WHITE GIRL SAID BY CHINESE DOLPHIN

New York Mission Worker of
Good Family Sacrifices
Affections, Then Life,
to the Yellow
Scoundrel.

NEW YORK, June 20.—The World
to-day says:
The brutal murder of pretty Elsie
Sigel, granddaughter of Gen. Franz
Sigel and a Chinese Sunday school
teacher and mission worker, by William
Leon, a Christianized Chinaman, has
driven the mother of the dead girl in-
sane. She was removed to a sanita-
rium yesterday afternoon, shrieking
reproaches at herself for having intro-
duced her daughter to Chinese mis-
deeds.

Lib. Revolt Over Budget Not Serious

There Are Reasons Why the
Commons and the Lords
Give it Good Support.

NEW YORK, June 20.—I. N. Ford
cables The Tribune from London:
Sir J. Dickson-Poynder and Sir T. P.
Whittaker are the principal Liberal
opponents of the taxation of undevel-
oped land and ungoten minerals, and
they have no personal grievances.
Something may be done to conciliate
them, but a complete surrender is im-
possible, when the Radicals and Labor
men are rallying with ardor to support
the budget. The critical clause in
which the troglodytes are interested
will not be reached next week, and
before the division takes place the
prime minister may succeed in finding
a middle course which the Radicals
and Whigs can take without a sacri-
fice of principle. It is not likely to be
abandoned in the commons when the
government majority is so large, nor will
it be rejected by the lords when it is
unpopular and can be depended upon
to increase the Unionist majority in
the next parliament. The weak points
of the budget are heavy taxation of
the budget next year and the incor-
poration of the land valuation
scheme in the finance measure without
a separate act which the lords are
business of the importance of the
Liberal deserters is magnified by the
Unionists. They are not likely to make
a determined stand against the govern-
ment.

DEAD, 40 HURT IN A CAR WRECK

Head-on Collision of Trolleys
at Remote Spot in Dark
Has Fearful
Results.

SOUTH BEND, Ind., June 20.—Ten
persons were killed and 40 injured in
the wreck on the Chicago, Lake Shore
and South Bend Railroad in Porter
County, Ind., last night two of the
big electric cars colliding head on.
According to General Manager Wal-
lace the wreck was due to disobedience
of orders by Motorman A. Reed
of the eastbound car, who was killed.
Reed received instructions at Gary
to wait at Wilson, a short distance
west of Baileytown, the point at
which the disaster occurred, for the
westbound car to pass. The impact of
the cars was so great that they were
reduced to wreckage. Three physi-
cians were dispatched in a motor
car to the scene. The injured were
rescued by the trolley cars. The
dead—Geo. A. Reed, motorman,
Michigan City, Ind.; Ray F. Merriman,
South Bend; Chas. J. Person, Porter.
Int. Edward Gibson, Porter, Ind.;
A. Barber, Mishawaka, Ind.; F. T.
Moore, residence unknown; Wm. Leon,
secretary of the Dowagiac Motor
Works, Dowagiac, Mich.; F. A. Lake,
president Dowagiac Motor Works,
Dowagiac, Mich.; H. H. Hutson, Niles,
Mich.; Chas. S. Watson, Porter, Ind.;
The eastbound car, 30 miles an
hour, was telescoped and almost de-
molished. In this train were all of
the killed and most of the injured.
Passengers on the westbound exca-
ving with brushes.

Rev. Anna Shaw Delivers an Educational Sermon in Interest of Woman's Suffrage Movement.

So long as society comes into
the home and lays its hand upon
the woman's children, so long is
government woman's business.

Rev. Dr. Anna Shaw, who spoke in
Massey Hall yesterday afternoon, was
announced as the greatest living
woman orator.

ISLAND BRIDGE IS DOWN CONDEMNED YEARS AGO

Dilatory Policy of City Council Al-
most Responsible For
Loss of Life.

A portion of the bridge connecting
Hanlan's Point with the western sub-
urb collapsed about 7 o'clock Saturday
evening.

BRITISH CRUISER BEACHED

Sappho is Reported to Have Gone
Down After Collision.

DOVER, June 20.—A serious naval
disaster was narrowly averted Satur-
day night when the British third-class
cruiser Sappho, on a tour of the coast,
collided with the British third-class
cruiser Proteus, off Dungeness. The
blow struck by the Proteus was so
heavy that the Sappho was probably
sinking.

