JAMES BOYD.

merit, and conducted with an energy and abitity that do much credit to the Editors, Mr.

Fessenden and Mr. Holmes. The character of these gentlemen stands high in the wide circle amongst our neighbours where their usefulness is felt and their labours rewarded; but we opine that very few in this Province know anything of their valuable works, and far less of their names. In particularizing these works, we do not mean to slight a number of others to which we have access, and which are useful and valuable; but we prefer the general matter of those which are nearest our own climate and capabilities.

We make these remarks on purpose to an nonnegative are nonnegative and their commons have in every large and nonnegative are nonnegative and nonnegative are nonnegative and nonne

ons to be drawn from the lessons given are two fold. St. How shall we increase our ledder? 2d. What is the most judicious diminution of our stock? That some must be kept is self-evident. Cows must be kept to afford us a part of our sustenance. Horses and oxen must be kept to afford us a part of our sustenance. If then it is absolutely necessary to keep stock, the question returns How can we increase the productions for its support in winter? The first and functions for its support in winter? The first and the cultivation of Roots Their value to the Farmer was well proved during the last winter at spring.

The House of Commons realized the king's song is grant—grant! But in this sense of their determination, and by that single effort saved the constitution. By show ing that they had no fear in the event of a collision. The Commons knowing the hope in that time the eastern strong have been entirely overlock—on the struggle, from that time relaxed in their violence; night after night will take an ell." We challenge the whole stancy, and to have cultivated an habitual regard to commutative justice;—those are shrank from the contest, and the rights of the citizens, in their highest concerns; to be only and justice, and to be thereby among the first been must be kept to a ford us a part of us supported with the foundation and by that single effort saved the constitution. By show ing that they had no fear in the event of a collision. The Commons knowing the hope in that time that the event of the struggle, from that time relaxed in their violence; night after night will be sense of their determination. By show ing that they had no fear in the event of the event of the struggle, from that time relaxed in their violence; night after night will be sense of their determination. And by that single effort saved the constitution. By show ing that they had no fear in the event of the struggle, from that time relaxed in their violence; night after night will be sense of their determination. And the collision of the struggle, f

THE FARMER.

There are two periodical papers published in the adjoining States—the New England in the adjoining States—the New England Farmer at Boston, and the Maine Farmer at Winthrop—the objects of which are "the promotion of the public good by increasing the stock of knowledge and extending the benefits of practical skill in Agriculture and the mechanic Arts." They are both works of great merit, and conducted with an energy and abis.

THE FARMER.

Increasary in making Beef and Pork, that he who had a senate of patricians. The republics of modern Italy flourished only while the governing body was kept clear of the influence of the multitude. America the boasted model of republicanism has a senate The cup which, maddening France into an archy, destroyed even its republic, was mixed by the hands which, three wing all its orders into one assembly, made the will of the multitude the law."

The PEERAGE.

The first number of a monthly Journal entitled "Tur Conservatives" was published for paid to a senate of patricians. The republics of modern Italy flourished only while the governing body was kept clear of the multitude. America the boasted model of republicanism has a senate The cup which, maddening France into an archy, destroyed even its republic, was mixed by the hands which, three wing all its orders into one assembly, made the will of the multitude the law."

The history of the British peerage still more strongly substantiates its uses. It will be found, even in the rudest ages of the condition of the United "Tur Conservatives" was published the product of the multitude. America the boasted model of republicanism has a senate The cup which, maddening France into an archy, destroyed even its republic, was mixed by the hands which, three wing all its orders into one assembly, made the will of the multitude the law."

The history of the British peerage still more strongly substantiates its uses. It will be found, even in the rudest ages of the condition of the found of the production of the found of the produc

