GERMAN DEPUTY DRAFTS PLAN OF CONSTITUTION FOR LEAGUE OF NATIONS

Would Guarantee Territorial Possession and Safe-guard Colonies ANY NATION ELIGIBLE Mathias Erzbenger's Suggestion For "Way to Peace"

By Courier Leased Wire Amsterdam, Sept. 23.—A draft of a constitution for a league of nations, worked out in detail by Mathias Erzbenger, clerical member of the German Reichstag, is published in the Vossische Zeitung of Berlin. It is taken from a book entitled "The League of Nations, the way to Peace," which Erzbenger will publish soon.

The first section of this constitution still with the organization of such a league, says: "Any sovereign state can enter the league, which is considered to have been formed when the following powers are among those who have announced adherence: "Germany, Great Britain, France, the United States and Russia."

The Hague would be the seat of the league and there the international bureau would conduct its business. Each state with the approval of its parliament would appoint one delegate. The international bureau would be a permanent administrative, consisting of the representatives of the federated powers with the Dutch foreign minister as chairman.

Dealing with fundamental laws, the second section says: "The league shall guarantee the territorial possession of each federated state as well as unimpeded possession of colonies."

Each state would be independent in the conduct of its internal and foreign affairs within the limits of the league's constitution. States whose governments, with the assent of their parliaments, declare their permanent neutralization would be recognized by all members of the league as permanently neutral and would enjoy the league's protection.

Members of the league would mutually undertake not to use their forces for any other objectives than the maintenance of internal order, defence of their country against attack, and for joint execution of the league mandates. Execution of the League's mandates.

Figures showing the annual expenditure for armament, the number of troops under arms, war materials in hand and the number of warships in commission would be communicated annually to The Hague Bureau, which would publish them. The constitution provides for economic equality and for the principle of the open door, all members of the league granting other most favored nation treatment.

For the first decade after the foundation of the league each state's surplus of raw materials would be divided between the other federal states, according to a standard to be agreed upon. This would be irrespective of the imports of the year, the output, and the special needs of individual states due to the war.

(Continued on Page 6.)

WEATHER BULLETIN

Toronto, Sept. 23.—Since Saturday the weather has been unsettled and showery with seasonable temperatures in the western provinces, while Ontario eastward it has been mostly cloudy and decidedly cool.

Forecasts. Moderate winds, a few scattered showers but for the most part fair to-day and on Tuesday.

"Zimmie"

The war takes the wheat, but it also cuts down the wild oats crop.

Brantford upheld once more her splendid reputation for patriotic giving when for the Sailors' Fund and the British Red Cross she went over the top of 1000 to spare at the end of the week's campaign.

The objective aimed at from city and county was \$50,000, and the city's overplus will go to make sure the \$10,000 which the county is expected to raise. It is Brantford's proud boast that she has never failed to respond to a patriotic appeal, and last week's campaign was one more gem in her diadem.

The house to house collection made throughout the city yesterday netted the sum of \$6,000. The council's grant of \$16,000, and \$21,000 raised by subscription during the week go to make up the total of \$43,000 realized, with some returns still to be made. In all parts of the city the collectors yesterday met with a splendid reception, being seldom turned away. A large number of students from the Collegiate Institute lent their assistance in the canvassing, and helped collect the envelopes distributed during the week. Automobiles were used by the workers only after the express approval of the deputy fuel controller at Ottawa had been obtained.

To the workers in the campaign, heartiest congratulations must be extended for the unstinting manner in which they gave their services for the patriotic cause.

NOTABLE PROGRESS MADE BY FRENCH IN ST. QUENTIN DRIVE

Village and Fort of Vendeuil Captured Yesterday; Progress on Macedonian Front Continues, Enemy Resistance Being Broken Down by French and Serbian Troops

By Courier Leased Wire. PARIS, Sept. 23.—French troops yesterday and last night made notable progress in their drive for the encirclement of St. Quentin. They pushed in far to the south and captured the village and fort of Vendeuil, close to the Oise, nine miles southeast of St. Quentin, today's War Office announcement shows.

From Vendeuil the French pushed on to the river. North of Lyfontaine, they penetrated the wood in the direction of Hinacourt.

The text of the statement follows: "In the region of St. Quentin the French troops continued their advance yesterday evening and last night. They penetrated the woods north of Ly-Fontaine, captured the fort and village of Vendeuil, and pushed on to the Oise. "French reconnoitering parties took prisoners north of the Aisne and in the Champagne, in the direction of the Butte du Mesnil. German raids north of the Vosges failed."

POSITIONS ENLARGED. PARIS, Sunday, Sept. 22.—The text of the official statement issued at the War Office tonight reads: "South of St. Quentin we have enlarged our positions to the east of Hinacourt and Lyfontaine. We have reached the western outskirts of Vendeuil.

"North of the Aisne three counter-attacks by the Germans were broken to the north of Allamante, and have held our lines securely. We have gained ground east of Sanchy and have taken prisoners.

ON THE EASTERN FRONT. "Eastern theatre, Sept. 21.—During the day of September 21 the French and Serbian armies have broken across the Massif of Drahevishko. Serious resistance is being offered by Bulgarian rearguards reinforced by German troops. Allied troops have progressed to the north of Vezari and Kavadar, and reached the Vardar in the direction of Negotin and Demirkapu.

"The enemy has destroyed much property near Gradsko and in the region of the Vardar and Lake Doiran, where he has burned railway stations, depots, munition parks and aviation supplies. The number of prisoners and cannon captured has been augmented. Serbian troops have taken one group of mountain artillery complete and one battery of 105's.

"Aviation forces continue to harass the retreating columns of the enemy.

"On the eastern side of the Cerna Bend region, the enemy has begun to retire, and allied troops have taken Chaniste and Orle.

"In the region north and northeast of the Dzena Massif, French and Greek troops continue to progress with the Serbian armies."

BRITISH MADE PROGRESS. London, Sept. 23.—British forces last night attacked the German lines between St. Quentin and Cambrai, opposite Le Catelet, making progress in the vicinity of Tombois Farm, and capturing a group of trenches

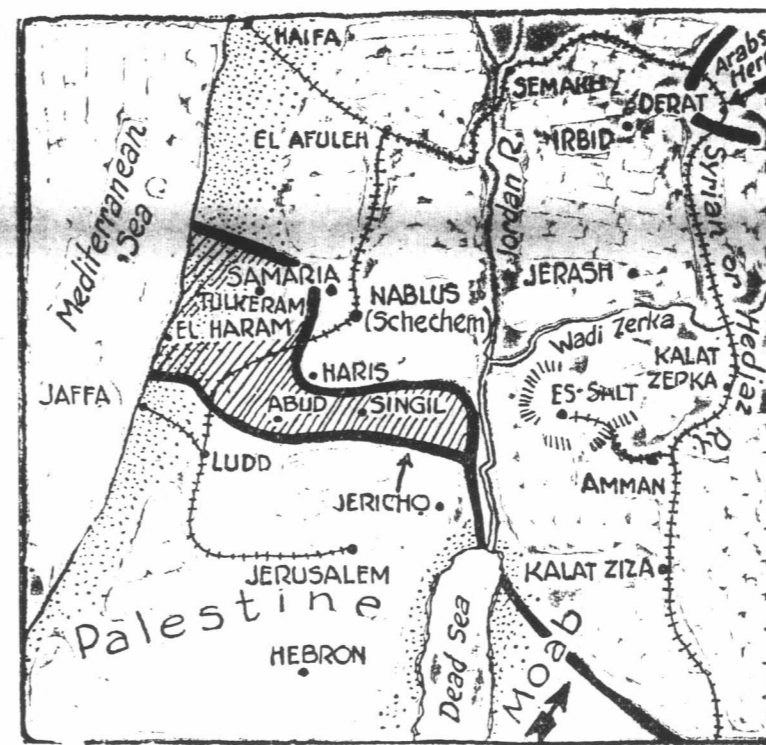

and strong points on the ridge northwest of Vendhuile, Field Marshal Haig announced in his official statement. Another enemy strong point near the Ronsoy-Bonoy road, just to the south, also was taken by the British. A successful local attack was carried out south of Villers-Guislain.

