GOOD THINGS COMING TO THEATRES OF ST. JOHN SUNNY EVENING AND THE BIG FUN CENTRE

It is hard to conceive of a happier combination of conditions than these pleasant "daylight evenings, an early supper, a restful stroll up-town and a delightful hour and a half in Imperial Theatre, returning home as the sun barely escapes into the west. Tonight with Contance Talmage in "Two Weeks," the big King Square house is going to present another of those delightfully funny vamping comedies such as "A Virtuoso Vamp" which made a furor several weeks ago. There will also be the Canadian Pictorial, Kinograms, etc.

"FLU," GRIP, COLDS,

Pneumonia, Fevers, Hard Coughs, Tonsillitis.
Read this plain statement.
First, This whole brood of wicked enemies of health may be kept at bay, the medical authorities say, by keeping up high quality of the blood, and observing the ordinary laws relating to sanitation and health.
That is why Hood's Sarsaparilla is recommended as a preventive of "flu" and other diseases—it is the standard blood-purifier and vitalizer.
Second, for a definite case of any of the prevailing complaints, it is wise immediately to call a physician.
Third, for that weakness and prostration following the "flu," grip and other diseases, Hood's Sarsaparilla, by renewing the red blood corpuscles wonderfully restores health, builds up the whole system, creates an appetite and "makes food taste good." If a cathartic is needed Hood's Pills are recommended.

OBJECT TO ONE PER CENT. TAX

Manufacturers Take It Up at Montreal Meeting

Tax on Gold Objects Criticized by Jeweler—Ottawa Citizens Meet Bretdner and Hear Some Interpretations.

(Canadian Press)
Montreal, May 25.—At the meeting of representative members of the Canadian Manufacturers' Association in the Windsor Hotel yesterday the 1 per cent sales tax was specially objected to as likely to repeat itself until it was a burden to the consumer.

W. W. Birks of Henry Birks & Sons, Jewelers, strongly criticized the tax on gold objects for personal and household use, which he considered to be so severe as not only to check trade but also tend to kill tourist business.

An effective committee of the Canadian Manufacturers' Association for the province of Quebec was appointed to present budget objections to the government. Included in this committee were George D. McKinnon of Sherbrooke and L. Letourneau and E. Julien of Quebec.

Ottawa, May 25.—That typewriter ribbons were subject to the new tax on ribbons was one of the points brought out at a citizens' meeting here last night, at which R. W. Bredner, commissioner of taxation, interpreted the new tax proposals. He promised to consider exceptions which would remove such articles from this anomalous position of luxuries, which they might be technically interpreted to be.

The one per cent sales tax to be charged by the wholesalers was much discussed. Some of the rulings on this head were:

1. Tax was applicable on each discount.
2. Tax does not apply on articles sold for export.

3. Specified luxuries sold by wholesale houses to contractors, subject to 1 per cent sales tax as well as luxuries tax.

4. Goods delivered on May 19 or after subject to tax irrespective of when contract was made.

Some technicalities on which Mr. Bredner promised consideration were:

1.—That a contractor who builds a house or a merchant tailor who makes a suit are technically manufacturers.

2.—That small cash sales in wholesale houses may be reported in some other way than by copies of invoices, which might be difficult to produce.

As regards the taxing of luxuries on the sale direct to the consumer, many questions asked brought the ruling that the sale price if retailer believed that prejudice against the tax would destroy the sale. One dealer said that customers already had shown a willingness to pay an inflated price while they objected to paying the retail price plus the tax.

When a suggestion was made that the situation be discussed with difficulties, Mr. Bredner cheerfully agreed. "This is unique education," he said, "and there is no doubt that at the end of this kind of thing will be a number of difficulties. He assured the audience that all feasible suggestions would be submitted for the approval of parliament. He promised that printed regulations for the application of new taxes would be distributed so soon as these had been whipped into shape.

The audience resolved itself into a committee of retail merchants after the questions were all answered. The general attitude of the merchants present was that many of the articles defined as luxuries were absolute necessities, and that it was unfair to apply the tax to the cost of goods. They objected to an excess over a fixed amount, which was the law in the United States.

JACOBINOFF HEARD BY LARGE NUMBER

Closing Concert of St. John Musical Society—Audience Impressed by Work of Choral Society Chorus.

The St. John Society of Music presented its last concert of the season in the Imperial Theatre last evening when Sacha Jacobinoff, a talented violinist, delighted a large audience. The Choral Society also made its initial appearance and was enthusiastically received. Mr. Jacobinoff sustained his reputation as a great musician. His interpretations teemed with the expression that

FIRST AND PARAMOUNT, ABSOLUTE SECURITY TO POLICYHOLDERS

"If I should die to-day my family would have plenty," you say.

If you die to-day, yes; but what about years hence? There are many men who were very well-to-do two or three years ago who are in straitened circumstances to-day. If one of these men were to die the only ready money his family would have would be the proceeds of his life insurance.

An Imperial Life Policy is "as safe as the Bank of England"—it never depreciates in value—and your heirs will not even need a lawyer to help them collect the money.

We have a little booklet, "The Creation of an Estate." It makes interesting reading. We'll send you a copy if you write for it.

J. MARCUS, 30-36 DOCK ST.

marks the true artist, and whether grave or gay, all of his selections were rendered with faultless technique. In "La Folia" by Corelli and in "Gypsy Airs" by Sarasate, his interpretations of emotional melodies were beautifully given. Kreisler's "The Joy of Love" thrilled with warmth of color and Rimsky-Korsakoff-Francko's "Hymn of the Sun" was a very charming number.

It was the "Indian Snake Dance" by Burleigh and the "Tambourin Chinois" by Kreisler, he put flash and fire of his skill. Clear and silvery the notes of "The Prize Song" by Wagner Wilhelm charmed the ear. Reger's cradle song as Jacobinoff played it last night was as near a reproduction of the human voice as instrumental music can approach. He seemed to have a preference for the daintier and softer airs, his encores being for the most part tender and graceful bits of appealing music. Included among them were "Songs My Mother Taught Me" by Dvorak; "Orientale" by Cui; the "Indian Lament" by Dvorak; Kreisler and the "Hebrew Dance and Melody" by Zimbalist. The Hochstein waltz, one of programme numbers, was also a gem of delicate lightness. "Ave Maria" by Schubert and the "Mazurka" by Chopin were among the last group of Mr. Jacobinoff's numbers.

The singing of the chorus last night were: Soprano—Miss M. Ricketts, Miss G. Larkins, Miss Downing, Miss G. Melick, Miss Patton, Miss B. Campbell, Miss L. Knight, Miss M. Shaw, Miss Dougherty, Miss A. Steeves, Miss L. Anderson, Miss J. Anderson, Miss N. Brown, Miss M. Magee, Miss E. Reynolds, Mrs. Logie, Mrs. L. Waters, Mrs. George Haman, Mrs. A. P. Crockett.

Altos—Mrs. Southouse, Mrs. M. F. Smith, Mrs. LeLacheur, Mrs. P. N. Woodley, Mrs. Archibald, Miss Bessie Irvine, Miss A. Mullin, Miss A. Holder, Miss P. Biedermann.

Tenors—C. J. Stackhouse, H. Shaw, C. Bourne, D. Gandy, A. McKee, A.

ADDRESS THE W. C. T. U. It was the privilege of the W. C. T. U. to listen to three interesting addresses at the meeting yesterday. Mr. Reicker of the Shantymen's Christian Association was the first speaker. Rev. A. G. Peters, another member of the association, in another telling of his work in the northern New Brunswick and Quebec districts said that everywhere he had found the men he spoke to hungry for the word of God. Rev. Thomas Joplin, the association's national field secretary, said there were twenty-four missionaries in the field in the maritime provinces and they were taking the message to the people in twenty-four languages. Three things were needful for their success from those

A GIFT combining Luxurious Beauty and Everyday Utility. NOTHING receives such close inspection and appraisal as the Wedding Present—not only by the Bride and Groom themselves—but by all the guests. HOLMES & EDWARDS Silverware is welcome as a practical, sensible gift, of course. But in addition it possesses that exclusive, exquisite beauty and superlative quality which set it apart—a gift delightfully distinctive and everlastingly prized. HOLMES & EDWARDS is the highest-priced silverware made. It is superior in craftsmanship and finish. And in the five staple pieces—those most frequently used—it is protected at the wear points. Your Jeweller has an interesting showing of suitable presentations—in those dignified, pleasing patterns which convey an inexpressible touch of refinement. "SILVER INLAIN" (Set of six teaspoons, \$4.75) On the back of the bowl and handle—just where the wear comes—a piece of pure silver is welded in. Because of this protection the even beauty of Holmes and Edwards Silverware is not marred by use. "SUPER PLATE" (Set of six teaspoons, \$4.80) Holmes & Edwards Super-Plate is protected at the wear points, including the tip of the bowl, by an extra heavy coat of silver. This double plating means added service and satisfaction. Manufactured Exclusively in Canada by THE STANDARD SILVER CO. OF TORONTO, LIMITED. DE SANCT. Protected where the wear comes.

HON. DR. ROBERTS.

The writ has been issued for a by-election in St. John. Hon. Dr. Roberts will appeal to the citizens as a salaried minister of the crown, after acting as minister without salary since he accepted office and set out to give the province a real department of public health.

Dr. Roberts did not go into politics for the fun of the thing, or for the honor of being a public representative. He had a definite purpose, which was approved by the gentlemen who made him their colleague when they set about the business of forming a new government.

If you have any garden space to spare by all means plant some of it to potatoes. This is the advice of the United States Department of Agriculture to gardeners who want to avoid the high prices for potatoes which seem to be in prospect for next fall.

Hon. Mr. Meighen has discovered that free trade wrought great hardships in England. He should go over and tell the people about it, as they do not appear to have learned the fact for themselves.

An Ottawa despatch says that a large increase in trade with the West Indies is expected as a result of the conference to be held shortly. That would mean more business for the port of St. John, especially in winter.

Well—are steamships to lie in the stream again at St. John next winter because the government will not provide berths to accommodate the business of its own railways and steamships? Who knows?

The Globe notes the fact that harbor commission means to Vancouver at the outset \$25,000 in salaries of officials. That in itself is a fairly substantial tax on the harbor revenues.

Still higher prices for sugar are predicted. The only apparent remedy is to use sweets in lesser quantity. In the United States action is being taken against profiteers in sugar.

