THE WORLD'S HORRORS IN PEKIN

Story of the Murders Cannot be Told to Southern Viceroys, Who Are Still in Communication With the Chinese Capital, and There May Yet be Hope.

Emperor Forced to Suicide by Prince Tuan—Took Poison and Died in an Hour—Dowager Empress Said to be Still Alive—British Will Hold Authorities at Peking Personally Responsible for the Lives of Europeans.

London, July 5.—(2.30 a.m.)—The story that all foreigners in Peking were murdered on June 30 or July 1 appears to be circulating shamelessly at the Foo, Shanghai and Tien Tsin, yet, as it is not confirmed by official dispatches, and is not traceable to the southern viceroys, who are still in communication with Peking, there is a basis for the hope that it is untrue.

Rushed the British Legation. Correspondents of the Express at Shanghai gather details from Chinese sources, which, pieced together, relate that when the foreigners' ammunition was exhausted the Boxers and Imperial troops rushed the British legation and poured into the courtyard with fanatical fury. The foreign troops were so hopelessly outnumbered that their fate was certain. The moment the mob broke the courtyard was covered with the shouting and children. The invaders spread into the interior of the building.

Suspicious of Untold Horrors. The correspondent adds: "It is only left to hope that in the final rush of the murderous horde the men of the legation had time to say with their own hands the names of their wives and children. The Chinese are whispering the story under their breaths. Their attitude toward foreigners in the streets has undergone a strange change. The demeanor of the better class of Chinese is one of pity, rather than of triumph. Even the fable in the native quarter are silent."

The Emperor is Dead. Two Manchus, who arrived at Shanghai, certify to the truth of the statement that Prince Tuan visited the Palace and offered the Emperor and Dowager-Empress the alternative of poison or the sword. The Emperor, they say, took poison and died within an hour.

Dowager Empress is Crafty. The Dowager-Empress also chose poison, but carefully swallowed only a portion of what was offered to her, and survived.

Chinese Have No Bridge. Securing the Line of Retreat of the Allies From Tien Tsin. Berlin, July 5.—The Deutsche Tage Zeitung prints a Che Foo despatch, which says that the Chinese troops seized on Monday night the Tientsin railway bridge, and refused to allow the allies to cross.

Horrible Details Expected. The correspondent of the Daily Mail at Shanghai, telegraphing under date of July 5, 12.10 p.m., says he believes that when official information comes regarding Peking, it may include news of the outraging of English women and the torture of children. It may almost be taken for granted, he asserts, that all the foreigners in Peking have been wiped out.

Foreign Warships Warned. The Governor of Shanghai Forbids Their Entering the Yangtze. London, July 5.—A despatch to the Express from Shanghai says: Taot Shoung of Shanghai issued a proclamation on Wednesday, which practically forbids foreign warships approaching the Yangtze river, saying that if they do so the Chinese authorities will not hold themselves responsible for the consequences. It is considered that the Chinese officials are preparing a way to evade responsibility if an outbreak occurs. Even Li Hong Chang is suspected. The weakness of the allies' position at the extent of Chinese armaments which have been systematically accumulated.

Boxers in Huge Force at Peking. Reinforcements are arriving from all directions. This is taken to indicate a concerted action among the nobles, who are believed to have thrown in their lot with the Boxers. The Express at Peking received in Shanghai on July 4, says the Boxers are gathering huge forces about Peking. Reinforcements are arriving from all directions. This is taken to indicate a concerted action among the nobles, who are believed to have thrown in their lot with the Boxers.

Fixing the Responsibility. Britain Will Hold the Authorities at Peking Responsible Personally for Injuries Sustained. London, July 5.—In the House of Commons today the Parliamentary Secretary of the Foreign Office, Mr. William St. John Brodick, said the Government had information to the effect that Rear Admiral Bruce had requested to convey this information, so as to have it reach without the purport of it, said Mr. Brodick, conclusion, would be communicated to the various viceroys.

Working in Accord. Continuing, Mr. Brodick said Rear Admiral Bruce had telegraphed that all the

Chinese Students Leave Berlin. Berlin, July 5.—As a significant incident, it deserves to be mentioned that a number of Chinese students have left Berlin. The members of the Chinese Legation here have been warned by the police to show themselves as little as possible on the streets. Several Chinese were killed today by a mob, and were rescued by the police with difficulty.

Germany Stands Out. Berlin, July 5.—It is semi-officially declared that Germany has declined Great

Britain's request that she endeavor to induce Russia to agree to the proposal whereby Japan should undertake the work of pacification in China, asserting that the good relations between Germany and Russia might be impaired, inasmuch as Russia and Japan have opposing interests in North China. Germany, therefore, will continue in an attitude of neutrality in the contest of the other powers.

What About Prisoners? Russian Authorities Say Russia is Not Yet in a State of War With China. London, July 5.—According to a St. Petersburg despatch, the senior Russian naval commander at Taku recently telegraphed to St. Petersburg for instructions in the disposal of the Chinese prisoners in his hands. The Chinese government is said to have been indecisive and not to have decided as yet in a state of war with China.

