Boat Carrying Premier King Strands In Halifax Harbor  
PORT UNUSUALLY SETTLED

PREMIER IS  
DELAYED IN  
THICK FOG

Prime Minister Expresses  
His Pleasure on Return-  
ing to Canada.

THE CONFERENCE

Prefers to Review Events at  
Future Date, He An-  
nounces.

(Canadian Press Despatch)

Halifax, Nov. 30.—Looking  
the picture of health, Canada's  
Premier, the Right Hon. W.  
L. Mackenzie King, returned  
to his home land today  
from his first imperial  
conference in London. The  
hour set for the arrival of the  
steamer Montclare, on which the  
Premier made the passage out,  
found the harbor enveloped in  
thick fog, but this failed to hin-  
der the progress of the vessel,  
and she anchored off quarantine  
on schedule time.

The boat containing a local  
reception committee, consisting  
of Hon. R. E. Finn, M. P., and  
Gordon B. Imer, president of  
the Halifax Liberal Association,  
did not fare so well in the thick  
weather, and, stranding on Point  
Pleasant shoal with the Premier  
aboard, was held up for upwards  
of an hour. At nine a. m., how-  
ever, the sun struggled through  
the haze and the Premier was  
brought ashore and taken to his  
hotel.

Sends Out Statement.

In response to a wireless message  
sent him yesterday, the Premier had  
sent a statement for the Canadian  
Press, which he handed out on his ar-  
rival. At noon today a reception  
was held for Mr. King in the historic  
Province Building, and tonight he will  
address a mass meeting in the Inter-  
national Hotel.

Statement in Part.

"I am glad to be home again, glad  
to have had the privilege of being in  
England at this particular time, and  
in company with my colleagues, Mr.  
Graham and Sir Lomer Goulet, to have  
had the great honor of representing  
Canada at the Imperial Conference in  
London. However, after an absence  
of two months, full of interest but  
of varied and intense activity, I  
assure you that I have been the  
welcome extended everywhere in Brit-  
ain and the cordiality of the hospitality  
of the Old Land, there is no here equal  
to that of being again at home, and  
sharing once more the daily life of  
one's fellow citizens.

"It would be impossible at the mo-  
ment of landing to give any review of  
the many events incidental to the con-  
ference or even of the more salient  
features of those very important  
gatherings. Such a review must await  
a more favorable place and time. Out  
of the great mass of impressions gained  
amid the quiet exceptional opportuni-  
ties the conference afforded, and which  
necessarily more or less envelop one's  
thought, there are one or two observa-  
tions which I believe are not without sig-  
nificance to the people of our country.

Canada Is Fortunate.

"The first is, how singularly fortu-  
nate we in Canada are compared to the  
peoples of Europe and the British  
Isles. Indeed, having in mind the  
review of world affairs as gained at  
the conference, I should be inclined to  
say, compared with any other people  
on the face of the globe. There is no  
doubting the fact that throughout the  
world, conditions are most unsettled.  
In Europe there is the greatest unrest;  
hatreds are rife as between nations  
and classes, suspicions and jealousies  
are giving rise to the creation of fresh  
enemies and new fears; there appears  
to be neither certainty nor stability  
anywhere.

New World Needed.

"The second observation is closely  
related to the first, and indeed grows  
out of it. It is that the Old World  
is in need of a new order. The solu-  
tion of its problems and difficulties, I  
do not mean by this that there should  
be any attempt by the people of this

Ask \$1,000,000 To  
Fight Mosquitos

Atlantic City, N. J., Nov. 30.—  
The New Jersey Mosquito Extermi-  
nation Society will ask the next  
State Legislature to appropriate  
\$1,000,000 to complete the work of  
stamping out the pest in the un-  
drained salt marshes.

This was decided at a meeting of  
representatives of nine countries  
who were guests of Clarence H.  
Scott, President of the Seaside  
Golf Club. The conference was at-  
tended by Governor Siler and  
Thomas J. Headen, State entomol-  
ogist at the experimental station in  
New Brunswick, who is supervising  
the campaign against mosquitoes in  
New Jersey.

It was pointed out that of 2,600,000  
acres of salt marsh suboptimal breed-  
ing areas, only one-half have been  
drained.

COOLIDGE URGED TO  
MAKE STATEMENT

Pressure Brought for Announce-  
ment as to His Intentions Re  
Presidency.

Washington, Nov. 30.—With the re-  
turn to Washington of Republican  
leaders for the opening of Congress,  
pressure for an early definite announce-  
ment by President Coolidge whether  
he will seek the presidential nomi-  
nation in 1924 is being increased, and  
some of his friends believe he will  
settle the question soon. His friends  
in several states have taken preliminary  
steps for his entry into the presidential  
race.

Fail to Make  
Reporters Lie

New Orleans, Nov. 30.—Three news-  
men, one from each of the New  
Orleans dailies, submitted themselves  
to a scopolamine (truth serum) test be-  
fore members of the New Orleans  
Medical Society. The reporters were  
instructed before the drug was injected  
to give a false answer to every  
question put to them.

Associates who were familiar with  
the activities of the men during the  
last few days, questioned them about  
hunting trips, their families and other  
matters. In each case the replies were  
the truth, the subjects giving the  
answers immediately. The men at no  
time showed the slightest sign of con-  
sciousness.

Probe Transfer of  
License Plates

Fredrickton, Nov. 30.—What are said  
to be the first prosecutions under a  
section of the N. B. Motor Vehicle  
Act, which makes it illegal to transfer  
license plates from one car to another,  
without notification being made of the  
transfer, have been undertaken by the  
Fredrickton police department under  
instruction from the provincial depart-  
ment of public works.

Two Women and  
Man in Auto Killed

Jackson, Mich., Nov. 30.—Two  
women and a man were killed instan-  
tly when an automobile in which they  
were traveling from Chicago to  
Detroit became stalled on the Michi-  
gan Central tracks at Butler, two miles  
west of here, late yesterday and was  
struck.

Wire Briefs

stockholders in this city are to be  
pleased at a meeting held Thursday  
night that their stock certificates are  
worthless, says the Globe in a  
news page story.

Paris, Nov. 30.—The Allied  
reparations commission today de-  
cided to name a committee of ex-  
perts to study Germany's capacity  
to pay along the general lines of  
Premier Poincaré's proposal. Two  
bodies will be constituted, the re-  
spective duties of which are to be  
defined later.

Nashua, N. H., Nov. 9.—Two  
men were burned to death in a  
fire that destroyed a small shack  
here late tonight. Two other men  
were carried from the burning  
building by the police.

Berlin, Nov. 30.—Official an-  
nouncement of the formation of  
the new three party coalition cabi-  
net in Germany, with Dr. Wil-  
helm Marx as chancellor and ex-  
chancellor Stresemann as foreign  
minister, was made today.

New Orleans, Nov. 30.—The  
city of Tampico, Mexico, is  
threatened with destruction by a  
fire which is raging unchecked, ac-  
cording to a cablegram received  
this morning by A. M. Elias,  
Mexican consul. There were no  
deaths.

GERMAN WAR  
STORY BRINGS  
SENSATION

National Scandal Develops  
in London Over Story  
in Press.

ALARM IS CAUSED

"Fat is in the Fire" Although  
Authorities Disclaim  
Statement.

BY LLOYD ALLEN  
(British United Press)

London, Nov. 30.—A sensation which  
threatens to develop into a national  
scandal has been produced by publi-  
cation of an article sent to British news-  
papers by a news agency, stating that  
the government is concerned over mili-  
tary preparations in Germany.

The article said "rapid military  
training of large numbers of men in  
excess of Versailles treaty stipulations  
has been progressing," and that the  
government is cognizant of the facts.  
As the agency is often credited with  
being "semi-official," the familiar de-  
claration about Germany's misdeeds  
was taken seriously and caused gen-  
eral alarm.

The foreign office immediately dis-  
claimed official authority for the state-  
ment, but "the fat was in the fire."  
The papers controlled by Lord Roth-  
schilds today evidence the greatest  
concern over the report. Others point  
out that the agency's statements are  
often made by Premier Poincaré  
of France.

