LUMBERING ON THE ST. JOHN RIVER, PAST AND PRESENT

By J. Fraser Gregory, President of Murray and Gregory Ltd.

Since 1867 all the railways of the country have been built. Now the Canadian Pacific runs up the river to Edmundston with a branch up the Tobique. The Temiscouata continues 30 miles further to Conners' while in the State of Maine the Bangor and Aroostook runs along the western bank of the river from Van Buren to the mouth of the St. Francis. To get to the extreme headwaters you can now go by the C. N. R. to Quebec, and there take the Quebec Central to St. Sabine, where you see the Deschamps one main branch of the river, a brook as outlined at the beginning. As soon as the Grand Trunk Pacific is finished the lumber territory at the head of the river will be even more accessible than it is now.

[Editor's note: This article, or rather series was written before G. T. F. was finished, and given as a lecture before the New Brunswick Natural History Society, and in consequence some minor changes may be noted by the keen student of the subject.] Population has also greatly increased within the years so no wonder that the method of lumbering has changed.

To day most of the logs are cut by jobbers. These are countrymen who live close to the scene of the operations, who agree to cut and haul to the landings at a certain price per thousand. There may be big and little jobbers. The larger ones hire men and horses as may be required and have camps of considerable size, housing thirty or more men very comfortably. The small jobber and he is in the majority, goes into the woods in the autumn and builds a camp divided in two parts, one end of the camp being occupied by his horse or team, the other by his crew of three or four, probably his half grown sons. This crew usually goes home on Saturday night to come back on Monday laden with cooked provisions for the week, principally a big pot of beans and a bag of bread. Their camp is usually dirty and cold and the workers are ill fed, for all work logging and no time for care is given to the camp.

In other cases the whole family move into the woods to camp for the winter and the mother looks after the welfare of her husband and boys in the camp. These camps are quite homelike, especially if you find in it a baby swinging in a cradle made from a four barrel.

This method of lumbering is most advantageous in the province of Quebec, when short logs are cut suitable for the English market.

At the Depot Camp where provisions are kept to be distributed to the jobbers as required and a staff of scalers and markers who continuously move about among the jobbers scaling their logs, and paint marking them, also inspecting the quality and otherwise supervising. At this depot provision must be always made for the housing of men and horses, so that if a

jobber for any cause quit work, men and horses can be quickly got together to get his logs to the river.

These Depot Camps, have a sleeping camp for the men, cook house and eating camp, hotel for the horses, granary, blacksmith and carpenter shop. The cooks have a great roller plate stove with all the regular kitchen utensils, and whereas in olden times pork and beans were the main diet, now the bill of fare is superior to what most workmen have in their own homes. Fresh beef and potatoes, pies, doughnuts, and all sorts of cake. Butter and sugar are always in abundance. At these camps boats are built, peevies and poles made, sleds mended, horses shod and provisions re-packed from the portages.

The Boss has a small camp called the Beaver House which contains the wagon and office as well as sleeping quarters. If there is no logging done from this camp it is sleep enough place at mid winter after the jobbers are well started, for a short time, but soon preparations for the drive go on from day to day, and men commence coming in for it, and the hustle begins. This camp is usually connected with the outside world by telephone.

Although the jobbers cut the logs the stream driving is done by the operator with down river men. The natives are not usually as good river drivers, besides every day drive takes them farther from home, and a longer distance to walk back, while every day drive brings the down river men nearer home. So while the natives are employed in breaking in the landings and perhaps driving a little way, they never continue with the drive to its termination at Big Rapids.

In the state of Maine the logs are cut the full length of the tree. They are too heavy to handle with a single horse and require more strength to load and unload than the little Quebec jobber, I have described, has in his outfit. So we have these camps of 40 to 80 men well housed in high light camps, heated with large stoves, the cook house being separate from the sleeping room. Plenty of light at night, with songs, stories, books and newspapers to pass the evenings.

NEW CEMETERY ASSOCIATION

May be the Outcome of a Movement started by Town Council—Another Meeting on Monday

At the regular meeting of the Town Council a committee was appointed to look into the matter of improving Greenwood cemetery. On Monday evening of this week the committee had its first meeting and it was decided that the best thing to do would be to organize a stock company, raise funds and properly carry on the work of selling lots and caring for them. It was also suggested that the directors of the company be composed of a member from each of the four churches in the town, and a fifth member.