At Ottawa they are still guessing about the intentions of Sir Robert Borden. Will he retire—or continue to lead a camouflaged tory party?

The Conservatives are highly elated over the budget. It protects the manufacturers and the consumer takes the load.

The farmers' party at Ottawa will vote for the Fielding amendment.

Halifax Chronicle:—Take the case of the average man today. First of all he pays the high customs tariff on practically everything that he uses, not to speak of the toll that the manufacturer in most cases takes as well. Then, as a second instalment, he must pay his income tax. Now there is added the one per cent upon all sales of the manufacturer, wholesaler, jobber and importer, which is added to the cost of the bill of goods sold to the retailer and, of course, is passed on to the consumer in the usual course.

Finally superimposed upon all is the new so-called luxury tax of ten per cent, which he must pay on his suit of clothes and many other articles of common use. And it is not at all certain that the "peak" has been reached.

On May 27, 1618, Champlain, the great French explorer, set out from St. Helen's Island—opposite Montreal—an island he had named after his wife, to whom he was devotedly attached, on a quest that had been set for him by the wild stories told in Paris by one Nicholas de Vignau.

He told a wonderful story of having sailed up the Ottawa river to its source; then he had crossed a great lake and passed on to the north until he reached the shores of the sea where he found the vessel of an English ship whose crew had escaped to land only to be slain by the Indians. This sea was only seventeen days distant from Montreal. It was a wonderful tale and Champlain was ordered to make the trip and verify it.

So he sailed from St. Helen's Island with four Frenchmen, one of whom was Vignau and one Indian in two small canoes. They passed the swift current at St. Anne de Bellevue, crossed the Lake of Two Mountains and continued up the Ottawa river.

Champlain was suspicious of the story from the beginning and soon he was convinced that his decision was accurate. The way was hard and difficult and there was no evidence that a white man was before him. They toiled through the woods, camping wherever night overtook them. Champlain questioned every Indian he met with regard to the sea farther ahead but could secure no information that seemed to confirm Vignau's story told in Paris.

Conditions grew rapidly worse until Champlain reached an Indian settlement from which there seemed no progress farther into the land. He urged the chief to provide a guide but the brave was unwilling to do so. The great Frenchman was convinced that this was merely a way he had adopted to avoid telling the explorer that his task was a vain one.

So after a long pow-wow with the chief he charged Vignau with being an impostor. He threatened to hang him without mercy on the nearest tree. Vignau then broke down and confessed that the wonderful tale with which he had filled Paris was without any foundation in fact and that he had told it for the love of notoriety and in the hope of rich reward. The chief begged Champlain to permit him to go with the infamous Frenchman but Champlain forgave the man and allowed him to live.

On June 17 the party returned to Montreal, where they were greeted in great style by the Indians of the village with discharges of small arms and cannon. But Champlain was worn out physically by his fruitless mission.

FORSAKEN FARMS.

There are no tillers willing to stay upon the farm; to town they all are drilling; the hayfield has no charm. I hear the farmers wailing as they go forth to plow; their standbys all are falling, there are no hired men now. The yeomen waves his money, and cries, "Who'll work for me?" And people think it funny his dire distress to see. The farmer seeks the village, imploring husky men to help him with his tillage and raise big crops again. He offers princely wages, he'd throw a chromo in, and all the village sages just sit around and grin. The farmer's rolling acres won't roll up ample crops; his money has no takers, no helper with him stops. There is no stalwart bumpkin to help him bale his wheat, he can't thresh the pumpkin or shuck the sugar beet. The population's shifting to towns, we plainly see, and whither are we drifting, my friends, when such things be? If I were only younger I'd farm a strip of loam, and help to thwart the hunger that threatens every home. The farm lands of the nation must grow strong, bread and oats, or we shall have starvation, and lose our valued goats.

COUNTY COURT YESTERDAY

In twelve of fourteen indictments before the grand jury, true bills were found. After the crown, represented by C. H. Ferguson, had finished his presentation of evidence in the case of the King vs. Charles Doyle adjournment was made until May 31 at 10 a.m. No bill was found against him on indictments charging him with stealing a pair of lard and two boxes of carpet from C. P. R. cars at Fairville and true bills on the indictments charging him with theft of four cases of shoes and two pairs of jam. J. A. Barry appeared for the defence.

MANY FIRES.

Green River, Madawaska county, was almost wiped out as the result of a disastrous fire which broke out there, causing damage to the extent of \$25,000. The fire started at a farmhouse and spread rapidly to surrounding farmhouses and barns. It was caused by boys smoking cigarettes.

A large part of the business section of Kingman, Me., west of Vancorb, was destroyed by fire on Sunday. The total loss is estimated at \$5,000. A rather serious fire at the Narrows on the Nepisiguit River was reported. This was under control on Monday morning. This is supposed to have been caused by stream-drivers who camped there.

Harland, N.B., May 25—A barn owned by Guy Welch and fourteen horses were burned recently in the village of Foreston. The fire is supposed to have been caused by a blaze in the woods.

BANNER BILL AT OPERA HOUSE

New Acts and Jack Dempsey Serial Please Large Audiences.

The new programme in the Opera House last night was teeming with interesting features, every act having something new to please the large audiences in attendance. It is doubtful if the management could have booked a more popular group of vaudeville stars, judging from the enthusiastic applause tendered the participants of every act.

The first number was the popular motion picture serial "Daredevil Jack," featuring Jack Dempsey champion pugilist of the world. This episode gives patrons a chance to see the champion in a real ring encounter. He demonstrates the terrific punch which sent Jess Willard to the boards seven times in one round, when he knocked out a heavyweight in a prize contest.

At the conclusion of the picture Berry and Bonnie appear in a very pleasing vocal, piano and dancing specialty. The male member is a talented pianist and a good eccentric dancer, while his partner is a pleasing singer and dancer. They received hearty applause.

Madge Maitland followed and her comic songs and characterizations evoked hearty laughter and frequent bursts of applause.

The Gerald, in a novelty musical offering made a decided hit. They are clever instrumentalists and their duets were greatly enjoyed. They present an original novelty "The Mandolin Phone," which is something new in these parts and which produces very tuneful melodies.

Cahill and Romaine "brought down the house," in a black face comedy sketch, entitled "The Street Cleaner." They are good singers and have an act teeming with comedy. They were forced to respond to repeated encores and were undoubtedly one of the most popular numbers on the bill.

The concluding number was that of the "Broadway Four," one of the best music quartettes ever booked on this circuit. Their rendition of Dardanella was a real treat and evoked hearty and well merited applause. In fact all their songs were well harmonized and they were given a marked reception on their first appearance in this city. This programme will be continued tonight and again on Thursday.

James H. Pitt, of St. John, has received a permanent certificate as letter carrier.

After the long talk of trip abroad, the Browns returned to Mudcombe, to retail their experiences to their admiring and envious friends.

Among their visitors one day was the vicar, a worthy old gentleman. When he had heard the oft-told tale of the Browns' holiday, he asked the host:

"Venice? Venice?" murmured Mr. Brown. Then he turned to his wife:

"Lay, did we go to Venice?"

"Well, we did just stop there," replied Mrs. Brown pompously, "but don't you remember that there was a flood on, so we didn't leave the station?"

#### RECENT DEATHS

Many friends will hear with regret of the death of Francis Spittel who passed away at his home last evening after a lingering illness. Besides his wife he leaves two daughters, Mrs. Wallace Dorman and Mrs. Joseph LeBond, and one son John Spittel. Mr. Spittel who was in his eighty-first year was packer for twenty-five years with the T. B. Barker Drug Co. and later with the Canadian Drug Co. He had many friends who sympathize with the family in their loss. The funeral will take place from his late residence, 89 Duke street, on Thursday afternoon at 2:30 o'clock.

Fredericton, May 25—(Special)—Cecil E. Finnie died on Monday at the home of his parents, Mr. and Mrs. Charlie Finnie, Donk Settlement. He is survived by his parents and four brothers, Gordon, James, Murray and Linton, and two sisters, Margaret and Bessie. The funeral took place this afternoon.

Friends of Miss Margaret Peacock, eldest daughter of the late James and Isabel Peacock of Sandy Point road, this city, were shocked to hear of her sudden death at Moncton. She motored there with her brother to spend the day with her sister. Shortly after her arrival she was stricken with paralysis, death occurring yesterday afternoon. The body will be brought to the city today and the funeral will take place on Thursday afternoon at 2:30 o'clock from St. Paul's church. She leaves three brothers, James H., Frederick W. and D. Alexander, all of this city, and three sisters, Mrs. Alexander McJannet of Moncton and the Misses May and Ada, at home.

The death took place in this city yesterday afternoon at 24 Thorne avenue of Herbert Stanley DeBow. He leaves besides his wife, who was formerly Miss Jennie Arthurs, of this city, his father and mother, one brother and one sister. He was the son of Mrs. C. E. DeBow of St. John and his brother is Brady E. DeBow, also of this city. The sisters are Mrs. H. J. Frederick W. and D. Alexander, all of this city, and three sisters, Mrs. Alexander McJannet of Moncton and the Misses May and Ada, at home.

Dennis Gilroy, a lifelong resident of this city, died at the General Public Hospital yesterday afternoon after a lingering illness. His wife survives.

The death of Joseph G. Gray, occurred at his home in Midland on May 18 in the eighty-first year of his age. He was a veteran of the Peninsular War. He is survived by his wife, one son and three daughters. Mrs. Hiram Lake of St. John is a sister.

Daniel Regan of St. Stephen died at his home there yesterday afternoon after a brief illness. He was seventy-seven years of age and leaves to mourn his widow, one daughter and two sons.

Philip Milligan, of Milltown, an employe of the St. Croix Cotton Mill, was stricken with heart trouble yesterday while at his work and died in a few hours.

##### OVER THE WIRES

Twenty-six years ago Mrs. Rod McLean of Moncton lost her wedding ring. A few days ago Mr. McLean, while working in his garden, dug up the missing nuptial band, which was found to be in an excellent state of preservation.

A break in the ranks of the delegates to the national convention I. O. D. E. was narrowly averted yesterday in Calgary, where the convention is in session. Mrs. Gooderham had resigned the presidency and trouble threatened between the Gooderham and Kingsmill factions. Finally a resolution was passed calling for the sustaining of the administration under the presidency of Mrs. Gooderham and imploring her to resign her resignation from the national committee. This resolution was passed with but a few dissenting votes, and Mrs. Gooderham was welcomed to the platform.

