Cambridge Crew Spring Surprise; Trim Oxford Easily EUROPEAN SITUATION STILL UGLY

YOUNGSTERS WIN AN EASY VICTORY

Light Blues With Only One Veteran, Near Record Time.

FINISH FRESH Oxonians, All Seasoned Men, Appear Distressed as Line is Crossed.

Putney, Eng., April 5.—Cambridge University's Varsity eight sprung a surprise today by defeating the heavier and more experienced Oxford crew in the seventy-sixth revival of their historic contest on the Thames from Putney to Mortlake. The light blues won by four and one-half lengths.

The official time was 18 minutes 41 seconds. The smashing victory of the Cambridge crew made up largely of unseasoned oarsmen, over the much-touted Oxonian veterans, completely upset the calculations of the experts. It was a David and Goliath struggle. Before the race the advantage had seemed to rest with the much heavier crew of Dark Blues, six of whom had rowed for Oxford before while the Light Blues had only one veteran in the boat.

Make Fast Time. The easy victory of the Cambridge youngsters was won in fast time, the mark being only 12 seconds slower than the record of 18 minutes 29 seconds, held by Oxford.

There was scarcely a member of the Cambridge Eight who showed any signs of overstrain at the finish, while in the Oxford shell the bow, numbers 2, 3, 4 and 6, and Stroke Melan, appeared to be distressed.

Overcomes Lead. At the outset Oxford, rowing 38 to Cambridge's 36, jumped into a slight lead, but at the half-mile the Light Blues overhauled their rivals and got a little advantage.

Oxford took up the challenge and pulled up level in another eighth of a mile.

The Oxonians were unable to outdistance the beautifully rowing Cantabs, however, and at the end of the first mile the Light Blues seized the lead and maintained it thereafter at varying distances.

Cambridge's time of 18 mins. 41 seconds has been beaten only once in the history of the race—the occasion on which Oxford established the record in 1911.

OLYMPIC CHIEF LOOKS TO WILLIAM MAYNES TO GO TO GAMES IN FRANCE

P. J. Mulqueen, Here Today, Expects Belyea to Do Well.

That William Maynes, crack quarter-mile runner of this city, will undoubtedly make the Canadian Olympic team and should prove a likely contender for world honors, was a statement made by P. J. Mulqueen, chairman of the Canadian Olympic committee, on his arrival here today on the Canadian Pacific steamship Montrose. He said that this inference could be drawn from the fact that Al Shrubbs, former world's champion runner, recently witnessed Johnson win the quarter-mile race in the big meet between Oxford and Cambridge and maintained that he has every mark of a world-beater. He recalled the fact that Johnson, who is a graduate of McGill and a Rhodes scholar, has won the Canadian championships in Halifax last year and defeated him only by inches, while Maynes had been set back three yards for false starts. He remarked if Johnson is considered so highly by a man like Shrubbs, what must Billy Maynes be?

Mr. Mulqueen wished to confer with A. W. Covey, president of the Maritime Branch of the A. U. of C. on his arrival here to get his approval of allowing Johnson to remain in England to write the university examinations and be eligible for the Canadian Olympic team without having to return to Canada to compete in the trials. He said that the examinations were to take place during the week of June 20 and a trip to Canada to compete in the trials would cause the inconvenience and might interfere with his studies. When this explanation was presented to Mr. Covey, who is a member of the Olympic committee, he readily agreed to Mr. Mulqueen's suggestion.

Missed Belyea. During his stay in England Mr. Mulqueen was anxious to run across Hill-ton Belyea, former Canadian champion single sculler, but missed him. Speaking about Hilton's chances, he said he is confident that with proper training and boating he will make a great showing at the Olympics and at the Diamond Sculls on the Henley. He pointed out that last year Belyea lost by small margins in the trials, but he is confident that Hilton's long training period will put him in top form and make him the most formidable contender for world honors.

While in England Mr. Mulqueen had the pleasure of seeing Oxford and Cambridge eight or nine crews work out. As he knew some of the members in the Oxford shell and expressed an opinion that they would win, but today's cables show that his guess was wrong.

Mr. Mulqueen announced that Captain Cornelius, of Hamilton College, assistant official coach of the Canadian Olympic team, would come here when wanted to assist any Maritime athletes preparing for the big test at a central point. He said that Captain Cornelius would do all in his power to correct any faults the athletes had and they would be able to give their best efforts when competing for a place in Canada's select team.

The Hockey Honors. Speaking about the hockey match between Canada and the United States during the winter programme at Chalmers, France, Mr. Mulqueen said he was feeling in America that the game had caused bad feeling. He said this was erroneous. During the match he acknowledged that the play was bitterly fought, but once it terminated the best of feeling prevailed among the players and they lined together and chummed around, and life-long friendships had been established. He said it was a question of real sports meeting and while they would fight bitterly for honors, once the match terminated all was forgotten and their friendship had been bound in a manner which only contests like that could accomplish.

SPIRIT HERE IMPRESSES HIM

New Bank Manager Well Pleased With Conditions in St. John.

The very general good spirit displayed by our business men and the excellent business conditions which he found here were the things which impressed A. T. Bayly, the new manager of the Bank of Montreal, who arrived in the city the early part of this week to take up his duties as successor to F. J. Shreve, who has been transferred to Amherst. Mr. Bayly has been with the Bank of Montreal at various parts of the Dominion and for a period of five years in Chicago. He is a son of Richard Bayly, K. C., M. A., L.L.D., of London, Ont. and after graduating from the London Collegiate Institute studied at Queen's University. He began his business career with the Bank of Montreal in Kingston, Ont. and after serving in several Ontario cities was transferred to Chicago, where he remained for five years. While in that city he married a daughter of J. B. McKillop, K. C., a well known attorney who for twelve years was county crown attorney for Middlesex. From Chicago he was transferred to Montreal and from that city to the head office at Montreal. He has been at Lunenburg, N. S., and for the last five years he has been in Canada, N. S. He has visited St. John on several occasions. Mr. Bayly is a keen sportsman and takes a deep interest in golf and tennis. His eldest son, Lawrence M., has been for the last two years the champion tennis player at King's College and will be a find for the tennis, hockey and football teams of the city.

McCaffrey, P. C. Quinn, Dr. J. R. Nugent, James McCurdy, G. J. McDermott, Edward Simpson and F. L. McCaffrey.)

ST. JOHN TAX EXEMPTION BILL

City bills were under consideration in the Legislature yesterday and after some discussion passed the committee to be recommended to the House. A bill to provide for a larger exemption on small incomes was not opposed. The Act as it stands at present provides that an exemption of \$400 shall be made on all incomes up to \$1,000 and \$200 exemption on incomes from \$1,000 to \$1,500. The amendment provides that on incomes up to \$1,200 there shall be an exemption of \$800; on incomes from \$1,200 to \$1,400, an exemption of \$600 and on incomes from \$1,400 to \$1,600, an exemption of \$200. Commissioners Wigmore and Thornton were present yesterday in connection with the amendment providing that property in the county might be sold by the city for non-payment of water rates which had been opposed by the county secretary. After an explanation had been made by the Commissioner of Water and Sewerage the bill was passed by the committee as presented.

SOLD AT LOWER PRICE

A despatch from the Fredericton Gleaner says that at the no-mark log sale in St. John on Thursday the logs were sold to Stetson, Cutler & Company in a bulk lot at 17 cents per thousand feet. The price is less than paid last fall when spruce logs brought \$24.75, cedar \$18.00, hemlock \$19 and pine \$20. This year's logs are to be gathered by arrangements which have been completed with farmers who will put them in the river from places where they were carried in the 1923 freshets.

97 TODAY, BOOTH IS STILL ACTIVE

Veteran Lumberman Drives Daily to Mills at Chaudiere.

Ottawa, April 5.—John Rudolphus Booth, the "Grand Old Man" of the Chaudiere, one of the monarchs of Canada's lumber industry, and a power in the financial and commercial world, whose name is familiar throughout the far-flung dominions of the British Empire, today celebrated the ninety-seventh anniversary of his natal day. Possessed of a wonderful vitality, the result of a life practically spent in the open, which has been devoted to the building of a lumbering industry at the Chaudiere which bears his name today, John R. Booth, despite his weight of years, is a picture of rugged health. Booth is driving daily to the mills at the Chaudiere, through which he travels on a tour of inspection. Arrangements by his office staff for a fitting celebration of the birthday anniversary were completed, and when the aged lumberman arrived at his office at the Chaudiere this morning he was presented with a basket of beautiful American Beauty roses, ninety-seven in number, one for each year of his life, together with the congratulations of the members of his staff, and the felicitations of his family. Mr. Booth's granddaughter, Lois, was recently married to Prince Erik of Denmark.

Well-Known Singers Imperial on Monday

In addition to the splendid First National Anglo-Indian romance, "The Voice from the Minaret," at the Imperial Monday—starring Norma Talma and Eugene O'Brien—the programme will be embellished with the singing of Miss Cooper, the popular number "Mappari" from "Martha" and the song "That Night" (Vanderpool) by Signor Guarino and in duet the vocalists will be heard at 8.30 and twice in the evening. The opening numbers will be an aria from "La Traviata" by Miss Cooper, the popular number "Mappari" from "Martha" and the song "That Night" (Vanderpool) by Signor Guarino and in duet the vocalists will be heard at 8.30 and twice in the evening.

A FARMER LEADER CALLS IT DISGRACE

Says U. F. O. in Ontario Must Speak Out on Recent Disclosures.

Toronto, April 5.—R. E. Burnaby, former president of the U. F. O., and former president of the Canadian Council of Agriculture, in a public address before the Public Account Committee, calls on the United Farmers of Ontario to condemn recent disclosures before the Legislature, and let the public know where the farmers stand. In a letter to the Toronto Globe, Mr. Burnaby writes: "In view of the recent charges and insinuations made on the floor of the House of Queen's Park, as well as the fact that the Ontario Legislature should speak in no uncertain voice, and let the public know where the farmers stand. Farmers, particularly, and all those who have supported the U. F. O. and its principles, have a right to know where we stand. "The organized farmers were in a large measure responsible for the able and tenacious Mr. Surly, then, our duty is plain. We must either be prepared to defend these charges and insinuations or repudiate them. "Some say that little has been proven and judgment should be withheld until we have heard all the evidence. Respectfully, however, I must say that I do not see and had too much proven already to sit back and rest on our laurels. As organized farmers, endorse and support what has already been proven? Are the farm men and women, the boys and girls, the old men and women, the people of Ontario, satisfied to allow this bundle of disgrace (I think the United Farmers of Ontario) to be carried off by a few men? I am not, and want every member of the U. F. O. to stand with me. I have honored me in so many ways in the past that I feel it my duty to come out boldly and let the people of Ontario know where the organization owes it to its members to declare itself."

