THINKS HE KNOWS THE LAW AS WELL AS THE CHIEF DOES—INSISTS THAT DOBSON'S ARREST WAS ILLEGAL, AND A CONVICTION WAS IMPOSSIBLE

At a meeting of the Safety Board, held last night, Chief of Police Clark, in speaking on the Dobson case, asked that the city back him in the suit. He said that in his opinion the master would never have been brought to court except for the remarks of the police magistrate, who had said that the arrest was not in accordance with the law.

RENFORTH RESIDENTS ARE ELATED OVER IT

Through Influence of Dr. Pugsley Trains No. 9 and 10 Will Stop at Station. Through the influence of Hon. Mr. Pugsley it has been arranged that hereafter I. C. R. trains Nos. 9 and 10 will, when signalled, stop at Renforth. This will prove a great convenience to the many summer residents at that place and the change will be particularly appreciated when the suburban trains are taken off. No. 9 is the fast express which arrives in St. John at 6:25 a. m. and No. 10 at the 11:35 p. m. express for Halifax. These trains have only stopped at Renforth on rare occasions when parties of persons to and from the city have obtained special permission from Mr. Cron. The latest hour at which Renforth residents can now go to their homes from the city is at 10:40 p. m., which is too early for those attending lectures, but the 11:35 p. m. train will suit all and the stopping of the early morning train will let suburbanites make connection with all other trains or boats leaving the city. Renforth is thus, through the efforts of Dr. Pugsley, on practically the same basis as Robbsey in so far as the train service is concerned, and suburbanites will properly appreciate what has been done.

CONSERVATIVES BEGIN THEIR WARD MEETINGS

The Conservative ward meetings were begun last evening. The officers elected at the party's primaries early in August conducted the proceedings, and the different candidates were present to get down to work. In some of the wards addresses were given by the candidates and in Victoria ward Ald. H. H. Pickett, J. Milton Price and others spoke. Daily meetings will be held from now on. The following are the places of meeting: Kings, Queens, Dukes, Sydney, Lelacheur's Hall, Mill Street, Prince and Wellington, No. 22 Waterloo Street; Victoria, Victoria rink; Dufferin, Fairbank's Hall, West End; Lorne, Lansdowne, Stanley, St. Peter's, Y. M. A. Hall, No. 294 Main Street; Guys, Prentice Boys' Hall, West End; Brooks, Kindred Store, Rodney Street. Two meetings were held on the Victoria side. J. B. Baxter spoke at both, and at the gathering in Prentice Boys' Hall Dr. Alward and Harry Sellen were also heard. Mr. Baxter gave his attention to Courtney Bay, Sellen sang the praises of Dr. Daniel, and Dr. Alward gave a leaflet on the disposition of the civil service commission's report.

SUDDEN DEATH OF HOTEL MAN

FREDERICTON, N. B., Sept. 28.—John Sheehan, proprietor of the American House, Fredericton Junction, died suddenly this morning of heart failure. Mr. Sheehan had been very ill in July, but recovered and apparently was good for some time to come. He was about as well as usual yesterday and had been in Fredericton about 10 o'clock last night, but he did not feel very well, but his condition did not excite alarm at first. A few minutes after midnight Dr. Murray, his physician, was called and responded at once, but he had passed away before he arrived. He was 64 years of age and had a large circle of friends all over the province. Mrs. Sheehan died four years ago. Mr. Sheehan is survived by an only sister, Mrs. James McEade, Mill St., St. John.

ROLLER SKATING RACE STARTED LAST NIGHT

Event Proves Most Exciting—Will be Continued Thursday. That lively interest is being taken in roller skating was evident from the large numbers in attendance last evening at the Victoria rink to witness the three-day roller race. The race, which called on at 9:45 o'clock with nine teams of two men each starting, Nixon and Olive, the champion skaters, started in to make things warm and before the close of the half hour had traversed seven miles twelve laps, and led both and Kemp, next team by two laps. Much enthusiasm prevailed throughout and it was most exciting, when one team tried to gain lap after the race had gone about ten minutes. Three of the teams dropped out. The others continued on and at the end of time they stood as follows: Miles, Laps. Nixon and Olive... 12 10 Seith and Kemp... 7 9 Parise and Joyce... 7 8 Kitten and Deveney... 7 6 Campbell and Harvey... 6 3 Livingstone and Oran... 6 1 The band was present and rendered an excellent programme, which was greatly enjoyed. The race will be continued on Thursday and will close on Saturday night.

GREEKS WILL PUT UP STRONG TEAM

The Marathon football team will practice on the Every Day Club grounds this afternoon from 5:30 to 6:30 o'clock and members should be on hand. The Greeks intend to have a strong team on the gridiron this season. Their line-up will include A. Tulley of last year's St. Francis Xavier team, the champions of the Maritime Provinces. Howard will again be seen on the half line, and is expected to come up to his old form. The Greeks will play a superior team on Saturday. There will also be a number of intermediate games. The High School boys intend to visit Robbsey and will include A. Tulley of last year's St. Francis Xavier team on the grounds there. The Intermediate League will play another double header on the Shamrock grounds and if they continue to put up as good football as on last Saturday they should secure a large crowd.

GREAT INTEREST TAKEN IN APPROACHING SPORTS

That there will be a great day of field sports and road races on Saturday week is indicated by the great number of entries already shown. The list of entries in the different events will include the best men in the province. James Sweetman, the well-known sports editor of a Moncton paper that he and Artabel Duffy, also of that city, will compete in the ten mile road race. It is probable that Baird and Captain Dever of the U. N. B. will be here. Both these men are fast runners and a quantity of their road race plenty of material will be found, including several of the boys who did so well in the recent Clifton race.

A large number were present in the exhibition hall of the High School last evening and enjoyed a Scotch concert given by a number of ladies. The company consists of Miss Tina Crawford, contralto; Miss Jeanette Cuthill, first soprano; Miss Ella Campbell, second soprano and pianist; and Miss Agnes Hyde, contralto, but owing to the indisposition of Miss Cuthill, her place was taken by Miss Campbell. The concert was a splendid success and each number received well merited applause. Miss Agnes Hyde scored a great hit in her impersonations from "The Eclipse Concert Company."

