ST. FRANCIS XAVIER'S COLLEGE.

HISTORICAL SKETCH.

St. Francis Xavier's College was founded in 1854 by the Rt. Rev. Colin F. McKinnon, Bishop of Arichat, for the higher education of students aspiring to the priesthood and to the learned professions. In this respect it has more than fulfilled the hopes of the Rt. Rev. Founder, a striking proof of which is found this year in the fact that, notwithstanding the death within the space of nine months of four very clever and exemplary priests, the Diocese does not seem appreciably to feel their loss, so well are their places being supplied by recruits educated in the College. Another and very important work is being done by the College in preparing young men for the teaching profession. It has in fact ever since its inception and particularly in recent years been the chief factor in supplying teachers for the Counties of Antigonish, Inverness, Richmond and Cape Breton. Of late its constituency has become much enlarged, a considerable proportion of the students now in attendance being from Western Nova Scotia, New Brunswick and the United States. In 1866 the College received University powers by the following Act of the Legislature of Nova Scotia:

AN ACT TO ENABLE THE COLLEGE OF ST. FRANCIS XAVIER, AT
ANTIGONISH, TO CONFER DEGREES.

1. St. Francis Xavier's College, at Antigonish, shall be held and taken to be an University, with all and every the usual privileges of such an institution, and that the Students in the said College shall have the liberty and privilege of taking the degrees of Bachelor, Master and Doctor in the several Arts and Faculties, at the appointed times, and shall have power, within themselves, of performing all the scholastic exercises necessary for the conferring of such degrees, as shall be directed by the statutes, rules and ordinances of the said College.

In 1880 a new brick wing was erected by the Rt. Rev. John Cameron, D. D., the work on which was done under the direction of the Rev. John J. Chisholm, P. P., of Heatherton. The funds for the erection of this building were contributed chiefly by the Bishop and Clergy of this Diocese. His Lordship contributed over six thousand dollars; the Very Rev. Neil McLeod, V. G., \$990; the late Rev. John Quinan, \$250; the Rev. Ronald McDonald, P. P., of Pictou, now Rt. Rev. Bishop of Harbor Grace, \$200; the rest of the Clergy, \$2,224.14.

In 1881 the Provincial grant, which varied from eight to fifteen hundred dollars a year, was withdrawn, and His Lordship Bishop Cameron appealed to the people of the Diocese to form an endowment fund. For this purpose a sum of over twenty thousand dollars has been collected and invested.

In 1882 a Board of Governors was organized under the following Act:

AN ACT TO INCORPORATE THE GOVERNORS OF ST. FRANCIS XAVIER'S COLLEGE.

(Passed the 10th day of March, 1882.)

Be it enacted by the Governor, Council and Assembly, as follows:

1. The Right Rev. John Cameron, D. D., Bishop of Arichat, and his successors in office canonically appointed, together with the Rev. John Shaw, P. P., Rev. Neil McNeil, D. D., Wm. Gerrior, Esq., J. P., and Colin F. McIsaac, Esq., Barrister, shall be a body politic and corporate by the name of the "Governors of St. Francis Xavier's College, Antigonish."

2. The Corporation hereby created shall have perpetual succession and a common seal, and shall have power to take by donation, deed, devise, bequest, purchase, or otherwise howsoever, real and personal property, and to sell and convey the same.

3. The four last named members of the said Board of Governors, under the first section of this Act, shall continue to hold office until death, resignation, or permanent removal from the Province of Nova Scotia, but if any one of them shall cease to be in communion with the Roman Catholic Church, he shall cease to be a member of the Corporation hereby created.

4. Any vacancy which may from time to time occur among the said Governors, shall be supplied by the election of a person in communion with the Roman Catholic Church by the remaining members of the Corporation, subject, however, to the notification and approval of the said Bishop of Arichat and his successors. The term of office of the person so elected shall be the same as that mentioned in the third section of this Act.

5. The Corporation hereby created may from time to time make statutes, rules and ordinances, not inconsistent with the laws of this Province, for the management of the said College, and all matters appertaining thereto, and for the management of the funds and property entrusted to it, and may appoint the professors and teachers in the said College, and remove them from time to time, and regulate the salaries to be paid to them. The exercise of any of the powers, mentioned in this section shall, however, be subject to the approval of the said Bishop of Arichat for the time being, and his successors.

