

OTTAWA LEARNS OF CONDITIONS IN CENT. EUROPE

Gov't Informed That Dire Misery Exists Because of Food Shortage, Diminished Production and Other Causes.

CHILDREN SUBJECT TO MANY HARDSHIPS

United States and Great Britain Looked To As Saviours of the Situation and Must Act Promptly.

Special to The Standard
Ottawa, Jan. 19.—Lazé advises, received by the Government, show that the food situation in Central Europe is no less grave than was at first reported. Diminished production, shortage of food and fuel, collapse of transportation, the depreciation of currency and complete collapse of exchange have combined to reduce the population of Austria to a state of dire misery. Vienna, the population of which has increased from two to two and a half millions, has had its milk supply reduced from nine hundred thousand to thirty thousand litres daily. Children are dying like flies. The normal bread ration has been reduced in the same proportion. The fuel ration has been reduced from 45 to seven kilos per week (about fifteen pounds). The present meat ration is about one-fifth of a pound per week and about the same of fats. Milk is supplied only to young children, and then only in minute quantities. During 1918, 19,000 children were born in Vienna and 51,000 died. The situation at present is much more grave.

At the beginning of 1919, a permanent Inter Allied Commission was appointed to investigate the needs of the Austrian Empire and provide for its relief, and later the dispatch of foodstuffs was arranged for. Up to October this commission provided 390,000 tons of food stuffs to the Austrians and also for the import of food from neighboring states.

In 1919 Great Britain appropriated twelve and a half million pounds for relief in Central Europe of which over one third has been spent on Austria. A further remittance has been suggested of releasing all liquid assets of the Austrian state from reparation obligations.

The Allies have waived their lien on the tobacco monopoly and have authorized the Austrian Government to raise a loan on that security for the purchase of foodstuffs and fuel. The Allies have also arranged to release all foreign securities held by Austria, which were earmarked as security for the United States, and to substitute as security the great paintings in Austria. It is hoped that arrangements for a loan, based on the tobacco monopoly already mentioned, will enable the Austrian Government to carry on until April, thereafter the real crisis will arise.

The real solution of the question lies in the economic reconstruction of these countries. For this the co-operation of the United States is necessary. The sub-committee of the reparations commission in Vienna has drawn up a scheme for the provision of credits for the reconstruction of Austria on a large scale, and this is now being discussed between Great Britain and the United States.

LIGHT VOTE IN WOODSTOCK ELECTION

Special to The Standard.
Woodstock, Jan. 19.—A light vote was polled in the aldermanic election today owing to the intense cold. Aldermen Gallagher, Brown and Smith were elected defeating John Flemming. The question of a town manager did not enter into the contest. The new board is constituted as follows: W. T. H. Nodden, Mayor; Jas. W. Gallagher, J. Rankin Brown, W. M. Smith, C. M. Aughterson, A. H. L. Bell, George Truss, aldermen.

Hon. Mackenzie King Still Casts Loving Glances Towards Farmers

Montreal, Que., Jan. 19.—(By Canadian Press).—Hon. Wm. Lyon Mackenzie King paid his first visit to Montreal as Liberal leader, today, when he addressed members of the Montreal Reform Club at a special luncheon. Mr. King devoted much of his address to an account of his recent tour of the Maritime Provinces and to a consideration of the Farmers' movement throughout the Dominion, which he regarded as a species of Liberalism. He declared that there was no danger of a Farmers' political movement in the Maritime Provinces, giving as his view that the farmers there were quite content with the political programme of the Liberal party. As to Ontario and the West, it was his opinion that the movement there would, in the end, harmonize with the Liberal doctrine of lower tariff and reciprocity with the United States. He stated that, owing to pressure of work and the approach of another parliamentary session, he has been compelled to postpone his original intention of making a tour of the West until after the conclusion of the next session.

British Suffer Severely In Clash On India Frontier

London, Jan. 19.—News reached London today, of a heavy engagement last week on the northwestern frontier of India in which the British suffered severely. The engagement was fought by the Deraa Jat column, which while advancing last Wednesday into the Mahsud country, met with strong opposition north of Anpal Dargah and engaged in fighting at close quarters. The British suffered 385 casualties, including eight British officers killed and twelve wounded or missing, while a large number of Indian officers were killed or wounded. The Mahsuds lost 150 killed and more than 200 wounded.

Influenza Breaks Out In Chicago

Chicago's Health Department Swamped With Applications For Nurses To Handle The Disease.

Chicago, Ill., Jan. 19.—Chicago's health department was swamped with appeals for nurses, today, to combat the spread of influenza and pneumonia, of which more than two thousand cases have been reported in the last forty-eight hours, with fifty deaths. Health department officials declared the city needed at least ten thousand nurses to handle the situation properly.

Since 9 o'clock this morning 500 cases were reported to the Board of Health, with ten deaths, and new pneumonia cases number one hundred, with sixteen deaths. Health department officials pointed out that the death rate had been extremely small as compared with last year's epidemic and with the number of cases reported.

Health Commissioner John Dill Robertson today started a campaign against "cold" owners, when 105 complaints were received. An inquiry will be made into each complaint, and where sickness is found, action to bring about a proper heat supply will be taken, Dr. Robertson said.

U. S. Federal Agents Prompt To Begin Acts of Seizure

Swoop Down Upon Whiskey, Wines and Cordials Valued at \$5,000,000 to \$10,000,000 in Value.

London, Jan. 19.—The military successes of the Soviet forces were the cause of the action of the Allies in deciding to permit the re-opening of trade with Russia, according to a wireless statement from Moscow, picked up here, in which industrial Russia is urged to apply itself to its tasks. The message says: "The blockade ring has been broken by the victories of the Red army. The army of labor has started its campaign. The workers defeated the enemy when thousands of faithful hands took up the matter. To your lathes, machines and hammers and shovels. There is work for horny hands."

Terjoki, Finnish Russian Border, Jan. 19.—(By the Canadian Press).—The undesirable aliens headed by Berkman and Emma Goldman, deported from the United States entered Soviet Russia at two o'clock this afternoon. They received an enthusiastic welcome.

SECY DANIELS GETTING LOOK FROM ALL SIDES

U. S. Senate Sub Committee Authorized to Investigate Fully, Adm. Sims' Charges Against Secretary of Navy.

PROVIDENCE EDITOR LAYS SERIOUS CHARGE

Says Condition of Affairs in U. S. Navy is Rotten Beyond Conception and That Hon. Josephus Knows It.

Washington, D. C., Jan. 19.—Charges of Rear-Admiral Sims that the navy department failed to co-operate fully with the Allies during the great war will be investigated by the Senate sub-committee before which they were made.

This was decided today by the full naval committee, which also authorized appointment of another sub-committee to determine whether there should be an inquiry into charges made by John R. Rathem, editor of the Providence (R. I.) Journal, that with the knowledge of Secretary Daniels, many seamen in the navy "have been used in most vile and nameless practices in order to entrap innocent men."

While the Senate committee was in session Secretary Daniels announced that Admiral Sims would be called on to make good his charges either before the Senate or a naval board.

Stimulated, Chairman Butler of the house naval committee, announced that Major General Leonard Wood will be called before that committee to explain statements attributed to him that American naval vessels were "floating death traps." General Wood explained at Portland, Maine, today what he said was that naval ships manned by untrained crews would be death traps in battle.

Daniels Confident.
"When the smoke blows away," the secretary continued, "I am confident that the people will see that the naval administration has been efficient."

Serious Charge.
Washington, Jan. 19.—Appointment of a sub-committee to determine the necessity of investigating charges of immoral conditions in the navy by John R. Rathem, editor of the Providence (R. I.) Journal, was authorized today by the Senate naval committee.

Mr. Rathem, in telegrams to members of the committee charged that "a condition of affairs in the navy department is rotten beyond conception and that with the knowledge of Secretary Daniels 'many seamen in the navy have been used for the most vile and nameless practices in order to entrap innocent men.'"

The telegrams also charged that a number of young men in the naval service, entirely innocent of any crime or misdemeanor, were held as prisoners in Newport since April 1919 without trial, and that every effort to bring them to trial had been thwarted by Mr. Daniels. That other men, dragged out of hospitals in serious physical condition, have been compelled, after hours of the third degree, to perjure themselves in order to convict innocent men; that the morale of the navy department is being rapidly destroyed, and that the entire blame for the situation stands at the door of Mr. Daniels and nobody else.

Betrayer of Edith Cavell Again Up For Trial

Paris, Jan. 19.—Georges Gaston Quisen, convicted and condemned to death, 1 a September last on charges of having had treasonable dealings with the Germans and having betrayed to them Edith Cavell, the English nurse, appeared before a court martial for trial for the second time today.

