THERE will be an accident to record at the G. T. R. station some of these dark evenings. Passengers getting off the rear coaches have to scramble over rails and wires to reach the platform, the kerosene illumination in the station being of little service in lighting the way.

THE promptness of the Board of Trade in securing the immediate re-construction of the evaporator was highly commendable, the number of hands employed and money paid out for apples amounts to a large sum, which is largely spent in the town. The Board has handed over their contribution of \$100.

AS a result of the wholesale discharge of conductors on the Grand Trunk Railway recently, and to prevent a recurrence in future, it is said that the Grand Trunk, the Canadian Pacific and the Canadian Northern Railways will apply to the Dominion Parliament at next session for legislation, making it a criminal offence for passengers on the railways to offer money to conductors to receive a passage in lieu of tickets.

THE Owen Sound Sun has the following reference to a former Watfordite: Chas. M. Roche, of the Merchants Bank staff, is one of the new hockeyists who will cut an important figure on local ice this winter. He is a Watford boy and can hold down the position of rover with the best in the land. He played that position for three years on the intermediate team of his home town. He is still eligible for junior hockey and will be seen on the line-up this winter."

WM. POOLE, of Sarnia Tunnel, and James Donald of Toronto, are the latest conductors to be let out by the Grand Trunk on the middle division. They received their notices on Monday, and yesterday new men were running in their places. Poole has for years been on the through trains from Sarnia Tunnel to Suspension Bridge. Donald has been running on the express between Toronto and Sarnia Tunnel, via Hamilton and London.

A CERTAIN man was recently very sad because his wife had gone out of town on a visit, which she would not shorten in spite of his appeals to her to come home. He finally hit upon a plan to induce her to return. He sent her a copy of each of the local papers with one item clipped out and when she wrote to find out what he had clipped out he refused to tell her. The scheme worked admirably. In less than a week she was home to find out what it was that had been going on that her husband didn't want her to know about.

THE largest cheque ever received by the Ontario Government for succession dues, and perhaps the largest ever received by the Provincial Treasury, except from other Government sources, came into the possession of Hon. Col. Matheson on Monday. It was for \$519,672.43, and was in payment of the succession dues on the estate of the late George Gooderham. The sum received by the province is percentage collected on a valuation placed on the estate of \$10,400,000.

THE entertainment given by the Eckhardt Family in the Music Hall on Thursday evening of last week delighted the large audience who had the pleasure of hearing these talented musicians in their varied program. The program was satisfactory throughout, the playing on the bells and chimes being particularly good. The directors of the Public Library are entitled to credit for providing a pleasing entertainment, and at the same time adding to the resources of a deserving institution. The proceeds amounted to about seventy dollars.

WANSTEAD Accident Suit—Wilson Morton was killed in what is known as the Wanstead accident on December 29th, 1902. On his death becoming known two actions were brought against the Grand Trunk Railroad Company by two persons, each of them claiming to be the widow of the deceased. In the first action Annie F. Morton and her children Edward Morton and Clara L. Morton, were plaintiffs. The action has been before the courts for nearly four years and is still undecided. Edward Morton has died since the action began and now an application to the master-in-chambers has been granted, striking out his name as a party plaintiff in the action.

A CERTAIN Irishman was a painter. Usually being paid by the hour, he worked slowly, but a friend, one day found him painting away like steam engine. The friend paused to investigate so strange a matter. "What's come over ye McGuire?" he said. "Ain't like ye to work that fast?" "Whist," said McGuire, "I stand out o' the way, an' don't sit me. Oi'm thryng to get through before me paint gives out."

THE complete returns of the quinquennial census of the three prairie provinces will not be available until next week. So far as they have been made up they demonstrate that Manitoba's population has increased 40 per cent in five years, Alberta 65 per cent, and Saskatchewan 180 per cent. The figures are as follows:—Manitoba, 1901, 224,211, 1906, 364,000; Alberta, 1901, 72,841, 1906, 184,000; Saskatchewan, 1901, 91,560, 1906, 257,000.