The graveyard as it exists today is very unkempt and especially in the earlier days the lots were laid out at haphazard. The whole area of the present ground is of irregular shape and it is proposed to purchase land from Charles Bradley, George P. Burt and W. P. MacMillan that would bring the shape of the cemetery into a quadrangle, and which would afford ample room for the interment of the next two or three generations. It is suggested that lots be of various prices and that there be burial plots for those too poor to pay a high price, if any, but it is hoped that the new company may have sufficient funds to care for all graves within the yard whether they are the graves of paupers or of rich people.

This is a movement which The Observer gives most hearty support, both through the medium of its columns and by the private subscriptions of its shareholders. Some have stated that in this vicinity the living need caring for more than the dead; but the dead should not be neglected. If we show the honor and respect that our dear ones who have passed beyond are entitled to we are apt to be reminded more forcibly of our duty to those who are still with us. The location of the graveyard is good and it can be made a beautiful spot, so much so that we who have loved ones there may approach it with a feeling of tenderness and not of abhorrence.

Money will be required to establish a fund for the maintenance of this cemetery. Possibly several thousand dollars will be required to purchase the land and to make the initial development, but a small sum each year thereafter will suffice to keep it beautified with flowers, shrubs and neatly clipped grass. The grounds should be surrounded by a fence and the gates should be secured by a lock, but the key should always be available to those who desire to visit the last resting place of their friends and, no doubt, of the majority of the village people.

On Monday evening there will be another meeting of the committee and it is expected that representatives of the churches will be in attendance as well as others who are, or should be, interested. The matter is an important one. You want when your friends died, show the sincerity of your grief by contributing liberally to the keeping green their memory.

OBSERVER MEDAL

Instead of the usual essay or English composition in competition for the Observer silver medal for the pupils of the High school there will this year be a genuine contest in real newspaper reporting. The prize will be given to that pupil in Grades 6 to 11 who during the dates of June 1 to 7 does the best work for the Observer in the way of local reporting. The rules which govern this contest and instruction in the work will be communicated by the principal directly to the pupils. As such rules would have no interest for the regular readers they will not be published.

The Point to Consider When Buying a Used Car

Whatever you buy, whether it be clothes, furniture or household necessities, you buy on good faith. Faith that the manufacturer has made a good product—faith that the concern that supplies you will stand squarely behind it.

When you buy a used car from a McLaughlin Buick dealer, you can do so with absolute confidence. For the McLaughlin Motor Car Co. Limited, insists that McLaughlin-Buick dealers must typify and reflect McLaughlin-Buick standards; that they must be men of strict integrity, of financial soundness—men who will live up to every promise made to a customer in consummating the sale of a car. So when you buy from us, you know exactly with whom you are dealing—you'll know what you are buying.

It is then a foregone conclusion that there will be no Bridge opening on the first of July. But the celebration later in the summer will be all the greater, and better by reason of the delay.

(Edmundston Observer)

A discussion in regard to the arrangements at the opening of the bridge and the civic celebration on that day was gone into at length, and the president, Alderman Martin, and

The Presbyterian congregation which became incorporated during the past few months under the name of St. Paul's Church, held a congregational meeting at the close of last Sunday evening's service. This meeting was called in accordance with the Act of Incorporation. The Rev. John Hardwick called the meeting to order, and Capt. M. E. Amos was appointed Secretary. A number of the men in the congregation were nominated and the following were declared elected after Gordon Nicholson, Clerk of Session, who acted as scrutineer, had counted the ballots: T. J. Scott, Major C. M. Rideout, Thomas Hutchinson, J. H. Adair, Capt. M. E. Amos, Samuel Darpee, F. S. Marchie, Aaron Lawson, G. W. McElroy and R. W. McDonald. On Monday evening the newly elected or Trustees Board convened at the residence of Mr. Lawson and the officers of the Board were elected. Mr. Hardwick in calling this meeting to order spoke of the faithfulness of the few who had borne the responsibility of keeping the church going during all the years it was a mission charge, and paid special tribute to Aaron Lawson who has acted both as chairman and treasurer. Major Rideout moved and Mr. Hutchinson seconded that Mr. Lawson be appointed as chairman, and this was acted upon by a rising vote. J. H. Adair and T. J. Scott were appointed respectively as secretary and treasurer. It was further agreed that the Board should meet on the first Tuesday of each month. The meeting after a discussion of minor matters adjourned.

