LOCAL NEWS

A piece of stone, weighing fourteen pounds, was hurled from a blast at the depot yesterday afternoon and crashed through the roof of the house of H. H. McLeod, 65 King street, West Side, more than 800 feet away. Fortunately the members of the family were not in the part of the house where the stone entered.

GAS RANGES
Why not decide on one this season? Just inspect our line, the "McClary" standard, either straight gas or combination, at our new showroom (next customs house). Some fire sale bargains left, 745 Ave. McClary's. 9-22.
Special sale of men's pants tonight from 7 to 10—At Corbett's, 194 Union street.

CLIMO'S ANNIVERSARY
Don't forget—what? Why? Climo's photo anniversary. Starts today, the 21st, also 22nd and 24th, 88 worth of lovely photographs for \$8. A five dollar bill kept in your pocket. Don't miss it, 88 Germain street.

Pioneer Lodge of Oddfellows met last evening in their rooms, Charlotte street, and plans were outlined for the celebration of the anniversary of the order. On April 22 a musical and literary evening will be held and on the following evening degrees will be exemplified and a smoker given in the York Theatre. On April 26 the members will attend divine service in St. Andrew's church.

Turkey supper at Bond's tonight 7-7. Also fresh lobsters.

GAS RANGES
McClary's standard ranges need no special introduction, nevertheless we will conduct a gas range demonstration next week at our new showroom, 221-223 Prince William street. Visit it before buying your range—it will surely be to your advantage.—McClary's. 3-25.

OF GENERAL INTEREST
If it has been said that there has never been such a strong organization in this city, as those men who have got together in connection with the Metropolitan campaign, form. Every side of this city seems represented.

It is remarked on every hand that the object which calls forth this effort is one of the most deserving. For this reason the mass meeting in the Imperial Theatre tomorrow afternoon should appeal to such societies as the Associated Charities, Canadian Club, St. Andrew's, St. James, St. George's, C. M. B. A., Knights of Pythias, Knights of Columbus, and other like bodies that are organized for the purpose of uplifting and bettering conditions.

DR. JOHN B. TRAVERS
ON THE LECTURE PLATFORM
Tomorrow evening Dr. John B. Travers will be the lecturer under the auspices of the C. M. B. A., subject "The Cause and Effect of Alienation or Mental Derangement." Doctor Travers has given much time and thought to the preparation of his lecture and his long experience as physician in charge of the Provincial Hospital justifies his many friends in expecting an evening of more than usual interest. The lecture is open to the public and chair will be taken at 8:30 o'clock.

A story of Mark Twain. He had finished his speech at a dinner party and on sealing himself a lawyer row, showed his hands deep into his trousers pockets, as was his habit, and laughingly inquired of those present: "Doesn't it strike this company as a little unusual that a professional humorist should have his hands in his pockets?" When the laughter that greeted this sally had subsided Mark Twain drew out a pair of spectacles and said: "Doesn't it strike this company as a little unusual that a lawyer should have his hands in his own pockets?"

The Evening Times and Star

ST. JOHN, N. B., MARCH 21, 1914.

The St. John Evening Times is printed at 27 and 29 Canterbury Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

WHY THIS SILENCE? It is not time the citizens of St. John asked their representatives in the legislature for some information concerning the affairs of the St. John Valley Railway? Those gentlemen are sent to Frederickton ostensibly to guard the interests of this constituency, as well as to serve the general interests of the province.

With an annual expenditure of more than \$200,000,000 the Borden government is making a record, and showing that whatever its shortcomings may be in other directions it is at least able to spend the people's money.

The question of the development of hydro electric power will be before the legislature next week. If it can be done without sacrificing public interest power development in this province generally would be of enormous benefit.

Representatives of the farmers were at Ottawa yesterday to protest against bounties on iron or a duty on iron and steel products. The government was entirely non-committal, which may be regarded as an evidence that they are seriously considering the question of restoring the bounty on iron, and perhaps giving additional protection to other branches of the iron and steel industry.

While the situation in Ulster is very grave, the prompt measures taken by the government will make it clear that they are not to be intimidated by threats. The Rt. Hon. John Burns stated the case with admirable clearness when he said to the Nationalist-Liberal Club last night: "Home rule is a question mainly for Ireland itself. Three-fourths of the people there have demanded it persistently for years, and we have no right to listen to the demand for more concessions or yield to clamor. We have no more desire to yield to lawless lawyers than to lawless laborers."

NEW BRUNSWICK'S NEED. Dr. J. W. Robertson in his address in Fredericton last evening presented with great force a plea for vocational training in this province, to the end that all of the people might be trained to become intelligent workers. His comparison of New Brunswick with Ireland and Denmark ought to stimulate the people of this province to greater efforts along the lines of vocational training, and the provincial development which would of necessity follow.

The municipal council has chosen a new site for the hospital for advanced cases of tuberculosis. The question of a local site has never been as important as the construction of the hospital at the earliest possible date. The site chosen on the municipal farm may be quite as good as that on Merritt street, and it is sufficiently near the city to overcome the great objection to its location on a site that would not be within easy reach of friends of the patients and of physicians and clergymen. It is most important that this institution be made ready for patients with as little further delay as possible.

Discovers. Financier—What's all the hubbub in the directors' room? Steno—Some wise minority stockholder just found that the office cat is on the payroll for \$8,000 a year under the name of T. Felton.

Only The Telephone. Indignant Charwoman—Why didn't you let me in? I've been ringing and ringing. Young Housemaid—You kept on so regular I thought it was only the telephone.

COLDEST POSSIBLE COLD. French Scientist Attains Within One Degree of Absolute Zero.

That the near-achievement of one of the problems which have bothered scientists for ages had been achieved, became known today when Prof. Kamerlingh Yan Onnes announced that he had got down to within one degree of absolute zero. Professor Onnes is considered the greatest living authority on cold. He was awarded the Nobel prize for physicists for his success after ten years' experiment in liquefying the newest gas, helium.

He added that Madame Curie, in experiments in his laboratory with gamma rays, has found that the lowest temperature had no effect on the activity of radium. Professor Onnes, being tried in Paris as a result of his achievement, was dubbed today "The Gentleman of Absolute Zero" by Professor Demondoli, who prophesied that their guest in his researches in the magnetic field and that of absolute cold would discover a new explosive capable of disintegrating atoms even.—Paris correspondence in New York American.

Jim's Response. Because of her own good looks, Mrs. Hatch felt she married beneath her when she "hook up" with one-eyed Jim. For six months she was faithful to her vow never to twit her husband about his deformity; then, one day, her sharp tongue got the better of her.

Jim listened quietly to his wife's estimate of himself, physical and otherwise. "Ellen," he spoke at last, in his calm voice, "you're my wife, now, but if I'd had two eyes, I'd 'a' looked furdier."

TARIFF REFORM. Mr. Austen Chamberlain, in a recent address at the annual conference of the Tariff Reform League, took pains to assure the members that domestic protection and Imperial preference were still the policy of the Unionist party. He declared that whenever the Unionists won their victory at the polls no government could be formed which was not a tariff reform government, pledged to provide a tariff for revenue for domestic purposes, and for protection alike to the manufacturer and the workman at home. He declared that this policy must and would be carried out in the spirit of its original inception. There is, however, every reason to believe that a considerable period will elapse before Mr. Chamberlain and his friends will get an opportunity to introduce tariff reform in the mother country.

