PROBS-FAIR.

PRICE TWO CENTS

U. S. VICE-CONSUL SILLIMAN IS SAFE

Left Sattillo Thursday For Mexico City, Sir Lionel Carden Says.

PRIVATE FROM U. S. ARMY MISSING NOW.

No Word from Private Parks Since He Left Vera Cruz and Passed Through the Mexican Lines.

Washington, May 15.—Postponement of the Niagara Falls Mexican mediation conference from next Monday to the following Wednesday at the request of the Huerta delegates changed the plans of the South American mediators and the American commissioners for departure today or tomorrow, and produced at the same time much speculation as to possible significance in the delay.

Later the Spanish ambassador here, who is caring for the interests of Mexico in the United States, authorized the statement that the two days delay meant merely that the Huerta delegates wanted a brief respite from their long journey, and had no political importance. The Spanish ambassador will give the Mexicans a dinner here Saturday night, after which they will proceed to Niagara Falls, Ont. The three South American diplomats and American commissioners will leave on Sunday or Monday and all will assemble Wednesday.

Secretary of State Bryan informed the Huerta government that the state department considered the action of the Mexican federal authorities in withholding information concerning the whereabouts of Private Samuels Parks a hostile act.

Private Parks, an orderly, rode away from Vera Cruz, passed through the Mexican lines, and had not been seen since. There have been persistent reports that he was captured and executed, and efforts to learn his fate have been futile.

John R. Silliman, American vice-consul at Sattillo, who was arrested by Mexican federal officers, whose safety there has been guaranteed, left Sattillo yesterday for Mexico City, according to reports received tonight by Ambassador Spring-Rice from Sir Lionel Carden, British minister at Mexico City.

Federal After Supply of Arms. El Paso, Texas, May 15.—When the announcement came over the wires tonight that there was no prohibition against shipping arms and ammunition into Tampico from the United States or elsewhere, there was an immediate exodus eastward of Constitutional purchasing agents and arms and ammunition salesmen who hurried away to reach the point where they could come into closest touch with arms shipments.

ARRANGING TO PAY THE DEPOSITORS OF DEFUNCT PRIVATE BANK

Belleville, Ont., May 15.—Settlement is under way of the affairs of the defunct C. C. Daye and Company private bank. At the general meeting of depositors today the settlement proposed and unanimously accepted was that all depositors for amounts less than \$100 are to be paid in full. Deposits for greater amounts will be given 25 cents on the dollar on July 1, 1914, an additional 25 cents on January 1, 1915, and a further 25 per cent, some time within three years, provided the assets of the banking firm and the partners can be made to realize that amount.

The Halifax Chronicle Still Playing the Game

How the Grit Organ in the Sister City Views Hon. Mr. Foster's Assurances to St. John Delegation.

(Halifax Chronicle Editorial May 15.) In the St. John papers' report of the interview which the delegation from that city had with the Dominion Cabinet on Thursday, with reference to the transatlantic mail service, Hon. George E. Foster is reported as saying that "he undertook to say that Halifax would not be named in the renewal of the mail contract, but that the steamship companies would be given a free hand in the selection of the port which they would use." As the St. John delegation is reported to have been "well pleased" with the result of their interview with the Government, it may well be asked, what was the nature of the "satisfactory assurances" which they received? Mr. Foster's statement as to the intention of the Government in renewing the mail contract leaves matters precisely where they stood at the beginning of last season. The pre-eminence of Halifax is so well established and so universally recognized by the great steamship lines that Hal-

LIBERALS FIND NO GROUND FOR OPPOSING IT

Plenty of Rhetoric But No Real Arguments Against C. N. R. Aid—E. M. McDonald Wants It Shelved for Six Months.

Special to The Standard.

Ottawa, May 15.—The debate on the C. N. R. agreement whereby the Government guarantees a further issue of bonds and secures a forty million dollar interest in a hundred million dollar concern, the most magnificent deal that any Canadian government has ever made with any railway, has descended to the party stage. The opposition members are putting forward no real argument against it.

Much was expected of Sir Wilfrid Laurier and Hon. George P. Graham. Sir Wilfrid spoke on the opening day and Mr. Graham today. Their efforts were weak in the extreme, and Liberal members themselves are not backward in expressing their disappointment. One of the leading Liberals described their speeches in this way to The Standard: Sir Wilfrid's was wily-washy and Graham's was scoundrel.

The weakness of the opposition criticism is that it lacks a policy. They admit that the situation is such that in the interests of the country itself something must be done and they criticize what the Government has done, but they do not say what should have been done. The position the party is in at the present time is that they haven't got men big enough to frame a policy. They are purely negative critics.

E. M. McDonald of Picton was no better than his leaders. He had plenty of phrasology, but no argument.

JUDGE HENRY OF HALIFAX DROWNED

Body Found in Millrace by Children—Had Been in Sanitarium—Judge of Supreme Court for Some Years.

Guelph, Ont., May 15.—Judge Hugh McDonald Henry, of Halifax, N. S., an inmate of the Stoneham Sanitarium, for more than three years, was drowned this afternoon. He went out for his usual afternoon walk down town and must have started to return through Riverside Park, for his body was found by two little girls about 5 o'clock in the millrace near the Riverside dam and Sampson's mill. Judge Henry was about sixty-three years of age and has been partially paralyzed for the past four years. He was a brother of W. A. Henry, K.C., Halifax, and was for some years Judge of the Supreme Court of Nova Scotia and one of the best known citizens of Halifax. It is thought that he slipped into the millrace and could not get out.

NEWS FROM MEXICO

INSPIRES HOPE ON LONDON STOCK MARKET

Consuls Reach 75—Scrip Better—Dominion of Canada Quoted at One Per Cent Premium.

London, May 15.—The stock markets assumed a brighter and firmer tone today, due mainly to the influence of the satisfactory adjustments of the settlement and the hope inspired by news from Mexico of an early termination of the difficulties there. Consols rose further to 75 3/4 but reacted at 75. Scrips were better. Dominion of Canada being quoted at one per cent premium.

Home rails advanced all round and American rails were higher. Canadian Pacific, after a good beginning at 197 1/2, hardened to 198.

THE DIE-HARDS GAINING GROUND EVERY DAY IN HOME RULE FIGHT

No Longer Willing for Peace, at any Price — Possibility of a General Election Looms Up Stronger in Face of Demands from the Opposition — Help from Dominions Appreciated.

London, May 15.—That Premier Asquith still holds the trump card to play against the Nationalists seems to be the opinion of the Irish Independent, which yesterday expressed its fear thus: "If the two bills (the home rule and the amending bill) become law at practically the same time it is apparent that parliament will be called upon to consider the amending bill before the royal assent has been given to the main measure. Will the Government be brutal enough to tell the Nationalists that the home rule bill will not be submitted for the royal assent until the amending bill is accepted in this contingency they could not vote against the Government without endangering the whole home rule position."

At Westminster the Irish question is slammering pending resumption of consideration of the bill next week, when the financial resolutions will be discussed. The feeling of the opposition has perceptibly hardened during this week. A fortnight ago there was a tendency to ask for peace at any price, whereas the die-hards now seem to be in the ascendant.

General Election Looms Up Stronger.

A while ago a general election seemed a very hazy possibility; it is now looming up strongly in face of strong demands from the opposition. Among the Liberals the chief interest centres in the provisions of the amending bill, the general belief being that they are

NOT PREPARED YET TO MAKE ANNOUNCEMENT

Lieut. Gov. Wood Not in Position Yet to Name Sir Frederick Barker's Successor—Considerable Formality to be Observed.

Special to The Standard.

Fredericton, N. B., May 15.—Lieutenant-Governor Wood leaves here tomorrow morning for St. John and will remain there until Tuesday participating in Loyalist Day celebration on Monday.

His Honor said this evening that he was not yet in a position to announce anything as to appointment of successor to Sir Frederick Barker on Royal Commission to investigate Dugal charges.

"I have expected to be able to make the announcement this evening," said his honor, "but I didn't know there was to be so much formality necessary. Before I can make an announcement I will consult one of the commissioners tomorrow on my arrival at St. John."

His Honor's Premier Clark is to leave here tomorrow evening for Ottawa. Hon. Dr. Landry is already there.

Harry M. Blair won an automobile which was disposed of by drawing today by Frederick Baseball Club in campaign to help out last season's deficit. He held a large number of tickets.

NEW SETTLERS FOR PROVINCE

Party of Thirty For New Brunswick Left London Thursday on Empress of Ireland.

London, May 15.—Thomas Benstead sailed yesterday by the Empress of Ireland with a party of settlers for Middlesex County, Ont., and S. L. T. Harrison had a party of thirty for New Brunswick. John Parrell sailed with a party of 300 settlers for Ontario by the Algonia on Thursday.

TWO SHOT IN FREE FIGHT AT DANCE

Liquor Plentiful and Men Began Row—Two of Combatants Shoot Each Other Dead

North Bay, Ont., May 15.—Woman River, a small hamlet on the C. P. R., main line, 200 miles west of North Bay the scene of a tragic shooting affair last night which resulted in two men being shot to death. A public dance was being held and it is said that considerable liquor was consumed by the male dancers with the result that a free fight occurred. John Chapman of L'Orignal, Ont., and Osewyn Fortin of Woman River, drew guns and began shooting at each other. Both men were shot dead.

EXPLOSION KILLS TEN; OTHERS HURT

Shocking Accident at Rubber Factory in Detroit.

BUILDING ALMOST ENTIRELY WIPED OUT. Victims Were Employed Working on Secret Preparation for Rubber—Little Known as to How it Occurred.

Detroit, Mich., May 15.—Ten men, most of them chemists, were killed by the explosion of acid and chemicals in the mixing room of the Mexican Rubber Company on the west side here today. Four other employees, removed from the staming debris, were taken to a hospital and all may die. Two men were less seriously hurt.

The building, a one-story structure of solid concrete and cement, was almost obliterated. Other buildings within a radius of a mile were more or less damaged. The loss was estimated at \$50,000. The dead are: Edward Christopher, William McCoy, C. Larsen, Al Hodgkins, Victor R. Burns, William F. Niles, Jose Casco, Gorton Latta, Emon Aman, and Geo. Glegoria.

The four last mentioned victims were Mexicans. All but Glegoria probably were instantly killed. He died in a hospital. Among those who escaped were John H. Evans, superintendent and John C. Treadwell, manager of the plant.

Just what caused the explosion probably will never be known. In the mixing room was a large vat of molten rubber being prepared by a secret process. Without a moment's warning the building was torn to pieces. Every man who was in the mixing room at that moment was killed.

The company made imitation leather, and it is understood that ether and other explosives were used in large quantities. Because of the secret process of preparing the crude rubber employees were not allowed to leave their department to enter other parts of the plant. Few of the employees knew each other, and it was some time before the victims were identified.

Coroner Rothacker said he has started an investigation to determine whether negligence was the cause of the explosion or whether the concern violated a city ordinance by mixing dangerous explosives within the city limits.

RAILWAY PROMOTOR WANTED BY POLICE, IS STILL AT LARGE

Toronto, May 15.—John W. Moses, wanted by the Toronto police on a warrant issued as a result of the finding of the Ontario Railway and municipal board in connection with the transactions of the Ontario West Shore Railway, is still at large. The statement that he was recuperating at his health in Algonquin Park was apparently incorrect, for Inspector William Greer of the department of criminal investigation of the provincial police, went to Algonquin Park on Thursday and could see or find no trace of the missing railway promoter.

ARREST FOURTEEN YEAR OLD GIRL AS WITNESS AGAINST WHITE SLAVERS

Was Boarding Train at Montreal for Quebec When Taken by Police.

Montreal, May 15.—Detective Foucault this morning placed under arrest a fourteen year old girl wanted as a witness in a white slave case in Ottawa in connection with which a man has been taken into custody. The girl was arrested at the Place Viger station as she was boarding a Quebec train. Though only fourteen she is said to have been an inmate of a disorderly house in Ottawa and she was given money to get out of town. The arrest was made at the instance of the Ottawa police.

GORONER'S INQUEST INTO MURDER QUEBEC GIRL WITH HAMMER

Quebec, May 15.—When the coroner's inquest into the death of the Dubois girl who was murdered with a hammer last Sunday, was resumed today, several witnesses swore positively they had seen Dion, suspected of the murder on the street when he contended he was in his own home. One witness noticed Dion, dressed in a hurry and looked excited, corroborated and added he had noticed blood stains on the right side of Dion's linen collar and made some remark to his companion as to the possibility of Dion having been beaten up.

NORWEGIAN COLONY CELEBRATE ANNIVERSARY

Montreal, May 15.—Montreal's Norwegian colony will tomorrow night celebrate by a public banquet the centenary of the freedom of their native land from the sway of Denmark.

Stokholm, May 15.—The Swedish aviator Thulin today flew from Mal-

DISCOVERED THE ORIGINAL GARDEN OF EDEN

Sir William Wilcocks, Celebrated Engineer and Constructor of Famous Assuan Dam, Guest of Pilgrims in New York.

New York, May 15.—Sir Wm. Wilcocks, K. C. M. G., celebrated English engineer, constructor of the famous Assuan dam on the Nile and discoverer of the original Garden of Eden, was the guest of honor at a luncheon tendered him today by the pilgrims of the United States at the White Hall Club in the White Hall building on Battery Place.

Sir William, who was asked by President Joseph H. Choate to tell some of his impressions and ideas concerning the Garden of Eden, begged to be excused from discussing that topic on account of the fact that he was scheduled to deliver a lecture on it tomorrow night. Instead, he told of numerous incidents occurring among the Syrians, Egyptians and Turks with whom he has lived for the past sixty-two years. He proved himself an able speaker and amused his hearers immensely when he told of the phlegmatic way the orientals countenance the taking of graft and bribes, declaring that they were foolish if they did not. He also told of incidents illustrating the supreme obedience that characterizes all officials and servants toward their superiors.

The company made imitation leather, and it is understood that ether and other explosives were used in large quantities. Because of the secret process of preparing the crude rubber employees were not allowed to leave their department to enter other parts of the plant. Few of the employees knew each other, and it was some time before the victims were identified.

Coroner Rothacker said he has started an investigation to determine whether negligence was the cause of the explosion or whether the concern violated a city ordinance by mixing dangerous explosives within the city limits.

Montreal, May 15.—Arrangements were completed today for the participation in the unveiling on September 7th of status of Sir Etienne Cartier, the Canadian statesman, by King George, President Raymond Poincaré and President Wilson. They will do so by electrically lighting the statue which will be unveiled on September 7th.

The actual unveiling of the monument will be performed by Sir Charles Tupper, who will make an attempt to come to Canada for the purpose. If unable to do so he will release the draperies around the statue by cable from his residence in England.

RUSSIAN MILITARY AVIATOR KILLED

Sebastopol, Russia, May 15.—The military aviator Semichukra fell from an aeroplane during a flight today and was killed.

New York, May 15.—Mrs. Lillian Rosenberg, the young widow of Lefty Louie, one of the four gunmen electrocuted last month for the part they played in the murder of Herman Rosenthal, today was a witness for the state at the trial of Charles Becker, charged with being the instigator of the plot her husband helped to carry out. In swearing she heard Jack Rose urge her husband his three companions to kill Rosenthal because Becker wanted them to, and that she saw the quartet dividing the money they received in payment for the crime, the pretty widow of the dead gunman directly contradicted the testimony she gave at his trial and furnished what District Attorney Whitman declared to be "proof beyond all doubt" that the witnesses for the state have told the truth.