BURIED TODAY

The funeral of Miss Mary Josephine McLaughlin was held this morning at 10 o'clock from her parents' residence, 11 Wentworth street, to the Cathedral for high mass of requiem by Rev. E. Reynolds. Relatives acted as pallbearers and interment was made in the new Catholic cemetery. Many spiritual and floral offerings were received. Work for Mrs. John R. McConnell of Marystown, daughter of the deceased. The monument, says the Fredericton Mail, is of simple but very effective design, and the inscription is in keeping with its general appearance. The inscription is as follows:—

PERSONALS

Mrs. George Hartshorn, nee Rowley, will hold her post-natal reception Tuesday evening, April 8, at her home, 104 Lansdowne Ave. Miss Beatrice Clowes of Fredericton is a guest of Mrs. C. F. Kinsman of 88 Summer street. Mr. and Mrs. I. Cooper, accompanied by Mrs. A. C. Barker, left Montreal on Thursday for Halifax, from where they will call on an extended trip to Bermuda. Mrs. Cooper will be absent about three months. The friends of Mr. Ronald A. McAvity will be pleased to know that she has improved much in health since going to the Royal Victoria Hospital, Montreal. Friends of Mr. and Mrs. H. C. Daley, 22 Johnston street, will be sorry to learn that their baby is ill in the hospital. Miss Nellie Arthur left Tuesday evening for her home in Pella, Sask., after visiting her parents, Mr. and Mrs. Joseph Arthur, Silver Falls. Mr. and Mrs. J. I. Cooper, accompanied by Mrs. A. C. Barker, left Montreal on Thursday for Halifax, from where they will call on an extended trip to Bermuda. Mrs. Cooper will be absent about three months. The friends of Mr. Ronald A. McAvity will be pleased to know that she has improved much in health since going to the Royal Victoria Hospital, Montreal.

GRAPPLING VAIN AT WRECK SCENE

"Nothing new" was the report received today at noon from Chance Harbor relative to the foundering of the schooner Nelle Eaton. Several men made a special trip to the scene of the wreck late yesterday afternoon and used grappling irons, but no bodies were found. H. S. Culver, American consul, received a wire this morning from Rockland, Me., asking that Captain Anthony's body be forwarded there. Evidently someone at Rockland has formed the idea that the body recovered on Thursday was that of Captain Anthony. Such is not the case, as it has been definitely established that the body is that of George E. Smith, and identified as such by the master of the schooner, Nellie Eaton, which it is said only carried a crew of two men. The body of Smith will be forwarded to Rockland, Me., this evening at the request of Richard F. Smith, father of the unfortunate man. Mr. Culver, after learning of the recovery of a wire sent from here by H. S. Culver, United States consul, William Munroe & Co., Boston, owners of the schooner, Nellie Eaton, said in the description of the body of the man brought here yesterday does not correspond with that of the master of the schooner, Captain Anthony.

The students were guests of the company at East St. John for the courtesies extended to them on their inspection tour and gave a hearty vote of thanks to the company.

APPEALS IN DIVORCE CASE

Fredericton, N. B., April 5.—One divorce appeal has been entered on Tuesday. It is the case of Martilla M. Babineau vs. Joseph Babineau, former resident of Curryville, Kent County. It is an appeal from the decision of Mr. Justice Crockett granting Mrs. Babineau a partial divorce. She is seeking an absolute divorce which was refused last February on points of law. The divorce court held that in order to secure an absolute divorce on the grounds set up by the plaintiff it would be necessary to make an application to the parliament, the jurisdiction of the New Brunswick court not covering the unusual conditions of the case. The appellant claims that the court was in error.

A BLENDED TEA IS BETTER

Tea from one garden, no matter how fine it is, possesses certain desirable qualities but may lack others, because all characteristics are not developed under the same conditions. If the tea has a perfect flavor it may lack richness; if it has body it is, perhaps, without the same perfection of flavor. To combine all the desirable qualities in one blend has been the work of the "SALADA" experts for over a quarter century and the brand "SALADA" is the fruit of their labor.

BOY IS KILLED IN MOCK PISTOL DUEL

Summit, N. J., April 4.—Two boys, sons of wealthy New York and Summit families, stood on opposite sides of a bed in a mock cowboy duel with revolvers and at the word "draw" fired at each other last night. Unknown to them, one of the guns was loaded, and Noel Danforth, 15, was shot through the right breast by Andrew G. Magrath, 14. He ran from the room, screaming "I'm shot" and died before an ambulance arrived.

INTERIM SUPPLY BILL ASSENTED TO

Ottawa, April 4.—Royal assent was given to the interim supply bill yesterday, one-sixth of the estimates for current expenses, in the Senate this afternoon. In the absence of the Governor-General, Rt. Hon. Sir Louis Davies, administrator, assented to the bill, in the presence of Senators and members of the House of Commons.

A Young Man's View Ronald A. McAvity, Candidate for Mayor, Expresses Himself. For years St. John people have been asking why active business men do not offer their services for public office. In the old aldermanic days leading citizens with much at stake and for the common good of the community sat in the Council at sacrifice of time and without regard for the pittance they were allowed from the city treasury. When Commission Government was introduced, the tax money passed into the hands of regularly-salaried men. Ever since these positions have been held largely by the same group. It would seem, therefore, that while Commission Government exists, only those who are willing to offer and that the public-spirited man of affairs, not in need of a position, must forever hold his peace, unless, of course, he desires to enter the service of his city at personal sacrifice and with a definite desire to promote the interests of his fellow citizens. As managing director of a large local concern I have no need for seeking a salaried position in the Council, but, filled with the idea that the people of St. John desire some new blood in civic affairs, and that there are other young business citizens who will take similar steps as soon as the ice is broken, I am offering my services to the people as Mayor with the honest promise to serve them faithfully, young heartily and to the best of my ability. I am offering my services to the people as Mayor with the honest promise to serve them faithfully, young heartily and to the best of my ability. I am offering my services to the people as Mayor with the honest promise to serve them faithfully, young heartily and to the best of my ability.

OUR WONDERFUL ADVANTAGES

At the very beginning Navigator Champlain was struck with the value of this great natural boon, and he has been the leading force in the development of the harbor. When I was a boy our sturdy civic leaders pressed the claims of this waterfront and the value of the harbor as a port for the province to the eyes of the world. The experiment has been a marvelous success and we are now established as the winter Atlantic gateway of Canada, summer port as well. Our main harbor has been taxed of late winters to accommodate the traffic and the last year or two have demonstrated the value of Courtenay Bay, our second big harbor. As previously stated in these columns by me, it is the boulder duty of the City of St. John to make the merits of this harbor and to maintain our natural position among the ports of the Atlantic coast. As same as Vancouver is dominant on the Pacific, St. John is dominant on the Atlantic. We must be aggressive, and that aggressiveness must begin in the Common Council.

HYDRO ELECTRICITY

Water-power electricity is another gift of nature with which St. John has been blessed, same as with all other sections of this continent. In the wake of Hydro comes manufacturing stimulus, reduction of household expenses and the enlightening of the general citizenry. The rural districts are brought to a par with the cities in these matters and the possibilities of cheap power are practically without limit. The citizens of St. John already know what Hydro is meaning to them in dollars and cents—both directly and indirectly—and there is absolutely no argument. As Chairman of the City Hydro Commission, I am naturally fully informed in all the details of this grand new reality and challenge any opponent to the value of Hydro to deny its unquestioned advantages. As months have gone by and Hydro will have passed all its experimental and familiarizing stages of production, petty prejudices, and misapprehensions will fade into useful dollars and cents for the people of this city and New Brunswick.

MANUFACTURES

Ask any well-informed business man what conditions are today throughout Canada and New England and he will tell you they are not normally good, especially true of the Maritime Provinces. In spite of these temporary conditions the City of St. John is standing the test of the solidarity of our business houses, the enterprise of our manufacturers and the natural qualities of our port. This is a great argument in favor of St. John as a place for instituting new industries. Why did the big sugar refinery come here? Why the dry dock and shipyard? Why the chain theatre? And so on. Tucked away in the east of Canada is the City of St. John. Why is St. John to have a new million dollar chain hotel? Why a chain theatre? And so on. Tucked away in the east of Canada is the City of St. John. Why is St. John to have a new million dollar chain hotel? Why a chain theatre? And so on.

A HONING CITY

St. John is a honing city. Although the lure of the busy centres of the United States and Canada has been very strong the last 18 months, St. John seems to have "stood the gauntlet" better than most places down this way. Happily many of these runners have returned.

Outsiders Realize These Facts, Do We?

FRANKLY FRIENDS I do not want to create any impression that I consider my services to the community would be any more intelligent than that of any other alert business citizen. I simply desire to assure every voter that as a young man, sensing the needs of this city and having travelled considerably and made wide observation, I feel now is the time for us to commence a Definite Upward Climb. I have no axe to grind, no hobby arguments and am not in any way connected with any party or organization. I am simply a citizen of this city and I can readily make arrangements to relinquish my business for the necessary period, but, if unsuccessful at the polls will still be willing to serve my fellow-townsmen in any private capacity that will be of assistance to the welfare movements on foot, as I have always been willing to do in the past, both at home and in Europe.

DEATHS

James H. Carr.
James H. Carr, aged 88, died March 11 at the home of his granddaughter, Mrs. Charles MacDougall, Canterbury, York county, where he has resided since his retirement from active business life 17 years ago. Mr. Carr was born in Carleton county and was a resident of York county most of his business life. He was a county councillor for York county for many years and was a member of the Methodist church in which he held many official positions. His wife, who died 24 years ago, was Miss Isabel Watson of North Richmond, Carleton county. Besides his granddaughter, Mr. Carr leaves two sons, Herbert L. Carr, of Canterbury and Henry W. Carr of Calgary, Alberta; one brother, Thomas Carr, of Upper Woodstock and seven grandchildren, one of whom is Miss Cora Carr, of this city. Five great grandchildren also survive, one of whom is Miss Nan C. MacDougall of this city.

Rev. Harold Rowley, of Canterbury, was the officiating clergyman at the funeral services on Wednesday, which were assisted by Rev. G. A. Sellar, of Debec Methodist church and Rev. M. C. V. Martin, Anglican clergyman of Canterbury. The service was conducted at the home of Mr. and Mrs. Charles MacDougall, Canterbury.

