NEW DRESS GOODS THIS WEEK.

Black and Blue Serge Suits.

We have made a specialty of this class of goods for many years now, and feel confident that our offerings cannot be beaten, either in quality or price.

The cloths have been carefully selected and are fully guaranteed in quality and in color. We know of this quality being in constant wear for years and not changing color.

The fit is another important item that we have not overlooked, we have our cloth made up by the foremost makers in Canada. Nothing is intrusted to cheap sewing girls, but every part of our garments are finished by experts.

Many persons were fooled into buying cloth last year from pedlars, without reputation or honor, and found that it cost more to make and trim the cloths purchased, than to buy a better suit from us.

Your interests are guarded here, and only fair square dealing will be tolerated.

THE NORTH SHORE LUMBERMEN ARE NOW AT ODDS

The Wm. Richards Coy Fights Other Large Operations On The Restigouche

THE HOUSE HEARS THE CASE

Removal of Directors of Boom Company Places Opponents In Charge

The big fight between the contending lumber interests on the Restigouche is now on, and will likely occupy a large share of the attention of the legislature for two or three days, says Friday's Gleaner.

This is the fight between the William Richards Company and the other large lumber operators on the Restigouche. The promoters of the bill now before the House assert that the Richards concern has a controlling interest in the Restigouche Boom Company, and are using that control so as to squeeze the other operators and mill owners. Mr. McLatchy, M. P. P., and Mr. J. H. Barry, K. C., are spokesmen for the promoters of the bill while the interests of the Richards concern are being looked after by Mr. W. A. Mott. Among the north shore lumbermen in town interested in the matter are A. H. Hilyard of Dalhousie, Kilgour Shives, A. E. Alexander, F. E. Blackall, and David Chimpoux of Dalhousie and Henry Hilyard and David Richmond are also here.

In presenting the case to the Corporations Committee this morning Mr. McLatchy said that the Restigouche Boom Company was incorporated in 1879. The company was given the right to build piers and stretch booms in the Restigouche river, rights never given to private parties. The charter was granted for ten years, and has been renewed from time to time. In the early days of the Restigouche boom the business was comparatively small, some twenty millions of lumber coming down the river then, while sixty-three millions came down last year. The lumber industry of the whole north shore is very largely dependent upon the Restigouche. During past few years in portland lumbering concerns have come into operation on the Restigouche the Wm. Richards Co., The Kilgour Shives Co., Dalhousie Lumber Co., Bay Chaleur Mills, the Mowatt Co., and other small operators. The only opposition to this bill comes from the Wm. Richards Co. At the meeting of the Restigouche Boom Co. in 1904 the Board of Directors elected were Kilgour Shives, David Richards, A. H. Hilyard, David Chimpoux, Frank E. Blackall. These are thoroughly representative of the lumber interests on the Restigouche. Mr. Shives was elected President. A bye law was subsequently passed by the stockholders at a special meeting that a director or directors might be removed at any time for cause and other directors might be removed at any time for cause and other directors elected in their places. Almost immediately thereafter new directors were elected, they being W. S. Montgomery, H. D. Sheehy, Maxwell M. Mowatt, F. S. Blair and Adam E. Richards.

No cause for removing the old directorate was assigned, other than it was the will of the majority of the stockholders. These new directors are simply instruments of the Wm. Richards Co. and none of them are here. Mr. David Richards, the resident manager at Campbellton of the Richards Co., is present, and no doubt they feel that he can do as well alone as if they, his instruments, were here.

For some years the Wm. Richards Co. have been lessees of the Boom Co., their work being to collect, raft, and deliver the logs that come into the Boom Company's booms. The Richards Co. have this lease for 5 years and make a profit of \$10,000 to \$12,000 a year. The gross revenue of the Restigouche Boom Company last year was \$37,000, of which \$34,000 found its way into the pockets of the Wm. Richards Co. We contend that this is too heavy a tax upon the lumbering interests of the Restigouche. They should be compelled to pay

FOLLANSBEE & CO.

SEVERAL ARE OUT FOR ALDERMANIC HONORS

Civic Campaign Is Now Waxing Warm In Newcastle It Seems

MANY CANDIDATES OUT

And There Are Rumors of More Aspirants Before Election Day

The Civic campaign is waxing warm. There are already several aldermanic aspirants. Among them are Dr. Desmond Messrs. H. P. Williston, L. B. McDonald and J. M. Falconer. And it is also probable that Messrs. Wm. Corbett and T. A. Clarke will offer. This of course means opposition to the old board of aldermen but all of the old board will not run. It is stated authoritatively that only the following of the present members will re-offer:—Ald. Lawlor, Gremley, Ritchie and Russell.

The mayoralty situation remains unchanged. Messrs. Hennessey and Miller are the only two candidates in the field. There are rumors of more aldermanic candidates.

3000 CORDS

This Is The Amount of Pulp Wood Cut By Mr. Everett Parker's Men

Mr. Everett J. Parker has about finished getting out pulp wood for the Miramichi Pulp and Paper Company. During the winter Mr. Parker employed a large number of men and the result of their labors is 3000 cords of pulp wood. There are just three or four trainloads more to be brought out.

A large amount of pulp wood was also cut for the Chatham company up river and it will come down when navigation opens.

The children of Mary meetings held every second Wednesday are becoming very interesting. Rev. T. Maguire, spiritual director is untiring in his efforts to make the meetings attractive, and has introduced the reading of essays, composed by the members. The first paper read was on the life of St. Agnes, by Miss Susie Harriman, the second by Miss Sadie Hogan, a sketch of the life of Joan of Arc, Miss Nellie Hennessey; took for her subject The Blessed Eucharist, and at the last night of meeting a paper on Practical Education, which at the present time is attracting considerable attention. This paper was read by Miss M. Hennessey, Rev. T. Maguire, has named some other young ladies to have papers prepared for the next meeting.

The bill to give the Maine and New Brunswick exclusive franchise of the Aroostook Falls has passed the Corporation Committee with some important amendments along the line suggested by Premier Iwerdie. The company must expend twenty thousand dollars upon its works in New Brunswick within a year; electrical power must be furnished to patrons in New Brunswick at any time desired as cheaply as it is sold to Maine customers; and the Company will be required to pay the province an annual rental for the privilege of \$250 until such time as the gross earnings of the company reach \$25,000, and two per cent, upon the earnings thereafter. These amendments were agreed to by the promoters of the bill and will be incorporated in the Act when it comes before the House.

Sheeley's Young's Fours musical comedy, "Maloney's Wedding Day" will be presented at the Newcastle Opera House on Monday April 10. The entire play has been rewritten, remade and revised this season. Everything old has been obliterated. The first act of the new farce is declared a "hummer". It transpires in the Widow Nolan's restaurant, and never was there such a restaurant scene. The things done there would elicit laughter from a brick wall or transform cold the countenance of the eternal sphinx into a broad grin. A bevy of pretty girls in tasty costumes enliven the actions of the farce and add to the strength of the musical numbers.

DIED

Suddenly at Liverpool, N.S. on April 1st, Mary A. Shea, beloved wife of Patrick Farrell formerly of this town.

NEW TURBINE BOAT IS A MARVEL IN SMOOTH WATER

But in Rough Water She Failed To Make Good So It's Said

SO SAYS MR. BEAUDRY

Passenger On First Turbine Boat to Cross Atlantic Comes To Newcastle

Immediately after disembarking from the first turbine vessel to cross the Atlantic, Mr. Joseph E. Beaudry, a prominent merchant of Quebec came to Newcastle and spent Sunday and Monday here with his daughter who is attending the convent.

Mr. Beaudry arrived at Halifax on the much exploited Victorian on Saturday morning. In conversation with a reporter for the Advocate on Monday Mr. Beaudry said there was general disappointment over the first performance of the turbine boat. He stated that in smooth water she was very fast and could develop a speed of 19 knots but in rough water she cut a very poor figure. On her first trip heavy head seas were met and instead of going over them the Victorian plowed right through them taking in a lot of water.

Mr. Beaudry emphasized the fact, however, that the turbine boat made little or no motion. This is regarded as a splendid achievement. He said, moreover, that the ship was most magnificently fitted up. The state rooms, smoking room, etc., were marvels of luxury.

Mr. Beaudry feels that in fine weather the turbine boats will equip themselves well but to advertise that the Victorian would make Halifax in five days was utterly ridiculous. The passengers who came out on her were of course disappointed. He stated that the turbine boats were difficult to turn suddenly and this would make their progress difficult in the narrow channel of the St. Lawrence.

Mr. Beaudry states that the best day's run was about 375 miles. He states that a large number of first class emigrants came out on the Victorian and that the second class and stowage of the Allan liners are booked full until July.

