Hillcrest Convalescent Home.

Eighth Annual Meeting, 1895.

THE Annual Meeting of the Corporation of this Institution was held at Hillcrest Convalescent Home, on Monday, October the 21st; His Honour the Lieutenant-Governor presiding.

After the meeting had been opened with prayer by the Rev. A. H. Baldwin, letters of regret were read from the Lord Bishop of Toronto, Sir Casimir Gzowski, and others. The Secretary then read the Annual Report, as follows:

In presenting the Eighth Annual Report of the Convalescent Home, the Board of Management would like to draw the attention of the public to the fact that though it is so young an institution it is practically self-supporting, no annual collection being made on its behalf. And, notwithstanding the fact that the city grant of \$200 per annum has been withdrawn, it is still able to begin a new year free from debt, and with a small balance in the bank.

But it is only by the utmost care and attention to the minutest details of expenditure that this desirable state of its finances has been attained—the purchasing being all done by sub-committees of the Board of Management, the

lists of the things required being sent to the weekly meetings of the Board by the Matron and Housekeeper.

We have only a very small endowment fund, which we would gladly see increased—not for the sake of providing an income for the future, for we think that every generation should take care of its own poor—but to enable us to take, from time to time, patients who have no money to pay for themselves, and no relatives who are able to pay for them; people in feeble health, who are practically alone in the world, and to whom our Home is a haven of rest; and, we might add, that such a one we have had with us for the last three years—a dear old woman, whose happy face tells you of her peaceful life.

Our year has been one of great blessing, as far as the health of our patients is concerned. We have no deaths to record, though there have been several cases of serious illness among the 262 patients who have passed through our hands during 1895.

Our rooms for private patients are becoming better known, and, as a natural consequence, are much more frequently used; in fact, they have hardly been empty during the whole summer; and the universal testimony has been most favourable, both as regards their comfort and the care and attention of Miss Law and Miss Keith.

In view of the unusual number of typhoid cases at the present time, may we again draw attention to the fact that no better place exists in the neighborhood of Toronto for typhoid convalescents than this Home. The rapidity with which health and strength are regained is wonderful, and our Matron feels specially pleased when she sees the hollow cheeks rounding out, the eyes renewing their brightness, and the step regaining its elasticity. This is, no

doubt, owing to its elevated position, as well as the kind care and good food.

We are very glad to have this public opportunity of thanking all those who have so kindly helped us in our work during the past year. We have indeed many staunch and true friends; some who come here week by week, in summer heat and winter cold, to minister to the spiritual needs of the inmates; and many cheering words of counsel and advice have strengthened and helped them on life's pilgrimage—to some so weary and sad a journey—were it not for the hope of the life beyond.

To the Medical staff we are, as usual, much indebted, and tender them our warmest thanks for their willing and gratuitous services.

Miss Law and Miss Keith are still with us, each carrying on her own department in the most satisfactory way.

Before concluding, there is one want that we should very much like to make known. We have no telephone, and do not feel justified in incurring the expense of one just at present; but it is a great want, and we leave it to the kind consideration of the public to devise some means of supplying it.

The Treasurer's report, which appears elsewhere, was then presented.

The adoption of these reports was moved O. A. Howland, Esq., M.P.P., and seconded by the Rev. Charles Shortt.

The Board of Management for the ensuing year was moved by the Rev. Dr. Parsons, and seconded by the Rev. Mr. de Pensier.

The Medical report was prepared by Dr. Allen Baines. It is as follows:

Medical Report.

Mr. Chairman, Ladies and Gentlemen:

It affords me much pleasure to submit the Medical Report on behalf of the Medical staff of the Hillcrest Convalescent Home.

Our number of convalescent patients, you will notice, is considerably increased, last year there being 212, this year 262. The number is largely represented by cases of debility, this class of patients being from the ranks of domestic servants and working women.

We look on this particular class with the greatest interest, for, although not downrightly ill, they are, when sent here, on the highway to a serious illness ; and by the rest, good care and nourishment supplied, preventive medicine in its truest sense is practiced.

We are particularly pleased to notice that the private wards are becoming more patronized, and feel that the time is close at hand when increased room will be needed for the more fortunate class of convalescents, who are able to pay for private wards.

We cannot close this report without again heartily testifying to the consistent attention, efficiency and kindness ever displayed by our Matrons, Miss Law and Miss Keith.

The following is a brief resume of the different causes of admission of patients and from whence they came : Typhoid fever, lung diseases, heart diseases, rheumatism, and debility. The General Hospital sent 102, St. Michael's 4, Grace Hospital 37, St. John's 4, and City orders 99, outside orders 14, Home for Incurables 1, Girls' Home 1.