A report received in Moncton yesterday from Montreal was to the effect that Rev. Edward Savage, pastor of St. Bernard's church, is much improved in health. Father Savage recently underwent an operation in the Royal Victoria Hospital.

Immediate increase in the price of sugar was predicted at Ottawa yesterday, at the inquiry held by the board of commerce into the price of sugar. The present retail price is about twenty-two cents a pound. W. F. O'Connor said that the board was in possession of the fullest details and would not allow undue increases in the price.

Shediac, May 25—After being absent from his old home for more than twenty years Moody Wry has returned to town and is visiting his half-sister, Mrs. James Scott. Mr. Wry has been located in the mountain district of Washington state and had not been heard of for more than ten years by relatives and friends, some of whom supposed that he had died. He was accompanied here by a friend, Mr. Martin, of Seattle.

### TASK OF RESTORING YPRES UNDER WAY

Contract for Reclamation of Shell-Torn Areas, Involving Millions, Already Let.

The government of Belgium has decided to rebuild the entire city of Ypres.

leaving none of the ruins caused by the war except the Cloth Hall, the Cathedral, and the Cloister, which are to serve as monuments.

There has been a popular demand that the two ruined cities of Ypres and Dixmude be left as they are, as a monument to those who lost their lives in the former population of the area, who desire to have their property restored. This has been particularly true of Ypres, which before the war had 18,000 inhabitants, who are returning in some numbers and starting to rebuild.

The royal commissioner, recently appointed for the reconstruction of the Ypres arrondissement, outlines the government programme as follows: It will

be necessary to clear and excavate the city and the principal surrounding villages to build about 20,000 houses, and to restore the roads, the water and gas installations. The contract for this work has already been let and the work begun. The building material obtained from the ruins will be resold to the government by the contractors and will be used in the foundations of the new city. Bricks, for example, will be bought by the government at the fixed price of thirty francs a thousand.

Only the most necessary buildings are to be constructed, the schools, churches and stores are to be left to the last. All building is done by the government and the owner of the property is required to pay nothing. If the owner, however,

wishes any particular plan followed this can be done, provided he is willing to bear any extra expense entailed, otherwise the plans for the building will be drawn up by a committee of architects. There are nineteen architects at present assigned to the arrondissement. Where the owner of a piece of land is known to have died without heirs the ownership reverts to the government, which will then dispose of it at auction or otherwise, but for the present no construction is to be done on any piece of land whose owner is not accounted for. "The question of agricultural construction in the devastated area is much more difficult," says a report from the trade commissioner at Brussels. "Al-

COMMON COUNCIL

Com. Thornton's Motion for New Apparatus Defeated—Coal Contracts Awarded—The Rifle Range.

At yesterday afternoon's session of the common council it was decided to go ahead with the work of improving that part of Lansdowne avenue, running from Elm street north to Wellsey street. The paving, which will be under the local improvement act, will cost \$10,728.50 and will be paid by bond issue, a full vote of the council being secured on the question.

A change in section four of the by-law passed in 1905, affecting the licensing of public houses, was read a first time and approved. This calls for an increase from \$200 to \$300 in the license of crouses, menageries or traveling tented shows.

The commissioner of public safety was given authority to purchase from a dealer in Sussex, fifteen and three-quarters tons of baled hay, at \$32 a ton, plus \$2 a ton for freight.

The matter of coal supply for the various departments was then considered. Mr. Jones reported that he had received only one tender for coal, and that, from the Colwell Fuel Company, at \$17 a ton, was accepted.

Mr. Bullock recommended that an order for 150 tons of run of mine coal for the harbor department, be given to the Colwell Fuel Company. The price this year was \$9.10, compared with \$7.95 last year. The ferry department needed 8,000 tons of soft coal, and he recommended the order be given to the Colwell people also, their price of \$10.10 being satisfactory, though it was \$2.90 more than last year.

An order for thirty to forty tons of anthracite coal for use in the ferry toll houses was given to the Colwell company, at their price of \$17 a ton. Mr. Thornton reported that he needed 130 tons of soft coal for the fire department and the tender of J. S. Gibbon & Company, at \$9.40, was accepted.

For the 140 tons needed by the police department, there had been tenders from the Emmerson Coal Company, George Dick and J. S. Gibbon & Co., all at the same price, \$10. Mr. Frink reported that he would make a recommendation regarding the coal supply for his department next week.

An order of 250 tons of anthracite coal for the fire and police departments, and forty to fifty tons for the water and sewerage department, was left with the respective commissioners to look after personally.

The water and sewerage department was given authority to connect two pipes to the fire hydrant in Dufferin Row, West End.

Permission was given to the New Brunswick Telephone Company to lay underground laterals from the conduit at the foot of Brussels street across Haymarket square to a terminal post, and another in Waterloo street from Cliff street to a terminal post.

The council decided to take up negotiations with the military authorities with a view of securing the land in Lansdowne and Stanley wards, used as a rifle range, for residential purposes.

The commissioner of public works was given authority to enter into negotiations with private individuals to secure whatever land is needed to straighten out the main roadway leading to Millidgeville, at a point near Jeffrey's corner.

Unless an amicable understanding is arrived at between the commissioner of public works and the commissioner of public safety, it would appear that no bond issue will pass the common council for an indefinite period.

This prospect arose out of the motion by Mr. Thornton that he be authorized to purchase a seventy-five foot motor serial ladder, with necessary equipment from the Gouge Gear Freight Wheel Company at a cost of \$19,720 delivered in the city. He said the equipment was urgently needed and had been requested by the fire chief in his reports for the last five years. The matter would necessitate a bond issue, but this was the first time he had asked for such equipment or a bond issue and it was a purchase which might cost more at a later date.

Mr. Bullock seconded the motion. Speaking on the motion, Mr. Frink said he would not vote for it until he was assured of getting much needed equipment for his department. The public works branch needed two or three more motor trucks, two or more extra street sweepers, and other equipment. He would not vote for any bond issue until his claims were considered.

Mr. Thornton was surprised to hear the commissioner of public works declare openly that he would hold up the buying of necessary equipment for the fire department. The need of the equipment was recognized by all the other members of the council.

Mr. Frink said he was disposed to give favorable consideration to the matter, but would not vote for the purchase until his needs were considered by the council. He moved an amendment that the matter be left over to the next meeting of the council. Mr. Jones seconded his motion and on voting, the original motion won, Mayor Schofield casting the necessary vote in favor of it. The bond issue, however, was lost, as both Mr. Jones and Mr. Frink opposed it.

"That settles it," said Mr. Thornton, "I'll never bring that up again, and I'll not vote in favor of any bond issue that may come before the council while I am on the board."

After the council adjourned, Mr. Frink suggested to Mayor Schofield that he would have a bond issue matter to bring before the council, calling for some improvements to Millidgeville avenue.

"You will never get them while I am on the council," said Mr. Thornton. "You deliberately held up that purchase for my department for no reason whatever. I'll never present the matter again, and I won't vote for any bond issue, either."

TENDERS FOR COUNTY HOUSES

A meeting of the St. John County Housing Board was held last night in the Temperance Hall, Fairville, with Alexander Wilson, the chairman, presiding. F. Neil Brodie reported that eight tenders had been received for the erection of the houses in McKel street, Fairville, and Champlain street, West St. John, but he will not see the contractors before the tenders are opened, or the matter come into further.

BY-ELECTION ON JUNE 14

Writ Issued Yesterday and Hon. Dr. Roberts Sworn in as Minister of Health.

A writ for a provincial by-election in this constituency was issued yesterday. Hon. William F. Roberts was formally sworn in yesterday as Minister of Public Health, and the date for the by-election was set for June 14. Nomination day will be on June 7.

Hitherto Hon. Dr. Roberts has been a member of the executive, but without salary, and he has administered the Public Health Act since it was proclaimed, in October, 1918, without remuneration as a minister. As the work is of the utmost public importance it was decided during the recent session that the time had come when he should become a salaried minister, and in accordance with that decision, for which the public was prepared by discussion in the legislature, he was duly sworn in yesterday.

Hon. Dr. Roberts was elected to the legislature in 1917, and at once began the organization of the department of public health, making such progress that the act was proclaimed in the fall of 1918, just in time to deal with the influenza epidemic of that year. As is well known, Dr. Roberts' chief purpose in entering public life was to promote health measures, and it was through his activities that the provincial department was finally organized along modern and up-to-date lines which have since been taken as a model in other parts of Canada. The minister of health has devoted a great deal of time and effort to the organization of the department and its value has been frequently demonstrated. He has a host of friends, both personally and politically, and his successful and enthusiastic work in connection with public health has given him a strong hold upon popular esteem.

While there has been some partisan criticism of the health department, a great many of Dr. Roberts' political opponents have not hesitated to give him and the government credit for creating so important a department and thus placing the province in the right position in connection with public health matters. The collection of vital statistics, measures to reduce infant mortality, milk inspection, the prevention and control of typhoid, smallpox and other contagious and infectious diseases, the health of school children, general sanitation and hygiene—all these matters constituting the work of conserving human life and safeguarding the public health fall within the scope of the department under Dr. Roberts' progressive and sound administration, and the benefits to the public through the department's activities are increasing constantly.

All of the public-welfare associations have welcomed the new Public Health Act and many of them are co-operating with the department. It goes without saying that Dr. Roberts has gained steadily in popularity since his success at the polls in 1917. As the head of an important department and a member

of the government of the day—a government occupying a high place in public esteem—it is felt that he will command the support of a great majority of the electors of St. John.

GETS \$161,543 SALARY. Yearly Income of President of Insurance Brokers.

New York, May 26—One of the highest salaried men in America was discovered when W. H. La Boyteaux, president of Johnson & Higgins, insurance brokers at 49 Wall street, New York, admitted in Newark that the company last year paid him \$161,543 for his services. It was brought out that George C. Coe, vice-president of the concern, received the same salary.

The admission came on the trial of the suit of Thomas J. Prindville of Chicago, a stockholder, to recover dividends. The complaint also asks that the corporation be enjoined from paying excessive salaries.

Mr. La Boyteaux was asked by Robert H. McCarter, counsel for Prindville, if he knew any other man in the United States paid that much. When the witness said he didn't, Vice-Chancellor Backes suggested Charles M. Schwab, whereupon Mr. McCarter said the profits of the Bethlehem Steel Corporation for 1918 were \$27,000,000, whereas those of the Johnson & Higgins were not much more than \$3,000,000.

