BEAVER BOARD.
If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.
We carry a large stock in assorted sizes.

MAIL ORDERS.
We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

Manufacturers of: STORE FRONTS, STORE OFFICE, CHURCH FITTINGS, Wholesale and Retail Dealers in PUTTY, SHELLS, RED and YELLOW OCHRES, METAL ROOFING and SIDINGS, NEPONSSET, PAPERS and ROOFINGS, SHEET LEAD, and ZINC, PLAIN, FANCY, ART and PLATE GLASS, MIRRORS, LOCKS, KNOBS, GENERAL BUILDING HARDWARE.

VACCINATION IS NOW COMPULSORY

Provincial Board of Health Says All Residents Must be Vaccinated at Once.

The following notice was addressed to the chairman of the Campbellton Board of Health:

"Dr. L. G. Pinault, Chairman Board of Health, Campbellton, N. B.

Dear Sir:—

I am instructed to inform you that at a meeting of the Prov. Board of Health held here on January 20th inst., it was ordered under Section 89 of the Public Health Act of 1911, that compulsory vaccination and revaccination be carried out in the health districts of the counties of Restigouche, Northumberland, and Kent and in the city of Moncton.

Notification was ordered to be given to the local Boards of Health in these districts and they were urged to put this order into effect immediately.

I have the honor to be, Sir, Your obedient servant,
(Signed) ROY McGRATH,

In New Brunswick unfortunately, there is an epidemic of SMALLPOX in some districts of the lower end of this county, and the disease is also reported as existing in some lumber camps and other places.

Campbellton being situated as it is, and being the centre of the lumbering industry in this part of the Province, the infection is bound to spread in Town if we take no means of preventing it.

An epidemic of smallpox in Campbellton means serious losses to trade and industries, means closing of schools, and churches, and heavy expenses to ratepayers, it also means days of suffering to those who are sick with this hideous disease, and danger of death in severe cases.

All this can be avoided by vaccination and revaccination as it is almost a sure preventive, as it is proven that recently vaccinated people very seldom take smallpox.

The little inconveniences caused by vaccination are nothing compared with those of smallpox, and are practically nil on people who have been vaccinated once before.

The orders of the Prov. Board of Health will be carried out at once and people are requested to present themselves to a doctor of their choice and be vaccinated. The doctors will vaccinate in their offices until Feb. 1st, and after that date, the Town will be divided into districts, and a house to house visit will be made to ascertain that vaccination has been completed, and to vaccinate those who did not present themselves to the office.

Although it is advisable that every person submit to vaccination, children under 4 years and those who have been successfully vaccinated within 10 years, will not be compelled for the present.

The doctors wish, that, as much as possible, people needing their services call on them in forenoon, in order to allow them to do office work and vaccination in the afternoon.

Vaccination free to everybody.

L. G. PINAULT, M. D. Chairman, Campbellton Board of Health.

TOWN MERCHANTS FORM ASSOCIATION

Branch of Retail Merchants Association of Canada Formed Here.

For some days Mr. Alfred Burly, organizer for the Retail Merchants Association of Canada has been in town calling upon the merchants and explaining the objects of the Association and the advantages of being a member.

Wednesday evening a number of the merchants met in the town Council Chambers, and after discussing the matter decided to form a local branch of the Association.

The following officers were elected: President, Geo. G. McKenzie, 1st Vice, Pres. F. E. Sheppard, 2nd Vice, Pres. M. P. Moores, Secretary, E. P. Mowat, Treasurer, D. Goldenberg.

Several matters including early closing were discussed.

Another meeting will be called for next week of which due notice will be given. It is hoped every merchant will take an active interest in this work.

FLIGHT CADET EVAN COLLIDED WITH ANOTHER MACHINE

McMILLAN KILLED

Toronto, Jan. 21.—Three cadets in training with the Royal Flying Corps here one of whom was an American and another reported to be a former resident of the United States, met death today as a result of accidents to their machines while in the air.

N. M. Milne, aged 23, of Malden, Mass., was instantly killed when the machine in which he was flying over the Armour Heights camp was hit by another driven by D. E. McMillan, aged 29, of Durham Centre, N. B.

The body of McMillan, who was killed, was badly burned as a result of his gasoline tank exploding.

Alex. George Benedict, a Dane, born in Copenhagen 21 years ago, who is reported to have come here from the United States, was killed at the Leaside camp as a result of his machine over-balancing as he was making an ascent.

Cadet D. Evann McMillan was the second son of Mr. and Mrs. W. R. McMillan of Durham Centre, Restigouche Co., and was with the Cadets at the Armour Heights Aviation camp. He spent New Year's at his home and expected to go overseas shortly. His elder brother Robert is now a prisoner in Germany having been captured when his machine was brought down within the German lines.

The funeral of the deceased will be held at the home of his parents Mr. and Mrs. W. R. McMillan, Durham Centre, Friday afternoon at 2 o'clock. Interment will be in the New Mills cemetery.

The family have the sincere sympathy of all in their sudden bereavement.

GENEROUS FUND FOR THE BLIND

Campbellton Citizens Respond Generously to Personal Appeal By Workers.

The blind as a result of the recent Halifax disaster, who number about two hundred, present a problem which is difficult to solve, as the amount required to educate this number of scholars will of necessity be very large.

Sir Donald Fraser, who has been the head of the Halifax School for the Blind for many years has agreed to undertake the work and has opened the doors of his institution for this work.

To adequately accommodate this large increase of pupils it will be necessary to have larger buildings and more teachers. For this purpose public subscriptions are being taken and all who know anything of the excellent work of this institution in the past may rest assured that their money will be well spent.

Mrs. Fielding, Mrs. Jenner, and Mr. Havelock Sansom have been calling upon our citizens and have met with a very generous response.

The following is a list of those who contributed to this fund:—

BENEFIT LECTURE DRAWS FAIR HOUSE

Mrs. E. A. Smith of St. John Gives Illustrated Lecture in Aid of Halifax Blind.

The first of a series of lectures in aid of the unfortunate victims of the Halifax disaster who were rendered blind, was given in the Opera House Tuesday evening by Mrs. E. A. Smith of St. John. Assisted by Mrs. Jenner, also of St. John, and Mrs. Fielding of Windsor, N. S.

Rev. Hugh Miller acted as chairman and introduced the speakers.

Mrs. Smith, who is well and favorably known to Campbellton people, delivered a very eloquent address touching upon the disaster from every standpoint, and made the matter clear to all. The slides illustrating the lecture were very good, considering the great difficulty in getting the photographs. One in particular showing the munition ship on fire at the moment of the explosion was very vivid.

Mrs. Smith made a very touching appeal for funds to carry on the work of educating the blind which number two hundred many of them being children.

Mrs. Fielding, editor of the Windsor Tribune, and who has been an active Red Cross worker since the disaster, also delivered a short address, explaining the work which it is planned to undertake in educating the blind.

Mrs. Jenner gave a reading which was much enjoyed.

A vote of thanks was tendered the ladies and the meeting closed with the singing of the national anthem.

It is planned to deliver similar lectures throughout the Maritime Provinces and possibly through much of Canada and the United States.

The net proceeds of these lectures will go toward an endowment fund for the Halifax School for the Blind, which will undertake the education of the Halifax blind.

MAYOR MONTGOMERY HAS RESIGNED

Special Meeting of Council Held Saturday Night—Election Jan. 31st.

Dalhousie, Jan. 22.—There has been considerable talk in town circles since Saturday evening when it became known that at a special meeting of the town council held on Saturday, W. S. Montgomery had tendered his resignation as Mayor of the town of Dalhousie.

