TORONTO YOUTH DROWNED AT HAMILTON

Canoe Upset Off Burlington Beach, and, Altho Body Has Not Been Recovered, It Is Thought Victim Was a Man Named Farley, of Toronto, Who Was Camping There.

When a canoe belonging to E. Muirhead of Toronto upset late last night off Burlington Beach, Hamilton, a young man, who is believed to be a resident of Toronto named Farley, was drowned.

The fatality happened about ten o'clock between stations fourteen and sixteen on the radial. People on the beach heard cries and on arrival at the scene of the drowning found an overturned canoe about one hundred yards from shore.

It was at first thought that the drowned man was E. Muirhead, who is at present camping at the beach, and who lives at the corner of Kings-ton-road and Lee-avenue, Toronto, but upon investigation Muirhead was discovered to be safe. He had loaned the boat yesterday afternoon to Farley, and it seems probable that Farley was the occupant when the accident happened.

Captain Lundy, a son of the Capt. Lundy who died in Toronto recently, who is in charge of the life-saving station at Burlington Beach, dragged for the body, but at an early hour this morning it had not been found.

Such is Capt. Faber's Idea of
Canada's Coming Naval
Contribution, But England
is Skeptical.

LONDON, July 14.—(C.A.P.)—Capt. Faber, M.P., who is shortly going to Canada, and who lunches with Premier Borden on Friday, speaking at Kingsley said he believed it would be found that the Canadian offer was to find seven million dollars every other year for an ironclad and that New Zealand would do the same.

The utterance has given rise to a good deal of comment, but it is not believed that such a decision has been reached.

The Mail, in a probably well-founded editorial, says: "Britain must ask Canada to councils. Canada asks for a sea council and there's a sea vacant."

The Telegraph says: "Canadian ministers don't show the hopeless attitude of British politicians in apportioning the solution of the problem. While they have pretensions as representatives of the Dominion, they are not greedy for power, but are merely desirous of some voice in the imperial policy in return for effective aid in imperial defence."

PRIESTS PLEASED WITH SEMINARY

Fifty-Acre Site for Building in London Has Been Presented, and Work Will Start Soon.

LONDON, Ont., July 14.—(Can. Press.)—Bishop Fallon, who returned last night from the retreat at Sandwich, announced that the priests there were enthusiastic over his plan for a seminary for London and promised him the heartiest support.

Bishop Fallon said that one reason for the seminary was his profound conviction of the great educational future of the western Ontario peninsula and his desire to take part in it. Bishop Fallon announced that the fifty-acre site already secured here was a gift to the episcopal corporation.

Saint Margaret of Canada

MONTREAL, July 14.—(Special.)—The Roman Catholics of Canada rejoice to-day in the news from Rome indicating that a new saint will soon be added to the calendar and that the faithful will soon be able to invoke the name of St. Margaret of Canada.

On the 7th of December, 1878, a decree of the sacred congregation of rites declared venerable Margaret Bourgeois, foundress of the congregation of Notre Dame, who died here in Montreal on the 13th of January, 1790, aged 89 years. Now after approving of the miracles brought about by her intercession, Rome has decreed her beatification, and a canonization is sure to follow. Canada will soon have her first saint in the person of Saint Margaret of Canada.

HORRORS IN PERU FULLY ADMITTED

Torture of Indians on Rubber Plantations Made Subject of Official Report— Rivals Congo.

LONDON, July 14.—(Can. Press.)—The disclosures as to the state of affairs in the rubber industry in Peru, published in the blue book just issued by the foreign office, as the result of Sir Roger Casement's investigations, attract a great amount of attention and have caused comparisons to be drawn between these wholesale atrocities and those at one time reported from the Congo Free State. The British consul-general at Rio Janeiro fully confirms the charges brought against the native agents of the Peruvian Amazon Co., a British concern, formerly engaged in rubber collection in the Putumayo district.

The gruesome story was first published in the United States and was brought to the attention of the British foreign office by the Washington state department.

Darkest Atrocities.
Sir Roger Casement was sent out to Peru a year ago, and found overwhelming evidence of the murder and torture of defenceless Indians. He discovered that kerosene had been poured over men, women and children who had been tied to stakes and were then set on fire. The brains of children had been dashed out, the limbs of Indians had been cut off or broken and they had been left to die. The tortures also included the deliberate starvation of many people.

The foreign office says that after many months of attempts to get the Peruvian Government to take measures to prevent the recurrence of such horrors and to punish the guilty persons, it had decided with the cordial acquiescence of the United States Government that the only course to take was to publish the facts in full.

So far he has not been apprehended. Altho Miss White's condition was said to be a little better last night, it is not thought that she will recover.

LONDON, July 14.—In view of the serious illness thru which the Duchess of Connaught has just passed, it has been decided that she should leave Canada to spend a few weeks at a German health resort.

Therefore, the Duchess will shortly take her departure and proceed either to Marienbad or Wiesbaden. She will be accompanied by Princess Patricia, and later in the year, both will come to England and spend a month or two at Baginboto Park.