COL. DENISON SPEAKS OUT

He's Not Afraid to Tell Britishers
What Mistakes Are Made.

LONDON, June 20.—(C.A.P.)—Col. G.
T. Denison of Toronto interviewed by
The Morning Post respecting prefer-
ence, said: "If the policy of Britain—
the sober second-thought British
people—is that they are to slant back
and bar the door in the face of the
outer dominions who, in the interests
of the whole empire, bring friendly of-
fers to their fellow countrymen at
home, then of course our empire trans-
ferred 500 miles to the west, would
be able to last. As yet, England has
made no move to meet Canada in
our efforts. Twelve years have
elapsed. The kindest reception has
been the boast of a cabinet min-
ister is that they had slammed, barred
and barred the doors in our faces
in Canada. We look on that as an ab-
solutely stupid and unnecessary insult.
But we see signs of a great change
of opinion in England, and that may
be better counsels may prevail, that
we may still have time to consolidate,
strengthen and preserve the empire."

WANT A JUVENILE COURT

Ottawa Makes Application Under the
Delinquents Act.

OTTAWA, June 20.—(Special.)—Ap-
plication has been made to the On-
tario Government by John Keane, sec-
retary of the Ottawa Children's Aid
Society, for the enforcement of the
Juvenile Delinquents Act in Ottawa and
Carleton County. This will mean the
establishment of a regular juvenile
court in Ottawa. The act provides that
if the application is granted, Ottawa
will be the first place in Ontario
to come under the new act.

PAINTER FAINTS AT WORK

Falls, Fractures Skull

William Parrington Dies in Grace
Hospital From Injuries Re-
ceived on Saturday.

While engaged in painting a house
at 37 Albany-avenue he was seized
with a fainting spell and tumbled to
the ground, fracturing his skull and
sustaining internal injuries.

GUILT WAS NOT PROVEN

JURY WOULDN'T CONVICT

Say They Believe Prisoner Com-
mitted Murder, But Evidence
Was Not Conclusive.

AMSTERDAM, N. Y., June 19.—(Spe-
cial.)—Frank Donato, a wealthy Am-
sterdam Italian saloonkeeper, who has
been on trial at Fonda for the past
four weeks for being the accessory be-
fore the fact in the murder of William
E. McLachlan of Cranee, Illinois, in
July, 1907, was to-day acquitted by a
jury which handed up one of the most
remarkable verdicts ever rendered in
a homicide case. The written docu-
ment reads: "While in our own minds
and opinion we, as men, regard the de-
fendant as guilty, yet after considering
our oaths as jurors, and carefully con-
sidering the evidence as placed before
us, we cannot find sufficient evidence
to convict, and therefore, render a
verdict of not guilty."

SIX AUTOMOBILES BURN AT RUSE GARAGE RETZ

Company Loses \$9000 With \$5000
Insurance — J. D. Young's
Car Also Destroyed.

Over \$11,000 damage resulted from
fire which broke out at 9.25 yesterday
morning in the Ruse Automobile Com-
pany's garage at 211 West William-
street. The garage, owned by William
Ruse, a well-known company, of which
Fredrick J. Ruse is manager, lost five au-
tomobiles valued at \$9000 and insured
for \$5000. Another auto valued at
\$2500 and owned by J. D. Young, 10
Bellevue-avenue, was also destroyed.
The damage to the building, which is
owned by W. G. Harris, 148 Closely-
avenue, is \$300, which was fully cov-
ered by insurance. The fire also
spread to Joseph Clarke's stable in
rear of 38 McCaul-street, doing \$25
damage to that structure.

The Toronto World

A Morning Newspaper Published Every Day in the Year.

ONTARIO'S BIG PROBLEM. In his speech at the Jersey Cattle Club luncheon on Saturday afternoon, Warden Henry of York County said that good roads were the greatest desideratum of this province at this moment and that he gathered from the outlook that if the people made the desire in this regard good and clear, he was convinced the Whitney government would extend and amplify their plan for aiding the municipalities in putting a network of good roads all over Ontario.

Mr. Henry is right, and The World's suggestion is that next upon the power policy, the legislature at its coming session should devote a large part of its energy to the question of better roads.

