Government, Hydro and Mackenzie Interests at Last Come to Understanding for Supply of 15,000 Horsepower—Question of Price Left to Single Arbitrator.

The power shortage in Ontario has at last been relieved by an understanding arrived at yesterday between the government, the Hydro-Electric Power Commission and the Mackenzie interests. Commencing Sunday night, some 15,000 horsepower will be furnished to the Hydro by the Electrical Development Company. The question of price, which has been a barrier to an earlier settlement, will, by the consent of all three parties, be referred to President-General Mitchell, of the engineering faculty of Toronto University.

BRIG-GEN. C. H. MITCHELL, C.B.E., D.S.O., who will act as arbitrator in connection with the terms to be fixed for the Electrical Development Company, supplying the Hydro-Electric Commission with 15,000 horse power to relieve the existing shortage.

Terms of Settlement.
The following are the letters which passed yesterday between Premier Drury and Sir Adam Beck, which formed the concluding chapter of a voluminous correspondence on the question.

From Premier Drury to Sir Adam: "The Electrical Development Company have agreed to supply you, beginning at midnight, Sunday next, with power, according to the terms of the memorandum submitted by the company and approved by the engineers of the Hydro-Electric Commission. They have also agreed to submit the question of price and the carrying out of the terms of the memorandum to a sole arbitrator to be nominated by the government. The government has nominated General Mitchell for this position and the company has agreed to his appointment. Do you approve of this arrangement?"

Sir Adam Gives His Approval.
From Sir Adam to the Premier: "I am in receipt of your communication (Continued on Page 5, Column 5).

Will Not Cancel Mining Claims

It was announced yesterday by the minister of mines, Hon. Harry Mills, that the government was considering withdrawing the order-in-council cancelling those mining locations the owners of which are in arrears for taxes. Under the order scores of mining claims were formally cancelled and thrown open to re-staking. Representations were made to the government that the owners of many of the claims had not received their notices, while others again had for various reasons neglected to pay this arrears of taxes. There were also some instances of hardship involved in the cancellations so that it is now proposed to withdraw the order entirely.

CROWDS OF PILGRIMS THROU WHITEHALL

London, Nov. 12.—There has been scarcely any cessation since yesterday's ceremonies in the tramp of pilgrims to the monument to Great Britain's war dead in historic Whitehall, the unveiling of which was the principal feature of the Armistice Day exercises. During the early hours of the morning, in cold, gray, foggy weather, so many workers on their way to their tasks were anxious to pay tribute to the heroes of the war that the police had to marshal them four abreast past the memorial.

National Democrat Paper in Poland Predicts Another World Conflict.

Warsaw, Nov. 10.—The declaration that war between Germany and Poland would be inevitable if the plebiscite to be held in Upper Silesia gives that region to Germany is made in The Gazette Poranna in discussing the plebiscite. The newspaper is the organ of the National Democrats whose leader is John Dombki, under-secretary for foreign affairs. The Gazette Poranna predicts that another war would result, with France and Belgium joining Poland, and Great Britain siding with Germany. It adds: "If Britain should enter this war it would mean, perhaps, the end of British world power."

Neutral Countries Hesitate to Take Responsibility for Proposing Her for Membership—Lord Robert Cecil May Do So—Austria Has Made Formal Application, and Gives Reasons.

Geneva, Nov. 12.—Austria's formal application for admission to the League of Nations, signed by Herr Mayer, minister of foreign affairs, was received by the secretariat of the league this morning. Attention is called in the application to the fact that Austria was given assurance when she signed the treaty of St. Germain that she would be admitted to the league at the proper time, and it says the proper time has come. Austria, it explains, being ready to fulfil all her international engagements, thinks she ought to belong to the family of nations.

The secretariat has received no intimation that Germany will apply for admission. It appears that neutral countries which announced they would consider the necessity of retiring from the league if Germany is not admitted, hesitate to take the responsibility of proposing her election in the absence of any steps on the part of Germany. By some interested persons here it is believed the chances now are that Germany must apply for admission herself or the question will not come up. The certain circles hold that Lord Robert Cecil is likely to propose her election.

Some of the delegates who have arrived here for the meeting of the league assembly decline to be put in the position of offering Germany membership, which they believe she might or might not accept.

Delegations from Georgia and Danzig are among the latest arrivals. The Georgians hope their country will be admitted to membership, while the Danzig representatives expect the question of organization of the free city of Danzig will come up during the meeting, although it is not on the agenda.

Numerous revisions of the program of the assembly have thrown the question of admission of new members toward the very end, and unless the program is again revised the elections will not occur before the last day of the meeting, or about three weeks hence.

The countries whose admission will be voted on, besides Austria and Bulgaria, are the new states of Estonia, Finland, Georgia, Latvia and Ukraine, and the territories of San Marino, Liechtenstein, Luxembourg and Costa Rica.

ARBITRATOR NAMED TO FIX PRICE IN HYDRO POWER DEAL tude of Germany Toward League Cause of Much Uncertainty

SEE TO PROVIDE POWER TO RELIEVE PRESENT SHORTAGE

Government, Hydro and Mackenzie Interests at Last Come to Understanding for Supply of 15,000 Horsepower—Question of Price Left to Single Arbitrator.

The power shortage in Ontario has at last been relieved by an understanding arrived at yesterday between the government, the Hydro-Electric Power Commission and the Mackenzie interests. Commencing Sunday night, some 15,000 horsepower will be furnished to the Hydro-Electric Power Commission and the Mackenzie interests. The question of price, which has been a barrier to an earlier settlement, will, by the consent of all three parties, be referred to Friends-General Mitchell, of the engineering faculty of Toronto University.

This settlement of the power question was only arrived at after weeks of negotiations. At one time different interests seemed to be far apart as the poles, but one by one the points of differences have been removed, resulting in a final understanding yesterday.

Terms of Settlement.
The following are the letters which passed yesterday between Premier Drury and Sir Adam Beck and which formed the concluding chapter of a voluminous correspondence on the question:
From Premier Drury to Sir Adam: "The Electrical Development Company have agreed to supply you, beginning at midnight, Sunday, next, with power, according to the terms of the memorandum submitted by the company and approved by the engineers of the Hydro-Electric Commission. They have also agreed to submit the question of price and the carrying out of the terms of the memorandum to a sole arbitrator to be nominated by the government. The government has nominated General Mitchell in this position and the company has agreed to this appointment. Do you approve of this arrangement?"

Sir Adam's reply to the premier:
I am in receipt of your communication (Continued on Page 5, Column 5).

BOTH LEGS BROKEN; MAN UNDER ARREST

Warren Elwood Victim of a Collision Between Auto and Street Car.