BIRTHDAYS OF NOTABILITIES

SATURDAY, MARCH 21.

This is the sixty-third birthday of W. H. Rowley, president of the E. B. Eddy Company, Ottawa, and one of the foremost manufacturers of the Dominion. Mr. Rowley belongs to a banking family. His father, the late Lt.-Col. Rowley of Yarmouth, N. S., was a banker and he and three younger brothers all went in for banking. While the latter are still prominently connected with Canadian chartered banks, W. H. Rowley was early switched into industrial management. The Merchants' Bank, of which he was local manager in Ottawa, became so much involved in the Eddy undertaking that it was found necessary in 1887 to stop it and reorganize the company. Mr. Rowley was made secretary-treasurer and on the death of E. B. Eddy succeeded to the presidency. This arrangement gave him an opening for the exercise of his administrative ability, and he has been wonderfully successful, and is almost feverishly busy in classifying, indexing and storing away everything of historical value on which he can lay his hands. Some day the value of his work will be better appreciated than it is at present. Meanwhile he is the right man for the job. An Englishman by birth, he has spent a good many years in Canada, first as a clerk in Montreal, then as a private secretary to a Quebec minister, later as joint librarian of the Legislative Library and since 1904 as Dominion Archivist.

SUNDAY, MARCH 22.

This is the fifty-third birthday of a Canadian who is trying to do something for his country by rescuing from the rubbish heaps of things, records, manuscripts and documents, that would otherwise be swept into oblivion. He is Dr. Arthur Doughty and his official title is Dominion Archivist. In a plain stone building near Parliament Hill in Ottawa, he is almost feverishly busy in classifying, indexing and storing away everything of historical value on which he can lay his hands. Some day the value of his work will be better appreciated than it is at present. Meanwhile he is the right man for the job. An Englishman by birth, he has spent a good many years in Canada, first as a clerk in Montreal, then as a private secretary to a Quebec minister, later as joint librarian of the Legislative Library and since 1904 as Dominion Archivist.

LIGHTER VEIN.

Left at the Post. Shivering in a byway. Waiting for the car. Wind whistles down the highway. Howling from afar. There, the car is coming! Gladness lights the eyes; Here she is humming! Wow! she rushes by!

It was a very youthful class in physiology. "Why," asked the teacher, "is it best to eat soup first when one is very hungry?" The pupils stared at her blankly. Then Jamie enlightened them from the depths of his experience. "You eat it slow faster," he announced.—The Delinquent.

Hot Air.

"My wife made it hot for me this morning." "What time that?" "I insisted on her getting up to build the fire."

Tango and Hot Dogs.

Customer—Don't tuck much of yer coffee-stallkeeper—There yer go, always grumbly. One of these nights yer'll be expectin' the missus and me for a bloomin' tango round the stall for yer amusement while yer 'tain't yer supper.

Minute Details.

A young man who needed false teeth wrote to a dentist ordering a set as follows: "My mouth is three inches across, five-eighths inches thick the jaw. Some hummocky on the edge. Shaped like a horse-shoe, low forehead. If you want me to be more particular, I shall have to come then."

Discovered.

Financier—What's all the hubbub in the directors' room? Steno—Some wise minority stockholder just found that the office cat is on the payroll for \$8,000 a year under the name of T. Felton.

Tersely Characterized.

"What sort of a woman is this Mrs. Munding you are talking about?" "Well, she's one of those women that would sooner have a clear complexion than a clear conscience."

Only The Telephone.

Indignant Charwoman—Why didn't you let me in? I've been ringing and ringing. Young Housemaid—You kept on so regular I thought it was only the telephone.

COLDEST POSSIBLE COLD.

French Scientist Attains Within One Degree of Absolute Zero.

That the near-achievement of one of the problems which have bothered scientists for ages had been achieved, became known today when Prof. Kamerlingh Yan Onnes announced that he had got down to within one degree of absolute zero. Professor Onnes is considered the greatest living authority on cold. He was awarded the Nobel prize for physicists for his success after ten years' experiment in liquefying the newest gas, helium.

He added that Madame Curie, in experiments in his laboratory with gamma rays, has found that the lowest temperature had no effect on the activity of radium. Professor Onnes, being tried in Paris as a result of his achievement, was dubbed today "The Gentleman of Absolute Zero" by Professor Demondoli, who prophesied that their guest in his researches in the magnetic field and that of absolute cold would discover a new explosive capable of disintegrating atoms even.—Paris correspondence in New York American.

Jim's Response.

Because of her own good looks, Mrs. Hatch felt she married beneath her when she "hook up" with one-eyed Jim. For six months she was faithful to her vow never to twit her husband about his deformity; then, one day, her sharp tongue got the better of her.

Jim listened quietly to his wife's estimate of himself, physical and otherwise. "Ellen," he spoke at last, in his calm voice, "you're my wife, now, but if I'd had two eyes, I'd 'a' looked furdier."

FIRES CAUSED BY CATS

Other Animals, Too, Have Been Responsible for Conflagrations.

(London Trib.) One of the biggest fires in history was caused by a bullock kicking over a lamp in a cow-house in Chicago about nine o'clock in the evening of Sunday, October 8, 1891. The fire burned all through that night and the greater part of the next day, devouring great blocks of houses, and growing by what it fed on. The total area burned was 2,124 acres, or nearly 81-8 square miles. The total number of buildings destroyed was 17,460, and 98,860 people were rendered homeless. Thousands, flying before the flames, sought refuge in Lake Michigan, and remained standing in the water for hours as the only means of preservation against the intense heat and the shower of sparks and cinders. Yet only 250 people perished.

reption case of animal incendiary, but minor cases are very frequent. Only the other day a serious fire was caused at Dover by a cat knocking over a lamp, and a still more remarkable case was reported of a fire which broke out in a village in Cumberland. There was a nest of sparrows in a roof, and it is supposed that the birds used some matches in their nesting material which, becoming accidentally ignited, set fire to the roof.

The midnight rambles of a cat plunged a city in darkness and incidentally caused a small though quickly-subdued fire. The manager of the works of the Cardiff Electric Light Company said that the cat, which lived upon the premises, yielded to temptation and strayed from his usual haunts. Either there was no mouse to hunt and he became tired of inaction, or he was suddenly seized with an insatiable desire for exploration. Anyhow, he climbed on to the switch-board and stroled among the cables, one of which was fused in sympathy.

But one of the most remarkable cases of animal incendiary occurred in one of the manufacturing towns in the north of England. The oil-man was going his rounds when, from some unknown cause, the horse, which he had left standing, suddenly took fright and bolted down the street. As bad luck would have it, both horse and cart came to grief when the animal bolted into the boiler-house of a neighboring cotton mill. The oil poured out of the vehicle in such quantities that the boiler fires set it alight and a serious conflagration was caused.

A story which reminds one of Samson's exploit of sending his fire-brand of hair into the standing corn of the Philistines occurred last autumn in the Midlands. A local gentleman, who lived alone in the country, was in the habit of taking a lamp to light him along the dark lanes when he went abroad at night. He was almost invariably attended by a dog, which he had taught to carry his lantern. But disaster put an end to this pleasant plan.

Whatever it was the dog spotted, never knew, but he set off in mad pursuit with the lantern still in his jaws. He had dropped it in the lane all would have been well. But he didn't. He dropped it near a haystack, and before his master could reach the spot the stack, in such a blaze that nothing could stop it until it was reduced to ashes.

