FIGHT TO LAST DITCH IN HOUSE

Not One Dollar Will Be Voted on Supply—Caucus Takes a Firm Stand.

OTTAWA, Jan. 24.—(Special).—The house went into committee to-night, but in pursuance of the declared policy of the opposition, not a dollar was voted, and at 11 o'clock Mr. Fielding proposed adjournment. This was agreed to. The whole evening was taken up by a discussion of the work of the ice-breaker.

Mr. Whitford Laurier will on Monday make a statement respecting the rights of the members to inspect original documents, and this may, and, again, may not, break the deadlock.

Caucus Decided Course of Action. Before the opening of the house this afternoon, the opposition got together in caucus and then went into the chamber determined to oppose the granting of supply until the premier retreated from his position, that members of the house were not entitled by right to access to all records of the departments.

The amendment of Mr. Northrup, offered on Thursday night, was discussed for two and one-half hours, and a division was taken, the amendment being defeated by 95 to 50.

When the vote was announced, the premier arose. "With regard to the matter that has been under discussion," he said, "when the temper of the house shall have cooled down I will have a statement to make."

Mr. Fielding said that when the motion to go into supply was made last night it was intended to take up the estimates of the public works department. The minister, however, was not present, and he proposed to take up the estimates of the marine department.

Beware the Red Herring.

Prior to the civic elections The World warned the people that among the candidates would be men who, whatever their professions and however loud their declarations of devotion to the people and zeal for public ownership, would in reality be the candidates of the corporate interests seeking to strengthen and extend their hold upon Toronto's public utilities. How far the plans of the corporations succeeded we cannot tell as yet. How many of the successful candidates bear the private brand of the ring is not yet known, but that the plans did not entirely miscarry we greatly fear. The defeat of Mr. Hubbard and the narrow majority of Mr. Ward were probably not unwelcome to the ring, and remembering Mr. Spence's past relations with them, his election was probably quite satisfactory. As to how they are entitled to regard the result of the majority contest time and Mayor Oliver's own actions will tell. Already in the council and in the columns of the newspapers moves are being made and schemes projected, which, we are persuaded, are but parts of the corporations' carefully planned campaign.

The ring has learned the futility of open frontal attacks. In future they will keep under cover. Strategy and cunning, not open warfare, will be their methods. Their fighting men will not wear corporation uniforms nor wave the corporation flag. Wolves in sheep's clothing, they will mingle with the friends of the people, alert to mislead by plausible suggestion and betray with a kiss. In the new council this kind of work has begun already and the ring has no cause to complain of the laxity of its representatives there.

No council was ever elected with a clearer or more unmistakable mandate from the people to do a definite thing and do it first. Yet before the council was a fortnight old this question of first importance was relegated to second place and another pushed to the front, upon which the people had given no mandate and which was not even so much as mentioned in the campaign by any candidate. There is neither accident nor chance in this. It is a part of a carefully devised plan and this is not the less certainly so because the ring's chief manipulator keeps himself somewhat in the background and uses another as cat's paw.

The electric ring cares not one particle, of course, whether the number of licenses be reduced or increased. For all it cares they may be divided by two or multiplied by ten, but the ring does care that at the present juncture as many aldermen as possible may be got to declare that a vote of the people upon a question submitted to them shall not be regarded as binding upon the council. No popular verdict was ever more explicit than the one given two years ago against license reduction. It was an emphatic declaration against the concentration and congestion of the liquor trade, and the ring is quick to see that if aldermen can be got to declare such a verdict is not binding upon them, a precedent will have been established which can be used to the ring's advantage when the power bylaw comes to be dealt with. The corporation men in the council can do their masters no better service than this attempt to use temperance sentiment for the purpose of chloroforming the aldermanic conscience.

The World does not suggest that Mr. Hales, or all who are supporting his motion, are consciously doing the work of the electric ring, but for practical purposes there is little to choose between the dishonesty that is willing to betray the public and the incapacity that renders a public man an easy subject for scheming manipulators. Usable men are just as potent for mischief as corrupt men; for the purposes of corporation grafters they are quite as useful and are less expensive.

If the temperance men in the council have any proof or even any good reason to believe that the people have changed their minds as to license reduction, they have the right, at the proper time, to submit a bylaw for that purpose. But neither Controller Spence nor his following believe there has been any such change, and the proof that they do not lies in the fact that none of them tried to use any such supposed sentiment in their campaign. He and they may as well understand that the public are neither blind nor gullible, and they understand that the real object of this move of theirs is to distract public attention just as was the abortive attempt two months ago to confuse the issue by chatter about the water supply and sewage disposal.