The witness said the annual turnover in the transactions of his company was between \$75,000,000 and \$100,000,000 in premiums, and adjustment money. Salaries, he explained, are based on the business done by each member of the board of directors, and at the annual meeting of the board one-half the profits are set aside for salaries and then distributed on a percentage basis.

Alexander and Roy Forbes, of Devon, have been awarded the contract for the construction of the Powers Creek Mouth bridge substructure, parish of St. Andre, Madawaska county. The price was in the vicinity of \$10,300.

LADIES AID OFFICERS. At the annual meeting of the Ladies' Aid of the Carmarthen street Methodist church, held last night in the home of Mrs. Andrew Martin, 225 Carmarthen street, the officers for the ensuing year were elected and a beautiful library lamp, and address, were presented to Miss Alice White, a member of the aid who will be one of the principals in an interesting event next month. The

election of officers resulted in Mrs. Henry Penna being appointed to the president's chair; Mrs. Heffer is the vice-president; Mrs. George Calhoun is secretary and Mrs. Andrew Martin is treasurer. It was reported by the treasurer that more than \$500 was collected by the aid during the last year for the various church activities. Dainty refreshments were served by the hostess at the close of the evening.

Faint and Dizzy Spells Weakness And Shortness of Breath

You can generally tell when the heart is affected by the faint and dizzy spells, shortness of breath, palpitation, throbbing, irregular beating, smothering sensations, wear, sinking all-gone feeling, choking sensation, etc.

Many men and women become run-down and worn out when otherwise they could be strong and healthy if they could only pay some attention to the first sign of heart weakness.

No remedy will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy and normal condition as Milburn's Heart and Nerve Pills.

Mrs. C. A. S. Drake, Paris, Ont., writes: "I have used on towards the second box of Milburn's Heart and Nerve Pills and find they have done me good. I had those fainting, dizzy spells, once in a while, and also weakness and shortness of breath, and would become so choked up at times I could hardly sleep without sitting up in bed. When walking too fast I would have to stop and try to catch my breath. I feel a lot better since I have used your pills and know that they have helped me wonderfully and I have improved very much."

Price 50c. a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Suffered With Boils Last 5 Years

Boils are simply a breaking out of bad blood, and anyone who has suffered from them, knows how sick and miserable they make you feel. Just when you think you are cured of one, another seems ready to take its place and prolong your misery. All the poulticing and lancing you can do will not get rid of them.

While the skin appears to be the cause of the irritation the real disease is rooted and to get rid of these painful pests it is necessary to get right at the seat of the trouble.

When the blood is purified, cleansed and vitilized, by Burdock Blood Bitters, the boils will quickly disappear, your misery is at an end, and health and strength come back again.

Mr. Robt. Johnson, Barkway, Ont., writes: "I have suffered very much, during the last five years from boils, having as many as five at once. I tried different remedies without any relief. I was advised to try Burdock Blood Bitters, which I did, and after taking just one bottle I have had no more boils."

B. B. B. has been on the market for over 40 years and is manufactured only by The T. Milburn Co., Limited, Toronto.

SEEK TO RUSH WHEAT AND WOOL TO MOTHERLAND

London, May 25—(By Canadian Press)—The British government and the government of Australia have come to an arrangement whereby the whole of the balance of the British government's purchase of wheat and wool remaining in Australia will be shipped to England and disposed of to the trades concerned within the next few months.

In response to a government appeal to British shipowners more than twenty cargo boats, with an aggregate carrying capacity of 200,000 tons, have been diverted Australia-wards, under instruction from their owners, from India, China, the Cape, the Mediterranean and other routes. They will all load wheat to their full capacity and will be followed by a number of other vessels of the tramp class with a view to getting the whole of the wheat shipped within the ensuing three months.

As this wheat is in the states of Western Australia and South Australia, neither of which is able to provide bunker coal, some of the ships will have to coal at Sydney or Newcastle, in New South Wales, and others at Durban, South Africa. This disability has added much to the transport problem.

In the matter of wool supplies the imperial authorities are reported to be extremely anxious to get the balance of their purchase now in store in Australia, which amounts to no less than 2-

By Speeding the Liver Dr. Hamilton's Pills Bring Good Health

Good for Men, Women, Children

No curse seems harder to bear than the downright weariness and despondency that comes from a slow liver.

The man or woman who is pale, slow, depressed, and out of sorts usually has a Liver Complaint. Such people continually suffer from headache, constipation, ringing ears, lack of appetite, and poor digestion. What a world of good Dr. Hamilton's Pills will do in such cases!

In one hour this smooth working medicine changes half sick folks into bright looking and feeling people. No chance for headaches or constipation when Dr. Hamilton's Pills get to work. Taken at night they restore normal conditions while you sleep, morning finds you fresh and hungry, headache all gone, cheeks rosy, eyes bright, spirits good.

Impossible to feel dizzy, to have weak back, to be nervous, depressed, sleepless or out of sorts if you tone, regulate and cleanse the system with Dr. Hamilton's Pills. Good for men, women and children. Sold everywhere in 25c. boxes.

EASY TO DARKEN YOUR GRAY HAIR

Try this! Brush Sage Tea and Sulphur Compound through your hair, taking one strand at a time.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappear, and, after another application or two your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyth's Sage and Sulphur Compound and look years younger.

## WHAT'S THE MATTER WITH SOUTH END?

A meeting of the executive of the South End Improvement League was called for last evening on the grounds. Only the chairman, C. M. Lingey, and Rev. H. A. Cody attended, and they adjourned until this evening. The South End for playground purposes includes all of the city south of King street. It there is to be a playground and ball games and athletics the citizens of that portion of the city must show some interest. There is a great deal to do, and as yet nobody to do it. In the east end the people are very much alive and working hard. Rev. Mr. Cody said to the Times this morning that he was much depressed over the lack of interest in the south end. As one of the founders of the league, and a member of the committee which discovered the site for the present playground and secured its use from the city, he feels that parents generally should be as eager as those of any other portion of the city to get a fully equipped ground for the young people. The Braves and Franklins are scheduled to play a game of baseball on the grounds this evening.

## CAMP SUSSEX IS DECLARED OFF

Unexpected News Came to  
Military Headquarters Here  
Today.

A telegram was received at local military headquarters this morning stating that the military training camp which was to have been held at Sussex June 22 to July 2, has been cancelled. The communication further stated that all the various regiments except those for the permanent forces are cancelled but no reason was given for this action. Instructions are expected in a few days regarding the training of all units of the active militia at their local headquarters and instructions are being sent out to the various regiments to complete their organization plans and be ready for any step which may be taken. This news was received with great surprise.

## GOLDEN WEDDING

Mr. and Mrs. John W. Scott,  
Two of Whose Children  
Live in St. John.

Mr. and Mrs. John W. Scott celebrated the fiftieth anniversary of their wedding on Monday, May 17, at their home, 366 Elliott street, Beverly, Mass. Mr. Scott was born in Aberdeenshire, Scotland, on March 20, 1845, and Isabella Wright was born in Aberdeenshire, Scotland, on August 6, 1852, and they were married there on May 17, 1870. Leaving their native land soon after their marriage they settled in New Brunswick where Mr. Scott prospered as a farmer for about forty years. Then in 1918 Mr. and Mrs. Scott moved to Beverly and they have made their home there since that time. Nine children have blessed this marriage, eight of whom are now living, together with eighteen grandchildren.

An unusual feature of the event was that Mr. Scott wore the same suit he wore on his wedding day. The dining room and tables were tastefully decorated with cut flowers and a dainty repast was served to relatives and friends who were present from Norton, Mass.; East Milton, Brookline, Boston, Topsfield, Lynn, Danvers, and Beverly, bringing heartfelt congratulations and best wishes and remembering them with suitable tokens of their golden wedding. The names of the children are:—Hugh C. Scott of Norton, Mass.; William A., in California; John W., in Montana; Mrs. D. McKim, 119 Britain street, St. John; George D. Scott, West St. John; P. H., of Beverly, Mass.; Mrs. W. of Beverly, and Miss Jean A., of Boston.

## AMATEUR SPORT HAS THE FIELD

A. W. Covey, president of the maritime branch of the A. A. U., is highly gratified with the manner in which the strictly amateur idea has caught on in the provinces generally. Messages come from all over the Maritime and other points relative to players whose amateur standing is questioned, with assurances that the clubs desire to play no man who cannot show an amateur card. The names of a few players who are still in Toronto, and action there will be final and will be accepted. In Nova Scotia there are about thirty senior teams, all amateur and eager to remain so. There has really been much less difficulty than was anticipated. The A. A. U. has gone as far as it could in reinstating men in order that a fair new beginning might be made for full recognition of amateur sport throughout the provinces, and it has met with a hearty response.

## CAPT. H. A. WEST WEDS IN ENGLAND

St. John Officer Married in  
Brighton on April 30.

Friends will be interested to read the following account of a wedding which took place in Brighton, England, on April 30.

Brilliant weather smiled on the wedding, in St. John's church, Preston, yesterday at noon of Miss Violet Frances Porter and Captain Herbert Augustus West of the Canadian Garrison Artillery. The bride is the daughter of Mr. and Mrs. W. Porter of Hill View, Millers-road, Dole-road, and the bridegroom is the son of Frank S. West of St. John, New Brunswick. Captain West came over to England early in 1916 and served three years in France. The Reverend A. Garry Copeman conducted the simple service, to which a large number of relatives and friends assembled.

The bride was most charmingly attired in embroidered crepe de chene, with a corsage of Georgette trimmed with gold lace, a tastefully embroidered Brussels net veil falling in graceful folds. She carried a bouquet of pink carnations and narcissi and wore a necklace of pink coral, the gift of the bridegroom. The bride was given away by her father, and was attended by her niece, Miss Heather E. Roberts of Surrey, who looked charming in white Georgette with a black net hat. Her bouquet also was of pink carnations and she wore a gold sleeve bangle, the gift of the bridegroom. Lieutenant A. Stone, M.C., Bedfordshire Regiment, was best man and Gordon Volk, an old friend of the family, also assisted with the arrangements. Following the wedding ceremony, a reception was held at Hill View, where the newly married pair received showers of good will and congratulations. Captain and Mrs. West left later for the Isle of Wight where the honeymoon is being spent. Mrs. West traveling in a costume of violet with hat to match. Numerous valuable and serviceable presents were received.