With both legs broken, Warren Elwood, aged 34, 602 Dundas street, is in St. Michael's Hospital under arrest on a charge of stealing an automobile. Elwood was driving when the ham and Harbor streets when the auto he is alleged to have stolen about ten minutes before was struck by a street car. Another man who was in the auto bolted when the accident occurred and made good his getaway.

Elwood was carried to the office of Dr. Downey, 301 Markham street, where he received first aid, after which he was taken to the hospital in the police ambulance. He was placed under arrest by Patrolman Ward, after the police learned that the auto he was driving was owned by W. J. Robertson, 41 Warren road.

According to the police, Elwood and the other man stole the auto from Markham street, just north of Harbord street, where it had been left by its owner, and drove south to Harbord street, where it was struck by the street car on the left side, opposite the driver's seat. Thus it was that Elwood, who was driving, was injured. His companion escaped injury, and fled from the scene, leaving Elwood to face the consequences.

SUBPOENA IGNORED BY MAN AND WIFE

Inquest on Victim of Motor Accident on Hamilton Highway Adjourned.

"It is a clear case where they disobeyed the coroner's subpoena, and it appears that it is their intention not to appear," said Edward Bayly, deputy-attorney-general, at the morgue last night when the inquest on Harry Rosler was adjourned until Dec. 10, because Harry Barnes and his wife did not appear.

It will be remembered that Rosler was found on the Hamilton highway last September, and it was thought that Barnes was the man who ran him down in his auto.

W. D. Greer, inspector in the department of provincial police, swore that Barnes had been subpoenaed on Oct. 7 and had appeared on Oct. 9, but had not appeared on the 25th nor at any of the following inquests.

It was Coroner W. Young's opinion that Barnes and his wife were necessarily compellable witnesses.

BRIG.-GEN. C. H. MITCHELL, C.B., C.M.G., V.D.S.O., who will act as sole arbitrator in connection with the terms to be fixed for the Electrical Development Company, supplying the Hydro-Electric Commission with 15,000 horse power to relieve the existing shortage.

TREATY IS SIGNED; BOTH SATISFIED

Cordial Relations Are at Last Established Between Italy and Jugo-Slavia.

Santa Margherita, Italy, Nov. 12.—The treaty between Italy and Jugo-Slavia was signed this evening at Rapallo.
The preamble of the treaty reads: "The Kingdoms of Italy and of the Serbs, Croats and Slovenes are sincerely desirous to establish cordial relations between the two countries for their common weal. Italy recognizes the constitution of the neighboring states as the realization of one of her highest aims."
The diplomats of both countries expressed great satisfaction over the treaty.

ATTACK THE TREATY.

Rome, Nov. 12.—An article violently attacking the agreement reached between the Italian and Jugo-Slav delegates at Santa Margherita, is published by The Idea Nazionale. The newspaper says the settlement is due to the "rancour of a vanquished enemy and the disloyalty of the allies."

BREAD WAR SEEMS LIKELY IN KINGSTON

Kingston, Ont., Nov. 12.—(Special)—Kingston housewives are smiling today and they have good reason, for both sugar and bread took a drop in price. Sugar is retailing in the stores at 14 cents and bread can be bought for thirteen cents a small loaf and twenty-five cents for a large loaf. It looks like a bread war here. Yesterday one baker dropped his bread to the prices mentioned and today the others made a reduction and still lower prices are looked for.

NO CALL FOR ELECTION SAYS HON. J. A. CALDER AT SASKATOON MEETING

Speaking With Premier Meighen to a Large Audience, Declares Voters of Dominion Not in Favor of Government Going to the Country at the Present Time.

Saskatoon, Sask., Nov. 12.—(Canadian Press).—The Third Avenue Methodist Church, the largest auditorium in Saskatoon, was packed to-night when the prime minister and Hon. J. A. Calder addressed the electors in this city. Standing room was fully occupied and a large number of people were turned away. Hon. Arthur Meighen and his party reached Saskatoon at 6.30 this evening from Edmonton and left at midnight for Regina, where a Saturday will be spent, and the electors of the provincial capital addressed.

Mr. Calder first addressed the meeting. "There is an election not very far away and it is very important that the people understand fully the nature of the issues," said the minister of immigration.

No Election Mandate.
Of late there have been demands for an election, but Mr. Calder gave it as his experience that he had found very few people who wanted an election at this time.

"I believe," he said, "that if there were a poll of this audience, it would be found that very few would vote for an immediate election." This statement was cheered, and followed by cries of "try the vote," and "Give us a chance."

Mr. Calder said that three years ago he did not understand the tariff question as well as he did at the present time, for the reason that he had never had occasion to study it. "I was," he said, "more or less of a parrot, just as other people are parrots."

UNIONS IN IRELAND DECIDE TO SUPPORT THE RAILWAYMEN

New Order Empowers Naval or Military Authorities to Take Over Railroads.

ARRANGE FOOD SUPPLY

Dublin, Nov. 12.—Measures to ensure food supply in the event of stoppage of railway service in Ireland were considered at a conference of mayors of Irish cities and towns, the chairman of local councils and representatives of the Labor party in the city hall today. It was decided for an "all-Ireland" committee to take necessary steps. A committee was appointed to interview the directors of the railways to ascertain the possibility of reaching an understanding.

At a meeting of the Irish Trades Union Congress, held in the Mansion House today, it was decided to support the railwaymen in a event that they persist in refusing to handle munitions for Arthur Griffith, founder of the Sinn Fein organization, tonight endorsed the action of the railwaymen. He said all sections of the Irish people were prepared to make sacrifices and that the Irish abroad would help to sustain them in their fight.

MILLER NOT GUILTY OF MANSLAUGHTER

Jury Returns Verdict After Nearly Four Hours' Deliberation.

FIND SON BLAMABLE

In the assizes yesterday, Henry Miller, a clothing manufacturer of the city, was acquitted by a jury of the charge of manslaughter.

The charge arose out of the practically instant death of eight-year-old Edward Kettlewell on June 20th last, when he was struck by the accused automobile on Yonge street, near Belmont street.

Gordon Waldron, actor for the crown and Miller's defence was conducted by I. F. Hellmuth, K. C., and Joseph Singer.

The jury was out for three and three-quarters hours, leaving the court at 1 p.m., and returning at 4.45.

MOTORS IN IRELAND TO BE RESTRICTED

Hours of Use to Be Limited From 6 a.m. to 8 p.m., and Owners Liable.

Dublin, Nov. 12.—Owing to the continued extensive use of motor vehicles for purposes of murder, crime and other offences, the government has decided to restrict their use beginning early in December. Existing owners' permits after that time will be valid only between the hours of 6 a.m. and 8 p.m., excepting in Dublin and Belfast, and only within a radius of 20 miles from the owners' residences.