Hermidas Lapierre stated Dion had passed last Sunday afternoon with him at his home in St. Louis De Courville and at Montmorency Falls. Whitman had noticed that Dion looked sad and had asked him the reason. Dion replied he was not feeling well as he usually went out Sunday morning but had not done so that morning.

On cross-examination the widow of "Lefty Louie" was asked why she had not testified at the trial of the gunman as she did today. With tears in her eyes the girl answered: "I had because I wanted to save the man I loved from the electric chair."

Mrs. Rosenberg appeared to be on the verge of collapse. But she grasped the arm of the witness chair and quickly regained control of her emotions.

HON. F. D. MONK DIED YESTERDAY

News of His Death Heard With Regret at Ottawa—Tributes by Premier Borden and Members of Commons.

Montreal, May 15.—The Hon. F. D. Monk, K. C., M. P., died this morning at 3.25 at his residence, 328 LaSalle street east. He was conscious to the last.

Around his bedside were his two sons, F. A. Monk and J. D. Monk, and his daughter; also the dead statesman's brother. The funeral arrangements are not yet completed.

Frederick Debarchere Monk was born in Montreal on April 6, 1836. His earlier education was obtained at the Montreal College and then he went to McGill University, where he graduated B. C. L. in 1877.

For twelve years he was an active member of the Roman Catholic School Board. In 1892 he succeeded the late Sir J. A. Champé as professor of constitutional and international law in Laval University, where he was given the degree of LL. D. in 1890. He was created a Q. C. by the Earl of Derby, Governor General, in 1893. He became a member of the Borden Cabinet when it was formed in October, 1911. He resigned in October, 1912. He was married in January, 1879, to Marie Louise, eldest daughter of the late D. H. Senecal. She predeceased him.

Parliamentary Tributes.—The news of the death of Hon. F. D. Monk, although not unexpected, was received with deep regret at Ottawa. From the time he entered Parliament in 1896, he was one of the most highly respected men in the House, both on account of his natural ability and his personality. In later years he was recognized as a first class parliamentarian, and at debate he had few equals in Ottawa. He was equally at home in French or English, and was one of the best linguists in the House. He was an exceedingly sound constitutional lawyer and his advice on questions affecting parliamentary procedure or constitutional practice was always listened to with respect. Descended from one of the oldest families in Quebec, he had the courtesy and manners of the old school.

Premier Borden announced his death in the Commons this morning and tributes were paid to him by the Premier, Sir Wilfrid Laurier, Hon. L. P. Pelletier, Hon. C. J. Doherty and Hon. R. Lemieux.

At the funeral of Roy Connaught Williams which was held on Wednesday morning the service was conducted by Rev. G. P. Scovill, assisted by Rev. Craig Nickles of Westfield. Among the floral tributes which were numerous were a wreath from the family and flowers from many friends.

TWO WITNESSES TELL OF FIGHT

Mark Carey pleads guilty to unlawfully keeping liquor for sale—Will continue matter.

In the police court yesterday afternoon Mark Carey who was charged with unlawfully keeping liquor for sale on April 25th, pleaded guilty. He was represented by E. S. Ritchie.

He pleaded not guilty to resisting and assaulting Officer Lucas on Sunday afternoon last. Percy Rising gave evidence that he witnessed Officer Lucas making the arrest in a yard off Lancaster Avenue. He said that Lucas and Carey climbed in the porch of a house and when they came out the door Lucas was bleeding at the mouth and nose and also at the back of the head. Carey was brandishing a closed knife. Finally the officer got this man down and had drawn his revolver, when another man came to his assistance and the handcuffs were placed on Carey's wrists. After being handcuffed Carey resisted and kicked the officer. The officer's collar was torn. The witness described it as one of the most disgraceful scenes that he had ever witnessed.

John Harding gave evidence of seeing the officer and the defendant in a clinch and of seeing something shining in Carey's hand during the fight. Witness went to the officer's assistance and helped place the handcuffs on the prisoner's wrists. The case was adjourned until Monday for a further hearing.

Wellington Turnbull, who had been reported by Officer Lucas for refusing to assist him in making the arrest gave the court, as an excuse, that he was physically unfit to assist the officer. The excuse was accepted and the charge was dismissed.

Other Cases.—William Pye and Harry Morrish were before the court having been reported for fighting on Barker street Tuesday night. The evidence clearly showed that a fight had taken place, and the magistrate allowed the defendants to go on suspended sentence.

Joseph Dubor, a Frenchman, was arrested yesterday afternoon on the charge of using profane language in the I. C. R. depot. The prisoner took his arrest very hard and cried like a child. He said that he hailed from Montreal and as he had a ticket and intended to leave on the Pacific express yesterday afternoon, he was allowed to go under suspended sentence and told to sin no more.

FRANK T. WIGMORE DEAD IN WINDSOR

Brother of Commissioner of Water and Sewerage passed away after lengthy illness.

Commissioner Wigmore received a message announcing the death of his brother, Frank T. Wigmore, in Windsor, N. S., yesterday morning. While he knew that his brother had been ill Commissioner Wigmore did not think that his condition was serious and the word of his death yesterday came as a shock. Commissioner Wigmore will have the sympathy of the community in his bereavement.

Frank T. Wigmore was born in St. John thirty-eight years ago but left St. John when he was about twenty years of age and settled in Windsor where he was employed on the Dominion Atlantic Railway as a conductor on the Windsor-Toro train. Last August he became ill and his health had not permitted his working during the winter. He was very popular with the travelling public and will be greatly missed.

His father, Hazen Wigmore, of Windsor, survives him. Besides his wife he is survived by three children, Rupert W. Wigmore, commissioner of water and sewerage here, is the only other member of the family remaining. Commissioner Wigmore will go to Windsor this morning to attend the funeral which will take place on Sunday.

Child's Protective Association.—Although the Child's Protective Association has not yet received letters patent of incorporation it expects to do so in a few days. The application of the association for incorporation has it is said, been dealt with by the Lieut.-Governor in Council under the provisions of the amendment to the act adopted at the last session, and the necessary documents should be issued in a few days. The county council has voted the association the sum of \$1,500 provided the warden and county secretary could raise the money, there having been no provision in the appropriations for such a grant. It is believed the money will be forthcoming. As soon as the association receives its incorporation papers, and the money promised by the county council, it will get down to practical work. A. M. Belding, president of the association, with M. E. Agar and Mrs. E. A. Smith, vice-presidents, and Rev. J. C. B. Appell, provisional secretary.

Baby in Jail.—Some few nights ago two women and two men were arrested in a house on Brussels street on the charge of being inmates of a disorderly house. One of the women, Rita Dauphine, had a five months old baby and it was taken along to the cells with her. The prisoners were remanded to jail and for the past few days the infant has been locked up in jail with its mother.

Oh yes, it was baseball (?) from the time the game was more or less settled at the finish that there was a tie. The only suitable excuse for the tie was that the players of the Red Rose team had been so tired from their defeat of yesterday at the critical stage of the game. He to whom the scribbles had been used to carry down a victory who was prime promoter of the event, old in experience, and in past years had been known to have a recovery—doomed for a season to walk these walks by night—no longer a dark horse. What he did he hobbled in the game. He had a disorderly disposition of the man in the box while Hanson was prepared all the time to deliver the goods. When the game was over and the two men were taken to the pen, what was the whole scheme? What the paper boys, nothing more, wish to hate on an opponent who makes it appear that they were no ball players, or are the prominent scribbles too aspiring the footholds. Surely there was graft somewhere.

The game opened smoothly and serenely with a few taps by the show men in the play hotspots. In the second inning when Zubbyell at the plate for the actors warmed up and then came the excitement. The play came down like a wolf on the fold. Oh, rash youth, the scribbles are not used to such moments of excitement and they were not. Derthick for the actors was all right in his feature aside, but there was no call for his carrying away a portion of the scene. He was not. He appeared stage frightened when he tried to land on the first sack with his boots and he got up to go all advantage. The twirler peeled off a couple of good plays but they were not seen by the scribbles—Dever in the box. Huh, who ever heard of a man pitching with one hand and smoking a cheap cigar with the other at the same time. Evidently Sandy Thorne, who once (note that word once) figured in the box does not consider his contrivance worthy of the sport. Wait, Sandy. Hold off for something big. The money will be there all right.

Well we've featured all the prominent that space will allow us and the writer is giving space to the line-ups below. If the editor does not find it necessary to score them out. Oh it's a great game, even when you lose. Red Rose Co. Scribbles

Peel Pitcher. Sharkey Catcher. Dever 1st base. Slattery 2nd base. Hanson 3rd base. Jennings Shortstop. Owens Right field. March Derthick March Centre field. Condon Left field. Condon La Bonte Davidson

Doc McGillivuddy was the presiding empire and he kept close tabs on all the plays, except those that he didn't (want to) see.

Encouraging.—Her Father—Has my daughter given you any encouragement, young man? Butler—Well, she said you were always a very generous parent, sir.

RED ROSE MON AFTER FIERCE BOUT CONTEST

It was called Baseball, but there was something missing somewhere—Thirteen to ten.

A snappy and bright drama in five acts was staged yesterday afternoon on the Marathon grounds with the Scribes of the local dailies and the artists of the Red Rose Opera Company figuring in prominent roles. The setting was nice—sure, what else could it be with all those kid gloves checked suited, and creamed soaked sweet vocal ark lights arranged in the field, the dancing with the abbe and at times vigorous assistance of Zubbyell, the virtuous backdrop of the stage prancers, was good, particularly those fantastic movements featured between the acts. Probably the vocal efforts were pleasing, except when a particular part of the drama did not appeal to the serious minded individual behind the home sack. Then this principle of Scribes had chosen to fill the leading roles allowed the scene to fall at a critical moment, hence the climax did not bring forth the result that the newspaper men would like. Baseball was the name that was given to the drama but it would have been more appropriate had the players allowed each witness of the offering to select a fit name for yesterday's presentation. Probably there are more than a dozen names that would be appropriate names were chosen from the list.

Well, to get down to business, and give an account of the ball, what the awful presentation was supposed to be—the official score of the game credits the squad from the Red Rose Company with having gained a victory over the newspaper men with a score of thirteen to ten. It is worth mentioning here, however, that the score and the only score kept, was that which was tallied by a long cadaverous artist of the Theopians and these fellows are used to getting anything for a song, so there is no telling how often he thought his men worthy of credit. However, the score will have to stand. The Red Rose scribbles must go down to defeat—won and lost—ever though one of their players did succeed in bringing in a score after a fly landed by him to centre had stuck fast in Hanson's mitt.

Oh yes, it was baseball (?) from the time the game was more or less settled at the finish that there was a tie. The only suitable excuse for the tie was that the players of the Red Rose team had been so tired from their defeat of yesterday at the critical stage of the game. He to whom the scribbles had been used to carry down a victory who was prime promoter of the event, old in experience, and in past years had been known to have a recovery—doomed for a season to walk these walks by night—no longer a dark horse. What he did he hobbled in the game. He had a disorderly disposition of the man in the box while Hanson was prepared all the time to deliver the goods. When the game was over and the two men were taken to the pen, what was the whole scheme? What the paper boys, nothing more, wish to hate on an opponent who makes it appear that they were no ball players, or are the prominent scribbles too aspiring the footholds. Surely there was graft somewhere.

The game opened smoothly and serenely with a few taps by the show men in the play hotspots. In the second inning when Zubbyell at the plate for the actors warmed up and then came the excitement. The play came down like a wolf on the fold. Oh, rash youth, the scribbles are not used to such moments of excitement and they were not. Derthick for the actors was all right in his feature aside, but there was no call for his carrying away a portion of the scene. He was not. He appeared stage frightened when he tried to land on the first sack with his boots and he got up to go all advantage. The twirler peeled off a couple of good plays but they were not seen by the scribbles—Dever in the box. Huh, who ever heard of a man pitching with one hand and smoking a cheap cigar with the other at the same time. Evidently Sandy Thorne, who once (note that word once) figured in the box does not consider his contrivance worthy of the sport. Wait, Sandy. Hold off for something big. The money will be there all right.

Well we've featured all the prominent that space will allow us and the writer is giving space to the line-ups below. If the editor does not find it necessary to score them out. Oh it's a great game, even when you lose. Red Rose Co. Scribbles

Peel Pitcher. Sharkey Catcher. Dever 1st base. Slattery 2nd base. Hanson 3rd base. Jennings Shortstop. Owens Right field. March Derthick March Centre field. Condon Left field. Condon La Bonte Davidson

Doc McGillivuddy was the presiding empire and he kept close tabs on all the plays, except those that he didn't (want to) see.

HALIFAX CHRONICLE STILL PLAYING THE GAME

Continued from page 1.

plans. The resumption of that, through the political influence which they were able to bring to bear, the Royal Mail was "switched" from Halifax, and some of the better Allan boats were taken away from the port and sent to St. John, with the result that the mail service through the port of Halifax last winter was largely carried on by boats of the slower class.

What is to prevent this happening again? Under the arrangement which Mr. Foster announces will be renewed, there is nothing. In fact the door is left open for the very same political manipulation as occurred last year. Nominally, the steamship companies may be left free to select their own port. That will give the Government the opportunity to disclaim all responsibility. It is anybody's guess that if the steamship lines select Halifax as their mail port, as they did last season, the people of St. John will again state an agitation, send delegations to Ottawa, and the political club will be used to bring corporations, and are constantly favouring from the Government, to terms?

It is more than probable that again the threat of Mr. Hanson's resignation will be held over the Government, and quite probable also that another emissary from Premier Borden will come to Halifax with smooth promises that "everything will be all right" at Halifax, but that this or that line must be sent to St. John to save the political situation. Halifax was pulled last year. It should not be simple enough to accept the same "old trick" again. The mail service is paid for by the people of the country. It is the Government's duty not to leave the matter to the discretion or choice of any steamship company, or to the pulling or hauling of political partisans, but to settle the matter definitely at the start. It has been demonstrated beyond dispute that the British mails transported via the port of Halifax can be delivered at any point in Canada from 12 to 20 hours quicker than if they had been landed at the port of St. John. That is the point of prime importance in making a contract for the carriage of the mails. The question of the cost of the port should not be left open to the manipulation of scheming politicians. The mail contract should expressly stipulate that the mails be landed at Halifax, for the simple reason that this route gives the quickest and best service, and consequently the best value to the people of Canada, for the million dollars which they annually pay the steamship companies for carrying the mails.

LIBERALS FIND NO GROUND FOR OPPOSING IT.

Continued from page one.

Ottawa, May 15.—The debate on the C. N. R. bill was continued this morning by Mr. Edmund Bristol, Centre Toronto.

Referring to the statements made by Mr. B. Bennett yesterday, Mr. Bristol said that the member for Calgary, if he implied that the government had been misled in consenting to the granting of this aid, he should make the straight charge, but members of the house would believe that if there had been any lobbying, it would have been the worse for the man who did it. When the government undertook to hold the C. N. R. they had thoroughly investigated the finances of the road, not under oath but when there was anything but an auditor's investigation when the road was under another. It was said that MacKenzie and Mann had milked the C. N. R., but what the book of Commerce ever gave good for that. The C. N. R. had gone for betterments. The road had carried one third of the grain of the west and two thirds of the east without a single life lost and yet, Mr. Bennett claimed that it could not operate successfully.