Many Ships In Distress On Atlantic

Storms and Gales Which Have Swept The Atlantic During Last 48 Hours Caused Many Hardships.

New York, N. Y., Jan. 19.—Wireless messages telling of more than a half dozen ships in distress off the Atlantic coast, received here last night and today, told the story of gales which have swept the eastern seaboard during the past 48 hours.

The Army transport Powhattan, disabled 300 miles southeast of Halifax, and the freighters Yarmouth, Independence, Wilhelm J. Eason, Lake Harney and Wakula were among the ships which were either laboring in heavy seas with flooded holds, or were stranded in shoal waters, indicating the distress to which the coastguard service has been put, it was said here today that there was no cutter available when the Lake Harney called for help, and the aid of private craft had to be secured.

Nantucket Island is reported cut off by ice, and a wireless message from the Holland American liner Nordam states that she is putting into Halifax, her coal supply almost exhausted in her battle with the stormy Atlantic.

New York Harbor, for the first time this winter, was filled with floating ice. Snow, accompanied by mist, made navigation hazardous, and nearly every vessel that came in had her bows encrusted with ice from flying spray.

TO COMMERCIALIZE SOLDIER DEAD

Overseas Mortuary Association Formed to Bring Back Remains of Heroic Canadian Dead from England, France and Belgium.

SOVIET RUSSIA RAISES OBJECTION TO U. S. RADICALS

Soviet Ark Consignment Safely Across Border When Authorities Say Only Three Will Be Admitted.

Toronto, Ont., Jan. 19.—Robert U. Stone, an undertaker of this city, says there is a movement on foot and arrangements have been well advanced by an organization known as the Overseas Mortuary Association, "to bring back the remains of the heroic Canadian dead from England, France and Belgium, to bury them in their own country." Mr. Stone says it is a private enterprise, with no Government connection, and is the result of an increasing demand on the part of relatives of the dead soldiers to have their loved ones laid to rest in Canada.

Prince of Wales To Leave March 15 For Australia

London, Jan. 19.—(By the Canadian Press).—It is definitely announced that the Prince of Wales will leave for Australia on March 15. He will not go to India this year but will return from Australia by way of Canada to visit his ranch in Alberta.

Powhattan Passengers Taken Off By Cedric

Boston, Mass., Jan. 19.—The White Star liner Cedric reported by radio tonight that she had taken off the passengers from the army transport Powhattan, disabled two hundred miles southeast of Halifax, and was "bringing them in." The Cedric is bound from Liverpool for New York.

IRISH LABOR IS TO BE RECKONED WITH IN FUTURE

The Results of the Irish Elections Are Still Incomplete, But Sufficient is Known to Place Labor at the Front.

SINN FEIN STRONG IN SOUTH PROVINCES

Proportional Representation Experiment Has Been Justified as it Has Secured Some Representation of Minorities.

London, Jan. 19.—(By Canadian Press cable).—The results of the Irish local elections are still incomplete and will not be fully known till Tuesday night, but some newspaper comment is available, though opinion is not unanimous. The view, generally expressed, is that the proportional representation experiment has been justified, as it has secured some representation of minorities, which otherwise would have been overwhelmed.

The Sinn Fein has been secured big majorities in the southern provinces, but its success in Ulster is greatly qualified and the Times says its ultimate significance is tempered by the remarkable demonstration of power and growth of Irish labor which the election results disclose. The Times does not think the intense nationalism of the Sinn Fein will ever permanently coalesce with Irish labor, which must necessarily enjoy wider sympathies and another ideal, but an immediate result of the elections may be to place another obstacle in the path of the present methods of Irish administration and create an impasse that has not been foreseen.

Anti-British.
The Daily Chronicle regards the introduction of proportional representation as vindicated, but notes, respecting the results, that the authorities in power are pledged to an anti-British policy and republicanism so that the administration will be confronted with fresh opportunities for obstruction and friction which will add to the urgency of an early settlement of the Irish problem.

The Daily Graphic is satisfied with the working of the proportional system and adds: "Now that the Irish local authorities have been elected on a thoroughly democratic, and at the same time equitable system, it will be interesting to see what use they make of this precious form of home rule."

Terjoki, Jan. 19.—(By The Associated Press).—The band of Bolsheviks in charge of the transfer, announced that the Soviet Government had decided to permit only three of the deported to enter. Their names have not been made public, but those thus favored are believed to be Emma Goldman, Alexander Berkman, and Peter Blansky (Blansky).

GERMAN HOPS GO UP IN SMOKE

Rochester, N. Y., Jan. 19.—Sixty thousand pounds of German hops valued at a dollar a pound were destroyed in a fire which damaged the main building of the American Brewery here this afternoon. The total loss will probably reach \$100,000.

Predict Renewal Of The Epidemic Of Influenza

Toronto, Ont., Jan. 19.—A renewal of the epidemic of influenza is predicted by the medical health authorities if reports that Chicago is now nursing twelve hundred cases are correct. Dr. E. Hastings, M. O. P., said, this morning, that, since it was not a reportable disease, an increase in the number of cases would not be known until deaths had occurred. He repeats his advice given last year "not to attempt to fight the disease with drugs or otherwise, but at the first symptoms to take a hot bath, laxatives and go to bed."

Premier Is Influenced By Agents

Lloyd George Had Straight Tips From Commissioners Which Prompted Raising of Russian Blockade.

London, Jan. 19.—One of the influences which prompted Premier Lloyd George to put forward a plan to raise the Russian blockade, it is learned, was a private letter from the Food Controller, George H. Roberts, who pointed out that if arrangements could be made to get foodstuffs from Russia, the prices in England, which primarily depended so largely on Russia for food, would rapidly decrease.

Another influence was a long telegram from James O'Grady, representing the British Government in the negotiations at Copenhagen, stating that his negotiations with Litvinoff, the Russian Soviet representative, which were subject to several hitched, could be made much easier if the blockade were lifted. That message was delivered to the premier on Friday last.

If Mr. O'Grady has rightly interpreted Litvinoff's desires, it shows that both the Bolshevik and the anti-Bolshevik sections want the blockade off. Just what foodstuffs are in Russia, where they are and who controls them is somewhat vague, the food ministry announces, but the best information in the hands of the Ministry shows that there must be an enormous amount.

Controller Roberts' statement that there are three million tons of wheat in Russia, was declared to be based on reports which the Ministry had received from time to time.

FIRE RENDERERS 600 HOMELESS

New York, Jan. 19.—One hundred and thirty-four families comprising more than six hundred men, women, children and babies, were driven from six apartment buildings in the bitter cold early today by a \$75,000 fire alarm fire at the northwest corner of Lenox avenue and 116th street.

Acting Premier Outspoken In His Condemnation of Senseless Kickers

Montreal, Que., Jan. 19.—Acting Premier George Foster startled members of the Canadian Club of Montreal, at the Windsor Hotel today, by repeating swear words. "Damn the Government," or "Damn the capitalists," were the ejaculations of many people, he said, in regard to the prevailing unrest and the high cost of living.

But, said Sir George, to throw a Government out and put in another, or to abolish the capitalist system and try another economic method would not mend matters. There were no short cuts to reconstruction. The world was short of necessities. Fifty million men had been engaged for five years in destruction, and another one hundred million men had been withdrawn from ordinary production to supply them with instruments of destruction. The work of reconstruction must come from within, and neither strikes, acts of Parliament nor the overthrow of the present economic system could effect it, was Sir George's conclusion.

ALLIES' DEMAND CAUSES ANXIETY AMONG GERMANS

Pan-Germans Had Hoped to the End That Allied Powers Would Not Ask for William's Extradition.

KING LUDWIG FLIES INTO PASSION

Switzerland Greatly Interested in Outcome of Allies' Demand as That Country is the Home of Many Political Refugees.

Geneva, Jan. 19.—A state of profound anxiety and astonishment reigns in pan-German circles over the official demand of the Allies for the extradition from Holland of the former German emperor, according to a dispatch from Basel, which is confirmed by Munich advices. The pan-Germans had hoped to the end that such a final step, which affects the whole case, would not be taken, the dispatch says. They argue that if their former chief is extradited nobody will be safe, because the government's hand will be forced.

It is reported from Lezardou that former King Ludwig of Bavaria on hearing of the demand for William Hohenzollern's extradition broke out in a furious temper, condemning the act of the Allies as impertinent and impudent. Former Emperor Charles of Austria, who is at present at Angenies, has refused to express any opinion.

BISHOP OF CHATHAM DIED YESTERDAY

Distinguished and Highly Esteemed Member of the Clergy Succumbed to Pneumonia—Beloved by All.