TEA ROOM AT WESTFIELD.  
Miss Elizabeth Furlong arrived home yesterday after a pleasant visit to Boston. Very soon Miss Furlong, in partnership with B. A. Macaulay, will open a tea room at Westfield.

FIRES REPORTED IN THICK WOODS OF CROWN LANDS

Department at Fredericton Issues Warning - Three Principal Outbreaks.

(Canadian Press.) Fredericton, May 26—A note of warning respecting forest fires was sounded by the department of lands and mines this morning. So far this season approximately seventy-five forest, brush and slash fires have been reported, but it was not until today that reports of fires in the green woods of the heavily timbered crown lands commenced to come in.

There are fires raging now in practically every forest section of the province and unless heavy rains come within the next day or two it is feared that the fires will become extremely critical. Hundreds of men are fighting the various fires and the lookout towers have been proving their value, but it was declared this morning that greater care must be exercised by settlers, fishing parties and others in the woods.

The three most serious fires now raging in the province are on the Taxis river, a tributary of the Miramichi, on the Restigouche river about twenty-five miles from Kestigouche, where a \$150,000 fire occurred last year about this time, and near Rollingdam, Charlotte county.

MONTREAL MARKET. Montreal, May 26—The local market opened fairly strong this morning and became active with Brompton the early leader, both in point of volume and price. The market was comparatively quiet yesterday, opened at 94 and advanced fractionally to 106 1/2 after considerable trading. Laurentide gained a half point over its opening at 7 1/2 and New Abitibi advanced from 6 1/4 to 6 7/8. Spanish River was inactive and declined fractionally to 92 1/2. Varamack lost a half point to 94 1/2. Other issues were quiet.

FUND FOR SEED FOR C. B. FARMERS

Sydney, N. S., May 26—The sum of \$25,000 for the purchase of farm seeds was placed at the disposal of the farmers of Cape Breton county by action of the county council yesterday. The sum of \$1,000 was allotted to each electoral district. Each farmer may not borrow more than \$50 and the money must be repaid in six months. This action was taken under provision of a recent loan act passed by the Nova Scotia Legislature, and is the direct result of allegations that local Cape Breton delegates profiting in seed at the expense of the farmers.

BANK OF HAMILTON TO INCREASE CAPITAL STOCK. Hamilton, Ont., May 26—At a meeting of the board of directors of the Bank of Hamilton yesterday it was decided to issue another million dollars of capital stock, which, when taken up, will make the paid up capital \$5,000,000.

HON. DR. ROBERTS AT OTTAWA. (Continued from page 1.) The subject of child welfare came in for possibly the greatest amount of attention by the board. It was considered by all that the secret solution of the great problem of tuberculosis and infant mortality rested in the proper interpretation of the needs and the immediate application of the principles of child welfare and proper housing. While it was recognized that large amounts of money have been expended upon the care and treatment of tubercular patients, and that still larger sums must be expended, it was the opinion of the board that the volunteer organizations among whose objects is found the question of public health are cordially invited to interest themselves in any degree they feel able to do so.

Another important feature, which will receive further publicity at a later date, was that of milk, its quality and the care it should receive, so that it may convey with safety its nourishment producing qualities, minus the disease producing elements.

The following is a copy of the programme discussed, and it will be seen at a glance, the importance of the topics which are under consideration.

While Dr. Roberts was at Toronto attending the executive meeting of the national committee for combating venereal diseases, he was invited to attend the Ontario house of assembly, which invitation he accepted, where he was introduced and had quite a few moments' conversation with Premier Dwyer and Hon. Mr. Rolfe, minister of health and labour. He also had the pleasure of listening to an address being given at the time by Mr. Dewar.

The health department is very highly spoken of, and many of its features are being copied by various other health organizations in Canada.

While in Montreal he was the guest of Dr. W. A. L. Styles, secretary of the Child Welfare Association, and Miss Helen Y. Reid, and inspected the Child Welfare Exhibit on Saturday last, which he pronounced the best of its kind in America.

He also met Mrs. Ira D. Hasbrouck, local secretary of the National Child Welfare Association, whom he hopes to have here for the exhibition next fall.

Agenda of Ottawa Meeting. Along with other subjects which will be discussed, the following are among the most important and pressing. It is intended that as complete a discussion as possible of the subjects as indicated shall be carried out, and determination of the policy reached in all cases, where possible.

Child Welfare—Maternal care; Formation of National Child Welfare Association; Protection of Maternity and Infancy; Children of pre-school age; Children of school age; Children in industry; Juvenile Courts; Health Centres as Community Service; Milk Supply.

Tuberculosis—Passage of tubercular patients from one province to another; Federal co-operation in anti-tubercular work.

Industrial Hygiene—Sanitary conditions in working men's houses; Industrial employment of women and children.

Rural Hygiene—Disposal of waste and sewage on farms; Farm water supply.

Veneral Diseases—Co-operation in provinces with Federal Department of Health; Transmission of venereal disease remedies through the mail; Uniform notification of affected individuals passing from one province to another; Ven-

TWO "LIFERS" AND TWENTY-YEAR MAN BREAK OUT OF STATE PRISON

Boston, May 26—Herman Barney, who was sentenced to state prison for life for the murder of Patrolman Charles Deninger in this city in February, 1919; Harry Munstir, serving a life sentence for the murder of Patrolman J. Riser, in this city a year and a half ago, and Charles Ward, a negro, serving a twenty years' sentence, escaped from the state prison in the Charlestown district late last night by scaling the walls.

It was said that an automobile was waiting for them, and although a general alarm was sent out, no trace of them was found.

THE HOTEL PROJECT. A telegram to H. R. McLaughlin, secretary of the Commercial Club, from George H. O'Neil, Canadian manager of United Hotels, says he and Mr. Dudley will be here about June 15 or 16. The delay is owing to important business in Toronto and Mr. O'Neil expresses regret that they could not come earlier.

EXAMINATION COMPLETED. Diver Fred Doyle has completed his submarine examination of No. 1 berth at the West Side and is now preparing his report on the amount of repairs necessary to put the wharf in first class shape. It is said that the damage was not so bad as had been anticipated.

FUND CLOSED. The fund collected by the mayor for the purchase of the olympic trial prizes was closed at noon today and the amount, \$201.50 will be handed over to W. K. Haley president of the Playgrounds Association.

QUICK ACTION. The mayor received a letter this morning from the superintendent of dominion buildings and a few minutes after reading it, the hands of the clock on the old post office moved ahead one hour. The mayor did not say what the letter contained but peace now reigns supreme on the Prince William street front.

WRESTLING BOUT. After several weeks' negotiations a wrestling match has been arranged between Joe Irvine, a local boxer and wrestler, and Arthur Larabee, of Halifax. The bout is for the championship of the maritime provinces, and the winner is to take the entire purse. Larabee is in the city, but Irvine is at present working on his father's farm in Ormoco. It has not as yet been decided where or when the match will take place.

JOHN D. ANDERSON. John D. Anderson of Musquash died at his residence, "Sunnyside," on May 25. He had been in failing health for some time. He was a native of St. John county, youngest son of the late David Anderson of Musquash. He is survived by his wife and one child, Louise, his mother and brother, George A., and a sister, Nettie A., all of Musquash, and one brother, G. H. B. Anderson of Everset, Mass. The funeral will be held from his late residence on Thursday at 2:30 to St. Anne's church for interment.

INSPECTION VISIT. A board of medical officers recently appointed by the director of medical supplies of the Dominion Soldiers' Civil Re-establishment, inspected the soldiers' quarters in the new wing of the East St. John County Hospital this morning. The board includes: Dr. C. D. Parfitt, chairman, St. John Sanatorium, Gravenhurst, Ont.; Dr. J. R. Byers, of the Laurentian Sanatorium, Ste. Agathe des Monts, Que.; Dr. W. M. POLICE COURT. In a case against Mrs. Matilda White, charged with bigamy, which was sent up for trial yesterday, bail was fixed this morning in \$4,500. M. B. Innes went bail for \$1,500, and other bail will be obtained this afternoon. H. Y. Belyea appeared for the defence. Joseph French was charged with being drunk and impeding pedestrians at the head of King street last evening. He pleaded not guilty, and Policeman Corcoran gave evidence. A fine of \$100 was imposed. One man charged with drunkenness pleaded guilty and was remanded to jail.

IN WALL STREET. New York, May 26—(10:30 a.m.)—Trading was active and stronger at the opening of today's stock market, many of the leading issues adding materially to yesterday's gains. Oil, motors, steels, and shipbuilding and textiles rose 1 to 3 points. The prominent features were Mexican and Pan-American Petroleum, Studenbaker, Candler, Crumble, United Fruit, American International, Consolidated Textile and National Paper. Among railroads, coalters were especially strong. Reading gained a large fraction and Baltimore and Ohio 1 1/8. Dealers in foreign exchange reported further extensive buying of remittances to central Europe. Noon Report. Dealings during the morning were the most diversified of any similar period in several weeks. U. S. Steel resumed its former leadership in point of activity, but made only a nominal advance. Independent steels, notably Vanadium, Lackawanna, Bethlehem and Republic rose 1 to 2 1/2 points. American Locomotive kept pace with related equipments, gaining 2 1/4, and the motor specialties were featured by Stromberg, which rose almost five points. Secondary oils were irregular. Sinclair strengthening while Middle States was weak. Among the active low priced rails at moderate advances were Nickel Plate and Pittsburgh and West Virginia. Call money was unchanged at 6 per cent.

ONE OF YOKOHAMA'S BANKS HAS SUSPENDED BUSINESS. Tokyo, May 26—(By the Associated Press)—The seventy fourth bank of Yokohama has suspended business and its affairs are now under investigation. The Tokio press attributes the bank's difficulties to demoralization of the bank industry in which the institution was interested heavily.

FOUR ARE FINED FOR SIDEWALK SPITTING

In the police court this morning, Zephir Lariviere, William Elbridge, Roy Ogler and Walter Jackson, were charged with expectorating on the sidewalk. Elbridge pleaded not guilty but the others admitted the charge and Policeman Corcoran gave evidence in the case against Elbridge. Each was fined \$1. The magistrate said the fine here was very light for in some cities offenders are assessed \$100 for the violation of this by-law, but he said it is his intention to impose the fine on all offenders and stop this habit.

