VOL. XXXVIII.—No. 13,603 TWO CENTS

NO ELECTION IN ONTARIO UNTIL AFTER THE WAR Conditions in Germany Declared to Resemble Those in Russia

GOVERNMENT CREATES A WAR PURCHASING BOARD TO ACT FOR ALL DEPARTMENTS

Will Have Direction of Licenses for Export and Import and Supervise Industrial and Commercial Enterprises.

Ottawa, Feb. 7.—The government has decided to create a war purchasing board, the members of which will be drawn from the various departments.

The executive of the labor organizations was asked to nominate a representative of labor.

- 1 To have direction of licenses for export and to make recommendations with regard thereto. 2 To have direction of licenses for import and of applications to the proper authorities of exporting countries for permit to export to Canada and to make recommendations with regard thereto.

6 To consider and recommend methods of curtailing or prohibiting the use of fuel or electrical energy in the less essential industries.

7 To direct priority in the distribution of fuel, electrical energy, raw materials and partially finished products.

8 To investigate generally conditions of trade, industry and production (except food production), and to make recommendations with regard thereto.

9 To work in co-operation with the Canadian war mission at Washington and thru that mission or otherwise to co-operate with the war trade board of the United States or other bodies constituted for the like purpose with a view to securing the most effective unity of action by the two countries for war purposes.

Department to Co-operate. It is provided that any department of the government may attach to the board such of its officers as may be deemed advisable.

The board is to co-operate with the several departments of the government in any matter requiring common or united action, and each department is to assist and co-operate with the board and its officers.

The order-in-council creating the board also contains a proviso that nothing therein shall take away or affect the powers of the food controller.

WAR PURCHASING BOARD TO ACT FOR ALL DEPARTMENTS

Order-in-Council Passed Extending the Functions of Commission.

STOPS PATRONAGE Tenders Must Be Called for and the Contract Given to Lowest Bidder.

Ottawa, Feb. 7.—An order-in-council, passed today, extends the functions of the war purchasing commission to purchase for all departments of the government, whether connected with the prosecution of the war or otherwise.

The war purchasing commission are required to report with all possible expedition to the governor-in-council their recommendations for dealing with exceptional cases.

A report from the premier, on which the order-in-council is based, expresses the opinion that the functions of the war purchasing commission created in 1915 may with advantage be extended to all departments of the government.

The prime minister observes that the establishment of the war purchasing commission "has resulted in a very great saving of public moneys as well as in the abolition of patronage in respect of purchases for the war."

Provision is made that no contract or purchase shall be made by the commission, or under its authority, except for goods or articles included in estimates or requisitions received by the commission from a department or departments or from the senate or house of commons.

The commission is to keep a systematic record of all business transacted and to make an annual report to the governor-in-council containing a statement of all contracts and purchases made.

TUSCANIA DEATH LIST HUNDRED AND THIRTEEN Figure is Not Final and Hopes are Held Out for More Survivors.

Washington, Feb. 7.—Latest official advices to the war department tonight accounted for all except 113 of the 215 American soldiers who were on board the British liner Tuscania when a submarine sent her down Tuesday night off the Irish coast.

This figure was not final and high hopes that the loss of life would prove much smaller were built upon cables from press dispatches saying just 101 men, most of them members of the crew, were missing among the entire force of soldiers, sailors and passengers.

FUEL CONTROLLER GIVES HIS REASONS Why Three-Day Shut-Down in Central Canada Was Necessary.

Ottawa, Feb. 7.—The following statement was issued this evening from the office of the fuel controller:

"On the eve of the period of heatless days, I desire to address a word to the citizens of that portion of Canada affected by these regulations, which, in fact, that part of Canada depending entirely upon the United States for its coal supply.

"The recent cold weather and snow-storms have created a most difficult situation. Eastern Canada's coal consumption has been greater than ever in her history.

"Fuel conservation has now developed into an absolute necessity. All round the ten per cent saving in fuel consumption, which has been effected, might easily be the means of saving the situation entirely.

"I would particularly urge retail establishments to adhere to the regulations in a broad and loyal spirit.

"An appeal is also made to the banks and other financial institutions affected by the regulations to comply loyally. What the regulation is intended to require is that there shall be no consumption of coal more than is necessary to furnish Sunday heat in that part of banks and other financial institutions where promissory notes and other negotiable instruments fall due.

"In conclusion, I appeal to all classes to rigidly observe the three heatless days commencing on Saturday next. Fuel conservation is the main object. If anyone is in doubt as to the correct meaning of these regulations, let him put the widest interpretation on them to fit his own case.

British Continue Bombing Of Targets in German Lines London, Feb. 7.—An official announcement dealing with aerial operations issued tonight follows:

"More than a ton of bombs was dropped Wednesday on various targets behind the enemy's lines. Two hostile machines were downed in the air fighting. Two of our machines are missing."

VALUABLE HORSES MISAPPROPRIATED, STATES W. SMITH

Deliberately choosing his words, Wm. Smith, M.P., president of the Ontario Horse Society, made the charge at the annual meeting in the Carlton Hotel last night.

Ontario Horse Society Presented Animals With Equipment to the Military. ARE STILL IN CANADA Efforts to Find Out What Was Done With Animals Have Proved Unavailing.

Deliberately choosing his words, Wm. Smith, M.P., president of the Ontario Horse Society, made the charge at the annual meeting in the Carlton Hotel last night.

It developed that the Ontario Horse Society had collected 16 splendid riding horses and 4 heavy draft horses and had made a gift of the lot two or three years ago on the understanding that they would be sent to France with equipment direct.

President Smith gave it as his opinion that the heavy tractor for use on the farms might shortly be a thing of the past.

Members were desirous of further efforts being made to secure purchases of any address in the United States and a motion was made by Jno. Gardhouse empowering the president to select his own committee and furnish an interview the ministers of militia and finance with regard to the matter.

Bakers May Keep Open Until Noon on Saturday and Monday Commissioner Harris issued the following statement last night:

"Some irresponsible individual yesterday afternoon circulated a rumor that the bakers of the city would be compelled to close under the recent fuel order. This is absolutely incorrect and the great need of the hour is to base such a false statement.

"The bakers can carry on business as usual but not sell from their stores after 12 noon on both Saturday and Monday. I regret that such irresponsible people are not amenable to the law."

Powder Factory Blows Up Near Barmen, Rhenish Prussia London, Feb. 7.—A despatch from Oldenzaal, Holland, to Reuters' Ltd., says that an explosion has occurred in a powder factory at Volwinkel, near Barmen, Rhenish Prussia. Many persons were killed or injured in the explosion.

WILL LOAD NO FREIGHT EXCEPT FOOD FOR ALLIES

Canadian Railway War Board Issues Edict to Be Observed on Heatless Days—Slashing Reduction in Passenger Service.

Montreal, Feb. 7.—Slashing reductions in passenger service on Canadian railways, and an edict under which the railways will load no freight except food for the allies and fuel on the "heatless" 8th, 10th and 11th were features of today's session of the Canadian railway war board.

No freight, except food for the allies and fuel, will be loaded on any Canadian railway on the "heatless" days. Freight already loaded will move as usual, but during the period when Canadian factories and other producers are idle because of the fuel controller's order, the railway companies will not make up any new trains.

It was also decided that the Canadian railway war board will slash passenger service to a minimum during the heatless days.

Rev. Peter Bryce Adopts New Method of Relieving Distress in District. The coal situation in the Earlescourt and Fairbank districts has reached such an acute stage that the various organizations are now unable to cope with the demands for fuel and the cases of distress are being multiplied to an alarming extent.

Rev. Peter Bryce, pastor of Central Methodist Church, Ascutt avenue, outlined a plan of campaign yesterday, which he will immediately adopt to help and relieve the people who are sick and suffering from cold.

"I will hire teams and send them to any part of the city where the charcoal is piled up, and I will have a bag of coal or wood," said Mr. Bryce, "and the coal will be immediately delivered to the most needy cases. If citizens in any part of Toronto will telephone my office, Junction 2742, a team will be sent at once. By this means at least a portion of the distress will be relieved."

PRIME MINISTER ACCEPTS SUGGESTION MADE BY THE LEADER OF THE OPPOSITION AND LEGISLATURE SHOWS ITS APPROVAL.

