CHATHAM, ONT., FRIDAY MAY 18, 1906.

NO. 116

Specials for Saturday

That should be investigated by every lady looking for money-saving opportunities.

Ladies' Leather Hand Bags at 50c

These come in full sizes, shades of black and browns, full brass frame, lined with moire saten, fitted with small purse inside, the biggest and best bag you have ever seen at the price. On Sale for Saturday only at 50 cents. See them in the window.

69c.

Another line of Ladies' Leather Hand Bags at a very special price for Saturday only. A fine quality, full size, fitted with small purse inside, shades of black and brown, the kind you always see priced at \$1.00. Don't miss seeing these, they are special value.

Embroidered Shirt Waist Sets at \$1.19

A special purchase of White Embroidered Waist Sets, beside the embroidery front and cuffs, there is 2 1/2 yds. of fine, sheer material for the complete waist. These are scarce goods, and we have only a limited number. While they last, they will go at \$1.19, though they are worth more money.

White Japan Taffeta Silk at 33c.

The quality so popular for Silk Waists, Ladies' and Children's Summer Dresses, 27 inches wide, a good quality, very much under regular price. There is 300 yds. in the lot—but it won't be here long at this special price.

CARPETS

This department is a busy one these days. The demand for choice designs and good values, for which we are noted, has brought to our show room many new faces this season, as well as many of our old friends who have been buying here for years. We have just received a large shipment of new designs in the various makes, to replace the sold-outs, so that our assortment will be found very complete. Before you purchase, do not fail to see our stock.

THOS. STONE & SON

THE VERY BEST LAWN MOWER MADE IN CANADA.

With five tempered steel blades and dust proof Ball Bearings is selling for

\$9.00

—AT—

COURSE OF TRUE LOVE

Charlie Stevens Pays the Penalty for Assaulting Pizer

A MUCH MIXED-UP CASE

The course of true love never runs smooth. This is an old saying, but nevertheless true. The case of Peter Pizer vs. Charlie Stevens, which came up in the Police Court this morning, served as extra proof of the assertion.

The case was one of assault and was settled—at least Stevens took a week's remand to pay the costs and \$80 damages to Pizer.

The facts of the case, according to the story Stevens told The Planet, are these: Stevens had a date to meet his girl at the Post Office. He was going to take her for a drive. He was a little late, and the girl met Peter Pizer and the two walked down King St. They met Stevens, who was coming with his horse and buggy, and the girl left Pizer and got in the rig and went for the drive. Pizer is a good-looking man, well dressed, and Stevens thought there were good grounds for jealousy.

Stevens works at the Miles Hotel and Pizer gets his meals there. The next day when Pizer came into the hotel he was met by Stevens, who tackled him about the incident.

"Look here, Pete," said Stevens, "I don't want you to get mixed up in my business again. If you do you'll never forget it as long as you live."

"When I said that," said Stevens, "I turned to me and said, 'If I had been a bum I would not have let her go with you, but being as I am what I am I wouldn't have anything to do with such trash.'"

"When he said that," said Stevens, "I struck him, and they sent for a doctor. After that he grabbed a chair and tried to hit me, but failed."

The police were notified and one of the force went over and arrested Stevens. He procured bail to come up this morning.

Peter Pizer made his appearance in Court this morning with a bandaged nose and a black eye. In a short conversation with The Planet he said that this morning's previous report of the case was all wrong. He, however, received the assurance from the reporter that no one wished to injure him in any way.

"I am a respectable young man," said he to the reporter, "and I do business with the best people in town. I was never arrested as you said, and I was not fighting on the street."

Judging from the appearance of the two men in Court the explanation is quite unnecessary. It would not be hard to convince anyone that Stevens did most of the fighting.

The moral from this case, goeth Judge Houston, is, that fellows should leave other fellows' girls alone.

A HIGH TEMPERATURE

Yesterday, according to Weatherman W. W. Turner, was the hottest day this spring. The official thermometer soared up to 89 degrees in the shade—just one degree short of the familiar 90. This is a very high temperature for this time of the year, and on account of the closeness of the atmosphere the heat gained intensity, and was felt all the more. To-day would probably have been another record breaker had it not been for the intervention of a kindly, cooling breeze from the westward.

The hot wave is general, and is being experienced all over the country. The change in the temperature during the past week will, however, be greatly welcomed by the farmers, as this is the kind of weather that pushes the crops along.

IS DOING WELL

Mrs. Heath, King street, has received a letter from her son Charlie, who left for the west a little over a year ago. Charlie writes from Brandon to say that he has been promoted to the position of chief clerk in the Brandon post office. He is also now one of the leading officials of the Brandon Y. M. C. A., and he states that he is greatly taken up with the west.

Mr. Heath has a host of friends in this city who will be pleased to learn of his advancement and to hear that he is doing well in the west.

FIREMEN WILL TAKE CHARGE OF THE FAIR OF NATIONS

Excellent Entertainment Will be Provided by the Maple City's Fire Fighters To-morrow Night—Historical March Was Repeated

BARGAIN SALE WILL BE HELD ALL DAY SATURDAY

To-morrow will be the last day of the Fair of Nations. And everything points to to-morrow and to-morrow night being the biggest day in the history of the event. The Fair of Nations was a success from the start. Splendid management and a worthy program are the paramount reasons for the good fortune which is attending the ladies' most laudable endeavors in the cause of sweet charity. For months these devoted ladies have worked incessantly to make the Fair the best ever, and during this week they have been witnessing the reward of their unselfish endeavors. All week, and every night during the week, large crowds have been in attendance. To-morrow should prove the crowning triumph of all.

To-morrow night will be Firemen's Night, when Fire Chief Pritchard and his gallant brigade will be the main feature of the attraction. The Chatham Fire Brigade has won a name for itself as the champion fire department of Western Ontario. The Chief, his lieutenants and the men work under a system and a discipline unequalled, with the possible exception of some of the larger cities, and to watch them during their celerous and orderly manoeuvres is a sight that is well worth the witnessing. It is an astonishing fact that there are quite a large number of men who have never before the pleasure of seeing the firemen make ready to run to a fire. To-morrow night every one who has the time to spare may witness a "run" to the rink, where the Fair is being held. An alarm will be sprung on the firemen sometime about 7:30 from the box close to the rink, and the brigade will make one of its record runs. It's a shame to give it away, as the honest Chief wanted to keep his men in ignorance of the fact till the time when the alarm was sprung, but, however, The Planet, has the other way of announcing the event, and if the run were not advertised, many persons would possibly miss one of the treats of the evening. The entire evening's program will be in charge of the firemen, and they can assuredly be relied on to do things right and to the satisfaction of all.

The concert program for this evening will be in charge of the gentlemen of Chatham. The gentlemen will make every possible endeavor to outlive the ladies as providers of entertainment. That, of course, remains to be found out. But the men are bound that they will make a good showing. The musical program will be held in the concert hall.

Dinner on Saturday will be served in the Canadian and United States

Booths. The ladies have made arrangements to supply any number of diners, and everyone attending is assured of a tempting and very tasty repast.

One more fact on which stress must be laid—to-morrow will be Bargain Day at the Fair. The ladies have timely made up their minds that there shall be nothing left over after the event is closed—that is nothing that is saleable, and can be turned into good cash to aid in the charitable cause. With this object in view they have with commendable business judgment foreseen that a Bargain Day Sale should be a hummer, and Saturday their plans will be put into execution. Prices will be unmercifully cut right and left while the great clearing sale is in progress. Everyone who has not so far been present at the Fair should certainly put in an appearance to-morrow. It is being held in a worthy cause, and it is worth double the price of admission to see it. Every body is going, so don't be a dead one—be with the crowd.

Last night again the rink was crowded. The rise in the temperature proved a boon to the little mounds of ice, who, who tripped daintily about and purveyed to the needs of the thirsty. The ice cream stands did a rushing business. Despite the large space which was set aside for this booth, it was crowded. It is being held in a worthy cause, and it is worth double the price of admission to see it. Every body is going, so don't be a dead one—be with the crowd.

The March of the Nations, which was again put on last evening, was even better than ever. The contrast of the various portions of the parade is something very interesting to behold. Here one looks upon the sturdy, confident John Bull, who struts pompously before his subjects, next coming little Japanese maidens who coyly hide their pretty faces behind their omni-present fans, and upon there comes a gleaming red man, and in turn comes a place to Iceland's men and maidens. Then Miss Canada and her provinces, bouncing Dutch girls, their feet encased in heavy clog shoes, pretty girls from Spain, Italy, Ireland and Switzerland, all in perfect order, and beaming pleasantly at the spectators.

The March of the Nations is an event that no one should fail to see. To-morrow night it will be put on for the last time.

