WAR AGAINST HIGH PRICES

Great Excitement in the Stove Market.

I take this method of letting you know that on Monday, 14th September, prox., I will open my New Store, Upper Wyndham St., Guelph, when I will submit for the inspection of the general public the contents of over 1,800 cases and bales of Fancy and Staple Dry Goods, bought by myself personally in the best producing markets of Great Britain and United States. The variety of styles and fabrics in each department that will be open for inspection at my New Store on and after 14th September, will be such as cannot fail to meet with the good taste and full approbation of an appreciating public. From my long experience in the mercantile business (over thirty-seven years), twenty years of which have been spent in the town of Guelph. I feel satisfied you have fresh in your memories the war that I commenced in this town against high prices, and fought for your interests daily, with a vigour that crowned my efforts with success. I am persuaded that again my presence is required by the great mass of the people of the County of Wellington in order to regulate the trade of the Town of Guelph, in Fancy and Staple Dry Goods, and it is with pleasure that I now announce to my old friends and patrons, that it will afford me unbounded pleasure to renew with them the happy moments that we have had together for the mutual benefit of each other; and I can pledge my faith that I will devote my best energies and abilities to guard the rights and interests of all those that may favour me with their patronage. At all times the public may depend upon having the best of attention in my New Store, that nothing but sound, good and honest goods will be kept for sale by me; that in opening out a business for the public, that all and every article will be *entirely new*; that in every instance goods will be offered at such reduced prices as will at once satisfy every one; that my new establishment is going to be conducted on the same principles as that of my old, viz., the best goods at the lowest possible prices, quick sales, small profits, and ready pay. A special discount will be offered to Ministers of the Gospel.

I enumerate some of the departments that I will stake my whole reputation on, and I do most confidently ask intending purchasers to call and examine my stock, when I am sure the highest satisfaction must be expressed. Black and coloured dress silks at fully 20 per cent. under ordinary prices. Do not fail to call and examine the quality and prices.

FANCY DRESS GOODS.

This department is full to overflowing, and in it will be seen the newest novelties, designs and fabrics produced. The prices will surprise the purchasers, as cheap prices, rich styles, and good goods are combined in this department. Every lady who wants to appear in the fashion of the day will be fully suited.

MANTLES, JACKETS, AND POLONNAISES.

Special attention of the ladies is requested to this department. Everything that the ingenuity and skill of mankind could bring to bear, with good taste is here represented. The novelties on exhibition in this branch of my business will surely be appreciated. An early call, specially in this line, will abundantly repay the intending purchaser.

SHAWLS.

This department will present an inviting appearance, and well worthy of a visit from ladies who favour the comfort that is imparted by a good shawl to its wearer. Cloths are almost entirely worn for this season, and occupy the first rank in the wardrobe of Her Royal Highness the Princess of Wales, and our noble and most Gracious Queen affectionately admires not only the brilliancy, richness and designs of this elegant part of a lady's costume, but loves the country and the people who produce them.

French Merinos, Thibet Cloths, Paramatta Cloths, Serges, Black Lustres, Tweed Dress Material for Costumes, and the various makes of Fall and Winter Plain Dress Goods

Are in large abundance, and present to the purchaser so fresh and new an appearance, and at the same time so reasonable in price that confidence will at once be placed in the goods, with the highest satisfaction to the purchaser. *All new and fresh goods.*

FAMILY MOURNING GOODS.

I have specially attended to the selection of the various kinds of goods required in this department, and I can confidently say to those requiring to purchase mournings, that at my New Store everything in that line will be found, and at a great reduction from the ordinary prices charged. I have the best Black Crapes to be found in the Dominion.

HOUSE FURNISHINGS.

I have a most complete stock of everything that can reasonably be asked for in order to make a home comfortable, and I will guarantee that parties desirous of furnishing a home will find that I will offer an inducement of fully 15 per cent. to them, and in addition they will get nothing but new, fresh, good and desirable goods. *"No time for the moths to get about them."* A CALL IS REQUESTED TO THIS DEPARTMENT.

STAPLE DEPARTMENT.

Here will be presented to the view of the visitor to my store the largest stock of heavy Staple Dry Goods to be found in Ontario. During the panic in the United States I bought, direct from the producers, immense quantities of 36 in. Grey Cottons (the best goods to be found in Canada), Bed Tickings, various qualities, Blue and Brown Denims, Cotton Grain Bags, Cotton Bating and Waddings, Quaker Flannels, &c., and at panic prices. Indeed the Farmer, Mechanic, the Lawyer, Doctor, Labourer, or any other individual can at my New Store procure anything in Staple or Fancy Dry Goods that is made, and all new, fresh, seasonable and good. *"No old shop-keepers' to palm off."* Quite a saving can be effected by buying at my New Store. *Quick sales and small profits* is the motto of John Hogg.

CLOTHS AND TWEEDS.

This is a most notable department in my store. I have bought the finest lot of Canadian Tweeds, and from the best producer in the Dominion. I bought at the bottom prices, and I will give my patrons the benefit. Call and see. I will satisfy you that you are saving money through me.

READY-MADE CLOTHING.

In this department I deem it but fair to the community to say that it is high time that a check be put upon the ridiculous high prices that they have lately been paying for ready made Clothing, and poor stuff at that. I have had made specially for my own trade and to my own order, the most attractive and stylish lot of Men's and Boys' Overcoats, Men's and Boys' Pea Jackets, Men's and Boys' Suits of all the various classes of desirable and durable goods made for the Fall and Winter Trade. I will give an excellent suit of Coat, Vest and Pants, equal in cut and make to any that can be cut and made by the best cutter in Guelph for \$12 and up. Call and see, 25 per cent. saved to the purchaser by calling at my new store. All new goods and fresh goods. *No old stuff.*

Carpets, Blankets, Sheetings, Quilts, Counterpanes, Towels, Damasks, Repps.