Claimed as Propaganda.

The Daily Express declares the state-  
ment "possesses the elements of propa-  
ganda," and adds:  
"The Times, which is entitled to  
demand that the agency disclose the  
source of its information."  
The Manchester Guardian declares  
the agency statement to be at variance  
with official opinion regarding Ger-  
many and says: "Whoever inspired  
that statement was palpably bent on  
mischievous."

The Times, which does not publish  
the agency dispatch, makes a lengthy  
leading article on the subject.  
"Sporadic news," the Times says,  
of the statement is likely to have the  
effect of the United States says it probably  
originated with some retired British  
missions to the continent.

(By Canadian Press.)

London, Nov. 30.—Notwithstanding  
the official disavowal of Government  
responsibility for the Reuter's dispatch  
asserting that Great Britain has re-  
ceived information of rather extensive  
military preparations in Germany, the  
news agency's item attracted consid-  
erable attention today, especially in  
those newspapers which are habitually  
suspicious of Germany. Some others  
take the view that it represents an un-  
worthy attack on General Bingham,  
representative of the inter-Allied mili-  
tary control commission in Germany.  
Curiously as to who inspired the  
statement is expressed by several of  
the papers and the Times makes it  
the subject of an editorial entitled "A  
Spurious Sensation."

Rescuer of Mollie  
Ellis to Marry

London, Nov. 30.—The engagement  
is announced in a Reuter's famous  
message of Mrs. Starr, famous in con-  
nection with the rescue of Miss Mollie  
Ellis, who was kidnapped from  
Kohat.

She is to marry Major Underhill of  
the 1st Punjab Regiment.  
Mrs. Starr is the widow of Dr. Starr,  
who worked in the mission hospital at  
Peshawar. He was murdered by men  
of the same tribe as those who carried  
off Miss Ellis.

Accompanied by a tribal commander  
of horse, Mrs. Starr braved the natives  
and went to Miss Ellis' aid as soon as  
she was rescued. She afterwards received  
the Kaiser-i-Hind gold medal from the  
King.

Prepares Papers For  
Inquest; Suicides

London, Nov. 30.—Suicide during a  
fit of temporary depression was the  
inquest verdict returned at Lincoln  
on Alderman Maurice H. Footman,  
district coroner.

It was mentioned in evidence that  
Mr. Footman had been engaged in the  
preparation of papers for an inquest  
on a man at Metheringham a little while  
before he shot himself in his office.

Judge Jenney of  
Massachusetts Dead

Boston, Nov. 30.—Charles Francis  
Jenney, justice of the Supreme Judicial  
Court of Massachusetts, died in the  
Peter Bent Brigham Hospital here yester-  
day. He was born in Middleboro,  
Mass., Sept. 16, 1860.

Iceboat Blockade To  
Block Canadian Rum

Detroit, Nov. 30.—Iceboats prob-  
ably will be added to the equipment  
of the prohibition enforcement unit  
here in an effort to maintain an ef-  
fective blockade against liquor run-  
ning from Canada. E. L. Perrier, chief  
Assistant National Prohibition  
Commissioner, announced.

Declaring that during the last ten  
days a blockade of unprecedented  
effectiveness has been maintained  
along the border from Fort Huron  
to Monroe, Mich., a distance of ap-  
proximately 100 miles, Mr. Perrier  
said that when ice forms the  
prohibition forces would con-  
centrate at points where ice crossings  
are possible.

"It is probable then that we will  
add iceboats to our equipment," he  
added.

POLICE ORDERED  
TO LEAVE UNION

Chief Tells Them to Quit or  
Turn in Their Uniforms  
to the City.

Montreal, Nov. 30.—After a meet-  
ing in his office yesterday with the  
captains of the stations of the police  
department of this city, Chief Dave  
Blagden gave verbal instructions that  
all members of the police depart-  
ment be told that they must resign  
from the Police and Firemen's  
Union. It is stated by a police official  
that the order is a sequel to a resolu-  
tion passed at a meeting of the  
union last night when it was decided  
that the union would not recognize the  
order. The order was received quietly  
by the police.

PROVED WIFE FALSE  
THEN EXECUTED HER

Belgian Officer "Tried" Her Be-  
fore Sons—Given Ten  
Minutes to Live.

London, Nov. 30.—Giving his wife,  
whom he had proved unfaithful, ten  
minutes "to make her peace with God,"  
Major Spoumou, a Belgian officer,  
shot her dead. These facts were re-  
vealed at the sensational trial of Mons,  
which acquitted him.

The major, who was said to have  
rendered excellent service during the  
war, returned home, states the Central  
news agency, in a state of mind which  
he thought his wife appeared cold  
towards him, and he faced her with in-  
fidelity. She replied: "Kill me if you  
want."

Later he heard she had transferred  
affection to a doctor and he de-  
cided to summon his wife before a  
court of honor composed of his two  
sons, the oldest of whom was not  
teen.

"There, he said, she admitted her  
guilt, saying: 'It was during the war.  
It was your fault. You were not there.'  
After shooting his wife the major  
sent his son to search for the doctor  
"to show him the unhappiness he had  
caused."

Says Canada to  
Lead the World

Ottawa, Nov. 30.—Quality was the  
secret of success and there was no reason  
on earth why Canada should not  
lead the world in this respect, declared  
Hon. W. R. Motherwell, Minister of  
Agriculture, tonight at an informal  
banquet to the delegates attending the  
Dominion Dairy conference.

The minister made an urgent plea  
to safeguard the home market for dairy  
products as much as safeguarding the  
provisional liquidators of the  
Home Bank to authorize the De-  
partment of Finance, Ottawa, to sell  
securities held by it to satisfy a claim  
for advances made by the Department  
of Finance to the Home Bank under  
provision of the Finance Act, amount-  
ing to \$20,000 with interest at five per  
cent. per annum from Sept. 1, 1923.

Any surplus realized on the securities  
over the amount of such advances  
and interest is to be paid to the Home  
Bank.

BIG GAME  
SEASON TO  
CLOSE TODAY

Fewer Hunting Accidents  
This Year Than Usual  
in Province.

FEW FATALITIES

No Case Where Hunter is  
Shot in Mistake for  
Deer.

(By Canadian Press)

Fredrickton, Nov. 30.—The open  
season for hunting big game in New  
Brunswick closes today and has been  
in many respects one of the most un-  
usual seasons on record.

Few woodmen can remember an oc-  
casion when the big game hunting  
season passed in New Brunswick with-  
out any snow such as has been the  
case this year. Two years ago, 23  
inches of snow fell during the month  
of November and last year there was  
considerable snow before this date.

Lack of snow has made for bad  
hunting conditions in the province this  
year and the chances are the returns  
for the season's hunting will show the  
smallest number of moose as well as  
deer killed in any one season for sev-  
eral years. Absence of snow made  
"still hunting" almost impossible as  
the game could hear hunters approaching  
when the leaves and branches  
were rustled under their feet.

"There have been fewer hunting ac-  
cidents in this province this season  
than usual, the only fatalities being  
caused by accidental discharge of  
rifles; there has been no case in New  
Brunswick this year of a hunter being  
shot dead in mistake for a game animal  
although several persons have been  
seriously wounded under such circum-  
stances."

FIND 100 GERMANS  
DEAD IN TUNNEL

Bodies Postured in Life Like At-  
titudes, Five Years After  
Gas Attack.

(British United Press.)

Verdun, Nov. 30.—The bodies of  
more than 100 German soldiers, re-  
mained in life-like attitudes, were found  
today in a tunnel between Dead Man's  
Hill and Bebbincourt.

They had been caught in a surprise  
gas attack during the Battle of Verdun.  
The Germans were bottling mineral  
water when struck. The gas must  
have acted instantaneously, for they  
stood today against the walls of the  
tunnel, gruesome toilers at one of  
the less heroic tasks of the world war.