PREMIER LAURIER CHOSEN AS HONORARY PRESIDENT OF LOCAL YOUNG LIBERAL CLUB

That enthusiasm prevails among the young men adherents to the Liberal party was evident by the large body that was present at the third meeting held by the Young Liberal Club in Berryman's Hall last night. The meeting started at eight o'clock and lasted until after ten o'clock, during which time there were many lively and interesting debates on matters pertaining to the best interests of the club and the party. The vice-president, W. J. Magee, occupied the chair, owing to the unavoidable absence of the president, Walter E. Foster. J. A. Barry read the minutes of the previous meeting and they were adopted. The presiding officer then announced that it was in order to elect a treasurer, and the names of Dr. S. B. Smith and Gordon Brown were placed before the meeting. Mr. Smith was elected. The secretary, J. A. Barry, then stated that as the office of honorary president was still open he would move that Sir Wilfrid Laurier be asked to accept the office. The motion was carried unanimously, after being seconded by W. A. Lockhart.

SELECTING THE EXECUTIVE

The question of the best means of electing the executive then came up. Mr. Barry stated that as each ward and parish was entitled to one representative he would favor the wards and parishes meeting tonight and each selecting the man it wished to represent it. The committee of three each to act in conjunction with the older men in the wards. He stated that in that way the best means would be attained as the most popular and best man for each ward would be selected. He did not favor the idea of the meeting electing the delegates, as they did not know the best men to get in the wards. W. Griffith seconded the motion. Dr. Ryan and Dr. S. B. Smith spoke against the motion and said that the meeting should divide into wards and parishes and elect delegates to a committee. After a lively discussion the amendment was carried by a close vote. The following were the results of the election: Kings—Member of the executive, N. L. McGloin; committee, J. Likely, W. Nugent and N. L. McGloin. Wellington—Member of executive, Dr. E. J. Ryan; committee, Roy Skinner, H. McCarthy, F. McDonald. Queens—Member of executive, J. D. P. Lewin, H. Coombs, John Stanton. Sydney—Member of executive, J. Griffith; committee, L. Chesley, F. D. NEW YORK AND DETROIT SETTLEMENTS OBLITERATED BY A TERRIBLE HURRICANE

NEW YORK, Sept. 25.—This morning news from New York and Detroit leading to the settlements in the National and American League races for the pennant. New York was the only one of the two teams in the National League to play a game yesterday, and by trouncing Philadelphia in the ninth inning of a contest that spectators thought surely would go to the Philadelphia, added two additional points to the one point lead it held over Chicago after Saturday's games had been concluded.

CARRIED A CORPSE. Female Mendicant Begged With Dead Child in Her Arms.

PARIS, Sept. 28.—There are few tricks to which dishonest beggars have not resorted, but that employed by a woman, who carried a corpse in her arms, while begging alms at Grenelle, has been known in the line of horrors. She was standing at a street corner, dressed in rags, and held up a little girl with a ghastly pale face to the pity of passers-by. It is no unusual thing to see women, even in the boulevards, carrying children about in this way, but what attracted attention particularly in this case was the death-like pallor of the child, which had its eyes closed and seemed asleep. First a few persons stopped to look at it more closely, and soon a crowd gathered. The mother continued re-

THE ELECTION FIGHT NEW-FOUNDLAND KEEN AND BITTER

In the Absence of Platforms the Contest Hinges on the Leaders.

ST. JOHN'S, Nfld., Sept. 28.—The election campaign in Newfoundland is still comparatively quiet, so far as outward appearances go, though every group on the street is talking politics. There has not been so much of an election for many years. Strong supporters of Sir Robert Bond, the premier, who has held office for over eight years, were their heads wily and say with deep significance: "There is going to be no change." The hint, by manner, rather than words, that something is going to happen before election day which will clinch matters and return the present government to power. Whatever it is, it certainly has not happened yet, or if the bomb shell has burst it must have been loaded with silent and smokeless powder. The active aggressive work is all being done by the new party, known as the People's Party. Their press cut and slash the government constantly. The government press may think the attacks unworthy of recognition, but it must be confessed that the replies are most inadequate, if the charges made amount to anything.

CHARGES OF GRIFT

For instance, a few days ago the Opposition press published what purported to be a facsimile letter marked "P.M." and written on official paper and signed by Hon. E. M. Jackman, minister of public works, and the premier himself is a member of the board of works. The letter in question informed the minister of public works that a certain magistrate named March, in one of the county districts, had a claim for work on a court house, but that he was "now friendly disposed towards the government" with the word "now" in italics. It was charged that this Mr. March had formerly been an opponent of the government, and that his house and the court house were either the same building or adjoined each other; that he had expended or professed to have expended money on the court house, and that he was completely ignorant of the winding up and sale are combining to resist any extra call on their shares.

CONFEDERATION NOT AN ISSUE

The Lord Nelson will be closely followed by the three improved Dreadnoughts, who are being built by the Admiralty at Portsmouth, is nearly ready for commencing her trials, and the Temeraire, at Devonport, has also been launched. The Superb, building by Messrs. Armstrong, Whitworth, is not in any such satisfactory condition, the labor disputes having affected her as well as the Lord Nelson. She should, however, be ready for the pennant in the early spring of 1909.