ROYALTY HONORS HON. R. BORDEN

Gathering at Buckingham Pal- ace a Notable One—Empire Defence Conference Pre- pare for Real Work.

LONDON, July 14.—(C.A.P.)—The imperial defence committee will meet three times this week—Tuesday, Thursday and Saturday. Considerable speculation is rife as to the result, but the C.A.P. learns that the proceedings have not yet passed the preliminary stage in which full information is being tendered and drawn out by questioning on the part of Canadians, nor have the deliberations been confined to the naval question. Trade matters have been dealt with. Hon. Geo. E. Foster making a forcible presentation at Saturday's conference, which lasted nearly two hours.

At the close there followed a luncheon in honor of Premier Borden by the King and Queen at Buckingham Palace. Their Majesties received the guests in the state rooms, Lewis Harcourt, colonial secretary, presenting the Canadians.

Among those present were the Duke and Duchess of Argyll, Earl and Countess of Minto, Lords Strathcona and Mount Stephen, Premier and Mrs. Asquith, Lewis Harcourt and Mrs. Harcourt, A. J. Balfour, Winston Churchill, Bonar Law, and some 80 others. After the luncheon, Hon. J. D. Hazen, Hon. Mr. Pelletier and ladies attended Lord Rothschild's garden party, where were also their Majesties.

Hon. Mr. Borden and colleagues will, on Tuesday, be guests at a dinner in the house of commons of the Empire Parliamentary Association, at which Hon. Mr. Borden and Hon. Mr. Foster will speak.

SASKATCHEWAN RETURNS SLOW

Maple Creek and Lloydminster Still Uncertain—Liberals Sure in Rosetown and Pinto Creek.

REGINA, July 14.—(Can. Press.)—Returns come in slowly, practically all the polls which were in touch with reported. Others are coming in slowly by mail. Heavy rain in Maple Creek constituency kept that vote still a doubtful matter, and Lloydminster is in the same predicament.

The few returns make the election of C. B. Marks, Liberal, in Rosetown, and S. R. Moore, Liberal, in Pinto Creek, certain, and add to the majority of some of the Liberal candidates in other polls.

SIX TOES AND TATTOO IDENTIFIED DEAD MAN

Body of Jeremiah Shea of Hamilton Found on Railway Tracks at Thorold.

THOROLD, July 14.—(Special.)—Six toes on the left foot, the initials "J. S." and a figure of the Virgin Mary tattooed on the left forearm, were means of identifying a man whose body was found on the G.T.R. tracks here as Jeremiah Shea of Hamilton. His brother-in-law, Thomas Freeburn, lives at 483 Catharine-street, Hamilton. The deceased left Hamilton in company of the named Thomas Miligan, who lived near him, and both, it is stated, were riding the bumpers to catch a boat on the canal in the vicinity of Thorold. An inquest will be held.

Does Sanitation Pay?

NEW YORK, July 14.—(Can. Press.)—The death rate of New York City has fallen from 36.31 per thousand in 1906, the year in which the city's health department was organized, to 15.13 last year, a decrease of more than 50 per cent. This fact is brought out in a bulletin of the department of health, issued to-day, intended to show, it says, "the success of public sanitary administration."

General sanitary inspection, inspection of food and milk, isolation, and other measures of prevention of infectious diseases, together with marked improvement in child hygiene as stimulated by the department's regulations, are cited as chief among the causes believed to be responsible for the death rate reduction.

MRS. H. P. DWIGHT DIED ON SUNDAY

Widow of the Late Telegraph Manager Passed Away After Long Illness in Her 77th Year.

Just ten days after the death of her late husband, H. P. Dwight, president of the Great North Western Telegraph Co., Mrs. Dwight passed away suddenly at three o'clock Sunday morning at her residence, 107 St. George-street. In poor health for some time, her condition became worse during the last two weeks when she was stricken with bronchitis and influenza, and added to this the death of her husband proved to be a great shock. On Saturday, however, she showed considerable improvement, and was able to get out of bed, but during the night she slowly sank until the end came. Mrs. Dwight was in her 77th year.

Born in Don Mills she was the second daughter of the late William Halliwell, J.P. of Highland Creek. In religion she was an Anglican and a member of St. Paul's Church, Bloor-street. She is survived by one daughter, Mrs. Donald Ross of Winnipeg, who has been in Toronto recently and at the time of her mother's death was on her way home to Winnipeg. A telegram was sent which reached her on the train at Sault Ste. Marie, and Mrs. Ross is now returning to Toronto.

The details for the funeral, which is to be strictly private, have not been arranged, but the interment will take place in Mount Pleasant Cemetery.

SEA GIRT, N.J., July 12.—Gov. Woodrow Wilson to-day welcomed to Sea Girt Speaker Champ Clark, his chief opponent in the Baltimore convention. Speaker Clark pledged his loyal support and promised that when congress adjourns he will take the stump and do everything in his power to assure Wilson an old time Democratic majority in Missouri.

TO GO UP NIAGARA RAPIDS.

NIAGARA FALLS, Ont., July 14.—(Special.)—Word was received here to-day from Klaus Larsen, twice motor-day navigator of the whirlpool rapids, who said he would likely arrive here next week to attempt a trip up the rapids in a motor boat built to cross the Atlantic. The ocean motor boat is about thirty feet long.

