Be Royally Celebrated.

Lord Kitchener is Declared To Be If They Are Not Asked to Stand the Real Hero of the Hour

LONDON, May 31.—If a definite announcement of peace in South Africa is made Monday, as expected, that night will rival the celebration which occurred when the relief of Mafeking was officially announced (in May, 1990). Throughout London arrangements have already been made for numerous peace dinners. The aristocracy will "maffick" on no small scale, and doubtless the denisens of Whitechapel and the various Bast End quarters will invade the Strand and other thoroughfares with their wild elation. Already the wiseacres are saying that Lord Kitchener will be made an earl and receive the thanks of parliament, accompanied by a substantial grant of money. One of the most curious features of the war is the remarkable way in which he has deepened the awenome respect, akin to regards him. His lappnic reports and his utterly independent prosecution of the campaign in South Africa has hugely heightened his military reputation.

the campaign in south Africa has hugely heightened his military reputation.

Yet, he is universally admitted to have next to nothing in common with his countrymen or the government. As Lord Kitchener's star has ascended, so has Lord Roberts' declined. The gendal optimism of the now commander in the chief grates so bitterly upon a people so overtaxed for the war which he so long declared finished, that the spontaneous popularity which made him the hero of the jubilee procession will not be repeated at the compation. Lord Milner may or may not have played an important part in the peace negotiations; but popular and political opinions assign to the ex-Sirdar of the Egyptian forces the bringing about of the present negotiations. This feeling is by no means confined to outsiders. Great financial magnates, whose information regarding the conditions in South Africa has often been better than the government's, declare Lord Kitchener is the saviour of his country.

BRUSSEILS, May 30.—It is said here that the Boer delegates in Europe now admit that peace in South Africa has been secured and that the settlement between the Boers and Great Britain will be signed in the names of the former citizens of two South Africa nerpublics who are now in Europe, including Mr. Kruger, thus preventing the irreconcilables from continuing a guerilla warfare on the pretex that they are obeying the orders of the Boer delegates in Europe.

RHODES'S FORTUNE

Estimated to Amount to \$25,000,000 or \$30,000,000.

or \$30,000,000.

NEW YORK, May 31.—Cecil Rhodes' executors have decided that the probate of the will should be taken out in South Africa, cables the London correspondent of the Tribune, and this will be done after the return of Dr. Jameson and Mr. Michell to the Cape. Nothing definite is yet known as to the extent of Mr. Rhodes' fortune, but so far as has been ascerteined it will amount to \$25,000,000 or \$2.000,000. His educational scheme has been gone into by the executors, but it will be some time before the arrangements can be completed. It is hoped, however, that the first Rhodes' scholárs will enter Oxford University at the October term next year. Dr. Jameson and Mr. Michell have ben authorized to represent the executors in South Africa.

A Crowd Cheers While Two Negroes Knife Each Other.

Knife Each Other.

CHICAGO, May 31.—Two colored men fought a duel to the death with knives last night at 22nd street and Dearborn street. As they slashed and plunged the weapons into each other's body a crowd of more than 30 persons formed a circle around them and cheered the combatants when one or the other drove the knife to the hilt.

After ten minutes of fierce fighting Alexander Shirley staggered and fell, with his adversary's weapon sticking in his body. The long, keen-edged blade had pierced his heart. He was dead when the police arrived. His slayer, Charles Thomas, was bleeding from several wounds. The police hurried him to a hospital and, after his wounds were dressed, locked him up. He will be charged with murder. Shirley came to Chicago recently. He met Thomas and, having known him in the south, tried to borrow money from him. Thomas refused to give him assistance and they quarreled, Before parting, Shirley, it is said, made the threat that when they met again one or the other would die.

NEW YORK, May 31.—A special to the Herald fmm Washinston says:

"Greene and Gaynor, the American fugitives who are now in prison in Quebec of their own choice, to avoid extradition to the United States to answer the charge of embezzlement in connection with the notorious case of Captain C. M. Carter and the frauds in the Savanna harbor contracts, have notified the attorney general that they are willing to return to the United States and stand trial before any judge of a United States court, excepting Judge Spero of Georgia.