Warning is given to all owners that they will be held responsible for the safe custody of their cars, which if used illegally even though taken by intimidation, will make the owners liable to penalties and confiscation. The announcement adds that all permits will expire January 15, and will be carefully scrutinized before renewal.

PACIFIST TO SPEAK.

Montreal, Nov. 12.—The Fabian Society of Montreal has arranged to visit to this city by Norman Angell, the well-known pacifist, who will speak here on February 28, on international politics.

Sugar and Paper Back to Normal.

The two simplest things in the world to make are sugar and paper. The raw material is abundant and continuous; the labor limited and most of it cheap; all you've got to do is to start the machine going. And therefore the prices of these two staples have always been a margin above the cost of production.

Paper and sugar will be made again, now that the war is over, on the same basis of sale, at a margin on cost. The day of a price for sugar and paper at three times the cost of production is over and the old ways are returning. The sugar men already see that they must get back to old prices. The paper profiteers still pretend to be "hard of hearing," but there is something troubling in New York, notwithstanding the feeble services of the trusted officials of the newspapermen's association of Canada that will make them take the road like drummers but with manufactured goods. They have to find a market.

Paper and sugar must get back in the ruck with wheat and corn, oats and barley, wool and leather, and the other every day needs of living. If the exploiters have got you to pay two margins on paper stocks that you've lost and you want to get in again, don't be afraid. You must wait till two more margins are washed out on some other thing, then go in and you will still lose that last one.

Quoted Michael Clark.
The speaker mentioned the Farmers' party, whereupon there were cheers. Mention of the "Mackenzie King Liberal party" and the "party headed by Mr. Meighen" brought forth very hearty applause. He was not able to stand on the tariff plank of the Farmers' party, which stood for free trade, he said, and denounced protection in every form.

Mr. Calder quoted John Maharg and Dr. Michael Clark in support of his interpretation of the Farmers' platform, and there were some cheers for the latter. (Continued on Page Two; Col. Five.)

WRANGEL ABANDONS ENTIRE FIRST LINE; RETIRES TO SECOND

Feared He Will Be Unable to Hold It Under Fierce Attacks of Reds.

TWO REGIMENTS TAKEN

London, Nov. 12.—A Bolshevik army, supported by heavy artillery, has crossed the frozen Sivash (or Putrid) Sea, and entered the Crimea and is violently attacking General Wrangel's last line of defence on the east, says a despatch to The London Times from Constantinople.

The despatch adds that the fate of the Crimea depends on the result of the fighting. The situation was regarded as most critical and preparations were being made to evacuate the population.

Paris, Nov. 12.—Reports to the French foreign office from the Crimea today indicate that General Wrangel, anti-Bolshevik leader in South Russia, has abandoned his entire first line of defence before Perokop, withdrawing to the second line, which, it is feared, he will be unable to hold under the attacks of the Bolsheviks, which daily are becoming fiercer. The Bolsheviks are receiving large reinforcements from Moscow.

The Bolshevik situation now is regarded by the allies as most grave. It is recognized here, however, that the entire situation depends upon the "white" army holding the Crimean isthmus.

The allies, as well as the French, are said to be concerned over developments in the Caucasus. Reports to the foreign office confirm the signing of an armistice by the Armenians and Turks and the fear is expressed that the possible imminent junction of the Bolsheviks in that region with the Turkish Nationalist followers of Mustafa Kemal Pasha might have grave consequences, even resulting in an eventual clash of the Bolshevik forces with the allied troops in Turkey.

REGIMENTS CAPTURED.

London, Nov. 12.—Russian Soviet forces have penetrated General Wrangel's first line of defence at Yushumak, in the Crimea, capturing two regiments of General Barbovitch's cavalry, says Thursday's official statement on fighting operations, received today from Moscow by wireless. In the Mozry region, to the south of Bobruisk, the Soviet forces retired under pressure, the statement admits.

"In the Mozry region, under pressure of General Barbovitch's troops, were retired in the Mozry-Korosten railway," the statement says. "Thirty miles west of Mozry a regiment of General Barbovitch's divisions surrendered to the Bolsheviks."

"On the Crimean front, in the Perokop region, our troops broke through the first line, of the Yushumak fortifications, capturing two regiments of General Barbovitch's cavalry, comprising 500 sabres."

LOSSES OF \$200,000,000 SUFFERED IN FRENZIED SUGAR AND PAPER ORGY

Canadians Hit by Slump in Raw Sugar as Well as in Sugar and Paper Stocks—Investigation Into One Refinery to Be Asked—Dinner Parties in Montreal Help Insiders to Unload Stock.

Montreal, Nov. 12.—(Special).—Names of many prominent bankers, brokers, judges and lawyers, newspaper owners and financial writers, are being vigorously cursed by the investing public who were led into sugar and paper, where they have dropped millions in the aggregate.

One ex-broker is credited with making an enormous clean-up on sugar shares. A company, in which he was a big shareholder, had a lot of its capital and profits tied up in enormous purchases of raw sugar at above twenty cents a pound. When he saw that the price of raw sugar would have to drop down to pre-war prices, he started in to unload shares in his refinery and by a well-organized clique in which a number of most reputable citizens were knowingly or unknowingly induced to join, the tips were whispered round at dinner parties and at social functions; and the big operator unloaded most of his holdings. These shares dropped over a hundred points in thirty days or less. Scores and scores of men in Montreal and in

Toronto, bought lots of 100 shares, paid for them in full and lost over \$10,000 in each lot of 100 shares. The same tips were handed out in Toronto, and from that city comes a demand for an investigation.

All this is as to the deal in sugar shares. But as to the losses in Canada in buying or carrying raw sugar that is another story, and the street here is trying to find out who, if any one, in Montreal made money out of the fleecing of the lambs that bought sugar at over twenty cents a pound. The losses here were the much greater in total amount than in the refinery shares. All the refiners were in; also all their directors.

Losses in Raw Sugar.
Some of the sore ones bought both sugar shares and sugar raws. The men who led them in kept telling them to hold on! The buyers of sugar shares were told that the company had made so much money that it had millions of cash loaned out on stocks in New York!

The company may have lost money on scores of men in Montreal and in

Will Not Cancel Mining Claims

It was announced yesterday by the minister of mines, Hon. Harry Mills, that the government was considering withdrawing the order-in-council cancelling those mining locations the owners of which are in arrears for taxes.

Under the order scores of mining claims were formally cancelled and thrown open to re-bidding. Representations were made to the government that the owners of many of the claims had not received their notices, while others again had for various reasons neglected to pay this arrears of taxes. There were also so many instances of hardship involved in the cancellations that it is now proposed to withdraw the order entirely.