Dangerous Throat Troubles

Prevented by Nerviline IT ENDS MISERY OF COLDS QUICKLY

Don't wait till night. Get after your cold now—this very minute, before it grows dangerous you should apply old-time "Nerviline." Rub your chest and throat, rub them thoroughly with Nerviline. Relief will be immediate. Nerviline will save you from lying awake tonight from congestion in the chest and acute pain in the throat. Nerviline will break up that dull neuragic headache—will kill the cold and chill at its very beginning—will save you from perhaps a serious illness. To take away looseness, to break up a grippy cold, to cure a sore throat or bad cold in the chest, you can use nothing so speedy and effective as Nerviline. For forty years it has been the most largely used family remedy in the Dominion. Time has proved its merit, so you can be keeping handy on the shelf the large 80c family size bottle, small trial size 25c, sold by any dealer anywhere.

### The Man In The Street

The M. A. A. of Montreal recently sent circulars to members, asking what branch of sport they preferred. One fan was inclined mostly toward bull-fighting. Evidently he was a hockey fan who realized that the icy season was about done.

A beauty specialist has recommended singing at work as a means towards attaining beauty. Wonder if the manager of a telephone company could agree with her.

With the price of eggs "away up in the air," some level-headed house-heads are contemplating the celebration of a "same Easter."

A scientist recently announced that milk could be produced without the aid of a cow, and the papers featured the story. But there's nothing unusual in that. For years we have been enjoying maple sugar, with the accent on the sugar, turtle soup that did not even have a scraping acquaintance with the turtle, lemonade that would not recognize a lemon if it encountered it and gold-bricks—but why continue?

The man on the street has been very anxiously awaiting some word as to the prospects for some baseball here this summer. Seems to be coming now.

"Sprig has cub" joyfully sighed the man whose nostrils were still stuffed from his all-winter's cold, as he observed that today was March 21.

Now that a legacy of \$250,000 has been left to a Socialist in Kansas City, there should be an even split for once.

MUSICAL EVENING.  
Pupils and friends gathered at the home of the Misses Westworth, 46 Spring street, where a very pleasant evening was spent. A special feature of the evening was pianoforte playing by Miss Ruby Westworth and her pupils, Mrs. Peacock, Miss Agnes Flynn, and Miss Arline Green. Pianoforte duets were rendered by the Misses Grace and Ruby Westworth and Ruby Westworth and Arline Green. Vocal solos were given by Misses Grace Westworth, Pooley and Quinlan. A solo by Mrs. Pooley was greatly appreciated, as was a witty reading by Mrs. Green. Announcements of great musicians were read. Miss Parice and Miss Vivien Feeze were unable to participate in the evening's programme owing to sickness. Mrs. Westworth was also unfortunately unable to be present. Mrs. J. Smith contributed greatly to the evening's enjoyment. Delightful refreshments brought to close an enjoyable evening.

SAVING WORKERS FROM LOAN SHARKS  
(American Machinist.)  
When Henry Ford announced the distribution of his \$10,000,000 fund among his employees certain incidents developed on the first bonus pay-day which are little known.

The gate to the Ford plant, on this pay day when the first distribution of bonus was expected, was besieged by bill collectors, book agents, representatives of installment houses, and men with legal assignments for wages.

The average paymaster's office in machinery building plants refuses to have anything to do with assignments for wages. When one of these is received a common procedure is to send for the man against whom it is directed, and tell him bluntly that he must either settle that assignment before the following pay day or get out.

The unfortunate financial condition of many employees is emphasized in a little broader way also. This is by the demands upon the paymaster for advances on wages. Custom differs; some shops are willing to make such advances, others discourage them or refuse them.

The suggestion has been made that a system of loans might well be established instead of making advances on the pay-roll. An announcement has been

EVERING WITH GEORGE ELLIOT The Epworth League Reading Circle of the Queen Square Methodist church met last evening at the residence of Dr. N. R. Colter, Charlotte street. There were more than fifty members present and the evening was taken up with the life and works of George Eliot. Excellent papers were read by A. B. Gilmour and Mrs. Fred Blizard and Rev. Wilfred Getts discussed the religious part of the author's stores. Miss Beattie Thompson read sketches from her novels and poems and a scene from the Mill on the Floss was well presented by Mrs. Blizard, Misses Marion Butlin and Master Gordon Macchum. The dresses of the ladies in this piece were most interesting, some of the pieces being party gowns worn by the seventy five years ago. Refreshments were served by the hostess and altogether a very pleasant evening was spent.

TWELVE DEATHS At the board of health office this week twelve deaths were registered from the following causes: influenza, four, and one each for marasmus, accident, emphysema, meningitis, senile decay, heart disease, acute bronchitis, and intestinal obstruction.

MRS. ELLEN HIGGINS. The death of Mrs. Ellen Higgins, wife of Edward Higgins, occurred this morning at her home in Westmorland Road. Besides her husband, she is survived by two sons and a daughter. The funeral will be held on Monday morning.

ICE COMING. The recent soft spell aided by the heavy winds of this morning brought much floating ice to the harbor at daylight today. The smaller ice along the lower river are choked with large cakes. The Kennebec river is free of ice up to Adams' wharf. The men formerly engaged in fishing through the ice there are now using their boats.

SAFETY FIRST. An address on "Safety First" in connection with the movement to that end in railway operation which is being put into effect by the I. C. R. will be delivered this evening in the Nickel Theatre by J. E. Long, safety engineer of the government railways. A special train is being brought in from Sussex with railway employes and their families or friends who may wish to hear the address.

STRONG RESOLUTIONS ON VALLEY RAILWAY MATTER ARE PASSED

Gagetown Board of Trade Deals With Question of More Subsidy and Matter of Crossing River

At a meeting of the Gagetown Board of Trade on last Wednesday, the following resolution was passed:—Whereas the construction of the St. John Valley Railway by the route commonly known as the Maxwell survey from Gagetown to the city and port of St. John and for which legislative enactments have been passed by the provincial and dominion governments and contracts entered into between said governments and the construction company known as the St. John and Quebec Railway Company, which route provides for the crossing of the St. John river at the Middlesex and the Kennebec rivers at or near Gagetown Point, thence via Robbsey to St. John, and

Whereas by this route with its connections the distance between St. John and Montreal will be greatly shortened over every other route (save the C. P. R.) and

Whereas, because of its easy grades and shorter distance, it is expected that the Valley Railway will be used by the Transcontinental and other lines that must necessarily find an ever open port with deep water terminus

COAL TAKEN AT I. C. R. CROSSING AND SOLD IS ONLY A LITTLE ABOVE ZERO AND WIND HIGH

Two boys were arrested last evening on suspicion of having stolen coal from an I. C. R. car at Gilbert's Lane, property of the Norton Griffiths Company. The boys were brought before Magistrate Ritchie in the juvenile court this morning. Policeman Rankine said he saw the boys going into a store with coal. He asked them where they got it, and they told him from one of the cars. One of the boys told him he had sold the coal for fifteen cents a bag. G. Earle Logan, for the Norton Griffiths Company, said his clients were not anxious to prosecute if the boys would tell the truth, as they were convinced that the persons who had been buying the coal knew that it had been stolen. The boys were allowed to go. The parents of each were given a severe lecture for carelessness in regard to the education of their offspring.

