THURSDAY MORNING AUGUST 12 1920

40TH YEAR—ISSUE NO. 14,519 TWO CENTS

MEIGHEN DEFINES NEW PARTY'S PRINCIPLES AT BIG RALLY Poland Issues Proclamation, Appealing to Nations for Aid

TWO RAILWAY HEADS APPEAR IN SUPPORT OF ADVANCED RATES

Statement That Trainmen Work on Five-Hour-a-Day Basis Arouses Carvell.

NATIONAL ROADS CASE

Ottawa, Aug. 11.—(Canadian Press).—Two railway presidents appeared before the Dominion Railway Commission this afternoon to support the application for increased freight and passenger rates. They were D. B. Hanna, president of the Canadian National Railway system, and Howard G. Kelly, president of the Grand Trunk Railway, and also of the Canadian Railway Association, which is making the applications. Their arguments were substantially the same. Costs of labor and material were on the upgrade and going fast. The railways could not exist on a paying basis if their rates were not advanced.
Case for National Roads.
Mr. Hanna made it clear that the lines under his jurisdiction were not asking for increases in order to pile up profits. He insisted, however, that national roads, even the regarded as "poor relations" of the government should be permitted to earn enough to make ends meet. He was opposed to a system which would compel them to go to parliament year after year to ask for money to meet deficits. He gave a number of instances to illustrate how costs had advanced, stating that spikes to nail ties had increased in cost from 1 1/2 cents in 1914 to 4 cents in 1920, and that the ties themselves had risen from 45 to 20 cents.
Kelley Points to Costs.
Mr. Kelley went into the question of costs. He said that in the year 1912 the average wage paid on the Grand Trunk Railway was \$608.00. In 1919 it had more than doubled and stood at \$1,291. He pointed to the award which was adopted by the Canadian government (Continued on Page 7, Column 4).

POLAND WARNS NATIONS THAT A NEW WAR CLOUD HANGS OVER THE WORLD

In Public Proclamation Declares That if She is Crushed It Will Be Due to Their Indifference—Poles Express Satisfaction With U. S. Note, Which is Regarded as Having Threefold Purpose.

Washington, Aug. 11.—Poland will ask immediate material aid of the United States, it was announced today by Prince Lubomirski, the Polish minister. More than that, it will seek to develop precisely what the United States government meant by its note of August 8, which yesterday to the Italian government that it would employ "all available means" to maintain a free Poland.
Expressing complete satisfaction with the note, the minister declared he was convinced that it would inspire Poland with "a new spirit of hope." He added that his country was sorely in need of war materials of all kinds, and that it probably would first seek credits from the United States, which he believed would be granted.
Simultaneously with the minister's announcement, the legation made public a proclamation issued by the Polish Council of National Defence at Warsaw, warning the nations that a "new war hangs over the world," and that if Poland should be crushed by the Bolsheviks it would be due to the "indifference of a world which calls itself democratic."
Copies of the United States note to Italy, it was said today at the state department, have been delivered to the representatives of the allied and associated governments and distributed to all the news centres of the world, promising its widest dissemination, even in Russia itself.
Had Threefold Purpose.
Diplomats generally regarded the document as having a threefold purpose.
First, the extension of moral support to the Polish government and people.
Second, an appeal to the masses in Russia to throw off the Bolshevik yoke and establish a constitutional government.
Third, the influencing of other nations to refrain from recognition of the soviet regime.
The despatch in the note to Italy followed a series of informal conversations that had been in progress for several weeks between the officials of the United States state department and the Italian embassy. It was the course of the negotiations between the entente powers preliminary to the Hythe conference between Premier

PONZI CONFESSES HE SERVED TERMS IN TWO PRISONS

Claims He Assumed Blame for Employer, Banker in Montreal.

COMPANY CLOSED

Boston, Aug. 11.—Charles Ponzi, who has handled millions of dollars of other people's money in the last few months, confessed in a formal statement today that he was a former convict and has served time in Montreal and Atlanta. While he was making this statement the Hanover Trust Company, in which Ponzi was a director and shareholder, through which he had been conducting business, was closed by order of Bank Commissioner Jos. C. Allen. Ponzi, at the same time, announced his resignation from the bank's directorate.
Commissioner Allen said that he had taken action because his examination had found that the bank had made loans which were excessive and beyond the legal limit, and "many loans that are either bad or very doubtful value." He expressed the fear that the bank's capital had been impaired.
The executive committee of the Hanover Trust Co., in a statement late today, said the committee believed that there were few poor loans on the bank's books, that there was no reason to believe that the bank would not continue to meet its obligations and that it had a cash reserve of three times the amount that the law required.
William S. McNary, treasurer of the bank, said that Ponzi did not owe the bank a cent, that any bank in the United States would have been glad of his account and that Ponzi had paid out six million dollars through the bank.
Ponzi's confession followed the publication in morning newspapers of stories of the career of Charles Ponzi in Montreal. Confronted with these stories, Ponzi conferred with his attorneys and then gave to newspapermen a lengthy statement in which he admitted that he and "Ponzi" (Continued on Page 7, Column 5).

MEIGHEN IS FIRM IN STAND FOR MODERATE PROTECTION; SCORES FREE TRADE "FAKERS"

NEW PARTY'S POLICIES

Premier Meighen, in concluding his references to tariff policy in his speech at Stirling, Ont., yesterday, said:
"The financial policy of this government is to go in debt no farther."
"The financial policy of this government is to get revenue to carry on the work of government and to pay our debts."
"The tariff policy of this country is to keep Canadian working men in Canada."
"When you find working men's houses put up in hundreds for sale, you will soon find hard times for everybody."
"The policy of the government is to enlarge the employment market and add to the size of Canada."
"The policy of the government is to make goods here and keep people here with plenty of work for every class of man."
"The policy of the government is to give Canadian industries of every kind just enough advantage in the Canadian market as to make it pay them better to stay here and expand than to diminish their plants or to leave."
"We are starting now an inquiry, the most thorough we can make, to determine what is absolutely necessary to secure these ends."
"Wherever there is a tax or schedule that is not absolutely necessary it will be wiped away."
"We intend to see that no interests, however powerful, get more than those requirements."
"We intend to see that no wreckers or theorists, however enthusiastic, imperil the well being of this country by blindly fixing loans."

LLOYD GEORGE DOUBTS FRANCE'S RECOGNITION OF GENERAL WRANGLER

Declares Matter Was Not Brought Up at Hythe Conference and Thinks Report of Millerand's Action Unfounded.

