TENDERS WANTED

Sealed tenders addressed to the undersigned at Collingwood, will be received up to 9.30 p. m. on SATURDAY, 23RD INST., for the several trades required in the erection of a Fork Packing Factory, at Toronto Junction, for The Canada Packing and Provision Co. Plans and specifications can be seen at the office of Mr. Hodson, Manager of the Union Stock Yards Co., at Toronto Junction, or at the office of the architect, Temple Building, Collingwood.

The lowest or any tender not necessarily accepted.

JOHN WILSON,
Architect.

STREET LIGHTING TENDERS

Sealed tenders, addressed to the undersigned, and marked "Tenders for Lighting", will be received at this office until MONDAY, THE FIRST DAY OF JUNE NEXT, for the Street Lighting of the City of Fredericton, N. B., for the term of ten years, from the eleventh day of October, A. D., 1903.

Tenders to be for sixty-two (62) open arc 1200 candle power Electric Lamps, and for additional lamps as required by the City Council, or may be for 1200 candle power enclosed arc lights. (to burn off an alternating circuit).

The service to cover as large an area as is now lighted under existing contract, and lamps to be placed at or near where now situated, and other lamps to be placed, at same rate, when required by the City Council. The complete equipment to be furnished by the tenderer, including poles of the required height.

Tenders to state price per lamp per year for every and all night service. Also for lighting under what is known as the "Moon-light Schedule".

An accepted Bank cheque payable to order of City Treasurer of City of Fredericton, equal to twenty per cent. of the amount of the tender for one year's lighting, must accompany each tender. The cheque will be forfeited if the party tendering declines the contract, or fail to be ready to undertake the lighting at the time above stated, or will be returned in case of non-acceptance of tender.

The City Council does not bind itself to accept the lowest or any tender.

By order of the City Council of the City of Fredericton.

CHAS. W. BECKWITH,
City Clerk.

To Architects

The undersigned is desirous of re-engagement as Quantity Surveyor or as Clerk of Works.

W. FRASER,
21 Clinton St., Toronto, Ont.

Notice to Contractors

Sealed tenders addressed to the undersigned, for the following works, will be received by the council of the Township of Hay, on MONDAY, THE 1ST DAY OF JUNE, 1903, up to one o'clock, p. m.

1. For "Schwalm Drain." Engineer's estimated cost over \$1,600.00.

2. For cement abutments for Sauble Bridge. Height of abutments about 12 feet. Span of bridge 70 feet.

3. For steel superstructure for Sauble Bridge. Span of bridge 70 feet, width of roadway 14 feet. Plans and specifications, etc., may be seen and all other information obtained at the office of the undersigned or at the office of P. W. Farncomb, C. E., London, Ont. The bridge is located about 2 miles from Exeter Station.

The lowest or any tender in either case not necessarily accepted.

Zarich, Ont., May 11th, 1903.

FRED HESS, SR.,
Township Clerk.

BRIDGES

Sealed tenders are hereby requested on behalf of the Corporation of the County of Hastings, up to

Friday noon, the 12th June, 1903,

with plans and specifications, for a steel overhead Truss Highway Bridge to be erected over the Scoot river at Bridgewater, about five miles north of Tweed.

The bridge to be one span one hundred feet long from pin to pin, with roadway sixteen feet wide in the clear, steel joist and 5 inch cedar covering with wheel and hub-guards.

The bridge to carry a moving load of 125 pounds, at least, to each square foot of floor area.

The abutments for this bridge will be ready by the 1st October, 1903, and the bridge must be completed thereon by the 15th November following.

Payment made when the bridge is completed and accepted.

Also separate tenders are desired, at the same time, with plan and specifications, for a low-truss Steel Highway Bridge to be erected in Madoc Village.

This bridge to be one span forty-three feet long with roadway 16 feet wide in the clear, steel joist, with wheel and hub guards and a side-walk 4 1/2 feet wide on the west side of the bridge, outside of truss properly constructed.

This bridge to carry a moving load of 125 pounds to each square foot of floor area.

The abutments for this bridge will be ready by the 15th day of October, 1903, and the bridge must be finished by the first day of November following.

In a tender for this Madoc bridge state price with 5 inch cedar covering; and also separate price for the bridge finished with concrete floor or covering in the place of cedar covering.

Payment made when the bridge is accepted.

The lowest or any tender not necessarily accepted. Address—

WM. R. AYLSWORTH,
County Clerk,
Belleville, Ont.

June 15th, 1903.

Debentures for Sale.

Tenders will be received by the undersigned for the following lots of Debentures issued for Local Improvements by the Corporation of the Town of Arnprior, Ont., namely, \$1,565.25 and \$7,310.66. These Debentures are dated 18th March, 1903, and are payable at end of twenty years. Interest payable annually at a per cent per annum. Interest commences on 1st April, 1903.

Tenders received up to 22ND MAY, 1903.

JOHN HARVEY, Mayor,
Arnprior, Ont.

WIARTON TENDERS.

Sealed tenders, addressed to the undersigned, will be received until 5 o'clock, 23RD MAY, 1903, for the construction of Cement Concrete Sidewalks in the Town of Wiarton; estimated quantity 60,000 sq. ft. Specifications may be seen at the offices of the Town Engineer, R. McDowall, C.E., Owen Sound, and of the undersigned. Tenders must be made on forms supplied, and may be for the whole work or for separate portions, and be accompanied by a marked cheque for 10% of the aggregate amount of tenders. Lowest or any tenders not necessarily accepted. For further particulars apply to

W. J. FERGUSON,
Clerk.

Wiarton, May 5th, 1903.

IMPROVED VERTICAL SPRAY
for Pavements.

Geo. Heaman, Mnfr., London, Ont.

Stackpole Patent Improved Street Sweeping Machine

Is the Standard of Perfection

Because no sweeper so effectually does the work for which it is designed as "The Studebaker." It Sweeps Clean. No sweeper is constructed with the same degree of care and mechanical precision. It Wears Well. "The Studebaker" has the smallest number of working parts, and has less gearing than any other sweeper made. It is free from all unnecessary complications. With reasonable care it does not get out of order. Send for complete descriptive catalogue.

jail at \$2,400, and Barr & Anderson that for the fire hall, at \$1,463.