Chatham, Jan. 19.—The Right Rev. Thomas Frances Barry, D. D., Bishop of Chatham, died here today at 1.30 p.m. following an illness with pneumonia. His Lordship was of Irish parentage and was born at Polemonoch, N. B., March 2nd, 1841. In 1866 he was ordained to the Priesthood, and in 1899 was consecrated Bishop. He became Bishop of Chatham on August 2, 1902.

For many years Bishop Barry was a resident of Bathurst, where he erected a handsome church and presbytery while vicar general.

GOV'T SETTLES WITH SIR ROSS

Quebec, Jan. 19.—News reached here from Ottawa tonight that the claim made by Sir Charles Ross, relative to the expropriation of the Ross Rifle factory by the Government, has been settled out of court. The Government has agreed to pay Sir Charles Ross a sum of two million dollars in cash over and above all sums which he has already received. The report further states that an Order in Council will be passed tomorrow confirming the settlement as agreed upon.

CHARLOTTE CO. L. O. L. ELECT THEIR OFFICERS

Special to The Standard.
St. Stephen, Jan. 19.—The Charlotte county L. O. L. in session here tonight elected the following officers: A. S. Mundie, County Master; Henry Laby, Deputy County Master; A. G. Lewis, Chaplain; M. E. Baldwin, Secretary; F. N. Thomas, Treasurer; George Boyd, Frank McLaughlin, Lecturers; Walter Grompton, Director of Ceremonies.

The plans for holding a July 12th celebration will be determined at the next meeting.

The St. John Standard

Published by The Standard Limited, 92 Prince William Street, St. John, N. B., Canada. H. V. MACKINNON, Manager and Editor. THE STANDARD IS REPRESENTED BY: Henry de Clerque, Malters Bldg., Chicago; Louis Klebahn, 1 West 34th St., New York; Freeman & Co., 9 Fleet St., London, Eng.

ST. JOHN, N. B., TUESDAY, JANUARY 20, 1920.

MR. KING AND THE FARMERS.

The Opposition Leader offered his St. John audience two or three explanations of the rise of the Farmers' party. One was that a big delegation of farmers went to Ottawa, and were denied the privilege of having their spokesman address Parliament from the floor of the House, though it does not appear that the Government refused to listen to their views. Anyway, Mr. King tells us that the farmers were disgruntled by what they considered the arbitrary attitude of the Government, and went home vowing vengeance. As luck would have it the first opportunity they had to vent their wrath was when the Hearst Government went to the country; so they rose in their might and smote it hip and thigh. This explanation amused the audience, but it did not give much comfort to Premier Foster and his supporters in the Legislature who adorned the platform. If Mr. King's explanation of the farmers' uprising was all wool and a yard wide, then their Irish was up in such fashion that they were ag'in all Governments, including the amateur Government which has denied the farmers of Carleton County their full share of spokesmen on the floor of the Legislature for a long time.

Perhaps Mr. King as an afterthought reflected that his explanation of the Farmers' movement was not calculated to please the Provincial Ministers who had travelled far to grace his meeting and give him countenance. At any rate he soon invented another explanation. He went on to declare that the Farmers' movement came into being as a result of the defeat of reciprocity. And then on general principles he affirmed that the Farmers' movement was incubated and inspired by Liberal principles, apparently being content to allow his audience to infer that the farmers deemed it necessary to carry forward the campaign for Liberal principles because they could not trust the Leader of the Liberal party to stand out for what Liberal principles were and interpret them to the country.

When Mr. King said that the rise of the Farmers' party was due to the defeat of reciprocity, he might have added that the principal argument advanced by Laurier and Fielding to enlist the support of the farmers for reciprocity has since been disarmed by changes in the United States tariff. The farmers were promised a fine market in the United States if the reciprocity pact was adopted in 1911, but at present they would have little to gain in the American markets if the pact was put in force. The United States Tariff Commission has just issued a report, in which reference is made to the reciprocity agreement of 1911. The Commission says that at the time the reciprocity agreement was framed it would have resulted in considerably heavier reduction by the United States of the comparatively high tariff of 1909 than of the lower rates of the Canadian tariff. Since 1911, however, the situation has been in a large measure reversed, "because of the adoption by the United States of extensive reductions in tariff rates on foodstuffs and raw materials, and the imposition by Canada upon many manufactured articles of an additional tax of 7.12 per cent."

The report will show that the volume of imports into the United States from Canada which would be affected by the inauguration of the reciprocity agreement today has decreased both absolutely and relatively; although the total imports from Canada into the United States during the same period have greatly increased. In fact, duties upon faxseed and hay are now the only American rates of importance that would be reduced by the adoption of the reciprocity agreement of 1911. On the other hand the imports into Canada that would feel the effects of the agreement have greatly increased in value.

In the light of the facts contained in this report the strongest arguments once urged on behalf of reciprocity fall to the ground, and Mr. King will have difficulty rousing any enthusiasm for a lost cause. Similarly the report contains an effective answer to most of the arguments Mr. Creer is now using to catch the farmers' votes. If with an American tariff approximating that offered by the reciprocity agreement of foodstuffs and raw materials included in the scope of the pact have fallen off absolutely as well as relatively, it follows that the American market promised the Canadian farmers by the advocates of reciprocity did not exist then or has since been supplied by the increasing production of America itself.

THE RUSSIAN DANGER.

Allied policy towards Russia, which has been nearly as mysterious as Mackenzie King's attitude to practical politics in Canada, and which has so far been mainly productive of fiasco, is apparently to undergo a change of a certain sort. At any rate it is announced that while official recognition

will still be withheld from the Lenin-Trotsky Government, the blockade will be lifted sufficiently to permit the opening of a limited trade with the Russian people. Lloyd George expresses the view that the situation in Russia being comparable to the situation in France after the revolution of 1793 military pressure from without is only calculated to unite the Russians behind their de facto Government. As a matter of fact he preached the same view at the general elections over a year ago, and important newspapers in France and England have been preaching it for a much longer time. Mr. Lloyd George has not been master in his own house; Winston Churchill has not yet abandoned his ambition to have a first class war with Russia, and is still in open opposition to the Premier. Nor is Mr. Lloyd George without opposition in the Allied Council, where Clemenceau has had a lingering hope that some Frenchman among the multitude of military missions he has sent to the Anti-Bolshevik forces would prove a greater man than Napoleon, and show the way to the conquest of all Russia.

The International financiers of London and Paris want war with Bolshevist Russia, and the armament makers have no particular aversion to war anywhere; but the Governments of England, France and Italy have the best of reasons for fearing that an effort to launch a real war with Russia would provoke an uprising of the working class at home, and develop Bolshevism on an international scale. Militarily Bolshevist Russia now appears to be stronger than ever, and to overthrow the Bolshevists by force of arms would require a military expedition on a greater scale than any of the European Allies could afford—if they could induce soldiers to go to Russia. The strength of the Russian revolution, of which Bolshevism is probably only an incident like the Reign of Terror in Paris, lies in the fact that historically it corresponds to the French Revolution of 1793, and the English Revolution under Cromwell. The Russian revolution has overthrown Russian feudalism; the peasants have taken possession of the land, and naturally fear the anti-Bolshevists will restore the old landlords, as in fact Kolchak and Denikin have been doing whenever they occupied Bolshevist territory. Given peace, security and opportunity of trade, the Russian peasantry may be expected to take a different view of the dictatorship of Lenin and Trotsky. Now that dictatorialism represents a bulwark against the restoration of the old feudal regime which the peasantry have had good reason to hate. When it no longer appears in that light, there is reasonable expectation that the peasantry will get rid of it and establish some form of representative government guaranteeing their acquired rights, and enabling them to live in peace with their neighbors.

Allied recognition of Lenin and Trotsky would probably be dangerous; in any case it would serve no good purpose. Those bright adventurers would recognize no treaty or agreement any longer than that salted their consent. Their threats of promoting an international proletarian revolution which have scared the International Jews out of their wits are not easy of fulfillment. Their own so-called proletarian revolution has resulted in a great exodus from the Russian cities where the proletariat dwell. Their attempt to establish a communistic regime has proved a fiasco; economic evolution in Russia has not reached a stage where a communistic regime is practical. If Allied policy results in the peasantry changing their views as to the need of a military dictatorship to protect their newly won rights, Lenin and Trotsky may soon be seeking other worlds to conquer. But even with Bolshevism overthrown the Russian revolution is likely to persist, and leave the bourgeoisie in control of political affairs. And a bourgeois regime in Russia presents certain dangers to England's eastern Empire, though not nearly as great as Bolshevist propaganda does. In India, Persia and other eastern nations industrial development is creating a bourgeois class which begins to reach out for political power, realising the need of it in their business. Side by side with a bourgeois ruled Russia these other countries might possibly accomplish their bourgeois revolution without any great amount of bloodshed, or if British statesmanship is wise, without a rupture with England, just as the business men of Canada accomplished their revolution when Mackenzie King's grandfather, Papineau, and Joe Howe were making a noise in the land. On the other hand, a Bolshevist Russia, deriving power from a peasantry's fear of foreign intervention, has a chance—though not a great one—of setting the east aflame, and presently drawing western Europe into the conflagration.