Mr. Graham did not appear to agree that the C. N. R. main line in Ontario ran through a wilderness and that it had been produced in a corner.

The ex-Minister of Railways pointed out that a cheaper method of ascertaining the cost of the road than by a bond guarantee would be for the government to borrow the money direct as it could do at lower rates than any private company and loan it to the C. N. R. As for the securities now offered by the government, he did not consider them real ones. If they were good why were they not being taken up in a bonanza? The fact of the matter was that the government was counting its securities over twice.

Mr. Graham went on to claim that in the agreement made by his government in 1911 when they gave the C. N. R. the Ontario railway bonds, the agreement of running rights between the C. N. R. and I. C. R. had been provided for. As to the provision in the present agreement that traffic must be carried by the C. N. R. to Canadian points, he pointed out that where traffic should go depends entirely on the choice of the shipper and not the railroad.

Mr. Graham believed that something was due to MacKenzie and Mann, but why would they not, as the C. P. R. promoters had done, put their own money into the system. He thought that they should be asked to make affidavits as to the amount of their personal property above indebtedness and that this should be risked on the part of the government. It was completed, control of it should be handed over to the government.

If I propose to extend my personal sympathy to the member for Calgary, (Mr. Bennett), said Mr. Carriek, "Disappointment in politics is like disappointment in love. It is liable to change the liveliest disposition. The House of Commons at the present time has no representative from Alberta in the cabinet and this is a bitter disappointment to the hon. member. The honorable would-be member of the cabinet has expressed jealousy of the Solicitor General in his speech. It is well known that he has been an aspirant of the position of Solicitor General himself."

The member for Calgary had the temerity to state that when he had made his speech the government would not be given aid to the C. N. R. It is the irony of fate that we are sent down here to follow Mr. Borden rather than a bucking bronco from the west, "who would kick down the government bars, the back benches with would-be cabinet aspirations, the greatest railway authority in the world."

It was understood, said Mr. Carriek, that a new party known as the Bull Moose party had been formed. Mr. Bennett was his leader and Mr. Nickle his first lieutenant. The member for Prince Edward County was to have been chief whip but had declined and had decided to remain a baron on the ship of state. The member for Brandon (Mr. Alkins) was the don Quixote of the outfit but had decided that discretion was the better part of valor and had gone away to attend bar association meetings. He believed that he who fights and runs away will live to fight another day.

Mr. Carriek held that the government should help the C. N. R. get the money it needed at the lowest possible rate of interest since the government could borrow cheaper than a railway. The C. N. R. had given work to thousands and had saved the people of the west fifty millions in freight rates. Together they constituted the "greatest of all star teams" Canada had ever produced. One was a splendid financier, the other a great railway builder and on the London money market, where business ability and sterling integrity were recognized, no man stood higher than Sir William MacKenzie.

E. M. McDonald asked to have the history of the present arrangement was closed with deception and lack of straightforwardness. Resuming after the eight o'clock recess Mr. MacDonald strongly criticized that portion of the agreement which gives the Canadian National running rights over the Intercolonial, and asserted that it gave to the C. N. R. privileges for which they had sought and had been refused by the parliament of Canada on a previous occasion. They were given privileges which the Canadian Pacific had offered to pay for and had been refused.

In conclusion he urged the government not to set out upon "this great gamble" fraught with danger and disaster and moved, seconded by Hon. Chas. Murphy that the resolution be given the six months' trial.

DEATHS

BARRY.—At Boston, on 13th inst., Michael J. Barry, leaving a wife and one brother to mourn. Notice of funeral in the evening papers.

FUNERAL NOTICE

The members of St. John Church, 337, Knights of Columbus, are requested to meet at Columbus Hall, Coburg street, at 8.30 a. m. Saturday, May 16, to attend the funeral of their late brother, Michael J. Barry. Dress—Dark clothes, silk hat, black tie. J. B. DEVER, Recorder.

They Cured All Of His Troubles

What Nova Scotia Farmer Says of Dodd's Kidney Pills.

Just Why John A. Campbell Recommends Dodd's Kidney Pills to Everybody who has Kidney Disease.

Hillsdale, N. S., May 15.—(Special.)—"I can recommend Dodd's Kidney Pills to everybody suffering from Kidney Disease." These are the words of Mr. John A. Campbell, a well known and highly respected farmer living near here. Mr. Campbell suffered from Kidney Disease for three months. He used two boxes of Dodd's Kidney Pills with the result that he says emphatically, "Dodd's Kidney Pills cured me of all my troubles."

It is well to note that Mr. Campbell says he was cured of all his troubles. The Kidneys are the organs that strain all the impurities out of the blood. When the Kidneys are wrong they fail to do their work and the impurities remain in the blood. The circulation becomes clogged and the net result is lassitude and weakness all over the body. Dodd's Kidney Pills correct all this and give new life and energy all over the body.

MORE HONORS FOR CAPT. J. E. MCKINNON

Captain McKinnon of the steamer Westport, which was the assistant of the steamer Cobeguid at the time she went ashore on the Nova Scotia coast, is reported to be making rapid progress at the Kentville sanatorium. Captain McKinnon was in receipt of the following letter recently: Clon MacKinnon Society, 124 Gloucester street, Glasgow.

Dear Fellow Clansman—A full account of the Cobeguid disaster was read at a meeting of my directors held on the 4th of March and they were moved greatly by your heroism and full admiration for your gallantry shown on this occasion. I was therefore instructed to communicate to you their congratulations for rescuing without loss the passengers and crew of that ill-fated ship.

At the same time I was instructed to offer you honorary life membership of the Clan for heroism and I shall be glad to hear that you will accept. Yours fraternally, DONALD MCKINNON, Honorary Secretary.

Clergyman Endorses Cure of Nervous Prostration

Four Doctors Had Failed—Hope Given Up

Mrs. E. T. Ford, 55 McGee Street, Toronto, Ont., states:—"Some time ago I was ill from nervous prostration and for many weeks was in a very serious condition. I was treated by four different doctors without receiving any benefit from their treatment. I had quite given up hope when one day my husband saw Dr. Chase's advertisement, and it seemed so to suit my case that I bought a box of Nerve Food. I improved so rapidly that I continued using the Nerve Food, and I am thankful to say, it worked a complete cure. Since that time, we have never been without it in the house, and I gladly recommend it to all my neighbors."

Her Pastor's Endorsement

Rev. G. M. Holmes, Pastor of Eastern Ave. Baptist Church, Toronto, writes:—"I have known Mrs. Ford as a member of my church for over two years, and know that any statement she would make would be correct."

System Run Down—Awfully Nervous

Mrs. John Walfield, La Have Islands, Lunenburg Co., N.S., writes:—"Two years ago my system became greatly run down, and I was awfully nervous. It was very difficult for me to do my housework, and I felt very miserable. I doctored but did not receive any benefit until I began the use of Dr. Chase's Nerve Food. This medicine proved of wonderful benefit to me, building up the system and restoring health and strength. I always feel now that if I do get run down I can depend on Dr. Chase's Nerve Food to make me strong and well."

"My husband was troubled with dizziness and nervous headache, and was cured by the Nerve Food. He would not be without it in the home."

Dr. Chase's Nerve Food, the greatest of Nerve Restoratives, 50 cts. a box, 6 for \$2.50, all dealers or Edmondson, Bates & Co., Limited, Toronto.

UP-TO-DATE NEWS OF THE MOVING PICTURE WORLD

FILM TRAINED BALL PLAYERS

Giants will have projecting machine in their club house.

Motion pictures will play an important part in the big league baseball this year, as far as the New York Giants are concerned anyway, by a working agreement just entered upon between President Hempstead and Manager McGraw of the Giants and Harry E. Aitken, president of the Mutual Film Corporation.

Mr. Aitken, who is an ardent Giant supporter, conceived the idea of applying the lessons of the movies to big league baseball. He felt that a baseball player could be coached and his work aided by motion pictures. When he took his scheme to McGraw the Giants' leader was impressed by the plan. A large staff of Mutual photographers was sent to the Polo grounds and took pictures for a week during the morning practice and also photographed the opening games between the Giants and the Philadelphia Nationals.

When McGraw saw the pictures on the screen at the private exhibition room of the Mutual Film Corporation he was so much impressed that he installed a projection machine in the Giants' club house at the Polo grounds. Here he will lecture the recruits and regulars and also show them the pictures it is planned to take of players on opposing teams, for Mutual photographers will accompany the Giants all season, both at home and on the road.

Try Ungars' Laundry for carpet cleaning.

A HAVEN OF REST FOR THE BUSY PEOPLE

The Star caters to those with tired nerves and bodies - Good Pictures for the weary.

The people of the north end of the city will have a rare opportunity of viewing exceptionally good pictures at the Star during next week. The management has made a special effort to secure something better than ever before, and the efforts exerted have been crowned with success.

"Love and War" is the title of a headliner for the early part of the week, and it tells the old story in a very human fashion against a setting of war scenes. The fact that the Pathe name adorns the film is guarantee that the production is one of the best procurable. Two reels are necessary to tell the story.

"Alexia's Strategy" is another strong drama involving a love story replete with human interest. The chief character is Alexia, the daughter of a bank president, who is in love with a young bank clerk, who is convicted as a defaulter, although someone else is guilty. Through the young woman's efforts the real criminal is found and the lovers are restored to one another. A Russian adds to the thrills of the play and gives the production a peculiarly dark aspect, which is broken up by the higher character of the lovers.

Comedy features have also been secured and the quality of the offerings promise large houses for the Star.

The week just passing has been good in the northern part of the city, and the residents of that district have found the cozy Star an ideal place in which to rest and forget the drudgery attached to moving and spring cleaning.

UNIQUE AND LYRIC NEWSLETS

Activities of the two Charlotte Street houses in pointed paragraphs.

While Miss F. Billington, the heroine of the exciting film feature, "The Reformed Candidate," to be shown at the Unique Monday and Tuesday was making an escape from a tenth story skyscraper, more than two thousand people congregated on Broadway to watch the exhibition of daring. Traffic was held up for more than ten minutes.

The more modern society dances will be presented in a graceful style at the Lyric Monday, Tuesday and Wednesday by the Conway Sisters, two well known artists.

The two-part Keystone comedy, "In the Clutches of the Gang," is well worth seeing at the Unique tonight.

THE EYE OF THE CAMERA SEES MEXICANS

Moving Picture men early on scene of activities, see railroads torn up and Films rushed to New York by special messenger.

Mexican soldiers tearing up the railroad tracks from Vera Cruz to Mexico City under orders from General Huerta are shown in pictures which was taken shortly after the occupation of the Vera Cruz customs house by American marines under Admiral Fletcher.

The picture was taken under unusual difficulties by photographers in the employ of the Mutual Film Corporation of New York City. Open hostilities had hardly got well under way when General Huerta, leader of the

DOROTHY GISH IN FILM HITS

This Actress had an unusual handicap which she is fast living down.

Dorothy Gish, a motion picture actress playing leading parts in Reliance Mutual, is fast overcoming an unusual handicap. She was known for a long time only as "the little sister of Lillian Gish." Now, however, she has been given a good part in "Judith of Bethulia" and starred in the Reliance features "The Mysterious Shot" and "The Mountain Rat." So the big sister had better look at her laurels.

Miss Gish was a favorite for a long time in the Biograph successes made by D. W. Griffith, whose pupil she is. When Mr. Griffith, who is known as "the Belasco of moving pictures," quit Biograph to become head producer of Reliance and Majestic Mutual he took along with him his favorite players, including Dorothy Gish. Now that her identity is becoming known, she is fast becoming one of the best liked of screen actresses and will continue to grow in popularity, as she has that greatest of all combinations—youth, beauty and ability.

The Unique has secured a most wonderfully exciting and novel subject for Victoria Day in the Exclusive Film Feature "The Desert Tribesman."

"Cohen Saves the Flag," a Keystone comedy of more than ordinary merit is to be shown at the Unique next Wednesday and Thursday.

A. K. Munde, manager of the W. S. Harkins Co., is being warmly greeted by his many friends upon his return to St. John from the West Indies. Arthur is as brown as a berry from the sun of the tropics, and reports an excellent season.

Possibly the week after next the Unique will issue a charming miniature magazine, containing the story and news of interest of "Our Mutual Girl." Fashions of the latest in dress are to be included.

Friday and Saturday of next week are to be known as Comedy Days at the Unique, two laughable fun features having been secured for these days.

Mrs. Isabelle Parker, who has been located at the Congress Theatre, Amherst, for some time, formerly pianist of the Unique, will take Mabelle Godfrey's place at the Lyric during her absence.

BABY HELEN.

Little Helen Armstrong, the "Baby Helen" of the Mutual Co., is as earnest in her work as any older actress. Although only five years of age, she has played in many important photographs. Her heart is in her work, and she is a keen student of the business of producing motion pictures.

Through "Baby Helen's" eagerness to acquire more knowledge of motion pictures she keeps father and mother Armstrong continually on edge. One night they awoke when they heard "Baby Helen" talking in her sleep. The child was making a pathetic appeal to be rescued from burglars. Her parents roused her, only to find that she was dreaming she was producing a photo play in which burglars were involved.

S. S. Hutchinson, president of the American Film Manufacturing Company, is back in Chicago after a two months' visit at the California studios. He reports the height of prosperity at Santa Barbara. He will not be long in Chicago, however, as he intends to go again soon to the coast to supervise the big Mutual films, which will be coming on all through the spring and summer.

Russell E. Smith is writing a series of detective photo-plays. The first was "A Pair of Cuffs." The second, "The Stolen Radium," has just been completed by Director John Adolph for the Majestic Mutual. The introduction of radium into a moving picture is a striking novelty on which the author is to be congratulated.

RELAXATION WEEK FOR HOUSE-CLEANERS

Imperial Theatre has elaborate plans starting Monday.

With St. John household folks emerging from spring cleaning activities and worries and the dilatory weather man at last getting into a more reasonable mood, attendance at local picture houses is picking up again.

Last night the Imperial was the mecca of immense crowds. The Standard's serial story "The Adventures of Kathlyn" no doubt was the special attraction, aided and abetted by that sweet Irish classic "The Colleen Bawn." This same bill is on today and record attendance is looked for.

The approaching week will be a busy one in the big Keith house. Manager Golding has a fine list of attractions, including a sensational and sensational programme on Monday and Tuesday in which the new Hearst-Selig news weekly will be a conspicuous item. Miss Helen Atkins and Arthur Huskins, who have been such an unusual success for a fortnight, will conclude their engagement with a new budget of numbers.

On Wednesday and Thursday the second of Klaw and Erlanger's special production "Classmates" will be put on. This is a three-reel photo-play and is an amplified version of the remarkable stage success. The story is that of two West Point cadets who quarrel most bitterly and afterwards meet under the most dramatic circumstances imaginable in the depths of the South American jungle—an extremely tense and thrilling situation.

"Classmates" is a better picture than "A Fatal Wedding" of last week and has been playing to capacity business in a regular New York theatre (in pictures) at prices scaled from 25 cents to 75 cents.

Another feature for the Imperial next week—a thriller de luxe—is "The Night Riders of Peterham," something tingling, romantic and at times weird and creepy, by the Vitagraph Company's strenuous western organization.

So it looks as if next week is going to keep the pot a boiling on King Square—a pot that cost a lot of money to make bubbles so merrily—but as the manager says "Nothing but the best for our house."

AN EXPERT PRODUCER.

