"STAKE" MILK IS QUICKLY EATEN

New Dealers' Association Agrees to Pay Producers' Demands—"Combine" Charge Wilts Before Magistrate.

Milk is flowing freely this morning from York County cows to Toronto consumers under the auspices of the Milk Producers' Association and the Toronto Milk Dealers' Association. The little success that prevailed for the last few days was entirely removed yesterday afternoon at a joint meeting of the two associations in the Albion Hotel.

In the evening at East Toronto Town Hall the summons against the president and secretary of the Producers' Association was dealt with, and after hearing some evidence, adjourned till called upon, Crown Attorney Drayton expressing his satisfaction with the facilities afforded him by Mrs. Baird on behalf of the milk producers.

A meeting of the executive of the Toronto Milk Producers' Association was held at the Albion Hotel in the morning to discuss the situation. A deputation of the dealers waited upon the executive and offered to meet them, claiming that they did not recognize the Retail Dealers' Association, which had refused to meet the farmers.

The producers were not prepared to treat with the deputation unless they brought in a larger representation, but offered to meet them in the afternoon. As a result a very large number of the dealers gathered and formed a Milk Dealers' Association, which association being regarded as defunct, and the new organization includes a large percentage of the city dealers.

This association agreed to all the requests of the milk producers with regard to the prices of milk. An agreement was signed for 12 months by the presidents and secretaries of the association at the rates agreed upon, being 3.5¢ for summer and 3.5¢ for winter.

A good deal of indignation was expressed over the action of those concerned in getting out the summons. At the proceeding in the Employment and Town Hall Police Magistrate Clay presided. Crown Attorney H. L. Drayton, K.C., conducted the case for the crown and James Baird appeared for the milk producers. G. Cornhill, president of the association, and A. J. Reynolds, secretary, were arraigned in that they "unlawfully combine, conspire, confederate and agree together and each with the other to unduly prevent competition in the sale and supply of milk, an article or commodity of trade and commerce, contrary to the provisions of the criminal code."

Mrs. Gould Denies Too Much Liquor

Replying to Husband's Allegations, Gives Particulars as to Her Daily Use of Wines.

NEW YORK, Oct. 2.—That \$2000 had been offered an employee of the Hotel St. Regis to give false testimony against Mrs. Howard Gould was the substance of an affidavit purporting to have been made by the Rev. Jos. C. Murray, which was presented to Justice Gleicher in the supreme court to-day.

The Murray affidavit declares that Michael H. Doody had told the priest that while he was employed at the Hotel St. Regis where Mrs. Gould lived, a detective attached to the hotel went to him with the proposition that he "give a proper report of Mrs. Gould's comings and goings at the hotel, the amount of wine she drank and the names of her visitors, notably those of them that were men."

Doody is alleged to have said that the detective told him there would be \$5000 for the detective, too, if Doody carried out his contract. An affidavit was submitted by Mrs. Gould in reply to allegations of her husband that she is addicted to the use of intoxicating liquors.

When living in the country and spending most of my time in the open air I have drunk a cocktail on sitting down to luncheon and generally a glass of white wine with luncheon. At dinner, whenever I felt like it, I have drunk a cocktail and a glass of champagne. We were always accustomed to have wine served at these meals but that was the extent of my drinking, she says.

She accuses her husband of gross habits of intoxication. She says that she was particularly annoyed by her husband during a trip to Egypt, where they were entertained by the Khedive and Prince Mohammed Ali. She accuses Mr. Gould of being jealous when she went driving with the prince while he went in a carriage with another woman who was a guest at the luncheon.

YOUNG OPERATOR HIDING FROM ARREST

Lorne McTaggart, Aged 19, and Barely in Railway Work, Had Been Given Too Big a Job to Attend To.

A warrant has been sworn out for the arrest of young McTaggart, the operator who neglected to close the switch at Mimico, which let the C.P.R. express crash into a Grand Trunk transfer engine on a siding here last night, resulting in the death of Engineer Quinn and injury to two other men.

McTaggart, who is only 19, has not been heard of in Mimico since the accident. His uncle, W. O. McTaggart, real estate and insurance broker, spent yesterday telephoning and telegraphing to all points where the young man might be likely to go, but to no avail.

While half believing that his nephew, who was last seen Thursday night making toward the lake, may have made away with himself in the stress of emotion consequent upon the accident, Mr. McTaggart is nourishing a hope that he will yet turn up among relatives in Western Ontario.

The fugitive is an orphan, and his uncle thinks that probably on this account he fears to brave an investigation, thinking that nobody would concern himself in his behalf. But his uncle is very anxious that the boy should be found, and declares that he will personally stand by him thru the difficulty.

McTaggart's Christian name is Lorne. The report that his father was a G.T.R. station agent is incorrect. He has a cousin, who is agent at Bythe, but his father was a doctor in Detroit, and has been dead for some years. The information that McTaggart came from Teeswater is also wrong. His Canadian home was Exeter, where his grandfather is living at present.

Six Weeks an Operator. The lad has been a qualified telegraph operator only since Aug. 15. He presided at the Grand Trunk telegraphers' examination the last week in June, and went on as a relief night operator at South Parkdale station in the middle of July. Then he was sent to Bronte as a full-fledged operator, from where he was transferred to Mimico the night before the tragedy to fill a vacancy caused by the illness of the regular day operator and station agent.

PUBLIC OWNERSHIP IS SUPPORTED BY NORFOLK NOMINEE

Alex. McCall Says It's the Only Protection the People Have Against Extortion—Big Crowd to Hear Borden.

LONDON, Oct. 2.—(Special.)—The largest meeting outside of Toronto of the tour of the Conservative leader was that held here to-night. Mr. Borden came to town at noon from Durham and spent the afternoon in company with the party to stave off the points of interest.

To-night the new rink, which has accommodation for 6000 persons, was three-quarters filled. Special trains brought in several hundred people. With the Tilsonburg band three hundred came from Delhi and Courtland, 150 from Port Dover and equal number from Port Rowan.

H. Harding, president of the Norfolk Conservative Association, was the chief speaker. He had on the platform with him, beside the visiting speakers, Hon. David Thibault, the late member, Alex. McCall, the candidate in this contest, Hugh P. Innes and A. C. Pratt, the members elect of legislature.

Mr. McCall, the candidate, made a straight out declaration in favor of public ownership. He said he was squarely behind Mr. Borden, who was the first leader of a political party to come out in favor of reforms for the country had been waiting for for years.

Sensational Hazing

LEXINGTON, Ky., Oct. 2.—This sensational story told here by a small boy, it is regarded certain that Willie C. Smith, who disappeared from the State University on Tuesday night of last week, was overpowered and gagged during the course of a hazing at the university, placed in a Queen and Crescent box car, the door closed and Smith shipped away.

The car was shipped out of the yards, but no trace of it can be found. MONTREAL, Oct. 2.—(Special.)—Henri Bourassa, M.L.A., announced this evening at a crowded meeting at the Monument National, that he would not take an active part in the federal campaign, also he had gladly signed Aid. Groulx' nomination paper in St. James' against the Government candidate.

The hall appeared to be filled with Conservatives and the cheering was very great at times. Mr. Bourassa is about the biggest drawing card to-day in French Canada, Sir Wilfrid not excepted. The member for St. James held up Sir George Cartier and Honoré Mercier as men who had got nearer the hearts of their countrymen than any one else, and both had sold their people that Quebec should be first attended to.

He left Ottawa because he saw his people being carried away by party feeling and he thought that the evil must be first attacked at the seat of provincial government. When the province had been robbed by speculators and administrators, Ontario had prospered, and it was his desire that Quebec should be cleared of that stupid partisanship and become patriotic and intelligent. He wanted the two races to live side by side and work out the salvation and prosperity of their common province.

BOURASSA'S BIG PROGRAM

Wants to Build Up a True National Sentiment to Replace Partisan Spirit.

Before, however, the French Canadians could claim to be able to govern they must learn how to be patriotic, rather than to be partisan. His great aim was to create a healthy public opinion such as that in England, where no men are called traitors, and stoned if they happen to vote against the party and the government of the day.

Then Mr. Bourassa told of his intention to have clubs founded all over the province for the purpose of propagating the doctrine of reform, and also a newspaper to be published daily. He would also have their lectures and addresses translated into English, so that the British people would come to understand the true intentions of the nationalist movement.

Indian City Flooded is a Vast Grave

BOMBAY, Oct. 2.—The correspondent of a local newspaper who has reached Hyderabad, the capital of the flooded district, describes that city as a vast grave. The streets and bazaars have been transformed into a greasy mass of stone and mud and decomposed flesh. It is impossible accurately to estimate the death roll in the stricken region, the correspondent declares, but some natives put it as high as fifty thousand.

Six hundred corpses were taken out of the mud at one spot yesterday. The funeral pyres are burning day and night. The damage is estimated at two hundred million rupees.

WOULD YOU GIVE UNIVERSITY A LIBRARY?

Chance for Some Old Boy to Become Famous—President Falconer's Address to the Students.

President's Day is evidently to be an institution at Varsity, and the attendance at Dr. Falconer's address yesterday afternoon in Convocation Hall was such a contrast with last year's that it was evident the fame of last year's address had gone abroad.