Notices are posted in the regular way calling for the election of a new Mayor. Voting will take place on Thursday, Jan. 31st.

The only name mentioned as a probable candidate for the office of Mayor is that of Ex. Sheriff James E. Stewart.

WOUNDED AND MISSING.

Among the casualties reported is the name of J. S. Matthews, Campbellton wounded and missing.

OBITUARY.

On the 10th inst., at Black Cape, Miss Bertha McLeod was called to rest. She has had a long, painful illness of seven years' duration, which she bore with Christian fortitude and hopefulness, for no word of complaint ever passed her lips.

She lived with her uncle, Mr. Robert McCormack, whose kindness and devotion to her comfort could not be exceeded. The funeral took place on Sabbath the 13th, and was largely attended, the service being in the church. The pastor emphasized the spirit of hopefulness and brightness which characterized Miss McLeod. Her faith in God was strong, through all her illness.

Miss McLeod was a young woman, of great intellectuality, and had her health permitted, there is little doubt that she would have had an honoured place in educational work.

A week later (on the 17th inst.) Mr. John McCormack an uncle of Miss McLeod, who lived in the same home, and who had been ailing for some time was also called away. Mr. McCormack was an old and highly esteemed resident of Black Cape. He was well known all over the country-side for his kind and generous heart and open hand, which included all, who were needy, irrespective of creed. The funeral will be held on Sabbath, the 20th, the service being in the church. To the sorrowing relatives in their double bereavement a large circle of acquaintance and friends extend sincere sympathy.

Save Food

In a time needing food economy many people are not getting all the nourishment they might from their food. It is not how much you eat, but how much you assimilate, that does you good.

The assimilation of a small teaspoonful of **Zam-Buk** before meals leads to more thorough digestion and assimilation and thus saves food, for you need less.

Extract From Manual "What is the Great War Veterans Association of Canada."

"Here let us say about the financial affairs of the local branches and their financial problems. In many places throughout Canada already meeting places have been provided for the returned men, where under their government they are free to develop and help in the working out of their own problems. Few there are in Canada who hope that will question the right of these boys to appeal for that assistance to provide accommodation in this respect. They have very little money of their own, and surely those who stayed at home are willing to supply this little comfort of an appreciation for the service they have rendered. The day will come when these cities and towns, which have provided these privileges for men who went forth from among them to battle and returned, will have reason to believe that the money could not have been better spent. Operating expenses later on will be met by fees imposed upon members and in this association the amount to be levied has been left to the jurisdiction of each branch. We would urge upon each community in Canada, wherever men have left their homes and their positions in life to go in defence of our common heritage, to dedicate a building or quarters to the memory of those who have fallen and place it at the disposal of their comrades who remain and are returned, where from time to time we may assemble to do honor to their memory, and carry out the details of our efforts to see that those of the loved ones who remain are properly cared for. It will be necessary to secure money, not always in great sums, and we feel sure that there are very few districts in this great Dominion that will not follow suit and see that this very wise provision is made.

Reader, if you unfortunately are not able to become a member of our Association, this is put in your hands with our best wishes, and our heartfelt gratitude for what has already been done. It is with the very best intentions. Please believe that we are not a collection of disgruntled, dissatisfied, unhappy men, but that we are an orderly gathering of returned soldiers, seeking to again become civilians, hoping that we may yet be allowed to serve our country in a civilian capacity as truly as we tried to do so when we proudly wore our khaki. Help the little bunch in your own home town, and give them every encouragement. Be a Great War Veteran "Friend."

We are distinctly a returned soldier's Association, and we have no other interests outside of the general good of our comrades, and the dependents of those who have fallen, coupled of course with our earnest desire to see Canada continue to stand with proud mien amongst the nations of the world, the fairest gem in Britain's Empire.

Why pay the expense of holding the Municipal Council five days in session when two or three days will do all the work. The ratepayers should take action.

Help the Soldiers!

Send your soldier friend a box of Zam-Buk, which for its great healing power and compactness is called "A surgery in a two-inch box." It is indispensable in France for bad feet, poisoned wounds, frost bites, cold cracks, chapped hands, chilblains and sores of all kinds.

Private E. Westfield, of "C" Company, 3rd Worcester Regiment, writes home: "I wish we could get more Zam-Buk out here. Instead of so much tobacco. We need Zam-Buk badly and nothing can take its place."

Be sure to include at least one box of Zam-Buk in your next parcel. All dealers or Zam-Buk Co., Toronto, 50c box, \$ for \$1.25.

MUNICIPAL COUNCIL MEETING PROVES VERY INTERESTING

Board of Health Account and other Matters Under Discussion—Grant For Road Signs Passed

The regular annual session of the Restigouche Municipal Council convened at Dalhousie Tuesday.

At 11:30 the council was called to order, and Coun. Firth appointed chairman.

The following councillors were declared elected by the Secretary Treasurer:—

Grimmer—Alexis C. Levesque, B. F. Peters.

Eldon—Murdoch Firth, James Cheser.

Addington—John Harquail, H. C. Gillis.

Dalhousie—John Dickie, Poledore Dugas.

Balmoral—Henry Diotte, Narcisse Levesque.

Colborne—John C. McLean, W. G. Mawhinney.

Durham—Archibald Murchie, John Lawlor.

Town of Campbellton—C. A. Alexander.

Town of Dalhousie—W. S. Montgomery.

On motion of Coun. McLean, Coun. H. C. Gillis was nominated as Warden. This was voted on and Coun. Gillis was elected unanimously.

In taking the chair Warden Gillis thanked the council for the honor conferred upon him. The direction of the council was new to him, but he would do the best he could, and asked for the assistance of all to expediate the business.

The minutes of the last session in July were read and confirmed.

Coun. Firth moved that A. T. LeBlanc, M. P. P., be appointed legal adviser for the council.

Coun. Murchie moved in amendment that the council appoint no legal adviser.

The amendment was lost and the original motion was carried, 7 to 6.

Coun. Montgomery stated that according to the bylaws, if all councillors were not present, business should not be transacted until 12 o'clock, and consequently any business transacted previous to that hour was illegal.

Council adjourned until 2 o'clock.

Tuesday Afternoon.

Council reassembled at 2 o'clock.

Upon motion Messrs. H. J. Currie and M. M. Mowat, a delegation from the Restigouche Auto Association were invited to take seats within the railing.

The minutes of the forenoon session were read.

Coun. Montgomery moved that the minutes of the forenoon session be read and confirmed, and that the minutes be taken before twelve and not legal.

Coun. McLean moved in amendment that minutes be confirmed as read. The amendment was carried on the casting vote of Warden.

A letter from the Department of Agriculture re sheep raising and dogs was laid on the table for further consideration.

Coun. Firth moved that Mr. LeBlanc be legal adviser be given a seat on the floor of the council.—Carried.

The Warden suggested that the delegation from the Restigouche Auto Association be heard, and on motion they were given permission to address the Council.

Mr. H. J. Currie thanked the council for their courtesy in inviting them to take seats within the railing. He and Mr. Mowat were appointed a delegation to meet the council and asked for a grant to assist in placing road signs at all junction points in the county. He spoke of the necessity for such signs and stated that the Restigouche Auto Association would pay half the cost, which would cost \$150.00.

Mr. Mowat also spoke of the necessity of these signs and pointed out that the N. B. Auto Association were doing this work in St. John.

Coun. Montgomery thought that the appeal should be made to the local government, as all the fees collected from Auto owners went into the N. B. government. He thought the government should bear the entire expense of such work.

Coun. Dickie thought that the local government had shouldered all they could when they promised to fund the Auto tax, and spend the money thus procured in improving the roads. This was a very necessary work and he suggested that the grant be made.