CITY CAN PROVIDE PLENTY OF WORK

Employment of Hundreds of Men on Needed Improvements Desirable.

There are men who are taxpayers in Toronto, who are looking for work. Mayor Church can help to find them work by getting the track levels of the Union Station settled and the track-layers and switch-builders put to work. There is work here for 500 men for two months.

Also, by asking the transportation commission to start building the Mount Pleasant street car line. There is work for 800 men for three months.

Opening up Teraulay street will make a lot of work. And there are a dozen other things at the city hall more or less hung up by official inertia.

CROWDS OF PILGRIMS THROUGH WHITEHALL

London, Nov. 12.—There has been scarcely any cessation since yesterday's ceremonies in the tramp of pilgrims to the monument to Great Britain's war dead in historic Whitehall, the unveiling of which was the principal feature of the Armistice Day exercises.

All this is as to the deal in sugar shares. But as to the losses in Canada in buying or carrying raw sugar that is another story, and the street here is trying to find out who, if any one, in Montreal made money out of the fleecing of the lambs that bought sugar at over twenty cents a pound. WAR IF GERMANY GIVEN SILESIA

National Democrat Paper in Poland Predicts Another World Conflict.

Warsaw, Nov. 10.—The declaration that war between Germany and Poland would be inevitable if the plebiscite to be held in Upper Silesia, and the region to Germany is made in The Gazette Paranna in discussing the plebiscite. The newspaper is the organ of the National Democrats, whose leader is John Dombanski, under-secretary for foreign affairs. The Gazette Paranna predicts that another war between France and Belgium, joining Poland, and Great Britain, will result.

"If Britain should enter this war it would mean, perhaps, the end of British world power."

The newspaper contends that Great Britain has shown certain leanings toward Germany in Silesian affairs, and warns Britain to keep her hands off.

The date of the plebiscite in Silesia has again been postponed indefinitely. The Polish miners, factory workers and laborers are dissatisfied with the German land-lords and capitalists, and constant friction is reported. A despatch from Heuthen today says that the allied authorities seized a carload of German artillery, mine throwers, machine guns and ammunition.

COMMERCE SCHOOL ADJUNCTS CUT OUT

Board of Education Will Now Ask City Council to Issue Debentures.

Toronto city council will be asked to issue debentures for the enlargement of the school building at the High School.

The advisory committee of education yesterday decided to cut out of the previous request for \$50,000 for a gymnasium and swimming pool, and to ask for \$100,000 for a gymnasium and swimming pool. The application would be granted.

Strong complaints respecting adequate lighting at the High School were made by the Mayor and Principal Eldon. The defective conditions were admitted by the building department and an inspection by the committee on Monday night was decided upon.

A suggestion from the chairman of the board of education that he be appointed an ex-officio member of the committee met with a rebuff. The appointment would, it was stated, be contrary to the law. It was decided to invite the chairman of the board to attend as a visitor, without vote.

HIGH QUALITY TEAS

The Anglo-Saxon Tea Co. Sells Teas of Absolute Purity.

Many Toronto people will remember Delany Bros., famous thirty years ago for the high quality of the teas they sold. It was claimed at the time that they were practically without a peer. In 1890, Delany Bros. had the distinct honor of receiving the highest testimonial from an old country specialist that it was possible to receive. This specialist stated that the tea sold by Delany Bros. was of the finest and purest quality that it was possible to produce.

Mr. John Delany, manager of the Anglo-Saxon Tea Co., is the sole survivor of the Delany Bros. firm. He still prides himself on the excellence of the tea that his company sells, and will be glad to supply old and new customers at most reasonable prices. His telephone number is Junction 874w.

TORONTO HAS FIRST SPELL OF WINTER

Frost and Snow in Evidence—Weather Yesterday Coldest for This Time in Years.

The autumn has passed, for yesterday Jack Frost made his appearance with a rush thru the province, and the temperature took a sudden drop to twenty above zero, with the glass still falling, while in the limits of "city" Toronto snow fell to the depth of a few inches. The radial cars from Newmarket and other points carried small loads of snow into the city, while blossoms and outdoor flowers withered and collapsed in the freezing cold. Ice nearly an inch thick formed on all still water. Snow fell lightly in Toronto yesterday afternoon.

Last year the minimum temperature first fell below freezing point on Nov. 13, when the thermometer registered a fresh spell with 7 degrees of frost. Old records show that yesterday's temperature was the lowest since 1898, when on Nov. 11 of that year, the thermometer registered 17 degrees above.

MAY STOP OUTSIDE SEWER CONNECTIONS

Works Committee Opposes Further Linking Up With York and Scarborough.

If council accepts the recommendation of the committee on works, the city will permit no more connecting with city sewers from the townships of York or Scarborough. At the last meeting of council, Ald. Baker succeeded in having referred back to the works committee a recommendation that permission be given to connect a township sewer on Normanna avenue with the city sewer on Atlas avenue...

Certain connections had been recommended where it was found that there was no other outlet possible for sewage, but he had recommended against the Normanna avenue connection because, in his opinion, the district would be sewered in another way.

The committee finally resolved to recommend rejection of all such township applications in future and let the township test its powers before the railway board.

The works commissioner, in his report, had recommended that the drainage connection between the city sewer and the Killnary apartments on Lansdale road, in the township, which was clandestinely made in 1914, be allowed to remain on adequate payment being made to the city. The commissioner had also recommended that connections made with the Rushton road sewer be permitted to remain and that the township be permitted to construct a short sewer on Wellwood avenue and connect it with the Rushton road sewer...

At the request of Walter J. Curry, who headed a deputation of independent taxicab owners, the committee recommended that two taxicabs be allowed to park on the east side of Victoria street, opposite the King Edward Hotel, as long as they do not obstruct the sidewalk. There were formerly taxi stands here, but disputes were so frequent between the cabs and the independent drivers that the privilege was canceled. If council approves, the two stands will be available for yellow or independent cabs to use as they arrive.

WHITE'S SEAT SAFE
IS OFFICIAL OPINION

Ottawa Authoritatively States
Sir Thomas Will Not Have
to Resign in Leeds.

Ottawa, Nov. 12.—(By Canadian Press).—The claim put forward that the federal constituency of Leeds and Grenville is automatically vacant, without the assent of Sir Thomas White, the sitting member, formally resigning because he has accepted a place on the board of arbitration which is fixing the value of the Grand Trunk Railway, is challenged by high legal authorities at the capital.

It is understood that subsequent to his acceptance of the position of government arbitrator, the ex-minister of finance sought legal advice as to how such acceptance would affect his standing in parliament and whether he received the assurance that he would be justified in keeping his seat in the house of commons, should he desire to do so. His intention in regard to the matter are not known.