"This statement was made here tonight by Andrew J. Rose, who was one of the leading counsel in the case of Captain O. M. Carter, and afterwards prominent as one of the defenders of Greene and Gaynor. Mr. Rose arrived here tonight. Mr. Rose went on to say that he was in Canada last week and saw Messers. Greene and Gaynor, and they were perfectly willing to stand trial in this country. They claim that they cannot get justice from Judge Spen, as he is prejudiced against them."

THE COAL STRIKE.

Every Indication of a Prolonged Struggle.

WILKESBARRE, Pa., May 31.—
There is every reason to believe the pump runners will respond with practical unanimity next Monday, to the order to strike unless granted an eight hour work day and other conditions prescribed by the Shamokin convention. That the operators will not yield is evidenced by the high fences and barbed wire they have placed around the collieries. Hundreds of extra coal and iron policemen have been employed, armed principally with revolvers. They are back of the fences and barbed wire. President Mitchell is expected here late today or tonight.
WILKESBARRE, Pa., May 31.— A largely attended meeting of engineers, firemen and pump men was held last night. It is said every colliery in Wyoming Valley was represented. A resolution endorsing the strike order of the executive board calling out the engineers, firemen and pump men was adopted by a vote of 315 to 57.

SCRANTON, Pa., May 31.—At a meeting attended by over 100 engineers, pump men and firemen today the strike order was endorsed.

SHAMOKIN, Pa., May 31.—One hundred deputies were sworn in here yesterday by Justices of the peace at the request of the coal companies. The special policemen will be distributed at collieries in this district to protect men in the firerooms and at the rumps who remain at work next Monday.

PITTSBURG, Pa., May 31. President Macmahon and the executive committee of the Blast Funace Workers Association will be in session at Youngstown, Ohio, today, for the purpose of receiving any proposition the furnace operators may make concerning their demands for an eight hour turn at the present scale of wages. If no communication is received from the operators, the strike of furnace workers in the Mahoning and Shenandoah furnaces and also all furnaces operated by the United States Steel Corporation, it is said, will take effect Surday morning.

NEWFOUNDLAND ILLUSTRATED.

The handsomest souvenir publication to attract tourists that the Star has seen this year comes from Newfoundland, sent over by W. A. Simonds of the C. P. R. It is a well bound booklet of many pages, published in New York. Only one page and a half is devoted to reading matter and that simply to tell the reader how to get to Newfoundland. The pictures tell the rest, and they are of the most fascinating sort. There is also a large and splendid map of the island folded into the book.

THE EARTHQUAKE

ror of the Event.

Already 1400 Dead Bodies Taken Out of Ruins of One Town -Others Destroyed.

SAN FRANCISCO, Calif., May 31.—
Later details of the earthquake in Guatemala only add to its horrors. Passengers arriving here on the steamer City of Sydney say they understood that 1,400 dead were taken from the ruins of Qenzaltenango. One man who was there and aided in the work of taking out the bodies, says that over 1,000 had been taken out when he left there on May 13, twenty-five days after the city had been destroyed. Reports of loss and damage on the coffee plantations are beginning to come in, and they practically double the total reported from the towns. The estimated figures run into the millions.

Lapacuchula is a city of about 10,000 and the damage to the town is estimated at about \$200,000. San Marcos, a town nearer Quezaltenango, was also destroyed with great loss of life. There were 140 prisoners in the jail, and every man was killed, crushed and buried under the falling walls. In Tlachico, a town of 2,000 inhabitants, not a house was left standing.

A stylish and large assortment of French, German and American muslins that is shown at Dyke-man's is very attractive.

THE GRAIN TAX.

Owners of Half a Million Horses Protest Against It.