BRITISH AND THE PANIC.

Indications are not wanting that the war scare in Britain is ebbing and will be succeeded by calmer and more sensible views regarding international conditions. Not that any very great section of the people has been affected by the agitation, chiefly political in intent, but what it lacked in numbers was amply made up by a force of imagination, vehemence of suspicion and wealth of alarmist declamation of which those responsible may later have the grace to be ashamed. Whatever else they did they certainly succeeded in making their country ridiculous and in eliciting plenty of rough and unpleasant sarcasm at its expense.

There is no reason to believe that the mass of the British people were carried away by, or even heated, by the extraordinary myths and rumors set in circulation. Apart from the few newspaper specialists who specialize on the startling and sensational, the British press, particularly the really solid and influential representatives of public opinion, have discussed the situation without any loss of dignity, and if some have been minded to utter words of warning they have not deemed it necessary to encourage panic. In this connection the weighty speeches delivered before the press conference are a better index of the true spirit of the British people.

This must have been sufficiently evident to the German delegations who have been returning the earlier visits to Germany paid by the British municipal and official deputations. At the various civic and other receptions the German guests were warmly received and the addresses of welcome and response breathed the spirit of peace and goodwill. The value of these exchanges of courtesies may be over-estimated, but the development of reciprocal intercourse which continues unabated cannot but have happy consequences, and should do something towards the removal of unfounded prejudice. For it is the people that will be looked to as a check upon aggressive governments, that it is only fair to note that each of the British and German governments, during the rather trying period, has been scrupulously careful to maintain a correct attitude.

THE WALL STREET REPORT.

In an able and exhaustive report issued last week the commission appointed by Governor Hughes of New York to enquire into the operations of the New York Stock Exchange and Wall Street conditions generally, have summed up the results of their enquiry. While their recommendations are on the whole against state interference, they recognize in no uncertain manner that, as hitherto conducted, serious economic evils and abuses have arisen and they strongly urge that the stock exchange itself should reform its rules and exercise more rigid disciplinary power over its members. They point out that the transactions on the New York Exchange for the last decade have averaged 196,000,000 shares a year; an annual turnover of nearly \$15,500,000,000, with annual bond transactions averaging about \$800,000,000. "This enormous business," the commissioners say, "affects the financial and credit interests of the country in so large a measure that its proper regulation is a matter of transcendent importance."

Of general importance are the remarks made by the commission under the head of "Holding Companies." The report explains that connected with operations on the stock exchange are a class of manipulations originating elsewhere. It proceeds: "The values of railway securities for example depend upon the management of the companies issuing them, the directors of which may use their power to increase, diminish or even extinguish them, while they make gains for themselves by operations on the exchange. They may advance the price of a stock by passing an expected dividend or depress it by passing an unexpected one. They may water a stock by issuing new shares, with no proportionate addition to the productive assets of the company, or load it with indebtedness, putting an unexpected lien on the shareholders' property. Such transactions, affect not only the fortunes of the shareholders, who are designedly kept in ignorance of what is transpiring, but also the value of investment in other similar companies, the securities of which are affected sympathetically. Railroad wrecking was more common in the half-century than it is now, but we have some glaring examples of it in the debris of our street railways today." The commissioners state that a holding company represents the great-

est concentration of power in a body of directors and the extreme of helplessness on the part of shareholders. In partial mitigation of the evil they suggest that shareholders of subsidiary companies should have right to examine the books, records and accounts of holding companies and point out that the powers which these latter companies now exercise were never contemplated or imagined when joint stock corporations were first legalized. "If parliament and legislatures had foreseen their growth," say the commissioners, "they would have erected barriers against it."

NOVA SCOTIA STEEL BONDS.

The issue of new bonds made by the Nova Scotia Steel and Coal Company, Limited, has been well received by the investing public. A very large part of the old bondholders have already applied to exchange their bonds for the new securities of the company. It is expected that practically all of the old bondholders have already applied to exchange their bonds for the new securities of the company. The applications already received for purchase and exchange indicate that the amount of bonds reserved for the Canadian market will be insufficient to supply the demand. The lists close at 4 p.m. on Tuesday at the office of the Eastern Trust Company, Halifax, but for the convenience of bondholders in Ontario and Quebec, arrangements have been made by which applications for exchange or purchase may be made at the banks named in the advertisement or handed in to any broker before 4 p.m. on Tuesday, will participate in the allotment. All the present outstanding bonds will be immediately called and those not exchanged will be paid off at once so that the new 5 p.c. bonds will be a first charge on all the iron ore areas, coal mines, steel and iron plants and other property of the company in Canada and Newfoundland. The bonds rank among gilt-edged securities and we are not surprised that they are being so favorably received by investors.