Young Sproule's Death. Was Due to His Own Carelessness While Crawling Under a Train, the Jury Says. At the Court-street Station last night Coroner's inquest was held into the death of Birch Sproule, which occurred at the Emergency Hospital Saturday from injuries received the previous day when he was crawling under a C.P.R. train in the yard at Toronto Junction. After listening to the evidence of several witnesses the jury found that Sproule came to his death by his own carelessness. It was proved that he was crawling under the train at the time of the accident. He was employed by the company as a laborer, and was on duty for two weeks, and then discharged. The coroner was satisfied that Sproule was not a trespasser, and that his death was due to his own carelessness.

One More Child Dead. And the Trouble is in a Critical Condition. Philadelphia, July 5.—The list of fatalities resulting from the explosion of fireworks in the Italian section of the city yesterday numbered eight today. Injured by the explosion were a young boy, who was burned about the face and body, died today. The condition of several others of the injured was critical, especially Leah Harris, the only boy. The cause of the explosion of a toy pistol caused the accident.

Kingston Divine Dead. Rev. R. W. Rayson of All Saints Succumbs Under a Surgical Operation. Kingston, Ont., July 5.—Rev. R. W. Rayson, rector of All Saints' Church, this city, died in Montreal at 8 a.m., following an operation to remove pus from a boil. He was 57 years of age. He had been in the Diocese of Ontario in 1888, and spent 10 years in Kingston. He was married to a daughter of Canon Spencer of this city. The funeral occurs tomorrow.

OVER TEN THOUSAND CASES OF ENTERIC FEVER AT ONE TIME

Dr. Conan Doyle Says Six Hundred Patients Died at Bloemfontein in One Month—Physicians Did All They Could—Dewet Not Yet Convinced.

London, July 5.—(4.05 a.m.)—The coroner around General Dewet appears still to be wide. At least he has not yet been convinced.

Despatches from the front, except official ones, deal with trifles or vague probabilities.

Kruger Not Talking. The Daily Telegraph's Lorenzo Marques correspondent attempted, on July 4, to interview President Kruger at Waterloofort. Herr Kruger was here, but he refused State Secretary Bata to talk. The Secretary said: "We do not need to discuss peace. President Kruger wishes, first and foremost, to repeat what he has said over and over again. The South African Republic will fight for its independence as long as 500 burghers remain alive, and even then will continue to fight. Such is our decision."

The Terrible Enteric Fever. Dr. Conan Doyle, writing to the British Medical Journal, says he thinks that there were 10,000 to 20,000 cases of enteric fever at one time. Six hundred patients died at Bloemfontein in one month. Dr. Doyle declares that the physicians did all they could.

Boers Giving Up Arms. 2031 Stand of Arms Have Been Handed to General Barton in Three Towns. London, July 5.—Lord Roberts reports from Pretoria, under date of July 5, that Lieutenant Rundle of the Carabiniers and a patrol were captured by the Boers near Pretoria on July 4. The Boers were running to Greylingdam from Netaat that several respectable Boers have surrendered recently; that a soldiers' home has been opened at Heidelberg, the inhabitants purchasing the initial expenses, and that the total of 2031 stands of arms have been delivered to General Barton at three towns.

British John Handa. London, July 5.—The War Office has received the following despatch from Gen. Buller: "Standerton, July 5.—Clery, from Greylingdam, joined hands yesterday at Zulkembach, Grand River, with Hart, from

Commanders of the Allies Cannot Make a Move Until They Are Reinforced. London, July 5.—The Shanghai correspondent of the Times telegraphs under date of July 4 as follows: "The commanders of the allies recognize the fact that they must wait for reinforcements some time before advancing. The worst is rumored and feared."

They Are Traveling in Company in the Old Land and the Inference Is That They Are All Concerned in a Big Project in Nova Scotia. Montreal, July 5.—(Special)—There appears to be very little doubt that a second plan for the manufacture of iron and steel is to be created in the near future at North Sydney, N.S., and that, in view of its importance, it will not be behind the Dominion Iron and Steel Co.'s works at South Sydney. The moving spirits of this proposed undertaking are Messrs. John P. Sifton and Graham Frazer of New Glasgow, both of whom are now in London, and have just succeeded, on behalf of the Nova Scotia Steel Company, in securing a round million dollars for the purchase of the general mining association's coal property.

Other Prospects in Prospect. As the Nova Scotia Steel Company owns immense iron deposits in Newfoundland, alongside of those sold long since to the Whitney Co., it is more than probable that the Bell Co. one property, the Nova Scotia Steel Company's works at New Glasgow and the large coal bodies

Just purchased from the General Mining Association will all converge into the proposed plan. The firm of contractors who the enterprise will be formally launched at an early day. It is also known that Messrs. Mackenzie and Mann are interested in the large deal.

Sifton is on Desk Alone. With regard to the firm of contractors just named, the following despatch will be of interest: "Edinburgh, Scotland, July 5.—Hon. Charles Sifton, Canadian Minister of the Interior, spent some time here about the middle of June. He was accompanied by Mr. William Mackenzie of the well-known English and Scotch banks to assist them in carrying out their work."

Prologation in Manitoba. Liquor Act to Be Submitted to the Courts as to Its Bearing on the Hudson Bay Co.

The Boy Who Fired at the Prince of Wales Will Go to a Reformatory. Instigators of the Attack Let Off Because They Thought the Plot a Joke.