Pay Theatre Price  
With Vegetables

Lobenstein, Nov. 30.—Theatre-  
goers now are allowed to take vege-  
tables with them to the leading play-  
house in this little city. The carrots,  
turnips, cabbages and potatoes are not  
to be thrown at the actors, but deliv-  
ered to ushers in payment for admis-  
sion. Admission may also be paid for  
in briquets or stove wood.

Milk and chickens and ducks and  
geese are also accepted. Consequently  
the auditorium presents the appearance  
of a city market while the ushers are  
appraising the offering of foodstuffs  
and fuel.

"Safety Last" Goes  
Big in England

Cinema proprietors all over the coun-  
try report a record week, says The  
Mirror, of London, England. The  
attraction has been the extraordinarily  
funny "Safety Last" film. It is one of  
the best films ever produced by the  
motion picture industry, and Harold  
Lloyd, the star, has made cinema his-  
tory. Even people who are not usually  
keen film-goers have been sounding his  
praises.

ASK SATISFACTION  
FOR TWO ARRESTS

Paris, Nov. 29.—The Council of Am-  
bassadors met today and examined the  
requests of the French and Belgian  
governments as to measures to be taken  
to obtain satisfaction from Germany  
for the recent incident at Leipzig, in-  
volving the arrest by Reichwehr pol-  
ice of a Belgian officer and a French  
non-commissioned officer. No decision  
was taken by the council and the ques-  
tion will be discussed further at the  
next sitting, which probably will be  
held tomorrow.

She Preferred a Hero

When Edith Ray was chosen as Illinois' prettiest girl in a state-wide con-  
test, folks expected to hear of her engagement to a millionaire. She surprised  
these folks by marrying a disabled war hero, who is attending college. They  
are happy.

Police of Continent Comb Big Cities In  
Effort to Find Bank Messenger Slayers

New York, Nov. 30.—With a score of detectives combing twenty large  
cities in the U. S. and Canada, police expect the early apprehension of the  
actual slayers of the two west-end bank messengers who were shot and  
killed in a Brooklyn subway station two weeks ago.

Acting on information given by Barlow, Morris Diamond, his brother  
Joseph and Anthony J. Pantano, all implicated in the crime, officers yester-  
day extended their search for the two men accused by the eight suspects  
arrested by the police three, and a third, who is said to have driven  
shot dead in mistake for a game animal although several persons have been  
seriously wounded under such circum-  
stances.

FIND SCALLOP BEDS  
NEAR THE LURCHER

Three New Locations Announced  
by Canadian Department  
of Fisheries.

Ottawa, Nov. 30.—Discovery of  
three new scallop beds near the  
Lurcher Lightship off the coast of  
Yamouche County, N. S., is announced  
by the Department of Marine and  
Fisheries. The discovery was made by  
the fisheries vessel Atrix, which made  
a search for new scallop beds recently  
off the western end of Nova Scotia.  
The beds are said to contain scallops  
in such quantities as to give good re-  
turns to boats properly equipped for  
catching them.

Engineer Hill on  
Way to Winnipeg

Fredrickton, Nov. 30.—B. M. Hill,  
chief highways engineer leaves this  
evening for Winnipeg where he will  
represent the New Brunswick Govern-  
ment at an interprovincial conference  
regarding standardization of the regu-  
lation of automobile traffic throughout  
Canada.

Final Session on  
Rum Smuggling

Ottawa, Nov. 30.—The conference  
for the prevention of liquor smuggling  
met today for its final session. Only  
a few questions remain to be discussed.  
American delegates expect to leave for  
Washington on an afternoon train.  
The agenda submitted by the  
American delegates has been consid-  
ered in detail and some of the recom-  
mendations made by the conference  
have been discussed by the cabinet.

AGREEMENT  
FORWARDED  
TO OTTAWA

No Details Given Out Until  
Minister of Labor Gets  
a Report.

OLD CONTRACT ENDS

Board of Conciliation Asked  
For in Coal Handlers'  
Matter.

That a satisfactory agreement  
had been reached between the  
steamship interests and the  
Longshoremen, was a report that  
spread throughout the city at  
noon today when the arbitration  
board that had been enquiring into  
the dispute, concluded their  
sessions and adjourned to file  
their report to the Minister of  
Labor in Ottawa.

While nothing official was  
given out, pending the notifica-  
tion of the Minister of Labor, it  
was intimated by one of the of-  
ficials that a satisfactory agree-  
ment had been reached and that  
matters pertaining to wages and  
working conditions had been  
amicably agreed upon.

Of Much Importance

Considerable importance attaches to  
the agreement of the Longshoremen  
and the shipping interests, as the mem-  
bers of the ship liners', freight  
handlers' and coal handlers' unions  
have usually in other years reached  
settlement pro rata with the wage  
schedule adopted by the Longshore-  
men's Union.

The old agreement between the  
shipping interests and the waterfront  
workers expires today. The report  
that an agreement has been reached  
will be hailed with delight.

ASK NEW POLICY

Canadian Manufacturers Urge  
Change to Build up Market  
For Labor.

Toronto, Nov. 29.—The need for a  
new national policy which will pro-  
vide a real protection for the indus-  
tries of Canada and thereby enable  
them to build up a market for labor  
was voiced at the meeting of the ex-  
ecutive of the Ontario Division of the  
Canadian Manufacturers' Association  
at their meeting here yesterday. C.  
Howard Smith of Montreal, president  
of the C. M. A., stressed the need for  
greater protection.

H. F. Kent, president of the Canadian  
Pulp and Paper Association,  
pointed out that while the paper man-  
ufacturers have a protection ranging  
from 10 to 25 per cent. ad valorem,  
according to classification, with some  
few items on the free list, the pro-  
tection is by no means high enough to  
give them a monopoly of the domes-  
tic market, nor to lend very much en-  
couragement to the development of the  
industry.

SIX BODIES OF U. S.  
SAILORS PICKED UP

Hamburg, Nov. 29.—Six bodies from  
the United States schooner Grace N.  
Pendleton, which stranded two weeks  
ago near Cuxhaven, were washed ashore  
today on the island of Pellworm. An-  
other body was found on the shore  
of Hooge Island.

Two of the bodies have been buried  
and the others are awaiting identifica-  
tion.

The Grace N. Pendleton, owned by  
F. S. Pendleton, New York, carried a  
crew of more than ten men, only two  
of whom were saved.

SENT UP FOR TRIAL ON CHARGE OF BREAKING INTO 10 COTTAGES

Prisoners Made Scene This Morning in Court in Fairville.

Thomas Henry Collins and John Joseph Murphy were sent up for trial by Magistrate Allingham in the Fairville court this morning on a charge of breaking and entering and stealing from ten cottages at Greenhead.

The scene in the court room was quite stormy when the defendants were asked to plead. Murphy said he had nothing to say, and Collins said that he knew nothing about the charge as Murphy had brought the goods to his house.

At this Murphy jumped up and called Collins a liar and then changed his plea to guilty, maintaining that he was Collins as he was trying to "square" out of it he would tell the truth.

The two men were arrested in their homes in Milford last night by Detectives Biddiscombe and Ellpatrick and Policeman Stinson.

A large quantity of goods, alleged to have been stolen from the cottages, was confiscated and brought to central station. At the trial this morning Detective Biddiscombe, Policeman Stinson and Walter C. McFarlane testified for the prosecution.

Both men were then committed for trial.

As this Murphy jumped up and called Collins a liar and then changed his plea to guilty, maintaining that he was Collins as he was trying to "square" out of it he would tell the truth.

The two men were arrested in their homes in Milford last night by Detectives Biddiscombe and Ellpatrick and Policeman Stinson.

A large quantity of goods, alleged to have been stolen from the cottages, was confiscated and brought to central station. At the trial this morning Detective Biddiscombe, Policeman Stinson and Walter C. McFarlane testified for the prosecution.

Both men were then committed for trial.

THE EVENING TIMES-STAR, ST. JOHN, N. B., FRIDAY, NOVEMBER 30, 1925

The Evening Times-Star

ST. JOHN, N. B., NOVEMBER 30, 1925

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by New Brunswick Publishing Co. Ltd. J. D. McKenna, President.