CHATHAM'S LUCK

American Capitalists May Buy Out Richard's Concern And Erect Pulp Mills

Unless something goes astray, New Brunswick will soon have one of the largest pulp and paper concerns doing business and owning immense interests within its limits. Geo. D. Bayles, president of the Bayles Pulp and Paper Co. of Binghampton, New York, with a committee of the directors of the company, passed through the province on Friday enroute to their homes. They had visited the heart of the forests and were going back to report on their visit to the full board of directors of the company. They have secured an option from the William Richards company on that concern's timber lands and mills, and are particularly interested in one piece of 160,000 acres along the Southwest Miramichi and Taxis river. Their expenditure if the company decides to locate here—and President Bayles says that they probably will within the next few months—will be between \$1,000,000 and \$1,500,000. "Pulp and paper manufacturing" said President Bayles "are of course, our primitive object, but we want enough lumbering possibly to insure us on our investments and we feel that we have it. Our intentions are to within a few years start a pulp and paper industry. This would mean a plant for New Brunswick like that which we operate at Austin, Pennsylvania, where we have 450 men employed." The capitalists did not interview the government and said that they could see no reason for so doing, as they positively will not ask for assistance unless it's a subsidy for building a railroad. The headquarters of the Bayles concern, when located in this province will be at Chatham or on the I. C. R. at the mouth of Taxis river.

Just at this time of year there is always considerable speculation as to the driving possibilities and the lumbermen are sometimes not all of one view by any means. Mr. W. T. Keswick, one of the Shives Lumber Co's operators this year on the Restigouche is in town today and he has his views on the subject, says Friday's Gleaner. Although some people think that the conditions on the Restigouche will be adverse to good driving this year Mr. Keswick looks to see an early breaking up with some heavy rains which will make the driving all that much easier. Mr. Keswick's cut this season for the Shives concern is about 1,000,000.

Best Value in CLOTHING.

MEN'S SUITS.

We have just received a large supply of Men's and Boy's suits, made by one of the leading clothing manufacturers in Canada. Each garment is gotten up with all the necessary care and exactness requisite to make it perfect fitting and to give it a neat dressy appearance.

THE UNION LABEL.

Reference has been made elsewhere in this issue to the Union Label Bill, and its annual bow to both houses of Parliament, says the Industrial Canada.

On previous occasions Industrial Canada has discussed in a general way the obnoxious features of the bill from the manufacturer's point of view. In this issue it is proposed to discuss the question more as applied to a few individual lines of trade, and to quote from the experience of those who have adopted the label in their factories.

The Dominion Cigar Manufacturers' Association, representing in its membership 85 per cent. of the cigar production of Canada, has placed upon record its strong disapproval of any legislation tending to legalize the Union Label.

All cigars are marketed to the consumer under labels or brands, and as certain lines grow into public favor, the Trade Marks, as covered by the various label designs, become very valuable assets of the manufacturer, and are saleable for large sums. If labor organizations are also permitted to register their particular emblem as a Trade Mark and can then through the strength of their organization compel the manufacturer (as they oftentimes do) to affix this label on each box of cigars, the value of the Trade Mark becomes practically ruined as a saleable asset. All the labels on a package of cigars are equally part of the Trade Mark with the brand name, and except they can be delivered complete their sale is ruined. The manufacturer cannot sell the Union Label Trade Mark on package with the rest of his Trade Mark, nor can he give any guarantee that the privilege of its use will be extended to the purchaser of his brand. Instances have occurred within the past few years where the presence of the Union Label has prevented the sale of a brand at a large figure.

Any effort to discard this emblem of Union labor has invariably been followed by the most strenuous and persistent boycott. The use of the Union Label is not optional at least this is the experience of cigar manufacturers. Factories have employed Union labor and complied with all Union conditions except that they would not affix the Union Label on their brands. Strikes have been precipitated to enforce this ruling. On certain high grade brands of cigars the Union Label is a serious drawback in the sale of the product, and to give this emblem the status of a registered Trade Mark is but the first step to its compulsory use wherever the Union is issuing the same has sufficient powers.

The registration of the Union Label is necessarily illegal. It is not, nor can it ever be made a Trade Mark by process of law. This opinion has been laid down by the Trade Mark Branch of the Department of Agriculture, and by

several eminent trade mark authorities in Canada. A Trade Mark is essentially a mark placed on a piece of merchandise to indicate its ownership. To register the Union Label would be to accord the Unions part proprietorship in every piece of merchandise to which their label was affixed. According to the legal advice of the Dominion Cigar Manufacturers' Association such an act could not be sanctioned by law.

The registration of the Union Label would be simply disastrous to cigar manufacturing interests in Canada, and would eventually ruin the immensely valuable assets owned by cigar manufacturers in their popular labels and brands.

Mr. Ralph Smith, M. P., when introducing the Union Label Bill in the House of Commons on January 30th, 1905, gave the names of fourteen printers that were using the Union Label; seven of these are publishers of newspapers, the other seven are small employers.

The following resolution, passed February 9th, 1905, shows the attitude of the important book, journal, job, etc., offices in Toronto: "Whereas the Bill now before Parliament to legalize Trade Union Labels, discriminates in a most objectionable manner between free and union men of Canada, and places within the control of the Trades Union a dangerous weapon to intimidate the free working men of Canada, and to compel the manufacturers and employers of Canada to unionize their shops.

Therefore, be it resolved, by the Master Printer's and Book-binder's Association of Toronto, that the Bill is directly opposed to the best interests of the employers and free workmen of Canada, and should not receive the consent of the House of Commons or of the Senate.

Mr. Smith cites in all the names of seventy-eight manufacturers using the union label and working harmoniously with the Trades Unions. These seventy-eight firms with (with all due respect) are not at all representative of the trades in which they are engaged. Fifteen of the names are not given in Dun's reference book. Twenty-one have no rating. Fourteen are rated less than \$1,000, seventeen up to \$10,000, and seventeen above \$10,000.

Thirty-eight are cigar manufacturers, yet the members of the Dominion Cigar Manufacturers' Association, as already stated, make 85 per cent. of the total production of Cigars in Canada. Fourteen are printers, yet the employees of all fourteen combined do not number as many as are employed in some single printing offices in Canada. Of the remainder, some few undoubtedly are firms of recognized standing and importance, but they are the exception, and not the rule; and where the label is used by such firms it will be found that in the majority of instances it has been adopted, not through sympathy with the unions, but as a business necessity, their goods being consumed almost entirely by laboring classes.

One of the companies mentioned by Mr. Smith of using the label writes under the date of February 9th, 1905, as follows:—We are quite in accord with the manufacturers generally in believing that such Bill should be opposed and turned down, not withstanding that we are using the Union Label ourselves. We know through experience how difficult it is to drop the label when once it has been used, and we know also the troubles that the use of the Label brings through the Union.

The manufacturers of Canada have during the past ten years made wonderful strides in the development of an export trade and have found markets in all parts of the world. This development is of the greatest importance to Canada. It uses Canadian raw material, employs Canadian labor and brings capital to Canada.

Export trade is carried on in a number of ways. By Great Bri-

tain it is largely done direct with merchants, either wholesale or retail. Much of the business with South Africa, South America countries and is carried on in an entirely different way. A large part of it is done through and financed by New York Export Commission houses. These firms such as Messrs. Strong & Trowbridge, Messrs. George F. Peabody & Co., and many others, act for merchants in these countries named. They buy in the cheapest and best market, and are remunerated by their principals on a commission basis. In order to preserve this business, they find it absolutely necessary, in many cases, to conceal the identity of the manufacturer, in order that the merchant in the foreign country and the manufacturer may not get in direct communication and dispense with the middle man.

To do this they insist that the goods shall bear no identifying mark. In some cases they even provide the packages and labels for the goods. If a manufacturer is compelled to use the Union Label in his shop, every package he manufactures must bear the same. The result would be that he would be entirely at the mercy of the Trade Union as regards this trade.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for testimonials.

STOMACH AND LIVER TROUBLES
MR. ALEX M. FINN, Inkerman, N. B. writes:—"I have used Dr. Chase's Kidney-Liver Pills for derangements of the kidneys and liver and stomach troubles, and can testify that they did me a good deal of good. I can heartily recommend them to anyone suffering as I did."

According to an export bacteriologist a \$10 bill contains something like 70,000 microbes. And this is what makes the microbe so popular.

"Now I Know the Joy of Health."
I am Brimming Over With Vitality—Appetite is Good I Sleep Well—I Feel Happy.

FERROZONE.
MADE ME Feel Like NEW

One of the earliest settlers in the town of Turnbull, Man., is Mr. John W. McNichol. Everybody knows him: knows how poor his health was for years.

Thanks to Ferrozone, Mr. McNichol is a hearty, strong man today. He is his statement:

"Last spring I was terribly run down. I was so completely fagged out I couldn't do any hard work. In the morning I was tired—my limbs ached all over. Sleepless—I simply didn't have any. Sleepless—Yes, nervous and unhappy too. I braced up at once after taking Ferrozone. It put new life and vitality into my body. My nerves are strong, I eat heartily, I sleep well. Now I know the joy of health."

Richards Company and Other Restigouche Interests Clashing!

THE CAUSE OF TROUBLE

Claim Richards Co. Enriching Themselves at Others Expense

A bill is to come before the Corporation Committee on Friday morning to amend an act incorporating the Restigouche Boom Company, says Wednesday's *Freemason*.