WHAT THEY SAY

No Wonder. The tenants in a Chicago apartment house were greatly excited the other

night when fire broke out in the furnace room. They were hopeful that the heat would spread to the rest of the building.

The Real Need.

The editor of the Non-West Farmer is a courageous and original man. He has been reading a great deal about this and that "ism" put forward as remedies for the ills of this afflicted old world of ours. But he apparently has concluded that too much time has been wasted in trying to understand these proposals and suggest something simpler is required. Accordingly he sets up the Real Need Commandments and displays them in a neat booklet on his editorial page under the heading "The Real Need of the Hour." He declares his belief that these ten laws of right living "are just as surely the fundamentals of real prosperity as the observance of them is the true road to individual well-being and happiness."

U. S. Control of Paper Supply.

A bill was introduced in Congress on January 5 by Representative Christopher of South Dakota providing for Federal control of the entire paper supply of the country. Under the provisions of the measure, the Federal Trade Commission would be authorized to direct and control the available supply of newspaper paper and supervise its allocation and distribution. Present contracts between manufacturers of newspaper and newspapers would be abrogated or suspended during the life of the act, or for a period of one year.

Maybe So.

A report from Ottawa states that of trade credits of \$25,000,000 each granted to France, Belgium, Greece and Romania for 1918, but about \$40,000,000 has been used. This seems to indicate remarkable recuperative qualities on the part of these countries, more especially Belgium, which has thus far availed itself of only \$2,000,000. There is a credible inference in these figures that the work of reconstruction in countries devastated by the war is proceeding at a far more satisfactory pace than was at first thought possible, which, it is sincerely hoped, may ultimately prove to be true.

A BIT OF VERSE

HOPE.

(Suggested by Watts' Famous Painting, "Hope.")
Herbert E. Collins.
Upon the world she crouches there;
Her folded eyes no longer shine
As with eternal hope divine;
Her huddled form would say despair.
Though all seems lost, there still remains,
Engulfed by the darkness void,
One gleam of hope that's not destroyed,
One string her broken harp retains.

Through thrones and empires totter,
Through fingers red in frenzy clutch
At brothers' throats, desiring much,
And yet, without love, losing all;
Though turmoil, quarrel, strife increase,
And flames of hatred fiercely fan'd,
Though thoughts of brotherhood
Seem hand'd,
And distant seems the Day of Peace,
And dark the night; yet God forbid
That we should yield us to despair,
When stars above are shining fair,
Though earth in darkness should be hid.

For Hope shall never cease to dream;
Her harp retains one perfect string;
The earth shall yet in gladness sing
When Common Sense shall reign supreme.

A BIT OF FUN

Philosophy of It.

"Alas!" sighed young Callow, "if only Eve hadn't been so fond of apples."
"My dear boy," said Cynicus, "Eve wasn't so very fond of apples, but that was the only forbidden fruit."
Undecided.
"What is Smith going to do, now that his fortune is gone?"
"He's undecided whether to be a chauffeur to his former butler, or to follow his former chauffeur."
Didn't Know Greek.
"You don't intend to have the hot polio at supper, do you Mrs. Come-up?"
"Why of course, if we can get hold of a cook that knows how to make it."
Different Tactics.
"I suppose, in these prohibition times, husbands will not stay out as late at night as they formerly did."
"Oh, yes, they will; but they will be able to offer more coherent excuses."
An Easy One.
A lecturer was speaking on titillity and during his discourse he picked up a sieve that was lying on the table.
"Now for instance," said the lecturer

Benny's Note Book

BY LEE PAPE

Me and Leroy Shooter was standing outside of Mary Watkins house in case Mary Watkins mite come out, and Leroy Shooter sed, G, gosh, look whose coming with a round hat with checks on it. Meaning Puds Simkinose slasey curstin Persey, and I sed, Gosh, G.

And when Persey came up, Leroy Shooter sed, Hello Persey, wase did you get that hat, O boy, some hat, wy dont you start a perrade by yourself?

Wy, wat? Wats the matter with it? sed Persey, and I sed its a hook of a looking hat, if I didnt have eny thing better looking than that to ware, Id come out in my bald hed.

Ive seen some funny looking hats, but that ones funnier looking than all the rest put together, sed Leroy Shooter.

Wat? Wy? Wats funny looking about it? sed Persey. Wich jest then Mary Watkins came out, saying Hello boys, O Persey, wat a perfectly bewtiffil hat.

These fellows was jest saying it was funny looking, sed Persey, and Mary Watkins sed, The very idee, there must be sumthing the matter with their tast, I think its perfectly lovely.

And she kepp on admiring it out loud, and I sed, I think its all rite, I jest sed it waseent for fun, I gess Persey cant take a joak, and Leroy Shooter sed, it aint suth a bad hat, its a all rite hat, Ive saw funnier looking hats than that allredy.

And when pop came home I asked him to take me up to the hat store before suppr, and buy me a round hat with checks on it, wich he took me up to after I proved to him about 6 times that I needed a new one, and who did weest going in the hat store but Leroy Shooter and his father, Mr. Shooter saying to pop, Hello Potts, Im afraid this kid of mine will dishnerit me or sumthing if I dont buy him a round check cap. Meaning Leroy, and pop sed, This one too.

Meaning me.

impressively, "you can see the utter utility of carrying water in this sleeve."

"Oh, I don't know," spoke the man in the audience, "I guess it can be done."

"Can be done!" exclaimed the lecturer, with a superior glance at the other. "Will you be good enough to tell me how?"

"Certainly," was the prompt rejoinder of the man. "Wait until the water freezes."

THE ANNUAL MEETING. The Women's Association of Germain Street Baptist Church held their annual meeting yesterday afternoon, electing the following officers: Mrs. N. C. Scott, president; Mrs. George Parker, secretary; Mrs. J. W. VanWart, Treasurer; Mrs. Vaughan, convener of the visiting committee. This society is formed of representatives from all the organizations of the church, and reports are heard at its meetings of the activities of the various departments of church work.

privileges that is denied to the general public.

Yours very truly, LONGFELLOW.

IN THE EDITOR'S MAIL

CITY SAND TEAMS ADRIFF. To Editor of The Standard: Sir, I wish to call your attention to a matter that is causing a good deal of comment. I refer to the very careless manner in which the city sand teams are allowed to wander along the street without a driver as they are doing this winter. These teams are very often in the way of all kinds of traffic. This is a real grievance. The city fathers who make the laws are the first to break them. This does not reflect any discredit on the so-called driver, who is walking along the street with a bucket of sand on his arm, just as he has been ordered to do by the superintendent, who apparently has full charge. We would like to know why this is allowed by the policemen who are the guardians of the rights of the people. And why is the department of public works allowed to take for themselves

"Better be Sure than Sorry!"

Build Now

There's no prospect of lower prices; the tendency is rather to advance. But, St. John prices are low by comparison; for example:

In Boston, all grades of spruce for house building averages \$75 per 1000, with 'refuse' at \$50 per 1000.

In St. John, spruce averages \$48 per 1000, with 'refuse' at \$33 per 1000.

BUILD, AND MAKE REPAIRS NOW, to guard against advance in prices.

We furnish EVERYTHING IN WOOD AND GLASS FOR BUILDINGS.

Stomach Disorder

Only Six Months To Live. Read What B. B. B. Did For Him.

Mr. Hans Kuhn, Magnolia, Alta., writes: "Some years ago I became very sick from stomach disorder, which the doctor told me had started from drinking bad water. I tried local doctors, but, finding I got worse from day to day I went to a doctor in Edmonton. He told me that I must have an operation, and that if I didn't I couldn't live any longer than six months. I told him I had better die after six months than be cut to pieces. I did not have the operation, but returned home. No one was there to meet me at the station, because they did not know I was coming. I felt so bad I couldn't walk farther than 10 yards without resting. It took me 6 hours to walk 2 miles; the distance from the station to my home.

Some weeks later I read an advertisement about your Burdock Blood Bitters. After I had used one bottle I felt much better, and after I had used three bottles I was completely cured; therefore you see your B. B. B. has saved my life, and I cannot praise it too highly."

Burdock Blood Bitters puts the stomach into shape by promoting perfect digestion, and restoring health and strength to the system. Manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

Rich Red Blood

means health—means mental vigor and physical strength.

What women in particular need to purify and enrich the blood—build up and invigorate the system, and clear the complexion—is

Dr. Wilson's LERBINE BITTERS

It is a true blood purifier—a blood food—made from Nature's healing herbs—and has given new health and happiness to thousands of women during the 80 years and more it has been before the public.