Constance Margaret Rourke.
The many friends of Mr. and Mrs. Andrew H. Rourke, of Fairville, will be shocked to learn of the death of their little daughter, Constance Margaret, in her fourteenth year. The death occurred at their home in Mill street, Fairville, Friday afternoon. Besides her parents, she is survived by her twin brother, Cecil, and an older brother, Charles, both at home. Although she had been ailing for a long time her death was a great shock to the family. Always patient in her suffering, and of a bright and sunny disposition, "Little Connie" was loved by all who knew her and will be sadly missed. She took a great interest in the work at the Sunday school of the Fairville Methodist church. Her ever sweet smile will long be remembered by many. The funeral will take place on Sunday afternoon at 2 o'clock from her parents' residence.

John Esterbrooke Botterell.
Although himself unknown here, John Esterbrooke Botterell, who died on Friday, March 28, has large family connections in New Brunswick and St. John. He was the son of the late Edmund H. Botterell and Mrs. D. A. Botterell, who was Miss D. Turner, of Bocabec, and related to that family in this city. Mr. John Botterell was 47 years of age and went to Winnipeg several years ago. He was an executive of the Winnipeg Grain Growers' Exchange. His brother is R. F. Botterell of the firm of John Henderson & Co., furriers, a firm taken over by the late Mr. Botterell. Sr. Mr. Botterell was a Mason of Hochelaga Chapter Rose Croix, Ancient and Accepted Scottish Rite, Valley of Montreal, and was a member of Royal Albert Lodge, No. 28. He was an Anglican and a member of St. George's church, near Windsor station while living in Montreal. He was married to Miss Ethel Armstrong, formerly Miss Ethel Armstrong, daughter of Mr. and Mrs. L. O. Armstrong, of Montreal; three sisters, Mrs. Arthur D. Fry, of Westmount; Mrs. John R. Redpath, of Victoria, B. C.; and Mrs. R. G. McConnell, of St. Moritz, Switzerland; three sons and a daughter, Edmund Henry, John Armstrong, Hugh Esterbrooke and Jocelyn Botterell.

Mrs. Alice Boardman Hill.
Mrs. Alice Boardman Hill died on last Saturday. Mrs. Hill was an illness of nearly a year. Mrs. Hill was the wife of Dr. George Sumner Hill, who is chairman of the Fredericton Sanatorium committee, and Mrs. Hill had been his able ally in working for the prevention of tuberculosis. While born in St. Stephen, N. B., Mrs. Hill really was a resident of Calais, where all her girlhood days were spent. Going to Boston she became a student at the school of the Boston Museum of Fine Arts and, following her graduation, became an instructor in art in the public schools of Hyde Park. She was married to Dr. Hill in 1906, and thereafter her married life was spent in Boston, though her summers were spent at Marblehead, where Dr. Hill several years ago had purchased a large estate. Besides her husband, she is survived by a young son, George Sumner Hill, Jr.; three sisters, Mrs. Herbert Cox of Winchester, Misses Emma Boardman of Boston and Miss Florence Boardman of Calais; a brother, William H. Boardman, is an architect in New Jersey. Her father, who has been dead several years, was Howard Quincy Boardman, who years ago had large shipping interests along the St. Croix River. Mrs. Boardman, her mother, is still living in Calais.

TWO WEDDINGS IN MACNEILL FAMILY

Word has been received in the city recently of the marriage of Miss Eileen MacNeill, gifted daughter of Hon. Dr. MacNeill, Minister of Education in the Irish Free State Government, and Professor Tierney, one of the brilliant young men of the New Ireland, who is Professor of Greek at the National University. The wedding took place in Dublin, Ireland.

The marriage of James MacNeill, brother of Hon. Dr. MacNeill, and High Commissioner at London for the Irish Free State, to Miss Josephine O'Hearn, member of a prominent Irish family, is also announced. Mr. MacNeill and his bride are spending the holidays in Southern France.

Mrs. Tierney is a niece of Mrs. J. Archibald MacNeill, of this city, while Mr. James MacNeill is a brother-in-law.

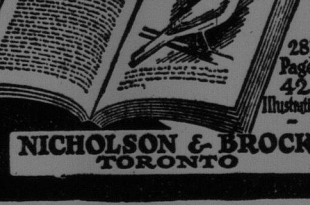

GIVES \$100 TO BLIND SCHOOL.
After the meeting in the Imperial Theatre on Sunday evening a resident of the city came up to J. F. Down organizer for the campaign for the Maritime School for the Blind and gave him \$100. He said, "Come to me again and I will see what more can be done to aid in this splendid cause." Mr. Down was much encouraged by the gift. Mr. Down will hold a mass meeting in Marysville on Sunday in the theatre. He will go to Newcastle and other northern towns and later to St. Stephen where he had been offered the support of some of the leading societies, he said. He also stated that the Governments of the Maritime Provinces have been approached and asked to take over the financing of this splendid school. Nova Scotia has done nobly for it and when the other provinces did

What Shall I Choose For Easter?

A visit to our fashion department will answer this question for you. Here you'll find assembled a fascinating array of newest modes in Suites, Frocks, Coats, Blouses, Millinery and all needed accessories.

Suits, Coats, Frocks! Newest Models Here!

Suits will be found in fine Poiré twills, soft tweeds and new woolen fabrics. The boyish mode is a favorite, but women who prefer something a little more dressy will find satisfaction in some of the handsome three piece suits now showing.

Frocks of all kinds await your approval. Many are in the popular straight line variety sometimes modified by tiers and pleatings. There are woolen frocks of fine Poiré; Afternoon dresses of silk crepes and lustrous satins; Jersey knit sport dresses; and a wonderful variety of handsome French Hand Made models.

Coats in sports or dressy types are as practical as they are becoming. There's a tendency toward the roomy tweed raglan coat for everyday wear, however dressier models of tube-like silhouette are fashioned from fine twills, Bolvias, etc.

BIG FRAUD CHARGED IN WAR LOSS CLAIMS

Paris, April 4.—It is reported from Lille that the sub-committee of the Parliamentary Commission on speculation, which has been continuing its investigation of scandals in connection with the inflation of claims for damages for war losses, has made further surprising discoveries. There was, it is said, deliberate collusion between two local commissions whose duty it was to examine the claims. The two commissions sat in the same building, and made a practice of reciprocally approving excessive claims.

Barristers and solicitors in the devastated regions. It is also alleged, formed co-operative societies for the purpose of settling by mutual arrangement the amounts of claims for war losses, and they attributed to themselves heavy commissions at the cost of the claimants.

FIGURES REVERSED IN HEALTH SPEECH

The report of the address by Hon. Dr. W. F. Roberts, Minister of Public Health, which appeared in yesterday's issue of The Evening Times stated that of the 11,133 births in the province only 2,946 were attended by doctors.

This was an error and should have read that of the 11,133 births there were 2,945 that were unattended by doctors.

TO EXHIBIT AT EMPIRE FAIR.

There are three local firms, as far as could be learned yesterday, that will have exhibits at the British Empire Fair in England. They are T. S. Simms & Co., Ltd., the Wilson Box Co., Ltd., and T. McAvity & Sons, Ltd.

There are 109,976 negroes in the city of Washington.

FIVE SOCIAL MEMBERS.

The social services in the Coburg street Christian church have attracted large congregations throughout the week. At last night's service five came forward for membership in the church. The special services close on Sunday when the ordinance of baptism will be administered. Rev. W. J. Johnston, the pastor, has been assisted by Evangelist George Knight.

Social Notes Of Interest

Mr. and Mrs. Edward Sears received an interesting letter this week, telling of the pleasant winter their daughter, Mrs. Bosworth, and her husband, Mr. F. M. Bosworth, of London, England, were enjoying in Europe. They have been in Spain, in company with Mr. and Mrs. E. R. Peacock and were recently their guests at Monte Carlo and on the Riviera. Mr. Peacock was until recently a director of the Bank of England, when he severed his connection with the bank to enter Baring Brothers, a large banking firm in London, as a director. Mr. Peacock, who is to represent the late Sir John A. Macdonald in the Canadian exhibit in the British Empire Fair, is one of the outstanding Canadians who have made good in the Old Country. Mr. and Mrs. Bosworth are entertained frequently at the handsome residence of Mr. and Mrs. Bosworth, with whom they traveled on the Continent last year. Mrs. Bosworth was very popular here as Miss Daisy Sears.

Mrs. James A. Stephenson, 262 Union street, made her home the occasion for a delightful surprise on Thursday evening, when Dr. William Macintosh, on behalf of 30 assembled friends of Mrs. Samuel Willis, of 22 Wall street, presented her a handsome leather purse. She received a very pretty bag from the ladies of St. Mary's W. A., of which she was president, the week previous. Mr. Willis recently presented an umbrella by his friends. On Thursday evening Mrs. Stephenson was assisted in entertaining her guests by Mrs. Macintosh and Mrs. W. A. Simonds, who presided over the tea table, and by others, who assisted in serving. Mr. and Mrs. Willis expect to leave for Boston in about two weeks.

Miss Louise Driscoll arrived home yesterday from Montreal and Ottawa, where she has been a visitor for three months. Miss Driscoll was visiting her sister, Mrs. T. J. McCaffrey, and Mr. McCaffrey, of Montreal, and with Mr. and Mrs. Jack Neville, of Ottawa.

Miss Clara Wardill, of Broadstairs, Kent, England, arrived from Ottawa yesterday and will be in the city un-

OH, GIRLS! Here at Last Is a Model Man Who Is Prize "Clothes Horse"

(By Steve Hannigan.) New York.—The most photographed man in New York is George A. Croker, the highest-priced clothes horse in the world.

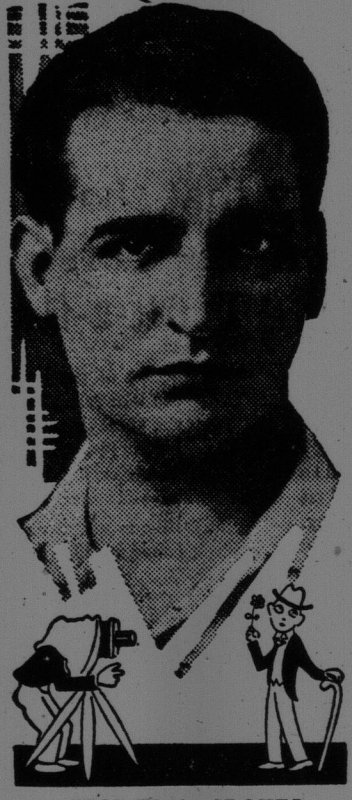

He models everything from hats to shoes and is considered the perfect man by photographers. George who is 26 years old, with black, curly hair and brown eyes, weighs 174 pounds and stands 5 feet 11 inches high.

Born in Troy, N. Y., he first modeled collars and then came to New York where he has posed as the perfect model for hats, suits, shoes, jewelry—for sculptors, photographers and artists.

His pictures are constantly being published in newspapers and magazines throughout the country. When a manufacturer wants to introduce a new and daring innovation in dress, he commissions George Croker to display it at the most fashionable social functions.