Brussels, July 5.—The Assize Court today returned a verdict of guilty of attempt to kill the Prince of Wales against Jean Baptiste Sippo, who fired at the Prince on April 4, as the train bearing His Royal Highness was leaving the Northern Station in this city for Copenhagen. The court considered that Sippo acted without duress, and sentenced him to a reformatory until he shall have attained his majority. Mr. Pencher and Meire, the instigators of the attack upon the Prince, were acquitted, as they considered the plot a joke.

London Papers Condemn It. London, July 5.—The morning papers generally published editorials commending upon the verdict in the case of Sippo. The Daily Telegraph says the result of the trial is "monstrous." The Daily Chronicle declares that it is "an outrage on humanity," and the Daily Mail characterizes it as "a reproach on England."

Probably a Fake Report. London, July 5.—A despatch from Lorenzo Marques, dated July 4, says the Transvaal forces have announced that six fresh British prisoners have arrived at Nottingham.

Changes in Medical College. Several changes have recently taken place in the faculty of the Medical College, of which Dr. Chown has been appointed Dean. Dr. Jones, acting Dean, was the absence of Dr. Good. Dr. Patterson has been elected to the registrarship, vice Dr. Huxton.

Canadian Missing. The List Includes Capt. Howard of the Strathcona Horse, Son of Mr. A. Maclean Howard. Ottawa, July 5.—The Militia Department has received the following cables: "Cape Town, July 4.—July 3, report that Capt. No. 7203, Pte. R. Irvine, Royal Canadian, died of enteric fever at Bloemfontein July 1. (Signed) Milner." "General Buller reports from Standerton, July 4: Following casualties reported near Waterloofort, July 1, Strathcona's Horse—Killed, 500. Pte. Angus Jenkins; missing—Capt. Donald McLean Howard; 455. Pte. John Holborn."

Emergency Rations Enquired. The day's work was begun by Chairman Belcourt, who presented the majority report of the Emergency Rations Committee, and asked that it should be adopted. He made a peculiar statement in defending the report, a speech that was remarkable for its apparent lack of judgment and its egotism. He spent half an hour in refuting charges made in the press that he had been a violent partisan chairman, and had done all in his power to balk a free and full enquiry. All his refutation amounted down to a blank denial of his partisanship, a denial that was greeted with smiles.

Mr. Belcourt again dwelt upon the truth when he declared that on the receipt of Hatch's warning letter on Jan. 25, the Minister of Militia took action to ascertain if the food tested at Kingston was the food shipped to South Africa. The Minister of Militia, however, in his evidence swore he took no action, but treated the letter as one from a disappointed rival contractor. It is true that Dr. Nelson did order an analysis, but Dr. Nelson swore he never heard of Hatch's warning letter.

BY LIBERAL MEMBERS

But Sir Wilfrid's Majority Voted Down the Minority Report Denouncing the Deal for Emergency Rations Made With Devlin.

Ten Liberal Members Voted Against the Report Whitewashing Minister Borden and Endorsing the Food Purchased—Government's Majority Cut Down to 14.

Ottawa, July 5.—(Special)—When the House opened this morning Hon. Mr. Sifton was conspicuous by his presence in his old seat, in his characteristic attitude of right hand shelled to the left. He looked well, and was greeted warmly by his colleagues.

TORONTO'S AUTUMN STAKES

The stakes for the autumn meeting of the Toronto Hunt, to be held from Saturday, Sept. 8, to Saturday, Sept. 15, have been received from Secretary Stewart Houston. The stakes book will be ready shortly. The Toronto Hunt has made an addition this year to the number of stakes by adding the Melgund Stakes for professional 2-year-olds. It is thought that this will encourage the public and owners to bring out a good lot of promising prospects.

MANAGER BARROW HAD HIS ASSAULT CASE ADJOURNED UNTIL NEXT MONDAY

Those who attended the game at the Island on Tuesday noticed that Manager Barrow walked with difficulty, having wrenched his ankle badly during a street car fight. He was away quite a while, and the handicap probably made the miserable Buckenberger to make the cowardly attack on the Toronto manager, who, however, gave Old Limberger a sound thrashing. The Toronto manager is supposed to manage the Toronto team.

THE TORONTO WORLD. ONE CENT MORNING PAPER. No. 55 YONGE STREET, Toronto. Daily World, 25 per year. Sunday World, in advance, \$2 per year. TELEPHONES: Business Office—1734. Editorial Rooms—523 Hamilton Office 19 West King-street. Telephone 2217. H. E. Rogers, Agent. London, England, Office, P. W. Large, Agents, 145 Fleet-street, London, E. C. The World can be obtained New York City at the news stand, St. Denis Hotel, Cor. Broadway and 11th-street.