DROWNED FROM CANOE WHILE CROWD LAUGHED THINKING IT WAS A JOKE

Charles Shearan and a Companion, Who Escaped, Thrown into Lagoon at Hanlan's By Waves From Gasoline Launch, and Crowd on Dock Laughed Because of False Alarms Given By Swimmers Before.

While those who might have saved him looked on and laughed, Charles Shearan, 27 years old, of 20 Soho-street, was drowned from a canoe in 15 feet of water in the lagoon at Hanlan's Point about 10 o'clock Saturday evening. Harry Hefferon of 48 Stephanie-street, who also was in the canoe when it overturned, swam to the dock and escaped with a wetting. The accident happened about 35 feet due south of the Toronto Rowing Club boat.

Shearan and Hefferon left the city for the island about 8.30, in company with Rex Saunders, who roomed with Shearan. In the crush at the Point, Saunders was separated from the other two, and did not see either of them again. The others subsequently obtained a canoe and were paddling close to shore when a wave from a gasoline launch hit them, and they found themselves in the water. Hefferon swam to the dock, while Shearan, who could not swim, clung to the canoe and called for aid.

THOUGHT IT WAS A JOKE.
In the meantime Harry Hefferon reached the dock and called to the occupants of two near-by canoes to come to the rescue of his companion. These men heard but made no attempt at aid, treating the whole affair as if it were a joke. A moment after, Shearan lost his hold on the slippery canoe and sank.

It was 10 minutes later when P.C. John Craig, No. 124, arrived at the scene of the accident. He immediately telephoned for Mait Aikroyd, and, with the assistance of Joe Connolly, caretaker at the Rowing Club, the body was recovered after it had been in the water about 40 minutes. No one had dared to dive for the body on account of the presence at that spot of the opening of the suction pipe which supplies the island with water. It was feared that Shearan had been drawn into this pipe by the force of the suction, but as it turned out this was not the case.

YOUTH'S FEIGNING DISTRESS.
Several youths have lately been in the habit of feigning distress while swimming near the Point, and when a canoe would rush to the spot its occupants would be met with taunts and ridicule. The life-saving appliances are inaccessible in the majority of cases.

"Had there been apparatus handy," declared P.C. Craig, "the young man's life might have been saved." The grappling irons were around at the east side of the island, and it was some time before they could be got to the spot where the boy disappeared.

FATHER TOOK CHARGE OF BODY.

The boarding in this city, the young man's home was in Woodstock. His father, John Shearan, of that place, arrived in Toronto yesterday afternoon, and will take the body home this morning. The body was taken yesterday from the morgue to the parlors of F. W. Matthews on Spadina-avenue. Shearan was employed as a painter in the Elder Carriage Works at Soho and Phoebe-streets.

13 KILLED IN TRAIN WRECK NEAR CHICAGO

Woman Operator Asserts Dis- regard of Signals Caused Rear-End Smash—Victims, Imprisoned Under Burning Wreckage, Begged for Death —Ghouls Robbed Bodies.

CHICAGO, July 14.—(Can. Press.)—Thirteen persons were killed and fifteen or twenty injured in a wreck on the Chicago, Burlington and Quincy Railway at Western Springs, a suburb of Chicago, at 6.30 a.m. to-day.

Coming thru a fog with supposedly a clear track ahead, train No. 8, a fast mail, ran at full speed into the rear of train No. 2, known as the Overland Express from Denver, which was standing still on the track, telescoping two of the Overland Pullman cars.

Railroad officials refused to fix the blame until after the wreck had been investigated thoroughly. Mrs. F. A. Wilcox, who was in charge of the tower from which the block signals were controlled, said she was certain the block was thrown against both trains. She collapsed after the accident and still is in a highly nervous condition.

All the dead, except Bronson, were taken from the rear coach of the Denver train. The engine of No. 8 plowed thru this car, halving it, and crushing out the lives of the helpless passengers, many of whom still were in their berths. On into the second coach the engine then sped. Half-way thru that car it veered to the left, derailing the engine.

Pleaded for Death.
Fire, starting from the gas lights in the sleepers, then broke out. Many victims, pined down by heavy timbers and iron piled for death. Members of the fire department of Western Springs and La Grange were on the scene a few minutes after the wreck occurred and they put out the blaze.

Ghouls are believed to have robbed the dead before they reached the morgue in La Grange. More than a dozen large diamond sets are missing. Most of the dead appeared to have been in comfortable circumstances.

Mrs. Wilcox asserts that she is not to blame as the blocks were set against the trains, but the signals were disregarded.

A statement issued by P. S. Eustis, passenger traffic manager of the Chicago, Burlington & Quincy Railroad to-night substantiated Mrs. Wilcox's assertion that she was not to blame, and also corroborated the story that torpedoes were set by the brakeman of No. 2. The statement does not fix the blame for the accident.