Then the copy cats push in and follow in his stylish wake. Skating is George's favorite winter sport, with tennis and golf holding forth in the summer. But three times each week—winter and summer—he indulges in a hard workout in the gymnasium to retain his graceful lines. Once he trained down 30 pounds to model a certain costume. "I can decrease my weight 10 pounds a week," he said.

His next week, when she sails for her home, Miss Wardill has been on the west coast, on Valdes Island, off British Columbia, with her brother, Mr. Charles Wardill, for two years. She has been the guest for two weeks of Mr. and Mrs. S. Rettie, Ottawa.

SAYS 'SPIRITISM IS NON-CHRISTIAN'

Dr. Griffith Thomas Declares it Denies Deity of Christ.

Spiritualism denies the Deity of Christ and denies His Atonement, therefore, it is non-Christian and anti-Christian. This is the real test of a movement—the place in which Christ is put in it. Spiritualism can be accounted for in three ways—Teopathy, fraud and the work of evil spirits or demons. These assertions were made by Rev. Dr. W. H. Griffith Thomas, of Philadelphia, at St. John's church last evening before a large congregation. The subject of the address was "Does Death End All?"

Conan Doyle in a few words by mentioning this writer's belief in the reality of fairies and his book on the subject, Of Sir Oliver Lodge, he said that, while he was profident in his own sphere of physical science, this did not make him an authority in metaphysical science or spiritualism. The Lord was the only expert whose knowledge of the future life could be trusted. If one believed in a righteous God, he must believe in immortality.

GUARDIANSHIP OF CHILD BILL WINS

London, April 4.—General support was given in the House of Commons today to Mrs. Wintringham's guardianship of infants bill, which was read a second time. The bill provides that the mother of every legitimate infant shall be a guardian jointly with the father and have equal authority, rights and responsibility. Mrs. Wintringham, stressed the present unfair position of married women compared with unmarried mothers of children who are separated from their husbands, with respect to the custody of their children.

Kindness to Dog Saves 32 Lives

(By Alexander Herman.)

New York.—Kindness pays. Thirty-two persons here can prove it. For none of them would be alive today were it not for the kindness of two of their number to a dog. All were asleep in a large New York apartment, when fire broke out at 5 o'clock one Sunday morning. The flames spread rapidly. Many were soon overcome. None awoke. But Fluffy, the Scotch collie dog, asleep at the foot of Mr. and Mrs. Frederick Donaldson's bed, scented trouble. She whined. But no one heard her.

FLUFFY AND THE COLLAR AWARDED HER FOR HEROISM with a silver-mounted collar—the D. S. M. of dogdom.

So she leaped up on the bed and tugged away at her master, barking as loudly as she could. Finally she aroused him. The two then ran through the smoke-filled halls, sounding the alarm. But flames soon cut off their escape and they were driven back to their rooms. There they joined Mrs. Donaldson on a narrow fire-escape, and the dog lay down quietly on the window ledge, as the man carried his wife down the escape.

"Fluffy knew that I would come back for her," says Donaldson. "She wouldn't budge from her narrow perch, even though she could see the flames licking their way through our rooms. When I picked her up, she clung close, and tried to make herself as light as she could. For she weighed close to 100 pounds, and made some load down the ladders."

Poisoned

The tragedy that shadows so many lives. Auto-intoxication, the curse of the nation. The Fruit Treatment, "Fruit-a-tives," a scientific triumph.

90% of all human ills are due to auto-intoxication, or self-poisoning. And we find this proportion of sickness holds true steadily with both men and women. They seem to have no way of protecting themselves against auto-intoxication or self-poisoning. Even the normal, healthy person is full of deadly poisons—the natural results of the foods we eat.

NATURE PROTECTS US against the poisons by the action of the bowels, kidneys and skin in ridding the system of waste. But the action of these vital organs must be regular. If the bowels are not regular, waste matter is allowed to remain in the body, generating poisons which are absorbed by the blood and which literally poison the whole system. Headaches are the direct result of this blood poisoning, for the poisons in the blood stream are carried to the brain and irritate and inflame the delicate nerves, causing the intense pain from which so many women suffer.

action of the bowels sends the blood to the kidneys so laden with impurities that the kidneys are over-worked and strained, just as you strain the muscles in your arms and back if you attempt to lift anything beyond your strength. Bilious attacks are simply the result of constipation, as are Bilious Headaches.

There is the fruit treatment—the juices of fresh, ripe apples, oranges, figs and prunes, combined by a process discovered by an eminent physician. By this process, these fruit juices are so concentrated and intensified that the medicinal action of the fruit juices is many times increased. These intensified juices are combined with tonics and made into tablets, now known everywhere as "Fruit-a-tives" or "Fruit Liver Tablets."

GET READY BLACK BOOK OF CROOKS

Police Prepare for Shady Characters' Visit to Empire Exhibition. London, April 5.—Scotland Yard's black book of crooks who are regarded as almost certain visitors to England during the British Empire Exhibition is now almost complete. It will be an unique record of the names and methods of working of criminals known to the police in most countries of the world on account of their habit of traveling in search of booty. The book is sure of a wide circulation. It will be illustrated throughout by photographs, not only of crooks who have already been in trouble, but also of others whose extravagant ways living have attracted the attention of the police. It is but natural that where the carcass is there will be the vultures gathered together. All world criminals know from experience that they are pretty certain to secure substantial hauls by following the crowd. Among the people at some of the chief hotels in London, there will doubtless be not a few men and women who live luxuriously by their wits and a careful and discriminating selection of wealthy victims. Jewel thieves, confidence tricksters, pickpockets and rogues of every type are expected in large numbers, but they will not find the police unprepared.

One of the best known detectives in London, whose experience has ranged over many parts of the world, says that the biggest problem which the police have to face is that of the new recruit to the criminal classes. "It is said in America," he remarked, "that a new 'grafter' is born every minute, and that statement is equally true of other criminals."

Although, thanks to the rigorous methods of Scotland Yard, London is now relatively free from confidence tricksters and the type of crook who operates on a large scale, one never knows when a new criminal genius is going to appear. "All arrivals from abroad" will be

closely scrutinized, and visitors, provided they exercise a little care and common sense in the matter of promiscuous acquaintances, can rest assured that their interests are not likely to suffer from any neglect on the part of the police. Minard's Liniment for Colds.

TELLS HOW TO BE 80 AND LIKE IT

Major Putnam Speaks of Hard Work and Keeping Interest Sustained.

Major George Haven Putnam's checks show like rose autumn apples as he bustled out of a board meeting yesterday afternoon, says the New York Herald-Tribune, to tell in a breath how it feels to be eighty years of age and still going strong.

After attending to his morning mail, a task which he said to perform with amazing speed while business are only just thinking of getting to their offices, he received congratulations and chatted with friends.

THE VALUE OF GOOD READING FOR BOYS

Every boy has his favorites. In very early years, ours were Baum's "Wizard of Oz" series. Then we met, later on, Dunn's Civil War tales about that amazing hero, Fred Shackleford, if we remember the name correctly.

CUTICURA HEALS LARGE PIMPLES

On Face, Itched and Burned.
Caused Loss of Sleep.

"I was troubled awfully with pimples on my face. Little white spots formed at first which later broke out in large, red pimples that festered and scaled over. They itched and burned causing loss of sleep, and my face was disfigured.

Other remedies were used without success. A friend recommended Cuticura Soap and Ointment so I purchased some, and after using them about a week I got relief. I continued using them and in a comparatively short time my face was completely healed.

Government and private measures proposed. The contents of some of the bills are very interesting and but little is said about them until they go before the different committees for their consideration or are discussed in the House.

SET GOOD EXAMPLE, PLEA TO MOTORISTS

Veteran Drivers Requested to be Careful so New-comers Will be, Too

With the opening of the motor season in a very short time and new drivers starting, the New Brunswick Automobile Association, at the regular meeting in the Board of Trade rooms last evening, decided to ask all experienced drivers to set a good example to the newcomer at this time when the traffic safety was the most important motor necessity.

CUTS!

Minard's eases inflammation, soothes and heals cuts and bruises. MINARD'S "KING OF PAIN" LINIMENT

the usual number of grade-crossing catastrophes and other inexcusable accidents and fatalities incident to careless motoring. If the seasoned motorist will do everything in his power to keep his driving above reproach it is a foregone conclusion that the new drivers will be impressed with their shortcomings and, therefore, make every attempt to make the grade, one member said.

NEAR EAST RELIEF MEETS.

The New Brunswick committee for the Near East Relief fund met yesterday afternoon in the Board of Trade rooms with Hon. J. G. Orbes, president, in the chair. Important matters were discussed but action was deferred until Tuesday. Rev. A. E. Kochaly, Maritime agent, told of his trip up the St. John River and the success of the campaign at Woodstock, Centreville, Aroostook Junction, Plaster Rock, Perth and Andover. W. Jessop, who organized the campaign in this district and is now directing the campaign in the State of Maine, was also present at the meeting and he told of the good response with which the appeal was meeting in Maine. Mr. Jessop and Mr. Kochaly left last night for Moncton and intended to go on to Campbellton where Mr. Kochaly will spend the remainder of the week. Mr. Jessop will return to St. John in a day or two.

REBUILDING TRAIN PLATFORM

A gang of carpenters were engaged yesterday in repairing the lower end of the wooden platform between tracks and at the train shed in the Union Depot.

TOURISTS BROUGHT 4 MILLION TO N.B.

Estimate Given in Dominion Review—\$136,000,000 to All Canada.

The importance which the Tourist business is assuming is strikingly shown in a report recently issued by the Dominion Parks Board, that is the board which is charged with the administration of the National Parks throughout the Dominion, says the Halifax Chronicle. These parks alone have attracted many visitors to the country, and through the work of publicity are becoming more widely known every year. The Dominion Parks Board after a collection of all available statistics on the subject, estimates that the value of tourist travel to Canada in 1923 was \$136,000,000. This is a tremendous sum, yet it is pointed out by the board that it is a conservative estimate of the value of the tourist business to this country last year.

It is interesting to note that British Columbia leads the list of the provinces, probably partly for the reason that the visit of the late President Harding to that province last summer attracted an unusually heavy stream of American visitors, and also to the fact that important tourist routes of travel run from large centres of population in the United States, and particularly from California, into the Coast Province. It is estimated that British Columbia derived last year at least \$80,000,000 from tourist travel. Some estimates go much higher, but this figure is considered reliable. Alberta, which has several of the national parks is credited with \$20,000,000; Saskatchewan and Manitoba combined with \$10,000,000.