German troops late yesterday counter-attacked in the vicinity of Guillemont Farm, on the front between Cambrai and St. Quentin, to the west of Le Catelet. Field Marshal Haig's statement today announces the repulse of the enemy with heavy losses.

On the front between Arras and Lens there was a continuation of the advance movement in the neighborhood of Gavrelle. Southeast of that village, English troops made progress on a front of three quarters of a mile.

SERBS REACH VARDAR. LONDON, Sept. 23.—Serbian troops have cut the main railway line between Uskub and Saloniki, and are on the western bank of the Vardar river, according to the Serbian official statement of Sunday.

(Continued on Page 4.)

BRITISH DRIVE AGAINST TURKS. The British, mostly troops from India, aided by French, Australian, and Arab Forces, worked according to a brilliantly conceived plan to bag the bulk of the Turkish troops between the Jordan and the Mediterranean, which troops make up the largest and best of the armies of Turkey.

BODY OF EX-CZAR GIVEN CEREMONIAL HONORS

Was Exhumed From Wood Where First Buried, and Taken in Charge by Loyal Russ Forces and Czecho-Slovaks

By Courier Leased Wire. Amsterdam, Sept. 23.—Solemn ceremonies over the body of Nicholas Romanoff, former emperor of Russia have been held at Yekaterinburg by troops of the Peoples Army, according to Izvestia of Moscow. The body had been buried in a wood near where the Emperor was executed and was located through information provided by persons acquainted with circumstances of the execution.

The work of exhumation was done in the presence of many representatives of the supreme ecclesiastical authorities of western Serbia, as well as delegates of the Peoples army, Cossacks and Czecho-Slovaks. The body was placed in a zinc coffin encased in cedar and placed in the cathedral at Yekaterinburg under a guard of honor composed of the commanders of the Peoples Army. It will be buried in a special sarcophagus at Omsk.

TYRE, BEYROUT, DAMASCUS, ALL IN LINE OF ALLIED ADVANCE; PALESTINE FREED FROM TURK

March of French and British Toward Sea of Tiberius Unopposed—Successes Continue in Serbia, Where Bulgar Resistance is Being Rapidly Smashed

By Courier Leased Wire. New York, 23.—The Associated Press this morning issued following: Moving northward with surprising speed and power the Allied troops in Palestine seem to have dealt the Turks a blow that may shatter their power in that theatre of the war. So far as reports reflect the situation the Turks are completely defeated and the march of the British, French and Arabs toward the Sea of Tiberius is virtually unopposed.

The advance has carried the Allies past the village of Nazareth and they have approached the line east of the ancient city of Tyre. To the north is Beirut, while off to the northwest 70 miles is Damascus. These two cities are important centres in this region of the world and their capture would mean the complete disorganization of the Turkish machinery of war over a wide area. Allied armies are still moving rapidly over the hills of southern Serbia, where for the past week they have smashed the Bulgarian resistance and swept along at a rate which seems to indicate that the Bulgars have been unable to stabilize their line at any point where defensive warfare might be expected. The Serbians are now east of Prilep and are moving along the Cerna valley steadily. To the east the French have reached the Gardar, seeming by with the intention of assisting the British and Greek armies which are fighting in the Lake Doiran region. Italian units are now engaged in the battle in the Cerna Bend district. It would seem that a continued advance by the Serbians and French will dislocate the entire Teutonic

line in Macedonian and compel a general retirement. German units are reported to be rushing to the field, but it may be that they will arrive too late to save much of the situation, which is rapidly getting out of hand.

Present operations, both in Palestine and Macedonia, may have political results far outweighing the military objectives that may be gained. There have been persistent reports that Bulgaria and Turkey are ready to retire from the war and the dynastic situation in Bulgaria is said to be such that with King Ferdinand virtually retired from active administration, sensational developments may come at any time.

British and French armies are continuing their attack against the outer defences of the Hindenburg line, north and south of St. Quentin. Notable in the developments on that front during the past couple of days has been the progress of the French toward the range of hills to the west of the Oise River, south of St. Quentin. At some points they are in control of ridges which appear to dominate long stretches of the valley to the east and, in spite of determined counter-attacks by the Germans they are holding the ground they have won.

It would seem that the British have encountered savage resistance north of St. Quentin, after having cut into the Hindenburg position at two points. At present the British are fighting hard to hold the ground they have won in this sector, while slowly creeping nearer the main German positions along the line running to the west of Cambrai.

FOE POSITIONS ARE FORTIFIED AGAINST TANKS

Mine Fields are Being feverishly Laid Before New German Lines FRENCH PRESSING ON Continued Their Advance Toward La Fere Road on Sunday FRESH ATROCITIES

By Courier Leased Wire. With the French Army in France, Sunday, Sept. 22.—(By the Associated Press)—General De Beney's troops continued to advance toward the La Fere road, south of St. Quentin on Sunday. They reached Lanbay, the Capponne and Le Moulin farms and the Vendeuil forest, which is only 1,000 yards from the road, and about a mile from the Oise river.

As the French drew near the Hindenburg line around St. Quentin, the Germans multiplied their efforts to keep them from it. North of the Somme they appear to be organizing a defensive system on the line of heights which runs parallel to the Hindenburg positions from east of Holnon to Hill 123, south of Holnon and thence through Hill 138, east of Savy wood, to Dallon height, on the road from Ham to St. Quentin.

This line is being feverishly fortified against tanks with mine fields. All the eastern slopes of these heights are utilized to shelter trenches which appear to be quite dense there. A system of communication trenches has been dug to permit the circulation of reinforcements and the bringing up of supplies.

General De Beney's men are now in contact with this line of resistance, and they continue to advance notwithstanding the formidable fortifications and the energetic resistance of the enemy's infantry.

German forces in this region, according to evidence worthy of credit, do not hesitate to commit acts of assassination in preparing traps for French soldiers. A statue of Christ in a cemetery was thrown to the ground and connected by wire to a detonating device that caused the explosion of a grenade when a soldier tried to lift it. These practices cause great irritation among the French troops, and merely forcing their determination to break through the enemy lines.

South of the Somme the French have advanced into a defence line parallel to the Hindenburg position by reaching a height northeast of Castres and the line of ridges connecting Urvillers and Cerey and the spur that dominates Mayot from the west.

The advance of the first army into the flat lands along the Oise, after the capture of Castres, is menacing the enemy line, and was followed by a violent reaction of the Germans against Castres, which proved of no avail. Progress by the French extended over the line further south after the occupation of Bonay. Smaller advances are indicated in reports. Each one of them is the result of serious fighting.