The Dead.
The dead are: Francis A. Barclay, 29 years old, Hillings, Mont.; George Bronson, 55 years old, Galesburg, Ill., train No. 8; Bunch, 30 years old, Chicago, negro porter, of Pullman car physician at Canton, O.; Mrs. E. G. on No. 2; Mrs. G. M. Hart, wife of a Fohman, San Francisco; M. E. Stern, Chicago; G. W. Tudor, 40 years of age, Lacey, Iowa, three unidentified women; two unidentified girls, one unidentified boy.

Miss Lillian Kelly, aged 22, Boise, Idaho.

LIGHTNING KILLED FARMER

Boat Also Struck Two Children, Who Will Recover.

KINGSTON, July 14.—(Special.)—While milking a cow alongside his barn about 6 o'clock Saturday evening, William McKenna, farmer, 63 years of age, was instantly killed during a thunderstorm. A lightning bolt struck the barn and knocked the side out of it and also struck McKenna and his two children. The father was instantly killed, but the boy and girl recovered. The boy managed to crawl to the house and notified those at home of the terrible accident. Two cows nearby were also killed by the bolt.

CYCLOONS, CONSERVATIVES AND ELECTIONS.

They (the Egyptians) have also discovered more prodigies than all the rest of the world; for when any prodigy occurs, they carefully observe and write down the result; and if a similar occurrence should happen afterward, they think the result will be the same. Herodotus, II, 84. There was a terrific and catastrophic cyclone at Regina, Saskatchewan (the capital of that province), on Sunday, June 30. It was followed on July 21, by a catastrophic and cyclonic storm that swept away the Conservatives and also Haultain and Rogers. Sir James and Mr. Borden, on the principle followed by the Egyptians, ought to keep their weather eye on cyclones in Toronto and Ottawa. And Mr. Rowell and Sir Wilfrid on their part ought to hire a cyclone-maker.

OVERTIME AT MONTREAL. MONTREAL, July 12.—Nationalis defeated the Irish-Canadians to-day in an overtime game, 5-4. Irish-Canadians won the last game in overtime, 7 to 6. The match was a fair exhibition of lacrosse at times, but too often degenerated into the widest kind of a slugging match. The officials proved too lenient early in the game in letting some decidedly rough work go unpunished and in the second half there was no checking the men. Altogether \$80 in fines were imposed, but when the fines started the men were already out of hand. The Nationalis, as usual, when playing before a partisan crowd on their own grounds, were the worst offenders, the Irish-Canadians coming in for \$70 worth of fines. Lamoureux and Secours were each banished from the game and fined \$25 a piece. L'Heureux should have met the same fate for he cut down Charlie George with a vicious swipe and the little home player was forced to retire. Nick Neville was the particular object of the Nationalis' attacks. For the third time when playing on the National grounds he was carried unconscious from the field and was unable to return. This was his experience on the last occasion the two teams met and also occurred last season. The Nationalis led by three at half time, but in the third quarter Mundy, who had been moved up to the home, scored twice and

Laydon made it three all half way thru the fourth. The Irish-Canadians scored the first in overtime, but Nationalis came back with two, one of them taken by Blaisdell, who scored on a long shot. Niagara District Baseball. ST. CATHARINES, July 12.—The McKinnon baseball team of this city, leaders of the Niagara District League, received their first setback of the season Saturday when Niagara Falls, who occupy the last rung in the league ladder, put a kink in the leaders' winning streak. The dash-makers journeyed to the Falls and lost by 6-3 after a hard fight. Thorold again won and is now within halting distance of the leaders. Their defeats: Windsor, 7-4; Merriton and Parks battled it out in this city, the Factory Village team losing by 4-3; McKinnon's loss coming, as it did, from the outfielders, will put much more interest in the race for the championship. The league standings follow: Won. Lost. McKinnon... 11 1 Thorold... 10 2 Merriton... 8 6 Parks... 4 2 Niagara Falls... 1 11

Halleybury 5, Cobalt 4. HALLEYBURY, July 12.—Halleybury defeated North Cobalt Friday afternoon at Farr Park by a score of 5-4. The game was noted for slow base running. Several of the players of both clubs were caught lagging. Both Lot and Lester pitched good ball, allowing but a few hits of the scratch kind. Lester used his spit ball and proved to be master of the situation, allowing but one hit from the four batters on. Several errors on account of the bad condition of the grounds, accounted for some of the runs. Umpire Lot.

The Toronto World

FOUNDED 1880. A Morning Newspaper Published Every Day in the Year. WORLD BUILDING, TORONTO, 40 WEST RICHMOND STREET.

TELEPHONE CALLS: Main 522 Private Exchange Connecting All Departments. \$3.00 will pay for The Daily World for one year, delivered in the City of Toronto, or by mail to any address in Canada, Great Britain or the United States.

Subscribers are requested to advise us promptly of any irregularity or delay in delivery of The World.

MONDAY MORNING, JULY 15, 1912

HEADS AND FIGURE-HEADS.

The Telegram, not being able to understand a good policy, or else preferring to support a half-measure of its own, constantly and deliberately misrepresents the World's desire for good government. The Telegram cannot find one word against Commissioner Harris in The World's columns.