Collingwood Banquets Minister Public Works

Inters That Important Harbor Improvements Will Be Undertaken and Wharves Extended—Nova Scotia Member Throws Out Feeler as to Tonnage Bounties.

COLLINGWOOD, Jan. 24.—The intimation that the strike was settled and that the wharves would reopen next week, was one of the interesting features of the banquet to-night at which Hon. William Pugsley, minister of public works, was the guest of honor.

Not less interesting to Collingwood was the implied promise of the minister that the deepening and extension of the harbor would be undertaken. The policy of the department, said the minister, was to gauge the depth of the western harbors by the depth of the receiving ports on the east side of the lakes. Canadian traffic, he said, must be directed thru Canadian channels.

J. H. Sinclair, M.P., Guysboro, N.S., threw out as a feeler a proposal to bonus the shipbuilders to the amount of \$8 to \$1 a ton.

MINISTER CHANGES IN TEACHERS' EXAMS.

Minister of Education Announces Important Extension of "Approved School" Policy.

The minister of education yesterday issued an important circular on the examination question.

It has been the policy of the present government to lessen the number of examinations, and the circular now sent out to the educationists of the province outlines the objects of the latest reform. The system of "approved schools," from which pupils may be admitted to the training colleges without examination, has been modified.

The minister in his circular says that under the existing system too often the chief aim of education, which is formation of character, was lost sight of and that stress affected injuriously the methods of teaching and preparation of pupils for the practical duties of life. The minister then goes on:

"Complaints have, indeed, increased of late that, in very many cases, the products of our secondary schools do not possess what have long been regarded as the essentials of a practical education. They are too often poor in spelling, penmanship, reading and letter-writing; and in the elementary operations of arithmetic they are lacking in speed and accuracy. These complaints are well founded. Even if the departmental and university examinations were suitable for pupils intended for commercial and industrial pursuits, which they are not, the examination test in the foregoing subjects is quite inadequate. With so many examinations centres there could be no adequate test of a candidate's ability to read, and, in any event, it would be regarded by the public as unjustified to reject him; that is, to put him to an additional year's labor and expense because he was a poor reader, or a weak penman, or his letter-writing lacked the proper form, or his arithmetic answers were inaccurate in details. A simple, arithmetic, indeed, under our system, he might obtain high marks for the principles of the problems even if all his answers were inaccurate in other respects."

Will Conduct Exams. "Accordingly, as has already been announced in circular 19, the education department proposes, as a step in the regeneration of the system, to conduct the examinations for entrance to the training schools for the sole purpose of increasing the competence of the teachers for teachers' certificates; and to extend the approved school system to the subjects of writing, penmanship, arithmetic and mensuration, English grammar and geography. As a consequence, henceforth the examination stress will be removed from the ordinary school subjects, the special preparation of the intending teacher will be transferred to the training schools, and greater freedom will be given to the ordinary school staff during the first two or three years of the pupil's course, when such freedom is most needed. The normal course is now provided in the normal schools, and no candidate will be allowed to pass the final examination without competent knowledge of all the subjects he will have to teach in the public schools, including of course, geography, arithmetic and mensuration."

"As far as practicable at present, the same provision has been made in the facilities of education, and the same provision will be made in the model schools of the future. It is also the policy of the education department to increase the importance of the teacher's personality, and in this way to allow the formation of character to become the main function of the schools. Moreover, subject to judicious departmental control and direction, it is the aim of the education department to place upon the trustees and the teachers the responsibility of providing, according to local needs, the education for his life work which every pupil has the right to receive. It is largely of the dominant examination influences, our school system has failed to take sufficient account of our economic condition.

Detectives Recover Wagonload of Goods One Arrest is Made

Hyman Goldberg Accused of Being One of the Conspirators Who Defrauded 10 Toronto Wholesalers.

Ephraim Hyman Goldberg, alias Gold, 38 James-street, was arrested at police headquarters by Detective Kennedy at 1 o'clock yesterday afternoon. About \$3500 worth of stolen goods, largely made-up clothing, has also been recovered.

Goldberg is charged with conspiring with Sidney Morris, alias Arthur Roberts, his son-in-law, and Israel Smith, alias Harman Brown, in the months of November and December, 1907, to defraud W. R. Brock and nine other Toronto wholesalers out of a considerable quantity of fallors' cloth and many articles of made-up clothing.