THE LEADER OF THE OPPOSITION

Sir Edward Morris has been a representative of St. John's West, by the name of increasing majorities, for twenty-five years, during a large part of which time he has been a member of various governments. When Sir Robert Bond assumed office in 1900, he offered Sir Edward a seat in his cabinet, and subsequently made him Minister of Justice. Morris was known and described in the Government press as Bond's lieutenant. He took charge in Mr. Bond's absence, always, and did not hesitate to initiate and carry out measures when he was thus acting Premier. A year ago, hints got about that Mr. Morris was not getting along too well with the rest of the Cabinet, and all the rest of the Executive Council against him, threatening various attempts that he made to accomplish anything. Then the Telegram, the chief Liberal organ, about a year ago, referred editorially to rumors that Mr. Morris was going to leave the Cabinet, and Mr. Bond's highest tribute as Mr. Bond's faithful and loyal lieutenant, and acclaimed him Mr. Bond's successor as leader, which his large services and valuable aid to the Liberal party entitled him to, should Mr. Bond wish to retire. Notwithstanding this, Mr. Morris did leave the Government, and the result was the organization of the People's Party, composed of the existing Opposition, and such members of the Liberal party outside the House as Sir Edward Morris carries with him. The coming election, over his own signature, he denied that he was in any way influenced by these letters.

PREMIER IS RETIRING

Two men more opposite, though not necessarily more antagonistic than Bond and Morris it would be difficult to find. It is not hard to see how strong and almost invincible a team they were when working together. Sir Robert Bond is a retiring man, rarely seen in public places, and seldom taking public functions other than those which official duty compels him to. He is a bachelor, an adherent of the Methodist church, and has no particular profession or trade. He has a fine estate at Whitbourne, some miles out of town, and retires there to spend his week-ends, not returning to town till Tuesday afternoon. He is courteous in manner to those with whom he is thrown in contact, and is considered a strong man in his constituency. Probably, however, there is no man in public life who is on speaking terms with so few of the people of the colony. Of course everyone knows him by sight, but to the great mass of the people he is as much a stranger as though he were a Canadian, or an American.

CENTRAL EMPLOYEES LIVE IN

HEAD OF BEING DISMISSED

SUSSEX, Sept. 28.—The management of the Central Railway under Hazen government rule is causing considerable anxiety and uneasiness to many of its employees. In fact, none who are thought to be Liberals can feel sure of their positions from day to day and the situation is disgusting to many of the Conservatives themselves. It is said that even some of the M. P.'s on the government side have protested against the dismissal of a hotel in Hillsboro, and G. W. Fowler, M. P., who was not given credit for honesty of opinion, but was accused of defending these employees because they were Liberals, hence his removal from office and the appointment of Mr. Sherwood was made.

ST. JOHN, N. B., SEPT. 29, 1908.

THE RECORDS.

Compare the records of the Conservative and Liberal governments, as shown in the following figures:—The Liberal administration has been generally charged with increasing the tax liability of the people of Canada. It is perfectly true that this has been done in so far as the total amount of revenue from taxation is concerned, but there has been a very material reduction in taxation per head of population since Mr. Fielding assumed control of the finances. The average rate of customs taxation in 1896, the last year of Conservative rule, was \$18.23, and the average rate for the year 1907 under Liberal rule, was \$15.66. In other words, the Conservatives in 1896 levied \$2.57 on every \$100 worth of goods imported into Canada, while the Liberals were able to reduce the taxation to \$15.66 on every \$100. This means that the Liberal reduction of the Conservative taxation is equivalent to 14 per cent.

On coming into power the Liberal party promised that they would design a tariff which would produce a much greater revenue without bearing any more heavily upon the people. During the period of Conservative rule, it had been found necessary to borrow money to pay the ordinary expenses of the country, and the debt was piling up at an alarming rate. The Liberals were able to keep their promise and in the past twelve years the revenue has increased from \$35,615,000 to \$90,500,000, and this has been done while taxes have been reduced. The national debt in 1895 was \$140,382,093. After eighteen years of Conservative rule it had grown to \$258,497,425, an increase of \$118,115,332, equalling an average increase of about six and a half millions per annum. In 1907, after twelve years of Liberal rule the national debt amounts to \$271,969,750, an increase of \$13,472,325, which is about an average annual increase of about a million and a half dollars. But during the last four years of Liberal rule have spent over \$70,000,000 towards the construction of the national transcontinental railway. If this capital expenditure had not occurred, the national debt would be some \$50,000,000 less than it is at present.

Canada's total foreign trade in 1896, the last year of Conservative rule, was \$239,445,800. In 1885 it had been \$185,174,847. Thus in twelve years the trade had increased by \$54,270,953, or about 29 per cent. In 1908 Canada's total foreign trade amounts to \$490,758,200. The increase in twelve years under Liberal rule was \$245,312,393. The total foreign trade for the last twelve years of Conservative rule amounted to \$415,240,709. Canada's total exports in 1896 were worth \$121,013,822, while for the twelve years of Conservative rule the total value was \$1,225,230,429. Last year's exports amounted to \$200,000,000, or two and a half times what they had been the last Conservative year. The total for the twelve years of Liberal administration was \$2,445,580,716. In 1894 the bank deposits in Canada's chartered banks and savings banks totalled \$135,522,442. In 1896 the amount was \$243,029,145. Under the conservative rule the increase in twelve years was \$209,266,700. In 1908 the bank deposits reached the enormous aggregate of \$450,158,232. Thus with Liberal administration the people had profited so much by good times that they were able to set apart for a rainy day \$405,097,089 more than they had done in 1894.

The total railway tonnage in 1873 was 5,834,612; in 1896 it was 24,206,225 tons, the increase during the eighteen years being 16,371,613 tons. In 1907 the total tonnage was 68,888,183, an increase in eleven years of \$39,599,358. So beneficial has the Fielding tariff been to manufacturers that the total capital invested in Canadian manufacturing establishments in 1900, which was \$446,916,437, has increased in five years to \$533,716,135. Wages paid in 1900 totalled \$112,240,350, and in 1903 \$162,156,278, an increase of \$49,915,928. Manufactured products in 1905 were worth \$708,456,278, an increase of \$28,392,251 over the total value in 1900.

The population of the three north-west provinces in 1901 was 419,512, and in 1906 it was 808,862, this remarkable increase being solely due to the admirable immigration policy adopted by the government. In these same provinces there were in 1900 only 24,622 farms taken up, while in 1906 the number had grown to 120,435. In the last five years of Liberal rule the total immigration of Canada has been 532,777. In the last five years of Conservative rule the total was only 112,981. The public debt per head of population when the Conservatives

gave up the reins of government in 1896 was \$50.32; at the present time it is \$40.25.