To further this bill and to oppose it there are many prominent North Shore lumbermen here.

Under the present Act the lumbermen claim that the Richards Co. are enriching themselves at the expense of the other concerns owing to the present schedule of tolls. In the company the Richards concern held the majority of shares and as there are certain interprovincial matters to be decided the complications are somewhat heavy.

The concerns opposed to the Richards Co. in the matter are represented here by the following:—George McKeen and Arthur Hillard of Dalhousie Lumber Company, Kilgour Shives, of the Shives Lumber Company, Mr. Champoux, representing lumber business across the river from Campbellton, T. B. Blackhall, representing the Max. Mowatt interests and ex-Mayor A. E. Alexander of Campbell, representing his own interests.

Mr. McLatchey is promoting the bill.

An Administration Which Has Been a Success From The Word Co.

(Fredericton Gleaner)

People following proceedings in the Provincial House naturally are puzzled to understand how the Opposition expect to obtain a majority or inspire any confidence either in their principles or policy by indiscriminating repudiation of every measure regardless of merit which the government may introduce. Unfortunately, it seems that obstruction has by force of habit become a chronic malady with the Opposition.

It is, however, by no means a bad omen to the province that this is the unhappy situation of those now in the cold shades in the house. If the administration of provincial affairs were not in good hands, if there were a serious question as to the ability of Premier Tweedie and the heads of the various departments in the Government to manage the business which the people have entrusted to them judiciously and in the best interests of the province as a whole it would be easy to understand how different in tone how generous and patronizing the opposition would be did they find things going their way. The times, which are not propitious for the Opposition are nevertheless propitious for the country at large. With men at the helm who are alive to the needs of the province, who consult with the people in every county on the questions that directly concern them, and who are ready to inaugurate and promote whatever measure may be for the people's advancement and prosperity, while in matters of provincial importance they jealously safeguard the public interest, with these the present is more than any country's growing time. These facts the opponents of the Government know only too well; and these are what make their tones so discordant when

they have to adopt the role of calamity howlers.

A sage old counsellor, who had been accustomed to hear a melancholy friend while taking his full share of the good that was coming to him forever lifting up his voice prophesying evil gave him with other good advice one emphatic rule of conduct and that was never to waste away in despair while the sap was rising in the trees. Both literally and figuratively the natural laws seem to relegate the Opposition to the back ground under the present conditions, and the oft-told tale that is heard in the House from the same side every spring-time of utter ruin and calamity leaves no impression whatever. Over and over again, when called upon to pronounce upon the administration of Premier Tweedie the electorate has registered its continued confidence. Under him during the past few years our provincial institutions have been flourishing as never before. The only criticism that has at any time been offered to any law framed by him has been when no opportunity has been offered to give the law a fair trial. Nobody with an intimate knowledge of the man and the broadness of his mind would expect Premier Tweedie to descend to the level of pettifoggery over little things by which it is sought to sometimes discredit legislative measures where the main issue is the sound principle of the law. The singular absurdity of such attempts is manifest when after finding fault with this or that item of expenditure the Opposition invariably fail when challenged to name one appropriation in which they would themselves be willing to vote a reduction. Their business as we have said is to oppose all government measures; and when the Government would consult with them so as if possible to meet any reasonable wishes they may have in the matter, they simply say in effect:

You can't if you will,
You must if you won't,
You'll be damned if you do,
And be damned if you don't.

ITS MERIT IS PROVED RECORD OF A GREAT MEDICINE

A Prominent Montreal Woman Tells How Lydia E. Pinkham's Vegetable Compound Completely Cured Her.

The great good Lydia E. Pinkham's Vegetable Compound is doing among the women of America is attracting the attention of many leading scientists, and thinking people generally.

The following letter is only one of many thousands which are on file in the Pinkham office, and go to prove beyond question that Lydia E. Pinkham's Vegetable Compound must be a remedy of great merit, otherwise it could not produce such marvellous results among sick and ailing women:

Dear Mrs. Pinkham:—
"Soon after my marriage my health began to decline. My appetite failed me; I was unable to sleep, and I became very nervous and had shooting pains through the abdomen and pelvic organs, with bearing-down pains and constant headaches, causing me much misery. The monthly periods became more and more painful, and I became a burden and expense to my family instead of a help and pleasure. Lydia E. Pinkham's Vegetable Compound cured me within three months. Soon after I began using it I felt a change for the better, and at the time of my next period I noticed a great difference, and the pain gradually diminished until I was well. I am stronger and look better than I did before I was married, and there is great rejoicing in the house over the wonders your medicine worked."—Mrs. M. C. LeBel, 1788 Cailloux St., Montreal, Quebec.

If you have suppressed or painful menstruation, weakness of the stomach, indigestion, bloating, leucorrhoea, flooding, nervous prostration, dizziness, faintness, "don't-care" and "want-to-be-left-alone" feeling, excitability, backache or the blues, these are sure indications of female weakness, some derangement of the uterus or ovarian trouble. In such cases there is one tried and true remedy—Lydia E. Pinkham's Vegetable Compound.

The Union Label

The experience of manufacturers in all parts of the United States has gone to show that without unionized shops their products are constantly exposed to persecution through the instrumentality of the Union Label.

The same conditions, though perhaps to a lesser degree, now obtain in Canada. The Unions had advertised in the daily press that the "Union stamp on shoes, means the only shoes which are in every way fit for the wear of women and children," and have repeatedly advised the public to purchase only shoes stamped with the union label.

At the present time the unions in Toronto are attempting to boycott a certain cigar company. They have issued circulars stating that the company in question is acting as a medium to dump on the public non-union cigars and trust-made tobacco, the products of firms which are notoriously unfair. "When purchasing tobacco," they say, "always see that it bears the union blue label; it is your only guarantee that fair union conditions prevail. Union men will not patronize stores which assist in every way a trust which is not only opposed to unions but in whose factories young children have been compelled to work as many as 65 and 70 hours a week in order to earn an existence."

The statement given below is taken from a letter written by a United States Company that has recently opened an important branch factory in Canada:

"Our experience in the United

States has been that when this label is legalized it becomes a public nuisance and a powerful lever in the hands of the Label Union, with which to cull the manufacturer into adopting a Union shop after which the manufacturer is in the hands of the Labor Union. The legalized 'Union Label' is not only a nuisance to the manufacturer, from the above-mentioned standpoint, but is also a nuisance to the public in general, inasmuch as the Union tries to make it a stamp of quality and a representative of the sanitary shop, whereas when the Union gets control of a shop the non-union shop is, nine cases out of ten the more sanitary of the two. This has been proven to be the case in all the States where the Label has been legalized without a single exception.

The New York Commercial, an authority on commercial and financial topics, in its issue of February 13th, 1905, had the following editorial:

Very properly the Paper and Pulp Association at its recent meeting refused the impudent request made by a Labor organization to the effect that every roll of paper

produced by members of the Association should bear a Union Label. It could not have taken any different action without proclaiming to the world that its members stood ready to take advantage of rival manufacturers who may have chanced to incur the enmity of their employees.

"The Union Label is essentially the device of cowards. The advocates of it seek its general adoption solely in order to make boycotts actually effective. They desire to use it as a club on employees and walking delegates. Anything like a general adoption of this badge of severity and surrender on the part of employees would mean that not one strike in fifty in which organized labor was concerned would ever be submitted to arbitration. It would encourage trade unionists to be more arrogant and most exacting in their demands. It would constitute a potent weapon for dragging unorganized workmen into trade Unions. It would open the door for the wholesale persecution and harassment of small merchants who had the courage, or from necessity, were compelled to handle boycotted goods. It would give rise to a swarm of labor grafter seeking to extort blackmail. In the hands of a Sam Parks such a weapon would bring wealth beyond the dreams of avarice."

Employers everywhere act wisely in setting their faces like flint against the use of the Union Label. They are not only protecting their own welfare in so doing, but are promoting the interests and peace of their respective communities. The Union Label properly belongs in the category with the bomb and the dirk of the anarchist.

THE CIVIC SITUATION.
Actually the citizens of this town have a higher duty to perform now than they have on April 18. In other words they can be of more service to the town now than on election day by seeing to it that competent men are nominated to represent them on the board of aldermen. Any ratepayer possessing the necessary property qualification is legally entitled to run for aldermen although he may lack every qualification to serve in the capacity of alderman. Of course a man who takes the notion that he would like to be an alderman considers himself as competent for the post, as some of the men at least, whom he desires to oppose. But as in everything, there is always a best and always a worst to a field of aldermanic nominees. Unfortunately, however, the public will not discriminate between the good and the bad on election day. Countless petty reasons intervene to stop them from acting according to the dictation of reason and judgment. There was a very good illustration of this truth a couple of years ago when Mr. Howard Williston was defeated at the polls after serving one year at the board. Mr. Williston was a most energetic and competent alderman and was generally recognized as such. Still, for some ulterior reasons, apparently, he was thrown down. Of course if such is to be the fate of all earnest and faithful workers of the Council board it will some day be very difficult indeed to bring out men who are really qualified to become aldermen. The town may find itself in the throes of bankruptcy by that time and the men who now shirk their responsibilities will be glad to take over the reins of government. See to it now that a list of candidates worthy of the town is posted on April 11.