Coun. Mawhinney moved that the matter stand over until to-morrow afternoon.—Carried.

The following committees were named by the Warden.

County Accounts—Coun. McLean, Firth, Alex. C. Levesque.

Public Lands and Building Committee—Coun. Dickie, Diotte, Dugas

Printing committee—Firth, Harquail, Lawlor.

Assessment—Harquail, Firth, Montgomery, Alexander, Alexis C. Levesque, Dugas, Diotte, McLean, Murchie.

The council took recess in order to enable the Account Committee to examine the county accounts.

The council reassembled and proceeded to pass county accounts as follows:—

Account, Dr. A. Martin, \$20.40.

Account laid over for further consideration.

The council then adjourned until 10 o'clock Wednesday morning.

Wednesday Morning.

The council reassembled at 10 a.m. The minutes of the previous session were read and approved.

Coun. Murchie moved that Mr. McLeod of the Agricultural Dept. Fredericton be given a seat on the floor of the Council.—Carried.

Coun. Harquail moved that Mr. McLeod be heard on the matter of sheep raising and dogs.—Carried.

IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look, Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mother can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food, gently moves out of the bowels, and you have a well, playful child again.

Sick children need to be coaxed to take this harmless "Fruit Laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

Leod be heard on the matter of greater production.

Mr. McLeod said he was glad to be present. Food was his said one of the big factors for winning the war, and it was necessary to look into the future. Our people in charge of food supply are trying to provide for the future. No one knew when the war would end. Sir Eric Geddes had written to the United States to plan and provide for two years of war. The increased production of wheat was desirable. Last year's failures did not mean there would be failures this year. We might raise other crops; more profitably, but it was a patriotic duty to grow wheat in order to meet the inevitable shortage in Europe. They were going to look to Canada and the United States for Wheat, and we should increase production. Provinces that could and did not increase production might be met with an embargo against their importation of wheat. The department is asking County Councils to help in distributing seed that will be provided by the Department of Agriculture.

Each Councillor should ascertain how much seed is wanted in his parish and advise the central committee. Councils are expected to pay drafts for the seeds and collect from those to whom the seed is given. The boys in the trenches should be provided with flour. The petitions for enforcement of the law for production of sheep should be acted on. He would like every Councillor to bring their matters before the farmers of their districts and secure the organization of agricultural societies. The department would provide the seed at actual cost, say \$3.10 for wheat and between \$1.10 and \$1.15 for oats.

Coun. Dickie spoke in favor of the undertaking and also advised the growing of barley and buckwheat.

OVERWORKED, TIRED WOMAN TOOK VINOL

Philadelphia, Pa.—"I was overworked, run down, nervous, could not eat or sleep. I felt like crying all the time. I tried different remedies without benefit. The doctor said it was a wonder I was alive, and when Vinol was given me I began to improve. I have taken eight bottles and am now strong and perfectly healthy in every respect, and have gained in weight. I can not praise Vinol enough."—Mrs. Sarah A. Jones, 3025 Nevada St., Philadelphia, Pa.

We guarantee Vinol to make overworked, weak women strong or return your money. Formula on every bottle. This is your protection.

HUSBAND SAVED HIS WIFE

Stopped Most Terrible Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Denison, Texas. "After my little girl was born, two years ago I began suffering with female trouble and could hardly do my work. I was very nervous and just kept dragging on until last summer when I got where I could not do my work. I would have a chill every day and hot flashes and dizzy spells. My head would almost burst. I got where I was almost a walking skeleton and life was a burden to me until one day my husband's step-sister told my husband if he did not do something for me I would not last long and told him to get your medicine. So he got Lydia E. Pinkham's Vegetable Compound for me, and after taking the first three doses I began to improve. I continued its use, and I have never had any female trouble since. I feel that I owe my life to you and your remedies. They did for me what doctors could not do and I will always praise it wherever I go."—Mrs. G. O. Lowmyer, 419 W. Monterey Street, Denison, Texas.

WARNING NOTE.

The Family Herald and Weekly Star of Montreal are this week publishing a warning notice that their offer of a great war map is shortly to be withdrawn, and also advising subscribers to renew promptly, otherwise they may miss a copy or two as the enormous increase in expense of publishing compels them to cancel promptly all expiring subscriptions. The Family Herald and Weekly Star at \$1.25 a year, including their great war map, is wonderful value, and those who fail to take advantage of this offer now are sure to be sorry. There has been an enormous demand for that paper and map this season.

NO MORE FROM RESTIGOUCHE.

Because of smallpox in Restigouche County, no more drafts will be taken for the present from that county. This makes the third county in New Brunswick from which no recruits are being taken until smallpox conditions change. The other two are Kent and Northumberland.

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a small bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scanty hair is sure evidence of a neglected scalp; of dandruff, itching and sore. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

MUNICIPAL COUNCIL

(Continued from page two).

Board at Campbellton be sent to the Military authorities. The other accounts were reduced about \$100.00. The Board of Health accounts were taken up.

Dr. A. Martin passed, \$22.50
James Mercier, 26.00

Coun. Mawhinney moved that the Board of Health accounts be laid on the table for future consideration.—Carried.

The Council then adjourned until Thursday morning.

Thursday Morning.
The council reassembled at 10 a.m. Minutes of previous session read and confirmed.

Claim of Paul Caissey, refund of pool tax read.

Moved by Coun. Mawhinney that Paul Caissey be refunded \$1.02 pool tax collected in Colborne as he had also paid in Belmore.—Carried.

Eldon Accounts.
The Eldon accounts were then taken up and passed as follows:—

No. 50—Account Donald Murray, collector \$148.22
No. 51—Account Assessors of Rates, 72.14
No. 52—Statement Overseers of Poor, showing expended, 546.95
Laid over until afternoon.

No. 53—Account Assessors of Roads, 51.91

Board of Health.
The Board of Health accounts were again taken up.

Coun. Mawhinney moved that all bills in reference to the supposed smallpox be laid over until July.

Coun. Montgomery moved in amendment that the council deal with the account at once.

Amendment carried.
James Mercier, guard, \$26.00
Recommended at \$13.00.

After a lengthy discussion it was seen that the council could not agree and the accounts were laid over until the afternoon.

Coun. Harquail moved that the Printing Committee be authorized to have printed 500 pamphlets in English and 300 in French to be issued not later than April 30th, 1917 and to be sent each Councilor prorate by the Secretary.

Coun. Mawhinney moved in amendment that no pamphlets be printed. Amendment lost and motion carried.

Coun. Harquail moved that the list of defaulters of the several Parishes be handed to the Councilors of the Parish respectively affected with authority to take all legal means to collect all rates and taxes in arrears with legal cost from such defaulters.—Carried.

The council adjourned until 2 p.m. Thursday Afternoon.

The council reassembled at 2 o'clock. Minutes of previous session read and confirmed.

Coun. McLean moved the following resolutions:—
Resolved that the Restigouche Municipal Council co-operate with the Provincial Department of Agriculture as a war time measure in ascertaining requirements financing and distribution of grain required by the farmers of Restigouche county for seeding purposes in 1918.

Further resolved that the Warden and Sec. Treas. be empowered to make the necessary short loans to finance the proposition and that the council appoint the Warden a central committee through whom the Dept. of Agriculture will keep in touch with the movement until the work is completed. Each Councilor to be a committee in charge of the matter in their respective parishes.

And further resolved that the seed be sold for cash, sufficient being added to the cost of such seed to cover all expense in handling same.

And further resolved that any grain left on hand be charged to the parish so interested.—Carried.

A largely signed petition asking that the Restigouche Municipal Council put into effect the law respecting

dog licenses and the protection of sheep.