6. The said College of St. Francis Xavier shall continue to be a University, with all and every the usual privileges of such institutions:

7. The Corporation hereby created shall have power to appoint a Treasurer, Secretary, and such other officers and servants as they may from time to time deem necessary for the purposes of the Corporation, and may hold real estate, not exceeding fifty thousand dollars.

In 1887 the following amendment was made necessary by a change in the name of the Diocese:

AN ACT TO AMEND CHAPTER 77, OF THE ACTS OF 1882, ENTITLED
 "AN ACT TO INCORPORATE THE GOVERNORS OF ST. FRANCIS
 XAVIER'S COLLEGE."

(Passed the 3rd day of May, 1887.)

1. The word "Arichat," wherever it appears in the several sections of said chapter, is hereby struck out and the word "Antigonish" substituted therefor.

In 1888 another amendment was made to enable the Board to borrow money needed to erect new buildings:

AN ACT TO AMEND CHAPTER 77, OF THE ACTS OF 1882, ENTITLED,
 "AN ACT TO INCORPORATE, ETC."

(Passed the 16th day of April, 1888.)

Be it enacted by the Governor, Council and Assembly, as follows:

1. Section two of said Act is hereby amended by adding at the end thereof the following words: "The said Corporation may borrow a sum of money, not exceeding sixteen thousand dollars, for repairing and enlarging the College building at Antigonish, and shall repay the same in four annual installments, with interest at a rate not exceeding six per centum per annum, such interest to be paid annually. The loan may be obtained at once or in portions from time to time as the Governors may require the same, and they shall give the lenders debentures or coupons for the amount of the loan, the interest on which shall be paid annually. The loan shall be a charge upon the land and personal property of the Corporation, and not against the individual members thereof."

In 1888 the sum mentioned in the above amendment was borrowed, and the new building completed. With the wing erected in 1880 the building consists of a central part ninety by thirty-nine feet, with a tower ninety feet high projecting sixteen feet in front, and two wings, each thirty-eight feet wide, one of them eighty and the other eighty-three feet in length, the latter having an extension twenty-two by twenty-seven. The material

is brick, which has proved to be of excellent quality. The building is well plumbed and ventilated and is heated throughout with hot water.

COURSE OF STUDIES.

The studies taken up each year of the course and the amount of time assigned to the various subjects are set forth in and may be easily gathered from the subjoined Time-Table. For the greater convenience of students intending to qualify for Provincial scholarships the text-books used are as far as possible the same as those prescribed by the Council of Public Instruction of this Province for the County academies.

The following is a list of books used or consulted during the course:

English — Grammar, — For junior classes, prescribed text book. For advanced work, Mason's Grammar.

“ Language and Composition — Dalgleish, Elementary and Advanced. Lounsbury's English Language.

“ Literature — For 1893-94, Scott's *Ivanhoe*, MacAulay's *Warren History*, Tennyson's *Princess*, Shakespere's *Hamlet* and Longfellow's *Evangeline*.

Latin — Grammar, — Bryce.

“ Composition, — Arnold's, edited by Spenser.

“ Reading, — Nepos, Cæsar, Virgil, Cicero, Tacitus, Salust, Horace and Livy.

Greek — Grammar, — Goodwin and Principia Graeca (Smith).

“ Composition, — Principia Graeca Part I. and III. (Smith.)

“ Reading, — Anabasis, Homer, Demosthenes. Euripides.

French — Grammar and Composition,— French Principia.

“ Reading,—Souvestre's, *Le Philosophe sous le toits*,
Racine's *Esther* and Voltaire's *Charles XII*.

Arithmetic — Hamblin Smith.

Algebra — Todhunter, Hall and Knight's Higher Algebra.

Geometry — Euclid.

Trigonometry and P. Mathematics — Lock's Elementary
Trigonometry.

Navigation — Norrie.

Astronomy — Young's Elements.

Physics — Balfour Stewart's Primer for Juniors, Gages's
Introduction and Ganot for Seniors.

Chemistry — William's for Juniors, Storer's Agriculture,
Wilson's Inorganic for Seniors.

History and Geography — Prescribed Texts — for Juniors
for Seniors.

Botany, Physiology and Hygiene as in Prescribed Texts.

Philosophy — First Year,— Logic and General Metaphysics,
Zigliara, Clarke and Rikaby.