There will be no election in Ontario until a reasonable period has elapsed after the conclusion of the war. This was suggested by William Proudfoot, leader of the opposition, and accepted by Premier Sir William Hearst at yesterday's sitting of the Ontario Legislature. It came as a big surprise not only to the visitors in the galleries, but to many of the members, and was the result of a determination freely expressed on both sides that every effort of the province should be directed to war purposes.

The day was marked by a strong spirit of unity and many touching references were made to the gallant services which the Canadians are rendering on the battlefields of Europe. The premier, in answer to the proposal, said he had no doubt but that the details of such legislation could be amicably arranged.

Features of the debate included Mr. Proudfoot's suggestions that allies be used on government lands under the direction of returned soldiers to further production, and the appeal which Premier Hearst made to students and college girls to help in the fields during the coming season as they had done last year. The need for greater effort in producing food was emphasized by both leaders.

Hartley H. Dewar, Southwest Toronto, proposed union government for Ontario and reminded the house that the motion question was still a live issue, and Mr. Forbes Godfrey, West York, explained the need for government action in caring for the feeble-minded as well as increasing the power of the department of public health. He would even go so far as to abolish the Ontario license board and devote some of the money saved to the health department. More strict marriage laws were also urged.

Eulogy of the present administration mingled with slight criticism characterized Senator Cartier's (South Wellington) address, and he called for unity of purpose in anything that (Concluded on Page 3, Column 5).

ENEMY CONDITIONS RESEMBLE RUSSIAN Extensive Fraud Begins to Permeate All Classes of German Society.

Amsterdam, Feb. 7.—The clandestine traffic in Germany with all kinds of foodstuffs and materials, in which hundreds of thousands of persons have been engaged, has reached a point that necessitates new and the most stringent of legislation, according to the memorial to a draft bill which will soon be introduced in the bundesrat. The punishment proposed will be imprisonment in all cases of conviction, with additional fines up to 100,000 marks, and confiscation of the goods.

An article by ex-Deputy Pothoff, in the periodical, Die Hilfe, says that corruption of employees, peculation and downright theft, are rampant, even in the official world, and "a state of affairs exists which in many respects painfully resembles conditions in Russia."

### AFLOAT TWO HOURS AFTER TORPEDOING

#### Many Tuscania Survivors Jumped Overboard After Explosion.

#### SUFFER FROM COLD

#### Patrol Boats Speedily Pick Up Survivors—Many Go to Hospital.

London, Feb. 7.—The Tuscania remained afloat for two hours after being torpedoed.

The condition of some of the survivors was pitiable.

Many had cast aside all their clothes and had been swimming about for two hours before being rescued.

The first survivors were landed at 4.30 o'clock Wednesday morning.

From then until seven a.m. many patrol boats arrived, each bringing a full complement of survivors.

Thos. Smith of Glasgow, boat-swain's mate, says the torpedo struck at 5.45 p.m. Many soldiers jumped overboard.

Smith launched a raft and picked up 15 who were swimming. They had no suits and had to paddle with their hands.

Missing at Noon.

At noon today the number missing from the Tuscania was 101, according to unofficial reports. A majority of these were members of the crew.

Three men died from exposure in one boat.

One of the men, who swam about for two hours before he was rescued, jokingly said he had had enough swimming to satisfy him for the rest of his life.

There was sufficient time for the removal of all those on board; the Tuscania, as she remained afloat, about two hours after being torpedoed.

The admiral announced late this afternoon that ten more survivors had reached a Scottish port.

Survivors report that two torpedoes were fired. The first passed just astern of the vessel. The second struck in the vicinity of No. 1 boiler.

The soldiers lined up and while standing at attention as one man, began to sing "My Country 'Tis of Thee."

"The Star Spangled Banner."

The crew, which lined up on the opposite side, sang "God Save the King."

The behavior of the greater part of the soldiers and members of the crew was splendid. A few of them became excited, hindering the lowering of the boats. In some cases the entire crews were thrown out while the boats were being lowered. Other boats were let down hurriedly on men who were swimming around the liner.

Many casualties were occasioned in this way.

Good Example of Women.

A Londoner's despatch says: Proof of the order which prevailed on the Tuscania is given by the landing of two typhoid and two pneumonia cases without bad effects.

Forty of the survivors were taken to hospitals. In the majority of cases they are suffering from injuries as a result of accidents in the lowering of lifeboats or the consequence of sliding down ropes.

The survivors are proud of the behavior of the only two women on the Tuscania. They dived down a rope in fine style, laughing.

The Tuscania was one of a convoy of troop and provision ships which, after a long passage across the Atlantic, was entering what until recently were considered comparatively safe waters.

The ship was struck within sight of land, which was just distinguishable in the dusk of evening, when a torpedo hit the Tuscania amidships.

According to Thomas Smith of Glasgow, a boat-swain's mate on the Tuscania, the steamer was proceeding to an English port under command of an English captain.

All the medical men of the British Expeditionary Force, including the second officer of the Tuscania, were landed at a Scottish port. The majority of the missing were members of the crew.

Troops on Board.

Washington, Feb. 7.—The troops aboard the Tuscania were mainly former Michigan and Wisconsin National Guardsmen attached to the 32nd division training at Camp McArthur, Texas.

The list reads: 10th Engineer Regiment, composed of the First Battalion of Michigan Engineers, and the First Battalion of Wisconsin Engineers (this organization is distinct from the 10th Engineer Regiment); headquarters company and companies D, E and F of the 30th Engineers, comprising the 50th Battalion of the twentieth, and is one of the most recently specially organized, for work in France; 10th Military Police, 10th Supply Train, 10th Aero Squadron, 15th Aero Squadron, 21st Aero Squadron, replacement detachments numbers 1 and 2, of the 32nd division; 51 casual officers.

FOUND DEAD IN BED.

Special to The Toronto World.

Windsor, Feb. 7.—Heart failure is believed to have caused the death of Frederick Kirsh, aged 66, a retired farmer of Sandwich East Township, today. He was found dead in his bed at Lakeview Hotel when his daughter tried to arouse him for breakfast.

SMALLPOX OUTBREAK CHECKED.

Special to The Toronto World.

Chatham, Feb. 7.—As a result of the compulsory vaccination measure ordered by the city council, the outbreak of smallpox which was discovered in Ursuline Convent yesterday has been checked. Dr. T. L. McFitchie, M.O.H., stated today that no new cases had been reported.

### SEARCH FOR SPIES ON NEUTRAL SHIP

#### Even Toilet Preparations Seized to Prevent Invisible Ink.

An Atlantic Port, Feb. 7.—For the first time in the history of this port a search on board an arriving passenger ship in transatlantic service was conducted today when the Nieuw Amsterdam of the Holland-America Line, reached her dock here. Federal authorities in charge declined to recognize customs and barred zone passes at the pier where the Nieuw Amsterdam was berthed, and an examination, which may not be concluded until tomorrow, was begun of the passengers and their baggage.

The ship was the first neutral one to arrive in America since the European war started that had not been subjected to a search, such as today's, either at Halifax or at Kirkwall.

All letters found in passengers' and crews' possession are being seized. These are being placed in envelopes, sealed, and turned over to American censors for examination.

Passengers leaving the steamer said the government authorities, in addition to examining their baggage and taking possession of all letters and printed documents, seized all their toilet preparations, including talcum powder, shaving lotions and the like. It was understood this was done to prevent a possible "spy" talker ashore with him disguised chemicals which could be used to bring out invisible ink.

### BOATS CAPSIZED DROWNING MANY

#### Second Torpedo Fired Missed Tuscania—Steamer Listed Heavily.

An Irish Port, Feb. 7.—At an early hour yesterday morning, in survivors including troops and members of the crew of the torpedoed Tuscania, were landed at this port.

The Tuscania was in sight of the Irish coast when a torpedo struck the liner full amidships. The track of another torpedo was immediately seen, and it was noticed astern. Without panic and in splendid order the men reached the boat stations, but the work of lowering the boats was hampered by the tremendous list of the liner. One or two of the first series of boats were capsized while being lowered. After their occupants had been thrown into the water other boats were let down right on top of them and it is feared several men lost their lives in this way.