THE PREMIER RETURNS.

Very appropriately, on the day of his arrival in Canada after attending the Imperial Conference, Premier MacKenzie King utters his first word of comment on the great Conference, and gives some of his impressions regarding affairs in Great Britain and Europe generally.

The Premier's first observation relates to the happy condition of Canada, compared with Great Britain and Europe, or indeed with any country in the world. He dwells upon the unsettled condition of Europe, and its effect upon Great Britain, and contrasts that condition with the good-will which prevails on this continent.

The Premier found on every side great interest in Canada and Canadian affairs, and declares that but for the adverse condition of the exchange, British capital would come this way, and that the inflow of capital will keep pace with increased immigration.

Whether the provincial elections are to be held in 1924 or 1925, the people now know what general platform the United Government will make its appeal.

With regard to the policy, the improvement of highways and organization of a complete patrol system will be carried on; the new agricultural school will be conducted with the aim of keeping young people on the farm, and dairying will be further encouraged.

Premier Veniot has thus placed the cards on the table, and called upon the Government party to organize and be ready for the appeal to the people whenever that appeal is made.

The complimentary banquet tendered to Premier Veniot in Pythian Hall last evening was marked by an enthusiasm which must have warmed his heart.

Hon. Mr. Foster, in the first notable speech he has delivered since his retirement from the premiership, paid a very high tribute to Mr. Veniot, as a wise and able leader, and all the speakers referred to him in terms of praise for his labored services to the province.

others of great prominence approve the movement and will have an orphans' dinner at dinner next Sunday. All this week the biggest advertising electric sign in New York flashes in letters ten feet high this message:—

"On Sunday, December 2nd, in place of the more or less elaborate Sunday dinner, you are asked to partake of a simple menu and to donate the difference in cost to the Near East Relief, 151 Fifth Avenue, for use in rescuing from starvation the orphan children of the Near East! Make yours a 'Golden Rule Dinner!' You'll never regret it!"

Every possible means of awakening public interest everywhere has been used. The characteristic attitude of the Americans for the spectacular appeal is supplemented by more sober methods, and no corner of the country will be in ignorance of what the people are asked to do.

To some extent the infection has spread to Canada, although the day has not been proclaimed in this country. There is a provincial committee in Manitoba, with Hon. T. A. Cregar as honorary president, and a Golden Rule Sunday will be largely observed in that province.

The Vancouver Sun says that the total pack of canned salmon for British Columbia 1925 season will give the packers more than \$10,000,000 if all the cases are marketed at the ruling prices.

Sir George Hunter, a great British shipbuilder, says the St. John dry-dock is the finest he has ever seen, and there is nothing like it on the other side. Such testimony justifies all that has been said here about the plant.

"I feel very much encouraged over the outlook. A decided improvement is evident, which is not confined to the activity in pig iron. There is growing strength in other lines. Volume of business, the season being considered, is better than was expected. I can see no reason why there should not be normal business next year."

"The most important structural order for the week was 7,000 tons, placed with Bethlehem Steel Corp. for a public service building in New Jersey. Pig iron prices were advanced by many furnaces, while steel quotations remained unchanged."

"They perish if we fail." These words close an appeal in behalf of tens of thousands of Armenian orphans in Near East Orphanages who must be fed by outside philanthropy. The appeal is made in the United States and Canada, and in the former next Sunday, Dec. 2, is to be observed as Golden Rule Sunday, when people are asked to eat only such food as dinner as the orphans get, and to give the difference in cost for the meal to the orphans' relief fund.

WANT GAME HERE. A wire from the Trojans in St. John was received in Moncton on Thursday, says the Transcript, requesting a basketball game in St. John next week. It was submitted to the manager of the M. A. A. team. The Moncton boys think that it is doubtful if they can get into playing condition by that time and in all probability the game will have to be postponed to a later date.

EAT AND GET THIN

This is turning an old phrase into a new one, but modern methods of reducing fat are overvalued and also average to physical exertion. If you are likewise fond of the table and still want to reduce your excess flesh several pounds, do not for your druggist or write the Marmola Company, 4615 Woodward Ave., Detroit, Mich., and give him (or send them) one dollar. For this modest amount of money the druggist will put you in the way of satisfying your desire to get thin.

WANT FREIGHT EXPERT. Prompt action in the matter of the appointment of an expert to deal with matters concerning freight rates affecting the Maritime Provinces will be asked for by the Moncton Board of Trade. The secretary was instructed at a meeting on Wednesday night to write the three Premiers in this connection. Frank W. Doyle was appointed secretary.

A CARNIVAL OF THEFT. The New York newspapers are aroused over the carnival of hold-ups in that city in which the automobile usually figures, a device of escape. Messengers with payrolls are confronted with pistols, even shot down, and their bags of money hurried away.

THE ARMENIAN CHILDREN. "They perish if we fail." These words close an appeal in behalf of tens of thousands of Armenian orphans in Near East Orphanages who must be fed by outside philanthropy. The appeal is made in the United States and Canada, and in the former next Sunday, Dec. 2, is to be observed as Golden Rule Sunday, when people are asked to eat only such food as dinner as the orphans get, and to give the difference in cost for the meal to the orphans' relief fund.

RESOLVE.

(By Elizabeth Scotland) I will not think of that which might have been. But every hope shall rest in the To Be. I will be glad for all life granted me. Or sweet, and fold the bitter I have seen. Away, nor let it touch those perfect days. The future holds in store; I will look up. And take more happily life's poorer cup. I will plant flowers along my barren ways. So I will banish any slightest thought Of what you might have done; I will recall Only your goodness; my lips shall be dumb. Nor voice reproach, since all that I have sought, Each expectation to which I am thrall Will be fulfilled in what you may become.

Goiter's Numerals. A French caddie, after listening to many visiting players, British and American, informed a friend that he learned how to count the strokes in English, viz.: "Vom, do, tre, fore, ff, sees, damn, ailt, damn." Being asked how seven was distinguished from nine in this scoring, he replied that when the latter was meant it was pronounced with double force.

MISS E. HENNINGAR IS FATALLY HURT

Sister Also Injured as Horse Bolts in Leinster Street.

The Misses Hennigar met with an accident last evening at 5.40, resulting in the death of Miss Emma Hennigar, about one hour and 20 minutes after she was taken to the General Public Hospital suffering from internal injuries and shock.

The Misses Hennigar met with an accident last evening at 5.40, resulting in the death of Miss Emma Hennigar, about one hour and 20 minutes after she was taken to the General Public Hospital suffering from internal injuries and shock.

The horse and wagon which belonged to Robinson's grocery, had been left in front of Manchester Robertson Allison, Ltd's stables and the horse had its foot strap securely fastened. While the driver was inside the stable, the horse managed to wander across the street, and the projecting wheel of the wagon was struck by the automobile of P. H. Deering, manager of the Colonial Hide Company, as he was proceeding home to Carmarthen street.

Miss Julia Hennigar was able to remain in her apartment at Leinster Hall and was resting fairly well last evening at 10.30. She was not advised about her sister's death, but said that she felt that she could not survive such a shock. Miss Hennigar was injured in the left leg, it being found that some of the arteries were affected, the nervous shock being also naturally severe. She was given some quieting medicine, which gave her rest from extreme pain and worry over her long time companion, her sister, who has been taken away so tragically.

After all the excitement had subsided the frightened horse was found free from the side of the street, completely free from the express and all harness. It allowed itself to be led quietly into the stables of Manchester Robertson Allison, Ltd., and was uninjured.

The late Miss Emma Hennigar was born in St. John, and had resided here all her life. She was the daughter of the late Thomas C. Hennigar, clerk in the Waterworks department of the city and Mrs. Hennigar. The former died 15 years ago, and his wife 13 years earlier. Miss Hennigar was buried to the General Public Hospital after the accident, and was accompanied by her cousin, Mrs. E. T. C. Knowles, and her pastor, Rev. Robert G. Fulton. They were with her when she passed away, without much apparent suffering, about 7 o'clock, one hour and twenty minutes after the accident occurred. J. Leffers, Thorne, county treasurer, and Stephen S. Thorne, of the Customs House are also cousins.