THE I.P.C.

The Liverpool Post-Mercury says that with the exception of Lord Rosebery's magnetic "welcome home," and the deftly averted compulsory service discussion, the Imperial Press Conference proceedings have not yielded anything particularly startling.

HARBOR CADETS SHOOT

High Scores by Youthful Marksmen at Long Branch Ranges.

Harbord Collegiate Institute Rifle Association held their annual match last Saturday at Long Branch Rifle Ranges. The shield, offered by the Imperial Rifle Club, was won by E. W. Hartley, for the four highest scores for the season, was won by G. W. Devitt, with a total of 250 out of a possible 280. In the senior class, silver and bronze medals were won by L. Detch and R. Hughes, respectively. Winners of Harbord pennants in this class were: W. Campbell, W. Fooks, L. Higgins and D. Rogers. In the junior class the silver medal was won by H. Walker and the bronze by Hall. In the four matches of the Canadian Rifle League competition, which closed on Saturday, the following scores were made out of a possible 280: G. W. Devitt 250, L. Detch 247, R. Hughes 235, W. Fooks 217, R. Kellook 214, W. Campbell 214, L. Higgins 202, D. Rogers 200, A. Fownsend 196, P. Ott 184. All the above except the last two will each receive a first-class cadet marksmen's certificate issued by the department of militia and defence. It is the intention of the association to enter three teams in the coming Ontario Rifle Association matches, and to send a team to Ottawa to compete for the Lord Roberts trophy.

NEW WIRELESS SUPERINTENDENT.

OTTAWA, June 20.—C. P. Edwards of Montreal has been appointed to the position of superintendent of government wireless telegraph stations. The appointment was made by the board of civil service commissioners.

First Regular Passenger Service on Grand Trunk Pacific Railway.

Advices have been received from the general passenger department of the Grand Trunk Pacific Railway that the first regular passenger train which is being operated between Winnipeg and Scott, a distance of 569 miles, was thoroughly satisfactory both as to service and patronage. Brass band reception was given to the train at every point along the line.

Will Visit Children's Hospital.

John Ross Robertson invites all the delegates in attendance at the International Council to visit the Sick Children's Hospital, College-street, on Monday, June 21, at 9.30 a.m., and the Lakeside Hospital on the Island at 4 o'clock the same afternoon. A special steamer will be waiting at Bay-street wharf at 4 o'clock.

The bitter-sweet, delicious drink is safe, helpful and healthful. Not a good for hot weather, but good during any and all weathers. Children may drink it freely and adults indulge to their hearts' content. What else is then left to do but

Whenever you want a drink, order Hop-Tone—everywhere. J. J. McLAUGHLIN, Limited, Temperance and Health Beverages Par Excellence. Makers of "Hygienic" Distilled Water. Phone Main 4906

"WORLD NEEDS MOTHERS" SAYS RABBI JACOBS

Work of National Council is a Labor of Holiness and Manifestation of God's Love.