The work of rescuing the men from the water was carried out by boats from the escorting vessels and patrols called to the scene.

On the arrival of the survivors here many were removed to hospitals, but a great majority of the men were lodged in hotels, where hot meals were served to them by volunteers under the auspices of the Sailors' Society. The soldiers were also fitted out with warm clothing and given other comforts.

There were many pitiable scenes, a number of the men being on the verge of collapse from shock and uncertainty as to the fate of their comrades. They soon recovered, however, and treated their experience with wonderful indifference.

### COL. GREGORY MARRIED

#### Ceremony Performed at the Beside of the Bridegroom.

Leamington, Feb. 7.—Col. W. T. Gregory, one of Leamington's best-known residents, was quietly married last night, his bride being Miss Constance Huffman, daughter of Mr. Alfred Huffman. The ceremony was performed by Rev. J. S. Leckie at the bedside of the groom, who has been seriously ill for the past week. Only the immediate relatives of the bride were present. The bridesmaids were Annie, elder sister of Mrs. Gregory, and Miss Wheeler, of London.

### LIVERPOOLS IN RAID.

London, Feb. 7.—"Liverpool troops carried out a successful raid last night east of Arras, capturing several prisoners and machine guns," says today's war office report. "Our casualties were light."

### COAST LEGISLATURE HAS BIG PROGRAM

#### Bills Dealing With Working Conditions in Government Legislation.

#### TREATMENT OF ORES

#### King's Speech Congratulates Mrs. Ralph Smith on Her Election.

Victoria, Feb. 7.—The second session of the fourteenth legislature of British Columbia was formally opened at 3 o'clock this afternoon by Sir Frank Bernard, lieutenant-governor.

John Keen, the veteran member for Kootenai, was elected speaker in succession to J. W. Weart, of Vancouver, who resigned. The first woman to sit in the house as a member was present in the person of Mrs. Ralph Smith, elected in the recent Vancouver by-election.

After the formal opening today the house adjourned until Monday. The King's speech in announcing that the government is securing the services of an expert to advise on the electro-thermic treatment of iron ores added that measures "for the encouragement of the iron and steel industries" will be presented to the house.

Other government legislation mentioned includes bills dealing with working conditions, the eight hour day and wages in certain industries; for the furnishing of seed grain to farmers; to exempt property of soldiers and sailors overseas from sale for unpaid provincial taxes; to provide for the care of neglected and destitute children; to deal with the production of spruce for airplane construction; dealing with the conservation of existing productive irrigation areas and the development of new areas; to devise ways and means of caring for soldiers mentally or physically afflicted in co-operation with the federal authorities.

Dealing with the election of Mrs. Smith it is declared that her election was a "fitting tribute and recognition of the rights of women to take part in the affairs of the country."

### ECONOMY AND PRODUCTION

#### Keynotes of Speech from Throne at Opening of Alberta House.

Edmonton, Feb. 7.—Economy and greater production are the keynotes of the speech from the throne delivered today by Lieut. Governor Brett at the opening of the legislature of the Province of Alberta. The speech dealt with the appeal that will be made for greater production of foodstuffs with a lessening consumption of home.

A measure of public service reform will be laid before the legislature in order to effect a "better organization of the different departments of the service at a lower cost of administration."

While not believing that it would be a provincial undertaking the government will be asked to devise some system of taxation for the Canadian patriotic fund that will distribute the burden equitably.

The estimates for the coming year have been prepared with due regard to economy and requirements of the public service.

## Save the Gas

Gas consumers are earnestly requested not to allow any waste of gas.

The coal situation may continue to be serious for some time to come.

In consequence, hundreds of citizens will be requiring a supply of gas for heating purposes.

Added to the present unprecedented demand, this will tax the Company's resources.

Consumers can aid greatly in relieving the situation by seeing that the gas is not wasted.

Keep gas burners of all kinds in a clean and well-regulated condition.

Turn off all gas burner taps immediately after you are through using the gas.

Whenever desired the Company will send a man to clean and regulate Residence Gas Lighting Burners FREE OF CHARGE.

### DOMINION SHOULD INSURE DRAFTEES

Controller McBride's Motion, to Send Petition to Government Carries.

### TAXES MUST BE PAID

Wellesley Hospital Owes Two Years' Taxes to City.

Controller McBride moved at the board of control meeting yesterday that the Dominion Government be memorialized to insure all "draftees."

He presented a letter from a widow, whose sole surviving relative is her son. He was granted exemption in May 15, but rather than be conscripted had enlisted voluntarily.

This woman's son should be insured, said the controller. "If the city cannot do it the government should."

It was decided to sue the Wellesley Hospital for its 1916-1917 taxes, amounting to \$7000, if they are not paid shortly.

The hospital claimed that it was not liable to assessment. "Send a collector around to get the money," said Controller McBride. "If there were an ordinary widow washerwoman we would have a bailiff after her in no time."

City Solicitor Johnson stated that in his opinion the hospital was liable for taxation. Mayor Church opposed the proposition to collect from the hospital, but he was voted down.

City Appeals Decision. D. Littlefield, manager of the Canadian Oil Company, who owns the gasoline filling station at the corner of Bloor street and Delaware avenue, appeared to explain the position of his firm following the decision of Magistrate Kingsford on Tuesday.

The magistrate ruled that the station could be operated until the license was legally revoked.

The chief opposition seems to be to our building," said Mr. Littlefield. "We are willing to erect a substantial building if desired."

If the people in the neighborhood withdraw their objections, I will withdraw mine," said Controller McBride. "The building is promised to bring in a fully signed petition, but he was informed that the city would appeal from the decision of the police magistrate."

The amended clause, reducing the penalty asked from the Toronto Street Railway Company from \$50,000 to \$1000 a day, passed the board unanimously.

School Investigation Discussed. Controller McBride tried to have the by-laws amended so that the works commissioner could not purchase machinery from contractors without calling for competitive tenders.

"I would not favor changing the by-laws," said Mr. Harris. "But I am willing to follow out the suggestion."

The civic officials will report on Monday to the advisory committee, counting the proposed investigation into the building department of the board of education. Mr. Bradshaw asked that \$10,000 be put in the estimates to cover the expense.

### FAMILY IS DESTITUTE

Husband and Father Ill, While Wife and Seven Children Suffer Cold and Hunger.

The attention of Chief Constable Gnesset has been directed by one of the divisional inspectors to the case of a family consisting of husband and wife and seven children who are destitute.

The husband is undergoing a series of operations and his family are in terrible circumstances. When the inspector visited the house he found there was no fuel of any kind in the place and very little food.

All of the water pipes were frozen. The woman has no money and owes rent for four months, amounting to \$120, and has been ordered by the landlord to vacate the premises.

The chief constable has authorized his deputy to receive contributions to alleviate the distress of the family.

### TO MEET TORONTO MEMBERS.

The board of control will meet this morning at two o'clock in the provincial parliament buildings to discuss the city's proposed legislation.

At three o'clock they will meet in the city council chamber to discuss Ald. Ball's motion regarding the assessment of improved lands.

### WHAT BRADSHAW SAYS—GOES.

"Ask Mr. Bradshaw," said the mayor yesterday when the board of control dealt with the recommendation of the works commissioner that \$5000 be spent on the reconstruction of the roadway near the Dundas street bridge.

"No, no, no," said Mr. Bradshaw, "the item was struck out."

### DRUG STORES MUST OBEY FUEL ORDER

Will Not Be Allowed to Sell Sundries Over the Week-End.

### UNIVERSITIES CLOSE

Museum Locks its Doors for the Remainder of Winter.

Drug stores which have been advertising "business as usual" over the heaviest week-end, and which have been counting on selling candy, rubber goods, tobacco, cigars, cigarettes, etc., on Saturday and Monday, are due for a shock.

R. C. Harris, fuel controller for Ontario, announced last night that drug stores could remain open only for the sale of drugs. In other words, Saturday, Sunday and Monday will be a three-day Sabbath for them.

A number of the drug stores displayed large advertisements in the evening papers stating that they were immune from the fuel closing down order, but they all received messages last night telling them that they could only sell drugs on the heaviest days.