The evangelistic meeting being conducted by Rev. Dr. H. K. Crossley and J. H. Leonard in the Exmouth street Methodist church are being splendidly sustained. Last evening there was the largest week-night gathering with the exception of that attending the special lecture on Monday evening. A large place was given to the song service and special selections were rendered. The duet, "O My Soul, Bless Thine Jehovah" was sung by Miss Edith Magee and Mr. Leonard. Mr. Leonard sang effectively the solo.

"The Christian's Good Morning" and during the sermon Dr. Crossley and Mr. Leonard sang several very appropriate duets. The choir also added very materially to the song worship. Dr. Crossley gave one of his popular sermons, entitled "From Guilt to Glory." In the course of his sermon the speaker mentioned that on this road to glory the soul might be conscious of being gloriously redeemed from all its guilt and go forward, living the life of prayer, working together with God, not for Him as a servant, but with Him as a co-worker. He said that if there were only a hundred Christians to start with and if each of these won only one soul a year and the next year all of those Christians each won another soul and so on, in 20 years all the earth would be won to God. Dr. Crossley said also that along this road to glory the Christian lived a life of rejoicing in assurance of Heaven's joy. At the end there was a peaceful and triumphant death, and when the soul came to glory there would be a royal welcome home.

BRITISH WOMAN'S STATUS ESTIMATED

Compared With American Sister's Much Lower Pay and Lack of Organization. London, Nov. 29.—In a recent lecture, held under the auspices of the London Society for Women's Service, Mrs. Oliver Strachey, recently returned from the United States, said that the progress of American women and English women was proceeding at practically the same rate, although in England it was perhaps flowing along a straighter and quieter channel. Public opinion in the United States was more favourable to the idea of women working outside the home than in this country, and there was no penitentiary case in Great Britain.

There was also a larger proportion of high administrative positions filled by American women, as compared with those filled by women in this country. Such positions today in America included those of Mrs. Alice Gardner, chief of the women's section of the Civil Service Commission in Washington; Miss Wilbraham, the Assistant Attorney-General; Miss Mary Anderson, chief of the Federal Women's Bureau; Miss Grace Abbott, director of the Children's Bureau; and Miss Florence Allen, a Judge in the Supreme Court in Ohio. The average salaries paid to women in the United States were higher than those usually received by Englishwomen. In some cases, salaries in America were three times as high, even allowing for the higher cost of living in the United States. In America today there was practically no unemployment. American women were better organized than Englishwomen, largely because there was a broader money margin. Women teachers in the United States outnumbered the men by six to one, but this preponderance of women in the teaching profession was largely due to the fact that teaching offered fewer opportunities of advancement as compared with commercial life. The American Civil Service present-

ed the same internal organization, attention and spirit as the English Civil Service, the difference lying on the surface, for there was the same underlying sympathy in both countries. The total number of women in the American federal services was 100,000, excluding local appointments in the local post offices, which made an enormous addition, since there were a great many women postmasters in the United States. The total number of American women in the municipal services was 25,000. With regard to legislation for children, England was in advance of America, for, although child labor was forbidden in some of the states, children were still working in the southern states, and in many cases with no time limit. Attempts were now being made to get uniformity in this mat-

ter all over the country by means of an amendment to the Constitution. Beef Sale at Campbell's Meat Market, Friday and Saturday. Quiet deliveries in town. Phone 8822. 2437-11-302. Rummage Sale Temple Building, Main street, Saturday 2.30. 2508-12-2

Yesterday's answer—  
If a dirigible an eighth of a mile in length should fly directly over a skyscraper, an observer could determine the balloon's speed by the following method: Start counting the seconds as the prow of the balloon reaches the top of the building, and stop as soon as the stern has passed the building. Thus you have the number of seconds it took the dirigible to travel its own length—one-eighth of a mile. Multiply by eight to find the time it takes the balloon to go one mile. Divide the total number of seconds into 3,600 to determine the number of miles per hour.

Mr. A. W. Franklin, of Yarmouth, N.S., writes: "I always carry Zam-Buk with me whenever I go camping or hunting. It proves A Trusty Friend In Time of Accident."  
One day last Fall whilst away in the woods, I cut my leg severely. Proper surgical attention was unavailable, and poisoning developed causing the leg to swell to twice normal size. The wound had defied every other salve and remedy when Zam-Buk was brought and applied. From the first this herbal balm had a most gratifying effect. It removed pain in a surprising way, caused the wound to lose its swollen inflamed appearance, and by degrees accomplished complete and perfect healing. It made me realize that you can't do without Zam-Buk.

## Office Girls Too Eager To Wed

(By George Britt, NEA Service Writer)

Chicago, Nov. 27.—All women office workers expect to get married in a year or two. All men expect to get the boss' job. These are major obstacles to overcome in obtaining "white collar workers" into the organized labor movement, according to Edward Hughes, secretary of the Chicago Office Employees' Union, the largest office workers' local in the country. Miss Marie Erhardt, his office secretary, is ready to verify the statement.

But are they downcast at the difficulty? They'll tell the whole world "No!"

**They're Optimistic.**  
With the promise of backing from the American Federation of Labor for a national extension campaign, they are looking forward to the day when the bookkeeper and the clerk shall "drive down to work in a Rolls-Royce just the same as the boss does."

Exaggerations aside, the campaign is to be waged this fall to develop the office workers' union into a serious factor in business instead of a mere vocal minority.

These two hopes in the hearts of men and women make it hard to arouse interest in unions, says Hughes. "The girls figure they are working only temporarily. They fear anything which might antagonize the management and defer promotion. Then they think they have social superiority by being non-union."

"The squabbling which the office worker gets between manual labor and employers will bring him around to organization. The trades are unorganized and are getting higher wages. The heads of business are organized and are getting larger profits. The cost of living soars. But the office worker, without effective protest, has to take what pay is offered."

**City Hall Organized.**  
"Most of our 1300 members in Chicago work in the city hall. About 300 are women. When the cost of living started up, the unorganized clerical force here asked for a raise. They couldn't even get a hearing from the finance committee. They don't get anything they ask now, of course, but they are listened to and conditions have improved."

The "white collar" unions at present have no national organization, but are chartered directly by the American Federation of Labor. The plan of campaign is to enlarge "white collar" unions where there is already a foothold, seeking to organize offices of private industries in which the shops already are organized.

"And the day is coming," says Miss Erhardt, "when the young man going to see his girl will have to show his card—not visiting, but union."

## LEFT-OVER DISHES.

Do you shudder to think of "eating turkey for a week" after your Thanksgiving dinner? You shouldn't, for there are all sorts of interesting left-over dishes that can be evolved from turkey.

And in these dishes lies the justification of high-priced turkey. For if the initial cost of turkey is great the number of really delicious meals possible from one bird brings down the average.

There is one precaution in making left-over dishes. Do not cook the turkey for any length of time, long cooking will make it stringy and tasteless. Be sure it is hot through and it goes to the table.

Turkey combined with rice or macaroni. The tiny scraps of meat should be used in a made dish requiring minced turkey.

There will be one meal of delicious cold sliced turkey. Serve with cranberry or currant jelly. The menu could be something like this—  
Cream of Tomato Soup,  
Twice Baked Potatoes,  
Canned Corn,  
Cold Sliced Turkey,  
Cranberry Jelly.

Head Lettuce Salad with Cheese Dressing.  
Canned Fruit. Cookies.

**Coffee.**  
This is a well-balanced menu. If there are slivers of white or tender dark meat not quite suitable for coffee make an ideal luncheon or late evening supper when men are entertained.

**Turkey Sandwich.**  
Four thin slices of turkey, 2 crisp slices of very thin bacon, 2 stuffed olives, lettuce, mayonnaise, 3 triangles of hot buttered toast.