TENNIS CLUB
(Edmundston Observer)

A meeting which was well attended by the young business men of the town was held in the Royal Bank on Friday evening, to discuss the advisability of forming a Tennis Club. T. J. Scott was elected temporary chairman and Frank Burgess, secretary. A motion was made that we proceed to the organization of a Tennis Club, and was enthusiastically carried. T. J. Scott was then unanimously elected president, and Frank Burgess secretary-treasurer. Dr. E. R. K. was elected likewise unanimously as vice-president.

A management committee consisting of Messrs. Landers, Burgess, Kay, Theobald, and Burns was then appointed to choose a site, and make the necessary arrangements, so that the club can play at the earliest possible moment.

It was decided that those coming into the club before a certain date shall be charter members of the club. Messrs. Burns and Theobald were appointed a committee to draw up a constitution. The meeting adjourned, and will meet at an early date at the call of the Chair.

A SPELLING MATCH
(Edmundston Observer)

A number of business men have suggested their willingness to donate prizes to the pupils of the Public Schools for a contest along the lines of an old fashioned spelling match. Principal Patterson, the president of the Board of Trade, and the editor of the Observer discussed the matter at some length on Tuesday evening and made some tentative plans.

It is the intention at present, to divide the school into classes and give prizes to different groups. A first and second prize to the pupils in Principal Patterson's room, a first and second prize to the pupils in Miss Martin's room, a first and second prize to the pupils of grade five. The best spellers in each case to be winners.

Further, a first prize to the best speller in the whole school, and a second prize to the second best speller in the school. Principal Patterson will consult the teachers, and the plans outlined are subject to alteration. It is proposed that the contest shall take place on the afternoon of June 9, or the afternoon of June 10. In the meantime the boys and girls of Edmundston had better begin to spell up.

Could Not Eat

Constipation is caused by a torpid condition of the liver. Dosing with salts, castor oil, etc., to move the bowels, cannot afford more than temporary relief.

If you are to rid yourself of this ailment and the scores of annoying symptoms and diseases which come in its wake, it is necessary to get the liver right by such treatment as is suggested in this letter:

Mrs. Alvin Richards, R. R. No. 1, Seely's Bay, Ont., writes:

"For two years I was afflicted with indigestion, and in the morning when I got up my head was bad. I had a poor appetite, and just felt like eating certain foods. I used many different medicines as a last resort without benefit, and the doctor's medicine did not help me at all. Finally I tried Dr. Chase's Kidney-Liver Pills, and found them better than anything I had ever tried. I can highly recommend them to anyone troubled with constipation or kidney trouble."

CARLETON OBSERVER

HARTLAND, N. B., MAY 24, 1922.

BENNY SWIM

In Woodstock and elsewhere an effort is being made to save poor, half-witted, demented Benny Swim from the gallows. Fearful as was the crime for which he was convicted and sentenced, hanging is not the remedy. Benny Swim was born amidst squalor, reared in surroundings of depravity and all his life subject only to the greatest law in the world—that of self-preservation. So far as his undeveloped mind could grasp, Olive Swim was his wife. She was lured away by another male and there ensued the battle between the strong that under such circumstances is common to any denizens of the forest.

Swim is undoubtedly of feeble and unsound mind, little short of an imbecile at any time, and under periods of stress and excitement he goes completely beside himself. This tendency is inherited from his antecedents; and for no other purposes than sport he has been plagued and tantalized all his life. Swim should be placed in an institution where he would be properly cared for. He should not be hanged.

The good people of nearby settlements—Hartland is one of them—who, preaching and praying, have done absolutely nothing to improve the deplorable conditions within fifteen minutes ride from their church doors, are the culpable ones and the ones who should in this case be hanged.

DON'T HANG BENNY SWIM!

A NEEDLESS ELECTION

It is announced that on June 10 elections will be held to fill the vacancies in the legislature in Madawaska and St. John. So far as Madawaska is concerned the Opposition has not the ghost of a hope and the government should have a supporter without the expense of an election. There is absolutely no need of this further burden on the people.

In St. John the election will be more closely contested and the outcome will be watched with interest but neither there nor in Kings, where a former Conservative is running as a government candidate, is it expected that the Opposition will win.

THE ROADS

Among new contracts for roads recently given out by the department of Public Works is a piece between Andover and Aroostook Junction. The most urgently needed piece of trunk road work in the St. John valley is between Woodstock and Florenceville. The neglect of this road is shameful and the Foster government cannot rightfully look for friends or favors within that territory until this very

rotten link in an otherwise very good chain is remedied.