Sunday at the Holy Blossom Synagogue, Rabbi Jacobs, preaching on the text, Proverbs, Chap. 31, verses 11: "Her children rise up and call her blessed," said: "The safest and surest remedy for the moral evils of the day would be found if mothers discharged their sacred duties, within the home. What great Napoleon was once asked what was the most urgent need of France and he replied 'Mothers.' And dear brethren this is the crying need of the world to-day. The world needs mothers, not mothers who are anxious to shine as the queens of society, and to cut a fine dash in the realms of fashion, not mothers who from one pleasure in life to the next hurry to get to another, not mothers who neglect their own duties in the attempt to please the world, but mothers who have their whist parties and matinees in the afternoon and bridge in the evening; but good mothers, good mothers who will teach their children to excel in every good quality and to strive for the betterment of the world. 'Yes, what the world needs far above everything is mothers who will fan the divine spark of religion into a bright flame, who will make their own good example the daily habit of their children, who will teach daughters that religion is the natural dower of every woman, and lead their sons to believe that the virtues and rewards of religion are more desirable than the empty pleasures of the world. 'Ah, truly it has been said, The mother in her office holds the key of the soul and she is the priestess of the life. And what will be the reward of the good mother? She beholds it in the spirit, in the character, in the life, in the career of her children. Their lives are a grateful acknowledgement of all her zealous care and good example. She has led them to an inspiration to a career of blessed usefulness, to a life approved of by God and man. As such they honor her, they bless her and they ever pray for her. Like the good mother mentioned in the last chapter of the book of Proverbs, 'Her children rise up and call her blessed, and her husband also, and he praiseth her.' And here at this point I cannot help referring to the remarkable gathering of women of the creed of all religions and parties, which the Quinquennial of the International Council of Women has assembled in this city. The synagogues and the churches, which have been founded to conserve the public good, by the foresight to prevent the influence of the social evil, and to improve society at large. Yes, we should look upon an institution of this character as the finest and noblest monument to the cause of religion. We should rejoice to see our sisters take such an active part in all questions affecting the character of the world, and the general improvement of all classes to the ultimate gain of peace and righteousness. In all our efforts they are doing God's work and rendering Him a willing service. This work they have undertaken in the endeavor, may their deliberations be so successful, may their success, and tend, not only to the well-being of their fellow creatures, but likewise to the advancement of the fulfillment of His great purposes."

BEST OPEN-AIR HORSE SHOW

Dominion Day Entry List Will Exceed That of Last Year.

Saturday was the closing day for entries for the Dominion Day Open-Air Horse Show and Parade. While many entries have doubtless yet to be received and the number of entries to the office of The Canadian Horse Show, 105 York-street, to-day by mail, Secretary H. J. P. Good states that nearly all the classes have already filled well. There are up and down in the Dominion Day show, just as there are in everything, and while there is a lessening in some classes, there is an increase in others. On the whole the entries are most satisfactory, but trotters, 162 and over, are scarce, as are the pacers, 162 and over, and under 152. Ponies are none so plentiful. The happy owners hesitate to put the little fellows in so long a march as is expected of them. If so, they can perhaps get permission to fall out. Pairs of delivery horses are not as numerous as usual. All the other classes except that for lady drivers are either equal or superior to the averages. A display of heavy horses can be promised ahead of anything ever seen before in Canada. As many entries will doubtless be sent to the office by post to-day, the office will be open for the receipt of all manner of entries. This will positively be the final day, and at 5 o'clock this evening the lists will definitely close. The judging will commence sharp at 10 o'clock, and at the conclusion of the judging and the awarding of the ribbons, the parade will take place over the following route: From the park to St. Albans-street to Walsley; along Walsley to Jarvis; down Jarvis to Adelaide; along Adelaide to John-up John to the Grange, thence to Beverley; up Beverley to St. George; up St. George to Hoskin-avenue; along Hoskin-avenue to the park, around the crescent at the north to the reviewing stand, in front of the monument to Sir John Macdonald, where the prizes and money will be distributed.

Young Couple's Queer Death.

WILLIAMSON, Ont., June 20.—Kneeling beside the lifeless body of the bride he married eight days ago, Albert S. Murray was found dead in his bed at 10 o'clock this morning. The cause of death was mysterious double poisoning. On a dresser in the bed chamber, where the bodies were found, were two bottles filled with chocolate. This has given rise to the theory that the deaths resulted from poison.

Thomas Henderson, Renfrew, has been appointed treasurer of Renfrew County in succession to J. J. Macdonald.

Samuel Barker, M.P., of Hamilton, is in British Columbia, but points to a mysterious double poisoning.

Several years ago by a Toronto and Hamilton syndicate.