The program for to-morrow night will be as follows:—

- Selby—Orchestra.
- Song—W. Elger.
- Song—E. Brown.
- Selby—Orchestra.
- Song—S. Anguett.
- Turn—A. Darling.
- Selby—Orchestra.
- Song—Fred Starr.
- Song and Dance—J. Tucker.
- Selby—Orchestra.
- God Save the King.

HIS GREAT RECORD

Rube Waddell Formerly of This City Has Been Doing Wonderful Things Lately

Somebody with time hanging heavily on his hands has tried to keep a record of the doings of George Edward Waddell for the past two years. The result of his figuring looks like the well-filled pages of a prosperous employment bureau.

Left-hand pitcher. Regular fireman. Life saver. Machinist. Actor in "Stein of Guilt." Property man in stage. Bartender and fancy drink mixer. Advertising bill poster. Applicant for divorce. Acute angler.

"Rube" was in perfect shape Saturday and held Chicago 4 to 0.

Fresh from a round of domestic infelicity the side-wheel terror of Slumberville is now guarded by a human bloodhound and kept continually in leash. He is turned loose every afternoon on the baseball field as person to graze at will. When the game is over and the day done it is back on the chain for Rube and a night of the simple life. Thus was the ruling of the Philadelphia "magistrate," who spared George Edward to the Athletics that he might bring laurels back to his native heath. In other words, Rube is on probation and must return to the court in good order or again suffer the consequence of a one-round go with an angry spouse. Unless he be good, the Philadelphia Judge will leave him to his fate and baseball may lose its greatest left-arm pitcher.—Detroit News.

NINE SNAPS

In Brisco's advertisement in to-night's paper on page four there are nine Bargains advertised for to-morrow morning, which are five second hand bicycles, two second hand baby go-carts and two second hand lawn mowers. The early callers get the snaps.

FIRST SPLIT IN DOUMA

The Prince Dolgoronkoff Amendment Lost by 100 Majority

REPLY TO CZAR'S SPEECH

St. Petersburg, May 18.—The debate on the reply to the speech from the throne was resumed yesterday morning in the Lower House. Paragraphs demanding the removal of martial and other exceptional laws, and the abolition of the Council of the Empire, were passed without amendment.

Count Heyden, a prominent member of the right, declared that the right did not oppose in principle the substance of the reply to the speech from the throne, although it regarded some of the paragraphs as unfortunate and unnecessarily offensive to His Majesty.

Prince Peter Dolgoronkoff, vice-president of the Lower House, thought it entirely proper that the Council of the Empire, as an advisory body to the Emperor, and without legislative functions, could be continued.

To Shear It of Power. Prof. Maxim Kovalevsky of Kharkoff said he thought it of vital importance that the Council of the Empire should be shorn of power to participate with the Lower House in consideration of the budget.

The vote on Prince Dolgoronkoff's proposition to incorporate a demand for a unicameral legislature in the reply to the speech from the throne, developed the first big split of the session, the amendment being rejected by only 253 to 153 votes.

Additions regarding the agrarian question suggested by Prof. Maxim Kovalevsky of Kharkoff were made.

No new taxes shall be levied without the consent of Parliament. Budget or taxation projects accepted by Parliament shall not be altered by a non-representative body.

Parliament shall have control of all loans.

Equal Rights.

In the paragraph providing for the abolition of class privileges, the House decided to demand equality of rights, without distinction of sex, as well as nationality or religion.

The right to petition was inserted, and by a practically unanimous vote the Emperor was asked, not only to abolish the death penalty, but to suspend immediately throughout the Empire the execution of all persons sentenced to death.

The Address Carried.

Sitting until long after 2 o'clock this morning the Lower House of the National Parliament set its seal upon its first great work, the adoption of the address in reply to Emperor Nicholas' speech from the throne.

Despite attacks both from the right and the left, the leaders of the Constitutional Democratic party held their followers together to the last, and the address was adopted substantially in the form in which it was proposed by the commission.

Council for Amnesty, Too.

As if running a race to see which should be the first to present to Emperor Nicholas a demand for amnesty, the Council of the Empire also was in session well into the early morning hours, discussing its address in reply to the speech from the throne. This document proposes an amnesty which does not include those who coupled with political offences murder or violation of property rights—in other words, political assassins—or participants in agrarian excesses.

Girl Revolutionist Avenged.

Tamboff, Russia, May 18.—Sabanoff, a police officer, who participated in the brutal maltreatment of Maria Spiridonova, was shot and killed on the streets here yesterday by an unknown person. The avengers of the young revolutionist recently meted out the same fate to Borisoglebsk to Abramoff, the Cossack officer who boasted of his cruelty to her while she was in prison.

A False Alarm.

New York, May 18.—George Maxim, a Russian revolutionary leader, who was believed by Ivan Narodny, a com-patriot now in Chicago, to have been kidnapped by Russian secret service men, was found at the headquarters in this city yesterday. No harm had befallen him, nor had any attempt been made to kidnap him.

BANNER BACKS UP.

Ever since Mr. McCoig, M. P. P., returned home from Toronto, the electors of this constituency have been anxiously waiting to hear from him. They would like to know what he has done or if he has done nothing—as a reader of his local newspaper organ would be led to believe—how he has been spending the people's time at Toronto. So far, they have heard nothing, and in the most instances people are drawing their own conclusions, and Mr. McCoig will be remembered—much the same as Ross was in the last election.

The Banner attempted a weak and hasty attack on this journal, but failed to show anything that Mr. Coig has done. Their apparent and awkward sidestep published last evening would indicate either that Mr. McCoig has called them off, or they have in the meantime looked up a little information and data regarding the last session of the Legislature. Their editorial of last evening's issue, savors of the idea of creating a little sympathy. They intimate that their feelings have been hurt because this journal will not accept a tirade of abuse as a satisfactory and convincing defense.

The public is still open, and anxious to hear from Mr. McCoig as to what he has done, and why he thinks he should be transferred to Ottawa.

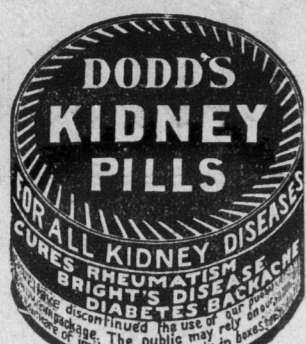

WESTERN LANDS SCANDAL.

The present session at Ottawa is bringing out some very peculiar facts in connection with the Laurier administration—facts that Mr. Laurier and his colleagues will find some difficulty in explaining to the electors when next they appeal to the people. The matter of the western lands scandal is by no means the least important of the many exposures that are being made nearly every day.

Mr. Ames, the member for the St. Antoine division of Montreal, gives his whole time to public service. That he works to good purpose was shown in the discussion which he introduced on Thursday. He began his statement by a calculation that the area of arable soil in the prairie section was 90,000,000 acres, of which 70,000,000 acres had been disposed of by the Government. Of the remaining 20,000,000 the even numbered sections are alone open for settlement, and 75,000 entries will exhaust them. At the present rate these will be taken in two years, and two years more will exhaust the other sections.

Land has increased in price so that companies hold them at seven to fifteen dollars an acre. Temptation to get lands by fraud becomes intense. The country is swarming with adventurers and speculators trying to gather in lands and grow rich.

Great opportunity for such plunder is afforded in homesteading. Over 15,000 homesteads, or 2,400,000 acres, on which entries were made, have neither been patented nor cancelled, though the law supposes that the entry is cancelled where the man makes it, does not become a settler. How the thing works out Mr. Ames discovered in a western tour. He

drove fifty miles through a country almost unsettled, though all the land had been taken by supposed settlers. In one village Mr. Ames obtained names of twelve absent fake homesteaders. Those speculators got the land on false pretenses and held it for sale at a high price. Western people complain bitterly of these fake entries, or as Mr. McCarthy, the wide awake member for Calgary, calls it, the system of "hogging" lands.

Having gone this far, Mr. Ames produced sensational evidence that these frauds were known to the Government and concealed deliberately from the public.

The St. Thomas Times, which is one of the brightest and newest journals in the Province, has issued a very elaborate industrial number, a copy of which has been received at this office. The issue is a credit to The Times.

There are now enough private cars owned by the Ottawa Government to enable each Minister to have one when he desires to travel. Steam yachts have been added to the Ministerial equipment during the past few years, and now there are two of these vessels for the private use of the members of the Cabinet.

Premier Laurier is having a few troubles these days. No doubt after he has explained away a few of the recent scandals which have arisen in the different departments of his Government he will undertake to explain to the local Liberal organ why he introduced and carried through the Indemnity Bill, which has called forth such bitter criticism in that paper.

Consistency is a virtue quite foreign to the Banner's disposition. Their criticism of Sir Wilfrid Laurier on the Indemnity Bill, given vent to last evening, was both loud and acrimonious. Almost in the same breath they attempt to defend A. B. McCoig, M. P. P., who, three years before an election, pledges himself to contest this riding in support of the Laurier administration. Be careful, Bannery old boy. By accepting his nomination Mr. McCoig pledged himself to support the Laurier Government and, therefore, that "salary grab" you speak of.