JOHN C. LONG

At eleven o'clock on Tuesday evening, May 9, death came suddenly to Mr. John Long at the home of his son Guy M. Long, Jacksonville. He had been subject to bad spells of heart trouble for over four years but the attack on Tuesday was too much for his enfeebled condition. The deceased was born at Kingsclear seventy-five years ago, then moving to Long Settlement with his parents in early childhood, residing there until a year ago, then he and his wife removed to his son's home where he passed away. He professed faith in Christ in his young days and united with the U. B. church at Tracey Mills where he was a deacon for a number of years, until death claimed him.

He is survived by a sorrowing wife who was formerly Miss Mary Margaretson; two sons and two daughters, Guy of Jacksonville, Mrs. Clyde Rideout of Hartland, Mrs. Harry Lane of Bloomfield and Lee of Long Settlement; three brothers and fifteen grand-children. Four children had gone on before.

The service was conducted on Thursday at the U. B. church at Tracey's Mills by Rev. Mr. Burrows, assisted by Rev. Mr. Bell. The pallbearers were his three sons-in-law and nephew, Jesse Carpenter, Clyde Rideout, Harry Lane and George Long. The large concourse of people that assembled bore evidence of the high esteem in which the deceased was held.

Press please copy.

MISS LIZZIE COOK

The death of Miss Lizzie Cook, daughter of Mrs. Maude Cook of Victoria, took place on Thursday morning, May 18, after an illness of about seven weeks. The funeral was held on Saturday from the residence and was largely attended. Rev. H. C. Mullen pastor of the Reformed Baptist church of which church the deceased was a member, conducted the service and was assisted by Rev. C. N. Barten, Baptist. The Baptist choir of Victoria had charge of the singing and rendered well the hymns chosen for the occasion.

Woodstock Track Notes

The Hartland horses went to Woodstock last week. They have wintered well in charge of Johnny Molanus. Bill Brickley is going to train and race them this year. The stable consists of seven head: Ben Ali 2.03% by Wealth, is eligible to the 2.15 class; Xanthia, 2.20%, by Future Todd is the pet of the racing clan; Baby Maria by Woodcliff King is a two year old, and looks the part of a real pacer. Miss Peter Splin 2.20% by Peter the Great, is eligible to the 2.25 trot; Old Glory 2.20%, by Bingara, is also elig-

ible to the 2.25 trot; Orion by Manrico B. is a green trotter. This mare was raced a few times last year but was held over for this season. Vera Hill by Muster Hill, is the seventh boarder.

GREATER TEA CONSUMPTION IN GREAT BRITAIN

The reduction of the English duty on tea by four pence a pound will undoubtedly result in great consumption on the part of the public of Great Britain, which is now far the largest tea consuming country in the world. This increased demand will tend to raise the present abnormally high market, and an increase in cost of tea throughout the world may be expected.

TRAPPED A BEAR

W. J. Carr and Ernest Stephenson went out to Les Grant's sporting camp at the Becaguine Lake last week where they obtained some excellent fish under the guidance of Mr. Grant. The trout obtained in the lake averaged one pound and a half in weight and are very plentiful. Seals signs of bear tracks around Dunlop landing they set a trap and were successful in securing a three year old bear.

TENDERS

Tenders will be received by the chairman of the Road Committee of the Town of Hartland up to six o'clock P. M. Wednesday May 24th, A. D. 1922 for filling the gully on Main Street near the residence of Harry Lippett. This gully is approximately 48 ft. at bottom and 41 ft. at top from east to west, averaging 15 ft. from north to south and 10 ft. deep. The fill may be made with earth or gravel, excepting around the filling which must be laid four from the surface of the street when complete; a foot of coarse gravel must be put under and on each side of this filling; the east end of fill must be faced with rocks to a thickness of two feet, and giving this end a 7 ft. slope; the west end must follow the slope of the bank as it now exists. A covering of eighteen inches of coarse road gravel must be spread over the surface of the fill to bring the whole up to the present level of the adjacent street.

H. H. HATFIELD,
Chairman Street Committee

THE REWARD OF CARELESSNESS

Many fine homes have been lost by lightning, merely because rodding was one of the things their owners were going to do "some day." Loss of your home may be the reward of similar carelessness.

The Dodd System of Lightning Protection makes loss by lightning IMPOSSIBLE and is GUARANTEED in writing.

THE COST? Nothing compared with the possible saving.