SOON 400 MEN TO BE AT WORK

That is Plan in Construction of Sand Point Wharves

THE TIMBER SUPPLY

Million Feet Here Now and Two More Schooner Loads on the Way—Hope to Have All Ready For Warehouses By August

The arrival of a large quantity of hard pine in the harbor on Thursday night as mentioned in the Times yesterday removed the last barrier in the way of the work of the Maritime Dredging and Construction Company at Sand Point and allowed them to start on the work of wharf construction which they have promised to complete before the opening of the next winter season. The company is making every effort to carry the work through quickly and not spending its time or equipment to achieve this result.

The timber supply which arrived on Thursday is a million feet of hard pine from Georgia. It arrived here in a barge in tow of the tugboat Peloponnesus. The schooner loads of pine are also on their way here and Messrs. W. E. Eberly, managing director of the company, does not anticipate any further delay in securing supplies.

The company ten days ago made a start on the work, which involves the completion of the wharves formerly under contract to Connolly and Gleason at Sand Point, and men have been at work leveling off the old crib work and preparing for the new structures. Construction will be commenced at once and kept going steadily.

Preparations being completed, also, for commencing the work on the concrete superstructure on the portions of the wharves which are ready for it and Mr. Doherty expects to make a start on this work within two or three weeks and by that time he hopes to have 400 men employed on the job, working night and day.

MR. MACAULAY WILL NOT BE A CANDIDATE

Definite Announcement as to The Mayoralty. Ex-Ald. Scully Also Decides Not to Run

The approach of the civic elections finds nine candidates already in the field in the contest for the three vacancies caused by the expiration of the terms of Commissioners Wigmore and Agar and the resignation of Commissioner Schiefel. This number, to say nothing of the others who may run, is sufficient to make two elections necessary, the first election to weed out the weaker candidates and the second for the final fight among the six high men.

The two commissioners whose terms are nearing an end are candidates for re-election and, with one exception, the six other candidates who have announced their intention of running are all former members of the common council under the old system. John McPolinick is the latest of the ex-aldermen to announce his candidacy, and his former colleagues include James Y. Russell, Frank L. Potts, John B. Jones, James Sproul and J. Fred Belyea. In addition to these James L. Squires will be nominated by the labor party and William H. Turner, of the North End, is considering the matter.

Ex-Ald. Scully announced this morning that he would not be a candidate. Attention has been made of B. R. Macaulay as a possible candidate for the mayoralty and Mr. Macaulay has been urged by many of his friends to stand for election. In conversation with the Times this morning, however, he announced definitely that he would not be in the field.

Happenings of the Day in the Stores and in the Streets of the Big North End

Story of a Certified Check
Paper Worth \$500 Lost, Found, Torn up and Some Pieces Again Recovered—General and Social News

A certified check belonging to a North End merchant was lost several days ago, and after an advertisement had been inserted in 'The Times' two or three pieces of it were found and returned to the owner.

Mr. Steel advertised in 'The Times' offering a reward to the finder of the check, which, since it had the bank's stamp on it, was equal to a \$500 bill.

On the following night it rained, and it was not until the next day that the boy who tore up the check saw that the loss was advertised, and knowing that he was valuable to the owner, he gathered what fragments he could find, but the only parts that were left legible after the rain were two pieces bearing part of the certificate stamp including the date.

Work is progressing well towards getting the river boats into condition for the summer service. As far as is known the boats will run on the same routes as last year.

Fredericton, March 20.—In the legislature today Hon. Mr. Murray, in answer to Mr. Dugal's inquiry regarding the number of persons under the department of agriculture and the amounts of their salaries, gave the list as follows:

Table listing names and salaries of persons under the department of agriculture, including J. B. Daggett, E. J. Cormier, and others.

The house met at 8:05 p. m. Mr. Baxter presented the report of the standing committee.

Mr. Dugal gave notice of the following inquiries: With regard to the Southampton Railway Co. in connection with the report on the Valley railway bridge, as to the representations made by the sub-committee on the Valley railway, and as to the American potato embargo.

Mr. Stewart (Gloucester) presented the petition of the town of Bathurst in favor of a bill relating to the town of Bathurst and a paper and pulp industry to be established in that town.

### GAINS 22 POUNDS IN 23 DAYS

Remarkable Experience of F. Gagnon. Builds Up Weight Wonderfully

"I was all run down to the very bottom," writes F. Gagnon. "I had to quit work I was so weak. Now, thanks to Sargol, I look like a new man. I gained 22 pounds in 23 days."

A Plump, Strong, Robust Body

"Before I took Sargol people used to call me 'skinny,' but now my name is changed. My whole body is strong. Here gained 10 pounds and am gaining yet. I look like a new man, I gained another man who had just finished the Sargol treatment."

Would you, too, like to quickly put on 10 to 20 lbs. of good, solid, "fat-free" flesh, fat, and muscular tissue between your skin and bones? Don't say it can't be done. Try it. Let us send you free 50¢ package of Sargol and prove what it can do for you.

More than half a million thin men and women have gladly made this test and that Sargol does succeed, does make thin folk fat even where all else has failed, is best proved by the tremendous business we have done. No drastic diet, flesh creams, massage, oils or emulsions, but a simple, harmless home treatment. Cut out the coupon and send for this free package today, enclosing only 10 cents in silver to help pay postage, packing, etc.

#### FREE SARGOL COUPON

This coupon, with 10c. in silver to help pay postage, packing, etc., and to show good faith, entitles holder to one 50c. package of Sargol Free. Address: The Sargol Co., 872-B, Herald Bldg., Binghamton, N. Y.

#### AUTO MEN DINE

The "Unity" dinner of the New Brunswick Automobile Association, and the exhibitors at the auto show this week, held last night at Bond's restaurant, was even more enjoyable than that of last year. There was not a melancholy moment throughout and the speeches made were neither too suggestive of "shop," nor tiring. A particularly fine menu was provided for the evening.

The following was the toast list: The King, proposed by the chairman, F. S. Jackson; The Press, proposed by the chairman, and responded to by H. V. McKinnon; of the Standard, and E. H. Nicole; of The Telegraph, The Auto Show of 1914, proposed by R. D. Paterson, and responded to by F. S. Jackson; The Travelers, proposed by J. A. Fugley and responded to by J. H. Thackway and E. M. Peer; Good Roads, proposed by H. Boyd and responded to by R. D. Paterson; The N. B. A. A., proposed by the chairman and responded to by T. P. Regan; The Ladies, proposed by Otty White, and responded to by J. A. Fugley.

Songs and recitation were in order after the toasts, all agreeing that the "Unity" dinner was, in every way, a success. D. S. Robillard accompanied in the songs.

Teacher—Willie, if you don't behave yourself, I'll write a note to your father. Willie—You do and you'll make me jealous.

#### BIG CRACKS ON HAND AND FINGERS

Eczema for Three Years. Broke Out on Head in Scales. Itched and Burned Badly. Cuticura Soap and Ointment Cured.

Lynn Brook, N. S.—"I suffered with eczema for three years. It started on my hands first in sores between my fingers and all over the palms of my hand and fingers were big cracks. Then it broke out on my head in scales. It itched and burned so badly I could not sleep. It was so itching and burning that I scratched and made sores and my hair came out awfully bad. I did not know what it was."