Savy woods were captured in a combat typical of the operation around St. Quentin. The thickets, slashed by shells and twisted into an almost impenetrable tangle, were saturated with gas. The troops on both sides were obliged to wear masks, and fought at close range with grenades and bayonet. The field gray of the Germans and the horizon blue of the French uniforms looked alike behind the masks, and it was often impossible to distinguish friends from foe. One French officer, who rushed upon adversary, threw him down and pulled off his mask to make sure he was dealing with a German.

LIQUOR SEIZED. By Courier Leased Wire. Charlottetown, P.E.I., Sept. 2.—Last night the prohibition inspector seized over \$2,000 worth of liquor from a well-known drug firm. This, it is alleged, was part of a stock laid in for the exhibition which opens tomorrow.

Along the American-held sectors of the front there have been many patrol encounters, but nothing approaching a general action has been fought.

The same is true of the mountain front in Italy. An official report issued at Vienna indicates that a Czecho-Slovak detachment was annihilated during a raid by Austrian troops in the Dossio Alto region. The same statement says that Italian attacks in Albania have been repulsed.

NORFOLK NEWS

CUCUMBER YEAR GOOD

Norfolk County Crop Overcame the Effects of the Drought

NEWS FROM SIMCOE

Simcoe, Sept. 23.—(From Our Own Correspondent).— Saturday night's frost spelled the last of the cucumber crop for 1918 in the south of the county. And it was a good year. What appeared to be a blight proved only to be the result of drought as the cukes were beginning to set, but most of the vines revived and a forty-ton yield from a four-acre plot near Walsh would indicate that Norfolk can grow cukes.

But the frost was light and no injury to corn has yet been reported. Nonagenarian Passes.

The funeral of Elizabeth Wilkinson, widow of the late Nathan J. Doughner, a former resident of West Windham, was held at Delhi yesterday. Deceased died at the home of her son, Thomas, at Tillsonburg and had passed her 90th year.

Sent Up for Trial.

After a hearing before Magistrate Gunton, which began at two o'clock on Saturday, John Parr was sent up for trial on a serious charge. The only evidence taken was that of the young lady, whose name appeared in the complaint laid by D. E. McIntosh, officer of the Children's Aid Society. Parr was liberated on his own bail in \$500 and that of three others in the same amount, and Castle Robertson was thus once more without a single guest.

His First Case.

Mr. David E. Kelly, recently called to the bar, had charge of the interests of the accused. It was his first case in court since being called to the bar.

Still Another Casualty.

It has been reported that Pte. Roy Fore has fallen in action. He lived with Mr. and Mrs. Szule of Simcoe and the name is listed on the honor roll at St. James' Methu dist Church, New Home for the Violet.

The Chevrolet garage has gone

VICTORIA SCHOOL PRIZE WINNERS

Annual School Fair Was Held With Success on Saturday

SPLENDID EXHIBITS

The annual fair of Victoria School was held on Saturday under the auspices of the School League. That a keen interest was shown in the contests by not only every pupil in the school, but by their parents and friends, was evidenced by the large attendance and the splendid exhibits of vegetables, flowers, sewing, knitting, manual training, etc.

Victoria was the first school in the city to have a school fair and each year since then the home-made cooking table has been not only very popular, but very profitable to the funds of the League, but owing to the conditions of this year, the proceeds and her executive decided to omit this. However, some of the young exhibitors had expressed a wish to sell their flowers and vegetables for patriotic purposes and the proceeds from this sale and from the table enabled the League to donate fifteen dollars to the campaign fund for the British Red Cross and the King George Sailors Relief Fund.

One long table in the Kindergarten room was used to show the Christmas stockings, the children having been very busy for a week buying the contents and their efforts were crowned by a table of sixty-one stockings for the soldiers overseas, each stocking ranging in value from \$1.50 to \$2.

- BRITISH ADVANCE**
With the British Forces in France, Sept. 23.—(By the Associated Press), 10 a.m.—In a small attack east of Gavrelle, in the Arras sector, British troops last night advanced their lines for an average depth of 600 yards along a front of 1,100 yards.
- Hag's men gained several strong positions in the patches of forest on the high ground.
- 20,000 PRISONERS**
London, Sept. 23.—(By the Associated Press)—4 p.m.—20,000 Turkish prisoners and 200 guns had been counted up to yesterday evening by General Allenby's forces pushing northward through Palestine, according to an official statement issued to-day by the war office.
- War Office announcement says the Seventh and Eighth Turkish armies have virtually ceased to exist. The entire transport of these two armies was captured by the British.

OPIMUM OUTFIT DISCOVERED IN PARIS LAUNDRY

Authorities Seized \$3,000.00 Worth of the Drug, And Pipes Also

SENSATIONAL HAUL

(From our own Correspondent) Paris, Sept. 23.—Quite a sensation was caused in Paris on Saturday afternoon when Chief of Police, Constable Stewart Dr. Faskin, and two United States Secret Service men raided the laundry of P. and J. Lee. A large quantity of opium has been found in the way into the United States of late and the detective service seem to have had quite a bit of trouble locating where some was coming from. It seems that the department got trace of same at Montreal and as a further result came to Paris. The police found 24 boxes and copper packages of opium, said to be worth \$3,000, pipes and other effects. Another large quantity in a kettle supposed to be in course of manufacture. Several small packages and 2 lbs. of opium gum shipped from Burnaby, this outfit valued at another \$2,000. John and Jim Lee were arrested and will be given a hearing this morning. John Lee, we understand, denies ownership of the opium and states it was brought there by one Chong, who is not in town. Lee is a very intelligent Chinaman and can speak several languages. He was a merchant at Port Arthur during the Russo-Japanese war, and also went through the Boer rebellion.

ASSESSMENT MATTERS IN AIR AT PARIS

Were Considered by Town Council at Special Session

OTHER NEWS OF PARIS

(From our own Correspondent) Paris, Sept. 23.—A special meeting of the council was held on Friday evening when the assessment committee's report was considered. Councillor Wooler, chairman of the committee gave the following report: The assessment committee having considered the report of the assessment commissioners, beg to recommend: (1) That in view of the volume of work entailed in connection with the recent assessment that by-law No. 642 authorizing the expenditure of \$500 to cover the remuneration to the assessment commissioners be revised to read \$450 each commissioner to receive 150 for his services.

(2) That the new assessment be printed and distributed to the rate payers, but that the item of income be not included thereon.

(3) That the tender of the Walker Press Limited of \$75 for 1,000 copies of the assessment be accepted their being the lowest.

(4) That the clause in the assessment commissioners' report relating to the re-arrangement of the fixed assessment granted to Pennam Limited, Alabastine Company, Ltd., the McFarlane Engineering Company, and the Sanderson-Harold Company be increased in such time as the rate for 1919 be struck.

After being considered in committee of the whole, the report was adopted with amendment on motion of Councillors' Wooler and Blake.

A petition was received from the firemen asking for an increase in pay. Two scales were submitted by them—\$9 per year as a salary and \$1 per fire, this including the first hour, and 50 cents each for each additional hour; 2nd., \$75 a year straight salary. If neither proposition of the firemen required to sign an agreement for one year.

On motion of Messrs. Walker and Stewart the report was adopted.

A request was made by Miss Margaret E. Taylor that a wooden walk will be laid on Emily Street, between West Broadway and West River St., instead of a rinder path. Referred to the streets and sidewalks committee with power to act.