Special Circumstances.
It is admitted that under the provisions of the representation of the act a member of the house who accepts a post of emolument under the government, or of any of its officers, forfeits his seat. But in the case of Sir Thomas White, it is understood, the point is advanced that the Grand Trunk board of arbitration is the creation, not of the government, or any of its officers, but of parliament itself. The argument, in other words, is that a member acting on a body specially created by parliament, and whose work and expenditure would be revised by parliament does not, of necessity, have to relinquish his seat. In this connection it can be authoritatively stated that in the opinion of the government, the constituency of Leeds and Grenville has not become automatically vacant.

Contradictory Opinion.
The Montreal Star tonight publishes the following under date of Ottawa:
If Sir Thomas White has accepted, with pay, the position of arbitrator for the government in the case of the Grand Trunk Railway, his constituency of Leeds and Grenville is automatically vacant, and he has no right to sit in the house of commons. The law on this point, quoted today by Alexander Smith, K.C., an Ottawa authority, says, in section 150 of chapter 10 of the Revised Statutes: "If any member of the house of commons accepts any office or commission, or performs any service for the government of Canada, or for any of the officers of the government of Canada, for which any public money is paid, he shall be deemed to have vacated his seat, and his seat shall thereupon be null and void."

CHICAGO MEN VISIT
THOROLD PULP MILLS

Greatly Impressed by Canadian Industrial Enterprises.

Cobourg, Ont., Nov. 12.—Thirty representatives of the leading business interests of Chicago visited Thorold, Ont., today, Friday, to gain an insight into Canada's pulp and paper industry. They traveled in a special train over the Grand Trunk lines, and were met by officials of that railway, including Mr. H. C. Martin, freight traffic manager, and Mr. Frank J. Watson, general freight agent. A lengthy inspection was made of the Ontario Paper Company's mill at Thorold, and details of the operation of turning spruce into newsprint being explained by the manager of Mr. J. H. Curtis.

The visitors also inspected the work which is proceeding in connection with the installation of a fifth paper-making machine, which will bring the output of the mill up to more than three hundred tons per week.

Following the visit to the Ontario Paper Company's plant the Chicago men were shown the work on the Welland ship canal and were entertained to luncheon at the Niagara Falls Club.

At this luncheon the visitors expressed themselves as being greatly impressed by the transportation facilities and other facilities provided in Canada for the establishment of not only pulp and paper mills, but industrial enterprises of all descriptions.

Some interests are building two additional refrigerating plants at Egvavik and Golovin, near Nome, and plan to establish a string of such plants along the coast of Alaska. TO VOTE ON RADIAL

People Will Vote Regarding
Acquirement of St. Catharines-Toronto Railway.

St. Catharines, Nov. 12.—Definite action on the submission to the electors of the question of the acquirement of the Niagara, St. Catharines & Toronto Railway by the Ontario Electric Power Commission was deferred at a meeting of the representatives of the municipalities of the Niagara district in the town of Thorold this afternoon because of the stand taken by the Thorold manufacturers. They demanded definite assurances that should the Hydro take over the road no change be made in the present arrangement for switching cars from the Grand Trunk, and also that an extension of the St. Catharines-Thorold line would be built to the glass works in Thorold township.

Attention was frequently called to the fact that the Niagara, St. Catharines & Toronto had not charged inter-switching fees since Aug. 15 last, while prior to that date as high as \$40 per car had been charged. The meeting was accordingly adjourned at the call of the chairman, W. B. Burgoyne of St. Catharines, to reassemble in Welland at the earliest date, an effort to be made to have Sir Adam Beck present to give all information desired. Desires were expressed that the date be very soon, so that the various municipalities might prepare bylaws and resolutions for submission to the people in January.

COLONEL MALONE
IN POLICE COURT

Released on Bail and Cheered
by Large Crowd on
Leaving.

London, Nov. 12.—Lieut.-Col. L. Estrange Malone, Liberal member of the house of commons for the east division of Leyton, who was arrested Wednesday night in Dublin, where he had gone by invitation to speak in a debate on Bolshevism, was arraigned in Bow street police court today under the section of the defence of the realm act prohibiting the use of language likely to cause sedition among the civilian population. The proceedings arose from a speech delivered by Lieut.-Col. Malone in Albert Hall here last Sunday. The case was adjourned a week and the defendant was released in £2,000 bail. A large crowd of sympathizers gathered to cheer him as he left the court.

Humphrey Travers, the crown prosecutor, declared Col. Malone's speech was nothing less than an "incitement to murder." He quoted the following passage from the speech in question: "I hope the day will soon come when we shall change the present constitution of British revolution—when you meet here as delegates of the first all-British convention, and you will be asked to change the constitution. When that day comes, we to all these people who get in our way. We are not to change the present constitution, and if it is necessary to have bloodshed, let it be shed here. What are the few Churchill or a few Curzon on the map compared with the misery of thousands of human beings?"

EAST ELGIN FIGHT
MORE SPECTACULAR

Unbiased Reports Declare
Contest Is Anybody's
Battle

Aylmer, Nov. 12.—With election day only ten days away, each of the three candidates in the East Elgin fight is putting in long hours and the campaign is developing into the most strenuous in the history of the riding. Unbiased reports indicate that it is really anybody's battle and whoever will have a close majority. The United Farmers are working quietly but none the less effectively. The most spectacular efforts are being put forth by the Conservative, John L. Slansky, who is receiving unlimited support in the shape of speakers brought in from outside. Premier Melhien will be the last big gun and is expected to address the electors on Saturday evening, Nov. 20.

BIGGS AND HYDRO
CLASH OVER BRIDGE

Minister Says Ontario May
Build Big Highway Structure
Independently.

Hamilton, Nov. 12.—Matters of great importance were taken up at a meeting of the civic railway committee. Ald. McQueen, chairman, presided. Hon. F. C. Biggs, minister of highways, announced that the Hydro was prepared to immediately go on with the double-decker bridge idea consented to in connection with the transference of the Toronto-Hamilton Highway. This department would carry out an individual scheme as the Hydro could no longer be delayed. The reason for the trouble is that the Hydro has now no funds since the Drury bridge. The minister announced an investigation into its affairs, and cannot sanction any such expenditure or guarantee payment of the cost of the bridge. Hon. Mr. Biggs said the work must be done up with immediately.

Chief Engineer Gaby of the Hydro Commission was in attendance, and told of the position in which the Hydro Commission was placed. He said he thought the commission now carrying on the Drury investigation would soon be ready to report and clear the whole matter.