Call, write or telephone me about it at once and I will arrange to fix you up with the old and reliable Dodd & Struthers System.

Terms to suit you.

OSHAWA MOTOR CO. DOING MAMMOTH EXPORT BUSINESS

Entire Train Load Leaves Canada for Great Britain

The Automobile industry in Canada has been one of the fastest industries to resume pre-war production schedules. The domestic market for motor cars has improved 200 per cent over last year. In many makes of cars the demand at present is greater than the supply. Now that prices have been stabilized prospective buyers are no longer deferring purchases which have stimulated business this Spring.

Canada is fast becoming an important factor in export trade as far as automobiles are concerned. Ever since General Motors of Canada Ltd., with plants at Walkerville and Oshawa decided to enter the export market, large shipments of General Motors cars have left Oshawa daily for British and foreign ports. The export market has experienced steady and stable improvement. Orders have been coming in faster than was at first anticipated. At the present time General Motors of Canada Ltd. find it necessary to work overtime in order to fill orders for domestic and overseas demand.

Last week an entire train load consisting of sixty-three freight cars loaded with General Motors' cars left Oshawa for the Atlantic sea board en route to England. The train reached St. John on April 21. Three days were required to load the boxed automobiles together with other shipments which had previously reached St. John, into the Canadian Conqueror, a Government owned steamship, three quarters of whose cargo consisted of Motor Cars. The steamship left St. John on April 26th and will arrive in London about May 6. The automobiles will be unloaded in England and ready for distribution in the British Empire about May 9. This rapid transit was made possible by the fact that the Grand Trunk National and the Government Merchant Marine handled the entire shipments and co-operated with the manufacturer to give them prompt service.

This train load of automobiles is estimated to be worth \$320,000.00. The weight was over 500 tons and the cost of transportation of the shipment from Oshawa to England was \$40,000.00. As the shipment was entirely handled by the Government lines and as other shipments are being sent daily to all points of the globe, the automobile industry is making its liberal contribution to the prosperity of Canadian Railroad and Steamship Companies.

A diverse array of industries are to-day feeling the stimulus to business caused by the export demand for automobiles. The lumber, alone, required for the building of the bodies and for boxing the motor cars for this train load shipment runs into vast figures, all of which is produced in Canada. Every factory making small parts and accessories used in the Canadian-built motor cars, is feeling the

OFTEN HAD TO BE SENT HOME FROM HER SHOP

BUT MISS KEWLEY WAS COMPLETELY RELIEVED BY TAKING TANLAC, SHE DECLARES IN PUBLIC STATEMENT.

"I took Tanlac because I heard it was good for the rheumatism, but it not only took away my rheumatism, but relieved me of other ailments," was the statement of Miss Frances Kewley, 271 Rockland Road, St. John, N. B., a young business woman with H. Hestbrook, tea merchants.

"I suffered about five years with acute rheumatism in my back and limbs. Two years ago I had the flu, and after that was never well. Sometimes I got so faint I had to be sent home from work, I got so nervous and irritable I simply lost all interest in life. My friends were afraid I was going into a decline."

"But now I am glad to state that five bottles of Tanlac have completely restored my health. I am sure it is excellent for all cases like mine."

Tanlac is sold by all good druggists.

benefit. The automobile industry is to-day employing more people than ever before and in this way is one of the leading industries in hastening the return of National prosperity.

The March pay roll of General Motors of Canada Ltd. was over \$500,000.00. This amount was paid in wages for the manufacture of McLaughlin-Bulcks, Oldsmobiles, Chevrolets and Oakland cars in Canada, and furnishes tangible evidence that these cars are really Canadian-built instead of being assembled in Canada from the units manufactured in the United States.

Canadian Products as the Walkerville unit of General Motors of Canada Ltd., is designated, employ 1900 men in the production of motors, axles, and all the heavy parts for General Motors' cars. The plants in Oshawa are running to capacity in the assembling of parts for the finished product. Here too the bodies, small parts, metal work, top building, upholstering, road testing and painting, furnish employment for an array of workmen in the Oshawa plants.

Canada offers many advantages for the manufacturer who is in a position to cater to export trade. Labor conditions, preferential trade within the Empire and other considerations give her a decided advantage over the United States. General Motors' executives foresaw this condition several years ago and laid plans accordingly. They built mammoth plants in Walkerville, Ont., and made huge extensions to their Oshawa factories. Now their foresight is bearing fruit. They are enjoying a splendid export trade long before many manufacturers realized these opportunities.