Although the city hall will be closed on Saturday and Monday, the police court will be held as usual. Deputy Chief Archibald stated yesterday. Instructions have been given, however, to the police inspectors that no summonses are to be issued for Monday afternoon's police court, so that Magistrate Cohen will only have to come in long enough to extend a further remand to such cases as were remanded until that day.

Fuel Controllers Differ. Deputy Fuel Controller Peterson has ruled that barber shops may remain open on Saturday. This is in direct contravention of the ruling previously made by R. C. Harris, the provincial controller.

Stationery shops where the chief business is selling newspapers may remain open for that purpose, said Mr. Harris, but stores who only sell a few papers as a sideline must close.

The banks, it is understood, are not inclined to fall in line with the order, but Mr. Harris stated definitely yesterday that they must suspend normal business activities. Only one official may be kept at each branch to accept payment of bills of exchange falling due on Saturday or Monday.

"Radio Tapes" at the Hall. The city hall will close, and the meeting of the city council scheduled for that date will have to be postponed until Tuesday. According to law the city council must meet on Monday, but it will only be necessary for the city clerk to enter the chamber, discover that there is no quorum present, and then declare the meeting adjourned until the following day.

The university received word yesterday ordering it to shut down over the week-end.

The museum on Bloor street will remain closed for the rest of the winter. The trustees came to this decision yesterday, and they had previously decided to close down for five days a week.

### STANDARD PENSION BASED ON SALARIES

Commissioner Bradshaw's Recommendation Regarding Firemen's Pension Fund.

#### NO SLIDING SCALE

Second Report Would Make Benefits Fair for All Ranks of Force.

Finance Commissioner Bradshaw has completed his second actuarial report on the financial condition of the firemen's benefit fund, and presented it to the board of control yesterday.

Pending the drafting of a new by-law in connection with the general administration of the fund, action was withheld by the controllers until a special meeting, which will be called at an early date. The recommendation agreed upon by the controllers at this meeting will be dealt with by a special meeting of the city council.

Three general recommendations for placing the fund on a sound basis are made by Mr. Bradshaw. They differ substantially from his former recommendations and are as follows:

1. To continue the present annual contributions; namely, \$8750 by the city, and five per cent of the salaries by the men, and to reduce the benefits by 40 per cent; or

2. The city to assume \$320,563 of the present deficit of \$415,025 in the fund, and the members \$84,466. This could be effected by the city increasing its annual grant from \$8750 to \$27,300 for the next thirty years, and the members increasing their contributions to seven per cent of their salaries; or

3. The city to assume \$202,480 of the deficit of \$415,025 in the fund, and the members \$112,545. This could be done by the city increasing its annual grant from \$8750 to \$20,600 for the next thirty years, and the members increasing their contributions from five per cent to nine and one-half per cent of their salaries.

Retain Present Pension Scale. Mr. Bradshaw recommends that a standard scale of pension be adopted for all ranks, based on one-half the salaries at present paid to the force. He would not allow a sliding scale of pensions, according to general salary increases during the period which has been done in the past.

For instance, the pension for district chiefs, who now receive a salary of \$2200 a year, would be \$1100 a year. Any man in the future the salaries of district chiefs may be raised to \$3000.

The reasons for the unsound condition of the fund, Mr. Bradshaw summarizes as follows: Excessive benefits for the small contributions made by the members. Granting of pensions, allowances, which were absolutely unjustifiable.

Increasing of pensions and other benefits from time to time without a corresponding increase in contributions.

Pay in \$25,000. Set \$70,000. "Four years ago," says the report, "there were only 15 pensioners drawing \$5,176 annually, now there are 22 drawing no less than \$2,361 annually. This is more than three times the amount payable in 1914."

### JAIL FARM COSTS ALMOST DOUBLED

Property Department Estimates Are \$112,000 Over Last Year's Figure.

### MORE THAN A MILLION

Don Jail Estimates Also Jump Nine Thousand Dollars.

The estimates of the property department for the year 1918 total \$1,002,781.67, an increase of \$112,336.67 over last year's figures, which were \$890,445. The actual expenditures of the department during 1917 amounted to \$954,321. The summary of expenditures provided for, all of which are maintenance charges, are as follows:

1918	1917	
Fire halls	\$14,502.72	\$ 9,993
Police stations	2,865	501
Public halls	3,200	3,155
Registry office	18,215	9,150
Public baths, etc.	32,858	27,913
Laboratories	32,544	27,998
City garage, etc.	54,064	45,000
Markets	53,115	43,822
City hall	38,721	54,709
Men's industrial farm	30,057	44,900
Women's industrial farm	14,982	17,270
Employment bureau	2,487	3,106
Civic auditorium	141,559.67	197,405
Lighting	371,026	308,143
Miscellaneous	82,417	68,265
Total	\$1,002,781.67	\$890,445

The estimates for the jail also show an increase of nearly \$9000. For 1918 they amount to \$29,000, while last year they were \$20,100. The actual expenditures for 1917 were \$23,195. Some of the items on the jail estimates which account for the large increase are: Coal, \$5000, as against \$1000; salaries, \$1500, as against \$1250; bread, \$2000, as against \$1200; guards' uniforms, not provided for last year, total up \$300.

In the appropriations for the city garage five new Ford cars, costing \$2875, and one large car, costing \$4500, are asked for. These are to replace cars worn out in service.

St. Lawrence market will cost \$134,654 this year as against \$114,677 appropriated last year. The other markets show proportionate increases.

Architect's Figures Lower. The industrial farms are asking big increases in appropriation. At the men's farm the main items are as follows:

Salaries	1918	1917
Food	\$20,800	\$14,700
Horses, cattle, etc.	16,425	11,000
Seed grain	10,100	3,200
Buildings and repairs	2,700	1,265
Pairs	7,705	2,700
The women's farm estimates show a decrease. Last year they included \$2550 for furnishings for new buildings.		
Under miscellaneous are included: Salaries, \$30,587, and \$15,005 for the J. F. Brown arbitration.		
The city architect's estimates amount to \$15,710. Last year they were \$83,919.		

### MUST PREVENT FREEZING.

The Canadian Fire Underwriters' Association states that as permission has been given by the government to heat premises sufficiently to prevent freezing, this means that buildings must be heated sufficiently to keep the sprinkler systems, tanks, pumps, etc., in continuous commission. They further state that a regular fireman's service must be maintained day and night except where a supervisory system or other alarm connection has been accepted in lieu thereof. This notice is being sent out to all the big manufacturing plants, on account of the fact that during the New York "shut down" order many sprinkler systems were allowed to freeze, and had there been any outbreak of fire, the loss would have been a heavy one.

### To Owners and Managers of Buildings Equipped with AUTOMATIC SPRINKLERS FUEL SAVING SHUT DOWN

That there may be no misunderstanding of the application of the Fuel Controller's recent Order as regards maintenance of Fire Protection systems in the form of AUTOMATIC SPRINKLER EQUIPMENTS, we quote from the official text of the Government's Order as follows:

"On the following days, namely February 8th, 9th, 10th and 11th, 1918, no manufacturer or manufacturing plant shall, except to such an extent as is essential to PREVENT INJURY TO PROPERTY FROM FREEZING, burn coal or use power derived from coal for any purposes, with the following exceptions:

Buildings must be heated sufficiently to keep sprinkler systems, tanks, pumps, etc., in continuous commission. Regular watchman's service must be maintained day and night, except where supervisory system or other alarm connection has been accepted in lieu thereof. If there is any impairment of your fire protection, NOTIFY THIS ASSOCIATION AT ONCE.

# Single Pinks Toronto Club Wins Five Lakeview Lands Governor-General's Prize Hockey League Scores

## R. B. RICE SCORED THREE ON EXTRA END

### Fifteen Games Decided on Opening Night of Single Rink Competition.

Queen City and Lakeview suffered most in the casual rink competition, losing four of the single-rink competition, losing four rinks each, or more than half of the 15 games. High Park and Aberdeen had two defeats, and Toronto Granites and West Toronto one each. The Toronto Club came thru with five wins, Queen City three, Lakeview and Granites two each, and High Park, Aberdeen and West Toronto one apiece.