The arrest of Goldberg is the first visible step taken by the police toward rounding up the trio, who are said to have operated a deal in which the city merchants lost about \$5000. Since his arrest, which followed his arrival at police headquarters to make complaint of the seizure of a quantity of goods sold by him to the Boston Departmental Store, operated by Krappin & Co., at 125 West Queen-street, the police have searched Goldberg's house and the premises of his son, Harold Goldberg, at 161 West King-street, where he operates the Oriental restaurant.

From their finds in these places they have come into possession of much clothing and valuations in papers and goods found, Goldberg also has made admissions. He is held without bail and will appear in police court this morning.

Found Wagon Load of Goods. The first real move was made when Detective Kennedy, acting upon a search warrant, followed Goldberg into the Krappin premises Thursday afternoon and seized a consignment of the Morris & Reed goods which had been sold to the company by Goldberg. The son was seen there and denied that there were any goods on the premises, pointing out that dry goods were not usually found in restaurants. The officers insisted, and were rewarded by finding a large wagonload of clothes in an upstairs room. These, with the other goods seized, were taken to headquarters and stored away.

RUMOR SAYS JUDGESHIP FOR HON. LOMER GOULIN

L'Evenement Publishes Story to Effect That Laurier Wants Change in Quebec.

MONTREAL, Jan. 24.—(Special).—L'Evenement publishes a story to the effect that Sir Wilfrid Laurier is most anxious to bring about changes at Quebec, as it appears that the federal prime minister is not too enthusiastic over the manner politics are being run in the ancient capital.

The generally well-informed L'Evenement says that Hon. Lomer Goulin, L'Es present premier, will be appointed to the chief justiceship of the court of appeal, the highest court of the province, replacing Hon. Judge Henri Taschereau, who, rumor has it, will succeed Sir Louis Jette at Spencerwood in a few months.

 TALKED IN HIS SLEEP OF SOUL MATE: WIFE HEARD
 Sherbrooke Manufacturer Acknowledged Love for Another and His Wife Gets Divorce.
 WORCESTER, Mass., Jan. 24.—(Special).—Charging that her husband, Victor P. Thewlis, owner of large interests at Sherbrooke, Quebec, and superintendent of a Sunday school, talked in his sleep one night of his "soul mate" and when she tackled him, acknowledged that he was in love with his stenographer, Mrs. Mary Lincoln, saying that he cursed and swore at her for objecting, Mabelle M. Thewlis brought suit for divorce.
 She was given the decree to-day, and also was granted alimony of \$150 a month and the custody of the two children. The co-respondent in the case is said to be in Sherbrooke now. Thewlis formerly was at the head of a large concern here. He went to Canada two years ago.

LEGAL OPTION BYLAW QUASHED IN SALT FLEET

Judge Snider Will Issue Certificate This Morning—General News of a Busy City.

HAMILTON, Jan. 24.—(Special.)—Judge Snider decided this afternoon to quash the local option bylaw in Saltfleet Township and will issue a certificate to that effect in the morning. The bylaw, according to the returns given out at the time of the election, had a majority of four over the sixty per cent. required. The recount did not make a material change, but George S. Lynch-Staunton, K.C., who appeared for those opposed to the bylaw, set up the contention that the deputy returning officers and poll clerks had no right to vote.

It was shown that nine of these officials did vote, and also J. Robertson, who had moved out of the village. His honor held that these ten had no right to vote, and this converted the majority into a minority, the law assuming that all rejected votes were cast in favor of the bylaw. The temperance people will likely appeal, contending that the judge had no right to hold a scrutiny into the voters' list.

At Stony Creek this morning Judge Snider opened the recount of the ballots cast in Saltfleet on the local option bylaw. The counting of the ballots resulted in a gain of one for the bylaw, and a reduction of one against the bylaw, making the correct count: For bylaw, 487; against, 321. Evidence and argument as to the legality of some of the ballots was heard this afternoon. If those opposed to the bylaw can get four ballots thrown out the measure will be quashed.

It is rumored that William Armstrong will probably be appointed to succeed the late E. A. Dalley as license commissioner.

City Engineer Barrow has recommended a number of changes and a shakeup amongst the officials of his department. He would like to see the streets placed under the control of one committee, and it is understood that if the change is made the following will be in charge: City engineer and manager of the waterworks, E. G. Barrow; assistant engineer, J. R. Heddie; street commissioner, W. C. Brennan; accountant, A. T. James; superintendent of waterworks, Albert Anstey.