George McCarthy and George Banks, were each charged with speeding in Water street and a fine of \$10 was imposed. Frank Best, charged with driving his automobile without a rear light, gave a satisfactory explanation.

CLASS DAY AT ACADIA

Wolfville, N.S., May 25.—The class day exercises of the Acadia senior class were held in College Hall this morning at 10.30 a.m. with George H. Estabrooks, the president, in the lead.

Mr. Estabrooks opened the meeting, giving a farewell address. He spoke frequently and with feeling, expressing the regret of the class in leaving Acadia and the good times as well as the learning that they had received while there.

The history was written in laudible penmanship with the rhymed couplet. The class prophecy, a burlesque vision of the occupations and situations of the individuals in the future, was read by Miss Miriam Chisholm. The valedictory was spoken by Lorne F. Titus, who is an eloquent speaker, and made a great effect upon his hearers by his excellent valedictory. The meeting closed with the senior class yell.

CANADIAN MAJOR PRAISES TANLAC

Former Member of Mounted Police and Overseas Officer Says it Restored Him to Splendid Health.

"I have tried Tanlac with entire satisfaction and I give it my unqualified endorsement." was the statement made a few days ago by Sgt. Park of Victoria (B. C.) before the war Mr. Park was connected with the Royal Northwest Mounted Police and during the war rendered valiant services as a major in the Canadian Expeditionary Forces in France.

"For the past two years I have been in bad health which was brought on by a chronic case of stomach trouble," said Major Park. "My appetite was practically gone and I ate very little of anything for I could hardly find a thing for me to eat."

TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due in large measure to an excess of hydrochloric acid in the stomach.

Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bisulphate of Magnesia after their meals.

There is probably no better, safer or more reliable stomach antacid than Bisulphate of Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a digestant. But a teaspoonful of the powder or a couple of five grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble and the meal digests naturally and healthfully without need of peppin pills or artificial digestants.

Get a few ounces of Bisulphate of Magnesia from your reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate and in the bisulphate form it is not a laxative. Try this plan and eat what you want at your next meal and see it isn't the best advice you ever had on "what to eat."

THIS FEEBLE AGED WOMAN

Tells How Vinol Builds up Strength and Vitality For Old People.

She says: "I am seventy-three years of age and suffered from a weak, run-down condition, and was so feeble I could hardly get around; my daughter induced me to try VINOL, and it gave me a good appetite, I slept well, am stronger and healthier in every way, so I can get around and do all my house work."

The reason VINOL is so successful in such cases is because it contains the tissue building and medicinal elements of cod liver, aided by the blood-making, strength-creating, properties of tonic iron, beef epinephrine and hypophosphites.

Seattle, Wash., May 25.—Five dollar wheat may be expected before the 1921 crop is harvested, Louis W. Hill, chairman of the board of directors of the Great Northern railroad, said here Saturday. He said it had been impossible for growers to hire enough men to plant the crop and they would be hampered by lack of labor at harvest time.

Hair Often Ruined By Careless Washing

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is Mulsified coconut oil shampoo (which is pure and greaseless), and is better than anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub in. It makes an abundance of rich, creamy lather, which rinses out easily removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine, silky, bright, lustrous, fluffy and easy to manage.

You can get Mulsified coconut oil shampoo at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

U. S. GOVERNMENT IS PROSECUTING SUGAR REFINERS

Boston, May 25—The federal government today took action against sugar refiners alleged to be profiteering and hoarding. The Revere Sugar Refinery and Henry E. Worcester, its vice-president, were charged with exacting excessive prices and with holding sugar from the market and the American Sugar Refining Company and W. K. Green, its general manager, were charged with selling sugar at excessive prices. The complaints asserted that the companies had made millions of dollars by hoarding and regulating the price.

MISS ZIMMERMAN PERFECTLY SANE

That is Opinion of Alienist For Prosecution in Murder Trial.

Springfield, Mass., May 25—That Miss Jennie Zimmerman was perfectly sane when she shot Dr. Henry Zimmerman last August, and that she is sane today, was the statement of Dr. L. V. Briggs, alienist for the commonwealth, on the witness stand today in the resumption of the trial of Miss Zimmerman for the murder of the physician. The shooting was the act of a jealous, emotional woman, he testified. Dr. Briggs is the last of four alienists called in the case, two by the commonwealth and two by the defence.

MAJOR MOONEY WILL COMMAND

Fredericton, May 25—In connection with the re-organization of the New Brunswick dragoons, formerly the 28th, it is announced that Major A. E. Thomas of St. John will command the squadron with headquarters at Fredericton with Captain E. Lounsbury as second in command. Major Everett, of St. Stephen, will command the North Shore squadron with headquarters at Chatham. Major E. Mooney will command the St. John squadron. The St. John valley squadron will raise two troops in the vicinity of Fredericton, one at Woodstock and one at Gagetown. The dragoons also will go to Sussex on June 22.

THE VETERANS' FAIR

More than 1,500 people attended the Great War Veterans' Fair last night, in the St. Andrew's rink, and all came away thoroughly satisfied with the good time enjoyed. Every booth was well patronized and the City Cornet Band, in an excellent musical programme, added greatly to the pleasure of the evening. The door prize, a half-ton of coal, was won by ticket number 12727, and the holder of that lucky piece of pastboard can have the fuel sent to any city address by notifying Charles Robinson, Sydney street. The door prize for tonight will be a case of Quaker Oats, donated by Thomas Carter, local representative of the millers.

GEN. DYER BLAMED FOR HARSH ACTION IN INDIAN TROUBLE

Commission Appointed by British Government to Investigate Causes of Unrest in India Submits Lengthy Report.

London, May 25—The findings of the commission appointed by the British government to investigate the causes of the unrest in India with the attending disorders, was made public today. The commission, under the chairmanship of Lord Hunter, submitted two reports, a majority report by the five English members and a minority report by the three Indian members. An official summary of the two reports given out by the British government says: "With the exception of the Jallian Walla Bagh and certain minor incidents both the Indian and English members generally agree in justifying the firing done by the police and the military. They further agree in pronouncing unfavorably upon General Dyer's handling of the Jallian Walla Bagh meeting and upon certain of the orders passed in the course of the administration of martial law. They further agree in exonerating the government of India from all blame. "Regarding Amritsar the English members hold that the outbreak was anti-government at every stage, hostility to government quickly merging into antipathy for Europeans as such, and culminating on April 10 in the brutal murder of five inoffensive persons and savage assaults on others. The Indian members think that the anti-European sentiment developed subsequent to the firing on April 10, but do not dissent from the view that the firing was necessary. "Two English members approve the action of the authorities prior to April 13, considering it impossible that the fact of martial law could fail to result from the happening of April 10. But while admitting the difficulties of the situation they consider that General Dyer's conduct at the Jallian Walla Bagh is open to criticism in two respects, first, in that he fired without warning and second in that he continued firing too long. "This opinion is not shared by the Indian members, who, while agreeing in the condemnation of General Dyer's action, take a graver view of the whole incident, stigmatizing his conduct as inhuman and un-British.

PLANT ALL YOU CAN HANDLE CONVENIENTLY

Advice Given to Maine Farmers by W. D. Jones, Farm Management Specialist of College of Agriculture.

University of Maine, Orono, May 25—"Plant all you can conveniently handle." This, in substance, is the advice which M. D. Jones, farm management specialist of the College of Agriculture extension service, is giving to Maine farmers. He bases this advice on the belief that it will prove an especially profitable year to the farmer with the courage to take advantage of the prevailing conditions—under production, good wages in the cities whence will come the loud call for foodstuffs and the exceptional backwardness of spring throughout the entire country. "It is not unusual," said Mr. Jones, Thursday, "for one section of the country to be backward, but very exceptional for conditions to be so unfavorable all over the country as they were previous to the middle of May. "The southern potato crop is from two to four weeks late. Ohio reports wet weather interfering with seeding. Reports from Indiana say: 'Farmers are greatly handicapped by unusual weather conditions,' from Illinois, 'The latest season in years', from Kansas, 'Spring very backward', from Montana, 'Unfavorable weather and soil conditions have held farming operations at a standstill throughout practically the entire state', from Missouri, 'Season is late on account of too much rain.' Many other states report similar conditions. It is evident that work is backward quite generally everywhere. "The season is not only late but fall seeded crops have not wintered particularly well, according to available reports. In Illinois wheat is reported fair to poor; some sections of Indiana reported very poor. The estimated crop of wheat for the country is considerably below normal. Oats quite universally are reported as late seeded and poor. Corn is likely to suffer as a result of late planting. "Labor conditions seem to be about the same everywhere, scarce and generally poorer quality than formerly. "The scarcity of fertilizer in some sections of this state will cut the acreage. Some states report a shortage of some kinds of seed. "If the reports cited represent actual conditions and judging from conditions in our own state we have no reason to doubt them, then for those who are equipped for it this ought to be a good year to plant. "The number of people in cities and towns is much larger in proportion to those on the farms than ever before. As long as high wages are paid for labor in mills and factories produce will find a ready market. Hotel proprietors report prospects for a big summer trade

which would make the outlook for local markets good. "The late season, shortage of labor, lack of seed and fertilizer coupled with a strong demand would seem to promise a good season to do business for those so equipped that they can.

MARSHALL FIELD 3D IS INSURED FOR MILLION BY WAR COMRADES

Chicago, May 25—Marshall Field, 8d., has taken out more than \$1,000,000 life insurance. Lieutenant Harper Moulton and Sergeant Paul M. Hurl, who served in the same outfit with Captain Field in France, formed an insurance agency of their own when they returned to this country. The first prospective client they approached was their old commanding officer and their first policy realized the dream of all insurance agents, a \$1,000,000 policy. The total sum Captain Field has taken out so far is \$1,065,000 and there are applications for \$300,000 more. The policies were distributed among twenty leading companies and Captain Field, having passed exhaustive physical tests, was accepted, paid his premiums today and the policies are now in effect. They are in favor of his wife.

KING GEORGE WINS

New York, May 25—King George of Great Britain and Ireland, today was awarded \$22,575 damages in a \$175,000 suit brought on behalf of the British Government against Ernest Harman, a New York steel broker, for alleged failure to deliver steel scrap as per contract for use in Italy during the war.