The Thanhouser Mutual veteran, Dave Thompson, is kept so busy directing motion pictures that he doesn't get on the screen himself very often these days. He arranges all the stages every morning for the Thanhouser directors, places the right people with the right props, superintends the "makeups," orders the costumes, writes up the new property lists, directs the scenic artists and calls the people for the next day—besides, himself staging and rehearsing many of the big productions. He has an indefatigable enthusiasm for pictures, and his great ambition is to become one of the most expert producers in the field.

Henry Walthall has attracted attention among local motion picture fans by his work as "the gopher" in "The Mysterious Shot," which was put before the public April 4. Other prominent players in the picture were Donald Crisp as Buck, Dorothy Gish as Marylee Price and Jack Pickford as a Mexican boy. Through his work as "Hofefernes" in "Judith of Bethulia" and in many widely differing parts Walthall has come to be recognized as one of the very best screen actors, but in "The Mysterious Shot" he adds to his popularity with the fans.

MORE PICTURE HITS FOR GEM PATRONS

A first-class array of Photo-plays with News Stories in Pictures.

Circumstantial evidence plays a strong part in the two-act play to be presented on Monday and Tuesday next at the Gem Theatre by the Essanay Company. "The Cast of the Die," is a clever story of a young fellow of fine family at work in a store owned by a miserly man who watches him closely and on finding some money missing accuses him of the theft. Certain circumstances point so strongly to the young man's guilt that he is decided to put him in the stocks. The miser, however, is living life alone, when detectives seek him out charging arson in addition to the first accusation, for on the night he left home the store was burned. Though he is innocent it is difficult to prove it, and the situation is trying for himself, his wife and child. The climax, however, is pleasing for his release is brought about in a surprising manner.

In the Selig-Heart pictorial on Wednesday and Thursday will be shown General Funston and his army in Mexico; cadets manoeuvring at West Point; latest baseball news from the big leagues; and the newest style fashions in addition to other features. There will also be presented a two-part drama by the Kalem Company, with a capable cast entitled "The Refrigerator Car's Captive," in which is displayed unusual heroism on the part of a young girl to save her sweetheart from certain death in a railway accident. He has been shut up in a refrigerator car which is sent bounding down a steep railway grade by his sister, who is also his sweetheart, which is about to collide with an approaching railway train, endangering the lives of many on board. Her safety is brought about forms an interesting close to the story which is well worth seeing.

For the week-end a feature of unusual interest is being booked, but no announcement concerning it can yet be made. The daily press should be watched for an announcement upon which will be read with appreciation.

SELECTING A BURGLAR FOR OUR MUTUAL GIRL.

Lieutenant John W. Noble, the producer of the "Our Mutual Girl" series, is looked on with suspicion by an actor whom he hired to impersonate a burglar. This particular actor is well adapted facially to play "crook" parts and has done so in many shows and motion pictures, including "The Gangster" of New York. He has played burglars so often that he feels he knows just how it should be done.

But Director Noble told him so many things to do characteristic of the underworld that the actor became suspicious.

"Say, you know more about being a burglar than I do," he said. "Maybe you've been a veeg yourself."

Mr. Noble can point to pride to several strenuous years as an officer in the United States army, during which he served in the Philippines and China, but he says that the report that he was once a burglar is greatly exaggerated.

THROBBING, NEURALGIC HEADACHE CURED HEAD-SPLITTING DISTRESS VANISHES INSTANTLY

This Wonderful Curative Linctment Never Fails. RUB ON NERVILINE.

Neuralgia quickly cured is twice, may, ten times more than ordinary pains grow into big ones, but "Nerviline" in ten minutes relieves even the worst ones. Even a single application will remove the nerve congestion that causes the pain.

Nerviline penetrates deeply into the sore tissue, reaches the source of inflammation, drives it out root and branch. Every drop of Nerviline is potent in pain-subduing power, and its

ST. JOHN, N. B., SATURDAY, MAY 16, 1914.

THE GRIT ATTITUDE.

A fair illustration of the manner in which the Liberal newspapers in St. John and Halifax continue to play the game of politics to the exclusion of all other interests is found in the attitude of the St. John Telegraph and Times, and the Halifax Chronicle upon the matter of the mail steamer and the selection of a terminus for next winter.

It will be remembered that Hon. Mr. Foster told the delegation which visited Ottawa the other day, that the Government would not consent to the naming of Halifax as the mail port, Sir Thomas Shaughnessy also informed the delegates, who saw him, that the C. P. R. was not too well satisfied with the working out of the Gutelius agreement, and intimated that there would be no request for its renewal another year.

The Telegraph affects to see nothing in the promise of Hon. Mr. Foster, and the Times, parrot like, follows its lead. In the meantime what is the attitude of the Halifax Chronicle? That newspaper is in a state of mind. It charges the Government with deliberately "switching" the Royal liners and the White Star liners last winter, and demands that Halifax be written into the mail contract for next year.

It will be remembered that during the entire winter season the Telegraph and Times were attacking Hon. Mr. Hazen because the C. P. R. decided to send the Empress steamers to Halifax. At the same time the Chronicle placed the Minister of Marine under the ban for what it alleged was his interference in behalf of St. John. Only a few days ago, in Parliament, E. M. Macdonald, Liberal M. P. for Pictou, declared that had it not been for the Minister of Marine the C. P. R. would have obtained running powers over the Intercolonial from St. John to Halifax, and for that he was an enemy to the sister city and a fit subject for the anathemas of Nova Scotia Liberals.

One thing is sure: If Mr. Hazen is an enemy to Halifax in this matter, he must be a friend to St. John. If a friend to St. John, then he should not be made a subject for the abuse of the Telegraph and Times. If an enemy to St. John and a friend to Halifax, then, assuredly, it is unfair for the Chronicle to attack him. On the first page of the Standard this morning is reproduced the editorial from yesterday's Chronicle which affords a plain illustration of the disposition of that newspaper.

It is the old Grit game, and by this time should have been worn so threadbare as to deceive no one. Blame the Government, no matter what the occasion. Vilify the men who are doing their best to give this country clean, honest and business-like administration. Do these things in the hope that the Borden Government may be replaced by Grits of the stripe of those who were hurled from office on September 21st, 1911. That is the reason for the partisan attitude of the Telegraph and Times in St. John, and the Chronicle in Halifax. Interested in their respective ports? Not a bit of it. Their real interest lies in advancing the cause of the politicians who pay them, and to whom they owe their existence. But the game is old and the people are growing wiser.

THE LIBERALS AND THE C. N. R.

Because R. B. Bennett, M. P. for Calgary, and W. P. Nickle, M. P. for Kingston, decided they could not support the Government measure for assistance to the Canadian Northern Railway, Liberal speakers and Liberal newspapers attempt to find in the incident evidence to justify them in the claim that the arrangement into which the Government proposes to enter with the C. N. R. is iniquitous and altogether unjustifiable. Whatever comfort opposition newspapers may find in the attitude of Mr. Bennett and Mr. Nickle, it is evident that their criticism of the Government course must be but perfunctory.

New Brunswick has no special interest in the C. N. R. matter except to see that a great undertaking is preserved to the country, and that, for whatever sum the Government finds it necessary to assist that undertaking, there shall be good and sufficient security.

If it were not that the Government realized the importance of saving the C. N. R., and with it the large sums of money which have already been granted to that road by the Canadian provinces, there would be no need for assisting legislation guaranteeing an issue of securities. As it is, however, it is essential to the whole country that the Canadian Northern Railway shall be completed and that it shall eventually be a trans-continental line. Liberals themselves do not deny this. Then the only question to be considered is the security the Government will receive for the assistance given. The matter of se-

curity has engaged the attention of the brightest and best minds in the Dominion cabinet and authorities, both in the financial and railway world, have been quoted to the effect that the Government is well safeguarded under the agreement which must precede the guarantee of bonds.

If the Liberals can point to the attitude of Mr. Bennett and Mr. Nickle as evidence that the Conservative party is not a unit in favor of the proposal to aid the C. N. R., there surely is no lack of evidence that the Liberal party is no more united in opposition to it than they are on other matters, say, for instance, questions of tariff changes. No less an authority than Premier Murray of Nova Scotia, speaking for his government, in a communication to the Prime Minister, under date of March 14, 1914, said as follows: "The government feels that any reasonable assistance, consistent with the public interest, that can be accorded by the Dominion to the Canadian Northern would be a policy which would be acceptable to our people as it would enhance provincial credit."

Premier Sifton, of Alberta, another staunch Liberal, cabled from Paris to this effect: "With present financial conditions, would consider advisable federal guarantee with proper safeguards sufficient to secure early completion and operation main line Canadian Northern. Prosperity of settlers on present and prospective branch lines Alberta and West generally should be greatly enhanced by early completion."

Hon. J. A. Calder, acting Premier of Saskatchewan, and a Liberal of the Liberals, wrote to the Prime Minister as follows: "If upon thorough investigation by your Government, it is ascertained that the company in question must have further federal aid to enable it to complete the undertakings to which it and the country are generally committed, it appears to me that there is but one course to follow, namely, to grant the aid required."

Now it will be generally admitted that these gentlemen are as well equipped to judge of the real needs of the country as is Mr. Bennett, Mr. Nickle or even the editor of the Times who, referring last evening to Mr. Bennett's stand, declared that the opposition to the plan which had developed in the ranks of the Conservative party "justified the determined opposition to the plan which had developed as follows: 'If upon thorough investigation by your Government, it is ascertained that the company in question must have further federal aid to enable it to complete the undertakings to which it and the country are generally committed, it appears to me that there is but one course to follow, namely, to grant the aid required.'"

THE FALL OF TAMPICO

By the capture of the city of Tampico the Mexican Constitutionalists have scored their greatest victory since the fall of Torreón and the successful result of the Tampico campaign may have a more sweeping effect upon the final result of the struggle with the Huertistas than the earlier victory. The men behind Villa and Carranza now have a sea-port through which they can import supplies of arms and ammunition and thus replenish their stock of munitions of war. By holding Tampico, Villa will also be able to market the cotton seized from the sympathizers of the Huertista government and this should go a considerable distance toward providing the rebel forces with funds for the purchase of stores.

The Boston Transcript, which opposes the Wilson government in the United States, makes the claim that Tampico was the port originally intended for seizure by the United States forces as a measure of reprisal against Huerta. It was at Tampico that the insult to the flag took place, and consequently, that port should be the natural setting for the spectacular avenging of the "insult." But, the Transcript claims, Villa protested to the State Department and it was decided to leave Tampico to the rebels.

On Monday the South American mediators will assemble at Niagara Falls to discuss the situation. The Huertistas will be represented, but the Constitutionalists, having refused to agree to a cessation of hostilities, will have no standing in the conference. It is likely that the desire of the Huertista delegates will be to obtain peace with the United States as quickly and as easily as possible as they have in Villa and his associates a more dangerous enemy and one not likely to be easily satisfied. The president of Mexico would naturally like to see the rebels represented at the conference but this is not likely to happen. Villa and Carranza are now well satisfied in their own minds that a few weeks of campaigning will place them in possession of Mexico City. What they can acquire by conquest they will hardly leave to the decision of any tribunal to give them. The end of Huerta is rapidly approaching.

Diary of Events

HISTORIC DAYS IN CANADA

Charles Melville Hays, the Canadian railway president who gave up his life in the Titanic disaster in order that women and children might be saved, was born in Rock Island, Ill., thirty-eight years ago today. Before coming to Canada to enter the service of the Grand Trunk, he was employed in various capacities on railways across the border. He was educated in St. Joseph, Mo., and Philadelphia, and at the age of seventeen was employed as a clerk in the passenger department of the Atlantic and Pacific railroad in St. Louis. He remained with that company about four years, serving also in the auditor's and general superintendent's office, thus gaining a general knowledge of many phases of the Missouri Pacific railway, and during that period married Clara J. Gregg, of St. Louis. In 1874 he became vice-president and general manager of the entire Wabash system, and director in several other companies. His Canadian career commenced on Jan. 1, 1896, when he assumed the duties of general manager of the Grand Trunk Railway system. In 1901 he left the Grand Trunk for a time to assume the presidency of the Southern Pacific in New Orleans, and after a few months returned to the Grand Trunk as second vice-president and general manager. He was again vice-president of the Grand Trunk in 1907, and in 1914 he became vice-president and general manager of the entire Canadian railway system and to extend it to the Pacific coast.

THE PASSING DAY

NORWEGIAN INDEPENDENCE

Norwegians in this country as well as in the fatherland will celebrate today and tomorrow the centenary of their independence day. It was on seventeenth of May, 1814, that the Norwegian patriots issued their defiance to Bernadotte and Sweden and declared their independence as a free nation. Ever since that date the seventeenth of May has been Norway's great national holiday, but as it falls this year on Sunday, the observance will begin today. The actual centenary will be commemorated tomorrow in all Norwegian churches. During the war against Napoleon, Bernadotte, who had made himself Crown Prince of Sweden by the Emperor's will, turned against his former master and contributed effectually to the victory of the allies. As a reward for this defection Bernadotte was permitted to retain his position as general allegiance to Denmark, which he accomplished with the aid of a Russian army corps. By a treaty between Great Britain, the Netherlands and Denmark signed at Kiel early in 1814, Denmark was given Pomerania and Rugen in exchange for the island of Bornholm, but Denmark was forced to accept it.

Norwegians, almost to a man, were opposed to this high-handed dealing with their native land as a pawn in the game of international politics. The old warlike spirit of the Vikings stirred in their breasts and urged them to take action against this enforced linking of their destinies with those of Sweden. A Diet composed of delegates from all over Norway was held at Eidsvoll. The Diet repudiated the arrangement made by the treaty of Kiel. The Norwegians formulated a constitution of their own and invited Prince Christian Frederick of Denmark to occupy the Norwegian throne. The Diet and the people went wild with enthusiasm on the historic seventeenth of May when independence was declared. When the Diet dissolved the members joined hands, forming a ring, and sang in chorus: "United and true until Mount Dover falls."

Norway's coast was immediately blockaded by an English fleet, and Russian and Swedish armies marched to her borders. A congress of the powers was held at Vienna to settle this and other problems, and this congress decided that the Norwegians to accept the domination of Sweden. The Danish King was induced to sign a letter calling upon his son to resign the Norwegian throne, and the Danish prince refused and Norwegian rallied to his standard. Charles XIII, personally commanded the Swedish army across the border. The Norwegian soldiers were eager for battle, but the King ordered a retreat. At Lier a Swedish force was defeated and at Matrand Col. Krebs forced his way back across the frontier. This was the last battle of the campaign.

In August, at the convention of Moss, the Danish prince consented to retire and sailed back to Denmark. The Norwegian Storting, by a vote of 72 to 5, accepted Swedish supremacy and elected the Swedish king as their ruler, but retained his own constitution, diet and cabinet. By this compromise Norway remained independent except for the king, whose veto power was very limited. Norway continued as a free, independent, indivisible, and inalienable state, united to Sweden, until 1905, when Norway attained full independence by a bloodless revolution, and elected Prince Charles of Denmark to the throne. The Danish prince assumed the title of Haakon VII, and has been personally popular, although the growth of democratic institutions in Norway has reduced the king to a mere figurehead, with practically no powers. The king has decreed that in the event of the death of the king without issue, Norway shall become a republic.

Still We Flatters Get Along.

"The Waltons live in a flat, don't they?"
"They occupy a flat, my dear; it's absurd to talk about living in one."