The World does not expect to be disappointed in Commissioner Harris. But Commissioner Harris will not be able to change the nature of the Toronto City Council nor the board of control, nor will he be able to carry out progressive measures when the gentlemen of the city government find their ward politics stand in the way of progressive measures.

The Telegram may be sanguine enough to suppose that a strong man may overturn the system, but the system has been devised and developed to enable a gang of weak men to overturn strong men. Commissioner Harris may be a Gulliver, but there are Lilliputians enough in the city hall to tie him down and strangle him if they wish.

The World's proposal has been to appoint five men—not three—at \$25,000 a year each, to take charge of the legal, the finance, the engineering, the sanitary and the electrical and transportation departments of the city government. Five good men with a free hand could save a million a year to the city.

At least among the more responsible sections of United States public opinion no disposition is observable to cavil at the action of the British Government in requesting that the bill regulating the operation of the Panama Canal be held over pending the receipt of an official note on the subject.

The right of the British Government to make a representation of the kind indicated rests on two treaties, the first, known as the Clayton-Bulwer treaty, having been entered into in 1850. The action concerned provided that the parties constructing or owning the canal should impose no other charges or conditions of traffic than the contracting governments should approve of as just and reasonable.

Nothing is so distracting as to be unable to pronounce unusual names which we come across in reading. Not only does this detract from our reading, but when we have to "stumble" over words the entire sense is lost.

The World's Bible has a key to pronunciation which will be readily understood. Every proper name is separated into syllables and self-pronounced, so that mis-pronunciation is impossible.

What may now seem to be obscure passages assume a new meaning through these eye-teaching pictures, for such illustrations not only enrich the work, but they intelligently explain it to thousands of readers.

GENTRY SHOWS REACH TORONTO

An Army of Small Boys Was on Hand to Watch Trains Unloaded and See Animals.

In the parlance of the showman, "Toronto Junior" was on the job early yesterday morning to welcome Gentry Brothers' shows. When dawn came there was a crowd of youngsters waiting at Bloor-street and the Grand Trunk tracks to welcome the incoming attraction.

The Daily Hint From Paris

Clever Use of the Stripe

Only one material is seen in this suit, but the way in which the stripes have been placed is decidedly decorative. The ends of the bands, which cross on the front of the coat, extend to the waist in the back and disappear under a lengthwise belt.

The skirt closes at the side front and is finished at the top with a plain straight girde. The end of this girde and each end of the belt on the coat, are finished with triangular pieces, like those seen on the coat front and sleeves. Each of these triangles is made by placing together three small pieces with stripes perfectly matched.

A pleasant evening was spent at the home of Miss Laura Farrell, 767 Euclid-avenue, when the Sans Souci Club and their friends entertained Miss Flossie Waters, one of the members, with a kitchen shower. The gifts proved to be very amusing, as well as useful. The club also presented her with a cut glass water bottle. Refreshments were served from a marquee on the lawn, the tables being tastefully decorated with marguerites, ferns and Japanese lanterns.

Charming White and Green Room

Besides being cool in summer, the white and green room has the advantage of extending the summery outdoor feeling into the winter months. It may be library, reception or living room and should, aside from its green tints, show only neutral colors.

Let the woodwork of the room be finished in white the owner is fortunate; if not, a painter will convert the ugly stained wood to a glossy white at a small cost. When this has been accomplished brass or wrought iron fixtures on the doors will increase their beauty.

In selecting the wall paper the light conditions of the room should be considered, says The New York Press. If a dark room is to be decorated a very light paper should be selected, and vice versa. No simple wall covering is prettier or more permanently satisfactory than plain cast-iron paper.

Select a shade that is neither yellow nor blue, but rather a grey green. Let the plain paper cover the walls, and only up as far as the tops of windows and doors. Between this and the ceiling use a tapestry paper depicting foliage in which the design is not pronounced.

Let the ceiling be white or pale grey green, and in the angle place a plain picture moulding of white or oak green wood.

If the room has a hardwood floor, so much the better; if not, the edges may be painted with two coats of hard enamel paint as near the shade of the plain paper as possible. You will find this a constant delight. These rugs may be bought in various textures and weaves; the plain, tightly-woven, has surfaces selling for as little as \$18 for the 9 by 12 sizes.

Plain net curtains hung from brass extension rods and reaching only to the floor have on white curtains rods overdraperies of the same length of madras or etamine in which green is the predominating color.

In a room with a background of this quiet character almost any furniture may be used. The mission designs are in keeping as well as wicker, sea grass or upholstered furniture. The upholstery should be of a neutral tint that will not clash with surroundings.

Do not use too many pictures or too much bric-a-brac. In the matter of stenciling and never fall to keep an eye on the color scheme. Green cushions, rugs and pillows will accent the color scheme.

Seasonable Recipes

SEASONABLE RECIPES.