The wintah'll soon be ovah.

The hens are working overtime this week.

"April Fool's" day is over. The next big day is "Moving" day.

Now is your chance to shake hands with Newcastle's next mayor.

Why shouldn't Newcastle make a bid for that proposed pulp mill?

The Easter throng is trying hard to get a corner on the weather man.

Keep the price of fresh eggs up if you will, but keep the smell down.

The issues in the present civic campaign seem to be mostly "side" issues.

Are all the aldermanic aspirants equipped with the necessary corporations?

"To be or not to be," that is the question with a number of aldermanic candidates.

It begins to look as though we would have a few town fathers this year after all.

The ice in the river has so far failed to set a number of our worthy citizens a good example.

Socrates, injunction—"Know thyself" should not be overlooked by aspirants for civic honors.

There seems little likelihood of Kurcki, Oyami, Kuropatkin, et al eating their Easter eggs at home.

The aldermanic aspirants are not travelling on tickets this season. They seem to be moving on passes.

The next Council cannot overlook the fact that \$400 has been appropriated for permanent sidewalks.

An Ottawa despatch says there is little hope that the debate on the autonomy bill will not likely end this week. It seems doubtful if the debate on certain clauses of the bill will ever end.

Ayer's

Your doctor will tell you that thin, pale, weak, nervous children become strong and well by taking Ayer's Sarsaparilla. Small doses, for a few days.

Sarsaparilla

The change is very prompt and very marked. Ask your doctor why it is. He has our formula and will explain.

"When 12 years old, for many months no one thought I could live because of thin blood. But in a few weeks, Ayer's Sarsaparilla completely restored me to health."
—MRS. E. BUCKENSTEE, Vineland, N. J.

Small bottle, 10¢. Large bottle, 25¢. C. C. Ayer & Co., Lowell, Mass.

The Children

Biliousness, constipation prevent recovery. Cure these with Ayer's Pills.

THE ST. JOHN SITUATION.

A few weeks ago the city of St. John, the enterprising metropolis of New Brunswick got it into its noddle that the men composing its board of aldermen were not crack-jacks at their jobs and at a largely attended public meeting it was resolved to form a "citizen's league" for the express purpose of obtaining a capable board of aldermen. An executive committee was formed for the purpose of selecting candidates to contest the various wards on behalf of the league, but like the much abused aldermen the members of the executive discovered that their devotion to public interests was not a flirtation with beer and skittles and after laboring day and night succeeded only in producing little more than half a ticket. Among the chosen candidates are three or four of the present board of aldermen and three or four men who seem to have created the impression that the league did not rope in the best material. Now the natural inference is that the active workers of the league are just about as incompetent as league officers as the majority of the men they are trying to put to the timbers, are aldermen. Nevertheless St. John seems to be sadly in need of civic reform and it behooves its citizens to support the league ticket if only for the sake of electing the three or four really capable men which it has taken under its wing.

Judging from the way Laurier has handled the North West Autonomy Bill, Roosevelt is not the only man with a "big stick."

The Halifax Herald's list of the principal stockholders of the Trinidad Electric Co., shows that Mr. Max Aitken, is the largest owner. He holds according to the Herald, 29,749 shares. These at \$100 a share, amount to \$2,974,900 at par, but, as they are selling for only 90 cents on the dollar, Max isn't so very rich after all. It is possible that the Herald may be slightly in a hurry. The Trinidad Co. was organized and incorporated in Halifax, and has been highly successful.—Chatham World.

When the steel company begins to manufacture ship plates the price of marine crockery should come down.

The Better Way

The tissues of the throat are inflamed and irritated; you cough, and there is more irritation—more coughing. You take a cough mixture and it eases the irritation—for a while. You take

SCOTT'S EMULSION

and it cures the cold. That's what is necessary. It soothes the throat because it reduces the irritation; cures the cold because it drives out the inflammation; builds up the weakened tissues because it nourishes them back to their natural strength. That's how Scott's Emulsion deals with a sore throat, a cough, a cold, or bronchitis.

BIG TALK BY SMALL EDITORS.

OF COURSE IT IS.

(Toronto Globe.)

Mr. Preston's bill requiring the labeling of prison-made goods is eminently reasonable. Those who do not wish to purchase such goods should be protected.

WHY SHOULD THEY.

(Halifax Chronicle.)

"From the standpoint of a practical and just educational policy for the new Provinces the present clauses will meet the views of all reasonable and unprejudiced people Protestant and Catholic."

ONE ON MARCH.

(St. John Star.)

March, which came on the table of the year like a savory order of spring lamb with mint sauce, has gone away as pleasantly as that delectable morsel usually does, thus breaking one more disagreeable tradition.

THEIR TRUE COLORS.

(Chatham World.)

Mr. Pugsley touched the Opposition members on the raw when he referred to that \$9,000-a-year salary steal, as not one of them opposed it. They opposed every item of unnecessary expenditure until the Government proposed to give them \$200 a year each to which they had no right whatever, and then they held out their hands and were dumb. It was shameful; it was foolish; it gave the lie to all the professions and promises that had been made in the campaign. Mr. Pugsley shows his astuteness by reminding the people of the disgraceful fact.

Piles
To prove to you that Dr. Chase's Ointment is a certain and absolute cure for each and every form of itching, bleeding and protruding piles, the manufacturers have guaranteed it. See testimonials in the daily press and ask your neighbors what they think of it. You can use it and get your money back if not cured. 60c a box, at all dealers or EDMANSON, BATES & CO., Toronto.

Dr. Chase's Ointment

Notice to the Public

The attention of the Public is called to the following extract from the by laws of the New Brunswick Board of Fire Underwriters:

"The use of Gasoline, Vapor Light, or any other product of Naphtha, shall not be permitted except in Buildings isolated 100 feet and upwards, and then only, when vaporised in secure underground tanks outside the building and not less than 10 feet from it." Gasoline used for illuminating purpose, otherwise than above provided, will invalidate fire insurance policies.

According to the official returns of the fire patrol of Chicago from 1890 to 1904, 4,670 fires were caused by the use of gasoline in that city, resulting in 158 deaths.

War Since Last
Week

POPE RECEIVES TITLES

TOKIO, April 4, noon.—The following has been received from the army headquarters in Sunday. A portion of the force occupying Kai Yuan drove north the enemy, in three columns, 25 miles northeast of Kai Yuan. There was no change at other positions at that of Saturday afternoon. One hundred Russian sanitary corpsmen have been delivered to the Russian army.

ROME, April 4.—The Pope today received in private audience the Duke and Duchess of Connaught and their daughters, Princesses Margaret and Patricia.

TORONTO, April 4.—The Globe's Ottawa special says the report is disbelieved that the Apostolic delegate Mgr. Sbarretti interfered to prevent Manitoba securing an extension of her boundaries. The matter was settled by the government entirely on its merits of the case without outside interference.

LONDON, April 4.—Robert Quick the Canadian, farmer, who killed his brother Alfred recently and who is now in jail here, escaped one of the turnkeys at the jail by the throat on Sunday and nearly finished him. The timely aid of prisoners probably alone saved the official from meeting the same fate as the prisoner's brother.

A GUARANTEED CURE FOR PILES

Itching, Blind, Bleeding or protruding Piles. Druggists refund money if PAIN OINTMENT fails to cure any case, no matter how long standing, in 6 to 14 days. First application gives ease and rest, 50c. If you druggist hasn't it send 50c. in stamps and it will be forwarded post paid by Paris Medicine Co., St. Louis Mo. 6-26.

DOAKTOWN Local and Personal

The weather for the past month has been very pleasant the roads are in a very bad condition. Pedestrians having to use the railroad track.

Mr. John Menzies paid Doaktown a visit this week.

Mr. W. W. McDonald, Boiestown's popular tailor, was in Doaktown on the 29th combining business with pleasure.

Mr. W. A. Curtis and her guest Miss J. Marion Wright of Boston spent Monday and Tuesday in Boiestown.

Miss Minnie Swin has been quite ill with Grippe but we are glad to see she has recovered.

Mr. William Scott of the Scott Lumber Co. spent Sunday in Doaktown the guest of School Inspector Mesereau.

Times are quite lively now in our thriving little village, quite a number of men being employed by the Swin Lumber Co. A new hotel has been started for the special benefit of the employees. These hustling men H. and F. D. Swin have their factory running night and day. A special train is employed to bring the lumber along the line.

Miss Ethel Mesereau left on Monday for a week's visit to the Celestial City.

Quite a number of the young people spent Wednesday evening at the home of Mrs. W. A. Curtis in honor of her guest Miss J. Marion Wright. Games and music were indulged in. Refreshments were served during the evening, the party broke up in the "Wee Wee" hour. All agreed to having spent a very pleasant evening. Mrs. Curtis proved herself a charming hostess. All joined in singing "God save the King" and "She's a Jolly good fellow." Out of town guests were Messrs B. Pickard V. Cameron of Gibson Mr. Herbert Malone of Stanley and W. W. McDonald of Boiestown.