This Department requires more real knowledge and taste to be bestowed upon it probably than any other Department in the Drapery business. I can confidently solicit from the public a call in order merely to be enabled to endorse my statements regarding the excellency of the goods here to be seen. My Carpets are unquestionably the finest selection in Ontario. The patterns, colours, and designs, are exquisite. Indeed, my Kidderminster Carpets are equally as rich in design and colour as the best Brussels or Tapestry to be found, and in order to be fully able to have my taste suited, I spent considerable time in going from one manufacturer to another, but I persevered and accomplished my object in securing the finest selection of Carpets to be desired. My prices will be extremely cheap. The goods all new, fresh and good, and such as any housekeeper would be proud to have. The other goods—Blankets, Sheetings, Quilts, Counterpanes, Towels, Damasks, Repps, Lace Curtains, Blinds, Window Hollands, &c., &c., are the best that the Home Markets offer, and as you know are all new, fresh, and the latest productions. Quite a saving will be effected by buying at my New Store. To enumerate anything like my Whole Stock would occupy too much space, also too much of your valuable time. Suffice it to say that in every denomination of Fancy and Staple Dry Goods my New Store will be supplied to the fullest extent. No pains or trouble will be spared to meet the wishes of my patrons, and the visitor to my Establishment will be well repaid in the advantages that will be placed within their reach, by not only having an opportunity of procuring the newest goods, the latest styles; but the best goods offered in Ontario, and at the lowest possible profit. An Early Call is solicited.

Yours truly,

JOHN HOGG.

GUELPH, Sept. 14th, 1874.

The Registrar-General has sent the various Municipal and District Registrars notice that persons neglecting to furnish an accurate statement of vital statistics, so far as they are concerned, must be prosecuted rigidly, and in the spirit of the law.

At the Reform Convention for Lincoln, held at St. Catharines on Saturday, Capt. James Norris was unanimously nominated as the Reform candidate, and he accepted the nomination.

Some idea of the extent of the fishing business carried on around the Island of Newfoundland, may be formed from the fact that no less than three hundred schooners, besides three hundred and fifty square-rigged vessels, were to be seen in one day this season. A fleet of 550 vessels—all waiting for bait to pursue their business, cod-fishing; and this is only one portion of the Island.

PROVINCIAL ELECTION.—The Winnipeg Free Press gives the following as the reason why Dr. Down was not nominated for Provost in opposition to Riell:—"1st. The nomination was not accompanied with fifty dollars of legal tender, the money offered being that of the Merchants' Bank. 2nd. The person remitting the nomination papers refusing to attest them in accordance with clause 21 of the Election Act. 3rd. The number of voters required by the Act (clause 18) not being represented on the nomination paper."

IN A BAD WAY.—The Brantford Expositor thus speaks of the financial position of that town:—"The treasury is empty, and the town account far overdrawn. The Bank has refused to honor any longer the cheques of the Treasurer. The rate has not yet been struck. Finance Minister Quinlan dawdles over his by-laws, and schemes to prevent a quorum of the members being found to do business. Accounts pour in in overwhelming numbers, with nothing on hand to pay them. Whither are we drifting? The ratepayers are anxious to know. The crisis has come, and we have the financial acumen of Messrs. Quinlan and Ormerod to extricate us."

ROYAL CANADIAN INSURANCE COMPANY.—The first annual meeting of this Company was held in Montreal on the 10th inst., at which Messrs. W. J. Paterson and James Goldie attended as delegates from the Guelph board. The report of the Directors was very satisfactory, and showed that the gross assets of the Company are \$562,162.87, and the Reserve Fund amounts to \$220,287.20. Since the formation of the Company last year, branches have been established in cities and towns in the United States, which are provided with abundance of water—an amendment having been made to the charter in July last to allow this extension. Local boards have been formed in Toronto, Quebec, London, Kingston, Windsor, Hamilton, Brantford, Cobourg, Guelph and Port Hope, the latter having power to open agencies in Prince Edward's Island. The Company has managed its affairs carefully, and has declined during the year seventeen risks, on which losses to the extent of \$58,000 have occurred. They have also declined risks, the premium on which would have amounted to \$50,000. By the united action of the directors and agents, the business of the year has increased so as to warrant the declaration of a dividend of 10 per cent. payable on and after the 15th inst. At the meeting in February next, the question of carrying on Ocean Marine business will be discussed.

MOSS ROSES FOR MARKET.—MOSS ROSES are largely grown for the London markets; they thrive pretty well under trees, and are very hardy and floriferous. Light, rich and deep ground suits them best. Two rows of these roses are generally planted between currant and gooseberry bushes, about two feet apart; but as suckers speedily make their appearance, all traces of rows become lost, and the result is a broad band of roses, some 2 1/2 or 3 feet wide, occupying the central space between the bush fruit. Under fruit trees where no fruit bushes exist, they are grown in lines 2 1/2 or 3 feet apart, and interspersed with sprouting broccoli, Brussels sprouts, potatoes or shallots, and they are also grown in the open ground, about the same distance apart. After they have done blooming, and have made good wood, they are layered on both sides of the rows, and in October, or any time between that and the following March, the layers are lifted, and after their roots have grown in the soil and their tops shortened a little, they are planted out in permanent rows from two or three feet apart, or, if space is scarce at the time, thickly in rows a foot or eighteen inches apart, where they remain for twelve months before being finally planted out. They are pruned very closely in winter, and in spring they begin to form flower buds, almost as soon as the leaves make their appearance. It is the buds that are gathered for market, the blooms never being permitted to expand. In hot summers, and indeed whenever convenient permits, the space over their roots, two or three feet in width, is mulched with litter, which saves them from drought, and also acts as a stimulant.