LONDON, May 31.—A deputation representing the owners of half a million horses interviewed the chancellor of the exchequer, Sir Michael Hicks-Beach, today, and strongly protested against the tax on oats and maize. The chancellor, however, informed the delegates that it was impossible to give up the general tax on grain or especially exempt oats or maize. There was no greater reason, he pointed out, for the exemption of horse food than there was to exempt wheat or other grains used by humans. If the alleged increase in the cost of horses and food was due to the war, with the expected peace there would be a fall in prices considerably greater than the amount of duty. In the meanwhile, horse owners will make the public pay the duty, as ought to be the case. In his opinion, the present, high prices, especially of maize, were temporary and were due to the short harvest in America last year. ON THE WARPATH.

NOGATES, Ariz., May 31.—An outbreak of Yaqui Indians has occurred, a fight took place ten miles from Hermosillo in which eight Yaquis and two Mexicans were killed. The Yaquis retreated in a southeasterly direction and another fight is expected. The disaffected indians number about 400, of whom a hundred are fighting men. These Yaquis have heretofore been peaceable. They are not hostile to Americans.

New Chief Elected—An Old Time Dance in the Evening.

(Fredericton Gleaner.)

Between three and four hundred Indians congregated at French Village on Thursday to celebrate Corpus Christi. Rev. Father Leanner, French Village, Rev. Father Ryan, St. Mary's, Rev. Father Carney, Fredericton, and Rev. Father McDermott, Oromocot, conducted the religious ceremony in the morning, during which service the church was packed to the doors.

The election of the chief for the next term was conducted by Indian Commissioner James Farrell. The candidates for the position of chief were Andrew Paul and Anthony Sacobi. Andrew Paul had held the honors for the last three years, but was defeated yesterday by one. The vote was 22 to 23 in favor of Sacobi. The vote was 22 to 23 in favor of Sacobi. The vote was 22 to 23 in favor of baseball and in the evening the annual chim dance in the hall at the village. The persons who went up from Fredericton to witness the celebration say that a more enjoyable time than was put in yesterday is a hard thing to find.

INJURING ST. JOHN.

The Telegraph the other day pub-ished a despatch from Halifax, statng that the steamer Harlaw would probably be put on the route between ports and Hallfax. Next day it print ed a senseless article and still more less editorial calculated to arous the ire and opposition of Halifax mer chants to any such plan. The Halifax Recorder promptly seized upon the called upon the business men of Haliare the remarks of the Recorder:-

are the remarks of the Recorder:—

We call attention to this also, with the (Telegraph's) same sapient remark—that "a word to the wise is sufficient." In this age of keen business competition the firm displaying—the most energy and the best business insight gets the trade every time. There is no possible objection to steamship connection between Halifax and the intervening ports and St. John, but it behoves our Halifax merchants to be up and doing. If they have the trade now, they should hold it, and not let it slip from their grasp. St. John, at any rate, sees a large chance for a development of trade, and Halifax merchants should not wait for the entry of the iron horse into this city in order to clinch the trade of this section of the province. We do not fancy they will, but still it is well to be reminded occasionally as to the plans and specifications of other places. That a St. John paper, however, could boast that merchants over there possessed the trade of this section of the province "almost in its entirety" is not very creditable to Halifax merchants.

The result of the Telegraph's ridicul-

The result of the Telegraph's ridiculthe merchants of Halifax the errone over-reach them in this common mar ket of the South Shore ports. St. John has an excellent trade there, and has felt the need of a better means of com going about with a chip on their shoul ler, or boasting about what they car do to Halifax. The most friendly relations have existed between the mer that a St. John paper should be guilty of such an egregious blunder as that made by the Telegraph. It is repudiated by every st. John merchant.