Coun. McLean moved that the prayer of the petition be granted.—Carried.

The provincial statute provides that all dogs in the county must be registered and pay a license of \$1.00 for dogs and \$5.00 for bitches.

The following accounts were passed:
No. 97—Graphic Limited, Registration Blanks, 13.10
No. 98—Lockup at Anderson, 270.82
No. 99—H. B. Anslow, Reporter, \$20.00

No. 100—Joseph Savoie, care P. Melanson, 5.00
No. 101—Bill of Costs, Durham case, 14.75
No. 102—T. Robinson, patient to Hospital, 45.30

Board of Health accounts, re smallpox, be laid over until July.—Carried.

Coun. Harquail moved that the sum of \$75.00 be granted the Restigouche Automobile Association for the purpose of assisting in the erection of road signs, and that Coun. McLean be appointed a representative from the Council to assist in the work.

Coun. Montgomery moved in amendment that this council petition the Local Government to pay for this necessary work out of the provincial fund.

The Secretary of the Auto Association was asked to address the council. He stated that if the amendment was carried it would be equivalent to voting against the granting of money, as the Local Government could not take money from the provincial Auto fund for this purpose.

The amendment was put and carried by a majority of one.

Coun. Firth moved that the parish of Eldon be divided into two districts for Municipal elections polling place for district No. 1 to be at or near Murdock Firth's, for No. 2 at or near Geo. Dawson's.—Carried.

Coun. Firth claimed that in the division of the parish of Eldon into Eldon and Grimmer the expenses of such division were all charged to Eldon. The matter of defaulters also needed attention. He moved that a committee be appointed to look into this matter.—Carried.

Coun. Alexander, Firth, and McLean were named such committee.

Council adjourned until Friday morning at 10 o'clock.

Friday Morning.
The council was called to order at 10 a.m.

The minutes of the previous meeting read and approved.

Coun. McLean moved a reconsideration of a grant to the Restigouche Automobile Association for road signs, and that Mr. Currie be heard on the matter.—Carried.

Mr. H. J. Currie addressed the council. He said that this was a work which should be done by the Municipality, but to help, the Auto Association had voted \$75.00 and would see that the posts were erected. As the secretary had stated the local government could not grant money from the Auto fund for this work.

Coun. McLean moved that the request of the Restigouche Auto Association be granted and that \$75.00 be paid out of the contingent fund for the placing of road signs throughout this county.—Carried.

Coun. Firth moved that Coun. Peters be paid his mileage and per diem allowance.—Carried.

Coun. Harquail moved that the Lists of Parish officers submitted to the County Secretary for 1918 by the Parish Councilors be the legal list of Parish officers for each Parish, just as if they were read and passed by this Council, and that all lumber surveyors be County officers.—Carried.

Coun. McLean from committee to look into expenses re division of Eldon and Grimmer reported that the expenses of such division had been charged to the county as per resolution.

The report was adopted.

The Councilors mileage and per diem allowance passed, \$332.12
Coun. McLean moved that Couns. Mawhinney and Levesque (Grimmer) be members of the Board of Health.—Carried.

Coun. Harquail moved that the Assessment Committee retire and make a report to this Council of the Assessment required for all purposes.—Carried.

A resolution asking the New Brunswick legislature to amend the section respecting Councilors diem allowance, from \$3.00 to \$6.00 was carried unanimously.

The council adjourned until 2 o'clock. Friday Afternoon.

Why Peace Tardies. Must Prove to Germans That Empire Cannot Be Starved. A very shrewd and able Englishman, writing recently from Mesopotamia to a military officer in England, said that, to judge by the British newspapers, the familiar saying that England does not know when she is beaten ought now to be revised so as to read, "England does not know when she is winning off." The competent witness, able from his situation to take a broad view of the war, regards all the signs and omen as favorable to us and our Allies. His optimism is shared by General Smuts who speaks with much greater authority, for he is not only himself a great soldier and a man of high intellectual distinction, but is also a member of the War Cabinet, with access to all the sources of information.

SAWDUST. Certain Municipal councillors remind us of children playing a well known game. They wished to win a political tall upon every motion which went through.

"PILLOXES." What They Are, and What British Are Doing to Combat Them. One point emerges with great clearness from the reports on the recent fighting, namely, that a reply has been found to the German defensive device variously described as redoubts, anti-tank towers, block-houses, and in the soldiers' vernacular "pillboxes." General Sir Armin, who is in command of the German armies on the front of the recent fighting, is an ingenious and able soldier. His famous report on the Somme battle, which was captured and published, revealed a very fresh mentality, able to analyze and learn from the mistakes of the enemy. He was extremely frank and unusually free from preconceived ideas. It was this general who was faced with the necessity of finding some defensive substitute for the deep dugout, which the certainty of striking water at any depth over a few feet puts out of court on the Ypres front.

ENGLISH INN SIGNS. Invariably Are Derived From Some Historical Event. There are thousands of inns scattered throughout the British Isles, many of which have existed for centuries past as the places of call for the stage coach, which, in the days of the way along well-known routes, and have been welcomed as houses of rest along the less frequented ones. These old-time hotels have come down to posterity, altered perhaps in character and appearance, but still relics of the past, with their quaint names and still quaint signs.

ENGLISH INN SIGNS. Invariably Are Derived From Some Historical Event. There are thousands of inns scattered throughout the British Isles, many of which have existed for centuries past as the places of call for the stage coach, which, in the days of the way along well-known routes, and have been welcomed as houses of rest along the less frequented ones. These old-time hotels have come down to posterity, altered perhaps in character and appearance, but still relics of the past, with their quaint names and still quaint signs.

Women in War Service. The British Ministry of Munitions has taken over all expenses connected with the training school for women welders at Notting Hill Gate, organized by the women's service. This is on the condition that at least twenty women are in constant training. This arrangement is said to be giving complete satisfaction. About 200 skilled welders have been trained in this school.

ALL RAIL ROUTE to Prince Edward Island. With the inauguration of the car ferry service between the two nearest points of land, Port Borden and Cape Tormentine, a distance of eleven miles, Prince Edward Island was virtually said to be connected with the mainland by rail. Hereafter freight, mails, and express have had to be unloaded from the train at Charlottetown and Summerside, transferred to the steamer, unloaded on the steamer at Pictou and Point du Chêne and reloaded on the train. It took about four hours to load the vessel, from three to four hours to cross the Strait, and about the same time to unload. This at four points, and then only for eight months in the year. At Port Borden a standard gauge track has been constructed alongside the Island track, so that freight can be conveniently transferred from the smaller Island cars to the larger ones operated on the Canadian Government Railways mainland lines, the latter having double the capacity. Thus there will be in actuality standard mainland freight cars loaded on the Island ferry for the mainland rails. The car ferry, "Prince Edward Island," is capable of carrying twelve freight cars, which means freight will be landed from the Island on to the mainland without breaking bulk, and vice versa. In other words, a through freight service has been established between Prince Edward Island and the mainland railways. The twelve cars are capable of carrying a tonnage equal to one steamer load. The ferry is scheduled to cross the Strait in an hour, tranship its cars and be ready in less than an hour to recross the Strait again with a similar cargo. This at two points only and by a route which is confidently expected to be operated the year round. A refrigerator car service for perishable goods is to be established. Another important feature is that heavy freights, such as undressed lumber and coal which has up to the present been dependent upon sailing craft, can now be assured of through rail carriage. Special facilities are being provided for the unloading of coal shipments, and development may be expected along similar lines where commodities require special handling. Express, mail and baggage will be transferred at Port Borden, but until the Island Railway gauge is standardized there will not be any necessity to ferry passenger cars. The "Prince Edward Island" provides a handsomely furnished first-class saloon, dining room, ladies' room, gentlemen's smoking room, and second class accommodation, so that the comfort of the passenger while crossing on the ferry will be well looked after. Under the winter passenger schedule the ferry will make one round trip a day. The summer service contemplates two round trips of the ferry daily (Sunday excepted), which will mean that passengers from the Island will be able to arrive at Halifax much earlier in the evening, and also make connection with the two expresses, the "Ocean Limited" and the "Maritime Express," for the west. From the mainland there is to be a connection, with the two expresses from the west, and passengers from the east will arrive at their destinations on the mainland much earlier. So that with a passenger, mail and express daily service the year round, the saving in time and money of handling freight—one transshipment instead of four, and through one terminal instead of four, a frequent freight service with refrigerator facilities for perishable goods and without breaking bulk—the ferry making such extra trips as business warrants—rail shipments of heavy freights, connection in the open season with the two expresses for the west and the earlier arrivals on Prince Edward Island, the new route must lead to the greater development of the "Garden of the Gulf," a freer intercourse between its people and those on the mainland, and be a powerful factor in removing its feeling of isolation from the rest of the Dominion—an improvement of conditions in which Canada, and particularly Eastern Canada, will equally participate.