2 in 1 Shoe Polish

Black, Tan and White

Shining your own shoes with 2 in 1 is both a luxury and an economy. 2 in 1 Black Polish is known as "Black Lightning." Your shoes are given the richest, glossiest blackshine with only an instant's rub. Don't take substitutes or imitations.

Black and Tan in 10c and 25c. White in 15c. Glass.

THE PLANET PATTERNS

DESIGNED BY MARTHA DEAN

A BLOUSE OF INDIVIDUALITY.

The word shirt waist does not always apply to a garment of severe plainness, as the term would suggest, but is more often an elaborate creation of tucks and gathers. For general wear the well dressed woman does not desire fussiness or elaboration, but rather would have her blouses made individual by stichery or neat trim straps. Here is shown a blouse quite ideal in its air of quality and refinement. Tucks give lengthening lines in front and back, while the chief charm of the waist lies in the fancifully applied yoke. This buttons to one side of the front with jaunty effect, and the button finishes each side tab. Linen is excellent for developing the waist, while the model is especially well adapted to a light weight broadcloth or serge. The home dress-maker will find the pattern quite free from difficulties.

No. 6330—32 to 42 bust measure.

PATTERN DEPARTMENT OF THE PLANET.

Please send the above mentioned pattern, as per directions given below, to:
Name
Street
Town Province
Measurement—Waist Bust
Age (if child's or miss' pattern)
CAUTION—Be careful to enclose above illustration and send size of pattern wanted. When the pattern is sent measure you need only mark 32, 34, or whatever it may be. When in waist measure, 22, 24, 26, or whatever it may be. If a skirt, give waist and length measure. When miss' or child's pattern write the figure representing the age. It is not necessary to write "inches" or "years." Patterns cannot reach you in less than three or four days from the date of order. The price of each pattern is 10 cents in cash or postal order, or postage stamps.
ADDRESS THE PLANET PATTERN DEPT., CHATHAM, ONT.

Tuesday in town.

H. Higgins, of Montreal, is in town on business.
Mr. and Mrs. Dunn, of Strathroy, are visiting G. W. Ashwell.
Married on Tuesday morning, by Rev. Father Brady, Wallaceburg, Bridget Burns and Patrick Burns, both of Dawn. The happy couple spent Tuesday with Dresden friends.

Pain Warns.

Sharp, quick pain ever catch you in the small of the back? Thought it muscle-strain? Got over it in time? It wasn't muscle-strain. It was clogged-up kidneys. With the kidneys disordered, there's trouble ahead. If neglected, it won't be so trifling next time.

The pain was a warning. Kidney trouble is slow, but mighty certain. Our customers' experience every day strengthens our belief in Bu-Ju, as the best kidney cure. Guard your health with a box. Fifty cents. And guaranteed at that.

W. W. TURNER, Druggist.

BLENHHEIM

May 18.—Mrs. Geo. H. Lane left on Thursday for North Tonawanda, N. Y. She expects to be absent a few days.

Miss Nita Crookshank left for Toronto on Wednesday, en route for Calgary, for which place she leaves next week. She will be accompanied west by Miss Elsie Gordon.

Ashley Cooper, of the Bank of Montreal, Lindsay, is home on his vacation for two weeks.

Several store fronts are being freshened up by a coat of paint, among them being C. A. Wedge's, J. T. Lee's and W. Newson's.

A number of automobiles passed through town this week. Two of them did not have their number displayed and were stopped by the local police.

Messrs. Finlay & Cocker, proprietors of the Blenheim Cement Works, have secured the contract for building the new Presbyterian manse at Burton. This will be the first residence to be constructed entirely of cement blocks in this vicinity.

No fascination equals that of a clear brained, tenderhearted, lovely woman. Just as there is no picture like a beautiful girl. Hollister's Rocky Mountain Tea makes lovely women, beautiful girls. 35c.

The M. Campbell Co. want an engineer for a Corless engine. Trunks, rub bags and telescopes, swell up-to-date goods, and lowest prices in the city at Cowan's.

Excelsior Paint will give you what you desire—a nice, glossy finish. Try it. Drew & McCallum.

Take a trolley ride on the seven p. m. car evenings: 25 cents return to and from any point on the line. Mrs. Beaumont Jarvis, of Toronto, is spending a few days with her sister, Mrs. W. E. McKeough.

Mr. and Mrs. D. A. Gordon, Wallaceburg, are contemplating taking a trip to Germany this year.

Lost, pair rimless eye glasses, either at Fair of Nations or on King street. Finder will kindly leave at this office.

Good, smart young lady wanted in Lee Cream Parlor—one for Saturdays and evenings. Apply at once. E. A. Mounteer.

Special Excursion to Detroit, on Thursday, May 24th, on Str. City of Chatham, leaving Rankin Dock at 7.30 a. m. Fare 50c.

Mr. E. A. Shoebottom, representing the Battle Creek Health Food Company, of London, is in the city looking after the interests of Life Chips, Granose Flakes, Granose Biscuits, etc., with the grocery trade.

Lightning struck the house of Mr. Sam. Gardiner at Valetta on Saturday morning last and shattered the chimney, and also tore off some of the siding in the garret of the house. The current passed through a bedroom in which little Murray Gardiner was sleeping, but fortunately he was not injured.

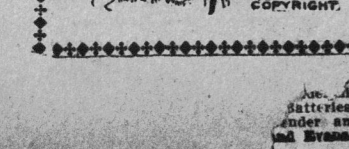

The Scotch and Canadian Booths would call the attention of the patrons to a consignment of Life Chips and Granose Flakes presented to the ladies committee by the Battle Creek Health Food Company, of London, Ont., through their representative, Mr. E. A. Shoebottom. All visitors to the Fair are invited to buy sample packages of these two excellent breakfast foods, as the total sales on these goods goes to the hospital fund.

ON SUSPENDED SENTENCE

Young Reynolds, the lad who was charged with stealing a bicycle, was let off on suspended sentence this morning. It was shown that this is the first false step that this young man has made and he had, previously, a clear record. From every quarter came certificates of good character and it seems he yielded to temptation in a moment of weakness, but has long since repented. There is no doubt but that in the future he will live the life of a good citizen. This is a good lesson to him and it should not be held against his character. He paid for the wheel and will pay the costs in the action. W. F. Smith acted for him this morning.

Some women refer to a husband as though he were kept in a glass case.

The character that needs law to mend it is hardly worth tinkering.

SMITH---KINGSLEY

At the home of the bride's parents, Concord, New Hampshire, the wedding occurred on Wednesday, May 9th, of Miss Leone, daughter of Mr. and Mrs. Lewis J. Kingsley, to Mr. Rodney C. Smith, of Ottawa. The groom has a host of friends in this vicinity who will extend the young couple hearty congratulations and best wishes. Mr. and Mrs. Smith will reside at 636 Gilmour street, Ottawa, where the groom has purchased a home.—Merlin Mirror.

LAID AT REST.

The funeral of the late Miss Cecelia Weldon took place yesterday morning at ten o'clock from the residence of the deceased's mother, Wellington street, to St. Joseph's church, where requiem mass was celebrated, and from thence the funeral proceeded to St. Anthony's cemetery. The funeral was very largely attended, and there were many floral contributions.

The pall bearers were Messrs. A. Jacques, Con. Shea, James Rhody, John Brennan, Gerber, and P. Walsh.

THE CITY WATER

E. B. Jones, superintendent of the Water Works staff, says that the city drinking water will be pure and wholesome from now on. The hydrants around the city are all being flushed out every cleanly precaution is being taken to insure sanitary water.

Mr. Jones gives as the cause of the bad taste which the water had for a few days, the fact that some water from an old unfiltered well got into the pipes, and was thus forced to the residential taps. The water from this well is never used except in cases of emergency. The other day a false fire alarm was rung in at the water works, and the surplus water from this well was turned on. This was the cause of the bad taste of the city water for the past week, so Mr. Jones says.

THE FAST TRAINS

To California are run over the Union Pacific, via Omaha, 16 hours quicker to San Francisco than any other line. No change of roads, no detours. "The Overland Route" all the way. Be sure your ticket reads over the Union Pacific. Inquire of H. F. Carter, T. P. A., 14 James Building, Toronto, Canada, or F. B. Detroit.

A PILE OF MONEY

James Pitts of Montreal Carries Around \$186,000 Worth of Diamonds in a Black Grip.