Nor was anyone disappointed in the splendid utterance in which Dr. Falconer discussed the bearings of authority in relation to the student, to the individual, the nation, as derived from tradition, example, society or conscience. The heartiest applause broke out as the president closed with an appeal for the adjustment of the freedom of which he spoke last year with the ideals of authority which are imposed on humanity by natural law.

Before the faculty entered the hall the students had a royal time for half an hour. The galleries were filled and the ground floor also and the din was amazing, while frequently above the general tumult there broke out the faculty yells like thunder crashes above the warring elements. Wagnerian effects as from the Gotterdammerung followed the efforts of the rival years.

Science fell as the president and faculty entered, all rioting and then the Varsity yell was given in salutation and with good effect. Principal Galbraith, entering late, had an ovation all by himself, and after this all the students behaved like perfect ladies.

"Colleagues and students," Dr. Falconer addressed the assembly, and then his prepared speech with a review of the growth and the future developments of the university. In two years the arts attendance has increased by 32 per cent, the medicals by 38 per cent, the sciences men by 38 per cent, and education and forestry faculties were added.

Difficulties of housing were emphasized. Every department was under pressure at the rear of the Convocation Hall applied students were being accommodated, and space in the physics building was also given them. A laboratory for thermo-dynamics, and hydraulics was needed and a new building to the east of the main building. The faculty of medicine especially in the anatomical department, required more room.

The most pressing needs were for the faculty of education, and the library. The university must have her own observation and practice schools. A site had been procured, but the means to build were wanting. The library was the heartiest applause which was given for an extension had been drawn for which \$200,000 was needed. Where it was to come from he could not say, but he suggested that there was an opportunity for a well wisher to the university to engrave his name on its records.

Buildings did not count primarily, however, and it was in the quality of the staff and its extent, in the education given and their capacity to advance all by themselves, and research that their primary value lay.

Curtailling the Staff. The problem presented in going ahead with the buildings was the probability of having to curtail the teaching staff. It might come to this that a limit would have to be set for the number of students which the university could accept, rather than impair the teaching capacity. He could not believe that the province would ever be willing to limit the number of students who properly qualified desired to enter the state university.

They had to thank Mrs. Massey-Treble for the bequest of her own facility of domestic science, which had just been commenced. The three new residences, the gift of E. C. Whitney, of certain friends, and of the province respectively was the beginning of a new departure at the university. He shared the belief that they gave a man an opportunity for rounding out his education not otherwise afforded. The government of the residences would be placed as far as possible on the students themselves. He thought there was enough worth in them of the highest gentlemanly character to prove that faith in them was not unworthily imposed.

He asked the freshmen to avail themselves of gymnasium instruction under Dr. Barton, and in athletics to remember that the university had ideals not held outside. They had come primarily to study, but athletics was of immense value as a subsidiary training. He commended the Rifle Association to the students. There was no drill and no uniform, but a

SCOTT ACT DETECTIVES SEIZE TRUCK LOAD OF ALE

Liquor Was Consigned to Druggists at Fredericton, But is Now in the Police Station.

FREDERICTON, N.B., Oct. 2.—(Special.)—A large seizure of liquor took place here to-day, when several cases of ale, shipped from Montreal to local firms, were confiscated by the police and Scott Act detectives. The liquor was the property of druggists. The beer was taken to the police station on a truck wagon. It is not known who will be proceeded against, but it is said it may be the C.P.R. boats and trains are watched each day, and have been for some time, so that a line has been kept on shipments, and more seizures are likely to take place in the future. No action has yet been taken against hotels from which seizures were made on Wednesday.

Dunlop Bicycle Race To-Day. Seventy-four riders have entered for the Dunlop five mile bicycle hand-capped road race to be run on the afternoon over Danforth-road. The riders will be started in relays one half minute apart, the scratch men leaving shortly after 3:30 o'clock. The place to see the race is at the starting and finishing point, a short distance east of the terminus of the Broadview-avenue cars on Danforth. There is no charge for admission. The officials of the day are requested to report to the clerk of the course, Mr. J. E. Willows, at 2 o'clock at the start of the course.

Man and Woman as Highway Robbers. Charles Parriott went to the Central for a year from yesterday morning's police court, and Mary Time will be found at the Mercer for half a year, as a penalty for robbing Carrie Gordon of a gold watch. The man knocked Mrs. Gordon down in Simcoe-street, and the woman took her watch.

STUBBORN INDIGESTION

One Who Had Suffered for Years Cured by Dr. Williams' Pink Pills. The symptoms of stomach trouble vary. Some victims have a ravenous appetite, while others loathe the sight of food. Often the feeling is of weight on the chest, a full feeling in the throat. With others there is an intense pain, and in some cases, vomiting. Sometimes gas presses on the heart and leads the sufferer to think he has heart disease. Sick headache is another frequent and distressing symptom. Mr. Alex. McKay, McLellan's Mountain, N.B., says: "For years I was a great sufferer from indigestion, which was gradually growing worse and worse, and it would be impossible for me to tell how much suffering I endured. At different times I had treatments from three doctors, but it did not help me in the least. Then I began trying all sorts of advertised medicines and took ten packages of one medicine specially intended for dyspepsia, but with no better results. I had practically come to regard myself as incurable, and to feel that I would be a continuous sufferer, when one day I read in a newspaper of the cure of indigestion thru the use of Dr. Williams' Pink Pills, and I made up my mind to give them a trial. I had used nearly five boxes before I began to feel better, but I do not wonder at all as my case was so bad. I used in all a dozen boxes of the pills, and they cured me completely. I can now eat anything we raise on the farm for man to eat and have no longer the pains and discomfort I had endured for years. It is several years now since I was cured, and I have never felt a symptom of indigestion since. EVIDENCE CONNECTED WITNESS DISCREDITED

"Case a Tissue of Lies," Said Justice Latchford—Mrs. Cohen is Given Judgment in Full.

After a sensational trial in the non-jury assize court Mrs. Cohen has emerged victorious in her action to recover \$500 from the Crown Bank, the Imperial Bank and Adolph Mayer, and has been given judgment to recover that sum with interest added, together with the costs of the court. The evidence throughout was of the most contradictory character, one witness pledging his word against another's. In addressing Justice Clute at the close of the evidence Mrs. Arnold said the judge had a sharp tilt in connection with his belief in the accuracy of his witnesses. Justice Clute said: "Mrs. Arnold, in one case I was on one side and had two witnesses; the other side had 12. The judge commented upon this and asked the other man why it was. The lawyer replied 'It was shooting at a mark.' In giving judgment Justice Clute said: 'Counsel has brought out all there is in the case, which is a very lamentable one. There is no doubt that Helpert Bros. made out that \$500 cheque to Mrs. Cohen in March last. This cheque was endorsed 'B. Cohen' at the bank. There has been no evidence put forward that she either endorsed it or authorized its being cashed. I don't believe she did. She is a woman who can neither read nor write, and the name must have been put on by some other persons with no authority from her. 'The defence has endeavored to show that the money obtained from the Crown Bank was back in her hands before her husband left. Well on Sunday, Feb. 23, a man named Sam Mayers was married to Mrs. Cohen. On Feb. 27 it is said that the man named Smith swore that he, when in the house, saw \$75 counted out when the man was using his help. I do not believe it, and I reject the evidence. 'What I think is, that A. Mayer got the cheque at that time with the name B. Cohen on the back of it. He sent Mayer to the Crown Bank with it, but the manager refused to accept it until the boy Mayer or Margolis had signed his name beneath that of Cohen. He signed, and took the money and as he says afterwards paid it over to A. Mayer. After this they try to produce evidence to show that the money went back to Mrs. Cohen. I reject that evidence. 'The evidence brought out by plaintiff and defendant, I accept that of plaintiff, as many of the defendant's witnesses were discredited before they left the witness box. Much evidence had been made and much produced for the purpose. The whole thing was a concocted scheme to get money. 'It is unfortunate that the banks, Crown and Imperial, have got themselves into difficulties in connection with the case, because of the cheque not being properly endorsed, but they have a remedy. 'Well,' said the conclusion of the evidence Louis Heyl, K.C., had mentioned to his lordship that in his opinion the case hinged on whether Mrs. Cohen had signed the cheque or authorized anyone else to do so. In his summing up, Frank Arnold, K.C., said that Norman Helpert was the 'prop' of the whole Cohen case, and that he would not hesitate to say, as it was the theory of the defence, that it was he who had put the B. Cohen on the back of the cheque in question. 'Mr. Arnold,' said Justice Clute, 'you have brought forward one little bit of evidence to prove what you say, and you have no right to make a statement which has no foundation on fact. You said you would bring expert evidence to prove that statement when you made it before, but you haven't done so. 'Well,' said Mr. Arnold, 'I still think so. I think the handwriting very much alike.' 'Well, I don't,' answered the judge. Mr. Arnold later apologized for anything he may have said during the course of the trial, and hoped his

lordship bore no malice, and the justice smilingly accepted the amendment. 'We have been at war all thru the case,' said the counsel. Rabbi Helpert of the Chestnut-street Synagogue was called yesterday afternoon. He married Mrs. Cohen to Mayer.