Work in Nova Scotia

Nova Scotia made its first organized effort on a provincial scale last year the estimated return of \$6,000,000, to attract tourists to this province, and which was probably under rather than above the mark, abundantly justified the efforts put forth. There is no reason in the world why this sum should not be doubled in the course of the next year or two. Last year the sentimental appeal of the Scottish celebration at Pictou was a powerful rallying cry in attracting tourists to Nova Scotia, and especially in bringing back home many of our sons and daughters scattered all over the continent, in Canada as well as in the United States. This year we should be equalled, if not surpassed, in having the historical as well as the sentimental aid of the proposed Halifax Summer Carnival in August to commemorate the 178th anniversary of the arrival of Cornwallis and the founding of Halifax in 1749. Halifax is a famous city in the history of the English-speaking settlement of this continent. It has been associated with British military and naval power in North America from the very beginning, and the coincidence of the anniversary with the visit of the British naval Squadron will make the occasion especially interesting and memorable.

FELLED BY BICYCLE; TAKEN TO HOSPITAL

The shock to the crowd that witnessed the accident was very nearly as serious as the injury sustained by Albert Payne in a bicycle accident in East St. John last night at about 10 o'clock. There was a fair sized crowd coming from the Community Club rooms and going towards the post office in East St. John when Ralph Pederson came past in the opposite direction on his bicycle and either misjudged the distance or could not see very clearly, for he suddenly collided with Mr. Payne and threw him violently to the ground. Mr. Payne was knocked unconscious and the onlookers were seriously concerned. He was rushed to the General Public Hospital as quickly as possible in the first conveyance that came along and was still unconscious when he reached the hospital. He came round, however, shortly afterwards and appeared to be resting fairly comfortably.

The NEW ESSEX

What Experts Here and Abroad Say About It:

- "Hudson has produced a super Essex . . . It looks like the proverbial knockout."—From Automobile Topics. "The New Essex is a revelation of performance, ease of riding and of smoothness."—From Motor Age. "Steers easily, even on loose gravel at 50 miles per hour."—From Motor World. "A wonderful value—a car of which Hudson engineers have a right to be proud."—From Motor Life. "Possesses qualities I didn't believe could be incorporated in a closed car at \$975."—H. A. Tarantous, in Motor (U. S. A.)

and "MOTOR" of London, England Says:

"For a very considerable time the Essex car has been one of the most popular American productions marketed in this country, and has won an enviable name for reliability and road performance. Good as the four-cylinder model has proved to be in service, however, the manufacturers have superseded it in favour of a six-cylinder model. It represents a very great advance in design on the old car, and is one of the most interesting American vehicles that has ever been imported here, chiefly on account of the fact that the engine is only just over two litres capacity. "Outstanding features are the splayed rear semi-elliptic suspension, the sturdy frame, accessible power unit and components, oil system of chassis lubrication, general finish of chassis and bodywork, and the remarkably low price. "So much for the details of the chassis. A short run on the road proved to our satisfaction that the car did not belie its appearance. The engine is vibrationless and will take the car along at so slow a speed as 2 1/2 miles per hour without a tremor from the transmission. From even this low speed a ready pick-up can be obtained without changing down. For a 2-litre power unit the acceleration on second is terrific; in fact, it is one of the most lively cars in which we have ridden. Thirty miles an hour or over seems but 10 or 12, so smooth is the engine, while ordinary main-road gradients can be surmounted in excess of 45 miles per hour. "The steering is particularly light for an American production, very accurate, and an ample lock is provided. The brakes, both hand and foot, could not be better, for they are very smooth, progressive and powerful in action. The transmission is noiseless, and in every way the new Essex six-cylinder can be put down as a real delight to drive."

"Even better than my former ESSEX" say Thousands of Owners

It is the most talked of car ever brought out by Essex. Old owners say it duplicates the pep and dash of the former Essex up to 50 miles an hour, while far surpassing it in smoothness and riding ease. Thousands who examine and ride in it daily are proclaiming qualities never expected in a car of its price. They call it the easiest riding car they ever knew. Safe, comfortable and steady on all roads at all speeds. A special design that will interest you accounts for that. It starts instantly in any weather. Steers easily as a bicycle. Gears shift noiselessly at a touch. Even those who keep but casual track of gasoline and oil mileage, are astonished at its economy in those respects. And the minimum service cost policy, continues these economies in inexpensive maintenance throughout all the years it serves you. Ask your dealer for the parts price list. And take a 30 minute ride to learn the facts.

COLUMBIA WANTS OUT NEGRO FROM DORMITORY

Authorities Back Wells. Who Says He Will Remain Despite Students' Protest.

New York, April 5.—The authorities at Columbia University announce that they will stand behind Frederick W. Wells, a negro law student from Fenwick Hall, a graduate dormitory, who has been protested by other student roomers. Dean Herbert E. Hawkes, chairman of the residence halls committee, and Herbert B. Howe, director of dormitories, said Wells would be treated as any other student regardless of color. Although the Farnald Hall house committee adopted a resolution to ask the University authorities to remove Wells, Dean Hawkes said he had received no such request. The committee probably will ask Wells to move to prevent embarrassment, but Wells said that he "would not be bullied," and that he intended to stay in Farnald Hall as long as he can afford it. He has paid his rent through the summer.

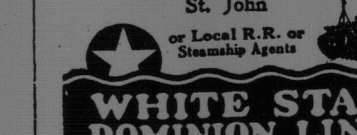

HEALTH STUDENTS PROGRESS.

The 83 children following the health classes in the Health Centre are making good progress in their class work and in following the health rules in class and out of class. As one of the requirements of attendance at the classes, the children are drinking milk each day and they have all gained weight satisfactorily.

GRAY-DORT

Quality is a Policy of This Company

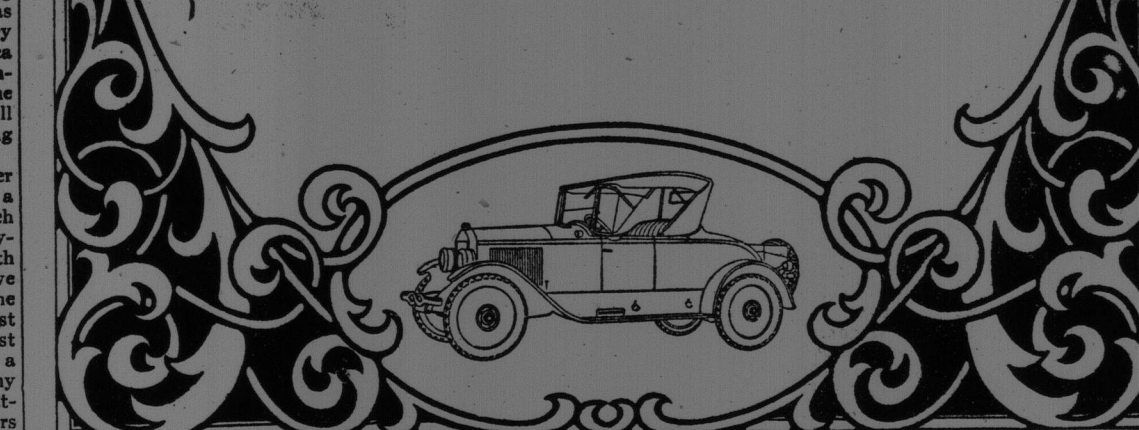

WE believe that quality must be a basic fundamental of any manufacturing business if the purchaser is to be able to buy its product with confidence.

The new management of Gray-Dort Motors establishes as the prime factor in its program that every Gray-Dort Car it sells must be a car of real quality. Every car must be built on the very soundest engineering principles from perfect parts by skilled workmen and tested thoroughly by conscientious inspectors.

A number of refinements have been made in the car to carry out this policy. You can visit the Gray-Dort dealer knowing that there need be no doubt on your part on the subject of quality. It is only a matter of selecting the car best suited to your needs.

Mark This Example of what Studebaker alone can do

STUDEBAKER is the world's largest maker of quality cars. Our assets are \$90,000,000. We have \$50,000,000 in model plants. Our sales have almost tripled in three years, because of our matchless values. Last year, 145,167 people paid \$201,000,000 for Studebaker cars.

Come and learn why. Come and see, before you buy a car, the reasons for this success. See the Light-Six Touring Car, for instance. Built of the finest steels. Of the very same steels we use in the costliest of our cars. On some we pay makers 15% premium to get just the quality specified. Built under an engineering department which costs us \$500,000 yearly. Each car subjected in the building to 32,000 separate inspections.

A Studebaker body, built by a concern which has for decades held supreme place in coach-building. Two great features. There are many features in the Light-Six found in no rival car. But we want to mention two in particular.

The motor is perfectly balanced. That means long life and freedom from vibration. The reason is this: We machine all surfaces of our crankshafts and connecting rods by 61 operations. Just as was done in Liberty Airplane Motors. This is done in no other car at our price. Then we use more Timken bearings in this car than are used in any competitive car within \$1,500 of our price. And Timken bearings take up wear as no other bearings do.

QUEBEC POWER FOR CAMPBELLTON

Campbellton will have hydro electric current by October first, says the Graphic.

For some time representatives of the Lower St. Lawrence Power Co., Ltd. of Rimouski, which company has developed hydro power at Matis Falls, has been conferring with town officials in reference to supplying hydro to Campbellton. A proposition has been accepted and will be placed before the directors of the power company at a meeting to be held next Tuesday. The Graphic understands that the proposition is as follows: The Lower St. Lawrence Power Co., Ltd. will supply the town of Campbellton with 1000 H.P., at the rate of \$87.50 per H.P., and an additional 1000 H.P. at \$25.00 per H.P., in blocks of 100 H.P. as used. The company will build a transmission line to Matapedia, but will be permitted to sell electric current to any user in Restigouche county.

Mutual Service Measured in Millions

THE steady growth and increasing usefulness of this company may be illustrated in no more striking way than by the figures showing the annual payments to policyholders. For example, this table comparing figures for every tenth year since 1873:

Table with 2 columns: Year, Amount. 1873: \$2,687; 1883: \$62,595; 1893: \$212,828; 1903: \$493,721; 1913: \$1,396,445; 1923: \$5,369,743

The total disbursements of the Mutual Life to policyholders or their beneficiaries up to the end of 1923 amount to the immense sum of \$47,108,707.62. Policyholders of today will appreciate the present position of the Company when they understand that at the present moment we hold in reserve for future payments no less than \$95,383,426.66. This means a total either paid to policyholders, or held in reserve for them exclusively, of \$106,492,134.28.

The Mutual Life of Canada is one of the strongest insurance companies in the world. Let us send our literature explaining the principles of true Mutuality.