There were several close contests, including the incident when R. B. Rice of Queen City bested Frank Scott of Lakeview by scoring three shots on the extra end. The new man in high park colors, change and now in High Park colors, knocked out the promising Queen City team, skipped by Dr. Peaker. Dr. Peaker, the latter being an absentee owing to illness. The new man in high park colors, with Bill Scott moving down to third and Wright still leading.

Charlie Snow's star, after winning the Governor-General's Prize at the Granites in the afternoon, went out to High Park and beat a home quartet 19 to 5, finishing the game early this morning.

## The Capt.'s Trophies Decided Heaters

Sporting Editor World: Whatever may be the attitude of people in Canada toward the continuance of sports during war-time, there are undoubtedly many Canadian sportsmen overseas who are still keenly interested in the progress of the home sports in which they formerly participated.

A case in point is to be found in connection with the bonspiel at Agincourt which was held on the 4th, 5th and 6th of this month. Scarborough Township has many sportsmen overseas, and since the beginning of the war has been faithfully devoted to work. The Heather Club of Agincourt decided that they would not hold a bonspiel this year, for trophies could be much better used for patriotic purposes. To their surprise and gratification, a set of trophies arrived direct from France, being the gift of Captain G. B. Little, who consisted of four empty shell cases, French 75's which had been fired in battle, and which were presented to the members of the winning rink.

Each case was handsomely and appropriately engraved, and in the engraving was much of the interest of these unusual long, curved stems, faced each other from either side of the curler, and between the stems was the figure of a curler in Scotch bonnet, holding his broom, and in the act of delivering a stone. At the upper end were engraved the words, "Agincourt, 1918," and at the base: "Presented by Captain G. B. Little, W.O."

The engraving was the work of a wounded and crippled French soldier, who had never seen nor heard of the game of curling. Captain Little posed for the figure of the curler, and found means of indicating to the engraver the shape and appearance of the stone.

The receipt of the trophies decided the Heather Club to proceed with their bonspiel and to use the money for the purchase of soldiers' comforts. The result of the bonspiel was given in yesterday's World.

## LAKEVIEW LANDS GOV.-GEN.'S PRIZE IN JUNIOR GROUPS

### Defeating Lindsay by One Shot and Doubling Score on Detroit.

President A. W. Holmes of the Lakeview Curling Club received many congratulations last evening on the occasion of the Governor-General's prize being landed by the Harrison street rink, Lakeview, defeated Lindsay in the semi-final by one shot, the losers allowing a penalty of four shots, as Little was forced to play one man short. The Lakeview rink displayed their calibre in the final when they ran away from Detroit, doubling the score. Both games were played at the Grand rink.

## BONSPIEL ON HEATLESS DAYS

Kingston, Feb. 7.—The curlers are happy over the closing down of places of business. They will spend two days in the curling rink, where the heatless days do not interfere with pleasure, and have arranged for a big bonspiel.

## Mrs. Hurd Reaches Final at Pinehurst

Pinehurst, N. C., Feb. 7.—Mrs. Dorothy Campbell Hurd, of Pittsburgh, and Mrs. D. Armstrong, of Buffalo, came through the semi-finals here today in the women's curling rink tournament. This is the first time in the final of the women's curling rink tournament. The Heather Club of Agincourt, defeated Miss Pauline Stewart, of New York, nine and seven, today. Mrs. Armstrong beat Mrs. D. Chapman, of Greenwich, two and one.

## CHANGE IN DATES OF HEXATHLON EVENTS

Notice is hereby given to the athletes of Central Y.M.C.A. that on account of the physical activities being closed in accordance with the federal orders on Saturday and Monday, the hexathlon and other contests will not be held this Saturday, but the events scheduled for that day, viz. 60 yard potato race, shot put and high jump, will be run off on Thursday next, the 14th, at 9.30, and the other events, the 220 yards potato race, broad jump and the fence vault will be held on Saturday, the 16th, at 2.30, as scheduled. It is expected every athlete will change his plans and be out to help in this annual team competition.

## WILL IRON OUT TROUBLES

Chicago, Feb. 7.—Grover Cleveland Alexander will play the Chicago National League team next season and any grievances he may have against the club will be adjusted by the pitcher's satisfaction. President Weegman declared today, in reply to Alexander's statement that he must have a year's bonus and a salary of \$12,000, that "Nothing but war will keep Alexander out of the game," said Weegman. "Bonus, salary and any other matter will be ironed out by his satisfaction."

## MILITARY LEAGUE STAGE TWO BATTLES

### Down to the Semi-Finals—Battery and Battalion Teams Are Winners.

The military hockey league is down to the semi-finals. Two games were staged at the Arena last night and provided two teams for the semi-finals. Hamilton failed to appear to tackle the Ottawa out-lets, and went into the semi-finals thru the default.

Second Battalion, 1st C. O. R., had little trouble in downing the Base Hospital. With many former C. O. R. players on their roster the battalion team won easily by the score of 10 to 2. Macey, a former star of the Midland seniors and interne, was the star for the winners. He scored four of the six goals secured by the battalion. The Base Hospital were unable to bulge the net.

The second fixture between the 69th Battery and the Machine Gun Corps was a hard battle, but only to have the rapid-firers in the closing round. Cecil Hill, late of Crescents, and Boyle, a former Aurora Lee player, were good for the winners.

The semi-finals will be staged on Tuesday afternoon and the finals likely on Thursday. The military league will be pitted against Brampton in the second round. The O. H. A. Intermediate series. The teams:

Base Hospital (9), 2nd Battalion (9), 1st Battalion (9), 69th Battery (9), Machine Gun Corps (9), 2nd Batt. G.O.R. (9), Base Hospital (9).

## SENATORS EXPECT TO WIN SECOND SERIES

Ottawa, Feb. 7.—Ottawa's chances of capturing the second half of the National Hockey Association schedule are set forth by Tommy Gorman of The Citizen as follows:

"As a result of their victory over Canadians last night, the Ottawa are now in a position on the dash for the championship. The Ottawa will get a defeat or a draw in the first game, which will still leave Ottawa ahead. If Eddie Green and his Senators could get away with a win in Toronto next Monday and then repeat over the blue shirt next Wednesday night here, all would certainly be serene. They may look for two or three more games from the blue shirt, but will require to get at least an even break from Charlie Querrel's men if they are to stay up with the leaders. They are showing flashes of magnificent hockey last night, and they continue to furnish it in that line they will certainly be right up there when the championship spoils are divided."

Continuing, he says: "The fact that the Ottawa substitution all worked like magic here, is evidently due to the fact that the players when not on room, when they were called by a signal via an electric bell. Harry Hyland and Eddie Green made the changes and other games the players complained that they were kept in the warm dressing room while sitting on the bench, so it was decided to try another plan for a change. It worked splendidly."

## CUT CLUB'S SHARE FROM THE MACHINES

New York, Feb. 7.—Par-mutuel betting is a live topic in Kentucky just now. The Blue Grass Legislature is considering an important measure, one providing for a reduction of the tax on the tracks from 2 to 1 per cent. To offset this reform the tracks are said to be backing a bill that would prohibit the transmission of wagers out of the state, the Kentucky promoters of the bill. In other words, would like to increase the mutual money by preventing horsemen and others from betting away from the tracks, which have been a source of a blow at the hand industrious and pool rooms.

## BOB'S NEW JOB

Chicago, Feb. 7.—Thomas J. Hickey, president of the American Association, today began lining up a staff of umpires for the 1918 season. He signed Robert Hart of Springfield, Mass., who has been with the International League for the last four years. Hart also officiated in the American League in 1912 and 1913.

## SKATING AT SARANAC LAKE

Saranac Lake, N. Y., Feb. 7.—Bobby McLean, of Chicago, won two of three events in the series of skating at Saranac Lake today. McLean won the 200-yard and the 440-yard races, but lost to Larry in the two-mile pursuit. McLean and Larry will meet tomorrow in three races, the 440-yard, half-mile pursuit and three-mile pursuit.

## SET BACK THREE DAYS

Danver, Colo., Feb. 7.—Postponement of the twenty-round bout between Frank Moran and Fred Johnson, was announced from Feb. 22 to Feb. 25, was announced today by Fulton's manager. Fulton's bout here next Monday night with Tom McMahon was given as the reason for the postponement.