"What is the name of the man?" asked Justice Clute. "Israel, son of Judah, a Cohen," said the witness. "But the name on the license was Mayers, otherwise Margolis?" commented the bench. "Many people change their names," said the rabbi with a shrug. "You say you marry them knowing the man was using his wrong name?" The witness nodded. "I think it is very wrong," said the judge. "I think the whole thing was a put up job. 'I hope you don't think I put it up,'" said Mr. Arnold. "I do think the rabbi is part of it, and I think further that the attorney-general's department should investigate fully," commented the bench. Then the rabbi went on to say that he never read the certificate, and pointing to Adolph Mayer, who had sworn he wasn't there, said he had sworn a witness.

"This case is one long tissue of lies," commented bench at one time, "and it is for me to sift it out and find out where the lies are." Jacob Berman was the last witness. He swore he knew Mayers or Margolis in New York City, and that he had a wife and three children, and he also swore that that fact was known to Adolph Mayer. Then Mr. Arnold began to cross-examine the witness in regard to his family matters. He asked him when his wife had died, and had gone so far as to ask him who the undertaker was who buried her, when Justice Clute said: "Surely, Mr. Arnold, you don't need to introduce the undertaker."

EATON'S DAILY STORE NEWS

The Second Grand Millinery Occasion

The path of Millinery fashions is full of pitfalls, and in no part of the gowning of women does Dame Fashion prove her fickleness so fully as in her changeable Millinery moods.

Not that styles have undergone any radical change! The large hat still predominates for occasion of dress, though the smaller hats are quite appropriate for street wear.

But a new and very insistent style that is coming "to see the season out" is the "flat" hat, broad and low, with trimmings that sweep round the crowns.

Dozens of Them Grace the Occasion Monday

Bandeaux of feathers or flowers completely encircling the crown, and, of course, ostrich plumes are used in profusion.

Silk and satin hats, with silk cording diagramed around brims, plush hats and the new mushroom hats will have prominence.

And the Fur Hats will make their advent—exclusive creations in black lynx and natural mink.

We invite you to view these distinctive changes in the season's Millinery styles in the salesrooms Monday.

Record Run by Cave Adsum Wins at 1-2 Miles in 2:32 4-5

Clell Turney Makes the Pace Most of Journey and is Beaten by a Length—Four Favorites Win.

The fourth day at Hamilton was marked by Cave Adsum, Wm. Jennings' great 4-year-old runner, by Compute-Mable D., now in prime form, with 119 lbs. up, establishing a new record for Canada for 1-2 miles, 2:32 4-5. This mark set by Basco, 2:35, in 1895, stood until yesterday when it was smashed to smithereens. Cave Adsum's last performance was over the 2 1/4 mile course for the O.J.C. Cup at Westville Park, when he won with a fast field. He came out yesterday with his ears down to run for a real purse, with this time of 2:32 4-5, the biggest by \$100 of the seven on the afternoon program. It was a condition event, in which three others besides Adsum accepted the challenge, but he alone evading the issue. It was Nicol's first mount at the meeting and he gave a clever exhibition. The weights seemed to favor Clell Turney, who was made favorite, Carey and Adsum both being well supported around two. Waterlake was the outsider in the betting and unbacked.

MISS THOMPSON GAIN LADY GOLF CHAMPION

Defeats Mrs. C. Mussen of Montreal by 4 up and 2 to Play—Ontario's Interprovincial. For the fifth time that sterling golfer from St. John, N.B., Miss Thompson, won the championship of the Royal Canadian Golf Association, she defeating Mrs. C. Mussen of Montreal yesterday at Lambton before a large and select gallery by 4 up and 2 to play. The conditions were not conducive to good golf, the contestants having to drive before a strong head wind, and this was better to come to driving, and her superiority here won her the match, and will win many more, until she gets a competitor who is better than her. However, as all golfers know, none can compare to Miss Thompson in Canada, after topping her ball twice into the hole, she holing in six, while Mrs. Mussen invariably drove high, the wind bringing the ball back time and again. Both ladies were excellent on approaching, their work being hard to improve upon when the greens are so hard and perhaps excellent. In fact, throughout the afternoon she played a plucky uphill game, but Mrs. Mussen took seven. The first hole was halved in six, but in the second Mrs. Mussen, who had the honor started off by topping her drive badly, while Mrs. Thompson made a beautiful drive and was on green in two, while Mrs. Mussen overran the hole on her sixth, while Mrs. Mussen took seven. Both made good drives on the fourth, but topped their drives on second, while Mrs. Mussen was in four, while Mrs. Thompson was in five. On the fifth Mrs. Mussen on her third drive into creek, losing a stroke, and holing in eighth, while Miss Thompson holing in five, making her three up. The fifth was holed in six, but in the seventh Mrs. Mussen holing in eight, while Miss Thompson holing in five, making her four up. At the seventh hole Miss Thompson, after topping her ball twice into the creek, surrendered the hole to Mrs. Mussen, but in the eighth Mrs. Mussen pulled away at the bunker, while Miss Thompson was away with a splendid drive, both, however, were on edge of green, but Mrs. Mussen holing in to edge of hole, while Miss Thompson holing out in four, with a splendid 10-yard putt. The ninth hole was halved in five, but on the tenth Mrs. Mussen's approaching shot was better, she holing in six, while Miss Thompson holing in seven. The eleventh was halved, while on the twelfth Mrs. Mussen was at foot of hill, while Mrs. Thompson holing in three to four. Miss Thompson won the thirteenth hole by five to seven, while Mrs. Mussen holing in four, while Mrs. Mussen holing in the fourth by seven to eight. At this hole both the players and gallery had a good laugh, as Miss Thompson holing in five and Mrs. Mussen in eight, thus making Miss Thompson three up. Both were away to drives on the sixteenth, Miss Thompson being over hill-top on fourth, while Mrs. Mussen got out in five, but was well on green in six, winning hole in seven, while Miss Thompson holing in seven, while Mrs. Mussen holing in eight, thus making Miss Thompson the champion by four up and two to play.

A PREVENTIBLE ACCIDENT.

According to present information the railway accident at Mimico on Thursday night was caused by an open switch which diverted the C.P.R. express train, bound for Hamilton, from the main line on which it should have traveled on to a siding occupied by a G.T.R. transfer engine.

If the cause of this disaster was what has been reported, the question is at once raised, whether it does not belong to the class of preventable accidents. Had the line been equipped with an up-to-date system of interlocking signals the failure to close the switch would have left the proper main line signal against the engineer and enabled him to bring his train to a stand before the danger point was reached.

THE STREET RAILWAY SITUATION.

When the city granted the street railway franchise it was undoubtedly the intention of the council for the time being to have regard to the future expansion of Toronto and to provide that transportation facilities should extend correspondingly.

It is to be noted that the franchise was accepted by the committee acting on behalf of the contemplated company, and the agreement following upon the negotiations was then believed to have validly carried into effect the intention and understanding of the contracting parties.

But the privy council treated these latter clauses as inconsistent with the earlier clauses conferring the right to construct and operate a street railway and in effect set aside the reservations in favor of the city as inconsistent with the absolute franchise grant.

Whatever view is taken of the decision of the privy council it cannot be denied that it made inoperative clear and explicit powers conferred in as many words upon the city and engineer. But if these can no longer be treated as effective, they are at least evidence of the nature of the bargain in contemplation of the date when the street railway franchise was ceded to the public service company that later accepted the responsibility of its operation.

APPLE SHIPPERS' LOSS.

Pink Rot Spoils Big Load for Old Country. OTTAWA, Oct. 2.—(Special)—Apple shippers are warned by the department of agriculture that pink rot appears to be very prevalent this year, and hence shipping of apples not perfectly free from apple scab and showing any signs of pink rot, is particularly hazardous.

Many carloads of fruit examined at the dock in Montreal to-day by the Dominion fruit inspectors were found practically worthless because they went on board ship as the result of this infestation. Shippers will lose heavily.

A HAMILTON COUPLE ARE BADLY INJURED

Mr. and Mrs. C. H. Shea Thrown From Rig While on Way to Surprise Son Near St. Louis.

ST. LOUIS, Mo., Oct. 2.—(Special)—Mrs. C. H. Shea of Hamilton, Ont., one of three persons injured in a runaway in St. Louis County, is reported in a critical condition to-night.

She and her husband are at St. John's Hospital in St. Louis. He will probably recover. Mr. and Mrs. Shea were en route to visit their son, Robt. Shea, who is studying for the priesthood at the Priests' Farm near Florissant. They had planned to surprise their son, and in order to carry out their plans went to Florissant on street cars, and there hired a carriage to convey them to the farm, about two miles distant.

A lively man, who was supposed to be acquainted with the road, was sent with the carriage. When he arrived at the place where the private thoroughfare turns off the Florissant bridge on a rock road he let the team pass before he noticed where he was going. In turning to get back to the private driveway, the team became excited and the rig began to jurch. Shea was thrown out on the left side and the driver fell on the right. Mrs. Shea was thrown heavily out of the rear of the carriage.

