservative Association put itself firmly on the map last night by limiting the different districts, and so forced the Ward One Association to understand that it would remain independent in future.

HOBBY'S KIDNEY PILLS

Scarbtoro will have its original eight polling subdivisions. The new riding consists of all polling subdivisions on the west side of Pape avenue, below Danforth avenue, to the easterly limit of Scarboro Township. In the district between Greenwood avenue and Pape avenue there are thirty-three other polling subdivisions, and as they belonged to the Ward One Association they will now line up with the Riverdale Association.

OAKVILLE FAIR HITS NEW RECORD

Fully Nine Thousand Present Yesterday—Special Trains Heavily Loaded.

NEW ATTRACTIONS

Ennisclare Hunt Club Gave Fine Display of Hurdle Jumping.

The members of the Trafalgar Agricultural Society are to be congratulated on the success which attended their annual fair, held yesterday at Westside, Oakville. Never in its history have the exhibitors of the county taken greater interest in the show, entries in all classes of cattle, horses, sheep and vegetables being more numerous than ever.

When the fair opened at 10 o'clock visitors thronged into the grounds, and the influx continued until late in the afternoon, when the attendance was estimated at 9000, which is a third more than in the previous year.

Vegetable Display

Vegetable exhibits were good, especially marrow, celery, pumpkins, onions and cabbages. Gooderham, Anderson Bros. and Ellis and Sons being remarkably fine.

GAIN IN CASH BY NEW YORK BANKS

Big Inflow of Funds Reported - Foreign Exchange Again Declines.

NEW YORK, Oct. 2.—Purchase of bills on London by the \$100,000,000 gold and demand from independent sources brought about another decline in foreign exchange rates, causing falling to 49 1/2 and eight drafts to 49 1/2. Trading in these remittances was again fairly active as the result of the week's heavy grain and cotton shipments. Grain shipments were some 2,600,000 bushels larger than in the preceding week and about 3,200,000 bushels in excess of the same week of 1913.

The enquiry for bonds, particularly those maturing within the next few years, was broader at concessions, which placed most of them on a six per cent basis. Quotations for new city notes were virtually unchanged, but out-of-town sales were more numerous, interior banks taking them as a "secondary reserve." There were wide estimates regarding the weekly movement of cash, forecasts indicating a gain by local institutions of from \$15,000,000 to \$25,000,000. Further contraction of loans is expected with concurrent reduction of deficit in cash reserves. Time money is gradually coming back into the market, and the middle of the month is likely to show an easier tendency. This same condition will doubtless apply to commercial paper and other financial documents.

Bank clearings continue to record pronounced contraction, the total at leading cities of the country showing a decrease of thirty-six per cent as compared with last year. The only exception to this condition is in the middle west, where the abnormal activity in grains has resulted in an increase of exchanges.

GRAIN AND PRODUCE.

Wholemeal dealers at the board of trade quoted yesterday the following prices: No. 1, 1.15; No. 2, 1.10; No. 3, 1.05. Flour—No. 1, 1.15; No. 2, 1.10; No. 3, 1.05. Corn—No. 1, 1.15; No. 2, 1.10; No. 3, 1.05. Oats—No. 1, 1.15; No. 2, 1.10; No. 3, 1.05. Hay—No. 1, 1.15; No. 2, 1.10; No. 3, 1.05.

BIG ASSESSMENT BOOST ACCEPTED BY SIR HENRY. All Appeals Against Pellatt Assessment Withdrawn Yesterday by His Solicitor.

IN the court of revision yesterday Sir Henry Pellatt's solicitor withdrew all the appeals against the assessment on Sir Henry's properties. These comprise several blocks of land on Wells Hill, and include the residence Casa Loma, which has figured in several court disputes during the past few years. The Casa Loma assessment still stands at \$100,000, as established by Judge Winchester last year. The assessment on Sir Henry's other properties, which has been fixed by law until this year, and last year amounted to \$55,100, has been increased by \$242,690. When the tax collector comes around this year the knight of Casa Loma will pay taxes on property valued at \$397,790. The Baldwin estate obtained a reduction in the assessment on three parcels of land on Poplar Plains road. Until this year the assessment on each block had been fixed at \$500. Next year's taxes will be based on a court valuation of \$60, \$40 and \$35 a foot respectively.