Willing To Do That.

"So your grocer refuses to give you credit for another thing?"
"Not exactly; he says he'll give me credit for any cash I pay on account."

Encouraging.

Her Father—Has my daughter given up and encouragement, young man?
Sutor—Well, she says he'll give me credit for any cash I pay on account.

Little Benny's Note Book

BY LEE PAPE.

William, ma sed to pop aftr suppr last nite, I need a noo hat. Owtch, I thart itw as about time for sum war coos to brak sed pop. I saw a perfectt bewty at Madum Merlys yestidday for 10 dollrs, sed ma.

Yee gods and littel hare pins, sed pop, 10 dollrs wood keep me in hats for 2 years, why don't you ler no trim yure own hats, wata to pervent you frum terning up wun end of a berned pancake and adding a spray of asparagus and a tooth brush and calling it a hat, instaed of paying sum millyair millinir 10 dollrs for doing the saim thing, if wimin wood ony trim thare own hats thare husbains mite be abel to smook 10 sent segars awn Sundays and bank holidays.

Today wen a pop calm boom ma kalled down, Kum up heer, William, I wunt to sho you sumthing, (and pop went up to the settng room and thare was ma with a hat awn, beeing terned up in frunt like Napoleon with different things sticking out of the sides as if sombody had throo them and they stuck thare.

For the luv of Peet, sed pop.
Wat do you meen, for the luv of Peet, sed ma.
Ware did you get it, sed pop.
I trimmed it myself, sed ma, I spent awl day doing it, jest to pleeze you and dont you dare to say a word agens it.

Nothing is fertir frum my thawts, sed pop, keeping awn looking at it. Well, what do you think of it, sed ma, considring the fact that I slaved ovir it awl day to save you 10 dollrs, you don't seem very inthoosias-tick.

I do, I meen I am, sed pop, it sertenly was nice of you to go to awl that trubbl, wat kind of a hat is it, has it got any speshl naim, I dont bleeve I evir saw wun inackly like it.

Thats the bewty of it, it is aberdoolly orijinal, sed ma, ament you glad you suggested it, Ill ware it wen we go to the theatyr tomorrow nite.

Yee gods, sed pa.
Wat, sed ma.
I was thinking we wood make a hit, awl rite, sed pop, it sertenly is an orijinal hat, as you say, and if you like it as well as the wun you saw at Madum Merlys, by awl meens ware it, but of course if you like the utir wun bettir Ill be glad to pay for it, I wunt you to be saterfised.

Well, set ma, of course the wun at Madum Merlys mite be a littel richer looking.
That settles it, sed pop, heers the 10, do you think you can have it sent up tomorrow.

Ill try, sed ma. And she went in her own room and took the hat awf, saying, Hee hee, to herself in the mirror wile she was doing it.

IRREPRESSIBLE EMERSON.

Hon. H. R. Emmerson's utterance against the appointment of the Prince of Teck as the next Governor General of Canada was not a surprise to the members of the House of Commons. Neither is it to be taken seriously for the member for Westmorland is gradually becoming the "bore" of the House. He makes interminable speeches upon every opportunity, taking trivial matters as his theme, but the members pay little attention to him.

I stood in the House at midnight, as the clock was striking the hour; And the moon rose o'er the city behind the Laurier tower. The members were gently sleeping, just dropping off by one. And over that hushed assembly rose the voice of Emmerson.

The woes of the People's Railway he held up to public shame.

As he screamed that the Borden Government must shoulder the cost and blame.

The "bouncing" of honest Liberals was making his poor heart bleed.

And the theme of his dirge was Gutelius, and the chorus Coch-rane and Reid.

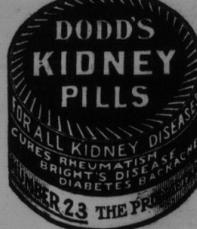

I stood in the House at midnight as the members slumbered deep, With no one awake but Henry, his lonely vigil to keep; And now he was loudly ranting of a country gone to wreck.

As he raved at the plot for the planting upon us of England's Teck.

For never was drug so potent as the babblings of Emmerson.

And the thought came stealing o'er me as I watched the scene with a tear.

If "silence is golden" then Henry must lose quite a sum in a year.

The Best Quality at a Reasonable Price.

One Eye

Is usually valued at 50 per cent—one half—your earnings.

How much is one eye worth to you?

Capitalize your eyes. Worth so much—one half your earnings—this year. You'll probably live 5, 20, 50 years. Put a money value, if you can, on the pleasure and joy you get from sight. Would you take that lump sum for your eyes now?

And yet you'll take chances with your eyes you wouldn't dare take with your money. You can get more money. You can't get more eyes. You have just two—and that's all you ever can have.

Take care of those two. Don't neglect or ignore the slightest trouble. Properly fitted glasses—the only kind you get here—correct defects in refraction—insure your sight. Consulting us taking good care of your eyes.

REAL ESTATE VALUES HIGH THIS SPRING

Not a great deal of activity noticeable—Many firms dealing in farm properties.
There has not been a great deal of activity in real estate recently, but conditions show signs of improvement. Real estate men say there is a good demand for residential property, but that most of the available houses are held at higher prices than they are willing to buy are willing to pay. Values continue very firm, and very few owners of residential property are willing to sell unless they are leaving the city or have some special reason for disposing of their property. Prices of self-contained houses are higher than the average man is prepared to pay. Those who want to buy for investment are mainly interested in two or three story flats or apartment houses, as these under present conditions are yielding good profits, owing to the advances in rents which have taken place in the last year or so.

Farm Property. A feature of interest as showing that conditions in the province are of an encouraging character is the fact that nearly all the real estate men in the city are now handling farm property. Two years ago only a few local firms were handling farm property, but the number who are now engaged in this line of business is large and indicates that there has been a considerable development of interest in the possibilities of farm lands in New Brunswick. In many cases farms have been sold by real estate men to farmers from Great Britain and the United States and values of farm properties have shown considerable advance.

In the city there is an undoubted need of self-contained residences, and anybody who can solve the problem of providing such dwellings at a moderate price will be able to do a good business. Taylor and Sweeney are planning on putting up self-contained cottages constructed of concrete blocks on a subdivision they control in Lancaster this summer. They are at present negotiating with a firm which makes a specialty of building concrete structures and expect to be able to put up self-contained concrete houses on the market for about \$2,000.

"United Kingdom Coal Mines." The output of coal from mines in the United Kingdom under the Coal Mines Act last year was 274,118,865 tons, the highest total on record, and an increase of 27,013,291 tons on the previous year's output, according to statistics on mineral production issued by the Home Office. A total of 1,127,890 persons were employed at mines under the Coal Mines Act, an increase of 38,800 on the previous year, while the output of coal has grown at the rate of 10.37 per cent and the increase in the number of persons employed at the rate of 2.56 per cent.

WIDE SPREAD SYMPATHY FOR THE SUFFERERS

Spirit of Newfoundlanders well illustrated by disaster postcard—Spring backward.

"The disaster to the Newfoundland sealers on April first has aroused widespread sympathy, and nearly \$200,000 has been subscribed for the support of the wives and families of the men who were lost," said H. L. Harvey of Newfoundland who was in the city yesterday on his way to Ontario.

"Not in the history of this dangerous industry has there been such a loss of life under such appalling circumstances as this spring, and the heart-rending catastrophe has cast a gloom over the people of the whole island. The spirit of the Newfoundlanders was well illustrated by a postcard issued, 'In memoriam of the seal disaster to the sealers who perished at the ice in the storm of April 1st, 1914.' On the post card is the picture of a bark in the ice, with a dead man lying on one of the floes and angels appearing through a hole in the flying snow, and beneath the following verse: 'Depart, dear vision from my sight! We are the dead not they! High in God's mansions of delight They greet immortal day. Look out! The sky is flushed with gold In glad celestial warning. The cloudy bars are backward rolled, And gloom and shadow's scorning. O'er grief and death victorious, Above all glories glorious, Comes Resurrection morning!'"

Mr. Harvey said the spring on the island was very backward, and that in some places there was still 14 feet of snow. Coming from St. John's to Port au Basque on the train the going was slow because of the winter conditions, and the train following that in which he came ran off the track, though so far as he knew nobody was seriously hurt. Although the weather was backward with a good deal of ice on the coast the fishermen were preparing for a busy season and in view of the high prices prevailing for sea fish anticipated a good summer.

Mr. Harvey said the pulp and paper mills at Grand Falls and other places were very busy, and that in view of the late spring the warehouses were overstocked with paper waiting for shipment.

TO FINISH THAT GAME.
Paris, May 15.—The Outlook has challenged Miss Marie Teyte to a golf game over the course at Chamilly when he comes to France the last of this month. New Year's she two played at the Brae-Burn Club at Boston, but the champion gave up at the 10th hole and he promised to finish the game.

Miss Teyte, who has not been heard in Paris since her debut at the Opera Comique, sang Oscar tonight in the Boston Opera Company's production of "Un Ballo in Maschera." Later she will do Cherubino in "Le Nozze di Figaro" and Zerlina in "Don Giovanni."

Golden Wedding.
A very pleasant surprise was given Mr. and Mrs. William Arthurs of Lands End, Kings county, Wednesday evening when upwards of one hundred of their relatives and neighbors gathered to congratulate them on the fiftieth anniversary of their wedding. During the evening F. McCluskey on behalf of those assembled presented to the bride and groom of fifty years two handsome easy chairs and a pair of gold eye glasses to each. Mr. Arthurs made a suitable reply in which he thanked their friends for so kindly remembering them. A most enjoyable time was spent by all and about midnight the guests sat down to a well-filled table of good things in the centre of which was a cake decorated with fifty lighted candles. Soon after this the party broke up with best wishes expressed to their genial host and hostess for many more years of wedded bliss.

TEMPERANCE WORKER WILL BRING SUIT

Rev. Mr. Stavert entering libel action against Chatham World—Uncalled for is opinion.

Unless he makes a satisfactory apology Commodore Stavert, publisher of the Chatham World, will be the defendant in a libel suit of unusual interest as a result of an article which appeared in his paper dealing with the activities of Rev. F. S. Stavert in Chatham.

The article in question which appeared in the issue of the Chatham World on Saturday May 9th makes a very severe attack on the Rev. Mr. Stavert and his methods of securing information for prosecutions under the Scott Act, and applies to the reverend gentleman an epithet not often used in polite circles. Mr. Stavert is field secretary of the New Brunswick Temperance Alliance and has for some time been devoting his energies to studying conditions affecting the temperance problem and trying to enforce the temperance laws.

Among the milder things the Chatham World says of Mr. Stavert is that "he is a meddlesome person, who can do a great deal of harm by sticking his nose into other people's business, and that Chatham does not require his interference, and its people would be justified in resenting it in a practical way."

Mr. Stavert has taken legal advice in the matter and it was stated last night that preliminary steps had already been taken to enter a libel suit against the World. Officials of the New Brunswick Temperance Alliance said last night that the attack on Mr. Stavert was of such a nature that it could not be ignored, and that if Commodore Stavert did not make a humble apology, an action for damages would be taken against him.

Citizens to whom the article in the World was shown last evening expressed surprise and indignation that a newspaperman of Mr. Stavert's standing should publish such an article when in their opinion was uncalled for.

Montreal, May 15.—The Royals, whose pitching staff is weak, have acquired Schmidt, a right-hander, from Boston Nationals.

ST. JOHN'S PAVEMENT EQUAL TO MONTREAL'S

That the pavements in Charlottetown and other St. John streets where permanent work has been done were equal to the best in Montreal was the opinion of Commissioner Potts who returned from Montreal yesterday. The commissioner while away secured valuable information in regard to the streets and he particularly sought out paved hills. He found that the granite block paving was laid with wider spacing than in St. John. This gave the horses a chance for better foothold. He expects to have these ideas tried in St. John. This city, however, needs more permanent pavements.

Commissioner Potts has a scheme for Victoria square by which he expects to have a retaining wall along Victoria street and the square properly filled. This wall will be provided for by bond issue. It is the commissioner's intention also to pave Main street from Paradise row to Acadia street and fix up the roadway from Portland to Indian town.

On Visit to Friends
Havelock, Kings county, May 12.—Miss Burdett Perry of Boston, Mass., daughter of Dr. Perry, arrived in St. John on Tuesday on her way to join her mother who is visiting friends in Havelock.

Was Confined To His Bed For Four Months With Rheumatism.
Mr. W. H. Riley, Ruddell, Sask., writes—"It is with the greatest pleasure that I can recommend Doan's Kidney Pills to all suffering with rheumatism. I was so bad with this terrible disease, I was unable to get up from my bed for four months, and nothing seemed to relieve me until a friend recommended Doan's Pills. I had my doubts about them, but so desperate I would try anything suggested to me. After taking half a box I was able to get up, and after taking two boxes could get around quite well. After taking six boxes I was completely cured, and able to work for the first time in five months, and have not had a touch of rheumatism since. Anyone who says they would not know me now, as I am strong and active since taking your valuable medicine."

Don's Kidney Pills help the kidneys to flush off the acid and poisonous impurities which have collected, and thus clean out the kidneys, and dispel the rheumatism from the system.
Doan's Kidney Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont.
If ordering direct specify "Doan's."

TRADING CAUTIOUS ON WALL STREET

Market Back into Dull Routine of Early Part of Week.

NOTHING TO GIVE IMPETUS TO TRADE

Trading fell off to small proportions and fluctuations narrow - Good demand for steel.

New York, May 15. - Having reflected yesterday the judgment of Wall Street regarding the significance of the fall of Tampico, the stock market rested today. The session was one of unexcited calm. There was nothing to stimulate speculation, and the market slipped back easily into the monotonous routine of the early part of the week. Traders moved cautiously. They did not care to venture upon extensive new commitments owing to the ever present possibility of a complete reversal of the speculation position on account of important news from Mexico or a decision in the freight rate case.

Trading fell off to small proportions and fluctuations narrow. In the first hour there was a fractional improvement, with a good demand for steel, heading and some other popular shares. An increased supply of stocks was met, however, at the higher range, and the advance was checked. Holders of long stocks were of a mind to take profits, the week's advance having run from one to three points. The market held firm most of the day, but in the last hour the effect of realizing sales became more apparent and the small gains were cancelled.

Statistics of foreign trade made a showing bad enough to repress any tendency toward bullishness. Domestic exports for April amounted to \$88,286,000 as compared with \$17,301,000 in April of last year. Equally significant were the figures of merchandise exports and imports at the port of New York for April. Exports increased more than 50 per cent, while imports decreased by about the same amount.

Baltimore and Ohio's issues of \$5,000,000 one year 4 1/2 per cent notes was over-subscribed in a few hours. The street had expected a bond issue, but President Willard said it had been decided to make a short term loan on account of plans for issuing a blanket mortgage within the next year.

Dealings in bonds were broader, and prices were variable. Rock Island collaterals fell sharply before receiving support. Total sales, par value, \$1,700,000.

United States 3 1/2 registered designed 12, and Panama 3 1/2 registered 7 1/2 on call.

NEW PROVINCE OF ALBERTA ISSUE

London, May 15. - Province of Alberta are issuing next week five million dollars ten year 4 1/2 per cent, at 97 1/2. The City of South Vancouver has just placed a small issue of three months bills on the basis of 4 1/2 per cent.