London, Aug. 11.—Premier Lloyd George said in the House of commons today that he received no information, official or otherwise, that the French government had recognized General Wrangler. He said that at the Hythe conference no proposal was submitted for such recognition. He added that neither the foreign office nor the French embassy had received any information that recognition had been given, and he could only assume that the report was incorrect.
According to the Press Association the decision of the French government to recognize General Wrangler was taken two or three weeks ago, and has no connection with the Polish crisis.
Mr. Lloyd George's announcement was regarded as deepening the mystery of the reported recognition of General Wrangler by France, news of which reached London from Paris in a news agency report. The matter was raised in the house of commons by Sir Donald MacLean, the Liberal leader, who declared if this was the actual position taken by France that that country must go on alone. He said he did not believe Great Britain would allow herself to be pledged to unlimited military adventures in Russia.
This declaration was loudly cheered by the Labor members of the house.
Mr. Lloyd George proceeded to admit conflict of views between the French and British governments respecting General Wrangler, but he added that neither government was under any obligations with respect to General Wrangler, either to each other or to Russia.
Would Have Been Notified.
"I feel sure," said the premier, "that Premier Millerand had had in mind to issue a proclamation recognizing General Wrangler. Therefore, I must come to the conclusion that some mistake must have occurred in the French government's communication to the cabinet met this evening to consider the reported recognition by the French government of General Wrangler. The hour was too late, however, to obtain confirmation of the report, either from the British ambassador in Paris or from the French embassy in London."
Lloyd George expressed his belief to his colleagues at the cabinet council that the report of recognition by France of General Wrangler's government emanated from some official of the French Foreign Office, says The Daily Mail. He pointed out that Premier Millerand was absent from Paris Wednesday. Another official expressed the permanent staff of the French Foreign Office was in rebellion against the government's policy, a similar incident having occurred there recently from the cause.
The cabinet, adds the newspaper, adjourned on Thursday, when Premier Lloyd George's explanation of the report would be available.

POLISH DELEGATES AWAITING A REPLY

Soviet Has Not Answered Note and Minsk Conference is Delayed.

Warsaw, Aug. 11.—Polish delegates have not left for Minsk, where an armistice meeting was to have been held today on account of the failure of the Russian soviet government to reply to the Polish note of August 5 relative to armistice and peace terms. Russian delegates, however, arrived at the Polish advanced post at the appointed time to await the Polish delegates.

ATTEMPT WRECK OF C.P.R. TRAIN

Report New Outrage at Crow's Nest Pass, Scene of Big Holdup.

Blairmore, Alta., Aug. 11.—A second attempt to wreck a C.P.R. passenger train on the Crow's Nest Pass, near the scene of last week's hold-up, occurred this afternoon. Long spikes were found on the track by sectionmen and the bloodhounds, which are being held for the chase of the bandits, will be sent to the spot to try to trace the men responsible for the attempt. It is thought that the Russian element friendly to the train bandits is trying to work out a crude method of revenge on the railway company for the chase of the desperadoes.

YOUNG GIRL LOSES LIFE IN WATER?

Discovery of Clothing on Kew Beach Shore So Indicates.

Clothing, which the police think would fit a girl about twelve years old, was found on Kew Beach, near the foot of Leuty avenue, late last night. It included a pink dress, white shoes and stockings, a Panama hat, and some underclothing.
When told of the discovery, the police sent P.C. Millar to investigate the reports, having found the clothes in a bathing shed at the place mentioned. He took the bundle to the life-saving station and dragging operation was at once commenced by three boats.
The life-savers state the clothes seemed to have been mixed in some way, some of the articles appearing to belong to a boy. Two children, a boy and his sister, are reported to be missing from their home, but their ages are six and seven, and the police do not believe that the clothes belong to them. At 2 o'clock this morning the dragging was discontinued, no results having been obtained.

RELEASE SUSPECT IN ROSENTHAL CASE

Man Arrested in Florida is Liberated Under Writ of Habeas Corpus.

D. C. Elwood, who was arrested in Florida recently on suspicion as the pseudo-Salvationist, who had been the chief figure in the jewelry robbery at the store of A. Rosenthal, West King street, last June, has been released, according to latest reports, under a writ of habeas corpus.
The World understands that according to United States laws a person could not be detained in prison longer than 24 hours without a warrant. It appears that about 10 days or two weeks are required to effect an extradition, and no warrant can be issued in America for a foreigner's detention until requested to do so by the government of the country to which the suspect belongs.
In this particular case it seems that the local authorities would have to apply to the federal authorities and that a recommendation would have to go from the Dominion government to the British ambassador at Washington, where the signature of the secretary of state would also have to be appended. Then a warrant would be issued and forwarded to Canada and the suspect detained until the arrival of a Canadian police official, who is greatly disappointed over the man's release as they may have difficulty in finding him again. It is stated that Elwood's description tallies exactly with that of the wanted man, but now the long-drawn-out search will have to commence all over again.

MANNIX RECEIVES MANY CONDOLENCES

Archbishop is Still Without Definite Plans for the Future.

London, Aug. 11.—Archbishop Daniel J. Mannix, of Melbourne, Australia, who arrived in London yesterday after having been technically arrested on board the white Star liner Baltic and taken ashore at Penance, today was overwhelmed with messages from sympathizers throughout England, Scotland and Ireland. These communications contained, besides expressions of indignation at his arrest by the government, many invitations to address meetings, according to a statement by the prelate's secretary, Father Vaughn, to the Associated Press.
Father Vaughn added that none of the messages were answered, as the archbishop is still without definite plans for the future.
None present at the Naasroth House convent, where Archbishop Mannix and Father Vaughn are residing, would discuss reports published in London that the archbishop was seeking legal advice to determine his chances in a suit against the government.

SITUATION SERIOUS IN MESOPOTAMIA

British Detachments Falling Back and Garrison is Cut Off.

Paris, Aug. 11.—The situation in Mesopotamia continues serious, says a Havas despatch from Beirut. British detachments on the Euphrates are falling back, adds the despatch, and the garrison of Diwaniyah, situated on the right bank of the river, about 50 miles southeast of Bagdad, has been cut off. Much agitation prevails in this city.
Army garrisons in Bagdad are reported to be in flames, when the despatch was sent.

ROADHOUSE RESIGNS; H. S. FRY SUCCEEDS

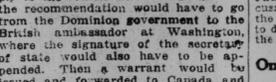

Editor of Farmers' Advocate Becomes Deputy Minister of Agriculture.

It is reported on apparently good authority that W. Bert Roadhouse, deputy minister of agriculture for Ontario, has tendered his resignation and has been given a post on the provincial purchasing commission. His successor will, it is understood, be H. S. Fry, editor of The Farmers' Advocate, London, Ont.

NO EXTRA SESSION, DRURY DECLARES

New Legislation is Not Necessary—Strengthen Police to Enforce O.T.A.

"No good purpose could be served in calling the legislature together now," said Premier Drury to The World yesterday afternoon. "The Ontario temperance act is the law of the land and it is simply a question of enforcing it. There was also no particular hurry in calling together the committee appointed by the house at the last session, although they would meet after the warm weather was over when the whole question of liquor law enforcement would be considered."
As things now stood, the premier explained, no new legislation was required, but simply administration and the government were taking steps in that direction. To this end the provincial police force was being re-organized and would be used in conjunction with the license department officers to stop illicit liquor trading.

CITY DEMANDS DUES FROM STREET RAILWAY

Solicitor Advises Against Company Holding Back Percentages on Receipts—Two Months Overdue—Works Commissioner Opposes Extra Switches and Turn-Outs for Metropolitan on Yonge Street.