RAILWAY EARNINGS LESS THIS MONTH

Returns Show Twenty-Five Thousand Dollar Decrease for September.

MORE FREE APPLES SENT

Work to Be Given in City Parks for Over Four Hundred Men.

Street railway earnings for the month of September are less than in September of last year by \$25,000 and therefore the city's percentage is also lessened. Last month Toronto received \$42,021.16 from the Street Railway Company. The figures are: August, 1914, \$507,812 \$538,322. September, 1914, 525,264 548,959. City's percentage for September, \$42,021.16. More Free Apples. Parks improvement work recommended by the board of control yesterday will give to 462 men work for eight weeks working three days each week. An expenditure of \$34,535 will cover this. Exhibition Park and Humbler boulevard will require an outlay of \$15,000 and \$10,000 respectively.

Five more carloads of apples are available for distribution free of charge to Toronto needy. The minister of agriculture notified the city's property commissioner that Theodor Clarkburg, Milton, Grimsby and Oshawa had each offered a carload free. The city pays the freight bill of \$855. The Oakville Fruit Growers Association sent word that they will send two carloads to Toronto within ten days and will have another three loads ready within three weeks.

BIG ASSESSMENT BOOST ACCEPTED BY SIR HENRY. All Appeals Against Pellatt Assessment Withdrawn Yesterday by His Solicitor.

IN the court of revision yesterday Sir Henry Pellatt's solicitor withdrew all the appeals against the assessment on Sir Henry's properties. These comprise several blocks of land on Wells Hill, and include the residence Casa Loma, which has figured in several court disputes during the past few years. The Casa Loma assessment still stands at \$100,000, as established by Judge Winchester last year. The assessment on Sir Henry's other properties, which has been fixed by law until this year, and last year amounted to \$55,100, has been increased by \$242,690. When the tax collector comes around this year the knight of Casa Loma will pay taxes on property valued at \$397,790. The Baldwin estate obtained a reduction in the assessment on three parcels of land on Poplar Plains road. Until this year the assessment on each block had been fixed at \$500. Next year's taxes will be based on a court valuation of \$60, \$40 and \$35 a foot respectively.

SETTLE DIFFICULTY ABOUT ELEVATORS

Montreal Harbor Board and Dominion Grain Commission Agree. By a Staff Reporter. OTTAWA, Oct. 2.—The difficulty which has arisen between the Dominion grain commission and the Montreal harbor commission over the extension of the jurisdiction of the former over eastern elevators as well as western, was all straightened out today at a conference of the two bodies with Sir George Foster, minister of trade and commerce. The trouble was entirely due to a misunderstanding which disappeared when it was made clear that the aims and objects of the Canada Grain Act were not detrimental to the powers of work of the Montreal harbor commission, each body having its own sphere and neither really interfering with the other.

COLBORNE HOLDS FAIR

BELEVILLE'S NEW SCHOOL. Special to The Toronto World. BELEVILLE, Oct. 2.—An interesting ceremony took place in this city today when a beautiful Union Jack was raised upon the flag staff of Queen Mary School, just completed at high noon. In the presence of hundreds of scholars and many citizens, Mayor Willis raised the flag and was loudly applauded.

YOUR EXECUTOR AND YOUR HEIRS. To assure your heirs the use and enjoyment of your property, the same as if you were able to execute your own will yourself, appoint a Trust Company as your executor. Our thirty-two years experience in interpreting wills and administering them, is an assurance that any will in which we are appointed as executors will be faithfully and conscientiously administered.