Put one piece of toast on a plate, cover with lettuce, spread with mayonnaise and add two pieces of turkey and one of bacon. Sprinkle with thinly sliced olives. Cover with second piece of toast and add ingredients as for first piece. Top with remaining piece of toast. Garnish with thin strips of pickle and serve.

This sandwich with a cup of hot coffee makes an ideal luncheon or late evening supper when men are entertained.

**Turkey in Ramekins.**  
One cup cold minced turkey, 2 tablespoons butter, 2 tablespoons flour, 1 teaspoon salt, 1/2 teaspoon celery pepper, 6 long sticks macaroni, 1 cup milk, 1-8 teaspoon pepper, buttered crumbs.

Cook macaroni in boiling salted water for half an hour. Put the sticks into the water slowly and they will soften enough to be cooked unbroken.

Melt butter, stir in flour, salt and celery pepper and cook until smooth. Slowly add milk, stirring constantly. Add pepper and cook until thick and creamy. Add minced turkey and remove from the fire. Line well buttered ramekins or custard cups with macaroni, fill with creamed turkey, cover with buttered crumbs and bake in a quick oven until crumbs are brown.

If custard cups are used, unroll on a platter, sprinkle with buttered crumbs and serve very hot.

**Mold of Rice and Turkey.**  
One cup rice, 2 cups chopped cold turkey, 1/2 cup bread crumbs, gravy enough to pack meat solidly, 1 teaspoon salt, 1-8 teaspoon pepper.

Wash rice and add to rapidly boiling salted water. Cook until tender. Line a well-buttered brick loaf mold pan with one-half inch layer of rice. Fill with turkey, bread crumbs and gravy, well mixed and seasoned. Cover with a layer of rice. Steam 45 minutes or bake 30 minutes. Turn out upon a platter and serve very hot.

**COUNTESS' ART TREASURES GONE**

**Chauffeur Arrested for Theft and Arson in Remarkable Case.**

London, Nov. 30.—An explosion and fire at the London residence of Countess Benckendorff were incidents described in a remarkable story at Marlborough.

Arrested on a houseboat at Thames Ditton, Cecil Davidson, motor engineer, was remanded, charged with stealing of art treasures belonging to the countess.

He was also charged with setting fire to 18 Gloucester-place, W., thereby endangering the lives of the residents.

The art treasures were missed from a sealed room in which there was an explosion. The roof was blown off and the walls shattered.

Davidson, it was said, was engaged as secretary and chauffeur to Mrs. May McMahon, who in June took the countess' house.

A large quantity of property has been uncovered by the police, including forty miniature paintings, two pendant looms, gold musical-box, and purple coat.

Other articles recovered include dress sword, ivory figures, gold sash, twenty fans, an antique dagger, figures of Cupid, a jester and an elephant and a box of trinkets.

Mr. Rowe, for the prosecution, said the value of the stolen articles was unknown, but Davidson had sold them for £500.

The countess locked the valuables in a room, which was sealed.

The room was afterwards unlocked to enable a maid to get some belongings, and Davidson, said counsel, undertook to reveal it, but never did.

Davidson, who had styled himself as Lieutenant Colonel John Matland took a nurse to whom he had become engaged to a cinema, where he left her.

On meeting her later he said he had been to his hotel and the maid had left the gas on, with the result that when he lit a match the gas fire blew out and he was burned.

As a matter of fact, said Mr. Rowe, the fire occurred at the house in Gloucester-place, and the roof was blown off.

Tins of petrol were found in a cupboard.

Disappeared Before Arrest

That very night, after seeing the nurse home, Davidson went to the Wanstead Nursing Home as a patient, suffering from burns, but a week or so later he disappeared, and was not heard of again until October 22.

Then, as a Mr. Alexandra, he hired the houseboat Happy Days at Thames Ditton.

When arrested on the houseboat, Davidson, it was said, denied that he was Cecil Davidson, but admitted to the name of Alexandra.

He also made a statement, added counsel, in which he admitted the theft of valuables from the room, and confessed that he caused the fire by throwing down a match after lighting a cigarette.

Davidson suggested that the fire was an accident due to the match settling some shavings alight. The property had been traced, added Mr. Rowe, and would be produced in court.

**GENARO WAS GIVEN DECISION**

**Defeated Tremaine in a Slow Twelve Round Bout in New York.**

New York, Nov. 30.—Frankie Genaro, American flyweight champion, was given the judges' decision over Carl Tremaine of Cleveland, a leading bantam weight, after 12 rounds of mild boxing at Madison Square last night. Tremaine weighed 119 1/4 pounds, outweighing opponent four pounds.

Tremaine won the fourth round with four left smashes to the head but did not pursue his chance in the next. The fifth was only mildly active and about even and though the spectators clamored for action the sixth round was just a bit speedier than the others both occasionally landing a stiff jolt.

The Clevelander got in a few damaging blows in the slow seven and in the eighth produced the first real action with a right to the jaw that sent Genaro to a corner where Tremaine pummeled him considerably. A faster pace was made in the ninth, both men taking the aggressive, landing solidly and chasing each other to the ropes.

Genaro started most of the trouble that made the tenth round a lively session outpunching Tremaine in aggressiveness in several short exchanges. Tremaine began aggressively in the eleven but was outfought, Genaro rocking him once with a hard right to the jaw. Although dancing around quite a bit they were cautious in the twelfth, landing a few blows but clinching most of the time.

**WRITES OF LATE  
REV. O. B. EMERY**

Rev. William Lawson Pays  
a Loving Tribute to  
Clergyman.

Of the late Rev. O. B. Emery, who recently passed away at the age of 88 years, Rev. William Lawson writes:—"I feel that as a fellow minister and friend of many years' standing, I cannot allow the quiet home-going of Rev. O. B. Emery without a tribute of my esteem and affection, as a chaplet to his memory. The passing of the gentle is not always noticed as it should be, or there would have been from some other pen a more worthy appreciation of this brother's character and service. It was my privilege to meet him on the threshold of his ministry, as well as to work side by side with him in different parts of New Brunswick and P. E. I. Mr. Emery, like all itinerating ministers, lost the opportunity of making, as long pastorates allow, an appreciable impression on the great causes of his day, which he so readily exposed, and so ably advocated, both in pulpit and on the platform. Let me assure my readers that the spheres in which he labored in our three provinces bear marks of his zealous and effective efforts for the

welfare of man and the glory of God. In N. B. and P. E. I. the fruits of his ministry still remain to my observation as well as personal knowledge. Mr. Emery was a man of just as strong convictions as quiet disposition, which, added to a burning zeal for souls, under God produced abundant harvests. He was an indefatigable toiler both in pulpit and pastorate, a feature I observed when first I worked by his side. I have seen strong men able to continue protracted services for a long time, but none more so than Mr. Emery, and many times he would say, "Work in life, I should die if I did not work hard." That was one secret of his long life, I believe, added to his sunny spirit, and made him a welcome visitor to the homes of his own and other people. He was a man of abounding sympathy, and could cheer the most down-hearted on the road, or in the sick room. In his own sick chamber during last year he was the same happy soul as in times of health, and it was an inspiration to sit at his bedside, or by a chair when he was recovering from a fall. That I should call an affliction, not a sickness, for he was a stranger to sickness of any kind. To be laid aside by a fall would have fretted many a man as active in bond and mind as was Mr. Emery. Nothing of the sort with him, from the first to the last time I went to see him, but the same old-time merry twinkle of eye and music of speech, as well as real devotion of spirit. He blended prayer with

to provide support. Wherever relatives can be found, the responsibility for the support of the child is thrown upon the relative.  
8. They are practically all under 10 years of age; 31.6 per cent. are under 14 years of age; 61.6 per cent. are under twelve years of age. During the past year, approximately 10 per cent. of the children have been graduated from the orphanages or in some way established in self-support. Those remaining are too young to be thrown upon their own resources.  
6. Most of these children are refugees from Turkey. They are technically of Turkish citizenship, but they are now exiles from their ancestral homes and dare not return.  
7. They have no more claim legally or morally upon the hospitality of Syria, Greece or other countries that have given them temporary shelter than they have upon other countries of Europe, Asia or America. Greece, Syria,

and other countries have given them a safe haven, which is more than the richer countries of Europe and America are willing to do, but Greece and Syria cannot provide food and material support for these orphan refugees in addition to the enormous number of refugees of their own nationalities already dependent upon them.  
8. These children are wholly dependent upon outside philanthropy. They perish if we fail.  
St. Stephen, Nov. 29.—(Special).—His Lordship Bishop Richardson visited Trinity parish on Monday, and at a special service in the evening, instituted Rev. Edgar P. Wright as rector of the parish.