KENNEDY OF HALIFAX ENTERS FOR BOXING CHAMPIONSHIPS HERE

M. C. I. Also Gets More Names—Will Put Bout on Well.

The Y. M. C. I. committee in charge of the N. B. amateur boxing championships to be contested at the Armories on next Friday evening, received a big piece of news in connection with the meet this morning when Halifax sent word that Raymond Kennedy, a sturdy 135-pound man would be here for the contests in that class. He was expected to enter, but when the list of other Halifax boxers came over a few days ago, it was said that the word was not definite about him. Now it is assured that he will compete. This will add greatly to the interest of the fans and also will be a notable factor towards the success of the championships. Kennedy is regarded as one of the classiest of his weight in these parts.

Other good entries are also announced this morning: Cavanaugh of New Glasgow, the 112-pound champion; Murray Young of the Y. M. C. I., 108-pounds and George Sprague, 147-pounds. If the interest already being manifested in the New Brunswick amateur boxing championships increases, this big event promises to eclipse anything of its kind ever held in this city. The championship matches are to be held in the Armory next Friday night under the auspices of the Y. M. C. I., and an efficient committee are, daily meeting and working out details. One of the big features in connection with the meet is that there will be no waits. The committee are perfecting their plans in such a manner that the fans in attendance will find something to hold their interest from the minute the announcer introduces the participants until the last bout is staged. In addition, an organization is being perfected to efficiently handle the crowds and cause no unnecessary wait or inconvenience in reaching their seats. Fans will be interested to learn that Eric Snow, a former 108-pound provincial champion, has sent in his entry. He is now in the 128-pound class and will be competing with Louis Donovan, Bruce Winchester and other local stars. The Y. M. C. I. gymnasium presents an animated scene every evening when a number of the boys assemble to work out for the bouts. Many of them are showing real class, and many surprises are expected when the big boxing classic is staged.

After Nearly Twenty Years of Suffering Quebec Lady Finds Relief in Dadd's Kidney Pills

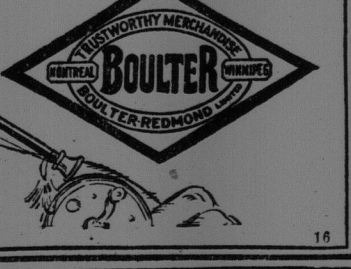

Miss A. Blanchette suffered from rheumatism and bad headaches. St. Edouard, Que., April 4.—(Special)—The sterling value of Dadd's Kidney Pills as a household remedy is shown by the following statement from Miss A. Blanchette, a well known resident here. "I am sixty-two years old and have suffered for nearly twenty years from rheumatism. I also used to have headaches and was often tired and irritable. After taking four boxes of Dadd's Kidney Pills I got relief. I advise all those who suffer from kidney trouble to take them." Dadd's Kidney Pills act directly on the kidneys. They put them in shape to strain the uric acid out of the blood. Without uric acid in the blood there can be no rheumatism and sciatica. Dadd's Kidney Pills can be taken by old and young alike, with the same beneficial results. Obtained from all druggists, or The Dadd's Medicine Co., Ltd., Toronto.

OLD MASTER IS SHOWING THE WAY

Dr. Emanuel Lasker, Former Champion, Leading in Chess Tournament. The first half of the international chess tournament at the Hotel Alamac, New York, has now been completed, and the leader is neither a young blood nor an apostle of the "new idea," says the New York Times. It is the "old master" who is showing the way, Dr. Emanuel Lasker of Berlin, the former world's champion, who won the title from Steinitz when his nearest competitor of today were in the nursery. He is the oldest player in the tournament, but there has not been the slightest sign that his 55 years have lessened his ability to withstand the strain of such a long, hard struggle as the one in which he is now engaged. His spirit, force and skill compel admiration for this veteran, no matter who one's own choice may be. Not only has Dr. Lasker made a slightly better score than any one else, but his playing has been the most consistent of any in the tournament, and his manner at the board the perfect that it always was. Nothing surprises or disturbs him. Whether his opponent makes the best or the worst move, the strangest or the most familiar, he gazes at it with the same impassive countenance and writes it on his score card with the same steady hand. Then he studies the position with a facial expression that suggests he has seen that very arrangement of pieces a hundred times before. When he moves himself he does so with an authority that must be discouraging to any but a lion-hearted adversary. Furthermore, he is never bothered by the time limit. The clock has not held such terrors for him as it has on several occasions for others, Alekhine, for example. Capablanca appears to have recovered his true form. His victory over Bogoljubov was achieved with one of his neat, precise combinations that ended a campaign against a slight structural weakness. Should any mishap befall Dr. Lasker, the Cuban may gain the first prize. Alekhine is still closer to the leader and he, perhaps, should be considered second choice in guessing the ultimate winner. But he has failed to dispose of men that he was expected to defeat, was himself beaten by Dr. Lasker, and narrowly missed resigning to Capablanca. None of the others is likely to threaten the three named for highest honors.

CHAMPION SCULLER NOT READY FOR JUNE RACE

Philadelphia, April 5.—Although the Philadelphia Gold Challenge Cup committee has just decided that W. E. Garrett Gilmore, the present titleholder, and Paul Costello, former national champion, shall compete on the Schuylkill course June 7, the race may not be held. It takes two to make a race. Costello, the challenger, is perfectly willing to battle over the mile and a quarter course, but Gilmore is not. The Bachelors Barge Club sculler, who brought the \$1,000 gold cup back to Philadelphia last fall by his convincing victory over Walter M. Hoover at Duluth, said that the June 7 date will conflict with his preparations for the Olympic trials a week later.

TROJANS MEET U. N. B.

The Trojan basketball team, finalists for the Maritime championship, left for Fredericton this morning to play the University of New Brunswick quintette at the college gym this evening in the first meeting between these teams this year. The Trojan line-up will be: Forwards, Gordon Wilson and Urquhart; centre, "Beef" Malcolm; defence, Hollies and MacGowan. Les Kerr, the regular defence man, was unable to make the trip and Alan MacGowan will fill in. While the Trojans are meeting U. N. B., Truro, Nova Scotia champions, will be tackling Mount Allison's team on its way home from Wolfville.

PORTLANDS MEET.

A meeting of the Portland baseball club was held last night in the North End Improvement League rooms for final organization purposes. Gordon Logan was elected captain for 1924. A committee of which Charles F. Stephens, president of the club, was chosen as chairman was appointed to wait on the executive of the St. John City Amateur Baseball League. The Portlanders are to play under the auspices of the North End Improvement League. The following players, according to a club member, signed up last night: Thompson, Logan, Ira Hannah, Brooks, Ross, Snodgrass, Charles Gorman, Corrigan, Capron, R. Bartlett, McCausland, Doherty, Pierce and Peckham. Their uniforms will be of gray with black piping.

Pittsburgh scored three goals in the first period, two in the second and one in the last, while Boston scored in the third period.

BREAST STROKE RECORD BROKEN

American Stops German Monopoly in That Style of Swimming.

Chicago, April 5.—American ingenuity has broken a German monopoly on world's records in breast-stroke swimming. When word recently was flashed over the wires that R. D. Skelton of the Illinois Athletic Club had broken another world's record, this one for 200-meters in a 75-yard pool, no mention was made of two interesting facts which now emerge. These facts are that Skelton's mark was the first real, international, world record ever made by an American in the breast stroke, and that his performance was due to the development of a discovery made by his coach, William Bachrach, who has been appointed head coach of the American swimming team for the Olympic games. Coach Bachrach's invention, by which Skelton was able to beat the German record of 2m. 54.2-5s., is an improvement on the leg stroke commonly called the "frog kick." Bachrach reveals the secret of the new leg action for the first time in his forthcoming book, "The Outlines of Swimming." In a special chapter on breast-stroke swimming Coach Bachrach explains that the Germans have always been invincible in world's records, breaking and in the Olympic games before the war in breast-stroke swimming, because it was the national style of swimming and was compulsory in the army. He states that all previous world's records claimed by Americans were for the 60-yard pool. The international swimming federation, however, considers only the records made in 75-foot pools and the Germans and Austrians held all of these. "Most of the burden of propelling in the breast stroke," says Bachrach, "is upon the legs. The old style of leg action requires tremendous power in these members. The Germans seemed able to develop the power needed. I had never been able to find an American youth endowed with legs strong enough for this stroke." Bachrach explains that the so-called "frog kick" calls for a three-count action of the legs. His new stroke, done in two counts, diminishes the resistance created in preparation for the driving action. It requires less leg-power but delivers much greater efficiency for the energy expended. "The old style of leg strokes," writes Bachrach, "brings the knees bent and feet held together in preparation for the drive. The feet are then separated and thrust to the rear to form a V figure. Then comes the drive in which the feet are slammed together with all the force the swimmer commands." "Bringing the legs up underneath the body offers so much resistance to the water as almost to stop progress entirely, causing a very broken pace. By the leg action I have taught Skelton, the legs are not doubled up under the body. The knees bend, not separate, but outward to effect a direct separation of the legs. The legs assume the V figure as the knees straighten and the drive back together again starts instantly. "In this stroke it is not necessary to drive the feet together until the shins bang against each other. The only real drive comes at the beginning of the closing movement. Then the legs are allowed to relax, and coast together in a follow through." The legs are used as though they were a pair of fish tails, and the driving action is like snapping the tail of a whip." I. I. Parry, who attracted considerable attention as a breast stroke swimmer at University of Minnesota, began to break American "world's records" after joining Coach Bachrach's squad. He says his increased speed is due to Bachrach's instruction in the new style of leg action. Coach Bachrach has been as inventive in other styles of swimming as in the breast stroke. On the American swimming team which Coach Bachrach will take to the Olympic games probably will be a majority of his own confidants in ability to serve as a determination to serve well. "You'll Like the Flavor."

NEWS NOTES GATHERED FROM THE WORLD OF STAGE AND SCREEN

CHAPLIN SPIKES SPECULATION; HE'S BACK IN COMEDY WITH BOTH FEET

Story That He Had Broken With Edna Purviance Denied.

(By Jack Jungmeyer.)

Hollywood, April 5.—It is a curious coincidence that whenever Charlie Chaplin begins a picture his bamboo cane is as busy puncturing a flock of assorted rumors as it is describing arcs of comedy.

The latest story to be deflated is persistent whispering that Charlie had severed all professional connection with Edna Purviance, many years his leading lady, because Lita Grey was given that role in his forthcoming production.

This Charlie emphatically wishes to deny, asserting that Miss Purviance is still under contract and receives her weekly salary just as if she were actively engaged.

Miss Purviance, who scored a distinct triumph in Chaplin's "Woman of Paris," will again appear in a dramatic production supervised by Charlie, he announces.

Rumors that the comedian had broken with Edna were shortly after the Courtland Dimes shooting scandal, which headlined Miss Purviance and Mabel Normand as dinner guests of the Hollywood boom vivand when the host was shot.