Mr. James A. Pitts, a diamond merchant of Montreal, was in the city yesterday calling on the local jewellers. He had with him \$186,000 worth of bright white stones. A Planet reporter was in A. H. VonGunten's store when the diamond merchant called, and was surprised when informed that the little black satchel which Mr. Pitts carried in his left hand contained precious stones which in money value would equal an enormous amount. The grip was only about twelve inches long, yet its contents would equal in value many blocks of the most exclusive property on King street. The grip is fastened to Mr. Pitts' arm by a patent device invisible on first sight. The instant anyone should try to snatch away the satchel this patent device automatically locks itself. When Mr. Pitts is moving from town to town he ships the satchel by express in an iron box, and while staying over night in any place he places the jewels in a deposit vault. He says that diamond salesmen are constantly followed by the sleekest kind of crooks, who resort to all manner of clever ruses to steal the gems.

GOT REWARD

Capt. T. P. Watson, formerly of Ridgetown, is reported to have come in for a nice sum of money in New Ontario. It appears a party invested in a claim which turned out to be a rich one, and would have lost it had it not been for Mr. Watson. As a reward for his services he was given a cheque for \$10,000.

THE GRIM REAPER

Mrs. Hubert White, sister of the late Theodore Bourassa, passed away this morning at the residence of her son, Joseph White, of Pain Court. The deceased was quite advanced in years.

Her husband predeceased her, and she leaves to mourn her loss two children, Hubert and Miss Eliza White, of Pain Court. The funeral arrangements have not yet been made.

The death occurred yesterday at the residence of her son, Gray street, of Mrs. Jane J. Gibson, a much respected resident. The deceased was 67 years of age, and she leaves the following children to mourn her loss: Mrs. E. Mathers, Tilbury; W. Powers, of Comber, and N. C. Gibson, of this city. One sister and one brother survive her, Mrs. R. Dodd, of Tilbury, and Wm. Frome, of Quartzburg, Idaho.

The funeral will take place from the residence of the deceased's son, N. C. Gibson, Gray street, to the post office corner, and thence via C. W. & L. E. to Wallaceburg cemetery.

Often-times in the sudden illness of children if a reliable remedy is available fatal consequences can be avoided. For these emergencies parents are urged to have ready for immediate use Dr. Shoop's Diphtheria Cure, Dr. Shoop's Croup Cure, Dr. Shoop's Worm Cure and Dr. Shoop's Pain Panacea. Children's ailments demand promptness above all else. There is nothing harsh or that can possibly harm a child, and these excellent household medicines. Sold by C. H. Gunn & Co.

Mr. and Mrs. G. A. Fraser were city visitors from Thamesville yesterday.

Mr. and Mrs. G. A. Fraser, of Thamesville, were in the city yesterday.

If you want help with your summer sewing, try a White Sewing Machine. Geo. Stephens & Co.

Must sell at once, a small combination safe, in good condition. Wm. Mellish, opposite Power House.

Remember the Executors' Sale of Household furniture at 55 Stanley Ave., Monday, May 21st, at one o'clock.

Hotels and Restaurants requiring Mushrooms, grown from best spawn, can procure them from Chas. Vivian, Elmhurst.

Monday, May 21st, at one o'clock, Executors' Sale of Household Furniture, corner of Stanley Ave. and Adelaide St.

The new fire alarm box, number 27, has arrived, and will be placed in position on the corner of Duke and Park streets at once.

Suit cases from the cheapest to the most expensive, and leather, \$1.50 to \$15.00, at Cowan's.

Harold Earle and Shannon McFadyen spent yesterday in Detroit.

Mr. Earle left this afternoon for his home in Brandon, Man.

You can get just the right thing in girls white canvas Oxford at Cowan's, the kind that keep their shape and wear well.

Harry McHarris returned to his home in East Toronto to-day after spending a couple of weeks at the residence of his uncle, Daniel Edwards, Joseph street.

William Baby has purchased a new launch and is fitting up a boat-house on Briscoe Bros' new dock. Robt. Gray is also building a boat-house on the new dock.

Geraniums 75c. dozen; Border Geraniums 20c., Salvias 20c., Petunias 20c., Verbenas 20c., Vincas 20c., Asters 10c., Oleus 15c., Pansies 20c. All the best goods and lowest prices at Victoria Ave. Green House.

A special train of eight coaches passed through the city to-day via C. E. R. en route from Louisville, Ky., to Toronto. The passengers on board were all sportsmen who will attend the Ontario Jockey Club meet in the Queen City.

Chairman Stone, of the Parks committee, has had green sod placed on the bare spots on Tecumseh Park. It is hoped that sporting organizations will refrain from playing on this portion of the Park until such time as the sod has properly settled.

Those who have taken other laxatives without satisfaction—and those who have taken such quantities of other laxatives that they have lost their appetites—will find a pleasant surprise in LAX-ETTS. There is usually no pain, griping, nausea or discomfort even in severe cases. This candy bowel laxative—LAX-ETTS is only 5c and is sold by C. H. Gunn & Co.

WORTHY OF PRAISE

Officer Tom Graves of the city police force is deserving of great credit for the order he is maintaining at the rink during the Fair of Nations. Tom has been on duty every night at the rink and the ladies are very grateful for his very efficient services.

Each night during the Fair Fire Chief Frutcher has had two firemen on duty at the rink, ready in any case of emergency. As precautionary measures the Chief also had six liquid extinguishers, nine dry powder extinguishers and two fire buckets placed in the building while the event is in progress. In this way the building is amply protected against fire.

VICTORIA DAY AT WINDSOR

A grand international military celebration takes place at Windsor on Victoria Day, May 24th, in which the following will participate: The 91st Highlanders, the new crank Canadian Highland regiment, with their brass band of 50 pieces, bugle corps of 25, and 25 pipers; 25 picked men from the Royal Canadian Dragoon stationed at Toronto; the first and second battalions of Michigan National Guard of Detroit, with band; the Detroit Naval Reserve, with band; the bugle corps, 35 strong, of U. S. Infantry, Belle Isle, and the 21st Essex Engineers, with brass and bugle bands.

In the morning the memorial fountain erected to those from Essex who fell in South Africa, will be invoked by Minister of Militia Sir Frederick Borden. General Lord Aylmer, Gen. Lake, Col. Peters and other military dignitaries will be present for the occasion. In the afternoon there will be military manoeuvres and sports at the Driving Park and in the evening band concert and fireworks.

ITCHING PILES

—Eczema, Eruptions, Pimples—are surely cured—the most intense suffering at once relieved—by

MIRA
TRADE MARK REGISTERED

Ointment—the safe and speedy remedy.

"I was troubled with itching Piles," writes one man whose address we will furnish on request. "I used all the salves and ointments I ever heard of. Then I used Mira Ointment—and obtained more relief from it than all the others. I recommend it to all afflicted with this complaint."

50c. each box—6 for \$2.50. Used with Mira Blood Tonic and Tablets means a quicker cure.

At drug stores—or from The Chemists' Co. of Canada, Limited, Hamilton—Toronto.

JUST A LITTLE BIT OFF THE TOP

Is it hot enough for you?

Even the weather man was indulgent during the Fair of Nations.

Under new regulations the soak who is on the Indian list will have to be content with booze by proxy.

How is it we don't hear any of those fabulous yarns from the light-house or the Snye this spring? Are fish stories going out of date?

Prophecs don't agree as to the end of the world. One says 1929 and another 1931. Why can't they arrive at some amicable settlement whereby they could make both ends meet?

The City Engineer and his men claim that they can't find Queen St. sewer. Still we are of the opinion that the sewer can't have wandered very far from Queen St., and that if the searchers would look hard once more, it's quite probable they'd stumble onto it somewhere in that locality.

The City Engineer and his men claim that they can't find Queen St. sewer. Still we are of the opinion that the sewer can't have wandered very far from Queen St., and that if the searchers would look hard once more, it's quite probable they'd stumble onto it somewhere in that locality.

C. AUSTIN & CO.

Paper Confiscated.
The police this afternoon confiscated the new Social Revolutionary paper *Diagonaroda* (The People's Work). Mourianoff, a member of Parliament, from Saratoff, is the responsible editor, and therefore he could not be arrested. The whole paper was filled with attacks on officials of the Government, especially Gen. Treppoff, former Minister of the Interior, Durnovo, Governor-General, Doubaroff of Moscow, Count Witte and Count Solsky, president of the Upper House of Parliament.

Woman Sentenced to Death.
Odessa, Russia, May 17.—A court martial yesterday sentenced to death by hanging a woman who fired on a policeman, but did not injure him, during a domestic search.

Earl Grey Visits Creamery.
Renfrew, May 17.—Earl Grey paid a short visit to Renfrew yesterday and inspected the Renfrew Creamery. The party, consisting of Lord Grey, Lady Sybil Grey, Hon. Sydney Fisher and Mr. Nossie, Consul-General for Japan, came by private car.

Toronto Pioneer Dead.
Toronto, May 17.—Robert George, 102 Bond street, who fractured his leg by a fall from a ladder ten days ago, died last night. He was one of the city's pioneers, and had lived in Toronto for fifty years. He was born in England 73 years ago.

All earthly ills yield to two all-potent remedies, time and silence.