MONETON PERSONALS

Mr. and Mrs. J. S. Magee, who spent some time in Florida, and now with friends in Newton, Mass., are expected home toward the end of this week. Ward reached relatives of Richard Kinnear last evening that he was "not so well." Mr. Kinnear is a patient in a Montreal hospital. F. A. McCully, K. C., who has been a patient in the city hospital for some time, has so far recovered as to leave the institution. He will sail for Bermuda on Thursday to recuperate. Andrew Gillespie, of the Anglo-Peruvian Oil Co., who has been transferred from Moncton to New Guinea, will leave in a few weeks with Mrs. Gillespie on a trip to England and Scotland, where they will spend some time before proceeding to their new home in New Guinea.

GROCERY FIGURES IN THREE CITIES OF THE DOMINION

The following comment on the market situation as regards foodstuffs appeared in Canadian Grocer last week. The markets generally are firm to higher with advances registered on many lines of commodities. Sugar supplies are short throughout and just when an improvement can be expected nothing can be learned with definiteness.

The future of the markets this week is the reduction in the price of butter and eggs, amounting to one cent a pound on the butter and one cent per dozen on eggs. Fresh rice is in good supply and lake fish are appearing for the first time this season. Cheese remains strong after the advance of last week. Lard is one cent per pound higher.

Molasses is higher and corn syrup follows in the advance. Starches have all taken another step in the advance of prices. Rice is scarce and strong, but Siam rice is offered cheaper. Jams are dearer this week and canned meats of some brands are higher. Vegetables are for the most part cheaper and fruit remains firm. Hay is two dollars a ton higher.

Supplies of sugar continue scarce and just when shipments will be coming forward, nothing can be learned with definiteness. Raw sugar has firmed up and quotations are around 21 cents laid down at the port of New York. Corn syrups have again advanced; quotations are now 20 to 60 cents per case higher. This is the largest single advance for some time.

Bulk corn syrup has also advanced one cent per pound. Breakfast food has advanced \$1.25 per bag. All starches have advanced one cent per pound. The coffee market is firm with the tendency to reach higher prices. Spot stocks are low, due to the difficulty of transportation.

Canned peas are scarce and advances have been registered on canned soups, peaches, strawberries and raspberries. Crisco prices have been reduced 70 cents per case. Shelled walnuts and almonds continue in a weak market. Canned molasses, however, are firm. Klovah nuts have advanced. Some shipments of Siam, Japan and Texas rice have arrived, but supplies, generally, are small, with the stocks of spices are not large and new shipments to arrive will be quoted at higher figures. Ginger, nutmegs and cream of tartar are scarce. Evaporated apple market has weakened considerably during the past week. Potato supplies are very scarce and quotations are higher.

Dealers are looking for a famine in potatoes before the new crop arrives. Southern vegetables are in good supply. New Florida potatoes are on the market and quotations range from \$12.50 to \$17 per barrel, according to the grade. Cuban pineapples are arriving freely. Quotations, however, remain high. Strawberries are arriving daily and prices are lower. Bananas are quoted one-half cent per pound higher. Advances have been registered on chocolate, cocoa, salad dressing, cotton twine, chewing gum, condensed mince, blue, jelly powder, produce and provision markets show little change. Butter and eggs are easier and quotations are lower. Meats are firm, likewise cheese. Poultry is in fair supply and prices are well maintained.

There has been no startling advances or declines since last week. Raw sugar on the New York market has reached a record that has never been equalled before in the sugar market. Cane syrup advanced 80 cents a case this week, but no supplies are available. Corn syrup and starches are strong and indications point to increase. Cereals and rolled oats are firm, while canned goods are considerably stronger. The coffee market remains firm, with Santos and Brazil coffee much firmer. The primary market is a little easier temporarily, due to the anticipated trade relations with Russia. If this materializes, scrap iron and steel will be in demand. The spice market remains unchanged with pepper very firm and nutmegs higher. Japan chillies will be much higher this coming year. Very few lines of fruits, except bananas and oranges, are arriving, while the same pertains to new vegetables. Bottles advanced 1 cent per case, also flour advanced 82 1/2 cents per 98-pound sack.

These figures make no allowance for the construction of village stores, blacksmith shops and other necessary buildings. When these are included and incidental expenses are added, the total figure will easily exceed 1,000,000 francs, says the report, and even then the work will only have begun.

SHAMROCK'S TRIALS WILL BE LIMITED

American Yachts Have Advantage Over Challenger in Tuning Up for Big Race.

New Haven, Conn., May 22—Now that the contests for the selection of an America's cup defender have started and the Shamrock IV, is nearly ready to be rigged, coupled with the fact that the 23-meter Shamrock is now well on her way to this country and William F. Barton, the amateur skipper of the challenger, has arrived in this country, interest in the blue ribbon event of the seas, which is to take place during the month of July off Sandy Hook, has very suddenly assumed its due share of importance in the world of sport.

So far it is impossible to formulate any idea as to the chances of either the Resolute or Vanitie for the honor of defending the cup. Even at the conclusion of the races off New Haven it was impossible to form any accurate idea of the relative speeds of the two big single-stickers unless one of them proves to be decisively better than the other, which is improbable.

In 1914 and 1915 the Resolute showed up much better than the Vanitie, but it is generally believed that the latter has been improved to a decided extent and will not only show more speed, but will have to allow as much time to the Herreshoff creation as she did before.

At any rate, the two American craft are sure to have the advantage of a much more thorough tuning up than the Shamrock IV. The challenger cannot well start in any effective trials in much less than two weeks from now, and that means a whole lot when it comes to getting the best out of one of the tender, whimsical craft.

The 23-meter Shamrock left England on May 10 and arrived at the Azores just one week later. That represented practically one-third of the distance. The second leg of the journey to Bermuda should, with the prevailing winds, give her a reach, and she should make good time. The final leg, from Bermuda here, is more than likely to call for windward work, which, with her abbreviated jury rig, may delay her arrival.

When she does arrive, instead of being overhauled and re-rigged for racing at one of the yards along the lower bay as was originally intended, she will be towed to City Island and prepared for her races with the challenger, at Robert Jacob's yard, where her spars and sails await her.

In consequence of this delay it is likely to be well into the second week of June before the two green Lipton racers have their first brush off Sandy Hook. At that rate it is doubtful if the challenger will get more than three weeks of tuning up with her trial "horse" before she is hauled out for her final grooming preparatory to the big races. When the defender and the challenger do meet she will be a very different Shamrock from the one that arrived in this country just after the big war started in 1914.

RELEASE PRINCE'S JEWELS. William of Wied and Other Germans Regain \$300,000 in Gems. Stockholm, May 26—Jewels valued at \$300,000, the property of Prince William of Wied and other German noblemen, which were seized by Swedish customs authorities last August when they were brought into the country by airplane, have been released.

Forfeiture of the gems was claimed, on the ground that they had been smuggled into Sweden, but the court held that the charge of smuggling had not been proved.

Persons to whom the gems were consigned were fined fifty kroner by the court, however, because it had been shown the importation of the jewels was irregular.

Roddy McDonald Arrested. Halifax, N. S., May 25—Roddy McDonald, the local middleweight, was arrested today on a warrant charging him with attacking one Mrs. Andrews. McDonald put up a fight when taken into custody.

TY COBB MAY DISPLACE JENNINGS

Rumored That "Baseball King" Will Manage Detroit Club.

New York, May 21—A rumor that could not be run down early today, but which gained credence in sporting circles, declared that Hughie Jennings, manager of the Detroit Tigers, was to be deposed and the club placed in the hands of Ty Cobb. It is said that Frank J. Navin, president of the Tigers, is dissatisfied with the manner in which Jennings has handled the affairs of the club this spring and that the dissatisfaction is general in Jungle-town.

Various indictments have been returned against Jennings. His star in the City of the Straits has been on the wane for several years and stories of his disposition have been handled about before. This time the wise men of the east declare that nothing will prevent it.

Among other things, it is said that the lack of uniformity in the enforcing of discipline has destroyed the morale of the Tigers. Great leniency has been shown to certain stars in the matter of reporting for spring training. Breaches of the code were ignored when committed by leaders of the team. But worse betide the man of lowly standing if he spoke of his turn.

ANOTHER BIG WAR NOT IMPOSSIBILITY

General Odium Says it is Necessary to Remove Hatreds and Bitterness.

Montreal, May 25—Commenting on a despatch from Quebec in which he was reported as saying that there would be another world war within the next decade, General Victor Odium, of Vancouver, conveyed the impression that this belief was embodied in a conversation of which it was more the text than the conclusion. He pointed out that the sentiment conveyed in the despatch was intended to give emphasis to a feeling that there was nowadays all the more need for the employment of real Christian efforts towards the removal of the hatreds and bitterness engendered by the war.

News Notes About Prominent Baptists

Rev. York A. King is now laboring as an evangelist in Massachusetts under the Home Mission Society. He is a New Brunswicker, his boyhood home being a few miles from Petticoat.

Mrs. Rachel Nalder, who for several years has been a special representative of the work carried on by the Punmia Ramabai Homes in India, has for the last six months been carrying on a campaign in the west with much success.

She now plans to spend a few months in comparative rest at Port Moody, B. C. Rev. F. S. Todd has returned to his home in Woodstock, after spending the winter with his son, Dr. H. C. Todd, of Oklahoma.

Rev. H. H. Ferguson is rejoicing over a revival which has been experienced in the church at Devon. Thus far forty-one have been received by baptism. In the special services the pastor was assisted by Rev. Z. L. Fash of the George street church, Fredericton. Pastor Ferguson has been with this church now for seven years and has had the joy of seeing a great increase in numbers, in financial strength and in spiritual interest.

Rev. N. A. Harkness, so well known to eastern Baptists through his pastorate at Wolfville, was recently elected president of the Religious Education Council of British Columbia. He is pastor of the Kitlano Baptist church, the church of which Rev. H. F. Waring was pastor before going to Chicago. At the recent session of the council a strong stand was taken against the tendency to make divorce easier in Canada.

President Cutten has returned from Toronto with a new dignity—or, at any rate, with a new degree. McMaster University has conferred upon him "honoris causa," the degree of Doctor of Divinity. It seemed very fitting that he should be presented for his degree by Prof. E. M. Keirstead, himself for many years an honored professor at Acadia.

The churches on the Keswick field have extended a call to Rev. J. W. Williams, who for the last five years has been serving the church at Blaine, Me. Pastor Williams is one of our own, having been ordained at St. John in connection with the Tabernacle church. He held pastorates at Marysville and at Centreville before accepting the call to Maine.