THE SCOPE MUST BE ENLARGED. As the World pointed out would be the case, when the investigation into the Athletic Club deal was first proposed, the alleged charges of bribery and crooked work in connection with the purchase of the building have not been proved, and cannot be proved, if the deal involves anything criminal, that feature of it has been so discreetly covered up that it cannot be unearthed. As far, therefore, as charges of direct bribery are concerned, they may be dropped for good. But the investigation will serve a very useful purpose if it proceeds along the line suggested by Mr. Johnston yesterday afternoon. Evidence was offered by him to show that the Athletic Club building was unsuitable for a technical school, that it could not be economically remodelled into such a school, and that the question of the suitability of the building did not rest with the board of the school, but that it was the duty of the board to see that the building was purchased more to oblige private interests than to fill a public want, it will not be difficult to establish this if the scope of the investigation is enlarged. In accordance with the request made to the City Council by Judge McLaughlin and Mr. Johnston. We think there will be no difficulty in establishing these facts:

1. That the building is altogether unsuitable for a technical school, and cannot economically be converted into one. 2. That the site itself is unsuitable for a technical school, drawing its students from every quarter of the city. 3. That the Technical School Board was not consulted as to the suitability of the building or the location. 4. That no professional opinion was taken previous to the purchase as to the suitability of the building, or the cost of remodeling. 5. That the Technical School is deteriorating, and that its necessities in the way of accommodation have been purposely exaggerated. Paragraph 3 has been substantially proved already.

In regard to paragraph 2, evidence should be called to ascertain the residence of the pupils who have attended the school, and in fact, the last five years. It will be found that these pupils come from all quarters of the city, and that a site where the school is located would be more convenient for them than the proposed one on College-street, which reaches which 75 per cent. of the pupils would have to use transfers. The site for the Technical School should be down town, the reason being that the theatres, the Public Library, the City Hall, and the City Market are located down town. Why should not the school be located down town? Its location in the Market for the school? Its situation is central, and the location of the school there would tend to increase the value of the city's property in that vicinity. The World advocated this site last year, but a report was raised that the school must be located near the University and colleges. It is quite evident now that the scheme for unloading the Athletic Club building was hatched a long time ago, and the clamor for the school in the new American pattern University was raised for the very purpose of paving the way for the Athletic Club deal.

Before the city does anything further to the school, it is suggested that the city have reliable statistics of the attendance at the Technical School. We understand the attendance is decreasing, and that the list of scholars has been padded. Let us know who the pupils are, how many there are, what has been the average attendance, and we will be able to make an investigation on these lines may reveal the fact that it will not require a very large building to accommodate the genuine pupils of the school.

We trust that Judge McLaughlin should be empowered to conduct the investigation on the lines suggested above. If he is so empowered, the city will receive good value for every dollar spent in the investigation. If he is not, the investigation, limited as it is to charges of bribery, and turned out exactly as the present investigation has been, will turn out, via, a complete fiasco. The charges of bribery were gotten up merely to sidetrack the real objections to the deal. It was expected that, in the dust raised by these charges, the true nature of the deal would escape observation. The council must widen the scope of the investigation, or else declare the deal off.

HOIST BY THEIR OWN PETARD.

In the telegraphic reports of the recent fighting near Tien Tsin it was announced that a number of Krupp guns, machine guns, thousands of modern rifles and tons of ammunition had been captured by the allied forces. This opens up a vista for serious thought and consideration on the part of the peoples of civilized portions. The captured articles are of European manufacture, and it is a matter for reflection as to how far it is prudent for us to barter or semi-barbaric people to be barbed or semi-barbaric people. Reports state that the Chinese for years past have been quietly procuring and storing arms and munitions of war, all purchased in Europe, many of them in great quantities, which they have directed and are prepared to still greater extent to direct against the very peoples from whom the purchases were made. One report says that Li Hung Chang but a few days ago bought up 10,000 Mannlicher rifles, all made in Germany. There can be no question but that Ordnance and machine guns are necessary only for purposes of war. The private citizen can have no possible use for such, it is wise, therefore, to prevent the sale of such by private companies or individuals to foreign powers or to their people? But for the supplies so obtained abroad by China, it is very doubtful if the present troubles in that benighted country would have arisen. The same argument might be applied to the Transvaal and Orange Free State.

GOOD ROADS ORGANIZATION.

Steps Taken at Port Huron to Operate on Both Sides of the Lake. The meeting of the Good Roads Association of the Province, held at Port Huron, Mich., July 5-2, the closing session of the first International Good Roads Congress was held yesterday, and steps taken towards effecting a permanent national or international good roads association. Hon. Harry D. Brown, director of the Ontario Good Roads Association, and Col. Carl Moore of St. Louis, were appointed a committee to confer with the Executive Committee of the Inter-State Good Roads Association for this purpose.

ACROBAT FELL 500 FEET.

Santa Ana, Cal., July 5.—Emil Larsen, an acrobat, fell 500 feet, from the top of a balloon ascension yesterday, and was critically injured. The accident occurred in the presence of thousands of people, and was caused by the breaking of a strap, to which he was hanging by his teeth. Only those who have had experience can tell of the horror of such a fall, with the wind whirling about one's head, and the only relief in sure to those who use Hallowell's Cure.

YORK COUNTY AND SUBURBS

Big Celebration at Woodbridge on the 12th—Birthplace of Hon. N. C. Wallace, G.M.

YORK TOWNSHIP'S ASSESSMENT.

Metropolitan Railway Reduced From \$1500 to \$1250 Per Mile—Lighting's Week.