QUOTATIONS ON CHICAGO MARKETS

Table with columns for Cotton, Wheat, Oats, Pork, and other commodities, listing high, low, and close prices.

PRODUCE PRICES IN CANADIAN CENTRES

FLOUR - Manitoba spring wheat patents, firsts, \$5.60; seconds, \$5.10; strong bakers, \$4.90; winter patents, choice, \$5.25 to \$5.50; straight rollers, \$4.70 to \$4.90; bags, \$2.20 to \$2.25. MILLFEEDS - Bran, \$23; shorts, \$25; middlings, \$28; mouille, \$28 to \$32. HAY - No 2, per ton, car lots, \$14 to \$15.50. POTATOES - Per bag, \$1.05 to \$1.20.

MONTREAL UNLISTED CALES

Morning. Tram Power - 26 at 40 1/2; 2 at 40. Wyagmack Bonds - \$5,000 at 77. Afternoon. Porcupine - 600 at 83. Tram Power - 50 at 40 1/2. Close. C. P. R. Notes - 105 asked. Porcupine - 43 asked. Fall - 15 asked. Write for new price list to Paul Sweeney, P. O. Box 382, St. John.

RESULT OF MEETING CAUSING ANXIETY

London anticipating with concern the outcome of conference between Chairman Smithers, of G. T., and Dominion Govt.

London, May 15. - The result of the conference with the Dominion government of Mr. A. W. Smithers, chairman of the G. T., now en route to Canada, are awaited with some concern here. The correspondent of the Financial Times suggests that the G. T.'s present requests for government assistance in connection with the capital sum of \$25,000,000 is not the final application by the company for accommodation of this nature. Friends of the company, in view of present conditions hope the government will not push too hard their demand for concessions from the company but allow matters to remain as they are for six years, to enable the completed system to firmly establish itself.

(F. B. McCURDY & CO.)

Table listing various commodities such as Cement, Ames, Canada Cotton, and others with their respective prices.

BETTER TO CLEAN UP THAN COVER OVER

Understood Grand Trunk securities were chief cause of embarrassment of leading financial house

Montreal, May 15. - It is understood the ten million dollars of Grand Trunk securities were the chief cause of embarrassment of leading Canadian financial houses here whose liabilities have just been taken over by five other houses. The finance editor of the Daily Mail asks whether it would not perhaps have been wiser to clean up the mess here and now instead of covering it up with the risk of fresh troubles later.

A GOOD MARGIN OVER LAST YEAR

Montreal, May 15. - The annual report of Imperial Bank for the year ending April 30 shows a net profit after the usual deductions including provisions for bad and doubtful debts and for rebate on bills under discussion amounting to \$1,125,971 in 1913 and \$1,041,340 in 1912.

LATE NEWS FROM THE COTTON MARKET

New York, May 15. - May cotton sold at the predicted thirteen-cent mark at the opening today, increasing its premium over July to about fifty-three points. After opening higher market eased off. The eastern belt forecast for generally fair weather made a favorable impression on sentiment. The eastern belt also showed a tendency toward droughty conditions and cool nights are being reported from that section while the predictions for unsettled weather in the western belt also being reported. The market is not so much in a panic as it was last week. The market is not so much in a panic as it was last week. The market is not so much in a panic as it was last week.

HAS HELPED GREATLY TO CLEAR HORIZON OF CANADA REPORT

Robt. E. Harris says agreement between Government and C.N.R. has restored confidence in London.

London, May 15. - Mr. Robert E. Harris, president of the Nova Scotia Steel and Coal Company who has gone to visit Scotland, informs your representative that the conclusion of arrangements between the Canadian government and the Canadian Northern cleared away the clouds which were an anxiety to many people here. He was confident that satisfactory arrangements would be concluded between the Grand Trunk and the Canadian government. The immediate expenditure in Canada of many millions in consequence of these arrangements would greatly assist in restoring confidence in the Canadian North and also bring the steel industry of Canada orders for a large number of cars and other equipment during the next half of this year, which the Canadian steel Co. anticipated would be unusually busy.

THE CHICAGO WHEAT MARKET

(F. B. McCURDY & CO.)

Chicago, May 15. - Wheat - Displayed considerable early strength chiefly on the higher cables and the strength of corn, hessian fly being permanently relegated to the rear. On the appearance of rain in Missouri, Kansas and the Southwest there was a reaction, but it was not a serious one. A good many shorts have covered wheat today, local and southern, and to all appearances judging mainly from the net result for the day the wheat came out from those who had shorted it. The market closed about a half lower.

WILL ATTEND THE CONGRESS IN PARIS

Montreal, May 15. - Mr. Jos. Quintal, vice-president, and Mr. Geo. Hadri, secretary, have been appointed by the council of the Montreal Board of Trade to represent the board at the International Congress of Commerce and Commercial Industrial Associations to be held in Paris, 8, 9 and 10th June. Mr. Quintal and Mr. Hadri are sailing on 21st inst. by the S. S. Calarian.

WILL PROBABLY SET DATE FOR MEETING

Montreal, May 15. - It is expected that the date of the annual meeting of Dominion Steel Corporation will be one of the things decided at the board meeting here tomorrow.

MERCHANT'S BANK OF CANADA REPORT

Six Hundred and Ninety Thousand in dividends for fiscal year ending last day of April.

Montreal, May 15. - The Merchants' Bank of Canada today presented its first statement for a full twelve months since the fiscal year was altered to end April 30. The last statement was for a period of five months between the old and new fiscal years. The report shows that net profits of the year after payment of charges rebate on discount, interest on deposits and making full provision for bad and doubtful debts have amounted to \$1,218,864.45. Premium on new stock \$180,820.00. Balance brought forward from 30th April, 1913, was \$401,044.24. Making a total of \$1,800,533.69. This has been disposed of as follows: Dividends, \$698,574.02; transferred to reserve fund profit and loss account, \$400,000; transferred to reserve fund from premium from new stock, \$180,820.00; contribution to officers pension fund, \$50,000; written off bank premises account, \$100,000; written off for depreciation in bonds and investments, \$135,000; balance carried forward \$248,134.69; total, \$1,800,533.69. Reserve fund account - Balance, \$6,415,173; transferred from profit and loss account, \$400,000; premium on new stock, \$180,825; total, \$7,000,000.

BRADSTREETS ON WHOLESALE TRADE

Report an improvement - Houses cautious in giving credit - Outlook for year good.

Montreal, May 15. - Bradstreets Trade Report says: "There has been a somewhat improved condition of wholesale trade. A good deal of caution is exercised by our wholesale houses in extending credits but the outlook for another year of good crops all over Canada has caused a more optimistic feeling."

CLOSING STOCK LETTER FROM RANDOLPH

New York, May 15. - There was quite a little sport of bullish activity in the market shortly after the opening but stock was supplied in increased quantity on the advance and prices reacted a little. The most important feature of the trading throughout the day was the scarcity of offerings around going prices. Steel was again the strongest of the active leaders advancing to a new high record and holding its advance well throughout the day. Trading fell off very largely in volume however and as a rule price changes were small. In the afternoon a great deal of early advance was lost and in the later dealings stocks as a whole were but little changed from last night's close. C. P. R. was a strong feature during the forenoon but later considerable of its gain was lost. Pools worked with a good deal of confidence in many of their specialties and some of these which have been strong for some time past held their gain or even increased it today. Alaska Gold being conspicuous. It sold to the highest price at which it has sold since it was listed. The lack of public response to the market's strength was very disappointing to the bulls, but it is only natural in view of the importance which is attached to the rate decision which it is expected the I. C. C. will hand down toward the end of the month. Exchange continued its upward course, making a new high record for the year again today. Total sales 251,000. E. & C. RANDOLPH.

Buy R. J. & W. Preferred Stock on our Partial Payment Plan. This popular method of purchasing securities, so much in vogue among salaried people, can be used to good advantage now in buying Robin, Jones & Whitman, Limited six per cent Preferred Stock.

Not only can you invest a sum as small as \$100 upon terms fully as advantageous as any investor, but you can, if you like, take ten months to pay for your share, and in the meantime you are credited with dividends on such sums as you actually pay and from the day you pay them.

A special report is ready containing much information about R. J. & W. Shall we send it along?

Fashions of the Week

Society has been unusually quiet this week. Several teas have been given and small informal evening bridges. We had with us this week "The Red Rose" Opera Company, which was attended by large and fashionable audiences. The weather has kept so cold that even the lovers of golf have not as in former years ventured forth in large numbers to the links. Many outings are being planned for Victoria Day and a number of "fishermen" left on Friday to spend the 18th at different lakes.

pects to leave for her home, Windsor (Ont.) next week.

Mrs. Thompson and daughter, Mrs. George Lunt of Portland, Maine, are the guests of Miss Stone, Germain St.

Miss Hooper gave a delightful luncheon last week at her residence, 1000 St. John St. The table was set for eight. The very dainty table had for its centre a large vase of pink carnations. The guests were Mrs. T. G. Smith, Mrs. E. G. Armstrong, Mrs. J. B. Magee, Mrs. H. C. Rankine, Mrs. Richard Hooper, Mrs. A. W. Daniel and Mrs. R. E. Pindington. At the tea hour several ladies from Rosebery came in.

Mrs. John H. Thomson is expected home the last of the month from her European trip.

Miss Bayard has returned from her trip to Nova Scotia.

A feature of the annual proceedings at the University of New Brunswick at the capital on Thursday was the unveiling of a portrait of the late Dr. Brydson Jack, a gift of the sons of the deceased, the unveiling was done by Mrs. Louis D. Millidge of this city, a daughter of the late Dr. Jack.

Mrs. E. Atherton Smith left on Wednesday for a short visit to Boston.

Mrs. H. S. Bridges left this week for Montreal to visit her daughter.

Lady Tilley was hostess at one of the most enjoyable drawing room teas of the season on Tuesday afternoon at her residence, Carleton House. In honor of Mrs. L. P. D. Tilley, Lady Tilley received her guests in a rich black silk and the guest of honor, Mrs. Tilley, wore a very handsome gown of tawny chamoise with smart black hat. The artistic table with its center of red and white carnations and pretty silver esotericities with red candles was provided over by Mrs. George F. Smith, seated in black crepe de chene with white net fishnet black jet tango with white plume, and Mrs. Guy H. Huley who wore a very becoming gown of tawny chamoise with coat effect of black chamoise lace over white black hat with white osprey. Assisted by the dainty refreshments were Mrs. Korden Thomson, Mrs. Walter Harrison, Mrs. J. P. D. Lewis, Miss Beaulieu Adams, Miss Beatrice Penit, Miss Madeleine de Soyres and Miss Clement. Amongst the many guests were Mrs. John McMillan, Mrs. Hubert Vroom, Mrs. Henry C. Rankine, Mrs. E. Atherton Smith, Mrs. T. E. G. Armstrong, Mrs. James H. Frink, Mrs. Letitia Harrison, Mrs. Daniel Mulligan, Miss de Bruy, Mrs. W. H. Foster, Mrs. David P. Chisholm, Mrs. D. C. Clinch, Mrs. H. A. Powell, Mrs. J. M. G. J. Morris Robinson, Mrs. George Robinson, Mrs. Alexander Fowler, Mrs. George Wood, Mrs. Kathleen Trueman, Miss Mary Harrison, Mrs. McAvity, Miss Mabel McAvity, Miss Edith Skinner, Mrs. Stewart Skinner, Miss Celia Armstrong, Miss Aris Armstrong, Mrs. Harry Frink, Mrs. Ohlu M. The St. Monica's Society bridge on

Tuesday evening was most successful and very delightful, it being the closing of the society's work for the season, a large number of ladies were present and in the absence of their president, Mrs. James Dever, Mrs. David P. Chisholm ably presided. The very handsome prizes were won by Mrs. W. S. Scully, Mrs. Armstrong, Mrs. A. C. Wilson, Mrs. William Neale and Mrs. James McCarthy. During the evening delicious refreshments were served, Mrs. Richard O'Brien presiding, assisted by a number of the younger members of the society.

It has been arranged to celebrate Loyalty Day on Monday evening in the Keith's Assembly rooms, when an address by Mrs. E. Hanington, followed by a five o'clock tea was enjoyed, at which the wives of the professors were guests.

The Ecumenical ceremonies at the University, held Thursday afternoon, were of the usual nature, and despite threatening weather attended by a large number of spectators, both townsfolk and visitors. His Honor Lieutenant Governor Wood took the chair at 2:30 and the academic procession proceeded to the library. Professor Miller delivered the address in praise of the founders; Dr. B. C. Foster spoke to the graduating class, and Miss Jean Cooper was hostess on Thursday evening at an informal bridge of two tables, when Mrs. Phillips was prize winner.

Mrs. Sherman and Miss Stella Sherman are enjoying a month's visit with friends in Boston.

Miss Stodford is spending a few days with her sister, Mrs. Eben Turnbull, in St. John.

Mr. Beresford Oxley, of Bermuda, is the guest of Mr. Geo. N. Rabbitt.

Mrs. A. B. Miles, of New Brunswick, was a visitor in town to attend the meeting of the college alumni, and the Ecumenical on Thursday evening.

On Thursday evening the members of the Cathedral choir pleasantly surprised Mr. and Mrs. Smith at their home on St. John, when a small presentation was made, and a pleasant evening enjoyed.

Miss Jean Cooper was hostess on Thursday evening at an informal bridge of two tables, when Mrs. Phillips was prize winner.

Miss Jean Cooper was hostess on Thursday evening at an informal bridge of two tables, when Mrs. Phillips was prize winner.

much regret is expressed by the many friends of Mrs. R. C. Skinner on her resignation from the Board of School Trustees. Mrs. Skinner was the first lady member of the board and pointed by the provincial government and under her representations discharged her duties which were most conscientiously and ably performed. Mrs. Skinner's place will be hard to fill.

Mrs. Doris Dewey, who has been visiting in Boston returned home on Wednesday.

Mr. Joseph Allison, Mr. and Mrs. William Allison leave this evening for Boston and will automobile from that city to Washington, D. C.

Mr. John G. Sayre, Mr. William Vassio, Mr. J. Pollard Levin, Mr. Alexander Fowler, Mr. F. E. Roder, Mr. A. Thomas, Mr. Ronald McAvity and Mr. Frank Magee left last evening on a fishing trip to Walton Lake.

The Misses MacLaren, Charlotte street, have arrived home from New York.

Mrs. James Dever's many friends will be glad to hear she is daily convalescing after her illness of last week.

It was with sincere regret many friends heard of the death of Mrs. Puseley, wife of the Hon. William Puseley. Mrs. Puseley by her gentle manner and amiable disposition, was a true friend to all who came in contact, and her loving memory will long be cherished not only among her own social set but among the poor and needy. Much sympathy is extended to the bereaved ones.

The many friends of Mrs. Roy Cooper were shocked to hear of her sudden death which occurred at her sister's residence, Mrs. Harvey Tapscott, on Saturday last. Mrs. Cooper had hosts of friends in this city who sincerely mourn their loss. To the bereaved ones much sympathy is extended.

Monday, May 11.—With the closing of the University for the year, and the several functions held in connection therewith, the degree of M. A. was also conferred on Earle R. MacNutt.

On Tuesday evening the members of the "A and B Club" opened their season with a dance at the Club house, at which the Faculty and students of the University were the guests of honor. Mrs. H. G. Chestnut and Mrs. W. H. Steeves were chaperones, and an orchestra furnished very good music for the dancing.