The young Liberals of St. John will make their influence felt in the present campaign.

"Mr. Hatheway is a philosophical philanthropical theoretical fastidious Oh, Talcum Powder!

Even Dr. Macdonald's own personal friends are refusing to work for him, when such campaigning involves opposition to Dr. Pugsley.

The first meeting on the West Side, held last evening, was of a highly encouraging nature. Carleton knows what would happen to it if the Conservatives should gain control.

Mr. J. R. M. Baxter is disposed to ridicule the work which Dr. Pugsley is now doing for St. John. Yet Ald. Baxter is the first to run to the Minister of Public Works when this city is in urgent need of anything it cannot afford. And as yet Ald. Baxter's requests on behalf of the city have never been refused.

ALAS, POOR IRELAND!

The sun was shining brightly on the stadium that day. The king was there, the queen was there, when the word was given "Play!" All nashuns had assembled, their best brawn and muscle, too. From the shores of the Atlantic to the plains of Timbuctoo. There was white min, there was black min, there was Indians by the score. There was athletes claimin' countries that you never heard before. If you'll give me close attention, such-his machree, I'll tell you how they all won but the Irish, d'ye see.

In the hundred-methre hurdles the struggle was intense. It was Murphy, Slavin, Donahue in that order to the finish. A big back of slim came Kerwin and Scollivan and Breen, McSorley and McNulty, McPetridge and Mulcahey. Strutting out behind was Mulligan and Hennessey and O'Toole. Part av of the boozeh was Johnny Bull, while some owned Johnny Bull. They wound up as they started, and the thing that puzzles me, is why the English flag went up at the stadium, d'ye see.

The intruder for the hammer throw was Clancy, Cook and Shay, and Sheridan signed from Paris, while the others came from Spain. Such a battle, beehive giants, well, there was Dooley, from St. Peterburgh, and Pat McSwat from Greece. And Cassidy from Norway, a litfrant av polce. The latter hate the others be a rod or two or three. That's how poor Ireland lost the day at the stadium, d'ye see.

The pole vault was a hummer, it brought out some simple min. There was Haggerty from Dinnmark, from Aesthralia Mike O'Flynn. From far-away Asia Minor came McCormick and Kehoe. Siberia and O'Loughlin and O'Loughlin wasn't slow. Sweden was there with Horrigan, and from Cairo on the Nile a "coon" named Brian Casey, that topped the bar in style. The nagur won the contest, for he leped just like a flea— Devil a mark did Ireland git at the stadium, d'ye see.

The Marathon called out the greatest runners ever known. Muldoon and Quirk and Savage, O'Brien and Maloney. All them from South America; Alaska, Sinit Devine, while Germany responded with Con Corcoran from the Rhine. From Italy came Dorando this thrus name Doran, Dan. But Hayes, from Coney Island, was the wan that led the van. The Shtars and Shtripes were hoisted to tell av victorie. But the dear old Harp and Sunburst never flutthered, d'ye see.

EMANCIPATION OF THE FAT FOLKS

To have to sit through the hot weather quiet as a log, scarcely daring to breathe simply because one is so fat that the least exertion will start the perspiration in a stream, is not a very lively prospect. But it has been the lot of the fat since time began until now. Fat folks have been emancipated from hot weather misery at last, by a home mixture, 3/4 ounce Marmola, 3/4 ounce Fluid Extract Cascara Aromatic, and 4/8 ounce Sirup Simplex, of which they take a teaspoonful after meals and at bedtime until—which isn't a very long time—they have lost all the fat they care to. Simple and inexpensive (any druggist will fill it for a small sum) as this receipt, the results it obtains are unexcelled. Some folks have lost as much as a pound a day within a week after starting. Yet, radical and delightful as such an effect is, there is no aftermath of wrinkles or stomach trouble; the mixture is harmless except to the fat itself.

MERRY DEL VAL IS TO BE FORGED TO RETIRE

ROME, Sept. 28.—According to the Avanti, Cardinal Merry Del Val, the Papal Secretary of State, is about to retire. This step is an outcome of the representations made to the Vatican by Americans and English prelates, but particularly Cardinal Gibbons and Pope of Ireland, who objected to the secretary's severe measure against Ireland.

PENSION LAW IN ENGLAND AND HOW IT WORKS OUT

The British Local Government Board has sent out copies of the regulations under which the Old Age Pension Act will be administered. With these regulations the Board have sent out a circular drawing attention to points under the Act. The amount of the pension will depend upon the yearly means of the pensioner as calculated under the Act, and will be as shown in the following table:—

STARTLING OBJECT LESSON FOR SCHOOL CHILDREN. Marched Past the Bodies of Men Who Died During a Debauch. KOKOMO, Ind., Sept. 28.—Believing that the local option law would cut off the whiskey supply, Charles Thropser and Charles and William Lindley on Sunday took a jug of whiskey to a gravel pit to have a farewell drink. Thropser and William Lindley were found dead in the gravel pit today and Charles Lindley was found lying near the bodies in a dying condition. Teachers and pupils of the Greenwood school near the pit, marched past the dead bodies to give the children an object lesson in temperance.

BOSTON FOOD FAIR FORMALLY OPENED. BOSTON, Mass., Sept. 28.—Preceded by a street parade of some length, the Boston Food Fair, under the auspices of the Boston Retail Grocers Association was opened today at the Park Square Coliseum. The fair will continue throughout the month of October, with numerous attractive features, including Sousa's Band, vaudeville shows and a large exhibit of food products. The opening was conducted with some formality, Mayor Hibbard participating in the exercises, as well as the officials of the Association.