Diamonds in 1920

Our advice to those who are intending to buy diamonds is to make the purchase at once. All indications are that the great demand of the past few years will continue in 1920 and the limited supply of gems not be materially increased.

We are advised by those in closest touch with the situation that diamond prices will be much higher a year from now, and that the first of a series of price advances may be looked for within the next few weeks.

You are cordially invited to inspect our stock.

ANNUAL MEETING OF
CEDAR HILL COMPANY
Reports Received Last Even-
ing—Officers Were Elect-
ed—Will Purchase Man-
wagonish Road Property
As an Extension.
The annual meeting of the lot hold-
ers of Cedar Hill Cemetery Company
was held in Temperance Hall, Fair-
ville, last evening.
Reports were received from auditor,
treasurer, secretary and directors.
On motion E. O. Jones was elected
president and six other old directors
were also elected.
The meeting recommended that the
directors proceed to go ahead with
their plans of acquiring property un-
der consideration along the Manaw-
gonish Road as an extension to Cedar
Hill.
It is expected that this property will
be taken over immediately as Cedar
Hill lots are nearly all purchased.

Common Council
Met In Committee
Delegation Appealed Yester-
day for Early Development
of Rockwood Playgrounds
—Lighting Estimates—The
Ferry Estimates—Other
Business.

At a committee meeting of the com-
mon council yesterday morning a de-
putation representing several organiza-
tions appealed for an early develop-
ment of Rockwood playgrounds. After
hearing addresses from different mem-
bers of that delegation, the Mayor,
Commissioner Thornton and Commis-
sioner Bullock said it was estimated
\$25,000 would be required to establish
the proposed playgrounds. Commis-
sioner Jones and Fisher also spoke
in favor of the development.
Commissioner Fisher was author-
ized to prepare a report on the cost of
laying out the grounds and of having
expert advice in the matter.
Messrs. F. A. Dykeman and W. C.
Cross requested that the city carry
out in regard to Alexandra Heights
the terms of a contract entered into
by the city and the owners of the
property on June 13, 1913, whereby in
consideration of the erection of a
bridge, a portion of the cost of which
was paid by the city, and of road
grading, the city was to provide water
and sewerage. The mayor and several
members of the council said they
did not know the contract existed.
The matter was referred to the com-
missioner of water and sewerage for
a report.
On motion of the commissioner of
safety it was decided that leases to
Market stalls and stands for the pe-
riod of one year from May 1st next, be
issued at an increase of ten per cent.
over the present rate, and that the
weighing machine at York Point be
rented for the year at \$50, instead of
\$25 as at present.
Commissioner Thornton presented
the lighting estimates as follows:
1920, \$42,126; 1919, \$41,358. Three
additional arc lights and six additional
100-watt lights are provided for.
Commissioner Bullock presented the
ferry estimates as follows: Estimates
of total outlay for 1920, \$110,150; es-
timated revenue, \$45,000, estimated
appropriated, \$67,104.50. The salary
increase proposed is \$200, and the
cost of operation is advanced by rea-
son of high prices in coal and de-
crease in quantity measurement by
reason of the short ton.
At the request of Commissioner
Thornton, Commissioner Bullock ad-
vised that the following increases
were asked for the ferry staff: Cap-
tains, from \$120 to \$145 per month;
engineers, \$120 to \$150 per month;
mates, \$115 to \$130 per month; car-
penters, \$14 to \$129 per month.
Both the light and ferry estimates
were laid over for discussion.

OBITUARY
William Mitchell
Joseph A. Johnson, of Quispemis,
received a wire Sunday evening of the
death of his son-in-law, William Mit-
chell, which occurred in Toronto. Death
was a result of septic poisoning after
an illness of only two days. No par-
ticulars of the circumstances were re-
ceived. The funeral will take place in
Toronto in the Mount Pleasant
cemetery, Mr. Mitchell was born in
England, but came to Canada when
quite young and for twenty years re-
sided in St. John, where a valued em-
ploye of W. H. Thorne and Co. for
some time. He moved to Toronto about
three years ago. He is survived by his
wife, who was formerly Miss Annie
Johnston, of Quispemis, and one
daughter, about four years of age.
While in the city Mr. Mitchell was a
prominent member of the Oddfellows
of the North End.

John M. Frigg
Special to The Standard.
Woodstock, Jan. 19.—This morning
one of our very best citizens, John M.
Frigg, departed this life, aged 72
years. He was a resident of this city
up to two months ago he could
always be found at the Medunakik
grist mill, of which he was proprietor,
waiting upon customers in his usual
pleasant manner, when he was afflic-
ted with an incurable malady and suf-
fered severely until the end. He was
born in High Cliff—Sea, England,
and came to Woodstock when a young
man, engaged in and continued in the
milling business until his death. He
was a Conservative in politics and a
consistent christian all his life, being
affiliated with the Methodist church.
He had not an enemy in the world.
Everybody claimed him as a friend.
He is survived by the widow and two
children, George, in the Canadian
West, and Mrs. James M. Queen, of
St. John.

Mrs. Geo. N. Segoe
Fredericton, Jan. 19.—Mrs. Geo. N.
Segoe died this morning at her home,
128 George street. She was born at
Upper Gagetown upwards of ninety
years ago. Her maiden name was
Lucy Ann Roberts Creighton. Her
husband died some years ago. He
was a barrister and was city clerk of
Fredericton at the time of his death.
One daughter, Annie, wife of James
M. Lemont, of this city, survives.
Mrs. Segoe was the owner of a wooden
building at the corner of Chancery
Lane and Queen street in this city
which originally was built as the
king's provision store at the time of
the coming of the loyalists and in
which the first session of the legisla-
ture of New Brunswick in Fredericton
was held. She was for many years a
valued member of the Methodist
church of this city.

Miss Estella G. Boyd
Gagetown, Jan. 15.—On Tuesday
morning it was learned with regret
that Miss Estella G. Boyd, daughter
of Jarvis Boyd, had passed away at
her home here during the night, after
being in failing health for some time.
Last winter an attack of influenza
greatly weakened her, and a cold con-
tracted in the autumn could not be
shaken off, so that she failed rapidly.
Miss Boyd was a graduate of the Pro-
vincial Normal School, and had taught
for some years in the province, her

Dartmouth Man
Gained 15 Pounds
Five Years' Trouble Removed
and He Works Every Day
Since Taking Tanlac.

"I have gained fifteen pounds in
weight since I began taking Tanlac,
and if I had known about this medi-
cine three years ago I would have sav-
ed many a dollar to say nothing of the
suffering I went through," said Mr.
Joseph Clattenburg, Brenton street,
Dartmouth, a carpenter, while in Kin-
ley's drug store in Halifax, Canada,
recently, continuing Mr. Clatten-
burg said:
"My trouble started five years ago
with occasional attacks of indiges-
tion, which kept getting worse and
more often until I was unable to
eat anything at all. I had no ap-
petite, and the little I did
manage to eat would bloat me up and
keep me feeling miserable for hours.
I had sharp, cramping pains all
through my stomach which would
nearly draw me double and I was
constipated all the time, my liver was
sluggish and I had no energy. My
tongue was badly coated all the time,
and my skin had a yellow, sallow
appearance. I could get but little
sleep and always felt so bad in the
mornings it was all I could do to get
out of bed. I was so badly run down
that some days I just had to quit
work and go home, and I have often
had to lay off from work seven or
eight days at a time. Added to my
other troubles, a short while ago I
had an attack of jaundice and was
unable to work for two weeks. I had
lost considerable weight, and my
strength was just about all gone.
I had tried many different treat-
ments and medicines without being
benefitted and was very much dis-
couraged, but when I heard so many
people praising Tanlac I decided to
try it. At the time I started taking
it I had been off from work for over
a week, but before I finished the first
bottle I was back on the job, and
haven't lost a day since. I have
taken six bottles in all, and my ap-
petite has improved until I eat as much
at one meal now as I did all day be-
fore, and am never troubled with
pains, gas, sour or upset stomach, or
any other bad feeling. I am not con-
stipated, and my liver is in fine shape
again. My tongue is never coated and
my skin has cleared up to a good
healthy color, and I sleep all night
and that tired, sluggish feeling is all
gone. In fact, I haven't felt better
in years than I do now; but I don't
believe I would be able to work today
if it hadn't been for Tanlac, and it
is a genuine pleasure for me to make
this statement."

Tanlac is sold in St. John by Ross
Drug Co. and F. W. Munro under the
personal direction of a special Tanlac
representative.—Adv.

ST. JOHN'S GREATEST
MERCANTILE EVENT
Oak Hall's 31st Anniversary Sale
Grows in Popularity Each Day.