## CLEAN-CUT VICTORY

Baltimore, Md., Feb. 7.—In a fifteen round boxing bout here last night Paul Moore, of Pennsylvania, won a decision over Dick Loadman of Lockport. It was a clean victory, and Referee O'Donnell had little trouble in deciding the winner. Only one round of the fight went in favor of Loadman. This was the thirteenth.

## GALT BEAT PORT COLBORNE

Galt, Feb. 7.—Galt intermediate, winners of group 4, tonight defeated Port Colborne, 8 to 7, in the first of the second round games and while they have only one goal to the good to go to Port Colborne Tuesday night, they are confident of winning out. A big crowd turned up for the game, and the crowd showed a magnificent exhibition of good clean hockey. Both teams displayed combination play, which won for the locals, a 2-1 lead in the first period. Galt's star, a good game, Miers was the star of the game, and netted five of his team's goals, three on long rushes. The crowd showed good sportsmanship by roundly applauding Miers. The work of Referee Lawrence Whitehead, who had to impose only two penalties, one on each side, was another feature of the game, and he also came in for some applause.

# SOCIETY

CONDUCTED BY  
MRS. EDMUND PHILLIPS

At noon yesterday Lord Richard Nevill visited the city hall to present autographed pictures of their Excellencies the Duke and Duchess of Devonshire to the city. The presentation took place in his worship the mayor's office.

Captain Maurice Pope, son of Sir Joseph Pope and Lady Pope, has won the military cross for gallantry in action.

Col. Clyde Caldwell spent two days in town, returning to Ottawa last night.

The shower at Red Gables yesterday afternoon, thru the courtesy of Mrs. H. D. Warren, for the officers' convalescent home at Dieppe, was a very successful entertainment, and in addition to a large number of articles asked for, \$200 was subscribed. Miss Stuart Galt, Miss Mary Burnham, and Miss Olive Cavillier, who have been at home on leave, are returning to France and will take the supplies with them. Mr. O'Brien, Col. Marshall and Dr. Burnham spoke, and the girls, who have been at home since its inception. Among those present were: Mrs. Warren, Mrs. Pepler, Mrs. Tumbull, Mrs. James Lockhart, Mrs. Cecil Horrocks, Mrs. Humphreys, Mrs. George Marks, Mrs. R. C. Brown, Mrs. Burnham, Miss Louise Chadwick, Mrs. Rae, Mrs. Wilson, Mrs. Bessie Elliott, Miss Davies, Mrs. Taylor, Mrs. Brentnall, Miss Muriel Maesey, Miss Michie, Mr. Frank Grey, Mrs. Scott, Mrs. Miller Leah, Mrs. James Lockhart, Mrs. Frank Hodgins, Captain Barrow, Miss Coverton, Mrs. Ruggles, George, Mrs. Laidlaw, Lady Eaton, Mrs. William Dolbe, Mrs. Alfred Chapman, Miss Hazel Chapman, Mrs. F. The Toronto Choir gave its first concert last night in Massey Hall to a capacity audience owing to the magnificent organization of the Sir Henry Pellatt Chapter, I.O.D.E., regent, Mrs. Ambrose Small. The assisting artists, Madame Gardin, sang a scene from "Madame Butterfly," in a costume insured for a very large sum and of the most beautiful Japanese embroideries. She changed for another gown of white satin with panels of brocade over a diamond petticoat and a red rose on the corsage, which she draped with Brussels point lace. She was presented with an old-fashioned bouquet of shaded pink roses tied with wide pink satin ribbon. The usher selling programs wore Red Cross uniform, and before the singing of the National Anthem at the close of the program they formed up on the stage with the chapter, singing a group of war veterans at attention, which made a very impressive finale. Among those present were Miss Church, Col. and Mrs. Wilson, Mrs. Bessie Elliott, Miss Grace Arnold, Mrs. R. W. Eaton, Mrs. Leacock, Miss Marguerite Fleury, Mrs. Mirande, Mrs. Rogers, Mrs. R. C. Graham, Dr. and Mrs. Ham, Mrs. S. E. ## SAUNTERS THRU THE CITY SHOPS

BY MARY SLIPPER

The latest shipments from France bring a new victory. One can read it in the embroidery, the lace, the very fabric speaks of triumph and a conquering spirit confident of a victorious end very close at hand.

Yesterday I was shown, in Murray-Kay's store, some French blouses and showing the goods said "French materials are so much better in quality this year than last. We all felt that the offerings from France in raincoats and volles fell below the usual high standard. We understood why this should be and regretted that the materials are so lovely, and we rejoice over the excellence."

Is that not a visible sign of the nation's belief in coming victories and ultimate triumph?

**Exquisite French Blouses.**  
I was shown some of the beautiful French blouses for Murray-Kay are famous. The dainty touches of embroidery, the sheerness of the material and the beauty of the handwork all make up perfect dresses of garments. There is the touch of the insets of hand-made lace, just a wee bit, enough to give the chic effect which only a French designer can give.

**Lovely Dream Robes.**  
In the lingerie department one whose delight is in the underwear, is shown all the newest of the French models. French lingerie is undoubtedly the most beautiful of all lingerie.

Murray-Kay are showing some very fine French models in the newest night robes, which, by the way, are sleeveless. There are the very charmingly embroidered ones which are ankle length, and scalloped around the bottom as well. The envelope chemise is another French idea which is greatly admired by all women who give thought to their under muslin.

**Pretty Novelties.**  
A pretty touch is the rosettes of satin which decorate the underwear and add distinction to the wearer. Pretty crepe de chine gowns are shown in pink and blue, and the dainty "Billie Burke" nighties in silk and lace.

A new idea is the round garters which are being taken up again. Pretty willies are these garters, in colors, with long ribbons to tie in bows. Is this reverting to our grandmothers' days, when all wore the round elastic affairs?

The saleswoman was opening up some bewildering pretty all face petticoats. Are we about to return to the fluff ruffles again? Nothing is quite so satisfying to the feminine as the ruffles of soft, fine white lace on a pretty sheer petticoat. Here are some lovely ones shown this week.

## RECEPTIONS

Mrs. R. E. Davidson, formerly Miss Hazel Beatty, will receive for the first time since her marriage at her home, 1880 East Queen street, on Tuesday, February 12, from 4 to 6 p.m.

## ELECTED TO PATRIOTIC FUND

Ottawa, Feb. 7.—The following have been elected members of the national executive committee of the Canadian Patriotic Fund: Hon. Josiah Wood, Sackville, N.B.; Judge A. A. Macdonald, Charlottetown, P.E.I.; W. M. Birks, Montreal; Lt.-Col. Clarence P. Smith, Montreal; Lieut.-Col. R. W. Leonard, St. Catharines, Ont.; Senator W. B. Willoughby, Moose Jaw, Sas.; E. L. M. Argue, Swift Current, Sask.; Senator Michener, Red Deer, Alta.; C. G. Pennock, Vancouver; A. C. Flumentfelt, Victoria, B.C.; H. T. Watt, Brantford.

## DIED OF HIS INJURIES

London, Ont., Feb. 7.—W. J. Insell, a Grand Trunk brakeman, was run over in the G. T. R. east end yards at 1 o'clock this morning and sustained injuries from which he died ten minutes later.

# "I love him more than he loves me!"

Helen Howard, married after a whirlwind courtship, awakes to this realization. The wheel of Time has found her still blissfully satisfied--him dissatisfied; he could wish her changed in so many ways!

Blindly wretched, the girl-wife stumbles on alone--far from her mother--locking deep in her heart the silent battle she is waging--the battle to become a woman her husband could love.

And when the great day comes--the day of her metamorphosis--when she attains his ideal--is she rewarded by a love as great as her own?

See for yourself. This story, "The Woman Who Changed," starts Monday in

The Women's Granite Curling Club  
is preparing to defend the tankard  
next Tuesday when three other  
women's curling clubs of Toronto will  
endeavor to win it from them. This  
curling event will be one of great  
interest among lovers of the sport.

The Granite Ladies' club was orga-  
nized in 1914 and they have about  
30 members, nearly all of whom are  
active. During the war this club has  
always aimed to devote the proceeds  
of any entertainments to some war  
charity. Last year the club was able  
to donate over \$300 to war relief work.  
The president of the club is Mrs. Z.  
Galeger, the secretary Mrs. W. Cora.