WARM WESTERN WELCOME FOR TAFT YESTERDAY. FARGO, N. D., Sept. 28.—Big crowds, manifesting both interest and enthusiasm surrounded the Taft party wherever it stopped today in its course over the great Northern R. R. through Minnesota and North Dakota. The sixteen speeches which Taft delivered during the day and evening worked with the splendid voice he started out with this morning and tonight it is again in full swing. The day had two features, the Grand Forks, N. D., meeting, and the Fargo rally tonight. In both places tremendous crowds were out and in each city the candidate had to make three speeches.

TEMPERANCE PEOPLE REGARD THE OUTCOME OF WOODSTOCK CASES AS A SIGNAL VICTORY FOR SCOTT ACT

Mr. O'Regan, just let me say that this point has been settled by the magistrate, and in fact Mr. O'Regan admits his appeal is on technical grounds alone. When Mr. McIntyre under oath was giving testimony he readily admitted shipping liquor here since the law came into force. I don't believe there is a temperance man in Carleton county who is not in sympathy with those prosecutions, for on every side I have been encouraged to proceed with these cases. I know there is liquor coming from other places besides St. John, and these Montreal shippers will find that they can't violate the law with impunity. I am advised by my counsel that liquor shippers in Montreal will be brought here for trial and I will undoubtedly proceed against anyone or everyone I find breaking the law. I cordially agree with Mr. O'Regan's statement about the poor quality of liquor that comes to Scott Act counties, and sincerely hope license communities get better brands. I believe these new amendments to the Scott Act will have the effect of making it extremely difficult to get liquor into Scott Act counties, and I hope what Mr. O'Regan says regarding other Scott Act counties following in our footsteps may prove correct.

Guest of Honor at Sumptuous Dinner at White's Last Night

Served in a most sumptuous and capable manner the dinner tendered to William C. Whittaker, the Most Worthy Templar, by the Grand Chapter of New Brunswick, at White's restaurant last evening, proved a most enjoyable affair. The dinner began shortly after 8 o'clock. The menu contained many good things, which were ably done justice to.

The toasts and speech-making occupied the greater part of the evening. In proposing the toast to the guest, E. T. C. Knowles paid a splendid tribute to Mr. Whittaker. The complete list is as follows:

"The King," proposed by the chairman and uttered in with the singing of God Save the King.

"Our Guest," proposed by E. T. C. Knowles and responded to by W. C. Whittaker, M. W. T.

"Supreme Council," proposed by J. B. Eagles and responded to by S. E. Logan, member of the Supreme executive for N. B.

"Sister Organizations," as represented by the N. B. Temperance Federation, proposed by R. D. Martin and responded to by E. S. Stockford.

"Grand Temple of N. B.," proposed by Fred Gallop and responded to by G. T. G. Bennett, G. W. T. and W. C. Simpson, G. W. T.

"Subordinate Temples," proposed by W. C. Whittaker, M. W. T., and responded to by J. H. DeLava, Victoria Temple; A. S. Dearness, Alexandra Temple; J. F. Brown, La Tour Temple.

"Junior Sections," represented by Victoria, Alexandra, La Tour, Rockwood and Fairville sections, as proposed by W. F. Lewis and G. W. Chaplain and responded to by S. E. Logan and Rev. A. B. Chose.

"The Ladies," proposed by F. S. P. McParlane and responded to by F. A. Ramsey.

"The Press," proposed by Francis Murphy and responded to by H. E. Connor of the Globe.

All were well pleased with the dinner and the excellent manner in which it was served.

WRIGHT MAKES THREE SUCCESSFUL FLIGHTS

Succeeds in Beating the Record for Flight With Passenger

LE MANS, Sept. 28.—Wilbur Wright, the American aeroplane, made three successful flights this evening. On the first flight he was unaccompanied and remained in the air for one hour seven minutes 11.4 seconds, covering a distance of about thirty miles. On the second flight he was accompanied by the Aeroplanist Tilsandier, and he succeeded in beating the record for flight with passenger by remaining up 11 minutes 32.3 seconds. His previous flight with a passenger was made on Friday last, when he remained in the air nine minutes 13.5 seconds, at a height of 50 feet.

Count Delambert was his passenger on the third trip today, when he covered about three and a half miles in six minutes and fifteen seconds.

DICKENS STORY A HIT AT THE NICHEL

That the people of St. John thoroughly appreciate a picture of real life is evidenced by the enormous crowds who attended the Nickel last evening when Charles Dickens' story of the French revolution, "A Tale of Two Cities" was retold in the most marvelous of photographs. Prior to the showing of the picture a short synopsis of the story was given so that all who had not read the book might be made to enjoy the sequence of events as illustrated. The Impressionist, Dr. Manette, his dutiful daughter, the heroic Sydney Carton, the chivalrous Charles Darnay (otherwise the Marquis St. Evermonde), and the bullying spy were all faithfully portrayed and the story up to its tragic finale was magnificently enacted and staged. Several humorous comedies proved fascinating foils to this intensely dramatic picture. A Miss Poix was unparagonously received in a new Scotch popular song, "My Heather Queen," while Mr. Weston was crowned every time for his artistic rendering of the ballad, "If You Care For Me, I Care For You." The orchestra delighted music lovers with new airs and some standard classic, as "Rigoletto," "Cavalletta Rusticana," etc.

EXCELLENT PICTURES AT THE CEDAR

The pictures at the Cedar Theatre were well received by the large audience last night. Saved by a Telegraph Code is a picture that has many thrilling scenes but a very pleasing finish. The Simpleton is another feature film of the highest standard. The Best Remedy and All Through a Slap in the Face are good comedies, a laugh from start to finish. Mr. Wallace, the vocalist, has a catchy song bit and had to respond several times last night. Same show tonight. Admission 25.

CHIEF'S REQUEST FOR LAWYER IS REFERRED BACK TO COUNCIL; CALL BELLS FOR SALVAGE CORPS

The meeting of the Safety Board, which was held last night, took up a large number of matters of varying importance. Chief Kerr's request for counsel in the Dobson suit was referred back to the Common Council. The reason for this seemed to be a feeling that as he was appointed by the provincial government he should be defended by them and also the wish to avoid establishing a precedent.