Rev. Warren L. Steeves, pastor of the Beran Baptist Tabernacle of Carbondale, Pa., writes us that he plans to spend the month of August on a vacation trip to the maritime provinces. He will make the trip by automobile through Boston and thence to St. John. Rev. George R. Baker returned last week to his home at Ithaca, N. Y. His presence in this city was occasioned by

the lamented death of his father, C. P. Baker, of Fairville.

Another of our veteran preachers has been called by the Master to enter into rest and to enjoy the reward for faithful service. Rev. R. B. Kinley passed from the scenes of earth to the joys of heaven from the home of his daughter, Mrs. J. S. Longley, Paradise, N. S., on Sunday, May 16. For thirty-nine years he had proclaimed the gospel of Christ to the Baptist churches of these provinces, and many whom he led into the light will remember his ministry with loving gratitude. He also gave to the Master's service two talented sons, Rev. F. S. Kinley of Windsor and Rev. E. A. Kinley of Newcastle.

New York, May 25—Four men arrested yesterday at the Polo Grounds in the anti-gambling crusade in progress at major league baseball parks were arraigned today and two found guilty of disorderly conduct. One was fined \$10 and sentenced to two days in jail, while the other was fined and imprisoned exactly half as much. The other two prisoners were discharged.

### BASEBALL

In a nip and tuck game the New York Yankees defeated the Detroit Americans 4 to 3. Ruth made another home run, his seventh, sending Pipp in ahead of him. Hopper's circuit drive into the right field bleachers in the last of the 11th, with none out, gave Boston a three to two win over St. Louis. Roy Moore, recruit left hand pitcher for the Philadelphia Athletics, held Chicago to six hits and Philadelphia evened the series by a score of 5 to 1.

Effective pitching by Carlson and excellent support enabled the Pittsburgh Nationals to defeat Brooklyn two to nothing. The Reds hit both Fillingim and Oeschger hard and won from Boston 11 to 2. Ragedo fielding by St. Louis contributed materially to a victory of 7 to 5 for the New York Giants. Laughlin won his fifth game when the Chicago Nationals defeated Philadelphia 10 to 2. Summary—

**Three-Eye League.**  
Cleveland, May 26.—Frank Grabfelder of Cleveland sent his recruit infielder to the Cedar Rapids club of the Three Eye League yesterday by the Cleveland American League Baseball Club.

**"Stuffy" McInnis Going Strong.**  
Boston Globe.—There has been nothing prettier this season at Fenway Park than the all-round ball playing of "Stuffy" McInnis at first base. He has been in the game all the time and there has been hardly a contest in which he has failed to accept some opportunity to save trouble for his team.

On batted balls he already has knocked down enough to save several games, and his handling of thrown balls, which he has had innumerable poor ones, high, low and wide, has been skillful indeed. "Stuffy" this season surely has upheld his record of topnotcher of big league first sackers.

Recently he has been hitting the ball and is now going at a .317 gait. In the field he has lost only two of 314 chances for a mark of .994, being tied with Pipp of New York, who has had 823 chances. "Stuffy's" all-round work bears study in comparison with that of the other first basemen, in figures, but the character of his game has been such as to make him the outstanding big corner guardian of the year. Here are the batting and fielding marks to date of the group of American League first basemen: McInnis, .317-.994; Feilman, .285-.984; Judge, .228-.986; Jourdan, .240-.979; Griffin, .245-.995; Johnston, .390-.997; Pipp, .248-.984; Sisler, .316-.979.

**North End League.**  
A meeting of those interested in the formation of a north end league will take place on Thursday evening in Douglas Hall, Murray street. It is expected that three teams will be organized and the playing season will start next week.

**Nova Scotia B. B. League.**  
Halifax Chronicle.—The Nova Scotia Amateur Baseball League started Saturday with close to thirty teams battling for the leadership which in the end will mean the championship of the province. As may be supposed the task of getting a league of this magnitude started is no small one and a large amount of the credit of consolidating the province in one big league belongs to W. C. (Billy) Ross, the former old time Wanderer and Dalhousie star, now the Rev. W. C. Ross of Truro, and the moving spirit of the thriving Y. M. C. A. which exists in the "Hub" "Billy," as he is known to every person familiar with track athletics and football throughout the maritime provinces, is, in spite of his having left the most active years of his athletic endeavor behind, still one of the boys; and when the fog end of the hockey season came along began to get his big plan ready.

This took time and energy, and while he had not a great deal of the former to give he had an almost inexhaustible store of the latter, which he spent with characteristic lavishness in corresponding and preaching the propaganda of bigger, better baseball which finally resulted in the formation of the Nova Scotia Amateur Baseball League.

From a small and almost puny beginning he has been instrumental in getting things going until they have assumed colossal proportions and at present he is president of the largest baseball organization that has ever been "swung" in this province.

**ATHLETIC.**  
Will Send Team to England.  
Princeton, N. J., May 25.—Princeton University yesterday cabled its acceptance of the invitation of Oxford and Cambridge to have the Tiger track team compete against the English universities in a dual meet in London in July. The message was addressed to H. G. D. Rudd, president of the Oxford Athletic Association. Princeton has expressed a preference to compete against a combined Oxford-Cambridge team. The Princeton team will sail not later than June 12.

**COMING BACK TO OLD CONDITIONS.**  
What New York's New Boxing Law Provides—Decisions by Judges—Some of the Conditions.  
Albany, N. Y., May 26.—Fifteen round bouts in New York state were legalized by Governor Smith, who has signed the Walker bill creating a state boxing commission to control the sport. The law will make it possible for New York state promoters, they hope, to place boxing on a place nearly equal to that of twenty years ago when world's championships were decided, inasmuch as the measure permits the rendering of decisions by judges or by the referee in the event the judges cannot agree.

**BOWLING.**  
Archie Walsh in Team.  
Boston Globe.—Boston will be represented in the second annual national duck pin championship tournament at New York tomorrow. The team will comprise Paul Pochler, Archie Walsh, John Christopher, Harry Cole and "Red" Miller. They will compete in the five-man team, two-men and individual competition. Boston finished third last year, one pin behind the second team. In addition, Pochler will roll a special match against Phil Spinelli of New York.

**THE RING.**  
Wilde-Herman Bout.  
London, May 22.—A match between Pete Herman of the United States and Jimmie Wilde, the English flyweight, has been arranged to take place in London in September.

Announcement is made that, because of an injury to the hand of Joe Becklet, the English heavyweight boxer, the match between him and Frank Moran of the American heavyweight, set for June 14, has been indefinitely postponed.

**For Wilde and Wallace.**  
Toronto, May 26.—The promoters of Monday night's fight in Toronto between Jimmie Wilde and Patsy Wallace of Philadelphia, say that they have offered Wilde \$20,000 for a match of twenty rounds, and Wallace a guarantee of \$15,000 for his end, and that Wallace has accepted for any time after July 1. Wilde is to return to England next Saturday and it is understood he has not signified his acceptance of the offer.

**Moran Defeats Goddard.**  
Frank Moran of Pittsburg knocked out Frank Goddard, an English heavyweight, in the second round of what was to have been a twenty round bout in London last night. A terrific right to the jaw put Goddard to sleep.

**Football.**  
Thorpe to Quit Playing.  
Akron, Ohio, May 22.—Indian Jim Thorpe, for over ten years famous as the world's greatest athlete, is getting ready to retire from active participation in football. Thorpe is now thirty-four. While he hopes to remain in sports as a promoter, he intends to do little playing other than baseball, in which he believes

he still has several good years. At Canton next fall he will manage the Bulldog football team, but insists that he will not play.

**ACQUATIC.**  
Resolute-Vanitie Race Records.  
(New York Evening Post.)  
When Resolute and Vanitie came to the line tomorrow for the resumption of their struggle for the honor of defending the America's Cup they will have competed in 29 completed races, in 25 of which the Herrshoff creation outslaid the Gardner boat, losing one contest on a foul. The yachts sailed 16 times in 1914, Resolute winning 14, while in 1915 they had 13 races in which Resolute won 11, not counting the foul.

In 1915 Resolute sailed 374 miles in 52 hours 33 minutes and 43 seconds, while Vanitie required 62 hours 55 minutes and 49 seconds. Resolute's time allowance that year amounted to 21 minutes 35 seconds, which gave her a lead in all of 42 minutes and 41 seconds in corrected time.

In other words, in a course of 896½ miles in length, or about the distance from New York to St. Augustine, Fla., Resolute finished 1 hour 15 minutes and 6 seconds ahead of Vanitie, which with her total allowance enabled her to beat the Gardner boat over the entire course by 2 hours 25 minutes and 36 seconds, or an average of 9.7 seconds a mile.

## ST. PETER'S TAKE FIRST GAME

Defeat Veterans, 8 to 3—Mr. Thornton Offers Cup.

The opening game of the City Baseball League took place last evening on St. Peter's ball park when the boys of the green and white defeated the Great War Veterans nine by a large margin. The game was an interesting one to watch and was enjoyed by a large gathering of fans.

Commissioner Thornton started hostilities by throwing the first ball across the plate. He also made a short address in which he congratulated the St. Peter's boys for making such a splendid ball park out of their grounds, and then offered to present a trophy for the league. He was warmly applauded by the fans as he went to the grandstand to witness the game.

INCENDIARISM AND STRIKES IN ERIN

Two Court Houses Burned—Serious Extension of Railway Troubles.

Dublin, May 25—A serious extension of the railway trouble here occurred today when the railway men refused to transport war materials and loaded into a train by soldiers after the dockers had declined to work.

The supplies were destined for the west of Ireland and when the soldiers tried to move the train the signal men struck and all work was stopped.

Court House Burned. Tobercurry Sligo, Ireland, May 25—Judge Wakeley was unable to open the quarter sessions here today because the court house was burned early Monday morning.

Paris Small Change Famine Relieved. Paper Franc and 50-Centime Notes Issued—Silver Has Entirely Disappeared.

Paris, May 25—A minor hardship of life in Paris has been removed. After months of shortage in silver change in which pockets of postage stamps became most common currency banknotes for one franc and fifty centimes have been issued by the Chamber of Commerce of the city, which are exchangeable against Bank of France notes.

What has become of these silver francs and half francs is one of the greatest mysteries of the war. Before the war there were millions in circulation, and fresh issues have been made as recently as three months ago.