One Big Event.  
The outstanding event of the club's  
year is, of course, the annual play for  
the tankard, which this club won last  
year and hopes to keep for several  
years to come.

Two rinks will enter the contest  
from the Granite Club and four other  
clubs are expected to enter, from  
which rinks will be selected. The  
event will be held in the Granite rink,  
Church street, Tuesday afternoon. The  
Granite Club will serve tea to the  
visitors and guests on this occasion.

SWISS RED CROSS WILL  
NOT HAVE TO CLOSE

Generous Donations Have Enabled the  
Society to Resume Its Good  
Work to Help Canadians.

Among the last mail received from  
Switzerland by Prof. J. Cusin, presi-  
dent of the Swiss Red Cross, there is  
an item of gladness, as the committee  
of the international agency for pris-  
oners of war at Geneva had been  
threatening to close its doors for  
want of financial help. Among the  
generous answers uppermost was the  
17th No. 10, amounting to \$10,000, with  
some financial help from sister soci-  
eties of the Red Cross. This saved the  
committee from closing its doors, and  
now without any interruption the Red  
Cross in Geneva will look after the  
missing Canadian boys, prisoners of  
war in Germany, making inquiries  
about their health, forwarding money,  
parcels and correspondence to them.

The running expenses are very high,  
\$10,000 a month, and the whole work is  
done free of charge. The agency is  
supplied by voluntary contributions  
and donations. The American Red  
Cross gave \$31,324 and other Red  
Crosses \$30,133. There are over 1,000  
workers in the Swiss Red Cross. Most  
of them are first volunteers unpaid,  
but half of the help is now salaried  
workers under the direction of Gus-  
tave Ador, acting minister of foreign  
affairs of the federal council of Swit-  
zerland.

The Swiss Red Cross in Toronto in  
connection with the international  
agency for prisoners of war at Geneva  
is still faithfully doing its humani-  
tarian work, free of charge, helping  
Canadians to find the missing father,  
son or friend supposed to be prisoner  
of war in Germany.

TEACHERS' ASSOCIATION  
IN ANNUAL MEETING

Much Patriotic Work Has Been Done  
During Year by Society and  
Its Members.

Teachers from all parts of the city  
gathered in the assembly hall of the  
Central Technical School at 4 p.m.  
yesterday for the first annual meet-  
ing of the Toronto Public School  
Teachers' Association. Miss E. L. Duff,  
the president, was in the chair, and  
reports of the work done were read.

During the past 12 months the monthly  
contributions of teachers to their  
patriotic fund amounted to \$274.92,  
contributions to the British Red Cross,  
\$4472; the total of patriotic work  
done during the year amounting to  
\$18,949.91.

The report of the work done by the  
patriotic relief was given by Mr. Leary  
of Ogden school, and included 2510  
boxes, mainly the work of the teachers,  
and sent overseas; rooms furnished for  
the Davisville Hospital, city schools  
re-opening; magazines furnished the  
Spadina and North Toronto Hospi-  
tals. A shower of books from friends  
in Brampton had also been given the  
hospital. The report of the legisla-  
tive committee, read by D. D. McMur-  
rich, dealt with the framing of the  
constitution, payment of salaries,  
which in future will be a day in ad-  
vance of former state, and the super-  
annuation scheme, which has been ad-  
justed to the satisfaction of the  
teachers.

WAR MENUS

How to Save Wheat, Beef and  
Bacon for the Men at the Front.  
Issued by the Office of the  
Food Controller for  
Canada.

MENU FOR SATURDAY  
Breakfast.  
Rolled Oats. Toast.  
Honey. Tea or Coffee.  
Dinner.  
Scrapple. Potatoes. Parsnips.  
Apple Pie.  
Supper.  
Fish Chowder. Rye Bread.  
Stewed Prunes. Tea.

The recipe for scrapple and rye  
bread, mentioned above, are as  
follows:

Scrapple—  
2 1/2 cups water.  
2 1/3 cups cornmeal.  
1 teaspoon salt.  
1/2 cup meat, small pieces.  
Make a mush by stirring the  
cornmeal into boiling salted water.  
Add meat and cook three  
hours in double boiler or fireless  
cooker. Put in mold to cool.  
Slice and serve in hot fat.

Rye Bread—  
5 cups rye flour.  
1/2 cup white flour.  
1 cup milk, scalded and cooled.  
2 cups lukewarm water.  
1 tablespoon yeast.  
1 tablespoon lard.  
1 cake Fleischmann's yeast.  
Dissolve yeast in the luke-  
warm water. Add 2 1/2 cups rye  
flour. Beat well. Put in a warm  
place to rise for two hours.  
When light add the wheat flour  
and the lard, and the remainder  
of the flour. Knead the  
dough rather soft. Knead  
until smooth, let rise to double  
its bulk. Bake in loaf pan and  
let rise again until light. Bake  
in a moderate oven for one hour.

ler's office.)

ADVICE TO  
GIRLS By  
Rosalind

Rosalind gives advice to girls in  
both the daily and Sunday World.  
Both papers, therefore, should be  
watched for her answers. Writers  
sometimes ask questions and are  
given either in the daily or Sun-  
day paper; but so many letters  
are received that it is impossible  
to separate them. Letters re-  
quiring private answers must be  
sent self-addressed, stamped en-  
velopes.

DEAR ROSALIND:  
I wish to ask your advice on a  
question that has puzzled me for  
quite a long while.

About three years ago I met a  
young man with whom I became  
very friendly. I kept company  
with him for about three months  
when I had to leave the city, we  
kept corresponding for about six  
weeks after I had left, after that  
time his letters came less frequent  
and he also promised to come and  
see me while he was away but he  
disappointed me and sent weak ex-  
cuses until our correspondence  
stopped.

He has since then enlisted and  
has been at the front as long as  
than a year and I have returned  
to the city and have become very  
friendly with his sister.

A short while ago she was suffer-  
ing from shell shock and I  
wrote to him telling him that I  
hoped he would soon be well again.  
He answered me and has since  
gone back to the firing line. Since  
then I have written two  
or three times and he has answered  
just in a friendly way. But since he  
was sick he has never been on  
my thoughts, I dream of him  
at nights also. This is my ques-  
tion. Do you think it is his love  
calling me, or is it just a foolish  
idea that I should try to forget  
him?

His sister does not think I should  
write or keep company with any  
other boy but him. What do you  
think?  
C. H. W.

C. H. W.: I think it is a case of  
want and need. You cannot do very  
much except write him your brief  
friendly letters—and keep yourself

FURS.

Like other feminine accessories, al-  
most any pretty, novel idea is within  
the bounds of fashion. One very up-  
to-date woman, having a deep seal  
cape and wanting a muff to match,  
cut a wide band from the cape, and  
divided it in half, fastening the two  
pieces together with broadened silk  
tufts forming a stunning muff.

nurses and the plea that the change  
had been advisable on financial  
grounds, results did not seem to war-  
rant the action. The report of the  
teachers' relief was in the hands of  
Miss Jessie Semple, and the financial  
report was read by Miss Blackely.

An address on "Elements in Educa-  
tion Which Bear Upon National  
Need" was given by Miss Duff.  
According to custom, the vice-presi-  
dent, Henry Ward, succeeds as presi-  
dent. Miss Meen of Byerson School  
was appointed secretary-treasurer.

RECOVERY OF WASTE  
FROM BATTLEFIELDS

Since the beginning of the war no  
few than 45,000,000 separate pieces  
of military wearing apparel are said  
to have been taken up from the bat-  
tlefields and passing thru an army  
of workers, are either rendered usable  
again or "converted" into cash thru  
sale as rags.

Hats, caps, shirts, jackets, coats,  
patties, and great coats by the thou-  
sands find their way back to Eng-  
land thru a systematized department,  
especially created to handle this work.  
Nothing is wasted; the sorters are  
women who have already become ex-  
perts in this work. On arrival the  
salvaged materials are opened, and  
spread out, the "sorters" set to work  
and garments suited to renovation and  
further use are set aside, while others  
are placed by themselves to be sold  
as large junk or rag dealers. These  
goods passing thru specially designed  
machinery are again made up into  
clothing for army use.