It was decided to grant the request of the Salvage Corps for ten new call bells to be placed in the homes of members. It was suggested by Chief Kerr that this system be reorganized and a new wire of better quality be installed. An opinion was received from Recorder Skinner stating that the holders of leases on Union street, West End, were not entitled to have their awards reconsidered on account of the action of the supreme court regarding the thirty foot strip.

A complaint was received that there was discrimination in allowing advertising signs at the head of King street, and was referred to the Mayor.

A bill for the services of special policemen during exhibition week, at \$2 per day, was authorized and one special was awarded a new pair of trousers.

It was decided to have living quarters for a janitor fitted up in the West End City Hall and the policy of keeping the building from going to ruin was approved.

A letter was received from the School Trustees asking that a fire alarm bell be placed on the Alexandra school. The request was granted.

James Adams, a special policeman, asked that a pair of trousers he had destroyed while making an arrest, be replaced.—Granted.

A request from J. B. M. Baxter on behalf of Mrs. Michael Burns for the re-arrangement of the terms of a lease for a lot in Guy's ward, was referred to the common clerk with power to act.

A request was received on behalf of the permanent firm requesting for one night per month off. The matter was left to the chief to act according to his discretion.

Chief Kerr asked that the pay of Jas. Robertson, who died recently be continued to his widow until the end of the fiscal year.—Carried.

The director asked for power to ask for tenders for food and other stable supplies.—Granted.

The appointment of Geo. L. British as caretaker of the Casleton city hall was confirmed.

The director recommended that a large unfinished hall in the building be fitted as janitor's living quarters. The matter was referred to the council.

The chairman raised the question whether it was necessary to have the fire engines answer every alarm. The director did not think it necessary with the increased water pressure. As Chief Kerr had left the meeting to attend a fire no action was taken regarding this.

The Director reported that the new ambulance had arrived and been put

BIG SHOW AT THE PALACE LAST EVENING

One of the best entertainments produced in a moving picture house this season was presented at the popular West End Palace last evening. It was the opening bill for the fall and winter season and it is the intention of the management to give the patrons of the Palace a moving picture entertainment second to none. Announcement was made last evening that owing to the fact that a political meeting is to be held in the hall on Friday evening, (which is the regular amateur night) the amateur contest will be held on Thursday. For this week's amateur night a big contest is to be held as many contestants have already handed in their applications. Big prizes are to be given on Friday evening and a club is to be organized for the promotion of amateur entertainment this winter. The regular five cent programme of moving pictures and illustrated songs will be held tonight.

The Seal of Nebuchadnezzar

By CHRISTOPHER BANNISTER.

(Continued.) "But wouldn't it have been just as easy to press it in the clay as to roll it out?" Doctor Suggers did not explain. He tried to change the subject. Byrd looked up and smiled into his spectacles. The simple did it. "Wouldn't you like to keep it, Miss Amyot?" His Adam's apple was trembling on the brink. "Is it yours to give?" "It is my personal property. The good Mrs. Garraway has just presented it to me." "But don't you think more of that bit of gold than of any single thing in the world?" The doctor took his courage in both hands, but he didn't carry it far. "I'm thinking very much more of—" "I said 'think' Doctor Suggers."

"What am I to do?" exclaimed the girl, almost in tears. "Don't cry, Byrd," said Paget, with a man's earnestness. "I know what I should do if I were Paget," said that worthy's aunt. "Of course our house is yours." "Paget needs neither feminine suggestion nor interference," said her husband easily, seeing the light kindling in the young man's eyes; he offered his arm to Mrs. Fitzhugh, raised his open palm in warning to the others, and gravely led the way to the other end of the room, leaving the two young people alone, and only one of them embarrassed. Dinner was announced; and the announcement ignored. Thereafter, their elders standing with their backs to the door, Paget said the question he had delayed so long, and in a minute more he had led the blushing Byrd, subdued beyond her wont, forward for the company's greetings and good wishes. Frank Fitzhugh had been whispering to Van Dorn, who nodded smilingly and came to them with a hand extended to each of them. "My very dear girl, and my very dear boy," he said, his fine old face glowing, "you shall be our guests of honor, decreed as we are by the Assyrians, though not despoiled. And if you permit a man old enough to be grandfather to you to make a suggestion: We have the good bishop with us, and there is no reason why you should delay longer than after dinner." Byrd Amyot looked dismayed, Paget Fitzhugh radiant, the company expectant. Presently her dimples showed and she looked shyly up. All crowded forward. "Tom comes down like a wolf on the fold," she said. "Is it right?" This last to the bishop. "I owe Paget any little favor I can do him; he's a better diplomatist than I," chuckled the prelate. "Ah, a Byrd hand; eh, young man?" A great laugh of happiness went over the assembly. "And two atoms, with one— but even the genial Van Dorn would not allow him that. So they all walked buoyantly out to the rearranged dinner, the orchestra at some one's quick suggestion playing the "Wedding March," instead of something entirely modern and catchy. Doctor Suggers with the return of the little golden cylinder, was abundantly solaced by champagne from Fitzhugh, uncle and nephew, substantial enough to bring the excavations at Berastia up to the world's reality. Mrs. Annabel Garraway took to her country house and left her guests to their own devices. Paget and Byrd's last observation before he and the new Mrs. Fitzhugh stepped for Europe. "Curious, isn't it?" he said, "that the mere seal of Nebuchadnezzar could send her out to grass?"