William Swin Esq. M. P. P. went to Fredericton on Tuesday accompanied by his wife and daughter Miss Dora.

ROGERSVILLE.

Local and Personal.

Mr. and Mrs. P. Sheehan and her sister Miss Mar of Halifax visited Moncton during the past week.

Mrs. Donald Buckley returned to her home in Moncton last Friday.

The many friends of Mr. and Mrs. Maloney are pleased to see their little daughter has quite recovered under the skillful treatment of Dr. Robideau.

Mrs. M. O'Brien and master Randolph returned on Tuesday last from a pleasant trip to Campbellton.

Dr. Robideau was called to Baraboy River Thursday last on professional business.

Mr. Mesereau representing the Commercial Newspaper staff "Cathin" was in town during the past week.

Miss Mary A. Malone has returned to her studies in St. Michaels Academy, Chatham.

Mr. Leblanc representing Thibodeau Bros. Quebec was registered at the Central during the past week.

Mr. and Mrs. Albert Wellwood of Sydney were the guests of his sister Mrs. D. J. Buckley during the past week.

Want's Aldermen Elected Who
Have Got Some Time
To Spare

AGREES WITH ADVOCATE

To the Editor of the Advocate:—

I must say Mr. Editor that I am heartily in sympathy with the sentiments expressed by you last week, re the civic election. I think, too, that the best men available should be chosen not only to fill the mayor's chair but also to represent us at the Council board. There are a number of men in the town whose avocation or calling especially fits them to serve as the Council board. These men are in a position to devote a share of their time every day to the work of the town and see that it is done properly. We have two or three such men in the present Council and if they re-offer I shall work for their re-election. There are plenty more besides—men who are capable in the highest degree of assisting us in our town work. Such men as J. D. Creaghan, Howard Williston, Dr. Desmond, W. A. Hickson, and Col. Maltby, should be led into the civic arena and give the Town the benefit of their knowledge and their experience.

Thanking you Mr. Editor

I remain

Outlooker

Newcastle April 3.

THE NORTH SHORE LUMBERMEN.

(Continued from page one)

only a fair price for collecting and handling this lumber, and not be obliged to contribute heavy tribute to a competitive company.

Another important fact is that large quantities of logs are going adrift on the Restigouche every year, and so great is the loss in this respect that a bill was promoted in the Dominion Parliament in 1903 for leave to erect piers and booms along the Quebec shore of the Restigouche. That bill did not pass, it thought to be interfering with interprovincial rights.

In the Corporations Committee on Friday evening Mr. McLatchy continued his presentation of the case for the Restigouche Boom Company in favor of their bill.

Taking up the argument he was pursuing at adjournment in the afternoon he contended that a great deal of lumber went adrift, presumably to sea, through negligence on the part of the lessee of the Boom Company, the Richards Company;

although it was admitted that this loss could not be wholly prevented until booms are placed along the north channel on the Quebec shore. Some years ago S. Dow Shealds obtained possession by purchase of a piece of land, the use of which is absolutely necessary to the operations of the Boom Company, and the rental of that property was at once raised from \$20 per year to \$150, and that rental is paid, not to Mr. Shealds, but to the Wm. Richards Co. The Boom Company has usually paid good dividends, 25 per cent in 1895, and as low as 7 per cent, which goes to show that the Richards Co. as a stockholder is being well paid. Mr. Mott denied that 25 per cent dividend was paid in 1895, in fact no dividends were paid in 1895 or 1896.

Referring to the proceedings at the annual meeting of the stockholders of the Boom Company in January last Mr. McLatchy stated that the Directors refused to give to the stockholders a detailed statement of the business of the year and had not given them such a statement since. At that meeting it was learned that a long standing claim of Mr. Moffat, and which previous Boards of Directors had refused to recognize, had been settled for \$2,700, any information regarding that settlement was refused. Asked as the charges for booming and rafting Mr. McLatchy said it was 55 cents on cedar and 50 cents on spruce, which they considered too high.

What the Company asks in their bill is (a) that the tolls shall be approved by the Lieutenant Governor in Council. (b) that the bye laws of the Company shall have no force until they shall be first placed on file at the office of the Company for twenty days, shall be published in the Royal Gazette and some newspaper published in the County of Restigouche, and approved by the Governor in Council. (c) That owners of lumber rafting 5,000,000 feet or upwards shall have representation upon the Board of Directors, this provision being sought so as to protect the rights of the minority stockholders. (d) to extend the limits of the Boom Company (e) to take by expropriation the lands previously referred to

HOUSES APPARENTLY NOT ON THIS MARKET.

Mechanics Coming Here are Unable
to Secure Places of
Abode.

NEW HOUSES SPOREN OF

There is not a vacant house in Newcastle. This certainly speaks well for the town but it is decidedly embarrassing to men coming here to reside who wish to bring their families along too. Mechanics etc. who have lately arrived here find it utterly impossible to obtain a house. It certainly looks as though it would be a profitable undertaking for a man of means to erect a few tenements. There is plenty of vacant room for houses and someone should make an effort to supply the demand.

Apropos of new houses, it is said a number of imposing residence will be erected during the Spring and Summer. Two or three are talked of for Pleasant street and one or two for the Queens Highway. Mr. Robertson Lingley will be one of the builders. He intends putting up a handsome house on the site of his present dwelling on Pleasant street. Mr. Gilmour Stothard, will be another builder. He has the foundation about ready for a substantial dwelling on the Queen's Highway.

Others have been mentioned as likely builders this year. In most cases up to date architecture will be employed.

JUST ARRIVED

15 Cases of new and Dainty DRY GOODS, from British and Foreign markets.

Every Department is filled, and we are now prepared to give Quality and Quantity to our Customers.

OUR STOCK OF WALL PAPER

Is the largest we have ever shown,

TO THE ELECTORS OF THE TOWN OF
NEWCASTLE,

LADIES AND GENTLEMEN:—

At the request of a number of the Electors, I have decided to offer as a candidate for the

MAYORALTY.

I am a strong exponent of economy in Civic affairs, and if elected I will use my utmost endeavors towards that end.

I believe the interests of the Town will be best served by the promotion of industry and I will at all times diligently work with that object in view along safe lines.

Firmly believing that if elected I will acquit myself to your satisfaction and soliciting your support.

I have the honor to be

Your Obedient Servant,

S. W. MILLER.

CARD.

TO THE ELECTORS OF THE TOWN OF
NEWCASTLE,

LADIES AND GENTLEMEN:—

I have been solicited by a large number of the Ratepayers of the Town, to offer for the

MAYORALTY

at the approaching Civic Election to be held on APRIL 18th.

My experience at the Council Board during four years, should be some guarantee of my fitness for the position, and if elected will use my best endeavors to promote the interest and welfare of the Town.

Soliciting your votes and support,

I remain

Your faithful Servant,

P. HENESSEY.

A WORD ABOUT VEILINGS

We have them in Chiffon, Net and Wool, Plain or Dotted—A variety of shades.

Uncle Terry

CHARLES CLARK MUNN

Copyright, 1900, by LEE & SHEPARD

is the girl with the wonderful eyes you met here?"

"Just now I imagine she's helping her mother in the house," answered Albert quietly; and then he added, "Well, what is the programme, and where are you going with the Gypsy?"

"I want to be landed at the nearest port where I can reach a railroad, and then you can do as you please with her. My skipper will do your bidding."

"What about the rest of the boys?"

"Well, you can run to Bar Harbor and dance with the girls until the rest want to come back, or you can do as you please. The Gypsy is yours as long as you want her after I'm ashore. I think I'll run up to Bath and take the night train for the mountains if there is one. If not, we will lie at Bath overnight."

"I must go ashore and leave word I am coming back," said Albert. "The fact is I've found a client in this Mr. Terry, and it's an important matter."

"So is the blue eyed girl, I imagine," observed Frank, with a droll smile.

When the irrepressible owner of the Gypsy had deserted her Albert returned to the Cape and remained there for a week. How many little trips he induced his new found friends to take on her during that time, how much gossip it created in the village and how many happy hours he and Telly passed together. The last day but one of his stay he invited everybody at the Cape, old or young, to go out on a short cruise, and nearly all accepted.

When the morning of his departure came, Uncle Terry said, "I hope we'll see you soon, Mr. Page, and you're sure of a welcome here, so don't forget us," and then he pulled away on his daily round to his traps.

Telly accompanied Albert to the cove where his boat was and bade him good-bye. When the yacht rounded the point she was there waving an adieu and remained there until lost from sight.

CHAPTER XXVI.