Toronto Junction, July 5.—A pretty wedding took place in St. John's Church yesterday evening, the principals being Lillian, youngest daughter of Mr. Robert King, and Mr. William T. Prince of the C.P.R. The bride was attended by her sister, Evelyn, and Mr. Albert Prince supported the groom. The ceremony was performed by Rev. F. H. DuVerney.

The Monastic brethren will close their annual conference on Monday night. Mrs. M. J. Yates of Lambton Mills, aged 22, died yesterday. A few days ago she went into the garden to pick peas, and was struck by a falling branch, which caused her death. The funeral takes place to-morrow to St. George's Cemetery, where she is buried. Her infant child two weeks ago.

A very successful garden party was held here on Dominion Day by the church people. The net proceeds amounted to about \$75. Mrs. Hendry's car was killed by the electric car going south at 1.10 o'clock yesterday evening.

Newtonbrook Football Club played against the Newtonbrook team on Wednesday evening, and were defeated by 3 goals to 0. Much rough work was done by the latter club during the last half of the game, and Goal-keeper Vance of Newtonbrook was kicked single first-class fives from Hamilton, Drummondville, and other places. Vance and Elora, Harrison, Berkeley, Toronto and intermediate stations, returning July 18, and speeches by Hon. J. W. B. St. John, William McCleary, M.P., Dr. Beattie Nesbitt, R. O. Harvey and others.

POLITICAL NOTES.

An important factor in the coming elections will be the large vote that will undoubtedly be polled by the Conservative Party. The inauguration of the Macdonald Conservative Clubs and other measures that have been adopted to induce them to take a more lively interest and become closer united in a wise step of national importance.

Mr. J. W. Judd of the Winnipeg Town Council was in town yesterday renewing old acquaintanceship with the members of the York Township Council met yesterday at a meeting of the York Township Council, and after hearing appeals against the assessment. The large majority of the appeals are small amounts, and the reduction of small amounts were accorded in most cases.

The Metropolitan Railway will now pay \$400 a mile to the Ontario Electric and Light Company for a reduction, and he was successful in securing a cut of \$20 a mile. The G.N.W. Telegraph Company asked against a rate of \$50 a mile and will now pay \$40 a mile. F. A. Beaman of Boston was lowered from \$3500 to \$3150. The Ontario Electric and Light Company placed at \$2000, instead of \$2500. The final revision of a number of assessments was postponed for three weeks.

Christ Church Sunday school met yesterday in a pleasant outing to Victoria. Mr. W. H. Blight, father of the late P. W. Blight of the first contingent, who died in South Africa from enteric fever, on April 13 last, had received the following letter from Dr. A. Conan Doyle:

My dear Sir: Your poor son was under my care during the time that he was in our hospital. His case was a very serious one, but I do not think that from that time he suffered any actual pain. Nothing could exceed his patience and his bravery. I am sure that he must have been a gallant soldier. Yours faithfully, A. Conan Doyle.

TWO YOUNG MEN DROWNED.

Whitby, July 5.—Hayden Shore Park, on the lake front east of the harbor, is being put into good condition, in the expectation that a big summer resort will grow up around it. Mr. Miller, a Toronto architect, is preparing the working plans for the park, which is to be a novel and very beautiful design. It is to be built in time for the opening of the park, on the site of the old Ontario County boys' and girls' club, which was burned down by fire on the 2nd of August, 1898. One of the plans proposed in this connection is the establishment here of a summer hotel for the entertainment of visitors from the south.

The first detachment of 25 little girls, under the care of Miss Scott and three other dames of the Methodist Church in Toronto, was brought down by the Gordon City on the afternoon trip. All were charmed by their summer home by the lake, on the west side of the harbor, of Mr. John Smith of the Gordon farm. The house is furnished and supplied for the summer, given by Whitby and Toronto people. The detachments of children will each stay a fortnight, and alternate between boys and girls.

Capt. Frederick Alger was hurt, Grande Mere, Que., July 5.—(Special.) The accident here last night was to Captain Frederick Alger instead of Russell Alger, Jr. It was caused by the explosion of a giant firecracker held by the former. While the hand is badly injured, Dr. George Armstrong, who was summoned here by special train from Montreal, hopes to save it, except a part of one finger.

Rooms are being taken up very fast at the Bellevue, Park Road. Parties wishing accommodation there should engage their rooms now.

THE ESCAPE FROM COOMASSIE.

Earl of Selborne Told the House of Lords of Governor Hodgson's Adventure.

London, July 5.—The Under Secretary of State for the Colonies, the Earl of Selborne, announced in the House of Lords to-day that the Governor of the Gold Coast Colony, Sir Frederic Mitchell Hodgson, with 600 native soldiers, commanded by Major Morris, left Coomassie June 25. He added that Capt. Bishop and 150 native soldiers remained there, with rations sufficient to last until July 15. Col. Willcocks promises to personally relieve Coomassie by that date, under any circumstances.

The news of the Governor's leaving Coomassie was contained in a despatch from Col. Willcocks, dated Fumes, July 4, which adds: "Throughout 400 native soldiers, arrested on the 2nd of July, were completely surrounded, and evacuated the stockade, Burroughs captured 40 guns and ammunition, and killed 30 of the enemy."