Second Year,— Special Metaphysics, including
Cosmology, Psychology, and
Natural Theology. Zigliara
and Maher's Psychology,
Ethics, Zigilara and Rikaby.

Christian Doctrine — Schouppe.

By arrangement with a business firm in town, most of these
text books can be supplied at short notice by the Collège.
Others are imported direct from the publishers for the benefit of
students.

Special attention is given to English, the Classics, particularly
Latin, and to Philosophy. The two professors of Philosophy are
graduates of the Propaganda College, Rome, as are also the pro-
fessors of advanced English, and higher Classics. With a view
to resuming in September next his professorship in Chemistry,
which he held with much acceptance from 1888 to 1891, Rev. D.
McCAdam, at present in the Grand Seminary, Montreal, took

during last summer's holidays the summer course in Chemistry in Harvard University. The studies in the lower classes are adapted to the needs of young men wishing to prepare for commercial life.

There are three classes receiving instruction in Christian Doctrine. Once a week an hour is given to each class separately and on Sundays all assemble in the College chapel to hear a discourse from one of the Reverend Professors. To permit of greater freedom in the choice of studies and to avoid more easily conflicts between one lecture and another it has been found expedient to have class work begin with 8.30 a. m. and close at 4 p. m., there being an intermission of an hour and a half at 12.30 p. m.

The year is divided into two sessions, the first ending Jan. 31st and the second with the close of the year. At the end of each session there will be a written examination. One will begin early in January and will be known as the Sessional Examination; the other will begin in June and will be the Terminal Examination. Upon the results of both these examinations promotion at the end of the year will depend. To secure a pass into the next year an average of 50 per cent. on the papers set at both examinations must be made. No less than 50 out of a possible 100 may be made in English, Latin, Christian Doctrine and Philosophy nor less than 30 in any other branch.

ADMISSION.

Applicants for admission not personally known to some member of the Faculty must bring a certificate of good moral character from a responsible person. Students from other colleges will be expected to bring testimonials from the institution last attended. Students are admitted at any time during the year, but those coming late are placed at a serious disadvantage, besides being a hindrance to the progress of others. Parents are therefore requested to send their sons in time to begin study on the day set down in the Calendar.

In connection with the College there is a High School department into which pupils are admitted from the common schools, but they must be sufficiently advanced to take up the work usually done in the first year of the Provincial High Schools. For the year 1893-4 there will also be a class of pupils in the College doing the work of grade VIII of the common school course of this Province.

MATRICULATION.

To be admitted as an undergraduate in Arts a Matriculation Examination must be passed of which the following is a syllabus:

Latin: Grammar, Morphology and Elementary Syntax, Composition as in Arnold's Latin Prose Composition to Ex. 30. Cæsar, Gallic War Book V., Chaps. 1-40., Cornelius Nepos, One Life, (for 1893-4 Themistocles.) Or any equivalent work.

English: Grammar, Parsing and Analysis of Sentences, Composition, Elementary and Advanced as in *Dalglish, Short Essay and Critical study of an author announced from year to year (for 1893-94 Longfellow's Evangeline.)*

History: British and Canadian.

Geography: Canadian and General.

The examination will be held in June of each year. A certificate of successful examination on a syllabus equivalent to the above, will exempt from the College Matriculation, provided the candidate made the marks on each subject required by the College standards. The standard for Matriculation is the same as that for the Terminal Examinations.

DEGREES.

Undergraduates who complete the course are entitled to the degree B. A., provided they make an average of not less than 60 per cent. at the Sessional and Terminal examinations of each year, and make no less than 60 out of a possible 100 in Latin, English and Philosophy, not less than 50 on Christian Doctrine nor less than 40 on any other subject of the course.

A Bachelor of Arts, of at least three years standing and of good reputation, who produces a thesis satisfactory to the Faculty on a literary, scientific, or philosophical subject, is entitled to the degree of M. A.

Students not qualifying the Academic Department for a participation in the Government Grant to County Academies are charged tuition.

Charges are payable at the beginning of each session, i. e., in September and February. The College will not undertake to provide for the current expenses of Students unless a sum is placed for that purpose on deposit in advance with the Rector.

In preparing their outfit Students should not forget a good supply of stockings (half a dozen pairs), of pocket handkerchiefs (a half dozen), and of towels (three). An overcoat, a pair of overshoes and two pairs of rubbers will be necessary during the fall, winter and spring months.