PATRICK McGARR, of Sarnia, missed the last boat for Sarnia on Saturday night, and had to take the night ferry. While waiting for the boat he walked too near the edge of the landing, and fell into Black River. He was rescued in time by night ferryman Russell Aichorn, who was summoned by the cries of the sinking man.

THE Epworth Leagues of the Strathroy district will henceforth support two missionaries in the northwest. The executive committee of the district met in the Methodist church on Wednesday of last week and heartily endorsed the action of the General Board of Missions in allotting two missionaries to this district which embraces 28 flourishing societies. The missionaries, in whose behalf funds will now be raised in this district are Rev. Mr. Aldridge located at Vermillion, and Rev. Fred E. Cory, at Lethbridge, Alta.

A SENSATION was caused in the Presbyterian church at Petrolia on a recent Sunday evening by the actions of a young woman who is employed as a domestic in town. While Rev. Mr. Arnold was reading the lesson she walked up to the pulpit, and asked to be allowed to make a statement. Wonderingly the pastor gave permission, when the young woman commenced telling a tale of woe as to how she was prevented from getting to church in time by the thoughtlessness of her employer and was entering further on her troubles when the pastor requested her to desist and discuss the matter with him after the service.

THE death of Mr. Charles Ferguson, of Ann Arbor, Mich., took place at his former home, near Inlay City, Mich., last week. Deceased was a brother of Mr. W. H. Ferguson, of London, and formerly resided in London. He was well known throughout Ontario and Michigan, has been engaged in commercial pursuits.

He was born in Birr, London Township. His only son was killed on the C. T. R. at Watford during the past summer. He is survived by his wife and one daughter. Mr. Ferguson spent part of last summer in Watford and vicinity engaged in selling cloths in the county, and was well known to many of our readers.

A WRITER in the Canadian Churchman makes these timely and sensible remarks: "The approach of winter suggests close-sealed houses and unspeakable stuffy churches. Providence has arranged for the free circulation of air all over the planet and man has apparently set his face to negative the generosity of nature. We say 'man,' advisedly for salvation in this case certainly comes of women. That peculiar feminine instinct for wide open windows has saved the situation. When the head of the household has remonstrated in vigorous terms against heating the whole outside as he contemplates the departing contents of his coal bill, he does not always realize that he is getting life and health in exchange. Just why women should possess a monopoly of common sense on the question of fresh air we do not know, but that appears to be the case."

A HANDY HOME BOOK.

A book with the above title has just been issued by the Family Herald and Weekly Star of Montreal. It certainly is well named, being an encyclopaedia, family doctor and cook book all in one. It contains the thousand and one things everyone imagines they know and yet few people do know. It will settle arguments on any subject. It will save doctor's bills, make it easy for the housewife who wants to prepare nice meals. It must be seen to realize what a valuable work it really is. The Family Herald offers it as a free premium on certain easy conditions and every person should write for one. The Family Herald and Weekly Star certainly gives a big dollar's worth in a year.

BOARD OF TRADE.

The regular monthly meeting of the Watford Board of Trade was held in the Fire Hall on Wednesday evening, President Swift in the chair.

The proposed extension of the C.P.R. via Strathroy, Watford, Petrolia and Sarnia, was discussed, and the President, W. E. Fitzgerald, D. G. Parker and Reeve Hunt were appointed a special committee to co-operate with the Strathroy delegates

and use every endeavor to secure the location for this section.

The same committee were also empowered to ascertain the probable cost of a cold storage building and to obtain all necessary information regarding the same.

CURED HER BOY OF PNEUMONIA

Newmarket Mother is loud in her Praises of the Great Consumption Preventative

"My son Laurence was taken down with Pneumonia," says Mrs. A. O. Fisher, of Newmarket, Ont. "Two doctors attended him. He lay for three months almost like a dead child. His lungs were so swollen, his heart was pressed over to the right side. Altogether I think we paid \$140 to the doctors, and all the time he was getting worse. Then we commenced the Dr. Slocum treatment. The effect was wonderful. We saw a difference in two days. Our boy was soon strong and well."