FOR WASHING LINEN
You will do the best work by using a PURE HARD SOAP like

"SURPRISE"

It makes towels and all such material white, clean and sweet, without any harm from harshness.

Don't forget the name.

SURPRISE SOAP

J. SHANNON, Manager Chatham Branch

WILL PAY LOSSES.

Insurance Companies Deny They Will Settle on Percentage Basis.

San Francisco, May 17.—The insurance companies will settle their losses in their own way, each company acting for itself, according to the contracts embodied in its policies, and the fire underwriters' adjusting bureau will make no attempt to dictate a general policy to be observed in the settlement of claims.

There is no truth in the report that it is contemplated to cut losses all down the line, and settle upon a percentage basis. The companies will pay what they legally owe.

'Frisco Banks to Open.
San Francisco, May 17.—All the savings banks of this city will reopen for business on May 28. Officials of the various institutions declared their banks to be in excellent condition financially.

Plans For 'Frisco Reconstruction.
New York, May 17.—It was determined that \$100,000,000 shall be the capitalization of the new mortgage loan corporation, which is to be organized here to advance money for the rebuilding of San Francisco.

SENTENCED TO DEATH.

Former Military Governor of Scutari Condemned For Murder.

Tripoli, North Africa, May 17.—All Shamyl Pasha, who is a Russian governor of Scutari, and two boys, were condemned to death yesterday for the murder of Redvan Pasha, prefect of police of Constantinople, who was assassinated there March 24. Three others accused in participation in the crime were condemned to life imprisonment, and others to various sentences of from ten to fifteen years imprisonment.

Throttled Victim to Death.
While Shamyl Pasha, who is a Russian chief, was undergoing an examination at Tripoli recently in connection with the murder of Redvan Pasha he suddenly rushed upon the Procurator-General, Nedjmi Eddin Bey, fixed his teeth in his throat and held on until his victim was throttled to death.

FIERCE RIOT IN SARDINIA.

Increase in Prices of Foodstuffs Leads to Bloodshed.

Cagliari, Sardinia, May 17.—Several persons were killed and many wounded in a collision between troops and strikers here Tuesday and further trouble is expected. Reinforcements of the small garrison have been urgently demanded, and warships with troops have left Genoa and Leghorn.

Trouble began as the culmination of a great increase in the price of food and an anarchistic agitation leading the workmen to strike. Thousands of men rushed through the streets to the municipal palace, where they hoisted the mayor, and then invaded the Central Market, destroying whatever they could find. Afterward they went to the state tobacco manufactory and to other establishments, forcing the workmen to strike, smashing windows and shops and upsetting street cars and cabs.

EFFICIENCY OF BRITISH NAVY.

Forty Large Warships Practically Removed From List Since 1902.

London, May 17.—The rapidity with which Great Britain is removing from the navy all except her efficient warships, was shown by a statement presented to Parliament yesterday.

No fewer than 40 battleships and cruisers have practically been removed from the list since 1902. The exact figures are eight battleships, 10 armored cruisers and three protected cruisers removed from the fighting effective, while three battleships and 16 protected cruisers were reclassified, placing them on the list of ships of the smallest fighting value.

In the same period the construction of 13 new battleships, 18 armored cruisers and four protected cruisers was begun.

GOOD FOR BETTER RETURNS.

Province Sells Two Timber Allotments Under New Regulations.

Toronto, May 17.—Under its newly-adopted system of charging by the thousand feet board measure, a Fort Arthur firm, Vickers & Shears, have been sold two timber allotments of red and white pine on Pigeon River, in the Thunder Bay district, at \$7.75 per 1,000 feet.

The Government expect to get better returns by charging a net price on the quantity measured under its supervision, than by selling timber limits outright, while it is calculated that the purchases will not be restricted to men of large capital, as has been the case heretofore.

Former Bishop of Exeter Dies.
London, May 17.—The Right Rev. Edward Henry Bickersteth, D. D., late Bishop of Exeter, died here yesterday. He was born in 1825 and created a bishop of Exeter in 1885, retiring in 1900. He was a voluminous writer on sacred subjects.

Suicides by Fire.
Hamilton, May 17.—Miss Annie Clifton, the 25-year-old daughter of William Clifton, a farmer near Appleby, set fire to her clothing Tuesday, and died as a result of her injuries. Ill-health is given as the cause of her action.

McMaster Honors Dr. Smith.
Toronto, May 17.—The conferring upon Dr. Goldwin Smith of the honorary degree of LL.D. was a notable feature at McMaster's annual convocation, held last night.

U. S. Cut of Timber.
Washington, May 17.—A total of 27,738,000,000 feet of lumber was cut in the United States during 1905. The stock on hand Jan. 1 is given as 6,504,000,000.

Dr. Sippi Dead.
London, May 17.—Dr. C. A. Sippi, former bursar of the Asylum for the Insane, died at noon yesterday, after a prolonged illness.

Year For Bigamist.
Toronto, May 17.—Magistrate Denison yesterday sent George W. Potts, bigamist, to jail for one year.

What have you got for those youngsters?

—with their keen, hearty appetites. Why not give them Paterson's Butter-Cream Soda Biscuits?

Healthy boys and girls always know what's good to eat. There are forty crackers in every pound of Paterson's which proves they are crisp and good. The children know they are better than anything else in the cupboard. These famous crackers are as crisp as pie-crust and a thousand times more wholesome. Have them on hand for the children *always*.

Your grocer has them *in the red box*. Be sure you get

Paterson's Butter-Creams.

Take *nothing* else. We say they are the best biscuits made—and you'll say so, too, after one trial. Always a little better than any other crackers.

The Wm. Paterson & Son Co., Limited
Brantford, Canada.

DISTRICT

CEDAR SPRINGS.

Miss Eunice Green, of Blenheim, spent Sunday at her home.

J. Johnson lost one of his farm horses last week.

Mrs. W. Bures, of Michigan, who was called home by her father's death, will spend a couple of weeks with her mother, Mrs. J. Wilson.

James Brush has almost completed rebuilding his house.

Arthur Wilson has been horse-trading this week.

John Maynard, fourth line, has struck a fine well of water.

Mr. and Mrs. Searlet were guests at J. B. Clark's this week.

CEDAR SPRINGS.

Mrs. Hendrie has returned to New York, after spending a few weeks with her father, Dr. McCully.

Arthur Springer, of New York, has come to spend his summer vacation at his cottage on the lake shore.

Miss Davis has returned to her home in Merlin, after spending a week with Miss E. Hambley.

Herb, McDowell and Ed. Pardo, of Erieau, spent Sunday at their homes here.

James Heatherington, Jr. is spending his leisure hours in speed.

Some positively lazy men honestly believe they are only economical.

It doesn't require much effort to go down hill.

Mrs. W. C. Ransom is recovering from her late illness. Joseph McDowell, of North Cedar Springs, has traded horses several times this spring.

George Cleveland intends moving into W. C. Ransom's house soon.

W. C. Wigle, of Ridgeway, has opened a butcher shop in E. Gramb's old stand and carries a good stock of meats, which will be very convenient for the community.

A woman always envies the man the comfort of his mode of attire.

Some positively lazy men honestly believe they are only economical.

It doesn't require much effort to go down hill.

Nature's Own Great Skin Healer

Ancient Greece and Rome will always be remembered for the fine types of manhood found on the battlefields and in their arenas, but perhaps these manly men themselves will be most remembered because of the valuable custom they bequeathed to later ages of healing sore and injured places on their bodies by the external application of secret balms or salves. The charioteers, gladiators and wrestlers seldom emerged from their contests without some severe bruise or gaping wound; and to anoint each injury carefully with their favorite balm was an indispensable part of the day's programme. If we go back in history we find that this external rubbing has prevailed right from the earliest times, and the only explanation of its survival amidst so many changes in science, seems to lie in the fact that the external use of salves and balms is dictated to us by nature herself. Our own instinct tells us to rub a part that hurts, and in Zam-Buk the ideal substance to apply to an injured or diseased surface is universally believed to have been found at last. The objection to ointments, salves, liniments and embrocations has hitherto been that they are imperfect in their action, and frequently contain quantities of rancid animal fat and mineral products of a harmful nature. A simple yet novel theory provided the way out of the difficulty. This was that Nature, having given to man the instinct to rub, might well be supposed to have secreted somewhere the proper substance to rub

with, and a search amongst certain rare medical herbs showed how some of them could be made to yield gums and juices possessing healing, soothing and antiseptic properties of a wonderful order. Many experiments were made with mixtures or blendings of these juices, and Zam-Buk, a combination with astonishing powers as a healer and antiseptic, was eventually secured.