The meetings of the Alumni and Alumnae societies were the chief events on Wednesday. The latter was held at the home of Miss Hunter, Waterloo Row, when the young ladies of the graduating class were admitted to membership, and the officers for the coming year elected. Miss Sadie L. Thompson was made president; Mrs. C. McCa, Steeves and Miss Kinghorn first and second vice-presidents; Miss Grace Fleming, secretary-treasurer; Miss Clark, assistant secretary-treasurer, and the members of the council, Mrs. H. F. McLeod, Mrs. H. L. Thompson, Mrs. E. H. Allen, Miss M. Cadwallader and Miss Ruth Everett. At the conclusion of the meeting a five o'clock tea was enjoyed, at which the wives of the professors were guests.

Miss Lynn Wright who has been teaching at Lewisville is home at Jardineville on account of the illness of her mother.

WHAT MOTHERS SAY

Thousands of mothers use no other medicine for their little ones but Baby's Own Tablets. One mother has used the tablets and will use no other medicine. Concerning them Mrs. Geo. M. Blinn, Clifford, Ont., writes: "Enclosed find twenty-five cents for another box of Baby's Own Tablets, as I would not be without them. When baby is cross and ailing give him a tablet or two and he is soon well and happy again. I know of no other medicine to equal them and find them far superior to Castor Oil." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Headache

"How are your bowels?" This is generally the first question the doctor asks. He knows that headaches, bilious attacks, indigestion, impure blood, are often due to a sluggish liver. Ask him if he approves of Ayer's Pills.

Mr. E. C. Weyman, St. John, spent Sunday at the Wayside Inn.

Mr. Roland Barnes, student at the U.N.B., is home for the summer vacation.

HAD INDIGESTION.

Almost Despaired of Ever Getting Well.

When your food has not been properly digested, your body has not received the benefit it should. The exertions of the gastric juice have been confined entirely to removing the undigested indigestible portions of food, which cannot be properly digested as speedily as possible from the body, therefore only giving the blood a small percentage of nourishment with which to feed the tissues. No wonder then that indigestion and Dyspepsia attack the stomach. No medicine can surpass Burdock Blood Bitters as a cure for this particular disease. It regulates the bowels, promotes perfect digestion, makes poor blood, tones the stomach, and thus restores perfect health to the debilitated system.

Mrs. Mary MacKay, Hunter's Mountain, N.S., writes: "I was troubled with indigestion for more than ten years. I tried several Doctor's medicines claiming the power to cure, but all without success. Having heard of the many cures effected by Burdock Blood Bitters, I decided to give it a trial. After taking two bottles I was completely cured. My appetite which was very poor, is now good, and I can eat most everything without any disagreeable feelings. I can strongly recommend B.B.B. to anyone suffering from indigestion."

THE ORIGINAL AND ONLY GENUINE

Beware of Imitations Sold on the Merits of Minard's Liniment.

No Need Being Old or Wrinkled Before 75

Allison Russell says any woman who has wrinkles before 75 is herself responsible for them. Sunbath and fresh air also consider more what is a complexion preserver than nostrums and cosmetics.

The chief objection to cosmetics is that they only temporarily cover up defects. There are certain true aids to beauty which may be applied with directly opposite effect. Ordinary macrol-hellum which may be applied with a bed or oldish complexion, by gradually, almost imperceptibly, peeling off the surface, and thus exposing the true complexion, an exquisite girlish color. Of course outworn cosmetics, the pimples, freckles, fine lines, moth patches, liver spots, disappear with the discarded skin.

To prevent or remove wrinkles, a face has been found also to possess natural beauty, is made by dissolving a ounce of powder made in this way: Put one hand. This is immediately effective and gives no unwelcome after-effects.

Minard's Liniment

THE LIPTON YACHT VEILED FROM VIEW

Britain's cup challenger, the Shamrock IV, is veiled from all eyes in the Camper & Nicholson yard at Gosport. A big frame building hides Sir Thomas Lipton's latest yacht from any possible view. Not only do the board walls rise above the decks of the yacht, but the building is completely roofed with glass, so that even an aviator is unable to discern the details. Every chink and cranny in the fence is stopped by thin pieces of board. The greatest possible secrecy is used to prevent the details of the Shamrock from becoming known. Nicholson, her designer, refuses to give interviews or permit photographs to be taken of his latest creation. The workmen, all carefully selected, are men actuated by the double stress of high wages and patriotism. They likewise decline to give any information whatsoever, shutting up like clams when questioned. Saturday the lowering masts were taken through the main street of the village, but they were completely shrouded with canvas so that it was impossible to see anything.

HONORS WENT TO YANKEES YESTERDAY

Sandwich, England, May 15.—American golfers today were outclassed by Scotch and English players over the Sandwich links in the final round for the St. George's champion grand challenge cup.

With an aggregate of 146 strokes, nine better than his nearest American competitor, Jerome D. Travers, an American amateur champion, John Graham, Jr., Scotland, today for the second time won the coveted trophy. In doing so Graham also lowered by two strokes the play for the cup.

Travers for the 36 holes turned in a card of 155. Francis Outmet, the American open champion, required 158 strokes to cover the course. In the general competition Outmet finished in thirteenth place.

D. Ranson, Crowborough, England, who led the first round Thursday with 72, today required ten more strokes, which brought his aggregate score up to 154. Harold H. Hixon, the British amateur champion finished with 158.

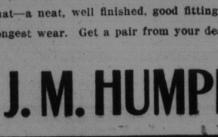

The showing of the Americans in this match has greatly diminished the fears of Britishers that the amateur championship will again cross the Atlantic.

He pays for his vanity. The man who buys a heavy car sacrifices good dollars to misplace pride. The prudent buyer invests in the dependable Ford. He knows it will serve him best—and at lowest cost.

Six hundred dollars is the price of the Ford runabout; the touring car is six fifty; the town car nine hundred—f. o. b. Ford, Ont., complete with equipment. Get catalog and particulars from Ford Motor Co., St. John, N. B., Branch, Telephone Main 2506.

GUNBOAT MAY BE SUSPENDED

Milwaukee, May 15.—Because Gunboat Smith asked for an \$5,000 guarantee to fight Bob Mohn in Milwaukee the promoters called off the match entirely and now Smith will get nothing here and another match will be arranged to take the place of the Smith-Mohn affair. Inasmuch as Smith had signed preliminary articles for the fight and then raised his figure, the promoters will make the State Boxing Commission suspend him or take steps to prevent his coming to Milwaukee to box for any other club. This request will not be made, however, unless Smith dickees with some other promoter.

THIS DATE IN RING ANNALS

Saturday, May 16, 1914.
 1910—Al Kubiak was stopped by Sam Langford in 2 rounds at New York. Kubiak while never a first class boxer, is entitled to credit for the willingness he always manifested to meet the best men in the game. In 1909 he twice took on Joe Jeanette, the great Hoboken negro fighter, and was outpointed in a 6 round bout in Philadelphia and knocked out in the 5th round at Paris. In 1910 Kubiak, while in Paris, was matched with Sam McVey, the California colored pugilist, and was knocked out in the 10th round. On returning to America he fought Al Kaufman and several other good men. In 1911 he fought Joe Jeanette twice, both times in New York, and was defeated. In 1912 Kubiak whipped Carl Morris in Atlanta, and fought Gunboat Smith and several other hopes.

1865—James Dunn defeated Bill Davis in 43 rounds in Pike County, Pa.
 1913—Freddie Welsh defeated Jack Redmond in 12 rounds at Winnipeg.
 1913—Mike Gibbons defeated Tom McCarron in 10 rounds at New York.

KLING TURNS DOWN VERY LARGE OFFER
 Cincinnati, May 15.—"I'll tell you something—and my word goes with it," said John Kling of the Boston Braves today. "John Kling has just refused absolutely one of the biggest offers ever made in baseball, and for no reason other than his desire to keep his word."
 John Kling promised 'Garry' Herrmann, when he was given his unconditional release by Cincinnati at his own request, that he would under no circumstances play with anywhere excepting for Herrmann; and I know that John Kling has turned down the fattest offer that Barney Dreyfus ever made a ball player. He could join the Pirates tomorrow at a salary that wouldn't be ashamed of itself if it met Cobb's money on the street—and he said: 'No, not unless Herrmann say O. K.'"
 Evers says Kling would be of especial service to Manager Clark in training inexperienced catchers.

WEATHER BAD FOR BIG LEAGUES

May is proving as bad a month as April in weather. No so cold, perhaps, but cold enough and plenty of rain, it would seem, therefore, that the disciples of a late starting of the baseball season would not gain anything if they had their way. Certainly postponing the opening of the championship season in the big leagues would not have helped matters this year.
 The Red Sox opened at home on April 14. It was a fine day for that time of year and 25,000 spectators enjoyed the opening. The following day was very cold and raw and the game should have been postponed, but it was played just the same. Then came some good weather, Saturday, April 18, drawing out a crowd of more than 18,000. On April 20 (Patriots' Day) the Red Sox played before the largest crowds that ever turned out in one day to see ball games. Nearly 40,000 were present for the morning and afternoon games.
 After that the Red Sox went on the road and there followed a spell of bad and uncertain weather that has lasted right up to now.
 The point is that if the two leagues had waited until April 25 or May 1 to open the season they would have encountered worse weather than the Red Sox had on April 14 and the following days.

JOHNSON HAS TASK.
 From now out Walter Johnson may travel at the fastest known pitching clip, but he has little or no chance to equal the Joe Wood record of 1912. That season the Red Sox premier worked thirty-eight games, winning thirty-three and losing only five. Johnson has dropped three of his first five starts, and to equal Wood's mark he would be forced to win thirty-one out of his next thirty-three games.

1913—Mike Gibbons defeated Tom McCarron in 10 rounds at New York.

KING'S HORSE SECOND

Newmarket, England, May 14.—Lord Londonderry's Coroyras won the Newmarket stakes for three-year-olds. King George's Brakepear was second, and Sir E. Cassel's Hapsburg third. Five ran. The race is run over a course of a mile and a quarter and the stakes are valued at about \$12,000.

LOWELL MAY TAKE WALSH

Pitcher Walsh, recently released by the Montreal club, has been recommended to Manager Gray of the Lowell club by Jack Halsteln, former first baseman of the Lowell team.

EVANS TO JOIN NAPS

New Orleans, May 15.—Manager Dobbs of the New Orleans team has released Pitcher Evans to the Cleveland American League team and unconditionally released Harry McIntyre, veteran major leaguer.

Pay Goodyear Prices For Your Tires
 Else Require a Reason for an Extra Price

Eighteen American and Canadian makes of tires this year sell above No-Rim-Cut prices.
 Some are nearly one-half higher. That means much added tire expense unless those tires are better.
 We claim that none are better—none so good. And we cite these facts to prove it.

No-Rim-Cut tires make rim-cutting impossible. And we control the only feasible method yet found to end this waste.

Needless blow-outs, due to wrinkled fabric, are prevented by our "On-Air" cure. This extra process adds tremendously to our own cost, and no other maker employs it.

Loose treads are combated in No-Rim-Cut tires by a patent method used by no one else. It lessens this danger by 60 per cent.

All-Weather treads excel all other anti-slids. They are tough, double-thick and enduring. They are flat and regular, so they run like smooth tread. Yet no other tread offers to

wet roads such sharp-edged, resistless grips. All these costly features—these money-saving features—are found in No-Rim-Cut tires alone.

What Extra Value?
 Then what of extra value can higher prices buy? We know of no way at present to build better tires—to give lower cost per mile. We have tried thousands of formulas, fabrics, methods and processes. But no man as yet has found any way to improve on No-Rim-Cut tires.
 Users have found these the best tires built. That is shown by the fact of the largest sale. And they gained that top place when No-Rim-Cut tires cost more than other tires.

Mammoth output has cut Goodyear costs. Modern equipment has cut them. We employ the same scientific methods and equipment in our Bowmansville, Ont., factory as in our factory at Akron. In 1913 our price reductions totaled 23 per cent.
 Those are the reasons for Goodyear prices. It is easy to make a lower-priced tire—but a higher-priced tire—worth the extra price—has not yet been created. Prove this by comparison. Any dealer will supply you if you ask for Goodyear tires.

Studebaker's FOUR

\$1375

The Full-Floating Rear Axle With Full Timken Bearings

Why Studebaker's FOUR Sales Are Enormous:

Bluntly—because no car on the market reveals equal value. Because, for instance, no other car in the world at this price has a full floating rear axle equipped even to the hubs with Timken bearings.

Because this axle could not be made better, no matter how much we were willing to spend, or you were willing to pay.

The same thing is true of Studebaker-Wagner starting and lighting—the cars of highest cost may show its equal—but they cannot show its superior.

The same thing is true of the proportion of parts actually manufactured in the parent plant—the costliest may make as good a showing, but none of them can show more.

The same thing is true of the accuracy of the processes which enter into the manufacturing—they may be equalled in the costliest cars, but they are not surpassed.

We repeat, with added emphasis—the sales of this \$1375 FOUR are enormous because no car on the earth reveals equal value.

AGRICULTURE

AGRICULTURE AND THE CHURCHES

One of the signs of renewed interest in rural welfare is the greater attention given to agricultural matters by the churches. The recent publication, "Rural Life in Canada" by the Rev. John MacDougal of Spencerville, Ontario, a book reviewed in this journal some months ago, calls attention to the crying needs of the majority of the English-speaking country communities, and places the rural problem clearly before the public.

It may be of interest and profit to our readers who are mainly English speaking and non-Catholic to know that the Catholic Church gives greater effective aid to agriculture in Quebec than the Protestant Churches. This is a fact which may readily be proven, and is not in any way controversial. Ever since 1824—twenty years ago—an association called "The Agricultural Missionaries" has been in existence and is composed of one or more parish priests selected by the Bishop of the diocese to give special attention to the interests of agriculture amongst the farmers. These missionaries preach both agriculture and the Gospel. All phases of agriculture are dealt with, and in the last Report (6th) covering the work of the Association for three years we find that 770 Agricultural Circles were visited by the missionaries or their deputies and 145,250 farmers benefited by their instruction.

Besides the work of this Association most of the rural priests take a great interest in agriculture and help along all movements originated by the provincial department of Agriculture. In fact from the time of the early settlement of the province the priests have identified themselves closely with agricultural progress.

A feeling is arising among the non-Catholic Churches that the pastors or ministers should be sufficiently acquainted with agriculture to understand the conditions under which the farmers work. It is beginning to be recognized that religion is a seven-day affair and that the ministers who take an active part in the everyday work and community life of their charges exert a more effective influence for good than those who merely meet their people on Sundays. The spirit of the Catholic agricultural missionaries is needed to solve the country problems.

Allusion has been made in previous issues to the splendid work of some of our rural pastors who realized that their active interest in agriculture. A fine field of work lies open to most from our theological schools who are equipped to combine the functions of country preacher and rural missionary.

POTATO DISEASES.

There has been issued by the Department of Agriculture at Ottawa a remarkably well executed folder, Farmers Circular No. 4, entitled "Potato diseases transmitted by the use of unsound tubers," showing in natural colors, representations of specimens of diseased potatoes. Diseases and other blemishes represented are potato canker, powdery scab, hollow potato, internal brown streak, little potato disease, dry rot, wet rot, common potato scab, and stem end rot. Special reference is made to potato canker and powdery scab, the latter of which occurs already in Canada and should be carefully avoided. The folder points out that, under the destructive insect and Pest Act of Canada, any person using for seed potatoes infected by potato canker or powdery scab is liable to prosecution. Potato growers who suspect the presence of either of the latter diseases are requested to send specimens to the Dominion Botanist, Central Experimental Farm, Ottawa. This folder, prepared by Mr. H. T. Gussone, Dominion Botanist, will be sent free to those who apply for it to the Publications Branch of the Department of Agriculture at Ottawa.