Here is a positive proof that Psychine will cure Pneumonia. But why wait till Pneumonia comes. It always starts with a Cold. Cure the Cold and the Cold will never develop into Pneumonia; nor the Pneumonia into Consumption. The one sure way to clear out Cold, root and branch, and to build up the body so that the Cold won't come back is to use

Victims of Wild Cat Promoters

The fact that one of the firms of pseudo-bankers infesting lower Broadway has been taking the fools' money for five years in an indication of its success, says Success.

Not half a dozen mushroom "banking" houses, with elaborately furnished quarters in New York, and branch offices in all the larger towns in this country and Canada and even abroad, are using this ingenious scheme to sell spurious mining oil and manufacturing stocks.

The house most successful at the game has forty branch offices here and abroad, besides agents in many smaller towns. It brings out a new company every little while and sells the stock usually by the mail order and agency system.

Years of experience have given these parasite promoters an invaluable "sucker list"—little investors all over the country whose financial

Help! Help! I'm Falling

Thus cried the hair. And a kind neighbor came to the rescue with a bottle of Ayer's Hair Vigor. The hair was saved! This was because Ayer's Hair Vigor is a regular hair medicine. Falling hair is caused by a germ, and this medicine completely destroys these germs. Then the healthy scalp gives rich, healthy hair.

credulity has not been shaken by repeated losses. These "investors"—wage earners, country merchants, clergymen, teachers and other professional men—are reached through circulars and letters.

The first stock sold by this house paid cash dividends for a while and the "investors" who were doubling and tripling their savings bank incomes spread the glad tidings among their friends. The cash dividends were followed by scrip dividends—in some cases by no dividends at all. The shareholders who complained too loudly were offered in exchange for their unsatisfactory stocks other stocks in new companies brought about by the house.

A "trust fund established for the protection of investors" is made up, supposedly, of sound mining stocks and when an investor gets "tired" of one spurious stock he can send it in and exchange it for something else. This, of course, is just as spurious but it keeps the victim quiet for a while.

He is advised to hold the stock until the mine strikes the expected bonanza ore, when the stock will rapidly increase in value. In this manner the house manages to keep its dupes quiet for many months and to sell them more stock besides.—Free Press.

DEATH FROM HEART DISEASE

A Case of Neglecting a Weak Heart and Tired Nerves.

If your heart flutters, be careful. An attack is liable to come on at any time. Excitement, over-exertion or emotion may cause it.

If blood rushes to the head, if palpitation and short breath are noticeable, there's cause for alarm.

If you want a good honest remedy try Ferrozone. We recommend Ferrozone because we know it's just right for heart trouble. It cured A. F. Beattie, who lives at Allen Hotel, Bay City Mich. See if your symptoms resemble these:

SYMPOTMS OF WEAK HEART.

Nervousness, Palpitation, Trembling, Dizziness, Sinking Feeling, Heart pains, Short Breath, Weakness.

Mr. Beattie says:

"I was weak and miserable.

"I was subject to heart palpitation and dizziness.

"As I grew worse I began to have trembling and sinking sensations.

"Ferrozone strengthened my heart, gave vigor to my nerves, soon made me well. It's a great rebuilding."

By strengthening the muscles of the heart, giving proper circulation and causing a general rebuilding of the whole system, Ferrozone is bound to do grand work in heart trouble; try it, 50c per box, or six for \$2.50, at all dealers.

PLYMPTON COUNCIL.

Plympton Council met Oct. 25th at 2 p.m. Members all present. Minutes of last meeting read and approved.