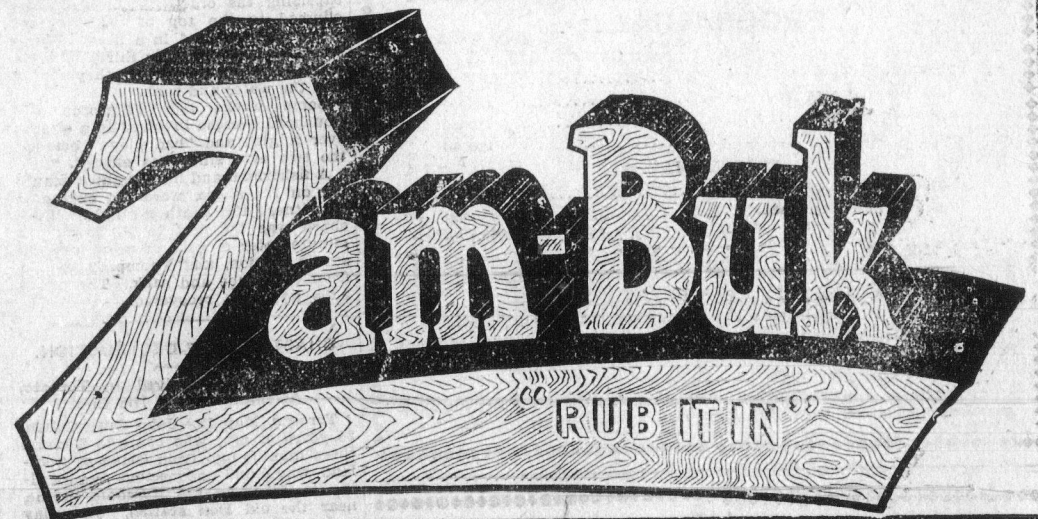

Whoever watches the healing of a wound or sore with Zam-Buk is face to face with one of Nature's greatest wonders. The healing process thus set in motion is nothing but a phenomenon of regeneration—a natural process of replacing destroyed tissues by new ones. The antiseptic substances contained in Zam-Buk first attack and kill off the microbes or germs that are the cause of inflammation of disease, and then the healing ingredients proceed to build up new tissue to replace that which has been damaged or lost. New cells appear like a builder extending a new row of houses; the whole of the wounded area is gradually overlapped, and soon it is difficult to tell where the injury has been, so perfect and complete is the growth of the new skin.

Zam-Buk is a household necessity. For skin disease, or injuries in home, factory, field or workshop, Zam-Buk can be confidently recommended as well for its general efficacy as for its wholesomeness, its power and purity.

To the woman in the home Zam-Buk is the "good fairy." Are her hands raw and chapped—she rubs in Zam-Buk. Are her feet sore with being on them all day—Zam-Buk cools and eases. An eruption breaks out on her face—Zam-Buk removes all skin disfigurements like magic. Baby's skin is chafing and hot—Zam-Buk is the purest and most wholesome emollient known. Her little boy cuts his finger, or her daughter burns her hand—Zam-Buk again is the healer. The father at the factory, or on the farm, gets a nasty cut or bruise—Zam-Buk stops bleeding, stops the smarting, allays inflammation and heals.

So it comes about that Zam-Buk is the greatest and most universally used balm in all the countries where it has been introduced. You are now, for the first time, offered the opportunity of purchasing it in Canada.

FREE SAMPLE BOX—A dainty free sample box of Zam-Buk will be sent to applicants for same who cut out this coupon and forward it, with one cent stamp (to pay return postage) and full name and address to THE ZAM-BUK CO., COLBORNE STREET, TORONTO, upon receipt of price. Six boxes for \$2.50.

ECZEMA CURED

A TORONTO MAN'S EXPERIENCE

Mr. George Rhinehart, of 210 Wilton avenue, Toronto, says: "Eczema broke out on my arm, the calf of my leg, and on the back of both hands. I had sore and inflamed patches on these parts, which caused me great pain and which, despite all the ointments and salves I tried, showed no signs of getting better. My wife advised me to try Zam-Buk, which, being purely herbal, we thought would be better than anything else we had tried. I bought a box, and it proved to be so. Zam-Buk from the first improved my condition, and in a short time rid me of all traces of eczema. The sores are now completely healed, Zam-Buk having succeeded in effecting a cure when all else had failed."

WHAT ZAM-BUK CURES

Zam-Buk is a pure, refined balm of extraordinary power. It expels disease from the system and virtually creates new, healthy skin. It is especially valuable for cuts, bruises, burns, running sores, ringworm, scalp irritation, eczema, psoriasis, sore backs, abscesses, boils, pimples, cracks, chafing, chills, festering sores, poisoned wounds, scalds, piles, stiffness, swollen joints, sore throat, aching feet, sprains, rheumatism and all nerve pains. Obtainable from all druggists at 50 cents a box, or post free from THE ZAM-BUK CO., COLBORNE STREET, TORONTO, upon receipt of price. Six boxes for \$2.50.

FRAUDULENT, SAYS FOY.

First of the Cobalt "Blanketing" Cases Is Being Heard.

Toronto, May 17.—Edward C. Hargrave, Bay City, Mich.; C. C. Williams, Montreal; F. N. Rutherford, Niagara Falls, and the White Silver Co., Toronto, are defendants in the first of the Attorney-General's actions to set aside the granting of leases for certain lands in Cobalt, which came before Judge Boyd yesterday.

Affidavits made by Rutherford and Hargrave to the effect that they made the discoveries of valuable mineral products on leased lands in the Township of Coleman, which were taken over by White Silver Co. of Toronto, are claimed by the Attorney-General to be fraudulent.

Frank B. Haines, prospector, is chief among the 30 odd witnesses subpoenaed. It is alleged that Haines prospected while snow was on the ground, and that his staking is illegal. He however, states that he was over the ground previous to November, and while the ground was clear. His cross-examination by counsel will take place to-day.

CAUSED BY BAD TOOTH.

Operation on Dr. Reumeau at Windsor Is Quite Successful.

Windsor, May 17.—Hon. J. O. Reumeau, Minister of Public Works for Ontario, was operated on yesterday morning in the Hotel Dieu, Windsor, for a growth in his mouth.

Dr. C. W. Casgrain, assisted by Dr. Daniel La Ferte of Detroit, performed the operation, and the physicians say that it was entirely successful. They found that the trouble had been caused by a decayed tooth.

For some time past Dr. Reumeau has been suffering intense pain from the growth, but he disliked to undergo the operation on account of the many demands made on his time on account of the Legislature being in session.

Operation Was Successful. The doctor is resting easily and quietly. This was the reassuring wire received yesterday afternoon by the Premier regarding the operation.

HAVE GOT TRAIN ROBBERS.

Little Room For Doubt Men Arrested Are Right Ones.

Victoria, B. C., May 17.—Advice to the Attorney-General's office yesterday indicates that there is little room for doubt that the three men arrested near Douglas Lake, Grand Prairie, and taken to Kamloops Tuesday afternoon, are the perpetrators of the C. P. R. hold-up. They gave the names of George Edwards, aged 42; Lewis Colquhoun, who says he is a Canadian, and an account-

ant by profession; and Thomas or "Shorty" Dunn, the only one who resisted arrest. He received a bullet in the leg. Dunn declares himself ignorant of his own nationality, and as to residence "anywhere and everywhere."

SITUATION IN MANCHURIA.

Distrustful Attitude of Japanese Toward Russian Troops.

Tokio, May 17.—The Premier, Marquis Saionji, has returned from his trip of inspection in Manchuria. It is expected that his report will suggest a solution of the deadlock between the military and civil authorities over the best means of settling the Manchurian difficulties.

The Japanese and Russians in Manchuria are closely watching each others' movements. The Japanese apparently will not evacuate that territory before they are assured that the Russians will leave it, in accordance with the stipulations of the Portsmouth treaty.

ARE YOU COSTIVE?

If you knew how bad for health constipation is you would be more careful. Irregular bowels cause apendicitis, jaundice, anaemia and a thousand other diseases too. Sooner or later it will bring you to a sick bed. The use of Dr. Hamilton's Pills changes all this quickly. They are made to cure constipation in one night, and always do so. By taking Dr. Hamilton's Pills you are sure of a keen appetite, splendid color, joyful spirits and sound, restful sleep. Gentle in action; good for men, women or children. 25c. per box, or five for \$1.00. At all dealers in medicine.

Fights to Honor Gorky.

New York, May 16.—The Herald says: Men and women fought for a chance to shake hands with Maxim Gorky at the close of an address to more than 2,000 persons in the Labor Lyceum, Williamsburg, Monday evening. Many were bruised.

BE DONE WITH CATARRH!

Why allow this filthy disease to poison your system? It drains your strength, ruins digestion, pollutes the breath, makes you repulsive. The one certain cure is "Catarrhazone." It cures because it destroys the cause of the disease, cures thoroughly because it goes wherever the catarrh is, cures every case because its vapor destroys the catarrh germs instantly. To get well and stay free from catarrh get Catarrhazone and use it; satisfaction guaranteed.