It is difficult to estimate the far-reaching benefits which Canada enjoys to-day as a result of the automobile industry. Mr. R. S. McLaughlin, President of General Motors of Canada, Limited, expressed the opinion that the export trade of his company has barely started. As Europe emerges from the quagmire of depression and turmoil, trade in all lines and in motor cars particularly will experience a healthy increase which will mean more export business for Canada.

RECTOR BACK FROM SYNOD

(Edmundston Observer)

The Rev. N. Franchetti who has been attending the Anglican Synod at Fredericton arrived home on the C. P. R. on Tuesday. Mr. Franchetti has had a busy time since he left here two weeks ago. When asked regarding his impressions of the Synod he said that the Synod meetings were particularly successful ones. The meetings convened on Tuesday, May 3, with a sermon to the clergy of the Diocese by a former Edmundston rector, Archdeacon Crowfoot of St. John. On the following day the Bishop gave his charge to the clergy, who in it spoke of the scarcity of clergy, and drew their attention to the fact that financially the past year had been one of the best in the history of the Diocese. One of the interesting things in connection with the Synod was moving pictures, in the Fraser Memorial Hall, of Japan and China, and a lecture in connection with those countries by a Missionary the Rev. Mr. Powells. On Wednesday of that week there was a reception by the Bishop to the visitors, at Bishopscourt. Mr. Franchetti, was away two Sundays, the first Sunday preaching at St. Annes in the morning and at the Cathedral in the evening. The following Sunday preaching at Beaufort, in the morning, with celebration of Holy Communion, at Glasville in the afternoon and at Hartland in the evening. As Hartland and associated places, was the last charge of the Edmundston rector, he received a royal welcome and expressed his pleasure at renewing acquaintanceship again.

GLAD TO BE ABLE TO WORK

Toronto Woman Gives
Credit to Lydia E. Pinkham's
Vegetable Compound

Toronto, Ontario.—"I suffered with irregular periods, was weak and run down, could not eat and had headaches. The worst symptoms were dragging down pains, so that I sometimes thought I would go crazy, and I seemed to be smothering. I was in this condition for two or three years and could not seem to work. I tried all kinds of medicines and had been treated by physicians, but nothing did me any good. I found one of your booklets and felt inclined to try Lydia E. Pinkham's Vegetable Compound. I received the best results from it and now I keep house and go out to work and am like a new woman. I have recommended your Vegetable Compound to my friends and if these facts will help some poor woman, use them as you please. Mrs. J. F. Fraser, 277 King St. West, Toronto, Ontario.

Various forms of female weakness many times make work almost impossible. Lydia E. Pinkham's Vegetable Compound has helped thousands of women over these troubles.

THE BISHOP COMING

(Edmundston Observer)
His Lordship the Bishop of Fredericton will make an Episcopal visit to Edmundston on Monday, June 8. The Bishop will be at New Denmark

A Double Escape

DOCTOR'S DAUGHTER'S STORY.

Another Toronto home provides evidence of how a simple cut, scratch or bruise may pave the way to deadly blood-poison. Doesn't it show there's a vital need for keeping a reliable antiseptic like zambuk, always handy?

When called upon by W. A. Bushness Avenue, Mrs. J. E. Zealley, daughter of the late Dr. Bevan, of St. David's, S. Wales, said: "My boy Alfred scratched his leg with the brass tag of a shoe lace. A nasty poison now developed and it defied all the usual ointments. Hearing splendid reports about zambuk I decided to give it a trial. To my great relief, the pain soon ceased leading to sepsis. All inflammation and poisonous matter was quickly removed by zambuk. It healed the sore without leaving a scar."

"Again when I fell over a steel fender and injured my knee badly, zambuk alone saved me. My daughter, a nurse, was of the opinion that only an operation could remove the mass of inflammation and pus. But I again pinned my faith to zambuk, and it cleansed and healed the wound in a few days. Equally valuable for eczema, pimples, cuts, burns, etc."

on June 4, and will arrive here some time on the day of the 5th. He will preach in St. John's Anglican Church in the evening and confirm a class which is being prepared by the rector, the Rev. N. Franchetti. The Bishop will then proceed to Grand Falls for a service on June 6. We understand that in view of the fact that the newspapermen will be here on that day, meeting in conjunction with the New Brunswick Tourists and Resources Association, that representations have been made to him, to see if the date cannot be changed. His Lordships reply has not been received at the time of going to press. Further announcement will be made in the issue of next week.