Chas. R. Black, James C. Sutton and W. P. Morgan, Democrat candidates for treasurer, sheriff and county court respectively, came up in an automobile almost immediately after the accident. They found the three occupants of the carriage lying in the road. Mrs. Shea appeared to be fatally injured. Her husband was also badly hurt, but the driver was only stunned. Black and his companions first drove their machine to the seminary, where they got Robert Shea, then they took the parents to Florissant, where a doctor attended to them temporarily.

The tower is to be erected on lands donated by Sir Sandford Fleming to the City of Halifax for a park, and situated on the western side of the historic northwest arm of Halifax harbor. Speeches were made by Gov. Fraser, Sir Sandford Fleming and others. A royal salute of 21 guns was fired from the citadel in connection with the ceremony.

The following cablegram was received from Lord Crewe, secretary of state for the colonies: "LONDON, Oct. 1.—Lieut.-Gov. Halifax: I shall be glad if you will convey to citizens of Nova Scotia my hearty congratulations on a century and a half of parliamentary government; province is rich in historical associations and honored names and with a record of its past and present is combined sure promise of future prosperity as an integral part of the great self-governing Dominion."

A telegram was received from Earl Grey conveying best wishes for the success of the undertaking. Milton D. Coleman was given judgment at Osgoode Hall against Benjamin Roy Simpson for the balance of the purchase price of \$1800 worth of stock in the Atlantic Oil Co. He has already paid \$800 on the stock.

A Prophet is of No Account in His Own Country. The old proverb, that a prophet is of no account in his own country, is in no way proved true in the case of radnor water. This sparkling and pure beverage comes from a spring in the grand Canadian Laurentian Mountains and is widely popular among Canadians.

SHERIFF SEIZED SASKATOON

London Financier Wanted \$5000 on Sale of Town Bonds. SASKATOON, Oct. 2.—Some time ago a financier sold half a million worth of town bonds in London, for which he sent in a bill for \$5000.

The council being dilatory in paying, he garnished the town council, in the absence of the city solicitor, he obtained judgment by default for the amount, and the sheriff seized all movable city property, including the fire engines, etc.

But this is where the Gilbertian side of the affair comes in. James Flanagan, a prominent local hotel man, was owed some \$5000 by the financier, and promptly garnished him to cover this debt, so he is now no better off than before.

THE WEATHER

Yesterday was a day to put hope in any man's breast, unless he was under the hard crust of despair. There was nothing blue about it; nothing dismal nor gloomy at any hour of the day. It was a straight case of cheerfulness all day long, but you could stand around long in your shirt sleeves, right from the opening sparrow chirp in the morning until the sun sank to rest without any attempt at the spectacular in the evening it was a good day all thru. The sky was beautiful all day long; that sweet, deep, rich blue that we've looked at since the days of childhood, and those pure white bunches were scattered promiscuously around, giving it just about the nicest effect imaginable, and the sun produced his finest work, doing his best every moment of the day to make everything bright and everybody happy.

Of course, there was a breeze, and a rather cold one at that—but what can one expect in October? The day was enough to make every man, woman and child feel good if they were warmly clad—which they had need to be.

The Weather Man said something last night about rain and the close of to-day's business—but you wouldn't expect it from yesterday's behavior, all goes to show that you can't judge anything by appearances nor gauge the future by what has been.

But yesterday was an ideal fall day—every minute of it. Tud.

METEOROLOGICAL OFFICE, Toronto, Oct. 2.—(Special.)—Detailed account by rain, have prevailed to-day in Quebec and the Maritime Provinces, while elsewhere in Canada the weather has been fair and temperature changes have been unimportant.

SON-IN-LAW FAINTS AWAY AT SIGHT OF ACCUSED

Incident at Stratford When Man Believed to Have Murdered Mrs. Peake is Driven by Hotel.

STRATFORD, Oct. 2.—(Special.)—The funeral of Mrs. William Peake, the victim of Wednesday's atrocious murder, took place at Sebringville today. A large concourse of people attended to show their sympathy for the family.

J. C. Makins has been retained to defend the prisoner, and will appear for him at the inquest Monday. Quite a commotion was caused in the streets to-day when Richmond was taken from the county jail to the police court. Notwithstanding the fact that he was in a closed cab he was quickly "spotted" and hundreds gathered around the city hall. He was closely guarded.

A son-in-law of Mr. Peake, Mr. Schellenberger, who had arrived from Toronto, was sitting in the waiting room of the Royal Hotel when the cab containing the negro went by. Some bystanders cried "There he is, the murderer."

Schellenberger rushed to the street and fell in a dead faint when he saw the alleged slayer of his mother-in-law.

NEEDN'T PAY THE INTEREST. Hon. Robert Rogers Makes an Assertion as to the G.T.F.

MONTREAL, Oct. 2.—(Special.)—Hon. Robert Rogers, minister of public works in Manitoba, is in the city, and in an interview declared that the Dominion Government, in regard to the Grand Trunk Pacific, has no power to re-take possession of its security or to collect from the G.T.P. He argues that under clauses 6 and 7 there is no power of foreclosure should the G.T.P. fail to pay interest.

IS SHE CHATHAM WOMAN? Doctor Arrested in Newark for an Illegal Operation.

NEW YORK, Oct. 2.—(Special.)—A young and pretty woman, reported to be the wife of Dr. D. L. Noble at Kooch's Hotel, Newark, as "Mrs. P. H. James, Chatham, Ontario," last night.

A man visited her, sending up a card "Dr. Andrew N. Thompson, New York." Soon afterward the man was arrested on the charge of trying to perform an operation forbidden by law.

The woman was sent to the City Hospital. Dr. Thompson was locked up at police headquarters. His real name is Dr. D. L. Noble, who, until last June, was a resident physician in a most reputable hospital here. To-day the physician confessed and was held to the public service at the Presbyterian Church, of which Mr. Noble had been a member for forty years. This service was under the charge of his pastor, the Rev. W. B. Turner, who was assisted by Revs. M. Little, R. S. Cameron, James Argo, S. C. Nonson and H. Wolz. The chief mourners were his two sons, Major A. L. Noble at Kooch's Hotel, Newark, as "Mrs. P. H. James, Chatham, Ontario," last night.

Obituary. Mrs. Jean Dunsmuir. Mrs. Jean Olive Dunsmuir, mother of the lieutenant-governor of British Columbia, died yesterday morning, aged 81, at Victoria, B.C. She became widely known over the continent owing to suits against her son for the recovery of her proportion of the famous Robert Dunsmuir estate, comprising vast interests on Vancouver Island. She was also intervenor in the Edna Wallace Hopper suit.

Wm. McAvoy. The death occurred at St. Catharines last evening of Captain William McAvoy, a lifelong resident of the vicinity. He was born in Port Dalhousie about sixty years ago, and for many years was captain of different vessels on the lakes. He managed an hotel in Port Dalhousie for some time, and eight years ago took charge of the Queen's in St. Catharines.

Politicians Lose Jobs. Two Government Officials at Port Huron Have Made Mistakes.

WASHINGTON, Oct. 2.—As the result of a report made by the civil service commission, President Roosevelt late today removed Lincoln Avery, collector of the port of Port Huron, Mich., and also directed the removal of Chas. H. Dalley, special agent of the treasury at that place.

The civil service commission found proof of charges of serious violations of the rules and regulations in regard to the campaign assessments, and which also involved, on the part of Special Agent D. Bailey "pernicious activity in politics."

EMPLOYEES MAKE PRESENTATION. George Booth, president of the G. Booth Copper Co., Limited, was last night presented with a handsome chair by his employees on the occasion of his 70th birthday. The employees were then banqueted. Among those present were Messrs. Coulter, Campbell and Finch, employees of 40 years ago.

The January, February and March cruises will be extended to Alexandria. Further information can be had from A. F. Webster & Co.

BYLAWS CARRY UNANIMOUSLY. MILTON, Oct. 2.—The two bylaws voted on at Milton to-day were carried by a majority of 232 for the Plobeston Manufacturing Company, and the Wilmet Farm Implement Manufacturing Company, not one vote having been polled against them.

THE WINE OF THE COUNTRY

EVERY nation has its "Vin du Pays," or National Beverage. This map of the world illustrates in a simple way the customs of the respective nations in this particular.

Between the "Cape Smoke" of Southern Africa and the Russian Vodka of Northern Europe, there are as many characteristic national beverages as there are nations.

The Spaniards and Portuguese drink the fiery wines of Spain and Portugal; the French, the lighter wines of France; the Germans, their own German Lager; the English of the Southwest of England, the cider from apples grown in their own orchards, the English of all the rest of England, their cherished beer; the Scotch, almost to a man, Scotch Whisky, and the Irish, their "Uisgebeatha," (Irish Whisky).

In the United States, different sections of the country have their favorite beverages—Bourbon Whisky in Kentucky, Native Wine in California, Lager in the Middle West—and Virginia its Mint Julips; but in Maine, it is said, "They will drink anything out of a bottle."

Every beverage is at its best in the country which produces it; and in nearly every land the Wine of the Country is the best beverage obtainable there.