THE one point of pride in Nicholas Fry's nature was his absolute belief in his own shrewdness. "They can't get the best of me," he would say to himself when he had won an unusually knotty case. He knew he was both hated and feared by his fellow members of the bar. Being hated he didn't mind, and being feared flattered his vanity to an intense degree. When Uncle Terry put himself in his power and, like a good natured old sheep, stood to be sheared, Fry only laughed at his client's stupidity and set out to continue the robbery as long as possible. Messrs. Thygeson & Co. of Stockholm, who had first employed him to hunt up an heir to the estate of old Eric Peterson, whose son Neils and his young wife had been lost on the coast of Maine, fared no better. To them he only stated that he had found several promising clues and was following them as rapidly as possible, but it all cost money, and would they kindly send a draft on account for necessary expenses, etc. When Albert had taken away his best client the old scoundrel suffered the worst blow to his vanity he ever received. "Curse the fellow!" he would say to himself. "I'll pay him and have revenge if I live long enough. No man ever got the best of me, and in the long run no man ever shall!"

But there is a Nemesis that follows evil deeds in this world, ready to strike with an invisible hand all who are lost to the sense of right and justice. In Fry's case the avenging goddess lurked in his inordinate belief in his own shrewdness, coupled with a fatuous love of speculation. A few lucky ventures at first in the stock market had fanned the flame.

Then along came a war cloud in Europe. Stocks began to drop and provisions to advance. September wheat was then selling in Chicago at 90 cents. Fry bought 50,000 bushels on a mar-

Constant Dread of Paralysis

Left arm got numb—Doctors said nervous exhaustion—Remarkable cure by Dr. Chase's Nerve Food.

Mrs. CHAS. S. CRAVEN, North Gower, Ont., writes: "I do not hesitate to recommend Dr. Chase's Nerve Food and would not begrudge fifty dollars for the good it has done me. For six years I suffered with severe pains in my right shoulder and numbness in my left arm. No tongue can tell what I suffered. The doctors said the trouble was from the nerves but their medicines proved of no avail so I resolved to give Dr. Chase's Nerve Food a trial. After using six boxes of this medicine my health was so greatly improved that I got more sleep. I do not feel that I can use strong enough words in recommending this medicine to all who suffer as I did."

Dr. Chase's Nerve Food 50 cents a box. To protect you against imitations the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box of his remedies.

A DROWNING MAN

does not fight harder for breath than many sufferers from Catarrh. We meet people everywhere whose heavy breathing impedes their speech and distorts their features. The usual answer to their friends' solicitations for treatment is that Catarrh is incurable, a mistaken idea so many people possess until they use

Dr. Agnew's Catarrhal Powder the only reliable remedy that relieves suffering at once and absolutely cures after a short steady treatment. Prominent physicians in many cities recognize its value and recommend it to their patients.

Dr. W. H. McDougal of Charleston, W. Va., writes: "I have been using Dr. Agnew's Catarrhal Powder for some time past, in my practice with most excellent results."

DR. AGNEW'S LIVER PILLS bring color to the face—it's the best pill for pale people.

France and Germany grewed wheat rose to 94. Fry sold, clearing \$2,000. Then it dropped a cent, and Fry bought a hundred thousand bushels more. Once again the war cloud grew black, and wheat rose to 95. The papers were full of wild rumors, and the Wall Street Bugle said wheat would look cheap at a dollar and a half inside of a month. Then it advanced to \$1, and Fry lost his head.

His holdings showed a profit of \$7,000, and sudden riches stared him in the face. Once more the two bellicose foreign powers growled and showed their teeth. Wheat rose another cent, and Fry doubled his holdings. Then the powers that had growled smiled faintly, and in one day wheat fell to 93 and was still falling. At every drop of a cent he was called upon for \$2,000. Day by day it vibrated, now going up a cent and then dropping two, and when Uncle Terry and Albert were discussing how to checkmate his further robbing of the lighthouse keeper he was, with muttered curses, watching his ill-gotten gains vanish to the tune of many thousand dollars per diem. He neglected his business, went without his meals and forgot to shave. He had mortgaged his real estate for \$20,000, and that was nearly gone. Wheat was now down to 80, and France and Germany were shaking hands.

Fry could not sleep nights. His margins were almost exhausted and his resources as well. He had put up \$40,000, and if wheat fell 3 cents more it would be all swept away. Then he executed a second mortgage at high interest and waited. It was the last shot in his locker, and all that stood between him and ruin, but wheat advanced 2 cents, and he began to hope. He had absolutely ignored business for two weeks, and now he went to work again. To collect the little due him and raise all the money he could was his sole thought. He wrote to Thygeson & Co. that he had at last found the heir they were in search of and described what proofs he held, at the same time stating that on receipt of his fee of a thousand dollars all and sufficient proofs of identity of the claimant would be forwarded. Then he wrote to Uncle Terry and demanded \$200 more. September wheat had now fallen to 78.

CHAPTER XXVII.

BLANCH NASON, Frank's younger sister, was his good friend and sympathizer and in all the family discussions had usually taken his part. His elder sister, Edith, was like her mother, rather arrogant and supercilious, and considered her brother as lacking in family pride and liable to disgrace them by some unfortunate alliance. It was to Blanch he always turned when he needed sympathy and help, and to her he appeared the day after he had left the Gypsy. His coming to the mountains surprised her not a little.

"Why, what has brought you here, Frank?" she asked. "I thought you were having high jinks down in Maine on the yacht with your comrades."

"Oh, that is played out," he answered. "The boys are at Bar Harbor, having a good time. Bert is at a little unheard of place saying sweet things to a pretty girl he found there, and I got lonesome, so I came up here to see you and get you to help me."

"I thought so," answered Blanch, laughing. "You never did come to me unless you wanted help. Well, who is the girl now, and what do you want?"

Frank looked surprised.

"How do you know it is a girl?" he asked.

"It usually is with you," she answered, saying him curiously. "So out with

PRESBYTERY.

The Presbytery of Miramichi met in St. Andrews Church in Campbellton, on Tuesday, owing to bad state of roads some of the members were absent. The ministers present were Rev. Mr. Leck, moderator; Rev. Mr. McLeod, clerk; and Revs. Messrs. Sutherland McCurdy, McPherson, Hardy, Carr, Arnot, McLean, Archibald and Ross.

Mr. Henderson, representative Elder of Bathurst was also present.

A large docket of business was transacted. Some of the items are as follows:—Reports were received on Sabbath schools, the state of religion, statistics and young people's societies. Application was made to the Home Mission Committee for a grant of \$300 for Flatlands and Matapedia, etc., also to the augmentation Committee for grant of \$250 for Escuminac. The action of St. Andrews church session retaking steps to secure a catechist to assist the pastor at Tide Head and Kempt Road during the summer was endorsed. Dr. Falconer of Pictou was nominated moderator of the General Assembly. Among the commissioners appointed that body, there are from Northern New Brunswick, namely Rev. Messrs. McLeod and Leck and Mr. John Blair.

Arrangements were made to hold a summer school for Sabbath school teachers at Newcastle in June. A number of Sabbath school experts are to assist in their work. Rev. Mr. McCurdy of New Richmond, the very efficient convenor of the Sabbath school Committee has expended a great deal of time and effort in the matter and it promises to be a very great success.

it. What's her name?" "Alice Page," he replied. "What, the girl you wanted us to invite to go on the yacht?" asked Blanch. "That's the one, and, as you know, she wouldn't come."

"Which shows her good sense," interrupted Blanch. "Well, what can I do in the matter?"

"Much if you want to, and nothing if you don't," he answered. "The fact

is, sis, I want you to pack a trunk and go with me to call on her. She is mighty proud, and I imagine that is why she turned the cold shoulder on my efforts to get her to come to Boston to meet you all. Now, if you go there, if only for one night, the ice will be broken, and of course you will invite her to visit you and all will go well."

"A nice little scheme," responded Blanch, "but what will mamma and Edie say?" "Oh, never mind them," answered the plottor. "They need never know it. Just tell them you are going to San Francisco with me for a few days. We will go there if you like, only we will stop off at Sandgate on the way. Now, do this for me, sis, and I'll buy you the earth when Christmas comes."

"Well, you will have to stay here until Monday," said Blanch, "and be real nice to mamma and Edie all the time, or I can't fix it. Lucky for you, Master Frank, that they are out driving now!"

"But why must we wait four days?" asked Frank petulantly.

"Because, my love born brother, in the first place I don't want to miss the Saturday night hop, and then we are booked for a buckboard ride tomorrow. Another reason is I mean to pay you for turning your back on us and going off on the Gypsy."

That afternoon Frank wrote Alice the longest letter she had ever received, nine full pages. It was received with some pleasure and a little vexation by Alice.

"Mr. Nason and his sister are coming here Monday," said she to Aunt Susan, "and we must put on our best bib and tucker, I suppose. But how can we contrive to entertain his sister in beyond me." Nevertheless, she was rather pleased at the prospective visitation. Her school had been closed for over a month and her daily life

Minard's Liniment Cures Burns etc.

SICK AT YOUR STOMACH.

Perhaps feeling as if the bottom had dropped out of your life. It's Nerviline you want. Nothing restores quiet and order to the stomach so quickly. All queasiness and nausea goes away the minute you take Nerviline and an extra dose or two is always sufficient to set you up in first class shape. Nerviline is an old tested remedy for stomach and bowel troubles and can always be sold in large 25c. bottles, relied on.

Wife, reading—This magazine says that handsome men are proverbially disagreeable.