Richard Harding Davis, in a story in Collier's Weekly, goes out of his way to put this remark into the mouth of one of his characters:—"No, not Canada. I'd rather meet you in fail than in a Montreal hotel." Mr. Davis's action can only be attributed to one of two causes—either he staid at a very cheap hotel in Montreal, or somebody ruffled his lofty republican dignity. Max O'Rell, who, being French and a globe trotter, ought to know something about hotels, some years ago mentioned a Montreal house as one of the four really great hotels on the American continent. In any case Mr. Davis betrays a very petty spirit for an aspiring author. His criticism does not even possess the merit of humor. one of his characters:-"No, not Can

HARBOR IMPROVEMENTS.

The committee on harbor improvements met yesterday afternoon with Mayor White in the chair. A sub-committee was appointed to draw up a resolution defining the city's attitude in relation to further expenditure, and the director and engineer were asked to submit detailed plans and estimates of cost for the proposed new berths, especially for the one which it is hoped to have ready for next winter's business. The committee spent considerable time in discussing details of the plan which was prepared some time ago. It is understood that the general feeling of the committee is that the city cannot, unassisted, go any farther with improvements.

MAY SUCCEED PAUNCEFOTE.

A London cable says that Hon. Michael Henry Herbert, of the British embassy at Paris, will probably succeed the late Lord Pauncefote at Washington. Mr. Herbert was charge d'affaires at Washington in 1888-89, and secretary to the British legation there from 1892 to 1893. He was also British agent of the Venezuelan commission. Mrs. Herbert is the daughter of Richard T. Wilson, of New York, and related to the Vanderbilts, Astors and other society leaders.

BOYS' BRIGADE HONOR MR. RAINNIE.

Reception and Presentation for Departing Pastor of Calvin Church. The boys of Nos. 1 and 2 Scots Companies held a reception in St. Stephen's church school room last evening in honor of Rev. W. W. Raimele, who is about to leave the city. Since the formation of the brigade the boys have found in Mr. Rainnie a warm friend and supporter. As a token of his interest in their work he last year contributed a medal for the best drilled non-com., which was won by Sergt. McArthur, and this year he has offered for their encouragement other prizes.

So the boys took this means of showing their appreciation. They were present in uniform, and under Capt. Buchanan gave a clever exhibition of drill for the benefit of the large number of guests present. After this, Rev. D. J. Fraser, on their behalf, presented Mr. Rainnie with a handsome gold mounted clock, accompanied by an address expressing regret at his departure and great appreciation of all he had done in their service. The recipient responded gratefully, complimenting the boys on the high standard of their work and telling of his sorrow at being compelled to sever himself from all his connections here. At the close the guests were served with refreshments.

FOUND DEAD

Body of George W. McLean Lying in the Woods.

About nine o'clock this morning a telephone message was received at the central police station from Dr. Marvin, coroner at Hillsboro, to the effect that a body of an old man by the name of George W. McLean had been found lying in the woods near Rosedale settlement, about twelve miles from Hillsboro. The body was found last night. It appears that McLean who was 75 years of age, had been living in Rosevale for upwards of two years. He sold salve and ointment for a living and was usually seen carrying a satchel. He had a habit of going into the woods and searching for coal and other mineral deposits which he believed existed there. McLean was seen alive for the last time on Sunday and on Thursday when his absence caused some uneasiness the neighbors organized a searching party with the result that last night the body was found lying under the trees. There were no signs of violence or anything else to show that the deceased had come to any but a natural death.

Dr. Marvin requested the police to enquire whether McLean had any relatives in St. John and to notify them. It is believed that the deceased has a son, W. McLean, a sea-captain living in the city, and the old man is said to have lived here some years ago. About nine o'clock this morning

Slavery and for over foty years regarded as the most eloquent preacher in the South, diel today in hi, eighty-forth year. He was run over and badly injured by a trolley car on May 13. The injury caused his death.

Dr. Palmer was of New England origin, his ancestors coming over in the Mayflower. His family moved to South Carolina, however, nearly a century ago, and he was born in Charleston in 1818. He studied at Amherst College, where he was the comrade and strong personal friend of Henry Ward Beecher. He returned to teach schol in South Carolina, but went back again to college, graduating from the University of Georgia in 1838.