In Canada, the most characteristic national beverage—the Wine of the Country, is Pure Canadian Rye Whisky, which finds its perfection in

Corby's "Special Selected"

This brand of old Canadian Rye is scientifically distilled from the best grain. It is thoroughly matured in barrels, with its age guaranteed by the Dominion Government, and its quality guaranteed by the Corby label which has stood for good Whisky since 1859. If you would drink Canadian Whisky at perfection ask for Corby's "Special Selected."

FUNERAL OF ROBERT NOBLE

Many Toronto Citizens Attend Obituaries at Newark.

The funeral of Robert Noble of Newark, Ont., took place from his late residence yesterday afternoon. A brief service was held at the house at 2:30 by Rev. J. McP. Scott of Toronto, and the public service at the Presbyterian Church, of which Mr. Noble had been a member for forty years. This service was under the charge of his pastor, the Rev. W. B. Turner, who was assisted by Revs. M. Little, R. S. Cameron, James Argo, S. C. Nonson and H. Wolz.

CANADA CUBA LAND AND FRUIT CO. LIMITED

OCTOBER TO MARCH is the time to plant orange, lemon and grapefruit trees in Cuba.

OUR COLONY is no venture, but a practical success, producing fruit of the most luscious quality; the groves planted on our estate have more than come up to our expectations.

TEN ACRES planted in oranges and grape-fruit will produce, when in bearing, an income of from \$2700.00 to \$5000.00 per annum, thus rendering the owner independent for life.

NO INVESTMENT, with so small an outlay, will produce the same income as will such a grove of oranges, grape-fruit and pineapples; there is a ready market for all that can be produced, with shipping facilities direct from the Company's dock and excellent railway accommodation.

CUBAN FRUITS can be gathered and shipped when fully ripened, whilst Florida fruits are usually shipped green, the result being that the first are most luscious and wholesome and more eagerly sought by the buyers. No frost or snow and no extreme heat, and one of the healthiest climates in the world.

CALL AND SEE recent photographs of results; prospectus sent on application; every information freely given. THIS COMPANY owns over 100 tobacco plantations, producing some of the finest grades known to the trade. MORE THAN 70,000 citrus fruit trees (orange, grape-fruit and lemon) have already been planted and more are being continually added. NOW IS THE TIME to purchase; under existing circumstances it will be but a short time before these fruit lands will bring many times their present selling price. GEORGE F. DAVIS, Managing Director

DR. CHOWN MUST SHOW WHEREIN PLAYS OFFEND

Aldermen Decide to Ask Moral Reformers to Carry Protest to Police Commissioners.

The civic legislation and reception committee does not care to grapple at present with the big problem of how to elevate the stage, but will leave further action to Rev. Dr. Chown's moral reform committee.

This was agreed upon yesterday, when a letter from Chief of Police Grasett was received in reply to the committee's communication respecting complaints made concerning alleged immoral character of certain burlesque shows.

In part the letter was as follows: "Your communication will be laid before the police commissioners at their next meeting. Meanwhile I should like to be informed of the specific plays and placards that gave rise to these representations, for the police have been obedient to the posters and either advertising matter in the streets and have not seen anything that could be pronounced immoral or obscene, or some may have appeared objectionable. The plays at the several theatres have also been under observation and the staff inspector informs me that the management here cut out all references that he advised should be eliminated."

"Do you ask to satisfy your curiosity or do you really think I am a freethinker or an infidel?" returned the alderman.

"Only for information," assured the controller.

SYND PROLOGUES.

May Meet Next in Vancouver—Prayer Book Committee Named.

OTTAWA, Oct. 2.—(Special)—The Anglican Synod was prorogued tonight, the bishops assembling with the lower house and being dismissed by the primate.

The upper house refused to take part in the memorial to the Archbishop of Canterbury, asking that Canadian bishops be given permanent licenses to preach in England.

In part of the church supreme court of appeal were appointed as follows: Dr. J. A. Worrell, Toronto; Dr. H. L. Davidson, Montreal; Judge McDougall, Brockville, and Chancellor MacRae, Winnipeg.

The house decided that the next meeting of the general synod should be held in Vancouver, providing suitable railway rates can be secured.

The prolocutor appointed the committee on the adaptation of the prayer book for use in the west.

Chairman Aid. Keeler said he didn't think any theatre in Toronto was entirely free from plays of a suggestive character.

"Have you ever been to the Star?" asked Controller Spence waggishly.

"Do you ask to satisfy your curiosity or do you really think I am a freethinker or an infidel?" returned the alderman.

"Only for information," assured the controller.

Ald. J. G. Graham suggested that a special sub-committee should take in some of the shows and decide whether the performances were objectionable, but Aid. Bengough remarked sagely that if it were known such a visit was to be made, any improper portions would be eliminated.

The suggestion that a special officer should be appointed to supervise plays was referred to the aldermen, who agreed to send the chief's letter to Dr. Chown and let the moral reform committee do the rest.

It was recommended that a bylaw be passed to compel heavily laden vehicles to keep close to the curb, so that faster moving vehicles could pass more easily.

A luncheon will be given the delegates to the convention of the International Fur Association, which meets here Oct. 6 for a three days' session.

PETITIONS ILLEGAL.

Local Option Vote in Manitoba May Be Thinned Out.

WINNIPEG, Oct. 2.—Thirty out of the thirty-five or thirty-six petitions that have been made in the same number of municipalities throughout the Province of Manitoba, asking to submit the question of local option or prohibition of the sale of intoxicating liquor to the electors at the next ensuing municipal elections are irregular, invalid or incompetent, according to the contention of the Manitoba Hotelkeepers' Association, and the Liquor Dealers' and Cigar Manufacturers' Association of Manitoba.

The liquor dealers contend, and the contention they say is supported by the best legal advice at the Manitoba bar, that the phrase, "not later than the first of October," is essential to the legality of the petition. That time has now passed, in so far as the possibility of voting thereon at the coming municipal elections is concerned.

AT THE THEATRES

The famous Rogers Brothers will make their first visit to this city Monday, when they will play an engagement at the Princess Theatre for one week with a matinee on Saturday, offering their most successful musical comedy, "The Rogers Brothers in Panama."

The Rogers Brothers have now a production that is more pretentious and elaborate than any they have yet given the public and the combined talent of four of the cleverest play-builders in America was enlisted in perfecting it. The book was written by Sylvester Maguire and Aaron Hoffman, the music was composed by Max Hoffman, while Edward Madden contributed the lyrics. Produced under the personal direction of Ned Wayburn, master of stage craft, the success of the vehicle was a natural foregone conclusion.

As the title tells, the play has to do with Panama, a country that in time to come will undoubtedly be found to be a maker of history and may be instrumental in changing the war map of the different powers of both hemispheres. The canal-zone affords a wide scope for mythical situations and humorous dialogues, while in view of the fact that the cabinet officials at Washington are so deeply engrossed with the all-absorbing venture, unlimited material is furnished the two popular comedians for topical songs and parodies. In order that they might familiarize themselves with the subject and secure the proper "atmosphere," a comedy so much desired by the up-to-date author and actor of to-day, Gus and Max Rogers made the trip to the narrow peninsula and spent several weeks visiting the different points of interest.

They secured numerous photographs while in Panama, and these have assisted the scenic artists in giving faithful portrayal of the type of this interesting country. As has been their custom in the past, the two stars have surrounded themselves with a carefully selected company. Miss Marion Stanley has been engaged as leading woman, Josephine Barrows, Ellen Sheridan, Avisa Sanchez, Olive Quimby and Sibly Brennan are also in the cast. In addition to Gus Lydecker, Ted Taylor, Robinson Newbold, William Edmund, Philip Leigh, Henry Hehman, Alexander Kleinman and numerous others, with fifty of the most beautiful singers and dancing chorus ever organized for musical comedy.

At the Alexandra. One of the most noteworthy productions of the season "The Belle of New York" will be offered by the Imperial Opera Company starting this afternoon's matinee and into the presentation of this great international musical comedy success the Imperials are putting some of the best and strongest members of their large cast. The chorus, which has been materially increased and has been most capably drilled, will present a picture seldom witnessed on any stage.

In offering "The Belle of New York" the management of the Imperials have striven to make it a triumph from every point of view and at the opening to-morrow afternoon the most astounding wealth of detail and color in settings, properties and costumes will be revealed to the patrons of the Royal Alexandra. The most unstinted praise

is due the Imperials for they have converted this wonderful theatre into being the veritable home of musical comedy and in doing so they have raised the standard of comic opera and presented these musical attractions with a superiority hitherto unknown. The music of this famous musical comedy is by Gustave Kerker and every one of the bright numbers have become so thoroughly appreciated by the public they have gained the rank of light opera classics. The abundance of humorous situations with which the entire piece abounds makes it one of the most enjoyable extant.