R. J. Fleming, manager of the Toronto Street Railway, will be given an opportunity to confer with the board of control on the question of the payment of railway revenue percentages now overdue for both June and July. A statement was laid before the board from Finance Commissioner Ross yesterday showing that the company now owes the city \$100,000 for June and \$125,000 for July. The city solicitor also appeared to receive the board's instructions in this matter. "I have instructed the solicitor to go ahead and collect," said the mayor. Controller Gibbons thought this was a matter that should be considered very thoroughly. "The company had said that without the relief suggested (deferral of percentage payments until the end of the franchise term), they could not pay wages, and without their wages the men would not operate the cars. The controller understood the Ontario Railway Board would then have power to step in and operate the system, taking the gross revenue, if needed, to carry on the service. In such an event, said the controller, there was a question whether the city would be able to recover the percentages. Mayor Church believed there was no danger of the company failing to provide a service, and he was strongly opposed to permitting deferral of the payments. "The citizens don't want to walk," said Controller Hamden, and Controller Cameron said he was ready to negotiate with the company if he received adequate assurance that the money would be paid to the city eventually. Manager R. J. Fleming had set forth his company's difficulties in the following letter addressed to the finance commissioner: "In the matter of obligations, to which you refer, the company desires the indulgence of the city council at the present time. The tremendous increase in wages during a little over three years has amounted by the aggregate to over two and one-half millions of dollars, and of this sum the increase within the last fourteen months amounts to about \$150,000 per month. This, with the high cost of all kinds of materials, has imposed enormous burdens on the company, which

were never expected, and which no person could have foreseen. "The result of this is that the company is now short of money, and, on account of the short term which our franchise has to run, we have found it impossible at present to make satisfactory financial arrangements to meet all our obligations as they fall due. In view of this, we are asking the city council to extend sympathetic consideration to the company's request to allow our obligations to the city, or such of them as we may find necessary, to stand over, allow us to conveniently carry on our operations. Of course, any sum to which we may become indebted to the city would be first charge upon all our assets, and, if not paid before, will be paid out of the amount received from the sale of the company's assets to the city. "Perhaps it might not be out of place for me to state that during the 23 years of the company's dealings with the city our obligations have been promptly paid, during which time we have paid the city in percentages of gross receipts over \$13,000,000. I may state further that the citizens of Toronto are being provided with a car service at the lowest fares of any city in America. In addition to this, I would suggest that if the city requires to use the money referred to, they would have no difficulty in discounting the company's notes, and whatever interest or other charges there may be in connection with the same, we would, of course, be willing to pay. This arrangement would relieve some of our burdens, and be a cause of thankfulness to the city council, should they see their way clear to grant the request herein contained." Assistant Solicitor Fairly announced that he had a written opinion from Corporation Counsel Geary on the question which, he added, supported the stand taken by the mayor that deferral of payments should not be permitted. The legal department takes the view that permission to the company to hold back the percentages would be dangerous, and that action should be taken at once to compel payment. While the board decided to give the manager of the street railway a hearing, it is rumored that instructions will be given to the Ontario Railway Board for permission to lay new switches. Mr. Harris says in his report: "It is an opinion of the applicant for additional switches, or turns out, simply a plan whereby the company, by installing same from time to time, would

eventually have a double track on Yonge street, and that it would not be in the interests of the city to consent to the proposition of the company."

Favors Permanent Tracks. A recommendation from Works Commissioner Harris that a permanent street car line be laid on Bloor street, between Runnymede, avenue and Jane street, at a cost of \$100,000, was approved by the board of control and sent to council. The board had been instructed by council on motion of Alderman Maher and Whetter to consider the advisability of using the temporary railway equipment now lying between Quebec and Runnymede avenue, where a permanent road is to be put down shortly, to provide a temporary car service between Runnymede and Jane. The commissioner reported that this equipment was unsuitable for use as a permanent street car line and did not approve of temporary construction. In this connection a letter came before the board from Home Smith, who has land interests along the Humber, suggesting that a permanent double track system be laid as far west as Jane street. He pointed out that Bloor street is the city's main thoroughfare, and had been designated as the route across the city for the provincial highways system and for that reason a permanent improvement should be made to the street. Crown Attorney R. H. Greer wrote to the board that a patient, Joe Sling, had been kept waiting at the emergency door of the General Hospital 25 minutes before he was given attention. "His suffering was a very serious charge," said Mayor Church. "I understand that if he had been operated on at once this Chinaman's life would have been saved." The matter was referred to the medical health department for an investigation.

Not Much Bootlegging In Toronto, Flavell Says

"The police in Toronto are doing everything in their power to suppress illicit liquor traffic," said Acting Chief of Police Dickson when his attention was drawn to the statement of the Windsor fire chief that he (the fire chief), was offered barrels of whiskey when here. J. D. Flavell, chairman of the license board, said he had no information to the effect that there was much bootlegging in Toronto.

PANTAGES' MUSICAL CHIEF.

John Arthur, musical director of the Regent Theatre, and recently appointed supervisor of music for all the theatres in Canada and the Pantages Theatres in eastern Canada, arrived in Toronto yesterday after an extensive tour through the Canadian west and California, where he made a study of conditions with regard to music. Mr. Arthur has announced the appointment of Fred Radford as musical director of the new Pantages Theatre here. Formerly Mr. Radford was concert master in the Famous Regent Orchestra.

CHEQUE FORGER SENTENCED.

Charged with forging a cheque on the Merchants' Bank Parkdale branch for \$75, Albert M. Brown was found guilty in the sessions yesterday and sentenced to three months at the jail farm by Judge Deaton. C. M. Albright, who was charged with forging a Polish passport, was given the benefit of the doubt and let go.

Convenient Train Service to Montreal and Ottawa from Toronto

"Yonge St. Station" Toronto "Yonge St. Station" is situated in the heart of the great residential section, and is reached from downtown by the Yonge street cars. Excellent train with sleeping cars for Montreal and Ottawa leaves 8.30 p.m. daily, except Saturday. Further particulars from Canadian Pacific ticket agents.

DEFER STATION INSPECTION.

Owing to the fact that several of the people concerned are out of the city, a date will not be fixed until next week for a visit by the city council to the new Union Station.

ADMIRE GARDENS IN QUEEN'S PARK

Great Attraction to Visitors—Will Be Better Next Year, Gardener Says.

Richard Marshall, gardener, in charge of Queen's Park, is a proud man these days. The lawns and flowers under his charge have never looked better and the hundreds of visitors who come to the parliament buildings, particularly those from the United States, are loud in their praises of the beauty of the grounds. Red is the predominant color scheme and the vivid patches lend a delightful touch of color to the wide expanse of well kept lawn. It is doubtful if a better kept or prettier arranged group of flower beds can be found anywhere.

FINAL TRANSFER OF MILITARY PATIENTS

November will see the final transfer of military patients to the Department of Soldiers' Civil Re-establishment, when the Dominion Orthopaedic Hospital, on Christie street, closes its doors as a harbor for amputation cases. Major-General Williams, officer commanding this military district, also announced yesterday that it is more than likely the S.C.R. will become a branch of the militia department at that time, so that the separate minister and administration may be abolished. The patients who still remain at the D.O.H. when the transfer takes place will go to Brant House, Burlington, except a few of the cot cases, who may be transferred to Euclid Hall.

HAD BACK INJURED.

While working in the Grand Trunk freight sheds, Simcoe street, yesterday, Alf. Rudwick, 52 Wolsley street, had his back injured when a piano fell on him. He was taken to Grace Hospital in the police ambulance.