The report of C. A. Jones, O. L. S., upon the petition of Isaac Pickering and Sidney Manning for the draining of lot 27 and the west half lot 29, in the 13th concession, was read and considered, a number of the parties interested being present and as the drain Mr. Jonas had laid out was satisfactory, the report was accepted, the by-law provisionally adopted and ordered printed.

Robert McKinley, coun., of that ward to serve a copy on each party assessed thereto.

Robert Simpson was granted \$4.80 bonus on 60 rods of wire fence.

Council adjourned to meet Saturday, Nov. 17th, at 10 a.m., as a Court of Revision on the Canton drain assessment, on the Coulter drain at 2 p.m., on the Manning drain at 3 p.m., and general business.

RHEUMATISM ALMOST KILLED HER.

For years Mrs. S. Stahlshmidt Humberstone, Ont., was a martyr to rheumatism.

"I was so stiff and lame I could scarcely walk," she writes. "An attack striking my limbs made walking impossible. Friends and doctors gave prescriptions but I only got relief from Ferrozone. I took twelve boxes and gained from the first. To-day I am well, feel stronger, weigh heavier and look the picture of health. Whether muscular or inflammatory, chronic or otherwise, Ferrozone does cure rheumatism and sciatics, 50c per box at all dealers.

Lake of Quicksilver.

A lake of quicksilver covering an area of more than three acres and having a depth ranging from 10 to 50 feet, has been discovered in the mountains of the state of Vera Cruz. The value of the product is estimated at millions. This lake has been known to the Indians for many generations. It is situated far up in the mountains, in an almost inaccessible position. Its surface is partly covered by stones. It is believed that volcanic action in the mountains above melted the quicksilver out of the cinabar ore and that it ran down and filled this depression. A tunnel will be driven through the base of the mountains, and the quicksilver will be brought down by means of gravity.

EARTH GROWING WARMER.

The earth is growing temporarily warmer is shown by the mountain glaciers. These are made by varying temperature and moisture to increase and decrease in size during periods of years that may be found to be more or less regular cycles, and a period of quite general decrease began about forty-five years ago.

FORGERIES IN SEVRES.

Forgeries in Sevres porcelain to the amount of \$3,000,000 a year are made in Paris, Berlin and other lesser cities, says an article in the London Athenaeum. While these forgeries can be most of them detected by an expert, they will deceive any usual buyer. In the case of modern articles like Delft and Sevres, where the process is all known, it is idle to imagine that even experts can always tell a forgery. Every large collection of ceramics is certain to have its forgeries.

WHEN ILLNESS COMES.

Have you ever had a remedy to alleviate pain and help till the doctor comes? A wise thing is to have right in your home a bottle of "Nervoline" which gives instant relief, and prevents disease from spreading. Nothing known for the stomach and bowels that compares with Nervoline. For cramps, indigestion, heartburn and headache, it's indispensable. For fifty years Polson's Nervoline in 25c bottles has been a family stand-by. Get it to-day.

PULLED MR. ELEPHANT'S TOOTH.

The greatest dental operation on record was performed upon an elephant in the city of Mexico. Theaching tooth was twelve inches long and fourteen inches in diameter at the root. After Mr. Elephant had been securely fastened with chains his mouth was pried open and a quantity of cocaine applied to deaden the pain. When this was done, a hole was bored through the tooth and an iron bar inserted. Then a rope was twisted around the bar and four horses attached.

FARMERS CRY FOR HELP.

Toronto Nov. 2.—In spite of the number of immigrants coming into Canada, the immigration officers are being overrun every day with farmers looking for help. One came in from East York, looking for a man and wife, and the inducements offered are above the ordinary. He promises a free house, potatoes, a quart of milk a day and all the apples for the mere picking, and an additional \$8 a week.

GOING TO CHURCH. KILLED BY TRAIN.

Windsor, Nov. 1.—A fast westbound Wabash train struck and killed Mrs. Louis Leveque, 60 years old, near Walkerville early this morning. The body was smashed almost to a pulp and was unrecognizable. She was on her way to church, and to save probably half a minute's time she attempted to run across the track. The body was hurled with terrific force against a telegraph pole.

