CONDUCTOR AND ENGINEER OF WRECKED TRAIN ACQUITTED AT BRAMPTON SATURDAY

TORONTO, Nov. 17.—After a trial lasting about a week, Matthew Grimes and George Hodge, conductor and engineer of the train wrecked at Hosiw, near Caledon, 12,000,000 feet of lumber at the Arrostook River. It will take nearly 11,000 men to cut the three or four hundred million feet of logs which will be cut in this section of the state.

George S. Cushing, when asked about the truth of the above report, said that his firm would cut practically nothing this season. "We will have just enough men in the woods to keep the roads clear for next winter. Last year we cut about 40,000,000 feet," Mr. Cushing said, "as far as he could learn the cut this season in New Brunswick would be very small. The reason is the low price of lumber at present. At the beginning of the winter men were very scarce too."

MRS. STEPHEN.

HAMPTON, Kings Co., Nov. 13.—The death of Mrs. Stephen has caused widespread sorrow and sympathy in those circles in which she moved from infancy to womanhood, and the fact that her own passing is almost a duplicate of that of her own mother adds a touch of romance to the death. Mrs. Stephen was born here, the daughter of Geo. O. Dickson City, and his young wife, formerly Miss Louise Perley, the latter dying shortly after the birth of her child, who received her own name, and was tenderly cared for and reared by Mrs. George City, and closely associated with her mother and daughter all the latter's life, they were not far from death by Mrs. Taylor, formerly Mrs. Geo. City, passed away at the Old Ladies' Home in St. John a few weeks ago, having returned from Ontario by reason of Mrs. Stephen's illness, which called for the breaking up of her home arrangements for a time. Almost a new life to her in the world, she too has gone out of the home and society in which she moved, leaving many a heart to mourn. Her remains were taken to the funeral home this afternoon, accompanied by her husband, father and other friends and connections. After the transfer had been made, the handsome casket containing the remains was placed in a hearse which followed by many friends in teams and on foot. TORONTO, Nov. 19.—"Most of us are out for it."

"Money talks with all of us." There with the hint that his examination was susceptible to cold cash as anyone else, were among the maxims recited by John Garrett Pritchett in the conspiracy case today. The position of deputy cross-examination by E. F. B. Johnston, K.C., who succeeded in drawing from him a number of contradictions of his story as told in the police report. There was no plot that he knew of to affect elections throughout the province or the country. He admitted that he had perjured himself in connection with the West Elgin election; that he had committed perjury for fraudulent purposes by using a wrong name, and that he had committed forgery by signing another name to statutory papers in election. He admitted to swear what was false, and that he had sworn to various moral lapses, his willingness to swear falsely, his using false names, his making false returns, etc.

"What do you say to these charges at the bar of your conscience? Are you guilty or not guilty?" "Guilty."

S., Nov. 21.—A well known resident at 83 Sackville street, Mr. Perney Hirschman, who has been in a somewhat peculiar condition lately, says: "Six months ago my appetite fell off and my health became very poor. I had terrible attacks of indigestion and was unable to sleep at night. My poor color showed what an ill man I was. I tried numerous remedies but the only one that proved to be of any use was Dr. Hamilton's Pills. Two boxes cured my indigestion. My appetite increased and my strength came back quickly. Today I have an open and healthy face as a young boy. Because they are so cleansing and so tonic in their effect used by every person. My wife used them regularly with grand results."