CHARLIE GLOVER DIED

Abducted From Campbellton, N.B., and His Relatives Found Him in Toronto General Hospital. Six years ago Charlie Glover, son of a prosperous merchant, was abducted from his home in Campbellton, New Brunswick, and brought to Toronto. From that time he was kept in a dark room, and eventually found his way to the General Hospital for treatment. There he was visited daily by a man who professed to be his older brother. One day the boy told the physician attending him that he was not Charlie Glover, but a man named McCarthy, who is charged with being implicated in the bank robbery at Danville, Que. It is asserted that the police there have sufficient evidence to confront McCarthy with the abduction of the boy. No action has been taken since the charge of burglary has been disposed of.

PLAYERS' MASTY POSITION.

He Takes Four Consumptives From the Hospitals and Now Says He Cannot Keep Them WITHOUT A GRANT FROM THE CITY

Hospitals Won't Take These Patients Back and They Will Have to Go to Their Homes.

A pitiful exposure of the ways and means of impotent philanthropy was made before the Board of Control yesterday, when a deputation came up with a claim for relief to Dr. Player's Free Sanatorium for Consumptives.

The deputation did not seem to realize the position they took up, and not a single member of the board had a shadow of doubt that these gentlemen were speaking in sincerity, good faith and solicitude for the free patients in Dr. Player's house.

The cabinet had made a long proposition which Dr. Player made to the city. He had started the so-called sanatorium in his house without the means to maintain free patients. He had taken two free patients out of the General Hospital and two from St. Michael's Hospital, and they were kept in his house if the city refused to grant them four patients a per diem allowance of 50 cents, he could not afford to keep them.

The hospitals from which they came would not take them back, and they would simply have to go back to their own poor homes to die.

Dr. Player said it was shameful. 'Why did you take those poor people out of St. Michael's Hospital at all?' asked Aid. Spence. 'They were well treated there. I say it is shameful that you should have taken them out of the hospital.'

Other members of the board made observations of similar import, and the general effect produced was unfortunate, to say the least of it.

The following composed the deputation along with Dr. Player: Rev. Father Ryan, Rev. John Inglis, Canon Macdonald, and Mr. McNeil.

The Mayor explained that the city had called upon himself yesterday, and he had expected to be able to get a report from Dr. Sheard. He could not manage it in so short a time.

Aid. Spence: 'We have already had a strong report against this institution from Dr. Sheard.'

Dr. Sheard Against It. This report was read. It pointed out that the institution is in Dr. Player's own hands and at his own expense. The patients would have no room. There was no equipment of sanitation. Dr. Player explained that when this report was made by Dr. Sheard the place was not in readiness, and he now produces a letter from Dr. Bryce and testimonials from a number of city doctors, judges, lawyers, etc.

Toronto Doesn't Want It. Aid. Sheppard: 'I am not in favor of the establishment of this institution. I now declare that I did so under a misapprehension, and I am glad to retract all the time to the establishment of a sanatorium for consumptives in the City of Toronto.'

Dr. Player: 'It is not in the city. It is in the neighborhood. I think it is the very worst thing that could be done. The little fee is done. They established one in the city in Gravenhurst and the result would be the greatest mistake in the world for the city of Toronto.'

Dr. Player's Statement. In reply to the Mayor's question, Dr. Player explained that his sanatorium is a free one, and that he is not taking any fee for it. He is not taking any fee for it. He is not taking any fee for it.

MUST GET INSTRUCTIONS.

Has Judge McDougall the Power to Enquire as to the Suitability of the T. A. C. for a School?

JOHNSTON WAITS FOR ORDERS. Counsel for McMaster Estate Raises the Point Before the Judge—Milk Train in a Hurry.

When the investigation into the T.A.C. affair was resumed yesterday morning, Mr. Johnston filed as an exhibit a statement of the assessed value of the club building and grounds in 1908, being \$64,260. For the next three years the value slightly exceeded \$60,000, and for this year the land was assessed at \$18,000 and the building at \$45,000, or \$63,000 altogether.

Architect Baker a Witness. F. Baker, architect and member of the Technical School Board for five years, was the first witness. At the request of the commissioner, some eight or nine members of the Technical School Board had visited three or four sites for the school. They had seen a couple of sites on University street and the T.A.C. building, as far as he knew, the commissioner had not lobbied or endeavored to influence anyone in disposing of the club building.

Not Suitable for Purpose. As an architect he held the T.A.C. was unsuitable for a technical school. It might be altered to suit the purpose for \$10,000, but would not be a better building than the T.A.C. building, which was better than a two-story building for the purpose of a school. As a practical man he would not undertake to put up a more satisfactory building for \$40,000, including the land, than the T.A.C. building, which was valued at \$10,000, and cost \$20,000.

Consent of the Board. H. Y. Ellis, a member of the Technical School Board, said in reply to Mr. Johnston's question that he had no objection to the deal being carried through. He had no objection to the deal being carried through. He had no objection to the deal being carried through.

McMaster Estate Has No Status Before the Judge. Upon the court resuming in the afternoon, G. F. Shepley, Q.C., appeared on behalf of the McMaster estate. He formally objected to the reception of evidence tending to establish the wisdom or otherwise of the T.A.C. building, and also to the City Council. Neither in the status of the resolution governing this investigation, nor in the evidence, he said, was there any suggestion of a conspiracy to defraud the estate.