Mr. John Harold, treasurer of the Soldiers' Aid Commission, requested a grant of \$500 to cover incidental expenses. The request was granted on motion of Messrs. Pitts and McKay.

The Fuel Committee, Mr. McCannan, reported that his committee had purchased five cars of soft coal and 100 cords of wood, which will arrive shortly. All the members were present.

Mrs. Fossill, River street, received word that her brother, Pte. Thomas Pearson, of the 2nd Canadian Ma-

chinese Gun Battalion, had died of wounds. He enlisted in Alberta, and was born in Paris, going West a number of years ago.

The Misses Blaney have received word that their brother, Pte. Joseph Blaney had been officially reported missing. He enlisted with the 84th Battalion, later being transferred to the 14th.

Pte. Herbert Wm. Rand is officially reported wounded, being admitted to No. 7 general hospital at Le Treport, Sept. 3, with gunshot wounds in back and arm. His wife, Mrs. W. H. Rand, resides in Paris.

Mr. W. H. Turnbull received word that his brother, Pte. John Turnbull, artillery, was officially reported wounded, having been admitted to 4th general hospital, Basingstoke, on Sept. 14th, suffering from gunshot wound in chest.

TAUL BY SERBS.
By Courier Leased Wire.
London, Sept. 23.—(5.20 p.m.)—The Serbians have captured between 9,000 and 10,000 prisoners and 120 guns. The Evening Standard says it learns.

STRIKE NOT YET SETTLED

By Courier Leased Wire.

New Glasgow, N. S., Sept. 23.—The settlement of the Pictou county collieries strike is still hanging fire, despite the efforts of Fair Wage Officer Compton, who arrived from Ottawa last week. Mr. Compton has already met representatives of both parties, but the results so far have not come up to expectations. The men rejected the idea of a board of conciliation.

"We want a straight settlement of our demands," said one of the leaders

THE WIFE

BY JANE PHELPS, AUTHOR OF "MARGARET GARRETT'S HUSBAND," AND OTHER NOTABLE STORIES.

Ruth... The journey home was entirely without incident. Ruth had been tired from her two days' work in the old mansion, and had retired to her stateroom immediately. In the morning she went directly to the shop, where Mr. Mandel told her she was at liberty to go home.

"You mean to tell me that you were fainting off with a man for three days?" the veins in his face swelled to almost bursting. "Why, Brian—of course—he had to go. He had to see to things. I couldn't do it alone. And—" "Oh, Brian—how can you talk so? It's so different! It was on business, and you!"

"That's a good idea," she said brightly, "I'll be ready in a minute." While she changed her dress for one more appropriate, Ruth represented a weak—not because you earn it. I knew you couldn't care any such salary—but because he is in love with you. I'm not such a fool as you think me.

"Well, I am back now and we'll make it all up. I have so much to tell you dear! such a wonderful old place, and I am to do anything, I want to with it—almost anything," she corrected with a little laugh.

POOR EYES MEAN POOR WORK. Bad eyes cause jumpy nerves and annoying headaches that make concentration impossible. Lack of concentration will cause you to fall short of real success.

IMPORTANT AUCTION SALE OF FARM STOCK. I am going to sell for Jerome Carpenter on THURSDAY, SEPTEMBER 26th at one o'clock sharp, at the farm situated 3 miles east of Okawaken, 4th concession, better known as Daniel Began Farm, consisting as follows of high-class horses, etc.

TURK ARMY ANNULATED, HOLY LAND LIBERATED

British Now Hold Nazareth, Armageddon and Other Places Sacred to the Christian World—Allenby Victorious by Following Napoleon's Plan

London, Sept. 22.—Despatches from Palestine say that Nazareth, the Holy Christian city, and indeed practically the whole of Israelitish Palestine—is to-day in the hands of the British army. A victory has been won there which will remain one of the conspicuous dates of history.

The battle has provided one of the great cavalry rides of history. For sixty miles, perhaps more, as the crow flies, British yeomanry, Australian light infantry, and turbaned Indian squadrons pressed swiftly forward and around behind the fleeing Turks.

London, Sept. 22.—British troops in their drive north through Palestine already have counted 18,000 Turkish prisoners, and have collected 120 guns, according to an official statement given out this evening by the British War Office.

"By 8 o'clock on Saturday night, on our left wing, the infantry about Birefur had reached the line, Beldejan-Samaris-Birefur, shepherding the enemy on the west of the Jerusalem-Nabulus road into the arms of our cavalry operating southwards from Jenin and Beisan.

"East of the Jordan Arab forces of the King of the Hedjaz had effected numerous demolitions on the railways radiating from Deraa, several important bridges, including one in the Yurmak Valley, having been destroyed.

"On the north our cavalry, traversing the field of Armageddon, had occupied Nazareth, Afule and Bel-san, and were collecting the disorganized masses of enemy troops and transport as they arrived from the south. All avenues of escape across the Jordan, between Beisan and Jisr-Ed-Dameer, were thus closed.

"East of the Jordan Arab forces of the King of the Hedjaz had effected numerous demolitions on the railways radiating from Deraa, several important bridges, including one in the Yurmak Valley, having been destroyed.

Another special correspondent at General Allenby's Headquarters writes: "The victory is much more important than the number of prisoners at present reported indicates, for the Turk has had a smashing blow, and is retiring into the hills as fast as his weary legs will permit.

"Preparations for this battle entailed a good deal of marching. The troops were always moved by night, and remained hidden in the orange and olive groves in the daytime.

"The infantry opened a way for the cavalry to pass through, and then there was a wonderful spectacle of long columns of British yeomanry and Australian light horse and picturesque Indian cavalry moving over a wide expanse of country throughout the coastal sector of the plain of Sharon to get to the enemy's rear.

"In the southern sector east of the Nabulus road, Welsh and Indian troops encountered strong opposition Wednesday, but accomplished a remarkable performance, capturing all their objectives. The units making the attack moved in echelon, passing through one another as they reached the assigned lines, covering about ten miles of most difficult country.

"One incident showed the nature of the surprise attack made by the British. A Staff car with Turkish officers, in turning a corner in one town met a British armored car, and all the Turks were captured.

"The roads converging at Nabulus and beyond are jammed with retreating transport and fugitive troops, affording easy targets for our armers, who are raiding them with bombs with terrible effect, and are also machine-gunning the roads and doing great execution. At one spot, where the road has a sheer descent, great piles of transport are heaped up.

"By 8 p.m. on September 20 the enemy resistance had collapsed everywhere where save on the Turkish left in the Jordan Valley.

"Our left wing, having swung around to the east, had reached the line of Beldih, Baka and Messudih Junction, and was astride the rail and roads converging at Nabulus.

"Several days must elapse before accurate figures of captures can be given out, but already more than 18,000 prisoners, 120 guns, 1400000 rounds of both heavy and light mechanical transports, four airplanes, many locomotives and much rolling stock have been counted.

FRIDAY, SEPT. 20, 1918

MONDAY, SEPT. 23, 1918

Gen. Allenby has remained quiet for a long time with regard to the operations of his troops in Palestine and now that he has something to announce the event is chronicled in very modest terms, but the sweeping nature of the victory is of a very marked and important nature.