The excavations on the line of the improvements of the Lachine Canal, at its eastern entrance, are progressing rapidly. The walls of the old and narrow locks, which formed the entrance to the old Lachine Canal, are now nearly all removed.

The Wesleyan Ladies' College in Hamilton opened with 125 boarders, while a school in Dundas registered over 60 on the opening day.

MANUFACTURE OF COCOA.—We will now give an account of the process adopted by Messrs. James Epps & Co., manufacturers of dietetic articles, at their works in the Euston Road, London.—See article in Cassell's Household Guide.

An American, teaching English to a German, met his request for a specimen of an English irregular verb thus:—"I go, thou wentest, he departed, we made tracks, you cut sticks, they rickaded."

THE CENTRAL EXHIBITION

The Preparations.

The Entries—Appearance of the Grounds, &c.

Monday, Sept. 14. The Central Exhibition grounds, usually so quiet, are to-day the scene of busy preparations for the fourth annual Show. The Secretary and his assistants are located in the new offices, which are large and quite convenient for the transaction of business. Close to this office, Mr. H. E. Swinford, the outside Superintendent, has literally pitched his tent, for such is his office, and a very convenient one too, and he is busy attending to the wants of exhibitors. Mr. Charles Sharpe, the Superintendent inside the building, has his hands full, in allotting places for the different classes of articles to be exhibited. Everywhere—inside and outside—there are evident signs of preparation, and towards noon the bustle and activity were intensified.

Barring the dust, the grounds are in good condition. It is hoped that the extra accommodation provided will be sufficient. The Directors, with wise forethought, have this year provided a large number of neat benches, which are placed at points commanding the best view of the horse ring, and which will afford much comfort to many sight-seers. Quite a number of horses, stock, sheep, &c., were on the ground by noon, and it is expected that by night nearly all will be in their places. The places where each class is located is marked on the stables and sheds, so that strangers cannot be at a loss where to find them.

Exhibitors were all forenoon busy in the building getting articles in their places, but the real hurry won't commence till afternoon. Loads of goods are constantly arriving from a distance, and judging from the entries the show inside promises to be as good as any yet held.

It will be seen, by the list of entries given below, that the total number—up to the time we took them from the books—is 5,142. Quite a number more had to be entered on the books, and we believe when they are all made up that they will be little short of 5,500—or at least equal to the entries for the Provincial Exhibition, which are given this year as 6,485. This is a most gratifying exhibit, and shows that the Central is now a permanent institution, and in no way influenced by the Provincial, even when it is held in the Queen City. The following are the entries in each class:—

Table listing exhibition entries by class: Class 1. Blood Horses, 10; 2. Agricultural Horses, 168; 3. Road or Carriage Horses, 231; 4. Heavy Draught Horses, 130; Total, 539; 5. Durham Cattle, 109; 6. A Canadian Diocese Two Hundred Years Old. Exactly two hundred years ago the first Catholic diocese in Canada was founded. In 1659, the Pope sent out the Right Rev. Francois de Montmorency Laval, to Quebec, as Vicar Apostolic. In 1674, Mgr. de Laval was named Bishop, being thus the first Catholic prelate in North America. His diocese was of immense extent, embracing not only the whole of what is the Dominion, but also the other French possessions, including the valley of the Mississippi, the great "Father of the waters." For 130 years following there was no other diocese north of Mexico, until the year 1790, when shortly after the gaining of her independence, the republic of the United States consecrated in the see of Baltimore, in the person of the Right Rev. John Carroll.

Canada had to wait more than a century and a half for its second bishop, as it was not until the year 1826 that the second diocese, Kingston, was established, the Right Rev. Dr. McDonnell being bishop. Montreal diocese was formed in 1836, with the Right Rev. Dr. Lartigue as bishop. Three Rivers and St. Hyacinthe dioceses were both formed in 1852. Toronto became a diocese in 1842, and about four years ago an arch-diocese. In 1748, Ottawa, then Bytown, was formed into a diocese. In 1855, London, and in 1856, Hamilton were each set apart.

Our Streets and Highways.

To the Editor of the Mercury. Sir,—Now that the subject of management (or rather mismanagement) of our streets, roads and bridges is up for discussion, I hope the whole matter will be thoroughly shown up, and the blame placed upon the proper shoulders, for no one can travel over the town and examine the streets and sidewalks in their present dilapidated and break-neck condition, and believe that \$6,000 to \$7,000 has been expended upon them since April last.

It was the general belief amongst the ratepayers (as it was promised by those seeking municipal honors at the last election) that the work would be done by contract instead of carrying on the old-fogy system of day labor, and that a more efficient system would be adopted. No one can doubt the general dissatisfaction that exists at the manner the work has been done this year.