DOING GOOD WORK.

Following is one example of the good work being done here by the G. W. V. A. A returned wounded soldier, Corporal Silva of Dalhousie, who had lost a leg and had gone to Toronto hospital for treatment and had returned to his home in Dalhousie dissatisfied with the treatment he had received and with the poor fitting artificial leg given him, last week brought it to the attention of the Restigouche G. W. V. A., when the President, Mr. O. J. Larzen, immediately got in touch with Mr. Chas. Robinson, Sec. of the Returned Soldiers' Aid Commission, St. John. Mr. Larzen ably put Corporal Silva's case before Mr. Robinson and that gentleman the following evening left St. John for Campbellton, taking Corporal Silva to the St. John hospital where he is now undergoing further treatment. Other good deeds are also being attended to weekly by the G. W. V. A.—Cor.

FAREWELL.

A very enjoyable evening was spent at the home of Mr. and Mrs. Duncan Chamberlain when the many friends of George Wilmet gathered to give him a hearty farewell. The evening was spent in dancing and an excellent lunch was served. Music was provided by Mr. James LeBlanc, of Campbellton. Mr. Wilmet was born in River du Loup but has been a resident of Pequet, Minnesota since 18 years. He is a brother of Mrs. Duncan Chamberlain, Campbellton; Mrs. George Clippert, River du Loup; Mrs. Gus Clippert, Shives Athol, Patrick in the 87th Batt. France, and Paul and Ader with their mother at home. Besides his sisters and brothers, present were, Mrs. Jack Chamberlain, Mrs. W. H. Carroll, Miss Nellie Chamberlain, Miss Memory Christie, Miss Martha LeBeouff. Also our returned heroes, Pte Alexis Paradis of the 132nd Batt., and Pte. Maurice Harkins of the 26th Batt. Mr. Wilmet left by express on Tuesday morning for his home. His many friends wish him a safe and pleasant trip.

THEEVES ACT'VE.

Thieves on Saturday night entered the barn of Warden H. C. Gillis, Tide Head and removed therefrom two quarters of beef, a box of wheat containing six or seven bushels, a beef hide and a set of blocks with rope. The thieves drove up to the barn at the old Gillis homestead, which is unoccupied broke into the barn and loaded up their sled. They seemed to be familiar with the premises. Mr. Gillis followed the horses tracks down towards Campbellton, as the tracks of the shoe was exceptionally large, but lost it among the traffic from Miller's Mill. Many places have been robbed in a similar way this winter, and it is too bad the thieves cannot be caught.

SMALLPOX CASES IN NEW BRUNSWICK.

St. John, Jan. 21.—Reports to the Provincial Board of Health show forty cases of smallpox in Kent County, sixty in Restigouche, 41 in Northumberland, eight in York and ten in Victoria, a total of 159. Compulsory vaccination and revaccination in Restigouche, Northumberland and Kent, and in Moncton City by its own request, has been ordered.

KEAYS—DOIRON.

A very quiet but pretty wedding took place at the Roman Catholic Church, Campbellton on January 21st when Miss Alice Doiron, daughter of Mr. and Mrs. John Doiron of Matapedia, was united in marriage to Mr. Keays of Nouvelle, Que. The bride was becomingly dressed in a suit of navy blue broadcloth with hat to match. Mr. and Mrs. Keays will reside in Campbellton.

PLEASANT OUTING.

The members of the LeCoeurett snowshoe club spent a very pleasant evening Wednesday the 18th when about twenty enthusiastic snowshoers took part in an outing given by Mrs. L. G. Pinault, president of the Outing Committee. The members accompanied by friends congregated at Mrs. Pinault's home and left for a "tramp" at 8 o'clock going out upon the surface of the Restigouche river. They returned at 10 o'clock and Mrs. Pinault served refreshments which was much enjoyed by all, after which Mrs. L. P. Roy, Miss Kean and Mr. Comeau rendered very classical music especially chosen for the occasion. The president on behalf of the club extended thanks to the hostess. The Vice, President, Mr. Daley; the Secretary, J. J. Bernier; and Dr. Brennan, and others also expressed their enjoyment of the outing and expressed the wish for many others. Among those present were Mr. and Mrs. L. P. Roy, Mr. and Mrs. R. J. Lavoie, Misses E. Roy, E. Hogan, L. Boudreau, D. Boudreau, M. Henry, B. Richard, L. McIntyre, R. Vermitte, G. Kean, R. McIntyre, Messrs. J. D. Brule, F. J. Daley, Dr. Bernier, J. A. Bernier, Geo. Comeau, R. Cantin, J. J. Bernier, E. Cantin, and J. McIntyre.

NEW CARLISLE.

The following is the financial report of the New Carlisle Girl's Khaki Club from Oct. 22nd, 1917 to January 14th, 1918:

Table with Receipts and Expenditures. Receipts: Cash on hand, Oct. 22nd, \$118.61; Membership Fees, .25; Donations, 2.00; Fines, 8.15; Refunds, 15.36; Proceeds of Sale of Refreshments, 1.95; Proceeds of Snowshoe Tramp, 5.30. Total \$181.62. Expenditures: Wool, \$17.74; Postage, 22.40; Fancywork, 8.04; Sundries, carting, Express, etc., 4.10; Donation, Rev. A. W. Buckland, 15.00; Donation, Sister, J. E. Smith, 15.00; Donation, Sister B. A. Smith, 15.00. Total \$97.37. Balance forward, \$84.25. Total \$181.62.

Cash on hand, \$84.25.

The N. C. Girl's Khaki Club organized in January 1917 with two officers and twenty members. The first object of the club was to raise money to buy wool and material for field comforts for our town boys in the trenches. This was accomplished through the fees and kind assistance of the towns-people. During the year the club held a basket social, fancywork sale, snowshoe tramp, luncheon, etc., all with the view of raising funds to carry on the work. Parcels were sent at Easter, and again in November Christmas parcels were sent representing a cost of \$200.00. The club added to its membership 12 members, but lost one, the late Willa Kempfer.

At the annual meeting on Monday, Jan. 14th, Lena Kempfer was elected by acclamation as the President for 1918, Mabel Imhoff, Vice, President, and L. E. Sutherland, Secretary-Treasurer. Miss Kempfer thanked the members for the confidence placed in her, and hoped with their assistance to carry on the work successfully. The Retiring President, L. E. Sutherland, thanked the members for their assistance during the year just pasted, saying that without their help the work could not have been carried on. (Signed) D. MAYOR, Retiring Sec. Treas.