Investigational work is carried on year by year in the growing of fruits, vegetables and flowers. The purpose of this work is to discover and develop not only improved varieties and strains of these crops, but to find out the most successful methods of culture for the different provinces and districts.

The result of last season's work has been brought together in a summary prepared by Mr. W. T. Macoun, Dominion Horticulturist, and the superintendents of the Branch Farms and Stations and issued in Bulletin No. 77, copies of which are available to all who apply for them to the Publications Branch of the Department of Agriculture at Ottawa.

At Lethbridge Alberta culture with and without irrigation was carried on. Sections dealing with ornamental gardening are especially interesting and instructive to those who take pride in the appearance of their home surroundings.

"Didn't Oliver Goldsmith once live here," asked the tourist. "I don't remember the name," said the justice. "Who was the gent?" "He was a poet."

"Then it's hardly likely that he ever lived here, sir. We always demand the rent in advance."

Your Appearance is Important!

Between the unshaven cheek of the sloven and the unctuous jowl of the much-barbered fop comes the clean, fresh face of the man who shaves himself with a

Gillette Safety Razor

Shaving with the GILLETTE is so quick and easy that there is no temptation to neglect it—and so smooth and comfortable that an after dressing of soothing lotions is not necessary.

Anaemia. Weakness. Nerves. Run-down.

As an impoverished state of the blood is insufficient to nourish the body. But Wincarnis actually creates new, rich, red blood, which gives new life to the whole system.

After illness, or from any other cause, it speedily and surely overcomes by a short course of Wincarnis. You can feel it strengthening you immediately after taking it.

As a nerve-food, Wincarnis is unique. Because it acts directly upon the nerve centres, and thereby stimulates, invigorates, and rejuvenates the whole of the nervous system.

Nothing acts so promptly as Wincarnis when you are "Run-down." Its tonic and restorative effects are immediate. It puts new vigour, new vitality, and new life into you.

The reason Wincarnis does all it claims to do, is because it is a Tonic, a Restorative, a Blood-Maker and a Nerve-Food—all in one. It tones up the whole system, and creates new energy. It revives and restores the vitality when it is below par. It creates new rich blood, and sends it dancing through

the veins. And it invigorates and feeds the nerves. That is why Wincarnis effects such extraordinary results in cases of Anaemia, Weakness, Sleeplessness, Brain-fag, Exhaustion, Depression, Nerve Troubles and when one is "Run-down" and "out-of-sorts." And that is why over 10,000 Doctors recommend

WINGARNIS

Will you try Wincarnis? You will be surprised and delighted with the new health it will give you. Remember that hundreds upon hundreds of thousands of people have suffered as

you suffer and have got well, as you will get well if you take Wincarnis. Wincarnis is known as "the wine of life," because it gives new life to the invalid—new strength to the Weak—new blood to the Anemic—new vigour to the "Run-down"—and new health to everyone

Would You Like to Have a HOME Like This?

WOULD YOU LIKE TO OWN A REAL HOME OF YOUR OWN outside the city, with lots of land where you can grow your own fresh vegetables, have a little garden, and plenty of God's fresh air for your wife and family, instead of living, as most of us do, in a cramped little flat or tenement. **TEN YEARS TO PAY.** We will sell you a lot twice, and in some cases three times, as large as a city lot, for less than a quarter of the price, and you can have ten years in which to pay for it.

These Lots Are Situated in GLEN FALLS COLDBROOK, N. B.

Three miles from the very heart of the city, on the main line of the Intercolonial Railway, and which is destined to be St. John principal manufacturing and residential suburb. Large sums of money have been spent and will be spent for improvements in order to make it one of the most attractive places in which to live.

ELECTRIC CARS. Before August of this year the St. John Street Railway will have completed the laying of rails as far as Coldbrook, thereby affording purchasers of lots cheap and rapid transportation to the city.

the trains of the **GRAND TRUNK PACIFIC RAILWAY** will pass the property as will undoubtedly those of the St. John Valley Railway, upon the completion of these roads.

ELECTRIC LIGHT. What modern home is complete without it? The wires of the St. John Railway Company now run into the property, and should you have your home wired for electricity they will supply you with it at reasonable cost.

LOW RATE OF TAXATION. These improvements have all been made at the Company's expense and are included in the first cost of lots.

A GOOD SCHOOL. You need not send your boys and girls to the city for their education as there is a well equipped school in Coldbrook in charge of capable instructors.

TEN YEARS IN WHICH TO PAY. We will sell you these lots on the half yearly instalment plan covering a period of ten years.

PRICES. We will sell you a lot twice, and in some cases three times, as large as a City lot for less than a quarter of the price.

SPACE DOES NOT PERMIT of our explaining the many additional advantages. If interested communicate with us or write your name and address on the coupon to be found at the lower right hand corner and mail to the address given below. We would like the opportunity of showing you over the property. We want the opportunity of proving our statements to you and of telling you of the plans of the big industries already located at Glen Falls and of the others which are about to come.

While we have only commenced to advertise this valuable property, we are pleased to be able to state that the results have exceeded our greatest expectations. Before doing any advertising we wished to make such improvements as would enable purchasers of lots to immediately commence the building of comfortable homes, complete with all those conveniences which add so greatly to the enjoyment of, and which in fact are nowadays considered indispensable in the modern home. As will be seen by a glance at the Map, Glen Falls, Coldbrook, N. B., is in an ideal situation, located as it is, in the triangle between Rothery avenue (formerly known as the Marsh road) and the Golden Grove road.

Our work of developing this property to-date has consisted of the creating of a **BEAUTIFUL LAKE AND WATER SYSTEM** by the erection of a reinforced Concrete Dam on a clear running stream, fed by cold springs high up the Glen Falls Valley on the Company's property. From this reservoir water is piped to all parts of the property.

And the building of **GOOD GRAVEL ROADS.** We have spent large sums of money on the construction of good gravel roads, which will later be widened into broad and well laid out streets and avenues. One of the prettiest drives imaginable is along the Glen Falls road, winding, as it does, in and out among the hills and following the Glen Falls stream for a considerable distance, terminating at the Lake which is about a mile and a half from Rothery avenue.

SUBURBAN TRAINS. All Intercolonial Railway suburban trains now stop at Coldbrook Station, which is only a few minutes walk from all parts of the property, and in addition a right of way for a street has been purchased by our Company to an even more convenient location on the Intercolonial where it is the Company's intention to erect an artistic suburban station designed after the style of those to be found at Banff and Lake Louise in the Rock Mountains which resemble Swiss Cottages.

Three Important Bills To Go Through British Parliament This Month

Home Rule, Welsh Disestablishment and Plural Voting Measures, make present session of House of Commons an important one.

London, May 15.—This month probably will see the passing through the House of Commons of three great controversial measures, Home Rule for Ireland, Disestablishment of the Welsh Church and the abolition of plural voting. The first two will have been passed for the third time under the Parliament Act, and no matter what the House of Lords do with them they will become law. The plural voting bill still has another time to pass through the House of Commons.

Of course the greatest interest is taken in the Home Rule Bill. There has been much talk of compromise and settlement by consent, but the best informed opinion of the country is that nothing in this direction will be done in the House of Commons, and any settlement must be reached when the bill is before the Lords.

The Nationalists and Ulster Unionists have stated their demands quite plainly and there seems no room for compromise between them. The Nationalists have agreed to the temporary exclusion of Ulster from the operation of the bill, while the Ulster men demand permanent exclusion. Neither side apparently will recede, although Nationalists have been heard to say that perhaps there will be a little more concessions to "save" the face of the Ulster leaders; but no exclusion. It was thought Mr. Balfour, who knows his Ireland well, would be the man to find common ground on which the opposing leaders could meet but his speech at the Hyde Park demonstration, in which he spoke against the compromise, has ruled him out, and now it is for the Lords to find the way out, if the question is to be settled by consent.

There has been talk of a Federal system for the whole of the United Kingdom, and it has been suggested that Ulster should be excluded from the Home Rule Bill until this system is inaugurated, when she could choose the state which she would join. The federal system, however, has many influential opponents, and as for Ulster it raises another difficulty. Many of the great Belfast merchants do the bulk of their business with the people of the South and West of Ireland. These merchants are opposed to Home Rule but say if Home Rule must come they do not want their province excluded. The bankers of Belfast take the same view.

Here is the Opinion of a Wealthy Belfast Businessman

"Sir Edward Carson's demand for the complete and unconditional exclusion of Ulster need not be taken seriously. We all know that the Nationalists would never think of accepting such a proposal. We know quite as well that it would be impracticable if it possibly could be accepted. No one can tell better than myself how close to the interests of this province are bound up with those of the rest of Ireland. Four commercial travelers from my house are almost continually in the South and West. Within the past week we have received orders for new season's goods from Cork, Limerick, Connel, Roscora, and Sligo reaching \$55,000. A very slight curtailment of such a trade would mean all the difference between a good profit and loss, leading to bankruptcy. The people of the South and West are great consumers, I should think that the volume of business between the Nationalist parts of the country and Belfast alone has quadrupled within the last fifteen years. Quite apart from politics the bitterness that would inevitably arise were we to later any part of it cut off from Ireland would result in the destruction of the biggest warehouse we have in a year. Of course, I should vote against the Home Rule candidate, but I should vote and canvass against the separation of Ulster, and especially Belfast, from Ireland for a moment."

Second Reading of Plural Voting Bill
Now that the Government has safely weathered the crisis over the refusal of officers to serve against the Ulster volunteers' Liberal members of Parliament have returned to their old demand that there shall be no general election until the bill to abolish plural voting has become law. This bill was passed through the House of Commons last year for the first time but was promptly thrown out by the Lords. It is being introduced for the second time this year, and if the Lords repeat their action of last year, it will have to be passed in a third session to become law despite their veto.

Of course if the Unionists agree to let the bill go through this year the Liberals will consent to a general election, but otherwise the rank and file of the party and the Liberalites as well, will fight to the last to prevent an appeal to the electors until they are sure that the mind of every Liberal must be Unionist. An Irish Nationalist leader, who probably knows the mind of the back bench Liberal as well as any man in the House of Commons, said recently:

"The only possibility of a general election is that the Unionists find some way of turning the government out. They thought they would do it over the Ulster question, but that having been turned to the advantage of the government by the cry 'Army against the people' they will now have to look to some other means of defeating Mr. Asquith's government."

It was thought and is still believed in some quarters, that a way will be found by the Lords refusing to pass the Army Annual Bill, which would dissolve the army, but the Liberals think that the Unionists' after their experience with the army and Ulster crisis, will leave the army strictly alone. Liberals therefore argue that except for some accident, or Unionist acceptance of the Plural Voting Bill, there will be no election this year but that Parliament will run its full course and be dissolved in 1915.

Society Leaders Boycott Supporters of Home Rule

Certain Unionist society leaders have set up a boycott against those politicians who support the government's Home Rule policy. Invitation lists have been ruthlessly cut down and many men and women too, find that they are no longer welcomed at houses where last year they were frequent callers.

John, Moncton and Halifax promoters are the heavy losers financially, while to date as far as can be learned it has not cost the Pictou county representatives very much since they were first approached regarding the formation of a league.

Local fans will this season have to put up with amateur baseball and what promised to be the best season since organized ball was introduced in St. John will be a dead one.

Before the recent crisis it was said that the bitterness aroused could never equal that of 1886, but it came very close to it. Many friendships have been broken during the past months, and even among those who do not take their politics so seriously as do the political society leaders. The foreigner enjoying the hospitality of friends and visitors from the Dominions as well, have found it necessary to make a self-defending ordinance not except in the privacy of their homes.

A discussion between two Englishmen, of opposite political views, can create heat enough, but it is nothing to that inflamed when an outsider expresses his views.

will work in harmony under the following conditions:
All open and closed games shall be governed by the rules and sanctions of the A. A. U. of the country where they are held. Athletes recognized as amateurs in one country shall be recognized as such in the other, but in all cases they must present permits from their parent bodies. Upon request either party to the alliance shall present lists of sanctioned meets to the other and each shall enforce all penalties of suspension and disqualification imposed by the other. The articles of alliance may be terminated by either A. A. U., upon thirty days notice to the other.

A uniform permit has been approved which athletes must use who intend to compete outside their own country.

The City League
A committee met in the rooms of the St. John Athletic Club last evening and a schedule for the City Baseball League was drawn up to be presented to a meeting of the league on Monday evening next for the adoption of the same and dealing with other matters.

A SCHOOL LEAGUE

The formation of a juvenile baseball league composed of four teams from the St. Peter's school is under way. The teams entered are Stars, Chanters, Tulips and the Clerks. The games are to be played on the St. Peter's Y. M. A. diamond on Saturdays, holidays and other days during the summer vacation.

The schedule for the first week is as follows:
16th a. m. Tulips vs. Clerks.
16th p. m. Chanters vs. Stars.
18th a. m. Stars vs. Clerks.
18th p. m. Chanters vs. Tulips.
A trophy will be awarded to the team winning the league.

The Late M. J. Barry.

The body of M. J. Barry, who died the noon train yesterday and was met by a delegation from the Knights of Columbus. The body was taken to the rooms of St. John Council, Knights of Columbus. The funeral will be from the Knights of Columbus rooms this morning at 8.45 to the Cathedral, where high mass of requiem will be sung at nine o'clock.

KEEP YOUR SCALP CLEAN

CUTICURA SOAP

Frequent shampoos with Cuticura Soap, assisted when necessary by gentle anointings with Cuticura Ointment, afford the purest, sweetest and most economical method of freeing the scalp of infants and children from minor eruptions, itchings and scalings and of establishing permanent hair health.

Cuticura Soap and Ointment are sold throughout the world. A liberal sample of each, with 25-page booklet on the care and treatment of the skin and scalp, sent post-free. Address: Postage Drug & Chem. Co., Dept. 438, Lowell, U. S. A.

MARITIME LEAGUE BLOWN UP

The Maritime League that was to be blown up. St. John, Halifax and Moncton representatives have good reason to feel sore and the whole matter of the league not going through is the result of the Pictou county representatives not standing by the agreement which some days ago they accepted. The agreement in question was handled by Mr. Cunningham of Stellerton, N. S., who took it to N. W. Mason of New Glasgow to have signed, and when everything was thought to be settled, and Moncton, St. John and Halifax expended a large amount of money and arranged for their teams, the Pictou representative comes across with the word "We must have a wet weather guarantee in addition to the other concessions given us or we don't sign up." When this last call for help from Pictou county was placed before the representatives of the other three teams they at once said it was not fair and that it looked like a hold-up on the part of Pictou county and the request was turned down. Mr. McQuarrie of Westville, N. S., who was in St. John Thursday at a meeting stated that if the matter had been arranged when he went back home he would wire yesterday afternoon. There was no word from Mr. McQuarrie and last evening it was decided that it was all off. It is a big blow to organized baseball for St. John and the best chance for seasons to Halifax, Moncton and Pictou county has been lost, not saying about the great disappointment that the fans will receive.

One regrettable thing is that St.