A few years since a Provincial Law was passed declaring any member of a Municipal Council ineligible to act as an Overseer or Superintendent of streets and highways, or to pay out the moneys of the Municipality for such works. Under this law the Council were compelled to appoint an efficient person as a Superintendent independent of the personnel of the Council. To this person the people could look for the proper carrying out of the work, but under the present system neither the Chairman of the Committee, the Committee, nor the Council are responsible, as it seems at present. But the people's money is spent, and when the Collector comes round it is certain they will have to pay up whether the works done are worth 40 or 50 cents on the dollar.

It is astonishing how clever a person becomes when clothed with Municipal authority, and especially in directing the work on streets, roads, &c., each new aspirant trying his hand in turn. If they were made to pay for their blunders, they would soon find the undertaking not very profitable.

Of course the ratepayers are aware that the present system of paying for the work by the day (\$8,000 to \$9,000) gives the Council a little patronage which, no doubt, serves their purpose well when seeking re-election. I am aware that the law preventing any member of a Council from having a contract or doing work for profit in the Municipality for which he sits, yet I am credibly informed this safeguard to the people is being violated every day.

It remains for the ratepayers at the next election to look closely into this matter, and to see that \$7,000 or \$8,000 is not spent where \$3,000, under a proper system, would give better results. Letting the work by contract under public tenders is the only check or safety which the people can have.

Yours, etc., CITIZEN. Guelph, Sept. 12, 1874.

Co-Operative Store. On reference to all our advertisements since commencing business in Guelph seven years ago, it will be seen that we never offered "To Slaughter Goods," "To Sell at Half Price," "To Sell at a Great Sacrifice Irrespective of Cost," "To Sell 50 per cent. under other Houses," "To Keep the Largest and Best Stock in the Dominion." We have carefully abstained from exaggeration, giving facts and figures only, leaving it to the buyers to judge for themselves. Our aim has been to buy low, sell cheap to increase our sales, to allow no house to undersell us, to give our customers a share of profits, and make only one price. The result has been that we have done a steady, prosperous, and increasing business, retaining old and obtaining new customers. Some left us to obtain goods "at half price," but soon returned, as "actions speak louder than words." Hence we will continue to conduct our business on the same principle. GUELPH, Sept. 7, 1874. J. Town and County News

A GOOD PRICE.—Mr. A. Aitchison, of Pilkington, has sold a grade cow to Mr. George Hood, of Guelph, for the handsome sum of \$120.

BASE BALL.—The boys of the Separate School defeated those of the High School on Saturday last, at a match game of base ball by a score of 33 to 32.

TO-MORROW.—Mr. A. O. Buchan advertises a great clearing sale of Silks, Dress Goods and Velveteens, commencing to-morrow and continuing during exhibition week.

ROYAL HOTEL.—This popular Hotel has been enlarged by the addition of a run-of-the-mill commodious bedrooms, which add greatly to the accommodation of the House. The bedroom accommodation this week has been increased by 40 beds.

Mr. Gordon is giving up hopes of his Crazy Acting customer, and now fears he cannot furnish the asinine reporter with a Scotch collar. A look at the ears of the animal convinces him that an ordinary sized article wouldn't go over his head. He is ready to fit him with a Dutch collar, however, whenever he leaves his measure.

THE HERNDON'S appear this evening at the Drill Shed in their opening entertainment, with the play of "Kathleen Mavourneen," to be followed with the farce, entitled "The Spectre Bridgroom." We need not say anything in praise of this troupe, but merely draw attention to their motto: "Hear us first, then praise us."

S. S. TEACHERS' Pic-Nic.—"Paradise" was visited on Friday by the Teachers of Knox Church Sabbath School, together with their friends, numbering in all between fifty and sixty persons. After the return of the party from the scene of enjoyment, the company repaired to the residence of the pastor, Rev. W. S. Ball, where the evening was spent in a pleasant manner.

"SHINE YER BOOTS?"—The voice of the boot-black is heard in the streets, and on his way show-ward the passenger meets the ragged young urchin who shouts "Shine yer boots?" with a gusto that is common alone to galsos. They'll do a "fat" business we rather think, and we give them the benefit of printers' ink, in order that folks who would otherwise look as if they had come from an out-the-way nook away back in the country may get their boots brushed in true city style and make the boys "flushed."

A SAD ERRAND.—Mr. Charles Maddock, who had been visiting at home when he returned to play in the Maple Leaf team last week, was this morning recalled by telegram on account of the death of his father at his home in Seaforth. Mr. Maddock had been sick with typhoid fever for some time, but until yesterday appeared to be rallying. Our young friend we are sure has the sympathy of the entire community in his bereavement.

AN ARTESIAN WELL FOR TIVERTON.—A movement is on foot to sink an artesian well in the village of Tiverton, and already some \$700 have been subscribed for the purpose. At a recent meeting a proposition was made to bore to the depth of five hundred feet, for \$1,000, and after a personal canvass of the citizens and farmers the work will probably be proceeded with. At present the demands for water are great, as not only families suffer from the scarcity, but mills and factories cannot properly carry on their work. The village is also in imminent danger from fire, having nothing in the shape of water works.

PRESENTATION.—It affords us pleasure to record a very pleasing incident which transpired on Friday evening last. Mr. Wm. Jones, who has been in the employ of Mr. George Jeffrey, merchant, for the past fourteen years, being about to leave Guelph for Milwaukee, a number of his friends proceeded to the residence of Mr. Geo. Howard, where Mr. Jones resided, and presented him with a very handsome set of gold studs accompanied by an address beautifully engrossed upon parchment. The address, to which the names of Messrs. G. D. Pringle, Wm. Anderson, W. Hefferman, B. Mitchell and Charlie Auld, were attached, was read by Mr. G. D. Pringle. Mr. Jones made an appropriate reply, after which a very pleasant evening was spent in his company. Mr. Jones left for Milwaukee the following morning, and carries with him the best wishes of all his friends in Guelph. We wish him all success in his new field and feel satisfied that among our American Cousins he will soon become as general a favorite as he was in Guelph.