What Caused the Rush? He had heard of the deal and of the fact that a question of policy on the part of the Council, but to develop the reasons for the deal, he had to see the deal. He had to see the deal. He had to see the deal.

Mr. Johnston's View. His Honor considered the points well taken, and questioned whether it was proper to investigate the suitability of the building for a school. He was present to make a full enquiry and must be satisfied. Unless he was so instructed, his duties were at an end.

On Behalf of the Milk Trust. Mr. Johnston's objection to the evidence as concerned the Milk Trust, which he took no exception. He was in an electric car accident last night near the corner of the Milk Trust, and that it did not secure their property at once.

With a view to having prompt action taken by the Council, the court adjourned till 11 a.m. to-day, and Mr. Johnston asked the court to take steps to get the opinion of the Council upon the subsequent proceedings.

CANADIAN IN THE WRECK. Rev. H. Gregory, Killed in Tacoma Disaster, Was a Brother of Lawyer Gregory, Toronto.

Among the victims of the Tacoma trolley car disaster on Wednesday, was Rev. Herbert Gregory, a brother of Mr. W. H. Gregory of the law firm of Holmes & Gregory, Toronto.

Rev. Mr. Gregory was 50 years of age, and leaves a widow and two children. He was a Congregational minister, and received his education in England, where he was born. He came to Canada thirty years ago, and settled at South Norwich in Oxford County. About twenty years ago he went to Dakota, and five years ago he returned to Toronto. He was in charge of the Congregational Church at Spangway, seven miles from Tacoma.

Mr. Gregory's relatives live in Norwich, N.Y.

Two Men Were Killed. Trolley Car Jumped the Track Near Harrison, Ohio, With Fatal Results.

Cincinnati, Ohio, July 5.—William Loh of Cleveland, Ohio, was killed and Neal Baicher of Harrison, Ohio, fatally injured in an electric car accident last night near Harrison, Ohio. The car, which contained 50 passengers, jumped the track rounding a curve in a deep cut, and plunged into a bank. Fifteen other passengers were slightly bruised and cut.

Favors a Municipal Commission. Auditor World: I have just received my tax bill for St. Patrick's property, the highest on record, and I notice that the first instalment is due on July 30 (15 days hence), and is nearly one-half of the total. And we have the 'municipalizers' still with you in your advocacy of the present Mayor, but I didn't thereby, 'give up my paper' in a huff, and now I ask you seriously if it is not time for you to repudiate not only the Mayor but the whole present system of city government. We have outgrown it, and you should keep hammering at the old system. We have outgrown it, and you should keep hammering at the old system. We have outgrown it, and you should keep hammering at the old system.

Go to the Public Library. Editor World: Will you kindly give in your morning World the name and address of Government official who can give me information of Argentine Republic regarding its resources, language, etc.?

Thomas' Electric Oil for Inflammatory Rheumatism and other acute rheumatic pains. It is a complete cure. I was the whole of me, and every movement caused excruciating pain. I got so bad at last that I could hardly move around, and despaired of ever getting well. Seeing Thomas' Electric Oil highly recommended for such conditions I purchased a bottle. 'Before I had taken half of it I could notice improvement in my condition and when I had used two bottles I was completely cured. 'It was wonderful how these pills took away that dreadful feeling of nervousness and gave me strength. I recommended them to my neighbor who was troubled with nervousness, and they cured her, too. We all think there is nothing equal to Milburn's Heart and Nerve Pills.'

Two Men Burned to Death. Farm, Me., July 5.—The house of Dr. Benson at North Warren was destroyed last night, and Alonzo Jeter, and West Wiley, each aged about 35, were burned to death.

Will Leases Be Filled? Architect Lennox had his usual fun with the Board of Control in his reply to the request that he should deposit with the board the boiler, machinery, etc., have been accepted. He wrote: 'I do not consider that any contractor's work is accepted until the final certificate has been issued. As this is a matter which affects the rights of both the city and the contractor, I take the liberty of drawing the attention of your board to the following clauses (also contained in the specifications, which forms part of the contract). Should it be necessary to use the heating apparatus, or any other part of the same, during the progress of its erection, the proprietors, upon the order of the architect, shall be entitled to the same, provided that parts so used shall be at the expense of the building.'

It may be only a trifling odd, but neglect it and it will fester its fester in your lungs, and you will soon be carried by an untimely grave. In this country we have not enough doctors. We cannot afford them, but we can effect a cure by using Hickle's Consumptive Syrup. The medicine that has never been known to fail in curing coughs, colds, bronchitis, and all affections of the throat, lungs and chest.

\$50.00 FOR RELEASE. Rheumatism's Ruthless Hands Clutched Him for Five Years—Two Bottles of South American Rheumatic Cure Gave Him His Liberty.

William McAttee, farmer, Cremona P.O., Ontario, writes: 'Five years I have been a sufferer from acute rheumatism. At times I have been completely laid up with it—I could not put on my clothing without assistance. Before I had completed the second bottle of South American Rheumatic Cure I was well again. If those two bottles had not been sent me, I would have considered it a cheap miracle.'

