among those best situated to know the facts of the case, that the people of Heligoland are strongly opposed to being handed over to Germany, and a powerful fight will be waged in Parliament against forcibly puting out from the British. Empire a people who desire to remain. The Government would probably cling to office even if its Heligoland scheme were defeated, but this is merely because it is so maimed, battered and generally wrecked that it would be sheer suicide for it to attempt to fight a general election. No such battered and derelict hulk has been seen in the breakers of British politics for many years. In truth, the Tory-Unionist hybrid Ministry has received its death-blow, and this is so clear that the question exactly how long it will continue to cumber the earth has become one of secondary importance. The present plan is to abandou as much contentious matter as possible, and try to finish the session up by the middle of August if they can bear the strain.

Travels of a Piece of Glass.

About eleven years ago a young daughter of Mr. Robert Wilson, Eden Mills, ran a piece of glass into her heel. The child grew up, and at times her foot pained her but nothing serious transpired. Five years ago, as the child had become a woman, she was married to James Boles. About a month age the piece of glass caused her pain, and after poultieing the spot at the ankle, where the trouble appeared to center, the piece of glass showed itself and was taken out, and no bad effects have resulted therefrom. The piece is about one-third of an inch long and wedged-shaped.—[Gueiph Mercury.

Toronto Carnival Inaugurated-Twelve Bands Do Simultaneous Tooting.

TORONTO, June 30.—The carnival festivities opened successfully this evening with a great promenade concert on Jarvis street. The street between Queen and Bloor streets, a distance of a mile and a quarter, was crowded with people from 7 o'clock till 11 o'clock, promenading up and down on the sidewalks or on the asphalt roadway (all vehicular traffic on the street having been suspended for the evening) listening to the music of the bands. The houses and grounds on both sides in almost every case were festooned, Chinese lanterns giving a decidedly attractive appearance to the street. The whole effect was enhanced by the electric lights. The city bands playing were twelve in number. Very many visitors from the country around are in town, and the streets are gaily decorated and crowded with people.

Christine Nilsson Has Become a Reck

Christine Nilssen Has Become a Reck loss Gambler.

Minneapolis, June 30.—A letter from Stockholm, Sweden, says Christine Nilsson has been stopping in Nice for some time and her presence has been one of the attractions of the place. No end of gossip and surprise has been occasioned, hower, by the fact that Nilsson is a helpless worshiper at the gambling shrine. She has become fascinated with play and the most of her time is spent in Monte Carlo. She plays feverishly and loses at times large sums. Utterly indifferent to her losses she watches the glittering coin upon the tables, buoyed up with the hope of winning fabulous sums. Nilsson has undergom remarkable change. She is showing age and begins to look emaciated. A grayish pallor now overspreads her once heautiful face. She is also silicted with deafness. As a songstress she will never appear in public again.

The great lung healer is found in ex-cellent medicine sold as Bickle's Anti-Con-sumptive Syrup. It soothes and diminishes the sensibility of the membrane of the throat and air passages and is a sovereign remedy for all coughs, colds, hoarseness, pain or soreness in the chest, bronchitis, etc. It has cured many when supposed to be far adversal in consumption.

The spacious schoolroom was elaborately decorated with flowers and other ornaments artistically arranged by the ladies. The Hermony Club also enlivened the proceedings by rendering several choice selections. The large crowd who throughly and the refreshment booths were well patronized. One of the most pleasant features of the evening was the presentation to Mrs. Langford of an address and purse containing \$40, which was presented by Mrs. Childs, Mrs. Gordon Wright reading the address. It expressed the regret which the departure of Mrs. Langford would cause the congregation. In every department of church work her removal would be seriously felt, and the Ladies' Aid and Woman's Missionary Society would feel her absence keenly. In the Sunday school Mrs. Langford's efforts had been untiring, and her diligence would be missed, while in the church class her place could hardly be supplied. Her own rich spiritual experience was a living witness of how bright and joyous were the lives of those who lived continually under the sunshine of God's smile. The address concluded as follows:

Dragged to Death.

A sad accident has occurred in Westminster township which resulted fatally, and which from its attendant circumstances stamps it as a peculiarly sad one. A young man named Charles Hartfield, residing with Mr. Wm. Routledge, about a mile this side of Lambeth, went out the other day with the hired man, seated on a wagon loaded with telegraph poles. The horses took fright and ran away, and Hartfield became in some manner entangled in a chain. He was dragged on the ground for over a third of a mile, receiving terrible injuries resulting in lockjaw, from the effects of which he died yesterday. Additional sadness is lent to the fatality owing to the fact that his parents and sisters left last fall for San Diego, Cal., for the benefit of their health, learing Charles with Mr. Routledge. They formerly resided in South London, where they are well known. Charles was a promising boy aged 16. The shock to his relatives when his death is announced may well be inagined. His funeral takes place on Wednesday.