Borrow trouble, see double.

WHARFS BUT NO BOATS

Improper Expenditure of Public Money Debated.

Mr. Blain (Peel) Moves the Condemnation and Regrets of the House and Furnishes Scandalous Instances of Public Money Gone to Waste—"Arm of the Lake" Which Was a Meadow and Grew Hay.

Ottawa, May 17.—On motion to go in supply in the House yesterday, Mr. Blain (Peel), moved an amendment that "this House condemns the expenditure of public money for purposes not contemplated or authorized by Parliament and especially regrets that any sums voted for the construction of public works should have been expended for purposes not contemplated or authorized."

He said that, at the instance of some friend, from Montreal, Sir Wilfrid Laurier, in the absence of Mr. Tarte, then Minister of Public Works, had ordered a survey for a wharf at St. Joseph, on Lake Huron, a small hamlet, without shipping of harbor. The member from that riding, although a Liberal, had protested against spending the \$5,000 as an absolute waste of money. The Government had persisted and the wharf had cost \$15,000. No boat had ever used it. He gave several other instances of a similar sort, and declared that the Government had virtually invited party workers to think up schemes to loot the treasury.

Mr. Tobin (Liberal, Richmond and Wolfe), in whose riding the bridge was built, said in effect that Disraeli was Conservative, and that Mr. Blain's informants were members of that party. The principal informant upon whom Mr. Blain relied had made the Speaker an improper proposition respecting the timber to be used in the wharf. He said that Mr. Blain had been playing detective.

Mr. Lemieux (Nicolet) said these were old stories about St. Joseph, Grand Valley and Disraeli. He admitted that he had induced the Laurier Government to build several wharves, but they were badly needed.

Mr. McKee (Jacques Cartier) said this Grand Valley wharf was so inconveniently situated that it did not serve as a shelter for fishermen, and indeed no one used it except Americans who were exploiting the timber limits that had formerly belonged to Mr. Lovel (Stanstead).

Mr. Hyman, Minister of Public

Works, said that all Governments made local improvements. In Quebec and the Maritime Provinces, these naturally run to the building of wharves, wharves, etc. As to the wharf at St. Joseph, that had been a disapp pointment. The Grand Valley wharf, he thought, had been sufficiently defended by Mr. Lemieux.

The Disraeli affair troubled the Minister not a little. He referred to alleged soundings taken at Lake Aylmer. But when members pointed out that Lake Aylmer was several miles distant, insisted that this was an "arm of the lake."

This brought to his feet Mr. Morin (Dorchester).

"It is a meadow," he protested. "My cousin raised two tons of hay on it."

This raised a general laugh, and Mr. Hyman promised to call on the engineers.

Mr. Borden said that the Minister had made no defence. He could not and would not say that a single steamer had ever touched at Disraeli since the village was founded. By the report of the Minister, the improvement as described was virtually a bridge.

Hon. Mr. Fisher and Mr. Morin (Conservative, Dorchester) closed the debate.

Budget Speech Tuesday.

Mr. Fielding, Minister of Finance, announced that the budget will be brought down on Tuesday next.

The private bill to incorporate the Woman's Art Association was with drawn to-day.

Mr. Brodeur, Minister of Marine and Fisheries, in reply to Mr. Northrup (East Hastings), admitted that during the past ten minutes there had been paid to George Merwin and to his firm, L. F. Brooks & Co., \$175,000. In addition, there is still nearly \$25,000 due for supplies.

The House in committee considered Mr. Oliver's bill respecting placer mining in the Yukon Territory. The act seeks to encourage prospecting, and to protect the miner in his rights.

SPRAINED HER ANKLE.

"I slipped on an icy step and sprained my right ankle very badly," writes Miss Minnie Burgoyne, of Glenwood. It swelled to a tremendous size and caused intense pain. I applied Polson's Nerviline and got prompt relief; the swelling was reduced, and before long I was able to use my foot." For sprains, swellings and muscular pains Nerviline is the one sure remedy. Strong, penetrating, swift to destroy pain—that's Polson's Nerviline. Fifty years in use.

De Marco Not Guilty.

Toronto, May 17.—Samuel Barron—attempted rape—five years in Kingston penitentiary.

Charles de Marco—murder—not guilty—discharged.

After considering the evidence for nearly three hours, the jury, decided Charles de Marco was not guilty of killing Charles Hoban on Sept. 4 last. De Marco at a previous trial was found guilty. Judge Anglin pronounced the sentences.

NERVOUSNESS A CALAMITY.

Many who don't realize what lies beyond, treat an attack of the "nerves" with information. Others consider it will soon pass away. But in every case nervousness is a calamity. Only one remedy will cure—Ferrozone—a nerve strengthener that acts through the blood. First it gives you appetite—you eat plenty. This fills the blood with nourishment and strength is instilled into every part of the system. You get well—keep well—nervousness forever departs because you've used Ferrozone. Price 50c. per box of fifty tablets at all dealers.

Vesuvius Shooting Sand.

Naples, May 17.—Prof. Matteucci, director of the Royal Observatory, telegraphed yesterday that the volcanic activity of Mount Vesuvius is increasing and that the main crater is discharging a great quantity of sand. The professor added that it was impossible on account of rain to explore the volcano.

ARTISTIC PROGRAM

The Fair Of Nations Will Be The Most Popular Place In The City Tonight

The crowds continue to go to the Fair of Nations, and from all sides expressions of delight are heard.

The Historical March last evening was very interesting and pleasing. One of the most attractive characters was Mrs. E. D. Jones, who took the part of Mary, Queen of Scots.

Among the many beautiful booths there are none that attract more attention than the Canadian Booth, and there are none deserving of more elaborate praise. Mrs. Taylor, the convenor, deserves great credit.

The following is the concert program which will be given to-night as a special feature:

Duett, "O That We Two Were Maying"—Mrs. Cooper and H. D. Smith.

Solo, "Spring"—Miss Schwemler.

Inst. Solo—Miss Bogart.

Solo, "An Open Secret"—Miss Olive Riphams.

Solo, "Genevieve"—By Stephen Adams—Miss Hope Rankin.

Duett, "The Rose"; (b) "The River and Sea"—Mrs. Cooper and H. D. Smith.

FIGHT OF RIVAL LOVERS

Ends in the Death of Both of Them in Helen Lake

THEY FOUGHT IN WATER

Fort William, May 18.—As the result of a feud, which had its inception in Nipegon, a small town sixty miles east of Fort William, W. A. Thompson and Isadore Bouchard, formerly employed on the projected line of the transcontinental railway, are dead in Helen Lake, on the north shore of Lake Superior. While in a canoe half a mile from shore the men engaged in combat, capsizing the craft. Undaunted, they climbed to the top of the upturned canoe and engaged in a hand-to-hand struggle, lasting nearly thirty minutes, when, their strength spent, they slipped into the water and sank.

Some weeks ago Thompson and Bouchard became involved in a quarrel over a girl, and "bad blood" between the two ever since has existed.

A neighbor and his daughter, standing on the shore, were the only ones who witnessed the death struggle. Bouchard was the first to go down. A minute later a gust of wind put the sea in motion, and Thompson toppled from the canoe and sank. The bodies have not been recovered.

GHASTLY SELF-DESTRUCTION.

Butcher, Newly Arrived in Toronto, Attempts to End His Life.

Toronto, May 18.—John Gray Colvin, 24 years of age, who came to Toronto three months ago from Glasgow, Scotland, was found unconscious and bleeding to death in the Rosedale ravine, near the old Don station, yesterday morning by John McArthur.

His pocketknife was clamped in his right hand. His throat was cut and he had mutilated himself horribly in other parts of the body.

He was taken to the General, where his recovery is doubted.

Colvin is a butcher by trade and lived at 679 Shaw street. He was married a short time ago. He has not had much employment since coming to the city.

THREE ACCIDENTS.

Miners in the Dominion Co. Shaft Pursued by Ill-Luck.

Glace Bay, N. S., May 18.—George Gouthro, a miner in the Dominion No. 2 mine, was fatally injured yesterday, while riding on the front end of a loaded boxcar. The rear end left the track and he was jammed between the coal in the boxcar and the roof.

Colin Donovan had a leg broken by attempting to get into a hoisting cage after it began to start from the pit bottom.

Andrew Woodman had his head open by a fall of stone from the roof.

Narrowly Averted Wreck.

Toronto, May 18.—Another terrific rain and hailstorm caused a big wash-out in the C. P. R. track at Wexford, 10 miles from this city, last night. The ballast was fairly swept away from under the tracks for a distance of fifty yards, causing great danger to the oncoming C. P. R. express from Montreal, due here at 7:30 p. m. Fortunately the engineers noted the condition of things and stopped his train by a quick turn of the lever, almost at the spot where the washout began, and saved his 200 passengers from a dangerous accident. It took two and a half hours to repair the track to enable the train to pass in safety. Great damage to bridges and roads is reported throughout Scarborough Township.