Truro, N. S., Nov. 12.—(By Can. Press).—The conference here tonight of the officers and wage scale committee of the United Mine Workers on the subject of the settlement of the coal miners' dispute on wages and working conditions in the Nova Scotia coal fields, involving twenty thousand miners, ended with a resolution to hold a convention of delegates from the leading districts on Nov. 26 in Truro next Tuesday. The president and secretary of the districts have given out the proposals and the agreement arrived at last week in Montreal, together with a statement of the officials recommending accepting the tentative agreement arrived at between coal miners and operators there.

OTHERS TAKE WAGE CUTS.

The reason given for acceptance of the proposals are that workers in the shipbuilding trades, the textile workers and the boot and shoe workers in Montreal are accepting wage cuts, and even offering to work for less money rather than swell the rapidly-growing ranks of the unemployed.

CALAMITOUS DEFEAT

The fall of Alexandropol is imminent, and the capture of Erivan will sever the sole means of railway communication of the Armenians with the outside world. The statement pointed out that Mr. Hammill's absence may later be accounted for in a perfectly natural way. In view, however, of his very regular and methodical habits, anxiety increases as his return is delayed. CONCESSIONS MADE
BY BOTH COUNTRIES

Italy and Jugo-Slavia Mutual-
ly Give Up Claims Made
at First.

Rapallo, Italy, Nov. 12.—In addition to clauses concerning the Istria frontier and the independence of the state of Fiume with territory contiguous with Italy, the treaty signed tonight between Italy and Jugo-Slavia shows that the Jugo-Slavs consented to the Italian request that Zara be under Italian sovereignty, with a hinterland covering a radius of more than six miles. Italy, in exchange, gave up her claim to the Adriatic islands, except Cherso, Lussin and Lagosta, which by the terms of the treaty will be annexed to Italy.

When the Italian and Jugo-Slav delegations appeared at the gate of the Villa Spinozza, where the protocol was signed, the crowd shouted "Viva peace" while many photographers addressed the two accomplished and answered agreeably to congratulations addressed to them. The Italian people expressed appreciation.

Veni-ti, Foreign Minister Trumbitch and others of the Serbian delegates addressed them in perfect Italian. The protocol states that the Italian revision will be considered as the official one in case of divergence of opinion as regards interpretation.

As about 50,000 Jugo Slavs will be embraced within the Italian frontier by the agreement, Italy is planning to have two Italian divisions, the Italian towards Austria, so now Italy, satisfied with a general peace with Serbia, hopes to find a more intimate friendship and advantageous economic relations with her eastern neighbor. As for the Italian frontier, the Julian Alps, Italy now possesses a larger, safer and more organized frontier than it had at the time of the Roman Empire.

TRY TO HOIST IRISH FLAG DURING
ARMISTICE CEREMONY

New York, Nov. 12.—(By Canadian Press).—There was trouble aboard the Cunard Line steamship Kaiser Augustus Victoria, Liverpool and Queens-town with New York, on Armistice Day, when Sinn Fein sympathizers waved the "Irish Republican flag" and boomed as the vessel was stopped for three minutes in remembrance of the soldiers who fell in the allied cause during the war. The liner docked here late today.

There was a large number of Irish Sinn Fein sympathizers on board the Augustus Victoria and at 11 o'clock Thursday, when, in response to a wireless request from the admiralty, the vessel was stopped for the Armistice Day ceremony, all passengers gathered on the decks and the passengers gathered uncovered at the ship's sides. The silence was broken by the playing of the "Marseilles" and when a green, white and orange bunting was hoisted, the vessel was waved aloft a green, white and orange banner and boomed those who stood in reverence. Insults were also shouted freely.

The remarks of one of the inter-rupters proved too much for a British sailor, a veteran of the Marne, and when an attempt was made to fasten the flag in the rigging, the sailor knocked the standard-bearer overboard. The incident was reported to the police.

LABOR PARTY BRANCH VOTES

NO SECTARIANISM KNOWN BY POVERTY

Rev. W. A. Cameron Pleads Cause of Community Service Campaign.

Forty-seven institutions in this city, forty of them Protestant and seven Roman Catholic, are being supported by the Federation of Community Service.

Rev. Mr. Cameron read extracts from letters which told of the great relief experienced by the institutions in having assistance with their financial burdens, and he appealed to the Rotarians to give themselves in the promotion of the great work before them.

The great thing in the campaign is now, he continued, "because we are confronted by the achievements of those who have gone before, and after yesterday it would be unworthy of the British empire not to give in this service."

MR. GASPARD DUBORD

159 Avenue Paris IX, Montreal.

"For three years, I was a terrible sufferer from Dyspepsia and my general health was very bad. I consulted a physician and took his medicine and faithfully carried out his instructions; but I did not improve and finally the doctor told me I could not be cured.

At this time, a friend advised me to try 'Fruit-a-tives' and I did so. After taking two boxes of 'Fruit-a-tives', I was greatly relieved; and gradually this marvelous fruit medicine made me completely well. My digestion and general health are splendid—all of which I owe to 'Fruit-a-tives'.

Returned Wallet Containing a Good Sum of Money—Found at Leaside.

Mr. Davies informed The World that he lost the money in Leaside, while on the act of cranking his car, and, therefore, had not the faintest idea of its whereabouts. The boy's journey from Leaside to Earlscourt was suitably rewarded, but he departed without leaving his name or address.

THE GOLD GIRL

(Continued from Yesterday's World.) "I don't recollect that I ever had a winter, or spring." The man began to turn the pages slowly backward. "Here it is," he said, "the man who was 'Why, that was before I came out here'—'Why did he relinquish?' The words rushed eagerly from her lips, and she awaited breathless for the answer. "It wasn't no good, that's most generally what they relinquish."

"No good," repeated VII Holland, heartily, and then—"Hold on, Len. You're too blame your own good lookin' for the grub that I've found him." "Where will it be now?" asked Holland, when they found themselves once more upon the street.

"Home—dear," whispered his wife, "You know we've got to have a little more snow files—our cabin, VII—with the porch that will look out over the snows of the changing lights."

"If the whole town didn't have their heads out of the window, watchin' us I'd rather have the snows of the changing lights than the change of light on my horse's side his own."

"Swinging her into the saddle, he was about to mount Lightning, when she leaned over and raised the brown leather stirrup leaver, "Why, it's empty!" she exclaimed.

"So it is," agreed Holland, with mock composure. "Really, VII, I don't care so much. If it don't hurt men any more than it has hurt you, I won't quarrel with it. I'll wait while you get it filled."

"Maybe I'd better," he said, and swinging it from the saddle horn, crossed the street and entered the general store. A few minutes later he returned and swung the jug into place.

"Why? Do they sell whisky at the store? I thought you got that at a saloon."

"Whisky!" The man looked up in surprise. "This jug never held any whisky! It's my own whisky, and I've never filled it since I was a boy."