A PRINTORIAL PARODY.—Lives there a man with nose so red who never to himself hath said, "I'll pay before I go to bed the debt I owe the printer?"—*Bradford Republican.* Yes, there are some I know full well, but they, I fear, will go to—well—the place where there's no winter.—*Panola Star.* You're blind, dear Star, your reason's dim, or you'd not argue such a whim; for e'en Old Nick would not have him who fails to pay the printer!—*Tupelo Journal.* We're glad that now the means are found to bring the back subscribers round—so when you've run your course of years, pay them at last your full arrears; but no arrears to have to pay is better far, we think and say.—*Land Owner.* Not quite so fast, sweet festive cuss, you cannot mend the matter thus; for though the "means" are good as honey, we'd like to see you get your money.—*Ingersoll Chronicle.* Now, why this thushness, brother quills? You needn't take so hard the ills which printers' flesh is heir to: your patrons are good fellows all, but lest you wait until next fall, they can't obey your suppliant call—and worse than that, don't care t'l!—*GUELPH MERCURY.*

BOY DROWNED.—An unfortunate occurrence took place at Oakville on Saturday afternoon. The son of Mrs. Ferguson, a widow, of that town, was drowned while bathing near the wharf. The deceased was about ten years of age.

The circulation and specie report of late weeks shows an excess of specie of \$284,309.95.

The authorized discount on American invoices is 9 per cent.

A **DOUBLE DEAF** and dumb marriage took place in Prescott, a few days since, the brides being sisters from Osgochee and the grooms from Ottawa.

Local and Other Items.

MILL BURNED.—Emma's shingle mill, on the Port-Anquish road, near Barrie, was destroyed by fire on Friday night. It is supposed to have caught from the surrounding bush fires.

MINERALS.—On Tuesday, the 1st inst., one of a party who camped on an island in Muskoka lake, not six miles from the mouth of Muskoka River, discovered a large quantity of magnetic iron ore, or magnetite pyrites.

DESTRUCTIVE FIRE IN CORNWALL.—A fire in Cornwall, on Sunday, destroyed Gilly & Co's. paper mill. Hodge's planing mill, Adams' saw mill, together with the mill of the Dundas Cotton Manufacturing Company. The total loss cannot fall short of \$250,000.

A HAPPY EVENT.—Grip, of last week, has the following: "Married.—In Elms, by the Rev. Robert Renwick, Mr. Robert Jolly, merchant, West Moncton, to Miss Annie Goughly, of the same place. Some spinners of the 'sour grapes' style Some spinners of the 'sour grapes' style—
 Say matrimony's folly!
 But where's the 'il of sense who'd not Go lightly to be Jolly?"

FATAL ACCIDENT.—As the steamer *Seymour* was lying at the wharf on Friday evening in Chatham, N. B., two steerage passengers had an altercation, when one of them, sailorlike in appearance, immediately plunged a knife into his antagonist, making a gash of six inches deep and an inch and a quarter wide. The unfortunate man died the following afternoon.

THE OTTAWA RIVER was never known to be so low as at present, and some of the saw mills have not more than enough to run all their gates. Four mills have been shut down and others will soon follow suit. The lumber yards are crowded, and it is calculated there are over three hundred millions feet of manufactured lumber awaiting sale on the Ottawa this fall.

TWO YOUNG LADIES DROWNED AT STRATHROY.—A sad accident occurred at four o'clock on Saturday afternoon, about eight miles from Strathroy, in the township of East Williams, by which two young ladies, named Emma and Mary Fletcher, aged respectively 23 and 14, daughters of Hugh Fletcher, were drowned in the Sable River. It appears the youngest waded into the river to drive some geese out, and while endeavoring to do so got into a deep hole. The elder sister went to her rescue, and both were drowned before assistance could be obtained. The bodies were recovered shortly afterwards.

WILD CHILDREN IN CANADA.—The *Spectator* gives an account of three children being taken wild off an island in Lake Huron. They were found, it is alleged, by Father Cherrier, of the Owen Sound Mission, and conveyed to Hamilton voluntarily by their father, who with his singular children were the only inhabitants of the island. The children can speak no language, and know nothing whatever of the habits of civilized life. They have been suffering from a cough since their removal to the Orphan's Home in the city and it is said will not survive the change long.

RAILWAY PIC-NIC.—The first annual picnic of the employees of the W. G. & B. E. R. was held at Southampton, on Friday, with great success. Two excursion trains, containing over a thousand persons, arrived between eleven and twelve o'clock, when the crowd repaired to the picnic grounds, which were fitted up very tastefully by the employees of the road, assisted by the inhabitants of the town. The brass band of the 30th Battalion accompanied the party. The usual games, dancing, &c., were indulged in, after which the assemblage was addressed by the Superintendent and others. The party left by train for their homes early in the evening, delighted with the day's proceedings.

A DARING FEAT.—E. P. Harrington, the famous diver, proposes to walk into the Detroit river at the foot of Belle Isle, and proceed along the bottom down stream the whole distance to the foot of Woodward avenue. During his watery walk on the bottom of the river he will discharge a musket, explode a torpedo by means of a fuse, and send up specimens of the bottom from various points along the route. Mr. Harrington, in 1869, was prevented from carrying out similar plans by the peridy of an assistant, who was to have taken charge of a yawl boat in which the apparatus was to be carried, but who deserted him the very day the attempt was to be made. He believes, however, that the feat can be performed, and he now is resolved to prove his faith by accomplishing it as above stated.