Veal Potpie.
Stew gently a knuckle of veal in three pints of water, with small onion slices, until tender, seasoning to taste with salt and pepper. Cut the meat from the bone and return to the saucepan, which should be about the size of a small pie pan at the top and rather deep. Measure the liquor, and if there is less than a cup and a half fill up with hot water. Make a biscuit dough of one pint of sifted flour, one spoonful of fat and a pinch of salt, moistened with half a cup of milk, with enough water to make a scant cup. Add the liquor carefully to the flour, as some flour will not require even a scant cup to make a soft dough. Roll out quickly to a size to fit the top of the stew pan, trimming around the edges, and dropping the pieces into the pan, and place it over the meat. Cover the pan, and boil 15 minutes.

English Moulded Meat.
This makes a good picnic dish. Soak a quarter ounce of gelatine in a half cup good stock. Add when softened to one pound of minced beef or veal (cooked) with herbs and seasoning to taste. Warm up, then pour into moulds and let stand until cold. When ready to serve, turn out, decorating with hard-boiled eggs, a little chopped parsley and savory jelly.

Consomme Renaissance.
Press half a cup of cooked and drained spinach thru a sieve and a tablespoonful of melted butter, one table-spoonful of cream, two beaten eggs, one-fourth teaspoonful of salt, and one-fourth teaspoonful of pepper; mix thoroughly and turn into a small buttered mould. Let cook in the oven on several folds of paper surrounded with boiling water until firm. When cold cut in cubes. Cut a pared carrot and turnip in half-inch cubes. Cook separately until tender. Drain. Serve the cubes of spinach-custard, turnip and carrot in one-quarter of consomme.

Halibut Mousse.
Purchase enough halibut to secure one pound of fresh fish, and trimmings, and bone. About one pound and a half of fish should be purchased. To the trimmings add half an onion, half a teaspoonful of sweet basil (dried) or two branches of parsley and herb, two branches of parsley and five or six slices of carrot, with cold water to cover, and let stand for half an hour for stock. Scrape the pulp of the fish from the bones; pound this in a bowl, then gradually a little at a time, beat into a cream, add meanwhile half a teaspoonful of salt, a dash of pepper and half a teaspoonful of onion juice; then beat in three raw eggs, one at a time. Butter the mould thoroughly and sprinkle it with chopped parsley or chopped truffels, put the fish mixture into the mould, beat down, and make the top smooth. Set into a dish on several folds of paper or cloth, surrounded with boiling water and let cook in the oven until firm in the centre. The water should not boil during the cooking. Serve, turn from the mould, with fish Bechamel sauce poured around it.

Simple Cake.
A simple and inexpensive cake is made as follows: Take one cup of sugar, a piece of butter the size of a walnut and cream together until you are "almost ready to drop," then in a separate bowl beat one egg very light. Mix these together, say the New Haven Journal, then add one cup of sweet milk and two scant teaspoonfuls of baking powder. The flour should be sifted over three times, always beat a cake batter very little after the flour has been added. Add any desired flavor.

AT THE WHITE HORSE TAVERN
Miss Haswell Will Present
Amusing German Farce at
the Royal Alexandra
This Week.

This evening another week of fun will be inaugurated at the Alexandra Theatre when Miss Haswell and her company present that always amusing farce from the German, "At the White Horse Tavern." This piece is noted as being one of the greatest laugh provokers that have ever been staged. As the story is laid in the Alps, there are plenty of opportunities for scenic artists and stage carpenters to show their abilities. This has been taken advantage of, and consequently, "At the White Horse Tavern" will be one of the most elaborate productions of the season. The introduction of a real rainstorm is an ingenious piece of stagecraft and never fails to keep an audience in roars of laughter. The advance sale is the largest of the season and the indications are, this will be one of the banner weeks.

MOTOR CAUGHT BICYCLE THIEF.

BROCKVILLE, July 12.—(Special)—The Brockville police had an exciting automobile chase for a bicycle thief, whom they captured two miles east of Brockville riding the stolen bike. The man acknowledged four other similar thefts committed here the past six weeks and informed the police that he had disposed of his booty in the vicinity of Cornwall, to which place he was heading when the cops nabbed him. The prisoner gave his name as Fred Gray of Buffalo, N.Y. He was sent for trial before the county judge.

Mr. and Mrs. Joseph P. Cannon of 245 Dupont-street had the pleasure of entertaining Major C. G. Kiser, chief of police of Norfolk, Virginia, at dinner on Friday evening.

ONCE A BIG GAMBLER BROKE AND DYING NOW

Jimmy Wakely, Who Was John L. Sullivan's Backer and a Power Among New York Poles, at One Time the Best Known Sporting Man in America, Dying in New York.

NEW YORK, July 14.—Jimmy Wakely has his chips stacked up in front of him getting ready to cash in. He's been playing the game a long time now. His luck has been good and bad, but it's his double bad luck that the worst luck should have come just as he was thinking about laying down his cards and preparing to play another king of game.

Wakely is dying and he's dying broke. His bank roll ran into the hundreds of thousands once, but a few years ago it had shrunk so that it had been a landmark for years, his saloon at Forty-second-street and Sixth-avenue became a shining mark for the police raiders to shoot and break up.

Wakely responded to "touches" and extended credit for drinks and for gambling generously in the old days. This was his way and it was good business and good advertising. He liked to have it said that he was open-handed.