LAKVILLE LEAFLETS

The May meeting of the U. B. M. S. met at the church on Saturday, May 6. The June meeting is to be at the school house at Brookville on June 3.

Everybody has been busy for the last few weeks. The women house-cleaning and the men planting. Quite a number are venturing in potatoes again.

Mr. and Mrs. Harry Helms of Houlton visited friends here last week. Mrs. Hartley Gee is spending this week in Houlton.

Mrs. John Carmichael is nursing Mrs. Merrill Tracey who is still very poorly.

Several of the young people from here attended the play at Centreville on Friday night.

Ed Morse and Wm. Armstrong are each getting their trotters in shape for the 24th.

Greta Forsythe has been visiting her friends at Greenfield. William Forsythe was calling on Mr. and Mrs. Grant on Sunday. Mr. Grant has had an attack of pleurisy but is some better now.

H. G. Jones spent Sunday with his family here.

Harry Graham seems to be doing quite a business cleaning and repairing automobiles.

The painting mania is spreading. Sam Cormier made Mr. Amies' resi-

dence look so well that several others are brightening up. Beecher Tracey is doing Ed Moore's house and W. Wilson's store.

John and Henry Williams are putting in a lot of potatoes this spring. George Sewell is foreman and Sam Ozerack assistant.

Harry Lifford is selling ice cream two evenings each week. Harry is certainly a busy man driving Carvell Brothers' team and running a barber shop.

Several of the boys and girls intend writing the normal school entrance examination.

Henry Wilson is living in his bungalow at present.

Mr. and Mrs. Collridge are moving back on the farm as Mr. Collridge is about done buying potatoes.

NOTES FROM THE KING'S HIGHWAY

We are sorry to learn that Sister Mrs. S. Hayden Shaw and Mrs. J. D. Shaw, of Hartland, are in poor health, but we hope that the spring weather will reinvigorate them and that they may be restored, and be able to attend the camp meetings.

Sister A. A. Tracey, of West Somerville, Mass., has just returned from a very pleasant visit with Sister Mrs. Dr. Taylor, of Norfolk, Virginia.

Our dear brother, Deacon G. G. Gray is suffering with lameness and rheumatism. It is little wonder, for Bro. Gray has been a very hard worker all of his long life time, and a diligent representative of our Lord and Saviour Jesus Christ.

LOCAL AND PERSONAL ITEMS

The Centreville Dramatic Club after careful rehearsing of the ninth producing comedy, "Aaron Slick from Punkin Creek," presented it for the pleasure of a crowded house on Friday evening, May 19. The cast included: Aaron Slick (not as green as he looks), Jack Reid; Mr. Wilbur Merriweather, a crooked speculator, E. J. McInerney; Clarence Green, a mysterious young man, David H. Burt; Mrs. Rosy Barry, an Oklahoma widow, Jessie D. Reid; Gladys May Merriweather, a sweet young thing, Dora D. Lee; The Girl in Red, Phyllis K. Clarke; Little Sis Riggs, a regular Tom Boy, Nellie G. Thomas. All the parts were taken and hilariously received. Specialties by the Misses Darnley Burt and Phyllis Clark, with a couple of rube character songs by H. J. Poppers and John Gallagher rounded out the programme. The Centreville orchestra played for the piece and gave a dance following the show.

Last week at the movies we had two snappy pictures in "Beating the Game" with Tom Moore on Wednesday in "Head over Heels" one of the best of comedies on Saturday. Don't forget the big special on Wednesday May 24, with the six reel feature "The Brute Master" starring Robert Bosworth, whose stellar performance in the Sea Wolf couldn't be forgotten. A two reel Charlie Chaplin comedy will also be presented this same evening, which will make an extraordinary good programme.

Friends of Frank York of Mars Hill, Me., will be grieved to learn of his death in Boston, following an operation for appendicitis. Deceased was only 21 years of age and had been attending school there.

Rev. H. R. Bell will preach Sunday, May 28 as follows: Centreville, 11 a. m.; subject—God's record of you; Carroll, 2 p. m.; Centreville 7.30 p. m.; subject, Spiritualism—what it is and what it leads to and why it should be avoided. Come and hear this important thing.

Florenceville Facts

The farmers are so busily engaged planting potatoes they only take time to eat three meals a day and to take necessary sleep. Wonder when they will learn to move slow in the game of potatoes.