Arrested for Stealing. Bert Hardy was arrested at the local postoffice this morning on the charge of stealing a postoffice savings bank pass-book from Thomas C. Reid, Port Credit. It is alleged that by means of the book he drew \$50 thru the Port Credit branch of the postoffice in Toronto.

ANGLICAN COMMITTEE IN LAYMEN MOVEMENT

Frank Hodgins, K.C., Named as Chairman—Will Raise \$150,000 for Missions.

The laymen of the Church of England will endeavor to do their part in the Laymen's Missionary Movement by raising \$150,000 for missions during the present year. This sum will be contributed thru the regular channels of giving. The decision was arrived at at a very representative meeting in the schoolhouse of the Church of the Redeemer last night and embodied in the following resolution: "Be it resolved that the laymen of the Church of England present at this meeting and representing all the parishes of the Church of England in the City of Toronto, are of the opinion that the Church of England should endeavor to raise \$150,000 and do pledge themselves to do all in their power to see that this amount is realized.

"And be it further resolved, for the purpose of furthering the object of the Laymen's Missionary Movement in the Church of England a central committee of laymen be now appointed with power to co-operate with all such organizations as they may deem advisable and settle all questions connected with the movement.

"And be it further resolved that this meeting request the officers and men of each congregation to co-operate with the said central committee."

The meeting was presided over by His Grace, Archbishop Sweetman, and the movement was explained by Hon. S. H. Blake and N. F. Davidson. The resolution was submitted by Noel Marshall and seconded by R. H. Coleman.

The committee appointed to take charge of the work is made up as follows: Frank E. Hodgins, K.C. (chairman), Hon. S. H. Blake, N. F. Davidson, W. J. Dyer, W. L. Gwynne, A. W. Grasset, Byce W. Saunders, S. C. Wood, Dr. J. A. Kammerer, J. H. Kirkpatrick, G. H. Kilmer, N. F. Davidson, A. R. Boswell, J. A. Worrell, Y. Oray, Dr. Mackay, R. H. Coleman, Dr. W. H. Pepler, John G. Greer, Franklin Jones, E. F. Crossland and A. Clubb.

The Situation in China. "You cannot conceive of an opportunity such as we have to-day," declared Rev. Dr. Mackay in an address on missionary work in China to a meeting in the Bloor-street Presbyterian Church last night. The meeting was held under the auspices of the Presbyterian Laymen's Missionary Movement.

"China is likely soon to follow in the steps of Japan," said Dr. Mackay. "If we are going to use our influence in China we must do so speedily. My eyes have seen the country so beautiful as China. It has not the beauty and varied landscape of a mountain country, but the beauty of an agricultural land perfectly cultivated as to look like an immense garden."

Labor there was cheap, said Dr. Mackay. Four men carried him in a chair for 66¢ a day for all four, and then considered him remarkably generous. Farms averaged from three to five acres, while the man with ten acres was wealthy. They were so well cultivated that not a stone could be found in a field.

After Dr. Mackay's address reports were heard from several churches—about the effect of the movement was taking a firm hold on all the congregations.

HON. DR. PYNE OPENS NEW LIBRARY AT BRAMPTON - Minister of Education Addresses Students, Board and Council - Is Carnegie's Gift.

BRAMPTON, Jan. 24.—(Special.)—Brampton's new public library was opened to-day by Hon. Dr. Pyne, minister of education. The building is of red pressed brick and was erected at a cost of \$12,500, the gift of Andrew Carnegie.

Hon. Dr. Pyne arrived at 2 p.m. He visited the high school and the central public school and delivered a short address to the students. At the new public library building Mayor Golding presided, and an address of welcome was read by W. J. Galbraith, president of the public library-board. Hon. Dr. Pyne replied, congratulating the board and council upon the character of the library, and expressed the hope that it would be a valuable annex to the schools of the town. He referred to the growth of public libraries since the first was established in Montreal in 1767. Free libraries were first opened at Halifax in 1824, Galt in 1838 and Toronto in 1834. The education department was doing its best, improving the whole educational work of the province and he felt with considerable success.

where the production of original papers had shown rapidly, and Mr. Reid believed that if the records of the departments of railway, marine and fisheries, interior, and public works were examined they would show that there were many deeds that had not been exposed. Mr. Armstrong (Conservative, East Lambton) declared that it was the duty of the opposition to make the halls of the legislature ring with protest against this invasion of the people's rights. The amendment was rejected by 25 yeas to 50 nays. The following private bills were read a third time: Respecting the South Ontario Pacific Railway Company; respecting the Lindsay, Bobcaygeon & Pontypool Railway Company.