"I was treated for a long time and it did not do any good. I gave up my work for a month but as soon as I started doing my house-work again my hands got just as bad. I did not do any good. One day I read about Cuticura Soap and Ointment and decided to try them. I sent for a sample and I used them till I saw it stopped the itching and burning, so I got three cakes of Cuticura Soap and a box of Cuticura Ointment and that cured me." (Signed) Mrs. P. J. McKeeney, May 27, 1913.

Not only are Cuticura Soap and Ointment most valuable in the treatment of eczema and other distressing eruptions of skin and scalp, but no other emollients do so much for pimples, blackheads, red, rough skin, itching, scaly scalp, dandruff, dry, thin and falling hair, chapped hands and chaps on feet, nor do it so economically. Sold by druggists and dealers everywhere. For a liberal free sample of each, with 32-p. book, send post-card to Foster Drug & Chem. Corp., Dept. D, Boston, U. S. A.

### TIME FOR CITY TO TAKE ACTION

Future of Valley Railway, of Utmost Importance to St. John, is at Stake—Will Government Grant Aid Under the Present Circumstances?

Fredericton, March 20.—The Valley railway matter still has the centre of the stage, and everybody is asking what will be the outcome of it for the government, for Mr. Gould, and last but not least, for the people of New Brunswick.

It is learned here now that a number of members of the legislature visited Ottawa recently to take soundings about the whole matter, having become alarmed of the situation that is developing. It is regarded as unreasonable to ask for a further guarantee of bonds, and certainly there will be increasing objection and a growing demand for particulars as to expenditures up-to-date, as to the route below Gagetown and above Centreville, and as to the time and method of completing the St. John-Gagetown section.

It is being said that the legislature will not dare commit the province to further expenditure until all the cards are on the table and until it is known with certainty that the Grand Trunk Pacific is coming to St. John over the Valley line within a certain time.

Friends of Mr. Gould are saying that he has the government in a hole. It is intimated that he will have grounds for a suit against the government if the contract is cancelled, and that if a further guarantee of bonds is not forthcoming he will sue anyhow, on the ground that the government misled him as to the cost of the railway, and particularly the cost of the necessary bridges.

It is known that other surveys have been made, including one down the west side of the St. John river below Gagetown, and that particulars of this survey will be demanded in order to show the comparative length and cost of the west side and east side routes.

Surprise is expressed here because St. John and other towns and cities—especially St. John—have not formally asked the government through a delegation, for reasonable information and specific guarantees as to the route and time of completion of the line from Fredericton to St. John.

A late report from Ottawa is to the effect that the dominion government will have nothing to do with the \$2,000,000 bridge across the St. John River.

On the other hand there is increasing suspicion about the proposal to have the road and at Westfield, as this means delivery of the whole project to the C. P. R. Supporters of the government realize that turning over the Valley railway to the C. P. R. would bring about the downfall of the administration. Further developments will be awaited with keenest interest.

#### WILL CITY SECURE HYDRO-ELECTRIC POWER FROM MEDICINE DAM?

The plan to develop electric power at Medicine on the St. John River, is to come before the legislature again next Tuesday, and probably on Monday the whole future of the project will be decided. The plan of the St. John River Hydro-Electric Co. would involve ultimately an expenditure of \$8,650,000. The dam at Medicine would be twenty-five feet high, measuring from low water. That river at that point is from 700 to 800 feet wide.

The amount named, \$8,650,000, would include the transmission line from there to St. John, the length of which is estimated at eighty miles, together with transmission lines to Fredericton and Miramichi, and step-down stations. The initial development would consist of five 2,500 K. W. units, a total capacity of 12,500 K. W. units, and the cost of the dam and to develop that amount of power would be approximately \$2,600,000. Other installations from time to time would raise the total expenditure to the larger amount named.

Prices of power have been quoted to many St. John manufacturers who are interested in having power delivered here at a reasonable cost. The facts here given as to the plans and expenditure are taken from the engineering report of Stone & Webster, Boston, who own and operate many electric plants and street railways throughout the United States.

Press Dispatch Gives Rise to Inquiries in Parliament—Mr. Pardee Asks Government to Curb Canada's War Lord

Ottawa, March 20.—"It seems to me high time that an effectual curb should be put upon the militia-made war lord who has been placed at the head of the Canadian militia by the present administration," declared F. F. Pardee in the common house.

The chief Liberal whip was dealing with the public works estimates for armaments and ordnance, and had pointed out that, despite the fact that times of stress had caused many Canadians serious embarrassment, Colonel the Hon. Sam Hughes had expended and promised more than \$1,000,000 in armaments since the Borden government had taken office.

Mr. Pardee read a cablegram to the Canadian government press signed "Widener," announcing that the Canadian minister of militia had sent a message to the men of Ulster who had pointed out that the Canadian government would offer no opposition to the despatch of a first contingent of picked Canadian Orangemen to participate in the threatened civil war in Ireland.

The reading of the cable was greeted by cries of "Oh" from the members. "Some stop should be put to this sort of thing," warmly declared Mr. Pardee. "The war lord whom for the time being we have placed at the head of the militia has become so supercilious that it would seem that he can no longer confine his attentions even to Canada. I ask the minister of militia, who is now leading the house, and his colleagues in the ministry, in all seriousness if they will not take the gentlemen in hand and do something to curb his reckless speech and action."

"There is plenty to keep him busy in Canada, if he proposes to administer his responsible position in a sane and economical way, and any reading of history leads me to say with pride that the wise and prudent statesmen of Britain are quite able to take care of the problems which from time to time confront them, without gratuitous interference from supercilious, hysterical or unskilful meddlers who exercise a little brief authority in Canada." (Cheers.)

Mr. Pardee regretted the continual absence of Col. Sam Hughes from the house. He thought Hon. Mr. Rogers, who had taken the place of the time being, should tell parliament and the country whether the government assumed responsibility for the Ulster matter, and the members of the Ulster Council involved calmness on the part of the volunteers.

Four cabinet ministers spoke of the Ulster situation at different meetings today. The Hon. Mr. Bennett, president of the local government board, in an address on the occasion of the unveiling of his portrait in the National Liberal Club, said: "Home rule is a question mainly for Ireland itself. Three-fourths of the people there have demanded it persistently for years, and we have no right to listen to the demand for more concessions or yield to clamour. We have no more desire to yield to lawless lawyers than to lawless laborers."

James McKinnon Wood secretary of state for Scotland, said: "We will carry home rule by agreement if we possibly can, but without it if we must."

Augustine Birrell, chief secretary for Ireland, in his speech declared that the government's proposals gave Ulster freedom from conscription for six years, and that the scheme of Andrew Bonar Law, the leader of the opposition in parliament meant immediate conscription if a referendum went against Ulster.

Sir John A. Simon, attorney general, said he was glad to see the government steadily on, adding: "Whatever happens, we will see that law and order are unflinchingly upheld in Ulster." Dublin, March 20.—It is stated that as a result of instructions sent by the war office to the Curragh camp today that officers who objected to serving in Ulster must resign or be dismissed from any 100 officers tendered their resignations.

"You've heard a lot of stories about the fool mistakes women make when they get into a check before I can cash my pay, and some of them are true. I've seen 'em all—the women who get an overdraft and then want to write a check to make it up; the women whose endorsements are weird—all of them."

"But the worst case in a few weeks ago. She showed me a check from the window without looking at me. I said: 'Madam, you will have to get somebody to introduce you before I can cash this check for you.'"