TINY KINGS AND QUEENS AT HANLIP'S THIS WEEK

The Baby Show and White Dress Parade is the Big Feature Across the Bay

This will be one of the biggest of the season at Hanlip's Point, for it is baby's week at this popular resort. The baby show and white dress parade, which has been decorated with the finest of which all arrangements have been completed, will be one of the most unique exhibitions that have been held in Toronto in some time. It will be the first grand prize baby show of the kind, which has ever been held here and ever since the first announcement a lively interest has manifested in the affair. There have already been a large number of entries, and the opinion of the court is predicted for the event, which will be conducted under the direction of Mr. L. M. Rich, who has been in charge of the parade since the beginning of the past fifteen years. On Saturday at 2.30 the decorated carriage and baby cart parade will take place; Wednesday at 3.30, the judging of the baby show; Thursday at 2.30, the school girls white dress parade will take place. About fifty hundred prizes will be distributed in prizes. There will be three awards in each class. The classes will consist of the most beautiful babies, the smallest babies, twin babies and triplets. There will also be special prizes for the most beautiful babies participating in the white dress and baby carriage parades. A special feature this week is the first engagement in Toronto of the Minstrel Lullaby Band of Boston, Mass. The organization consists of twenty-five well-trained musicians, who will give a grand concert at 8 o'clock on an evening. Hardy, the high wire king, has been retained for another week and will give performances every day, at four-thirty and nine-thirty. A number of local Sunday schools as well as a number from outside towns have arranged to hold their annual picnic at Island Park this week.

DAVID WARFIELD TO-NIGHT.

The supreme dramatic event of the season is scheduled for to-night when David Warfield will make his first appearance at the Royal Alexandra Theatre in his most successful play, "The Centaurettes." New York has held Mr. Warfield so highly in their esteem that they demanded five consecutive seasons of "The Centaurettes." Only twice was this remarkable metropolitan run interrupted when brief tours were made of the principal cities of the United States. In New York and during his road engagements Mr. Warfield broke all previous records in the history of the American stage, and established a new high water mark for attendance that is not likely to be approached for many seasons to come. According to the established custom of David Belasco, the company that will be seen to-night in Mr. Warfield's support is the same that assisted him in his original New York success. It includes Miss Marie Bates, who has been with Mr. Warfield since he began his career under Mr. Belasco's direction. There will be two matinees, Thursday and Saturday. Desirable seats are available for every performance. There is a cooling-off ticket which will be in operation, which will add much to the comfort of the audience.

Plaintiff sued for \$67 for loss of property caused by a fire set by defendant on his own land and spreading to plaintiff's land. Plaintiff's solicitor for costs; \$20 to official guardian, for costs; \$200 to widow, for past maintenance, and \$500 a year in half-yearly payments for two years, for defendant's maintenance. Balance to be paid out to infants as they respectively attain majority, unless other order to contrary in meantime.

MINSTRELS FOR ANTIPODES

Law Docketster's Company is Booked For Australia.

A contract which was made by telegraph a few days ago in London, Ont., and which is of international interest, as showing the trend of theatricals in Australia, provides for the appearance of Law Docketster and his minstrel company for a period of sixteen weeks in the cities of Melbourne, Sydney, Adelaide and Ballarat, beginning October 1, this year. The engagement in Australia, which by the way, is the first in that country to be made outside of the realm of drama and musical comedy, was procured by Mr. J. C. Williamson, the Australian theatrical magnate, who in connection with other business schemes, came to America a month ago to book a minstrel organization in his native country, none of importance ever having appeared there and the demand having been demonstrated by the playgoers. Investigation proved that the only first-class minstrel organization that has for years received a New York hearing is that of Mr. Law Docketster, the well-known burnt cork humorist.

Mr. Williamson journey from New York to Kansas City to see Mr. Docketster's company perform and at the conclusion of the performance, he decided to book the company to tour the various bookings of his theatres, with a view of making Mr. Docketster and his company a success in Australia.

It was only necessary to cancel several other minor companies already booked in his houses and the way was made clear for Mr. Docketster. Mr. Williamson then made the minstrel company a flattering offer and forthwith agreed to take his minstrel company of 72 people to Australia.

This will be the first time a real American minstrel performance has ever been given in Australia. According to Mr. Williamson the public in having seen the company, they will be in operation, which will add much to the comfort of the audience.

WESTERNERS AT BEACH

Frank Chamberlain, Noted Lariat Thrower, an Attraction.

The Scarborough Beach Hippodrome will have an act this week which is not to be forgotten by the ordinary vaudeville bill. The program of acts for the week was fully advertised when there happened to be a Frank Chamberlain, a western ranch man and cowboy, who is on a trip east with his wife, Chamberlain and the other night gave some private exhibitions of his skill with the lariat, and the management of the

The Queen of Gas Ranges The "ARGAND"

The clean, cool, labor-saving, economical way of cooking in Summertime is with GAS. No bother with ashes. Fire lighted and full heat in an instant. Out again the moment you're through, keeping the house cool, and saving fuel.