Use peanut-butter, jellies, cheese  
and fruit butters on bread for adults,  
instead of butter.

Do this much for the sake of saving  
hundreds of little children from death,  
or worse—a life of stunted growth and  
ill health.

Poison the  
Cause of Pain

This Theory of the Doctors  
is Well Proven by the Ex-  
perience of a Brockville  
Lady Whose Letter is  
Quoted Here.

Brockville, Feb. 7.—It is a well-  
known fact that rheumatic pains,  
backache, lumbago, and  
bodily pains are the result of poison  
in the system. Tired feelings result  
from the same cause.

But poisons do not accumulate in  
the system when the kidneys are in  
healthful working order. For this  
reason the pains and aches soon dis-  
appear when the kidneys are set right  
by the use of Dr. Chase's Kidney-  
Liver Pills. This letter fully cor-  
roborates this theory.

Mrs. Frank Noyes, 9 Stuart street,  
Brockville, Ont., writes:

"For years I was afflicted with kid-  
ney complaint. I became very ner-  
vous, was easily worried, and had fre-  
quent headaches and neuritic pains,  
especially through the back. I had  
indigestion, poor circulation of the  
blood, and often was bothered with  
weak spells. I commenced using Dr.  
Chase's Kidney-Liver Pills, and had  
taken two boxes, when I felt greatly  
relieved. I continued the treatment,  
however, until I was completely cured.  
In all, I took about ten boxes, and  
have not been troubled since.

I highly recommend Dr. Chase's  
Kidney-Liver Pills, and I think also  
that the Plasters and Ointment can't  
be equalled.

Many people endure pains and  
aches, and become more or less chronic  
invalids because they neglect to use  
such treatment as Dr. Chase's Kidney-  
Liver Pills to eliminate the poisons  
from the system.

pill a dose, 25c a box, 5 for \$1, at all

happy. Read back to my answer to  
unhappy seventeen. I do not think  
you are unhappy over your affair; but  
you might become a little bit melon-  
choly if you think too much about  
your dreams. Since the soldier boy  
has no claim on you, you need not  
restrain from being friendly with other  
boys. A good deal depends on whether  
you care for other boys' compani-  
ship; and what you mean by it. A  
girl can have boy friends, you know,  
without "keeping" them.

Somewhere in Ontario.

DEAR ROSALIND:  
I am writing you more because  
I must tell someone my troubles,  
than for advice.

There is a man, as there always  
is, in girl's life, one near, true  
and perfect. I want you to help  
me. I have a lady friend, many  
years older than I. She married  
a man of her own age. As a friend  
I spend many hours at her home  
and she chaperoned me. While  
at her home I learned to love her  
husband, and I am sure that girls  
with troubles like mine? We need  
dream of each other by my inter-  
est in machinery. He loved his car,  
and his attention was absorbed by  
the machine when driving the car.  
Well to shorten a long story, he  
let me drive the car. I was care-  
ful to hide my love from him. I  
kept out of his company as much  
as possible and at last went to  
a distant city. When I left he  
missed me, and he found out that  
he loved me. He is not for you,  
without the other one knowing. I  
stayed away as long as possible,  
but had to return. I then went  
to see my arms near his  
home. I never went to any parties  
that he was at, or to his home,  
but his wife was my dearest  
friend and she coaxed me to go  
out with them, and I gave in. I  
knew my duty but failed.

This continued for several  
months, when one night at a ball,  
after dancing with him I could not  
enjoy myself, and wandered out on  
the grounds, not knowing he had  
done the same thing a few minutes  
before. We met. He spoke and  
passed on with a few remarks  
about the weather, when I fell and  
sprained my ankle. I fainted with  
the pain, and when I awoke I was  
in his arms. I closed my eyes  
again as I felt those strong protec-  
ting arms around me. But he  
removed the arms and I was alone,  
and I implored me to speak to him. I  
could yet have turned back to the  
former way, but I did not. I freed  
myself from my arms near his  
down on a bench, he sat down too.  
I forgot the pain for a minute in  
the joy of knowing that he loved  
me. He tried to beg my  
pardon for his conduct but ended  
with, "hang it all, what is the use  
of acting, I love you and only you.  
My wife is a good woman, and I  
respect her, but you are mine.  
Answer me. Do you love me?  
I tried to say No, but could not, and  
wept in his arms. "How long we  
sat there I do not know. My ankle  
pained, but I could not. At last  
he carried me to the balcony. I  
then left him and limped into the  
house. His wife made him take me

for a drive the next day while she  
went shopping. We talked it over  
and came to the conclusion that  
we should keep our love a secret  
for the sake of the dear woman we  
both loved. I went to England and  
was away four years, but it was  
telling on me. I came back. It had  
told on his too. He looked haggard  
and weary. I lived at his  
home two weeks and we improved.  
His wife said my presence cheered  
him. I went away, and when I  
came back he said: "I can't stand  
it, I am going to enlist, at least a  
grave in France is better than to  
be without you." So he went. I  
had sent him, and my heart  
yearned for him. He came back  
three fingers off, and the struggle  
has started over again. What can  
we do? I love him, I love him and  
I want him. It is killing me. I  
have written you everything, it is  
the secret of my heart.

A FALLEN ONE: I hardly know  
what to say to you. If you had not  
said it is a matter of years I would  
say "forget about it." If you had not  
said you had gone away, that would  
be my first thought, to tell you to  
leave the city where you continually  
see his name have to fight your  
battle. Nevertheless, what else can  
I say? You cannot marry the man;  
so you must go away. You must make  
up your mind that he is not for you,  
and then put away all thought of him.  
You must interest yourself in some  
work that will take up your time and  
work that will give you thoughts to the exclusion  
of everything else. Go among new

people, deliberately set out to make  
new friends, men and women. Set  
yourself a new ideal and try to find  
a man who will come up to it and  
make you forget the other one. Any  
other course, dear girl, means unhappi-  
ness for the other woman and bitter  
misery for you.

SURPRISING REPORTS  
OF WORK AMONG BLIND

Annual Meeting of Women's Associa-  
tion Held at Y.M.C.A. Building  
Yesterday Afternoon

Reports, surprising in the amount of  
work they represented, were read at  
the first annual meeting of the  
Women's Association for the Welfare  
of the Blind, held at the Central Y.  
M. C. A. building yesterday afternoon.  
Mrs. Fred Leach, the president, in the  
chair.

In her report, Mrs. Leach stated  
that there was a membership of 332  
and 51 life members.

She also told of the need for the  
opening of shops in Toronto, where  
the blind might work and support  
themselves.

Mrs. Lionel Clark reported for the  
sub-committee who look after the work  
of the blind. Investigation had shown  
that there were 157 blind persons in  
Toronto. Of these 35 were in posi-

tions which made them independent  
of the matter of assistance; 20 were  
in various homes.

The treasurer's report showed that  
receipts for the year were \$6574.40;  
balance on hand, \$3150.82.

A soldiers' fund amounting to \$1-  
752.28 was in the bank. To interest  
other centres, 23 towns had been writ-  
ten to and many were only waiting for  
further information when they would  
start branches. Among other things  
done during the year were the fur-  
nishing of the library for the blind  
on College street, the establishing of  
typewriting parties to which all blind  
were invited, cards being sent to bring  
them and take them to their residences,  
the assisting in teaching Braille and the  
contribution of \$200 to the blinded in  
the Halifax disaster, knitting started  
by which girls might have some finan-  
cial revenue.

It was moved by Lady Hearst and  
carried that the present board of di-  
rectors, composed of 24 members, be  
re-elected. The officers will be elect-  
ed at a special meeting. An exhibi-  
tion of beautiful work, done by the  
blind of New York, mostly needle  
work, was on view, along some fine  
specimens of basketry from the Ot-  
tawa workshops. The exhibits will  
be shown at 222 Yonge street, begin-  
ning next Tuesday and will be on view  
for a week.

# ON SALE TODAY AT SIMPSON'S

## HOMELOVERS' HOMILIES

"Thou shalt not covet" is not an easy command to obey. We all occasionally have to "tess up" at least to a sort of "sour grapes" feeling. But at any rate you need not covet your neighbor's furniture—for with the convenient arrangement offered by the Home-Lovers' Club the best furniture is within the reach of all home owners.