"I am here on business and not making a social call. I do not care to know you."

Heart and Nerves Were Bad. Could Not Sleep. To the thousands of people who toss on a sleepless pillow night after night, or who pace the bedroom floor with nerves on the jump, the heart action all wrong, and to whose eyes sleep will not come, Milburn's Heart and Nerve Pills offer the blessing of sound refreshing slumber, as they restore the equilibrium of the deranged nerve centres and correct the wrong action of the heart.

Mrs. Charles Teel, Horncastle, Ont. writes—"Just a few lines to let you know that Milburn's Heart and Nerve Pills did for me. My heart and nerves were so bad I could not sleep, and the least noise or excitement would make me feel so that I would think I was going to die. I would tremble until I could hardly stand. I took doctor's medicine, but it did not do me much good. At last I tried Milburn's Heart and Nerve Pills and certainly say they did me a great amount of good. I can recommend them to anyone who is suffering as I was."

### OTTAWA TO HAVE A HOME FOR GIRLS

Other Important Matters in Presbyterian Church Work

Ottawa, March 21.—It was decided by the executive committee of the Presbyterian board of Social Service and Evangelism, who met in Toronto, to establish a home for girls at Ottawa. The institution will be similar to the Toronto home and will cost about \$20,000. The committee also decided to

establish evangelical social settlements in Vancouver, Edmonton, Winnipeg, and Saint Ste. Marie. The settlements will be similar in character to the St. Christopher House, which is conducted by the board in Toronto, and will be built at a cost of a large sum.

Two college gospel teams consisting of four students each were appointed, one from the Manitoba and one from the Halifax college, for evangelistic work during the summer months in Manitoba and Saskatchewan and the maritime provinces respectively.

The report on the board's finances showed that \$55,000 had been received during the year, while the expenditure was \$56,000, leaving a deficit of \$1,000. The estimates for the ensuing year were finally left to a special committee, which will report later on.

300,000 WOMEN ARE TO VOTE IN CHICAGO. Large Registration for the Elections in April. Chicago, Ill., March 21.—The number of Chicago women qualified under the recent Illinois Equal Suffrage Act to cast their first vote at the aldermanic election in April, is about 800,000, according to the woman suffrage leaders.

More than one hundred and fifty-eight thousand women took advantage of their first opportunity last month to become registered voters. Suffrage leaders say that this number has now increased to at least three hundred thousand. More than four hundred thousand Chicago men are eligible voters.

### NERVES IN TERRIBLE CONDITION

Would Fall to Floor from sheer Exhaustion

"Your Medicine Helped When Doctors Failed"

Mrs. Edwin Martin, Ayer's Cliff, Que., writes—"Before I began taking Nerve Food I was in a terrible condition, dizzy spells came over me, and I would fall to the floor, and I could not do as much as sweep the floor without fainting unless they took me out in the air. Now I can wash and work a lot, and your Medicine helped me when the Doctors failed. I felt as though it was a God-send to me."

I hope you will use my name wherever you like so that if there are any others suffering as I have done, they may be benefited by using your Medicine for it will do all it claims to do. I think it is the best of Medicines. Dr. Chase's Ointment is the best that can be had for Piles."

Restores Wasted Nerves. Few people realize what an important part the nerves play in the condition of the health, and many doctors feel helpless when the nerves go wrong because they do not understand diseases of the nerves or their treatment.

If you read the letters which appear in this paper almost daily from people who have been rescued from discouraging and distressing nervous diseases by use of Dr. Chase's Nerve Food, you will soon believe in the efficiency of this treatment.

When headaches, sleeplessness, irritability and nervousness make your life miserable, be warned of the approach of nervous prostration, paralysis and locomotor ataxia, and restore the feeble, starved nerves by using Dr. Chase's Nerve Food. No treatment is so certain to benefit you. 50 cents a box, 6 for \$2.50. All dealers or Edmanston, Bates & Co., Limited, Toronto. Write for booklet.

### NERVOUS PROSTRATION

Severe Case of a Philadelphia Woman—Her Symptoms. Philadelphia, Pa.—"I had a severe case of nervous prostration, with palpitation of the heart, constipation, headache, dizziness, noise in my ears, timid, nervous, restless feelings and sleeplessness."

"I read in the paper where a young woman had been troubled by the same troubles by taking Lydia E. Pinkham's Vegetable Compound so I threw away the medicines the doctor left me and began taking the Compound. Before I had taken half a bottle I was able to sit up and in a short time I was able to do all my work. Your medicine has proved itself able to do all you say it will and I have recommended it in every household I have visited."—Mrs. MARY JOHNSTON, 210 Siegel Street, Philadelphia, Pa.

Another Bad Case. Ephrata, Pa.—"About a year ago I was down with nervous prostration. I was pale and weak and would have hysterical spells, sick headaches and a bad pain under my shoulder-blade. I was under the care of different doctors but did not improve. I was so weak I could hardly stand long enough to do my dishes."

"Lydia E. Pinkham's Vegetable Compound has made me well and happy and I have begun to gain in weight and my face looks healthy now."—Mrs. J. W. HONNBERGER, R. No. 3, Ephrata, Pa.

THE STAGE AND ITS PEOPLE; MANY WELL REMEMBERED HERE

SOTHERN TO RETIRE FROM STAGE AT END OF NEXT YEAR

Grace George in "The Truth" — Climax to Be Given Revival — Margaret Anglin as Rosalind in New York — Clara Morris' Illness

"I am abandoning my Shakespeare work with tonight's performance, and will abandon the stage entirely at the end of the season of 1915." E. H. Botham is quoted in what is said to be a formal statement given out in Denver last Saturday. "I have been on the stage since 1879 and that is a long career. I am vigorous, but this life without any social pleasures whatever is wearing on the strongest man."

Edward Lynch who was in St. John about two years ago with the Lynch Stock Company and his wife, Grace Lynch, were served with warrants recently in Woonsocket, R. I., at the instance of Doris Woodbridge leading woman, now playing in stock at the Jefferson Theatre, Portland, Me., charging them with slander and asking \$5,000 damages.

Miss Woodbridge was a member of the Lynch company who will play Mrs. part in "The Girl from Kays" in the new production of the company. It is said that the alleged slander occurred during conversations between the manager and herself that led up to her resignation from the company.

Beginning on Easter Monday, Winthrop Ames will present Grace George in a revival of "The Truth" by Clyde Fitch for a spring season of six weeks at the Little Theatre, New York.

"The Girl from Kays" is a play by the late George Bernard Shaw, which will close its twelve weeks' run of the Little Theatre when the company will return to London, for a revival of the comedy there. In the support of Grace George will play Mrs. part in "The Girl from Kays" in the new production of the company.

The long New York season of "Grumpy" during which time the production became known as one of the most unqualified successes of recent years, will come to an end on April 23. Cyril Maude

You have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes; your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile and not properly passed off, and what you need is a cleaning up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and bowels are cured by morning with gentle, thorough Cascarets—they work while you sleep. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet, and your head clear for months. Children love to take Cascarets, because they taste good and never gripe or sicken."

**BASBALL.**  
St. John River Baseball League.

At a meeting of the representatives of Belyea's Point, Millidgeville, Pandemic and Baywater, it was decided to form a St. John river baseball league, and the following officers were elected: Commissioner Rupert W. Wigmore, president; A. W. Corey, vice-president; W. J. Coates, secretary. The teams will play for a trophy donated by the Beach Sporting Goods Company. Each team will be limited to fifteen men and a manager. The league will be governed by the American League rules.