ASSESSMENT APPEAL BY STREET RAILWAY

The Toronto Street Railway Company is appealing against the assessment of its property on King street near the Don, which was burned down some time ago. The land is assessed at \$80,550, and the buildings at \$33,050. In their appeal the company say they are not using the property for business purposes.

CHASE CONTINUES FOR SLAYER OF BOY

Detectives Go to Erin to See Suspect—Police Receive Many Calls.

Further man-hunts took place yesterday for the murderer of young Philip Goldberg, who was killed so brutally on Saturday. One man, a French-Canadian, was captured by Sgt. Tinsley of Cowan avenue station while walking along the Grand Trunk tracks. He was allowed to go. Another report came in from Erin that a man who seemed to agree with the description of the wanted man was held. A Detective Cronin and Wickert were sent up to investigate with McMurry.

Beyond this no developments have taken place. The police are still receiving calls at all hours about suspicious men being seen in various parts of the city. The man who gave the police and citizens of the Lambton Mills such an exciting chase on Tuesday turned up at No. 2 station shortly after the hunt, and explained that he had been having a row with his wife and becoming frightened at seeing crowds of citizens following him, he had fled. He is well known to one of the detectives, and his explanation was accepted and he was allowed to depart in peace.

PRESS DELEGATES IN SARNIA TODAY

Go From Toronto on Two Special Trains—Big Welcome Awaits Them.

Sarnia, Ont., Aug. 11.—(Special)—Two special trains will bring the members of the Imperial Press Conference to Sarnia tomorrow, Thursday, arriving here from Guelph at 11:30 and 12 o'clock.

A committee from the Chamber of Commerce, a committee from the Sarnia Council, and a committee of ladies representing the city's various organizations, will meet the trains on their arrival at the Northern Navigation Company's dock. The guests will then be taken to Lake Huron Beach, where they will join at luncheon the passengers of the Northern Navigation Company's steamer Hammonia, on which they will sail from Sarnia to Port Arthur. This luncheon should prove an unique experience, the only real old-fashioned picnic on the tour.

After the picnic, the mayor and Mr. Johnson McAdams, manager of the Chamber of Commerce, will make the welcoming speeches and automobiles will take the party on a tour of the city. The party will embark on the Hammonia at 3:30 p.m., the steamer leaving at 4 p.m., upon the invitation of J. W. Norcross, president of the Canada Steamship Lines. H. H. Gildersleeve, manager of the Northern Navigation Company, will accompany the party as far as Port Arthur, where he will also be H. R. Charlton, who will represent the Grand Trunk Railway, of which organization the Northern Navigation Company forms a part.

NEW "MASTER VOICE" RECORDS.

"Zaza," by Geraldine Farrar, "Home," by Emmy Destinn, and a quartette by the Flonzy Quartette are new selections in "His Master's Voice Records," that Ye Old Firm Heintzman & Co. Limited, 133-137 Yonge St., Toronto, will be pleased to send to anyone desirous of doing something really worth while to their assortment of records. The price of each is \$1.25.

Expect Some New Evidence For Baby Murder Inquest

Kingston, Ont., Aug. 11.—(Special)—Medical evidence submitted at the inquest at the village of Yarker over the finding of a dead infant in the sluiceway at Benjamin's mill showed that death had been caused by strangulation. County Constable Bryant, who is working on the case, expects to have some important evidence to offer at the inquest in the course of a few days.

SALVAGE BIG ELEVATOR.

Kingston, Aug. 11.—(Special)—A big electric hoist, purchased by the Lurie Wrecking and Salvage Company, Toronto, and is being torn down by the company. It is estimated that there are about 250,000 feet of lumber in the elevator and that the cost of tearing it down will reach over \$25,000.

WHO'LL BE DRESS INSPECTOR AT THE BEACHES

LIKE somebody says, nothin' is ever took away from us what aint replaced by one better, and aint it the truth? When the business shows close we have the summer resorts, which are in commutin' distance, and the swimmin' season, which fetches out new styles in bathin' suits, which make up for the loss of any chorus.

Me and Hildegarde is campin' near the water, and last night she never showed up for eats, which I had to do justice to myself, after which, I, in loneliness, a middy, and a canoe, blew in at the beach just in time to hear the merry-go-round render "Kiss Me Again," with tender feelin'. And there was I, listenin' and tryin' to make up my mind was Hill drowned or havin' a good time with a bunch of fleet-foot Percies, when along comes a slew of natives, headed by Hill, and I swan if they all wasn't wearin' the briefest of V-shapes.

Of course, a one-piece bathin' suit is no disgrace if the piece is big enough, but I'll say the one Hill was wearin' would restore the speech to a dumb waiter. And where she got it I didn't know, unless she borrowed it from Skinny Penny. The bird what was with her was the one what was always telephonin' and wantin' to see more of Hill, and believe me, he got his wish.

It was shore no place for a perfect lady, so I give my canoe a push in my modest manner, and made for the camp hittin' on two, but not without noticin' that all along the beach the suits got darin' and more so, till, by the time I reached our diggin' there wasn't a one to be saw what was within three yards of the law requirements.

*But I want you to get me right on this. Far be it from me to be an advocate of dress reform, but it gets me sore when I realize I aint got the plan to stand decolating myself. I've got too much brains behind my face to try to get away with anything what aint an all-over.

So take it from me, if the neighbors make too much row playin' "It's a Tulip Time in Holland" with banjo arrangement, don't forget it's swimmin' time in Toronto, and hike it out and become a member of the water babies, and rent a bathin' suit—even if you don't go in the water—get me! You-doo!

ANGLICAN CHURCH MISSION GROWING

Look Forward to New Edifice—Social Held Will Assist Funds.

The Anglican Church mission at Lakeview is progressing under the pastorage of Rev. H. Earle of Port Credit and the lawn social held last night at the residence of Geo. Duck on the Lake Shore road, attracted a large attendance of local residents and visitors. A splendid program, including the Pauline orchestra and several talented artists, was the main feature of the evening, to which was added an interesting address by Major T. Kennedy, local member of the provincial government. Major Kennedy predicted a great future for the Lakeview community and urged that in the race progress and advancement the church be not forgotten, and that success can only be obtained by unity of effort in all spheres of community or municipal life.

The Rev. H. Earle acted as chairman and stated the time was not far distant when the present Anglican church in the present community of Lakeview would be firmly established with a fine large church to worship in. The booths were well patronized and the proceeds are expected to reach a considerable amount, which will be handed over to the church funds. The event attracted considerable attention from passing motorists on the highway, and was largely attended by the competitors taking part in the shooting matches at Long Branch rifle ranges.

A vote of thanks was accorded Geo. Duck, who gave the use of his commodious grounds for the affair.

LABOR NEWS.

Following the payment yesterday of the employees of the Dominion Shipbuilding Company, Superintendent M. Keller of the plant intimated that the private concerns and governmental authorities interested in the unfinished vessels would continue to operate the yard until all were completed. Work is expected to be resumed in the immediate future.