GOLDEN WEDDING.

On Oct. 18th a very happy occasion was the golden wedding of Mr. and Mrs. Henry Lucas, London Road. About fifty guests were present including the family of six daughters and one son; also sixteen grandchildren. The esteem in which the host and hostess are held was evidenced by the beautiful gifts presented, including a hand-some purse held from the family. At half past four o'clock dinner was served and all sat down to a dainty and toothsome repast. The evening was spent in social games and dancing, the company separating at a late hour, wishing Mr. and Mrs. Lucas many happy returns.

Sunlight Soap is better than other soaps, but is best when used in the Sunlight way (follow directions).

Hard rubbing and boiling are things of the past in homes where Sunlight Soap is used as directed.

Sunlight Soap will not injure even the daintiest fabric or the hands, and the clothes will be perfectly white, woolens soft and fluffy.

The reason for this is because Sunlight Soap is absolutely pure, contains no injurious chemicals—indeed, nothing but the active, cleansing, dirt-removing properties of soap that is nothing but soap.

LEVER BROTHERS LIMITED, TORONTO

IMPROVED machinery will not, of itself, produce good flour.

You may be an excellent cook, but you cannot produce light, wholesome baking unless the flour you use be the kind that permits such results.

So in the milling; machinery alone cannot produce

ROYAL HOUSEHOLD FLOUR

out of the wrong kind of wheat any more than you can make the right kind of bread or pastry out of the wrong kind of flour.

Ogilvie's Royal Household Flour is made from hard spring wheat—a wheat that is rich in nutrient, that grinds fine and white, and produces bread and pastry that are wholesome and nourishing as well as light and crisp—it's a flour that begins to be good in the wheat fields, not in the mills.

Your grocer prefers to sell you Ogilvie's Royal Household Flour because he knows the value of a pleased customer.

Diet Not The Whole Thing.

Your table is loaded with food—digestible and wholesome, yet you never gain strength. What's the trouble? Look within and what do you find? A lazy liver, stomach overloaded with work—useless work because the bowels and liver are not sufficiently active. Relief is quickly supplied by Dr. Hamilton's Pills. They make weak folks strong by removing the cause of the weakness. Digestion improves, constipation leaves, liver takes new life, kidneys wake up—the whole system is enlivened by Dr. Hamilton's Pills. No better medicine for the sick or well, 25c at all dealers.

It is now well known that liver medicines hitherto in use mostly contain bismuth, mercury, and other harmful mineral products. These mineral constituents are very injurious if taken for long, and produce such effects as that of loosening the teeth, causing the hair to fall out, etc. Bileans are entirely different and superior. They are purely vegetable, and contain no trace of any such harmful ingredients as the above. They cure that which they are taken to cure, and do not leave behind them evils worse than the original ones.

Bileans are mild in their action, and are thus suitable for the most delicate constitution. They never cause griping or pain. Taken at night, they work while you sleep—toning up and stimulating the liver, strengthening the digestive organs, removing the cause of headache—and when you awaken it is to feel "like another person altogether," as the saying goes. Bileans cure headache, constipation, piles, liver trouble, indigestion, and all digestive disorders, female ailments, skin eruptions, biliousness, sick headache, bad taste in the mouth, foul breath, dizziness, fainting, buzzing noises in the head, feelings of uncomfortable fulness even after a light meal, anaemia, debility, etc. They also act as a general tonic, and by improving the tone of the whole system enable it to throw off colds, chills, etc. They improve the general circulation, and are a boon to pale faced girls and weak women. All druggists sell at 50 cents a box, or post free from the Bilean Co., Toronto, on receipt of price.

Good Reasons For Its Success.