In 1841 he became a minister of the Presbyterian church and had preached for more than sixty years. He officiated as minister first in Savannah then in Charleston, and finally in 1856 in New Orleans. He established the in New Orleans. He established the Presbyterian Leview. Professorships in Princeton, Danville and other colleges, and the chancellorship of the Southwestern Presbyterian University at Clarksville, Tenn., were offered to him. In 1845 he was called to New York, but declined the call.

at Clarksville, Tenn., were offered to him. In 1845 he was called to New York, but declined the call.

On Thanksgiving Day, 1850, when the people throughout the country were called on to return thanks, Dr. Palmer preached his great secession sermon, in which he declared that there was no hope in the union for the South, with its view on slavery, and he insisted that it must secede. The sermon had a marked influence in hastening the secession movement.

Dr. Palmer took the lead in the movement which split the Presbyterian church of the country into the Northern and Southern Presbyterians. He refused to obey the General Assembly of the church, and called an Assembly of all the Southern Presbyterian churches, at Augusta, Ga. where he was elected moderator and where the breach was made complete. When a year ago the Northern Presbyterian Church, the suggestion was declined on the ground that it would be a reflection on Dr. Palmer. His death may bring about a reunion.

Dr. Palmer served as chaplain with the Confederate army throughout the Civil War. At the end of the war he returned to his old church, the First Presbyterian of New Orleans. He took the lead in the anti-lottery movement in Luislama in 1892. He was the orator at the funeral of Jefferson Davis, while his oration over Gen. Robert Lee was one of the most brilliant ever delivered a strong speech against the trusts.

A WEEK'S DEATHS.

POLICE COURT.

This Was Boys' Day, and the Boys

Were There.

Samuel Orr pleaded guilty to being drunk on St. John street and was fined two dollars or five days.

Last evening a little chap by the name of George Goldie, eight years of age, was taken in charge for breaking a window in the shop of N. S. Springer on Simonds street. The child was wet, cold and hungry, and said that he broke the window in order to get something to eat. In the police court today he told the magistrate that his father was a carpenter. He had gone to school yesterday morning and had nothing to eat since the morning. When he went home at dinner time the house was locked up and his mother was out. The little fellow was given some food by the police and was detained until his parents could be brought to court. Three other boys, by the names of McMiniman, Monahan and Mullett, appeared to answer the charge of throwing mud. They will make good politicians in a few years. From the evidence given it appears that these boys, in company with others, were near the entrance to the athletic grounds on Sunday last, making balls of mud and throwing them at passers-by. A number of witnesses were heard and the boys were fined eight dollars or two months in jail.

Matthews and Allen, the two boys who were reported for breaking into a car in the I. C. R. yard, appeared to report progress. From their faces no one would accuse them of doing anything wrong, and they were allowed to go, to report again next week. The third boy in this case, named McEl-inliney, has not been home since Tuesday, and the police are unable to locate him.

The boys who stole coal in the I. C. R. yard also reported that their conduct during the week had been exem-

WAS NOT SOLD.

Investors Not Anxious to Obtain Branch Roads.

Branch railroads in New Brunswick are evidently not considered the best kind of investments. The Havelock and Eigin railroad was put for sale by auction at Chubb's corner today. It was announced that there was an upset price on the concern. A. H. Hanington, K. C., commenced the bidding with an offer of \$3,000 which was immediately capped by one of \$4,000 from J. B. Jones, of Eigin. The price then went up in fifty and one hundred dollar bids until the \$5,025 mark was reached. Mr. Hanlington thought for awhile and hazarded an extra five. Mr. Jones saw him and went five better, and they gradually brought the amount up to \$5,045. Mr. Jones offered another five dollar bill for the road and all its rolling stock and Mr. Hanlington dropped out. As Mr. Jones did not seem to be willing to bid any higher against himself and no one appeared anxious to become a railroad magnate it became necessary for the auctioneer to say something. He withdrew the road. ecessary for the auctioneer to something. He withdrew the road.