Meetings were held at the Labor Temple last evening by the following unions: Engineers, Lathers, Sprinkler Fitters, Automobile Workers, Cement Finishers and Clarmacers. Routine business was discussed at all meetings, altho the automobile workers gave some attention to the threatened slump in their industry.

The association occupies amongst building trade companies a position analogous to that of the local Building Trades' Council.

TWO FAMOUS BANDS FOR EXHIBITION

Thaviu's and Creator's Will Furnish Music—War Paintings Arrive.

The second instalment of the Canadian war memorial paintings, which are to feature this year's art exhibit at the Canadian National Exhibition, have arrived in the city, according to an announcement made yesterday by Exhibition officials. Immediately upon the arrival of the pictures, Manager J. G. Kent and members of the art committee journey to the fair grounds to arrange the details of hanging and to decide upon an appropriate scheme of decoration for the buildings. It is expected that these arrangements will be completed within the next few days.

The memorial paintings, which are the work of the greatest of present-day artists and designed for hanging in the War Memorial Museum at Ottawa, were one of the outstanding features of last year's fair, and the series treated in the present final series promise to rival their predecessors in general interest. The collection will be housed in the western and two northern rooms of the permanent gallery and in the whole of the temporary gallery erected last year.

As regards the music to be enjoyed Toronto citizens will welcome the announcement that Creator's band has been definitely secured for the opening week. For the second week, the officials intend introducing Thaviu's band, an organization new to Toronto but enjoying a national reputation in the States. The band was first heard by Exhibition officials in the spring of this year in Montreal, and negotiations, which have been finally successful, have since been carried on by the securing of it locally. Thaviu is frankly an eccentric conductor, leading with his hands, his feet, and even at times dancing in his efforts to extract the desired effect. His orchestra of fourteen pieces, however, ever, and he is acknowledged a musical genius with undoubted ability at realizing the full capabilities of his men. A feature of his concerts will be the appearance with him of noted opera singers, who will give famous operas as abbreviated by Thaviu. The abbreviations in all cases consist in the omission of parts which are of minor importance and are lacking in interest, whilst the excerpts for which the works are famous are retained in every case in full.

SOFT COAL EXPORTS FROM U. S. INCREASE

Five Million More Tons Shipped Than During the Previous Year.

Washington, Aug. 11.—Exports of bituminous coal from the United States during the fiscal year just ended exceeded by more than 5,000,000 tons bituminous shipments during 1919, according to foreign trade figures issued by the United States department of commerce.

During the fiscal year 1920, 22,976,325 tons of bituminous coal worth \$132,239,873 were exported, compared with 18,152,237 tons, valued at \$75,826,896 a year ago. In addition, bunker coal laden on vessels engaged in foreign trade in 1920 amounted to 338,453 tons, at \$7,233,478.

Canada took nearly half of the bituminous coal exports of 1920, receiving 10,470,516 tons. Italy, with a total of 2,882,773 tons, stood next as an export market, and Cuba, with a total of 1,243,098 tons, was third.

Great Britain took nearly half of the 6,915,408 bales of cotton exported by the United States during the fiscal year 1920, the department announced.

A total of 31,323,075 bales, worth \$683,083,249, were shipped to Great Britain during the past fiscal year, compared with 22,411,280 bales, valued at \$405,636,706 in 1919.

LABOR MOVING BRITISH AFFAIRS

Wm. Dineen Relates Incidents on Return From Interesting Trip to Europe.

First hand news of the condition of devastated France, the labor situation in Ireland is brought to the city by William Dineen, president of the W. and D. from a tour of the British Isles, France and Belgium. Mr. Dineen left the city on June 30 and since then has included in his lightning tour Belfast, Glasgow, the principal industrial cities of England, Lille, Belgium, and the main theatres of conflict in France.

England, according to Mr. Dineen, is still in the throes of an almost hysterical prosperity, which has so affected the British worker as to make the imminent period of readjustment doubly grave and difficult.

Mr. Dineen declared, adding that the amount spent by the working classes in amusement was prodigious. The laborer has further, he pointed out, asserted the dictatorial attitude which he was able to assume in war time, and works only at his pleasure—usually not more than three or four days in the week.

According to Mr. Dineen, the people of Canada are fortunately situated with regard to living conditions, as compared with the people of England. Prices locally are said to be fully 25 per cent. cheaper, and quality is also immeasurably superior.

France is running the government, the industrial works, and everything, Mr. Dineen declared, adding that the amount spent by the working classes in amusement was prodigious. The laborer has further, he pointed out, asserted the dictatorial attitude which he was able to assume in war time, and works only at his pleasure—usually not more than three or four days in the week.

Permits were issued yesterday by the city architect's department totaling \$137,000. Following were some of the largest applications: The late M. Dunlop Tire Co., water tower on factory at Queen and Booth avenue, \$10,000.

GREAT BRITAIN'S VERY MUCH ALIVE

Dr. Donald, at Empire Club, Pays Tribute to the Navy.

That Great Britain is very much alive today, was the cheering message conveyed by Dr. Robert Donald, the eminent British journalist, at the banquet tendered by the Empire Club to the delegates of the Empire Press Union in the King Edward Hotel yesterday.

Dr. Donald, in the course of his address, paid tribute to the great service rendered by the British navy, without which it was impossible to win the peace.

Speaking of the outlook in Europe, the speaker drew a gloomy picture. He said there were rumors of new wars, but the British soldier would not be part in any new enterprise.

Chaos in Europe, the speaker said, was the result of the international jealousies and strife. Its chief measure was that it ignored vast territories that had formerly been economic units.

Therapy for Peace, Dr. Donald said, was a thoroughly bad peace and intervention in Russia were vital in the end, the president withdrew his influence from the meeting.

After the magnificent help which the United States gave the allies, and it was vital in the end, the president withdrew his influence from the meeting.

Dr. Donald reminded the delegates that Britain had provided 5,794,416 men for service in the great war, and that the British Empire had provided 2,000,000 prisoners, captured 2,500,000 weapons, and produced 162,000,000 shells.

It was the British navy that won the war, he said. The navy had been criticized, but "we were not used to new conditions—in fact, we had to manufacture it as we went along."

Dr. Donald also said that Britain was financially sound, and cited some figures to show what she had done for her allies.

Earlier in the day the delegates of the Empire Press Union were the guests of the Toronto Board of Harbor Commissioners. They were taken for a cruise over the harbor and listened to the huge undertaking which is making such material progress.

Members of the imperial press conference left Toronto yesterday afternoon to continue their journey through the Dominion. They are to be entertained at Guelp, where they will visit the Ontario Agricultural College.

PROVINCE FINANCED 1000 NEW BUILDINGS

Good Showing is Made by Townships of York and Etobicoke.

It is estimated that over a thousand homes will be erected this summer under the provincial housing scheme, at a cost of about \$4,000,000.

Buildings have been most active at New Toronto, Windsor, Ford City, Niagara Falls, London, Guelp and Ottawa, and also in York and Etobicoke townships.

About sixty residences were erected in New Toronto at a cost of about \$200,000. Most of the loans under the provincial scheme were to persons who owned their own lots.

Permits were issued yesterday by the city architect's department totaling \$137,000. Following were some of the largest applications:

The late M. Dunlop Tire Co., water tower on factory at Queen and Booth avenue, \$10,000.