Constipation,

IF not remedied in season, is liable to become habitual and chronic. Drastic purgatives, by weakening the bowels, confirm, rather than cure, the evil. Ayer's Pills, being mild, offective, and strengthening in their action, are generally recommended by the faculty as the best of apericuts.

"Having been subject, for years, to constipation, without being able to find much relief, I at last tried Ayer's Pills. I deem it both a duity and a pleasure to testify that I have derived great benefit from their use. For over two years past I have taken one of these pills every night before retiring. I would not willingly be without them."—G. W. Bowman, 26 East Main st., Carlisle, Pa.

Will Not Have to Then.

In viewof Stanley's approaching marriage, it is interesting to recall his mournful remark, made not long ago to a friend. "I cannot talk to a woman." By this time he has doubtless discovered that the great and successful art is not to talk butto listen to a woman. For it is agreed among womankind a good listener makes the best of husbands.—[Kansas City Stat.

"She Growed."

The legend as to the origin of woman is different with different nations. Not more than four nations accept the legend that she was made from a man's rib. The Japanese believe that she grew on a tree, the Laplanders that she was once a rabbit, the Persians that she fell from the Heavens, and the Australians that she was first a toadstool.

EXTRAORDINARY

MONSTER CLEARING

POWELL, ALLEN & BRICKENDEN'S, THE GREAT KID GLOVE HOUSE

This has been a busy week with us. Crowds of customers are visiting our store and buying largely from the wonderful bargains offered. Our customers and citizens of London, and those coming from surrounding towns, should keep in mind that we have gone through our stock and marked down the prices to such a low point that we defy any drygoods house in London to equal our prices. Don't forget that everything down to the value of 10c. has been reduced. No hieroglyphics used in marking our goods, but every article is marked in plain figures, so all can see what they are doing.

We wish everybody to remember that we have imported the bulk of our magnificent stock and personally selected it in the British markets, and now are determined to force the sale of the greater bulk of the stock, which is very much larger than we can afford to carry, amounting in value to something over

\$50,000 00.

N.B.---We respectfully urge all who have \$1 to expend in purchasing drygoods to come and see for themselves, as we will be more than delighted to show everybody through our stock, as we know an inspection will convince all and amaze everybody how such elegant goods can be sold at such low

The food partaken of is like a ball of lead npon the stomach, and instead of being a healthy nutriment it becomes a poison to the sytem. Dr. Parmelee's Vegetable Pills are wonder ful correctives of such troubles. They correct acidity, open the secretions and convert the food partaken of into healthy nutriment. They are just the medicine to take if troubled with Indigestion or Dyspepsia.

St. James' Presbyterian Church.

At a formal meeting of the congregation of St. James' Presbyterian Church, held last night, Rev. Mr. Ballantyne, moderator pro tem., in the chair, it was unanimously decided to extend a call to Rov. M. P. Talling, B.A., of Toronto. A large attendance was present. Messra T. Rowat, Webster and Mitchell were appointed to present the call to the Presbytery.

Happy Sunday School Scholars.

The interior of King Street Methodist Church presented a decidedly pretty appearance last night. The occasion was the Sunday school anniversary entertainment and the platform of the church was very tastefully decorated with flowers, which, combined with the happy faces of the children, made a very pleasing effect. Mr. Wm. Percival, superintendent of the Sunday school, occupied the chair, and after a few well-timed remarks introduced a choice programme, which was well rendered. The arcitations by Ernest White, Blanche Friend, Grace Jenhins, Eddie Ramsey, Maud Bond, Sarah Alston, Edith Boxall, Willie Alford and Fred Thorne were highly enjoyed by a large andience. Dialogues between E. White and G. A Swearing Parrot.

Kansas City, Mo., June 30.—The Evening Star, of this city, is engaged in a ludicrous battle with a parrot which belongs to a barber across the street from the Star office. The bird has learned to swear like a trooper, and this morning, when Proprietor W. S. Nelson, of the Star, passed the shop, the parrot let off a string of oaths and uncomplimentary allusions. This incensed Mr. Nelson, and he went to the Police Coprt and preferred charges against the barber of maintaining a nuisance. Among the pains and aches cured with marvelous rapidity with Dr. Thomas Eelectric Oil, is ear-ache.