At the same time as the Moslem ally of the Central Allies is staggering under this tremendous blow, word comes from Austria of serious and menacing riots on the part of the starving people, so that the Kaiser on top of the reverses to his own armies, must have added reason to realize that his world domination plans are commencing to crumble in the dust.

As the result of violent counter-attacks on the part of the foe, the British on Saturday lost some of the ground which they had taken in the Epehoy region, but it is announced to-day that they have regained most of it and have also recaptured quite a substantial advance.

In Macedonia the Serbians have pushed back Bulgar and German troops more than eleven miles and are now within four miles of the railway which forms the chief artery of supply for the foe.

The French continue their advance upon St. Quentin and one report states that the place is in flames.

A CANADIAN OPPORTUNITY.

Mr. M. Beale, of the Water Power Branch, Department of Interior, Ottawa, contributes a thoughtful paper on "Power—Canada's Opportunity."

He points out that the return of peace will find most of the nations of the world burdened with debt. Vast areas devastated by war will have to be completely rehabilitated and for a considerable period at least will be non-productive.

Your Problems ?? Solved ??

an almost feverish energy to attain greater efficiency in the use of existing power resources and in the search for and investigation of new ones. Every country, of which we have news, is studying its power resources not so much from the standpoint of merely needs, but rather from the standpoint of the future.

In Great Britain, proposals have been set forth for vast central stations for the supply of power in all industries, so as to secure a more efficient use of coal, the extraction of all by-products is being urged not merely on account of their value, which is enormous, but also because a cheap fuel will thereby become available to reduce the cost of power.

Similar steps are also being taken in the United States and other countries. It behoves Canada, therefore, to take steps, and quickly, to assure her industries of adequate supply of cheap power.

In the course of little more than a generation, electricity has, by a series of swift, offensive movements, made a conquest of the lightning, the sun, the wind, the sea, the power fields, and seems likely, for most purposes, to displace other forms of mechanical energy.

A DISGRACE TO HAMILTON.

The conditions under which a Brantford baseball team played a game in Hamilton on Saturday constituted a disgrace not only to that city, but to all concerned.

When visiting players come to Brantford they are treated with respect and the playing ground is kept properly clear of spectators. In the Ambitious City the condition of affairs is the very reverse of all this.

It is obvious, therefore, that if the world is to make a speedy recovery, there must be a quick industrial revival and the country must prompt to produce in excess of its needs will be able to dispose of its surplus in foreign markets to the best advantage.

AN AGE LONG QUESTION

"What is truth?" asks Mrs. L. In the last analysis truth is God. The Infinite is the embodiment of the principle which makes for righteousness.

STRIKE PREVENTION

"Trader Unionist" asks, "What is the best thing to prevent strikes?" The very best thing is for employers and employees to be governed by the golden rule, and if this is thought not wholly practical, if each party would endeavor to live as nearly up to that beneficent rule as possible it would go a long way in settling labor disputes.

CAR HITS BOY.

Saturday morning while driving onto the scales a car driven by R. T. Weir of Wilsonville struck and carried for some distance a small boy employed in delivering goods from the market.

PARTY OF FOUR HAD NARROW ESCAPE

The Car in Which Park Hill People Were Riding Was Smashed by Train

Little short of miraculous was the escape from death of Mr. and Mrs. Wilson Eagleton, their eight year old son Ralph and Mrs. McIntyre, all of Park Hill, when their car was struck by an east bound T. H. and B. train near the Matthews-Blackwell factory at noon on Saturday.

The party had motored to Brantford Saturday morning and was returning when the accident occurred. By mistake, they turned off the Burford road into the lane leading to the cork factory, and backing up after discovering their mistake, they reached the crest of the railway embankment just as a T. H. and B. train thundered past.

MRS. CRAWFORD. Mrs. Mary C. Crawford, 100 Clarence St., passed away this morning after a lengthy illness borne with great Christian fortitude. She was a daughter of the late S. Cole for many years a prominent citizen and was born in this city.

OBITUARY

EX-WARDEN SANDERSON

There fell asleep this morning on his farm, located between Brantford and Paris, Mr. Richard Sanderson, one of the best known and most highly respected residents of the county.

Mr. Sanderson was Reeve of the Township for two years, and also held the position of Warden, proving himself a most able and efficient representative, and bringing to the discharge of his duties all that earnestness and faithfulness of purpose for which his entire life was so pre-eminently distinguished.

A sincere and true hearted man in all the relations of life, he has been called to his reward, one who did his duty as he saw it unflinchingly and with great singleness of purpose, and the community from which he has gone is all the poorer for his passing.

He leaves to mourn his great loss a sorrowing widow and three sons, C. N. Sanderson, V.S. Brantford, and Lawrence and Leslie of the Township. Mrs. J. R. Moyle, Paris Road, and Mrs. Henderson Montrose, Colorado, are sisters, and Mr. T. S. Sanderson, city, a brother.

Mrs. Mary C. Crawford, 100 Clarence St., passed away this morning after a lengthy illness borne with great Christian fortitude. She was a daughter of the late S. Cole for many years a prominent citizen and was born in this city.

LAID AT REST

The funeral service of the late Arthur L. Vanstone was held at the family residence, 89 Nelson St., Sunday 22nd inst at 2 p.m.

The service was in charge of his pastor, Rev. Dr. Henderson, assisted by Revs. S. E. Marshall and J. Fred Kaye, friends of the deceased. The musical service was led by Prof. T. Darwen.

NOTABLE PROGRESS

(Continued from Page One.)

West of the Vardar the Serbians have cut the railway line to Prilop, which is the main line of German communication in this region.

Serbian infantry units are now in the mountainous regions, and have advanced 25 miles in one day. The number of prisoners and the amount of war material captured increases daily.

BOMBING ACTIVITIES

By Courier Leased Wire. London, Sept. 23.—Bulletin.—Machines of the British Independent Air Force dropped nearly sixteen tons of bombs on German airdromes and on blast furnaces in the Metz region on Saturday night, it was officially announced today.

The blast furnaces attacked were those at Hagendingen and Rombach. Four enemy airdromes were bombed by the raiders.

A very large concourse of representative citizens and friends were in attendance. The officials of the Wellington St. Methodist Church and the teaching staff of the Sunday School of which the deceased was for many years an active and honored member, attended in a body, some sixty in number.

An unusual number of beautiful floral tributes testified to the esteem and affection in which the departed was held by the community. Among those mentioned might be made of: The Cross and Crown from the Official Board of Wellington St. Methodist Church; wreaths from the Sunday School, Heather Bowling Club and numerous ones from friends and wholesale firms.

A large number followed the remains to Greenwood cemetery, where the interment was made in the family plot.

Revs. Dr. Henderson and J. Fred Kaye officiated. Fitting reference will be made to the life and work of the departed in a memorial service in the Wellington St. Methodist church Sabbath evening next.

Among those from a distance were Mrs. W. E. Tilley, Mrs. P. C. Trebilcock, Mr. F. S. Vanstone, of Bowmanville, Mr. J. J. Sinclair, Amherstburg; Mr. and Mrs. L. N. Vanstone, Mr. D. S. Vanstone, Dr. F. C. Trebilcock, Mr. A. N. Mitchell, Mr. Henry North, Mr. John Burns, Mr. A. Bushell, Mr. A. Lyons, Mr. Tom Jackson, of Toronto; Mr. J. L. Bradshaw, Stratford and Mr. C. S. Smye, Hamilton.