The following is one of the appeals sent broadcast through the United States in behalf of 100,000 Armenian orphans in the Near East, who must be fed or they will perish, and in whose behalf Golden Rule Sunday is to be observed on Sunday next:—  
1. Tens of thousands of children in the Near East are without father, mother, or country.  
2. These children are as innocent of any crime and as much entitled to daily food and the necessities of life as the children in our own homes.  
3. Their parents were killed or died of persecution, exposure and starvation in connection with the deportations of 1915 and subsequent years, including the Smyrna and Anatolia evacuations of 1922-23. Many of the parents sacrificed their lives in defense of the principle of religious liberty.

WATER POWERS WILL REMAIN IN HANDS OF THE GOVERNMENT

(Continued from page 9)
be realized. I only wish that its capacity would reach 40,000,000 k.w.h. instead of its estimated capacity, as we could readily procure a market for the whole of it between here and Moncton. We have already contracted for its full capacity.

No Foundations.
Rumors are constantly reaching me that Musquash may fall into the hands of private ownership, and that the whole system between Musquash and Moncton will be carried on by a private company. Such rumors are without foundation. The government has no intention of selling the power, but we must not lose sight of the fact that public ownership will serve more diversified interests.

No Chance of Monopoly.
There is no chance of a monopoly of public ownership, we will be able to meet the wants of the people generally, and the small industries already established better, and at a lower rate, than under private ownership. It might be possible that very large industries may be better served under private ownership if those directly interested in such industries are the ones who will develop this power, but anxious to keep the power in the hands of the public, I cannot forget the duty we owe as a government to our own people along domestic as well as industrial lines. Notwithstanding all that may be said in favor of private ownership, I feel that if the development of Grand Falls can be made feasible under private enterprise, there should be nothing to prevent its being under government ownership when carefully, judiciously and honestly handled.

Our financial standing and credit are splendid, the best in the Dominion. Our debentures command the highest prices, and on one occasion when the price of our debentures recently fell to 97.045 for 5 per cent twenty year bonds, our issue in January last brought 97.045 for 5 per cent twenty year bonds. This exceeds the price received by Ontario recently for a similar bond. In 1922 we received 99.250 for 5 per cent twenty year average serial bonds. This goes to show that investing public has great confidence in the credit of this province.

Future Policies.
It might be expected that in this connection I would say something touching the future policies to be inaugurated. I have already outlined our intentions touching immigration and the development of our water powers and other natural resources, as well as the policy of good roads, forest protection and agriculture. We have certain policies in mind for the future which at this stage are not sufficient to permit me to permit my going into details. We are giving close attention to such questions as the equalization of conditions throughout the province for both municipal and provincial purposes. A commission is now at work dealing with the question of mothers' pensions. This is a very broad question and will require the most careful study and consideration.

There are certain questions arising between the Dominion and Provincial governments on which we have to declare a policy. These are being closely studied and when the time comes you can rest assured that we will stand firm by our rights. We are also dealing with the question of hospital aid and the better care of our unfortunate insane. All these questions are of great importance and require considerable time to develop. It is impossible for me to say whether we will be in a position to crystallize our work along these lines into legislation before the next meeting of the Legislature.

Dr. W. P. Broderick, in proposing the toast to the Parliament of Canada, after enlisting the Premier and endorsing his qualities for leadership, declared all Canadians were proud of their nationality, citizenship and the Dominion's great resources. Liberty, freedom and the inalienable right of every man to live his life as he felt he should flourish nowhere better than in Canada and under Canadian governments. It was a great pleasure for him, therefore, to propose the toast to the Parliament of Canada.

Copp Expresses Thanks.
Hon. A. B. Copp expressed his thanks for the opportunity to associate himself with the tribute to Hon. Dr. Veniot. It had been his pleasure to work with Dr. Veniot and others. Although in the last 27 years he had talked probably more than any man in the province to the people of New Brunswick, he had never been so warmly and so gratefully received as he was by the Premier. He wished to associate himself with the Premier's eulogy to Dr. Veniot. The success of all political parties depended on organization. So important was it that on the evening of one election organization for the next ought to be begun.

Must Carry Torch.
It was necessary to carry forward at all times the torch of good government. He hoped the torch would go out from the meeting and that within three or four months the province would be organized in the interests of good government. Within the next three years there would be a Dominion election. The Liberal party had succeeded herey

faced the Government at the present time—finance, the railway problem and immigration. Regarding finance, he said that Canada was faced with very heavy charges as a result of the war but it had been the policy of the present administration to meet those debts in the best manner possible without placing too heavy a burden upon the people. The Government had made every effort to increase foreign trade by Hon. Mr. Fielding with France and Italy. As a result of its efforts, the country had now exported one quarter as much in the nature of natural products than did the United States. He said that although Canada was carrying a very heavy burden the debt was being paid and the Government would result from the judicious management of these debts eventually would wipe out the deficits.

He thought that the Government's immigration policy would result in a greatly increased population of a class which could be assimilated and made into good Canadians. He concluded with the statement that it was not the policy of the Government to curb useful and necessary expenditure, but only those of an extravagant nature, and as the people of Canada recognized St. John as a great Canadian port, he felt sure that the Federal Government would supply the funds to carry on its necessary development.

Senator Turgeon.
Senator O. Turgeon, whose name was coupled with the toast, said that it always had been his pleasure to work with New Brunswick and St. John, because he believed that the port of St. John was a national undertaking and its development was in the interest of the whole of Canada. Without the ports of St. John and Halifax he said the "great Province of Ontario might be the back yard of the United States." He felt sure that with Premier Veniot at the helm New Brunswick was assured a bright future and he had lived in close relationship with Mr. Veniot for thirty years and had seen the growth of the port and the heart of the man. He concluded with the assurance that he would always be loyal to the port of St. John and the Canadian trade through Canadian ports.

G. E. Barbour, president of the Board of Trade, who was called upon, said that on account of the lateness of the hour he would merely confine his remarks to adding one more tribute to Premier Veniot. If there was one man to whom St. John owed a debt of gratitude it was to Mr. Veniot, for

he always had been ready to assist this city. A toast to the "Cause," which was to have been proposed and seconded by W. F. Scully, M.L.A. and Hon. Dr. W. F. Roberts, respectively, was cancelled on account of the late hour, and R. A. McAvity, chairman of the Civic Hydro Commission, was called upon by the chairman.

Mr. McAvity said he had been asked to point out the advantages which hydro had brought to St. John. He gave instances of Mooney which had been effected to private users and also referred to the saving in the cost of street lighting. The Commission, he said, had installed 12,800 meters to date and was assured at the present time of a yearly revenue for this year of \$141,000, while the total expenses would be only \$200,000.

Among those present were: At the guest table—Lt. Col. A. McMillan, D.S.O., toastmaster; Premier Veniot, Hon. Dr. J. H. King, Hon. J. P. Byrne, Hon. Dr. J. E. Hetherington, Hon. David Mersereau, Hon. Mothers Should Not Neglect Bronchitis in the Babies

Mr. E. Lardigan, Kingston, Ont., writes—"My baby had bronchitis when he was two weeks old, he recovered from the attack but took it again, several months later, and on account of the severity I was almost panic-stricken to know what to do. My mother advised me to try Dr. Wood's Norway Pine Syrup, as she had used it for several years with splendid results.