More Markers Than Roche. Wakely's friends say that he has markers for over \$300,000 due him—unpaid debts by those he lent money to or gave gambling credit to.

GROWDS ATTEND SERVICE

Best Meeting of Series Held Yesterday at Dundurn Heights—Scotch Night To-morrow.

Large crowds attended the Sunday afternoon service conducted yesterday by Miss Jessie MacNab on the grounds of her estate, Dundurn Heights, 850 Clair-avenue.

The speaker of the day was Rev. S. Craig, who, with the aid of a choir, gave a lengthy and graphic description of the seven dispensational truths which formed the basis of his discourse.

Dr. Crumrine of New York City was in the chair. The Alexander choir, led by Mr. Palmer, as on previous occasions, was in excellent voice, and rendered several numbers.

Miss MacNab's rendition of the gospel hymn, "Inasmuch," was greatly appreciated.

As has been announced previously, the meeting on Tuesday evening will take the form of "Scotch Night."

It is the wish of Miss MacNab that old folks from the many homes in the city may be enabled to attend the service Tuesday night, and to that end she asks that any owners of automobiles who are interested in the movement and could help in bringing the old people with her at Hillcrest 828. Refreshments will be served during the evening.

HOPE'S ESTATE

HOPE'S ESTATE. DEDUCTIBLE FOR EIGHTY PER CENT. DEDUCTION FOR \$13,000.

D. C. Hossack Paid \$125 a Foot for Land Fronting on Yonge Street, Following Annexation Vote—Rev. Hugh Locke Preached First Sermon at Davisville.

The property known as Hopkins' estate, lying on the east side of Yonge street, just north of Eglington town, was sold on Friday last to D. C. Hossack for \$13,000, which works out at \$125 per foot. It has a frontage on Yonge-street of 191 feet, with a depth of about 300 feet, and is considered one of the finest blocks in the town.

Mr. Hossack said: "I have no doubt that since the decision of North Toronto in favor of annexation land values will increase, and I admit that my decision to purchase the property was influenced by that fact."

Davisville Methodists. Davisville Methodist Church was well filled yesterday morning to hear the new pastor, Rev. Hugh Locke, formerly of Hope Methodist Church, East Toronto.

Mr. Reed presided at the organ, and the choir sang very effectively the anthem, "The Lord Jehovah Reigns over the earth," rendered by Miss Hicks (soprano), and Miss Law (contralto).

Taking his text from Genesis xxxvii, 29, "And Reuben returned unto the pit; and he rent his clothes," Pastor Locke said:

"A good intention is of no value unless it is translated into action. There are millions of intentions born within man's bosom which never develop into anything useful or practical. Good intentions with reference to yourself, to your family, to your neighbor, to your God, all are worthless unless they lead to definite, tangible results. The road to hell is paved with good intentions. Reuben's intention to return to the pit and frustrate his brother's diabolical plans was nullified because of fatal delay. Intentions must be crystallized into action, which opportunity serves. The opportunity must be seized at the psychological moment, for once lost, the chance may never return."

"In our country and in our day there are pitfalls which men well-wishers, there are pitfalls dug for men, women and children for the sake of profit in connection with the liquor traffic. In these days of Christianity you often find men asleep in the pit of indifference. It behoves the church to rouse itself and invite these indifferent ones back to the fold. While the wicked world lays traps for the young, what are we parents doing to ensure the safety of our children?"

Newmarket and Hydro. The residents of Newmarket are asking why the town cannot have hydro-electric power. If Niagara power is too expensive for Newmarket, the suggestion is to extend the line from Barrie, and the board of directors of the hydro-electric system in Galt, after operating expenses have been paid a profit of over \$8000 is shown, and besides this, the obligation to the Ontario Hydro-Electric Commission has been met. The revenue for the year was \$38,616 and the cost of current and operating expenses, and interest and sinking fund, \$30,801. The contract with the hydro-electric commission was for 1200 h.p., but less than half that amount was used. This shows that hydro power is not being asked to pay for more power than their actual consumption.

Field Competition. The following are the entries for the standing field crop competition in North York thru the Newmarket Agricultural Society; name and address of competitor and variety of oats being given:

Thomas Brown, Sharon, Banner; Ed. Dennis, Newmarket, Dodd's; T. W. Stephens, King, Aurora, Banner; Wm. Marritt, Keswick, Rainbow; Dawson, Yonge-street, White; W. F. Blanchard, Newmarket, Banner; Fred Proctor, Yonge-street, Banner; Wm. H. Proctor, Yonge-street, Banner; G. W. Petch, Aurora, White; W. D. Richardson, Vandon, White; T. J. Spaulding, Aurora, Banner; Wm. Thompson, White Rose, Dodd's; W. J. Currey, Newmarket, Siberian; Roger Bros., Sharon, White Marvel; J. Farquhar, Newmarket, New Zealand; Wm. Barron, Newmarket, Dodd's; Wilfrid Fountain, Newmarket, Drop.