This was shortly before Chaplin announced Lita Grey as leading woman in the Alaskan gold rush picture now being made. And Hollywood, dotting on gossip speculation, promptly drew conclusions.

Another rumor which Chaplin says will not materialize is that he will direct Mary Pickford in a photoplay of the London slums.

He wants it known that he is back in comedies, to continue playing the character that brought him fame and fortune. While a Chaplin unit for production of dramatic films may be organized under his supervision, the old type comedies will not be relinquished.

And while he's spiking speculation, Charles Spencer Chaplin, the world's most celebrated bachelor, enters a general denial that he is engaged, he married to anyone, famous or otherwise.

MAY OPERATE ON M'GUE'S ELBOW

Champion's Arm Injured in Training—Stribling and Delaney.

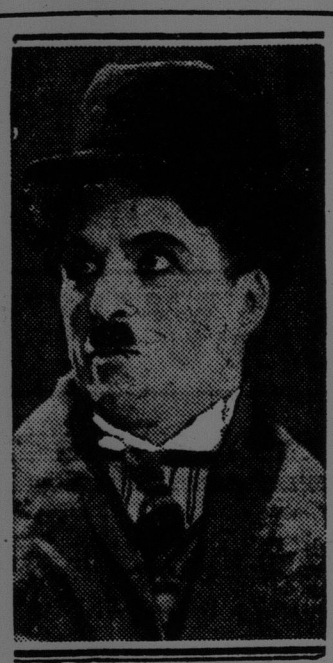

Mike McGuire's rather miserable showing against Young Stribling last Monday night at the 1st Regiment Armory in Newark, where they met in a two-round bout, may have been due to the fact that in the sixth round, according to what Mike said, his left elbow was severely injured, says Jack Lawrence in the New York Herald Tribune. Mike has been noted for timely and interesting alibis, but in this particular case he has an elbow swollen to twice its normal size to corroborate his statements. This, in fact, is the swelled alibi Mike ever had.

Mike says this port elbow was originally injured during a training bout, when he stopped a heavy blow with it. Mike usually stops punches with his chin, but on this occasion he absent-mindedly took the wallop on the elbow. For a time it looked as though the injury might necessitate a postponement of the Stribling contest, but the battered elbow came around in good shape and it did not bother the world's light heavyweight champion until he stopped a smash with it in the sixth round of his Newark scuffle with the Georgian.

Dr. S. L. Meylackson examined the arm and then handed to McGuire a typewritten statement calculated to assist him in convincing the skeptics. The statement follows:—

"This is to certify that I have examined Mr. Mike McGuire and found him to be suffering from myositis of the left arm, due to an injury received in the Stribling contest. His left arm is badly inflamed in the region around

CHARLIE CHAPLIN.

the elbow and is about twice its normal size.

X-Ray Will Be Necessary.

Dr. Meylackson said that he could not determine the exact extent of the injury until he had taken an X-ray. It appears that McGuire's left hand is also out of commission, and this too will be X-rayed. It will be recalled that McGuire claimed to have injured his left hand just before his first meeting with Stribling in Columbus, Ga., on October 4. He always insisted that he fought that battle with one hand.

In Mike's behalf it can be said that he made no attempt to force this alibi on the public. In fact, when he was asked about the injury, he said that he would rather not discuss it and referred newspaper men to Dr. Meylackson. Paddy Mullins, manager of McGuire, said yesterday that the champion received the injury some time between the third and sixth rounds. The mishap will keep Mike out of the ring for at least six weeks, possibly several months, it was said. An operation will almost surely be necessary.

McGuire alleges that many of the swipes he took on the chin from young Mr. Stribling were due to the fact that he couldn't raise his left arm to guard himself. Mike admits that his showing was a poor one and he also pays a tribute to Stribling, who, he says, has improved a great deal since their first encounter at Columbus.

Stribling, who boxed an exhibition in Hartford, Conn., for crippled soldiers, will probably remain in New York for another week. Scotty Monteith, matchmaker pro tem for Madison Square Garden during the absence of Frank Flourney, is making an effort to bring Stribling and Jack Delaney together in a six-round bout at the Garden on May 9, the last show of the present indoor season to be held there. If Delaney is unavailable it is possible that Jimmy Slattery of Buffalo, who won a decision over Stribling a short time ago, may be offered the bout. The Georgia schoolboy cannot box more than six rounds in this state because he is not yet 21.

Word comes from Universal City to the effect that Percy Marmont has been engaged for the leading masculine role in the production of Mary Robert Rinehart's novel, "K."

It is said that Orville Caldwell, who plays the Knight in "The Miracle," has been chosen by Elmer Clifton to play the leading part in "Crossed Wires."

Lauder Finds U. S. "Still Is Scotch" But "Goin' Rye"

New York, April 5.—At intervals before the Cunard liner Berengaria sailed this week the ship news reporters met on the starboard promenade deck amidships and asked one another:—

"Have you seen Mrs. William Howard Taft?"

The wife of the Chief Justice of the United States Supreme Court was listed as a passenger, and the reporters wanted to talk to her, but no one was able to find her. So they scouted around picking out other important persons. They found Sir Harry Lauder without difficulty, because he was the only man aboard who happened to be wearing kilts.

"What do you think of prohibition?" he was asked.

"Ah, well," Sir Harry sighed, "it's our expensive. Ye might say the country's goin' rye, but frae ma experience it's still Scotch."

He was asked when he was coming back.

"You mean when wul I make ma fourth farewell appearance. Weel, speakin' very confidentially, I might say Ah don't know."

Sir Harry said the most interesting thing about the United States was that it was a country of evolution rather than revolution, and that the workings of evolution were on a stupendous scale.

He adjourned to the boat deck and engaged in a snowball fight with Mrs. Lauder for the benefit of the photographers.

It was not until after the reporters had seen W. H. Sullivan, assistant superintendent of the Department of Immigration for Canada, George Baklanoff of the Chicago Opera Company, and John Marriot's grandson of Mr. and Mrs. Otto H. Kahn, and were assembled once more on the starboard promenade deck amidships that they discovered Mrs. Taft. She was standing by the rail right in front of them, and had been standing there all the time. She is a small gray haired woman, and was dressed in black. She declined to be interviewed and did not want to be photographed, but she had been found.

Another passenger was L. Lither, motion picture director.

UNUSUAL TOUCHES.

We are told that Hunt Stromberg is putting unusual touches into the series of Harry Carey pictures now being made for Hodkinson release. In "The Night Hawk" Carey played a duel role—a New York gang leader and a hard-boiled cowboy. In "Desert Rose," which is just being finished, mental conflict has a strong bearing on the climax, and there are thrills and last-minute escapes.

"Untamed Youth" is now the title of the production which hitherto has been known as "Beware the Woman." It is based on a play by Charles Beehan, and Dorelys Perdue has the leading role.

Bruno Walter Off To Conduct London Opera

New York, April 5.—Bruno Walter, guest conductor of the New York Symphony Orchestra, having finished his American season, sailed for Europe on the Hamburg-American liner Albert Ballin. He is going to London to be chief conductor at Covent Garden, and his repertoire will include German operas, the first in England since the war. Before taking up his duties in London he will conclude his Berlin orchestral concerts.

GOES TO BIBLE FOR PLOTS.

There are writers of fiction who plunge into Chinese quarters for plots, novelists who gather "local color" in every corner of the world, and newspaper writers who seek "copy" among the outcasts of the world's great cities; yet the greatest source of plots and stories goes almost unexploited—the Bible. So thinks Miss May Edginton, the English novelist and playwright, who finds ideas in "the most dramatic book in the world and the best seller." She declares that of many of the best plots, including that of her latest novel, are founded upon scenes in the Bible.

HOW OLD IS GLORIA?

Gloria Swanson, who is now making "Manhandled" at Paramount's Long Island studio, celebrated her— birthday (it isn't polite to ask which one) a week ago by entertaining a number of her friends at a dinner dance at the Ritz-Carlton Hotel, New York. Among her guests were Mr. and Mrs. Adolph Zukor, Allan Dwan, Richard Dix, Bebe Daniels, Cliven Johnson, John Arar, Mr. and Mrs. Stanley Rinehart, Sir William Wiseman and Mr. and Mrs. Rudolph Valentino.

Refined, Delicate Skin Secured by Absorption

No complexion can be considered beautiful if the skin is coarse in texture. This trouble can be overcome by thoroughly cleaning the pores, removing the dirt and impurities which make the skin rough. For this purpose there's nothing better than mercurochrome. The wax completely absorbs the rough, muddy or discolored outer skin and unclogs the pores. The fresh, young skin underneath, then, is evidence, more or less, of a complexion that is naturally refined, delicate, and beautiful. And it is kept so, as the pores now freely expel excess matter and drink in the life-giving oxygen.

Algonquin Hotel's Proprietor to Build Twin in Hollywood

Frank Case Now in Los Angeles in Connection With Projects.

New York, April 4.—The Hotel Algonquin, notable the last few years for its connection with the artistic, theatrical and literary life of New York, is to have a twin in Hollywood. Frank Case, proprietor of this hotel, is present in Los Angeles looking the ground over and laying plans for the new Hotel Algonquin there. It was reliably reported that his chief backer will be Douglas Fairbanks.

It was said the new undertaking would lead to the abandonment of the Algonquin here, one rumor having it that the hotel was already on the market. This feature of the story was denied by a representative of the hotel management though the report was confirmed in other details. It was said that in no even would the Algonquin here be given up by Case.

It was admitted that Mr. Case is in Los Angeles planning the project, though it was said all details had not been settled. It was also acknowledged that the name of Fairbanks had figured in the discussion as a backer.

The site of the new hotel, according to information obtainable here, will be opposite the Fairbanks studio, one of the largest in Hollywood.

Fairbanks has long been a close friend of Case, and was one of the first movie stars to bring his hotel into notice. Practically every actor of importance has stopped there. In addition such literary and artistic celebrities as Gertrude Atherton and Nevins McMein, have been prominent in the throngs of professional persons who make a vogue of lunching there.

"TWENTY-ONE" UP TO DATE.

Richard Barthelme's latest picture, "Twenty-One," is a story of modern life, as contrasted with "The Bright Shaw" and "The Fighting Blade," the two previous Barthelme pictures. "There is one more Barthelme film to come, "The Enchanted Cottage," but when the young actor will make another picture is still undetermined. Mr. Barthelme is in Bermuda now, resting, and although he refused to talk for publication, his lawyer says that his contract with Inspiration will not be carried out.

BEAUTY REVUE AT THE QUEEN SQUARE

Capacity Houses Greet Company in Local Theatre

The Beauty Revue in its last three days' show at the Queen Square Theatre this week, is conceded to be far better than the opening show of the company. Capacity houses greeted them on each occasion. Ted Steel and Tom Lynch proved to be superior in comedy to their opening performance, and they give promise of many better things to look forward to, with their versatility as comedians.