Husband—But my dear, I'm sure I try my best to be pleasant at all times.

To Cure a Cold in One Day

Take LAXATIVE BROMO QUININE Tablets. All druggists refund the money if it fails to cure.

E. W. Grove's signature is on each bottle.

This is the season of the year that the young gamins begin their annual occupation of picking up the coin dropped in the last winter's snow. It's like finding money.

Minard's Liniment Cures Dandruff.

Of all the birds of all the year. O robin your the worst. Why tarry in the woods my dear. While thousands of us wait to swear That we have seen you first?

How's Your Appetite?

Don't enjoy what you eat? Don't care whether you eat or not? Feel uncomfortable after eating? What a different person you'll be after taking just one bottle of

Royal Tonic

You'll hardly know your self. ROYAL TONIC puts an edge on the appetite—makes things taste good—helps digestion—drives away that "blue" feeling—gives you all your old time vim and energy.

ROYAL TONIC is the finest old French Cognac Brandy and aromatic tonic herbs. Delightful to the taste.

In full pint bottles, only \$1. At all dealers.

THE LEEMING, MILES CO., Limited, MONTREAL.

ARE YOUR KIDNEYS SICK?

Let your morning urine stand for 24 hours in a glass or vessel, and then if it is milky or cloudy, or contains a reddish brick-dust sediment, or if particles or germs float about in it, your kidneys are diseased. If the kidneys are well they filter just so much blood, but if they are sick or weak from any cause, they leave the poison in the blood, and this poison affects the entire system.

It is natural to pass urine three times a day, but many who regard themselves as healthy are obliged to pass water six to ten times daily and are obliged to get up frequently during the night. They have sick kidneys and bladder and don't know it. Smith's Buchu Lithia Pills cure Rheumatism and all Kidney and Bladder diseases, and make new, rich blood.

We will send you a generous sample post paid free, together with our large book on the above mentioned diseases. Address, W. P. Smith Co., 185 St. James Street, Montreal, Canada.

SMITH'S BUCHU LITHIA PILLS A POSITIVE CURE FOR RHEUMATISM AND ALL FORMS OF KIDNEY AND BLADDER ILLS. AT ALL DEALERS—25 CENTS. A CURE AT THE PEOPLE'S PRICE.

THE FACTORY ACT

Synopsis of Bill Before Legislature.

VERY INTERESTING

Factory Means a Place in Which Six or More Persons Are Employed in Any Handicraft.

FREDERICTON, March 30.—Under the new factory act, presented to the legislative assembly on Wednesday, factory means a place in which six or more persons are employed in any handicraft. Employer is a person who on his own behalf or as manager has charge of any factory. Child means a person under fourteen years of age; woman a female upwards of eighteen years of age. No child shall be employed in any factory except in special cases authorized in writing by the inspector, and the lieutenant governor in council may prohibit the employment of girls and boys under 16 years in factories where work is deemed dangerous or unwholesome. Employers are prohibited from employing a girl or woman more than ten hours in one day or more than sixty hours a week. No employee shall be allowed to clean mill gearing of a factory while the same is in motion, mill gearing meaning every shaft, wheel, drum or pulley used in a factory for communicating power or motion. Every factory shall contain not less than 300 cubic feet of air space to each employee. Good ventilation and cleanliness of factories are provided for, and whoever keeps a factory so that the health of employees is likely to be permanently injured, shall be liable to imprisonment in the common jail for a period not exceeding twelve months, or a fine of \$500. It is not lawful to have a stable under the same roof as a factory for food, products, unless separated by a brick wall. The inspectors may have removed from

factory manufacturing food products or beverages any person whose health is such as likely to convey germs of disease or other contaminations. All dangerous parts of mill gearing, machinery, vats, cauldrons, reservoirs, dunes, doors, openings in floors, walls, or bridges shall be securely guarded.

No machinery or steam engines shall be cleaned while in motion every elevator or hoistway shall be protected and no child shall be employed in control of an elevator. Inflammable material such as petroleum, benzine, asphaltum and explosives of all kinds shall be stored in a building separate from a factory. No boiler shall be used that is not insured in some boiler inspection company, or that has not been inspected within one year.

To His Honor the Honorable James Bunting Snowball, D. C. L., LL.D.,

Lieutenant Governor in Council. May it Please Your Honor,—Your commissioners appointed to investigate as to the necessity of a Factory Act in the province of New Brunswick, and to suggest amendments to the bill which was before the legislature during the session of 1904, beg to report:—

That they have visited the several factories in St. John, Campbellton, Newcastle, Chatham, Fredericton, Marysville, Woodstock, St. Stephen, and Moncton, and in such several places have examined and heard numerous witnesses.

While they have found many factories in a very creditable condition, there are some, to which, in the opinion of commissioners, an improved condition would be beneficial as to the protection of the health and safety (in case of fire) of the employees.

The weight of the testimony was that, while there was no objection to a Factory Act, no absolute necessity existing for it at the present time.

Your commissioners found no complaints from the employees as to their condition and all seemed well satisfied with their several employers.

Your commissioners found a feeling existing among some of the larger manufacturers that it would be unwise to pass legislation which might interfere with the investment of capital in manufacturing, for the reason that in this province these industries are in their infancy and should be encouraged rather than impeded.

Your commissioners have drafted a Factory Act which they respectfully submit for your honor's consideration.

We have the honor to be, sir,

Your honor's obedient servants
JOHN PALMER, Chairman
EMMA S. FISKE,

C. T. P. SURVEYS.

Work Was Carried On Under Great Difficulty Last Winter

SNOW VERY DEEP

Preliminary Survey In N. B. About Completed

(Fredericton Gleaner)

Mr. Guy C. Dunn, chief engineer of the Grand Trunk Pacific Railway in New Brunswick, left last evening for Ottawa. He will be absent until the end of the week and the trip is made partly for business and partly for pleasure. Before leaving Mr. Dunn, stated that the surveying work had been carried on in this province this year under the greatest of difficulties. There had been too much snow to get through the work very quickly and at the present time the bush was in a terrible shape, there being 2½ feet of mostly slush. Towards Moncton there was a great deal of snow to bother the engineers; but the worst of it was along the Miramichi near Bonestown.

Mr. Dunn, stated that the preliminary survey in this province was now about completed but he was not in a position to state which line would be adopted.

As soon as the weather permits, that is as soon as the snow is off the ground, the location work will be commenced.

This week three parties—those in charge of Messrs. Gillmor Brown Maxwell and Lingley—are to be laid off for the present. This will leave five parties still at work.

Mr. Dunn, has rented the house on George street formerly occupied by E. J. Seeley, and before that Dr. John Davidson, and he expects his family to arrive here early next month.

WHITNEYVILLE.

Social and Personal

Owing to the recent thaw the roads in this part of the country are in a very bad condition. Spring is fast approaching after a cold and stormy winter and the snow is quickly disappearing.

Amos McKay, of Strathadam was the guest of Mr. William Ford on Sunday last.

Miss Sadie Whitney of Redbank is visiting her aunt Mrs. John Forsyth.

Mr. Hiram Blackmore of Cassilis visited this place last week.

Mr. Silas Russell, of Derby visited friends here last week.

Mr. W. A. Forsythe, has returned home after a pleasant visit to relatives in Chatham.

Mrs. George Hubbard, and her daughter Lily of Cassilis paid a flying visit to this place last week.

Mrs. Bert Donald, of Blackville is visiting her mother Mrs. Peter Menzies.

Miss Ida Whitney, spent Sunday at her home.

TO KNOCK OUT COLDS

And cure them in an hour without resorting to nauseous drugs just use fragrant healing Catarrhazone—the most pleasant, prompt and certain cure for catarrh ever discovered. No medicine to take, you simply breathe the balsamic vapor of Catarrhazone. It never fails to root out the worst colds and is so simple and convenient to use that no one can afford to be without it. Carry a Catarrhazone inhaler in your pocket, use it occasionally and you won't have Colds. Complete outfit \$1.00; trial size 25c.

In a Montana hotel there is a notice which reads: "Boarders taken by the day, week, or month. Those who do not pay promptly will be taken by the neck."

IF WOMEN ONLY KNEW

That half their ills are due to impoverished blood, they would use Ferrozone and be saved lots of pain and suffering. Ferrozone is a perfect food for the blood and supplies the strengthening elements needed to maintain health and vigor. Ferrozone is a splendid tonic for weak nervous women and drives away those depressed feelings of dead weariness. You'll have strength, lots of it—your complexion will improve, and you will feel ten years younger after a course of Ferrozone which builds up the whole human organism; try it price 50c.

To Protect You Against Imitations

The portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box of his remedies.

The great prescriptions of Dr. A. W. Chase have attained such enormous sales that the temptation to imitate them is continually growing stronger. In order that you may be certain that you are getting his genuine remedies, the doctor's portrait and signature are on every box or bottle of his remedies. This is the strongest guarantee that any medicines can have.