A CHAPTER OF ACCIDENTS FROM STREETVILLE.—Mr. Oliver Hammond, an old and respected resident of Toronto Township, near Springfield, fell from an apple tree on Friday, and was fatally injured. His body is entirely paralyzed, and the doctor gives no hopes whatever of his recovery. As Mr. Emery Staghall was driving to Toronto on Thursday last, his horses became frightened and ran away, when one of the wheels broke. Mrs. Staghall was thrown out and received such severe injuries by the wheel passing over her that she died on Friday evening. A son of Mr. John Newman, on Dundas street, had one of his legs broken by a kick from a cow on Saturday. Mr. Charles Johnson, of Dundas street, whilst picking apples on Friday, fell from the tree, and broke one of his arms. Strange to say, three of these accidents occurred within half a mile of each other.

ILLEGAL CONDEMNATION OF AN AMERICAN VESSEL.—When James Watson Webb was American Minister in Brazil, he obtained from the Brazilian Government damages for the alleged illegal condemnation of an American vessel. It was subsequently ascertained that the condemnation was not illegal, and the Brazilian Government made application to refund the amount paid to the United States. The minister, about \$25,000, was tendered, but the Brazilian Government declined to receive it in full satisfaction, on the ground that it was only about one-half of what that Government had paid to Minister Webb. A suit has now been brought in the United States District Court by the United States, to recover from Mr. Webb the alleged deficiency.

The Ontario Temperance and Prohibition League, at their recent meeting, passed the following resolution:—"That this meeting is of opinion that the time has arrived when the Parliament of Canada should pass an Act prohibiting the sale of intoxicating liquors as a beverage, and the country expects such an Act to pass at the ensuing session."

The following Acts of the Legislature of Manitoba have been disallowed by the Governor-General on the advice of his Council:—An act to define the privileges, immunities and powers of the Legislative Council and Legislative Assembly, &c. An act to incorporate the Winnipeg Board of Trade. The ground of disallowance is want of jurisdiction on the part of the Manitoba Legislature.

A Mr. Chisholm, of Ottawa, has entered an action against the Corporation, claiming \$1,000 for injuries sustained by his wife last fall, by stepping on a broken plank and falling.

Guelph Township Council.
This Council met on the 10th inst. on a call from the Reeve. James Laidlaw, Esq., Reeve, in the chair. Present—Messrs. Benham, Darby, Hawes and Sweetnam. The minutes of the last meeting were read and confirmed. The Reeve read a communication from Geo. Elliott, Esq., Chairman of the Guelph Gen. Hospital, enclosed with a petition from the Board of Directors of that Institution, praying the Council to grant a sum of money to assist in the building of the Hospital. Messrs. Elliott and Massie were present and heard on behalf of the Institution. Moved by Mr. Benham, seconded by Mr. Sweetnam, that the sum of \$400 be granted towards the assistance of building the Guelph General Hospital.—Carried. The following accounts were presented and ordered to be paid: From Mr. P. Nangle for gravel, \$5.10; T. Card, son, for do., \$2.80; John Amos, for do., \$3.22; John Card for expenses incurred relating to a pathmaster, and a party refusing to perform statute labor, \$4. The Reeve read a communication from James McLenn, Esq., Clerk of the Municipal Council of Fitchburg, calling the attention of said Council to the necessity of bringing the matter before the Guelph Township Council, that the road leading from the Waterloo road by the Bridge, known as Russell's Bridge, was greatly in need of repair; the petition was numerously signed by parties in both townships in the locality adjoining, who are interested in the improvement of that portion of the road. Referred to R. and B. Committee (west). The Reeve read a communication from Wm. Tilt, Esq., Clerk of the Township of Waterloo, requesting that a Committee from the Township of Guelph meet with a Committee of the Council of Waterloo, in order to arrange matters respecting the boundary line between the Townships of Guelph and Waterloo. The Reeve stated he had met the Committee from the Council of Waterloo, and made arrangements with them to repair a bridge and improve some other portions of the boundary road; and further stated, that a part of the boundary line was considered not properly defined. It was agreed that a surveyor should be employed to make the necessary survey, that a line may be established to prevent any further dispute. Mr. Benham drew the attention of the Council to the necessity of repairing a bridge or building a new one on the boundary line of road between the Townships of Guelph and Eramosa. The Clerk was instructed to communicate with the Council of the Township of Eramosa, to request that a Committee of said Township will be pleased to meet a Committee from this Township, on Monday the 21st inst., at 4 o'clock p.m., for the purpose of examining a bridge on the boundary line adjoining the farms of Messrs. Bathgate and Benham, with a view of repairing the present bridge or the building of a new one. Moved by Mr. Sweetnam, seconded by Mr. Benham, that the solicitor be instructed to prepare a by-law for restraining the running at large of certain animals and providing for the impounding of the same, and to repeal by-law No. 36. Application was made for aid on behalf of Mrs. Sanderson (a widow) who has a large family of young children depending upon her for support.—Referred to Benevolent Committee. The Clerk presented applications from the several Boards of Trustees, requesting that their respective sections would be assessed for the sums mentioned in the applications, to enable them to meet the liabilities and expenses incurred for common school purposes for the current year. The Trustees for section No. 1, \$300, No. 2, \$. . . No. 3, \$340, No. 4, \$300, No. 4½, \$250, No. 5, \$740, No. 6, 300. Mr. Sweetnam gave notice that he would, at next meeting of Council, that he would introduce a by-law to assess and levy a rate on the several school sections, for common school purposes. The following resolution was passed in considering the applications that were presented from the Trustees: Moved by Mr. Darby, seconded by Mr. Benham, that the interest derived from moneys invested for educational purposes be divided amongst the several schools in this Township that have been kept open in accordance with the Public School Act of Ontario, and to be divided in proportion to the assessment of the several School Sections; and that the Solicitor be instructed to draft a by-law in accordance with this resolution.—Carried. The Clerk presented a circular from the Principal of the Ontario Institution for the Blind. The Clerk was instructed to reply, that none of the Councils were aware of any case of blindness within the municipality. Moved by Mr. Darby seconded by Mr. Hawes, that the selectors of jurors be allowed the sum of \$13 for preparing the Jurors' Lists, and the Clerk \$15 for making and preparing Voters' Lists for the several subdivisions of the Township; also \$6 for the half-yearly return of Marriages, Births and Deaths. It was moved and seconded to adjourn until Monday, the 22nd inst.
A. McCORMICK, Clerk.