Oak Hall's claim that their univer-
sally sale is St. John's Greatest Mercan-
tile Event has certainly been substan-
tiated. One but has to see the crowded
store from opening till closing time to
realize this fact. Oak Hall, expecting
large crowds of merry shoppers made
considerable additions to their sales
force, but even these extra employes
people, along with their regular staff,
were unable to cope with the situation,
so that further assistance had to be
brought in, all going to prove how pop-
ular this event really is.

Of course there is a reason for this
and it is simply that the Oak Hall sale
is entirely different than most sales.
At an Oak Hall anniversary sale every-
thing in the store is marked at a sub-
stantial reduction, odd lots are given
tremendous markdowns, and, further,
there are thousands of dollars worth of
new goods procured especially for this
event at very low prices for cash, and
are put on the tables at a very mini-
mum of profit. It is doubtful if there
is another large store in Canada that
runs a sale on such a wide, compre-
hensive plan; it is a tremendous under-
taking, but Oak Hall believes that in no
better way could they show their ap-
preciation to their friends and custom-
ers than by giving them this great op-
portunity to economize and that this
method consolidates and widens their
acquaintance throughout the Province
as no smaller attempt possibly could.
St. John's Greatest Mercantile Event
ends Saturday night at ten o'clock, so
you have not many more days to make
up your mind to take full advantage of
the economical possibilities offered.

THE NAVY LEAGUE
The Provincial Red Cross have do-
nated to the Navy League about fifty
pairs of woollen socks, and which have
been thankfully received, and they
will be used for sailors needing those
from time to time, being distributed
from the Seaman's Institute.

last school being at Campobello. She
is survived by her father, and four
sisters and four brothers. Her sis-
ters are, Miss Ethel M. Boyd, at home;
Mrs. O. H. Peters, of Charlottetown;
P. E. I.; Miss Alice Boyd and Miss
Edna B. Boyd, who are principals of
Provincial schools. Her brothers are
Ernest, George, Leslie and Thomas,
all at home. Miss Boyd had many
friends through the province who will
hear of her death with regret, and
much sympathy is expressed for the
bereaved family circle.
The funeral took place on Thursday
afternoon, the funeral procession
which was a long one, proceeding from
Miss Boyd's late home to the Gage-
town Methodist church, and thence to
the Methodist cemetery, where in-
terment was made in the family lot.
Rev. L. H. Jewett, pastor of the
church, conducted the services, and
the pall bearers were Rev. O. H.
Peters and Miss Boyd's three broth-
ers, Ernest, George and Leslie.

Samuel Mooney
Toronto, Jan. 19.—Samuel Mooney,
member of the Live Stock Monney,
firm of Tuxar and Mooney, this city,
dropped dead this afternoon
while selling stock at the Union Stock
Yards. He was sixty years of age.

PORTA EXONERATED

A mild rebuke of Professor Porta was made by Mr. Herbert Garrison at the Central Hall, Westminster, in his Royal Colonial Institute Christmas lecture for young people, which dealt with "Volcanoes and the Fire-belt."

BRINGING UP FATHER.

CANADIAN DOLLAR WORTH FORTY CENTS SAYS ECONOMIST

Expert on Financial Matters Discusses With Ottawa Audience Monetary Situation—Dominion and Other Bank Notes Are But the Shadows of Money.

Ottawa, Jan. 15.—That the Canadian dollar is worth 40 cents, and that the Dominion and other bank notes are but the shadows of money, was stated by Prof. S. A. Cadmore, formerly of Toronto University, and an expert on financial matters, in his address before Knox Brotherhood of Knox Presbyterian church. He emphatically declared that the paper money basis on which Canada was operating was one of the direct causes of the high rate of exchange of gold in the United States, and that in view of the shortage of gold in Canada and adverse trade balance with the United States, the Dominion Government dare not resume gold payments. Prof. Cadmore declared that there is a greater export of goods to the United States with less buying from that country would assist to rectify the present situation.

Speaking on money and the exchange situation in Canada, Prof. Cadmore went exhaustively into the question and gave his audience a comprehensive grasp of the whole problem.

Gold Dollar Scarce.

Commenting with the statement that money was the medium of exchange, Prof. Cadmore said that during the last forty years the tendency of the nations had been to establish themselves on a gold basis. The Canadian gold dollar weighed 25.8 grains and was 23.2 grains of pure gold. Canadian dollars were not plentiful before 1914, and were even less plentiful at present. The actual daily business of the country was carried on by means of silver, copper and paper money. This was in reality token money, and the paper money was in the nature of promissory notes. Before the war it was possible to exchange Dominion notes for gold at any time. The quantity of gold in possession of the government at that time was nearly sufficient to pay all these promissory notes, even if presented on the same day. With regard to bank notes, these could be exchanged for Dominion notes, for which gold was obtainable.

Dwindling of Gold.

"Unfortunately a change in this situation has occurred during the past few years, and while we used to think with scorn of nations who were on an inconvertible paper money basis, the Dominion Government, at its first war session in 1914 placed Canada on an inconvertible paper money basis, and now Dominion notes are not as good as gold."

As a consequence of this the Government today was not carrying out the promise stated on the face of Dominion notes, and one reason was that at present there was \$300,000,000 of Dominion notes in circulation as against \$120,000,000 in gold held in the treasury. As a result of this the Canadian dollar was only worth about 40 cents.

Professor Cadmore declared this to be a serious situation, which must be rectified at the earliest possible moment.

Must Get Back to Gold.

"We must get back to a gold basis," he declared, "as at present bank and Dominion notes are only shadows of money."

The speaker felt that if Canada could attain to the pre-war gold basis a great betterment would immediately result in the exchange rate.

Canada's buying in the United States exceeded her sales. If individuals were permitted by the government they would instead of paying the exchange rate, pay for their purchases in gold.

"The government dare not allow us to do this," said Professor Cadmore, "and it dare not resume gold payments as long as it is reasonably sure that the gold would immediately go to the United States. We must pay in goods or gold for every dollar's worth of goods purchased in the United States. During the year ending September 30, 1919, the adverse trade balance against Canada in the United States was \$208,000,000 and at this rate Canada's gold reserve would only last six months if the Government permitted gold payments."

Professor Cadmore scored a major portion of Canadian purchases in the United States as luxuries, articles the country could do without. This was conclusively shown in November, when the exchange rate climbed to a new

high.

Some Canadian Political Topics

Mr. King in Prince Edward Island Considered Greater Promiser Than Statesman—Minority Government in Ontario—Minister of Finance on Canadian Business Outlook.

Ineffective Leaders.
(Charlotte Harbor Guardian.)

Mr. King harped on the idealism of Liberal principles as a solution for the problems of the day, but he had nothing concrete to offer, and when one gets away from the transient effect of his dramatic oratory, which he plays for all it is worth, one seeks in vain for anything he has said which will help to restore a bruised and broken world to health and strength. His world to health and strength. His world to health and strength. His world to health and strength.

Mr. Lapointe was more fortunate in his theme and his application of his lesson. He pleaded for unity and co-operation for the attainment of a great and glorious Canada, and one felt that he believed in his mission to bring the two great races into greater harmony and to a better understanding of one another's aims and aspirations. He dealt with the record of the Borden Government without restraint and with a freedom that was refreshing, but he failed to make any really effective criticism.

A Cheap Politician.

(Moncton Times.)

The Hon. McKenzie King, the leader of the opposition at Ottawa, represents Prince County, Prince Edward Island, in Parliament. Mr. King arrived in the town of Summerside which is a part of his constituency, on Tuesday evening. He was met by a number of delegations from different parts of the county, who asked that various public works be proceeded with. A delegation from Alberton asked for an expenditure of public money in connection with the wharf there. Another delegation, from O'Leary, asked for the erection of a public building in front of the post office and customs house. Other delegations asked for dredging, for the construction of branch lines of railway and one asked for the diversion of the main line of the Prince Edward Island Railway from Port Hill station to Tyne Valley. In other words this latter delegation asked that the main line of the railway be "bent" to include Tyne Valley, when the railway is standardized. Those who know the country know that these delegations asked for almost impossible things. To "bend" or divert the main line of the railway from Port Hill to Tyne Valley would cost more than the district in question would earn for the railway in half a century. Yet Mr. King, who has undertaken to lead a great political party in Parliament, did not have the manliness to tell these delegations that they were asking for impossible things. Instead, according to the newspaper reports, he said he would use his utmost endeavors to have the claims presented to the government. Mr. King knows that the interest on the debt, pensions and other charges due to the war amount to nearly three hundred million dollars, or practically the whole of the ordinary revenue of the country. Yet he did not have the manliness to tell these delegations in the constituency he represents in Parliament that it would be impossible to meet their demands. Instead he led them to believe that they were entitled to consideration. Only a politician of the smallest calibre would resort to such tactics and they are quite unworthy of one who essays to lead a political party or the government of the country. Mr. King is a cheap politician rather than a statesman or a great political leader.