Local News

PHILING STOCKINGS

The Girls of the Niagara Silk Co. Athletic club are philing for the soldiers forty eight Christmas stockings to be sent overseas.

STREET OPEN

Niagara Street which has been closed for some time past owing to repairs being made was opened for traffic to-day.

NOT STARTED YET

No start has yet been made at the digging of the potatoes at the city farm at Harley, was the announcement made this morning. The work however, will be begun immediately.

SMASHED GATES

Late Saturday an automobile proceeding down West St. at a good rate smashed through the traffic gates at the G.T.P. crossing snapping them into pieces.

SOFTBALL

A little shower held up the game between Niagara Soft ball team and the Watson team on Saturday afternoon, though it did not last long. The Watson team did not appear on the field after the first innings in which the Niagara champions were leading with a score of 7-4. It is thought that a hard feeling will exist against the Watson team for not showing up after the shower.

BLAZE IN GARAGE

After being called upon to answer no alarms for a period extending over three weeks the Fire department made a run to the Brantford Garage at one o'clock Saturday afternoon. Arriving on the scene of the conflagration which appeared to be a large one from the clouds of smoke proceeding from the doors the firemen laid a stream of hose but it was found unnecessary to use it. The cause of the fire was the ignition of some coal-oil being used to clean the engine of an automobile. The flames shot up to the floor above and this was being ignited when the firemen arrived. With the use of chemicals the blaze was quickly put under control. Capt. Kingwell while trying to get the car out of the garage received bad burns across one of his hands.

GAS WELLS

The gas wells at Long Point are not yet near completion. During the drilling of one of the wells an accident made it necessary to move the derrick and commence the work from the beginning. The other well has progressed so far with practically no trouble, being at present about fourteen hundred feet.

MAYOR THIS WEEK

Alderman Symons will occupy the position of acting Mayor this week in the absence of Mayor MacBride.

PLANS

To-night at eight o'clock in the Y.M.C.A. a meeting of the Physical Department committee will be held to discuss plans for the fall athletics.

DIPHTHERIA

A case of diphtheria has been reported on Superior street. There are at present three cases of this malady in the city.

BUILDING PERMITS

A building permit was issued this morning to F. Lacy for the erection of a frame porch at 137 Oxford street, estimated to cost \$40.

BILLS RECEIVED

Bills for goods for the Fire Department totalling over \$125, have been received by the city clerk and referred to the Finance Committee.

REMOVED

The reading room of the Y.M.C.A. has been permanently moved to that which was formerly the music room. The former reading room will be used as a club room in future.

AN APPLICATION

An application for the trimming of the trees on Clarence street was received by the city clerk this morning. The work will be done as soon as the men complete present work.

BUILDING CURB

Work was commenced this morning on the curb on Cayuga street. Numerous curbs and other minor work has yet to be done by the Board of Works Department this year.

PROVINCIAL HIGHWAY

It has been decided to hold a meeting in connection with the Provincial Highway in Woodstock on October 15th for the purpose of laying before the Government the necessity for taking immediate action.

POLICE COURT

In the Police Court this morning Pat Desmond and Dan McKeenan were fined \$5 each for disorderly conduct. Clara and Edna Johnson were allowed to go with the costs of the court on a charge of being without a registration certificate.

ACCEPTS POSITION

Gr. R. Sparks, late of the 3rd Brigade, C.E.F., who has been in New York for the past six weeks, has secured the position of manager for Canada for John Campbell and Co., manufacturers of dyestuffs in New York City. He will make his headquarters in Toronto. Mr. Sparks is a Brantford boy, who was wounded badly in France, but has since recovered greatly.

PRESENTATION

A very interesting meeting was held in the board room of Wellington Street Church last Thursday evening by the Uplifters' Class in honor of Miss Helen Wiles, who is leaving shortly for college in Toronto, where she will take up her studies. The meeting was presided over by the vice-president, Miss Grace Lake, and after a short program a wartime luncheon was served, during which the presentation was made and the address read by Miss Marian Luff, and Miss Wiles responded in a few words of thanks. After the dainty repast all turned homeward, wishing Miss Wiles the best of success and health.

Whitaker's Bread

Like the British Navy Always in the Lead Union Made

Canada Food Board License No. 45-1124

MERCHANTS MEET

An open meeting of the Merchants' Club has been called for to-morrow morning in connection with the membership campaign.

LANDSDOWNE PARK

The erection of the houses in Landsdowne Park is making rapid progress daily. At present there are six with roofs on and about as many ready for that work. Forty foundations have been laid and work on the remainder is being carried on with great vigor. There are two steam shovels employed on the job and the earth is carried away by two lines of railway specially constructed for the purpose.

BOWLING TOURNEY

There was an afternoon tournament on the Pastime greens Saturday with sixteen rinks participating,

LADIES' AID ANNIVERSARY

The Ladies Aid of Elm Avenue Methodist Church celebrated their anniversary by taking charge of the evening service last night. The church was beautifully decorated for the occasion, and suitable music was furnished by the choir, under the leadership of W. M. Lewis. The Rev. Mr. Finlayson of Onanaga occupied the pulpit and preached a forceful sermon. The collection amounted to over \$50.00.

KITH AND KIN

The members of the Holmedale kith and kin spent a pleasant evening Friday at the home of Mrs. Pollock, West Mill street. The meeting was opened by a prayer. The usual routine followed, it being voted by all present to give a sum of money to the King George's fund for Sailors. A goodly number were present to enjoy the dainty lunch served by Mrs. Pollock. The next meeting will be at the home of Mrs. Harry Pollock. The meeting was closed by God Save our Men.

LADIES' AID ANNIVERSARY

A pleasing event took place at the office of the Wilson Coal Co., Friday noon, when Miss K. Kavanagh was presented with a beautiful silver casserole by the employes and a handsome silver tea service by the company. Miss Kavanagh has been employed for the past five years as

GASLESS SUNDAY

AGAIN OBSERVED

City Streets Were Barren of All Motor Traffic Yesterday

Yesterday was another motorless Sunday in Brantford, observed probably even better than a week ago. With the exception of the cars engaged in Red Cross collecting during the afternoon, and these were so designated by placards, there was scarcely an automobile to be seen on the city's streets from morning to night. Even the sunny weather, with

accountant with the above company,

and severed this connection on Saturday. just a pip of cold as a reminder that fall is here, did not tempt motorists to disobey the fuel controller's request for the conservation of gasoline. Horse-drawn vehicles were seen on the streets in greater numbers than has been the case for years past. All the garages in the city were closed, and scarcely a car was seen standing near any of the city's churches. A number of Brantfordites never realized until yesterday that a walk to and from church gives one an appetite for dinner. Motorists who did venture forth either during the day or after dark had to brave the risk of "bawlings" from pedestrians, who were not slow to express their frank and unflattering opinion of the "gasoline hogs". Chief of Police Slesmin leaves to-day on his annual vacation.

Hamilton Won Doubtful Honors in Saturday Game

Malleables Beaten in Ambitious City When Fans Crowded the Playing Field and Set All Ground Rules at Naught

Picture the Wall Street stock exchange when wheat has dropped ten points in half as many minutes. Picture the mad rush from a crowded theatre when the panic of "fives" has been raised. Picture the jubilation of the public of Berlin, gathered around a bulletin board which announces the sinking of another hospital ship. Picture the antics of a mob of Bolsheviks in a crowded Petrograd street, engaged in their favorite pastime of bombing practice with ex-great dukes as the targets. Picture all these scenes, and they will appear idyllic of rustic solitude, compared with the conditions under which Pratt and Letchworth's, champions of the City League, lost out to the Beavers of Hamilton in that city on Saturday afternoon, playing on a diamond surrounded by a howling, gesticulating horde of humanity, which wanted to see the Beavers win, which said it wanted to see the Beavers win, and which saw to it that the Beavers did win.