Mrs. Granger of Fredericton visited her cousin, Dr. Hagerman, on Friday. Douglas Thompson, catechist, arrived on Friday to take charge of the Presbyterian church during summer, boarding at Geo. Wheelers.

Mrs. Geo. W. Currie and two children of St. John and Mrs. Currie's sister, Miss McDonald, are visiting their friends here.

Fred Perry and Ed. Jewett returned from Vancouver on Tuesday reporting times dull in West.

Albert Stephenson of this place is very ill at Bridgewater, Me., at the home of his niece, Mrs. Allie Packard.

The funeral of Miss Beatrice Stephenson, eldest daughter of Edward Stephenson, was very largely attended on Sunday. Mr. Williamson officiated.

Rev. Mr. McLaren, organizer for the Orange Order, preached in the Baptist church on Sunday.

W. F. Hagerman is grading his grounds and setting out shade trees. Russell Paget and family have moved to Mars Hill for summer. Sorry to see them leave it only for a short time.

C. A. Kirkpatrick of Grand Falls was calling on friends in the village last week.

BRISTOL BREVITIES

S. N. Banks is remodeling his residence which will make a great improvement.

The comedy "If I Only Had a Million" was put on at Glasville Friday night by the Bristol Amateur players. Although the rain came down in torrents the hall was packed and \$55 was the nice little sum cleared.

Mrs. Odette Boyer spent a couple of days in Houlton last week.

portant thing.

The death occurred last week, after a prolonged illness at his home in Somerville, Mass., of Charles Campbell, a conductor on the Boston and Maine. Mr. Campbell was born and brought up near Hartland, but had spent most of his life in the States. He leaves to mourn a wife, formerly Miss Mary Shaw of Mars Hill, Me., and two children.

Miss Esther Woods, R. N., of Lawrence was warmly welcomed by many friends on arriving home for her vacation on Friday.

J. C. Stevens has added an awning to his store front.

A new coat of paint adorns the entrance to C. R. Clark's store.

C. H. Sullivan has made some marked improvements in his home and lot on Mill street.

Robert Lee left on Saturday for Port Elgin, where next week he will purchase a meal ticket for life for two and live happily ever after.

Dr. Murray and Miss Campbell of Presque Isle were here over Sunday. Jay Tompkins and J. R. Lee, and the Misses Jessie Reid and Ida Gartley, spent Sunday in Houlton.

Mr. and Mrs. Robert Burke of Port Fairfield spent Sunday with Mr. and Mrs. A. A. Hoyt.

Mr. and Mrs. Alexander of Jacksontown visited Mrs. J. E. Alexander on Friday.

Mrs. F. M. Brown left on Thursday for St. John, for a visit with friends. Harold Jameson of Bath spent Sunday with his parents here.

H. J. Clark is able to get around again after his recent illness.

Mr. Watson of Woodstock visited Mr. and Mrs. L. A. White over the week-end.

The town roller has been found. One of our townsmen had done a favor to it last fall by putting it under cover. Anyone needing rolls now can either use this or go to Hawkins' lunch room.

Mrs. E. R. Hunter and little daughter of E. Florenceville visited her mother, Mrs. J. S. Davis this week. Mrs. A. Nichols and son are visiting Mr. and Mrs. Thomas Danks.

GRAND FALLS

May 24 is looked forward to with great interest as there will be a picnic on the flats, also a base ball game between Van Buren and Grand Falls. A supper will also be served on the flats. Proceeds to be given to the base ball boys. A dance with the Grand Falls orchestra in attendance will be held in MacLaren's theatre that night.

Mrs. Geo. McMillan left for Sackville on Wednesday to attend the closing exercises of the Academy. Master Herman who has been taking violin lessons at the Academy will accompany her back.

Ethel Mockler, daughter of Thomas Mockler, was buried here Thursday, in the Roman Catholic cemetery. She had been ill for some time with tuberculosis.

Chas. Olmstead of Perth was a visitor in town this week.

Mrs. Lesore Gagnon left for Greenfield, Mass., on Friday.

The school at Lower Fortage which had been closed for a few weeks on account of an outbreak of diphtheria, was opened on Tuesday.

Miss Bernice McLaughlin left Monday to resume her teaching.

Mr. Davies of the Inland Revenue Dept. has met with great success in routing some of the moonshiners in the surrounding country. Quite a number have paid heavy fines while others are still held in jail. Allan McLaughlin, Prohibition Inspector for the county had picked up quite a number of stills previous to Mr. Davies' visit.