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, five boxes for \$1.00.
Dr. Chase's Nerve Food, 50 cents a box.
Dr. Chase's Ointment, 50 cents a box.
Dr. Chase's Catarrh Cure, 25 cents a box.
Dr. Chase's Backache Plaster, 25 cents each for \$1.00.
Dr. Chase's Liver Cure, 50 cents a bottle.
Dr. Chase's Syrup of Linseed and Turpentine, 25 and 50 cents a bottle.

At all dealers, or by mail postpaid on receipt of price by Edmonson, Bates and Co., Toronto. Last two can only be sent by express as owner's cost.

CHATHAM HEAD

Local and Personal

Mr. Walsh, the contractor has started to finish Mr. Timothy Lynch's summer resort which is to be erected here.

Mr. Charles Muzzeral, has returned from Oak Point where he was looking after his fishing business.

Mr. Thomas Campbell, who was visiting friends in Chatham Head left a short time ago for Blackville.

Mr. and Mrs. George Creighton, of Douglastown paid a flying visit to relatives here last week.

We regret to hear of Mr. George Hall's serious illness.

The young men of this vicinity are all home again and some of the young girls are glad to see them back again after the cold and stormy winter spent in the lumber woods.

Quite a number of our young people attended St. Patrick's concert in Chatham and were all very much pleased with it.

Mr. Joseph King's eldest child was badly bitten by a cross dog last week.

Mrs. Thomas McCullum of this place intends getting a new addition built to her house this Spring.

Mrs. Andrew McCullum who has been spending the winter with her mother-in-law has returned to her home in Nelson.

Mr. Timothy Lynch, was down here on a business trip to his office here on Thursday last.

Messrs. Stephen Campbell, and William Williamson, left last week with a load of provisions for the drive.

Mr. Patrick Sproul, is spending a short time with friends in Chatham Head.

Cures all Coughs

Q Doesn't it stand to reason that as Shiloh's Consumption Cure, the Lung Tonic, has cured consumption, it will naturally cure that cough of yours? Your money back, if it doesn't. Try it to-day.
25c., 50c. and \$1.00

When things go 'round like a Merry Go Round

and you have headaches and fainting spells, you'll find that the cause usually lies in the weakness of your heart. Unknowing persons regard it as temporary and blame the weather, diet, etc.

By using Dr. Agnew's Heart Cure you can make your heart strong and healthy. Dizziness, fainting spells, palpitation of the heart, pains in the head, all will disappear. It is the greatest heart-builder the world has ever known. It brings relief in thirty minutes.

Mrs. C. Marshall, Strathroy, Ont., writes: "The claims made by Dr. Agnew's Heart Cure have been strikingly fulfilled in my case. I have suffered from Heart disease, Stomach disorders, Nervousness and smothering spells. I dreaded to have night come. The first dose of the Heart Cure gave me relief and a few bottles of this wonderful remedy have entirely cured me."

One application of Dr. Agnew's Ointment will stop the itching, burning sensation caused by Piles—continued treatment will effect a cure.

Mrs. John Lumbson, of the Chaplin Island Road paid a visit to her brother Thomas Malley a short time ago.

Mr. William Gould, is wishing for the fine weather to come as he intends moving in his new house next week.

Mr. Walsh's men while returning to Chatham Saturday night had a bad upset in front of Mr. Lynch's office, on account of bad roads.

Mr. Gordon Doran, paid a visit to Chatham last week.

Mr. George McKay, is spending a short time with friends here.

THE HARDEST PAIN TO ENDURE

Is the pain of a tender colic, but experience proves that colic are cured quickest by Patman's Painless Colic Extractor, which acts in twenty minutes. Patman's new colic extractors are sold everywhere. The only painless colic extractors are no other.

Won't you take Ferrozone? It's a marvellous tonic some people say there is almost witchery in the way it builds you up. It's concentrated iron—Shiloh's—that's what Ferrozone is. It's a pleasant, safe and reliable. No other medicine in the world restores so quickly. Price 50c. per box, or six for \$2.50, at all dealers, or by mail, from N. O. P. & Co., Hamilton, Ont., U.S.A. and Kingston, Ont.

Vapo-Resolene

Established 1879.
Whooping Cough, Croup, Bronchitis, Cough, Grip, Asthma, Diphtheria

Crescolene is a boon to Asthmatics. It is a powerful and reliable remedy for all cases of Asthma, Croup, Whooping Cough, Bronchitis, and all other respiratory diseases. It is a powerful and reliable remedy for all cases of Asthma, Croup, Whooping Cough, Bronchitis, and all other respiratory diseases.

It is a powerful and reliable remedy for all cases of Asthma, Croup, Whooping Cough, Bronchitis, and all other respiratory diseases. It is a powerful and reliable remedy for all cases of Asthma, Croup, Whooping Cough, Bronchitis, and all other respiratory diseases.

A. E. Shaw Will Buy It Back.

You assume no risk when you buy Chamberlain's Cough, Cholera and Diarrhoea Remedy. A. E. Shaw will refund your money if you are not satisfied after using it. It is everywhere admitted to be the most successful remedy in use for bowel complaints and the only one that never fails. It is pleasant, safe and reliable.

Minard's Liniment for sale everywhere

Do you know Whether you have Kidney Disease?

Does the head ache—excruciating pains that make you miserable by day, and won't let you sleep at night? Do the eyes often blur? Do sharp pains shoot across the back and through the hips? Are the hands and legs swollen? Is the urine highly colored? Does it turn when voided? Is there a constant desire to urinate? Are you compelled to get up two or three times during the night? If you have any, or all, of these symptoms, then you certainly have kidney trouble, and should immediately start on

They are health and strength and vigor to sick kidneys. They make the kidneys well and strong—ease the nerves, inflamed by uric acid from the kidneys—soothe the irritated bladder—clear the urine and permanently cure all Kidney and Bladder Diseases, Gout, Rheumatism and Female Troubles.

Cases of 20 and 30 years' standing—cases on the verge of Bright's Disease and Diabetes—are completely cured by these wonderful pills. The relief from pain is immediate. The improvement in general health is remarkable.

50c a box—3 boxes for \$1.25. At all dealers or from—THE SUN MEDICINE CO., OAK POINT, N.B.

Whirl of the Town.*

More candidates required for the civic elections.

Go to the Miramichi market Co. for beef. Selling cheap.

A church social will be held at the house of Mr. and Mrs. H. B. Anslow, Thursday evening. All are invited. A collection will be taken in aid of the Methodist church.

Donald Morrison, has just received a fresh lot of turn over and stock collars ranging from 10c. to \$1.50.

The legislature will rush business from now on, and government members are hopeful that prorogation will take place not later than April thirteenth.

Go to Miramichi market for beef. Selling cheap.

Buy your stationery where you are sure of getting the latest styles at the lowest prices. Something new in this line received today at Dalton's Drug Store.

The person who sent the Advocate Indianapolis correspondence over the name "D. Slick" had better follow Sam Cloetrap's example and die of ink poisoning.

The death of Mrs. Patrick Farrell formerly of this town took place at the home of her son Hon. E. Farrell at Liverpool N. S. on Saturday morning. Many friends here sympathize with the bereaved family.

The well and favorably known hostelry, the Murray Hotel, Doaktown has changed hands. The Messrs Murray who have conducted the hotel since the death of their mother some months ago have disposed of the property to Saunders Price of Boiestown, the purchase price being in the vicinity of \$4,000. The new proprietor assumed charge on April 1st.

Flinch, Sherlock Holmes, Pit and Squire, four popular games for sale at the Advocate Office—Price 50c. sent post paid on receipt of price.—25-4.

Chatham Lodge of Odd Fellows invited Newcastle Lodge to go down Thursday evening to Lodge and dinner and the invitation was accepted. But Thursday was so very warm that the river road grew slumpy and seemed dangerous so the Newcastle folks did not go. Nevertheless the Chatham Lodge had their spread.

Ten Bills were passed in the House, Monday afternoon most of them were of a local character. Among them were the bills relating to the Carquet Railway Co. the bill to authorize the town of Chatham to loan \$20,000 to the shoe factory and the bills to empower the rate-payers of Rexton and Richibucto to assess for lighting purposes. The time for private bills was extended until Thursday. It is quite possible that the legislature may prorogue on Saturday.

Several good sized blocks of Bank Shares changed hands last week. Royal Bank of Canada sold on the Montreal Stock Exchange at 218 and 217 to the extent of 50 shares. Bank of Nova Scotia has been quiet with no public sales; were it not for the comparatively large amount of newly allotted stock, which will not be taken up by shareholders to whom it has been allotted, but is liable to be offered for sale on any advance in price, there would doubtless be a more active and advancing market for Bank of Nova Scotia shares.

Red Rose Tea

sells as follows:—

Brown label	25c. per lb.
Crimson "	30c. "
Green "	35c. "
Blue "	40c. "
Bronze "	50c. "
Gold "	60c. "

All are put up in lead packages of $\frac{1}{2}$ and 1 lb. each; the Green Label is sold in bulk also.

If you are not using Red Rose Tea I am quite sure that some of your friends are—ask them about it and I think you will likely try a package.

Red Rose Tea makes friends, and better still, holds them.