TOURIST MATTERS.

Yesterday no less than 47 letters of enquiry for tourist literature were received by mail. Papers throughout the states are giving free notices of literature sent them, and the result of the association's work is also manifest in the press of the upper provinces. Excellent results should follow this systematic work.

TIGHTENING THE COILS.

Kilson and Briggs Now Charged With Five Burglaries.

There seems to be no doubt but that the many burgiaries recently committed will be fixed upon the two young fellows now under arrest. Chief of Police Clark and several of his men worked steadily on the cases all day yesterday and last night, and are now confident that they will be fully able to prove all the charges made.

In the Purdy case, where almost two hundred dollars in cash and cheques were stolen, evidence has been secured in the form of letters and remarks from one of the prisoners, which the police believe will be sufficient to convict.

police believe will be sufficient to conviot.

Both Kilson and Briggs have admitted that they are guilty of the Rowan burgiary, which was committed on Sunday evening last, but the officers are not particular whether the prisoners plead guilty to this or npt, as they have conclusive evidence.

After Kilson and Briggs were arrested yesterday morning three other burgiaries were reported to the police, and the work of investigating them was at once takef up. Benjamin Lean's shop on Wall street was broken into and some small change and cigars spien. The police have found hidden away a large number of cents and some of the other property taken from Dean's, and this, with other evidence, has led them to charge Kilson and Briggs with this crime in addition to the others.

The fourth charge now against the two young fellows is that of breaking and entering W. J. Maynes' grocery at the Marsh bridge on Thursday night. The thieves entered at the back of the shop, which is undergoing repairs, went up the back stairs and down the front ones. They stole money and a number of other articles, among them being an old coin which has been found in possession of the prispners and which is the strongest piece of evidence against them.

The fifth and last case reported to the police is the robbery of W. E. Thompson's store at Rothesay on Wednesday night. In this case also strong evidence has been secured.

THREE THOUSAND HORSES

To Be Shipped From St. John to Order of Imperial Government.

Order of Imperial Government.

Three thousand more horses will be shipped to South Africa from this port to the order of the imperial government. There are now about eighty horses in the stables at Sand Point and others sufficient to bring the number up to eight hundred will arrive here in time for shipment on June 18th. After that there will be three other shipments of eight hundred each. It is understood that these shipments will be made weekly instead of monthly as during the winter.

Under ordinary conditions these horses would be shipped from Montreal, but the facilities at St. John are so good and the stockyards so much ahead of those in Montreal that this port has been given the preference.

J. H. Kimball, the well known horseman of Montreal, and inventor of the car which bears his name, was in the city yesterday and expressed himself as being simply delighted with the yards at Sand Point. He was of the opinion that in this respect St. John is the best equipped port on this side of the Atlantic.

SENT TO DORCHESTER.

Amelia Francis and Timothy Burl In the county court this morning hi

In the county court this morning his honor Judge Forbes passed sentence on three prisoners. Jeremiah Graham, accused of stealing a discharge book with money from a sailor, was given ten days in jail with hard labor. In passing sentence his honor took into consideration the fact that the prisoner had already been a considerable length of time in jail, awaiting trial and sentence.

Amelia Francis for theft, was given three years in Dorchester with hard la-

and sentence.

Amelia Francis for theft, was given three years in Dorchester with hard labor. Judge Forbes in sentencing her said she was a menace to the whole community and that she kept the worst ranch in town. J. L. Carleton, K. €., for the prisoner objected to sentence being passed as the case had been reserved in order that the supreme court could pass judgment on the indictment, which he claimed in view of the later proceedings was at fault, in that the Francis woman was indicted with two others. She was convicted and the others discharged.

Timothy Burke, who has a local reputation as a scrapper, got two years in Dorchester for stealing a coat..

The court was adjourned until June 24th, when the case of the King v. J. T. O'Brien will opme up.

The King v. Mallet, for contempt will be heard in chambers Monday morning.