Why not look young? There's genuine pleasure in holding back Father Time fifteen or twenty years.

You can do it easily with Ayer's Hair Vigor, for it gives all that dark, rich, and soft look to the hair which belongs to vigorous young life.

Always restores color to gray hair.

Some time ago my hair was coming out very badly. I tried many remedies, but without effect. Finally I used Ayer's Hair Vigor and in a short time my hair stopped coming out. In a few months my hair was softer and more glossy, and was thicker and longer than ever. Mrs. R. C. K. Casco, Ashland, Mich., Feb. 9, 1900.

THE CHINESE MYSTERY.

ORONHYATEKHA RETURNS HOME AFTER A TOUR OF EUROPE, INDIA AND AUSTRALIA

The Supreme Chief Ranger of the I.O.F. Underwent Beneficial Treatment in Germany—Australian Eyes Are on Canada, and the Warmest Feeling Exists for Canadians for the Generous Way They Responded to the Empire's Call—Many I.O.F. Courts Organized in Australia and India, Egypt and France.

Here is a Key for Toronto World Readers as to the Names of Places and Chinese Dignitaries Mentioned in the Despatches.

The following alphabetical key should be kept for reference during the Chinese crisis: ALEXANDER—Russian Vice-Admiral on the Far Eastern station. BENEDMANN—Rear-Admiral Benndemann, commanding the German squadron in the Far East. BOXERS—The Boxers of the "Ho-Chuan" and "Chuan" meaning righteous, "Ho" uniting and "Chuan" defending with the fist...

ORONHYATEKHA, S.C.R.

Absorbed in reading a newspaper, and with a look of complacency on his face, the young man found Dr. Oronhyatekha sitting at his elbow. He had just returned from a month's trip to Australia, Egypt, India, France, Germany and other places, and that was obviously the reason for the look of serenity that was so noticeable.

Underwent Treatment in Germany. "Oh yes, I have been greatly benefited. While in Germany I visited a famous water-cure place and there placed myself under the care of an eminent physician. Dr. Schott by name, who is a specialist in heart disease and has a treatment of his own that has gained for him a continental reputation among the medical profession. I underwent that treatment for some weeks, and it seemed to help me considerably. Dr. Schott explained to me, and I propose to continue it."

Planted the Order in India. "I also planted the order in India, and the doctor, and there is a great future for it there. There are millions to draw from, and a large percentage of the population in Calcutta is composed entirely of Hindus, and in another court there is a Rajah and an elected member of the Governor-General's Executive Council. The High Chief Ranger is an Indian gentleman of culture, wealthy and occupying a high social position. It is to him that I owe the success that I met with."

to the United States, and returned to Montreal with 12 trunks. Only six had gone to the customs, therefore, six must have got into Canada without duty. Dr. Borden on the six trunks passed thru customs had in which Dr. Borden had no food in the trunks was no powder, and was unheard of, because such a blunder was expensive, and lost its strength by grinding.

As to the charge that Dr. Borden had been paid before the goods were delivered, this was in a worse light than it had been proven, for when the contractor was paid the Government possessed Mr. Macfarlane's analysis that said the food contained only 40 per cent. of protein, and was not highly concentrated food, and was not worth \$2 a pound.

How Majority Choked Him Off. Mr. Monk referred to the majority choking him off when he wished to prove Dr. Borden's notorious insolvency. He believed the contractor's conduct was wholly indefensible, and that he was not worthy of being concerned in the "take off" in this transaction in order to prevent the same from being done again.

As to the value of the food, Dr. Borden's own statement to Collector White stated it at 20 cents a pound. Prof. Hutten had sworn it was "an inferior ration" for soldiers, and as a quack of protein in food was considered by members of the second contingent would in their kits in order to live five days. But they had but five. The point that the powder contained in the envelope and produced by Dr. Borden was not worth \$2 a pound, as Dr. Borden had neglected to do the food.

Dr. Borden's Conduct. Dr. Borden, Mr. Monk considered, he had used undue haste in closing the contract with Dr. Borden, who was a contractor at Kingston, and had neglected to do the food.

serious question. Who was responsible for the blunder in paying \$2000 for a worthless article, that was brought to give the soldiers a ration upon which they could depend when they were in the field? He characterized the majority report as a "take off" in this transaction in order to prevent the same from being done again.

A Small Act. But the report pitched into a lone Conservative official, the Rev. Dr. Borden, who would have been accused of assault and battery. Mr. Casgrain pointed out that the food was not worth \$2 a pound, and was not highly concentrated food, and was not worth \$2 a pound.

"East Kent" ale and porter, said a prominent physician the other day, "are really the best I have ever tasted, and I always recommend them to any of my patients who require a malt tonic."

All who have ever tried "East Kent" hold a similar opinion.

MAJOR PETTET IS OUTSPOKEN

Voted Against Both Reports. But Says a Great Fraud Has Been Perpetrated.

Ottawa, July 5.—(Special.)—Major Pettet of P.E.I., nominally a Patriot, voted tonight against both the minority and the majority reports. Speaking to the World, he said that he thought the reports were extreme. He believed a base fraud had been perpetrated, and that the man who should be punished was Dr. Borden. He believed Dr. Borden should be punished, and that the man who should be punished was Dr. Borden.