Pte. Wilfred Main formerly of the 189th Battalion but lately of the 14th Mount Royal Battalion has returned home after spending some time in the trenches where he was wounded with shrapnel in the left arm and his leg. His arm is still set and he has been discharged from the unit from further military duty. Many friends are pleased to welcome him back.

Pte. Geo. Billingsley of the Home Guard has returned to Quebec after visiting his parents Mr. and Mrs. R. J. Billingsley.

Miss Reta G. Jacobsen after spending two weeks at her home on her return from McDonald College where she had been for the past two months, left on Sunday, Jan. 6th for Gaspe where she will take up her duties as teacher in L'Anse au Beaufils school.

Miss Lila Irvine of Veilleux has returned to her home after visiting Mrs. Ernest Astle.

DAI-HOUSIE.

Dalhousie, Jan. 23.—The adjourned annual meeting of the Dalhousie Social Club was resumed on Wednesday evening the 9th inst., with C. H. LaBillois, chairman and Murray McKay Secretary. The financial standing of the club was thoroughly discussed with satisfactory results. Suggestions were made by those in attendance looking forward to more conveniences and comfort for the members. With an encouraging out-look for the future success of the club, the members struck a patriotic chord and decided to hold a large whist party the near future, in the club rooms to assist the Red Cross of Dalhousie. An excellent committee consisting of E. Rene Richard, A. R. Fraser, and W. A. Gallop were appointed to interview the ladies of the Women's Institute with the view of making the affair a great success.

Our people are looking forward to the lecture to be given on Thursday evening about the Halifax disaster by Mrs. E. Atherton Smith in the Star Theatre here. Mrs. Smith who is a native of the parish of Dalhousie, will receive a hearty welcome. Mrs. Jensen, who spent some time at the Inch Arran in the past, and who last year took part in patriotic entertainments held here will meet a sympathetic audience.

Word has been received by Mr. and Mrs. T. G. Scott that their daughter Miss Sue is improved in health, due to a recent operation. Mayor Ed. J. Martin and Mrs. Martin of Carleton, P. Q. were the guests

yesterday of Mr. and Mrs. E. B. Gaudet.

Mr. and Mrs. E. B. Gaudet returned home yesterday, after visiting their friends in Robitaille, St. Omer, and Carleton.

Mr. Joseph Eiliger, one of the old pilots of the place passed away at his home here this morning after several weeks of illness. Private Clarence Robinson, who was badly wounded at the front, has gone to a convalescent hospital in Montreal. Before leaving he was nicely entertained by his friends, and hope that he will speedily recover the use of his right hand. Mr. Math. Stewart, St. Omer, P. Q. was a visitor at Dalhousie this week.

Compulsory Vaccination!

The Provincial Board of Health having ordered a compulsory vaccination and revaccination in the County of Restigouche, N. B., notice of same is hereby given.

All residents of the county are therefore required to present themselves to a doctor for vaccination at once. After a short period of time the whole county will be canvassed and all those who have not been so vaccinated will then be attended to as by order directed.

END STOMACH TROUBLE. GASES OR DYSPEPSIA. "Pape's Diapepsin" makes sick, sour, gassy stomachs surely feel fine in five minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, or you belch gas and eructate sour, undigested food, or have a feeling of distension, heartburn, fullness, nausea, bad taste in mouth and stomach-head-ache, you can get relief in five minutes by neutralizing acidity. Put an end to such stomach distress now by getting a large fifty-cent can of Pape's Diapepsin from any drug store. You realize in five minutes how useless it is to suffer from indigestion, dyspepsia or any stomach disorder caused by food fermentation due to excessive acid in stomach.

ATHOL. The Soldier's Comfort Association met at the home of Mrs. J. B. Currie. An enjoyable evening being spent by all.

Mr. George Wilkins spent the week-end at his home here. A number of the young folks enjoyed themselves at a skating party on Tuesday evening. After the party the crowd met at the home of Mrs. Dan Veinotte and a delicious lunch was served.

Messrs. George and Robert Harper spent the week-end at their home in Tide Head. Prayer meeting will be held on Thursday evening at Mr. Wm. Salmon's and on next Thursday evening at the home of Mr. Geo. Wilkins.

Mr. Hugh Daley has returned after spending a vacation at his home in Chatham. Miss Mabel Salmon spent the week-end with her parents Mr. and Mrs. William Salmon.

Mr. Harry Doull is spending a few days with his uncle Mr. L. Doull. The Annual meeting of St. Andrew's Presbyterian Congregation, New Richmond was held on the 15th inst.

The reports were the most satisfactory in the history of the church, about \$4,500.00 being raised during the year. Among the items were: By the Women's Missionary Societies and Mission Band, \$300.00; For Church Missions, \$694.00; For Repairing the Cemetery \$500.00; The Treasurer's book showed a surplus of \$2210.00.

In recognition of the indefatigable labours of the Pastor, Rev. E. J. Rattee B. A., the congregation voted to him the sum of \$100.00. The managers were also instructed to pay a sum of money to the capable Treasurer, Hugh M. Johnston, who hitherto has done the work without charge.

The interest is good in all branches of church work, and we trust that during the ensuing year St. Andrew's may continue to advance in matters, both spiritual and temporal. Special efforts have been made on behalf of Red Cross some time ago.

The first was a concert given in the school house in the fourth concession. This splendid entertainment is due to the teacher, Miss Caldwell, who worked very hard to make it successful. She was assisted by the young people and pupils. The singing drills, recitation and dialogues all reflected much credit on all who took part. Ten dollars was raised and given to the Red Cross Branch of New Richmond, who wish to express their public appreciation of the donation.

The Red Cross concert in the Blue Ribbon Hall is said to have been the best, held in the hall, at least for a long time. The interest was good, and the programme well and carefully chosen. The programme was ably helped by Miss McDonald of Campbellton, an eloquentist of talent, who kindly gave her services freely in the interest of Red Cross. The singing dialogues, recitation and tableaux "Canada" were exceptionally good, showing that much careful study had been given to all the numbers on the programme. A very pleasing act was the public presentation of a box of candy to two returned wounded soldiers, Duncan Barter and Vincent Willett.

The sum of eighty-one dollars was realized. During the past year the sum of \$1100. has been raised for Red Cross purposes by the New Richmond Branch, and this year the interest still continues. The members of the Branch meet one afternoon of every week to work, while the knitting goes on at home. Some of the members have made a record for themselves in the number of socks they have knit.

GASPERIAN ICE-BOUND NEAR CHARLOTTETOWN. Ottawa, Jan. 10.—Word has been received by the Marine Department that the steamer Gasperian which left Gaspe on Christmas Day bound for New York and has not been heard of since, is ice-bound about twenty miles from Charlottetown. Efforts are being made to send the car ferry to release the Gasperian and bring her to open water.

No Word of Gasperian. Quebec, Jan. 12.—No further news of the plight of the Quebec steamer Gasperian, reported stranded in the ice in the gulf yesterday, has been received. No immediate fears for her safety are as yet entertained, although the prolonged silence from the ship is indicating trouble at sea. It is the third mishap the vessel has had in the gulf ice since leaving Quebec late last fall for Gaspe.

Hurrah! How's This Cincinnati authority says corns dry up and lift out with fingers.

Hospital records show that every time you cut a corn you invite lock jaw or blood poison, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called frezzone can be obtained at the cost from the drug store but its merit to rid one's feet of every hard or soft corn or callus.