The World's Commerce.

Washington, May 18.—The world's international commerce will aggregate fully \$35,000,000,000 in the year 1906, says a bulletin issued by the Department of Commerce and Labor. By the term "world's international commerce," explains the bulletin, is meant the imports plus the exports of all countries of the world from which statistical trade reports were available.

NOT ALL THE TIME.

See here, it seems to me you're asking for money all the time. No, dear; I'm spending it part of the time, you know.

Ask for Minard's and take no other

LETTERS

THE SUGAR FACTORY BY-LAW.

The following letter from Loyal Ratepayer was received at this office yesterday too late for publication:

To the Editor of The Planet:

Dear Sir,—As the Sugar Beet By-law will be voted on May 31st, it is most important that the ratepayers should understand the proposition, and not lose sight of the fact that only a majority vote is required in this case to pass the by-law.

As a ratepayer, very much interested in the welfare of Chatham, and in favor of all meritorious enterprises and improvements, I regret to have our City Council display so much lack of judgment in submitting such a by-law at the expense of the city. When the proposition is even partly looked into it will not appeal to any intelligent voter as anything other than an enterprise that will in fact be more of a detriment to the city than a benefit.

I will give a few reasons. In the first place, it is not a safe loan. If it were safe and desirable there are plenty of English, American and Canadian capitalists ready to snap it up. But no one wants to make a loan on a big "white elephant" as security for \$75,000, and the promoters are driven to try to induce the City to accept such security as no one else wants. Then, again, is it not most unbusiness-like for the City to borrow money at 4 per cent. interest and loan it to the Sugar Beet Company at 3 per cent.? How long would a "bank stand" that would make such foolish bargains?

Out of twenty-two sugar beet factories in Michigan only three have so far made a success. Two of these are trust concerns that were wise enough to secure the refuse of the other sugar beet factories for nothing and utilize it for making alcohol at a handsome profit.

The other successful factory is surrounded by a community of Holland farmers who were taught in their native country how to grow sugar beets at a profit, and because of this acquired knowledge of the business, their industry in marketing the beets and the Holland factory is a success.

Four of these Michigan factories have been total failures, among them the million dollar factory at Rochester, where sugar beets tested as high as 22 per cent. in moisture.

Even if the sugar beet factory happens to prove a success, it is not such an enterprise as Chatham should loan money to or in any other way encourage it to locate here. The most of the labor employed is the cheapest kind of unskilled labor, and as the factory runs only a few months in the year this cheap labor floods the town the rest of the year, with the result that good men lose their jobs, and the grocer's bill and landlord's rent is paid.

Another thing for the ratepayer to consider is that if the proposed \$75,000 is voted, Chatham will have loaned to its limit and could not make a loan to any other enterprise that would have much the people desirous to have it locate here.

The Ontario Government has already refused to extend the loan limit in the case of Wallaceburg and St. Catharines, it follows also that Chatham will be denied the authority.

Then, again, if the factory is a success, it is getting so high as to become a burden on the people, and if the assessed valuation had not been recently raised to the full value of the property the rate would have exceeded 30 cents, and this would put the city in a most humiliating position before the country, in fact almost in bankruptcy. It is, therefore, a serious question, and the proposition to vote so large a bonus to any enterprise contains all the elements of danger.

It would be better, by all odds, to encourage smaller factories, that will employ skilled labor and run 12 months in the year, by making small loans well secured at 4 per cent. interest, than to loan \$75,000 to an undesirable enterprise, on very questionable security, and at a rate of interest on which the city yearly sustains a loss.

It is unfortunate that only three of our afternoon newspapers have the proper light, but it will now be up to every loyal citizen of Chatham, who has the best interests of the city at heart, to assist in defeating the proposed Sugar Factory By-law.

I am writing this article after having consulted many substantial citizens, who suggest that a mass meeting be called and an organized effort be made to have the by-law voted down.

LOYAL RATEPAYER.
Chatham, May 17, 1906.

Foreign Banking Service

THE SOVEREIGN BANK OF CANADA
Open for business Saturday evenings from 7 to 9 o'clock.

CHATHAM - OPP. MARKET SQUARE

AN OFFICIAL VISIT

Hon. Mr. Cochrane, Minister of Forests and Mines Pays a visit to Ridgeway.

Hon. Frank Cochrane, Minister of Lands, Forests and Mines, arrived in town last evening and registered at the Hotel Anderson, where he was called on by the Mayor and many citizens of all shades of politics who extended a most cordial welcome.

The Minister was accompanied by Dr. Clark, Chief of the Forestry Department. Both gentlemen, accompanied by P. H. Bowyer and B. W. Willson, left this morning for Rideau Park. This is the Minister's first visit to Rideau and it is hoped and expected he will give his sanction to some long needed and necessary improvements for which the money was voted at the session of the legislature just closed.—Ridgeway Dominion.

"More haste, less speed," and "hasten slowly," are proverbs born of experience that some things can't be hurried without loss and waste. That is specially true of eating. The railway lunch habit, "five minutes for refreshments," is a habit most disastrous to the health. You may hurry your eating. You can't hurry your digestion, and the neglect to allow proper time for this important function is the beginning of sorrows to many a busy man. When the tongue is foul, the head aches, when there are sour or bitter risings, undue fullness after eating, hot flushes, irritability, nervousness, irresolution, cold extremities, and other annoying symptoms, be sure the stomach and organs of digestion and nutrition have "broken down." Nothing will re-establish them in active, healthy operation so quickly as Dr. Pierce's Golden Medical Discovery. It strengthens the stomach, nourishes the nerves, purifies the blood, and builds up the body. It is a strictly temperance medicine, containing no alcohol or other intoxicant.

Given away! Dr. Pierce's great work, The People's Common Sense Medical Adviser, is sent free on receipt of stamps to pay expense of mailing and customs. Send 31 one-cent stamps for the paper covered book or 50 stamps for cloth binding, to Dr. R. V. Pierce, Buffalo, N. Y.

LETTERS STOLEN?

W. T. R. Preston Makes the Charge Before the Public Accounts Committee At Ottawa Thursday.

Ottawa, May 18.—During his examination by S. Barker M.P., before the public accounts committee yesterday morning, W. T. R. Preston, Dominion emigration agent in England, declared that some of his private letters had been stolen from his office in his London office. Some time ago he heard that private letters of his were in the hands of Mr. Griffith, secretary to Lord Strathcona, and he suspected a clerk, who was much in Mr. Griffith's society. On investigation he found that his files had been gone through and mutilated. A file of letters endorsed "Mr. Preston—Private," and two or three letter books had been taken.

He found that on the evening of March 2, 1905, a "gentleman in a dress suit" had been seen coming from his office. He wished to put the matter in the hands of Scotland Yard, but Lord Strathcona demurred on account of the scandal. Lord Strathcona, however, stated that some of the letters were in his office.

Among the letters taken was one from him to the general manager of the Allans at Liverpool, urging the firm to start a booking office near the new Canadian office in Charing Cross, and if it did not, to give a license to someone to do so; and recommending Leopold as a suitable person.

Connection With Leopold.
Mr. Barker questioned Mr. Preston as to his relations with Louis Leopold, the manager of the Canadian labor bureau. This man's real name, he said, was Leopold Lazarus; later he said that he and Leopold are intimate friends. He became acquainted with him in 1902. Leopold coming to him with letters from a prominent German banking firm, in which he had served as employee.

"Had he previously been in the employ of the North Atlantic Trading Co.?"

"I don't know. I don't think so."

At the start Leopold had established an agency known as the Farmers' Auxiliary, designed to assist German emigrants to go to Canada. He first came to Mr. Preston to ask if an arrangement could be made whereby these people's fares could be advanced. No such assistance was given by the Canadian Government. Leopold's remuneration was his commission from the steamship companies. Later he entered into the business of helping British emigrants, receiving for these, in addition to his commission, the seven shillings per head given by Canada for agriculturists.

Not Connected With Firm.
Mr. Preston had helped him and had recommended him to several steamship companies. He denied that he had any connection with Leopold's firm.

Mr. Barker then asked as to Mr. Leopold's tendency of an office in the same building at Charing Cross as the Canadian office, it developing that there was telephonic connection between the two.

Mr. Preston gave an explanation of the reasons which led to this, and said that when unfair inferences were drawn he stopped the arrangement. The inferences were that he was connected with the agency. He knew that Leopold sent mechanics and artillerymen to Canada, he did not know that he sent men out to break strikes.

Ten Years in "Pen."

Montreal, May 18.—Ten years in penitentiary was the sentence yesterday for Alexander Brunette, who stole two horses from the barns of the Villa Maria Convent and set fire to the structure to hide his crime. Joseph Carriere of Sherbrooke, who stole \$275 from the National Cash Register got four months.