NEW DOMINION MONTHLY.—We are in receipt of the September issue of this popular periodical. It contains a large amount of interesting reading matter also a well executed wood-cut of the Hon. Geo. Brown, John Dougall & Son Publishers, Montreal.

Professor Whitney, of Yale College, examined a passage of 1,000 sounds from each of ten standard English writers, in order to ascertain the relative frequency of sounds in the language. He finds that the sound of "r" is the most frequent, occurring 744 times in 10,000 sounds; "u" follows with 676, and "t" with 672. The short sound of "i" is the next common vowel sound, having 530 occurrences. The least common vowel sound is that of short "o," eight times in 10,000; the least common consonant sound, that of "zh," twice in 10,000. In all, he found 6,271 consonant sounds and 3,729 vowel sounds.

A zealous but ignorant preacher, in expounding to his flock the astounding nature of miracles, got a trifle confused in the matter. He said: "My beloved friends, the greatest of all miracles was 'bout the loaves and fishes. Dere was 5,000 loaves and 2,000 fishes and de twelve 'postles had to eat dem all and de miracle is dey didn't lust."

Perfumer (who is fond of punning). "Malaise, I am sure that what you meant I sent. The scent I sent was the scent you meant, consequently we are both of one sentiment."

Live for something. Yes, and for something worthy of life, and its capabilities and opportunities for noble deeds and achievements. Every man and woman has his or her assignment in the duties and responsibilities of daily life.

Baron Ferdinand James de Rothschild recently bought 2,763 acres of land in Buckinghamshire from the Duke of Marlborough for \$1,000,000.

In a recent case of breach of promise, where heavy damages were expected, the only proof of "particular attentions" was the dividing of an orange and giving the lady half.

Begs to announce the arrival of a Case of 5,500 yards of Black Silks. Taking the advantage of the late depression in the Silk Markets of Britain and the Continent, I have secured the above at prices quite unprecedented in the annals of Black Silks for looseness of price, and am now offering Bright Black Silks at 75¢, 85¢, 95¢, \$1, \$1.15, \$1.20, and up.

On comparison purchasers will find fully a reduction of from 25 to 35 per cent. on former prices.

Mr. Stewart respectfully informs the public that the present is a grand time to buy, as prices are again advancing.

Manufacturer's Strike in England.

Stagnation of Trade in the United States.

The Press on Moulton's Statement.

London, Sept. 12.—The strike of operatives at Bolton, which commenced this morning, stops 74 mills which employed 13,000 hands. Forty-eight mills, employing 7,000 hands continue operations. Subscriptions for the strikers have been opened by the trades unions throughout the manufacturing districts.

A rumor comes from the Gold Coast that the King of Ashantee will soon be deposed.

Madrid, Sept. 12.—Three thousand troops will leave Cadiz for Cuba about the end of the present month, and five thousand more in October.

Paris, Sept. 13.—Francis Pierre Guillaume Guizot, the eminent statesman and writer, died to day at his residence, Valeycher.

New York, Sept. 14.—The Tribune contains an exposure of the causes of a malady said to have prevailed extensively at Gregory House, late Mahopac, this summer, from which several deaths have occurred and scores of people made sick, some of whom are still suffering. The origin of the malady is supposed to be in water from a well on the premises. The Tribune says the proprietor of the hotel has attempted to stamp it out by threatening to prosecute those who should give it currency.

Charles O'Connor has been interviewed on the subject of Southern outrages and the War of Races. He regards exile or extirpation as the only alternatives for the negro. Civil rights and universal suffrage in his opinion will never answer for the negro.

Chamberlain, the nominee for Governor in South Carolina, is a native of Worcester, Mass., is 37 years old, and a graduate of Yale College. A special says it is generally thought that his surroundings in connection with the Moses administration will prevent his being acceptable to the taxpayers, but it is believed he will be elected.

Boston, Sept. 12.—The Boston Advertiser says of the Moulton statement:—"A heavy gun is discharged, and it appears that the ammunition has run short; there is nothing here but malignity.

Those who have always inclined to believe in the guilt of Beecher will take it as new evidence, but in fact it is old, and the temper in which it is presented will throw fresh discredit on its author."

On the contrary, the Post says:—"It is the most damaging document yet presented, and the thought will suggest itself to many minds whether it would not be more decorous for Beecher, pending trial in public, to intermit his pulpit services, or as he suggested in one of his letters, to step down and out. As for Plymouth Church, it is literally shut up."