As for the players who will compose the league, the officials think it not yet obtainable, but Belyea's Point will have "Mike" Harrigan, of St. Peter-St. John fame; Crosby, of the Portland-Marathon team; Murray Leighton, of the local leagues, and "Sinty" Chase, of the Clippers. St. John will manage the team. Pandemic will have William Leighton, Ernie Sterling and W. Halliday and a bunch of steady young players, who will be there with the stick, and as S. Johnson is handling the team, they will no doubt give a good account of themselves.

Millidgeville will have "Joe" Dever, of the St. Peter's; Charles Norman and Art Barbery, who will manage the team, and a bunch of good, steady, consistent performers who can be relied on.

Baywater will have "Jack" Copeland, of Marathon-Halifax Social fame; Mahoney, a star of the St. Peter's; Spry, of the Clippers, and Dunlap, a young pitcher who will be watching. The team will be looked after by "Bern" MacNutt, one time star Clipper-St. John Marathon player, and "Mac" says he ought to win.

Credit should be given "Mac" as the league was his idea, and he worked hard in helping to organize it, and Baywater for backing him up.

The schedule for this league has not been drawn up. W. J. Coates, of the International Correspondence Schools, No. 9 Sydney street, is secretary of the league.

**Klein Broken Up**  
New York, March 20.—William Klein, a National League umpire, who went around the world with the Giants and White Sox, was successfully operated on this week for an injury he received being struck in the chest by a foul ball as he was beginning the world tour. The injury did not trouble him much until the team reached Europe, but after his arrival home he underwent an examination which showed that he was suffering from a shattered shoulder blade, fractured breast plate and several fractured ribs. An operation was decided upon and after it was performed the attending surgeons announced that it had been entirely successful and that Klein would be about again in a few days.

champions—may have stimulated the present "boom." But, after all, the love of a fight is probably inborn among a large part of the population. "We're mere brutes," declared Dooley's Father Doyle; "an' it on'y takes two la-ads more brutal than th' rest of us to expose th' streak in th' best of us." Public interest in genuine fights, either with or without dead torpedoes and slugs, maybe, but ever ready to rouse itself at the sound of a bell, and to cheer, is a cause which drove pugilism into obscurity? When did the palmy days of the prize ring cease to flourish?

The palmy days began to decline in the sixties, and the causes were ruffianism, and fights "on the cross"—the mere brutal, declared Dooley's Father Doyle; "an' it on'y takes two la-ads more brutal than th' rest of us to expose th' streak in th' best of us." Why Boxing Declined And Views on Present Revival

**SOME OLD-TIME CONTESTS**  
Not Always Fairplay Prevalent—The Influence of "Lanky Bob"—King George Sees London Bouts

(Manchester Guardian.)

Is the present revival of boxing newspaper-made? It has been asked. Have the press suddenly taken it up again? Or has the coming of Carpenter made a difference?

One is compelled to answer equivocally, yes or no. It is true that many non-sporting journals are finding boxing "good copy," and news about them is eagerly swallowed by the public. But editorial interest in these matters may be only evanescent, and before long the columns devoted to boxing may be cut down to mere paragraphs, the champion's meteoric career, and indeed the whole amusing phenomenon of the modern Gallic passion for boxing—shades of Belcher and Mace, who would have thought of France producing a champion!

PERSONAL AND SOCIAL NEWS OF THE WEEK IN ST. JOHN

Not even the cold weather of the last few days can obliterate the fact from the minds of the good people of St. John that for one day this week, the city was vivid green.

On Friday last at the residence of Mrs. F. B. Sayre nearly sixty members of the Loyalists, DeMolles and Brunswick chapters of the Imperial Daughters of the Empire assembled to hear an instructive and interesting address on the work of the order by Miss Bolton of Toronto.

Mrs. James Stratton wearing a lovely black chiffon and satin gown, entertained at dinner on Friday evening for Miss Bolton, at her residence in Mecklenburg street, when covers were laid for eight.

On St. Patrick's day Mrs. Hugh Mackay was hostess at an enjoyable dinner at the L. M. Club in which the honor of the occasion was shared by Mr. Malcolm McAvity, the entertainment being given to celebrate their joint birthday which, although not the actual date of the anniversary, was close enough to it to form the excuse for a pleasant gathering of their friends.

Mrs. Best and Miss Kittle Best entertained at bridge on Tuesday evening at their residence, Pitt street, when prizes were won by Miss Coster, Mrs. Haen, Mr. W. Gerow and Mr. Edmund Ritchie.

Mrs. Richard O'Brien left for Boston last evening where she will be the guest of her niece, Mrs. Mcweeney.

Mrs. H. D. Emerson and her daughter, Miss Ethel Emerson, are anticipating a trip to Europe. They expect to sail soon.

The motor show in the new armory has attracted a fashionable throng this week. Under the auspices of the ladies who conduct the Green Lantern, afternoon tea was served and the accommodation thus provided was much appreciated by those who attended the afternoon show.

Mrs. Royden Thomson returned from Western Canada last Tuesday. While there Mrs. Thomson received much special attention from old St. John residents and others.

Mrs. Walter Harrison entertained very informally at bridge on Saturday evening of last week.

The Misses Duffy left on Monday to spend three weeks in New York.

Mrs. W. MacLaren Angus is in Montreal visiting relatives.

Mrs. Clarence B. Allan left last week for the West Indies.

Mr. and Mrs. Leonard McGregor are guests at the Prince William Apartments.

Mr. and Mrs. William Puzley, Jr., are visitors in the city from Montreal.

Miss Pauline Powell, who has been the guest of Lieut-Governor and Mrs. Wood, in Fredericton, has returned home.

The film at the Imperial last week, which showed the principals in the placing of the Union Jack at the West Side last Friday morning, attracted much attention. There was a large portrait of Mrs. J. Boyle Travers, Regent of the Brunswick chapter, thrown on the screen which was very true to life.

The lecture given in the assembly rooms on Thursday evening, under the auspices of the Women's Canadian Club, by Mr. M. Talbot Papineau, whose subject was Folk Lore and Literature of the French Canadian People, was a delightful treat. A very large audience greeted the speaker. Tea was served in the reception room of the building, under the direction of Mrs. T. E. G. Armstrong, Mrs. J. M. Magee, Mrs. C. Robert Crutcher and Mrs. C. Robert Crutcher. The ladies who had kindly volunteered their services, played several very delightful musical selections before and after the lecture. Mrs. George Matthews played the solo of

Gerow, Mr. George Morrison, Mr. Davidson.

The marriage of Miss Emily Teed, daughter of Mr. and Mrs. G. M. Teed, to Mr. Philip E. Palmer, dominion land surveyor, of Prince Albert (Sask.), will take place at 8.30 o'clock, March 31, in Trinity church. Mr. Palmer is expected to arrive in the city today.

The engagement is announced of Miss (Julie Louise) Stammers, eldest daughter of Mrs. Stammers and the late Mr. B. A. Stammers, to Mr. John Smallfield Addy, son of the late Dr. H. G. and Mrs. Addy. The marriage will take place in April.