Encouraging Figures.

(Montreal Herald.)

Some very encouraging figures are given by Sir Henry Drayton, the Minister of Finance, in an article contributed to a special edition of Toronto Globe. Speaking of Canada's trade he says that for the eight months of the fiscal year ending November 30 last, Canada imported for consumption from all countries goods to the value of \$638,359,157, as against an export of domestic and foreign products to other countries to the value of \$835,973,474, a resultant favorable balance of trade for the eight months of over \$200,000,000. In the face of such figures and results it is safe to venture the prophecy that at the close of the present fiscal year Canada will enjoy a favorable balance of trade of large proportions.

For several years Canada has demonstrated that she holds a place in the world's commerce of no mean character. In the words of Sir Henry, if ever a people had for their own

figure, caused by purchases for the Christmas trade.

In Professor Cadmore's opinion, Canada could not hope to have its dollar on a par with the United States dollar until the purchases and sales between the two countries were more equal, and then not until this country resumed gold payment.

Professor Cadmore entered a strong appeal for a greater degree of thrift on the part of the Canadian people and stated that future historians, relating the deeds of Christian soldiers during the war, would also have to relate how the number of motor cars in Canada jumped from 70,000 in 1914 to 275,000 in 1918, and approximately 350,000 in 1919. This was in the nature of a contrast between public poverty and private luxury, and was one of the underlying reasons for the present industrial unrest. If Canada was to occupy a high place among the nations there must be the watchword of all the citizens. If a business firm did not have the money to pay its notes it would become demoralized, and the same was also true of a country.

THE WONDERFUL FRUIT MEDICINE

Every Home in Canada Needs "FRUIT-A-TIVES"

To those suffering with Indigestion, Torpid Liver, Constipation, Sick or Nervous Headaches, Neuralgia, Kidney Trouble, Rheumatism, Pain in the Back, Eczema and other skin affections, "Fruit-a-tives" gives prompt relief and assures a speedy recovery when the treatment is faithfully followed.

"Fruit-a-tives" is the only medicine made from Fruit—containing the medicinal principles of apples, oranges, figs and prunes, combined with valuable tonics and antiseptics.

Political Power.

(Toronto Telegram.)

The foundations of Ontario's legislative and political sovereignty at the present moment may be set forth as follows:—

Votes polled for Hearst candidates on Oct. 20..... 391,278

Votes polled for Dewar candidates on Oct. 20..... 335,550

Votes polled for U.F.O. on Oct. 20..... 288,000

Votes polled for Labor candidates on Oct. 20..... 131,394

Votes polled for Independent candidates on Oct. 20..... 56,266

A Drury-Labor Government claims 56 seats, or a bare majority of the Ontario Legislature on a poll that compares as follows with the polls of the Hearst candidates on October 20:—

Total votes polled for the 56 members who support the Drury-Labor Government and the defeated U.F.O.-Labor candidates..... 389,484

Total votes polled for the 28 elected Hearst candidates and the defeated Hearst candidates..... 391,278

Votes polled for Hearst exceeded votes polled for U.F.O.-Labor candidates by a majority of..... 1,794

COULD NOT LIVE ON \$4,000 SALARY

Vancouver Postmaster Forced to Quit His Job.

Vancouver, B. C., Jan. 18.—(By Canadian Press.)—At a banquet in his honor, tendered by the postal staff of this city, R. C. MacPherson, who recently resigned as postmaster after eleven years service, declared that it was the high cost of living that had forced him to quit. He regarded, he said, the placing of Vancouver in the same category with respect to the salary carried with the postmaster's office with the cities of Regina and Ottawa, which places did about half the business of Vancouver, as a slight upon this city. Mr. MacPherson's salary was \$4,000 a year.

SPINNERS MADE EXORBITANT PROFITS

London, Jan. 18.—(By Canadian Press cable.)—The Central Profiteering Committee had an explanation given it of the exorbitant clothing charges. In giving evidence, Mr. MacKinder said that the Yorkshire spinners' wool profits ranged from four hundred to thirty-two hundred per cent. over the war office profit allowed on yarn. Sidney Webb said that when the report of the committee on worsted yarns was issued, and the public got to know the actual facts from the firms' books of the profits made by the worsted spinners and other sections, the trade would be crushed. What was happening in worsted yarns was happening in cotton.

Team Five—F. W. Girvan (captain), H. Mercer, G. A. Margret, K. C. Rice, S. B. Stokes, A. Milton.

Team Six—D. K. Hazen (captain), A. R. Carless, W. K. Haley, C. Day, S. C. Brygton.

The teams to play will be announced Saturday morning in The Standard.

NATIONAL HOCKEY ASSN. MEETING

Boston, Mass., Jan. 19.—The National Hockey Association meeting in annual session at the Boston Athletic Association building today decided that the ultimate winner of the Cornelius Fellows Cup should represent the United States in the Olympic hockey games at Antwerp in April. The trophy is now held by the Pittsburgh Athletic Association whose team will defend it against an all-Boston sextette and teams representing St. Paul and Cleveland Athletic Association in a series of matches to be played next month.

Y. M. C. A. Sports.

The Y. M. C. A. Junior "A" School Boys held a 50 yard dash yesterday on the indoor running track. Ralston came in first in 7 and 4-5th seconds; Murray, Sproul, Armstrong and Breen all tied for second place in 8 seconds flat; Brown and McLean came in third in 8 1-4th seconds.

A gold nugget, weighing nearly 12 pounds, has been discovered in the Kivu mines, in the Congo.

COMMERCIAL LEAGUE STANDING.

The standing in the first series of the Commercial League on Black's Alleys is as follows:		
Won.	Lost.	P.C.
C. P. R. Telegraph	34	10 77.2
Maritime Natl	31	15 74
Post Office	29	15 66.8
Atlantic Sugar	28	16 55.6
Imperial Optical Co.	28	16 53.6
Barbour & Co.	22	22 50.0
Ames-Holden	19	25 43.1
Western Union	19	25 43.1
Ford Motor Works	16	28 35.9
Vassie & Co.	16	28 35.9
Emerson & Fisher	14	20 31.8
Can. General Electric	18	36 18.1

Three prizes were awarded last evening to the three leading teams.

A meeting of the captains of the various bowling teams in the city was held Saturday evening to discuss the plan of asking the firms which the bowling teams represent to contribute towards additional prizes.

The highest single string held in the Commercial Bowling League was attained by W. Riley, of Vassie & Co., who reached 740. The highest team single string is held by the Post Office, being 500, and the highest team total, 1,287, is also held by the Post Office.

HAND BALL ALLEYS ARE GOING STRONG

The Y. M. C. I. handball alleys are going strong again, and some very keenly contested games are being played. The players seem to be divided into three distinct groups or schools of players: the old-timers who rose to fame in the games played years ago on city alleys; the youngsters who are picking up the game at Y. M. C. I. and a number of old St. Joseph's College boys who learned the game while students during college days.

As St. Joseph's may be considered the leader in the game in Eastern Canada, the local boys from there have to look to it that they maintain their proud boast, and at times they are hard put to do so by both of the other "schools" of players. How long the St. Joseph players will lead the Y. M. C. I. game remains to be seen.

JUNIOR TROPHY MATCHES.

At the St. Andrew's rink, on Saturday, Junior Trophy matches were played with the following results:

Skip 12 Skip 8

I. E. Murray, L. A. McLellan, W. R. Stewart, H. W. Rising, B. C. Earle, W. E. Stillwell, E. R. Sewell, H. G. McBeath.

Skip 12 Skip 8

J. H. Kinners, G. S. MacDonald, F. S. Swartz, P. D. McAvity, D. W. Puddington, F. J. Shreve, H. A. Allison, D. W. Ledingham.

Skip 14 Skip 10

G. D. Scarborough, R. S. Hayes, Rev. F. S. Dowling, A. R. Everett, A. L. Law, W. H. Dunlop, R. J. Dibble, G. T. T. R. K. Jones, G. T. T.

Skip 12 Skip 9

G. S. Hamilton, L. J. Siedensticker, R. B. Cummings, G. E. Barbour, F. G. Goodspeed, H. C. Simmons.

Skip 15 Skip 13

BIG Y. M. C. I. HIKE.

The members of the Y. M. C. I. Senior, Junior and School Boy classes are going on a hike for next Friday night. They are to meet at the Y. M. C. I. at 7 o'clock that evening. From there they will hike out towards Rockwood Park and vicinity. On their return showers will be held in the swimming pool will follow, after which they will repair to the recreation room upstairs, where an entertainment in which class members will feature will be carried out. The series of refreshments will be a fitting ending of the good time the Y. M. C. I. plan for the boys next Friday.