All of which is respectfully submitted.

(SGD.) ALLEN BAINES, M.D., ETC.,

On behalf of Medical Staff.

Rooms for Private Patients.

In building the new wing, special arrangements have been made by the Board for the reception of private patients. Three airy and prettily furnished bed-rooms have been set apart for their use. They will have a separate dining-room and parlor, a separate bath-room, and two verandahs on the west and on the south for their exclusive use. All bedding, linen, china, etc., will be kept separate, and there will be good attendance.

The charges for these rooms will be from \$5.00 to \$9.00 per week, according to accommodation.

TORONTO, 18th October, 1895.

ACT OF INCORPORATION, 55 VICT., 1892.

WHEREAS the Hillcrest Convalescent Home of the city of Toronto was established for the purpose of a convalescent home, to be carried on in a suitable manner under the direction of a committee of ladies to be appointed annually for the acceptance of convalescent patients, without distinction of creed, and the same has been in working operation for over four years under the direction of a board of management; and whereas the said home was founded by a grant of land by the late William Gooderham to trustees, and the erection thereon of a large and expensive building at the cost of a charitable English lady, who furnished money for the construction and furnishing of the same to the extent of upwards of \$11,000; and whereas the same has been carried on by a committee of management in conjunction with the trustees chiefly through voluntary subscriptions of citizens of Toronto and legacies and bequests from time to time; and whereas large sums have been expended annually for the support of the said institution and also in making additions and alterations to the buildings to meet growing demands; and whereas the board of management have been incorporated under *The Act respecting Benevolent, Provident and other Societies*, and their powers to receive by grant, gift, devise or bequest are too limited for the practical working of the same, and it is desirable that the board of trustees and the board of management aforesaid should be united in one corporation and the lands and buildings now vested in trustees vested in such corporation; and whereas it is expedient to grant the prayers of the same petition;

Therefore Her Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. The Honourable Samuel Hume Blake, James Kirkpatrick Kerr, John James Gartshore, William Holmes Howland, William Hodgson

Ellis, Bertram Spencer, Arthur Hutchison Smith, John Jacob Withrow, and Harvey Prentice Dwight, all of the city of Toronto, esquires, together with the present board of management and members of the committee, and all other persons who may from time to time be elected to succeed them as members of the committee, shall be and they are hereby constituted a body politic and corporate under the name of the Hillcrest Convalescent Home, and the said incorporation under *The Act respecting Benevolent, Provident and other Societies* shall merge in the corporation hereby created and cease to exist as a separate corporate body.

2. All the property, real or personal, now held by the said individuals above mentioned, or by any of them or other person or persons, for the use or benefit of the said Hillcrest Convalescent Home shall be and is hereby transferred to and vested in the corporation hereby constituted, subject only to the provisions of the deed of grant from the said William Gooderham to trustees dated the 21st day of August, A.D. 1885, as to the disposition to be made of the said property in case it should cease to be carried on and supported as a convalescent home, and the officers and managing committee of the said institution at present in office shall continue to be the officers and managing committee of the said corporation until others shall be elected in their stead.

3. The said corporation may hold the said lands for use as a convalescent home, and may also acquire and hold additional lands and premises when required for use in connection with the same for actual use and occupation as a convalescent home provided the annual value thereof do not exceed the sum of \$15,000 in all, and may also acquire any other real estate or interest therein, by gift, devise or bequest if made at least six months before the death of the party making the same, and may hold such estate or interest in the lands lastly mentioned for a period of not more than seven years and shall within that period alienate or dispose of the same and the proceeds of the estate or interest so disposed of shall be invested in public securities, for the use of the said corporation, and such estate or interest therein as may not within the said period have been alienated or disposed of shall revert to the party from whom the same was acquired, his heirs or representatives.

4. For the management of the affairs of the corporation there shall be a committee composed of not more than thirty persons, who shall be annually elected by the members of the corporation amongst themselves at a general meeting to be held annually in the month of October in each year, and at their first meeting after such election the said committee of management shall choose out of their number a president, two vice-presidents, a treasurer and a secretary, who shall hold office during the period aforesaid.

5. The said managing committee may make such and so many by-laws, orders and regulations (not being contrary to the laws of this Province or this Act) as they may deem useful and necessary for the government of the said corporation, and for the admission, resignation and retirement of members of the corporation, and may repeal, revoke, alter and amend any existing by-laws, orders and regulations.

6. The funds of the said corporation shall be used for the purposes authorized by this Act, and nothing herein contained shall authorize the said corporation to engage in the business of real estate.

7. The said corporation shall at all times when required by the Lieutenant-Governor of the Province, make a full return of all property held by it, with such details and other information as the Lieutenant-Governor in Council may require.