An evening paper says:—"Theodore Tilton is now preparing a voluminous statement of his wrongs, which will be published in New York, Brooklyn and Boston next week. Mr. Moulton doubtless has been consulted in the preparation of the document, which it is intended shall crush the pastor of Plymouth Church. If it should prove as immoral as Moulton's, the law prohibiting the transmission of obscene literature through the mails will likely be put in operation again. Whatever may be the merits of the controversy between Beecher, Moulton and Tilton, the nation cannot afford to have filthy statements bearing exclusively on adultery disseminated in every house and among the youth of both sexes throughout the land."

Reading, Pa., Sept. 12.—The employers of the Reading Railroad will, next week, be put on half time, working two weeks out of the month, eight hours a day, on account of the general stagnation of trade.

Pittsville, Pa., Sept. 11.—Owing to the drouth and unusual scarcity of water throughout the Schuylkill region, three collieries in this vicinity have been compelled to suspend operations.

NEWS RECORD
Sewing Machine EMPORIUM.

J. & R. CRAIG, FERGUS,

General dealers in Sewing Machines, would draw the attention of the people to the fact that they sell Sewing Machines at prices from \$5 to \$15 cheaper than what is charged by peddlers. We keep on hand the following machines:-

- THE OSBORN,
- THE RAYMOND,
- THE GARDNER,
- THE ROYAL,
- THE SINGER,
- THE HOWE,
- WHEELER & WILSON,

Or we can supply any other Machine for sale in Canada, on a few days' notice.

The following are a few of the advantages we offer to buyers:-

- 1st.-We incur no expense in peddling machines through the country, and sell at prices much lower than any peddler, who devotes his time, with a horse, etc., can afford to offer them for. Machines sold by peddlers for \$12, we offer for \$8. Others sold by peddlers for \$25, we offer for \$18. And others sold by peddlers for \$35, we offer for \$25.
- 2nd.-Parties buying from J. & R. Craig have a sure guarantee that they will not be humbugged or deceived in any way, as we warrant all machines we sell, and we can always be found at our office; whereas, a peddler may agree to warrant a machine, but who knows where he will be when the machine is out of order?
- 3rd.-We keep a large variety to select from, and if a machine purchased from us does not suit we will exchange for any other desired.
- 4th.-We have been a number of years in the Sewing Machine business and are well acquainted with the different machines; hence any machine recommended by us may be relied on as being as represented.
- 5th.-We have sold hundreds of machines during the past five years, principally OSBORNS, and out of the whole we do not know of one that does not give satisfaction. Machines delivered any place ordered, and instructions given in operating.
- Machines sold on monthly or quarterly instalments, or payable in six months or a year.

Orders by mail promptly attended to.

THE CHAMPIONS AGAIN VICTORIOUS.

On Saturday the Maple Leaf Base Ball Club of Guelph played on the Brantford Ground with the Staten Island Club, who were defeated so badly here on Thursday by the champions. The game resulted in another defeat for the visitors, though not nearly so severe as the former one.

At the close of the game the score stood Guelph 19, Staten Island 11, with an innings to spare in favour of the former. The following are the runs each innings:

Maple Leaf 0 5 5 0 2 7-19
Staten Island 2 1 2 0 1 2 11

CRICKET. - The following games were played on Saturday last: - Owen Sound and Mount Forest, the former victorious by 59 runs. Galt Collegiate Institute beat Hamilton Juniors by ten wickets.

The Bachelors and Benedicts of Berlin tied on a score of 69 to 69 - one innings. The Goderich Club beat eleven from the 33rd Battalion by 81 to 43. The married men of Waterloo and Berlin beat their single opponents from the same places, by 71 to 69, with one wicket to go down.

FAMOUS SWIMMING. - A recent swimming match between Johnston, the champion of England, and Trautz, the champion of America, was won easily by the Englishman, who performed

MANUFACTURES IN INDIA.—The great manufacturing and commercial changes which the abundant and cheap supply of labour in India must make, continue to develop themselves. On the Hooghly, for ten miles below and thirty above Calcutta, large mills and factories for jute and cotton manufacture are numerous—many of them run exclusively by American capital, and it is said that scarcely a month passes when some wealthy firm or American speculator does not put on the market a new project that is eagerly taken up. The dividends have of late been enormous—in some cases seventy-five per cent. Already a paper mill near Calcutta makes a profit on shipping its products to England. It is difficult to foresee to what changes the progress of manufacturing industry in India and China, in connection with steam power and good machinery, may lead the world.

THE LIFE OF MAN.—How graphically the varied aspects of the leaf picture the various seasons of a man's life! The tenderness of its budding and blooming in spring, when the rich golden-green glint that comes only once a year represents the bright beauty and innocence of youth, when every sunrise brings its fresh, glad hopes, and every night its holy, tranquil calm. The dark green and fresh vigor of the summer leaf portend the strength and self-reliance of manhood; while its fading hues on the trees and its rustling heaps on the ground, typify the decay and feebleness of old age and that strange mysterious passing away which is doomed to every mortal. Happy he who keeps to the heart warm and soft over the sad experience of old age, whose life declines as these last September days go out with the rich tints of autumn and the blue skies of June.

A Scotchman thus recently addressed his daughter: "Pat's this I hear ye're gann to dee, Jennie?" "Weel," she replied, "I'm just gann to marry that farm ower by there, and live wi' the bit mannie on't."