With economy the point in view you'd choose the "ARGAND." The burners are of the drilled pattern, with stop cocks and air mixers; are adjustable—may be regulated to accommodate the variations of your gas pressure—burning air freely when the gas pressure is heavy—and air costs nothing!

For durability you'd choose the "ARGAND"; its construction has been carefully thought out—the detail followed insures long life to the range. It is built with a cast iron frame, the outside being cold rolled steel sheet, with the walls all double thickness.

The "ARGAND" is a cheerful-looking gas range, too, the front being attractively ornamented and many parts nickel-plated.

The construction of the baking and broiling ovens is a feature, and makes for perfect circulation of heat. Both ovens are heated from the same burners—bar shaped, drill pattern.

On top there are four burners and a simmering burner.

The "ARGAND" is made in two sizes:

16-inch Oven - - - - \$16.50 18-inch Oven - - - - \$18.50 BASEMENT

Week Opens With Uncertainty And Closes With Confidence

Temiskaming Dividend Change Causes a Disruption Early in the Week, But Situation Becomes More Settled.

World Office, Saturday Evening, June 19. Irregularity and weakness has pervaded the local mining exchanges for the last few weeks, and while prices in the main remained steady during the past week, it seems that a definite turn for the better has been inaugurated, and better conditions may now be looked for.

Temiskaming sold down as low as 74c within a few minutes of the opening of the exchange, a clear drop of 30 points from the close of Saturday. Large blocks of the stock were offered by nervous holders, who feared for the future of the mine, but later in the day support was afforded, and the shares closed somewhat higher.

Considerable interest was aroused in the week by the announced intention of the local promoters of the company to have a director of this company to be largely reducing their holdings of the stock for some time, but later in the day support was given out almost immediately, and the incident had no appreciable effect on prices. The week remained about stationary, an advance one day being set off by a decline the next.

ENGINE PLUNGES IN RIVER Driver and Fireman Drown in British Columbia. VANCOUVER, B.C. June 20.—The engine and tender of Great Northern train No. 274 left the tracks on the Westminister side of the Fraser Bridge about three o'clock Saturday afternoon and plunged into the water. The train was traveling slowly when the engine failed to take the points at the curve, and the switch hand moved the train locomotive left the tracks and pulled the train along with it for some distance, smashing the wood work and twisting the steel rails.

COBALT HAS DETERRED GROWTH OF OTHER CAMPS Montreal River: Development Retarded For Want of Spectacular Surface Showings. ELK LAKE, June 17.—(From the Man Up There.)—The wonderful surface richness of Cobalt as a silver mine camp has spoiled the outlook of those desirous of becoming interested in the great silver districts of North Ontario, including all the townships known as the Montreal River district, and the, perhaps, larger district, generally known as Gowganda.

NEW COMPANIES. The Ontario Gazette this week contains the usual quota of new companies to which charters have been granted. Mining companies are: The Gold Pyramid Co., of Larder Lake, Limited, Ottawa, capital \$100,000. Merida Mines Co., Limited, Toronto, capital \$500,000. Canadian-American Silver Mines, Limited, Toronto, capital \$400,000. The St. Clement's College, Limited, Toronto, capital \$100,000. Geo. M. Mason, Limited, Ottawa, capital \$100,000. The American Laundry Machinery Co., Limited, Toronto, capital \$40,000. The Cameron-Heap, Limited, Fort William, capital \$100,000. Hew, R. Wood, Limited, Toronto, capital \$40,000. The Russell Trading Co., Village of Russell, capital \$40,000. McDonald Peispar Co., Limited, Toronto, \$40,000.

Is On The market for Cobalt stocks is now passing thru the recuperative period. The wild speculation early in the week has injured sentiment and it will take some time to erase this. Most of the good stocks in the market are not being offered any longer, and many of the present transactions are those of profit-taking. The market as a whole will gradually improve, and we strongly advise purchases while prices are low. La Rose is undoubtedly going to sell much higher, both on merit and as a speculation. Consult us for information on any of the Cobalt stocks.