Table with columns A.B.R.H.O.A.E. for Hamilton and Brantford. Hamilton: A. 4, B. 1, R. 0, H. 0, O. 4, E. 0. Brantford: A. 1, B. 2, R. 6, H. 3, O. 2, E. 0.

One of the principal factors in Verity's defeat was Page, who twirled for Hamilton, a robust youth, with a face like a full moon only fuller and more moon-like. Page performed consistently throughout the entire game, going after no strike out records but keeping the batters busy rolling ground balls into the hands of the waiting fielders. In addition to his work in the box, Page clinched his own game by driving out three safe hits in as many times at bat, and incidentally performing on the bases like an embryo Ty Cobb, in spite of his avoidpools. And we've got it straight that he doesn't weigh over 270 either; he only looked fatter. The weather would have been ideal, almost ideal for hockey, but the small handful of spectators in the stands and the players on the fields all shivered in unison all afternoon. A full sized hail storm broke over the field in the first inning, and it was hard to tell the ball from the falling lump of ice.

Table with columns A.B.R.H.O.A.E. for Beavers and Hamilton. Beavers: A. 1, B. 4, R. 4, H. 4, O. 4, E. 0. Hamilton: A. 2, B. 1, R. 4, H. 2, O. 1, E. 0.

Three base hit—Mellanby. Off Johnson, 6 in 1-2-3 innings; off Symons, 6 in 1-2-3 innings. Struck out by Johnson, 1, by Symons 1, by Stuart 4. Bases on balls—Off Johnson 3, off Symons 1, off Stuart 4. Hit by pitcher—By Stuart 2 (Symons and Lenington). Passed balls—Lenington 1, Walker 1. Time of game—2 hours. Umpires: Frank Jackson (Hamilton) at plate; Fred Minnes (Brantford) on bases.

Verity's Vanquished by Erskines of Hamilton City League Saturday

WEATHER WAS WINTRY Hail Halted Happenings, But Helped Hamilton Hit Harwood

Baseball under arctic weather conditions was served up at Agricultural Park Saturday afternoon, when John Kerr's aggregation of also rans struck a life sized snag in the shape of the Erskines team from the Hamilton city league, and were sunk without warning by a 5-1 score. On Wednesday afternoon last, the members of the Verity team paid out their perfectly good shekels, climbed into the centre stand and there had all kinds of fun rooting for the Hamilton team playing Pratt and Letchworth's. On Saturday, the Plovermakers weren't going any rooting for the visitors, but somehow the visitors came out ahead just the same; so far ahead, in fact, as to be just behind on the next lap.

Table with columns A.B.R.H.O.A.E. for Verity and Hamilton. Verity: A. 4, B. 1, R. 0, H. 0, O. 4, E. 0. Hamilton: A. 1, B. 2, R. 6, H. 3, O. 2, E. 0.

One of the principal factors in Verity's defeat was Page, who twirled for Hamilton, a robust youth, with a face like a full moon only fuller and more moon-like. Page performed consistently throughout the entire game, going after no strike out records but keeping the batters busy rolling ground balls into the hands of the waiting fielders. In addition to his work in the box, Page clinched his own game by driving out three safe hits in as many times at bat, and incidentally performing on the bases like an embryo Ty Cobb, in spite of his avoidpools. And we've got it straight that he doesn't weigh over 270 either; he only looked fatter. The weather would have been ideal, almost ideal for hockey, but the small handful of spectators in the stands and the players on the fields all shivered in unison all afternoon. A full sized hail storm broke over the field in the first inning, and it was hard to tell the ball from the falling lump of ice.

Table with columns A.B.R.H.O.A.E. for Verity and Hamilton. Verity: A. 4, B. 1, R. 0, H. 0, O. 4, E. 0. Hamilton: A. 1, B. 2, R. 6, H. 3, O. 2, E. 0.

Three base hit—Mellanby. Off Johnson, 6 in 1-2-3 innings; off Symons, 6 in 1-2-3 innings. Struck out by Johnson, 1, by Symons 1, by Stuart 4. Bases on balls—Off Johnson 3, off Symons 1, off Stuart 4. Hit by pitcher—By Stuart 2 (Symons and Lenington). Passed balls—Lenington 1, Walker 1. Time of game—2 hours. Umpires: Frank Jackson (Hamilton) at plate; Fred Minnes (Brantford) on bases.

Table with columns A.B.R.H.O.A.E. for Verity and Hamilton. Verity: A. 4, B. 1, R. 0, H. 0, O. 4, E. 0. Hamilton: A. 1, B. 2, R. 6, H. 3, O. 2, E. 0.

INDOOR BOWLERS GETTING TOGETHER

Plans for Winter Season on the Alleys Have Been Formed

The popular indoor sport of bowling will soon be in full swing. A meeting of all the bowlers of the city will take place Wednesday evening, to discuss plans for the season. Some interesting matches are promised in the city league this winter as all teams have been strengthened. Captain Kellett of the Dominion Steel Company says there is nothing to it but the Holmedale aggregation, a likely looking crowd at that. The Beavers, captained by Coleman Crawley, with Geo. Matthews of bowling fame and league average leader last season will likely cause some of the team to step aside.

A new handicap system will be tried out, one which has been a success in all other large cities and will keep every team on edge. There are a number of new men associated with the ten-pin game in the city so watch out for some good scores. Bowling seems to be regaining its popularity in Brantford, as some of the old past timers are beginning to live up to it again. October 14th being date most likely for first match games.

The City of Brantford in all likelihood will be represented at the next National Bowling Association Tournament at Toledo, Ohio, in the spring. These tournaments are held each year in one of the large cities where all the crack bowlers assemble to contest for a trophy donated for the teams to contest for. The conditions governing it to be made known later. The Waterloo Engine Works expects to put forth a strong team captained by McKelvey, the crack outfielder for the semi-pros. This past baseball season.

EMPEROR AIDS AVIATION. By Courier Leased Wire. Tokio, Sept. 22.—Emperor Yoshihito has contributed \$250,000 to the Imperial Aviation Society, to assist in the proposed extension which will extend over five years. An American aviator has arrived here to give exhibitions. Japan intends vigorously to push the development of aviation in which she is backward.

WOMAN WORKS 15 HOURS A DAY

Marvelous Story of Woman's Change from Weakness to Strength by Taking Druggist's Advice.

Perru, Ind.—"I suffered from a displacement with backache and dragging down parts of my body that at times I could not be on my feet and it did not seem as though I could stand it. I tried different medicines without any benefit and several doctors told me nothing but an operation would do me any good. My druggist told me of Lydia E. Pinkham's Vegetable Compound. I took it with the result that I am now well and strong. I get up in the morning at four o'clock, do my housework, then go to a factory and work all day, come home and get supper and feel good. I don't know how many of my friends I have told what Lydia E. Pinkham's Vegetable Compound has done for me. I can stand it. I Women who suffer from any such ailments should not fail to try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound."