You simply apply a few drops of frezzone on a tender, aching corn and nervousness is instantly relieved. Shortly after the entire corn can be lifted out, root and all, without pain. This drug is sticky but dries at once and is claimed to just shrivel up a corn without inflaming or even irritating the surrounding tissue or skin. If your wife wears high heels she will be glad to know of this.

THE TONIC THAT BRINGS HEALTH

"Fruit-a-lives" Builds Up The Whole System

Those who take "Fruit-a-lives" for the first time, are often astonished at the way it builds them up, and makes them feel better all over. They may be taking "Fruit-a-lives" for some specific disease, as Constipation, Indigestion, Chronic Headaches or Neuralgia, Kidney or Bladder Trouble, Rheumatism or Pain in the Back. And they find when "Fruit-a-lives" has cured the disease, that they feel better and stronger in every way. This is due to the wonderful tonic properties of these famous tablets, made from fruit juices. 50c. a box, 6 for \$2.50, trial size, 25c. MUNICIPAL COUNCIL

(Continued from Page 3) Treasurer of the County at the close of this meeting or as soon thereafter as possible and the interest thereon be charged to the different Parishes until such time as the rates are collected to cover the amount so placed.—Carried.

On motion Sheriff Robinson was allowed to address the council. The Sheriff said he was the poorest paid in the whole province and asked for an increase of \$200, making it \$500 in all. No action was taken upon this request.

Coun. Firth moved that the report of the committee re accounts in division of Eldon and Grimmer, with defaulters at that time be dealt with by the council as a whole.—Motion lost. Coun. McLean moved that the Treasurer be bonded in a good guarantee company and that the charge of said bond be a county charge, also that the Warden attend to this.—Carried.

The assessment committee made up the assessments for 1918 as follows:

Table with columns: Durham, Colborne, Dalhousie, Dalhousie Parish, Dalhousie Town, Addington, Eldon, Grimmer. Rows: Contingencies, Schools, Poor, Indebtedness, Can. Patriotic Fund, TOTALS.

The Safeguard Future of New Brunswick's Forests

How modern ranger systems prevent the spread of fires from the railway tracks into the forest. By the use of gasoline "speckers", freight and passenger trains are followed up and incipient fires extinguished.

As the New Brunswick Government is about to reorganize the Provincial Forest Service, placing technically qualified officers in charge of fire prevention and giving them authority to compel greater economy in lumbering operations, the above cartoon illustrates how completely the farmer and the lumberman are partners in the money circulated by the timber industry. New Brunswick is a great wood manufacturing Province and most of the farm products are purchased by what may be called the Forest Dollar. In order to manage the forests more carefully the Provincial Government Forest Service will be called upon to install a modern fire protection plan and to see that the Provincial regulations are thoroughly carried out.

In every part of Canada, timber lands are rising in value. Some farmers' woodlots in Ontario have jumped several hundred percent during the past five years. Public timber lands in Quebec have advanced from an average of \$111 a square mile to \$440 during twelve years. This condition is due to the growing exhaustion of the forests and a realization that the country will require wood materials on an increasing scale after the war. In Ontario, of course, the scarcity of fuel is responsible for the popularity of woodlots.

New Brunswick possesses 7,500,000 acres of public-owned timber lands most of which is unfit for agriculture and therefore can give profits only if kept under timber crops. None of the natural resources is so easily killed as a forest, and for fifty years past New Brunswick's forests have been running down hill because of fire and extravagant cutting.

It is now proposed to create a modern Forest Service through which the Provincial Government can make sure that the public forests are kept free from fire and operated on a careful business-like basis. For this purpose, it is expected that legislation will be introduced at the session, giving the Government foresters wide authority to reduce the timber waste and make certain that New Brunswick gets the maximum benefits from the great resource placed in her charge.

SAWDUST. Certain Municipal councillors remind us of children playing a well known game. They wished to pin a political tail upon every motion which went through.

A DROP IN HIDES. There has been a big drop in the price of green hides, which are now selling at fourteen cents. The price has been steadily going down during the last two months. Green hides were selling at one time during the last year at 26 cents a pound. The Russians with boots is said to be one of the main causes of the drop in price of hides.—Sunset Record.

PROHIBITION FOR QUEBEC PROVINCE

Liberal Caucus Decides to Favor Prohibitory Legislation Effective May 1st, 1919.

Quebec is to have absolute, complete prohibition starting May 1st, 1919.

This was decided at the Liberal caucus held this morning. The caucus lasted barely one hour. Nothing was discussed outside of the prohibition question. The sentiment appears to have been practically generally favorable to absolute prohibition. All licenses will be abolished, and even grocery licenses will be cancelled. This is a war measure.

PREPARING FOR CURLING BONSPIEL

Campbellton Rinks Being Organized for Curling at Bathurst.

Rinks of the different curling clubs on the North Shore are forming up for the North Shore Bonspiel which is to take place at Bathurst, on February 7th and 8th.

The handsome trophy which was won by the Campbellton curlers at Chatham in 1914 and successfully held by them every year will become the property of the local knights of the broom if they can win out this year.

The games are looked forward to with much interest as Bathurst has very frequently beaten Campbellton on the Bathurst ice and this year the rinks of the Gloucester town are said to be exceptionally strong.

The scores of last season's contest were as follows:

Campbellton	228
Bathurst	198
Dalhousie	195
Chatham	184
Newcastle	159

TURKISH "JUSTICE."

Curious Case of a Man Who Was Guilty of Having a Daughter.

Dr. Clarke, a famous traveler of about a century ago, tells of the following remarkable case, which was tried at the Greek island of Cos: A young man desperately in love with a girl of Stanchio eagerly sought to marry her, but his proposals were rejected in consequence of his disfigurement. He sought some poison and destroyed himself. The Turkish police instantly arrested the father of the young woman as the cause, by implication, of the man's death. Under the fifth species of homicide he became, therefore, amenable for this act of suicide.

When the case came before the magistrate it was turned literally by the accused that if he the accused had not had a daughter the deceased would not have been disfigured, consequently he would not have been disappointed, and had swallowed poison, and had died.

Upon all these accounts he was called upon to pay the price of the young man's life, and this, being fixed at the sum of 80 piasters, was accordingly exacted.

Another instance was related to Dr. Clarke, which occurred at the island of Samos, as a characteristic feature of Turkish justice—that is to say, a political application of a principle rigidly founded upon this fifth species of "homicide by implication." The Captain Pasche, mentioned with the people of Samos on the propriety of their paying for a Turkish frigate which was wrecked upon their territory and the crew lost because the accident would not have happened unless their island had been in the way.

COOKED BANANAS.

Fried or Baked, They Are a Delicious and Nourishing Food.

Americans already eat millions of bananas a year as raw fruit, but our capacity would be much larger, according to the food economists. If we would use it more extensively as a cooked food, there are many ways of cooking bananas, and in most of the lands where they grow, fried and stewed bananas are staple articles of diet.

The banana contains as large a percentage of carbohydrates, starch and sugar as does the potato and nearly the same proportions of other constituents, with the exception of pectin. It is not a perfect substitute for the potato, but very near it.

Most fruit loafers do not know how to cook bananas. For fried bananas peel and split them, dip each half into well beaten egg, then into breadcrumbs and fry in hot oil.

More digestible are baked bananas. Bananas may be baked whole one side of the skin being stripped back in this case, or they may be peeled and cut in halves. The fruit should be put in a baking pan, sprinkled with cinnamon, a half cupful of sugar, a pinch of salt and tiny bits of butter. Pour into the pan a half cupful of water and bake frequently while baking in a quick oven. Lemon juice may be substituted for cinnamon, making it into a syrup before baking, then pour over the fruit when placed in the oven. Apples may be baked with the peeled bananas, and the combination is delicious.