Toronto Pros. Trim Berlin Varsity Defeat Queen's

Uxbridge Wins From Rowing Club by 3 to 2—Brantford Beats Guelph—Kingston Here To-night.

BERLIN, Ont., Jan. 24.—In one of the hardest-fought hockey games ever played on Berlin ice, Toronto professionals won out in extra time over the Dutchmen to-night by 5 goals to 3...

As the score indicates, the teams were very evenly matched. Berlin had slightly the better of the play, but did not break away well as did the Toronto, with one notable exception, when Schmidt electrified the spectators by a single-handed rush...

Young and Mercer were the shining stars of the visitors, but the former could not do much with the Berlin defence, altho he did get thru once for a counter...

Referee Jimmy Fraser of Galt handled the game with his usual ability, but his decision being well laid out, Berlin forwards got in some good combinations in the early part of the game...

Uxbridge Beats P. I. C. Uxbridge put a crimp in P. I. C. Club's chances of winning their district in the Intermediate O.H.A. by defeating them last night at Mutual-street by the small score of 3 to 2...

There was a fair crowd present, Uxbridge Old Boys being well represented as well as the followers of the Rowing Club. Anderson was the pick of the visitors, while Tunstall did good work in goal...

Varsity Beat Queen's. KINGSTON, Jan. 24.—In one of the fastest games of the season, the Toronto Varsity defeated Queen's by a score of 8 to 6. At half time Queens led by two goals...

PROTECT THE PUBLIC ELECTRIC SERVICE.

Fault is found with the Hon. Adam Beck, because he has uttered a word of warning regarding the consequences which may result from the Hamilton Radial Railway acquiring right to sell its surplus power for commercial purposes.

But identity of interest cannot be limited to the Hamilton Radial Railway and the Cataract Power Company, the concerns immediately connected with the proposition now before parliament.

hibition of hockey to-night London continued their march to the O.H.A. semifinals, or finals, as the case may be, defeating the visiting Paris seven by four goals to two. London's victory must be attributed to the great defence work of Caselman and Pearson in goal and the inaccurate shooting of the Paris forward line. The half time score was 2 to 1 in favor of the locals. Paris drew first blood three minutes after play opened, but a half minute later the score was tied. The second half saw the faster and Paris scored their last goal within one minute of full time. The goal was scored by the Paris forward line by the accurate shooting of London's goalkeepers.

What the Theatres Offer

"Fascinating Flora." "Fascinating Flora," which comes to the Princess on Thursday, is the latest success from the New York Grand Theatre. It is a musical comedy, with a score by Gustave Kerker, composer whose tuneful fancies have been responsible for a full dozen of Casino successes in the past quarter of a century. The book is by R. H. Burnside, general stage director for the Shuberts, and Joseph W. Herbert. The scenes are laid in Paris, in Wall-

learned that she was the owner of a stable, he would break off her match, she determined to sell out after "Wildfire" wins one more race. Two men are endeavoring to gain the widow's hand in marriage; one is a westerner who has made his money in mines, and the other is devoted to automobiles. Duffy makes a slighting remark about the widow, and the westerner, who has advanced to get even by breaking Duffy and his stable. He announces the fact to the widow. The widow engages a new jockey for the big race, is not knowing that the real owner of the stable, the boy takes his orders from Duffy, who tells him not to let "Wildfire" win unless he can throw the race, and tells the widow. Meeting Duffy in the trainer's quarters, the widow permits him to make love to her during the race, she may have placed her hand on his shoulder as a signal to the jockey to win. Before Duffy gets the kiss for the attempt to throw the race, the widow and the widow boxes his ears for his presumption. Thinking the horseowner was a party to the plot, the crowd accuses the hand of Basphalia, who is devoted to automobiles. Then she learns from him that the western admirer had nothing to do with the attempt to throw the race, and she breaks her promise, and the curtain falls with the widow telephoning to his rival to call and accept her answer to his proposal of marriage.