SEVEN THOUSAND WITNESS MATCH

Sydney, N. S., Jan. 19.—The doubles match was played in muggy weather in the presence of 7,000 spectators. The courts were slow owing to two days' rain.

Brookes gave a masterly exhibition, but Patterson's work was patchy. Kingspote played well, but Beamish was outclassed.

There were some fine rallies in the last set, but the Australian pair was far too superior to give the British team a chance.

BAN JOHNSON'S HUNTING TRIP

Chicago, Jan. 19.—President Ban Johnson, of the American League returned tonight from a hunting trip to Louisiana, where with President Heydler, of the National League, he drafted the major league schedules for the 1920 season. The schedules will be presented for adoption at the joint meeting of the American and National League club owners here next month.

IS WORLD'S CHAMPION

Boston, Mass., Jan. 19.—Waino Ketonen, retained his title to the world's middleweight wrestling championship here tonight when he gained two falls from Mike Yokel, a former title holder. Yokel won the first fall in forty-two minutes, but the champion took the next two in seventeen minutes thirty seconds and twenty minutes and seventeen seconds respectively.

Curling Events With Local Clubs

Thistles Sending Rinks to North Shore and Fredericton—St. Andrew's Ferguson Cup Results—President's Trophy at Thistles.

GOING TO NORTH SHORE.
W. A. Shaw, J. S. Malcolm and F. A. McAndrews, of the Thistle Curling Club, have been elected skips for the trip to the North Shore. The date has not yet been arranged for the visit.

FOR FERGUSON MEDAL.
The first two rinks of a series to be played at the St. Andrew's rink for the Ferguson medal was curling last night. Scores by rinks follow:

Rink 11. Rink 12.

R. Melrose, W. L. Patterson, D. Cameron, A. G. Shatford, C. P. Sanford, W. V. Gale, A. R. Melrose, H. H. McLellan, Skip 10 Skip 7

THISTLES VS. FREDERICTON.
At a meeting of the Thistles, last evening, W. A. Shaw, J. S. Malcolm, H. C. Olive, A. D. Malcolm, S. W. Palmer and F. A. McAndrews were chosen to skip six rinks to play against Fredericton at the Capital tomorrow. Three rinks curl in the afternoon and three in the evening.

AT THISTLE RINK.
Another game was curling last evening on the Thistle curling ice for the president's trophy. Following are the scores by rinks:

Rink 1. Rink 2.

James Hoyt, F. M. Cole, G. S. Stubbs, J. C. Mitchell, D. Cameron, A. G. Shatford, F. A. McAndrews, R. S. Orchard, Skip 4 Skip 21

Rink 3. Rink 6.

L. Allan, R. E. Mc Kendrick, W. C. Brown, E. M. Olive, Percy Howard, J. C. Chesley, R. E. Crawford, Skip 7 Skip 10

Eastern Hockey League Match

Special to The Standard.
Sackville, N. B., Jan. 19.—There was a keen contest in the Eastern Hockey League game between Moncton and Sackville which took place tonight in the Sackville rink. The game started out fast, both teams holding their own amid intense excitement from the fans. Eventually Lane scored for Moncton, the period ending 1-0 in favor of the visitors.

In the second period the game shifted from end to end of the ice with great rapidity, Sackville having a little the better of the play, but was unable to pierce Moncton's stone wall defence. The period ended with no score.

The fans went wild with excitement in the final period, the local team being determined to break through their opponents' defence, but the visitors held on tenaciously. For about ten minutes play was in Moncton territory, but gradually Moncton succeeded in bombarding Sackville goal. Flannery scored once and G. Carroll twice for Moncton. The game ended 4-0 in favor of Moncton.

Play was by no means rough, although a number of penalties were handed out to both teams. Frank Brown, of Moncton, refereed satisfactorily. The line-up follows:

Moncton—Dauphine, goal; G. Carroll, point; Wilson, cover; Lane, centre; Ingram, left wing; Flannery, right wing. Spares, F. Carroll, McLeod, Milton, Belliveau.

Sackville—Tracey, goal; Copp, point; Gray, cover; Fowler, centre; Fisher, left wing; Horsler, right wing. Spares, Taylor, Pickard, Edgett, McAllister, Brundage.

AT THISTLE RINK.

Another game was curling last evening on the Thistle curling ice for the president's trophy. Following are the scores by rinks:

Rink 1. Rink 2.

James Hoyt, F. M. Cole, G. S. Stubbs, J. C. Mitchell, D. Cameron, A. G. Shatford, F. A. McAndrews, R. S. Orchard, Skip 4 Skip 21

Rink 3. Rink 6.

L. Allan, R. E. Mc Kendrick, W. C. Brown, E. M. Olive, Percy Howard, J. C. Chesley, R. E. Crawford, Skip 7 Skip 10

THE SPRING CIRCUS.

The Y. M. C. A. Leaders Corps held a preliminary meeting last night at the Y. M. C. A. to organize for the Spring Circus, which will be held March 19 and 20 next, when a demonstration of the physical work of all the different classes throughout the winter will be given. A ring master and the usual quota of clowns will also be on hand to enliven the meeting. A second meeting of the Corps Leaders will be held Thursday when a definite programme will be drawn up.

THE McLELLAN CUP.

Moncton, Jan. 19.—Two rinks of Bathurst players successfully retained possession of the McLellan Cup against two rinks of Sydney players in Bathurst tonight. The result was as follows:

Bathurst Sydney

Sailed Sunday
The steamer New Georgia, of the El-

der Dempster line, sailed Sunday for Cape Town, South Africa, with a large general cargo.
Nearing Ice-bound Steamer
North Sydney, N. S., Jan. 19—A wireless message received from the icebreaker Montcalm timed at four o'clock Sunday afternoon and giving her position as twenty miles west of Cape North, reports the absence of ice. The Montcalm expected to reach today the position of the Canadian Stealer, which is ice-bound with a cargo valued at \$40,000 for the Magdalen Islands.

Freighter Picked Up
New York, Jan. 19—The freighter Yarmouth, disabled off Cape May, N. J., during a storm, was being towed into Delaware Breakwater by the coast guard cutter Itasca today. The disabled steamer has cargo of liquor valued at \$2,000,000.
Ashore East of Blue Point
New York, Jan. 19—The American steamship Lake Harney, in the coastwise service, was reported ashore today one and one-half miles east of Blue Point coast guard station on the Long Island coast.

Undergoing Repairs
The C. P. O. S. Liner Empress of Britain is undergoing repairs in England. She is being refitted and is also having oil burners installed. When completed the vessel will be one of the finest steamers in the C. P. O. S. fleet.
Will Be Overhauled
The C. P. O. S. Liner Empress of France will be taken off the St. John Liverpool route after her return to England, where she will receive a thorough overhauling. She will be replaced by the Melita which was on the government service to India.

Steamer Notes
The Canadian Navigator sailed from London on Jan. 14th and is due here about the end of the month. The Canadian Voyager also sailed from Liverpool on Jan. 16th and is due here about the end of the month.
The Head Liner Currier Head, is due here on Wednesday to load for Dublin.
The S. S. Willpolo docked at Me-Leod's Wharf yesterday morning and is loading a cargo of grain for Greece.
The Furness Withy Liner Stark Point, sailed from London on Jan. 15 for the port with general cargo.
The Furness Withy Liner Caterino sailed on Jan. 15 for Payal for this port.
The Manchester Division is due here from Manchester.

NO MARRIAGE IF NO CHILDREN
Rome, Jan. 18—The annulment of a marriage has been ordered by a tribunal at Milan on the grounds that it was childless.
This decision is expected to cause numbers of annulments—for there is no divorce in Italy—similar grounds.
The action of the tribunal is endorsed by the whole Italian Press, and the Socialists are preparing to submit a motion in the Chamber that marriages shall be compulsorily annulled if there are no children.—Central News.

THE KEY TO THE HALIFAX MYSTERY
Ottawa, Jan. 18.—The Citizen today publishes the following:
A member of a Canadian Highland regiment, returning from overseas, was the cause of Miss Annie McIntosh falling to keep her appointment to go to Centreville, N. B., and marry a returned soldier from Halifax.
This is the explanation given by Miss M. R. Buchanan, who has arrived in Ottawa from Montreal to join her sister.
A Halifax detective stated that anxiety was caused by McIntosh's disappearance since the arrival of the Saturday on which she had crossed.
Miss Buchanan crossed on the same boat and says that Miss McIntosh came on to Montreal with her in kites, who had also crossed on the Saturday. On board ship she had told several persons that it was her intention to marry the man she was with. Miss Buchanan understood that the Halifax men had forwarded the passage money to bring his fiancée over, but she is sure that on the way she became enamored