Children Cry FOR FLETCHER'S CASTORIA

RESULTS WERE A GREAT SURPRISE

Heard So Much Talk About Tanlac, Took it Himself And Troubles End

"Well, there is no doubt in my mind now about Tanlac being a fine medicine, for I have tried it," said Mrs. Fred Boulter, who resides at 1024 Dufferin street, Toronto, recently. Mrs. Boulter has lived in Toronto for nearly twenty years and has many friends. She is engaged in the flour and feed business on Dufferin street. "My friends tell me I am looking fine now," she continued, "but before I took Tanlac I certainly was feeling terrible. I had been suffering with my stomach for two years, and in spite of all my efforts to find relief I kept getting worse. My appetite was so poor that I never relished anything, and what little I did eat made me feel miserable for hours. My stomach was sour and upset all the time, and I feel stronger now, which would press on my heart and make it hard for me to breathe. No matter what I ate I suffered from indigestion and would have sharp pains in the pit of my stomach at times. I got one of my friends to take felt tired and worn out all the time, and suffered constantly with fearful headaches. I couldn't rest well at night and would get up in the mornings feeling as badly as if I hadn't slept at all.

I heard so many people in the store talking about the good results they had gotten from Tanlac that I made up my mind to try it, and my improvement has really been surprising. I have just started on my 4th bottle, and I never feel a sign of indigestion at all. My appetite is splendid, and I feel stronger now, I have more energy than I have in a long time. I go to one of my friends to take it some time ago, and she is simply delighted over the results. I gladly recommend it to everyone because I know from experience how fine it is. Tanlac is sold in Brantford by Robertson Drug Store in Paris, by Apsey and In Mt. Vernon by Yeomans. In Middleport by William Peddie. In Onondaga by Neil McPhadden.

"THE DAUGHTER OF THE SUN." Virtually the same company as that seen last spring, presented "The Daughter of the Sun," the elaborate Hawaiian melodrama at the Grand Opera House on Saturday. The play is modelled after "The Bird of Paradise," and while lacking the deeper, psychological insight of the latter, it possesses perhaps even stronger dramatic interest, and is interspersed more freely with comic relief. The story has to do with a revolution fomented in Hawaii by Dr. Sankura, a Japanese scientist, who is plotting secretly to seize the island of Hawaii; of the manner in which Loa, the daughter of the sun, and a direct descendant of Hawaiian royalty, is drawn into the intrigue, and subsequently rescued by Dr. Grant, an American physician. When Sankura's plot appears to have reached fruition, comes sudden word that the Mikado has changed his mind, and pledged eternal friendship to America, and Dr. Sankura, shuffled off this mortal coil with true stoicism, via the hail karl route. J. L. Paul gave a remarkable portrayal of the fatalistic Japanese; Miss Freda Timmers played Loa, the daughter of the sun, with admirable freedom and naivette, and gives promise of great development along dramatic lines. W. Avers as Col. Richmond Clay of Virginia, U.S.A., and Virginia Stuart as Virgie Lee, an American secret service operative posing as an actress, afforded splendid comedy relief, introducing some snappy patter which proved highly diverting to all who had not seen the production on its former engagement here. Edward Talbot as Dr. Grant, Hilda Graham as Hopsa Clay, R. Earle as Kama Lushilo, an educated Kaniaki, and B. Jennings as Father Ino, high priest of the temple, filled their roles acceptably. The Hawaiian music furnished by native singers was far from being among the least attraction of the performance.

"EVERYWOMAN" Henry W. Savage, the theatrical producer who has a habit of doing his things in a big way, announces the production of the elaborate musical spectacle, "Everywoman," at the Grand Opera House on Saturday, Sept. 28, matinee and night. The production is described as a melodrama. An entire symphony orchestra is carried by the organization to interpret the score which was

CONSPIRATORS TO GO ON TRIAL SOON

Treason Charges Against O'Leary and Others to be Heard

New York, Sept. 23.—Preparation of important prosecutions growing out of violations of war time statutes is nearing completion, according to Federal attorneys, who announced here today that the case against O'Leary and other alleged obstructors of the nation's military progress, will be placed on trial this month and next.

The case against O'Leary and six associates or charges of conspiracy to commit treason and espionage will be one of the last heard, said officials of the Department of Justice, because one of the defendants, John T. Ryan, a Buffalo, N.Y., lawyer, still is at large.

Others involved in the case, including William Robinson, Earl Kipper, and Albert Paul Fricks, all of New York, Lieut. Commander Hermann Wessels of the German navy, generally known in this country as Carl Rodiger, and the Baroness Maria von Kretschmann, who posed here under the name of Mme. de Victoria, are in jail here.

O'Leary, who was captured on the Pacific Coast after a sensational flight on the eve of his trial for espionage as a writer in the anti-British magazine *Butler*, also is in Tombs.

The lesser charge against O'Leary, in which he is a co-defendant with publishers of *Butler* and officers of the American Truth Society, charged with attempting to interfere with conscription, is scheduled for trial October 14.

The first case on the "espionage underground" is that of Max Eastman and the staff of *Masses* set for September 23. Hearing last spring of charges against this Socialist magazine and its makers, indicted for anti-anti-enlistment agitation, resulted in a disagreement of the jury.

Trials likely to be moved in October, officials stated, are those of Edward A. Rumely, charged with having bought the New York Evening Mail for the German government, and Scott Nearing, former college professor, indicted for conspiracy to obstruct recruiting and enlistment. Rumely is under bail on an indictment accusing him of perjury in confessing from the *Evening* Property Custodian the alleged fact that the *Mail* was enemy owned. Nearing's speeches and writings last spring caused his indictment.

Dance in Township Hall Wednesday night, 25th. Sec'y-Treas. Wm. Francis, W. S. Thomson, President.

Rippling Rhymes

By Walt Mason.

APPLIÉD FRANCE.

The war has knocked things out of plumb; our comforts go, privations come, but let us on our woes be dumb, and think of France. It costs a lot to buy us rice, our succotash and prunes and ice, but let us promptly pay the price, and think of France. Our towns are standing on their sites; no bombs drop in and spoil our nights; to fuss and fret we have no rights—let's think of France. There is no stranger on our shore to paint the landscape red with gore and make some busy Bertha roar, but think of France! When I'm inclined to droop and mope, and lose my hold on faith and hope, discouraged by some spitter's dope, I think of France. Some old time luxury I miss, some vanished comfort spoils my bliss; and then I hoot myself and hiss, and think of France. I hear men growl, with arctic feet; they find it hard to make ends meet, and then my message I repeat, "Oh, think of France! I hear dames grumble here and there because they have no rage to wear, and I remark, "Oh, ladies fair, pray think of France!" Our sils are trifling things and brief, and in one short hour they find relief; if we would know the soul of grief, we'll think of France.

Children Cry FOR FLETCHER'S CASTORIA

London, Sept. 23.—Barber shops on American battleships now forming a part of the British Grand fleet equal in comfort the fashionable establishments of London's West End, Victor Fisher, founder of the British Workers' League, asserted on returning from a visit to the fleet.

"It struck me," Mr. Fisher said in detailing his impressions of the American ships, "that in such minor departments of service life as the laundry work, the kitchen accommodation, the sleeping and living space, the hairdressing establishment which was equal to anything that the West End of London could show, the arrangements on the American ships showed a higher level than our own."