PATRIOTISM KEYNOTE OF LIBERAL SPEECHES

The first gun of the campaign on the West Side was fired last evening in Oddfellows' Hall, when a large audience assembled to hear the issues of the campaign discussed by Messrs. Pender, McKewen and Sears. The hall was filled to the doors, and none left the room until after four o'clock. The speeches were marked by a high note of patriotism and the issues of the day and the records of the Conservative government were discussed from a broad Canadian standpoint rather than in a partisan manner. This was particularly true of Mr. McKewen's address, for on reviewing the history of Canada's progress during the past thirty years, he pointed to his hearers to exercise the franchise as their reason d'etat as nation builders and not as mere followers of some political creed. Mr. McKewen's arguments were of course individual thought along the lines which point to the record of the Liberal party as the governing body, as the record worthy of further support. Mr. Sears spoke of the principles which have laid down the principles which make for the upbuilding of a high national character. His references to Mr. Hall's characteristics and his energetic effort to delude the labor party brought down the house. Mr. Sears spoke of the records of the two parties and thought frequently heard. At the close three hearty cheers were given for Sir Wilfrid Laurier, the candidates and the Liberal party. Dr. P. J. Kenny presided, and very briefly introduced the speakers.

ROBLIN WON'T BE SO RECKLESS NOW

TORONTO, Sept. 28.—If Roblin, premier of Manitoba, again states that the Globe or those behind it, used its influence to secure a grant of 250,000 acres of the best mining lands in Canada from the Dominion government, he will have a chance of proving the charge in the courts. So Senator Jaffray said today. He added: "The facts are well known. Mr. Williams' statement of Saturday and that of Mr. Macdonald this morning put things in the true light. To make matters doubly sure, I will issue a statement shortly. If afterwards Roblin reiterates the charge I will sue him for libel. I might tell you that Senator Cox wanted to do that a few days ago, but we were too busy to spend the time in courts."

MR. FIELDING OPENS HIS ONTARIO TOUR UNDER SPLENDID AUSPICES

SARNIA, Ont., Sept. 28.—The Ontario tour of Hon. W. S. Fielding opened in this town tonight under splendid auspices. Notwithstanding the unpromising weather, the open house was packed to the doors and there was little standing room left so eager were the electors and others to hear the Minister of Finance. He and the local Liberal leaders were given a reception which unmistakably signified an endorsement of the government's course at Ottawa. Mr. Fielding has rarely been seen in better form, even though he confined his remarks to about an hour. The deadly parallel was his favorite way of forcing home his argument and the last twelve years of Conservative rule were compared with the Liberal rule. He pointed out that the tariff question, which was the subject of his address, had been the subject of his address. He pointed out that the tariff question, which was the subject of his address, had been the subject of his address.

BIG LIBERAL RALLY ON FRIDAY EVENING

The Liberals will open their campaign in the city proper on Friday evening, when a big rally will be held in the Nickel Theatre. Hon. Wm. Pugsley will address the meeting along with several other speakers. The enthusiasm shown at various ward meetings in the city has never been equalled, and strong committees have been appointed to carry on the work. The outlook is better than ever before. At the Queens ward meeting last night, Hon. Wm. Pugsley was present and in a brief speech touched on his views on the G. T. Pacific as given in 1930 and gave reasons why he had changed his opinion.

REPLEVIN ACTION BEGUN YESTERDAY

WOODSTOCK, N. B., Sept. 28.—This centennial has begun before Judge Carlton in the replavin action brought by Chas. A. McKewen, a local druggist, against Inspector Colpitts for the recovery of the value of a barrel of gin and some whiskey, among the stock seized recently at the C. P. R. station here and destroyed. McKewen claims the goods were for medical use only. The witnesses were Magistrate Dobbins, Chief of Police Kelly and Potter, a freight clerk. After hearing them the court was adjourned until tomorrow, remaining witnesses being absent. C. Hartley for McKewen; Hon. W. P. Jones for the inspector.

BRICK DWELLING IS DEMOLISHED

ST. CATHERINES, Sept. 28.—Natural gas caused a disastrous explosion here last night, and the surprise is that no fatalities resulted. The substantial two-story brick dwelling on Niagara street of John Reese was practically demolished, and is now little better than a ruin. The force of the explosion was something marvellous. The whole front and back of the house were blown down and the furniture in some rooms sent flying clear across the street. John Reese, who occupied the house with his family, was the only person injured. Other members of the family were away.

SOCIETY WEDDING AT CAPITAL THIS WEEK

FREDERICTON, Sept. 28.—A wedding which has been talked of a great deal in social circles here for some time is to take place at the bride's house on Wednesday evening, when Miss Kittle Edwards, only daughter of John A. Edwards, postmaster of Fredericton, is to be married to Dawes Gilmore, son of Hon. Daniel Gilmore, senator of Montreal. It will be a quiet affair with only relatives and immediate friends present. Mr. Gilmore is expected here tomorrow. They will reside at Montpelier.

ENGLISHMAN TRICKS SOME SAXON SOLDIERS

LONDON, Sept. 28.—The trick of the cobbler captain of Koepnick, who in a second-hand uniform took command of a squad of German guardsmen and used them to arrest a mayor and rob a municipal treasury, was a tame affair compared to an incident described in the Times by Henry Chamberlain, a retired naval lieutenant. On a walking tour in Germany he came upon a body of Saxon soldiers taking their ease in a wood, and though his German vocabulary consisted of only about forty words, and down and conversed with them. He was wearing an old grey suit, a felt hat and flannel shirt, and carried an umbrella. "Right turn!" he shouted, "at once!" "Yes," they replied, "we are going to walk to Niederbronn, and there take the train to Elzach. What evil genius prompted me to make the next remark I cannot tell, but though I stood rightly to attention, and when the 'regiment' came by 'talking on' as it was the most natural thing I did was to say 'Good-bye'."

DOCTOR CHARGED WITH BREAKING GAME LAWS

FREDERICTON, Sept. 28.—A case involving alleged violations of the game laws is to be tried before Justice Stewart, J. P., this week at Shedfield. It is alleged that Dr. Sidney Bridges of Philadelphia, now at his friend's home at Shedfield on a vacation, recently shot a moose on a resident's license and that the guide who accompanied him is not registered as required by law. The complaints in these cases were laid before Warden Walker South of Shedfield. Nelson W. Brown addressed another big political meeting at Medicine Hat last night. He was given quite an enthusiastic reception as met him at Middle Southampton Saturday night. R. D. Wilton, nervous over his prospects in Sunbury-Queens, is importing into that constituency a host of Tony stumpers headed by Premier Haesen. The others include Dr. Alward and H. A. Powell of St. John, R. B. Hanson, one of the Hosen servants, officials in this city: A. R. Shipp, M. P., and H. W. Woods, M. P., also take the stump.