Farewell Week at Alexandra

On Monday Miss Ida Conquest and the Royal Alexandra Players will commence their final week in Toronto. The play to be presented is "Her Great Match," adapted by Clyde Fitch for Miss Maxine Elliott. The story tells of a wealthy brewer, who, having accumulated sufficient wealth to retire upon, the desired title, the crown prince of the American social world, with the object in view, he goes to England, where he leases a handsome country place known as Medehorn Manor, and the most prominent guests are the Duchess of Hohenstein and her nephew, the Duke of Devonshire, and the Duke of Devonshire's daughter, the Princess Adelaide. The latter place, "The Bower," was born. Among the other guests are a Mrs. Sheldon of New York and her step-daughter, Jo. Mrs. Sheldon, New York under a cloud owing to being mixed up in some shady financial transactions. Her creditors are pressing her to return to her home, and she is endeavoring to make a settlement. Being aware that the crown prince has been in the end love conquers and she flings herself into his arms. Laura Burt and Henry Stanford, principals with the late Sir Henry Irving, have the leading roles.

Laura Burt

As Lady Alethea in "The Walls of Jericho," at the Grand. During which Frohisher shows his dislike for Harry Dallas, a fop who is paying marked attention to Lady Alethea. At this time it transpires that the son of the marquis has had an affair with an eminently respectable young woman below his class. Frohisher advises marriage and sends the young man away on his yacht to his island farm. Dallas, led on by a society woman's wiles and desire to be amused, tells his love to Alethea and compels her to submit to his embraces. Frohisher begins to suspect and forbids Dallas the house. He then throws off the yoke under which he has been harassed, declares himself sick of the immorality of the smart set, gives orders for the sale of his house and decides to return to Queensland. Later on, when Lady Alethea hears of her husband's plans and the reasons therefor, she refuses to accompany him, but herself into his arms. Laura Burt and Henry Stanford, principals with the late Sir Henry Irving, have the leading roles.

Irish Play at Majestic

A new Irish musical drama, "The Singing Girl of Killarney," will be presented for the first time in this city at the Majestic Theatre next week. The drama is from the pen of the noted author Hal Redd, and is in four acts. It is a play of intense heart interest, from the rise to the final curtain and comedy, so deftly blended as to make it a production of intrinsic merit. Aside from its many novel musical features, which will include a number of original numbers, as well as favorite melodies from the "Emerald Isle," one of the most interesting "stage upon a stage" Madam Kallich coming.

Lillian Hines

In "The Singing Girl from Killarney," at the Majestic. scenes ever attempted will be seen. This is an important factor to the development of the clever plot. The villains are thwarted so cleverly by the "girl" that the result of the same nature, which is a story of the same upon an elaborate scale. The acting of the company contains the names of many well-known and favorite players, prominent among whom are Lillian Hines, Fred Adams, Ned North, Sam Manne, Don Harold, William Selzer and William Sheehan. During the week a matinee will be given every day.

To Freeze Out Deadheads

LONDON, Jan. 24.—The leading theatrical managers are starting a campaign of organized war on the free ticket system, which they say lately has attained such vogue as to be ruinous to business. In addition they argue that "papered" houses make listless and bad audiences.

The Futurity Winner at Shea's

At Shea's Theatre next week, Manager Shea is offering as a headliner Joseph Hart's production, "The Futurity Winner." Edmund Day's one-act racing sketch, Kingsley Benedict appears as the jockey, and the offering is elaborately staged. Two scenes are shown—the first, the trainer's quarters before the big race, and the second, the stretch of the Sheepshead Bay race-course. The racing finish to the act, with four horses in the contest, is exciting and realistic. Miss Louise Agout, a member of the famous Acout family of jugglers, appears at the head of her own company in a bit of Parisian vaudeville called "Mlle. Foulard." Mlle. Agout is one of the beauties of the stage. The scene of her comedy is laid in a French cafe, and she is assisted by a clever company. She is an expert juggler and adds to the effect of her act by introducing a variety of stunts. Eddie Leonard is a favorite in To-

ADELE RITCHEE

In "Fascinating Flora," at the Princess, Next Week. street, New York City, and at Manhattan Beach, and give ample opportunity for splendid scenic environment. The story has to do with one Allegretti, the head of a conservatory of music in Paris, and his wife, an American comic opera prima donna. Through the piece the story runs consistently enough to furnish plenty of extremely lively and amusing situations, which are well taken advantage of by the splendid company, which brought almost direct from its production of the metropolitan engagement. Much of the music of this production has already achieved popularity, some half dozen of the numbers being widely directed generally. Mr. Burnside personally directed the staging of the production, and with his well known ingenuity devised extremely novel effects for the song numbers. Introduced features include Miss Jansell's clever imitations of stage celebrities.