The cast contains a wealth only the Imperials are able to offer. Prominent in it will be Miss Agnes Cain Brown, the pretty prima donna, in the role of Violet Gray. Others in the cast are Garrye Reynolds as Bill Friot, Elvia Crox as Cora Angelique, Rubie Leslie as Kissie Fitzgarter, Maud Courtney as Mamie Clancy, Laura Christopher as Mamie Clancy, George Le Soir as "Doc" Snifkins, W. H. Pringle as "Blinky Bill" McGuire, George M. Graham as Mr. Twiddle, Wm. Rothacker as Kenneth Mugs, W. H. Smith as Count Ratsi Rattatoo, Herbert Lancaster as Count Patat Lancaster, R. T. Jones as William, Fred Quinn as Mr. Peeper and William Doyle as Friot.

Among the many musical numbers perhaps the most noted are "La Belle Parisienne," "They All Follow Me," "She is the Belle of New York," "Take Me Down to Coney Island" and "At ze Naughty Polles Berere."

At Shea's. America's premier dancer, La Petite Adelaide, and her dainty dancers will head the bill at Shea's Theatre next week. For several seasons past has been seen in vaudeville, and will be warmly welcomed on her return here. She is presenting her own conception of Mand Allen's Mendelssohn's "Spring Song," also "The Billposter's Dream."

The special attraction Manager Shea has booked for the week is Jean Marcel's living reproductions of world-famous statuary, and this artistic offering is always welcome. Since this act was last presented here many new models have been added.

Stuart Barnes, the favorite monologist, is sure of a warm reception, and he will have something new to offer both in his monolog and in songs. Eleanor Falke, the dainty singing comedienne, has been making an enviable place for herself in vaudeville this season, and is singing a lot of new songs. The majestic Musical Four are high class comedy instrumentalists, and each member of the organization is a soloist.

W. E. Wittie is a newcomer at Shea's. He is a ventriloquist who has been winning laurels for himself in all the vaudeville houses. He makes up as President Roosevelt, and calls his act "With President Roosevelt on the Battlefield."

AGNES CAIN-BROWN, PRIMA DONNA IMPERIAL OPERA COMPANY ROYAL AL ALEXANDRA.

equilibrists, and their act is a sensation. The kinetograph closes the bill with new pictures.

At the Grand. "Babes in Toyland" will be the offering at the Grand next week. This new announcement cannot carry with it the full strength of the event. There was a time when such attractions as "Babes in Toyland" were denied local theatregoers because of fear of the progress of the action of "The Other Man's Wife" there will be interpolated at frequent intervals the following brilliant array of variety talent: Annette Wittie and her Poppy Girls in a fantastical song and dance diversion, including a great instrumental finish; Nat Wilson, the laughable trapeze artist; Wilhel Heide, the hobby monologist and comedian; Tom McRae and his impromptu quartet, one of the greatest laugh producers on the stage; and Nick Long and Idalena Cotton in their famous French and Italian impersonations. The wardrobe with the shows are stunning.

The extra attraction will be the Fitzgibbon-McCoy trio.

At the Majestic. "The Creole Slave's Revenge," a drama of convict slavery to-day, is the offering at the Majestic next week, opening with a matinee on Monday. Convict slavery is the one great vital issue of the south to-day and in "The Creole Slave's Revenge" theatregoers are given an inner view, the picture as seen by the writer, who spent six months investigating the terrible evils, prevalent wherever this system is in

minutes, also the works were "The Beethoven Choral Symphony" and "The Dream of Gerontius," so well had Dr. Coward prepared his trusty choristers. "I know about Dr. Coward's career," he says, "and I was so pleased with the singing of his Sheffield Chorus that I intend to dedicate to them and their conductor two eight-part choruses, with orchestral accompaniment, that I have just composed." Thus does so eminent a foreign conductor emphatically endorse all that has been said concerning the attainments of the full-voiced and intelligent singers from Sheffield and their genius conductor.

The Toronto public, familiar with the Ninth Choral Symphony, and who know "The Dream of Gerontius" will realize the tremendous virtuosity of the chorus, when a foreign conductor would find one short rehearsal sufficient for both these gigantic masterpieces. "The Dream of Gerontius" will be given on the final evening of the

Toronto concerts on Nov. 5, 6 and 7, at Massey Hall. The subscription list is now open.

Emil Sauer. Emil Sauer, when he visited America some 11 years ago for the first time, was the most widely exploited pianist that ever appeared before the public. It was found that he fully measured up to all the remarkable encomia that were bestowed upon him. In Germany the critics consider him the greatest pianist of the day. To quote the Dresden Nenesra Nachrichten, "To-day he's the greatest pianist and possesses the greatest mind. Emil Sauer has become the pianist of our time. He has all the penetrating intelligence and knowledge. He comes to Massey Hall on October 22nd for one recital. The sale of seats will begin October 17th."

Week-End Tickets will be issued by the Grand Trunk Railway System until Saturday, Oct. 31. Single fare with ten cents added for the round trip, good going Saturday or Sunday, returning Monday following date of issue. Secure tickets at city office, northwest corner King and Yonge-streets.

William Gillette this season in his adaptation of the powerful play from Paris called "Samson." The original manuscript is by Henri Bernstein, the author of "The Thief," which has been running continuously to crowded houses since early last year. Mr. Gillette has not been particularly active on the American stage for the past two years, since closing his tour in "Charlie," his most recent composition. Hence the great interest in his forthcoming engagement here at the Princess Theatre for the week of Oct. 12.

lation on the merit of a New York success en-tour, but lately it has been demonstrated that the biggest offerings can be brought to the doors of the people, and hence the wedding of a great many ordinary bookings and the advent of shows that are worthy of prices and patronage. "Babes in Toyland" comes with practically a special train, for two modern coaches are required to handle the company, and two of the largest baggages are used to transfer the great quantity of scenery and effects used in this wonderful success. So cleverly conceived by Glen MacDonough and Victor Herbert, the company is complete and the chorus is one of the most attractive on the road. The music is of the sort that lingers and there is a wealth of comedy that blends excellently with the spectator. There are so many songs in "Babes in Toyland" that every taste is gratified. Among the many brilliant musical numbers which Victor Herbert wrote for his most pretentious work may be mentioned "Floretta," Barney O'Flynn, "Castle in Spain," "Beatrice Barafacts," "I Can't Do That Sum Jane," "Slumber Deep, Before and After," "He Won't be Happy 'Till He Gets It," "The Moon Will Help You Out," "Bo Peep," and the Song of Toyland.

At the Star. Possessing the surest ingredients of all the real humor and wit, the latest two-act musical comedy "What Happened East and What Happened West" comes to the ever-popular Star Theatre all of the next week. If flattering newspaper comments all over the country are any criterion the comedy as presented by the Sam Devere show is undoubtedly one of the most pretentious and likewise up-to-date productions on the "wheel." There is nothing lacking in the way of capable comedians, pretty girls, expensive and beautiful gowns, original features and a galaxy of other novelties and surprises. The plot is out of the ordinary and is interspersed with musical songs and musical numbers destined to pave the way for a new era in this style of entertainment. When it is understood that the scenic investiture requires two special cars to carry it and that the company is composed of 40 people, the magnitude of the offering may be better imagined than described. In the company are: Miss Belle Gordon, Mlle. Bartolotti, Dick Brown, John Brazz, Sam J. Adams, Miss Gladys St. John, Four Banta Brothers, Miss May Nash,

THE SECRET OF SUCCESS IS NERVOUS ENERGY

Every Man Can Have It if He Has the Energy Which My Belt Gives.

Energy is what makes success. This ambition which makes business men out of laborers; this spirit which awakens in a man and leads him forward; this courage which backs up every inspiration to better himself, is nothing but nervous energy, which is created by electricity, the vital force of the body.

You can't build success without spending a great deal of nervous energy, and you can't spend nervous energy unless you have it.

Dr. McLaughlin's Electric Belt

Will put new life into a body exhausted and debilitated. It will prepare any man for a battle for success by charging his nerves with the fire of vigorous energy.

My Belt, with special Electric attachment, will restore your vigor. It will check all loss of vitality, and affects every organ of the body. It cures Nervous Debility, Varicose, Rheumatism, Lame Back, Lumbago, Sciatica, any case of Kidney Disease that has not gone as far as Bright's Disease, Stomach Trouble, Constipation. If you haven't confidence in electricity, let me treat you at my risk. I will give you the Belt on trial, without one cent of risk to yourself. Give me reasonable security and I will take your case, and you can

Nervousness—Sleeplessness—Run Down.

Dear Sir:—One year ago last February I was taken with Nervous Exhaustion (the doctors pronounced it). I suffered all the tortures of that disease, was all run down, so weak I could hardly do anything at all. Since I began to use your Belt there has been a marked improvement in my condition in the different ways mentioned. I have slept well every night since wearing your Belt, which is one of the greatest blessings of mankind. I have a great deal more ambition; better; constipation about gone, which I was bothered with a great deal; head feels better and I feel far better in every way. Yours truly, NELSON ROBE.

(FURS EXCLUSIVELY)

FURS OF STYLE UNRIVALED IN EXCELLENCE

In the selection of furs, individuality is fully as important as style, quality, and price. Our collection with its thousands of fur garments and pieces affords scope to the woman with definite ideas as to her particular needs of style and design to secure an individuality which will bring out every advantage of figure. In other words, the immensity of the variety (even if one overlooks for a moment its beauty, perfect style, high quality, and reasonable prices) makes it certain that when you come to THE LARGEST EXCLUSIVE FURRIERS IN THE BRITISH EMPIRE you buy what you want and not what the store wants to sell—this is a point worth thinking on.