"That's about the size of it. An' gosh! How you hated that jug." "I might have—it nearly did, make me hate you, too."

"Might have, an' nearly, an' 'er, are all words about alike—they all sort of fall heavy—'er, somehow, things don't work out that way. The only thing that counts is it didn't."

"Oh, VII," there were tears in the girl's eyes.

Aspirants for Municipal Honors Will Be Requested to Give Pledge.

DANFORTH FAIRBANK

All aspirants for municipal honors in the east end will be asked to pledge their full support to the question of the district condition of affairs in Riverdale. Since the federal government took over the C.N.R. and G.T.R., freight traffic has increased 50 per cent. over the Riverdale G.T.R. crossing on East Queen street, and the thoroughfare is tied up every few minutes daily, to the inconvenience of the business men, pedestrians and large vehicular traffic.

A subway is absolutely necessary at this point, but no effort has been put forward by the civic authorities to further the matter.

Members of Riverdale Ratepayers' Association are agitating the question why Mayor L. Church is not taking immediate steps to stop the proposed rise in the price of gas, when he has been so prompt in taking action to check the attempts to increase freight and Bell Telephone Company rates and the raise in restaurant prices.

Refreshments were served by the entertainment committee for a show of Mediterranean varieties at the general meeting, with F. Summers as judge. The presentation of prizes will also take place and the election of officers for the ensuing year. Nelson N. Brimstin, president, occupied the chair.

There is no institution, large or small, which will not experience the stimulating influence of our Service policy.

For in plain terms, "Personal Banking Service" means simply that every officer of our staff puts his personal effort behind the work he may have in hand—whether it is the collecting of a note or draft or the obtaining of a piece of difficult information. He knows that his duty is not completed until the client is satisfied.

The results of such a spirit of co-operation and the Service it affords are far-reaching.

Let us explain this service—in your office or ours.

WAR OVER ALMOST BEFORE IT STARTED

Varsity Will Be In From Queens Today

If They Turn the Trick, a Play-Off Will Be Necessary.

With one or two exceptions, Varsity's team for the game with Queens this afternoon will be practically the same as that which lined up against McGill last Saturday. Hobbs and Adams, the winners of the course, will be absent, but it will be good news to the admirers of the blue and white to hear that both these stalwarts will be available for the play-off with McGill, providing Queens does not spill the well-known consensus this afternoon. Neither Fisher nor Houston are likely to start today, the former on account of a badly-injured nose received in practice, and the latter because of a kick on the head in the McGill game. He has been confined to his bed all week, and yesterday was sent to a specialist for a critical examination. The team has decided to play Murray at quarter and Duncan at outside wing. Ferguson in all probability will replace Houston on the line. Frank Sullivan will alternate with Taylor at centre half.

Even with these changes, Varsity will be fully up to snuff, and the wearers of the tricolor will have to show more than they have this season to prevent a victory from going into the hands of the intercollegiate intermediate champions. The Limestone City squad are in better shape than they were in the inter-collegiate game with Cassels' clan, and that they consider they have a fine chance of winning. The game will be held at 2:30, with Dunbar of R.M.C. as referee and Billy Foulds umpire.

The senior team will be preceded by a sudden-death game between O.A.C. and R.M.C. for the intercollegiate junior championship. The game will be held at 10:30 a.m. on the grounds of the intercollegiate intermediate championship, starting at 10:30. W. A. Hewitt and Mike Rodden will be the officials.

The Canadian Rugby Union has been notified that, should McGill win the intercollegiate football championship this season, they will follow the precedent of other years, and decline to play off for the Dominion title. The reasons advanced are the same as in the past, namely, loss in studies and the lateness of the season.

If there should be a play-off in the College Union, Varsity beats McGill, the local students will play for Canadian honours. McGill's announced decision will not affect the arrangements of the committee for the championship.

Messrs. High Gill and Bill Foulds have decided to follow the tradition of 14 past games, as follows: Saturday, Nov. 20 (semi-final)—O. R. U. champions (Tr. v. O.S.) on the grounds of the intercollegiate champions (Aganauks).

Saturday, Nov. 27—Winner of Saturday, Nov. 20, on the grounds of the Intercollegiate Union (McGill vs. Varsity).

This means that if there is a play-off, and McGill beats Varsity, the winners of the game in Toronto on the same day will be the Dominion champions.

The Big Four season will officially end today, when the intercollegiate football championship game at Montreal. An entirely new back field will be trotted out by the M.A.A. team to face Tigers.

The Mulock cup semi-finals and finals are: Monday, Nov. 15, at Varsity Stadium, at 3:15 p.m.—O.A.C. v. Senior Meds.

Monday, Nov. 15, at Varsity Stadium, at 5:30 p.m.—Victorias v. winners of O. A. C. Meds.

The rugby games scheduled today are as follows: Intercollegiate, McGill vs. Varsity, at Varsity Stadium, at 2:30 p.m. Referee, A. C. Dunbar. R.M.C. vs. Bill Foulds, Toronto.

Queen's vs. Varsity, at Varsity Stadium, at 2:30 p.m. Referee, A. C. Dunbar. R.M.C. vs. Bill Foulds, Toronto.

Queen's II. v. Varsity II, at Varsity Stadium, at 10:30 a.m. Referee, W. A. Hewitt. Umpire, Mike Rodden.

THREE TO TEN POINTS WALL STREET LOSSES

Shippings, Equipments, Motors, Oils and Various Specialties Break in Response to Pessimistic Talk About General Industrial Conditions—Standard Rails Slump Near the Close.

New York, Nov. 12.—Quoted values in the stock market continued to crumble today, selling for both accounts, in which involuntary liquidation probably predominated, carrying the list to lowest levels of the year.

MARKET DEMORALIZED BY SUGAR SLUMP

Another bad slump in Atlantic Sugar had a further demoralizing effect on the Canadian exchanges yesterday. The rally of Thursday proved to be quite ephemeral and a drop of ten points in sugar set the papers moving again in a downward direction.

MINES STODIALLY STEADY; HOLLINGER LIQUIDATED

"Carry on" is now the motto on the mining market. Stocks on other exchanges may drop, but except as passing reference they appear to have little relation to the prices for the gold and silver issues.

NEW NINE-POINT DROP BY SUGAR AT MONTREAL

Montreal, Nov. 12.—The selling of stocks again took a poor absorption today on the local exchange and the break in sugar, together with the depressing effect of the general market conditions, exerted an influence on most other stocks, so that recessions from 2 to 4 points were recorded in the paper market, also some stocks elsewhere in the list advanced against the wave of selling.

HERRICK CROSS-CUTTING.