PLAYS, PICTURES and Music

"Keep Her Smiling." Commencing next Monday evening Edward H. Robins and his Robins Players will commence saying their farewell for the present season to the many patrons of the local company.

For the closing of this, their present season, Richard Walton Tully's latest and certainly most successful comedy, "Keep Her Smiling," has been selected. To have the honor of presenting this play, which is the first of the many plays belonging to Mr. Tully to be staged in a restaurant, is a simple mark of esteem that has been conferred on the hustling owner of the Robins' by that master producer, Richard Walton Tully.

"The Dumbells" at the Grand. The "Dumbells" show, which was originally picked from various units in the third Canadian division in France for the entertainment of the soldiers while at rest, from the trenches, again will be the attraction at the Grand next week, repeating, by popular demand, their original overseas revue "Biff, Bing, Bang," which was produced in the "Dumbells" zones over half a thousand times. In spite of the fact that this clever company of returned soldiers, accented by a five weeks' engagement in the trenches, have been hundreds who missed seeing them in "Biff, Bing, Bang." Later in the season the "Dumbells" will present an entirely new show, which has been rehearsed for this season's coming tour. A great demand for seats is already reported and those wishing reservations should act early.

Shea's Theatre. An excellent variety bill has been arranged by the management of Shea's Theatre for the week ending August 22. The bill includes the popular Victoria street amusement house. Some of the acts which will be presented are: Adelaide Bell, Myra, Burns and "Babe" with Lightening Girls and Newton Alexander, Casey and Warren, Friscos, Laven and Miller. The Pathé-Pollard comedies are a real treat, and the feature of the program.

At Loew's Next Week. "The Ladder of Lies," featuring Ethel Clayton and the Best of the Street Theatre and Winter Garden, is a week's an absorbing story of a girl who averted disgrace from a man she honored and took it upon herself, and then she was rescued by a man she married. The added film attraction presents Larry Semon, in his latest comedy, "The Stage Hand." The Regatta next week will have a fund of spicy news in illustrated form and the comedies selected are exceptionally good.

Shea's Hippodrome. C. Haddon Chambers' great stage success, "Passers-by," will be presented in its film form as a special attraction at Shea's Hippodrome next week. The film story has been produced by Commodore J. Stewart Blackton and has for its leading character the eminent actor, Herbert Rawlinson. It is an all-British production and will undoubtedly make a strong appeal to all who witness it. Six all-star vaudeville acts will complete an excellent program.

"Some Show" at Star. Give your brains an excursion, forget your troubles for a few hours and you will feel better for having done so. Barney Gerard offers "Some Show," with Tommy "Bozo" Snyder, "The Man Who Never Speaks," at the Star Theatre. The original "Bozo" is a Barney Gerard offering and Gerard has the reputation of "putting over" only good ones. His shows have been considered the best in business.

Tommy Snyder, the original "Bozo," formerly "The Piano Mover," is heading "Some Show" and his name is a guarantee that laughs are numerous. "Some Show" is also said to have the prize chorus of the season, the girls having been recruited for their good looks and ability to sing and dance. There are six scenes from the Leo Lash Studios, while the costumes are by a well-known New York costumer. There is a strong supporting program.

Great Film at Strand. Big audiences are being attracted to the Strand Theatre to see the fine production, "The Dancin' Fool," starring Wallace Reid and Bebe Daniels, is headlining the bill at that theatre all this week. The photoplay is a real "top-notch." Wallace Reid, in the role of a small town guy who tries selling portable and breakable merchandise in a big city, has a part very different from the kind in which he is usually seen, and his triumphant success in it affords remarkable evidence of the versatility of his genius for the screen. In short, the photoplay attains a standard of excellence as notable as it is rare. It is just the thing for jaded nerves these sultry days.

"Jack Straw" at the Regent. It is almost as refreshing as the trip across the lake to see and enjoy the latest Paramount-Artist production, "Jack Straw," which will be presented as the feature attraction at the Regent Theatre next week. All the world likes to laugh and "Jack Straw" has not a sad second in it. The action is set at a rapid gait. The fun is good and wholesome. The story is of the type that answers emphatically "No" to the old question, "Is romance dead?" Amid the cool surroundings which pervade at the Regent, one is sure of instant relief from the extreme heat of summer. Thus, a picture that will be enjoyed the more and coupled with the music by the famous Regent Orchestra.

VIEWS DIFFER ON TEMPERANCE ACT

Judge Orde Not Sure That Illicit Traffic is Not Due to Close Wording.

"I am not sure that the illicit traffic in liquor is not largely due to the close wording of the O. T. A.," remarked Judge Orde at Osgoode Hall yesterday, in reply to a statement made by E. G. Brennan, counsel for the attorney-general, to the effect that however harsh the act might seem, it was year by year being worked more closely, with a view to putting down illicit trading.

Judge Orde, who thought some clauses of the O. T. A. were outrageous, was hearing an application on behalf of Antonio de Angelis to quash a conviction by Magistrate Denison, who fined him \$1,200 or three months on a charge that he had unlawfully sell liquor. Counsel for de Angelis declared that his client had only about fifteen minutes in which to retain counsel before the police court proceedings, and that, owing to his client's poor understanding of English, he was unable to instruct his lawyer. The result was that evidence was not brought out which should have been adduced.

After further argument judgment was reserved.

CITY WORKMEN HURT IN STREET ACCIDENT

Malcolm Henderson, aged 45, 21 Bertmont avenue, and Thos. McFee, of Brockville street, employed in the city works department, were seriously injured yesterday afternoon at the corner of King street and Sudbury avenue, when they were hit by a truck.

The two men were repairing the roadway. In a traffic jam the truck of John Murphy, of the Canadian Metals Co., struck one of the stones being used on the road, skidded, and struck the men. They were taken to the Western Hospital in the police ambulance. McFee sustained injuries to his ribs and hands and was skinned from his right shoulder to leg. Henderson received bruises and wounds on the head and back.

"My Landlady Is Always so Cross!"

"If I come home one minute after ten o'clock I find the door locked," said the Girl who works in an office all day.

"And when I ring and the landlady comes you'd think I'd waked her up from her beauty sleep. Cross—I can't accept an invitation or go anywhere in the evening—hardly. I'll be old some day, perhaps, and then I won't care. But I wish I could have a little bit of fun first."

"We have lots of fun up at Willard Hall," said her friend, the stenographer. "We can have callers and plenty of music and social good times right at home if we like. And we may get late leave two nights a week if we want to go to a party or anywhere. All we have to do is say where we are going and what time we'll be back. The matron always sits up till the last one is in before she locks the door."

"You make me positively homesick," declared her friend. "My mother always used to do that."

Help us to enlarge Willard Hall to meet the call made upon it by homeless young girls in the city. Realize the social importance of caring for these beginners in the business world. Deprived by circumstances of the safe, natural advantages of home life, they are adrift in this city of homes without a home of their own.

Help us extend Willard Hall to shelter two hundred more. Be generous when our canvassers call. Willard Hall is self-supporting, but we need capital to extend.

Railway Rates and Parliament.

