Some years ago one of Mr. WELAND'S farm laborers bruised his leg. Owing to the bad state of his blood, an ugly scrofulous swelling er lump appeared on the injured limb. Her-rible itching of the skin, with burning and darting pains through the lump, made life almost intolerable. The leg became enormously enlarged, and running ulcers formed discharging great quantities of extremel offensive matter. No treatment was of any avail until the man, by Mr. LELAND's direct tion, was supplied with Ayer's SarsapaRILLA, which allayed the pain and irritation,

So far as we can learn the falling off of operations in the woods, the estimate of the "Globe" is rather under

than over t'e mark.

It does appear to us that we ought not to depend so largely upon the lumbering business in this Province. As the years roll on, the expenses connected with operations in the woods must of necessity increase: even now they are much larger than was the case some ten or fifteen years ago; and when in addition to the increased cost of production the lumbering industry is called upon to bear the additional strain of unremunerative prices abroad, everybody engaged therein must suffer to a greater or lesser extent, from the shipper down to the workmen in the woods.