OUR EXTENSION SALE

This sale, brought about by the necessity of our having to enlarge our premises, affords a truly wonderful opportunity for you to buy furs right at the beginning of the season, at prices that will astonish you—This great Extension Sale emphasizes our leadership in furs in no uncertain way. Just as this sale excels in quantity and quality, so it excels in value-giving, as you can quickly judge from the values you'll find awaiting you.

Big Chinese Smuggling Plot.
SAN FRANCISCO, Oct. 2.—The Chronicle to-day publishes a statement to the effect that recent changes in the immigration department in this state were the result of an investigation disclosing widespread corruption in service along the Mexican border, by which hundreds of Chinese have gained an entrance to the United States during the past two years. The plot is alleged to involve Chinese and Mexican residents in Mexico and Southern California, as well as Americans holding official positions.

TELEPHONE CO. BEHIND MOVE TO EXTEND STREET

Mystery of Attempt to Push Temperance St. Westward Cleared Up by Frank Admission.

The question of the extension of Temperance-street thru from Bay-street to Sheppard-street was revived before the civic works committee yesterday, when a deputation of business men asked that the project be undertaken. When the city engineer recommended the extension some months ago, certain aldermen were curious as to what had inspired it, and the hint was thrown out that the Bell Telephone Company was behind the movement. The questions remained unanswered, and the undertaking was dropped.

The cat was let out of the bag, however, yesterday when Mr. Dunstan, manager of the company, made no secret of the fact that the extension was mainly wanted to give facilities in fire protection to the new building to be erected on the north side of Adelaide-street. It is to be five storeys high, with a frontage of 108 feet and a depth of 160 feet, so Mr. Dunstan told the committee. He declared that dire things would happen the telephone service thruout the city if the building were burned down, as it might be, thru lack of proper means of access at the back.

A representative of the Hunter-Rose Company, Sheppard-street, said the extension would also be a good thing for the business houses on that street, as it would draw pedestrians down that street who now used Richmond-street or Adelaide-street. The Jones Bros. Company contended that the Bell Company would erect a cheap building if the extension were not made, while if it were made the building would be a credit to the city. As to the objection that the street would be narrower than 66 feet, a sufficient width for the passage of fire reels would answer the purpose. The Grip Publishing Company also favored the extension.

G. R. Geary, representing Robert Bond, liveryman, Sheppard-street, opposed the project, claiming that it would injure his client's business, and that Mr. Bond would be taxed on two frontages.

The committee decided to look over the ground. Mr. Rust estimates the cost of extension at \$20,000, and recommends that the city pay half.

McBride's Latest Kick.
Ald. McBride opposed the purchase of 220,000 scoria blocks from Albert Chamberlain at \$8 a thousand. He argued that the blocks should only be bought as they were needed. Mr. Chamberlain said the city had bought 400,000 blocks from him last year, and 240,000 so far this year. The new purchase was authorized.

Ald. Sanderson presented a petition from the Riverside Business Men's Association for a 6-foot-wide sidewalk on the west side of Broadview-avenue, from Gerrard-street to a point north of the jail.

Tower Elevator Unsafe.
Frank Hill, the new inspector of elevators, believes that reform should begin at home. He forbids the use of the tower elevator until the cables, which are rather frayed, have been replaced.

The court of revision has deferred until Wednesday next consideration of the extension of Albemarle-avenue westerly to Hampton-avenue, and grading the street from Logan-avenue to Hampton-avenue.

Con. Spence on Salaries.
Controller Spence says that if the city council rejects the proposed scale of civic salaries it is probable that there will be no salary increases this year, as the table of increases recommended has been drawn up with special reference to that grading, and ought not to go thru if the grading plan is turned down.

He says also that certain civic employees are lobbying aldermen to persuade them to vote against the salary schedule, and that this is very unwise, as they may succeed in increasing some increases that should be made at once, and thus prevent council from doing justice to underpaid officials for a long time to come.

The park commissioner will report on the cost of a building on the exhibition grounds suitable for horse shows, hockey matches, etc.

CASE OF LEPROSY CURED.

WELLINGTON, N.Z., Oct. 2.—A Maori patient has been discharged from the leper station with a clean bill of health, after a stay of eleven months.

The chief health officer, Dr. Mason, declares that the patient was cured by injections of cultures of the leprosy bacillus.

The Autumn Beauty of Muskoka cannot be described; it must be seen to be appreciated. The Grand Trunk Railway System train leaves Toronto at 8 a.m. daily, except Sunday, and, returning, reaches Toronto at 2:10 p.m. Full information at city office, northwest corner King and Yonge-streets.

Hurricane in Bahamas.

SPREAD OF DISEASE
INSIDE THE HOSPITALS

Outbreak of Typhoid Caused by Infected Milk Bottle.

Dr. Robert J. Wilson, superintendent of Hospitals of the health department of New York, addressed the American Hospitals' Association convention yesterday. In speaking of the administration of hospitals he declared that the indiscriminate placing of patients suffering from pneumonia and typhoid in beds between patients "suffering from other diseases had led to the spread of the diseases named.

Dr. Wilson expressed the view that cleanliness is the best disinfectant. He said that more infection was sometimes imported into hospitals by visitors than could be coped with.

These officers were elected: President—Dr. John M. Peters, Rhode Island Hospital, Providence, R.I. First vice-president—Dr. Arthur B. Auer, City and County Hospital, St. Paul, Minn.

Second vice-president—Dr. J. N. E. Brown, superintendent General Hospital, Toronto.

Third vice-president—Miss Emma A. Anderson, New England Baptist Hospital, Boston, Mass.

Secretary—Dr. W. L. Babcock, Grace Hospital, Detroit, Mich.

Treasurer—Dr. Asa Bacon, Presbyterian Hospital, Chicago.

Mr. J. Ross Robertson, who was vice-president, was unanimously offered the position of president by the nominating committee, but declined.

The convention tendered a vote of thanks to the local committee of arrangements—J. Ross Robertson, Dr. R. W. Bruce-Smith, and Dr. J. N. E. Brown.

A reception to the delegates was held at the Lakeside Home in the afternoon.

ROBINETTE PAINTS
CENTRE TORONTO RED

Strong Fight Being Put up By Liberals to Capture the Riding.

Are you one of the 6666 who will vote for Tom Robinette in Centre Toronto? Is the question half in joke and half in earnest that has taken the place of the recent "Is it not enough for you?" enquiry. The redoubtable Liberal candidate is certainly painting it red in that part of the city. It has become impossible to pass up any of the leading streets of the constituency without facing a streamer with red letters over a foot high, bearing the letters R O B I N E T T E. These are strung out from the front of his central headquarters, 224 West Queen street, and from the other committee rooms, 389 Yonge street; 285 Spadina avenue; 1-2 Arthur street and 223 East Queen street. The large number of volunteers tendering their services to assist in his campaign. A. E. Hacker, who has charge of Mr. Robinette's organization, said yesterday: "There is not another man in Toronto, I believe, who could rally a greater army of volunteer workers than are supporting our candidate, and we have had twenty-five years' experience of it in this city. Mr. Robinette cut down the former big majority last time so close that a mere turnover of less than 200 votes will elect him. He will not be content with this, and is taking no chances, but will devote the whole of his time from now until the election to the campaign. He visits the committee rooms every night, and will, so far as possible, make a complete house-to-house canvass of the riding.

"We open our public meeting campaign with a rally at Broadway Hall Monday night; Masonic Temple, Wednesday, and Labor Temple on Friday night.

During the noon-hour, Mr. Robinette, accompanied by W. J. O'Reilly, secretary of the Toronto Liberal Association, visits the factories and addresses the workmen. Another feature of our campaign is much appreciated by the other workers is the nightly visits to each committee room of the volunteer Robinette Quartet. We rather pride ourselves on our campaign song, "Fall in Line."

"Elections now are a-coming on, They'll be here mighty soon, The Tories think they're sure to win, But we'll make them change their tune.

October twenty-six is election day, The polls will open at nine, It's up to you to do your share, So fall in line.

Chorus
 "Fall in line, boys, fall in line, Cast your vote for Robinette, Leave the others far behind; Don't let us down, don't hesitate, If we are wrong, combine, We'll win out on election day, So fall in line.

"Some say it's time to have a change, But we can't see it that way; We're satisfied with the way things are, And we're going to let them stay; If our government's really fine; We want him there for five years more, So fall in line.

Chorus
 "The man for whom to vote and work Is T. C. Robinette; If each man does his duty He'll be elected, too, you bet; And when the votes are counted, That's when his name will shine; If you want to be on the winning side, Just fall in line."

Chorus
 Burglars at Grand Valley.
 ORANGEVILLE, Oct. 2.—Burglars broke into the postoffice at Grand Valley, riding a large number of letters, and scattering the contents on the floor.

A large registered box was also stolen, addressed to Mrs. W. J. Taylor.