mounce our intention of drawing largely from their common share in every burden of the wing should sursender the right of appointing or the wing should sursender the right of appointing or the propriety disputed of farmers giving much of their attention to books; but we trust there'is eaough of intelligence in this Province to obviate the necessity of combatting or refuting such an abstract raised between their steps and the constitution. The great and intelligence in this Province to obviate the necessity of combatting or refuting such an abstract raised between their steps and the constitution. The great divine, the great maning published in old settled countries, where the wearon and climate differ widely from this young colony, is unsuitable to us; but that objection does not hold good in respect to the american periodicals. The experience of a mountain the interval of the wing should sursender the right of appointing the state; they engross no peculiar profession; they should not be take; they engross no peculiar profession; they should not be take; they engross no peculiar profession; they should not replace to the form no exclusive caste; the peerage of the constitution. There is a surfally from no exclusive caste; the peerage of they form no exclusive caste; the peerage of the constitution. It are character is that of a general stimulant (vigil) the safe ambition of the more power of forming the propriety of mountain the king should sursender the right of appointment to constitution. It alight the safe should make a state the constitution. It allows the American periodicals. The experience of a New England or Maine Farmer, may be made available here, and it is to put such experience within the reach of our agriculturists that we within the reach of our agriculturists that we have thought of our present arrangement. most glorious hazards. How many heroic address, embodying the vote, was presented Glenelg to Lord Gosford dated 17th July 1835

ious dispute has taken place between ids of Mexico and the Texas in ence of Gen. Gaines encamping at ches. The former maintain that the oops have occupied a Mexican town, ding every facility to desertion for pose of aiding the Texians; while er assert that Nacodoches does no ap, publicated by Grigg, of Philadel at the Sabine river divides the Ames tate of Louisiana from Mexico, and we the forks, the east branch is the

boundary. Nacodoches is on the branch, and must of necessity belong ico until New Estremadura is severed ne Republic and acquires its indepen by the Texan armies. Should this ake place, a hw has passed Congress ch it will be received into the America

This circumstance is regarded in nt lights even by American politicians vinced by the brilliant and powerful delivered a few months ago by the John Q. Adans in Congress. Mr. ng's rule was torecognize new States er they had secured their indepenand provided for its preservation by an ished Government.

the last English tapers we have an acof a discussion that took place in the s of Commons on the State of Texas. ich Mr. Hay stated that the Slave trade prohibited by the liws of Mexico, and the revolted Province of Texas should ded to the U. States and then engage is proscribed traffic it would violate to made with Englind. The subject assumes an interes and importance h will doubtless bring it under the conation of Parliament and of Congress.

he exploration of a life for the Rail Ros een St. Andrews and Quebec has bee e from the St. Lawrence to the Mechias, er the direction of Capt Yule; who procying parties sent to neet him from Fren and this place. Capt Yule has apited his parties to a selies of districts from Machias to Woodstock; surveying, taking is, and estimating the cost of the intendwork. After repairing to Fredericton, zy Sir Arch. Campbell Capt. Yule return-lowards the Restock to resume the princi directions of the li.2. When he ascerhably visit St. Andrews, and proceed upids. From letters received here by the sociation, and by privae correspondence learn that Capt. Yule is perfectly satisfied t the Road can be made without requiring stationary power, and that he expresses aself greatly pleased with the Country ough which it will pass!

Edwin Forrest, the Anerican tragedian, de a visit to Europe las season, and when England, entered into an engagement to y in London for a centain period of the suing winter. He returned to his native untry during the Spring and took a fareol After the play he was called for by e House, and made a very neat and touch-g speech, in which he said he had acceptan engagement in London to endeavour to sprove the assertion that the English will et support an American Actor with the me liberality that is shewn to English Stars the United States. He took his leave uner the most entinusiastic and long continued eals of applause. Mr. Forrest is a very clear man, and independently of the good feelig that exists between the mother and daugher nations; we are confident that his talents ill meet hat fair consideration and respect thich would be shewn to a theatrical aspirant f any nation; and that the decisive voice of a ondon audience will place him in his true tation among his compeers.

The Calcutta papers mention that an Ameican adventurer had made a lack of rupees y importing ice, apples and balloons. hould think there is no lack of rupees where hey are so freely spent on such articles.

The article headed " Peerage" on our first page, is deserving of a careful purusal. It is in able defence of Conservative doctrines, and places the utility of the House of Lord n a strong point of view.

A prospectus of "THE CLOCK-MAKER" is left at the Post Office, for subscribers ; il order to ascertain the extent of the in sion that will be required. This most ing and very clever series of articles in peared and wes continued in the Novas It will now be published with consid additions in Halifax, at 5s. and we stenuously recommend it to general patr

We have received two numbers of the John Weekly Chronicle newspaper, the number of which was published on

instant. It has been kindly welcomed into the field by the Courier, Observer, and Cor lenist, and is certainly most respectable in its typographical appearance. It is to be published every Friday, which will afford the Citizens a paper almost every day. We offer the proprietors our wishes for their success may permit, and it any Fireman neglect his