DISCIPLINE.

The discipline of the College is so tempered, that whilst every opportunity is afforded for the development of a sense of personal responsibility, no one is allowed to so abuse his opportunities as to waste his own time or be an obstacle to the well-being or progress of others. Habitual infringement of discipline, profanity, or immodesty of language, or the introduction and use of intoxicating liquors may lead to expulsion. Damage done by Students to College property is chargeable to their account.

THE LIBRARY.

The library consists of about 2750 volumes. Over fifty years ago a student named John Ryan, of Halifax, died in the Propaganda College, Rome. In his will he bequeathed his property to the Church in Nova Scotia, and after the division into two dioceses, that of Arichat received its share of Ryan's bequest, part of which was a large library purchased in Rome. The present College Library is in great part made up of the Ryan collection; but both Bishop McKinnon and Bishop Cameron contributed from their own libraries many valuable works. The late Rev. Alexander McLeod, of Arisiag; Rev. John V. MacDonell, St. Andrews; Rev. John Quinan, of Main-a-dieu, and Rev. John McDougall, Red Islands, also bequeathed their libraries to the College.

A series of Parliamentary papers, one volume by J. G. Bourinot presented by the author, a number of works on the different subjects of the course for consultation by the students, and some fifteen volumes for the reading library have been added within the year. Mr. Bourinot had previously donated three other volumes of his works to the College. With the exception of the Parliamentary Papers and Mr. Bourinot's works the above additions were made at the expense of the College. The Library itself has scarcely any revenue and donations will be gladly received and acknowledged.

A small fee of 50 cents is charged for the use of books belonging to the reading library. To save expenses to the students the use of many school books is given during the year for a nominal sum.

SOURCES OF REVENUE.

The revenue of the College is derived from an Endowment Fund, from tuition, and from occasional donations. The Academic Department receives the usual grant according to the average attendance. Were it not for the self-sacrifice of the Reverend Professors, who besides their board receive little more than a nominal salary, the revenue from the above sources would be insufficient to meet expenses. A debt of some thousands of dollars on the College buildings still remains unpaid. The exercise of a little generosity on the part of friends would enable the College to pay off this debt and make some much needed improvements.

The donations for this year were \$60.00, balance of bequest of Rev. Charles Martel to the Building Fund, \$1.00 from a friend of the College for the same purpose, and the residue of the estate of the late Dr. Angus J. Chisholm for improvements in the gymnasium. A fine Sonometer was donated to the Laboratory by John Frazer, Esq., M. D., East Weymouth, Mass., U. S. A.

In 1886 the late Very Rev. Neil MacLeod, P. P., East Bay, C. B., gave to the Governors of the College \$4,000.00, the interest thereon to be used in perpetuum in educating young ecclesiastics for the Diocese of Antigonish. This was the first Bursary established in the College. The first priest educated on the proceeds of this Bursary will be ordained this summer. In December, 1892, A. G. Hamilton, Esq., Collector of Customs, North Sydney, placed at the disposal of the Governors of the College \$2000 for a Bursary in memory of his son, Charles F. Hamilton, the proceeds being intended to educate deserving young men for the Priesthood. This Bursary will be known as the C. F. Hamilton Memorial Bursary Fund.

Some of the old registers were destroyed by fire, and it is almost impossible to make the list complete. Since 1890, when it was first published, a number of old students, whose names had been omitted, communicated with the College authorities. This list is thus somewhat enlarged. Further information as to omissions and mistakes will be gladly received.

LADIES' ACADEMY.

This department of the Academy is conducted by the Sisters of the Congregation of Notre Dame, in the Convent of St. Bernard, Antigonish, and was first opened in November, 1883. Within nine years eighty-four of its Pupils obtained Provincial License, Grades D, C, and B.

The Gold Medal of the Institution, designed for the Graduate Course, is awarded to pupils who obtain Grade B, Provincial Scholarship; the Silver Medal of the Undergraduates to those who obtain Grade C, and a smaller Silver Medal to those who obtain Grade D.

The Science Classes, and the Classics, are taught by Professors from the College, and the Convent as well as the College uses the Apparatus of the College Laboratory. Young ladies who wish to apply for teachers' licenses of any Grade, will find in the Convent every facility for making the necessary preparation.