The more the question of increased traffic rates by our railways is considered the more will the people be inclined to think that the board of railway commissioners ought to go slow in advancing them. For one thing, if the principle is to be recognized that the men who work the railways have only to demand an increase in pay for the commissioners to grant it and to put it on the public, who are the goats, there may be no end to demands of this kind. Or, contrariwise, should the railways show improvement in earnings the men will take good care that they grab it first and that those who pay the freight rates submit. Surely the people who pay traffic charges have a right to benefit by lower rates as well as the men to higher wages.

Then there is the other question of what portion of traffic charges ought to go in the way of interest or dividend on capital invested in the railways. For instance, the Canadian Pacific is still able to pay 10 per cent. to its shareholders and to pay increased wages. Why, then, should the Canadian Pacific be allowed to jump its rates, especially if the men should conclude in that case that they were entitled to another advance in wages? The Grand Trunk would never catch up.

As for the capital invested in our national railways, neither government nor parliament have ever yet had opportunity of deciding what would be a proper sum to fix in the bookkeeping of our railways as representing capital. If the state roads had to compete for traffic against the Canadian Pacific, notwithstanding the mistakes as to capital made in the past by the Grand Trunk, the Canadian Northern or other privately owned line, why should the capitalization of the government lines exceed the capitalization of the Canadian Pacific?

When one considers the claim of the men that any increase in pay must come out of railway charges for services to the public, and the further question of what ought to be fair capitalization, not only for the national lines, but for the Canadian Pacific, on which interest ought to be borne by the traffic, the more do we come to the conclusion that the board of railway commissioners is not the body that should have the final say. The World believes that ultimately parliament will have to settle both of these questions, as they are substantially questions of policy and of national economics; also questions of justice between individuals or groups of individuals.

It would therefore seem, notwithstanding whatever findings the board of railway commissioners may make, an appeal should be carried to the privy council, which, for the time being, represents the government at Ottawa; and that the government should give it the fullest consideration, and then go to parliament for a declaration of policy in the shape of a statute or of instructions to the railway board. There are questions that are above the decision of those exercising delegated authority. The issue in Canada in regard to railway traffic charges may have to be settled in parliament.

Quebec to Control the Brandy Trade of the "Indians" of Ontario.

Our good sister province of Quebec, thru its government, so we are told by the press reports of yesterday, is to take control of all trade in alcoholic liquors to be handled substantially as a government monopoly. The Quebec Telegraph, the local Liberal organ, says:

"The fact that revenues running into the millions could be obtained in this manner, and that the observance of the law would be easier, has influenced the authorities to take these steps.
 "No details are available as to the manner in which this control or monopoly will be enforced, but it is quite understood that it will not extend to the sales of beer and wines, which will remain as at present, licensed under the provincial temperance act.
 "In regard to the Scott act, the repeal of which was to take place in July, the recall has been delayed till September, to get a more extended view of the question from voters."

In other words the province of Quebec to its own great financial advantage hopes to supply all the liquor requirements of all the other provinces in so far as provincial laws permit. For instance, the citizens of Ontario, under the Ontario temperance act, are free to import any liquor they like from the province of Quebec or elsewhere, provided they keep it in their own houses for their own consumption. They cannot deal in it. And inasmuch as the city of Montreal, which is the centre of the Quebec liquor trade, is only a night's journey

from most points in Ontario, the bulk of this business would go there. Other provinces with laws similar to Ontario could also supply from the Quebec government. Also the rum runners who are now developing a great business on the borders of Ontario adjacent to the United States might get their supplies from the Quebec government in the same way. A monopoly of this business, carefully handled, would be worth twenty to forty millions a year to the province of Quebec.

Perhaps, while the province of Quebec is moved by the profit of the thing their plan might be the ultimate solution of the liquor problem, namely, by some kind of government sale by each province within its own limits.

But this proposal of the province of Quebec and the present shipping of whiskey from the city of Montreal to Ontario, and especially to the county of Essex, and the comments of the press of Montreal on this trade and the illicit form it takes after it gets to our side of the Detroit River, is reminiscent of the old scandal of the brandy trade of old Quebec and old Montreal with the Indians of the country, which is now the province of Ontario. Governors Frontenac, La Salle, Colbert, the first minister at Paris, all the traders of the towns of Quebec, three Rivers, Montreal, the farmers, the coureurs du bois, were all for selling brandy to the Indians, especially when trading their furs or pelts and buying supplies. Bishop Laval was against it and he did his best to have the sovereign prohibit the King, the minister at Paris, the merchants and the traders of the town of Montreal. The traders and their secret associates were too much for the bishop and they beat him out in the end.

And ever since then the main idea of Montreal, especially since its new financial and commercial development is that booze is the way to rule and run Ontario, that we in this province are "Indians" who want Montreal liquor, and they are reaping millions of dollars now in the ancient trade of selling brandy to these parts. Montreal contains immense quantities of Scotch, and offers it to the natives of Ontario when he goes there to trade, they use quite a lot of it themselves, but the predominant motive of the Montreal business and financial man is to regard Ontario as the home of a lot of Indians constantly in need of Montreal brandy. And they see that it comes here no matter what laws are broken. The main inspiration of the city of the St. Lawrence today is, if we read The Montreal Gazette and The Star aright, to supply booze for this very temperance-minded province, and while they are at it to minister to a hundred million thrushes across the Detroit River.

Bishop Laval would turn in his grave today if he could realize the enormous shipments of brandy that are sent from the blending cellars of Montreal to "the Indians" on either side of the Detroit River.

The Ontario government and the attorney-general, Hon. Mr. Raney, are acting very much like Frontenac and Talon, the intendant, in promoting and protecting the brandy business of the traders of Montreal and the bootlegging/courier du bois and farmers of the Detroit country.

Call a Halt.

Isn't it about time that Parks Commissioners were told to let up in recommending the purchase of little bits of park lots here and there in the city at the rate of twenty-five thousand dollars an acre?

If more parks have to be bought, go farther out where land can be got at much lower prices.

We've got enough of the very expensive small bits—bits that were good for the promoters of real estate deals, but too high for the citizens. A parks commissioner's duty is to look ahead and buy big and buy cheap. You'd almost think it had become a profession to buy and sell park property at high prices only.

Toronto and New York.

A week or two ago The Toronto Sunday World published an article by Charles A. E. McHenry in which that gentleman told of a trip to New York where he found a remarkable improvement in the cleanliness of the city, the orderliness of its street traffic and the general street behavior of its vast crowds. The New York Sun later devoted a column and a half editorial to The Sunday World's article, and was evidently much

gratified to see a good word printed for New York in a Canadian publication. Mr. McHenry's chief point was to the effect that fast and noisy motor driving had been successfully dealt with in America's greatest city, and it is the duty of Toronto's civic authorities to find some way of bringing about the same result here. Motorists will be the gainers in the end, a fact which is thoroughly recognized by the Ontario Motor League, which has determined to set its face against infractions of existing motor laws.

Let Us Own All the Roads.