The possible score is as follows: (a) stand of crop 5 points, (b) vigor and uniformity 10, (c) method of seeding and absence of lodging 5, freedom from weeds, rust, blight, insects, 10; 4, freedom from other varieties, 20; 5, yield and quality—(a) uniformity of maturity 5, (b) total, 100. The department of agriculture has appointed Mr. M. Houghley of Guelph as judge in this competition. The first five prize winners are eligible to exhibit at the Toronto and Ottawa Exhibition in the sheaf and grain exhibit.

Miss Mary Lloyd, pupil of Mrs. J. E. Hollingshead, has passed the senior examination in piano-forte playing at the Toronto University. CANADA MOVING PICTURES LIMITED

INCORPORATED UNDER THE LAWS OF ONTARIO

CAPITAL \$40,000 PAR VALUE OF SHARES \$1.00 EACH

OFFER AN EXCEPTIONAL OPPORTUNITY

The Moving Picture Industry is one which shows larger profits than any other amusement enterprise, and apparently has not reached its height. Public sentiment is changing from the regular playhouses to the picture houses, as a result of which bigger returns on the investment are being enjoyed by these institutions than in any other form of amusement.

Our Proposition

The Canada Moving Pictures, Limited, incorporated under the laws of Ontario, capitalized at \$40,000, par value of stock \$1.00 per share, offers for public subscription 25,000 shares of stock at \$1.00 per share.

This Company was formed for the purpose of establishing a circuit of picture playhouses in Toronto and in the leading towns of Canada. The circuit will include only theatres doing an established business and earning profits. The Canada Moving Pictures, Limited, already hold options on five of the most lucrative earning playhouses in this city. In addition to these, the Company already owns and is operating one of the leading picture houses on Yonge Street, which is earning handsome net profits.

The playhouses held under option to purchase are situated in the busiest shopping downtown district, while others are situated in the north, east and west end sections of this city. It is expected that within a few days the circuit of theatres will be completed, with playhouses in operation in a number of the leading towns within a radius of 200 miles of Toronto. Each of these theatres is earning big profits, and no stock enterprise offered for public subscription recently has, in our opinion, the practically assured profits as has the Canada Moving Pictures, Limited.

The general public has made the Moving Picture Industry what it is to-day, and for the first time the public is offered an opportunity of reaping the financial benefits which promise to grow more rapidly in the future than in the past.

Earnings and Dividends

The Moving Picture Industry has made millions for syndicates who operate a circuit of theatres, and the Canada Moving Pictures, Limited, will likely do the same for its stockholders within the next few years. A MOST-IMPORTANT FEATURE OF THIS ENTERPRISE AS A GILT-EDGED INVESTMENT IS: THE DIRECTORS HAVE DECIDED TO DISTRIBUTE AMONG THE STOCKHOLDERS ON THE 10TH OF EACH MONTH 75 PER CENT. OF THE MONTHLY NET EARNINGS OF THE COMPANY, IN THE FORM OF DIVIDENDS, THE REMAINING 25 PER CENT. TO BE HELD AS A RESERVE FUND FOR ACQUIRING ADDITIONAL THEATRES WHENEVER A GOOD OPPORTUNITY PRESENTS ITSELF.

Film Exchange

The Canada Moving Pictures, Limited, expects to operate its own FILM EXCHANGE, which in itself should net the Company handsome profits, as well as materially lessen the overhead expenses and provide an opportunity of declaring bonuses every three months in addition to the monthly dividends. Only the highest class of films will be shown at the company's theatres, and, in renting these to outside houses, good prices will be obtainable.

EARLY DAYS AT HUMBER RECLAIMED BY HOTEL FIRE

might have been a fatality added to the toll. Flames spread. Despite the statements of a bucket brigade, the flames spread rapidly and a row of houses across the street, occupied by the Dutton and the G. Taylor families, had to be covered with wet blankets to save them. The home of Mrs. Crowe, to the west of the hotel was also imperilled for a time, but the wind changed.

When the city firemen arrived the fire had destroyed the ancient structure, and the heavy piles of water on the blaze and then returned to the city. Pieces of burned wood were carried by the wind for miles around the country, some of it being found near the second bend of the Humber River, two miles away. All that remained when daylight broke was the tall brick chimney.

Historical Structure

The old hotel was the indirect cause of the ruin of the once prosperous and progressive Humber Village. The roasting of the ox is an old aphorism to tell about. For there is a thrilling story of how years of work were ruined and the Humber received a hard name. Since the occurrence of the incident in the history of the village the place deteriorated from a prosperous community to the insignificant position it now holds.

Before the event took place whiskey flowed freely and many were drunk when the ox was placed on the fire, the liquor was consumed and then the trouble started. There were fights and the heads of many of the men who dealt blow after blow with the meat, to their opponents. Houses in the vicinity were entered. The kitchen of the hotel was torn down; fires were started and the widest scenes of disorder prevailed.

After a night and day of battle the visitors gradually returned to their homes, leaving those wounded to take care of themselves. Pieces of ox were strewn all over, and there was no scarcity of chicken and other edibles.

A hue and cry followed about the roadway prevalent in the town. The steamers dropped off the excursion steamers discontinued the trips; all around the hotel was a beautiful part, with driveways, and