The Arts Club met on Tuesday evening at the residence of Mrs. T. J. Gunn, King street east. A most pleasing program was presented. The musical part was under the direction of Miss Biederman and Mrs. Sancton. The subject being Folk Songs and Dances, characteristic folk dances were played by Miss Culver and Mrs. Kent Sewell. Mrs. Bertram Gerow sang two English ballads delightfully and Mrs. Gilchrist rendered two Scotch songs most acceptably. Mrs. Gunn played on the violin an African dance song, and Miss Elsie Matthews sang the German Lorette, both of which were much enjoyed by the audience.

At the St. Andrew's rink on Thursday afternoon an annual meeting of the St. Andrew's Ladies' Curling Club was held, when the election of officers and presentation of prizes won during the year took place and 8 o'clock tea was served. Mrs. J. Pope Barnes was elected president, Mrs. Frank S. White vice-president, and Miss Edna Austin, secretary-treasurer. The board of management composed of the following names was elected: Mrs. Harold C. Schofield, Mrs. E. A. Smith, Mrs. Clarence H. Ferguson, Mrs. Russell Sturdee and Miss Helen Sidney Smith. The most coveted prize, the Estabrooks cup, was won by the rink skippered by Mrs. Clarence Ferguson, who holds the cup for the year. In this rink were Mrs. Haycock, Miss Jean White, Miss Jessie Church, Miss Jessie Church and Miss Harriet Jones from the Begunners' Doubles; Mrs. E. A. Smith and Mrs. Haycock winning the doubles. Mrs. Girvan won highest aggregate in points and two rink prizes. For new skips, Mrs. Girvan, Miss Edith Skinner and Miss Goodwin were winners.

Numerous friends will be pleased to hear that Mr. and Mrs. Gordon Scott MacDonald are here from Toronto and expect to make St. John their future place of residence. For the present Mr. and Mrs. MacDonald and child are guests of Mr. and Mrs. Charles MacDonald, Charlotte street.

Miss Eleanor Shortt and Miss Kenyon of St. Stephen, are visitors in the city.

Mr. and Mrs. Percy Thomson have returned home from New York, having first visited the automobile show in Boston.

Mrs. Eber Turnbull, who was in Boston for the week, is now visiting relatives in Fredericton.

Mrs. Russell Sturdee is in Moncton the guest of Mrs. Charles Robertson.

Mr. and Mrs. James F. Robertson sailed last Saturday from Boston on the steamer Caupic for England and the continent.

Mrs. Richard O'Brien left for Boston last evening where she will be the guest of her niece, Mrs. Mcweeney.

Mrs. H. D. Emerson and her daughter, Miss Ethel Emerson, are anticipating a trip to Europe. They expect to sail soon.

DIAMOND QUEEN ELUDES PURSUER

Gives Slip to Detective in Budapest When Capture is Near - New York Merchants Lose

(New York Herald)

Traced by detectives to Budapest, Miss Antonette Bonner, known as the "Queen of Diamonds" formerly of No. 88 West 118th street, and who is accused of the embezzlement of uncut diamonds of the value of \$78,000 belonging to Maiden Lane gem dealers, has vanished. This news was conveyed in a cable despatch received yesterday from Detective Edmund Leigh, of District Attorney Whitcomb's office, by John Mintin, Assistant District Attorney.

According to Leigh he had followed Miss Bonner from Paris to various continental cities and finally almost brought her to book in Budapest. She managed, by the aid of friends, to escape from the city, and not a trace of her whereabouts was discovered.

Leigh's message said he had abandoned the quest, but would return to New York with Josef von Slenczynski, who is accused of the theft of three violins from a Fifth avenue house and decamping with the proceeds of the sale.

The failure of Leigh to capture the "Queen of Diamonds" was not without regret to the gem dealers, who had hoped to recover at least a part of the gems belonging to them which it is known she took with her when she left this city for Europe in October last. On the day before she left for Europe she had been seen in Paris.

About \$90,000 worth of diamonds which were pawned by Miss Bonner and J. B. Kinsinger, her business associate, were recovered, but Kinsinger's creditors, who filed an involuntary bankruptcy petition against him after he fled to Europe with Miss Bonner, have tied up the gems by legal proceedings, which are still pending.

One of the principal sufferers through the operations of Miss Bonner and Kinsinger is Francis E. Cocks, a dealer in gems, No. 42 Nassau street. Mr. Cocks was indicted in connection with the affair and pending trial has been without \$1,000 bail. Cocks' friends assert that he was deceived by Miss Bonner and that he personally suffered a loss of \$125,000 through his transactions with her.

As Tigo, the dog who belongs to the Spink household, was finally detached from the premises before he had time further to relieve his feelings.

"That's a fine play, that's all!" insisted the master of the dog, but the man pressing something into the woman's hand.

The man glanced at the wad of green, and then as he noticed it safely in his inner pocket his expression softened remarkably.

"I guess I can take a little fun as well as the next fellow," he said dryly. "But Spink broke in before he had time further to relieve his feelings."

"He's only playful, that's all!" insisted the master of the dog, but the man pressing something into the woman's hand.

What Per Centage of Gross Receipts to Set Aside for Advertising

IS TEN PER CENT TOO MUCH?

New York, March 5, 1914.

Editor and Publisher: Through the somewhat radical statements made in one of my advertising promotion arguments, in my series of articles, I have unwittingly stirred up a "hot" nest of criticism and dissent in some New England cities.

As the subject treated is a "live" one, and is certain to be widely discussed in advertising circles and among merchants for a good many years to come (for it will be settled right for many years to come), I thought I would be worth a little space in your columns at this time.

The New York report (March 5) which I had stated that ten per cent of a store's gross receipts should be spent in advertising, Mr. Wansmaker has been quoted as saying: "I do not know whether accurately or not, but I believe the limit of a store's appropriation for advertising is one per cent."

Mr. Freeman suggested eight per cent, as a sound and conservative proportion of a store's income to be set aside for advertising.

SAVE YOUR HAIR! IF FALLING OUT OR DANDRUFF--25 CENT DANDERINE

Ladies! Men! Here's the Quickest, Surest Dandruff Cure Known

"Thin, brittle, colorless and scraggy hair is sure evidence of a neglected scalp; of dandruff--that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die--then the hair falls out--fast. A little Danderine tonight--now--anytime--will surely save your hair."

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life lustre and luxuriance which is so beautiful. It will become wavy and fluffy, and have the appearance of abundant, an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair--new hair--growing all over the scalp.

The Telegraph and Times-Star

A Powerful Medium

In these times when business is run on science and efficiency it would be well to give serious consideration to the market that is reached by The Daily Telegraph and Evening Times-Star.

offer advertisers a larger NET PAID CIRCULATION than any individual paper or combination of papers east of Montreal. The sworn circulation for the year 1913 shows a grand total daily for both papers of

and this without undue forcing--solely on the merit of the papers or its circulation gained--and this is the kind of circulation which should interest the local merchant who is bidding for the patronage of this city and province.

The Top Notch in Co-operation

The Telegraph and Times-Star are not satisfied with merely inducing a merchant to use their columns. They believe the biggest word in the business dictionary today is CO-OPERATION, and to give their advertisers the highest possible co-operation a FREE CUT SERVICE is maintained in our advertising department which offers merchants of whatever line of business cuts that are not surpassed by any syndicate house in the country.

THIS SERVICE IS YOURS FOR THE MERE ASKING--MAY WE SERVE YOU?