(Editorial, Farmers' Sun, August 11.) It is largely because of the watered stock conditions in railroads that we face a great demand for increased freight rates. If the increase is granted, it means that the wealthy shareholders of the Canadian Pacific Railway Co., who now receive 10 per cent. per annum, will have their dividends assured for them. It seems unfortunate that we did not take over the C.P.R. when we were absorbing the Grand Trunk and the Canadian Northern; but the government evidently declined in making two bites of a cherry. We now have one of the most efficient, best-run, privately-owned roads in the world, able to pay its way and return its shareholders 10 per cent. and freight increased on all routes behind last year to the extent of \$4,000,000. We took over the skim-milk road and left the cream-producing road to private owners. If we must keep on paying tribute to railroad companies in the way of land grants, cash bonuses and freight increases, let us own all the roads.

DEVONSHIRE TRACK ADMITS BILL IS DUE

Stated, However, \$29,500 Will Be Paid Alice Brown if Bill Had Been Presented.

Windsor, Ont., Aug. 11.—"No, I do not deny that there is a bill due Alice Brown for the sum of \$29,500," said Bradley Wilson of the Devonshire race track, this morning, when questioned about the report that a writ had been issued against the track for this sum.

IN CHARGE OF PLANS TO RAISE REINDEER

Capt. A. H. Living Goes to Labrador—Government Aims to Supply Missionaries.

Ottawa, Aug. 11.—(By Canadian Press)—Captain A. H. Living of the Dominion parks branch has been appointed to go to Labrador with the object of taking charge of plans to introduce and domesticate the reindeer in that province. At the present time there are about 150 head of reindeer in that locality and it is the ultimate intention of the department to supply the missionaries and the people of the Hudson Bay territory with both a food and transportation system. In order to accomplish this, Captain Living will have to spend the next four or five years traveling various parts of the territory.

JUDITH OF BLUE LAKE RANCH

By JACKSON GREGORY.

CHAPTER XXII.—CONTINUED.

Until Judith had come, there had been nothing that this man loved as he did his work among his horses. He watched them as day after day they grew into clean-blooded perfection; he appraised their values; he saw personally to their education, helping each one of them individually to become the true representative of the proudest species of animal life. Had he turned his eye now to the herd down yonder he could have seen the animal he had selected for a broodmare next year, the three-year-old destined to draw all eyes as he stepped daintily among the best of the single-footers in Golden Gate Park, the rich red bay gelding that he would mate for a splendid carriage team.

Oh, he knew them all like human friends, planned the future for each, the sale of each would be no sorrow, but rather a triumph of success. And now, to see them lumped and sold to Doan, Rockwell & Haight—even that hurt. But most of all did Judith's treatment of him cut, cut deep.

"You're a fool, Bud Lee," he told himself softly. "Oh, God, what a fool!"

"The buyers will be here the first thing tomorrow," said Hampton. "Judith says we're to have everything ready for them."
 "I'll not keep her waiting," answered Lee, quietly. And with a quick touch of the spur he whipped his horse and left Hampton abruptly, going straight to the stable.

EXPRESS CO. HEARING FOR HIGHER RATES

First Meeting Takes Place in Toronto—Ask Forty Per Cent. Increase.

Montreal, Aug. 11.—The first hearing of the express companies in their application for increased rates will be held in Toronto on September 2 and subsequent meetings will be held in various cities throughout Canada.

The increase at present asked for amounts to 40 per cent. The railways have amended their application for increased freight rates and have asked for an additional ten per cent. increase, making a total of 40 per cent.

"In event of this being granted," said an official of the Express Traffic Association, "it is possible that the express companies may amend their application and increase the percentage from 40 to 50 per cent."

DEVONSHIRE TRACK ADMITS BILL IS DUE

Stated, However, \$29,500 Will Be Paid Alice Brown if Bill Had Been Presented.

Windsor, Ont., Aug. 11.—"No, I do not deny that there is a bill due Alice Brown for the sum of \$29,500," said Bradley Wilson of the Devonshire race track, this morning, when questioned about the report that a writ had been issued against the track for this sum.

"I cannot say whether such a writ has been issued or not," said Mr. Wilson. "I say, however, that the bill was due on August 4 and it was never presented. If it had been presented it would have been paid."

Questioned about the alleged claim of Grant Hugh Brown for the sum of \$11,900 as commission for the purchase of 1,190 shares of stock by his wife, he stated that it was all news to him.

ONTARIO RUGBY UNION MEETING

The delegates at the last annual meeting of the Ontario Rugby Football Union decided that it would be in the best interests of rugby if the annual meeting was held just prior to the opening of the season. It was therefore decided to hold it early in September and the annual gathering of this year will take place on Thursday, September 9, at 8 o'clock, at the Central Y. M. C. A., Toronto. Rugby came back strong last season after a number of years of minor activity, and the coming season should see the O. R. F. U. go ahead with even more rapid strides. Amendments to the rules and constitution should be sent in two weeks before the annual meeting and nominations for the various offices one week before the meeting. The officers to be filled are: President, first, second and third vice presidents, secretary-treasurer and senior, intermediate and junior representatives. R. W. Hewison, acting secretary until the annual meeting. His address is The Evening Telegram, Toronto.

THREE-YEAR-OLD PA CER MAKES NEW RECORD FOR NORTH RANDALL

Winning Sportsman Handicap in Straight Heats and Record Time—Six Circuit Races Decided. North Randall, Cleveland, Aug. 11.—After two days of postponements in the second week of Grand Circuit racing here was inaugurated today. Six events were on the card, which was featured by the American Sportsman Sweepstakes, purse \$1,900, which went to Rifle Grenade, in the fastest three miles ever paced by 3-year-olds here. The 2:04 pace also attracted attention. Rifle Grenade, champion juvenile pacer, established a new record for three-year-old pacers on this track when he stepped the first mile in 2:06 1/4. He won the first and third heats easily. After forcing Jane Forbes and Raven Direct's Heir to break about half-way around in the second heat, Rifle Grenade himself went into the air one hundred yards from the finish behind Frisco June, Patima and Transpase. Lady Wilgo won the first division of the 2:12 trot in straight heats. So close was the finish of the second heat only two lengths separated the first five horses. Walnut Frisco took the second division by capturing the heat two heats in a fierce drive from Miss Perfection, winner of the first mile. Princess Mary won the 2:04 pace in straight heats, but was forced to start the second in 2:03 1/4 to overcome Eva Abbe's lead. Frank Little was the fifth favorite to win, capturing the first division of the 2:12 pace. The only upset of the day came in the second division of the 2:12 class, when Sybil S. Forrest, heavy favorite, was beaten by Lillian S. an outsider in the betting. Lillian S. got the best of a bad start in the first heat and won handsily, but in the second heat she came from behind, paced a fast heat in 2:04 1/4 and took the third heat easily. Summary: First Division 2:12 trot, purse \$1,200, three heats: Frank Little, b.g., by Little Frank (Stokes), 1 1 1; Pat Pointer, b.h., by Patrick De Oro (Wall), 2 2 2; Alfre Bond, b.m., by The Abbe (Erskine), 7 3 3. The Jack, b.m., by Gordon Auto Pace, b.k.g., by Auto-Crat (Bennett), 5 4 8. Mack Allerton, Star Richmond, Billy Landis and Hector Roberts also started. Time 2:06 1/4, 2:07 1/4, 2:08 1/4. Second division, 2:12 pace, purse \$1,200, three heats: Lillian S., b.m., by Col. Forest (Thornton), 1 1 1.