The jewelry store of J. Gilders was visited, presumably by the same gang, and a case containing some 25 customers' gold and silver watches was stolen. They are valued at about \$600.

The burglars effected entry by prying open the doors of both places.

Vito Spino Dined.
 LINDSAY, Oct. 2.—Vito Spino, an Italian, who was charged with stabbing a fellow-countryman, Patzi Marquette, at Fenelon Falls some weeks ago, was discharged by Judge Parding to-day after a lengthy trial.

A CHARACTER STUDY

Rogmond Has Been Railroad Brakeman and Talks Intelligently.

STRAITFORD, Oct. 2.—It would seem that Mrs. Peak, who was brutally murdered on Wednesday, was attacked in the cellar. There are no signs of a struggle in the rooms upstairs, and it is believed the victim was minding dough below when attacked.

Rogmond, the accused negro, stops considerably when he walks, and has a peculiar habit of casting his head from side to side.

A good deal of pluck was shown by the Peak boys and their neighbors in capturing the big fellow, whom they believed to be a desperado. They were prepared to risk their lives to prevent Rogmond from escaping.

In a leisurely manner and seemingly without anything troubling him, the negro walked up the cellar steps and into the shed. He had barely crossed the threshold of the shed door when Robert Fuller commanded him to stop.

The negro hesitated for a moment, looking around as the seeking an avenue of escape, and then advancing to the man allowed his hands to be bound securely. "I am innocent," the negro declared, "and I do not know anything about it."

He faced the angry and determined farmers calmly, but after proclaiming his innocence kept muttering incoherently to himself. He was heard to say, "There is a Lord, there is a King, there is a Queen Victoria, and we are all Canadians together."

DEATHS IN THE CITY.

Deaths registered at the city hall yesterday were:

- Doris Smith, 31-2 months, internal indigestion.
- John O'Brien, 11-2 years, diphtheria.
- Geo. Hauglie, 2 years, marasmus.
- Charles Beecher, 17 years, ascates.
- Jennie Carroll, 46 years, cancer.
- Mary Schwin, 3 months, nephritis.
- Thomas Plummer, 55 years, accidentally killed.
- Alma Gibson, 29 years, cancer.
- Alma Gibson, 5 months, malnutrition.
- Vera Laird, 3 months, blood poisoning.
- Joseph Oldfield, 67 years, inhaling gas.

The Bible League.

The Bible League will hold its autumn conference in the assembly hall of the Toronto Bible Training School, 110 College street, on Tuesday, Wednesday and Thursday, Oct. 27 to 29.

The speakers from abroad will be Professor C. Frederick Wright, D.D., L.L.D., F.G.S.A., of Oberlin, and Professor W. G. Moorehead, D.D., of the United Presbyterian Seminary, Xenia, Ohio.

Professor Wright will give four addresses on "Scientific Confirmations of Old Testament History," and Dr. Moorehead will give three addresses on "Inspiration and Prophecy."

These men are experts in their particular line, besides being most eloquent and forcible speakers.

Trades Council on Labor.

The District Trades and Labor Council will oppose the recommendation of the municipal committee, that the rate for day labor be reduced. The council will also investigate the workings of the municipal-controlled milk system at Rochester.

Blame Pugsey for It.

ST. JOHN, N.B., Oct. 2.—(Special.)—Labor men in this city had a meeting last night and denounced the action of the Telegraph and Times, Pugsey's organs here, in bringing in American workmen to take the place of the striking printers.

Typhoid at Montreal.

MONTREAL, Oct. 2.—To-day this city has little less than an epidemic of typhoid fever. There are now one hundred and sixty cases reported to the health authorities, and more are being added to the list daily. The water supplied the citizens is put down as the cause.

SPARK DESTROYS BARN.

ORONO, Oct. 2.—(Special.)—George Bigelow's big new barn, with all the season's crop, was burned this afternoon, due to a spark from the threshing engine. Very little insurance is held.

Landladies Sprindled.

Two electricians who wanted rooms seen to have been the stock in trade of John French and John Simpson. These gentlemen went about the city collecting \$1 from confiding landladies and promising to send these electrical roomers. They never came.

French and Simpson were given a week in police court yesterday morning to allow them to find the electricians.

Increased Naval Subsidy.

WELLINGTON, N.Z., Oct. 2.—The bill increasing the naval subsidy to £100,000 annually was read a third time. Some members advocated compulsory service.

Chaplain to Troops.

KINGSTON, Oct. 2.—Rev. Father J. J. O'Reilly has been appointed by the commanding officer of Eastern Ontario as Roman Catholic chaplain to the troops of Kingston.

Was Sorry in the Morning.

Thomas Long and Bertha McGinnity went to Hamilton for a little trip. Tom gave Bertha a roll to look after. It was not so large when it came back and Thomas squealed. He had Bertha arrested for theft, but the lady explained that the money had been spent under Tom's direction to buy "a time." The magistrate passed it up.

20 YEARS A HOPELESS CONSUMPTIVE
NOW NO SIGN OF LUNG TROUBLE.

Mrs. L. GARSIDE.

This statement is no fiction, for Mrs. L. Garside resides at 509 York Street, London, Ont., and to use her own words is: "Always happy to reply to anxious enquirers and let them know what PSYCHINE has done for me."
 Four years ago, Mrs. Garside wrote: "Your remedy, PSYCHINE, did wonders for me. I was about 28 or 30 years of age when I took your treatment. I was in consumption and the very best doctors told me there was nothing else that could be done, this was 20 years ago, so as a last hope I gave your remedies a trial. From the first this was a most wonderful success. PSYCHINE certainly gave me new lungs, and I honestly believe PSYCHINE saved my life." Writing four years after under date August 7, 1908, Mrs. Garside says: "My statement still holds good, my lungs never troubled me after your treatment which I took after being told there was no hope."
 PSYCHINE, Dr. Slocum's great Health Remedy, is known everywhere as Nature's Greatest Tonic, building up the entire system, not only rendering it proof against these terrible germ and other diseases, that are so deadly in their operation, but it is the sworn and deadly foe of the germs and the diseases themselves. Bacilli, or disease germs, cannot live in the system with PSYCHINE. Send for FREE TRIAL BOTTLE. See coupon.

ENTIRE NORTH COUNTRY

Is Up in Arms Against Present Mail Service. COBALT, Oct. 1.—(From the Man on the Spot).—Cobalt, Halesbury, New Liskeard, Latchford and this entire north country with 50,000 people are up in arms against the present mail service.

Boards of trade and other organizations are sending delegates to Ottawa and to the railways complaining of the existing conditions. Does Toronto realize the great trade possibilities of this country? If so then Toronto Board of Trade will co-operate to secure improved mail service.

The great difficulty at Cobalt is that the northbound train coming from North Bay reaches here about the same time the afternoon train leaves for North Bay.

Cobalters have weekly submitted to many things at the hands of both the provincial and Dominion governments. The limit has apparently been reached.

SECTION ROUND TEMISKAMING Will Shortly Have Many Producing and Shipping Mines. COBALT, Sept. 30.—(From the Man on the Spot).—New discoveries as a cause no excitement in Cobalt, but the Rochester and the Victorias are two properties that everyone familiar with conditions here has known would eventually make good.

Winston's Cobalt Friends. The Rialto, a financial paper of London, of Sept. 16, has a clever take-off in the shape of alleged wedding presents made by prominent politicians and financial men of the big city, Mr. H. H. Van Cutsem, who was in Toronto last month.

Sharp Rally Engineered In New York Securities

Active Rallies Eventuate in Several Wall Street Stocks—Toronto Operators Try to Follow.

The strength at the Toronto Exchange to-day, and it must be called strength until offerings repudiate the title, was due to inside operations. Pools operating in the various specialties are meeting little outside stock and this gave courage to the supporting interests. Prices were bid up and transactions put thru without meeting stock in several issues.

Wall Street Posters. International tells strikers they must return at 5 per cent. reduction of wages or their places will be filled.

London considers improving American demand for diamonds a sign of return in prosperity.

Amalgamated Copper earnings warrant larger dividend, but no increase expected for at least six months.

NEW YORK: Southern Railway officials admitted that expenditures have been curtailed at the rate of \$1,000,000 a month and that 13,000 employees have been discharged.

The Harriman lines, it is announced, have decided to adopt steel passenger cars over the entire system, and are given to the Pullman Company an order for 220 steel cars of miscellaneous types.

A St. Louis special says: F. A. Leland, chairman of the southern inter-state commerce commission yesterday that officials of the Missouri Pacific, Wabash, Missouri, Kansas & Texas and other roads entering St. Louis held a conference recently at which they decided to order a general advance of freight rates.

There is no reason to look for anything but a dull professional market for the next few days in which we still believe the best results will be found in selling the leading active issues on the bulges for turns. Important inside interests are doing practically nothing and the outside public is not at all inclined to enter Wall Street during the height of a professional campaign.

La Rose sold ex-dividend on Friday, the transfer books being closed until the 20th. This dividend is equivalent to 30 cents per share, as the regular quarterly disbursement at the rate of 3 per cent. or 15 cents per share, is for the quarter ended Aug. 31. To buyers at this price a month of the current quarter has accrued in addition.