GENEROUS GIFT TO BRANT HOSPITAL

H. W. Petrie Gives Interest on \$25,000 Victory Bond for Five Years.

Remembering the needs of his home town, H. W. Petrie, machinery and tool manufacturer of this city, has donated the interest of a \$25,000 victory bond, for a period of five years, to the Brantford General Hospital.

The gift, which at the end of five years will reach the substantial total of \$9,240 compound interest, will be used as a trust fund to be spent as the directors see fit, the money to be called the Petrie Trust Fund.

Seen by The World yesterday, Mr. Petrie said he had occasion to visit Brantford a few days ago, when he called at the hospital and witnessed with great satisfaction the work going on there. He noticed that a lot of excellent work was being done for the community, but learned that the hospital was without endowment funds, depending entirely upon subscriptions and the generosity of his old townsmen.

Business Success.

Mr. Petrie first started business in Brantford in 1871, when he opened a machinery enterprise in a very small way, and after about twenty years, managed to extend to such an extent that it was thought advisable to move to Toronto, which he did about thirty years ago. Since then his concern has made great strides and now occupies two blocks on Front street.

Mr. Petrie is a specialist in all kinds of machinery for manufacturing purposes, most of which he imports from England, while his own business stretches from coast to coast. During all the years that the donor has been in Toronto, he has never lost touch with his home town, and considers that his gift will be the means of gathering quite a large number of new subscribers to the hospital, and so place it on a sound financial footing. Further, he considers that by making hospitals free and independent institutions, assisted by those with capital, will largely help to foster good relationship between capital and labor.

Brantford's Thanks.

C. H. Waterhouse, president of the Brantford General Hospital, has forwarded a letter of thanks to the donor, in which he states that the board of trustees wished to place on record the valuable assistance rendered. That the Brantford General Hospital is doing excellent work, is revealed by the last annual report of the year ending October 1, in which it is shown that 2,400 patients were discharged from the hospital cured, while the annual expenditure now exceeds \$100,000.

CALL OF CONGREGATION TO TORONTO MINISTER

At a special meeting of the members of Walmer Road Baptist Church of which the Rev. John McNeill is pastor, a call was sent out to Rev. W. Merrill, B. A., B. Th., of Jarvis Street Baptist Church, to accept the position of associate pastor and director of religious education. The call was sent out to fill the vacancy caused by the resignation of the Rev. A. Ward, who left last September to become pastor of Saskatoon Baptist Church. Rev. Mr. Merrill is to have charge of the Sunday school and of the young people's work, a position similar to which he has held at Jarvis Street Baptist Church.

STRUCK BY TRUCK.

Last evening, when she was standing on the curb, at the corner of Sherbourne and Queen streets, Julia Leigh, 55 years of age, of 123 Berkeley street, was struck by a truck, owned by the Canadian Hide and Skin Co., when it skidded into the curb. She had a fracture of the left elbow and a badly lacerated left arm.

MEN YOU HEAR OF STILL SLASHING PRICE OF SUGAR

The sugar war isn't over. Yesterday the Dominion Sugar Company thru its Toronto agent, T. W. Edwards, announced a fresh price reduction to 12.2c for granulated white sugar to the retail trade, or 11.6c to the wholesale trade. The Acadia Sugar Refining Company quoted 13.0c as the nominal price to retailers, while the St. Lawrence Company quoted 12.25c nominal, less 5 per cent. off to wholesalers. Wholesalers continue to buy in limited quantities and retailers are doing likewise. In some of the downtown stores the best quality of white sugar was reduced yesterday to 12 1/2 cents. However, 14 cents was the most general price. In a store on Danforth avenue the price was cut down to 12 cents a pound, with 12 pounds as the minimum order.

DIES SUDDENLY.

As he was going home from work last evening about seven o'clock, Joseph Aspinwall, aged 53, of 73 Earlsdale avenue, collapsed on the St. Clair car and died as he was being carried into Dr. Soady's office at 305 St. Clair avenue, who pronounced death due to heart failure. He was removed to Nash's funeral parlors, and the head coroner was notified, who decided an inquest was unnecessary. Mr. Aspinwall came out from England eight years ago, and has been a resident of Toronto ever since.

Local Ratepayers' Association to Confer With Transportation Commission.

Conferences are to be held on Friday between the chairman and members of the railway transportation commission and the executive members of the Mount Pleasant Ratepayers' Association relative to the proposed Mount Pleasant line, with a view to getting definite information as to the intentions of the board in the matter. This was the decision reached at a meeting of the executive of the ratepayers' association held last night at the residence of T. W. Banton, Merton street president of the association. During the course of the meeting it was pointed out that an interview had been held with Mr. Ellis, chairman of the transportation board, and a few days before that interview Mr. Ellis had stated to members of the executive that the board would render a definite statement of its intentions in the near future. The executive believed that the time had arrived for a definite statement to be given out. Hence the decision to request a conference for Friday.

HIGGINS' ELECTION EXPENSES SMALL

Soldier-Labor Candidate Got Thru With Less Than Thousand Dollars.

Tom McMillen, campaign manager for James Higgins, recent Soldier-Labor candidate for Northeast Toronto, gave out the following financial statement of the campaign funds to The World yesterday afternoon. He stated that the Soldier-Labor forces could afford to do so, realizing that they had fought a clean, well-directed campaign. The receipts comprising subscriptions from individual members of both the G. A. U. V., from Labor locals and from branches of the party totalled \$965.16, and the total expenditures amounted to \$370.63. The expenditures were made up of bill distribution, \$27; taxi services \$21.40; advertising, \$34.8; and balance in wages. More than 65,000 leaflets were distributed during the campaign.

Many friends will be present this afternoon from the associations of the Army & Navy Veterans of Canada, the S. O. E., and the Y. M. C. A., to pay final honors to the memory of the late Corporal R. Ball, of the Yorkshire Regiment, who is to be buried at Mount Pleasant Cemetery. The young man, who had only a short time ago come over to Canada from Great Britain, was drowned while swimming at the "Y." Yesterday the coroner released the body to the friends of the young man, and all arrangements were made for today's funeral, which will be held from the funeral parlors of Scruton-Torke, Ltd., 2393 West Dundas street.

J. Harry Flynn, Dominion organizer for the G. A. U. V., presented to The World yesterday afternoon a figure showing that the association can add its large quota to the adjustments and other individual benefits granted to ex-service men and their dependents in the matter of pensions, gratuities and other needs. Only yesterday, said Mr. Flynn, the central office had settled twelve cases of this sort, many of them having been due to the books for weeks and months. Among those with which the association dealt were pension cases which came from as far as Trieste in Austria, France and other countries.

D. E. McIntosh, of the soldiers' insurance department at Ottawa, has decided to send 250 leaflets upon the subject to the G. A. U. V. headquarters for distribution among ex-service men in the association.