SCARCE OF SEED THIS SEASON.

Food Controller Advises Farmers to Secure Supply Early.

Ottawa, Jan. 19.—Seed for many varieties of field crops will be scarce during the coming season and farmers will be wise to make arrangements for their supplies well in advance for planting. Such is the opinion of the food controller's office, which in conjunction with the United States food administration has been considering questions regarding the supply of seed available for planting this year. Information just received from Washington says that supplies of seed corn of the fine types of New England are very scarce and that the United States will not have any for export.

FOUR TYPES OF MEN.

French Method of Picking Soldiers for Special Lines of Work.

"A good judge of human nature is born and not made," declared Dr. G. B. Sully, president of Clark university. "Baseball scouts are not able to tell how they pick men; neither can any employer tell how he picks his men." Dr. Hall described the French system of dividing men into four general types and selecting them for particular positions in the army accordingly. He said: "First.—The digestive type. It is characteristic of the heavy jaw, broad abdominal region. Such men require a heavy food, and it regularly must be well fed. Such men are best on the defensive. They are hard to dislodge from the trenches.

SHARK MEAT IS RANK.

But the Arabs of Aden Eat It Both Fresh and Dried.

Shark fishing is an important industry at Aden, Arabia. The poorer classes of the inhabitants depend on this fish for their only taste of sea food. Some of the meat is dried and preserved in salt. The fins and maws are shipped to China, and the livers produce an oil that is used for a varnish on boats.

The Arab in his primitive boat, or dhow, a flat bottomed craft of some 150 tons burden, finds his best fishing grounds between Aden and Shikra during the cool months from October to March. He uses both nets and hooks. Fishing is sometimes done from a small boat, but this is dangerous, as a large fish occasionally overturns the boat, and the fishermen become the prey of other sharks.

Small sharks are sold in the Aden fish market for about half the price of other edible fish. Fresh shark meat is very strong, and one must develop a taste for it to enjoy it.

Match, or salt dried shark meat, has the largest market of any of the by-products. It is used in such quantities by the Arabs of the interior that the local market cannot meet the demand, and much of the meat consumed has to be imported from the Arabian Gulf ports. Like the fresh meat, match is strong in taste and odor.

Kangaroo Mother's Bravery.

During a severe drought in a certain section of Australia the owner of a country station was sitting one evening on the porch when he saw a kangaroo lingering about, alternating approaching and retiring from the house, as if half in doubt and fear what to do. At length she approached the water pails and, taking a young one from her pouch, held it to the water to drink. While her baby was satisfying its thirst the mother was quivering all over with apprehension, for she was but a few feet from the porch where one of her foes was watching her. The baby, having finished drinking, was replaced in the pouch, and the old kangaroo set off at a rapid pace. The spectator was so much impressed by the astonishing bravery of the affectionate mother that he made a vow and kept it—never again to shoot a kangaroo.

SPECIAL VS. SIDE LINE POULTRY PRODUCTION

At this time when economical production is of first consideration, the question of whether production should be increased by encouraging the number of poultry farms or by increasing the flocks kept on farms and in backyards in the towns and cities, becomes of special interest. Poultry Specialist.

That the poultry specialist usually gets better results than the farmer, goes without saying. He gets better results because he has to; if he did not he would soon be out of business. He has nothing but his poultry to depend on; he must show a profit. It costs him so much more to feed poultry than it does the farmer that his only salvation is in increased production. He must get it off by the wayside, one of the failures in the poultry business.

With the present high and the ever ascending prices of feed, it is becoming more difficult for the specialist to show a satisfactory profit so that we must turn for increased production to sources where the feed problem is not so acute. This brings us to the mixed farm where a flock is kept as a side line and to the town-dweller. Farm Flocks.

Every farm in the country should carry a flock large enough to make the best use of the unsaleable grains, vegetables and waste milk. There are few farms that could not to great advantage carry a flock of at least one hundred hens. But the flock must be put on a business basis. One member of the family preferably one of the younger members should be given full charge. Careful records should be kept and all waters promptly disposed of. In this way the production may be greatly increased without any corresponding increase in cost.

Most of the work will be done by one of the younger members of the family. It will interfere very little with the general farm work. It will generally be necessary to purchase some feeds to complement those available on the farm, but by so doing much of the lower grade products may be sold to produce a greater profit than if sold or fed to any other live stock. Back-yard Flock.

The greater hope for increased production at the present time lies in the back-yard flocks. There is no reason why every city, town and village should not be wholly or in great part at any rate, self-supporting from an egg stand point. There are hundreds and thousands of dollars worth of good feed thrown in the garbage pails every day. The waste going on even yet in our cities is simply appalling. The kitchen waste from the ordinary family of five or six people may be fed to beat advantage to a flock of about twenty-five birds. This is more than many will want to keep, but a flock of this size will only require a house about twelve feet square even a little less will do, no yard room is necessary and the eggs produced should keep the house supplied and still leave enough to sell to less thrifty neighbors, to pay for all the supplementary feeds which it is necessary to purchase.

What is more tempting to the appetite than an absolutely new laid egg from a flock that has been cleanly fed? Once used to home produced tent to depend on store eggs. If you don't believe this, try it. Under present conditions, increased production should not be brought about by increasing the number of poultry farms, but rather by increasing the size and number of farm flocks, calling closely, and keeping nothing but good producers and last of primary importance, by the increase in number of back-yard poultry plants where flocks may be kept largely on feed that would otherwise be wasted.

NO LARGE BUNDLES OF PAPERS FOR ENGLAND. The Postmaster has received the following letter re the mailing of large bundles of papers to the United Kingdom: P. O. Inspector's Office, St. John, N.B. To Postmasters: Dec. 28th, 1917. In a proclamation issued by the British Government the importation into the United Kingdom of "Daily, Weekly and other periodical publications imported otherwise than in single copies through the post" has been prohibited. This British restriction on periodical publications must be rigidly and uniformly enforced, and no publications which do not comply therewith to be forwarded to the United Kingdom. You will therefore govern yourself accordingly. H. W. WOODS, P. O. Inspector.

NOT ON THAT LINE

This week's story from the front. After two years in the mud and trenches of Flanders, Pte. Thomas Atkins got his leave at last, and made what he conceived to be the best use of his holiday by getting married. On the journey back, at Southampton, he showed to the inspector his marriage certificate in mistake for his return railway pass. The official, who chanced to be a Scot, studied it carefully, and then said: "Eh, mon, you've got a ticket for a long, wearisome journey, but no on the South Western Railway."

A MORNING TRAGEDY...

"What's the matter, old man?" he said, as they met the next morning. "You look blue." "I feel blue." "But last night you were the jolliest member of our party." "I felt jolly." "You said that your wife had gone away for the first time in three years, and there wasn't anyone to say a word if you went home and kicked over the hall clock." "I remember it." "You said that if you stayed out until 4 o'clock there was no one to look at you respectfully and sigh and make you feel mean." "Yes, and I stayed out until then, didn't I?" "You certainly did." "And I gave a warwhoop on the front doorstep!" "Yes, and you sang a verse from a comic opera song and tried to dance a jig." "Yes, and my wife missed that train. Now, please go away and let me alone!"

Pains in the Head Due To Defective Eyes. IF you suffer from pains anywhere in the head; at the base of the skull; over the temples; over or behind the ears; on the crown of the head—the chances are that your eyes are defective, need examination and fitting of proper glasses. You may not feel actual pain in the eyes, yet you may need glasses in the worst way. If you suspect your eyes being other than perfect, come, and let me examine them. You cannot afford to neglect those valuable organs for a week or a day. I have all the most modern and scientifically exact instruments for the purpose.