Jere McAuliffe hits the hearts of all with his touches of witticisms. His reading of Robert W. Service's poem, "Where are you going young fellow, My Lad?" was impressive, and the audience set the stamp of approval on his offering by their clamorous applause. Jere is always welcome.

Fredric Hapenny is the last word in the art of step dancing, and proved to be better than his first appearance.

Miss Madeline Buckley has a beautiful mezzo-soprano voice, which she displayed to advantage in the soulful ballad, "Sweetheart." This was loudly applauded. Miss Buckley wears some stunning gowns.

Bobby Dunn, Tommy Anderson, "Sis" Fay, Bert Grant and the beauty chorus ably assisted the principals in making the whole ensemble of the revue one of the best "Musical Tabloids" that ever came into the city. Next week Charles Marshall presents "A Night at Rector's."

SIX ELEVATED TO PRIESTHOOD

Largest Number at One Time in History of St. John Diocese.

With impressive ceremony, His Lordship Bishop LeBlanc, in the Cathedral of the Immaculate Conception here this morning, solemnly to the dignity of the priesthood in the Catholic church six young men of the St. John diocese.

The church was filled to capacity with a congregation gathered to witness the beautiful ceremony. So far as is known, the ordination was without parallel in the annals of the St. John diocese in that never before have so many young men been raised to the priesthood at one time.

The ceremony took place at the mass which started at 8 o'clock and it was not until nearly 10 o'clock that the services were completed. Assisting His Lordship were Rev. Raymond McCarthy, 1st chaplain; Rev. Roy McDonald, 2nd chaplain; Rev. Louis Guerin of St. Joseph's, archdeacon; and Rev. Wm. M. Duke, master of ceremonies.

The newly ordained clergymen are: Rev. Alphonse Harris, son of Mr. and Mrs. Robert Harris of St. John; received his preliminary education in the St. John schools and at St. Joseph's College, Miramichi; added to his theological course at Holy Heart Seminary, Halifax.

Rev. Michael Johnson of Newburgh, Carleton county, son of the late Mr. and Mrs. Hugh Johnson; educated at St. Joseph's and at Holy Heart Seminary.

Rev. Camille LeBlanc of Barachois, Westmorland county, son of Mr. and Mrs. Alphonse LeBlanc; received his primary education at Church Point and studied theology at Holy Heart Seminary. Albert Lemanager, a native of Grand Digue, Kent county, son of Mr. and Mrs. Joseph Lemanager, now residing in Slociac; was student at St. Joseph's and Holy Heart Seminary.

Carlson Keohan, son of Mrs. Jane Keohan of Fredericton road; educated at St. Joseph's College and completed his studies at the Quebec Seminary.

Rev. Charles Boyd of Fredericton, son of Mrs. Mary C. Boyd; was first a student in the Fredericton schools, later attended St. Joseph's College, and received his theological education at St. Augustine's Seminary in Toronto.

TO WED IN TRINIDAD.

The engagement is announced, says the Fredericton Gleaser, of Miss Sadie Robinson, Mount Uniacke, N. S., to Rev. George Murray, M. C., of River John, Pictou Co., N. S., now engaged as a teacher at Guelph, Ontario, under the Foreign Mission Board of the Presbyterian church of Canada. Miss Robinson expects to sail for Halifax on April 11 for Guelph, where the wedding will take place. Miss Robinson is a sister of Miss May and Mrs. H. Robinson, who are on the staff of the Western Union Telegraph Office, Fredericton.

JUBILEE OF CLERGYMEN.

Two Halifax clergymen will celebrate their golden jubilee this year, Archbishop McCarthy and Rev. Father Driscoll, of St. Mary's church. They were class mates at college. Speaking of the Archbishop the "Gazette," Halifax says: Archbishop McCarthy has been twenty of his illustrious predecessors and has consolidated the positions which they won in the early days of his priesthood he manifested that zeal which spared neither time nor toil for the advancement of religion. Like all our bishops, he knew the labor entailed by the care of parishes covering a wide extent of territory and with them also he shared the consciousness of devotion to duty.

SPRING NOTE IS SOUNDED IN MARKET

Vegetables Suggesting Summer Days are In—Some Price Changes.

The first arrivals of the bunched beets and carrots made an appetizing note of spring in the city market today. Spinach was to be had in good supply. Meat supplies were only fair, and poultry was scarce. Shipments of maple syrup, maple sugar and maple candy were received during the week, and 45 cents a pound was the price at which the sugar was selling generally.

On the whole, the prices ruled about the same as last week. Beef was of good quality and sold for from 12 to 13 cents a pound; veal was only in fair supply and sold for from 14 to 15 cents. Pork was not abundant and brought from 18 to 20 cents. Storage lamb was worth from 22 to 25 cents. Hams sold for 35 cents a pound by the piece and 45 cents sliced. Fresh fowl were scarce and sold for 50 cents, while chickens were from 55 to 60 cents and there was only a limited supply. Eggs were still cheaper than last week and could be had at from 32 to 35 cents a dozen for the best fresh laid. Butter was slightly cheaper and sold for from 40 to 45 cents a pound.

SISTER VESSEL OF WRECKED NELLIE EATON IS HERE

The schooner Sarah Eaton, a sister vessel to the Nellie Eaton, which was wrecked with her crew on Nan Rock, near Chance Harbor, a few days ago, arrived in port yesterday from Boston with a cargo of tar and docked at the Carriette wharf. Her voyage for a few hundred miles has been rather tedious. She sailed from Boston on February 28 and owing to adverse winds and bad weather was obliged to spend many days in harbors along the coast.

RECEIVES CLUB BAG.

Mrs. Thomas Campbell and Miss Ina Rice entertained about 100 guests last evening at Temple Hall, Main street, in honor of Miss May Robertson. During the evening Miss Robertson was made recipient of a handsome club bag. The guest of honor will leave in a few days to visit her uncle, Dr. Frank L. Jones, Somerville, Mass.

BOYS IN COURT.

Three boys appeared before Magistrate Henderson in the juvenile court this morning and pleaded guilty to a charge of stealing an express watch. They were given good advice and allowed to go with their parents. This was their first appearance in court.

THIS WAS PAY DAY

Today was the semi-monthly pay day at City Hall. The sum of \$12,868.92 was paid out as follows: Official, \$2,379.23; sundry, \$1,690.59; market, \$289.72; police, \$3,618.31; police, extra, \$81; fire, \$2,557.17; ferry, \$1,460.

MILK FOR SCHOOL CHILDREN.

At a meeting of the Child Welfare Association of Moncton, held this week, the report showed that 191 children in the city schools were receiving milk supplied by the association. Of this number only 52 were paying for it, the charge barely covering the cost of the milk.

SIXTEEN DEATHS REPORTED.

Sixteen deaths were reported to the Board of Health for the week ending today from the following causes: Infantile birth, 2; pulmonary tuberculosis, 2; senility, peritonitis, diphtheria, pericarditis, malnutrition, cerebral abscess, general exhaustion, acute meningitis, broncho pneumonia, septic pneumonia, carcinoma of stomach, poisoning due to overdose of veronal, one each.

SURPRISE PARTY.

A delightful evening was spent at the home of Mrs. R. Steeves, 209 Prince Edward street, when a large number of young people gathered in honor of her birthday. The evening was spent in games, music, and luncheon was served by Miss Ethel M. Thompson, assisted by Mrs. Samuel Steeves and Mrs. H. Reynolds. A purse was presented to Mrs. Steeves by Lieutenant H. Reynolds, and Mrs. Steeves responded very feelingly.

PRESENTATION TO GEO. A. VINCENT

The choir of Lunenburg street Baptist church and a few friends met at the home of Mrs. Geo. F. Burke, 183 King street, West End, last evening in a farewell party to Geo. A. Vincent, who is soon to leave for Detroit. Mr. Vincent has been identified with the Lunenburg street church for years, with the choir and other departments and his departure will mean a great loss to the church. After a choir rehearsal the evening was pleasantly spent with games and music.

WILL SING IN MONCTON.

E. Clyde Parsons, a well known west side baritone singer, went to Moncton this afternoon. He has received an invitation to sing at the morning and evening services of the 1st Baptist church there on Sunday and before the Men's Brotherhood in the afternoon. This is the second time this winter he has been invited as soloist at the big Moncton church.

As Hiram Sees It

"Hiram," said The Times reporter to Mr. Hiram Hornbeam, "I got a cold over two weeks ago."
"Yes, sir," said Hiram.
"I have had it ever since," said the reporter.
"Yes, sir," said Hiram.
"And now," said the reporter, "the cold has got me."
"I ain't surprised," said Hiram.
"Why are you not surprised?" asked the reporter.
"Because," said Hiram, "most folks when they feel a cold comin' on hums up a draught—or a place where there's a crowd an' the air's close an' the germs floatin' round—an' then expects to be all right. Now if you'd just spent one day in bed an' looked after yourself—an' then gone careful when you come out—at there cold wouldn't be your by the throat today. Some folks hes good sense—some folks haint. I aint mentionin' no names—but them that the shoe fits kin put it on—yes, sir."

W. F. GRIFFITHS CLIMBING LADDER

Postal Official Here Succeeds to Post of Acting Inspector.

Official word came yesterday to William F. Griffith, principal postal clerk in charge of the inquiry section of the local postal service, that he had been promoted to the position of acting inspector, to take over the duties of Alexander Thompson, recently appointed acting postmaster. According to the last classification in the postal service, Mr. Griffith was advanced in seniority and, word of his promotion comes as the natural outcome of the changes that have taken place in the local postal district.

Mr. Griffith is well known in the New Brunswick district of the postal service, having been identified with postal activities for 16 years. He started in as a young man at the bottom of the ladder as a transfer agent at the Union Depot and has gradually won his way steadily in the service. His ability and steadfastness have been outstanding and with his faithfulness to duty have now brought its reward. His many friends will join in extending congratulations, as Mr. Griffith has always been a favorite with the general public.

SEES WIDENING USE OF MOVIES

F. G. Spencer, Home From New York, Speaks of Change.

The manufacturers of motion picture machines are looking for the great bulk of their future business, not to the theatres, but rather to the churches, Sunday schools and day schools, according to F. G. Spencer, owner of a string of theatres throughout the Maritime Provinces, who returned yesterday from a trip to New York, Boston and Upper Canada. Mr. Spencer said that he was informed by the manufacturers that the use of the motion picture for educational purposes was growing rapidly and they predicted that it would not be many years before every public school and Sunday school on the continent, as well as a great many of the churches, would be using this means of education to assist the spoken word. He understood that at least one denomination planned organizing a company which would look after the production of films for use in its churches and Sunday schools.