The majority of catarrh remedies are useless, but one that does cure is "Catarrh-ozone." It clears the head of all mucous discharge. Putrid matter in the nostrils, phlegm in the throat, and disease germs are completely swept away. The cause of the disease is destroyed, its results are destroyed, and the system so thoroughly cleansed of catarrhal poison that cure is permanent. All types of catarrh, throat, and bronchial trouble, colds and coughs are more certainly cured by Catarrh-ozone than anything else. Two sizes, 25c and \$1.00 at all dealers.

Poultry Raising.

A great and profitable development of poultry raising as a farm industry will be an important feature of the forthcoming annual report of the Ontario Department of Agriculture.

The progress made in this branch of agricultural development during the past year is understood to have been phenomenal. The demand for information on poultry has been so great that extra and supplemental bulletins have had to be issued.

Some interesting figures not yet made public are foreshadowed in the coming report.

MANY AILMENTS—ONE CURE

All of the ailments which arise from one cause can be cured by one remedy. Dr. Shoop's Restorative will cure any disease which arises from weakness of the nervous system, and to restore the life force to the nerves and keep you living. It brings back health and strength by restoring the nerve power that makes all vital organs act properly and correctly. It even attempts to build up and renew the inside bone.

of a few immediate relatives. Mr. Geo. Colding of Bouquet acted as groomsman and Miss Maggie Campbell of Warwick attended the bride.

ENTHUSIASTIC MOTHERS.

When mothers become enthusiastic over a medicine for little ones, it is safe to say that it has high merit. Every mother who has used Baby's Own Tablets speaks strongly in praise of them, tells every other mother how much good they have done her children. Mrs. Alfred Marcouse, St. Charles, Que., says:

"I strongly advise every mother to keep Baby's Own Tablets in the house always. I have used them for teething troubles, colic and other ills of childhood and found them the most satisfactory medicine I ever tried."

These Tablets are guaranteed to contain no poisonous opiate and no harmful drug. They are equally good for the new born baby or the well grown child, and are a sure cure for all their minor ailments. Sold by medicine dealers or by mail at 25 cents a box by writing the Dr. Williams' Medicine Co., Brockville, Ont.

IT WILL PROLONG LIFE.—De Soto, the Spaniard, lost his life in the wilds of Florida, whether he went for the purpose of discovering the legendary "Fountain of perpetual youth," said to exist in that unknown country. While Dr. Thomas' Electric Oil will not perpetuate youth, it will remove the bodily pains which make the young old before their time and harass them into untimely graves.

DO NOT DELAY.—When, through debilitated digestive organs, poison finds its way into the blood, the prime consideration is to get the poison out as rapidly and as thoroughly as possible. OPERATIONS AVOIDED

pleased that I did so, for it restored me to perfect health, saving me the pain of an operation and the immense bills attending the same. Pray accept my hearty thanks and best wishes."

Miss Margaret Merkley of 275 3d Street, Milwaukee, Wis., writes:

Dear Mrs. Pinkham:—

"Loss of strength, extreme nervousness, severe shooting pains through the pelvic organs, cramps, bearing-down pains, and an irritable disposition compelled me to seek medical advice. The doctor, after making an examination, said that I had a serious female trouble and ulceration, and advised me to submit to an operation. To this I strongly objected—and I decided as a last resort to try Lydia E. Pinkham's Vegetable Compound.

"To my surprise the ulceration healed, all the bad symptoms disappeared, and I am once more strong, vigorous and well; and I cannot express my thanks for what it has done for me."

Serious feminine troubles are steadily on the increase among women—and before submitting to an operation every woman should try Lydia E. Pinkham's Vegetable Compound, and write Mrs. Pinkham, at Lynn, Mass., for advice.

For thirty years Lydia E. Pinkham's Vegetable Compound has been curing the worst forms of female complaints, all functional troubles, inflammation, ulceration, falling and displacement, weakness, irregularities, indigestion and nervous prostration. Any woman who could read the many grateful letters on file in Mrs. Pinkham's office would be convinced of the efficiency of her advice and Lydia E. Pinkham's Vegetable Compound.