Lillian Russell in "Wildfire"

Her new play, "Wildfire," by Geo. H. Broadhurst and George V. Hobart, which comes to the Princess the first half of next week. Lillian Russell plays the part of a young widow who has inherited a racing stable. Her friends think she is well-to-do, when, in reality, the stable is about all she possesses. Only the training shares with her the secret of its ownership, as she races under the name of John Duffy. Her little sister is engaged to marry the son of a reformer, whose object is to abolish racing in New York State. This young man has succumbed to the gambling fever and lost heavily to a John Duffy, a bookmaker. Many believe Duffy owns the stable and he permits the impression to be spread. The widow, knowing that if the reformer ever

Conservatory of Music. When the Toronto Conservatory of Music some two years ago announced its intention of equipping and maintaining a first-class permanent orchestra, the natural thought of the public may have been that the experiment, while praiseworthy in its inception, would be fraught with many difficulties and present obstacles in the way of fulfillment. Without the co-operation of that public, moreover, ultimate success could not be in the nature of things toward the hard worked committee, composed of enthusiastic and patriotic citizens, but when the evening of Dec. 10 revealed a large and thoroughly interested audience that nearly filled Massey Hall, the end seemed to be gained and the symphony orchestra firmly established in the estimation of the public as one of the deservedly successful organizations of the City of Toronto.

Burlesque and Boxing

Beginning next Monday at the Star Theatre, the "High School Girls" will give their initial performance in this city, and they are all very handsome to behold. Just when they attended high school the program falls to note, but at any rate, they look very charming behind the footlights. A little bunch of fascinating peaches that never paid us a visit. There is every indication that extravaganza will be a decided jump forward this season, and the "High School Girls" is an additional proof. The burlesques are fast and funny, and the comedians are real funny beings. As an extra attraction Joe Bernstein, the ghetto champion, and Kiki Grillo, ex-barium champion, will appear at every performance in a sensational three-round boxing bout.

HER HUSBAND WAS A DRUNKARD

A Lady who cures her husband of His Drinking Habits Writes of Her Struggle to Save her Home.

"I had for a long time been suffering from the Tasseles Sanaria Prescription treatment on my husband for his drinking habits, but I was afraid he would die, but I was giving him medicine, and the thought occurred me that I would try the Tasseles Sanaria Prescription, and put in his coffee as directed next morning and watched and prayed for the result. At noon I gave him more and also at supper. He never suspected a thing and I then boldly kept right on giving it regularly, as I had discovered something that had set every nerve in my body tingling with hope and happiness, and I could see a bright future spread out before me—a peaceful, happy home, a share in the good things of life, an attentive loving husband, content and everything else that a woman's heart is ever made to desire. I told me that whiskey was vile stuff and he was taking a bit to it. It was only too true for before I had given him the full course he had stopped drinking altogether, but I kept giving him the medicine till it was gone, and then sent for another lot, to have on hand if he should have any more. He never has and I am writing you this letter to tell you how thankful I am. I honestly believe it will cure the worst cases." The plan opens to subscribers for \$1.00 seats on Tuesday, February 4, at 12 o'clock. Every effort is being made to consult the convenience of the subscribers and avoid all unnecessary delay. Subscribers should send their names and the details of the plan by reaching carefully their own subscription cards and noting the hour at which their number will be called. If any subscribers have not been received from all parts of the country and many places in the United States, a record of subscribers will undoubtedly be the rule.

Amateur Wilhelm Dead. LONDON, Jan. 24.—(Special.)—Wilhelm, the noted violinist and concert m.a.o.f., died here to-day. He was born in 1845.

The Sunday World.

The Sunday World of this week
will be a record-breaker, in so far as
the Illustrated Section is concerned.

The quotation, "Close to the Land
of Fairies," is timely, as it applies to
the illustrations over which it is placed,

Athletes, particularly winter sports,
are profusely dealt with. Views
taken from life and dealing with people...

A magnificent portrait of our Govern-
ment-General, Earl Grey, and Lady
Grey, also, from his latest photograph,
Wm. J. Bryan, the silver-tongued Ameri-
can orator. A picture of Mackenzie
King, the man who is adjusting the race...