I got a bottle, and after I had used it I could see a decided improvement in him; after several bottles he was completely relieved. My boy is now two years old, and he has never had an attack of bronchitis since.

As a mother, raising a family, I am very grateful to know that I have found a real remedy for bad colds and bronchitis, as it lifts care and anxiety from an anxious mother's shoulders. Dr. Wood's Norway Pine Syrup is 60c; put up only by The Millburn Co., Limited, Toronto, Ont.

What is Carnol and what will it do?
Carnol is a pleasant-tasting preparation, composed of Glycerophosphate and Cod Liver's Extract. Glycerophosphate Salts are commonly called "Blood Salts," and are known the world over, and recognized by scientists as positively the best blood builder and nerve invigorator yet discovered. The Fresh Brest stimulates and nourishes the system, and supplies it with the vitamins so necessary in all run-down conditions. Cod Liver's Extract, the alkaloid of nutritive elements only, with all the bad taste of cod liver oil removed is also one of the ingredients of Carnol.

Cod Liver Oil is not only a food and a flesh builder, fortifying the body against all kinds of disease, but is also a specific for the germ of consumption. Carnol is not a "hit and miss" preparation but is made from the prescription of a leading conservative physician, and ranks high in his prescription of a leading conservative physician, and ranks high in his prescription of a leading conservative physician.

Any doctor will have to admit that the ingredients used in Carnol are the finest of their kind, and for this very reason many physicians prescribe Carnol in all their practice. In all cases of Anemia, Consumption, Nervousness, Neurasthenia, Rickets, so general among children, chronic bronchitis, general feebleness, impoverished blood and in all run-down conditions, Carnol is the ideal remedy. Carnol provides food for the nerves and food for the body, increases weight and builds up the whole system. Disease is of slow growth—it does not start in a day or does it stop in a day. Therefore to get the best results from Carnol, a "Course" of Carnol should be taken.

Carnol is sold by all good druggists everywhere.

TO KEEP AWAY WINTER COUGHS AND COLDS TAKE PEPS NOW!
All sufferers from Coughs, Colds, Sore Throats or deep-seated Chest Trouble should know that it is no longer necessary to swallow liquid cough mixtures into the stomach. This demulcent Peps medicine reaches inner parts of the chest. It ends germ trouble in the throat and air-tubes, and relieves and heals the swollen, inflamed, mucous membrane. Coughing is promptly allayed; hard, stryngy phlegm loosened and expelled; breathing becomes easy. There is no other remedy so pleasant, so safe, so efficacious as Peps for dangers and weaknesses threatening the throat, chest and lungs at this season. Take Peps to secure freedom from coughs, colds, grippe, sore throat, bronchitis, etc. Don't venture out day or night without the protection of Peps. TONGUE COATED BAD TASTE IN MOUTH EYES TINGED WITH YELLOW Liver Trouble The Cause Mrs. A. C. Brown, Oromocto, Ont., writes—"I have been troubled with my liver for a few years back, and was so bad I did not feel like to do my work. I had severe pains in my stomach, so bad I could hardly stand them at times; coated tongue; bad taste in the mouth, especially in the morning; whites of eyes tinged with yellow; and had a muddy and sallow complexion. I had read a great deal about Milburn's Lax-Liver Pills and decided to try a trial, and after taking two or three I found I was greatly improved, and can truthfully say that I feel more like living and can now do my own work without any trouble." Milburn's Lax-Liver Pills are 25c. a vial at all dealers, or will be mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

A trust company is not—as is sometimes assumed—an organization conducted for the sole benefit of capitalists.

It is a financial corporation to serve all the people in the efficient management of their securities, estates and trusts.

If your estate is small, there is all the more reason why it should be cared for by a reliable administrator such as The Royal Trust Company.

SPORT NEWS GLEANED FROM WORLD'S CENTRES

THE TIMES-STAR SPORT REVIEW

Newsy Briefs on Current Pastimes of Interest to Fans.

Local boxing fans, who were interested in the recent bout in Boston between "Jock" Malone of St. Paul, and George Ward of Elizabeth, N. J., were given a genuine surprise when the former battered his way to victory in three rounds.

Local fans apparently are quite confident that he can win the next weight championship of the world when he again faces Jack Dempsey. In a recent cablegram he promises to have "100 per cent. more pep," and also claims that his left arm is improving constantly.

Baseball fans are being kept guessing these days. First a report is received that Roger Hornby has been traded to the Chicago Cubs and another on the heels of it comes another that "officials" of the New York Giants are quickly laughing up their sleeves.

Local golfers are undoubtedly interested in the announcement that the British authorities have decreed that only those golfers who have a handicap rating of four or better will be eligible for the British amateur championships at St. Andrews next year.

Berkeley Hills Speedway, Cal., Nov. 30.—Bennett Hill, driving at 112.44 miles an hour, won the 250-mile Thanksgiving Day automobile race here yesterday. His time was two hours, 18 minutes and 25 seconds.

Two fatalities occurred in connection with the race. George L. Wade, wealthy sportsman of Kansas City, Mo., and Russell Hughes, a news photographer of Los Angeles, were killed when struck by the racing car of Harry Hartz as Hartz was warming up his car shortly before the start.

Will Compete With Welker Cochran for the World's Title.

New York, Nov. 30.—The challenge match for the world 182 bantamweight championship will be played in Mechanics' hall, Boston, Jan. 10 and 12, after the "play-off" for the title at Chicago Dec. 17, 18 and 19, the Brunswick-Balke-Collender Company have announced.

Willie Hoppe, the present champion, and Welker Cochran, who finished in fourth with him in the international tournament which ended here Nov. 5, will be the principals in each match. Indianapolis, Nov. 30.—Anthony Downey, Cincinnati middleweight boxer, outpointed Roy Wallace, local, in a 10-round bout here last night.

DANNY KRAMER

JOHNNY DUNDEE LOST TO SHUBERT

Gossipy Notes of The Screen People

Bert French has been engaged by Henry W. Savage to stage the musical numbers of "Lollipop," the new musical play by Zella Sears, with score by Vincent Youmans, in which Ada May will be featured.

What has happened to Anna Christie in its transference to the screen is subject for discussion now. Has she been made the victim of unjust accusation, to conform to censorial standards, or has she been glorified in sing, and set in spectacular background for contrast? Blanche Sweet is to be Anna, and George Marion, who played old Chris on the stage, will have his original role.

More Than 250 Take Part in Ceremonial and Banquet.

A big ceremonial and banquet held yesterday afternoon and evening by Luxor Temple, Mystic Shrine, was one of the most successful of the many delightful functions undertaken by this enterprising organization. More than 250 sat down to the banquet, of whom more than 150 were from outside the city.

The ceremonial was held at eight o'clock, and a class of 31 novices made the journey across the burning sands. On the conclusion of this ceremony, the Nobles and their guests sat down to the banquet, which was served in the banquet hall of the Masonic Temple by John Bond and his staff of the Union Club.

After full justice had been done to the very excellent menu provided, the following toasts were duly honored: "The King," with musical honors; Luxor Temple, proposed by George Ackman of Moncton and responded to by the potentate, F. M. Tweedie, Chatham; the Imperial Council, proposed by Peter Davidson and responded to by David Cochrane of Moncton; departed nobles, proposed by Hon. Robert Murray, Chatham, and responded to by visiting nobles; newly-made candidates, proposed by W. A. Munro and responded to by Dr. McLean of Woodstock, Ex-Mayor Andrews of Campbellton, and W. H. A. Cox, Moncton.

During the serving of the banquet, songs were sung and E. W. Ingraham gave some of his excellent recitations. Resolutions of regret at the absence of Nobles C. E. Day and H. S. Bridges of St. John and L. T. Joudry of Campbellton, on account of illness, were passed, and the recorder was instructed to convey the resolution to them.

At the conclusion of the banquet, the following resolutions were passed: That the members of the temple be instructed to convey the resolution to them.

Suit for Amount of Insurance Policy Opened in Circuit Court.