ACROBATS TO LEAVE AT ONCE FOR BADDECK

WASHINGTON, Sept. 28.—Dr. Alexander Graham Bell and several other members of the Aeronautical Experiment Association, who attended the funeral of Lieutenant Soffridge at Arlington last week will return immediately to Baddeck, N. S., where experiments with the tetrahedral kite are to be continued during October. An amusing incident occurred in McParland's, the Tailor, one evening last week. A gentleman who had sent a suit of clothes to be cleaned and pressed called for them. When they were handed to him he said: "They are not my clothes, the suit I sent here was an old one." Moral, have your clothes cleaned and pressed by McParland, the Tailor, 72 Prince St. (top block), Phone 1618-11.

A USE FOR HIS HAT.

A funny incident of a drawing room meeting was recently noticed. A grave looking gentleman with an unusually tall hat, entered and, seeing a mark in the hall, placed his hat on the door just behind the door. Pretty soon another grave man entered, with a large, dripping umbrella, and, seeing anxiously for the usual receptacle, saw in the gloom the hat resting on the floor. His eyesight was probably poor, for he mistook it for one of the new umbrella holders, and in it he deposited his dripping umbrella. This was an example for those who followed, and in a short time the solemn looking hat was stanchly holding a dozen umbrellas. At the end of the meeting the water in the hat was an inch in depth.—London Tit-Bits.

THE MEANING OF "MUFF"

The record of the fact that muffs were once worn by more than two women in Paris suggests the old ingenious definition of a muff as a soft thing that holds a lady's hand without squeezing it. "Muff" appears to have come to us from German, in which language, curiously, "muff" means not only a hand warmer, but also a sulky person or a growing dog. These seem, however, to be two different words. Was our own metaphorical "muff" an allusion to the efficiency of muff warmers or simply an intimation that the person was distinctly "sooty"?—London Chronicle.

BOTTOM DROPPED OUT OF FREDERICTON LIQUOR CASES Seven Charges Were Entered, But in Six of Them the Prosecution Failed to Produce Evidence.

FREDERICTON, N. B., Sept. 29.—Seven Scott Act cases were on the programme at the police court this morning, three for first, two for second, and two for third offences. All were city licenses and a lively time was anticipated, but the bottom seemed to have fallen out of the prosecution. One first case was admitted, and the usual fine imposed, but when the other cases were called Chief Wintre and Spottler Guder, who had laid the information, had no witnesses to prove the charges and there was no course open to Colonel Marsh but to dismiss the charges, with costs against the prosecution.

CAPTURER OF "BUCK" BACK FROM THE WEST

Peter Carroll on a Trip to the Provinces to Renew Old Associations.

Peter Carroll, who was well known in the provinces some years ago, reached the city this morning by the E. S. S. Co. and left on the C. P. R. for his former home in Pictou. Mr. Carroll will be remembered as the man who arrested "Buck," a desperado who, with his comrade "Jim," were given life sentences for murder in Westmorland Co. in 1892. After that occurrence Mr. Carroll served for a year on the I. C. R. as a detective and then went west. For a time he occupied the position of chief of police at Nelson, C. B., and lately has been in Portland, Oregon. When he struck the latter place he hunted up a brother whom he had not seen for twenty-eight years and talked to him for about an hour without disclosing his identity. His brother's surprise when he told who he was proved very amusing. Mr. Carroll will visit his friends in Nova Scotia for a while and will then probably return to the west. Regarding conditions in the west he said that the prospects were for a hard winter. There were many men without employment and they would have difficulty in getting through the winter.

SURPRISE NEARLY CAUSED CASE OF HEART FAILURE

Fruit Merchant Found a Barrel of Apples Better in the Middle Than on Top—Crop and Market Prospects.

A most unusual occurrence was nearly responsible for a case of heart failure on the part of a prominent fruit merchant the other day. On opening a barrel of Nova Scotia apples E. A. Goodwin was amazed to find that the apples in the middle of the barrel were better than those on the top. When he recovered from the shock he decided that his eyes must have deceived him, but a closer examination of the barrel showed that his first impression was correct. The only explanation that he could give was that it was a mistake on someone's part. Mr. Goodwin did not seem anxious to have his name mentioned in this matter, probably because he feared some packer might lose his job if this occurrence were traced to him. Speaking of the way apples were marked, Mr. Goodwin said that he thought the growers figured on getting a certain quantity of number one apples and a certain quantity of number two off each tree. When the crop was good it was all right, but when it was bad they still took the same quantity of the fruit and marked it "No. 1." This year the crop is plentiful and the quality good and there has not been as much difficulty so far regarding the marks as there was last year. At present the quantity of fruit on the market is large and the price rather low. This is caused chiefly by the increased crop in the old country, with the consequent falling off in the demand for Canadian goods.

POLICE COURT

There were four prisoners on the police court bench this morning. Three of them were drunks, and despite the fact that they were advertised as lock picks, etc., they were not together when arrested, and were only tramps. The "lock pick" was a cotton pick that was used by one of the number who worked in a cotton mill. They were adjudged guilty and fined four dollars each.

Charles McKinnon, who is aged 31 years, was charged by his father with assault. The father is sickly and informed the court that his son went home drunk on numerous occasions and broke the furniture. The wayward son was remanded to jail. George Durant reported for furiously driving and ill-treating a horse, was fined two dollars. James McMullin, a youth who was charged with beating Wilbur Graham, was fined \$20 or two months in jail. Graham was fined \$5 or 30 days for being drunk. Dennis Sullivan, who has been in jail on remand was fined \$5 or two months, and the same penalty was imposed on Joseph Miller.
